2. Alternative Education application - waiting to hear if this needs to be renewed or re-apply
3. DOE has authority to increase or reduce amount of funding. The DOE intends to cut 15% of their budget at the request of the governor. However, they will not cut Hope Academy's \$10K funding this year or next year.

Board members are encouraged to contact their state senators to ask for continued support of Hope Academy and send feedback to Amy Levander. Amy will send talking points to the board so our messaging to the legislators will be consistent.

#### **F. ARS Position on Equity and Inclusion**

The board was asked to review the Association of Recovery Schools position Statement on Racism, Equity and Inclusion. This will be included in the ARS accreditation process going forward.

The board feels that we are making good strides in reaching a diverse student population based on race, gender, and ethnicity. The governance committee will continue to seek out more representation on the board to reflect the Indianapolis population as well as the recovery community.

The Hope Academy sign on the building will be put up soon. Waiting for landlord to repair the space for the sign.

#### **B. Staff/Enrollment update**

Fully staffed .with 23 students. A few more student interviews are scheduled.

Grand Opening has gone well and we will follow up to build relationships with those who have visited. A mailing to Indy treatment providers was sent to invite them to the Grand Opening and to encourage enrollment. The Southside Times is writing a cover story.

Rachelle was interviewed last weekend on the radio program Now Hear This.

We expect the GPS grant to be awarded soon.

All but one student is using Hope Academy bus transportation and there have been no transportation issues.

We will have more conversations with Enroll Indy about keeping our enrollment open throughout the year.

#### **C. CSP Grant**

Submitted with a request for \$505,000 grant for supplies to support academics and marketing, (no new programming from this request will be required). Expect to hear in mid-September about approval which will be as reimbursement. Will total \$900K over 2 years. Rachelle feels confident that we will be approved.

#### IV. Standing Business

##### A. Academic and Recovery Committee Report

Rachelle referred to data points included in meeting materials provided by Deb Leser.

Linda reviewed the 6 academic goals for last year. Not all measurements were able to be reported due to COVID. and e-learning. She noted that some students who struggled with e-learning have the best current attendance.

The committee is working on recovery goals and looking at other recovery schools to see what they measure.

##### B. Finance Committee Report

Janine Shopp, chair of the finance committee and Brian Anderson, financial consultant reviewed the process of the transition from The Recovery High School at Fairbanks to Hope Academy.

The reports in the meeting packet are as of June 30, 2020 . Next month the accountants will report on Hope 2.0 July -August.

Brian reviewed the financials as presented in the meeting materials.

Accounts payable is the amount due to Fairbanks/Community Health Network.

Projected cash position at the end of August is favorable, although need reconciled accounts to confirm this.

Enrollment will matter. Alt Ed funding will be critical. Budget is based on 34 students - we are not there yet. Count date is likely to be in December which may be helpful in the short term.

Cash transfer from Hope 1.0 to Hope 2.0 will happen in September. The amount payable to Fairbanks/Community will be settled prior to the cash transfer.

C. Kenney made a motion to approve the salaries schedule for the staff.

A. Tomlin seconded the motion.

Art teacher is Part-Time, rather than Full time as in the past, increased Social Studies teacher's salary to include responsibilities for IT support.

Employees pay for part of the health insurance premium which will be reviewed in the next budget discussion.

The board **VOTED** to approve the motion.

Our approach for sponsorship will be a Booster Club approach - materials are being developed and will be distributed soon. The board's help in securing new boosters and renewing previous sponsors will be needed.
