I. Opening Items

A. Record Attendance

B. Call the Meeting to Order

C. Approve Minutes

II. School Updates

A. NWEA Data, Grow Data, CSO Reflections

MS Principal Updates:

- NWEA data does not represent every student who took the test
 - Categorical pieces that are still being sorted to ensure all data is gained
- 5th and 6th grade reading in initial testing is on the lower end
- 7th and 8th grade reading also on lower end
 - 8th grade is higher
- Math scores also show similar outlooks
 - 6th grade math tests slightly higher

Director of Academics Update:

- Currently waiting on data from over 150 students between middle and high school
- Corrections are being worked on to sync students through Power Schools
- A lot of testing shows the lower end of our percentiles across all content areas

High School Principal Updates:

- Goal is to have 70% of students meeting one more more year of growth by EOY
 - End of year metric, cannot be identified in Cycle 1

B. Driver Goal Data and Reflections

MS Principal Updates:

- Work needs to be done to meet driver goals for testing, too early to say if those goals can be met or not
- ADA reports out good data, not quite 90%
 - Focus on connection and relationship building between students and teachers
 - Hope is that now we can incentivize to get higher numbers
- Morale is at risk in middle school, felt chaotic and busy for staffing

Director of Academics Updates:

- Goal is for 85% f teachers to grow the KCP (Kairos Career Pathway) before EOY
 - Currently at 0 because we do not have initial rating for BOY yet
- Goal is 40% of CSI scholars to show two years growth in math and ELA on the NWEA
 - Currently do not have data to show this because we just conducted BOY testing

Director of Student Support Services Update:

- Driver goal is to identify 100% of student in the following populations are up to date
 - Currently meeting this goal
- 100% of students are appropriately assigned to SPED tiers
- Formal training has not occurred in this cycle for all staff
- More staff is needed to thrive
- 85% of IEPs for this cycle have reached completion

High School Principal Updates:

- EOC data is off track
- Goal is to have 85% of teacher and leaders receive quality feedback biweekly
 - Currently at 45%
- Goal is to have 90% of classrooms marked as proficient
 - This is off track at 0%
- Goal is to follow an ADA escalation matrix with 90% fidelity each cycle, current cycle is at 33%

III. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 6:09 PM.

Respectfully Submitted,
