Dr. Johnson shared the target enrollment for Legacy Prep which is the max number based on our charter. That max number is 590 and at present enrollment is 422.

In order to have a separate cost center for 2 school sites, enrollment must reach 250 at each site.

Needs/Goals for next year in order to support these numbers:

- 25 class units to 27 class units and increasing the number of students per class especially in small classes
- A separate special education classroom is needed for next year
- 3 additional classroom modulars will need to be added behind the school
- Proposed campus map shared with 7 portable classrooms
- The lease for additional modular classrooms will be \$695/month and other initial set up costs totaling \$51,230

The Board asked Dr. Johnson to ask for the price of a lease extension of more than 12 months for the modular classrooms.
