Dr. Turner will be back on campus in September to assess improvements.

### **V. Operations Reports**

#### **A. Navigation Team Reports**

Navigation has worked closely with schools to norm processes across schools, conduct academic observation, feedback, and support cycles, and fill open positions. The farm is holding steady at Brookside and is starting production at Cottage Home. Finance is working hard to ensure grants are in place for the 21-22 school year, and HR is working alongside school leaders to onboard new hires. DEI work is being done by shadowing teachers and Recovery staff to support leaders to develop culturally competent Tier 1 strategies to support students.

#### **B. Principal Reports**

B. Hayes (Online Academy) reported teachers ensuring students are actively engaged with lessons and are able to log in to all the platforms used.

D. Sawyers (Englewood) has been working alongside Purdue Polytechnic High School as the school year begins. They have also been focusing on student recruitment, after-school clubs, and athletics.

D. Taylor (Brookside) reported the success from the Back to School Night and the focus of getting athletics back on the docket this year. K. Sherrow shared work conducted with teachers related to the observation, feedback, support cycle. Beginning of year assessments start this week.

T. Gustin (Cottage Home) shared teachers are setting strong academic environments and practices. Teachers are making small changes that will make huge long-term impacts. Work is also being done to support new students.
