B. Fall 2021 Discipline Data Review

Jason Marshall reports on the 1st Semester of 2021-22

- In his 26y of public education, toughest start to the school year ever
- Impact of the pandemic is evident on students, staff, and families - exhaustion - underestimated the toll it would be taking in the school community
- Impact of social media on the students has been significant - MYP especially

Debbie Satterfield and Rachel Goodman offer Discipline Data Review

- [COVID harm to kids' mental health - schools are feeling it](#) (article)
 - Unable to express the anxiety they are experiencing
 - The grief, anxiety and depression children have experienced during the pandemic is welling over into classrooms and hallways, resulting in crying and disruptive behavior in many younger kids and increased violence and bullying among adolescents. For many other children, who keep their sadness and fear inside, the pressures of school have become too great. " (Vestal, 2021)
 - Despite preparation and planning to address this reality, it has turned out not to be enough
- Out of School Suspension Trends (pandemic impact makes year over year unhelpful)
 - 2019-20: 43 (closed in March 2020)
 - 2020-21: 1 (virtual year)
 - 2021-22: 19 (through November, prior to Thanksgiving)
- Health and Mental Health needs were under reported over the last two years

 - Since Thanksgiving Break in MYP: 2 detentions, 17 days ISS, 28 days OSS with 2 scheduled hearings and 4 additional suspensions in PYP and increase in suicide ideation in that cohort
 - Typical to have a spike after a break

- Individual prizes in each tier
- Class prizes in each tier

Rachel Goodman continues her report

- Sample of a MYP Intervention Takeover Plan that includes various parties
- Anecdotal Behavioral Referral Data Summary Word Cloud
 - Violence trend

Jason Marshall

- Have had to increase security at extra-curricular activities
- Emotions and interactions are changing in concerning ways among our community members
- Wants to bring more support resources to PYP that reflects some of the successful measures being used in MYP
 - What resources can be quickly allocated to provide material support to these concerns? (cycle of behavioral challenges taking leadership attention in the classroom and the attention shift
 - Ask: a PBIS Coordinator for PYP because of shift of the current staff member doing that work exclusively to MYP
 - Ask: Dean of Students to support Principals and Assistant Principals with on-going behavior challenges day-to-day
- Impact on staff of COVID
 - PYP: teachers are overwhelmed; struggling with lack of support; and need for time away from the schoolhouse more often
 - MYP: parent relationships are more difficult because everyone is stretched and overwhelmed
 - Need for substitute access is more complicated; maintaining substitute teachers in the building daily
- Adrian Hunter: COVID impact can rise to the level of trauma

 - To include vetting of the financial-related personnel requests made during this meeting

B. Update on Policy and Procedure Review

- Committee is taking initial steps to update Financial Policies to reflect current practices

 - Could impact members' intent to return and board recruitment
 - Potential to make such changes only prospectively
