## **I. Opening Items**

### **A. Record Attendance**

### **B. Call the Meeting to Order**

C. McCants called a meeting of the board of trustees of Summit Academy Charter School to order on Tuesday Nov 18, 2025 at 6:23 PM.

### **C. Approve Minutes**

## **II. Finance**

### **A. October Unaudited Financials**

- As of October 31, 2025, we have about 117 days of cash on hand
- We received the third deposit from the DOE at the end of October. We are expecting to receive the next deposit in
- December 2025. The fifth deposit is expected to be received in February, and the final deposit is expected to be received by May.
- We have an operating cash balance of about \$1.5M plus \$1.08M in the interest-bearing account. The management proposes the board to authorize the management team to analyze and transfer funds between the checking and interest-bearing accounts. This would allow the management team better utilize the cash balance and earn interest.
- The funds in the interest-bearing account is fully FDIC insured.
- Accounts Receivable has a balance of about \$176K. Majority of the receivables is from the Title IA grant. The final form to close out the grant has been submitted. We are expecting to receive the funds within the next few days.
- The two big items in the liabilities are the Payable to the DOE and the Deferred Revenue line items. The Payable to the DOE was created to true-up the revenue based on the most recent DOE invoice. The Deferred Revenue line has a balance of about \$910K, which is the deposit received at the end of October for the months of November and December.
- The revenue recognized in the current period totals about \$1.95M, which is about 27% of the total budgeted revenue. It should be at 33% at this time of the year. It's lower due to lower enrollment and delay in recognizing the Title Grant Funding. The title grant application has been submitted and is awaiting approval. Last year, the revenue as of October 31 st was about 29% of the budgeted revenue due to the recognition of the ARP funding between July and September.
- The ARP grant has closed out and is no longer available to us.

- The expenses recognized in the current period totals about \$2M, which is about 28% of the total budgeted expenses. It's lower due to timing. Last year, the expenses as of October 31 st was about 28% which is the same as this year.
- We have a net deficit of about (\$54K).
- Our cash flow projections show that we would end the current fiscal year with about 46 days of cash on hand.

### III. Academic Achievement
