III. Strategic Plan Implementation & Development Consultant workplan

A. Strategic Plan Implementation

Brian said the development plan is one part of the strategic plan implementation. Brian said the New Teachers Collaborative is being reimagined for as early as 2025-2026. He said a new DESE program called the Resident Teachers Apprenticeship Program (RTAP) is being explored.

B. Development consultant workplan

Brian Harrigan said Changing Our World has been selected as the Development Consultant.

Stefanie Reinhorn said the committee saw a range of applicants and felt that Changing Our World would push Parker to the next level. She said they offer professionalism, knowledge, and experience. Pam Gordon said Parker would learn a lot from them. Brian said they will offer training and support as part of their work. He said the timeline has been extended by a month. They will attend the Board retreat on January 10th and formally launch their engagement at that time and will offer a fundamentals of fundraising presentation for the Board. A draft of their plan will be presented at the March Board meeting and a final plan and training on implementation will be presented in April.

IV. Head of School Report and Preparing for January retreat

A. Head of School Report

Brian said that NEASC Conference was a good opportunity to spread the word about Parker. He said Parker's talk was titled, "Performance Based Promotion – Putting Students at the Center of All Learning."

Brian said the 8th Grade has grown and total enrollment is at 390. Brian said the budget is based on enrollment of 370 and the school is chartered at 400.

Pam Gordon said the Enrollment Committee discussed the pros and cons of a targeted mid-year lottery. She said a small mid-year lottery would be held and anyone is welcome to apply. The focus will be on those applying for 8th grade next year, former applicants, and siblings. Pam said the goal is to enroll five or six 7th graders.

Christina Soderman said maximizing enrollment in the lower grades helps to secure per pupil income. She said there is a limited window for adding students as students aren't admitted beyond a certain point.

Julie asked how staff feel about increasing the enrollment. Brian said staff has been unbelievable in response to enrollment challenges. He said staff does great proactive work to retain and recruit students. He said staff understands the direct benefit of increasing enrollment.

Board members discussed the need to address budgeting and staff for increasing numbers of students with IEP and 504s.

Brian said the Ambassadors are up and running and doing good work. He said Parker will again partner with Boys and Girls Club of Fitchburg and Leominster and run the Basketball clinic. Brian said the partnership is being leveraged for enrollment and staff hiring.

Brian said Monique is doing a great job creating material about the lottery shared the card that she created to advertise the lottery and info sessions. It includes a QR code / Learn More Link to help track interest.

Shawna asked if it is offered in other languages.

Brian shared that Parker's Niche profile is positive and encouraged Members to submit reviews.

B. Preparing for January retreat

Brian shared the agenda for Board retreat on Friday, January 10th.

2-3pm Student Portfolio Presentations

3-5pm Development Plan Kickoff

5-7pm Board Meeting

- Staffing and resources for Strategic Plan
- Midyear compensation adjustments
- FY26 Budget process

Board members decided to extend the end time from 6pm to 7pm to allow for sufficient time to address topics.

V. Finance and Facilities Committees and Model for investing reserves

A. Finance and Facilities Committees and Model for investing reserves

Martin Turnbull said the Finance Committee asked the Facilities Committee about funding needs for current facilities work.

Martin said Facilities estimates about \$1.0 million is needed.

- \$300k for sidewalk
- \$300k for courtyard
- \$400k for misc. Emergencies

Martin said a community donor has committed to providing funds for the courtyard project. The commitment is \$500k over five years.

Martin said the Committee feels that investing in the Strategic Plan to assure continued viability needs to come before facilities modifications.

Michelle McKenna said Devens approved the sidewalk plan and it will go out to bid in the first or second week of January.

Christina Soderman said the Finance Committee is committed to balancing funding the strategic plan with being fiscally responsible. She said the Committee would like to better understand the funding needs of the strategic plan to make informed decisions and assure enough reserves for unforeseen expenses.

Christina said the Finance Committee would like to know:

- Description of initiatives and timeline
- Any other competing priorities or requests
- Return on Investment - at what point will we expect initiative to be self-funding, if not a one-time expense
- What amounts are we comfortable with. What is the lowest amount we want to have on hand

Brian said the strategic plan group will meet and gather information before the Finance Committee's January 6th meeting.

Brian spoke about options for ways to revitalize NTC. He said the Strategic Plan Team will discuss these further and bring ideas to the Finance Committee as part of the information presented.

VI. Committees

A. Committee Reports

Development Committee

Katrina Tedstone said the fund is currently just under \$84K which is above this time last year which was \$75K. She said giving Tuesday was successful and the student ambassadors gave out cards at pick up

Stefanie Reinhorn said there is a goal of 100% Board participation by 12/15.

Katrina shared Development Committee goals.
