The Board directed P. Ontiveros, MPS General Counsel and Facilities Director to negotiate the costs with the architect regarding the mistakes made.

S. Sherkhanov made a motion to approve the change order requests (each, a "COR" and together, the "CORs") described below in the aggregate amount of \$90,692.92 for the Project and the payment of the same to the general contractor for the Project. Note that the foregoing amount was previously incorrectly reported as \$87,964.07.

H. Beliak seconded the motion.

The board **VOTED** unanimously to approve the motion.

RE:	Approval of Additional Costs for Staffing for MSA 5

### Proposed Board Motion

I move that the board approve hiring one (1) part-time office assistant not included in the board approved adopted budget. Total Cost not to exceed \$13,000 including base salary and statutory benefits.

### Background

- Main Office Support: MSA 5 has continued to increase enrollment (247 students) since its move to Reseda during the 2014-15 school year (106 students) with one office staff member. With that growth office responsibilities have expanded as well. Some of the main offices supports are of the following: attendance, reports, enrollment, translation, cumulative files, and data entry that is done by one person. MSA-5 is asking for board approval to hire a new position, office assistant to support the main office with above mentioned tasks and coverage when office manager is on break and lunch.

### Budget Implications

- As of 10/03/18, MSA 5's has an enrollment of 248 students, seven more students than the budgeted amount of 241. MSA 5 proposes to use approximately \$13,000 (PERS, Medicare, Social Security, and Unemployment included in estimate) of the estimated increase in funds the school will receive from the seven additional students.
- Estimated Additional Revenue: An increase of six additional students, three 7-8<sup>th</sup> grade & three 9-12<sup>th</sup> grade, as of 10/03/2018 is expected to generate approximately \$81,286 in revenue for MSA-5. See chart below.

RE:	Approval of Single Plan for Student Achievement (SPSA) for MPS

Proposed Board Recommendation

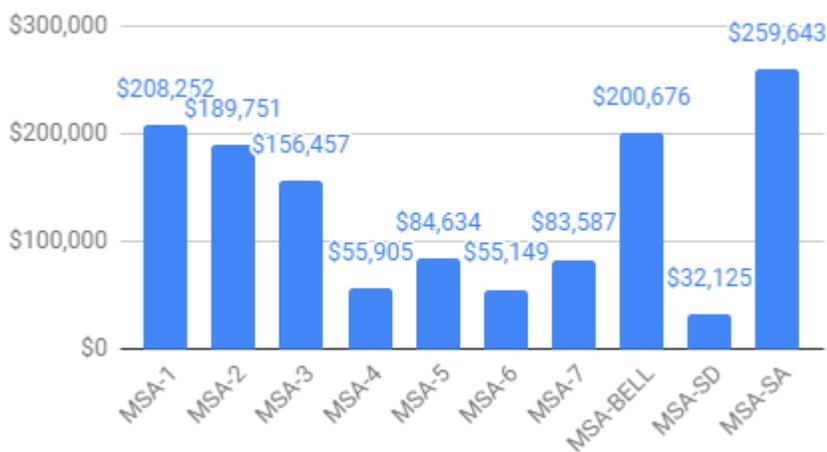

I move that the board approve the Single Plan for Student Achievement (SPSA) for MPS.

Background

This is an annual plan that the schools prepare to articulate their intervention and student support programs and describe how they will be expending federal funds, including Title-I, Title-II, Title-III and Title-IV, to supplement such programs. MPS uses these funds to support instruction through intervention programs during the day, after-school tutoring, English Learner extended support, professional development, innovative and well-rounded education activities, home visits, etc.

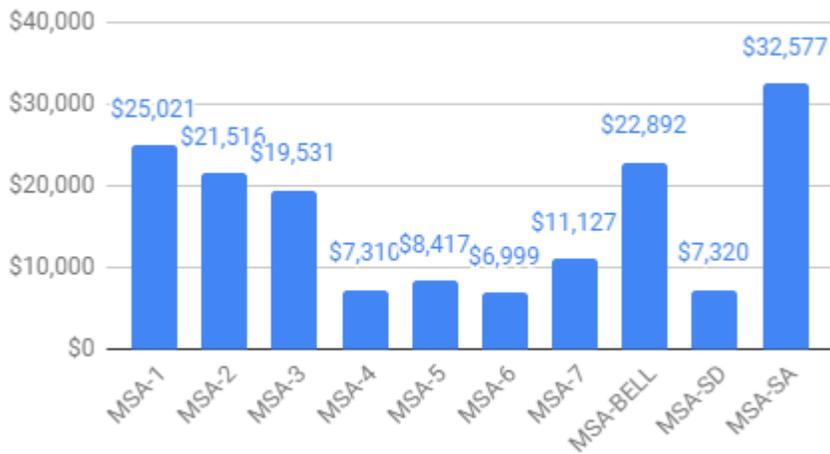

*How much does MPS receive in Title funds?*

**Title I, Part A 2018-19 Preliminary Eligibility Amount**

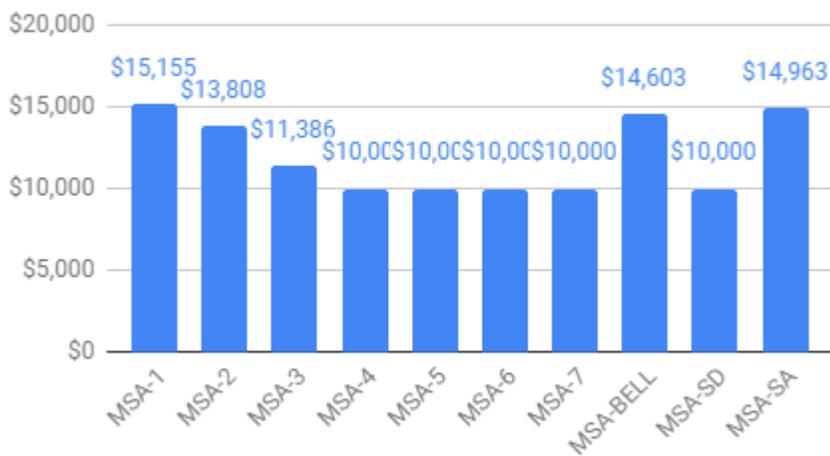

**TOTAL: \$1,326,179**

**Title II, Part A 2018-19 Preliminary Eligibility Amount**

**TOTAL: \$162,710**

**Title IV, Part A 2018-19 Preliminary Eligibility Amount**

**TOTAL: \$119,915**

**Title III, Part A – EL**

MPS receives Title III, Part A – EL funds as a consortium. **TOTAL: \$64,283**

*What strategies/actions will these funds be used for?*

Aligned with our LCAP actions/services, the following are strategies identified in our schools' SPSAs.

**GOAL 1: EXCELLENCE:** All students will pursue academic excellence and be college/career ready.

Strategies:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment.
- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.
- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)
- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

**GOAL 2: INNOVATION:** All students will become independent, innovative scholars.

Strategies:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.
- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.
- Charter School will ensure that technology supports instruction.

**GOAL 3: CONNECTION:** All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

Strategies:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

- Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

The SPSA has already been approved by each school's School Site Council (SSC) and is herein presented to the board for ratification.

Note: For charter schools that receive federal funds this is the last year of SPSA requirement. As of January 1, 2019, our SPSA and LCAP will be consolidated into one document, i.e., LCAP, and moving forward, we will use our LCAP as the single plan for school achievement.

#### Budget Implications

SPSA outlines how federal funds are to be expensed by each school. It is mandatory to have this plan to ensure continuity of such funds.

#### How Does This Action Relate/Affect/Benefit All MSAs?

It is a mandatory plan which details how MPS uses federal Title I, II, III, and IV funds to support instruction.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-1 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-1 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including two Coffee with the Principal meetings,

weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 368 home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers’ credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.

- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$15,000 Professional Development; \$2,482 TeachBoost fees <i>(See LCAP for non-federally funded expenditures.)</i>

#### LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

#### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)

- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

**NOTE:** Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school’s teachers, EL coordinator and the leadership team.

**Proposed Expenditures for this Strategy/Activity**

LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students’ needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)

**Goal 2**

INNOVATION: All students will become independent, innovative scholars.

**Basis for this Goal**

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

**Expected Annual Measurable Outcomes**

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

##### SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$5,000 Art integration training; \$30,000 Field trip expenses <i>(See LCAP for non-federally funded expenditures.)</i>

**Strategy/Activity**

LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.
- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, etc. (prior to the start of the school year and ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)

### Proposed Expenditures for this Strategy/Activity

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally,

visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)

3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

### Basis for this Goal

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension

## Strategy/Activity 1

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

#### SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

Single Plan for Student Achievement| Page 37 of 43

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-2 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-2 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with

specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 100 home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.

- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

## English Learners

## Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

- 1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school’s teachers, EL coordinator and the leadership team.

**Strategy/Activity**

LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)

- b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)
- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer individual graduation plans, outlining the classes students will take during their high school years.
- Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- Charter School will offer “Advisory” classes (college planning and career exploration program) and “College Readiness” classes and programs preparing students for college readiness, including test prep for ACT/SAT.

### SPSA Strategy/Activity:

- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

### Action Steps & Person(s) Responsible:

- 1) Charter School will offer the following AP courses: AP United States History, AP English Language & Composition, AP Calculus AB, AP Environmental Science, AP Spanish Language and Culture, AP Studio Art: 2-D Design, AP Computer Science Principles. (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will offer Advisory classes in grades 9-12 and ACT/SAT prep in grades 10-12. (ongoing) (College Counselor, Dean of Academics, leadership team)

## Proposed Expenditures for this Strategy/Activity

Source(s)	Title I
Budget Reference(s)	\$10,000 AP Exam Test Fees (5000)(Title I)

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### Basis for this Goal

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

## Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	12%	5%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	88%	100%

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.
- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

**Action Steps & Person(s) Responsible:**

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Vex Robotics, etc. (prior to the start of the school year and ongoing) (Science Dept. **LCAP Planned Actions/Services:**

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

**SPSA Strategy/Activity:**

- Charter School will ensure that technology supports instruction. In addition, Charter School initiated a pilot program of Blended Learning in 6th and 7th grade math and English courses led by a Blended Learning Coordinator where teachers will implement a station rotation model of blended learning into their ongoing instructional program and practices.

**Action Steps & Person(s) Responsible:**

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Blended Learning Coordinator, IT Director, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally,

visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive whiteboards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Blended Learning Coordinator, IT Director, Principal)

3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Blended Learning Coordinator, IT Director, Principal)

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

### Basis for this Goal

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension
- To avoid student expulsion

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

**Strategy/Activity**LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy, parent college, parent computer classes. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

**Strategy/Activity**LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

- Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

Action Steps & Person(s) Responsible:

- 1) Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation and satisfaction of UC/CSU requirements. (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
  - a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)
- 3) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 4) Charter School will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. We were able to increase our scores in math and maintain our scores in ELA as a result of having an efficient Title I Coordinator. Our EL reclassification rate during the 2017-18 academic year was 28.2% which demonstrates that we had an effective implementation of our EL program. Subsequently, with our EL population gaining proficiency in English, we anticipate that they will be able to access their other subjects with increased efficiency and ease in the upcoming years.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

**Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.**

The actions/services have been effective as measured by progress towards our annual measurable outcomes. One area of innovation which occurred during the past academic year was with our robotics program which expanded to include a Vex IQ program for middle school students for the first time. During this process, our students won 1st place in the regional qualifying tournament held in Nipomo, CA in the Skills Challenge category, as well as 1st place in the STEAM project which discussed robots used in aortic heart valve replacement technology as well as used to explore outer space. Further, our students qualified for the US Championship Vex IQ Robotics tournament in Iowa where they competed and placed 13th place in the United States in the Alliance Challenge category with the robot which they designed, engineered, constructed and drove. During the current academic year, the Vex IQ and Vex EDR Robotics programs have expanded to include increased opportunities for students to take courses during their elective portions of their school day as well as to meet as a club after school where they train for competitions. In addition, we hired a 2nd technology teacher this year to expand our course offerings in computers, robotics and other related fields to all students during the instructional day.

**Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.**

We only have minor differences between Budgeted and Estimated Actual Expenditures.

**Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.**

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

<p>• Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.</p>	<p>• We held regular SSC, ELAC, and PTF meetings and parent activities/events. We communicated with the parents of academically under-performing students, inviting them for parent conferences. Our teachers used the school web portal actively and conducted home-visits. ## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes;

encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

**Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.**

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The goal of connection was effective as measured by the willingness for stakeholders to embrace our change in school communication platform to ParentSquare. This new system enables stakeholders to communicate in their native languages and automatically translates communication to help our predominantly Spanish-speaking parent demographic stay in communication and connected with our predominantly English-speaking staff related to their child's academic and behavioral progress. In addition, this system facilitates event promotion to help notify parents of ongoing happenings related to their child and build connectedness. In addition, Telemundo did two reports related to our implementation of the PBIS (Positive Behavioral Interventions and Supports) program which we launched this year and which helps build connectedness amongst all stakeholder groups. Student voices have been incorporated into this aspect to the school as the ASB student government elected officials have taken on the responsibility of creating weekly videos related to the behavioral expectations which help build connection amongst the student body. Our graduation rate for 12th graders last year was 100%, which shows that our connection between students and our school community is sufficient to lead to this positive outcome. Further, our ADA was approximately 95% last year.

**Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.**

We only have minor differences between Budgeted and Estimated Actual Expenditures.

**Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.**

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations.

We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## **Budget Summary and Consolidation**

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

# Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups.

Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;

- c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
  5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
    - a. Ensure that those students' difficulties are identified on a timely basis; and
    - b. Provide sufficient information on which to base effective assistance to those students.
  6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
  7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-3 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Administration meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-3 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including weekly Coffee with the Principal

meetings, staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 102 home visits (20% of population) and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- ☞ To ensure our students are college/career ready
- ☞ To ensure student proficiency in all courses
- ☞ To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- ☞ To ensure EL students make annual progress in learning English
- ☞ To ensure implementation of state board adopted academic content and performance standards for all students
- ☞ To ensure teachers are appropriately assigned and fully credentialed
- ☞ To ensure students have sufficient access to standards-aligned instructional materials

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

### Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

English Learners

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

**Action Steps & Person(s) Responsible:**

- 1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

**NOTE:** Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$2,000 EL supplemental materials; \$2,000 Focused PD on ELD standards <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title I <i>(See LCAP for non-federal sources.)</i>

### Strategy/Activity

#### LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

#### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

#### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
- a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer individual graduation plans, outlining the classes students will take during their high school years.
- Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- Charter School will offer “Advisory” classes (college planning and career exploration program) and “College Readiness” classes and programs preparing students for college readiness, including test prep for ACT/SAT.

### SPSA Strategy/Activity:

- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

### Action Steps & Person(s) Responsible:

- 1) Charter School will offer the following AP courses: AP English Literature, AP World History, AP Statistics, AP Environmental Science, AP Spanish Language, AP Art History, AP United States History (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will offer Advisory classes in grades 9-12 and ACT/SAT prep in grades 10-12. (ongoing) (College Counselor, Dean of Academics, leadership team)

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## Basis for this Goal

Single Plan for Student Achievement| Page 13 of 49

- ☰ To provide students with a well-rounded education including programs such as STEM, arts, and civics
- ☰ To increase student access to a broad course of study
- ☰ To offer innovative courses and programs
- ☰ To ensure student participation and achievement in innovative courses and programs
- ☰ To support the effective use of technology

## Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	5%	5%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	80%	100%

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

### Proposed Expenditures for this Strategy/Activity

Amount(s)

\$2,000 Art integration training;  
 \$1,500 Health workshop series by Kaiser;  
 \$3,000 Field trip expenses  
*(See LCAP for non-federally funded expenditures.)*

Source(s)

Title I, Title IV *(See LCAP for non-federal sources.)*

Budget Reference(s)

\$2,000 Art integration training (5000)(Title IV);  
 \$1,500 Health workshop series by Kaiser (5000)(Title IV);  
 \$3,000 Field trip expenses (5000)(Title I)  
*(See LCAP for non-federally funded expenditures.)*

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.
- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

#### SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, etc. (prior to the start of the school year and ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)

### Proposed Expenditures for this Strategy/Activity

Amount(s)

\$3,000 Science supplemental materials;  
 \$1,000 STEAM EXPO organization expenses;  
 \$500 Focused PD on Coding;  
*(See LCAP for non-federally funded expenditures.)*

Source(s)

Title IV *(See LCAP for non-federal sources.)*

**Budget Reference(s)**

\$3,000 Science supplemental materials (4000)(Title IV);  
 \$1,000 STEAM EXPO organization expenses (5000)(Title IV);  
 \$500 Focused PD on Coding (5000)(Title IV);  
 (See LCAP for non-federally funded expenditures.)

**Strategy/Activity 3****Students to be Served by this Strategy/Activity**

(Identify either All Students or one or more specific student groups)

All Students

**Strategy/Activity**LCAP Planned Actions/Services:

• Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

• Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)

2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)

3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

**Proposed Expenditures for this Strategy/Activity****Amount(s)**

\$14,000 Chromebooks;

	\$6,000 Technology expenses (Smartboards, 3-D printers, etc.) <i>(See LCAP for non-federally funded expenditures.)</i>

### Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

#### Basis for this Goal

- ☞ To seek parent input in making decisions for the Charter School
- ☞ To promote parental participation in programs
- ☞ To increase student attendance
- ☞ To avoid chronic absenteeism
- ☞ To avoid middle school dropout
- ☞ To avoid high school dropout
- ☞ To increase high school graduation rate
- ☞ To avoid student suspension
- ☞ To avoid student expulsion
- ☞ To increase the sense of safety and school connectedness

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

## Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

### SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

### Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

## Proposed Expenditures for this Strategy/Activity

**Strategy/Activity 2****Students to be Served by this Strategy/Activity**

(Identify either All Students or one or more specific student groups)

All Students

**Strategy/Activity**LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

- Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

**Action Steps & Person(s) Responsible:**

- 1) Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation and satisfaction of UC/CSU requirements. (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
  - a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)
- 3) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 4) Charter School will connect students and families with resources for social-emotional and behavioral support.

**Proposed Expenditures for this Strategy/Activity**

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

#### College/Career Readiness:

- 100% Graduation, 98% filled out FAFSA for college financial aid, 42 out of 43 seniors applied to college. College readiness course for seniors to plan career, college and future plans.
- 50% are attending UC, CSU, Private, HBCU, over 50 college acceptances. 60% on honor roll, high honor roll. 25% of our Seniors are graduating with a State Seal of Biliteracy.
- MyOn reading report shows growth in Lexile reading level, went from 638 in 2016-2017 to 698 at the end of 2017-2018.
- SBAC: ELA 42% met or exceeded standards. Middle School Math distance from level 3 reduced from -73 to -59 (14 points).
- Using Common Core Standards and Curriculum, SSR to build reading skills and power Math and English classes to help with intervention
- MAP Data-test in the Fall of 2017, waiting on results from Spring 2018.
- English learner coordinator on site to assist student,; reclassified 4 students. 15% of our EL population.

Suspension & School Climate: California Dashboard-Our Suspension rate is low, green.

#### -CIF & SRLA Induction

- 1st Place in Robotics Competition-Saturday's event at LEGOLAND, FLL CUP Robotics competition, went very well. There were 62 teams from southern California.
- MPS STEAM Expo Lego robotics team earned 2nd place and our science students who can and two 6th grade female students took home first place in the physical science category.
- MTSS Grant \$50,000 for 2018-2019
- 2 seniors won Non-Profit Fundraiser Project in Economics
- Teacher won Teacher of the Year for City of Carson

Power Math and Power English are offered, Saturday School, Home visits are scheduled for lowest performing and mid-range students. Tutoring four days a week. We use interim block assessments and interim comprehensive exams to review where students are and have teacher reteach/review the concepts most students missed. Teachers use Khan Academy/Moby Max Math for students to receive individualized instruction. English curriculum includes StudySync and Illuminate standards based practice exams. In Math, MobyMax and Aleks are used to help allow students to build content skills.

MyOn to help students reading levels through dedicated SSR (Silent Sustained Reading). Students who are reading at grade level books and scoring above 70% on quizzes receives incentives. This keeps the motivation high among students to read more. To create ownership, we had three goal setting sessions where students set goals for their classes, as well as for their SBAC Math/ELA tests.

To maintain our graduation rate, we are holding sessions for students to check on graduation requirements and plan for next year in terms of which electives/APs they will take. In addition, students identify if they need credit recovery. Dean of Academics meet with those students for an individualized plan for graduation and follows up with them quarterly.

We have more social-emotional support through our full-time therapist and edge coach to help students learn executive function skills, anger management and impulse control.

## Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

MSA 3 had a minor change in the amount spent on BTSA and Administrative Credential spending because a teacher resigned who was in the BTSA program. Next year we will have a higher spending about in this area since more of our teachers are interns, in the first year after their credential or want to get their admin credential. For instructional material and textbook we had more of an increase than expected because a couple versions of our textbooks were older than required and we wanted to update the content to meet the Common Core Standards. We also started having more elective courses and wanted to have textbook and materials to implement effectively. The plan is to increase textbooks and instructional material in order to meet the enrollment demand and support to instructors. The janitorial services decreased minimally and that is due to the estimate that was given to us by prop 39 and then we adjust our spending based on their invoices; next year there will be an increase, it is yet to be determined. Professional development spending decreased with having an in-house instructional coach to mentor and assist teachers with curriculum and instructional support. There will be an increase next year for our EL coordinator based on experience and new pay scale. Material cost for EL will remain the same since we have less than 25 students and that has been consistent.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP. Our main goal is to get our instructors more support in the classroom and focus on intervention for our students who need additional support.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Our test scores are in par with other school districts, and we offer 5 AP courses this year, and over 53 students were enrolled in at least one class. We offer PSAT for 8th-12th grade. Magnolia Science Academy 3 is ranked #1200 in the National Rankings and earned a silver medal by U.S. News. Our Robotics team which helps students who scored Standard Nearly Met on the SBAC competed in San Diego Tournament and won first place. Our video production & Animation course for middle school was able to earn high ranking achievement and awards at the Latino Film Festival in Los Angeles. Here you need to talk about that your data to show that these actions/services have been effective. For example; you can mention your Advanced Math class/club participation or success, Computer class participation and passing rates, STEAM project completion, etc. Three of our teachers were recognized by The City of Carson, The NAACP, and the Leader In Me Conference. We have Advanced Math class/club participation and successful participation, Computer class participation and passing rates are high, and we developed an AP Computer Science course, as well as over 150 STEAM project completion.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We strategize to decrease teacher turnover and decided to add a Vice Principal to be an instructional coach and help support principal with operations of the school. Next year we plan to add in more intervention teachers to support our students academically. We are hiring teachers at a better rate so they will want to invest in the school and students. We ordered chromebooks so now we have a 1 to 1 ratio.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the SPSA.

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. We have to focus more attention on ADA, we decreased slightly. We have sufficient stakeholder meetings; over 40 per year and we offer a variety of ways for

students to stay connected but we have to improve our survey results. Offering electives, the students want, hearing more from parents on their priorities and ensuring teachers are doing home visits effectively and strategically.

**Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.**

Home visit increase over \$10,000 to reach more students who need intervention. There was an increase. We had 185 home visits for the 2017-2018 school year. We plan to have 120 in 2018-2019.

**Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.**

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. # Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

### **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups.

Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if

appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;

- c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
  5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
    - a. Ensure that those students' difficulties are identified on a timely basis; and
    - b. Provide sufficient information on which to base effective assistance to those students.
  6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
  7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

In the pages that follow, please describe the school's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-4 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-1 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, at least 6 parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions

on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

##### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers’ credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$7,300 Professional Development expenses; <i>(See LCAP for non-federally funded expenditures.)</i>

**Students to be Served by this Strategy/Activity**

(Identify either All Students or one or more specific student groups)

English Learners

**Strategy/Activity**

LCAP Planned Actions/Services:

Single Plan for Student Achievement| Page 6 of 41

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)

a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)

b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)

c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)

d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)

2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)

3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)

4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and

professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

##### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

##### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)

3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year)  
(ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)

- a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
- b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
- c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)

- a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
- b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
- c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer individual graduation plans, outlining the classes students will take during their high school years.
- Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- Charter School will offer “Advisory” classes (college planning and career exploration program) and “College Readiness” classes and programs preparing students for college readiness, including test prep for ACT/SAT.

### SPSA Strategy/Activity:

- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

### Action Steps & Person(s) Responsible:

- 1) Charter School will offer the following AP courses: English, Statistics, Spanish and World History (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will offer Advisory classes in grades 9-12 and ACT/SAT prep in grades 10-12. (ongoing) (College Counselor, Dean of Academics, leadership team)

## Proposed Expenditures for this Strategy/Activity

Amount(s)	\$2,000 AP course materials; \$2,000 SAT/ACT preparation; <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title I <i>(See LCAP for non-federal sources.)</i>
Budget Reference(s)	\$2,000 AP course materials (College Readiness Block Grant - CRBG); \$2,000 SAT/ACT preparation (5000)(CRBG); <i>(See LCAP for non-federally funded expenditures.)</i>

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### Basis for this Goal

X To provide students with a well-rounded education including programs such as STEAM, and civics

To increase student access to a broad course of study

To offer innovative courses and programs

- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

## Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	2%	2%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	100%	100%

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

#### SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

#### Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.

- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as Code.org activities, etc. (prior to the start of the school year and ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)

**Proposed Expenditures for this Strategy/Activity**

Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)
- 3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

**Proposed Expenditures for this Strategy/Activity**

**Goal 3**

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

**Basis for this Goal**

X To seek parent input in making decisions for the Charter School

- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension
- To avoid student expulsion
- To increase the sense of safety and school connectedness

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Single Plan for Student Achievement| Page 16 of 41

All Students

**Strategy/Activity**LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 4) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

**Proposed Expenditures for this Strategy/Activity**

All Students

### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

- Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

Action Steps & Person(s) Responsible:

- 1) Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation and satisfaction of UC/CSU requirements. (ongoing)  
 (College Counselor, Dean of Academics, leadership team)

- 2) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
- a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)
- 3) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 4) Charter School will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. MSA 4 has realized a RFEP rate of 47%, which outpaces LAUSD's reclass rate. MSA 4 also strives to service a diverse group of learners

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### ANNUAL MEASUREABLE OUTCOMES

Metric/Indicator	Expected Outcomes	Actual Outcomes
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	2%	2%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	100%	100%

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. MSA 4 offers a math club for students who need acceleration. All of MSA 4's students take the prescribed computer course prior to graduation from MSA 4. Out students also participate in various events that allow our students the opportunity to delve into STEAM related activities.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. MSA 4 boasts a 0% suspension/expulsion rate. MSA 4 utilizes facets of PBIs in addition to Imagine Etiquette's Mentoring and Leadership program.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

The only area that we experienced a material difference in is the expense allocated for home visits. This is an area where staff and family buy-in has been difficult. The ability to earn \$50.00 per visit is not enough of an incentive. It is also a challenge getting our parents to welcome us into their home. In all other areas, we only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp. The

Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

## Budget Summary

# Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-5 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Admin meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-5 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 4 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 5 parent activities/events including two Coffee with the Admin meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with

Single Plan for Student Achievement| Page 1 of 40

specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff made over 35% of the student population home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome							
Percentage of teachers who will be appropriately assigned and fully credentialed as required by law and the charter	100%	100%							
Percentage of students who will have sufficient access to standards-aligned instructional materials	100%	100%

# PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

## Strategy/Activity 1

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

#### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)

6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

English Learners

### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

- 1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

### Strategy/Activity 3

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

Strategy/Activity

Single Plan for Student Achievement| Page 8 of 40

LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)
- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

## Strategy/Activity 4

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will offer individual graduation plans, outlining the classes students will take during their high school years.
- Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- Charter School will offer “Advisory” classes (college planning and career exploration program) and “College Readiness” classes and programs preparing students for college readiness, including test prep for ACT/SAT.

#### SPSA Strategy/Activity:

- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will offer the following AP courses: Spanish and English Language Arts. (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will offer Advisory classes in grades 9-12 and ACT/SAT prep in grades 10-12. (ongoing) (College Counselor, Dean of Academics, leadership team)

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### Basis for this Goal

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	5%	5%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	80%	80%

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

#### SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

#### Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.
- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

### SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

### Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, etc. (prior to the start of the school year and ongoing) (Science Dept. (Identify either All Students or one or more specific student groups)

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive whiteboards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)
- 3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$3,000 Non Capitalized equipment (4000)(Title IV); (Smartboards? 3-D printers? etc.) <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title I, Title IV <i>(See LCAP for non-federal sources.)</i>
Budget Reference(s)	\$3,000 Non Capitalized equipment (4000)(Title IV); (Smartboards? 3-D printers? etc.) <i>(See LCAP for non-federally funded expenditures.)</i>

**Goal 3**

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

**Basis for this Goal**

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism

School experience survey average approval rates	Students: 60%	Students: 65%
	Families: 85%	Families: 90%
	Staff: 75%	Staff: 80%

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

##### SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

##### Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically underperforming students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)

- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$4,815 Parent meeting/workshop expenses (4000)(Title I);  \$10,000 Home visit compensation (1000)(Title I)  <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title I <i>(See LCAP for non-federal sources.)</i>

**Strategy/Activity 2**

**Students to be Served by this Strategy/Activity**

(Identify either All Students or one or more specific student groups)

All Students

**Strategy/Activity**

LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

• Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

Action Steps & Person(s) Responsible:

- 1) Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation and satisfaction of UC/CSU requirements. (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
  - a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)
- 3) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 4) Charter School will connect students and families with resources for social-emotional and behavioral support.

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$6,000 Mitchell Family Counseling(5000)(Title IV); \$3,000 PD on PBIS, restorative practices, and classroom management (5000)(Title I);  <i>(See LCAP for non-federally funded expenditures.)</i>

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Single Plan for Student Achievement| Page 25 of 40

The actions/services have been effective as measured by progress towards our annual measurable outcomes. We showed considerable growth in both ELA and Math on the CAASPP in all of our major subgroups, ELs, SPED, Socio-economically disadvantaged and Hispanic.. We have also added two AP Classes for the upcoming school year. Our school had reclassified 20% of our ELs.

### Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures except we spent more for our intervention teachers as we saw from the prior years data our students needed more support.

### Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	5%	3%

Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	80%	75%

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. All middle school students will have an opportunity to participate in a Computer Class during one semester. Also, through data we continued to identify students who can participate in the Advanced Math Class. Finally, our students won seven medals at our organizations STEAM Expo.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The actions/services have been effective as measured by progress towards our annual measurable outcomes. MSA-5 has gone four years without an expulsion and met LCAP goal of keeping a low suspension rate. Also, MSA-5's survey results show approval growth from parents from 94% to 97% and student approval went up 61% to 64%. MSA-5's ADA has maintained at or near 95% as well.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. IS THERE ANY OTHER FEEDBACK FROM SURVEYS RELATED TO THE CONNECTION GOAL THAT YOU PLAN TO IMPLEMENT??? We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. # Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

In the pages that follow, please describe the school's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-6 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Magnolia Science Academy-6 conducts surveys for parents, students, and staff, and the Magnolia Science Academy-6 staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Magnolia Science Academy-6 has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

Magnolia Science Academy-6 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Magnolia Science Academy-6 held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including two Coffee with the

Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Magnolia Science Academy-6 staff also made 25% of total student population, make home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of teachers who will be appropriately assigned and fully credentialed as required by law and the charter	100%	100%
Percentage of students who will have sufficient access to standards-aligned instructional materials	100%	100%

Percentage of students performing proficient on the CAASPP-ELA/Literacy assessments (Grades 3-8):

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school’s strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will conduct credential review as part of teacher hiring process and support our teachers’ credentialing needs. Magnolia Science Academy-6 will also annually review master schedule/teacher assignments to ensure compliance.
- Magnolia Science Academy-6 will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Magnolia Science Academy-6 will annually review budget and plan to ensure adequate budget for instructional materials.
- Magnolia Science Academy-6 will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

##### SPSA Strategy/Activity:

- Magnolia Science Academy-6 will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Magnolia Science Academy-6 will also monitor and evaluate teachers for their performance.

##### Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Magnolia Science Academy-6 will identify teacher credentialing needs and support teachers’ credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Magnolia Science Academy-6 will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)

- 4) Magnolia Science Academy-6 will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Magnolia Science Academy-6 will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Magnolia Science Academy-6 leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Magnolia Science Academy-6 will evaluate its teachers for their performance. Magnolia Science Academy-6 will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Magnolia Science Academy-6 may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$7,000 BTSA expenses; \$4,000 Professional Development; <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title I, Title II <i>(See LCAP for non-federal sources.)</i>
Budget Reference(s)	\$7,000 BTSA expenses (5000)(Title II); \$4,000 Professional Development (5800) (Title I); <i>(See LCAP for non-federally funded expenditures.)</i>

English Learners

**Strategy/Activity**

LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Magnolia Science Academy-6 will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Magnolia Science Academy-6 teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Magnolia Science Academy-6 will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which

includes one-on-one teacher support and small group instruction. Magnolia Science Academy-6 will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Magnolia Science Academy-6 will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Magnolia Science Academy-6 will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Magnolia Science Academy-6 will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Magnolia Science Academy-6 will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Magnolia Science Academy-6 is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Magnolia Science Academy-6 will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- During the day, Magnolia Science Academy-6 will provide additional supports and interventions to all students, including ELs.
- Magnolia Science Academy-6 will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Magnolia Science Academy-6 will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

##### SPSA Strategy/Activity:

- Magnolia Science Academy-6 will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

##### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Magnolia Science Academy-6 will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Magnolia Science Academy-6 will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Magnolia Science Academy-6 will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Magnolia Science Academy-6 will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)

#### Strategy/Activity

LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will offer individual graduation plans, outlining the classes students will take during their high school years.
- Magnolia Science Academy-6 will offer “SSR/advisory” classes (data sharing, advising, life skills building) and classes and programs preparing students for college readiness.

SPSA Strategy/Activity:

- Magnolia Science Academy-6 will promote a college-going culture college visits, career fairs, partnership with college such as UCLA, and other college related activities.

Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 students will have access to high qualified teachers who can prepare students for the rigor of high school and college.
- 2) Magnolia Science Academy-6 will offer SSR classes in grades 6-8to help students understand their grades, speak with their teacher in order to keep students motivated for higher learning.

**Goal 2**

INNOVATION: All students will become independent, innovative scholars.

**Basis for this Goal**

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

**Expected Annual Measurable Outcomes**

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%

Percentage of students who will have sufficient access to all academic and educational programs provided by the Magnolia Science Academy-6 as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Magnolia Science Academy-6 's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	5%	5%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	100%	100%

##### LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Magnolia Science Academy-6 will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Magnolia Science Academy-6 will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

**SPSA Strategy/Activity:**

- Magnolia Science Academy-6 will provide students with a well-rounded education including programs such as health and physical education.

**Action Steps & Person(s) Responsible:**

- 1) In an effort to provide well-rounded education to our students, Magnolia Science Academy-6 willstrive to offer additional programs such as elective courses, clubs, health and physical education, etc.(ongoing) (Dean of Academics, Principal, MPS Home Office)

All Students

**Strategy/Activity**

LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will offer Computer/Technology classes and/or blended learning experience for our students. Magnolia Science Academy-6 will also keep its technology up to date. Magnolia Science Academy-6 teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Magnolia Science Academy-6 will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology.(prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)

- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)
- 3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

### Basis for this Goal

- To seek parent input in making decisions for the Magnolia Science Academy-6
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension
- To avoid student expulsion
- To increase the sense of safety and school connectedness

## Strategy/Activity 1

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Magnolia Science Academy-6 will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Magnolia Science Academy-6 will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Magnolia Science Academy-6 will communicate further with the parents of students who are performing below grade level.
- Magnolia Science Academy-6 teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Magnolia Science Academy-6 will annually administer school experience surveys to students, parents, and staff.

#### SPSA Strategy/Activity:

- Magnolia Science Academy-6 will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

#### Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Magnolia Science Academy-6 will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Magnolia Science Academy-6 teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Magnolia Science Academy-6 will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

**Strategy/Activity**

LCAP Planned Actions/Services:

- Magnolia Science Academy-6 will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Magnolia Science Academy-6 will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Magnolia Science Academy-6 will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Magnolia Science Academy-6 staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

- Magnolia Science Academy-6 will implement policies that encourage and support student attendance, positive student behavior and improvements. Magnolia Science Academy-6 teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

Action Steps & Person(s) Responsible:

- 1) Magnolia Science Academy-6 will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
  - a) Magnolia Science Academy-6 will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Magnolia Science Academy-6 will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)

- 2) Magnolia Science Academy-6 will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 3) Magnolia Science Academy-6 will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

After implementing our strategies (smaller intervention groups, ELD classes, ALEKS, IAB tests, analyzing data...etc) for improving student growth, we have seen growth in the overall scores for ELA and for Math. For ELA, we seen a 5% increase from 43% to 48%, which was our target. Due to the overall increase in score, our subgroups also showed growth as well. This is true for math as well, where we have seen a 14% growth from 25% to 39%.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### ANNUAL MEASUREABLE OUTCOMES

Metric/Indicator	Expected Outcomes	Actual Outcomes
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Magnolia Science Academy-6 as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Magnolia Science Academy-6 's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	5%	5%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	80%	80%

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; implemented alternatives to suspension/expulsion, including restorative practices;

acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

After implementing our strategies (smaller intervention groups, ELD classes, ALEKS, IAB tests, analyzing data...etc) for improving student growth, we have seen growth in the overall scores for ELA and for Math. For ELA, we seen a 5% increase from 43% to 48%, which was our target. Due to the overall increase in score, our subgroups also showed growth as well. This is true for math as well, where we seen a 14% growth from 25% to 39%. We believe the plan was effective.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. # Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC*52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

## Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;

- c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
  5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
    - a. Ensure that those students' difficulties are identified on a timely basis; and
    - b. Provide sufficient information on which to base effective assistance to those students.
  6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
  7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-7 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-7 aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 7 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with

specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 68 home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school’s strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers’ credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

##### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

##### Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers’ credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)

Single Plan for Student Achievement| Page 6 of 39

- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

English Learners

Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)

a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)

b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)

c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)

d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)

2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)

3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)

4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

## Proposed Expenditures for this Strategy/Activity

#### LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

#### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

#### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia,

educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)

3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

### Proposed Expenditures for this Strategy/Activity

Amount(s)	\$12,000 Chromebooks (4000)( Title IV) Difference will be paid by general funding  (See LCAP for non-federally funded expenditures.)

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

### Basis for this Goal

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid student suspension
- To avoid student expulsion
- To increase the sense of safety and school connectedness

Single Plan for Student Achievement| Page 16 of 39

LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned

instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Even if we utilized all Title 1,2,3 monies where we needed, data shows that we need to do more.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We slightly spent more to Teacher aides as well as we slightly spent more to PDs. Actually for all other related support programs general funding utilized.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a school we increased our data usage and tutoring programs according to the students levels but it does not included in Title monies. Since we need to keep title expenses in similar way.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. All students exposed computer class and ability to use Microsoft office before graduating. Also all students participated in school and MPS wide science fairs. Also School implements art integration already in third year while teaching STEM. We utilize LA Music Center Grant for it.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

What we planned all used either through grants or general funding.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This school year all classes computer corners will be updated by new 50 chromebooks to increase usage of online support programs.

## Goal 3

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. In terms of suspension and expulsion MSA-7 looks good with 0%, however truancy and chronic absenteeism is the main area we want to focus. To address this we implement school wide incentives and the person who is tracking this data.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

All related expenses either via donations or from general funding so no title money will be used.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We have added attendance tracker and schoolwide incentive to increase attendance rate.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator

includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

Single Plan for Student Achievement| Page 36 of 39

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and
  - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.

4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA Bell has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee Chats, Board of Directors meetings, Principal meetings, staff meetings, and student advisory meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our advisory committees and ELAC provide valuable input for the new SPSA. In addition, MSA Bell conducts surveys for parents, students, and staff, and the staff makes home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

MSA Bell has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA Bell aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous improvement cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 9 PTF meetings, 5 SSC meetings, 5 ELAC meetings, at least 8 parent activities/events, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, academic achievement, and other areas of school improvement. A majority of our

stakeholders participated in this survey. The Charter School staff also made at least 125 home visits and sought feedback from the parents for school improvement.

# Goals, Strategies, & Proposed Expenditures

## Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome

## PLANNED STRATEGIES/ACTIVITIES

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- MSA Bell will conduct credential review as part of teacher hiring process and support our teachers’ credentialing needs. MSA Bell will also annually review master schedule/teacher assignments to ensure compliance.
- MSA Bell will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. MSA Bell will annually review budget and plan to ensure adequate budget for instructional materials.
- MSA Bell will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom walk-throughs and observations.

##### SPSA Strategy/Activity:

- MSA Bell will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. MSA Bell will also monitor and evaluate teachers for their performance.

##### Action Steps & Person(s) Responsible:

- 1) MSA Bell will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) MSA Bell will identify teacher credentialing needs and support teachers’ credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) MSA Bell will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) MSA Bell will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, MTSS, and personalized learning, and in areas of need identified through needs assessment. (ongoing) (Principal, leadership team)

5) MSA Bell will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. MSA Bell leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Principal, leadership team)

6) MSA Bell will evaluate its teachers for their performance. MSA Bel will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. MSA Bell may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, Principal, leadership team)

## Proposed Expenditures for this Strategy/Activity

Amount(s)	\$22,892 – development of certificated staff in the area of tuition reimbursement, induction, and professional development (Title 2) <i>(See LCAP for non-federally funded expenditures.)</i>
Source(s)	Title II <i>(See LCAP for non-federal sources.)</i>
Budget Reference(s)	\$20,000 Tuition Reimbursement and Induction expenses (5864) (Title 2); \$2,892 Professional Development (5863) (Title 2); <i>(See LCAP for non-federally funded expenditures.)</i>

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

English Learners

### Strategy/Activity

#### LCAP Planned Actions/Services:

- MSA Bell will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. MSA Bell will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- MSA Bell teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. MSA Bell will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. MSA Bell will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. MSA Bell will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

#### SPSA Strategy/Activity:

- MSA Bell will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

- 1) MSA Bell will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, ELD coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) MSA Bell will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, ELD coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA teachers, ELD coordinator, Dean of Academics, MTSS coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, ELD Coordinator, leadership team)

NOTE: MSA Bell is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, MSA Bell will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

## Strategy/Activity 3

### Students to be Served by this Strategy/Activity

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- During the day, MSA Bell will provide additional supports and interventions to all students, including ELs.
- MSA Bell will provide additional supports and interventions to all students, including ELs, during after-school hours and on Saturdays.
- MSA Bell will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

##### SPSA Strategy/Activity:

- MSA Bell will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

##### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, MTSS coordinator, leadership team)
  - a) MSA Bell will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily personalized learning time (PLT), after-school and on Saturdays to meet the students' needs. (ongoing)
- 3) MSA Bell will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (Grade level chair, Dean of Academics, MTSS coordinator, leadership team)
  - a) MSA Bell will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) MSA Bell will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) MSA Bell will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)
- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, Grade level chair, Dean of Academics, MTSS coordinator, leadership team)
  - a) Teachers will implement the MAP test in the fall, winter, and spring and IABs during the year to measure student growth in ELA/Literacy and math. (ongoing)
  - b) MSA Bell will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) MSA Bell will schedule and provide training for instructional staff and schedule follow up

professional development activities. (prior to the start of the school year and ongoing)

**Goal 2**

INNOVATION: All students will become independent, innovative scholars.

## Basis for this Goal

- To provide students with a well-rounded STEAM education
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

## Expected Annual Measurable Outcomes

Metric/Indicator	Baseline (2017-18)	Expected Outcome (2018-19)
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by MSA Bell as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in MSA Bell grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	19% (92 students)	>15% (currently 19% - 87 students) (maintain)
Percentage of our graduates who will experienced blended learning in their program of study (technology)	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	80%	80% (maintain)

## PLANNED STRATEGIES/ACTIVITIES

## Strategy/Activity 1

### Students to be Served by this Strategy/Activity

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- MSA Bell will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. MSA Bell will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- MSA Bell will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

#### SPSA Strategy/Activity:

- MSA Bell will provide students with a well-rounded education of electives including programs such as health and physical education, music and art, and foreign language.

#### Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, MSA Bell will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Create a new course to provide an enriching experience to students at which STEAM is front and center. Students will learn how Science, Technology, Engineering, Art, and Mathematics play a vital role in their everyday lives. Students will focus on 2 main ideas: what is STEAM, and why is it important, to build 21st century, mathematical, and language art skills using animation and technology.
- 3) MSA Bell will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Teachers, Leadership Team, MPS Home Office)

### Strategy/Activity

#### LCAP Planned Actions/Services:

- MSA Bell will offer Accelerated and/or Advanced Math course to students in grades 6-8.
- MSA Bell will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. MSA Bell will also provide information and access to quality out-of-school STEAM activities and achievements.

#### SPSA Strategy/Activity:

- MSA Bell will provide students with STEAM focused programs such as science fairs, advanced math courses, and engineering activities.
- MSA Bell will provide students with out of classroom experiences in the area of STEAM.

#### Action Steps & Person(s) Responsible:

- 1) MSA Bell will design its master schedule to include Accelerated and Advanced math courses. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office, Teachers)
- 2) MSA Bell teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) MSA Bell will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Teachers, Grade Level Chair, leadership team, Principal, MPS Home Office)
- 4) MSA Bell will design and implement engineering-related courses and activities. Ex) STEAM Lab. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)

### Strategy/Activity

#### LCAP Planned Actions/Services:

- MSA Bell will offer a blended learning experience for our students. MSA Bell will also keep its technology up to date and provide academic staff professional development in the area of blended learning.

#### SPSA Strategy/Activity:

- MSA Bell will ensure that technology supports instruction and intervention.

#### Action Steps & Person(s) Responsible:

- 1) MSA Bell will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, leadership team, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: Summit Platform, Internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, ELD Coordinator, Library Clerk, leadership team, Principal)
- 3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining Internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, leadership team, Principal)

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

## Basis for this Goal

- To seek parent input in making decisions for MSA Bell
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To develop alternatives to student suspension and/or expulsion
- To increase the sense of safety and school connectedness

## PLANNED STRATEGIES/ACTIVITIES

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

All Students

#### Strategy/Activity

LCAP Planned Actions/Services:

- MSA Bell will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- MSA Bell will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- MSA Bell will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal.
- MSA Bell will communicate further with the parents of students who are performing below grade level.
- MSA Bell staff will visit students at their homes to discuss student progress and enhance student learning and involvement.
- MSA Bell will annually administer school experience surveys to students, parents, and staff.

SPSA Strategy/Activity:

- MSA Bell will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

Action Steps & Person(s) Responsible:

- 1) MSA Bell will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership Team, Principal)
- 2) MSA Bell will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) MSA Bell will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)

4) MSA Bell teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Leadership Team, Principal)

5) MSA Bell will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

### Proposed Expenditures for this Strategy/Activity

### Strategy/Activity

LCAP Planned Actions/Services:

- MSA Bell will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- MSA Bell will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- MSA Bell will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- MSA Bell staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

SPSA Strategy/Activity:

- MSA Bell will implement policies that encourage and support student attendance, positive student behavior and improvements.

- MSA Bell teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

Action Steps & Person(s) Responsible:

- 1) MSA Bell will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
- 2) MSA Bell through the California SUMS (Scale-Up MTSS Statewide) technical assistance (TA) grant will participate in professional development to develop and improve on a framework for PBIS and UDL.
- 3) MSA Bell will offer 'life skills' program to supplement instruction and support developmental needs of our students. (ongoing) (Teachers, Dean of Students, leadership team)
- 4) MSA Bell will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

### SPSA Year Reviewed: 2017–18

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer opportunities for discussion around college and career readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The implementation of after-hour support was a success. In collaboration with the after-school program, the additional staff provided academic structure, especially in the area of math and ELA support and intervention. Saturday for Success was established as an optional opportunity to provide students with a dedicated workspace and staff to assist in the completion of classroom work, or intervention opportunity. Student attendance increased gradually, and this format will be repeated for the following school year.

Our intervention software of ST Math and Fast ForWord is continually being evaluated. Mathematics continues to be a struggle for many students and further support at home is an area that needs to be capitalized. EL reclassification rate and EL progress in language acquisition continues to show promise. Preparation for SBAC is still a concern, but internal data and external data on the EL population is very positive, especially in the area of progression. Recommendation is to develop a sustainable plan for teacher, student, and family training on these platforms.

### Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

1. Brain Pop is used as a supplemental in the ELD course and it is used across the campus to engage students in academic discourse, this is the reason for the additional expense allocation from Title 1.
2. NWEA MAP assessment was added as an important instrument to gather internal data in the area of mathematics and ELA, and the platform is designed to measure student growth.

### Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

1. Data baseline and expected outcomes was added for various metrics such as teacher credentialing and support, NWEA MAP growth, SBAC growth and proficiency rates, EL Reclassification based on ELPAC, and pass rate for core classes. These metrics are part of Goal 1.
2. Specific instructional strategies are listed that relate to the MPS EL Master Plan. Plan of action can be found in Goal 2.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

## SPSA Year Reviewed: 2017–18

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we offer Advanced Math and incorporation of Computer Technology within all courses; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. At MSA Bell, we meet our charter by providing an academic program that encompasses STEAM. Students are provided with opportunities to take advance math courses, technology is incorporated in the classroom either for intervention purposes or academic performance, elective classes are offered in the area of foreign languages and music, and students are provided the opportunity to participate in project based learning by demonstrating their academic performance through in class projects or participation in the STEAM Expo.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

## ANALYSIS

### SPSA Year Reviewed: 2017–18

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. MSA Bell was able to maintain positive results in the area of student attendance and utilize restorative practices. MSA Bell staff was able to engage in professional development in the area of growth mindset through a monthly participation in staff meetings and incorporation of SEL activities on a regular basis in the classroom. In order to further support our students, counseling services are provided to students for

various needs that arise throughout the year with organization partnerships. MSA Bell will continue to develop the focus on SEL all stakeholders within the school setting.

### Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures. This includes the purchase of resource materials and reduction in spending on certain items.

### Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices, especially with the implementation of our new SIS. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

# Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-San Diego has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, , Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, student group meetings and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Feedback from our parents provides valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-San Diego aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 3 SSC meetings, at least 10 parent activities/events including five Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions

Single Plan for Student Achievement| Page 1 of 37

on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 65 home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school’s goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

#### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and

documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

**Proposed Expenditures for this Strategy/Activity**

Amount(s)	\$6,000 BTSA expenses; \$3,000 EL authorization expenses \$4,500 BTSA Mentor Stipend ( \$2,000 TeachBoost fees \$28,000Professional Development (See LCAP for non-federally funded expenditures.)

English Learners

**Strategy/Activity**

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.
- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language

support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

• Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

- 1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)
  - a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)
  - b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)
  - c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)
  - d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)
- 3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)
- 4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)
- 5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

#### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

#### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)
- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year) (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)
- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
  - a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### Basis for this Goal

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs
- To support the effective use of technology

### Expected Annual Measurable Outcomes

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.

- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts , world languages, robotics, engineering , band and graphic design

Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, world languages, robotics, engineering, band and graphic design , etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

All Students

### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.
- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, Maker Fairs, STEAM Expos advanced math courses/clubs, and engineering activities.

Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO (San Diego STEAM Expo) and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as Robotics/Engineering class, Robotics club, future city club etc. (prior to the start of the school year and ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

Action Steps & Person(s) Responsible:

1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)

2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)

3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

## Goal 3

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

### Basis for this Goal

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension
- To avoid student expulsion

To increase the sense of safety and school connectedness

## Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

#### SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

### Proposed Expenditures for this Strategy/Activity

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

#### SPSA Strategy/Activity:

- Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)
  - a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
  - b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)
- 2) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)
- 3) Charter School will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have not been as effective as planned and based on measured progress towards our annual measurable outcomes. Due to the facility move process and midyear teacher change there is a slight decrease in the Math and English data. Last year we had Power Math and English classes but the data showed that power classes were not as effective as we thought. This is mostly due to them being an alternative to Electives. This year we will focus on effective tutoring and Saturday classes to close the gap.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest;

our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Based on staff and student and parent feedback we changed the elective schedule from 2 day and 3 day electives model to 5 day electives.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## ANALYSIS

Complete a copy of the following table for each of the school's goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. We exceeded our goal in home visits and surveys but we couldn't meet our suspension goal and SSC meeting goal.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities. We will focus on acknowledging positive student

behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

# Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school's budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year's approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

In the pages that follow, please describe the school's plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### Involvement Process for the SPSA and Annual Review and Update

In order to promote learning and provide a more positive learning experience for our students, MSA-SA has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual SPSA.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Admin team meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for Local Control and Accountability Plan (LCAP). Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new SPSA. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as ways to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has:

- an approved charter petition with measurable student outcomes and methods to assess student progress,
- a LCAP as a comprehensive planning tool that addresses the state priorities and locally identified priorities,
- a WASC action plan for continuous school improvement,
- a LCAP Federal Addendum to supplement the LCAP to meet the Local Educational Agency (LEA) Plan provisions of the ESSA,
- and a SPSA that documents the school's approach to maximizing the impact of federal investments in support of underserved students.

MSA-SA aligns its federally-funded programs with the priority goals of the school and such funds provide the opportunity to innovate. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

During the 2017-18 school year the Charter School held its periodical meetings to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including two Coffee with the Admin Team meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey

with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff also made 125 home visits and sought feedback from the parents for school improvement.

## Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

### Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

#### Basis for this Goal

- To ensure our students are college/career ready
- To ensure student proficiency in all courses
- To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- To ensure EL students make annual progress in learning English
- To ensure implementation of state board adopted academic content and performance standards for all students
- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials

#### Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome

## PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

### Strategy/Activity 1

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- Charter School will conduct credential review as part of teacher hiring process and support our teachers' credentialing needs. Charter School will also annually review master schedule/teacher assignments to ensure compliance.
- Charter School will annually review alignment of instructional materials to standards and keep an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budget and plan to ensure adequate budget for instructional materials.
- Charter School will ensure curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) Teachers will be provided with instructional guidance and feedback through classroom visits.

##### SPSA Strategy/Activity:

- Charter School will ensure that all teachers are supported with their credentialing needs and that they participate in PD in areas, including but not limited to, Common Core ELA/Literacy, math, NGSS, and in areas of need identified through needs assessment. Charter School will also monitor and evaluate teachers for their performance.

##### Action Steps & Person(s) Responsible:

- 1) Charter School will conduct credential review as part of teacher hiring process. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 2) Charter School will identify teacher credentialing needs and support teachers' credentialing needs. (prior to the start of the school year and ongoing) (Principal, MPS Home Office)
- 3) Charter School will annually review master schedule/teacher assignments to ensure compliance. (prior to the start of the school year and ongoing) (Principal)
- 4) Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, and NGSS, and in areas of need identified through needs assessment. (ongoing) (Dean of Academics, Principal, leadership team)
- 5) Charter School will monitor how effectively teachers implement strategies and skills they learned in the PD sessions in the classroom. Charter School leadership team will make daily classroom observations using the MPS teacher observation protocol which includes walkthroughs, informal and formal observations and formal evaluation. (ongoing) (Dean of Academics, Principal, leadership team)
- 6) Charter School will evaluate its teachers for their performance. Charter School will identify those areas the teachers need improvement to become more effective and efficient at their jobs and communicate with teachers about performance, mutually establish goals and identify actions for progress, and evaluate results. Charter School may use evaluation results as basis and documentation for performance pay, transfer, promotion, reassignment, or disciplinary action. (ongoing) (Home Office, principal, leadership team)

### Proposed Expenditures for this Strategy/Activity

Amount(s)	\$29,300 Professional Development \$3,375 Teach Boost fees  (See LCAP for non-federally funded expenditures.)
Source(s)	Title I, Title II (See LCAP for non-federal sources.)
Budget Reference(s)	\$29,300 Professional Development (5800) (Title II) \$3,375 Teach Boost fees (5000) (Title II) (See LCAP for non-federally funded expenditures.)

### Strategy/Activity 2

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

English Learners

#### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

- Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction and ELD instruction, support and intervention to ELs and immigrant students, and monitor student progress in ELA/Literacy, math, and ELD as measured by the MAP tests and other assessments.

Action Steps & Person(s) Responsible:

1) Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (ongoing) (Dean of Academics, EL coordinator, leadership team)

a) The data office will create a report of identified ELs by class. The report will include students' ELPAC levels including overall and subtest data and be given to all teachers. (prior to the start of the school year) (Office, EL coordinator, leadership team)

b) ELD time will be built into in the master schedule. (prior to the start of the school year) (Dean of Academics, Principal)

c) Charter School will purchase supplementary ELD materials and benchmark assessments. (prior to the start of the school year) (Dean of Academics, Principal)

d) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (ongoing) (Dean of Academics, EL coordinator, leadership team)

2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELD support and interventions. (within the first month of the school year) (ELA/ELD teachers, EL coordinator, Dean of Academics, RTI coordinator)

3) Teachers and the leadership team will monitor student progress in ELD as measured by in-class/benchmark assessments. (ELA/Literacy and math monitoring via MAP tests, IABs, etc.)

4) The EL program coordinator sponsored by the Title III consortium lead will monitor MPS protocol for teacher observation and feedback regarding the implementation of the ELD program monthly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

5) The EL program coordinator sponsored by the Title III consortium lead will evaluate the EL services at the school at least semesterly. (ongoing) (Title III Consortium lead EL program coordinator, leadership team)

NOTE: Charter School is a member of the Magnolia Science Academy consortium for Title III EL funds. Per the MOU of the Consortium, Charter School will receive ELD services, including monitoring and evaluation of the EL programs and services and

professional development. The EL program coordinator sponsored by the lead will closely work with the school's teachers, EL coordinator and the leadership team.

### Proposed Expenditures for this Strategy/Activity

Amount(s)	\$65,000 EL Coordinator Salary; \$16,893.38 EL Coordinator Benefits; (See LCAP for non-federally funded expenditures.)
Source(s)	Title I (See LCAP for non-federal sources.)
Budget Reference(s)	\$65,000 EL Coordinator Salary (1000) (Title I); \$16,893.38 EL Coordinator Benefits (3000) (Title I); (See LCAP for non-federally funded expenditures.)

### Strategy/Activity 3

#### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

#### Strategy/Activity

##### LCAP Planned Actions/Services:

- During the day, Charter School will provide additional supports and interventions to all students, including ELs.
- Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday.
- Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets.

##### SPSA Strategy/Activity:

- Charter School will provide CCSS aligned ELA and math instruction, support and intervention to all students, including ELs and immigrant students, and monitor student progress in ELA/Literacy and math as measured by the interim assessments (MAP, IAB, etc.)

##### Action Steps & Person(s) Responsible:

- 1) Teachers will provide CCSS aligned ELA and math instruction. (ongoing) (Teachers, leadership team)
- 2) The leadership team will place students into appropriate intervention groups and teachers will provide targeted ELA support and interventions. (within the first month of the school year) (Dean of Academics, leadership team)
  - a) Charter School will use the MAP test and teacher feedback to identify and place students in ELA and Math intervention groups and classes. (within the first month of the school year)
  - b) Students will be provided with targeted CCSS aligned ELA and math intervention during the daily Intervention period, once a week after school and on Saturdays to meet the students' needs. (ongoing)

- 3) Charter School will select a research-based reading intervention and math program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (prior to the start of the school year)  
 (ELA Dept. Chair, Math Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
- a) Charter School will select reading and math intervention materials and resources. (prior to the start of the school year)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)
- 4) Teachers and the leadership team will monitor student progress in ELA and math as measured by in-class/benchmark assessments, MAP and IABs. (ongoing) (Teachers, ELA Dept. Chair, Dean of Academics, RTI coordinator, leadership team)
- a) Teachers will implement the MAP test in the fall and spring and IABs during the year to measure student growth in ELA/Literacy and math. (fall and spring; ongoing)
  - b) Charter School will purchase supplementary instructional materials and benchmark assessments. (prior to the start of the school year)
  - c) Charter School will schedule and provide training for instructional staff and schedule follow up professional development activities. (prior to the start of the school year and ongoing)

### Strategy/Activity

LCAP Planned Actions/Services:

- Charter School will offer individual graduation plans, outlining the classes students will take during their high school years.
- Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- Charter School will offer “Advisory” classes (college planning and career exploration program) and “College Readiness” classes and programs preparing students for college readiness, including test prep for ACT/SAT.

SPSA Strategy/Activity:

- Charter School will promote a college-going culture through dual enrollment, AP courses, college visits, and other college related activities.

Action Steps & Person(s) Responsible:

- 1) Charter School will offer the following AP courses: AP US History, AP World History, AP Language & Composition, AP Stats, AP Computer Principals (ongoing) (College Counselor, Dean of Academics, leadership team)
- 2) Charter School will offer Advisory classes in grades 9-12 and ACT/SAT prep in grades 10-12. (ongoing) (College Counselor, Dean of Academics, leadership team)

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

### Basis for this Goal

- To provide students with a well-rounded education including programs such as STEM, arts, and civics
- To increase student access to a broad course of study
- To offer innovative courses and programs
- To ensure student participation and achievement in innovative courses and programs

To support the effective use of technology

## Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Percentage of the programs and services outlined in the charter petition that will be provided as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students who will have sufficient access to all academic and educational programs provided by the Charter School as measured by student interest surveys for elective courses and programs, master school schedule, and class rosters	100%	100%
Percentage of students enrolled in the Charter School's grades 6-8 who take the Accelerated and/or Advanced Math class and/or Advanced Math club	14.7%	14.7%
Percentage of our graduates who will have taken a Computer/Technology class and/or experienced blended learning in their program of study	100%	100%
Percentage of students who will have created or demonstrated a STEAM focused project, experiment, model or demo	100%	100%

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives as outlined in its charter petition. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest.
- Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups.

### SPSA Strategy/Activity:

- Charter School will provide students with a well-rounded education including programs such as health and physical education, arts and civics.

### Action Steps & Person(s) Responsible:

- 1) In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, clubs, health and physical education, arts, civics, etc. (ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School will strive to provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, etc. (ongoing) (Leadership Team, MPS Home Office)

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

## Strategy/Activity

### LCAP Planned Actions/Services:

- Charter School will offer Accelerated and/or Advanced Math class and/or Advanced Math club to students in grades 6-8.

- Charter School will provide opportunities for students during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. Charter School will also provide information and access to quality out-of-school STEAM activities and achievements.

SPSA Strategy/Activity:

- Charter School will provide students with STEAM focused programs such as science fairs, advanced math courses/clubs, and engineering activities.

Action Steps & Person(s) Responsible:

- 1) Charter School will design its master schedule to include Accelerated and Advanced math classes/clubs. (prior to the start of the school year and ongoing) (Dean of Academics, Principal, MPS Home Office)
- 2) Charter School teachers will mentor students with STEAM focused projects, experiments, models or demos in their classes. (ongoing) (Teachers, Dean of Academics, Principal, MPS Home Office)
- 3) Charter School will organize a STEAM Festival/EXPO and also provide students with information and access to quality out-of-school STEAM activities and achievements. (ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)
- 4) Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, etc. (prior to the start of the school year and ongoing) (Science Dept. Chair, Dean of Academics, Principal, MPS Home Office)

All Students

**Strategy/Activity**

LCAP Planned Actions/Services:

- Charter School will offer Computer/Technology classes and/or blended learning experience for our students. Charter School will also keep its technology up to date. Charter School teachers will participate in PD on Blended Learning.

SPSA Strategy/Activity:

- Charter School will ensure that technology supports instruction.

**Action Steps & Person(s) Responsible:**

- 1) Charter School will assure that students have physical access, support, and time to use classroom, school, and community resources, including instructional materials and technology. (prior to the start of the school year and ongoing) (Teachers, Dean of Academics, Principal)
- 2) Teachers will use accessible technology tools and other resources on a regular basis to engage and enhance learning and to differentiate instruction to meet the needs of every student. Teachers will effectively use challenging resources that are mentally, visually, aurally, and kinesthetically stimulating. (Ex: internet, PowerPoint, interactive white boards, document camera, multimedia, educational software, interactive games and simulations, apps, class website, lab materials, manipulatives, assistive technology, etc.) (ongoing) (Teachers, Dean of Academics, Principal)
- 3) Teachers and students will keep up to date with technology and blended learning practices. Teachers will model and develop digital literacy by using technology to engage students and support their learning, and promote digital citizenship, including respecting copyright law and student maintaining internet security. Teachers will provide resources and instructional materials that require cognitive engagement. Students will choose, adapt, or create materials to extend learning. (ongoing) (Teachers, Dean of Academics, Principal)

CONNECTION: All students, families, staff, and other stakeholders will feel a sense of community and connectedness.

**Basis for this Goal**

- To seek parent input in making decisions for the Charter School
- To promote parental participation in programs
- To increase student attendance
- To avoid chronic absenteeism
- To avoid middle school dropout
- To avoid high school dropout
- To increase high school graduation rate
- To avoid student suspension
- To avoid student expulsion

To increase the sense of safety and school connectedness

# PLANNED STRATEGIES/ACTIVITIES

Complete a copy of the following table for each of the school's strategies/Activities. Duplicate the table, including Proposed Expenditures, as needed.

## Strategy/Activity 1

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will seek parent input in making decisions for the school through quarterly SSC, ELAC, and PTF meetings.
- Charter School will host parent activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs.
- Charter School will provide parents with access to course material, homework assignments, projects, and records of students' grades through SIS, an online web portal. Charter School will communicate further with the parents of students who are performing below grade level.
- Charter School teachers will visit students at their homes to discuss student progress and enhance student learning and involvement.
- Charter School will annually administer school experience surveys to students, parents, and staff.

#### SPSA Strategy/Activity:

- Charter School will pursue an integrated strategy to support the exchange of information, purposeful interaction, and meaningful participation between the school, families, and community partners to support student learning and achievement. This will include but not be limited to SSC, ELAC, and PTF meetings, parent activities/events, web portal, home-visits, and school experience surveys.

#### Action Steps & Person(s) Responsible:

- 1) Charter School will schedule at least quarterly SSC, ELAC, and PTF meetings. (ongoing) (Leadership team, Principal)
- 2) Charter School will communicate with the parents of academically under-performing students, inviting them for parent conferences. (in fall and spring; ongoing) (Teachers, Dean of Academics, Principal)
- 3) Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL students and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. (ongoing) (EL Coordinator, Leadership team)
- 4) Charter School teachers will schedule and make home-visits. Teachers will document the visits, evaluate them and share necessary information with the appropriate staff (grade level team, counselor, administrator, etc.) (ongoing) (Teachers, Principal)
- 5) Charter School will use an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and students' own strengths and weaknesses. This feedback instrument will provide teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement.

## Strategy/Activity 2

### Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All Students

### Strategy/Activity

#### LCAP Planned Actions/Services:

- Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs.
- Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance.
- Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation.
- Charter School will annually assess its suspension/expulsion policies and procedures and document and implement alternatives to suspension/expulsion, including restorative practices.
- Charter School staff will acknowledge and encourage positive student behavior and improvements. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

#### SPSA Strategy/Activity:

- Charter School will provide students with 4-year plans and support programs to ensure timely high school graduation. Charter School will implement policies that encourage and support student attendance, positive student behavior and improvements. Charter School teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations.

