## II. Discussion Item

A. Financial Update- February 2017 Financials

The February 2017 Financials were presented by K. Dietz from EdTec. During this item the board members discussed MSA-2's facility grant, MSA-5's food contract with LA Cafe, and overall budgeted food expense, amongst other topics. All questions asked by the board regarding this item were addressed by the $N$. Montijo, MPS Chief Financial Officer and K. Dietz, from EdTec. No actions were taken.
B. FCMAT Replacement and Financial Management Update
N. Montijo, Chief Financial Officer gave the board a brief update about the FCMAT replacement search. Two providers, School Services of California and VTD, were presented as possible vendors to continue the FCMAT audit. School Services of California provides the same services as FCMAT, but the fee would be more than what FCMAT charged and cannot offer the same rate we received with FCMAT. VTD, our current internal auditors, can also provide the same services as FCMAT. Since VTD is our auditor, we confirmed with their Independent Department that there is not conflict of interest if they continue the audit that FCMAT had started. $N$. Montijo is still in conversation with LAUSD about the OIG and the oversight of one of these two audit providers. No actions were taken.

## III. Closing Items

## A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 7:06 PM.

Respectfully Submitted, N. Russell-Unterburger

Consolidated Net Income before one-time compensation adjustments* is forecasted for the year at $\mathbf{\$ 1 , 6 4 2 , 5 2 5}$. Net income, adjusted for one-time compensation expense correction is $\mathbf{\$ 5 4 0 , 9 2 2}$. This is a $\$ 357,647$ decrease from the board approved budget and a $\$ 151,509$ increase from the previous forecast
*During this current year, Magnolia is recognizing an additional month of payroll and related benefits due to an accounting change based on the reporting method recommended by the auditors. This results in additional one-time expenses being recognized in the current year.

The main drivers of the changes from previous forecast are:

- Special Education Mental Health Reimbursement for MSA-SA and MSA-SD will be reimbursed $90 \%$. Revenue increase of $\$ 76 \mathrm{~K}$.
- Compensation \& Benefits updated for placeholder positions, terminated employees, and updated health benefit rates.

Business and Development Specialists
for Charter Schools

- Budget drafts for 17-18
- California State Facility Incentive Grant applications for MSA-2 and MSA-3
- Cash management reporting for Title funds (all sites)
- Uncategorized revenue was $\$ 4,157.92$ and uncategorized expense was $\$ 160$. Items will be cleared in April as backup was received late.

## OPPORTUNITIES AND RISKS

Prop 39 Clean Energy Grant (possible at risk -\$482,654)

All MPS sites received Prop 39 planning funds for clean energy projects. The deadline to apply for the last round of funding is August 2017. If MPS does not use these funds, then they will have to be returned and have a negative impact on the budgets. Facilities team is developing plans for the use of these funds. The adoption of the contracts for this planning is/was on the May $8^{\text {th }}$ board agenda.

## MSA-1 Charter School Facility Incentive Grant (CSFIG) (possible at risk -\$1,500,000)

MSA-1 received the 3-year grant and will receive \$500,000 each year starting in 16-17. MSA-1 needs to expend $\$ 500,000$ by June 30,2017 on construction to receive the full award. If not, then the revenue will be lower and have a negative impact on the operating income. Finance and facilities have worked to identify eligible expenses that can be reimbursed. As of May $1^{\text {st }}$, MSA-1 has processed $\$ 75,222.30$ in eligible reimbursable expenses under this grant.

## Expense Risks - MERF Approved Budget (financial impact unknown)

The current MERF budget does not include expansion of the internal control review contract (formerly planned with FCMAT) yet, as amount and timing of expense are not yet known. The CFO has emailed LAUSD for approval to select the firm to complete the 6-month review, contract to be brought to the Board as soon as confirmation from LAUSD is received. Legal expenses are currently tracking higher than originally expected due to OIG related concerns, and there is risk of exceeding budget in this line item.

## Payroll/Paycom:

## Hourly Employees \& Benefits (financial impact unknown)

Hourly employees at school sites were found to be exceeding the 20-hour limit, which will make them eligible for PERS. Others were exceeding the 29 -hour limit, which will make them eligible for PERS and health benefits. HR is reconciling which employees will need to receive benefits
and EdTec will analyze the fiscal impact on FY16-17 once received. Per the CFO, controls are now in place to ensure proper tracking of such employees and addition of benefits when eligible.

## Paycom Voids and Corrections (\$0)

Employees enrolled in STRS had social security tax incorrectly deducted from paychecks. Paycom voided these entries and corrected payment to employee, but no manual check was entered to offset the void. Consequently, while employees were paid the correct amount, their earnings are understated in Paycom (and consequently, their 2016 W2s). HR and Paycom working to reconcile and adjust earnings of the four employees affected.

