Policy: 4001**Section: 4000 - Community Relations**

Public Information Program

The district will strive to maintain effective two-way communication channels with the public. Such channels will enable the board and staff to interpret the school's performance and need to the community and provide a means for citizens to express their needs and expectations to the board and staff.

The superintendent or designee will establish and maintain a communication process within the school system and between it and the community. Such a public information program will provide for a district annual report, news releases at appropriate times, news media coverage of district programs and events, and regular direct communication between individual schools and the community members they serve. The public information program will also assist staff in improving their skill and understanding in communicating with the public.

Community opinion may be solicited through parent organizations, parent-teacher conferences, open houses, and other such events or activities which may bring staff and citizens together. At times, board meetings may be scheduled at neighborhood schools. Survey instruments and/or questionnaires may be developed in order to gain a broad perspective of community opinion.

The board is a nonpartisan public body and will not endorse political candidates. Neither staff nor students will be asked to disseminate campaign materials from the schools nor will any of the district's facilities or communications services be used to disseminate such material.

The superintendent or designee will identify staff with significant public information responsibilities and establish guidelines for their work. The guidelines will address such matters as authority for making releases and the nature and content of bulletins to parents.

Staff Communications with the Public

Staff shares the responsibility for communicating and interpreting the district mission, its policies, programs, goals, and objectives to members of the community. Staff will perform their services and functions to the best of their ability and communicate with members of the community, parents, students, and other staff in a sincere, courteous and considerate manner. Staff will strive to develop and maintain cooperative school-community relations and to achieve the understanding and mutual respect that are essential to the success of the district.

Confidential information about students or other staff will be released only as permitted by law and district policies and procedures.

Public Health Information

The district will post a prominent link on its website's homepage and on each schools' homepage to information from the Department of Health that addresses substance use trends; overdose symptoms and response; and the secure storage of prescription drugs, over-the-counter medications, and firearms and ammunition.

Collection Of Disciplinary Data

The district will collect data on student disciplinary actions taken in each school, and the information will be available to the public on request. This information may not be personally identifiable, and will not include a student's name, address, social security number, or any identifiable information.

District Annual Report: School Improvement Plan

An annual district report **in the form of a school improvement plan** addressing the activities of the district and the administration's recommendations for improvement of student learning and district operations will be prepared by the superintendent or designee and presented to the board as soon as possible after the close of each school year **and no later than October 1st of the following school year**. Upon board approval, the report will be made available to the public and used as one means for informing parents and community members, the Office of the Superintendent of Public Instruction, and other districts in the area, of the programs and conditions of the district's schools. The district must ensure awareness of and compliance with certain statutory requirements as specified in [Policy 2106 \(Program Compliance\)](#). When the district is not in compliance, such deviations will be incorporated into the annual report.

Staff Expression

The Griffin School Board believes the district has an interest in maintaining an orderly and effective work environment while balancing employees' First Amendment rights to freedom of expression and diverse viewpoints and beliefs. When employees speak within their official capacity, their expression represents the district and may be regulated. The First Amendment protects a public employee's speech when the employee is speaking as an individual citizen on a matter of public concern. Even so, employee expression that has an adverse impact on district operations and/or negatively impacts an employee's ability to perform their job for the district may still result in disciplinary action up to and including termination.

Staff expression includes the performance of job responsibilities and how they represent the district in their use of district email accounts, school district buildings, district property, classrooms and how they present themselves to students.

Employees who use social media platforms are encouraged to remember that the school community may not be able to separate employees as private citizens from their role within the district. Employee expression on social media platforms that interferes with the district's operations or prevents the district from functioning efficiently and effectively may be subject to discipline up to and including termination.

The procedures that accompany this Policy will adhere to this policy and specify particular district standards for staff expression, including the conditions under which a staff member can participate in written or non-verbal expression. Any violation of this Policy or adopted Procedure may result in disciplinary action.

Board Officers and Duties of Board Members

Chair

The chair presides at all meetings of the board and signs all papers and documents as required by law or as authorized by action of the board. The chair conducts the meetings in the manner prescribed by the board's policies. The chair has the full right to participate in all aspects of board action without relinquishing the chair, including the right to vote on all matters put to a vote.

It is the responsibility of the board chair to manage the board's deliberation so that it will be clear, concise, and directed to the issue at hand; to summarize discussion and/or action before moving on to the next agenda item; and to generally manage the meeting so that the agenda is treated in an expeditious manner.