#### Action Steps & Person(s) Responsible:

1) Charter School will offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years, and provide support to ensure timely high school graduation and satisfaction of UC/CSU requirements. (ongoing) (College Counselor, Dean of Academics, leadership team)

2) Charter School will implement restorative practices and Positive Behavioral Interventions and Supports (PBIS). (ongoing) (Teachers, Dean of Students, leadership team)

- a) Charter School will implement restorative practices, PBIS, and alternatives to suspension. (ongoing)
- b) Charter School will implement a positive behavior reward system and use its SIS for monitoring it. (ongoing)

3) Charter School will offer Life Skills program to supplement instruction. (ongoing) (Teachers, Dean of Students, leadership team)

4) Charter School will connect students and families with resources for social-emotional and behavioral support.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We supported our teachers with their credentialing and PD needs; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Our data to show that Power Math & Power English, After school, Intervention groups, teachers hold DATA conferencing with students to set their individual goals or Math and ELA have been effective. Our reclassification rate is really high regarding EL progress, MS and HS designated ELD classes, In Elementary Designated ELA/Math is embedded in throughout the curriculum

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA. ALEX program was discontinued because of effectiveness.

## Goal 2

INNOVATION: All students will become independent, innovative scholars.

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes.  
 Our Advanced Math class has 28 students. Advanced Math club participation rate is 7% in MS. Computer class participation and passing rates increases, 100% of our students 3<sup>rd</sup> through 11<sup>th</sup> grades have STEAM project completion.

## ANALYSIS

Complete a copy of the following table for each of the school’s goals from the prior year SPSA. Duplicate the table as needed.

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Our suspension rate is 0%, ADA rate 96.5% , graduation rate98%, and survey average approval rates are 88% for Parents and students 68 %

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. IS THERE ANY

OTHER FEEDBACK FROM SURVEYS RELATED TO THE CONNECTION GOAL THAT YOU PLAN TO IMPLEMENT??? We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Strategies, & Proposed Expenditures section of the SPSA.

## Budget Summary and Consolidation

Complete the table below. Schools may include additional information or more detail. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

# Addendum

---

The Single Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California *Education Code (EC)* Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to *EC* 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

For additional questions or technical assistance related to completion of the SPSA template, please contact the Local Educational Agency, or the CDE's Title I Policy and Program Guidance Office at [TITLEI@cde.ca.gov](mailto:TITLEI@cde.ca.gov).

## **Stakeholder Involvement**

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

## **Goals, Strategies, & Proposed Expenditures**

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

### **Goal**

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

### **Basis for this Goal**

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

## **Expected Annual Measurable Outcomes**

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available

at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

## **Planned Strategies/Activities**

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

## **Annual Review and Update**

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

## **Annual Measurable Outcomes**

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

## **Strategies/Activities**

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

## **Analysis**

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measureable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

## Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

### Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- Total Funds Provided to the School Through the Consolidated Application: This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- Total Funds Budgeted for Strategies to Meet the Goals in the SPSA: This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

### Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

## Appendix A: Plan Requirements for Schools Funded Through the ConApp

### Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in *EC* Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to *EC* Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in *EC* Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: *EC* sections 64001(f)-(g) and 52853(a)(1)-(7).

### Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
  - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
  - b. use effective methods and instructional strategies based on scientifically based research that
    - i. strengthen the core academic program in the school;
    - ii. provide an enriched and accelerated curriculum;
    - iii. increase the amount and quality of learning time;
    - iv. include strategies for meeting the educational needs of historically underserved populations;
    - v. help provide an enriched and accelerated curriculum; and
    - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
  - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
    - i. strategies to improve students' skills outside the academic subject areas;
    - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
    - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
    - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
    - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
  - a. strategies to attract highly qualified teachers;
  - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
  - c. the devotion of sufficient resources to effectively carry out professional development activities; and

- d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
  - a. Ensure that those students' difficulties are identified on a timely basis; and
  - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

RE:	School Safety Plans

### Proposed Board Motion

I move that the board approve school safety plans for all MPS school sites

### Introduction

- The school safety plans are a living document and revisions are continuously made to improve the safety of our school sites for the benefit of all stakeholders

### Background

- Annually the safety plans are reviewed and revised, additionally all staff is required to be informed, trained and updated on safety protocol

### Analysis (If applicable)

- Safety Plans are modeled after promising safety plans and we follow the checklist available through LACOE regarding school safety planning

### Budget Implications

- None at this time

### Exhibits (attachments):

- School Safety Plan Compliance Checklist
- School Safety Plans for MSA 1, MSA1 Amigo Campus, MSA 2, MSA 3, MSA 4, MSA 5, MSA 6, MSA 7, MSA 8, MSA Santa Ana, and MSA San Diego
- Staff Training List for all school sites
- Safety Supplies and Equipment for all sites

## **School Site Mission**

### **Mission and Vision**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

### ***Excellence***

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

### ***Innovation***

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

### ***Connection***

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

## Statement of Purpose

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;

- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## **Assessment of the Current Status of School Crime**

1. Data sources the committee reviewed:
  - a. Local law enforcement crime data
    - i. Top three crime violations in our area last year, based on [www.crimemapping.com/map/region/lapdWestValleyArea](http://www.crimemapping.com/map/region/lapdWestValleyArea) were:
      1. Vehicle break in
      2. Theft/Larceny
      3. Burglary
  - b. Suspension/Expulsion data:
    - i. Student information data was used to identify top suspendable/expellable offenses at our campus. A tremendous decrease in suspensions/expulsions were noted due to the implementation of positive behavior support model.
    - ii. Behavior referrals, Illuminate was used to identify and segregate all behavior referrals.
  - c. School Improvement Plan
    - i. Reviewed current years plan to identify any additional areas of improvement needed.
  - d. Property Damage data
    - i. Reviewed Illuminate behavior data to identify any property damage that has occurred.
  - e. Attendance rates
    - i. Student attendance rates were pulled from Illuminate.
    - ii. Truancy data was pulled from Illuminate
2. The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety.
  - a. Parent/Student Handbook
  - b. School Safety Committee
  - c. Discipline Committee
  - d. Administration
  - e. Local School Administration
  - f. School Site Council
  - g. Parent Task Force
  - h. Student Leadership
  - i. Local Law Enforcement Collaboration
3. We will continue to review data in the upcoming academic year to continually revise and identification appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

## **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent

abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources, in compliance with EC 44691.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services  
800-540-4000

#### **2. Written Report**

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

#### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

## DEFINITIONS AND GENERAL INSTRUCTIONS FOR COMPLETION OF FORM SS 8572

All Penal Code (PC) references are located in Article 2.5 of the PC. This article is known as the Child Abuse and Neglect Reporting Act, also known as CANRA. The Internet site is: <http://www.leginfo.ca.gov/calaw.html> (specify Penal Code and search for Sections 11164-11174.3). A mandated reporter must complete and submit the form SS 8572 even if some information is not known. (PC Section 11167(a).)

### I. MANDATED CHILD ABUSE REPORTERS

- Mandated child abuse reporters include all those individuals and entities as defined in PC Section 11165.7.

### II. TO WHOM REPORTS ARE TO BE MADE (DESIGNATED AGENCIES)

- Reports of suspected child abuse or neglect shall be made by mandated reporters to any police department or sheriff's department (not including a school district police or security department), county probation department (if designated by the county to receive mandated reports) or the county welfare department. (PC Section 11165.9.)

### III. REPORTING RESPONSIBILITIES

- Any mandated reporter who has knowledge of or observes a child, in his or her professional capacity or within the scope of his or her employment, whom he or she knows or reasonably suspects has been the victim of child abuse or neglect shall report such suspected instance of abuse or neglect to a designated agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof *within 36 hours* of receiving the information concerning the incident. (PC Section 11166(a).)
- No mandated reporter who reports a suspected instance of child abuse or neglect shall be held civilly or criminally liable for any report required or authorized by the CANRA. Any other person reporting a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of any report authorized by the CANRA unless it can be proven the report was false and the person knew it was false or make the report with reckless disregard of its truth or falsity. (PC Section 11172(a).)

### IV. INSTRUCTIONS

- SECTION A - REPORTING PARTY:** Enter the mandated reporter's name, title, category (from PC Section 11165.7), business (agency) name and address, telephone number, a signature and today's date. Also check yes-no whether you (the mandated reporter) witnessed the incident. The signature area is for either the mandated report or the person taking as telephoned report.

  - Designated Agency:** *Within 36 hours* of receipt of Form SS 8572, send **white copy** to police or sheriff, **blue copy** to county welfare or probation, and **green copy** to district attorney.

## Disaster Response Procedures

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and well being of students and staff at the time of an emergency. Specific goals include:

1. Protect the safety and welfare of students and staff;
2. Provide for a safe and coordinated response to emergency situations;
3. Protect the school's facilities and property;
4. Enable the school to restore normal conditions with minimal confusion in the shortest time possible;
5. Provide for interface and coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee.

### **Fire**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

## Medical Emergency

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.
- Provide the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
  - Nature of the emergency.
  - Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

## Earthquakes

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.
- Certificated and classified school staff are trained annually on emergency earthquake procedures

## Assaults

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.

If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

## Hazardous Materials

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
- If a more serious spill occurs inside or outside:
- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
- Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known.
  - Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
- Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
- Remain inside building unless ordered to evacuate by the Fire Department.
- Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.

- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### **Civil Disturbance**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### **Vandalism**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel.
- The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.
- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.
- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.

- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

## **Bomb Threat**

Person receiving call:

- Listen - Do not interrupt caller.
- If possible, alert other staff by a pre-arranged signal while the caller is on the line.
- In the event that a bomb threat is received, it is important for the person receiving the call to attempt to keep the caller on the telephone as long as possible. It is also important to listen carefully to all information provided by the caller and to make a note of any voice characteristics, accents, or background noises.
- Attempt to ask questions and elicit the information required to determine the severity of the threat.
- Notify School Principal, or his/her designee, immediately.

The School Principal, or his/her designee will:

- Notify Police Department – Dial 911.
- With the assistance of responding law enforcement personnel, conduct a thorough search of the building & surrounding areas:
  - Classrooms and work areas.
  - Public areas - foyers, office bathrooms and stairwells.
  - Lockers and unlocked closets.
  - Exterior areas -- shrubbery, trashcans, debris boxes, gas valves, etc.
  - Power sources -- electric panels, telephone panels, computer rooms, etc.
- With assistance from responding law enforcement personnel and/or Fire Department, the School Principal, or his/her designee, will evaluate the threat and will determine whether to evacuate the building and/or to continue to search the premises.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought. The School Principal, or his/her designee, must grant approval for student release.
- An incident report should be drafted before the end of the workweek.

## **Explosion**

If an explosion occurs at the school, the following procedures should be used:

- Give DROP AND COVER command.
- Sound building fire alarm. This will automatically implement action to leave the building.
- Notify Fire Department – Dial 911.
- Provide the following information:
  - School name.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
- Evacuate to outdoor assembly area.
- Check attendance. Remain with students.

- Render first aid as necessary.
- Notify grounds and building personnel.
- Keep students and staff at a safe distance from the building(s) and away from firefighting equipment.
- Public safety officials will determine when the building is safe for re-entry, and along with School Principal, or his/her designee, whether student release from the school site is necessary.
- Draft incident report by the end of the week.

## **Fighting or Riot**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
  - Instructing office staff to handle communications and initiate lockdown orders.
  - Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

## Hostage Situation

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Stay calm.
- Don't be a hero.
- Follow instructions of captor.
- Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages.
- Inform captors of medical or other needs.
- Be prepared to wait; elapsed time is a good sign.
- Don't try to escape; don't try to resolve situation by force.
- Be observant and remember everything that is seen or heard.
- If a rescue takes place, lie on the floor and await instructions from rescuers.

The School Principal, or his/her designee, should be responsible for the following:

- Immediately notify law enforcement.
- Move other students and teachers completely away from those who are in the hostage situation.
- Keep everyone as calm as possible.
- Be prepared to answer questions from media or family.

## Death of a Student

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.

- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Intruder or Individual with Deadly Weapon/Active Shooter**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Avoid confronting the student or gunman.
- Notify the School Principal, or his/her designee, or school office immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.

The School Principal, or his/her designee, should follow these guidelines:

- Notify law enforcement immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
- Determine the level of threat. If the level of threat is high, call for additional backup.
- Attempt to get the weapon from the gunman or student through negotiation, or take other appropriate action with the aid of local law enforcement.
- If the level of threat is low, call the student to the office and have law enforcement take the appropriate action.

### **Lock Down**

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.

- The Principal or Admin designee will make an announcement on the P.A. system that the school is going into a Lock Down situation. If P.A. system is not available, other means of communication, i.e., texting or email to staff or sending messengers. The Principal or Admin designee should remain calm and under control and give clear directions.
- Teachers will lock their doors and shut their blinds and instruct students to stay away from the doors and windows.
- If outside, students will continue to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the nearby classrooms or school buildings.
- Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal/Admin Designee or law enforcement.
- All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.

### **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

## **Evacuation**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken:

The School Principal or his/her designee should:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

## **Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.

- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

### **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

### **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.

- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

### **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School Principal.

When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

### **Classroom Safety Kits**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Ones
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **Suspension and Expulsion Policies**

### **Students with an IEP:**

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

## **SUSPENSION AND EXPULSION PROCEDURES**

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School’s governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description

of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-1. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-1's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

### **Positive Discipline**

MSA-1 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays

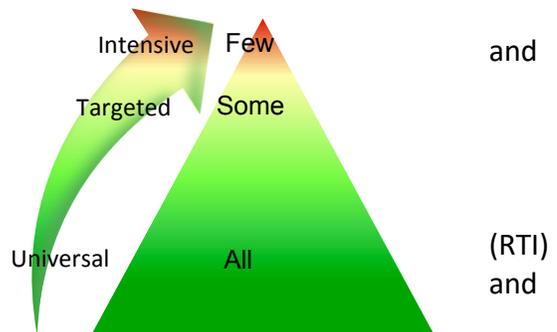

- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-1 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

### Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-1. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-1 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention Programs, MSA-1 implements Positive Behavior Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-1 implements prevention strategies for each tier as presented below:

Tier	Prevention Description
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-

	oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-1 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

A student may be suspended for prohibited misconduct as identified below under the heading, "Enumerated Offenses," if the act is (1) related to school activity; (2) school attendance occurring at MSA-1; or (3) a MSA-1 sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

### **Enumerated Offenses**

#### **Discretionary Suspension Offenses**

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in minor injury.

3. Unlawfully possessed, used, or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully was under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion.
7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.
8. Stole or attempted to steal school property or private property.
9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.
10. Committed an obscene act or engaged in habitual profanity or vulgarity.
11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
12. Knowingly received stolen school property or private property.
13. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
16. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a pupil organization or body,

whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.

17. Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.
18. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently offensive as to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
19. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
20. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
21. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - 1) “Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
  - ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.
  - iii. Causing a reasonable student to experience interference with his or her academic performance.
  - iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- 2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image.
  - ii. A post on a social network Internet Web site including, but not limited to:
    - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
    - (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
  - iii. An act of cyber sexual bullying.
    - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic,

educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

22. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.

23. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

### **Mandatory Suspension Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this

conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-1 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-1 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,

- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

## **Grounds for EXPULSION**

### **Jurisdiction**

A student may be expelled for prohibited misconduct, that are described below under the heading, "Discretionary Expellable Offences and Mandatory Expulsion Offenses," if the act is (1) related to school activity; (2) school attendance occurring at MSA-1 or at any other school; or (3) a MSA-1

sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

The length of an expulsion is addressed above, under "Rehabilitation Plans."

## **Discretionary Expellable Offenses**

Students may be recommended for expulsion for any of the following acts when it is determined the pupil:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in serious bodily harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in serious bodily injury.
3. Unlawfully possessed, used, or otherwise furnished significant amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion in excess of \$1,000.
7. Caused or attempted to cause damage to school property or private property in excess of \$1,000.
8. Stole or attempted to steal school property or private property in excess of \$1,000.
9. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

10. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
11. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
12. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, “hazing” means a method of initiation or pre-initiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
13. Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.
14. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual’s academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
15. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
16. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
17. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

- i. “Bullying” means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
  - i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student’s or those students’ person or property.
  - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
  - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
  - iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
  
- ii. “Electronic Act” means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
  - i. A message, text, sound, video, or image.
  - ii. A post on a social network Internet Web site including, but not limited to:
    - i. Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
    - ii. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - iii. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
  
- iii. An act of cyber sexual bullying.
  - i. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to

school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- ii. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
2. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

18. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.

19. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

## **Mandatory Expulsion Offenses**

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code 48915(h).

## **Expulsion Procedures**

### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or

more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-1’s disciplinary rules which relate to the alleged violation;
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;

7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

## **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-1 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-1 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-1 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-1. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the

Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as

defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-1
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MSA-1 shall maintain records of all student suspensions and expulsions at MSA-1. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

### **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-1 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-1's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### **Rehabilitation Plans**

Pupils who are expelled from MSA-1 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-1 for readmission.

MSA-1 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

## Bullying

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

### Procedures for Notifying Teachers about Dangerous Pupils

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Illuminate. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the LAUSD regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student's counselor.

1. The School Principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The School is not civilly or criminally liable for providing information unless it is proven that the information was false and that the School employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.
2. Any information received by a teacher pursuant to this Section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

**This notification will be provided on our school letterhead:**

**Sexual Harassment Policy**

**Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or

tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

**Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

**Prohibited Unlawful Sexual Harassment:**

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and

- intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

### **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### **Harassment and Discrimination**

**Harassment and Discrimination are prohibited. They include the following:**

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

**Policies for dealing with harassment and discrimination are described in the *MPS Employee Handbook* and *MPS Student-Parent Handbook*.**

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
5. Determine disciplinary consequences. See *MPS Employee Handbook* and *MPS Student-Parent Handbook*.
6. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
7. Notify parents or legal guardian and appropriate school personnel of incident.
8. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

**Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

#### General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

### **HARASSMENT COMPLAINT FORM**

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School’s policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment are taken very seriously by the School both because of the harm caused to the person harassed, and because of the potential sanctions that may be taken against the harasser. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

### **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### **Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Acceptable and Unacceptable Staff/Student Behavior**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy)**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;

- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

### **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

### **Cautionary Staff/Student Behaviors**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
  - Excessive attention toward a particular student;
  - Sending emails, text messages or letters to students if the content is not about school activities.
- Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
  - Obtaining formal approval to take students off school property for activities such as field trips or competitions;
  - E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
  - Keeping the door open when alone with a student;
  - Keeping reasonable space between you and your students;
  - Stopping and correcting students if they cross your own personal boundaries;
  - Keeping parents informed when a significant issue develops about a student;
  - Keeping after-class discussions with a student professional and brief;
  - Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
  - Involving your supervisor if conflict arises with the student;
  - Informing the Executive Director about situations that have the potential to become more severe;
  - Making detailed notes about an incident that could evolve into a more serious situation later;
  - Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
  - Asking another staff member to be present if you will be alone with any type of special needs student;
  - Asking another staff member to be present when you must be alone with a student after regular school hours;
  - Giving students praise and recognition without touching them;
  - Pats on the back, high fives and handshakes are acceptable;
  - Keeping your professional conduct a high priority;
  - Asking yourself if your actions are worth your job and career.

## **School-wide Dress Code Prohibiting Gang-related Apparel**

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs is not permitted on campus at any time. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented.

### **DRESS CODE**

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to obtain written permission from the school's administration.

### **MPS STUDENT UNIFORM POLICY**

Pants, shorts, skirts, skorts, or capris are acceptable.

#### **Pants/Skirts/Skorts/Shorts:**

May not be baggy or tight fitting. May not be rolled at waist. Waist size must be same as student's waist size. Top of garment must be at or above hip bone.

Sweatshirts and jackets must be solid navy blue or gray.

### **Procedures for Safe Ingress and Egress from School**

Maps are available in our front office to facilitate with the safe comings and goings of pupils, parents, visitors and school employees to and from school. In addition, evacuation maps and routes are located in the front office.

**\*Please see school map at bottom of this Safety Plan**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

Visitors should:

1. Always report and sign in at the office.
2. Be provided with a visitor's badge.
3. Be prepared to provide identification to school personnel.
4. Respect school rules.

School personnel should:

1. Insure all exterior doors are marked with a notice to visitors to first report to the office.
2. Exterior doors should remain locked, except doors near the office area.
3. Staff should receive training on how to greet visitors. The first question is "May I help you?"
4. Someone should greet every visitor.
5. Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee)

Visitors who fail to comply with school procedures:

1. Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office immediately. If you fail to do so, you will be considered a trespasser, and school security will be called.")
2. If this fails:
  - Notify the office of the situation.
  - Follow the person, if possible, and continue to give notice of the violation of school rules.
3. Police should be notified, or call 911.
4. Office should activate building-wide notification plan concerning intruder:
  - PA announcement using pre-determined code phrase.
  - Classroom doors should be closed.
  - Students should remain in current areas.

## **Procedures to Ensure a Safe and Orderly Environment**

### **The Social Climate and the Physical Environment**

The Social Climate and The Physical Environment are two components used to identify our school's strengths, areas of desired change and future plans.

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values which are reinforced through its “Life Skills” curriculum, expected school wide learning results (ESLR), and all school activities.

#### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline  
Citizenship and Personal Qualities

#### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices  
Conflict Resolution and Human Relations

**Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students' Rights and Responsibilities:

- To be informed of all school rules and regulations.
- To have access to your student account in Illuminate.
- To have a safe and educational environment.
- To attend class regularly and on time.
- To obey school rules and regulations.
- To respect your rights and the rights of your peers.
- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

Parents' Rights and Responsibilities:

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in Illuminate.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook, which was signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.
- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

### **Teachers' Rights and Responsibilities:**

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and earn a passing grade.
- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.
- To initiate and enforce a set of classroom rules, consistent with the school's behavior policies.
- To keep assignments, grading, and attendance current in Illuminate.
- To have administrative support for reflection in and outside the classroom. To explain the Student Code of Conduct and Bullying Policy to their students.
- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

### **Administrators' Rights and Responsibilities:**

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- "All students shall comply with the regulations, pursue the required course of study, and submit to the authority of teachers of the school." Education Code, § 48900 et seq.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.

- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

Illuminate provides the following information:

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve.
6. Communication: Illuminate provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child's academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.
7. Parent Square: Parent square is another form of communication that allows parents, students, and teachers and the school's leadership team to communicate.

### **Our Graduates will be:**

Critical Thinkers who:

- Apply, analyze, identify, synthesize and evaluate information and experiences.
- Connect the skills and content learned across the curriculum and evaluate multiple points of view.
- Use the Inquiry Process to address a problem, hypothesize, analyze, and draw conclusions as they investigate an issue/problem.
- Utilize Problem-solving techniques during conflict resolution and to compromise.

### **Effective Communicators who:**

- Demonstrate effective oral and written communication skills through the use of Academic Language at school, with peers and in the community.
- Demonstrate Content area and grade level achievement in Reading, Writing, Mathematics, History and Science.

- Collaborate, work effectively, and manage interpersonal relationships within diverse groups and settings.

### **21st Century Scholars who:**

- Use technology effectively to access, organize, research and present information.
- Demonstrate the ability to integrate technology as an effective tool in their daily lives.
- Have developed an academic plan with goals to guide them in their pursuit towards a college degree and career choices (planning).
- Have a clear understanding of college readiness so that in high school, they will be prepared to complete the UC A-G Course Requirements and meet college eligibility requirements.

### **Socially Responsible Global Citizens who:**

- Embrace and respect cultural diversity through the understanding of our Global World.
- Demonstrate knowledge and understanding of American and World History and the values of different cultures.
- Contribute to the improvement of life in their school and local community through Leadership skills and participation in Community Projects.
- Demonstrate knowledge of proper nutrition, exercise and physical health and its impact on daily life.

### **Life Skills**

Our ESLR's are also integrated and further reinforced in our weekly Life Skills Course, a requirement for all students in grades 6-8. Each year, the Principal will join the other principals from all Magnolia Public Schools to collaborate to discuss and reflect on the impact of the Life Skills Curriculum, the school's mission, vision and school culture. Based on the discussion and feedback, the curriculum is revised to support the school's culture and engage all students while creating a safe and respectful learning environment for all students.

The Life Skills Curriculum addresses the following issues/topics as part of the curriculum:

- Patterns of Success (Essential skills to prepare for College & Academic Success)
- Respect
- Conflict Resolution (Addressing teen issues including Bullying, Cyber bullying, Peer Pressure)
- Making Responsible Choices (Ethics, Drug/Alcohol Awareness/Prevention)
- Citizenship (Democratic Values)
- Human Relations (Social Interactions)
- Personal Qualities (Core Values)
- Self-Reflection (Developing a positive attitude)

Life Skills is an enriching course that provides our students with valuable skills to excel academically and socially in the 21st century. The teacher leads the course, and then students participate in activities/projects to demonstrate their understanding of the material and answer questions posed. In addition, our instructors have guest speakers and utilize various forms of technology to engage students in the course content.

Parent Task Force (PTF)

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 20% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations. We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

### Physical Environment

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
- Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.
- Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
- Resources needed: Safety plan,
- Person(s) responsible for implementation: Designated administrator, safety committee
- Timeline for implementation: August 2019
- Budget: None

- Evaluation guidelines: Surveys, Feedback from stakeholders
- Goal(s): Maintain and upkeep a safe school campus
- Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
- Related Activities: Teachers can report concerns during weekly staff meetings.
- Resources needed: Walk-thru form, building supplies
- Person(s) responsible for implementation: Plant manager
- Timeline for implementation: August 2019
- Budget: Refer to schools annual budget
- Evaluation guidelines: Surveys, Feedback from stakeholders

Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Effective Communication**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

### **If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Students' Rights and Responsibilities:**

- To be informed of all school rules and regulations.
- To have access to your student account in Illuminate.
- To have a safe and educational environment.

### **Parents' Rights and Responsibilities:**

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in Illuminate.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook, which was signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.
- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

### **Teachers' Rights and Responsibilities:**

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and earn a passing grade.
- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.
- To initiate and enforce a set of classroom rules, consistent with the school's discipline policies.
- To keep assignments, grading, and attendance current in Illuminate.
- To have administrative support for discipline in and outside the classroom. To explain the Student Code of Conduct and Bullying Policy to their students.
- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

#### **Administrators' Rights and Responsibilities:**

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- "All students shall comply with the regulations, pursue the required course of study, and submit to the authority of teachers of the school." Education Code, § 48900 et seq.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

#### **Illuminate provides the following information:**

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also

provides a reminder for those who may have forgotten to record their homework assignment for a course.

5. **Illuminate Point System:** we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve.
6. **Communication:** Parent Square provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented. The types of communications include but are not limited to: informing parents about their child's academic progress, mandatory tutoring announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using parent square. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Parent square provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so. Parent square also has an emergency alert that can notify parents of an emergency.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all

applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

## **Rules and Procedures on School Discipline**

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

### **Expected Student Behavior**

Students should always remember that their behavior and actions at school and at school sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what is expected from an MPS student:

#### **Breakfast/Lunch Time:**

- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their breakfast/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food, and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- Remember that they are not allowed in the school building without a pass.

Remember that restroom use is at the discretion of the security guard/supervisor staff. Students must carry a pass that is given to them by security guard/supervisor staff.

#### **On Campus:**

- Stay in designated areas on-campus.
- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular phones only in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.

- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Not leave campus without permission during school hours.
- Not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that no electronic devices such as CD/MP3/IPOD players may be visible or used on the campus grounds.
  - Students are not allowed to loiter in the hallways.

**Assemblies:**

- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

**Field Trips: Students must:**

- Be on their best behavior. Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

**Public areas: Hallways, Lunchroom & Restrooms: Hallways, Lunchroom and Restrooms are areas used by all members of School.**

- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.
- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.
- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
  - Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
- Have a hall pass if you are outside of the classroom during class time.
- Not visit with friends or interrupt another classroom.
- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills: Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

**Classroom:**

- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences: Please check the teacher's syllabus for specific consequences which may include:

1. In Class Warning
2. Student-Teacher Conference
3. Detention / Parental Notification
4. Parent Conference
5. Office Referral & Administrative Disciplinary Procedures

### **Illuminate Behavior Points**

[For Middle & High School Only: Student behavior will be recorded on Illuminate and students will receive the following rewards or consequences based on their behavior points.

Positive Rewards:

+5 Contact parent/guardian +20 One day free dress (pass will be given) +30 Two day free dress pass (pass will be given) +45 free dress every Friday for one month (pass will be given) +50 VIP lunch and "Race to the top"

### **Unacceptable types of Behavior**

All students at MPS are entitled to the rights guaranteed by the United States Constitution and Bill of Rights, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, detention, to emergency removal from a school activity, suspension, expulsion, and criminal prosecution. MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community. In other words MPS may discipline behavior at school or at a school related or school-sponsored function or any activity or any act that has a negative effect on the school environment or that is performed with/on/by/via school equipment or school property.

### **Multi-Tiered System of Response to Behavior**

### **Assaulting, Fighting and/or Arranging Fights:**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

### **Bringing / Using Electronic Devices:**

CD Players, IPOD, MP3 players, phones, PDA, PSP, Laptops, Electronic Games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

### **Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. Each teacher sets their own standards of behavior for their classroom, and students are expected to know the standards and procedures for each of their classes.

### **Texting/Sexting:**

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

### **Disrupting Learning:**

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

### **Horseplay:**

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps

### **Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol:**

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters. The sale, distribution,

possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

**False Fire Alarms:**

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

**Forgery of Signatures:**

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

**Vulgarity, Profanity and Obscenity:**

Any gesture or material of this nature is not permitted at school or school functions.

**Behaving Disrespectfully towards Teachers or Staff:**

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

**Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

**Stealing and/or Vandalizing School/Private Property & Graffiti:**

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

**Displaying Threatening Behavior:**

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

**Bringing Weapon in School:**

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

**Possession or Use of Fireworks:**

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

**Arson:**

Intentionally starting any fire or combustion on school property

**Public Display of Affection:**

Public displays of affection are not allowed.

**Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules:**

Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to the following discipline.

**Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specified misbehavior. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

**Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

**Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. This includes the use of social media for wrongful purposes.

**Each MPS student agrees to:**

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

**Harassment of Students, Teachers, Administrators, or Staff:**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

**Student Hazing:**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences

**Safety Goals and Objectives**

Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

**Component 1 - School Climate**

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
  - Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.
    - Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
    - Resources needed: Safety plan,
    - Person(s) responsible for implementation: Designated administrator, safety committee
    - Budget: None
    - Evaluation guidelines: Surveys, Feedback from stakeholders

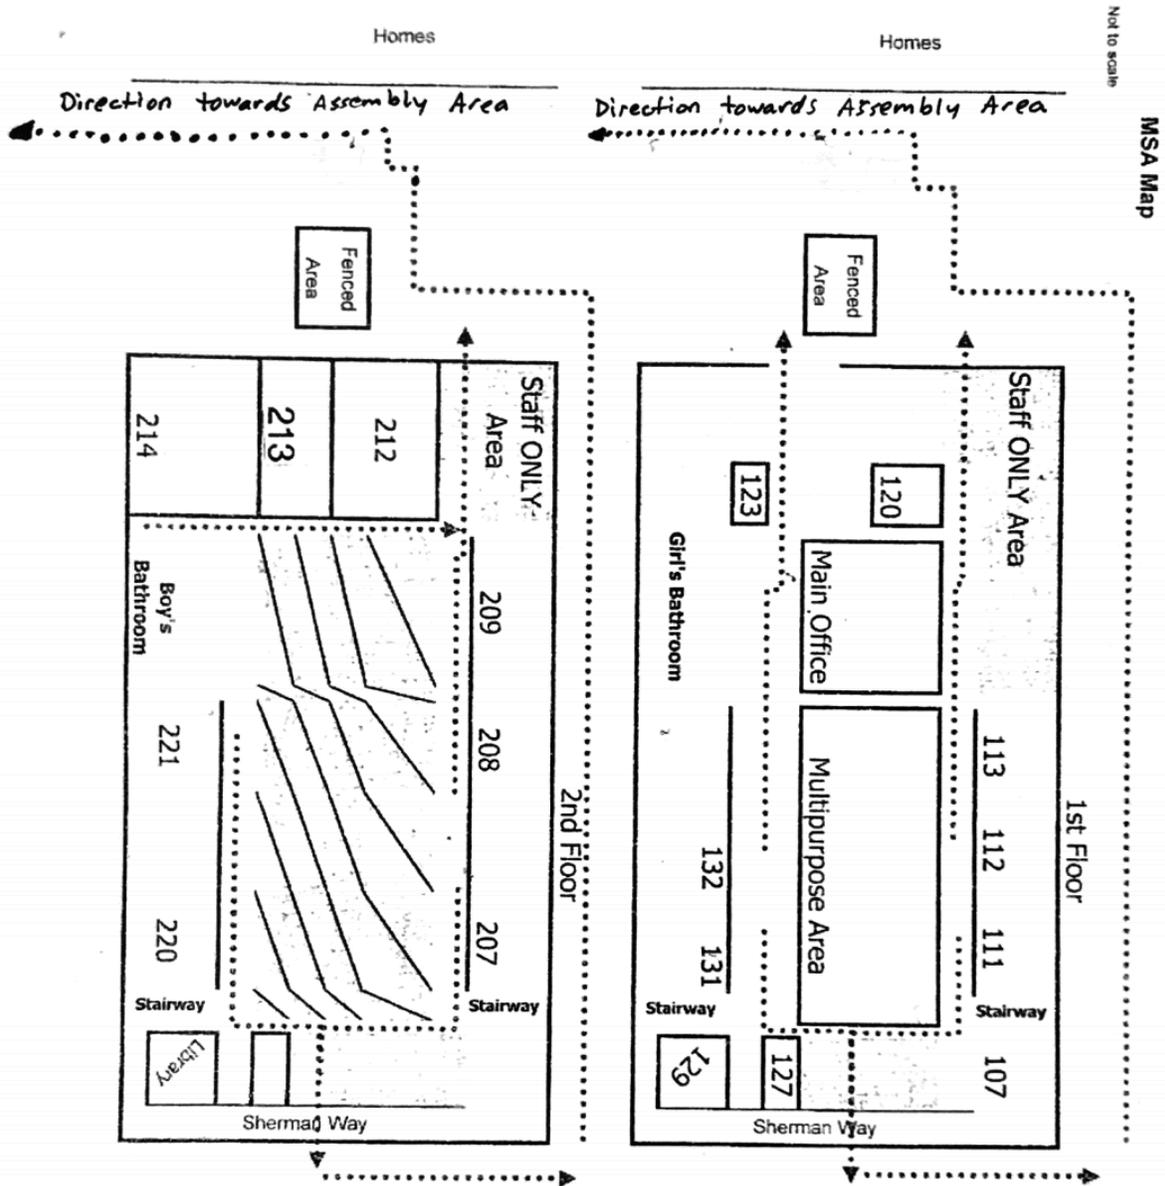

**Component 2 - Physical Environment**

- Goal(s): Maintain and upkeep a safe school campus
  - Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
    - Related Activities: Teachers can report concerns during weekly staff meetings.
    - Resources needed: Walk-thru form, building supplies
    - Person(s) responsible for implementation: Plant manager

- Budget: Refer to schools annual budget
- Evaluation guidelines: Surveys, Feedback from stakeholders

## Host Crisis Help

Home office support team

***Always call 911 first when a life-threatening emergency is in place! You can call the Suat Acar, Chief Operations Officer anytime by skipping the below process to get direct guidance. In case you cannot reach the Chief Operations Officer you may call our CEO Mr. Rubalcava or Assistant Director of Student Services Dr. Brenda Lopez for immediate assistance.***

- 1- The principal or the dean (Admin) is informed about an emergency or a crisis situation
- 2- If possible, the admin investigates and provides an incident report to the host@magnolia email. In case of urgency the admin or designee sends an email to host@magnolia immediately then provides the incident report later.
- 3- Suat Acar directs the conversation to the related, appropriate home office staff for further follow-up. Either Suat or related home office staff start a text message conversation for quick, instant communication
- 4- Case follow up report to be provided to host@magnolia by the related home office staff and the school admin.

