He explained his communication with each school's principal regarding how they want to run their after school program and with which vendor. Principals communicated their preferences. M. Sahin, Principal of MSA-1, was present at the board meeting and gave details about the after school program and what changes have been done. He stated that his school decided to run their own after school program this year rather than working with YPI as they did in the past. However, they needed support from YPI for their middle school students and therefore decided to do this RFP. S. Acar, explained why MSA-3 was choosing to run their own after school program rather than having a vendor. N. Montijo, MPS Chief Financial Officer (CFO), briefly went over budget implications regarding funds for after school programs. C. Brimmer, MPS Board Member, asked for an addendum to be added to this report that explains what tracking mechanism will be implemented for the services provided by this vendor along with security measures. A. Rubalcava, MPS CEO & Superintendent, told the board that staff was planning on creating a system where Illuminate's database connects with the after school program database to inform MPS about the services; what students are participating and what interventions are being assigned. Board Members also requested a copy of the YPI contract. The additional requests will be presented as an informational item in the June Board meeting. S. Acar, explained the RFP process for this service.

H. Beliak made a motion to approves the Youth Policy Institute (YPI) as the new vendor to provide after school services to Middle School of MSA 1 using the ASES After school grant monies with the condition that additional documentation be provided at the June 13th board meeting.

RE:	Approval of the MPS Dual and Concurrent Enrollment Policy

This item has been recommended for approval by the Academic Committee on May 15, 2019 with feedback. See below for feedback and our response.

Proposed Board Recommendation

I move that the academic committee recommend approval of the MPS Dual and Concurrent Enrollment Policy.

Background

MPS encourages all our students to have an accredited college/university/post-secondary institution ("college") course-taking experience as early as possible. This policy has been created to ensure it is a successful one and that it complements the rigorous course of studies offered at MPS.

This is a policy that was much needed at our schools to make dual and concurrent enrollment process smoother for our students and parents. The current student/parent handbook already included guidelines regarding how college credit is converted to high-school credits, how many courses students need to be enrolled in and the attendance requirements as well as how students/parented needed to work with the high school college counselor before enrolling in college/university courses. However, it did not include eligibility requirements and the detailed procedures of dual and concurrent enrollment. The 2019-20 student/parent handbook includes a reference to this new policy and form.

Based on feedback from our college counselors, deans of academics, and our Chief Academic Officer, we have created a policy that details eligibility requirements, procedures and attendance requirements and provides a form for tracking course credits to be earned upon enrollment in a college course. Eligibility requirements include maturity, GPA, restrictions, and counselor approval. Attendance requirements are based on the CDE criteria. The procedures outline how the enrollment process works, starting with student readiness for the course, continuing with the application process, and finally earning credits on the transcript.

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

We will implement this policy at our school sites with high school grades and monitor how it works. Based on experience and feedback, we will come back to the board if any major changes are needed to be made to the policy.

Academic Committee Feedback

The Academic Committee asked that eligibility criteria for academic, personal, and social maturity be clarified. The following statement has been added to the criteria for that purpose:

> During this assessment, student's attendance records, classroom study habits, homework completion, problem-solving and task-management skills, ability to engage in cooperative learning and whole class discussion as well as student's behavior and social skills such as self-control, positive interactions and relationships with classmates and teachers, and other skills will be considered holistically.

The Committee also asked that we check other CMOs' policies and forms. We were not able to find other CMOs' policies online, but we will try to reach out to them. We presume that most schools follow the state's guidelines and individual colleges' enrollment restrictions and do not have standalone policy/procedures. Schools would typically have an internal form to keep track of students who would be awarded credits for college courses. MPS has researched and used CDE requirements, LAUSD's concurrent enrollment policy and various colleges' supplemental application forms while developing our policy. Please find attached LAUSD's policy and LA Community College's form for supplemental application for admission of students in grades K-12 as a reference.

