E. Review of July 31, 2021 and August 31, 2021 Unaudited Financials

Ms. Price and Ms. Davis provided a quick overview of July and August unaudited financials. The budget reflects typical seasonality and fluctuations. The early months in the fiscal year typically show the appearance of overexpenditures as the first cash draw from APS does not occur until August. Therefore financials in the middle to later part of the fiscal year are more appropriate for an accurate snapshot of the school's financial situation.

F. Review of FY 2021 Financial Statements and Audit

Mr. Bambo Sonaike joined the meeting. He has audited the school's financials over the past several years and specializes in auditing charter schools.

This is a two stage audit, including financials and internal controls. Continuing a trend from previous fiscal years, WIA has a clean audit.

The balance sheet on page 8 captures all items including non-cash items. The balance sheet on page 10 is a better representation of the school's position.

The income statement on page 9 captures non-cash items. Better to use the income statement on page 12.

The purpose of the notes beginning on page 14 are to provide context for different numbers in the audit. The notes and statements capture the forgiveness of the federal PPP loan from early in FY 2021.

The compliance portion of the audit reviews internal controls as well as compliance with state laws.

Page 36 reflects a clean audit. There is a note regarding whether a third stage audit will be necessary if federal funds exceed \$750k in any fiscal year. We will likely have to do a third (federal) audit for FY 22 and possibly FY 23 as well. The third audit is driven by a matrix so that individual audits are not required for all federal sources of funding.

The third stage audit would be completed after the first two stages are completed. The 3rd stage will require additional sampling and tight tolerances.

Lisa noted that since the FY 21 audit is complete, the school business team will work with APS to meet reporting deadlines and requirements associated with FY 21 audits.

II. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 8:44 AM.

Respectfully Submitted,
C. Hill

Financial Policies and Procedures

WIA strictly adheres to financial policies and procedures that include budgeting oversight, internal controls and monitoring. These financial tools have proven effective to ensure responsible management of funds and a positive fund balance. The financial management team is comprised of the Executive Director, Chief Financial Officer, Business Manager/Bookkeeper, and Governing Board (with monthly collaboration with the Finance Committee).

Budget Development, Variance and Revision Policy

WIA's budget development is an iterative process that includes input and feedback from all school and community stakeholders. The budget objectives are to ensure school resources are properly allocated toward educational programs, maintain the necessary operations to support a safe learning environment, and retain a positive fund balance at the end of each fiscal year. All proposed budgets are thoroughly reviewed by WIA's Finance Committee and shared with community stakeholders (public hearings) for comment, before a recommendation is made to the Governing Board for approval. WIA facilitates at least one budget revision per year (typically mid-year) to address all material budget variances due to unexpected changes in expenses or revenue forecasts. Additionally, monthly budget variances are reported, discussed and documented during regularly scheduled Finance Committee meetings. WIA's Finance Committee membership includes, but is not limited to, the Executive Director, Chief Financial Officer, Board Treasurer and Finance Committee Chair.

Internal Controls Policy

WIA's internal controls define clear roles and responsibilities (segregation of duties) for day-to-day business operations. These business functions include, but are not limited to, purchasing, competitive bidding, accounts payable, payroll processing, asset management and deposits. WIA's internal controls assure the achievement of budgetary objectives and operational effectiveness, while complying with all state and federal laws and regulations.

Financial Reporting Policy

WIA monitors its financial performance through *monthly* reports that include the Statement of Financial Position (Balance Sheet), Statement of Activities (Income Statement) and Budget versus Actual Report (BVA). These reports are created by the Chief Financial Officer and presented to the Executive Director and Finance Committee every month. In addition, the CFO meets with the Executive Director regularly to discuss spending trends, revenue forecasts and operational risk in real-time. The report outs are critical for monitoring WIA's fidelity to the operating budget and with managing cash flow throughout the year. All accounting complies with the Governmental Accounting Standards Board (GASB) and the Generally Accepted Accounting Principles (GAAP) for financial reporting as stated in GaDOE Rule 160-4-9-.05.

