C. Planning for board retreat DEI PD

- Establishing goals – structural and individual; use the time to see and understand what is being done and what will be done in the community; understand the value of DEI in education/in a school; understand implicit bias; community will benefit from the BoTs understanding and support; this is long term work, not one and done. Our thinking at the BoT should include looking through the DEI lens. What does it look like if we run an intentionally diverse school; what does that intentionality look like; what does it look like if the BoT was leading with diversity at the front of our minds. Tie this PD work to the common principle associated with equity.
- Brainstorm agenda; need to include an education piece; sharing the why; an interactive engaging piece; anchor work to the common principle tied to equity; the idea of what does it look like if the BoT was leading with diversity/DEI lens. Want to engage/include the new school principal who starts in July
- Next steps for small working group lets get a smaller group going to create a lesson plan then bring it back to the larger group in August/September. Use the 02une meeting as a working meeting.