Curriculum & Instruction Policies   Dual and Concurrent Enrollment Policy

MAGNOLIA PUBLIC SCHOOLS (MPS) DUAL AND CONCURRENT ENROLLMENT POLICY

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math in a safe environment that cultivates respect for self and others. Through Honors courses, AP courses and dual enrollment courses, students who demonstrate high achievement, interest and/or ability are provided the opportunity for a rigorous learning environment. As we encourage our students to have an accredited college/university/post-secondary institution ("college") course-taking experience as early as possible, we also need to ensure it is a successful one and that it complements the rigorous course of studies offered at MPS. The following are guidelines for dual and concurrent enrollment.

Eligibility:
- <u>Maturity:</u> High school students who have demonstrated academic, personal and social maturity are welcome to apply. The high school counselor ("counselor") will meet with the deans, the student's teachers and other related school staff to assess the student's maturity level necessary for dual and concurrent enrollment. During this holistic assessment, student's attendance records, classroom study habits, homework completion, problem-solving and task-management skills, ability to engage in cooperative learning and whole class discussion as well as student's behavior and social skills such as self-control, positive interactions and relationships with classmates and teachers, and other skills will be considered.
- <u>GPA:</u> Minimum Cumulative GPA of 3.0 (weighted) by the end of the semester prior to dual enrollment.
- <u>Restrictions:</u> The student and the parent are responsible for checking whether the college has admission/enrollment restrictions based on age, grade level, or demonstrated eligibility for instruction using assessment methods and procedures.
- <u>Counselor Approval:</u> The student is responsible for obtaining approval from the counselor for the specific courses student intends to take before enrolling in college courses.

Procedures:
- <u>Readiness:</u> The student must demonstrate on track preparation in the discipline to be studied. With input from related school staff, the counselor will determine student readiness for the requested course. MPS expects that requested courses are part of the student's four-year plan with input from the student, parents, and school staff.
- <u>Courses:</u> The student has exhausted all opportunities to enroll in an equivalent course at his or her school of attendance.
- <u>Credits/GPA:</u>
    - To determine how a college course fulfills a high school requirement see your counselor. The counselor will indicate whether the course will receive high school credit along with college credit or only college credit. Counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.
    - Ultimately, it is the ultimate responsibility of the student/parent to determine college credit and the transferability of the course to other colleges. The following website can be used for that purpose: www.assist.org. ASSIST is an online student-transfer information system that shows how course credits earned at one public California college or university can be applied when transferred to another.

Curriculum & Instruction Policy – Dual and Concurrent Enrollment Policy   Page 1 of 4
Adopted: 6/13/19   Amended:

Curriculum & Instruction Policies   Dual and Concurrent Enrollment Policy

- o   Prior to enrollment, the student needs to make written application to the appropriate college/university office indicating that he or she is seeking high school credit in addition to college credit. Student/parent is responsible for following application deadlines and filling out forms such as "Supplemental Application for Admission of Students in Grades K-12" or other forms required by the college/university and completing the application process in a timely manner.
- o   It is the responsibility of the college/university to offer college credit. However, it is the responsibility of the student/parent to learn whether dropping or failing the course may impact admission to that college/university.
- o   Student/parent will provide an official transcript from the college/university to the counselor in a timely manner. Upon receipt of an official transcript from the college/university showing the course title, number of college units and the course grade, the high school equivalent course and the credits allowed will be recorded on the student's cumulative record.
- o   Academic college courses that meet the University of California "a-g" requirements will be given a weighted grade point on the high school transcript and included in cumulative GPA calculations.
- o   The following table will be used for conversion of college units to high-school credits:

College units	High school credits
1 semester college unit or 1-2 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

- ● Attendance Requirements:
  - o   The student must provide a copy of college course schedule to the high school counselor for approval before enrolling in college courses.
  - o   The student must inform the counselor in case of any changes in course enrollment (dropping the course, changes in course dates and hours, etc.)
  - o   All students in grades 11 and 12 are required to be enrolled in at least five courses each semester (including the Advisory course). These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon satisfactory completion.
  - o   MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.
  - o   Signed Early Release Form is required for leaving school earlier than regular dismissal.

