The Paramount board and leadership team want to encourage principals to take ownership of their enrollment goals each year. Moving forward, principals will give an update on enrollment during each month's board meeting. The update will include enrollment data, needs, challenges, and comments from each school's leader. The board feels this is important to cover for the financial health of the organization and to be able to help provide resources to help principals meet enrollment goals.

## **V. Operations Reports**

### **A. Navigation Team Reports**

The operational focus is on preparations to start school on August 1st. Building preparations and staff training have been going well, with the majority of staff will be returning next week. The Andrew J. Brown and Girls IN STEM locations are both on track to be ready for students in August. All teams are working hard to reach out to unengaged families in an effort to confirm enrollment numbers.
