VI. Academics

A. STAAR and EOC Results 2020-2021

- We don't have the State STAAR averages yet
- We're still giving the final EOC test for 2021 this week to a few students
- House Bill 3906 said by 2022-2023 we must have all testing online, by the end of this school year we are just about 1 to 1 student to computer ratio
 - 2021 testing did not count for our accountability rating so this was the time to practice online testing
 - all assessments we are testing for in FY2023 are going to be brand new
- We know there is going to be a learning loss but we'll be able to tell more once the State scores/averages come out
- TeSA - Betsy Compton

- put in terms of 2019 accountability system since State percentages haven't been released yet
- drilled down to the individual student level and looked at how many students in each grade did not even make 'approaches' which means they are pretty far behind and are going to need assistance
- most of those students were students who were at-home learners
- very few of the students who did not approach were the general education students; most are already identified as students who need support like a 504 plan, English as a Second Language, etc.
- bringing in Multi Tier Systems of Support (MTSS) to give us a better system to help all students
- 2019 to now we have dropped across the board but we are working in a more collaborative way to help each other and the students
- FWAFA - Jennifer Jackson
 - mirror TeSA's scores as far as at-home learners
 - maintained As in reading but struggled in math
 - putting our eyes on the whole math department in vertical alignment going up to 6th and 7th grade
 - slipped a tiny bit mostly just in math

B. Elementary and Secondary School Emergency Relief (ESSER) III

- Early in the year last year, campuses that received Title I funds received ESSER I funds
 - FWAFA received funds
 - TeSA did not but that was corrected
- ESSER II and ESSER III money
 - ESSER III was released before ESSER II money
 - FWAFA will receive around \$76,378 and TeSA will receive \$71,215 from ESSER III alone; funds run through 2024
- Texas Legislature released ESSER II money
 - each campus should receive a little more than \$30,000
- Over the next 2 to 3 years both campuses will receive over \$100,000 for learning loss
 - we need to overcome the impact of COVID 19
 - our purpose is to respond to the pandemic, address student learning loss, and supplemental needs
- Local Education Agency (LEA) - each campus/districts is an LEA
 - we'll have to put together something similar to a campus/district plan with TEA requirements
- Have to hold a Public Meeting to talk about the Funds and what they will be used for
- State has Four (4) Required Domains
 - Health and Safety as related to COVID 19

- Expense plan for the Funds
- Have to set aside 20% of the Funds
- Implement Interventions for Academic Success
- Provide a Safe Return to Instruction
- Two-thirds of ESSER III money is available now
 - Allowable Expenses are spelled out regarding Special Populations, COVID Prevention, Training and Professional Development, etc.

- Academic Committee will be put together to talk about the funds and create a plan
 - monitor plan annually - adjust as needed
