## **II. Information Section**

### **A. Organization Update**

Executive Director Jason Watts reviewed the presentation of the public hearing for the Santa Ana Material Revision. He wanted to thank publicly the Orange County Department of Education and its staff for working with Scholarship prep and accommodating some changes in the timeline. He covered some of the changes which were included in the

Material Revision including increased enrollment and updated organizational charts reflecting new positions.

Mr. Watts continued on covering updates in education policy, starting with the newly approved LAUSD vaccine mandate for all students over the age of 12 attending a school on an LAUSD owned site. Currently, he noted the mandate does not apply to Scholarship Prep. However, this could change depending on future changes. He gave a shout-out to Sarah Schoenfeld-Nakamoto, Allie Masse, and all school site staff for handling the start of this challenging school year with great poise.

Mr. Watts shared the impact of AB 167 on Scholarship Prep's Independent Study program. He noted the assembly bill removed a previously implemented threshold from the state where if 20% of students were enrolled into an Independent Study program, the school was then placed into a new funding determination. This bill provides a provision that if 20% of students are enrolled in Independent Study due to COVID quarantine protocols, that trigger does not apply. He gave a shout-out to Taylor Ellis who has been overseeing the Independent Study program.

#### **B. Monthly Financial Presentation - July 2021**

Darlington Ahaiwe from Charter Impact began his presentation on Scholarship Prep's July Financials. He noted that overall revenue projections increased by 4% and expenses increased by 2%, changing the expected consolidated year-end surplus figure to \$1.6 million compared to the budget of \$1.2 million.

Moving on to specific figures from the campuses, he began with Oceanside noting a year-end revenue projection of \$7,058,000 compared to the anticipated \$6,482,000 in the budget.

For the Santa Ana campus, he noted a projected total revenue of \$9,069,000 compared to the anticipated \$9,087,000 in the budget. This variance is due to the decrease in the projected average daily attendance. However, Santa ana is projecting a decrease in yearly expenses to \$8,278,000 compared to a budget of \$8,301,000.

Finishing off with South Bay, there is a projected increase revenue of 6% compared to budget. This variance comes from an increase in CSP federal funding. South Bay is also projecting a 1% increase in year-end expenses due to the inclusion of non capitalized equipment that relates to the CSP funding that was added to the budget.

Board Treasurer John Ing ask if the non-capitalized is what's captured in the books and supplies line item.

Mr. Ahaiwe said that was correct, non-capitalized equipment is captured under books and supplies.

Mr. Ahaiwe continued on to projected cash balances for the schools which are as follows:

Oceanside: \$2.5 million

Santa Ana: \$2.7 million

South Bay: \$1 million

He noted that it is not projected for any of the schools to have at some point in the year a negative cash balance.

These financial documents are the actual reports for each individual campus which will be sent to the authorizers reflecting all those details of the last year's budget.
