C. Contract Approval

Clint Riley presented the documents related to the Request For Proposal regarding the document management and the copier/printer management contracts. Discussion followed. Clint noted that the new document management costs would be covered by the savings in the print management area; the project will pay for itself in 5 years and is allocated across all three budgets (TeSA, FWAFA and TCAA). ImageTek and DataMax submitted bids. The President & CEO recommended that the contract be awarded to ImageTek.

IV. DEVELOPMENT

A. Gala Report

Pam informed the Board that 44 Gala tables have been sold, there are only 2 left open. An email will be sent to all staff, families and prospects this week announcing the availability of 20 seats for purchase at those tables; Pam feels certain they will be sold. There is already a total of \$88,060 funds raised before the Gala has begun, so there is much anticipation of more monies to be donated during the activities at the Gala event. Pam asked that the Board members be proactive in introducing their friends and prospects to Clint Riley and herself, and to send her email notes of their observations and/or connections, reminding the Board that the goal is for the Development staff to help with relationship management and build a donor base.