Curriculum & Instruction Policy – Dual and Concurrent Enrollment Policy   Page 2 of 4
Adopted: 6/13/19   Amended:

POLICY BULLETIN

TITLE:	Credit for Concurrent Enrollment in High School and Community College	

NUMBER: BUL-1040.3

ISSUER: Frances Gipson, Ph.D., Chief Academic Officer
Division of Instruction

Jesus Angulo, Director
Academic and Counseling Services

DATE: April 19, 2016

POLICY: This Bulletin provides direction for school personnel to advise students appropriately regarding equivalent college course work, to accurately record credit, and to properly work with the community college to arrange courses open to high school students taught on the high school campuses.

MAJOR CHANGES: This Bulletin replaces BUL-1040.2, of the same subject, dated October 2, 2012. This revised bulletin provides updated information about community college courses that align to LAUSD courses and allow students to earn high school credit. Attachment A has been revised to reflect the move to MISIS for adding college courses. Attachments B, C, D and E were revised to reflect the current course offerings and curriculum.

GUIDELINES: The following guidelines apply:

I.   INTRODUCTION

The primary concern of the Los Angeles Unified School District is the academic preparation of its students. The California Community Colleges offer excellent educational programs designed for transfer to a four-year college program, Associate of Arts degree preparation, certificate preparation, and vocational training.

The Los Angeles Unified School District Board of Education and specific community colleges have agreed on a matrix of community college courses that are aligned to the CA state standards of high school courses. These courses may meet graduation requirements, add an enriched curriculum, and offer additional options for high school students who are pursuing a high school diploma, career preparation, and a smooth transition to college.

LOS ANGELES UNIFIED SCHOOL DISTRICT
POLICY BULLETIN

II.   PURPOSE

The purpose of this agreement between LAUSD and the community colleges is to expand concurrent enrollment opportunities for high school students so that senior high schools are able to:

A. Promote the enrollment of students in graduation equivalency courses offered by the community college according to the educational needs of the students.
B. Accept credit earned at the community college level toward meeting graduation requirements as set by LAUSD.
C. Provide educational experiences for students within their chosen career pathway.

In addition, the community college will grant college credit for these courses to students who meet the standards set by the Board of Trustees of the community college and as allowable under the Education Code, State of California.

III. DISTRICT POLICY

In accordance with Section 48800 of the Education Code, secondary schools will grant credit for college course work if the college level course meets the content standards of the high school course, the course is necessary to meet a graduation requirement and the high school Principal or designee grants permission for the student to earn high school credit for the course taken at the community college.

A Memorandum of Understanding signed by the designees from the community college district and LAUSD delineates the responsibilities of each institution, compliant with Section 48800 of the Education Code.

A. The LAUSD Board of Education may determine which pupils would benefit from advanced scholastic or vocational work to provide educational enrichment opportunities for a limited number of eligible pupils.

B. The Principal may only recommend a pupil for community college summer session if that pupil meets all the following criteria: (EC 48800 (d)).

 1. Demonstrates on track preparation in the discipline to be studied.
 2. Exhausts all opportunities to enroll in an equivalent course at his or her school of attendance.

C. For any particular grade level, a Principal may not recommend for community college summer session attendance more than 5 percent of the

Division of Instruction

LOS ANGELES UNIFIED SCHOOL DISTRICT
POLICY BULLETIN

total number of pupils who completed that grade immediately prior to the time of recommendation. (EC 48800 (2))

D. If the community college course is offered on the high school campus, it must be held beyond the school day, either before or after school or on Saturdays. It must be open to the general public and people enrolled in the course must have access to the classroom. Additionally, there must be adequate supervision, including a way for the instructor to contact the administrator on the school site in case of an emergency.

E. The community college district may restrict admission or enrollment of special part-time or full-time concurrently enrolled high school students during any session based on specified criteria, such as age, completion of a specified grade level, or demonstrated eligibility for instruction using assessment methods and procedures.

IV. PROCEDURES

Title 5 of the California Code of Regulations, Section 1630, established the procedures listed below.

A. Credit toward high school graduation for successful completion of courses taken at a community college may be granted to a student enrolled in a senior high school under the following conditions:

1. The student is responsible for obtaining approval from the high school counseling office before enrolling in college classes. The counselor will indicate whether the course will receive high school credit along with college credit or only college credit.
2. The course is listed on, or equivalent to, a course on the Course Articulation Agreement. (See Attachments B, C, D and E).
3. Prior to enrollment, the student makes written application to the appropriate college office indicating that he or she is seeking high school credit in addition to college credit.