## STRS/PERS Corrections (financial impact unknown)

MPS management believes there may be prior year STRS and PERS eligibility inaccuracies which, when corrected, would result in additional expense for the organization. Further analysis is needed to determine the order of magnitude of this potential liability. Limited staffing resources at MERF have delayed this research. Any known errors related to current year eligibility or rate variances have been corrected. MERF COO is working to secure a consultant to perform the necessary analysis and determine what corrections are needed. Amounts have been included in the FY17-18 budgets for each site for the estimated cost of this consulting.

Emergency check requests have decreased 78\％since February．ECRs were less than 20 （8 total）， so no additional charge was incurred．

The ending cash balance at $03 / 31$ was $\$ 8,257,545$, where $\$ 170,070$ was restricted Prop 1D money for MSA-Santa Ana. Projected ending cash balance at 6/30 is $\$ 5,177,589$.

## Cash Flow Notes

- Assumes a bridge loan to finance construction through June.
- MERF has received CMO fees through June (excluding MSA-3 and MSA-SA) to maintain a positive cash balance.
- MERF will need an intercompany loan (which was approved by the board in February) to pay off the state aid overpayment for MSA-SC.

## SUMMARY OF RESULTS

Forecasting a net income of $\mathbf{\$ 1 0 9 , 5 8 9}$ before one-time adjustments and an operating income of $\$ 9,655$ including adjustments; this is an increase of $\$ 49,564$ from the previous forecast.

## VARIANCE ANALYSIS

## Federal Revenue (-\$35,000)

There was a reduction in communications expense, based on actuals. Corresponding E-rate reduction as E-rate is a reimbursement of communications costs ( $20 \%$ for phone and $80 \%$ for Internet)

## Other State Revenue \$53,460

Special Education Mental Health Reimbursement (ERMHS) will be reimbursed at 90\% (up from $80 \%$ ). MSA-SA will receive $\$ 53,460$ for mental health related expenditures.

## Donations/Fundraising \$6,041

Donations and fundraising has exceeded the budget and increased to match actuals.

## Compensation and Benefits (-\$27,214)

Increased based on updated rates on Kaiser invoices for two employees that were forecasted as single rather than family plan. Two employees were forecasted to not receive and health and welfare benefits, but they are and rates were updated based on Kaiser invoice.

## Services and Operating \$52,777

Accounting fees increased $\$ 5 \mathrm{~K}$ based on current expenditures. VTD contract is allocated based on ADA amongst sites. Fines and penalties increased $\$ 868$ as 403B payments were late and penalty was issued for lost interest. Receivable sale fees reduced 35K (assuming Magnolia pursues bridge financing). The capital plan draw schedule was updated, and less cash is needed for capital projects through June. Prior year expenditures (not accrued) increased \$2K for SUI late payments. Communications decreased $\$ 26 \mathrm{~K}$ based on actual expenditures (corresponding reduction in e-rate reimbursement).

## Summary of Results

Forecasting a net income of $\$ 272,032$, a decrease of $\$ 13,755$ from the previous forecast

## Variance Analysis

## Compensation and Benefits \$1,122

Final pay was adjusted to match actuals for two employees that no longer work with MERF.

## Services and Operating (-\$14,877)

Prior year expenses (not accrued) increased due to 15-16 Accord invoices for MSA-SC. Services and operating has the potential to go over budget in communications and legal fees as expenditures are reaching the budget amount.

ADA drives revenue and decreases in enrollment or attendance can negatively affect the forecast. Below is a summary of sites and how their current ADA compares to the forecast. Since ADA is variable, with decreases usually seen during the second half of the year, the forecast is only updated with material changes.

## Summary

There will likely be a revenue increase for some sites, and a revenue decrease for others. On a consolidated basis, there will be an overall decrease in revenue.

| RE: | Investment Policy |

Proposed Board Recommendation
It is recommended that the MPS finance committee review and recommend approval of the proposed Investment Policy (Policy) for Magnolia Public School and recommend approval of the creation of the Oversight Committee upon approval of policy.

## Background

This policy establishes investment objectives, guidelines and processes related to all assets held by MPS, primarily for investment purposes. In doing so, the Policy:

- Clarifies the delegation of duties and responsibilities concerning the management of the investments.
- Communicates the objectives to the governing board, staff, investment managers, brokers, donors and funding sources that may have involvement.
- Confirms policies and procedures relative to the expenditure of investment funds
- Serves as a review document to guide the ongoing oversight of the management of MPS investments.
- MPS' investment process and policy is subject to annual review and evaluation at a public forum. The overall investment program shall be designed and managed with a degree of professionalism worthy of the public's trust.

## Budget Implications

No implications are included in the proposed budget; however, as the policy is implemented, we expect that Magnolia's cash in the bank will begin earning interest consistent with a conservative investment strategy that prioritizes safety, liquidity and yield, in addition to compliance with all rules and regulations for non-profit investments.