The chair will be the official recipient of correspondence directed to the board and will provide, or cause to be provided to other board members and the superintendent, copies of the correspondence received on behalf of the board.

The chair is authorized to consult with the superintendent on issues such as board meeting, study session and board retreat planning prior to presentation to the full board and perform tasks to facilitate board meetings.

In dealing with the media and the public in general, the chair or his/her designee will serve as the spokesperson of the board. The chair is authorized to report and discuss those actions which have been taken and those decisions made by the board as a body. The chair will avoid speculating upon actions or decisions which the board may take but has not yet taken.

Officers of the Board: Vice Chair

The vice chair will preside at board meetings in the absence of the chair and will perform all of the duties of the chair in case of his/her absence or disability.

Legislative Representative "Committee" has been removed

The legislative representative serves as the board's liaison with the Washington State School Directors' Association (WSSDA) on legislative issues. The legislative representative will be **elected** from among the board members at the first regular meeting in December in odd numbered years and will serve for a period of two years. The legislative representative, board chair, or other board designee will represent the board at WSSDA's General Assembly, conveying local views and concerns to that body. When appropriate, the legislative representative obtains their board's support for a legislative proposal to be submitted to the Assembly and supporting it at the Assembly. The legislative representative will monitor proposed school legislation, and provide legislative updates periodically at board meetings.

Additionally, he/she will build relationships with local policy makers regarding WSSDA's legislative positions and priorities.

Duties of Individual Board Members

The authority of individual board members is limited to participating in actions taken by the board as a whole when legally in session. Board members will not assume responsibilities of administrators or other staff members. The board or staff will not be bound in any way by any action taken or statement made by any individual board member except when such statement or action is pursuant to specific instructions and official action taken by the board.

Each board member will review the agenda and any study materials distributed prior to the meeting and be prepared to participate in the discussion and decision-making for each agenda item.

Each member is obligated to attend board meetings regularly. Whenever possible, each director will give advance notice to the chair or superintendent of his/her inability to attend a board meeting. A majority of the board may excuse a director's absence from a meeting if requested to do so. The board may declare a board member's position vacant after four consecutive unexcused absences from regular board meetings.

Board Officers and Duties of Board Members

Chair

The chair presides at all meetings of the board and signs all papers and documents as required by law or as authorized by action of the board. The chair conducts the meetings in the manner prescribed by the board's policies. The chair has the full right to participate in all aspects of board action without relinquishing the chair, including the right to vote on all matters put to a vote.

It is the responsibility of the board chair to manage the board's deliberation so that it will be clear, concise, and directed to the issue at hand; to summarize discussion and/or action before moving on to the next agenda item; and to generally manage the meeting so that the agenda is treated in an expeditious manner.

The chair will be the official recipient of correspondence directed to the board and will provide, or cause to be provided to other board members and the superintendent, copies of the correspondence received on behalf of the board.

The chair is authorized to consult with the superintendent on issues such as board meeting, study session and board retreat planning prior to presentation to the full board and perform tasks to facilitate board meetings.

In dealing with the media and the public in general, the chair or his/her designee will serve as the spokesperson of the board. The chair is authorized to report and discuss those actions which have been taken and those decisions made by the board as a body. The chair will avoid speculating upon actions or decisions which the board may take but has not yet taken.

Officers of the Board: Vice Chair/President

The vice chair will preside at board meetings in the absence of the chair and will perform all of the duties of the chair in case of his/her absence or disability.

Legislative Representative Committee

The legislative representative committee serves as the board's liaison with the Washington State School Directors' Association (WSSDA) on legislative issues. The legislative representative committee will be appointed from among the board members at the first regular meeting of the year in even numbered years and will serve for a period of two years. One member of the legislative representative committee, board chair, or other board designee will represent the board at WSSDA's General Assembly, conveying local views and concerns to that body. When appropriate, the legislative representative committee obtains their board's support for a legislative proposal to be submitted to the Assembly and supporting it at the Assembly. The legislative representative committee will monitor proposed school legislation, and provide legislative updates periodically at board meetings. Additionally, they will build relationships with local policy makers regarding WSSDA's legislative positions and priorities.

Duties of Individual Board Members

The authority of individual board members is limited to participating in actions taken by the board as a whole when legally in session. Board members will not assume responsibilities of administrators or other staff members. The board or staff will not be bound in any way by any action taken or statement made by any individual board member except when such statement or action is pursuant to specific instructions and official action taken by the board.

