Review and discuss Wesley's Virtual Learning policy

Discussion about virtual learning and the need for a process/plan in place for the Fall.

We don't know what will be required so it is impossible to know what it will look like.

Wesley has been ahead of the curve regarding virtual learning but it is still a work in progress. Wesley is lacking in viable data points to determine what is working well and what isn't. At least 1 metric parameters being tracked is student participation, but if that is low, it is unclear what the the root cause is.

Two years ago Wesley went to a 1:1 computer to student ratio in middle school but pulled back because of damage and lack of use at home. If Wesley wants to be completely virtual, it will take a commitment to give every student a computer. Lisa Price reported that we are in good shape financially if that's what we need to do to get ready for Fall, we can do.

II. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 5:44 PM.

Respectfully Submitted,
K. Delp
