MAP data showed large leaps for 2nd graders in reading and math. Quality instruction and return to in-person learning were identified as important elements in the increase in scores.

Comparative data for Milestones was shared that identified performance above the district in reading at all grades except 6. In mathematics, only one grade outperformed the district. CCRPI data was also shared.

B. Attendance: Teacher and Student

Attendance data was provided by Ms. Goodman for students and staff. Substitute teachers have been found when needed, including long term substitutes.

C. Discipline Update

Mr. Pavone, Mr. Finney, Dr. Edwards, and Ms. Hunter provided an overview of discipline data. All were positive about the use of PBIS and restorative practices.