5- If the case investigation, follow up needs further time the related home office staff will follow up with the admin.

**Possible emergency cases, crisis situations:**

\* Lock downs (Active shooters or etc.)

\* Natural Catastrophes, major tragic events that took place on or around the school grounds that may affect the school's schedule or programs

Additionally, the following number is used as the crisis group call in line as necessary

**Phone Number: 1 (669) 224-3412**

## **School Site Mission**

### **Mission and Vision**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

### ***Excellence***

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

### ***Innovation***

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

### ***Connection***

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

## Statement of Purpose

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;

- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;
- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## Assessment of the Current Status of School Crime

1. Data sources the committee reviewed:
  - a. Local law enforcement crime data
    - i. Top three crime violations in our area last year, based on [www.crimemapping.com/map/region/lapdWestValleyArea](http://www.crimemapping.com/map/region/lapdWestValleyArea) were:
      1. Vehicle break in
      2. Theft/Larceny
      3. Burglary
  - b. Suspension/Expulsion data:
    - i. Student information data was used to identify top suspendable/expellable offenses at our campus. A tremendous decrease in suspensions/expulsions were noted due to the implementation of positive behavior support model.
    - ii. Behavior referrals, Illuminate was used to identify and segregate all behavior referrals.
  - c. School Improvement Plan
    - i. Reviewed current years plan to identify any additional areas of improvement needed.
  - d. Property Damage data
    - i. Reviewed Illuminate behavior data to identify any property damage that has occurred.
  - e. Attendance rates
    - i. Student attendance rates were pulled from Illuminate.
    - ii. Truancy data was pulled from Illuminate
2. The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety.
  - a. Parent/Student Handbook
  - b. School Safety Committee
  - c. Discipline Committee
  - d. Administration
  - e. Local School Administration
  - f. School Site Council
  - g. Parent Task Force
  - h. Student Leadership
  - i. Local Law Enforcement Collaboration
3. We will continue to review data in the upcoming academic year to continually revise and identification appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

## **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources, in compliance with EC 44691.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services  
800-540-4000

#### **2. Written Report**

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

## DEFINITIONS AND GENERAL INSTRUCTIONS FOR COMPLETION OF FORM SS 8572

All Penal Code (PC) references are located in Article 2.5 of the PC. This article is known as the Child Abuse and Neglect Reporting Act, also known as CANRA. The Internet site is: <http://www.leginfo.ca.gov/calaw.html> (specify Penal Code and search for Sections 11164-11174.3). A mandated reporter must complete and submit the form SS 8572 even if some information is not known. (PC Section 11167(a).)

### I. MANDATED CHILD ABUSE REPORTERS

- Mandated child abuse reporters include all those individuals and entities as defined in PC Section 11165.7.

### II. TO WHOM REPORTS ARE TO BE MADE (DESIGNATED AGENCIES)

- Reports of suspected child abuse or neglect shall be made by mandated reporters to any police department or sheriff's department (not including a school district police or security department), county probation department (if designated by the county to receive mandated reports) or the county welfare department. (PC Section 11165.9.)

### III. REPORTING RESPONSIBILITIES

- Any mandated reporter who has knowledge of or observes a child, in his or her professional capacity or within the scope of his or her employment, whom he or she knows or reasonably suspects has been the victim of child abuse or neglect shall report such suspected instance of abuse or neglect to a designated agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof *within 36 hours* of receiving the information concerning the incident. (PC Section 11166(a).)
- No mandated reporter who reports a suspected instance of child abuse or neglect shall be held civilly or criminally liable for any report required or authorized by the CANRA. Any other person reporting a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of any report authorized by the CANRA unless it can be proven the report was false and the person knew it was false or make the report with reckless disregard of its truth or falsity. (PC Section 11172(a).)

### IV. INSTRUCTIONS

- SECTION A - REPORTING PARTY:** Enter the mandated reporter's name, title, category (from PC Section 11165.7), business (agency) name and address, telephone number, a signature and today's date. Also check yes-no whether you (the mandated reporter) witnessed the incident. The signature area is for either the mandated report or the person taking as telephoned report.

  - SECTION C - VICTIM** (One Report per Family, siblings must have same parents/guardians): Enter the victim's name, address, telephone number, birth date or approximate age, sex, ethnicity, present location, and where applicable enter the school, class (indicate the teacher's name or room number), and grade. List the primary language spoken in the victim's home. Check the appropriate yes-no box for: developmentally disabled?, physically disabled? and specify the victim's other disability. To determine if the victim has a disability, ask the victim's parent or care giver. Also check the appropriate yes-no box for in foster care?, indicate type of care if the victim was in out-of-home care, indicate the type of abuse. List the victim's relationship to the suspect, check the appropriate yes-no box for photos taken?, indicate whether the incident resulted in this victim's death.
  - SECTION D - INVOLVED PARTIES:** Enter the requested information for: Victim's Siblings, Victim's Parents/Guardians and the Suspect.
  - SECTION E - INCIDENT INFORMATION:** If multiple victims, enter the number. Enter date/time and place of the incident. Provide a narrative of the incident. Attach extra sheets if needed.
- ### V. DISTRIBUTION
- Reporting Party:** After completing Form SS 8572, retain the yellow copy for your records and submit the top three copies to the designated agency.
  - Designated Agency:** *Within 36 hours* of receipt of Form SS 8572, send **white copy** to police or sheriff, **blue copy** to county welfare or probation, and **green copy** to district attorney.

## Disaster Response Procedures

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and well being of students and staff at the time of an emergency. Specific goals include:

1. Protect the safety and welfare of students and staff;
2. Provide for a safe and coordinated response to emergency situations;
3. Protect the school's facilities and property;
4. Enable the school to restore normal conditions with minimal confusion in the shortest time possible;
5. Provide for interface and coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee.

### **Fire**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

## Medical Emergency

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.
- Provide the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
  - Nature of the emergency.
  - Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

## Earthquakes

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.
- Certificated and classified school staff are trained annually on emergency earthquake procedures

## Assaults

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.

If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

## Hazardous Materials

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material.

Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
- If a more serious spill occurs inside or outside:
- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
- Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known.
  - Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
- Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
- Remain inside building unless ordered to evacuate by the Fire Department.
- Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.

- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### **Civil Disturbance**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities - Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### **Vandalism**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel.
- The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.
- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.
- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.

- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

## **Bomb Threat**

Person receiving call:

- Listen - Do not interrupt caller.
- If possible, alert other staff by a pre-arranged signal while the caller is on the line.
- In the event that a bomb threat is received, it is important for the person receiving the call to attempt to keep the caller on the telephone as long as possible. It is also important to listen carefully to all information provided by the caller and to make a note of any voice characteristics, accents, or background noises.
- Attempt to ask questions and elicit the information required to determine the severity of the threat.
- Notify School Principal, or his/her designee, immediately.

The School Principal, or his/her designee will:

- Notify Police Department – Dial 911.
- With the assistance of responding law enforcement personnel, conduct a thorough search of the building & surrounding areas:
  - Classrooms and work areas.
  - Public areas - foyers, office bathrooms and stairwells.
  - Lockers and unlocked closets.
  - Exterior areas -- shrubbery, trashcans, debris boxes, gas valves, etc.
  - Power sources -- electric panels, telephone panels, computer rooms, etc.
- With assistance from responding law enforcement personnel and/or Fire Department, the School Principal, or his/her designee, will evaluate the threat and will determine whether to evacuate the building and/or to continue to search the premises.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought. The School Principal, or his/her designee, must grant approval for student release.
- An incident report should be drafted before the end of the workweek.

## **Explosion**

If an explosion occurs at the school, the following procedures should be used:

- Give DROP AND COVER command.
- Sound building fire alarm. This will automatically implement action to leave the building.
- Notify Fire Department – Dial 911.
- Provide the following information:
  - School name.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
- Evacuate to outdoor assembly area.
- Check attendance. Remain with students.

- Render first aid as necessary.
- Notify grounds and building personnel.
- Keep students and staff at a safe distance from the building(s) and away from firefighting equipment.
- Public safety officials will determine when the building is safe for re-entry, and along with School Principal, or his/her designee, whether student release from the school site is necessary.
- Draft incident report by the end of the week.

## **Fighting or Riot**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:
  - Instructing office staff to handle communications and initiate lockdown orders.
  - Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

## Hostage Situation

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Stay calm.
- Don't be a hero.
- Follow instructions of captor.
- Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages.
- Inform captors of medical or other needs.
- Be prepared to wait; elapsed time is a good sign.
- Don't try to escape; don't try to resolve situation by force.
- Be observant and remember everything that is seen or heard.
- If a rescue takes place, lie on the floor and await instructions from rescuers.

The School Principal, or his/her designee, should be responsible for the following:

- Immediately notify law enforcement.
- Move other students and teachers completely away from those who are in the hostage situation.
- Keep everyone as calm as possible.
- Be prepared to answer questions from media or family.

## Death of a Student

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.

- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Intruder or Individual with Deadly Weapon/Active Shooter**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Avoid confronting the student or gunman.
- Notify the School Principal, or his/her designee, or school office immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.

The School Principal, or his/her designee, should follow these guidelines:

- Notify law enforcement immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
- Determine the level of threat. If the level of threat is high, call for additional backup.
- Attempt to get the weapon from the gunman or student through negotiation, or take other appropriate action with the aid of local law enforcement.
- If the level of threat is low, call the student to the office and have law enforcement take the appropriate action.

### **Lock Down**

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.

- The Principal or Admin designee will make an announcement on the P.A. system that the school is going into a Lock Down situation. If P.A. system is not available, other means of communication, i.e., texting or email to staff or sending messengers. The Principal or Admin designee should remain calm and under control and give clear directions.
- Teachers will lock their doors and shut their blinds and instruct students to stay away from the doors and windows.
- If outside, students will continue to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the nearby classrooms or school buildings.
- Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal/Admin Designee or law enforcement.
- All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.

### **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

**Evacuation**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken:

The School Principal or his/her designee should:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

**Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.

- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

### **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

### **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.

- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

### **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist. Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School Principal.

When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

### **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

### **Classroom Safety Kits**

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Ones
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

## **Suspension and Expulsion Policies**

### **Students with an IEP:**

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

### **SUSPENSION AND EXPULSION PROCEDURES**

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

#### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

#### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-1. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-1's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of

force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

## Positive Discipline

MSA-1 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-1 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

## Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-1. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-1 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, positive behavior supports, and

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-1 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-1 implements prevention strategies for each tier as presented below:

<b>Tier</b>	<b>Prevention Description</b>
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-1 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

A student may be suspended for prohibited misconduct as identified below under the heading, "Enumerated Offenses," if the act is (1) related to school activity; (2) school attendance occurring at MSA-1; or (3) a MSA-1 sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;

- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

## **Enumerated Offenses**

### **Discretionary Suspension Offenses**

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in minor injury.
3. Unlawfully possessed, used, or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully was under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion.
7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.
8. Stole or attempted to steal school property or private property.
9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.
10. Committed an obscene act or engaged in habitual profanity or vulgarity.

11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
12. Knowingly received stolen school property or private property.
13. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
16. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
17. Made terroristic threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.
18. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently offensive as to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.

19. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
20. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
21. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    - i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    - ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.
    - iii. Causing a reasonable student to experience interference with his or her academic performance.
    - iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
  - 2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    - i. A message, text, sound, video, or image.
    - ii. A post on a social network Internet Web site including, but not limited to:
      - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
      - (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that

- another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
- (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
- iii. An act of cyber sexual bullying.
    - (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
22. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.
23. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

### **Mandatory Suspension Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.

4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-1 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-1 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school

suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is

transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat

or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

## **Grounds for EXPULSION**

### **Jurisdiction**

A student may be expelled for prohibited misconduct, that are described below under the heading, "Discretionary Expellable Offences and Mandatory Expulsion Offenses," if the act is (1) related to school activity; (2) school attendance occurring at MSA-1 or at any other school; or (3) a MSA-1 sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

The length of an expulsion is addressed above, under "Rehabilitation Plans."

### **Discretionary Expellable Offenses**

Students may be recommended for expulsion for any of the following acts when it is determined the pupil:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in serious bodily harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in serious bodily injury.
3. Unlawfully possessed, used, or otherwise furnished significant amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

4. Unlawfully under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion in excess of \$1,000.
7. Caused or attempted to cause damage to school property or private property in excess of \$1,000.
8. Stole or attempted to steal school property or private property in excess of \$1,000.
9. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
10. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
11. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
12. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.
13. Made terroristic threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

14. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
15. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
16. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
17. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - i. "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    - i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    - ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
    - iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
    - iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
  - ii. "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    - i. A message, text, sound, video, or image.

- ii. A post on a social network Internet Web site including, but not limited to:
        - i. Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
        - ii. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
        - iii. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
      - iii. An act of cyber sexual bullying.
        - i. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
        - ii. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
    - 2. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
18. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.
19. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

## **Mandatory Expulsion Offenses**

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code 48915(h).

## **Expulsion Procedures**

### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-1's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### **Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

MSA-1 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-1 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MSA-1 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-1. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or

other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-1
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MSA-1 shall maintain records of all student suspensions and expulsions at MSA-1. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

### **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-1 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the

meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-1's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

### **Rehabilitation Plans**

Pupils who are expelled from MSA-1 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-1 for readmission.

MSA-1 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

## **ADDITIONAL PROVISIONS**

### **Bullying**

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

## **Procedures for Notifying Teachers about Dangerous Pupils**

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Illuminate. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the LAUSD regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential..This information is also forwarded to all administrators and the student's counselor.

1. The School Principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The School is not civilly or criminally liable for providing information unless it is proven that the information was false and that the School employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.
2. Any information received by a teacher pursuant to this Section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

**This notification will be provided on our school letterhead:**

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

#### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years

thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and
  - intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS Policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

### **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### **Harassment and Discrimination**

**Harassment and Discrimination are prohibited. They include the following:**

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

**Policies for dealing with harassment and discrimination are described in the *MPS Employee Handbook* and *MPS Student-Parent Handbook*.**

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
5. Determine disciplinary consequences. See *MPS Employee Handbook* and *MPS Student-Parent Handbook*.
6. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
7. Notify parents or legal guardian and appropriate school personnel of incident.

8. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee’s satisfaction. However, the School values each employee’s ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## **HARASSMENT COMPLAINT FORM**

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment are taken very seriously by the School both because of the harm caused to the person harassed, and because of the potential sanctions that may be taken against the harasser. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

## **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### **Corporal Punishment**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Acceptable and Unacceptable Staff/Student Behavior**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy)**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

## **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

## **Cautionary Staff/Student Behaviors**

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone;
  - Excessive attention toward a particular student;
  - Sending emails, text messages or letters to students if the content is not about school activities.
- Acceptable and Recommended Staff/Student Behaviors:
- Getting parents' written consent for any after-school activity;
  - Obtaining formal approval to take students off school property for activities such as field trips or competitions;
  - E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
  - Keeping the door open when alone with a student;
  - Keeping reasonable space between you and your students;
  - Stopping and correcting students if they cross your own personal boundaries;
  - Keeping parents informed when a significant issue develops about a student;
  - Keeping after-class discussions with a student professional and brief;
  - Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
  - Involving your supervisor if conflict arises with the student;
  - Informing the Executive Director about situations that have the potential to become more severe;
  - Making detailed notes about an incident that could evolve into a more serious situation later;
  - Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
  - Asking another staff member to be present if you will be alone with any type of special needs student;
  - Asking another staff member to be present when you must be alone with a student after regular school hours;
  - Giving students praise and recognition without touching them;
  - Pats on the back, high fives and handshakes are acceptable;
  - Keeping your professional conduct a high priority;
  - Asking yourself if your actions are worth your job and career.

## School–Wide Dress Code Prohibiting Gang-Related Apparel

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs is not permitted on campus at any time. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented.

### **DRESS CODE**

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to obtain written permission from the school's administration.

### **MPS STUDENT UNIFORM POLICY**

Pants, shorts, skirts, skorts, or capris are acceptable.

#### **Pants/Skirts/Skorts/Shorts:**

FOOTWEAR: Any athletic shoes suitable for basketball, tennis, and field sports. PE shoes may be the same black athletic shoes discussed in the dress uniform section.

## OUTERWEAR

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for religious head coverings. No gloves or finger lacing of any sort are allowed.

### **For colder weather:**

MPS Navy Crew-Neck and zip V-Neck Sweatshirt, and Jackets are recommended and preferred to be worn on campus, inside and outside.

Sweatshirts and jackets must be solid navy blue or gray.

## **Procedures for Safe Ingress and Egress from School**

Maps are available in our front office to facilitate with the safe comings and goings of pupils, parents, visitors and school employees to and from school. In addition, evacuation maps and routes are located in the front office.

**\*Please see school map at bottom of this Safety Plan**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

Visitors should:

1. Always report and sign in at the office.
2. Be provided with a visitor's badge.
3. Be prepared to provide identification to school personnel.
4. Respect school rules.

School personnel should:

1. Insure all exterior doors are marked with a notice to visitors to first report to the office.
2. Exterior doors should remain locked, except doors near the office area.
3. Staff should receive training on how to greet visitors. The first question is "May I help you?"
4. Someone should greet every visitor.
5. Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee.)

Visitors who fail to comply with school procedures:

1. Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office immediately. If you fail to do so, you will be considered a trespasser, and school security will be called.")
2. If this fails:
  - Notify the office of the situation.
  - Follow the person, if possible, and continue to give notice of the violation of school rules.
3. Police should be notified, or call 911.
4. Office should activate building-wide notification plan concerning intruder:
  - PA announcement using pre-determined code phrase.
  - Classroom doors should be closed.
  - Students should remain in current areas.

## **Procedures to Ensure a Safe and Orderly Environment**

### **The Social Climate and the Physical Environment**

The Social Climate and The Physical Environment are two components used to identify our school's strengths, areas of desired change and future plans.

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color,

race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the school's regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values which are reinforced through its "Life Skills" curriculum, expected school wide learning results (ESLR), and all school activities.

#### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline Citizenship and Personal Qualities

#### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices Conflict Resolution and Human Relations

**Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students' Rights and Responsibilities:

- To be informed of all school rules and regulations.
- To have access to your student account in Illuminate.
- To have a safe and educational environment.

- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

**Parents' Rights and Responsibilities:**

To be informed of the school's rules and regulations.

- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in Illuminate.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook, which was signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.
- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

**Teachers' Rights and Responsibilities:**

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and earn a passing grade.
- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.

- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

**Administrators' Rights and Responsibilities:**

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- "All students shall comply with the regulations, pursue the required course of study, and submit to the authority of teachers of the school." Education Code, § 48900 et seq.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.

- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

Illuminate provides the following information:

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve.
6. Communication: Illuminate provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child's academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so.
7. Parent Square: Parent square is another form of communication that allows parents, students, and teachers and the school's leadership team to communicate.

### **Our Graduates will be:**

Critical Thinkers who:

- Apply, analyze, identify, synthesize and evaluate information and experiences.
- Connect the skills and content learned across the curriculum and evaluate multiple points of view.
- Use the Inquiry Process to address a problem, hypothesize, analyze, and draw conclusions as they investigate an issue/problem.
- Utilize Problem-solving techniques during conflict resolution and to compromise.

**Effective Communicators who:**

- Demonstrate effective oral and written communication skills through the use of Academic Language at school, with peers and in the community.
- Demonstrate Content area and grade level achievement in Reading, Writing, Mathematics, History and Science.
- Collaborate, work effectively, and manage interpersonal relationships within diverse groups and settings.

**21st Century Scholars who:**

- Use technology effectively to access, organize, research and present information.
- Demonstrate the ability to integrate technology as an effective tool in their daily lives.
- Have developed an academic plan with goals to guide them in their pursuit towards a college degree and career choices (planning).
- Have a clear understanding of college readiness so that in high school, they will be prepared to complete the UC A-G Course Requirements and meet college eligibility requirements.

**Socially Responsible Global Citizens who:**

- Embrace and respect cultural diversity through the understanding of our Global World.
- Demonstrate knowledge and understanding of American and World History and the values of different cultures.
- Contribute to the improvement of life in their school and local community through Leadership skills and participation in Community Projects.
- Demonstrate knowledge of proper nutrition, exercise and physical health and its impact on daily life.

**Life Skills**

Our ESLR's are also integrated and further reinforced in our weekly Life Skills Course, a requirement for all students in grades 6-8. Each year, the Principal will join the other principals from all Magnolia Public Schools to collaborate to discuss and reflect on the impact of the Life Skills Curriculum, the school's mission, vision and school culture. Based on the discussion and feedback, the curriculum is revised to support the school's culture and engage all students while creating a safe and respectful learning environment for all students.

The Life Skills Curriculum addresses the following issues/topics as part of the curriculum:

- Patterns of Success (Essential skills to prepare for College & Academic Success)
- Respect
- Conflict Resolution (Addressing teen issues including Bullying, Cyber bullying, Peer Pressure)
- Making Responsible Choices (Ethics, Drug/Alcohol Awareness/Prevention)
- Citizenship (Democratic Values)
- Human Relations (Social Interactions)
- Personal Qualities (Core Values)
- Self-Reflection (Developing a positive attitude)

Life Skills is an enriching course that provides our students with valuable skills to excel academically and socially in the 21st century. The teacher leads the course, and then students participate in activities/projects to demonstrate their understanding of the material and answer questions posed. In

addition, our instructors have guest speakers and utilize various forms of technology to engage students in the course content.

### Parent Task Force (PTF)

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 20% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations. We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

### Physical Environment

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
- Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.

- Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
- Resources needed: Safety plan,
- Person(s) responsible for implementation: Designated administrator, safety committee
- Timeline for implementation: August 2019
- Budget: None
- Evaluation guidelines: Surveys, Feedback from stakeholders
- Goal(s): Maintain and upkeep a safe school campus
- Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
- Related Activities: Teachers can report concerns during weekly staff meetings.
- Resources needed: Walk-thru form, building supplies
- Person(s) responsible for implementation: Plant manager
- Timeline for implementation: August 2019
- Budget: Refer to schools annual budget
- Evaluation guidelines: Surveys, Feedback from stakeholders

### **The Physical Environment-Place (Component 2)**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
- Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.
- Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
- Resources needed: Safety plan,
- Person(s) responsible for implementation: Designated administrator, safety committee
- Timeline for implementation: August 2019
- Budget: None
- Evaluation guidelines: Surveys, Feedback from stakeholders
- Goal(s): Maintain and upkeep a safe school campus
- Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
- Related Activities: Teachers can report concerns during weekly staff meetings.
- Resources needed: Walk-thru form, building supplies
- Person(s) responsible for implementation: Plant manager
- Timeline for implementation: August 2019
- Budget: Refer to schools annual budget
- Evaluation guidelines: Surveys, Feedback from stakeholders

### **The Social Climate and the Physical Environment (Continued)**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Effective Communication**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

### **If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment.

Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Students' Rights and Responsibilities:**

- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

### **Administrators' Rights and Responsibilities:**

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- "All students shall comply with the regulations, pursue the required course of study, and submit to the authority of teachers of the school." Education Code, § 48900 et seq.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

### **Illuminate provides the following information:**

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Each student receives a 'Behavior' grade that is recorded on Illuminate.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve.
6. Communication: Parent Square provides another effective method for parents, students and teachers and the school's leadership team to communicate online and leave messages that are documented. The types of communications include but are not limited to: informing parents

about their child's academic progress, mandatory tutoring announcements, articles posted on the school's website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using parent square. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Parent square provides yet another way for our parents to become involved in their child's education, and our teachers have the support of the families in doing so. Parent square also has an emergency alert that can notify parents of an emergency.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTF meetings. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

## **Rules and Procedures on School Discipline**

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

### **Expected Student Behavior**

Students should always remember that their behavior and actions at school and at school sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what is expected from an MPS student:

#### **Breakfast/Lunch Time:**

- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their breakfast/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food, and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- Remember that they are not allowed in the school building without a pass.

Remember that restroom use is at the discretion of the security guard/supervisor staff. Students must carry a pass that is given to them by security guard/supervisor staff.

#### **On Campus:**

- Stay in designated areas on-campus.
- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular phones only in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Not leave campus without permission during school hours.
- Not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that no electronic devices such as CD/MP3/IPOD players may be visible or used on the campus grounds.
  - Students are not allowed to loiter in the hallways.

#### **Assemblies:**

- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

Field Trips: Students must:

- Be on their best behavior. Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

**Public areas: Hallways, Lunchroom & Restrooms: Hallways, Lunchroom and Restrooms are areas used by all members of School.**

- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.
- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.
- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
  - Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
  - Have a hall pass if you are outside of the classroom during class time.
  - Not visit with friends or interrupt another classroom.
  - Not misuse the hall pass as it will result in loss of the hall pass privilege.
  - Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills: Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

**Classroom:**

- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences: Please check the teacher's syllabus for specific consequences which may include:

1. In Class Warning
2. Student-Teacher Conference
3. Detention / Parental Notification
4. Parent Conference
5. Office Referral & Administrative Disciplinary Procedures

### **Illuminate Behavior Points**

[For Middle & High School Only: Student behavior will be recorded on Illuminate and students will receive the following rewards or consequences based on their behavior points.

Positive Rewards:

+5 Contact parent/guardian +20 One day free dress (pass will be given) +30 Two day free dress pass (pass will be given) +45 free dress every Friday for one month (pass will be given) +50 VIP lunch and “Race to the top”

### **Unacceptable types of Behavior**

All students at MPS are entitled to the rights guaranteed by the United States Constitution and Bill of Rights, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, detention, to emergency removal from a school activity, suspension, expulsion, and criminal prosecution. MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community. In other words MPS may discipline behavior at school or at a school related or school-sponsored function or any activity or any act that has a negative effect on the school environment or that is performed with/on/by/via school equipment or school property.

### **Assaulting, Fighting and/or Arranging Fights:**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

### **Bringing / Using Electronic Devices:**

CD Players, IPOD, MP3 players, phones, PDA, PSP, Laptops, Electronic Games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

### **Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. Each teacher sets their own standards of behavior for their classroom, and students are expected to know the standards and procedures for each of their classes.

### **Texting/Sexting:**

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

**Disrupting Learning:**

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

**Horseplay:**

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps

**Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol:**

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters. The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

**False Fire Alarms:**

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

**Forgery of Signatures:**

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

**Vulgarity, Profanity and Obscenity:**

Any gesture or material of this nature is not permitted at school or school functions.

**Behaving Disrespectfully towards Teachers or Staff:**

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

**Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

**Stealing and/or Vandalizing School/Private Property & Graffiti:**

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti

tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

**Displaying Threatening Behavior:**

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats (“hard” stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

**Bringing Weapon in School:**

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

**Possession or Use of Fireworks:**

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

**Arson:**

Intentionally starting any fire or combustion on school property

**Public Display of Affection:**

Public displays of affection are not allowed.

**Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules:**

Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to the following discipline.

**Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specified misbehavior. If the behavior(s) worsens or the frequency increases, the student’s IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a “manifestation determination.” A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

## **Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

## **Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. This includes the use of social media for wrongful purposes.

### **Each MPS student agrees to:**

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

### **Harassment of Students, Teachers, Administrators, or Staff:**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

### **Student Hazing:**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences

## Safety Goals and Objectives

Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

### **Component 1 - School Climate**

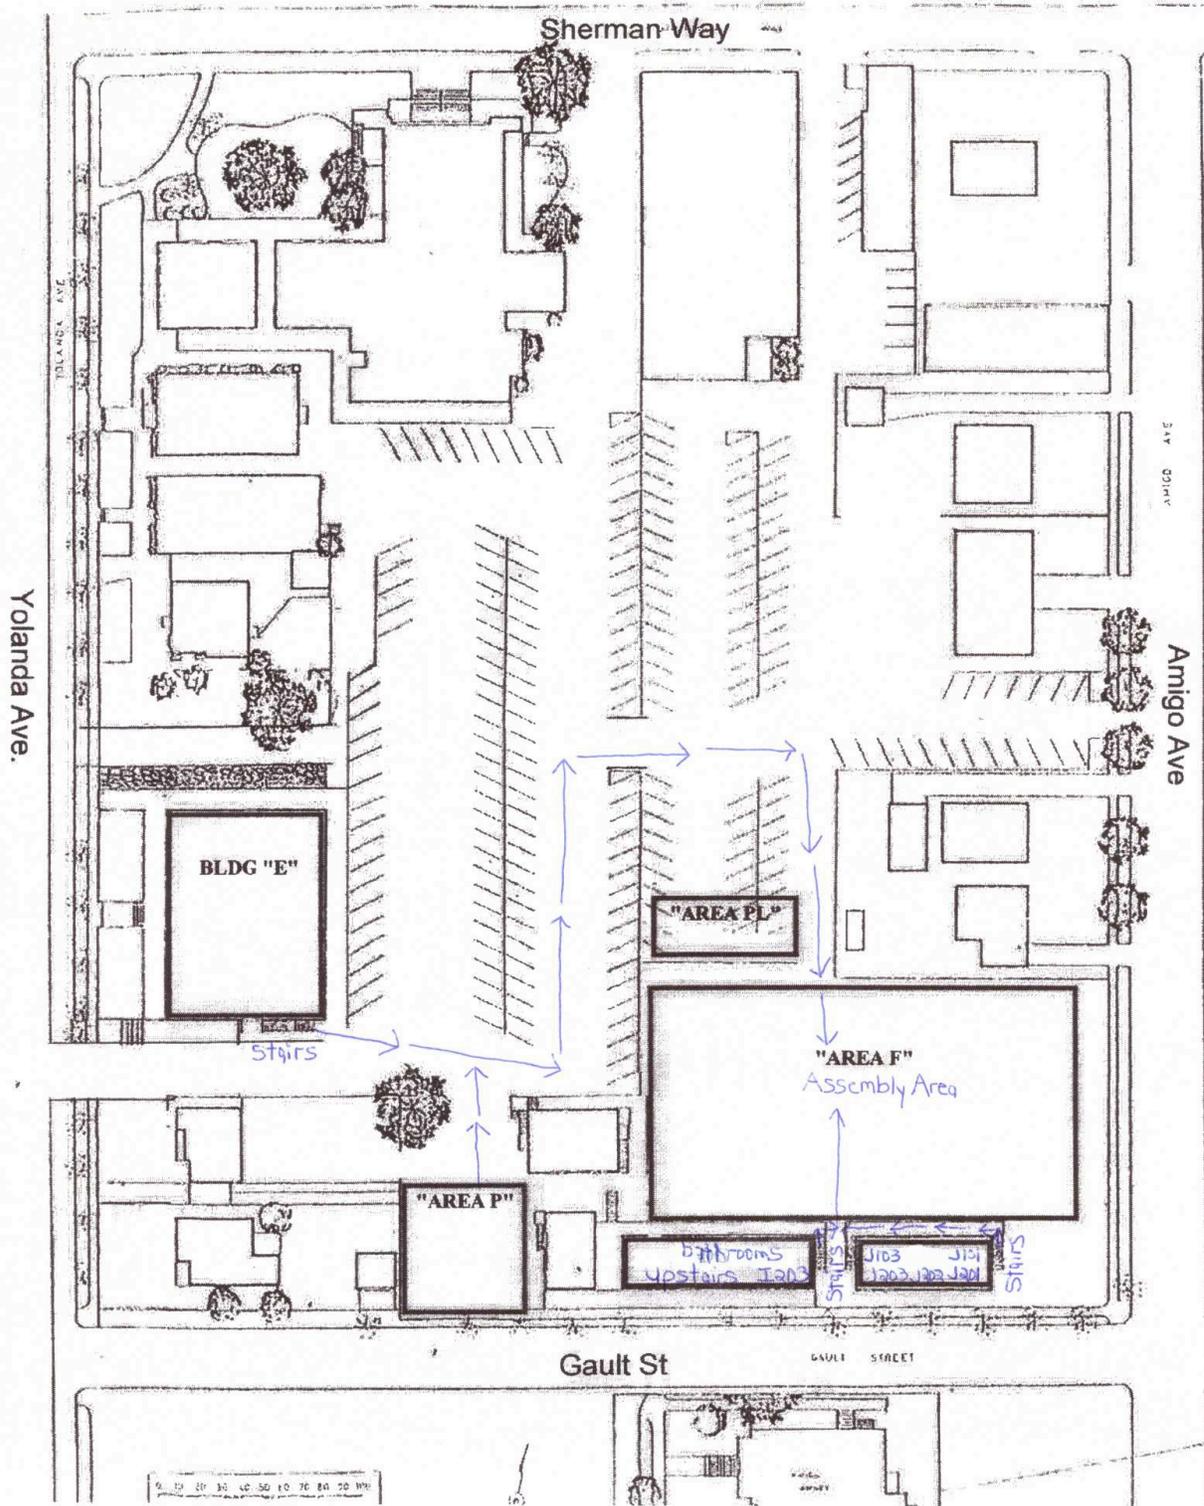

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
  - Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.
    - Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
    - Resources needed: Safety plan,
    - Person(s) responsible for implementation: Designated administrator, safety committee
    - Budget: None
    - Evaluation guidelines: Surveys, Feedback from stakeholders

### **Component 2 - Physical Environment**

- Goal(s): Maintain and upkeep a safe school campus
  - Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
    - Related Activities: Teachers can report concerns during weekly staff meetings.
    - Resources needed: Walk-thru form, building supplies
    - Person(s) responsible for implementation: Plant manager
    - Budget: Refer to schools annual budget
    - Evaluation guidelines: Surveys, Feedback from stakeholders

# Host Crisis Help

## Home office support team

***Always call 911 first when a life-threatening emergency is in place! You can call the Suat Acar, Chief Operations Officer anytime by skipping the below process to get direct guidance. In case you cannot reach the Chief Operations Officer you may call our CEO Mr. Rubalcava or Assistant Director of Student Services Dr. Brenda Lopez for immediate assistance.***

- 1- The principal or the dean (Admin) is informed about an emergency or a crisis situation
- 2- If possible, the admin investigates and provides an incident report to the host@magnolia email. In case of urgency the admin or designee sends an email to host@magnolia immediately then provides the incident report later.
- 3- Suat Acar directs the conversation to the related, appropriate home office staff for further follow-up. Either Suat or related home office staff start a text message conversation for quick, instant communication
- 4- Case follow up report to be provided to host@magnolia by the related home office staff and the school admin.
- 5- If the case investigation, follow up needs further time the related home office staff will follow up with the admin.