B. Elementary and middle school students who enroll in a college course will not receive numerical credit towards high school graduation. Middle school students who take LOTE or math courses may be eligible for "A-G" graduation credit. The college courses will not be posted on the high school transcript and will not be included in the student's high school grade point average.

C. It is the responsibility of the community college to offer college credit. Upon receipt of an official transcript from the community college showing

POLICY BULLETIN

the course title, number of college units and the course grade, the high school equivalent course and the credits allowed will be recorded on the student's cumulative record and the Electronic Transcript program.

V.   IMPLEMENTATION

This policy of granting credit for community college courses taken by high school students concurrently enrolled in community college became effective with the class of students scheduled to graduate in 2013. Classes taken beginning with the fall semester of 2012 by students in the class of 2013 and beyond will be awarded credit based on the Course Articulation Agreement Matrix (Attachments B, C, D and E).

Attachment A provides directions for adding these college courses to the MISIS transcript when courses must be added manually.

AUTHORITY: This is a Los Angeles Unified School District policy that is in alignment with the California Education Code.

PROCEDURES FOR ADDING COLLEGE COURSES TO THE
ELECTRONIC CUMULATIVE RECORD AND THE PAPER CUMULATIVE RECORD

Each high school shall establish a procedure for students to follow regarding obtaining permission to take a course at a community college to ensure consistency among school personnel and fairness to all students. The Assistant Principal Secondary Counseling Services, or designee, will ensure that the procedure is communicated to all students and staff.

CONCURRENT ENROLLMENT FORM

Colleges have a Concurrent Enrollment Form that must be signed by the high school counselor giving permission for the student to enroll in a college course. When the counselor approves the college course for the student, note on the form:
- If the course will meet a graduation requirement, write the requirement that will be met.
- If the course is taken for enrichment only, write "enrichment course" not for high school credit.
- Write the number of high school credits the student will earn by taking the college course. (Refer to Attachments B, C, D and E.)
- If the course will receive an augmented point, write "augmented point". LAUSD augmentation-0.025 points are added to the calculated GPA for each AP course and each eligible Honors course, where a grade of "D" or better is received.

Make three copies of the Concurrent Enrollment Form. The student receives the original to take to the college for enrollment purposes. The student receives one copy, the counselor keeps one copy for the student's school records, and the APSCS or designee keeps one copy to collate with the college transcript in order to enter the course correctly in the electronic cum and on the paper cumulative record.

ELECTRONIC CUMMULATIVE RECORD

A. The following procedure for posting college courses offered on school sites:
- Drag 105010 course from course master to school courses
- Create section using 106010 in Sections Editor. Set attribute to no attendance, no marks and add the official college course title.
- Assign class to certificated staff member
- Enroll students in Walk-In scheduler
- These course numbers are placeholders and when the student completes the course and brings in the college transcript the course shall be entered directly into the student's electronic cumulative record.

B. The following procedure for posting college courses offered off school sites:
- Drag 106001 course from course master to school courses
- Create section using 106001 in Sections Editor. Set attribute to no attendance, no marks and add the official college course title.

- Assign class to certificated staff member
- Enroll students in Walk-In scheduler
- These course numbers are placeholders and when the student completes the course and brings in the college transcript the course shall be entered directly into the student's electronic cumulative record.

D. If the college course is taken for graduation requirements, use the six-digit district course number listed in Attachment B, C, D or E of this Bulletin. A one-semester college course is listed only once and receives the number of high school credits designated on the Articulation Agreement with the college.

- Overtype the course title as it appears on the college transcript, abbreviating if necessary. Use the course title, not the department and course number e.g., Calculus 1 not Math 261.
- Enter the number of equivalent high school credits earned for the college course as listed on the Articulation Agreement.
- Enter the student's final mark.
- Enter the grade level of the student at the time the course was taken. If the course was taken during the summer/intersession, use the grade level for the following fall semester.
- In the date field, enter the ending date of the college semester/quarter.
- Enter the name of the college in the school column.

