V. Discussion — 4:35 PM

A.	Access and Maintenance Agreement	Vote	Taylor Smith	2 m

The school is currently a party to a cross-easement and entitlement agreement known as the RAUMA. In connection with the Star Center land swap and the continued sale and development of the surrounding properties, the parties have negotiated an agreement that will: Restrict parties other than the school from using the internal access road between the school and the athletic field. This represents a significant benefit to the school, as exclusive school use of this roadway was not contemplated under the original RAUMA. Establish a cost-sharing arrangement for the maintenance of the internal road system. As the surrounding vacant parcels are sold and developed, each parcel will become responsible for its allocated share of the maintenance costs. As the anchor development and primary user of the internal roads, the school will ultimately be responsible for administering the road maintenance program, including coordinating the work and billing the other participating property owners for their respective shares. This agreement may manifest as either a RAUMA amendment or a separate access agreement between the parties.
