Preliminary information is in the 1-2% inflation range. The committee agreed to 390 students at 1.5% inflation as a starting point for FY226 revenue planning.

**B. Staff Salary adjustments midyear**

Brian and Michelle discuss the desire to offer staff bonuses out of FY25 operating surplus caused by the 20 additional unbudgeted students. Brian explained that the preferences was for bonuses rather than salary adjustments as we are off cycle with the FY26 budget and want to be conservative and not lock ourselves into salary adjustments that we can not match for FY26. The committee discussed that we could be more aggressive and offer higher bonuses. The committee also discussed the options of splitting the bonus between bonus and salary adjustments. Brian explained that the staff compensation committee back the bonus option and agree to allocate based on idea of closing the compensation gap between Parker salaries and that of the local sending districts.

C. Soderman made a motion to to use \$300,000 of operating surplus in FY25 to offer one time bonuses for staff using "close the gap " methodology.

The committee discussed the idea of potentially approving the funding from reserves on an annual basis.
