III. New Business

A. Funding Discussion

T. Rude made a motion to authorize Tommy to sign the Resolution Authoring Performance-Based Accreditation Waiver.

J. Hazzard, Jr. seconded the motion.

The law currently states students attending school virtually, the school receives 85% funding for those students. Also, any school with 50% or more students attending virtually, the school would have to apply to become a virtual school the following year. The DOE assured these issues would be waived when planning for re-entry. Senator Bray stated the law took precedence, and funding should follow the law. HB1003 allows for flexibilities in education, which brought up the ability to join a multi-school waiver to receive leniency due to COVID-19 safety measures put in place.

The board **VOTED** unanimously to approve the motion.

The goals were created as a way to evaluate schools on something other than just a state letter grade. These goals have been revised based on changes in the state test, be growth based, and reflect a staffing goal relevant to where we are as an organization.

The board **VOTED** unanimously to approve the motion.
