Summit Reset

- With Summit Academy only weeks into the 2nd Quarter of the 1st semester, we are looking at our scholars academics, behavior and social and emotional wellness. With the help of all staff members we have identified students who require specific interventions to overcome deficiencies in order to demonstrate growth. As a team we are identifying areas that need improvement, developing action plans and establishing targets and goals for individual students. This will lead to individualized learning plans and teachers sharing strategies that are leading to academic , behavioral, and social and emotional improvement.
- Another aspect of our school reset is to look at instruction on a more critical level. With the recent release of the ITA's (Item Skills Analysis) for HS Regents in June as well as MS state exams in ELA and Math we are identifying students who have specific deficits as evidenced by specific questions as well as state standards. The end result will be reviewing and revising curriculum, modifying lesson plans as well as daily instruction and providing our scholars with specific content that speaks to their individual needs. This will enable us to strengthen differentiation of lessons.

Pep Rally

- Ms. Wallace hosted our first Pep Rally of the year. There was dancing, cheering, basketball, and other entertaining activities.
