Todd asked Board Members to consider this question and to be prepared to discuss it at the retreat - "At the end of the pandemic, when we look back at our Board's work, how will we know we've been successful?"

- Martin Turnbull said the Board should be prepared to hit the ground running and help students who have fallen behind.

Michelle said the proposed budget includes a 1.99% increase for inflation over last year's budget and 53 million dollars for COVID expenses with 3 million of that allocated to be divided between the state's charter schools.

Todd Sumner said Parker's budget development for FY22 will start with a different assumptions in terms of revenue. Todd said that the Student Opportunity Act will likely not be funded anytime soon.

Mario Silva-Rosa said there is nothing to report at this time.

#### **E. Governance**

George Clancy said the Governance Committee met in early November to review the Board assessment process and to discuss potential Board vacancies.

George said the Board on Track assessment tool determines a 1-5 rating with 5 being excellent and the assessment of the Parker Board was 5. George said while the process is a bit flawed, it is worthwhile. He said a better process would allow for narrative comment.

George said future work of the committee should include:

- an annual review of Open Meeting procedures by the Board
- review of the school leader succession plan

George said four Board members may term out in June which would bring the total number of Trustees to nine - the minimum under the bylaws. George asked Board members with expiring terms to please notify the Governance Committee so conversations can be had.

George said Trello revisions implemented by Balu Balasubramanyam have made the system more user friendly.