Each board member will review the agenda and any study materials distributed prior to the meeting and be prepared to participate in the discussion and decision-making for each agenda item.

Each member is obligated to attend board meetings regularly. Whenever possible, each director will give advance notice to the chair or superintendent of his/her inability to attend a board meeting. A majority of

the board may excuse a director's absence from a meeting if requested to do so. The board may declare a board member's position vacant after four consecutive unexcused absences from regular board meetings.

Evaluation of the Superintendent

The board will establish evaluative criteria and will be responsible for evaluating the performance of the superintendent.

The superintendent will have the opportunity for confidential conferences with the board members, for the purpose of aiding the superintendent in their performance. The board, on the basis of the evaluation, may terminate, renew or extend the superintendent's contract for periods not to exceed three years.

Pursuant to state law, RCW 28a.150.230, names the school board as responsible "to adopt policies to: (a) Establish performance criteria and an evaluation process for its superintendent..." and through RCW 42.30.110(g) dictates the use of executive sessions for evaluating the performance of public employees.

In addition, state law, RCW 28A.405.100, requires that the evaluation process looks at these eight categories at a minimum:

- knowledge of, experience in, and training in recognizing good professional performance, capabilities and development;
- school administration and management;
- school finance;
- professional preparation and scholarship;
- effort toward improvement when needed;
- interest in pupils, employees, patrons and subjects taught in school;
- leadership;
- and ability and performance of evaluation of school personnel.

WSSDA provides a goal-centered model to support the effective evaluation of the superintendent.

However, such observation must not disrupt the classroom or learning activity. The superintendent or designee will establish guidelines governing school visits to ensure orderly operation of the educational process and the safety of students and staff.

Expenditures in Excess of Budget

Total budget expenditures for each fund as adopted in the budget will constitute the appropriations of the district for the ensuing fiscal year. The board will be limited in the incurring of expenditures to the grand total of such appropriations.

Board members, administrators or staff who knowingly or negligently violate or participate in a violation of this policy by incurring expenditures in excess of appropriations will be held civilly liable, jointly and severally, for such expenditures, including consequential damages, for each such violation. If as a result of any civil or criminal action the violation is found to have been done knowingly, such board member, administrator or staff member who is found to have participated in such breach will immediately forfeit his/her office or employment.

In the event of an emergency requiring expenditures in excess of the budget, the board may adopt a resolution which states the conditions constituting the emergency and the amount of the appropriation necessary to correct the situation. At any other time that the budget is to be increased by making an additional appropriation, the board, after proper notice, will adopt a resolution stating the facts and the amount of appropriation necessary to correct the situation. Any person may appear at the meeting at which the appropriation resolution is to be voted on and may be heard for or against the adoption. GRIFFIN SCHOOL DISTRICT NO. 324, THURSTON COUNTY, WASHINGTON POST ISSUANCE COMPLIANCE POLICY

This policy is intended to guide Griffin School District No. 324, Thurston County, Washington in meeting its obligations under applicable statutes, regulations and documentation associated with publicly offered and privately placed securities of the District. This policy addresses obligations of the District that arise and will continue following the issuance of securities. These obligations may arise as a result of federal tax law (with respect to tax-exempt securities) and securities laws (with respect to ongoing disclosure) or as a result of contractual commitments made by the District. This policy outlines obligations that may be applicable to each issue of securities and identifies the party to be responsible for monitoring compliance. In the District, the Superintendent will be responsible for ensuring that the policy is followed and checklists and records maintained. The Superintendent may delegate responsibility to employees and outside agents for developing records, maintaining records and checklists. The District will provide educational opportunities (opportunities to attend educational programs/seminars on the topic) for the parties identified in this policy with responsibilities for post-issuance compliance in order to facilitate their performance of these obligations.

A. Transcripts.

1. The District's bond counsel shall provide the District with two copies of a full transcript related to the issuance of securities (for each issue). The transcript shall be delivered in the following forms: two USB drives and transcripts shall be delivered to the District within six months following the date of issuance of securities. It is expected that the transcript will include a full record of the proceedings related to the issuance of securities, including proof of filing an 8038-G or 8038-GC, if applicable.

2. Bond transcripts will be retained by the following parties and in the following locations within the District: In the office of the Finance and Human Resources Administrator at 6530 33rd Avenue NW, Olympia, WA 98502.

