E. Review of December Financials

Lisa noted that the 12/31/19 financials reflect updated enrollment counts. Several positive fluctuations regarding revenues are realized as well. The school is making good progress towards addressing the budget shortfall that was identified at the beginning of the fiscal year.

F. Review of FY 2020 Budget Revision

Lisa shared an updated version of the mid-year budget revision that we reviewed and discussed at the December 2019 committee meeting. The revision reflects no reductions to compensation. Savings are being identified from other categories. This year there has been a targeted strategy of reducing travel associated with professional development, emphasizing online and local professional development opportunities for teachers.

On revenue, efforts to optimize headcount have generated additional FTE funding. There have also been a couple of grants that offset planned capital spending items. At this point, best projections call on the school to draw about \$40k of reserves rather than about \$250k in reserves as thought at the beginning of the current fiscal year.

The committee unanimously approved submitting the FY 2020 budget revision to the Board for adoption at the February 2020 meeting.

II. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 8:31 AM.

Respectfully Submitted,
