## **II. Committee on Trustees**

### **A. Update Bylaws**

- Given enough time for people to review and give feedback
- Add to agenda to vote on the update formally

### **B. Board Education**

- Certain people on the board do the heavy lifting so need to figure out how to spread the work
  - One issue is that information isn't flowing down from the the EC and have to think about to align there
  - A lot of talk and no action in the board
  - Do we need to just call people out
- Karen making a push to better align the school to Montessori best practices so maybe do a training around that
  - Ex. how do we align Accountability to Montessori
  - Could we add the "Montessori Minute" back into the board meetings
    - Tie back to what the kids are doing and understanding of how it differs from how other schools work
- Retreat Training
  - SMART Goals

- Less Meetings - Hasn't worked for Development to date, but has for Finance - so has to be dependent
- Board Buddies for new board members - main go to person
  - Reduce Chair burden or any one person
  - Be clear to people that when they come on board that we don't know everything and nor should we
- External Audit
  - 1:1s with the board members then set up training for the board
- Meeting Minutes
  - Need to stop sweeping things under the rug - get the information out there and be what may
  - Don't need everyone to have all the details, but need to be able to access information when needed
  - This doesn't necessarily need to be part of the retreat training, but need to address baseline expectations
- How do we build up that barn build sentiment
  - Huge investment from leaders that people bought into
  - Start-up mentality early on
  - Initial part of charter was that people gave 40 hours of work
    - Can't do this based on the state regulations as a public school
    - How can we work around this to drive greater involvement
  - Get to know families better
    - Both through building direct relationships
    - Collect information on what parents do for work as well as what they love to do
  - Drive this as part of the culture in every message that we put to the community as a whole
  - How we do something to similar to what is done by Development to show percent of families giving to annual plan, but this is similar to volunteer hours
    - Track this consistently
    - Put on a poster at the entry of the driveway rather than in the building
  - Acknowledge that COVID had an impact and use that as the point of building back up - starting from scratch - back to basics
  - Theory of Action - Montessori principal
    - Self monitor your accountability
    - "All Hands on Deck"
- Could we have board members run the professional growth days
  - Montessori is very collaboration driven
  - Board needs to model the collaborative nature
  - If not running it, could we at least be present
- Change from closed to open mindset