### **Possible emergency cases, crisis situations:**

- \* Lock downs (Active shooters or etc.)
- \* Natural Catastrophes, major tragic events that took place on or around the school grounds that may affect the school's schedule or programs

Additionally, the following number is used as the crisis group call in line as necessary

## **School Site Mission**

### **Mission**

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

### **Vision**

MPS's vision is that graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### **Core Values**

MPS has identified the following core values, which are reinforced through the Life Skills curriculum, student learning outcomes (SLOs), and all school activities:

#### *Excellence*

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### *Innovation*

Students will have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### *Connection*

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to

affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long-term resilience and connection.

### **Statement of Purpose**

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

### **Employee Preparedness**

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

- Review of this Plan and any other emergency policies and procedures;
- Review of an employee's role during an emergency;
- Knowledge of how to conduct and evaluate required drills;
- Familiarity with the layout of buildings, grounds and all emergency procedures;
- Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;

- Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

### **Employee Skills**

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

- Present instruction to students about emergency preparedness plans for the site and student responsibilities in case of a major emergency;
- Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
- Update the contents of classroom emergency kit and keep it in a safe, accessible location;
- Participate fully in fire, earthquake and evacuation drills;
- Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

- Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;
- Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
- Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
- Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut off valves;
- Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee lounges;

- Update the list of any disabled students or employees or those who may need evacuation assistance or other special assistance;
- Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and students;
- Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and equipment;
- Maintain a list of emergency phone numbers in a readily accessible location.

### **Employee/Student Special Needs**

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Emergency On-Site Personnel**

Staff emergency phone contacts will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc. will also be noted on a list kept at the school.

## **Assessment of the Current Status of School Crime**

1. Data sources the committee reviewed:
  - a. Local law enforcement crime data
    - i. During the most recent 6 month period from 4/29/18 through 10/25/18, there have been 215 reported crimes in a 1-mile radius around the school. The top three crime violations, based on [www.crimemapping.com/map/region/lapdWestValleyArea](http://www.crimemapping.com/map/region/lapdWestValleyArea) are:
      1. Theft (146) [67.91%]
      2. Assault (30) [13.95%]
      3. Burglary (24) [11.16%]
  - b. Suspension/Expulsion data:
    - i. Student information data was used to identify top suspendable/expellable offenses at our campus. A tremendous decrease in suspensions/expulsions was noted due to the implementation of positive behavior support model.
    - ii. Behavior referrals: Illuminate was used to identify and segregate all behavior referrals.
  - c. School Improvement Plan
    - i. Reviewed current years plan to identify any additional areas of improvement needed.
  - d. Property Damage data
    - i. Reviewed Illuminate behavior data to identify any property damage that has occurred.
  - e. Attendance rates
    - i. Student attendance rates were pulled from Illuminate.
    - ii. Truancy data was pulled from Illuminate
2. The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety.
  - a. Parent/Student Handbook
  - b. School Safety Committee
  - c. Discipline Committee
  - d. Administration

- e. Local School Administration
- f. School Site Council
- g. Parent Task Force
- h. Student Leadership
- i. Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year continually to revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

### **Child Abuse Reporting Procedures**

Child abuse shall be reported in compliance with the procedures set forth in the MPS Employee Handbook and in accordance with California law. The reporting of suspected child abuse is mandatory. Our staff will continue to receive training to establish best practices for school personnel to prevent abuse, including sexual abuse, of children on school grounds, by school personnel, or in school-sponsored programs, and post on our department's Internet Web site links to existing training resources.

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes

a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services

800-540-4000

#### **2. Written Report**

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either mail, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the

choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

(PC Section 11165.9.)

### III. REPORTING RESPONSIBILITIES

- Any mandated reporter who has knowledge of or observes a child, in his or her professional capacity or within the scope of his or her employment, whom he or she knows or reasonably suspects has been the victim of child abuse or neglect shall report such suspected instance of abuse or neglect to a designated agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof *within 36 hours* of receiving the information concerning the incident. (PC Section 11166(a).)
- No mandated reporter who reports a suspected instance of child abuse or neglect shall be held civilly or criminally liable for any report required or authorized by the CANRA. Any other person reporting a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of any report authorized by the CANRA unless it can be proven the report was false and the person knew it was false or make the report with reckless disregard of its truth or falsity. (PC Section 11172(a).)

### IV. INSTRUCTIONS

- SECTION A - REPORTING PARTY:** Enter the mandated reporter's name, title, category (from PC Section 11165.7), business (agency) name and address, telephone number, a signature and today's date. Also check yes-no whether you (the mandated reporter) witnessed the incident. The signature area is for either the mandated report or the person taking as telephoned report.

### IV. INSTRUCTIONS (Continued)

- SECTION B - REPORT NOTIFICATION:** Complete the name and address of the designated agency notified, date of the written report, date/time of the phone call and the name, title and telephone number of the official contacted.
  - SECTION C - VICTIM** (One Report per Family, siblings must have same parents/guardians): Enter the victim's name, address, telephone number, birth date or approximate age, sex, ethnicity, present location, and where applicable enter the school, class (indicate the teacher's name or room number), and grade. List the primary language spoken in the victim's home. Check the appropriate yes-no box for: developmentally disabled?, physically disabled? and specify the victim's other disability. To determine if the victim has a disability, ask the victim's parent or care giver. Also check the appropriate yes-no box for in foster care?, indicate type of care if the victim was in out-of-home care, indicate the type of abuse. List the victim's relationship to the suspect, check the appropriate yes-no box for photos taken?, indicate whether the incident resulted in this victim's death.
  - SECTION D - INVOLVED PARTIES:** Enter the requested information for: Victim's Siblings, Victim's Parents/Guardians and the Suspect.
  - SECTION E - INCIDENT INFORMATION:** If multiple victims, enter the number. Enter date/time and place of the incident. Provide a narrative of the incident. Attach extra sheets if needed.
- ### V. DISTRIBUTION
- Reporting Party:** After completing Form SS 8572, retain the yellow copy for your records and submit the top three copies to the designated agency.
  - Designated Agency:** *Within 36 hours* of receipt of Form SS 8572, send **white copy** to police or sheriff, **blue copy** to county welfare or probation, and **green copy** to district attorney.

## **Disaster Response Procedures**

### **General Policies and Procedures for Handling Safety and Specific Emergency Situations:**

The purpose of the safety and emergency sections of this Plan is to provide safety and emergency preparedness and response instructions to protect the safety and wellbeing of students and staff at the time of an emergency. Specific goals include:

- Protect the safety and welfare of students and staff;
- Provide for a safe and coordinated response to emergency situations;
- Protect the school's facilities and property;
- Enable the school to restore normal conditions in the shortest time possible
- Coordination between the school and local authorities and resources.

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home Office will also be informed using the HOST email system (refer to HOST Attachment). In the event of any of the below listed scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

### **Fire:**

In the case of a school fire, the following procedures should be implemented:

- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.

- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

### **Medical Emergency:**

Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.

Provide the following information:

- School name and phone number.
- Building address, including nearest cross street(s).
- Exact location within the building.
- Your name and phone number.
- Nature of the emergency.
- Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.

**Earthquakes:**

Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance, whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.

Certificated and classified school staff are trained annually on emergency earthquake procedures.

**Assaults:**

Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal,

or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified. If a serious assault occurs:

- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

### **Hazardous Materials:**

Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:

- If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.

If a more serious spill occurs, inside or outside:

- Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department. Provide the following:
  - School name.
  - Building address, including nearest cross street(s).
  - Your name and phone number.
  - Location of the spill and/or materials released.
  - Characteristics of spill (colors, smells, visible gases).
  - Name of substance, if known. Injuries, if any.
  - Notify buildings and grounds personnel.
  - Close all windows and doors if the spill is outside.
  - Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.

- Remain inside building unless ordered to evacuate by the Fire Department. Fire Department will advise of further actions to be taken.
- Do not eat or drink anything or apply cosmetics.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
- The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

### **Civil Disturbance:**

A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:

- Notify local law enforcement authorities-Dial 911.
- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
- Do not argue with participant(s).
- Have all students and employees leave the immediate area of disturbance.
- If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials.
- Lock all doors.
- Stay away from windows and exterior doors.
- If the disturbance is inside the building, follow procedures for evacuation of the school site.
- Follow further instructions as police officials and other local law enforcement authorities issue them.
- Draft incident report for School Principal, or his/her designee.

### **Vandalism:**

The following procedures should be used in the case of school vandalism:

- Notify school principal, or his/her designee.
- Notify building and ground maintenance personnel. The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
- If possible, identify the parties involved.

- Interview witnesses and obtain written statements.
- Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
- Notify parents or legal guardian.
- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.

### **Utility or Power Failure:**

The following procedures should be used in case of utility or power failure:

- Staff and students should remain in classroom until further instruction.
- Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
- Staff and students outside of a classroom at the time of the incident should report to main office.
- Building and grounds personnel report to utility company if necessary.
- If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
- Where utility failure presents an emergency, evacuation procedures should be implemented immediately.

### **Bomb Threat:**

Person receiving call:

- Listen - Do not interrupt caller.
- If possible, alert other staff by a pre-arranged signal while the caller is on the line.
- In the event that a bomb threat is received, it is important for the person receiving the call to attempt to keep the caller on the telephone as long as possible. It is also important to listen carefully to all information provided by the caller and to make a note of any voice characteristics, accents, or background noises.
- Attempt to ask questions and elicit the information required to determine the severity of the threat.
- Notify School Principal, or his/her designee, immediately.
- The School Principal, or his/her designee will:

- Notify Police Department – Dial 911.
- With the assistance of responding law enforcement personnel, conduct a thorough search of the building & surrounding areas:
  - Classrooms and work areas.
  - Public areas - foyers, office bathrooms and stairwells.
  - Lockers and unlocked closets.
  - Exterior areas -- shrubbery, trashcans, debris boxes, gas valves, etc.
  - Power sources -- electric panels, telephone panels, computer rooms, etc.
- With assistance from responding law enforcement personnel and/or Fire Department, the School Principal, or his/her designee, will evaluate the threat and will determine whether to evacuate the building and/or to continue to search the premises.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought. The School Principal, or his/her designee, must grant approval for student release.
- An incident report should be drafted before the end of the workweek.

### **Explosion:**

If an explosion occurs at the school, the following procedures should be used:

- Give DROP AND COVER command.
- Sound building fire alarm. This will automatically implement action to leave the building.
- Notify Fire Department – Dial 911.
- Provide the following information:
  - School name.
  - Building address, including nearest cross street(s).
  - Exact location within the building.
  - Your name and phone number.
- Evacuate to outdoor assembly area.
- Check attendance. Remain with students.
- Render first aid as necessary.
- Notify grounds and building personnel.
- Keep students and staff at a safe distance from the building(s) and away from firefighting equipment.

- Public safety officials will determine when the building is safe for re-entry, and along with School Principal, or his/her designee, whether student release from the school site is necessary.
- Draft incident report by the end of the week.

### **Fighting or Riot:**

School staff should follow these guidelines when a fight occurs:

- Send a reliable student to the office to summon assistance.
- Speak loudly and let everyone know that the behavior should stop immediately.
- Obtain help from other teachers if at all possible.
- If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
- Call out the names of the involved students (if known) and let them know they have been identified.
- For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
- Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.

Staff should follow these guidelines when a riot occurs:

- The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
- Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
- Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
- Activate needed emergency plans, which may include:

- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

### **Hostage Situation:**

In case there is a hostage situation at the school, staff should attempt to follow these guidelines:

- Stay calm.
- Don't be a hero.
- Follow instructions of captor.
- Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages.
- Inform captors of medical or other needs.
- Be prepared to wait; elapsed time is a good sign.
- Don't try to escape; don't try to resolve situation by force.
- Be observant and remember everything that is seen or heard.
- If a rescue takes place, lie on the floor and await instructions from rescuers.
- The School Principal, or his/her designee, should be responsible for the following:
- Immediately notify law enforcement.
- Move other students and teachers completely away from those who are in the hostage situation.
- Keep everyone as calm as possible.
- Be prepared to answer questions from media or family.

### **Death of a Student:**

By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual

attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
- Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
- If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
- Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
- Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.

### **Intruder or Individual with Deadly Weapon/Active Shooter:**

If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:

- Avoid confronting the student or gunman.
- Notify the School Principal, or his/her designee, or school office immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
- The School Principal, or his/her designee, should follow these guidelines:
- Notify law enforcement immediately.

- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
- Determine the threat level. If the threat level is high, call for additional backup.
- Attempt to get the weapon from the gunman or student through negotiation, or take other appropriate action with the aid of local law enforcement.
- If the level of threat is low, call the student to the office and have law enforcement take the appropriate action.

### **Lock Down:**

This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.

- The Principal or Admin designee will make an announcement on the P.A. system that the school is going into a Lock Down situation. If P.A. system is not available, other means of communication, i.e., texting or email to staff or sending messengers. The Principal or Admin designee should remain calm and under control and give clear directions.
- Teachers will lock their doors and shut their blinds and instruct students to stay away from the doors and windows.
- If outside, students will continue to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the nearby classrooms or school buildings.
- Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal/Admin Designee or law enforcement.
- All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.

### **Use of School Facilities for Mass Care and Welfare Shelters**

In the case of disasters or other emergencies, the school will support the emergency procedure systems mandated by all law enforcement, government, or public safety agencies to ensure that pupils, and both certificated and classified staff follow necessary protocols to allow the school to serve as a mass care and welfare shelter.

**Evacuation:**

In the event conditions in the community or within the school itself necessitate a site evacuation, the following steps should be taken by the School Principal or his/her designee:

- Notify the school district office, county official or designee.
- Notify local law enforcement authorities.
- Notify school transportation support.
- Note the special needs of students or staff.
- Direct clerical staff to take schools master enrollment list.
- Direct school nurse or designee to prepare emergency medications to be transported.
- Direct all personnel to leave the building and secure the building.
- Notify students' parents or legal guardians as situation permits.

School staff should:

- Plan to evacuate his/her class and ride the bus or walk as situation dictates.
- Take a copy of class enrollment list.
- Take emergency instructional materials and first aid kits in the event the evacuation lasts several hours.
- Notify School Principal, or his/her designee, of any special needs of students and their requirements.

The first choice for a shelter during a building site evacuation is another building designated by the school district, county or other local authority. Once staff and students have arrived at the host site, the following steps should be taken:

- Notify school nurse or local medical personnel of any medical emergencies.
- Consider how students will be fed and restroom needs met.
- Activate crisis intervention team to deal with any emotional trauma.
- Provide area and materials for parents who may arrive to pick up students.
- Provide an area for non-school community evacuees.

**Drugs, Alcohol and Tobacco**

The use or possession of drugs, alcohol or tobacco is strictly prohibited at the school or around school grounds. If a member of staff suspects that a student is in the possession of a controlled substance, he or she should:

- Identify the parties involved.
- Notify the School Principal or his/her designee immediately.
- Follow-up with a written incident report, including any witness statements.

The School Principal, or his/her designee, should do the following:

- Assess the situation and determine the level of assistance needed (i.e. school counselor, police)
- Isolate the parties involved for interview/investigation.
- Notify parent or legal guardian.
- Obtain witness statements and document in a written incident report.
- Determine disciplinary consequences. See *MPS Student-Parent Handbook*.
- Determine what intervention or follow-up procedures are necessary including counseling.

### **Floor Plan**

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

### **Fire Drills**

The school shall conduct fire drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or his/her designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or his/her designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety

officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

## **School Safety Management Team**

### **Management Organization Chart**

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching and support staff may also be part of the team, but may act only when assigned specific duties by the Principal.

### **Guidelines for Handling the Media**

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress positive actions taken by the school.
- Announce new changes made after the incident has passed.

## **Annual Inspections**

The School Principal, or his/her designee, with the assistance of local support personnel where necessary, will conduct an annual inspection for situations that pose potential hazards. Of particular importance is proper storage of chemicals and correct labeling of all containers. Failure of one or more of the utilities (electricity, gas, water) constitutes a condition that must be dealt with on a situational basis. A walk-through inspection of each area of each building will be conducted using a checklist of the following:

- Classroom
- Corridors
- Cafeteria
- Office
- Teacher's Workroom and Employee Lounge
- Restrooms
- Custodial
- Storage Room
- Yard (or Grounds)

Where multiple rooms of the same type are to be inspected (e.g., classrooms, offices), be sure to note the exact identification (e.g., Room 7; women's restroom). Complete each section of the checklist.

Provide a brief description of the problem in the section provided.

Appropriate measures will be taken to correct the problem at the direction of the School

Principal. When possible, personnel at the site (e.g., custodian) will handle corrections or repairs and may provide an estimate of the necessary repairs and corrections. The custodian or other buildings and grounds personnel will advise the School Principal, or his/her designee, of problems that cannot be corrected by site staff.

## **Parental Notification**

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick-up their child in the event of an emergency.

## Classroom Safety Kits

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Ones
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Anti-bacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

### **Students with an IEP**

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures for more information.

## SUSPENSION AND EXPULSION Procedures

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education

programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

#### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?

- B. Was the misconduct a direct result of Charter School's failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student's district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil, unless Charter School's governing board makes a finding that the pupil has not met the conditions of the

rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

#### **In accordance with E.C. 47605(J)**

The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and

witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

## **DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-2. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-2's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

### **Positive Discipline**

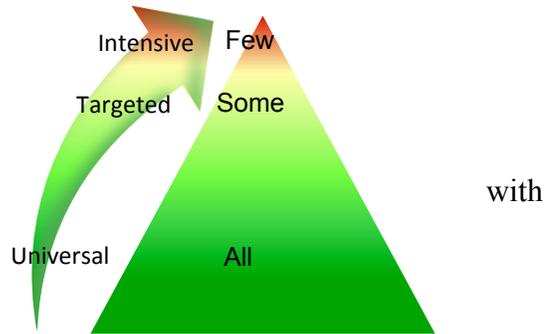

MSA-2 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-2 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

### **Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-2. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-2 provides its staff Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention (RTI) Programs, MSA-2 implements Positive Behavior and Interventions and Supports (PBIS) to address student discipline issues including suspension. This tiered approach lists intervention strategies and programs based on the level of fractions.

MSA-2 implements prevention strategies for each tier as presented below:

Tier	Prevention Description
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.

<p>III. Tertiary (Intensive)</p>	<p>Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.</p>
--	---

MSA-2 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

A student may be suspended for prohibited misconduct as identified below under the heading, “Enumerated Offenses,” if the act is (1) related to school activity; (2) school attendance occurring at MSA-2; or (3) a MSA-2 sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

## **Enumerated Offenses**

### **Discretionary Suspension Offenses**

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in minor injury.
3. Unlawfully possessed, used, or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully was under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion.
7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.
8. Stole or attempted to steal school property or private property.
9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.

10. Committed an obscene act or engaged in habitual profanity or vulgarity.
11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
12. Knowingly received stolen school property or private property.
13. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
16. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, “hazing” means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
17. Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made,

is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

18. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently offensive as to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
19. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
20. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
21. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
  - ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.
  - iii. Causing a reasonable student to experience interference with his or her academic performance.
  - iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- 2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- i. A message, text, sound, video, or image.
  - ii. A post on a social network Internet Web site including, but not limited to:
    - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
    - (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

- iii. An act of cyber sexual bullying.
    - (a) For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - (b) For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
  - 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
22. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.
23. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

### **Mandatory Suspension Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code Section 48915(h).

### **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

#### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's

parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-2 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-2 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and

redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20

school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

### **Grounds for EXPULSION**

#### **Jurisdiction**

A student may be expelled for prohibited misconduct, that are described below under the heading, "Discretionary Expellable Offences and Mandatory Expulsion Offenses," if the act is (1) related to school activity; (2) school attendance occurring at MSA-2 or at any other school; or (3) a MSA-2

sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

The length of an expulsion is addressed above, under “Rehabilitation Plans.”

### **Discretionary Expellable Offenses**

Students may be recommended for expulsion for any of the following acts when it is determined the pupil:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in serious bodily harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in serious bodily injury.
3. Unlawfully possessed, used, or otherwise furnished significant amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

6. Committed or attempted to commit robbery or extortion in excess of \$1,000.
7. Caused or attempted to cause damage to school property or private property in excess of \$1,000.
8. Stole or attempted to steal school property or private property in excess of \$1,000.
9. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
10. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
11. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
12. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, “hazing” means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
13. Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes

that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

14. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
15. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
16. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
17. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - i. "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    - A. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her

- age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
  - B. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
  - C. Causing a reasonable student to experience substantial interference with his or her academic performance.
  - D. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
- ii. "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
- A. A message, text, sound, video, or image.
  - B. A post on a social network Internet Web site including, but not limited to:
    - i. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
    - ii. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - iii. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

- A. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- B. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- 2. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

18. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.

19. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

## **Mandatory Expulsion Offenses**

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code 48915(h).

## **Expulsion Procedures**

### **Authority to Expel**

If determined necessary upon the referral by the discipline committee; a student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the Charter School in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. A member who served on the Reflection Committee may not serve on the Administrative Panel for the same student. The Administrative Panel may expel any student found to have committed an expellable offense.

A decision to expel a pupil for an expellable offense shall be based on a finding of one or both of the following:

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- (2) Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The process for investigating incidents and collecting evidence will be fair and thorough.

### **Expulsion Hearing**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under FERPA) unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian by the Principal or Designee, at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MSA-2's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

## Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MSA-2 may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the complaining witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Administrative Panel. Copies of these sworn declarations, edited to delete the name and identity of the complaining witness, shall be made available to the Panel.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five (5) days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MSA-2 administrators must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the Administrative Panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The Administrative Panel conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The Administrative Panel conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding Administrative Panel finds is disrupting the hearing. The Administrative Panel conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, MSA-2 administrators must present evidence that the witness' presence is both desired by the witness and will be helpful to MSA-2. The Administrative Panel presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the Administrative Panel shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding entity from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the hearing during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student under investigation, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the Administrative Panel conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A determination by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to expel, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice within 30 days of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense(s) committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MSA-2
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures
4. Information regarding rights to, how, timelines, and to whom a student/parent may appeal an expulsion decision

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MSA-2 shall maintain records of all student suspensions and expulsions at MSA-2. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of receiving the written notice of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student or his/her representative shall have the right to present evidence. The Board will consider the evidence and/or testimony presented to the Administrative Panel as appropriate and will render a contemporaneous written decision, which shall be immediately communicated to the appellant at the conclusion of the hearing, in the best interest of the student and the Charter School. That decision shall be final.

### **Interim Placement**

The Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students, including, but not limited to, programs within the County or their school district of residence.

The Charter School shall work with the District for an interim placement at a community day school or other alternative program. Should the Charter School determine after the referral that the student will remain at the Charter School pending the expulsion hearing based on the best interest of the student, or if the Charter School secures another alternative interim placement at another Charter School or school within its CMO, if appropriate and aligned with applicable charter petitions, the Charter School will notify the District of such determination.

### **Readmission/Reinstatement**

The decision to readmit a pupil previously expelled from MSA-2 shall be at the discretion of the Governing Board following a meeting with the Principal or designee, the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil continues to pose a threat to others or will be disruptive to the school environment. The Principal or Designee will make a recommendation to the Board following the meeting regarding his/her recommendation. The Board shall then make a final decision regarding reinstatement during closed session of a public meeting, reporting out any actions taken during closed session as required of the Brown Act. The pupil's readmission is also contingent upon MSA-2's capacity at the time the student seeks readmission. These procedures will be made available to the pupil and his/her parent or guardian at the time the expulsion order is issued.

**Rehabilitation Plans**

Pupils who are expelled from MSA-2 shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order. The rehabilitation plan includes improved behavior, attendance, and academic performance and shall include a date no later than one (1) year from the date of expulsion when the pupil may apply to MSA-2 for readmission.

MSA-2 shall mail written notification to parent/guardian within thirty (30) days prior to the end of the expulsion term. This notice will request the parent or guardian to submit written documentation to the school showing that the student has met the conditions of the rehabilitation plan. The board shall review these documents and make a final decision regarding reinstatement. If the student does not meet the requirements of the rehabilitation plan as determined by the board, the board will revisit at a later date not to exceed one (1) year.

**ADDITIONAL PROVISIONS****Bullying**

Bullying is listed as an offense for which a student may be suspended or expelled. The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code Section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

**Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities****Notification of SELPA**

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

### **Services During Suspension**

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

### **Procedural Safeguards/ Manifestation Determination**

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.
- If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.
- If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:
  - Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
  - If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

- If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

### **Due Process Appeals**

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

### **Special Circumstances**

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

### **Interim Alternative Educational Setting**

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

### **Procedures for Students Not Yet Eligible for Special Education Services**

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- The parent has requested an evaluation of the child.
- The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.
- If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.
- If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if

requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

- The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### **Required Notification**

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

### **Gun Free Schools Act**

Charter School shall comply with the federal Gun Free Schools Act.

For specific details, refer to LAUSD Board Policy and Administrative Regulations.

### **Procedure for Notifying Teachers about Dangerous Pupils**

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. MPS has incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Illuminate. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the school regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators.

The School Principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The School is not civilly or criminally liable for providing information unless it is proven that the information was false and that the School employee knew or should have known that the information was false, or the information was provided with a reckless disregard for its truth or falsity.

Any information received by a teacher pursuant to this Section shall be received in confidence for the limited purpose for which it was provided and shall not be further disseminated by the teacher.

**This notification will be provided on our school letterhead:**

## **Sexual Harassment Policy**

### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS's policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Deferential or preferential treatment based on any of the protected classes above.

### **Prohibited Unlawful Sexual Harassment:**

In accordance with existing policy, discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire,

when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. Such training will include the prevention of abusive conduct in the workplace that a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests, including but not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Other staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law. Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees).

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
- Rape, sexual battery, molestation or attempts to commit these assaults and
- Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.
- Unwanted sexual advances, propositions or other sexual comments, such as:

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.
- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:
  - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
  - Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and
  - Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation in an investigation, filing of a complaint or reporting sexual harassment.

MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation.

## **Sexual Abuse and Sex Trafficking**

MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

## **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

Policies for dealing with harassment and discrimination are described in the MPS Employee Handbook and MPS Student-Parent Handbook.

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.

4. Determine disciplinary consequences. See MPS Employee Handbook and MPS Student-Parent Handbook.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

### **Internal Complaints:**

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;

- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### **Policy for Complaints Against Employees:**

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) find that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take suitable disciplinary action against the employee. As appropriate, The Principal (or the CEO) (or designee) may also counsel or reprimand employees about their conduct without initiating formal disciplinary measures.

The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The Board of Directors' decision shall be final.

### **General Requirements**

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

## HARASSMENT COMPLAINT FORM

It is the policy of the School that all of its employees be free from harassment. This form is provided for you to report what you believe to be harassment, so that the School may investigate and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School's policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment are taken very seriously by the School both because of the harm caused to the person harassed, and because of the potential sanctions that may be taken against the harasser. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

## **Staff/Student Interaction Policy**

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### **Corporal Punishment:**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

**Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

**Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the

duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- Giving gifts to an individual student that are of a personal and intimate nature
- Kissing of any kind
- Any type of unnecessary physical contact with a student in a private situation
- Intentionally being alone with a student away from the school
- Making or participating in sexually inappropriate comments
- Sexual jokes
- Seeking emotional involvement with a student for your benefit
- Listening to or telling stories that are sexually oriented
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence)

- Remarks about the physical attributes or development of anyone
- Excessive attention toward a particular student
- Sending emails, text messages or letters to students if the content is not about school activities

### Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity
- Obtaining formal approval to take students off school property for activities such as field trips or competitions
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology)
- Keeping the door open when alone with a student
- Keeping reasonable space between you and your students
- Stopping and correcting students if they cross your own personal boundaries
- Keeping parents informed when a significant issue develops about a student
- Keeping after-class discussions with a student professional and brief
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries
- Involving your supervisor if conflict arises with the student
- Informing the Executive Director about situations that have the potential to become more severe
- Making detailed notes about an incident that could evolve into a more serious situation later
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers
- Asking another staff member to be present if you will be alone with any type of special needs student
- Asking another staff member to be present when you must be alone with a student after regular school hours
- Giving students praise and recognition without touching them
- Pats on the back, high fives and handshakes are acceptable
- Keeping your professional conduct a high priority
- Asking yourself if your actions are worth your job and career

## **Dress Code**

### **School-wide Dress Code prohibiting gang-related apparel**

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs is not permitted on campus at any time. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented.

### **Dress Code**

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. Students will not be allowed to enter the campus if they are not in proper uniform. This uniform policy will be enforced, without exception, from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to obtain written permission from the school's administration.

### **MPS Student Uniform Policy**

**Pants, shorts, skirts, skorts, or capris** are acceptable:

- Must be either khaki color, black or navy blue.

- May not be baggy or tight fitting. May not be rolled at waist. Waist size must be same as student's waist size. Top of garment must be at or above hip bone.
- Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
- Skirts that are above the top of the kneecap should be worn with leggings/tights, and must be no shorter than the longest fingertip.

- Footwear: Any athletic shoes suitable for basketball, tennis, and field sports. PE shoes may be the same black athletic shoes discussed in the dress uniform section.

**Outerwear:**

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for religious head coverings. No gloves or finger lacing of any sort are allowed.

**For colder weather:**

MPS Navy Crew-Neck and zip V-Neck Sweatshirt, and Jackets are recommended and preferred to be worn on campus, inside and outside.

Sweatshirts and jackets must be solid navy blue or gray.

**Procedures for Safe Ingress and Egress from School**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

Visitors should:

- Always report and sign in at the office.
- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

School personnel should:

- Insure all exterior doors are marked witha notice to visitors to first report to the office.
- Exterior doors should remain locked, except doors near the office area.
- Staff should receive training on how to greet visitors. The first question is "May I help you?"
- Someone should greet every visitor.
- Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee)

Visitors who fail to comply with school procedures:

- Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office immediately. If you fail to do so, you will be considered a trespasser, and school security will be called.")
- If this fails:
  - Notify the office of the situation.
  - Follow the person, if possible, and continue to give notice of the violation of school rules.
- Police should be notified, or call 911.
- Office should activate building-wide notification plan concerning intruder:
  - PA announcement using pre-determined code phrase.
  - Classroom doors should be closed.
  - Students should remain in current areas.

## **Procedures to Ensure a Safe and Orderly Environment**

### **Safe and Orderly Social Environment - The Social Climate (Component 1)**

Our school creates a caring and connected school climate. We make Students and Staff believe that the school is a caring community in numerous ways. Parents are involved in the following ways at our current school site:

- Home Visit Program
- Parent Task Force Meetings
- Parent Volunteer Opportunities/School-wide Events
- Open House Nights
- Back to School Nights
- Parent-Teacher Conferences
- Illuminate Communication Logs
- Parent Shadow Days
- Schoolwide Phone Call News Distribution
- Email Newsletters
- School Site Council
- Public Meetings on School Policy Issues
- Parent Trainings and Workshops

Other factors influencing the Social Climate of MSA-2 are:

- Teacher training and PD
- High academic and behavior expectations
- Teachers will provide CCSS aligned instruction using SDAIE strategies.
- Life Skills Curriculum
- Daily Advisory time for students
- Engaging lesson plans that address multiple learning styles
- Create a data driven and research based intervention program
- Implement a PBIS system which will support the Socio-Emotional Learning of all students
- Continue the partnership with CSUN and Mitchell Family Counseling which provides counseling services to our students
- Continue to build increasingly robust programs to effectively support all students, especially English Language Learners, students with IEPs, and high achieving students
- We provide training so staff can meet the unique needs of the student body in the following ways:
  - Implement monthly staff-wide professional development on socio-emotional development issues
  - Provide training to staff on the CSUN Counseling programs we have on site
- Set high academic and behavior goals
  - Teachers and the leadership team will monitor student progress in ELA and Math as measured by in-class/benchmark assessments and technology-based adaptive standardized tests aligned to Common Core State Standards. (2017-18 school year)
  - School staff will continue to implement and improve upon our current Positive Behavioral Interventions and Supports (PBIS)
- Improve curriculum and teaching practices
  - Teachers will provide CCSS aligned instruction using SDAIE and GLAD strategies. (2017-18 school year)
- Include health and resiliency curriculum
  - During the 2017-2018 school year, MSA2 will continue to offer Life Skill classes to all students.
  - Students will continue to participate in CSUN Counseling programs as needed.

