II. Executive Director Updates

A. Milestones Update

Jason:

Wonderful start to the school year! Very excited about the year ahead. Thank you to all of the staff that has helped get this year off to an amazing start.

Dr. Pullin:

Milestones Update - reminder this is lagging data. This doesn't tell us growth right now, just performance. We are still waiting on growth numbers.

PYP (3-5)

20% beginning learner
32% developing learner
34% proficient learner
15% distinguished learner

MYP - 4th grade math was the strongest in performance

22% beginning learner
35% developing learner
34% proficient learner
10% distinguished learner

YOY Performance

Increase in ELA, slight decrease in Math, decrease in Science (5th and 8th grade only), slight decrease in Social Studies

Challenge Index - looks at how we perform to other schools with similar demographics as ours.

Position on the chart is similar to where we fell last year.

A. Hunter arrived.

III. Public Comments

A.

Public Comments

Al Brooks

Has been around WIA since 2008 - teacher and parent.

Has concerns as a parent regarding a cultural shift that is concerning. His child had an issue last year wherein they needed to speak with a teacher; the student did not feel comfortable speaking with anyone because of the changing faces in MYP. Wanted to bring this concern to light so it is considered when looking at staffing. Wants us to get back to Wesley being a choice place for educators to work and look at why some of our great teachers are leaving. Wants the old feeling of Wesley back.

Also starting to see some tracking academically with MYP students and wants us to look at educational benefits as well as the cons; look at what that may be doing to the lower performing students. Recommends working with teachers to differentiate their lessons and ensure an inclusive educational environment.