Financial Audit Policy

Every year WIA's financials are independently audited by a certified public accountant licensed in the State of Georgia. The audit complies with the Governmental Accounting Standards Board (GASB) and the Generally Accepted Accounting Principles (GAAP) for financial reporting as stated in GaDOE Rule 160-4-

9-05. The final audit report is used to determine compliance to internal controls and to provide assurance that financial statements are accurate and complete. WIA's annual audits are submitted to the governing board, Atlanta Public Schools and the State of Georgia by November 1st of each year (O.C.GA 20-1-2065(7)).

Procurement Policy -

WIA has zero tolerance for ethics violations and has an expectation that every WIA Authorizer will adhere to the highest standards of ethics and accountability. All Authorizers shall procure goods and services and maintain vendor/supplier relationships in an ethical manner. The following expectations are provided with the full knowledge that the good judgment of each employee is essential, and that no list of rules or guidelines can provide direction for all circumstances that arise. Expectations of Authorizers involved in the procurement process are as follows.

1. All Authorizers are expected to adhere to Conflict of Interest and Employee Ethics Policies, this includes but is not limited to the following:
 - a. No employee shall do business directly with WIA.
 - b. No employee shall do business indirectly with WIA without full disclosure.
 - c. No Authorizer will accept gifts from vendors or suppliers except in the following situations:
 - i. Gifts of nominal value (less than \$50.00)
 - ii. Advertising items and instructions products that are widely distributed (i.e. at a meeting or conference)
 - iii. Goods that are divisible among Authorizers or otherwise shared in the office environment.
2. Authorizers must disclose and recuse themselves from participation in the evaluation of any solicitation for goods or services where a member of his/her immediate family owns, manages, or sells for a vendor/supplier.
3. If an employee has additional employment outside of WIA, it must not conflict with, or appear to conflict with the interest of WIA.
4. WIA seeks to ensure the effective and efficient operation of the school system by doing business exclusively with companies and individuals who are ethical, honest, and responsible. Vendor contracts will be terminated if the vendor, subcontractors, or vendor subsidiaries are involved in unethical behavior with any WIA employee.

The Board may exclude any individual or company from contracting with WIA for a period of five years, who is debarred pursuant to this policy.

**Procurement Policy Terms and Definitions-
Solicitation Methods (4)**Simplified Acquisition Process

Simplified Acquisition is a solicitation method which seeks to reduce the amount of work the employee must undertake to evaluate an offer. When choosing a vendor in a simplified acquisition scenario, employees need not bother with formal evaluation, establishing a competitive range, conducting discussions or scoring offers. Quotes can be received on the internet, fax, orally or on the phone. The purpose of Simplified Acquisition is to improve opportunities for small businesses, promote organizational efficiency and reduce administrative costs. Simplified Acquisition is a common solicitation method within governmental agencies such as APS and Georgia Tech.

Sole Source Solicitation

Sole Source Solicitation requires that only one supplier (source), to the best of the requester's knowledge and belief, is capable of delivering the required product or service. Similar types of goods and services may exist, but only one supplier, for reasons of expertise, and/or standardization, quality, compatibility with existing equipment, specifications, availability or emergency, is the only source that is acceptable to meet a specific need, at a specific time.

Request for Quote (RFQ)

The RFQ solicitation is an informal process that requires the requester to obtain at least 2 written quotes for consideration. The award is typically based on competitive pricing with exceptions and quotes requiring documentation.

Request for Proposal (RFP)

The RFP process is longer than other types of solicitations because it involves an evaluation process that may include vendor presentations and extensive negotiations. The award will be based on four (4) criteria, in contrast to competitive bids that are awarded primarily on price. The criteria will include: Vendor Experience, Methodology of Operations, Pricing and Value Added (any additional services and capabilities not mentioned in the solicitation that would further benefit WIA and its operations, students and community). Specifications, requirements and criteria will be published in the RFP. The award process shall include evaluations and recommendations.