B. Federal Tax Law Requirements (Applicable only if the securities are issued as "tax-exempt" securities).

1. *Use of Proceeds.*

- a. If the project(s) to be financed with the proceeds of the securities will be funded with multiple sources of funds, the District will adopt an accounting methodology that:

- (i) Maintains each source of funding separately and monitors the actual expenditure of proceeds of the securities;
- (ii) Commingles the proceeds and monitors the expenditures on a first in, first out basis; or
- (iii) Provides for the expenditure of funds received from multiple sources on a proportionate basis.

b. Records of expenditures (timing of expenditure and object code) of the proceeds of securities will be maintained by the Superintendent.

c. Records of investments and interest earnings on the proceeds of securities will be maintained by the Superintendent. Such records should include the amount of each investment, the date each investment is made, the date each investment matures and if sold prior to maturity, its sale date, and its interest rate and/or yield. Interest earnings on proceeds will be deposited in the fund in which the proceeds of the securities were deposited (if not, then the plan for use of interest earnings will be discussed with the District's bond counsel).

d. Records of interest earnings on reserve funds maintained for the securities.

2. *Arbitrage Rebate.* The Superintendent of the District ("Rebate Monitor") will monitor compliance with the arbitrage rebate obligations of the District for each issue ("issue") of securities which are described in further detail in the tax certificate if any, executed by the District for each issue and included in the transcript for the issue. If the District did not execute a tax certificate in connection with an issue, the Rebate Monitor should consult with the District's bond counsel regarding arbitrage rebate requirements. The District will provide educational opportunities (opportunities to attend educational programs/seminars on the topic) for the Superintendent in order to facilitate his/her performance of these obligations.

a. If the Rebate Monitor determines that the total principal amount of tax-exempt governmental obligations (including all tax-exempt leases, etc.) of the District issued by or on behalf of the District and subordinate entities during the calendar year, including the issue, will not be greater than \$5,000,000, plus such additional amount not in excess of \$10,000,000 as is to be spent for the construction of public school facilities, the Rebate Monitor will not be required to monitor arbitrage rebate compliance for the issue, except to monitor expenditures and the use of proceeds after completion of the project (see #3 below). For purposes of this paragraph, tax-exempt governmental obligations issued to currently refund a prior tax-exempt governmental obligation will only be taken into account to the extent they exceed the outstanding amount of the refunded bonds.

b. If the Rebate Monitor determines that the total principal amount of tax-exempt governmental obligations (including all tax-exempt leases, etc.) of the District issued or incurred any calendar year is greater than \$5,000,000, plus such additional amount not in excess of \$10,000,000 as is to be spent for the construction of public school facilities, the Rebate Monitor will monitor rebate compliance for each issue of tax-exempt governmental obligations issued during that calendar year.

(i) *Rebate Exceptions.* The Rebate Monitor will review the tax certificate, if any, in the transcript in order to determine whether the District is expected to comply with a spending exception that would permit the District to avoid having to pay arbitrage rebate. If the tax certificate identifies this spending exception (referred to as the six-month exception, the 18 month exception or the 2-year exception), then the Rebate Monitor will monitor the records of expenditures (see B.1 above) to determine whether the District met the spending exception (and thereby avoid having to pay any arbitrage rebate to the federal government). If the District did not execute a tax certificate in

connection with an issue, the Rebate Monitor should consult with bond counsel regarding the potential applicability of spending exceptions.

(ii) *Rebate Compliance.* If the District does not meet or does not expect to meet any of the spending exceptions described in (i) above, the District will:

x. Review the investment earnings records retained as described in B.1 above. If the investment earnings records clearly and definitively demonstrate that the rate of return on investments of all proceeds of the issue were lower than the yield on the issue (see the tax certificate in the transcript), then the District may opt not to follow the steps described in the following paragraph.

y. Retain the services of an arbitrage rebate consultant in order to calculate any potential arbitrage rebate liability. The rebate consultant shall be selected no later than the completion of the project to be financed with the proceeds of the issue. A rebate consultant may be selected on an issue by issue basis or for all securities issues of the District. The Rebate Monitor will obtain the names of at least three qualified consultants and request that the consultants submit proposals for consideration prior to being selected as the District's rebate consultant. The selected rebate consultant shall provide a written report to the District with respect to the issue and with respect to any arbitrage rebate owed if any.

z. Based on the report of the rebate consultant, file reports with and make any required payments to the Internal Revenue Service, no later than the fifth anniversary of the date of each issue (plus 60 days), and every five years thereafter, with the final installment due no later than 60 days following the retirement of the last obligation of the issue.

c. *Yield Reduction Payments.* If the District fails to expend all amounts required to be spent as of the close of any temporary period specified in the Tax Certificate (generally 3 years for proceeds of a new money issue and 13 months for amounts held in a debt service fund), the District will follow the procedures described in B.2.b.ii above to determine and pay any required yield reduction payment.