## How Does This Action Relate/Affect/Benefit All MSAs?

Currently, Magnolia maintains large cash reserves on an ongoing basis. This policy will allow Magnolia to earn interest on those reserves, increasing the resources available for all of Magnolia.

## Title: IVT101 INVESTMENTS

Policy: This policy establishes procedures to govern the investment of funds held by Magnolia Public Schools (MPS). This policy is based upon federal, state and local laws and regulations, and prudent money practices. To the extent that this policy conflicts with state or federal law, the applicable law shall prevail.

Purpose: MPS' primary investment objective shall be to maintain the safety and liquidity of its funds. Safety of principal is the foremost objective of MPS. The primary objectives of MPS investment activities shall be, in order of priority:

1. Safety. The safety of principal is the foremost objective of the Charter's investment program. The Charter's investments shall be undertaken in a manner that shall preserve the Charter's capital.
2. Liquidity. The Charter's secondary objective shall be to meet its liquidity needs. The investment portfolio shall maintain sufficient liquidity to enable the Charter to meet necessary cash flow and operating requirements which might be reasonably anticipated.
3. Yield. The investment portfolio shall be designed with the objective of attaining a market rate of return over the course of budgetary and economic cycles, taking into account the investment risk, constraints and the cash flow characteristics of the portfolio.
4. Maintaining the Public's Trust. The investment officers shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence.

Scope: $\quad$ It is recommended that MPS complies with California Education Code Section 41015, "any school Charter or county office of education may invest all or part of funds deposited in a Special Reserve Fund, or any surplus monies not required for the immediate necessities of the Charter in any of the investments specified in California Government Code Sections 16430 or 53601 . Special Reserve Funds are defined as those funds, which the Board of Education has designated for capital outlay, or other purposes, where an accumulation over a period of fiscal years is desired".

The Charter shall make investments in the context of the "Prudent Investor Rule" (Civil Code Section 2261, et seq.), which in substance states that:
"Investment shall be made with the judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence, exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived."

This Policy covers all funds and investment activities under the direct authority of MPS. The proceeds obtained from the issuance of bonds shall be invested in accordance with the applicable bond documents. If the bond documents are silent as to the investment of the proceeds, the bond proceeds will be invested in the securities permitted by this Policy.

## COMPLIANCE WITHSTATE AND FEDERALSECURITIESLAWS

MPS will take reasonable steps to ensure that any debt offering issued by the charter complies fully with all applicable state and federal securities laws. In connection with all debt offerings issued by MPS, the Charter will retain bond counsel and disclosure counsel to review the offering materials prepared in connection with the debt offering to ensure that disclosures contained in offering materials comply with federal and state securities laws. The Charter has implemented procedures to ensure the Charter maintains compliance with continuing disclosure requirements. The Chief Executive Officer shall be responsible for reviewing the offering materials regarding the accuracy of information disclosed in such materials.

## CHANGES TOINVESTMENT POLICY

This Policy will be reviewed at least annually to ensure its consistency with the objectives of income, growth and safety, and changes in applicable laws and financial trends. Any proposed amendments to the Investment Policy will require approval by the MPS Board of Directors. This Policy shall be reviewed on an annual basis, and modifications must be approved by the Board of Directors at a public meeting.

## COMPLIANCE WITH INVESTMENT POLICY

All outside investment advisors/managers, attorneys and other financial professionals employed or retained by the Charter and/or its representatives, including without limitation financial advisors, underwriters, bond counsel, and disclosure counsel, must review this policy and confirm that they have reviewed this Investment Policy and will fully comply with these policies.

## Responsibilities:

## DELEGATION OF AUTHORITY

Authority of MPS's Board of Directors to delegate the management of the Charter's investment program is derived from California Government Code Sections 53600, et seq which states: "The authority of the legislative body to invest or to reinvest funds of a local agency, or to sell or exchange securities so purchased, may be delegated for a one-year period by the legislative body to the treasurer of the local agency, who shall thereafter assume full responsibility for those transactions until the delegation of authority is revoked or expires, and shall make a monthly report of those transactions to the legislative body. Subject to review, the legislative body may renew the delegation of authority pursuant to this section each year."

Management responsibility for the investment program is hereby delegated by the Board of Directors to the CEO and the oversight committee, for a period of one-year, who shall thereafter assume full responsibility for those transactions until the delegation of authority is revoked. Subject to review, the Board of Directors may renew the delegation of authority each year. The CEO may delegate the day-to-day operations of investing to his/her designee(s) but not the responsibility for the overall investment program. The CEO and/or his/her designee(s) shall make all investment decisions and transactions in strict accordance with state law and with this Policy.