- Address multiple learning styles
  - The leadership team will place students into appropriate intervention groups and teachers provide targeted ELA & Math support and interventions. (September 2017)
  - Charter School will select a research-based reading intervention program that targets the individual literacy needs of struggling students and English Learners and includes ongoing assessments of student growth. (2017-18 school year)
  - ELA and Math Intervention Teachers will continue to provide small group intervention to targeted students.
  - Charter School will identify and group ELs by proficiency level, provide ELD instruction aligned to the new standards, and monitor student progress in program implementation. (2017-18 school year)
  - Charter School will continue providing services for Special Populations: Building increasingly robust programs to effectively support all students, especially English Language Learners, students with IEPs and our most advanced student
- Promote caring, supportive relationships with students
  - Support the Socio-Emotional Learning of all students.
    - Charter School will implement Positive Behavioral Interventions and Supports (PBIS). (Expanding upon these practices in the 2017-18 school year)
    - Continue employing an onsite school psychologist and counselors from California State University Northridge
  - Charter School will identify immigrant student needs and provide counseling support and necessary resources to meet the needs of immigrant students such as provision of tutorials, mentoring, curricular and instructional materials. (2017-18 school year)
  - Charter School will schedule PD in areas, including but not limited to, Common Core ELA/Literacy, math, ELD Standards and integration of ELD standards into content areas and training in strategies to support ELs with common core ELA/ELD and math curricula, and immigrant education. (2017-18 school year)
- Provide opportunities for student to have meaningful participation in school and community service
- Communicate clear discipline standards
  - Parent meetings, Illuminate online behavior support systems, parent calls, communication logs, posters in the hallway and classrooms all communicate clear discipline standards

- Communicate procedures to report and deal with threats
  - Trainings are provided to deal with threats on and off campus to staff and students in accordance with the above procedures stated in the Emergency section of the plan.
- Train staff on bullying prevention and tolerance
  - Staff will continue to be training on bullying prevention and tolerance, including through PD's at staff meetings as well as online trainings.
- Provide training for student and staff on dangers of drugs and alcohol
  - Staff will continue to receive trainings on dangers of drugs through staff online trainings and in PD's
  - Drug and Alcohol Prevention Workshops conducted by The National Council on Alcoholism and Drug Dependence (NCADD)
  - School will continue to include strategies to create and maintain a positive school climate, promote school safety, and increase pupil achievement, and prioritize mental health and intervention services, restorative and transformative justice programs, and positive behavior interventions and support. In addition, school will take all necessary steps to address mental health care of pupils who have witnessed a violent act at any time, related to school activity, in accordance with the addendum to EC 32281.1
  - School will continue to invite K-9 unit to school

### **The Physical Environment-Place (Component 2)**

Our school creates a physical environment that communicates respect for learning and for individuals and safety in the following ways:

- MSA 2 maintains a clean environment through utilizing custodial staff in the general areas (hallways/ restrooms and other common areas), and the teachers and students also are encouraged to maintain classrooms that are clean, orderly settings that contribute to the learning environment.
- MSA 2 involves itself in the community by participating in numerous community events throughout the school year.
- Make your campus secure from outside criminal activity
  - Our campus is a closed campus and entrance and exit gates are locked at all times

- Monitor and supervise all areas, including via video cameras located throughout our campus and security guard in our entrance
  - Students are limited to certain areas during the morning, lunch and after school to limit students from loitering and to maximize supervision efforts.
  - Administrators supervise campus during lunch as well as before and after school.
  - Teachers and our Campus Aid help supervise students on campus throughout the day
- Provide a pleasant eating area and healthy food
  - Students receive healthy snacks and meals
  - Food choices include options such as salads, yogurt, milk and vegetables
- Maintain clean and safe restrooms
  - We have custodial staff who clean the restrooms daily with disinfectant and restock supplies including toilet paper and soap in each restroom prior to the beginning of the next day. Floors are mopped, and toilets as well as sinks are scrubbed.
- Provide adequate lighting in all areas
  - Lighting is provided throughout outdoor parts of campus and surrounding school area with large lights that help ensure safety
- Provide student with current textbooks and materials
  - Students receive textbooks for all classes that are aligned with the latest Common Core State Standards. In addition, online support resources are provided to supplement learning
- Maintain a variety of sports facilities and equipment
- Deal with vandalism before students return to school
  - Before students return to school, photo documentation is recorded to keep information and proof about the type of vandalism that occurs. When property damage is discovered, students and their families are contacted to discuss a plan to have responsible parties replace damaged goods. Also, community service restorative practices are established to provide an opportunity to resolve issue. Also, if graffiti occurs, gang task experts will be consulted to see if danger is an issue for students as well to see if a student who might be affiliated with gang will have the opportunity to receive support interventions.
- Inventory, Identify and store valuable property
  - Computer Lab and all classrooms are locked nightly. Also, the computers are numbered in the lab and classrooms to be able to keep an inventor. Teachers keep inventory of their valuable

belongings at the beginning of the year in their classroom, as well as at the end of the year on a tracker that is sent to the Admin.

- Provide training for security personnel and staff
  - Training is provided to security and personnel staff during PD's where collaboration takes place. At the district symposium, break-off sessions related to position and responsibility occur.
- Engage students and the community in campus beautification projects
  - Students are invited to volunteer and beautify the school during lunch and after school as well as family days.
- Promote policy that weapons and drugs are not on campus
  - Our school policy prevents weapons and drugs from being on campus.

### **The Social Climate and the Physical Environment (Continued)**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

**Effective Communication** is an essential component to creating a positive school climate. When

issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

- Parents should encourage their child to talk with the teacher.
- Parents can encourage their child to talk with an administrator.
- If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

**If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstanding
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Students' Rights and Responsibilities:**

- To be informed of all school rules and regulations.
- To have access to your student account in Illuminate.
- To have a safe and educational environment.
- To attend class regularly and on time.
- To obey school rules and regulations.
- To respect your rights and the rights of your peers.
- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

### **Parents' Rights and Responsibilities:**

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in Illuminate.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook, which was signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.
- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

### **Teachers' Rights and Responsibilities:**

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and

earn a passing grade.

- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.
- To initiate and enforce a set of classroom rules, consistent with the school's discipline policies.
- To keep assignments, grading, and attendance current in Illuminate.
- To have administrative support for discipline in and outside the classroom. To explain the Student Code of Conduct and Bullying Policy to their students.
- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

#### **Administrators' Rights and Responsibilities:**

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- "All students shall comply with the regulations, pursue the required course of study, and submit to the authority of teachers of the school." Education Code, § 48900 et seq.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

#### **Illuminate provides the following information:**

- Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.

- Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
- Behavior: Each student receives a ‘Behavior’ grade that is recorded on Illuminate.
- Homework/Assignments: Our teachers upload and document all homework assignments on Illuminate. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
- Illuminate Point System: we believe that students should be rewarded for good work, positive behavior and exuding the school’s expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then points are deducted.
- Communication: Illuminate provides another effective method for parents, students and teachers and the school’s leadership team to communicate online and leave messages that are documented through a communication log. The types of communications include but are not limited to: informing parents about their child’s academic progress, progress reports, mandatory tutoring letters, announcements, articles posted on the school’s website, honor roll, behavior, recognition of perfect attendance, upcoming Parent Task Force meetings/events, and upcoming awards for recognition. Also, teachers can post updates, upcoming deadlines and leave messages for students and parents using Illuminate. For parents who do not have access to a computer, the front office has a computer available for their use anytime during school hours and after-school. Illuminate provides yet another way for our parents to become involved in their child’s education, and our teachers have the support of the families in doing so.

### **Parent Task Force (PTF)**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Our PTF supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school’s areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives

so we are having parent meetings in the evenings to help facilitate ease of parent participation and coordinate better with work schedules.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations. We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

### **Safe and Orderly Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

MSA-2 maintains a physical environment that communicates respect for learning and for individuals and safety by:

- MSA-2 has a full time janitor on staff and utilizes the LAUSD custodial staff to keep the school clean. Students and teachers are encouraged to maintain classrooms that are clean, orderly and contribute to the learning environment.
- MSA-2 involves itself in the community through the Community Service Club which helps students find opportunities to volunteer in their community, through community food and charity drives, the School Site Council, the Parent Task Force, providing school representatives to the Balboa Town Council and painting murals in the community

### **Rules and Procedures on School Discipline**

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

### **Expected Student Behavior**

Students should always remember that their behavior and actions at school and at school sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what is expected from an MPS student:

### **Breakfast/Lunch Time:**

- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their breakfast/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food, and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- Remember that they are not allowed in the school building without a pass.

Remember that restroom use is at the discretion of the security guard/supervisor staff. Students must carry a pass that is given to them by security guard/supervisor staff.

### **On Campus:**

- Stay in designated areas on-campus.

- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular phones only in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Not leave campus without permission during school hours.
- Not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that no electronic devices such as CD/MP3/IPOD players may be visible or used on the campus grounds.
- Students are not allowed to loiter in the hallways.

**Assemblies:**

- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

**Field Trips:** Students must:

- Be on their best behavior. Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

**Public areas: Hallways, Lunchroom & Restrooms: Hallways, Lunchroom and Restrooms are areas used by all members of School.**

- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.

- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.
- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
- Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
- Have a hall pass if you are outside of the classroom during class time.
- Not visit with friends or interrupt another classroom.
- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills: Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

**Classroom:**

- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences: Please check the teacher's syllabus for specific consequences which may include some of the following:

1. In Class Warning

2. Time Out from a Situation to reevaluate
3. Student-Teacher Conference
4. Detention / Parental Notification
5. Parent Conference
6. Office Referral & Administrative Disciplinary Procedures

### **ILLUMINATE Behavior Points**

[For Middle & High School Only: Student behavior will be recorded on Illuminate and students will receive the following rewards or consequences based on their behavior points.

#### Positive Rewards:

- +5 Contact parent/guardian
- +10 Lunch speed pass
- +15 Treat
- +20 One day free dress (pass will be given)
- +25 Extended lunch period
- +30 Two day free dress (pass will be given)
- +35 VIP breakfast
- +40 Entered in a raffle
- +45 Free dress – every Friday for one month (pass will be given)

When a student receives negative twenty or more behavior points recorded on SIS, the MPS administration will arrange a meeting with that student and the parent to develop a behavioral plan. If the student fails to abide by the discipline tracker rules or an agreement between the administration, parents, and student, cannot be reached, the student will be referred to the School Reflection Committee.

### **Unacceptable Types of Behavior and Consequences**

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act

that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

**Multi-Tiered System of Response to Behavior**

# Universal

## Examples of Classroom, Support and Teacher-Led Responses

These interventions are designed to teach appropriate behavior so that students may contribute to the learning community within the classroom environment. Teachers are encouraged to try a variety of instructional and classroom management strategies to support all learners.

**Infractions Explained:**

*(See also the Enumerated Offenses and applicable procedures listed in Suspension and Expulsion Procedures)*

### **Assaulting, Fighting and/or Arranging Fights**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

### **Bringing / Using Electronic Devices**

CD players, IPOD, MP3 players, phones, PDA, PSP, laptops, smart watches, electronic games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

### **Scholastic Dishonesty**

Scholastic dishonesty includes (but is not limited to) plagiarism, cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. As a consequence, student will receive a failing grade on the assignment/test, and all other possible corrective strategies listed under the Behavioral Expectations table will apply as well.

### **Texting/Sexting**

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

### **Disrupting Learning**

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

### **Horseplay**

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps.

### **Violating Uniform Policy**

A student's dress and appearance shall conform to the specific uniform and appearance limitations described in this handbook.

### **Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol**

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

### **False Fire Alarms**

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

### **Forgery of Signatures**

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

### **Vulgarity, Profanity and Obscenity**

Any gesture or material of this nature is not permitted at school or school functions.

### **Bullying & Cyber Bullying**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the comp pressures of peers. Bullying consists of any of the following: pushing, shoving,

hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications.

**Bullying causes pain and stress to those who are victims and is never justified or excusable as “kids being kids”, “just teasing”, “joking”, “playing around” or any other rationalization. This includes the use of social media for wrongful purposes.**

***Each MPS student agrees to:***

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

### **Harassment of Students, Teachers, Administrators, or Staff**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. See also the MPS Policy Against Unlawful Harassment.

*Harassment can be verbal, physical and visual. (Education Code, § 212.5)*

Harassment is a violation of Federal Law and is contrary to the School Board’s commitment to provide a physically and psychologically safe environment in which to learn.

### **Behaving Disrespectfully towards Teachers or Staff**

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

### **Student Hazing**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences.

### **Smoking or Use of Other Tobacco Products**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, e-cigarettes, vaporizers, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

### **Stealing and/or Vandalizing School/Private Property & Graffiti**

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

No Permanent markers or aerosol cans are allowed at school.

### **Displaying Threatening Behavior**

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats (“hard” stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

### **Bringing Weapon in School**

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

If you are aware of a weapon /drugs/alcohol on campus and do not inform school staff, you will be subject to disciplinary actions and serve consequences.

### **Possession or Use of Fireworks**

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

### **Gang and Secret Society Symbols**

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented. Students may not promise to become or be members of a gang, secret society, illegal club, sorority or fraternity.

### **Arson**

Intentionally starting any fire or combustion on school property

### **Public Display of Affection**

Public displays of affection are not allowed.

### **Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules**

Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to discipline.

### **Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specified misbehavior. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

### **Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest

level of protection from unlawful discrimination in the provision of educational services and opportunities.

### **Bullying and Cyber Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. This includes the use of social media for wrongful purposes.

#### **Each MPS student agrees to:**

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

#### **Harassment of Students, Teachers, Administrators, or Staff:**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment.

Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

#### **Student Hazing:**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences

## **Safety Goals and Objectives**

Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

### **Component 1 - School Climate**

Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.

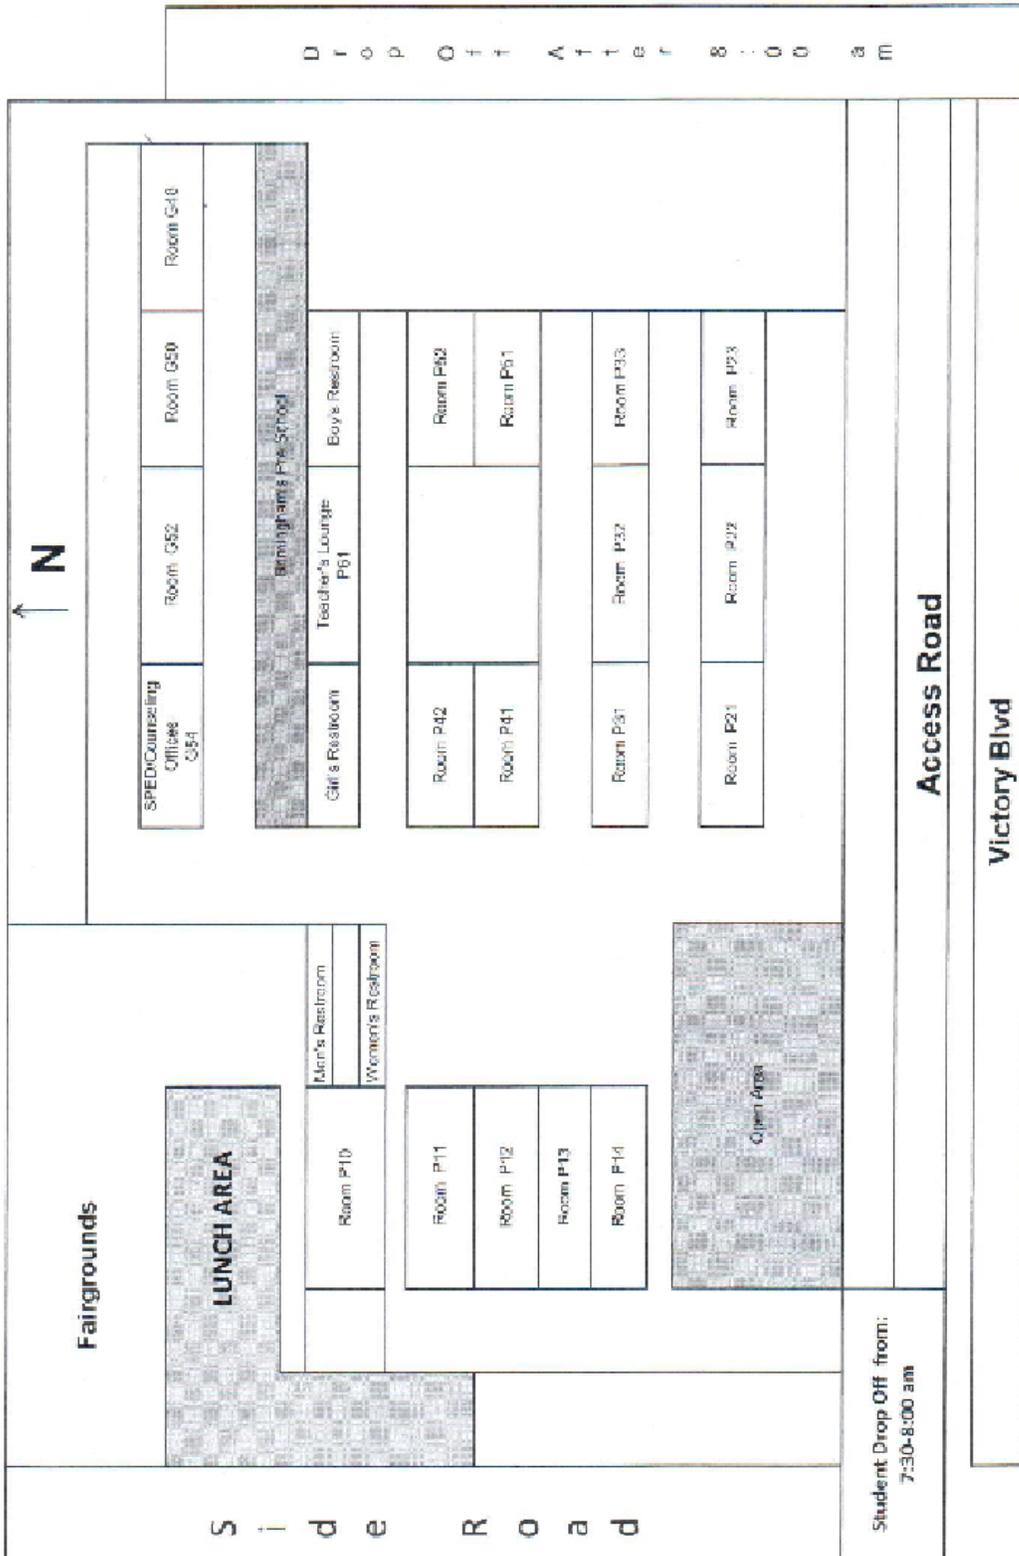

- Objective 1: Quarterly all employees will review the policies and procedures as noted in the comprehensive safe schools plan.
  - Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
  - Resources needed: Safety plan,
  - Person(s) responsible for implementation: Designated administrator, safety committee
  - Budget: None
  - Evaluation guidelines: Surveys, Feedback from stakeholders

### **Component 2 - Physical Environment**

Goal(s): Maintain and upkeep a safe school campus

- Objective: Monthly school personnel will complete a campus walk-thru form to identify any areas of need.
  - Related Activities: Teachers can report concerns during weekly staff meetings.
  - Resources needed: Walk-thru form, building supplies
  - Person(s) responsible for implementation: Plant manager
  - Budget: Refer to schools annual budget
  - Evaluation guidelines: Surveys, Feedback from stakeholders

### **School Site Mission**

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEM) in a safe environment that cultivates respect for self and others.

### **Vision**

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### **Core Values**

MPS has identified the following core values, which are reinforced through its Life Skills curriculum, student learning outcomes (SLOs), and all school activities.

#### *§ Scholarship*

Scholarship is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster scholarship through project based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing. Scholars learn where and how to access the needed information to advance their academic pursuits and societal contributions.

#### *§ Innovation*

Students will have the freedom to choose how and what they learn. Flexible scheduling, early identification of learning styles, personalities, interest and career plans will support students' college and career readiness. This will include student participation in their four-year plans, after school enrichment programs, STEAM program choice options, adaptive assessments and blended learning strategies, differentiated instruction and differentiated and adaptive assessments.

#### *§ Connection*

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internship, promote unity and better decision making through the implementation of restorative justice practices. Additionally, community cultivates identity and gives each member a sense of belonging and pride. MPS utilizes home visits, student surveys, field trips, life skills classes and coaching to support our overall community-based goals. We work with community partners to establish mentoring relationships and other social capital to support our students' development of personal and academic networks for long term resilience and connection.

A comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students and staff.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

This Safety Plan consists of the following Sections:

- I. Staffing and ATTACHMENT:
- II. General Policies and Procedures for Handling Safety and Specific Emergency Situations
- III. Drugs, Alcohol and Tobacco
- VIII. Incident Report

This plan encompasses a broad range of potential safety issues and major emergencies. Such incidents may include earthquake, hazardous materials, widespread power outage, and similar events affecting normal operations at the school.

A number of measures are taken on an ongoing basis to ensure that school staff is prepared to respond immediately and appropriately to disasters. These include:

1. Review of this Plan and any other emergency policies and procedures;

2. Review of an employee's role during an emergency;
3. Knowledge of how to conduct and evaluate required drills;
4. Familiarity with the layout of buildings, grounds and all emergency procedures;
5. Review of the location of all emergency exits, fire extinguishers, fire alarms and emergency equipment and supplies;
6. Attend update training in first aid, CPR, use of fire extinguishers and search and rescue as necessary.

At the beginning of each school year, all instructional and non-instructional staff will be asked by the School Principal, or his/her designee, to identify those with special skills or experience that may be helpful during an emergency. These employees may be asked to fulfill certain emergency management roles (i.e., first aid, CPR, search & rescue and/or fire extinguisher training & certification).

Instructional staff is responsible for the following:

1. Present instruction to students about emergency preparedness plans for the site and student responsibilities in case
2. Keep attendance sheets readily accessible at all times in order to check attendance in the event of evacuation;
3. Update the contents of classroom emergency kit and keep it in a safe, accessible location;
4. Participate fully in fire, earthquake and evacuation drills;
5. Have planned activities for students for use during periods of confinement during an emergency situation.

The School Principal, or his/her designee, is responsible for the following:

1. Assign employees to roles and responsibilities for an emergency, taking into consideration the skills, abilities and normal functions of employees;
2. Ensure that all employees are familiar with the site maps and evacuation plans and are trained in emergency response and preparedness roles and responsibilities;
3. Update the list of employees who are trained in first aid, CPR, the use of fire extinguishers, and search and rescue. Arrange for update training as necessary;
4. Update as necessary the site floor plan showing evacuation routes and the location of assembly areas, emergency supplies and equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut
5. Ensure that emergency procedures are posted in classrooms, hallways, school office, cafeterias and employee
6. Update the list of any disabled students or employees or those who may need evacuation assistance or other
7. Test the site warning system and ensure that the system's signal(s) is recognized and understood by employees and
8. Conduct an inventory of all emergency supplies and equipment and replace used or outdated supplies and
9. Maintain a list of emergency phone numbers in a readily accessible location.

### C. Employee/Student Special Needs

Staff with temporary or permanent impairments of sight, hearing or mobility may self-identify indicating what assistance may be required in the event of an emergency. Students with special needs are identified at the beginning of each school year. Parents are asked to provide written information/instructions concerning specific needs.

Those areas of the school that have employees and/or students with permanent mobility impairments should maintain any necessary evacuation device on each floor where such employees and/or students are located.

### **Child Abuse Reporting Procedures**

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

#### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

#### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

#### **Reporting Procedures**

##### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

 800-540-4000

### 2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

### **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

### **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's

### DEFINITIONS AND GENERAL INSTRUCTIONS FOR COMPLETION OF FORM SS 8572

All Penal Code (PC) references are located in Article 2.5 of the PC. This article is known as the Child Abuse and Neglect Reporting Act, also known as CANRA. The Internet site is: <http://www.leginfo.ca.gov/calaw.html> (specify Penal Code and search for Sections 11164-11174.3). A mandated reporter must complete and submit the form SS 8572 even if some information is not known. (PC Section 11167(a).)

#### I. MANDATED CHILD ABUSE REPORTERS

- Mandated child abuse reporters include all those individuals and entities as defined in PC Section 11165.7.

#### II. TO WHOM REPORTS ARE TO BE MADE (DESIGNATED AGENCIES)

- Reports of suspected child abuse or neglect shall be made by mandated reporters to any police department or sheriff's department (not including a school district police or security department), county probation department (if designated by the county to receive mandated reports) or the county welfare department. (PC Section 11165.9.)

#### III. REPORTING RESPONSIBILITIES

- Any mandated reporter who has knowledge of or observes a child, in his or her professional capacity or within the scope of his or her employment, whom he or she knows or reasonably suspects has been the victim of child abuse or neglect shall report such suspected instance of abuse or neglect to a designated agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof *within 36 hours* of receiving the information concerning the incident. (PC Section 11166(a).)
- No mandated reporter who reports a suspected instance of child abuse or neglect shall be held civilly or criminally liable for any report required or authorized by the CANRA. Any other person reporting a known or suspected instance of child abuse or neglect shall not incur civil or criminal liability as a result of any report authorized by the CANRA unless it can be proven the report was false and the person knew it was false or make the report with reckless disregard of its truth or falsity. (PC Section 11172(a).)

#### IV. INSTRUCTIONS

- SECTION A - REPORTING PARTY:** Enter the mandated reporter's name, title, category (from PC Section 11165.7), business (agency) name and address, telephone number, a signature and today's date. Also check yes-no whether you (the mandated reporter) witnessed the incident. The signature area is for either the mandated report or the person taking as telephoned report.

### Disaster Response Procedures

#### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. Home office will also be informed using HOST email system (Refer to HOST Attachment). In the event of any of the following scenarios the principal or his/her designee will communicate with stakeholders using the school's mass communication system.

- **Fire:**

- In the case of a school fire, the following procedures should be implemented:
- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
- School name and phone number.
- Building address, including nearest cross street(s).
- Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing

direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.

- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

- **Medical Emergency:**

- Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.

Provide the following information:

- School name and phone number.
- Building address, including nearest cross street(s).
- Exact location within the building.
- Your name and phone number.
- Nature of the emergency.
- Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.

- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday.
  - The incident needs to be entered into CharterSafe and the claim form needs to be emailed to the administration team.
- **Earthquakes:**
    - Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.
    - The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass, partitions and shelves. In the case of an earthquake, the following procedures should be followed:
      - Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
      - After shaking stops, check for injuries, and render first aid.
      - If ordered by School Principal or his/her designee, evacuate.
      - Do not return to building.
      - Do not light any fires.
      - Keep a safe distance from any downed power lines.
      - Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
      - Stay alert for aftershocks.
      - Beware that shaking may activate fire alarm or sprinkler systems.
      - Elevators and stairways will need to be inspected for damage before they can be used.
      - School principal, or his/her designee, will issue further instructions.

- **Assaults:**

- Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.
- If a serious assault occurs:
- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

- **Hazardous Materials:**

- Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:
  - If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
  - If a more serious spill occurs inside or outside:
  - Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.

    - Your name and phone number.
    - Location of the spill and/or materials released.
    - Characteristics of spill (colors, smells, visible gases).
    - Name of substance, if known.
    - Injuries, if any.
    - Notify buildings and grounds personnel.
    - Close all windows and doors if the spill is outside.
  - Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
  - Remain inside building unless ordered to evacuate by the Fire Department.
  - Fire Department will advise of further actions to be taken.
  - Do not eat or drink anything or apply cosmetics.
  - If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
  - The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.
- **Civil Disturbance:**
  - A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:
    - Notify local law enforcement authorities-Dial 911.

- If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
  - Do not argue with participant(s).
  - Have all students and employees leave the immediate area of disturbance.
  - If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
  - If the disturbance is inside the building, follow procedures for evacuation of the school site.
  - Follow further instructions as police officials and other local law enforcement authorities issue them.
  - Draft incident report for School Principal, or his/her designee.
- **Vandalism:**
    - The following procedures should be used in the case of school vandalism:
      - Notify school principal, or his/her designee.
      - Notify building and ground maintenance personnel.
      - The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
      - If possible, identify the parties involved.
      - Interview witnesses and obtain written statements.
      - Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
      - Notify parents or legal guardian.
      - Determine what disciplinary measures are appropriate (in-house or police involvement).

- Determine any monetary restitution issues and amounts.
  
- **Utility or Power Failure:**
  - The following procedures should be used in case of utility or power failure:
    - Staff and students should remain in classroom until further instruction.
    - Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
    - Staff and students outside of a classroom at the time of the incident should report to main office.
    - Building and grounds personnel report to utility company if necessary.
    - If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
    - Where utility failure presents an emergency, evacuation procedures should be implemented immediately.
  
- **Bomb Threat:**
  - Person receiving call:
    - Listen - Do not interrupt caller.
    - If possible, alert other staff by a pre-arranged signal while the caller is on the line.
    - In the event that a bomb threat is received, it is important for the person receiving the call to attempt to keep the caller on the telephone as long as possible. It is also important to listen carefully to all information provided by the caller and to make a note of any voice characteristics, accents, or background noises.
    - Attempt to ask questions and elicit the information required to determine the severity of the threat.

- Exact location within the building.
  - Your name and phone number.
  - Evacuate to outdoor assembly area.
  - Check attendance. Remain with students.
  - Render first aid as necessary.
  - Notify grounds and building personnel.
  - Keep students and staff at a safe distance from the building(s) and away from firefighting equipment.
  - Public safety officials will determine when the building is safe for re-entry, and along with School Principal, or his/her designee, whether student release from the school site is necessary.
  - Draft incident report by the end of the week.
- **Fighting or Riot:**
    - School staff should follow these guidelines when a fight occurs:
      - Send a reliable student to the office to summon assistance.
      - Speak loudly and let everyone know that the behavior should stop immediately.
      - Obtain help from other teachers if at all possible.
      - If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
      - Call out the names of the involved students (if known) and let them know they have been identified.
      - For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
      - Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as

well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.

- Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
- Staff should follow these guidelines when a riot occurs:
  - The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
  - Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
  - Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.
  - Activate needed emergency plans, which may include:
  - Instructing office staff to handle communications and initiate lockdown orders.
  - Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
  - Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
  - Direct a teacher or designee to initiate lockdown and immobilize the campus.
  - Brief a representative to meet the media.
  - Assign staff to a pre-designated medical treatment/triage facility.
- **Hostage Situation:**

- In case there is a hostage situation at the school, staff should attempt to follow these guidelines:
  - Stay calm.
  - Don't be a hero.
  - Follow instructions of captor.
  - Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages.
  - Inform captors of medical or other needs.
  - Be prepared to wait; elapsed time is a good sign.
  - Don't try to escape; don't try to resolve situation by force.
  - Be observant and remember everything that is seen or heard.
  - If a rescue takes place, lie on the floor and await instructions from rescuers.
  - The School Principal, or his/her designee, should be responsible for the following:
    - Immediately notify law enforcement.
    - Move other students and teachers completely away from those who are in the hostage situation.
    - Keep everyone as calm as possible.
    - Be prepared to answer questions from media or family.
  
- **Death of a Student:**
  - By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:
  - After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff

and students as soon as possible is the best prevention for the development of post-traumatic stress.

- Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
  - Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
  - If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
  - Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
  - Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.
- **Intruder or Individual with Deadly Weapon/Active Shooter:**
    - If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:
      - Avoid confronting the student or gunman.
      - Notify the School Principal, or his/her designee, or school office immediately.
      - Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.

- The School Principal, or his/her designee, should follow these guidelines:
  - Notify law enforcement immediately.
  - Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
  - Determine the level of threat. If the level of threat is high, call for additional backup.
  - Attempt to get the weapon from the gunman or student through negotiation, or take other appropriate action with the aid of local law enforcement.
  - If the level of threat is low, call the student to the office and have law enforcement take the appropriate action.
- **Lock Down**
  - This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.
  - The Principal or Admin designee will make an announcement on the P.A. system that the school is going into a Lock Down situation. If P.A. system is not available, other means of communication, i.e., texting or email to staff or sending messengers. The Principal or Admin designee should remain calm and under control and give clear directions.
  - Teachers will lock their doors and shut their blinds and instruct students to stay away from the doors and windows.
  - If outside, students will continue to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the nearby classrooms or school buildings.

- Teachers and students will remain in the classroom or secured area until further instructions are given by the Principal/Admin Designee or law enforcement.
- All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.

### **Suspension and Expulsion Policies**

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well being of all students at MPS. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq.

Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion. This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook, which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

### **Alternatives to Suspension**

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes

information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our school-wide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Alternatives to suspension or expulsion will first be attempted with students who are truant, tardy, or otherwise absent from assigned school activities.

### **In School Suspension (ISS)**

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

### GROUNDS FOR SUSPENSION

A student may be suspended for prohibited misconduct if the act is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school sponsored activity.

### **Enumerated Offenses**

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person.
2. Willfully used force of violence upon the person of another, except self-defense.
3. Possessed, sold, or otherwise furnished any firearm, knife, explosive, or other dangerous object unless, in the case of possession of any object of this type, the students had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

4. Unlawfully possessed, used, sold or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion.
7. Caused or attempted to cause damage to school property or private property.
8. Stole or attempted to steal school property or private property.
9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.
10. Committed an obscene act or engaged in habitual profanity or vulgarity.
11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
12. Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties.
13. Knowingly received stolen school property or private property.
14. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
15. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.
16. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
17. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
18. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school sanctioned events.
19. Engaged in an act of bullying, including bullying by means of electronic act, as defined in Education Code Section 48900.
20. Made terrorist threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who

willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

21. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 6 to 11, inclusive.

22. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 6 to 11, inclusive.

23. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 6 to 11 inclusive.

24. Engaged in, or aided another in, academic dishonesty, including, but not limited to, cheating, plagiarism, alteration of grades or academic marks, or theft or unpermitted review of tests prior to testing.