3. *Unused Proceeds Following Completion of the Project.* Following completion of the project(s) financed with the issue proceeds, the Superintendent will:

a. review the expenditure records to determine whether the proceeds have been allocated to the project(s) intended (and if any questions arise, consult with bond counsel in order to determine the method of re-allocation of proceeds); and

b. direct the use of remaining unspent proceeds (in accordance with the limitations set forth in the authorizing proceedings (i.e., bond ordinance) and if no provision is otherwise made for the use of unspent proceeds, to the redemption or defeasance of outstanding securities of the issue.

4. *Use of the Facilities Financed with Proceeds.* In order to maintain tax-exemption of securities issued on a tax-exempt basis, the financed facilities (projects) are required to be used for governmental purposes during the life of the issue. The Superintendent of the District will monitor and maintain records regarding any private use of the projects financed with tax-

exempt proceeds. The IRS Treasury Regulations prohibit private business use (use by private parties (including nonprofit organizations and the federal government)) of tax-exempt financed facilities beyond permitted *de minimus* amounts unless cured by a prescribed remedial action. Private use may arise as a result of:

- a. Sale of the facilities;
- b. Lease of the facilities (including leases, easements or use arrangements for areas outside the four walls, e.g., hosting of cell phone towers);
- c. Management contracts (in which the District authorizes a third party to operate a facility (e.g., cafeteria);
- d. Preference arrangements (in which the District grants a third party preference of the facilities, e.g., preference parking in a public parking lot).

If the Superintendent identifies private use of tax-exempt debt financed facilities, the Superintendent will consult with the District's bond counsel to determine whether private use will adversely affect the tax-exempt status of the issue and if so, what remedial action is appropriate.

5. *Records Retention.*

- a. Records with respect to matters described in this Subsection B will be retained by the District for the life of the securities issue (and any issue that refunds the securities issue) and for a period of three years thereafter.
- b. Records to be retained:
 - (i) The transcript;
 - (ii) Arbitrage rebate reports prepared by outside consultants;
 - (iii) Work papers that were provided to the rebate consultants;
 - (iv) Records of expenditures and investment receipts (showing timing of expenditure and the object code of the expenditure and in the case of investment, timing of receipt of interest earnings). (Maintenance of underlying invoices should not be required provided the records include the date of the expenditure, payee name, payment amount and object code; however, if those documents are maintained as a matter of policy in electronic form, then the District should continue to maintain those records in accordance with this policy);
 - (v) Copies of all certificates and returns filed with the IRS (e.g., for payment of arbitrage rebate); and
 - (vi) Copies of all leases, user agreements for use of the financed property (agreements that provide for use of the property for periods longer than 30 days), whether or not the use was within the four walls (e.g., use of the roof of the facility for a cell phone tower).

C. Ongoing Disclosure. Under the provisions of SEC Rule 15c2-12 (the "Rule"), underwriters are required to obtain an agreement for ongoing disclosure in connection with the public offering of securities. Unless the District is exempt from compliance with the Rule as a result of certain permitted exemptions, the transcript for each issue will include an undertaking by the District to

comply with the Rule. The Superintendent of the District will monitor compliance by the District with its undertakings. These undertakings may include the requirement for an annual filing of operating and financial information and will include a requirement to file notices of listed "material events." For some types of material events (early bond calls), the State's fiscal agent has undertaken the responsibility of filing notice of the applicable material event.

D. Other Notice Requirements. In some instances, the proceedings authorizing the issuance of securities will require the District to file information periodically with other parties, e.g., bond insurers, banks, rating agencies. The types of information required to be filed may include (1) budgets, (2) annual financial reports, (3) issuance of additional debt obligations, and (4) amendments to financing documents. The Superintendent of the District will maintain a listing of those requirements and monitor compliance by the District.
