Public Comments

Public Comment from Mr. Adrian Espana asking the governing board as they take time to reflect on the actions of the administrator in question, they also take time to reflect on their own actions. What has each board member done to serve this community? What trainings have they completed to prepare themselves to serve the Maryvale community? What policies, outlined in the Board Policy Manual, have they not followed? It is clear that not all policies and procedures are currently being followed. What policies should have been created by the board to support the continued improvement of the school? How are board members holding one another accountable, and how will they collectively move forward from this point? A request has been made for the board to establish clear policies and procedures for themselves. There are current minority campus leaders with aspirations of becoming principals, directors, and superintendents. However, the absence of clear board policy and the inconsistency in practice is creating a culture of bias and uncertainty. The treatment of the current superintendent differs significantly from that of the previous superintendent. Whether viewed positively or negatively, the disparity is evident. As the board makes its decision today, it is urged to make a decision that prioritizes the students and moves Western forward, not backward.
