**C. Action Item**

Charles Reid made a motion to to adopt TBC and SGT handbook revisions as submitted by school administration, including removing Leslie Wade's name and adding Cheryl Bean's name without the addition of the Executive Committee's recommended changes. Cheryl Bean seconded the motion.

- Mr. Reid made a motion to adopt TBC and SGT handbook revisions as submitted by school administration without the addition of the Executive Committee's recommended changes
- Mrs. Scott asked Mr. Reid to edit his motion to include removing Leslie Wade's name and adding Cheryl Bean's name
- Mr. Reid ammended his motion to adopt TBC and SGT handbook revisions as submitted by school administration, including removing Leslie Wade's name and adding Cheryl Bean's name without the addition of the Executive Committee's recommended changes
- Mrs. Bean seconded the motion then further discussion took place
- Mr. Reid asked Mr. Gravley's opinion and he stated that he believes in the artistic directors' abilities to determine what students should be placed in their choirs
- Mr. Bates spoke

- this would be a fundamental change to the organization where we need more consideration and input from the whole FWAFA family
- the problem with Mr. Reid's motion is one of language in the existing handbooks because
  - TBC's handbook uses the word boy in the requirements for the tour and training choirs and also has a Men's Ensemble choir listed - without clarification there are potential issues
  - SGT's handbook refers to singers instead of girls
  - Language needs to be clarified as everyone may not agree on what a boy and a girl are; this is not something we've faced before as an organization and that's why with all due respect I believe we should not adopt Mr. Reid's motion until we get further input from the Board, parents, and educators to make this type of change
- Mrs. Bean proposed accepting the administrative piece and keeping the status quo of the traditional definition of a boy and a girl until further information can be gathered

The board **VOTED** unanimously to approve the motion.

Cheryl Bean made a motion to keep the make up of the respective choirs the same with the understanding that the Texas Boys Choir will be reserved for biological males and the Singing Girls of Texas will be reserved for biological females and that the work of the board to survey and commission more information will be done by the June 27, 2023 board meeting.

Daniel Bates seconded the motion.

- Mrs. Bean made a motion to move forward with the Executive Committees changes as written for this coming year but during the course of this coming year the board needs to pursue and get a broader perspective on how people feel
- Mr. Bates clarified the motion - accept for the 2023-2024 handbooks the revisions proposed by the Executive Committee of the board but also commission additional information and input from the FWAFA community to see if those revisions will be permanent
- Mr. Reid stated that this motion guts the previous motion
- Mr. Bates pointed out that under the current language there is a disagreement of what a boy is and what a girl is and without clear language we are doing a disservice to the organization and raise potential chaos by knowing we have different viewpoints on what that means
- Mrs. Scott stated that she would rather say the board would commit to a study before the school year begins and come to a conclusion on these issues by a specific date versus adopting language that we are already saying we may be changing
- Mrs. Scott - I would ask that Mrs. Bean change this so we can table the language changes until a study can be done with existing parents at the schools that are impacted by July 1st if that's a fair date

- Mrs. Bean asked Mr. Gravley if delaying the decision until after the school year would delay important planning for the choirs
- Mrs. Goodroe stated this change is more than just accommodating these two students; it's such an important decision that the time needs to be taken before anything fundamentally changes to this organization
- Mr. Bates stated that if the board doesn't adopt the language changes to clarify for now it opens the organization to varying interpretations that do not bring order and stability
- Mr. Reid stated that this is a change from the inclusive nature of the school

The board **VOTED** to approve the motion.
