**III. Director Update**

**A. Director's Report**

The audit, annual report, policies and procedures are in the works.

The school is full enrolled.

Looking for part time school psychologist, very part time Spanish teacher.

School lunch program is really exciting. The equipment, provided by grant money, has been dropped off. All dietary and allergy needs are being met; lunches and breakfasts are being provided. Extra meals are available for purchase.

ERankin - Can orders be placed the night before? KKuse - Triton says yes, parents can order the night before, will confirm at upcoming meeting. Breakfast is included with lunch

EBradley - Is there a form to fill out to participate? KKuse - Families must sign up, but all are eligible. No personal financial information is needed.

There is an email circulating trying to get a meeting going with city and neighbors regarding grounds redesign. Biggest challenge is redirection of traffic flow. Second is reworking wetlands.

Adding archery to the school.

Reviews in Great Schools have been moving up. A great positive for RVCS.

Mass Charter Public School Association is coming to RVCS at the end of July.

**IV. Board Business**

**A. Board Business Topics**

**B. Medical and Behavioral Health Emergency Response Plan**

D. Herrera made a motion to Approve the Medical and Behavioral Health Emergency Response Plan with edits to clarify nurses cell phone on Wednesdays and deleting the

words "if necessary" from bullet point 2 in paragraph regarding emergency therapeutic intervention.

ERankin - Should all front desk staff be included as key personnel?

DHerrera - They are not all considered key personnel.

ERankin - Who is the student response team? Does it need to be defined? The same for the medical response team? Etc.

DHerrera - This is all management work. If KKuse and her team doesn't follow through that is another issue. As governance, this document wording fine. This document only updated when there is a change. The only change here is adding behavioral health.

EBradley - Format and language is outstanding. Parents should be required to be notified, is that superseded by Mass law?

ERankin - Believes this document does cover that; NDurkee mentions it is covered on Page 7. This has been confirmed.

EBradley - Is the phone number for the school nurse her personal cell phone?  
It is not.

NDurkee - Can we state contacting parents in context? This second paragraph is unclear:if necessary, notify the parent/ legal guardian of the student or the emergency contact for faculty/ staff and inform them that the person is being transported to a medical facility if the information is known at the time of the call.

DHerrera - Agrees that the parents should be notified and we should drop "If necessary".

The board **VOTED** to approve the motion.

**Student Opportunity Act**

Background:

2020 brought to forefront, derailed by Covid, we are now catching up and KKuse has written up the policy. It makes sure all students have the opportunity to succeed.

KKuse: We have looked at all of our target groups. We have identified our groups who may struggle the most. We have found ways to help not only the students but their families. Lisa Kelley and Jonnie Lyn Evans helped with the research. We will be doing the full report every three years. In this very monochromatic area, the students struggling the most are special needs and students with disabilities and a few disadvantaged.

D. Herrera made a motion to approve the SOA for DESE submission as is and entrust Karen Kuse to make revisions and report back to us as necessary.

E. Bradley seconded the motion.
