II. Principal's Report

A. Principal's Report

Todd Sumner thanked Board members for attending graduation.

Todd said that there have been revisions to the original Student Opportunities Act plan that was approved by the Board in February of 2021. Todd said the revised plan moves funds around slightly and adjusts which student subgroups are the focus of the plan. He said details are in the attached Principal's Report which was sent to members prior to the meeting and the Board will vote on the revisions later in this meeting.

Brian Harrigan, incoming Head of School, delivered his entry plan update. Brian discussed his opportunities for growth.

- He thanked Deb Merriam for organizing a great day of Gateway presentations for him to attend last week.
- He spent the day at the Junior retreat.
- He met with members of the Massachusetts Charter Public School Association (MCPSA) New Leaders Cohort - the cohort includes nine new leaders and offers opportunities for coaching, consulting, and partnership.

Brian said he officially begins on July 5 and outlined his plans to get started and plans for outreach to the Parker community. Brian said he would like to schedule a Board of Trustees retreat at Tower Hill in September.

Glenn Penna asked how Brian was feeling about balancing his Ph.D. program with onboarding. Brian said that things have been manageable.

Stephanie Reinhorn asked how Board members could schedule time to meet with him.
Brian said he would reach out soon with information about how to schedule meetings.

III. Committee Reports

A. Facilities

Martin Turnbull said the Facilities Committee will be starting to collect bids for the Sumner project soon.

Michelle McKenna said that as the project is for the sidewalk, the permit process is separate from standard building permit requirements and would allow Parker to be in charge of vendor selection for the project.

Glenn Penna suggested that vendors be notified that Phase 1 of the project is the sidewalk with the potential for a Phase 2 that would include the courtyard. Michelle McKenna said that the courtyard may be considered part of the building which would require a different procurement process and require vendor selection by the State.

B. Finance

Glenn Penna said the Board will vote on Fiscal Policies and Procedures later in the meeting.

There were no comments or questions.

C. Development

Katrina highlighted some of the Development work included in the meeting packet:

- There have been 517 gifts to the Essential Commitment Fund.
- There have been 149 gifts to the Sumner Fund which currently totals \$111,482.
- The socks that were an incentive for contributions to the Sumner Fund were a hit.
- Parker received a \$15K grant from The Mifflin Memorial Fund to support summer school activities.

Katrina thanked everyone who attended Todd's Farewell on Friday.

There were no comments or questions.

D. Diversity, Equity and Inclusion

Mario Silva-Rosa said this month's DEI meeting had been cancelled.

He said the committee agreed to produce a parent of color core group to get feedback on a variety of initiatives including how to approach the lottery and material used to promote the school.

Mario said it is exciting to think about what can be done to bring about significant change at Parker and how to work with the new Head of School to do this.

There were no comments or questions.

E. Governance

Matt Lindsey said the slate of Trustees will be announced during the Annual Meeting which follows this Board meeting.

There were no comments or questions.

F. Principal Evaluation Committee

Christine Regan-Davi said that given the change in leadership, the Committee decided to forego a conventional review and focus on year long support of Todd as he and the school plan for leadership transition.

Christine said the three member Committee met with Todd throughout the year to provide support. Christine shared the Committee's findings and detailed Todd's work and accomplishments throughout the year including leadership transition, running the school, leading school during COVID and the high marks received from DESE's Tiered Focus Monitoring review.