If authorized by the Board of Directors, the CEO and oversight committee may utilize an external investment advisor to assist with investment decision-making and trade execution authority. The investment advisor shall be under the supervision of the CEO and/or his/her designee(s) and shall follow this Policy and such other written instructions as are provided.

The CEO, his/her designee(s) and/or oversight committee, acting in accordance with written procedures and policies and exercising due diligence, shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

The Board of Directors shall ensure that its fiduciary responsibilities concerning the proper management of MPS' funds are fulfilled through appropriate investment structure, internal and external management, consistent with all policies and procedures. Based on the advice and recommendations of the CEO and oversight committee.

The CEO and oversight committee are not held liable for less than desirable outcomes, rather for adherence to procedure and processes. The CEO and Oversight Committee is responsible for the development, recommendations, implementation and maintenance of all policies.

## Procedure:

## INTERNAL CONTROLS

The CEO and oversight committee shall establish a system of written internal controls to regulate the Charter's investment activities, including the activities of any subordinate officials acting on behalf of the Charter. Procedures should include references to individuals authorized to execute transactions or transfers, safeguard agreements, (including repurchase agreements, wire transfer agreements, collateral/depository agreements), and banking services contracts, as appropriate. As part of the annual audit, the Charter's external auditor will perform a review of investment transactions to verify compliance with policies and procedures. Management will sign off on internal control procedures as appropriate.

## AUTHORTIZED FINANCIAL INSTITUTIONS AND DEALERS

It shall be MPS' policy to purchase securities only from authorized institutions and firms. The CEO and Oversight Committee shall maintain a list of authorized broker/dealers and financial institutions that are approved for investment purposes. The Charter shall use at least one authorized broker/dealer to advise the Charter on investments.

No deposit of public funds shall be made except in a qualified public depository as established by state laws. If an external investment advisor is authorized to conduct investment transactions on behalf of MPS, the investment advisor may use its own list of approved broker/dealers and financial institutions for investment purposes consistent with MPS' policies and existing laws.

For broker/dealers of government securities and other investments, the Charter shall select only broker/dealers who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and/or other applicable self-regulatory organizations.

Before engaging in investment transactions with a broker/dealer, the CEO and Oversight Committee shall have received from said firm a signed Certification Form. This form shall attest that the individual responsible for the Charter's account has reviewed the Charter's Investment Policy and that the firm understands the policy and intends to present investment recommendations and transactions to the Charter that are appropriate under the terms and conditions of this Investment Policy.

## AUTHORIZED AND SUITABLE INVESTMENTS

In making any decision relative to the investment of funds, each of the following factors must be considered, and properly documented:

1. General economic conditions,
2. Expected tax consequences, if any, of investment decisions or strategies,
3. Expected total return from the income and appreciation of investments,
4. Other resources of the organization,
5. The needs of the organization and the fund to make distributions and preserve capital.

"Moneys placed with the Treasurer for deposit in the LAIF....shall not be subject to either of the following: (a) transfer of loan pursuant to Sections 16310,16312 , or 16313, or (b) impoundment or seizure by any state official or state agency (CGC 16429.3)." Also, "The right of a city, county ...special Charter ...to withdraw its deposited moneys from the LAIF, upon demand, may not be altered, impaired, denied in any way, by state official or state agency based upon the state's failure to adopt a State Budget by July 1 of each new fiscal year" (CGC 16429.4).

## SAFEKEEPING AND CUSTODY

The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) LAIF and government investment pools and, (ii) money market funds, since the purchased investments are not deliverable. Evidence of each these investments will be held by the Charter.

## MAXIMUM MATURITIES

The CEO and Oversight Committee shall maintain a system to monitor and forecast revenues and expenditures so that funds can be invested to the fullest extent possible. Maturities of investments will be selected to provide necessary liquidity, manage interest rate risk, and optimize earnings. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds.

The maximum maturity of individual investments shall not exceed the limits set forth in the Authorized and Suitable Investments section. If the section does not specify a maturity limit, no investment shall have a remaining maturity in excess of five years from the date of purchase unless the Charter has granted its express authority to make that investment either specifically or as a part of an investment program no less than three months prior to the investment.

## MEMORANDUM

TO: Caprice Young, CEO, Magnolia Public Schools
FROM: EdTec
SUBJECT: 17-18 Budget Presentation
DATE: 05/11/17

Business and Development Specialists
for Charter Schools

## BACKGROUND

The Magnolia Public Schools (MPS) FY17-18 budgets have been developed by EdTec in deep collaboration with staff at MERF and the school sites over the past three months with updates to assumptions as new information has become available. This narrative will help explain the budget climate we are currently operating within, the process we went through, and the key assumptions used in developing the site and MERF budgets. Included after this narrative is master list of budget assumptions, a consolidated budget, a budget summary for each site, and a detailed budget by line item for each site.

