II. Finance

A. Q2 Dashboard

Michelle and Todd presented Q2 FY 22 financial results and year end projections. Committee members discussed the current student enrollment counts and the application counts for FY23

B. FY23 Budget Highlights

Michelle and Todd presented some of the preliminary assumptions for the FY23 budget. The committee agreed to the 390 headcount for students based on application trends for the last two years as well as the retention trend results for FY22. The committee was in favor of using a 3% increase on FY22 projected per pupil tuition as a baseline revenue assumption for the FY23 budget. After discussion around adding a \$100k line item for Capital Savings, the committee ultimately endorsed the idea. There was some discussion about year to year spending trends and if we were saving enough money. There was also some discussion about the merits of budgeting less conservatively and making the Capital Needs savings line item larger than \$100k.

C. Mid Year Review

Michelle explained that the typical mid year financial review is underway and that the results should hopefully be available next month.
