II. Finance

A. Committee Report

Finance Committee did not meet last month due to transition of Treasurer.

May Financial reports have been sent; need to be uploaded to BOT.

Lisa - May reports were in line with being on budget, consistent cash position with what is expected. June books are expected to be closed sometime in August. Looking at adjusting schedule for finance committee meeting.

E. Use of Weighted Lottery

Comes at the recommendation of ED, Jason Marshall. Ratio presented is 5:1 priority ratio. Hope is by the end of the charter term, we would realize 65% of student population representing this particular economic demographic. Ties into what we've discussed regarding Title I funding changes.

Jason: Started at 10:1 with goal of being as aggressive as possible. Thought 5:1 would offer a better opportunity to bring the student ratios back into balance with where they were in the past. Have gone from 60% three years to roughly 46.9% last year. Goal is to maintain Title I status for two reasons: 1) Loss of funding and 2) Maintaining a student body that represents the community. Strength of the school is our diversity.

Thomas asked about the 5:1 ratio with concerns that it will skew the diversity of the school too far in the opposite direction. Suzanne - Do we have a handle on our numbers? Do we know what we have now, incoming siblings?

Kristen Moody - Even though the ratio of 5:1 is stated in the charter application, it would not be included in the actual charter. We would have flexibility to adjust each year.

Katie - Would want to make sure we add this to the annual calendar so we can be ahead of the curve with application process starting in January. Would want to have the formula each year in the fall before the application process begins.

Suzanne - Need to focus on communication, both internally and with the community at large.

Ms. Roberts - Siblings are a large consideration due to the fact that this year, we had approximately 22 kindergarten spots available for the lottery.

Darryl mentioned not all schools honor sibling stauts; Katie brought up that not allowing siblings could hurt school culture and Jason agreed.

Jason will bring information needed on how to weight the lottery to the October board meeting.

M. Guertin made a motion to approve use of weighted lottery for enrollment available through HB 372 to provide greater weight in the WIA lottery to applications from families who qualify as economically disadvantaged beginning with the application period for the 2018-19 school year.

S. Burnes seconded the motion.

The board **VOTED** unanimously to approve the motion.

F. Charter Renewal Application & Authorize Submission of the Application to the Authorizer (APS & GaDOE)

Caveats since the last draft on Friday July 14th:

1) Lisa Price submitted some financial revisions due to an incorrect chart; narrative was not change

2) Proof reading edits were made

3) Between now and Thursday morning the only changes that will be made are grammatical

4) Only other major changes that were made were to include narrative from the parents that wrote letters praising the China trip. The goal is to highlight the innovation of the Chinese program. We have received approval from one parent and are waiting on approval from another to include the emails as exhibits to the application packet.

M. Guertin made a motion to approve and submit the charter renewal application, previously provided to this body, with the caveat that the application is still subject to minor formatting edits to ensure compliance with the state and district requirements as well as the addition of parental correspondence praising the China trip, that is necessary to solicit a renewed charter from the Atlanta Public Schools and the GA Dept. of Education to begin with the 2018-19 school year.

T. Ryan-Lawrence seconded the motion.

The board **VOTED** unanimously to approve the motion.

One packet - two applications. One to district and one to the State. APS will be submitted on 8/1. APS should submit approved application to State in October. If we have any corrections to make for APS, then we will make those changes and resubmit, at which point APS will submit to the State in December.

APS Interviews will be between August 14th and August 17th. They will be announced on August 7th. They allow a maximum of 7 people to attend from the school. After required seats, there is only 2 additional spot available for someone to attend. APS will ask a lot of instructional based questions, so we want two representatives from administration to attend. Jason will pick those people.

State has requested us to submit "several dates during which a majority of our board will be available for an interview". Governance committee suggests the following: November, December and January - offer 1st and 3rd Wednesday. 1st at 10:00am, 3rd at 4:30pm. State is not as clear as to who must attend.

Discussion around what to communicate with parents and when with regard to the charter renewal. Suzanne thinks communication should be prior to charter approval. Either through webinar, PowerPoint, etc.

IV. Academic Excellence

A. Committee Report

Presented ACE 2017-2018 Target Plan.
Presented both Short and Long terms budget requests.

B. CCRPI Training Recommendation

CCRPI metrics have changed again. AEC recommends board go through full training to better understand CCRPI. Difficult for board to set goals for something we don't fully understand. Want to use the most up to date CCRPI indicators, etc. Need to become performance based, not compliance based.

V. Development

A. Committee Report

Wesley Welcome Day - one of our biggest pushes to kick off Red Thread.
Jason working on community sponsorships. Has sponsorship deck available for anyone who knows businesses that may be interested.

Last year's red thread money went to: new computer lab, each grade level gets \$1,000 their first week back, technology to do announcements over the air on Promethean boards, and helping to fund China trip.

VI. Strategic Planning