## The Process

- 2/1/17 - EdTec distributed budget assumptions templates to all principals and MERF department leads to review and complete
- 3/1/17 - School principals completed budget assumptions templates, correspondence with MPS staff to update and understand all assumptions, began compiling first drafts of budgets
- 3/14/17 and 3/16/17 - Edtec, MERF C-team and principals conducted in-person budget meetings with each site - first drafts distributed for review
- 3/16/17-5/9/17 - Edtec, MERF and principals continued discussions and deep dive into budget drafts, update assumptions

Throughout the budget process, the C-team members and principals were asked to review and provide latest info on major assumptions, including enrollment, staffing, major contracted expenses, facilities, etc.

We believe the budgets presented here include the most up-to-date information available at the time of publication.

## The State Budget Climate

In recent years, charter schools have experienced an uptick in revenues, thanks to implementation of the Local Control Funding Formula (LCFF) funding model for State Aid and 3 years of one-time revenues. However, this current year has shown slowed State revenues and growing concern that we are heading into another recession. As a result, the Governor estimated in his January budget proposal that we would only see a $1.48 \%$ increase in LCFF funding for FY17-18, with no closing of the gap toward the implementation target. Here is an estimate of what that will look like, anticipating an average increase of less than $\$ 130$ per ADA:

## Local Control Funding Formula (LCFF)

| Grade Level | $2016-17$ <br> Base Grant | $2017-18$ COLA <br> 1.48 Percent | $2017-18$ Base Grant <br> per ADA |
| :---: | :---: | :---: | :---: |
| K-3 | $\$ 7,083$ | $\$ 105$ | $\$ 7,188$ |
| 46 | $\$ 7,189$ | $\$ 106$ | $\$ 7,295$ |
| $7-8$ | $\$ 7,403$ | $\$ 110$ | $\$ 7,513$ |
| $9-12$ | $\$ 8,578$ | $\$ 127$ | $\$ 8,705$ |

MPS sites are estimated to experience averages increases in LCFF of \$156/ADA, which translates to an increase of LCFF revenue of $\mathbf{\$ 6 6 5 , 9 2 2}$, before considering ADA adjustments.

Also, one-time revenues are expected to decrease from \$214/ADA to \$48/ADA next year. This translates to a reduction of $\mathbf{\$ 8 4 7 , 0 7 1}$ in revenue for FY17-18.

Another real issue is that of growing expenses, particularly in the area of retirement contributions. Employer STRS and PERS contribution rates are growing by almost 2\% next year and this trend will continue for several years (see tables below).

## Retirement - CalSTRS Rates

|  | $\mathbf{2 0 1 5}-\mathbf{1 6}$ | $\mathbf{2 0 1 6}-\mathbf{1 7}$ | $\mathbf{2 0 1 7}-\mathbf{1 8}$ | $\mathbf{2 0 1 8}-\mathbf{1 9}$ | $\mathbf{2 0 1 9 - 2 0}$ | $\mathbf{2 0 2 0 - 2 1}$ |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Employer | $10.73 \%$ | $12.58 \%$ | $14.43 \%$ | $16.28 \%$ | $18.13 \%$ | $19.10 \%$ |

## Retirement - CalPERS Rates

|  | $\mathbf{2 0 1 5}-16$ | $\mathbf{2 0 1 6 - 1 7}$ | $\mathbf{2 0 1 7 - 1 8}$ | $\mathbf{2 0 1 8}-19$ | $\mathbf{2 0 1 9 - 2 0}$ | $\mathbf{2 0 2 0 - 2 1}$ |
| :--- | :---: | :---: | :---: | ---: | ---: | ---: |
| Employer | $11.847 \%$ | $13.888 \%$ | $15.531 \%$ | $18.70 \%$ | $21.60 \%$ | $24.90 \%$ |

*Note approved employer PERS rate for FY17-18 was confirmed on 5/1/17 to be 15.531\%

Before considering salary and FTE increases, the estimated increase in expense caused purely by these increases is approximately $\mathbf{\$ 2 4 5 , 0 0 0}$

## Building Reserves

Organizations should have strong internal controls that provide for sufficient reserves to weather economic downturns and long-term goals. The balance in a school's fund is referred to as a reserve. Schools use their reserves to (1) manage cash flow, (2) mitigate volatility in funding, (3) address unexpected costs, (4) save for large purchases, and (5) obtain higher credit ratings. For charter schools, the recommended reserve that we often hear is at $3-5 \%$ of Expenditures.

