## III. Executive Director Updates

### A. Monthly Report

- Approaching the enrollment goals for the year. As of today, we have 787 students. Goal of 785-792.
- Had an amazing summer this year getting the building ready. Stairwells, front office, auditorium all look different. Very close to where we want to be from a facilities maintenance standpoint. Starting to look at systems, such as air conditioning and roof. Tech team had all of the media and computers ready to roll out at the beginning of the year.
- With the new school year, there is an increased level of order and instruction taking place within the school. Thank you to the administrative team for all of their assistance in making this happen.
- In the near future, for staff beginning tomorrow, starting the deep dive into the board initiated conversation regarding single gender education at WIA. 4-8 grade students will be surveyed later this month. Data collection will occur in August with data analysis taking place in September, and October will be informational sessions to communicate the data with stakeholders.
- Ms. Lawrence - PYP Update: Finishing up first round of diagnostic assessments. Chinese assessments will begin August 28th. Milestone assessments will be sent home later this week. Started using language of Second Step as a school, including in morning announcements. School wide messaging regarding Charlottesville - tie into tolerance.
- Dr. Mason - MYP Update: Finishing up diagnostic assessments. Providing teachers with professional learning with regard to TKES, new classroom walk through platform (weekly classroom visits).
- Jason - Charlottesville - Leadership team meets every Monday. Leadership team brought up how to address with the student body during the weekly leadership meeting.

## **VI. Finance**

### **A. Committee Report**

## **VII. Governance**

### **C. Charter Renewal Application Update**

APS interview postponed until sometime the week of August 28th. This means we can go through the mock interview process during full board training this week. APS delay should not interfere with State interview.

## **VIII. Strategic Planning**

### **A. Committee Update**

- Full packet uploaded to agenda.

- Each strategic direction assigned to a committee as a lead; some blanks while finalizing over the next couple of weeks and solidifying names for each committee.
- Did not include strategic directions in welcome day packets; high level overview and detailed plan will be distributed to all stakeholders by August 31st. Jason to have separate conversations with leadership team.
- A way to track progress would be to have a visual scorecard; once metrics are identified for each one, develop a visual scorecard and dashboard. Nicole will create this and deliver it by mid-September for Elisa, Jason and Nicole to review for feedback for wide based distribution in mid-January.
