B. School Health Committee

K. Jones shared his excitement about co-chairing the committee and passed the presentation to M. Eigen.

M. Eigen updated the board on changing the committee name from Academics Committee to School Health Committee to better reflect our holistic approach to operating healthy schools. M. Eigen then updated the board on academic achievement and attendance data.

T. Llopiz asked about the achievement of students with IEPs and M. Eigen affirmed that students with IEPs are factored into our achievement numbers.

T. Eigen then asked about truancy and M. Eigen shared that there is a structure to support truant families in the District Attorney's Office but we don't leverage it because of their capacity challenges.

A. Fullard asked how we measure attendance of sick students and M. Eigen shared that illness still counts as an absence.

M. Eigen then updated the board on our social emotional learning (SEL) program.

H. Richman asked about the fees and N. Wiltshire confirmed that the fees are retroactive for two-years of pandemic support and that all of the charters received the pandemic support even if the fees were waived for a charter. S. Wilson-Jones reiterated that waiving CMO fees is something we've done before.

H. Richman then asked about the special education line and B. Cummings shared that the numbers are a snapshot in time and L. Li said that we took a conservative approach to the original budget and the reforecast and enrollment was higher, including special education.

H. Richman asked about why the fees aren't permanent and N. Wiltshire shared that a permanent increase in CMO fees would require a longer process and this is just for pandemic support.

T. Llopiz asked about the funding sources and the impact on schools. L. Li explained our funding sources and N. Wiltshire confirmed that the fee will not negatively impact the schools' budgets.

A. Aerts asked if all schools were assessed to determine the fees and waivers and how.