E. If the college course is taken for enrichment, use the following generic district course number.

107020	ART
107021	BUSINESS
107018	COMPUTER SCIENCE
107023	ENGLISH
107025	FOREIGN LANGUAGE

107036	BIOLOGICAL SCIENCE
107336	PHYSICAL SCIENCE
107037	SOCIAL SCIENCE
107038	VISUAL/PERFORMING ARTS

- These courses will be included on the UC/CSU applications but not included in the LAUSD GPA.
- Overtype the course title as it appears on the college transcript, abbreviating if necessary. Use the course title, not the department and course number, e.g., Calculus 1, not Math 261.
- Enter the number of equivalent high school credits earned for the college course as listed on the Articulation Agreement.
- Enter the student's final mark.
- Enter the grade level of the student at the time the course was taken. If the course was taken during the summer/intersession, use the grade level for the following fall semester.
- Enter the name of the college in the school column.

Physical Education: Attachment B

Physical Education	• Community college courses offered under the title of Physical Education Activity in each local *Community College Schedules of Classes* equals 2.5 high school credits.
	• A high school student must take TWO Community College Physical Education Activity classes each semester to meet the minimum 400-minute requirement or 5 units. These two classes must be from any of the six activity areas and from different disciplines: aquatics, individual or dual activities, dance, combatives, gymnastics & tumbling, or team activities
	• Summer School - PE courses may be taken during summer school only as remediation. Students must have failed a PE course at their home schools and intend to make it up during summer school. To make up a failed PE course during summer school, the student must take 2 PE courses during the summer session, from 2 of the 6 activity areas. The reason students may not take summer school courses to fulfill a semester of PE is that it violates the 400 minute each 10 school day requirement. Having failed a semester means they still had the 400 minutes, they just did not pass the class, and therefore can make it up during summer school.
	• For a student who wishes to take one or two full years of PE at community college, he or she must take two courses each semester, one from each of the six activity areas. The final two classes or any additional classes in the following years can be from any of the previous six areas or any physical education activity area of the student's choice A sample schedule might look like the following: *First year* Fall: Swimming and Dance Spring: Tennis and Self-defense. *Second year* Fall: Soccer and Gymnastics Spring: Tennis and Water Polo
	• 9th grade students must also be tested in the state mandated physical performance test (Fitnessgram) either by their community college instructor (provided they have been trained) between February 1 and April 15 or at their home school. The scores must be submitted to their home LAUSD school site to be turned into the local testing center. Students must be given the opportunity each year to retest and pass the components of the Fitnessgram that they have not passed.

Physical Education

Physical Education	• Community college courses offered under the title of Physical Education Activity in each local *Community College Schedules of Classes* equals 2.5 high school credits.
	• A high school student must take <u>TWO</u> Community College Physical Education Activity classes each semester to meet the minimum 400-minute requirement or 5 units. These two classes must be from any of the six activity areas and from different disciplines: aquatics, individual or dual activities, dance, combatives, gymnastics & tumbling, or team activities
	• Summer School - PE courses may be taken during summer school only as remediation. Students must have failed a PE course at their home schools and intend to make it up during summer school. To make up a failed PE course during summer school, the student must take 2 PE courses during the summer session, from 2 of the 6 activity areas. The reason students may not take summer school courses to fulfill a semester of PE is that it violates the 400 minute each 10 school day requirement. Having failed a semester means they still had the 400 minutes, they just did not pass the class, and therefore can make it up during summer school.

	• For a student who wishes to take one or two full years of PE at community college, he or she must take two courses each semester, one from each of the six activity areas. The final two classes or any additional classes in the following years can be from any of the previous six areas or any physical education activity area of the student's choice A sample schedule might look like the following:
	    First year <u>Fall:</u> Swimming and Dance <u>Spring:</u> Tennis and Self-defense.
	    Second year <u>Fall:</u> Soccer and Gymnastics <u>Spring:</u> Tennis and Water Polo

	• 9th grade students must also be tested in the state mandated physical performance test (Fitnessgram) either by their community college instructor (provided they have been trained) between February 1 and April 15 or at their home school. The scores must be submitted to their home LAUSD school site to be turned into the local testing center. Students must be given the opportunity each year to retest and pass the components of the Fitnessgram that they have not passed.