An important distinction to make: when we talk about a reserve as a \% of expenditures, we are talking about the cumulative reserve to be maintained for the school, not the annual reserve increase. Schools will sometimes experience years where net income is below 0 or less than 5\%

of expenditures, particularly due to items (2) and (3) noted above. It is important to keep in mind that authorizers and the State also look at whether reserves have grown too high to the point where resources are not adequately being used to support students. If a school's net income totaled 5\% of expenses every year, their reserve would be $50 \%$ within 10 years, which could be considered problematic.

Big Question - is this going to be a year where Magnolia continues to build reserves or where you utilize reserves to weather the revenue downturn?

Per the Legislative Analyst’s Office (LAO), while there is no "required" reserve amount, the State Guidelines for Minimum General Fund reserves are:

State Guidelines for Minimum General Fund Reserves
Per Legislative Analyst Office Analysis of School District Reserves, January 2015

| District Enrollment | Minimum Unassigned <br> Reserves* |
| :--- | :---: |
| $0-300$ | $5 \%$ |
| $301-1000$ | $4 \%$ |
| $1,001-30,000$ | $3 \%$ |

*As a percent of annual expenditures

## What we recommend for MPS

As of the latest FY16-17 forecast, all MPS schools have a maintained cumulative reserve exceeding $14 \%$, with the lowest being MSA-3 and highest being MSA-6 (62\%). Note that this is referring to Fund Balance Reserves, not necessarily Cash Reserves. Revenue timing and assets related to long-term transactions, such as facilities, are often the reason for differences between fund balance and cash reserves.

This next year is going to extra challenging with the limited revenue increases and growing contracted expenses, and seeking to maintain an increase in reserves of $5 \%$ could be detrimental to serving the needs of the academic programs. With deep thought going into these budgets to ensure that resources are going toward program costs to serve the highest student needs at each site, we recommend that the board accept a net income for each school with a goal of $1 \%$ of reserves in most cases, while tapping in to the reserves of certain schools with sufficient carryover and one-time needs.

## The Bottom Line

Budgeted net incomes across the sites per the latest draft are as follows, with reserve increase (as \% of expenses) and budgeted ending Fund Balance noted below:

|  | 2017/18 | $2017 / 18$ | 2017/18 | 2017/18 | 2017/18 | 2017/18 | 2017/18 | 2017/18 | 2017/18 | $2017 / 18$ |

## MERF Budget

Per the Board's prior direction, the MERF budget has been set not to exceed the FY16-17 original board approved amount for expenses, $\$ 6,088,429$. Total budgeted expenses FY17-18 is $\$ 5,731,118$. Expenses have been cut $\$ 561,352$ from the FY16-17 forecast and an additional $\$ 357,311$ from the original board approved budget. The C-Team has worked to review the MERF budget and assess needs for the upcoming year. Following is a list of one-time projects that are likely to impact the MERF budget and with amounts unknown at this time:

- Legal review by Melendez (est. <\$200k)
- 6-month fiscal review (firm TBD) - est. \$50k
- Prior STRS/PERS error corrections (site budgets include \$5k estimate each for consultant to analyze the variances, amount of corrections needed is unknown at this time)

Areas of expected decrease in MERF budget compared to FY16-17:

- Reduced headcount by 6 positions
- Reduced $\$ 200 \mathrm{~K}$ in communications

## Staffing \& Health Benefits

The number of staff and annual anticipated salary amounts have been vetted by the principals, regional directors and HR department.

While health benefit amounts are not yet confirmed for next year, we have maintained a conservative approach in estimating these costs. For continuing staff, we are using the current rate per employee, increased by an estimated $10.25 \%$. For new hires and TBDs, we are budgeting them at the highest family rate. See individual site budgets for details of staff FTE and amounts budgeted.

## Program expenses

All program and operating expenses were reviewed against latest current year-to-date actuals, and were adjusted per detailed discussions with principals and regional directors, and specific direction from the following MERF team members:

- Facilities, including annual rent expense, repairs and improvements - Frank Gonzalez (Chief Facilities Officer)
- Academic program expenses, including curriculum, software, etc. - Kenya Jackson (Chief Academic Officer)
- Salaries and benefits - Nanie Montijo (Chief Financial Officer), Suat Acar (Chief Operating Officer)
- Data, compliance related expenses - David Yilmaz (Chief Accountability Officer)
- Enrollment - Alfredo Rubalcava (Chief External Officer)
- IT and technology costs, equipment leases - Rasul Monoshov (Director of Information Technology)

## CMO Fee

The CMO fees included in the school budgets are based on the Board-Approved tiered CMO fee structure that was adopted by the MPS Board in 2014-15. This is NOT a flat \% of revenue model. The amount being allocated is based on the following formula:

Total max MERF Expenses: $\$ 6,088,429$
Add 5\% reserve
\$304,422

Total CMO Fee
\$6,392,850

The total fee is allocated based on the following tiered structure:

| Average Daily <br> Attendance (in students) | Factor |
| :--- | :--- |
| 100 students or less | 0.03 |
| 101 to 150 students | 0.07 |

