F. Principal search

Search is going well. 20 applicants in all. Starting second round of interviews. Hoping to wrap up in April.

III. Bylaws

A. Draft changes to the bylaws

Changing Head of School to Executive Director and language to allow for current or former family participation on BOT. Other minor edits. Will vote today on changes and submit to DESE and then vote in June following Commissioner feedback and approval.

IV. Strategic Planning

A. Fundraising audit with Changing Our World

Reintroduced Mary and Mary Beth. Focus on what's next. Go through findings and give recommendations and why. Objectives were to review and develop recommendations.

Sustainability of support is critical. Reviewing national giving data shows individuals are largest source of donations. Education receives about 14% of gifts. Majority of Parker gifts are from current and graduate families. Donors see value in Parker program. Challenges exist around culture of philanthropy, development resources needed, lack of board engagement, and student population is not considered disadvantaged. Continue Parker Fund and focus on what we are. Wealth study looks positive for increased fundraising. Foundations and grants are limited. Best future sources of support come from Parker Trustees and families. Recommendations include training board, build staff to support the work, and implement a development strategy for broad sustainable appeal. Next step is to create a written development plan.

Add person to utilize current system better and to support more intentional asking of current pool.

V. Finance

A. FY26 Budget

Process and timeline reviewed. Goal is sound budget that supports school's mission, long-term financial viability, and strategic objectives of board. Budget is not overly conservative and uses any surpluses to meet goals of closing gap and adding back staff. Expect not to end FY26 with surplus. Budget built on 390 students and 3.75% per pupil tuition increase. Maintain student-teacher ratio. Adding 6.75 FTE of teachers, new Principal, and new development. Reserve funds will decrease due to sidewalk project. Tuition is biggest source of revenue and state budget is significant unknown. Expenses adjusted for inflation and expected changes. Continue to adjust compensation to model

sending districts. Five year projections look good but salaries will be an area of concern if we want to continue to close the gap. If approved, contracts will go out next week.