LOS ANGELES COMMUNITY COLLEGE DISTRICT
SUPPLEMENTAL APPLICATION FOR ADMISSION OF STUDENTS IN GRADES K-12

ADMISSION: Colleges in the Los Angeles Community College District ("LACCD") may admit as a special part-time or full-time student anyone who is a student in grades K-12 who has met the LACCD's admissions requirements and who, in the opinion of the College President (or designee), may benefit from instruction. (Education Code sections 48800, 48800.5, 76001; LACCD Board Rules 8100.06, 8100.07, 8100.08; LACCD Administrative Regulation E-87.)

FEES: **Enrollment fees** are required for special full-time students (i.e., taking more than 11 units), but waived for special part-time students (i.e., taking 11 units or less). (Education Code section 76300(f), LACCD Board Rule 8100.03.) Effective starting the Summer 2009, the **nonresident tuition fee** will be charged for all students who are classified as nonresidents; students may apply for an individual waiver pursuant to Board Rule 8100.15. The LACCD also charges a **health fee** (certain categories of students are exempt) and, where applicable, a **student representation fee**.

CONDITIONS: The student is expected to follow regulations and procedures that apply to all college students. The student shall receive college credit for the community college courses that the student completes. Arrangements for receiving high school credit for completed course work must be made with the student's high school. The student may only enroll in those courses listed on this form. This enrollment approval form must be presented when the student initially files an application for admission to the college, and a separate approval must be provided for each semester or term in which the student wishes to enroll. **The LACCD and its colleges assume no responsibility for the supervision of minor students (i.e., students under 18 years of age) outside the classroom setting. Parents are responsible for ensuring that their children are appropriately supervised before class begins, after class finishes, or when a class is cancelled and/or dismissed early.**

RE:	Updated EL Master Plan AY 2019-2020

Proposed Board Motion

I move that the board recommend the approval of the EL Master Plan for the 2019-2020 school year.

Introduction
This is a routine, annual item; every academic school year the MPS EL Master Plan is reviewed by the board for approval of updates and program improvements.

Background
The revisions made to the EL Master Plan will make it more comprehensive.
The updates to the Master Plan include the following:
- ELPAC (English Learner Advisory Committee)
- Professional Development Plan
- Parent Notifications
- Alignment with the FPM (Federal Program Monitoring) Program instrument
- ELD Program Evaluation

The Master Plan has changed slightly since it was recommended for approval at the Academic Committee meeting. In the section for LTELs, the Power ELA class was made optional since two of our schools no longer offer these classes. I have also added a brief overview of our program evaluation procedures.

Magnolia Public Schools
2019-2020 English Learner Master Plan

Magnolia Public Schools (MPS) endeavors to meet and exceed the needs of all learners, and is committed to closing the achievement gap that may affect those students who are not fully proficient in English. We hope to accomplish this by facilitating the acquisition and mastery of the English language as quickly as possible, while providing English Learners (ELs) with access to the core content through specialized and targeted instruction, a research-based and state-approved curriculum, and carefully differentiated instructional strategies. MPS also promotes an equitable educational experience for our ELs and their families by providing supplemental counseling services, additional tutoring and literacy services, bilingual support, access to technology, and focused workshops where available and as needed.

MPS provides students with a vigorous English Language Development (ELD) program that is based on recent language acquisition research, as well as the six key principles for teaching ELs established by the *Understanding Language District Engagement Subcommittee* at Stanford University. These principles and research are the foundation of our program and guide our professional development. They are outlined as follows:

Source	Year	Summary
The Understanding Language District Engagement Subcommittee at Stanford University	*2012*	1. *Instruction focuses on providing ELs with opportunities to engage in discipline-specific practices, which are designed to build conceptual understanding and language competence in tandem.* 2. *Instruction leverages ELs' home language(s), cultural assets, and prior knowledge.* 3. *Standards-aligned instruction for ELs is rigorous, grade-level appropriate, and provides deliberate and appropriate scaffolds.* 4. *Instruction moves ELs forward by taking into account their English proficiency levels and prior schooling experiences.* 5. *Instruction fosters ELs' autonomy by equipping them with the strategies necessary to comprehend and use language in a variety of academic settings.* 6. *Diagnostic tools and formative assessment*