## Unknowns that could impact these budgets:

- May Revise and final State approved budget (6/30/17)
- MSA-1, SA and SD capital project costs and timing
- MSA-2 - If the site can get permission to add bungalows, then it will be brought to the board for approval. Site would use reserves to pay for the bungalows.
- Revenues - The State budget could be approved with revenue rates different from what we currently anticipate
- Staffing - Current employees may leave and be replaced at a higher or lower salary rate.
- Benefits - Health benefits costs could come in higher or lower from what is estimated, and existing staff could change benefit status (i.e. from single to family, etc.)
- Enrollment - actual enrollment will not be confirmed until September/October (Norm Day)

## SUMMARY OF BUDGET

Budgeting a net income of $\mathbf{\$ 1 7 7 , 8 9 9}$, a decrease of $\$ 37,711$ from the $16-17$ forecast before onetime adjustments and increase of $\$ 10,081$ including adjustments.

## Staff

One certificated teacher is moving to a certificated admin position, so there is a shift in codes from 1100 to 1300 . MSA- 6 will have a Special Education Coordinator that will be shared with MSA-3, 6, 8, and SA. They are removing the shared IT position as well as a teacher's aide for FY 17-18.

## Books \& Supplies

Approved textbooks and supplies decreased $\$ 25 \mathrm{~K}$ as school will not need to purchase new textbooks until 2018 and will be using online curriculums. Removed \$20k from Computers since they do not anticipate on buying any additional Chromebooks, but may need to repair some. Food expense increased, along with a corresponding increase in revenue.

## Services \& Other Operating Expenses

Repairs and Maintenance increased \$15k due improvements on the campus. MSA-6 plans on adding a heating/AC system as well as lockers for the students. Technology Services decreased by $\$ 28 \mathrm{k} 10 \mathrm{~K}$ because in 16-17 a firewall was purchased, but that will not occur in 17-18. Communications expense reduced $\$ 21 \mathrm{~K}$, along with a corresponding reduction in E-rate reimbursement based on monthly expenditures on phone and internet.

## POTENTIAL RISKS

MSA-6 has experienced challenges in increasing enrollment, and this is a possibility that the enrollment targets in this budget will not be met. The budget is based on expenses needed to operate the campus with this number of students, and additional cuts would be needed if enrollment comes in lower.

## Fundraising \& Grants

Decreased $\$ 14 \mathrm{~K}$ based on school projections for next year.

## Books \& Supplies

Approved textbooks and supplies decreased $\$ 68 \mathrm{~K}$ as school will only add new group textbooks and purchase consumables. Computer expense decreased $\$ 11.5 \mathrm{~K}$ as the school will purchase

Chromebooks in bulk and it will be a capital expense. Food expense decreased, along with a corresponding reduction in revenue, as the free and reduced lunch percentage decreased.

## Services \& Other Operating Expenses

Substitutes reduced $\$ 15 \mathrm{~K}$ as MSA-7 will be fully staffed next year. Currently a teacher is on maternity leave, which increased the substitute expense. Technology decreased \$10K because in 16-17 a firewall was purchased, but that will not occur in 17-18. Communications expense reduced $\$ 26 \mathrm{~K}$, along with a corresponding reduction in E-rate reimbursement based on monthly expenditures on phone and internet.

## POTENTIAL RISKS

MSA-7 has a high special education population, but due to budget constraints, the school is only able to hire one additional part time position to manage the caseload. As a result, this puts more work on the staff that currently work with special education students. In addition, MSA-7 pays a large share of the CMO fee based on where they fall in the tiered structure. There have been discussions to lower the CMO fee, but no decision has been made as this would impact the other sites.

Student food increased $\$ 10 \mathrm{~K}$ as the LAUSD Food Services contract is projected to increase, again. Office supplies decreased $\$ 18 \mathrm{~K}$, but $\$ 6 \mathrm{~K}$ of this was shifted to instructional materials and supplies.

## Services \& Other Operating Expenses

Field trip expenses and outside consultants were both cut by $\$ 10 \mathrm{~K}$ to meet a $1 \%$ reserve. Professional development decreased $\$ 27 \mathrm{~K}$ as the amount of tuition reimbursements has decreased from 16-17.

## POTENTIAL RISKS

Currently the PE teachers at MSA-8 have 80 students per class, which is difficult to manage. MSA-8 would like to hire an additional PE teacher to break up the class size, but was unable to make it work in the budget. In addition, food expenses for the site continue to rise as the work with LAUSD food services.