25. Intentionally "hacked" or broken into a School or School affiliated computer system.

26. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1).

### SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

#### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of

students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

### **Notice to Parents/Guardians**

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

### **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a discipline committee. All discipline committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the discipline committee is final. Based on the information submitted or requested, the Discipline Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension

- Uphold the suspension but clear the student's record of the suspension at the end of the semester, if the student has no additional discipline problems in the school
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings.

### **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

### **Access to Education**

Arrangements shall be made to provide the student with classroom material and current assignments to be completed at home during the length of the suspension

### GROUNDS FOR EXPULSION

A student may be expelled for prohibited misconduct if the offense is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school sponsored activity.

### Expulsion (Mandatory and Discretionary Offenses)

The Principal shall immediately suspend and recommend expulsion when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined below. E.C. 48915(c)(1); 48900(b)
2. Brandishing a knife at another person. E.C. 48915(c)(2); 48900(a)(1) and 48900(b)
3. Unlawfully selling a controlled substance. E.C. 48915(c)(3); 48900(c)

4. Committing or attempting to commit a sexual assault or committing a sexual battery, as defined in the enumerated offenses, above. (as defined in 488900[n]). E.C. 488915(c)(4); 48900(c)
5. Possession of an explosive, as defined below. E.C. 48915(c)(5); 48900(b)

If it is determined that a student has brought a fire arm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994.

The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term “destructive device” means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The Principal has limited discretion with Category II student offenses listed below. The Principal must recommend expulsion when any of the following occur at school or at a school activity off campus, unless the Principal determines that expulsion is inappropriate (E.C. 48915[a]):

1. Causing serious physical injury to another person, except in self-defense. E.C. 48915(a)(1); 48900(a)(1), maybe also 48900(a)(2).
2. Possession of a knife or other dangerous object of no reasonable use to the pupil. E.C. 48915(a)(2); 48900(b)
3. Unlawful possession of any controlled substance, except for the first offence of less than an ounce of marijuana. E.C. 48915(a)(3); 48900(c).
4. Robbery or extortion. E.C. 48915(a)(4); 48900(e).
5. Assault or battery upon any school employee. E.C. 48915(a)(5); 48900(a)(1) and 48900(a)(2)

The Principal may recommend expulsion when any of the following Category III offenses occur at any time, including, but not limited to, while on school grounds; while on school grounds; while going to or coming from school; during the lunch period, whether on or off the campus; or during, or while going to or coming from, a school sponsored activity:

1. Category I and II offenses that are related to a school activity or school attendance, but that did not occur on school campus or at a school activity.
2. Caused or attempted to cause, or threatened to cause physical injury to another person, unless the injury is serious, as set forth under the Category II offenses.. (Unless, in the case of “caused,” injury is serious. [See II.1]). E.C. 48900(a)(1); 48915(b)
3. First offense of possession of marijuana of not more than one ounce, or possession of alcohol. E.C. 48900(c); 48915(b)

21. Engaged in an act of bullying, including, but not limited to, bullying committed by means of electronic act directed specifically toward a pupil or school personnel. E.C. 48900(r); 48915 (e)

### **Additional Findings**

For all Category II and III offenses (Category I offenses do not require additional findings), the student may be expelled only if one or both of the following findings are substantiated:

- a) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
- b) Due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others.

### Authority to Expel

A student may be expelled either by the Board following a hearing before it or by the Board upon the recommendation of an Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated. Teachers of the student, members of the school's discipline committee, and directors of the Board may not serve on the Administrative Panel. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

### Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session unless the student makes a written request for a public hearing three (3) days prior to the hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MPS' disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

### Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of

the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include

videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

### **Record of Expulsion Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

### **Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board, who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing.

If the expulsion-hearing panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

### **Written Notice to Expel**

The Principal or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures.

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

### **Disciplinary Records**

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

### **Expulsion Appeals**

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall convene a committee of three: a school Principal and a Dean of Students from other MPS schools, and the CEO of MPS or his/her designee. The committee shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The committee will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

### **Expelled Students/Alternative Education**

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

### ***LACOE REQUIRED LANGUAGE***

#### **General Provisions**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District's Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **Students with Disabilities**

Charter School shall implement operational and procedural guidelines ensuring compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement, pending the completion of the expulsion process, to be coordinated with the El Dorado CELPA Special Education Service Center.

In the case of a student who has an Individualized Education Program ("IEP"), or a student who has a 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and Section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team, including a District representative, will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District's Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a 504 Plan, Charter School's administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student's disability?
- B. Was the misconduct a direct result of the Charter School's failure to implement 504 Plan?

### **Notification of the District**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- completed "Notification of Charter School Expulsion"
- documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School's policies and procedures were followed copy of parental notice of expulsion hearing

- copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student's compliance for reinstatement, appeal process, and options for enrollment
- if the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- if the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student's disability?
  - B. Was the misconduct a direct result of the Charter School's failure to implement 504 Plan?

Notwithstanding the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the Superintendent of the student's district of residence within 30 days of the expulsion.

Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code 49068 (a) and (b).

### Outcome Data

Charter School shall maintain all data involving placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### Rehabilitation Plans

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by Charter School's governing board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### Readmission

Charter School's governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School's governing board shall readmit the pupil; unless Charter School's governing board makes a finding that the

pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil's parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil's parent/guardian within a reasonable time.

### **Reinstatement**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

### **Gun Free Schools Act**

Charter School shall comply with the federal Gun Free Schools Act.  
 For specific details, refer to LAUSD Board Policy and Administrative Regulations.

### **Procedures for Notifying Teachers about Dangerous Pupils**

In order to fulfill the requirements made by Education Code 49079 and Welfare and Institutions Code 827 that state teachers must be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Illuminate. The teacher can access the suspension by looking at the student's discipline screen. The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.

Pursuant to Welfare & Institution Code 827(b) and Education Code 48267, the Court notifies the Superintendent of the LAUSD regarding students who have engaged in certain criminal conduct. This information is forwarded to the site Principal. The site Principal is responsible for prompt notification of the student's teachers. Per Education Code 49079, this information must be kept confidential. This information is also forwarded to all administrators and the student's counselor.

1. The School Principal will inform teachers and other relevant staff of students who are defined as dangerous as set forth in the California Education Code sec. 48900, including the exceptions to this rule provided therein. The School will provide this information to the teacher based upon any records that the school maintains in its ordinary course of business, or receives from a law enforcement agency, regarding a pupil described in this Section. The School is not civilly or criminally liable for providing information unless it is proven that the information was false and that the School employee knew or should

### Sexual Harassment Policy

#### **Policy Prohibiting Unlawful Harassment**

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment. MPS’s policy prohibits sexual harassment and harassment based upon race, color, creed, gender (including gender identity and gender expression), religion, marital status, registered domestic partner status, age, national origin or ancestry, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, sexual orientation, military or veteran status, or any other consideration made unlawful by federal, state, or local laws. MPS will not condone or tolerate harassment of any type by any employee, independent contractor or other person with which the School does business. This policy applies to all employee actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

#### **Prohibited Unlawful Harassment:**

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
  - Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work because of sex, race or any other protected basis;
  - Retaliation for reporting or threatening to report harassment; or
  - Deferential or preferential treatment based on any of the protected classes above.
- Prohibited Unlawful Sexual Harassment:

In accordance with existing discrimination on the basis of gender in education institutions is prohibited. All persons, regardless of the gender, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by the School.

MPS is committed to provide a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consist of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission of the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Employees and students are expected to act in a positive and professional manner and to contribute to a policy, productive School environment that is free from harassing or disruptive activity. Any employee who believes they have been sexually harassed or has witnessed sexual harassment

is encouraged to immediately report such harassment to the Principal (or MPSCO Human Services for MPSCO employees). See Appendix A for the “Harassment Complaint Form.” See Appendix B for the general “Complaint Form.”

### **Sexual harassment may include, but is not limited to:**

- Physical assaults of a sexual nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another’s body, or poking another’s body.

### **Unwanted sexual advances, propositions or other sexual comments, such as:**

- Sexually oriented gestures, notices, remarks, jokes, or comments about a person’s sexuality or sexual experience.
- Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee’s job more difficult because of the employee’s sex.

### **Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:**

- Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work.
- Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and

- Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms). The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Complainants and witnesses under these policies will be protected from further harassment and will not be retaliated against in any aspect of their employment due to their participation, filing of a complaint or reporting sexual harassment. MPS will investigate complaints promptly and provide a written report of the investigation and decision as soon as practicable. The investigation will be handled in as confidential a manner as possible consistent with a full, fair, and proper investigation. While in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities.

### Sexual Abuse and Sex Trafficking

- MPS will collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to ensure that the school site is prepared to address the threat of sexual abuse and sex trafficking in accordance with EC 49380.

### B. Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

#### Corporal Punishment:

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;

- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### **Harassment and Discrimination**

Harassment and Discrimination are prohibited. They include the following:

- Verbal Threats
- Threatening Behavior
- Hazing
- Intimidation
- Gang Behavior
- Fights

Policies for dealing with harassment and discrimination are described in the MPS Employee Handbook and MPS Student-Parent Handbook.

If harassment or discrimination occurs, school staff should:

1. Evaluate the seriousness of the situation and determine the level of assistance needed. If intervention is required, contact support staff. Where threats of serious bodily injury and/or weapons are involved, call 911.
2. Identify the parties involved and give specific verbal directions to discuss the situation. Where a physical altercation is occurring, or is about to occur, call for staff support and immediately separate the parties involved.
3. Document the incident, including the names of witnesses and any statements.
4. Give incident reports to the School Principal, or his/her designee, as soon as possible.

The School Principal, or his/her designee, should:

1. Assess the seriousness of the incident. If assistance is needed, call necessary support staff. Where a threat of serious bodily injury or weapons is involved, call 911.
2. Identify the parties involved.
3. Seek written documentation from witnesses.
4. Determine disciplinary consequences. See MPS Employee Handbook and MPS Student-Parent Handbook.
5. Determine what intervention or follow-up is necessary, including reference to a school counselor, psychologist, or local law enforcement.
6. Notify parents or legal guardian and appropriate school personnel of incident.
7. Complete a report with a description of the incident and include the names of witnesses and any statements. Summarize the disciplinary procedures used in resolution of the incident.

### **Internal Complaint Review**

The purpose of the “Internal Complaint Review Policy” is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns.

Specific complaints of unlawful harassment are addressed under the School’s “Policy Against Unlawful Harassment.”

#### **Internal Complaints:**

(Complaints by Employees Against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your direct supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

### Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a nonemployee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

### General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

and take appropriate disciplinary or other action when the facts show that there has been harassment.

If you are an employee of the School, you may file this form with the Principal (or CEO (or Board President.))

Please review the School’s policies concerning harassment for a definition of harassment and a description of the types of conduct that are considered to be harassment.

MPS will undertake every effort to handle the investigation of your complaint in a confidential manner. In that regard, the School will disclose the contents of your complaint only to those persons having a need to know. For example, to conduct its investigation, the School will need to disclose portions of your factual allegations to potential witnesses, including anyone you have identified as having knowledge of the facts on which you are basing your complaint, as well as the alleged harasser.

In signing this form below, you authorize the School to disclose to others the information you have provided herein, and information you may provide in the future. Please note that the more detailed information you provide, the more likely it is that the School will be able to address your complaint to your satisfaction.

Charges of harassment are taken very seriously by the School both because of the harm caused to the person harassed, and because of the potential sanctions that may be taken against the harasser. It is therefore very important that you report the facts as accurately and completely as possible and that you cooperate fully with the person or persons designated to investigate your complaint.

### **Acceptable and Unacceptable Staff/Student Behavior:**

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

### **Duty to Report Suspected Misconduct**

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears

to be at risk for sexual abuse.

### **Unacceptable Staff/Student Behaviors (Violations of this Policy):**

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

### **Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:**

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

### **Cautionary Staff/Student Behaviors:**

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

### **Acceptable and Recommended Staff/Student Behaviors:**

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious

situation later;

- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority;
- Asking yourself if your actions are worth your job and career.

### **School-wide Dress Code prohibiting gang-related apparel**

Disruption and/or intimidation caused by the wearing of any type of clothing/jewelry or by writing of any signs identified as or associated with gangs. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented. Students may not promise to become or be members of a gang, secret society, illegal club, sorority or fraternity.

### **Procedures for Safe Ingress and Egress from School**

#### **\*Please see school map at bottom of this Safety Plan**

Visitors and guests are welcome at the school. However, to safeguard students and staff, reasonable precautions should be taken.

Visitors should:

1. Always report and sign in at the office.
2. Be provided with a visitor's badge.
3. Be prepared to provide identification to school personnel.
4. Respect school rules.

School personnel should:

1. Insure all exterior doors are marked with a notice to visitors to first report to the office.
2. Exterior doors should remain locked, except doors near the office area.
3. Staff should receive training on how to greet visitors. The first question is "May I help you?"
4. Someone should greet every visitor.
5. Any intruder found roaming the building should be escorted to the office. Someone can then provide any additional information or directions. (NOTE: An intruder is anyone without a visitor's badge or lacking visible identification stating who they are, i.e., school employee)

Visitors who fail to comply with school procedures:

1. Should verbally be informed they are in violation of school policy. (Example - "Sir, you must report to the office immediately. If you fail to do so, you will be considered a trespasser, and school security will be called.")
2. If this fails:
  - Notify the office of the situation.
  - Follow the person, if possible, and continue to give notice of the violation of school rules.
3. Police should be notified, or call 911.
4. Office should activate building-wide notification plan concerning intruder:
  - PA announcement using pre-determined code phrase.
  - Classroom doors should be closed.
  - Students should remain in current areas.

Create a plan, using the below format to make the school safer and more effective. The plan will address two factors, The Social Climate and The Physical Environment to identify your schools strengths, areas of desired change and future plans.

Create a caring and connected school climate-How do you make Students and Staff believe that the school is a caring community?

A. Involve parents:

Goals:

1. Continue Home Visit program, including an increased stipend for teacher home visits.
2. Continue Coffee with the Principal meetings and increase last year's average attendance by 10%.
3. Continue to create volunteer opportunities for parents.
4. Host events such as: Open House Nights, STEAM Gala, College Signing Day, etc. that bring parents to the school.
5. Conduct summer orientation that introduces MSA-3 to parents.
6. Continue Parent-Teacher Conferences.

B. Recognize and build on the cultural richness of your school community

Goals:

1. Dean of Culture will lead participation of school community within our local community through programs and events like the Compton Homeless Count Initiative, Saturday Parenting Classes, hiring of former students to after-school program, etc.
2. Allow student stakeholders to participate in School Site Council to influence direction of MSA-3.

C. Provide training so staff can meet the unique needs of the student body

Goals:

1. Implement monthly staff-wide professional development on socio-emotional development, multiple instruction strategies, and creating classroom culture conducive to student learning.
2. Set high academic and behavior goals
  - a. Teachers will provide CCSS aligned instruction using SDAIE strategies for the 2017-2018 school year.
3. Gain awareness of the needs of staff to provide more targeted, appropriate professional development.
4. Improve curriculum and teaching practices.
5. Ensure teachers are differentiating their instruction so that students at various academic levels can have access to the content.

D. Promote caring, supportive relationships with students

Goals:

1. Support the Socio-Emotional Learning of all students.

 Phone: 310-637-3806; Fax: 310-637-3809  
[msa3.magnoliascience.org](http://msa3.magnoliascience.org)

2. Continue implementing the EDGE (executive functions) coaching program in which selected students meet weekly with extensively trained staff members to be coached in setting and achieving goals.
3. Continue community outreach with can drives to homeless and/or low-income families at the beginning of long breaks
4. Continue developing and strengthening our Student Government.
5. Use PBIS as a means to create a sense of excitement and inclusion at MSA-3.
6. Services for Special Populations: Building increasingly robust programs to effectively support all students, especially English Language Learners, students with IEPs and our most advanced students.

### E. Emphasize critical thinking and respect

#### Goals:

1. Through instruction, provide students with 21<sup>st</sup> century skills such as critical thinking.
2. Use Restorative Justice as an opportunity for students to reflect on their choices.
3. Create a school-wide culture of mutual respect between administration, teachers, and students.

### F. Communicate clear discipline standards

#### Goals:

1. Provide all parents and students with a Student/Parent Handbook and ensure they are abreast of the expectations with regards to discipline and behavior at MSA-3.
2. Use the Student/Parent Handbook as a guide to inform decisions concerning discipline.
3. Use PBIS to reinforce positive behavior and communicate the type of behavior that is expected at MSA-3.

### G. Communicate procedures to report and deal with threats

#### Goals:

1. Ensure teachers and classified staff are familiar with procedures and protocols when reporting or dealing with threats at the school.
2. Hold 2 intruder/lockdown drills per semester to identify strengths and areas of growth.

### H. Empower students to take responsibility for safety

#### Goals:

1. Have students understand the consequences of fighting (ie. physical harm, legal consequences, etc.)

### I. Train staff on bullying prevention and tolerance

#### Goals:

1. Create a campus network for victims, where students can feel safe expressing themselves and experiences.

2. Provide staff with professional development to diminish bullying in their classrooms.
  3. Bring presentations and assemblies to MSA-3 that focus on the effects of bullying and ways to eliminate it.
- J. Provide training for student and staff on dangers of drugs and alcohol
- Goals:
1. Implement a “First Year Experience” course for seniors, that discusses the dangers of drug and alcohol usage in college.
  2. Have an engaging Red Ribbon week that is engaging and current.
- K. Plans encouraged to include guidelines for roles and responsibilities of mental health/intervention professionals, school counselors, and law enforcement, if school uses these people. EC 32281.1 effective January 1, 2104

### Goals:

1. Use the EDGE Coach as an on-site counselor, providing students with mental health services, as needed.
  2. Create a relationship with school police and Carson Sheriff’s Department to ease some of the tensions between law enforcement and certain populations of our students.
  3. Law enforcement’s presence will provide additional security and diminish the potential for any situations that are not conducive to learning to take place.
- L. Collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in order to create a plan to address the threat of sexual abuse and sex trafficking. (EC 49380 effective January 1, 2015)

### Goals:

1. Establish a relationship with local law enforcement to stay abreast on any increases in sexual abuse or sex trafficking in Carson, CA or surrounding cities.
- 2.

### The Physical Environment-place:

Create a physical environment that communicates respect for learning and for individuals and safety

How does your school site:

#### A. Maintain a clean environment

- Collaboration with our co-located school, through the use of a shared custodial staff
- Encourage students and staff to have an intrinsic drive to keep the school clean, as it is a reflection of them
- Through restorative justice, campus beautification is a strategy used for students in contrast to suspension

#### B. Involve itself in the community

- Thanksgiving and Christmas can drives

- Lock the front gate that provides access to the school
  - Lock the front gate that provides access to teacher parking
- E. Limit loitering
- Supervision staff walks the campus ensuring students are in class and persons who do not belong at the school are escorted towards the front of the building.
- F. Dedicated supervision staff, admin, and teachers all support with supervision before, during, and after school
- Supervision staff provides concierge service to students being dropped off by parents in the morning and picked up by parents in the afternoon.
  - Teachers are outside of their classrooms during transition periods, aiding in supervision
  - After school, YPI and ARC (after school programs) aid in supervision of the students
- G. Utilize shared cafeteria and quad area for general times
- Students receive nutrition and lunch in our outdoors cafeteria; they have the option of eating there, on the quad, or on the field.
  - The quad is also used for instruction (ie. Science classes launched rockets on the quad)
- H. Maintain clean and safe restrooms
- Custodial staff cleans the restrooms daily
  - The Dean of Students or members of the supervision staff check the restrooms daily to verify their cleanliness
  - Students are not permitted to access restrooms during first 10 or last 10 minutes for class
- I. Provide adequate lighting in all areas
- All classrooms have adequate lighting
  - Maintenance/Facilities staff is notified if their issue with the lighting in any of the classrooms
  - Restrooms have adequate lighting
- J. Provide student with current textbooks and materials
- The Dean of Academics ensures that textbooks are current and up-to-date.

  - All classrooms are provided with an evacuation plan, as well as, an intruder drill folder that contains the necessary items for teacher to denote if they and their students are safe or not
- N. Deal with vandalism before students return to school
  - Notify the custodial staff of the vandalism in a timely manner; depending on the severity of the vandalism will determine the speed at which it is handled
- O. Inventory, Identify and store valuable property
  - Teachers, before they leave for the summer are required to inventory all of the textbooks in their classrooms
  - Chromebooks are kept in a secure location during the school year and summer
- P. Provide training for security personnel and staff
  - Supervision staff will receive professional development in de-escalation techniques
  - Supervision staff will receive professional development in restorative justice techniques
- Q. Engage students and the community in campus beautification projects
  - Students who need community service hours will be invited participate in beautification projects in exchange for service hours
- R. Maintain daily random metal detector searches
  - Supervision staff will continue to conduct random searches

### **The Social Climate and the Physical Environment**

Our staff believes that safety and education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each stakeholder group is responsible for doing its part to make school a place where we can learn, be safe and play together in harmony. Everyone has the right to feel safe, secure,

and accepted regardless of color, race, gender, popularity, ability, religion or nationality. Our handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled the student-parent handbook, which addresses the schools regulations and policies to set a standard.

### **Core Values**

Magnolia Public Schools has identified the following core values which are reinforced through its Life Skills curriculum, expected school wide learning results (ESLR), and all school activities.

#### **Value: Scholarship Value: Critical Thinking**

Success and Self Discipline Citizenship and Personal Qualities

#### **Value: Social Responsibility Value: Effective Communication**

Respect and Responsible Choices Conflict Resolution and Human Relations

#### **Effective Communication:**

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1. Parents should encourage their child to talk with the teacher.
2. Parents can encourage their child to talk with an administrator.
3. If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the

child to learn how to be a part of the solution.

### **If parent feels there is a concern they should:**

1. Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
2. If the problem persists after a reasonable time, talk with the teacher again.
3. If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, MPS Central Office and the MPS Board and, after that, the School District/County/State would be the next avenue of communication.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner.

### **Illuminate provides the following information:**

1. Attendance: Each student's attendance (tardy/absence) is recorded daily (by each teacher) in 'real-time.' This is one method our parents can monitor their child's attendance in each class daily.
2. Grades: Our teachers input all academic grades online for each assignment, quiz, and examination.
3. Behavior: Illuminate will provide information on behavioral incidents for each student.
4. Homework/Assignments: Our teachers upload and document all homework assignments on Google Classroom. This information is useful for students who were absent from class and also provides a reminder for those who may have forgotten to record their homework assignment for a course.
5. Illuminate Point System: We believe that students should be rewarded for good work, positive behavior and exuding the school's expected school-wide learning results which students earn points and are recorded on Illuminate. The Illuminate point system serves as an incentive program that our teachers use to encourage students to improve. However, when students fail to demonstrate positive behavior, and/or the school-wide goals then those incidents will be noted in Illuminate.
6. Communication: Illuminate does not allow for communication directly to parents. The school will utilize school-wide communication system, along with email and phone to communicate with parents.

### **Our Graduates will be:**

#### **Critical Thinkers who:**

- Apply, analyze, identify, synthesize and evaluate information and experiences and use these 21<sup>st</sup> century skills, not only in the classroom, but in their everyday lives.
- Connect the skills and content learned across the curriculum and evaluate multiple points of view.
- Use the **Inquiry Process** to address a problem, hypothesize, analyze, and draw conclusions as they investigate an issue/problem.
- Utilize Problem-solving techniques during conflict resolution and to compromise.

#### **Effective Communicators who:**

- Demonstrate effective oral and written communication skills through the use of Academic Language at school, with peers and in the community.
- Demonstrate content area and grade level achievement in Reading, Writing, Mathematics, History and Science.
- Collaborate, work effectively, and manage interpersonal relationships within diverse groups and settings.

### **21<sup>st</sup> Century Scholars who:**

- Use technology effectively to access, organize, research and present information.
- Demonstrate the ability to integrate technology as an effective tool in their daily lives.
- Have developed an academic plan with goals to guide them in their pursuit towards a college degree and career choices (planning).
- Have a clear understanding of the UC A-G Course Requirements and meet college eligibility requirements.

### **Socially Responsible Global Citizens who:**

- Embrace and respect cultural diversity through the understanding of our Global World.
- Demonstrate knowledge and understanding of American and World History and the values of different cultures.
- Contribute to the improvement of life in their school and local community through Leadership skills and participation in Community Projects.
- Demonstrate knowledge of proper nutrition, exercise and physical health and its impact on daily life.

### **Life Skills**

Our ESLR's are also integrated and further reinforced in our daily Life Skills Course, a requirement for all students in grades 6-8. Each year, the Principal will join the other 10 from all Magnolia Public Schools to collaborate to discuss and reflect on the impact of the Life Skills Curriculum, the school's mission, vision and school culture. Based on the discussion and feedback, the curriculum is revised to support the school's culture and engage all students while creating a safe and respectful learning environment for all students.

The 2017-2018 Life Skills Curriculum addresses the following issues/topics as part of the curriculum:

- Patterns of Success (Essential skills to prepare for College & Academic Success)
- Respect
- Conflict Resolution (Addressing teen issues including Bullying, Cyberbullying, Peer Pressure)
- Making Responsible Choices (Ethics, Drug/Alcohol Awareness/Prevention)
- Citizenship (Democratic Values)

- Human Relations (Social Interactions)
- Personal Qualities (Core Values)
- Self-Discipline (Developing a positive attitude)

Life Skills is an enriching course that provides our students with valuable skills to excel academically and socially in the 21<sup>st</sup> century. The teacher leads the course, and then students participate in activities/projects to demonstrate their understanding of the material and answer questions posed. In addition, our instructors have guest speakers and utilize various forms of technology to engage students in the course content.

### **Parent Association**

Our parent association holds annual elections for the following positions: President, Vice President, Treasurer, and Secretary. Approximately 10% of our parents continuously attend monthly PTSC meetings. Our PTSC supports our school and students through fundraising, recruiting volunteer for our school, and student outreach/recruitment. The purpose is to support the school staff and students in the school's areas of needs and as family to create a community within our school. Our goal is to increase the percentage of parents attending. We understand that our parents lead hectic lives so we are having parent meetings in the mornings and evenings as a pilot program to assess if this move will increase parent participation.

### **Professional Development**

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive trainings on school wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, trainings on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015

### **Physical Environment**

Our school provides a safe, healthy, and nurturing environment characterized by trust, caring and professionalism. We have adopted and implemented a comprehensive set of health, safety, and risk management policies to create a safe and secure learning environment. These policies

comply with all applicable state and local health and safety laws and regulations. It is the responsibility of the on-site school administration to consistently monitor all activities to ensure safety and security of the students. Parents and students are also made aware of these policies as it regards to them in the form of student and parent handbooks. We are dedicated to enforcing school functions as a drug-free, alcohol-free, and tobacco-free zone, as well as a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyber bullying via school-wide assemblies and individual guest speakers. All staff members are mandated reporters in case of child abuse or violence. Emergency safety plans have been written up to address emergency situations (e.g. natural disasters and fires). Each classroom is equipped with a copy of these plans and disaster drills are practiced throughout the year.

- Goal(s): All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.
- Objective 1: Quarterly all employees will review the policy and procedures as noted in the school wide safety plan.
  - Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
  - Resources needed: Safety plan,
  - Person(s) responsible for implementation: Designated administrator, safety committee
  - Timeline for implementation: August 2017

Magnolia Public Schools Student Code of Conduct: MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

### Expected Student Behavior

Students should always remember that their behavior and actions at school and at school sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what is expected from an MPS student:

#### Nutrition/Lunch Time:

- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their nutrition/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food, and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- No students should be in any classroom without a pass.

Remember that restroom use is at the discretion of the security guard/supervisor staff. Students must carry a pass that is given to them by security guard/supervisor staff.

#### On Campus:

- Stay in designated areas on-campus.
- Be courteous and respectful at all times to everyone.
- Do not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Do not use or have cellular phones turned on during school hours; students are allowed to use cellular phones only in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Do not leave campus without permission during school hours.
- Do not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that no electronic devices such as CD/MP3/IPOD players may be visible or used on the campus grounds.

- Students are not allowed to loiter in the quad or common areas.

### **Assemblies:**

- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

### **Field Trips:**

- Be on their best behavior. Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

### **Public areas: Hallways, Lunchroom & Restrooms:**

- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.
- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.
- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
  - Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
  - Have a hall pass if you are outside of the classroom during class time.
- Not visit with friends or interrupt another classroom.
- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills: Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

### Classroom:

- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences: Please check the teacher's syllabus for specific consequences which may include:

1. In Class Warning
2. Student-Teacher Conference
3. Detention / Parental Notification
4. Parent Conference
5. Office Referral & Administrative Disciplinary Procedures

### Illuminate Behavior Points

[For Middle & High School Only: Student behavior will be recorded on Illuminate and students will receive the following rewards or consequences based on their behavior points.

#### Positive Rewards:

+5 Contact parent/guardian; +10 Lunch speed pass; +15 Treat; +20 One day free dress (pass will be given); +25 Extended lunch period; +30 Two day free dress (pass will be given); +35 VIP breakfast; +40 Entered in a raffle; +45 Free dress – every Friday for one month (pass will be given); +50 VIP lunch and “Race to the top”

#### Minor/Major Behavior Entries:

-5 Contact parent/guardian; -10 Loss of privileges; -15 Parent conference / Red slip\*; -20 Behavior plan and lunch detention; -25 Shadowed by parent for a day and one hour after school detention; -30 Student improvement team; -35 Pending discipline committee outcome; -40 Pending discipline committee outcome; -45 Pending discipline committee outcome; -50 Discipline hearing with discipline committee, parent and student

Students earn a positive **Illuminate** point for receiving all acceptable marks and a signature on their red slip. When a student receives negative twenty or more discipline entries recorded on **Illuminate**, the MPS administration will arrange a meeting with that student and the parent to develop a behavioral plan. If the student fails to abide by the discipline tracker rules or an agreement between the administration, parents, and student, cannot be reached, the student will be referred to the School Discipline Committee.

### C. Unacceptable types of Behavior

All students at MPS are entitled to the rights guaranteed by the United States Constitution and Bill of Rights, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, detention, to emergency

removal from a school activity, suspension, expulsion, and criminal prosecution. MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community. In other words MPS may discipline behavior at school or at a school related or school-sponsored function or any activity or any act that has a negative effect on the school environment or that is performed with/on/by/via school equipment or school property. The following tables delineate unacceptable types of behavior and possible consequences.

### **Assaulting, Fighting and/or Arranging Fights:**

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

### **Bringing / Using Electronic Devices:**

CD Players, IPOD, MP3 players, phones, PDA, PSP, Laptops, Electronic Games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

### **Scholastic Dishonesty:**

Scholastic dishonesty includes (but is not limited to) cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. Each teacher sets their own standards of behavior for their classroom, and students are expected to know the standards and procedures for each of their classes.

### **Texting/Sexting:**

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

### **Disrupting Learning:**

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

### **Horseplay:**

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps

### **Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol:**

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters. The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

### **False Fire Alarms:**

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

### **Forgery of Signatures:**

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

### **Vulgarity, Profanity and Obscenity:**

Any gesture or material of this nature is not permitted at school or school functions.

### **Behaving Disrespectfully towards Teachers or Staff:**

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

### **Smoking or Use of Other Tobacco Products:**

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

### **Stealing and/or Vandalizing School/Private Property & Graffiti:**

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

### **Displaying Threatening Behavior:**

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

### **Bringing Weapon in School:**

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their

original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

### **Possession or Use of Fireworks:**

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

### **Arson:**

Intentionally starting any fire or combustion on school property

### **Public Display of Affection:**

Public displays of affection are not allowed.

### **Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules:**

Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to the following discipline.

### **Students with an IEP:**

If a student has a behavior plan in his/her IEP, the consequences cited in that plan will be used in the event of specified misbehavior. If the behavior(s) worsens or the frequency increases, the student's IEP team shall meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved. Suspensions of students with disabilities cannot exceed ten days without a "manifestation determination." A student cannot be suspended for more than ten days for misconduct that is a manifestation of their disability. State law defers to federal law for most of the rules governing suspension and expulsion of special education students.

### **Hate Crime Policies and Procedures**

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in local District/State policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

### **Bullying Prevention Policies and Procedures**

Bullying is not permitted at MPS. In addition MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications. Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. This includes the use of social media for wrongful purposes.

### **Each MPS student agrees to:**

- Value student differences and treat others with respect.
- Not become involved in bullying incidents or be a bully.

### **Harassment of Students, Teachers, Administrators, or Staff:**

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment.

Harassment can be verbal, physical and visual. (Education Code, § 212.5) Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

### **Student Hazing:**

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences.

### **Safety Goals for 2018-2019:**

**Goal 1:** All employees will uphold and implement all stated policy and procedures as noted in the school wide safety plan.

- Objective 1: Quarterly all employees will review the policy and procedures as noted in the school wide safety plan.
  - Related Activities: Review regularly during Professional Development, committee meetings and safety meetings.
  - Resources needed: Safety plan,

# HOST Crisis Help

## Home Office Support Team

***Always call 911 first when a life-threatening emergency is in place! You can call the Suat Acar, Chief Operations Officer anytime by skipping the below process to get direct guidance. In case you cannot reach the Chief Operations Officer you may call our CEO Mr. Rubalcava or Assistant Director of Student Services Dr. Brenda Lopez for immediate assistance.***

- 1- The principal or the dean (Admin) is informed about an emergency or a crisis situation
- 2- If possible, the admin investigates and provides an incident report to the host@magnolia email. In case of urgency the admin or designee sends an email to host@magnolia immediately then provides the incident report later.
- 3- Suat Acar directs the conversation to the related, appropriate home office staff for further follow-up. Either Suat or related home office staff start a text message conversation for quick, instant communication
- 4- Case follow up report to be provided to host@magnolia by the related home office staff and the school admin.
- 5- If the case investigation, follow up needs further time the related home office staff will follow up with the admin.