1

		practices are employed to measure students' content knowledge, academic language competence, and participation in disciplinary practices.
Research to Guide English Language Development Instruction by Saunders & Goldenberg	*2010*	1. *Providing ELD instruction is better than not providing it.* 2. *ELD instruction should include interactive activities, but they must be carefully planned and carried out.* 3. *A separate block of time should be devoted daily to ELD instruction.* 4. *ELD instruction should emphasize listening and speaking although it can incorporate reading and writing.* 5. *ELD instruction should explicitly teach elements of English (for example, vocabulary, syntax, grammar, functions, and conventions).* 6. *ELD instruction should integrate meaning and communication to support explicit teaching of language.* 7. *ELD instruction should provide students with corrective feedback and form.* 8. *Use of English should be maximized during ELD instruction; the primary language should be used strategically.* 9. *Teachers should attend to communication and language learning strategies and incorporate them into ELD instruction.* 10. *ELD instruction should emphasize academic language as well as conversational language.* 11. *ELD instruction should continue until students reach Level 5.*
Reparable Harm: Fulfilling the Unkept Promise of Educational Opportunity for California's Long Term English Learners	*2010*	*Basic design principles for providing LTELs with equitable access to the core curriculum and improving proficiency outcomes:* ● *An LTEL program must emphasize urgency, acceleration, and focus.* ● *School must address the distinct needs of LTELs.* ● *LTELs need both language development and literacy development.* ● *Language development and academic gaps*

2

| | | *must be addressed across the curriculum.*
● *An LTEL program should support home language development.*
● *LTELs need a rigorous curriculum.*
● *LTELs need invitation, support, and insistence that they become active participants in their own education.*
● *An LTEL program should recognize the importance of positive relationships between the students and school staff.*
● *An LTEL program should encourage full integration with other students and with the school.* |

MPS follows all federal and state laws in providing equal educational opportunities for ELs. MPS implements a consortium-wide English Learner Master Plan that outlines the following components of a strong program:

A. *Identification of English Learners*
B. *Assessment of English Learners*
C. *Parent Notification*
D. *Placement of English Learners*
E. *Newcomers and Long Term English Learners*
F. *Monitoring English Learner Progress*
G. *Reclassification of English Learners*
H. *Staff Qualifications and Professional Development*
I. *English Learner Advisory Committee*
J. *English Language Development Program Evaluation*

A. Identification of English Learners

When a student enrolls at MPS, the school will request information regarding the primary language spoken at home through a Home Language Survey (HLS), as mandated by state and federal law. The purpose of the HLS is to determine if a language other than English is used in the student's home. Before completing this survey, parents will receive an explanation of its purpose, and be informed of the possibility that their child may be given an assessment to measure their English Language Proficiency (ELP). The student's cumulative file and CALPADS records will also be checked by office staff to determine the student's ELP status.

The HLS is made up of the following four questions:
1. What language did your child learn when he or she first began to talk?
2. What language does your child most frequently use at home?
3. What language do you (parent/guardian) most frequently use when speaking with your child?

3

4. Which language is most often spoken by the adults in the home?

The State Board of Education's approved guidelines for the HLS responses are as follows:
- If the answer to all four questions is "English" then the child is classified as "English Only" (EO) and will not be assessed for language proficiency.
- If the answer to any of the first three questions is a language other than English, then the student will be given an English language proficiency exam.
- If the answer to the fourth question is a language other than English, the student may be tested for ELP at the school's discretion.

Any student who is new to the CA public school system, who lists a language other than English on the above-noted HLS questions, will be tested for English Language Proficiency using the English Language Proficiency Assessments for California.

Parent rights regarding the HLS are as follows:
- The parent may amend the HLS anytime. If the amendment is made before the student has taken the initial English Language Proficiency Assessments for California (ELPAC), the student's classification will be adjusted to reflect the amendment. However, if the student has already taken the ELPAC, then the amendment will not affect the student's classification subsequently determined by the results of the ELPAC. An initial student who takes the ELPAC for ELP is classified as "To Be Determined" (TBD) until the official results are received.