Four new teacher positions were added to the budget and a special education teacher currently on staff will now be the coordinator (shift of budget category 1100 to 1300). The regional director will now be on MSA-SA's payroll and the school will cover $80 \%$ of this salary, while MERF will cover the other 20\%. An additional dean will be hired to be the Dean of Academics for the elementary students. A special education teacher from MSA-7 will work with MSA-3, 4, 6,8 and SA. $20 \%$ of her salary, plus an additional stipend is split evenly amongst these sites. The Dean of Culture position was removed from the budget. Four new part-time aides will be hired due to the increase in enrollment, and three of the aides will be for special education.

## Other Local Revenue

MSA-SA will now particpate in the summer program and will receive revenue of $\$ 39,108$. The school had not previously participated.

## Fundraising \& Grants

Decreased $\$ 8 \mathrm{~K}$ based on school projections for next year.

## Books \& Supplies

Textbooks for new students (estimated at $\$ 200 /$ new student) and $\$ 10 \mathrm{~K}$ for Spanish textbooks. This was a decrease of $\$ 193 \mathrm{~K}$ from $16-17$ as more textbooks needed to be purchased for increased number of students. Educational software increased $\$ 32 \mathrm{~K}$ as the school will be using BrainPop, Fuel Education, MyOn Online Reading, and Read 180 Program. PE supplies increased $\$ 52 \mathrm{~K}$ as the school expects a large increase with the new gym construction. The school did apply to join CIF, and requested costs to be split. However, the budget is conservative and assumes that the school will cover all costs. CIF is reviewing the application and a decision should be made in May. Furniture expenses decreased $\$ 88 \mathrm{~K}$ as the school will need to purchase less furniture. Computer expenses decreased $\$ 119 \mathrm{~K}$ as the school plans to purchase these in bulk to be capitalized, with $\$ 124 \mathrm{~K}$ budgeted in 6400 . All 33 classrooms will have computers and 10 carts ( 300 Chromebooks) will be added. Food expense increased $\$ 71 \mathrm{~K}$ due to the increased enrollment.

## Services \& Other Operating Expenses

Rent increased $\$ 194 \mathrm{~K}$ as MSA-SA based on the recent debt service schedule for the gym. Interest might be capitalized in the first year, and this could decrease. Interest increased \$266K as payment for the Prop 1D loan will begin in the 17-18 school year. Professional development, specifically tuition reimbursement, increased $\$ 96 \mathrm{~K}$ with the increase of staff. Special education contract instructors increased $\$ 51 \mathrm{~K}$ as the number of special education students is expected to increase. There was a decrease of $\$ 29 \mathrm{~K}$ in fines and penalties as the new school site will be exempt from property tax next year as it will have been in operation for a full year. Prior year expenses (not accrued) decreased $\$ 55 \mathrm{~K}$ as all 16-17 expenses are expected to be accrued for at year end.

## POTENTIAL RISKS

MSA-SA will start its construction of the new gym and the debt service will be $\$ 231,630$. The school has made extensive cuts in payroll to meet the $1 \%$ reserve.

Office supplies decreased $\$ 27 \mathrm{~K}$ as the school will no longer need water coolers at their new site. $\$ 9 \mathrm{~K}$ of this was shifted to instructional materials and supplies. Uniforms will no longer be purchased and sold, resulting in a $\$ 13 \mathrm{~K}$ decrease in uniform expenses. Non capitalized equipment increased $\$ 12 \mathrm{~K}$ for expenses associated with the new school site.
for Charter Schools

## Services \& Other Operating Expenses

Travel and loding decreased $\$ 13 \mathrm{~K}$ as the school will not participale in as much professional development that requires travel. Corresponding decrease in professional development of $\$ 14 \mathrm{~K}$. Operations and housekeeping increased $\$ 30 \mathrm{~K}$ to cover the cost of the move to a new school site. This was based on the expenses incurred by MSA-SA when they moved sites. This a one-time expense that will not be incurred in the following years. MSA-SD will use its reserves to pay for this expense. The rent expense increased $\$ 272 \mathrm{~K}$. The ground lease for the new site will be $\$ 220 \mathrm{~K}$ and the debt service for the construction (if not capitalized in the first year) is $\$ 372 \mathrm{~K}$. As a result, total rent is $\$ 592,767$. Legal fees decreased $\$ 10 \mathrm{~K}$ and marketing and student recruiting decreased $\$ 12 \mathrm{~K}$ based on school needs. Prior year expenditures decreased $\$ 11 \mathrm{~K}$ as $16-17$ expenses are expected to be accrued for at year end. Technology expenses increased $\$ 31 \mathrm{~K}$ for one-time expenses associated with the new site (switches, server, etc.).

## POTENTIAL RISKS

The debt service for MSA-SD is $\$ 372 \mathrm{~K}$ for $17-18$. MSA-SD has made extensive cuts to staff and other expenses. MSA-SD will pay $\$ 592,767$, but will unable to seek any reimbursement through SB740 as their free and reduced lunch population is too low.
