- New Discretionary Block Grant: \$305 per ADA for student support and professional development.
- Universal Meals: Continues, but completion of free/reduced meal applications or alternative forms remains crucial for maintaining eligibility in various funding programs.

Charles requested clarification regarding the confidence in the COLA figure, and Tracy confirmed that she are confident that it will stay at the figure.

### **E. Scholarship Prep - Orange County LCAP Public Hearing**

Andrew Crowe presented an LCAP summary for each campus. He noted that the goals and actions for the next three years.

Background: California's Local Control Funding Formula (LCFF) provides additional funding for foster youth, English learners, and low-income students. Schools must outline how these funds are spent through the Local Control and Accountability Plan (LCAP), which operates on a three-year cycle. The current cycle runs through 2026–27.

Stakeholder Engagement: Input was gathered via surveys and meetings with families, students, staff, and administrators. Goals remain consistent across all campuses: Access for All, Success for All, and Belonging for All—aligning with the State's 8 educational priorities.

Orange County (OC): OC campus was identified for Targeted Support and Improvement (TSI) due to declining performance among students with disabilities. A comprehensive plan is in place, including new special education staff, increased training, and collaboration with the Orange County Department of Education. OC will remain in TSI status for three years.

Charles asked if staff staffing an issue, and Andrew stated that the number of staff is not an issue, but making sure that we have trained staff is.

Oceanside & South Bay: Neither campus has been flagged for TSI. They continue to follow the standard LCAP process with strong stakeholder engagement. Charles also asked if the authorizers have different expectations. Andrew stated that they do not, the state sets out what has to be in there.

Riverside & Upland (New Campuses): These schools will begin operations in the fall. Since there is no baseline data yet, the initial LCAPs will focus on planned expenditures, with stakeholder input gathered during enrollment and intake sessions. Baselines will be established after the first year of operation.

Next Steps: A detailed review of LCAP goals, spending, and progress toward targets will be presented at the June board meeting. Final documents for each school will range from 60–90 pages.