### **Possible emergency cases, crisis situations:**

- \* Lock downs (Active shooters or etc.)
- \* Natural Catastrophes, major tragic events that took place on or around the school grounds that may affect the school's schedule or programs

Additionally, the following number is used as the crisis group call in line as necessary

### SITE-SPECIFIC AMENDMENTS TO THE MPS STUDENT/PARENT HANDBOOK

The following are site-specific amendments to the general MPS Student/Parent Handbook upon recommendation by the MSA-3 school site leadership team and approval by the MPS Home Office. Your signature on the "Receipt of and agreement to the MPS Handbook, Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact Form" indicates you have also read, understood, and agreed to the following site-specific amendments.

#### YONDR

All MSA-3 students will receive an individual YONDR pouch that will be used to store their cell phone. Students will place their phones in their assigned Yondr cell-phone pouch. Students lock their pouch and **students keep their pouch with them at all times**. Students maintain possession of their cell-phones throughout the school day, should students need to use their cell phone they will be able to unlock their pouch only during the lunch break. As students return from lunch break they will again lock their phones inside the YONDR pouch; staying locked in the pouch until the end of the day.

Lead with the why, this section move up We want to take a proactive approach to ensure that our students and teachers maximize learning time in the classroom, without the daily confrontations and distractions between teachers/staff/admin and students regarding cell phone usage. We want to establish a norm here at MSA-3 where all stakeholders understand that once they enter campus, learning is the #1 priority. That is why we are piloting the Yondr program at our school for the 2018-2019 school year.

The Yondr program is an amendment to campus expectations listed on pg. 23 and Rule: Letter F, Bullet Point 2 on pg. 46.

The Yondr program will be evaluated at the end of the fall semester to determine effectiveness and reflect on implementation.

#### Yondr Procedures

- Students will place their phone in Yondr Pouch prior to entering school
  - Mr. Phillips will ensure each student has their phone in their pouch
  - Students will show Mr. Phillips their respective pouch, with the phone in it

#### Two Types of Infractions

- Willing Submit (5 infractions=Meeting with Parent; need to determine if the pouch has been lost)
  - Student forgot pouch
  - Student informs Mr. Phillips, as soon as they arrive
  - Turns Phone into Phillips; gets back at End Of Day (No parent)
- Unwilling Submit (2 infractions=Saturday School & MWP)
  - Student is discovered with phone out of Yondr Pouch during instructional time
  - Parent must retrieve phone

## **School Site Mission**

### **The Mission**

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEM) in a safe environment that cultivates respect for self and others.

Magnolia Science Academy-4's mission is to provide all students with the opportunity to engage in an enriched educational experience. A comprehensive Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. This plan is implemented to protect the safety of students and staff and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- ❖ Protect the safety and welfare of students and staff.
- ❖ Provide for a safe and coordinated response to emergency situations.
- ❖ Protect the school's facilities and property.
- ❖ In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- ❖ Provide for coordination between the school and local emergency services when necessary.

## **Child Abuse Reporting Procedures**

Verify policy is compliant with EC 44691, mandated reporter training-effective January-1-2015. For specific details, refer to Los Angeles County Office of Education Board Policy and Administrative Regulations 5141.4 Child Abuse Prevention and Reporting

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7) Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

### **Reportable Offenses**

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

### **Responsibility for Reporting**

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

### **Reporting Procedures**

#### **1. Initial Telephone Report**

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

Department of Child and Family Services  
800-540-4000

#### **2. Written Report**

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

## **Victim Interviews by Social Services/Law Enforcement**

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect

Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

## **Release of Child to Peace Officer**

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

## **Disaster Response Procedures**

### **Emergencies**

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency situation poses a serious threat to the safety and well being of students and staff, evacuation will occur until any danger has passed. When necessary, school may be dismissed by the School Principal, or his/her designee. The home office will be informed using HOST email system (refer to HOST attachment). In the event of the following scenarios, the principal or designee will communicate with stakeholders using the schools mass communication system.

- **Fire:**

- In the case of a school fire, the following procedures should be implemented:
- Sound building fire alarm.
- Notify Fire Department by dialing 911. The Fire Department is to be notified of any fires larger in size than a wastebasket. The Fire Department should be given the following information:
  - School name and phone number.
  - Building address, including nearest cross street(s).
  - Exact location of the fire within the building.
- Have students and staff evacuate the building in accordance with established procedures.
- Evacuate to outdoor assembly area.
- All doors leading to the fire should be closed. Do not re-enter the area for belongings. If the area is full of smoke, students and staff should be instructed to crawl along the floor, close to walls, thus making breathing easier and providing direction. Before opening any door, place a hand one inch from the door near the top to see if it is hot. Be prepared to close the door quickly at the first sign of fire to avoid the spread of fire.
- Clear access routes for emergency vehicles. Remain at a safe distance from the fire and away from firefighting equipment.
- Render first aid as necessary.
- Check attendance. Remain with students.

- **Medical Emergency:**

- Medical emergencies and accidents can occur at any time and may involve a student or employee. Some emergencies may only require first aid care, while others may require immediate medical attention. When in doubt, it is better to err on the side of caution and dial 911.

- Medical emergencies involving any student or employee must be reported to the School Principal, or his/her designee. Dial 911 or direct someone to do so.

Provide the following information:

- School name and phone number.
- Building address, including nearest cross street(s).
- Exact location within the building.
- Your name and phone number.
- Nature of the emergency.
- Do not hang up until advised to do so by dispatcher.
- Notify the school office that an individual has been injured and an ambulance has been called.
- Ask someone to dispatch a first aid/CPR trained employee to the victim.
- Stay calm. Keep victim warm with a coat or blanket.
- Do not move the victim unless there is danger of further injury. Do not give the victim anything to eat or drink.
- Draft written incident report and submit it to School Principal, or his/her designee, before the end of the next workday. If applicable, a Charter Safe Claim form will be filed (Charter safe is our insurance provider).

- **Earthquakes:**

- Earthquakes strike without warning and the major shock is usually followed by numerous aftershocks, which may last for weeks or months. An earthquake's effect on buildings will vary from building to building.

- The major threat of injury during an earthquake is from falling objects and debris, and many injuries are sustained while entering or leaving buildings. Therefore, it is important to remain inside the building and quickly move away from windows, glass,

partitions and shelves. In the case of an earthquake, the following procedures should be followed:

- Take cover under a sturdy desk or table, in a doorway, or against an inside wall until the shaking stops. Give DROP AND COVER command.
- After shaking stops, check for injuries, and render first aid.
- If ordered by School Principal or his/her designee, evacuate.
- Do not return to building.
- Do not light any fires.
- Keep a safe distance from any downed power lines.
- Check attendance whether or not evacuation takes place. Report any missing students to School Principal, or his/her designee.
- Stay alert for aftershocks.
- Beware that shaking may activate fire alarm or sprinkler systems.
- Elevators and stairways will need to be inspected for damage before they can be used.
- School principal, or his/her designee, will issue further instructions.

#### **Assaults:**

- Assaults involve acts of striking or inflicting injury to a person and are regarded as serious matters. Any threat or assault on students or employees should be reported immediately to the School Principal, or his/her designee. The School Principal (or designee) will determine if law enforcement officials should be notified.
- If a serious assault occurs:
- Dial 911.
- Seek first aid or medical attention, if indicated.
- Have photographs taken of any injuries.
- Write down a physical description of the assailant (sex, age, height, weight, race, clothing, and any weapon used) as soon as possible after the incident.
- Obtain names and telephone numbers of any witnesses.
- Draft incident report and submit it to the School Principal, or his/her designee.
- School Principal or his /her designee will submit incident report to the local law enforcement if incident is serious.

- **Hazardous Materials:**

- Hazardous material spills may occur inside a building, such as a spill in a chemistry lab. Incidents of disaster magnitude may occur outside, such as a tank truck accident involving large quantities of toxic material. Procedures:
  - If a spill is minor and inside, notify buildings and grounds personnel immediately for clean up. Open windows for ventilation.
  - If a more serious spill occurs inside or outside:
  - Call 911. Notify Fire Department, Emergency Response Unit, and/ or Public Health Department.
    - Provide the following:
      - School name.
        - Building address, including nearest cross street(s).
        - Your name and phone number.
        - Location of the spill and/or materials released.
        - Characteristics of spill (colors, smells, visible gases).
        - Name of substance, if known.
        - Injuries, if any.
        - Notify buildings and grounds personnel.
        - Close all windows and doors if the spill is outside.
  - Request that buildings personnel shut off mechanical ventilating systems if it might spread toxic material.
  - Remain inside building unless ordered to evacuate by the Fire Department.
  - Fire Department will advise of further actions to be taken.
  - Do not eat or drink anything or apply cosmetics.
  - If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought.
  - The School Principal, or his/her designee, if necessary, will give approval for student release or site evacuation.

▪ **Civil Disturbance:**

- A civil disturbance is any situation where a person or group of persons disrupts operations or threatens the safety of individuals. The following precautionary protective measures should be taken:
  - Notify local law enforcement authorities-Dial 911.
  - If participants enter the building, remain calm and do not provoke aggression. Report disruptive circumstances to school Principal, or his/her designee.
  - Do not argue with participant(s).
  - Have all students and employees leave the immediate area of disturbance.
  - If the disturbance is outside the building, remain inside building, unless instructed otherwise by the School Principal or police officials. Lock all doors. Stay away from windows and exterior doors.
  - If the disturbance is inside the building, follow procedures for evacuation of the school site.
  - Follow further instructions as police officials and other local law enforcement authorities issue them.
  - Draft incident report for School Principal, or his/her designee.

● **Vandalism:**

- The following procedures should be used in the case of school vandalism:
  - Notify school principal, or his/her designee.
  - Notify building and ground maintenance personnel.
  - The School Principal, or his/her designee, will assess the seriousness of the situation and determine the level of assistance needed, including local law enforcement.
  - If possible, identify the parties involved.
  - Interview witnesses and obtain written statements.
  - Document the incident as soon as possible and give the incident report, with any witness statements, to the School Principal or his/her designee.
  - Notify parents or legal guardian.

- Determine what disciplinary measures are appropriate (in-house or police involvement).
- Determine any monetary restitution issues and amounts.
  
- **Utility or Power Failure:**
  - The following procedures should be used in case of utility or power failure:
    - Staff and students should remain in classroom until further instruction.
    - Custodial and maintenance personnel should determine cause of incident and seek outside assistance if necessary.
    - Staff and students outside of a classroom at the time of the incident should report to main office.
    - Building and grounds personnel report to utility company if necessary.
    - If situation requires long-term maintenance and repair and prevents class activities, the School Principal, or his/her designee, may take measures to dismiss school for the day.
    - Where utility failure presents an emergency, evacuation procedures should be implemented immediately.
  
- **Bomb Threat:**
  - Person receiving call:
    - Listen - Do not interrupt caller.
    - If possible, alert other staff by a pre-arranged signal while the caller is on the line.
    - In the event that a bomb threat is received, it is important for the person receiving the call to attempt to keep the caller on the telephone as long as possible. It is also important to listen carefully to all information provided by the caller and to make a note of any voice characteristics, accents, or background noises.
    - Attempt to ask questions and elicit the information required to determine the severity of the threat.
    - Notify School Principal, or his/her designee, immediately.
    - The School Principal, or his/her designee will:
      - Notify Police Department – Dial 911.

- With the assistance of responding law enforcement personnel, conduct a thorough search of the building & surrounding areas:
  - Classrooms and work areas.
  - Public areas - foyers, office bathrooms and stairwells.
  - Lockers and unlocked closets.
  - Exterior areas -- shrubbery, trashcans, debris boxes, gas valves, etc.
  - Power sources -- electric panels, telephone panels, computer rooms, etc.
- With assistance from responding law enforcement personnel and/or Fire Department, the School Principal, or his/her designee, will evaluate the threat and will determine whether to evacuate the building and/or to continue to search the premises.
- If there appears to be imminent danger, a fire drill may be called while approval for student release or site evacuation is sought. The School Principal, or his/her designee, must grant approval for student release.
- An incident report should be drafted before the end of the workweek.
- **Explosion:**
  - If an explosion occurs at the school, the following procedures should be used:
    - Give DROP AND COVER command.
    - Sound building fire alarm. This will automatically implement action to leave the building.
    - Notify Fire Department – Dial 911.
    - Provide the following information:
      - School name.
      - Building address, including nearest cross street(s).
      - Exact location within the building.
      - Your name and phone number.
      - Evacuate to outdoor assembly area.
      - Check attendance. Remain with students.
      - Render first aid as necessary.
      - Notify grounds and building personnel.
      - Keep students and staff at a safe distance from the building(s) and away from firefighting equipment.

- Public safety officials will determine when the building is safe for re-entry, and along with School Principal, or his/her designee, whether student release from the school site is necessary.
- Draft incident report by the end of the week.
- **Fighting or Riot:**
  - School staff should follow these guidelines when a fight occurs:
    - Send a reliable student to the office to summon assistance.
    - Speak loudly and let everyone know that the behavior should stop immediately.
    - Obtain help from other teachers if at all possible.
    - If students are starting to gather, attempt to get students away from the commotion as quickly as possible.
    - Call out the names of the involved students (if known) and let them know they have been identified.
    - For the safety of all students, get additional help from law enforcement personnel if confronted with a serious fight, especially one that involves weapons.
    - Attempt to separate the involved students by speaking to them in an assertive tone of voice. Consider the age and/or size of the students, as well as personal safety, before stepping between/among those involved in an altercation. If successful in separating the students, try to avoid using further confrontational behavior.
    - Remember that no one can "cool down" instantly; give the students time to talk in a calm setting and gradually change the climate of the situation.
  - Staff should follow these guidelines when a riot occurs:
    - The School Principal, or his/her designee, should encourage teachers and staff to be sensitive to the emotional climate of the campus and attempt to defuse any tensions prior to the eruption of problems.
    - Notify local law enforcement of the disturbance and meet at a pre-designated site to evaluate the situation.
    - Have a law enforcement officer evaluate and call for any necessary resources such as back-up help, emergency medical help, etc.

- Activate needed emergency plans, which may include:
- Instructing office staff to handle communications and initiate lockdown orders.
- Notify transportation to bring appropriate numbers of buses for evacuation or transportation if necessary.
- Assign staff a temporary detention facility, such as a gymnasium, to secure students and log information.
- Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Brief a representative to meet the media.
- Assign staff to a pre-designated medical treatment/triage facility.

- **Hostage Situation:**

- In case there is a hostage situation at the school, staff should attempt to follow these guidelines:
  - Stay calm.
  - Don't be a hero.
  - Follow instructions of captor.
  - Cooperate; be friendly if possible; don't argue with or antagonize captor or other hostages.
  - Inform captors of medical or other needs.
  - Be prepared to wait; elapsed time is a good sign.
  - Don't try to escape; don't try to resolve situation by force.
  - Be observant and remember everything that is seen or heard.
  - If a rescue takes place, lie on the floor and await instructions from rescuers.
  - The School Principal, or his/her designee, should be responsible for the following:
    - Immediately notify law enforcement.
    - Move other students and teachers completely away from those who are in the hostage situation.
    - Keep everyone as calm as possible.
    - Be prepared to answer questions from media or family.

- **Death of a Student:**

- By far, the worst crisis situation is the death of a student. When a student dies, emotional trauma is a natural occurrence for students, faculty, and staff. A student's death, which occurs on campus, particularly as a result of school violence, is admittedly

the most extreme case of trauma for family and the school community. There is no procedure that fits every scenario; each case requires individual attention. Certainly, there is no prescribed method for dealing with such tragedy; however, the following are suggestions for a school's response to death, particularly death that occurs as a result of school violence:

- After the initial response, administrators and counselors will meet immediately to review what has happened. Responding to the psychological needs of both staff and students as soon as possible is the best prevention for the development of post-traumatic stress.
  - Get as much information as possible from the family and ask their permission to share it with the students, faculty, and staff. Ask if they have any objection to students, faculty, and staff attending the funeral.
  - Relay the information to the students in a factual way, careful to avoid breaching the student or family's privacy. The School Principal and a counselor might consider moving from room to room to tell the students what has happened. They should tell the truth, allow for expression of feelings, and affirm any expressions or feelings the students have. Students need to be told that they may visit a counselor's office for special assistance if they need to talk.
  - If possible, allow a break after telling the students in order to give them an opportunity to express their grief with other students.
  - Upon returning to school, students should be allowed time to discuss their feelings, talk about the deceased, and discuss memories. Give students, faculty, and staff information about the funeral and allow them to attend, provided the family has granted permission.
  - Watch for trouble signs among the students. Be prepared to call in extra counselors if necessary.
- **Intruder or Individual with Deadly Weapon / Active Shooter:**
    - If someone enters the school grounds or buildings with a deadly weapon, the staff should follow these guidelines:
      - Avoid confronting the student or gunman.
      - Notify the School Principal, or his/her designee, or school office immediately.
      - Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.

- The School Principal, or his/her designee, should follow these guidelines:
- Notify law enforcement immediately.
- Identify the student or gunman (if known), the student or gunman's location, and the location of the weapon.
- Determine the level of threat. If the level of threat is high, call for additional backup.
- Attempt to get the weapon from the gunman or student through negotiation, or take other appropriate action with the aid of local law enforcement.
- If the level of threat is low, call the student to the office and have law enforcement take the appropriate action.

- **Lock Down**

- This action is taken when the threat of violence or gunfire is identified or directed by law enforcement and it is necessary to prevent the perpetrator(s) from entering any occupied campus areas. During Lock Down, students are to remain in the classrooms or designated locations at all times.
- The Principal or Admin designee will make an announcement on the P.A. system that the school is going into a Lock Down situation. If P.A. system is not available, other means of communication, i.e., texting or email to staff or sending messengers. The Principal or Admin designee should remain calm and under control and give clear directions.
- Teachers will lock their doors and shut their blinds and instruct students to stay away from the doors and windows.
- If outside, students will continue to their classrooms if it is safe to do so. If not, teachers or staff will direct students into the nearby classrooms or school buildings.
- Teachers and students will remain in the classroom or secured area until the Principal/Admin Designee or law enforcement gives further instructions.
- All entrances to the school are to be locked and no visitors other than appropriate law enforcement or emergency personnel are to be allowed on campus.

## **Suspension and Expulsion Policies**

*“The procedures by which pupils can be suspended or expelled.” (Ed. Code § 47605(b)(5)(J).)*

### **GENERAL PROVISIONS**

Charter School shall provide due process for all students, including adequate and timely notice to parents/guardians and students of the grounds for all suspension and expulsion recommendations and decisions and their due process rights regarding suspension and expulsion, including rights of appeal.

Charter School shall ensure that its policies and procedures regarding suspension and expulsion will be periodically reviewed, and modified as necessary, in order to conform to changes in state law.

Charter School shall ensure that its staff is knowledgeable about and complies with the District’s Discipline Foundation Policy and/or current equivalent policy, as required by the Modified Consent Decree. Charter School shall comply with the terms of the School Discipline Policy and School Climate Bill of Rights resolution adopted by the LAUSD Board of Education on May 6, 2013.

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of Charter School’s student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall document and implement the alternatives to suspension and expulsion that Charter School utilizes in response to attendance-related concerns, e.g. truancy or excessive tardiness.

### **STUDENTS WITH DISABILITIES**

Charter School shall establish and implement policies and procedures to ensure full compliance with federal and state laws and regulations regarding the discipline of students with disabilities. If a student is recommended for expulsion and the student receives or is eligible for special education, pending the completion of the expulsion process, Charter School shall identify and provide special education programs and services at an appropriate interim educational placement determined in coordination with the LAUSD Division of Special Education.

In the case of a student who has an Individualized Education Program (“IEP”), or a student who has a Section 504 Plan, Charter School shall ensure that it follows correct disciplinary procedures to comply with the mandates of state and federal laws, including IDEA and section 504 of the Rehabilitation Plan of 1973. As set forth in the MOU regarding special education between the District and Charter School, an IEP team will meet to conduct a manifestation determination and to discuss alternative placement utilizing the District’s Special Education Policies and Procedures Manual. Prior to recommending expulsion for a student with a Section 504 Plan, Charter School’s administrator will convene a Link Determination meeting to ask the following two questions:

- A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
- B. Was the misconduct a direct result of the Charter School’s failure to implement Section 504?

### **NOTIFICATION OF THE DISTRICT**

Upon expelling any student, Charter School shall notify the Charter Schools Division by submitting an expulsion packet to the CSD immediately or as soon as practicable, which shall contain:

- Completed “Notification of Charter School Expulsion” [form available from the CSD website or office], including attachments as required on the form
- Documentation of the expulsion proceeding, including statement of specific facts supporting the expulsion and documentation that Charter School’s policies and procedures were followed
- Copy of parental notice of expulsion hearing
- Copy of expulsion notice provided to parent stating reason for expulsion, term of expulsion, rehabilitation plan, reinstatement notice with eligibility date and instructions for providing proof of student’s compliance for reinstatement, appeal process, and options for enrollment
- If the student is eligible for Special Education, documentation related to expulsion in compliance with IDEA and the MCD, including the Expulsion Analysis page of the pre-expulsion IEP
- If the student is eligible for Section 504 accommodations, documentation that Charter School conducted a Link Determination meeting to address two questions:
  - A. Was the misconduct caused by, or directly and substantially related to the student’s disability?
  - B. Was the misconduct a direct result of Charter School’s failure to implement Section 504 Plan?

Notwithstanding and apart from the documentation sent to the Charter Schools Division as indicated above, if the student is a resident of a school district other than LAUSD, Charter School must notify the superintendent of the student’s district of residence within 30 days of the expulsion. Additionally, upon request of the receiving school district, Charter School shall forward student records no later than 10 school days from the date of the request as stated in Education Code section 49068 (a) and (b).

### **OUTCOME DATA**

Charter School shall gather and maintain all data related to placement, tracking, and monitoring of student suspensions, expulsions, and reinstatements, and make such outcome data readily available to the District upon request.

### **REHABILITATION PLANS**

Pupils who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the principal based on the decisions made by the admin panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. Terms of expulsion should be reasonable and fair with the weight of the expelling offense taken into consideration when determining the length of expulsion. Therefore, the rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the pupil may apply to Charter School for readmission. Charter School shall inform parents in writing of its processes for reinstatement and applying for expungement of the expulsion record.

### **READMISSION**

Charter School’s governing board shall adopt rules establishing a procedure for the filing and processing of requests for readmission and the process for the required review of all expelled pupils for readmission. Upon completion of the readmission process, Charter School’s governing board shall readmit the pupil, unless Charter School’s governing board makes a finding that the pupil has not met the conditions of the rehabilitation plan or continues to pose a danger to campus safety. A description of the procedure shall be made available to the pupil and the pupil’s parent or guardian at the time the expulsion order is entered and the decision of the governing board, including any related findings, must be provided to the pupil and the pupil’s parent/guardian within a reasonable time.

**REINSTATEMENT**

Charter School's governing board shall adopt rules establishing a procedure for processing reinstatements, including the review of documents regarding the rehabilitation plan. Charter School is responsible for reinstating the student upon the conclusion of the expulsion period in a timely manner.

**GUN-FREE SCHOOLS ACT**

Charter School shall comply with the federal Gun-Free Schools Act.

**In accordance with E.C. 47605(J)**

J) The procedures by which pupils can be suspended or expelled from the Charter School for disciplinary reasons or otherwise involuntarily removed from the Charter School for any reason. These procedures, at a minimum, shall include an explanation of how the Charter School will comply with federal and state constitutional procedural and substantive due process requirements that is consistent with all of the following:

(i) For suspensions of fewer than 10 days, provide oral or written notice of the charges against the pupil and, if the pupil denies the charges, an explanation of the evidence that supports the charges and an opportunity for the pupil to present his or her side of the story.

(ii) For suspensions of 10 days or more and all other expulsions for disciplinary reasons, both of the following:

(I) Provide timely, written notice of the charges against the pupil and an explanation of the pupil's basic rights.

(II) Provide a hearing adjudicated by a neutral officer within a reasonable number of days at which the pupil has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the pupil has the right to bring legal counsel or an advocate.

(iii) Contain a clear statement that no pupil shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the pupil has been provided written notice of intent to remove the pupil no less than five schooldays before the effective date of the action. The written notice shall be in the native language of the pupil or the pupil's parent or guardian or, if the pupil is a foster child or youth or a homeless child or youth, the pupil's educational rights holder, and shall inform him or her of the right to initiate the procedures specified in clause (ii) before the effective date of the action. If the pupil's parent, guardian, or educational rights holder initiates the procedures specified in clause (ii), the pupil shall remain enrolled and shall not be removed until the Charter School issues a final decision. For purposes of this clause, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions specified in clauses (i) and (ii).

**DISCIPLINE FOUNDATION POLICY**

The following Student Suspension and Expulsion Policy (Policy) has been established in order to promote learning and protect the safety and well-being of all students at MSA-4. Staff shall enforce

Page 21 of 66

disciplinary rules and procedures fairly and consistently among all students. In creating the Student Suspension and Expulsion Policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-Charter Schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the Policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This Policy shall serve as MSA-4's policy and procedures for student suspension and expulsion, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements and are not material revisions. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed, distributed and discussed with students and families as part of the Student/Parent Handbook which is sent to each student at the beginning of the school year and signed by their guardian.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, use of alternative educational environments, suspension and expulsion.

### **Positive Discipline**

MSA-4 staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive/Encouraging contact with parent/guardian (certificate, post card, phone message)
- Special activities (instructional field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive points

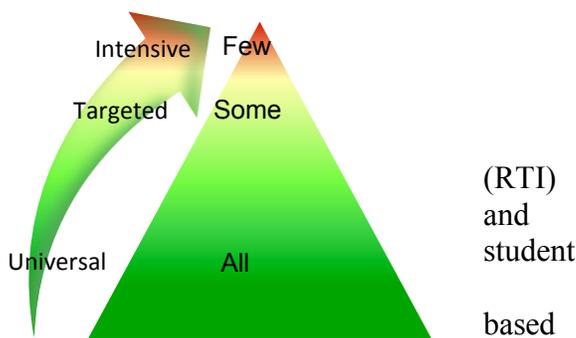

Positive student behavior and improvements will be acknowledged and encouraged by the MSA-4 staff. Teachers will not only report discipline issues on the school information system, Illuminate or equivalent, but also positive behaviors and accomplishments. Parents will also be informed of positive

behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

### Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at MSA-4. This plan is published at the beginning of each school year in the Student/Parent handbook. The Student/Parent Handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the Charter School and parents will develop a partnership to help students achieve high academic and behavioral standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion. MSA-4 provides its staff with Professional Development in the area of restorative practices alternatives to suspension, and positive behavior supports.

As part of its Multi-tiered Systems of Support (MTSS) framework and Response to Intervention Programs, MSA-4 implements Positive Behavior Interventions and Supports (PBIS) to address discipline issues including suspension. This tiered approach lists intervention strategies and programs on the level of fractions.

MSA-4 implements prevention strategies for each tier as presented below:

Tier	Prevention Description
I. Primary (Universal)	Preventing the development of new cases (incidence) of problem behaviors by implementing high quality learning environments for all students and staff and across all settings (i.e., school-wide, classroom, and non- classroom).
II. Secondary (Targeted)	Reducing the number of existing cases (prevalence) of problem behaviors that are presenting high risk behaviors and/or not responsive to primary intervention practices by providing more focused, intensive, and frequent small group-oriented responses in situations where problem behavior is likely.
III. Tertiary (Intensive)	Reducing the intensity and/or complexity of existing cases (prevalence) of problem behavior that are resistant to and/or unlikely to be addressed by primary and secondary prevention efforts by providing most individualized responses to situations where problem behavior is likely.

MSA-4 believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative detention, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SST, Principal/Assistant Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

## **Grounds for Suspension**

### **Jurisdiction**

A student may be suspended for prohibited misconduct as identified below under the heading, “Enumerated Offenses,” if the act is (1) related to school activity; (2) school attendance occurring at MSA-4; or (3) a MSA-4 sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

- a) while on school grounds;
- b) while going to or coming from school;
- c) during the lunch period, whether on or off the school campus; or
- d) during, going to, or coming from a school-sponsored activity.

### **Enumerated Offenses**

#### **Discretionary Suspension Offenses**

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.
2. Willfully used force or violence upon the person of another, except self-defense resulting in minor injury.
3. Unlawfully possessed, used, or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
4. Unlawfully was under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.
5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.
6. Committed or attempted to commit robbery or extortion.
7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.

8. Stole or attempted to steal school property or private property.
9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.
10. Committed an obscene act or engaged in habitual profanity or vulgarity.
11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.
12. Knowingly received stolen school property or private property.
13. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
14. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.
15. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.
16. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, “hazing” means a method of initiation or preinitiation into a pupil organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective pupil. For purposes of this section, “hazing” does not include athletic events or school-sanctioned events.
17. Made terroristic threats against school officials and/or school property. For purposes of this section, “terroristic threat” shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family’s safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.
18. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently offensive as to have a

negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.

19. Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to pupils in any of grades 4 to 12, inclusive.
20. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to pupils in any of grades 4 to 12, inclusive.
21. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.
  - 1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    - i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    - ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.
    - iii. Causing a reasonable student to experience interference with his or her academic performance.
    - iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
  - 2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    - i. A message, text, sound, video, or image.
    - ii. A post on a social network Internet Web site including, but not limited to:
      - (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
      - (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a

- pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
- (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
- iii. An act of cyber sexual bullying.
- (a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- (b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- 3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
22. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.
23. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

### **Mandatory Suspension Offenses**

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code Section 48915(h).

## **Suspension Procedures**

Suspensions shall be initiated according to the following procedures:

### **Conference**

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended, by Principal or Designee, without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense. This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School Principal or Designee. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

MSA-4 assures that the process for investigating incidents and collecting evidence will be fair and thorough.

As an alternative to out of school suspension, MSA-4 utilizes in-school suspension as a way to redirect student choices and provide an opportunity to reflect in a space that ensures students will also be responsible for completing assigned academic work. The in-school suspension for students will be in a designated working area in the main office with access to a supervising administrator who holds a teaching credential. During in-school suspension, access to instructional materials will be coordinated by the Assistant Principal. The Assistant Principal will reach out to the students' teachers prior to the in-school suspension and the teachers will share the materials and assignments students will be working on while they are serving their in-school suspension. Since students have access to online platforms, students will be provided with a one to one device just like their peers to complete assignments. If the in-school suspension is related to a technology infraction, a hard copy will be provided as an alternative for having access to work and submitting assignments. Office staff will work alongside administrators to determine any accommodations students may need during their in-school suspension. For example, scheduled breaks, as well as providing breakfast and lunch for the student. A restorative justice team consisting of teachers and the Assistant Principal will meet to develop a positive behavioral plan to support the student during and after the in-school suspension. This plan is shared with parent/ guardian when informing them of the in-school suspension and parent/ guardian feedback is also welcomed regarding follow up support for their child. In addition to the meeting, a form will be provided to families regarding the in-school suspension and the parent can sign giving

their acknowledgment of the in-school suspension guidelines. A student may be suspended in-school for a maximum of five school days per incident and a maximum of 20 school days per academic year.

During the in-school suspension, the Assistant Principal will work directly with the student and together they will create a plan for how to re-enter the school environment following an incident. There will also be additional support added during this reflection time which may include speaking to a counselor. Every incident is unique and should there be an opportunity to restore the relationship and redirect the student's actions during the in-school suspension, this connection and established trust will be leveraged. In an effort to ensure the safety of all stakeholders, the following offenses may result in in-school suspension:

- Caused, attempted to cause, threatened to cause, or participated in an act of hate violence,
- Engaged in harassment, threats, or intimidation against a pupil or group of pupils or school district personnel,
- Made terrorist threats against school officials or school property, or both.

The above-mentioned offenses are addressed in a serious manner and depending on the details may not be able to be rectified with an in-school suspension. The school administrator will report the incident to the appropriate authorities under the direction of the local authorities who will assess the level of risk and will act in accordance with the recommendations. The authorities will determine whether or not the situation should be handled “administratively” or by the police. The administrative team will then move forward with the appropriate support. In order to comply with Ed Code Section 48900, the school administrator will notify all stakeholders by the end of the school day.

### **Notice to Parents/Guardians**

At the time of the suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing, by the Principal or Designee, of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school and will provide information about the appeal right and process. If Charter School administrators wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

### **Suspension Time Limits**

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code Sections 48903, 48911, and 48912) The expulsion process shall not take longer than 30 days from the first day of the initial suspension. Disciplining students with Disabilities is outlined in the section below.

## **Suspension Appeals**

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made, verbally or in writing, to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. Current teachers of the student are not eligible to participate as a member of the Reflection Committee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record, or shared with anyone not directly involved in the proceedings. The Charter School administrators shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Sections 35253 and 49076 and 5 CCR 16024.

## **Recommendation for Placement/Expulsion**

Upon a recommendation of Placement/Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference with school site administrators to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Principal or Designee has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian or representative, unless the student and the student's parent/guardian or representative fail to attend the conference, at which time the school shall proceed with the extension.

This determination will be made by the Principal or designee upon either of the following findings: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

## **Access to Education**

For suspensions that are not pending an expulsion hearing, the Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, the Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

# Grounds for EXPULSION

## Jurisdiction

A student may be expelled for prohibited misconduct, that are described below under the heading, “Discretionary Expellable Offences and Mandatory Expulsion Offenses,” if the act is (1) related to school activity; (2) school attendance occurring at MSA-4 or at any other school; or (3) a MSA-4 sponsored event.     - i. Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
    - ii. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.
    - iii. Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.
  
- iii. An act of cyber sexual bullying.
  - i. For purposes of this clause, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of

- a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
- ii. For purposes of this clause, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
2. Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.
18. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to paragraphs 1 and 2 of this section.
19. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee’s concurrence.

## **Mandatory Expulsion Offenses**

1. Possessing, selling, or furnishing a firearm, as defined in Section 921 of Title 18 of the United States Code.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance.
4. Committing or attempting to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committing a sexual battery, as defined in Penal Code Section 243.4.
5. Possession of an explosive, as defined in Education Code 48915(h).

## **Expulsion Procedures**

### **Authority to Expel**