The first HLS on file for a student supersedes all HLS forms completed at a later time. The answers on this initial HLS must be documented in the Student Information System (SIS). If the school has a reasonable doubt of a student's ELP, then that student may be tested to establish and provide evidence of proficiency. In these cases, a certificated staff member must document the reasons for ELPAC administration on the HLS. This annotation must be signed and dated by the school principal. Parents will then be informed by a certificated staff member of the student's assessment results and program placement.

B. Assessment of English Learners
Assessment of Initial Students: Students whose ELP is "To Be Determined" according to their HLS (and with no other documentation of their English language designation available) will be tested in Fall 2018 using the English Language Proficiency Assessments for California (ELPAC).

The ELPAC will be administered to these initial students within 30 calendar days of the beginning of the school year, or within two weeks if a student enrolls during the school year. Initial ELPAC assessments must be locally scored in order to determine the student's interim language classification and placement until official results are received. This interim information must be communicated to parents within 30 calendar days of the student's initial enrollment. Parents will be notified again of the student's official test results, once they are received. The

4

official score provided by the test vendor is the score used by the school to establish the student's ELP classification and placement.

Based on the initial student's performance on the ELPAC, he/she may be classified as an English Learner (EL) or an Initial Fluent English Proficient (IFEP) student. If a student is classified as an IFEP student, he/she will not be eligible to receive EL services, and will receive instruction in a program designed for fluent English speakers. If a student is classified as an EL, he/she will receive both integrated and designated English Language Development. An EL student must also be assessed annually (with the ELPAC) until he/she meets the reclassification criteria established by MPS according to state law.

Assessment of Annual Students: Students who are classified as ELs will be tested annually using the English Language Proficiency Assessments for California (ELPAC). This ELP test will be administered during the Spring test administration window. At this time, MPS is waiting for a recommendation from the CDE regarding reclassification threshold scores. In the interim, these scores are locally determined and outlined in Section G.

Assessment of Students with an IEP/504 Plan: EL students on an active individualized education plan (IEP) or Section 504 plan will be assessed using the accommodations, modifications, or alternative assessments for the current ELP exam as specified in their plan.

C. Parent Notification
Parents of students who are administered the initial and annual ELPAC will receive notification of the following, within 30 calendar days of test administration:
- A description of initial or annual ELP levels, and how they are determined
- Current language classification
- Program placement
- Instructional Program Options
- Reclassification Criteria
- For ELs with an IEP: A description of how the program placement will contribute to meeting the objectives of the IEP
- Graduation Rate for ELs (secondary schools)

All parent notification letters are certified by office staff and school leaders. This includes a list of notification recipients attached to each certification. Copies of notification letters are filed in each student's cumulative folder and the certification is filed in the Title III/EL Compliance folder maintained by the MPS EL Coordinator.

Prior to English proficiency testing, parents will also be informed of when their child will be tested, and how the test will be used to determine placement and reclassification.

Parents of ELs are always given the option to meet with a school administrator if they have questions regarding their child's assessment results, placement, or classification.

D. Placement of English Learners - Structured English Immersion Program
All MPS EL students participate in a Structured English Immersion (SEI) program. The U.S. Department of Education describes the goal of this program as "acquisition of English language skills so that the EL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English." Within this SEI program, ELs are provided with daily designated and integrated English Language Development. Integrated ELD is provided to all ELs across all disciplines utilizing the frameworks and strategies outlined below. Designated ELD is also provided to all ELs, however instructional placement and support vary according to the students' ELD level. All curriculum used within the SEI program has ELD components/resources that facilitate language acquisition. Additionally, Newcomers and Long Term English Learners receive supplemental services in the program as outlined below.

Designated English Language Development: Designated ELD is defined by the California ELD Framework as "a protected time during the regular school day when teachers use the CA ELD Standards as the focal standards in ways that build into and from content instruction in order to develop critical English language skills, knowledge, and abilities needed for content learning in English." Designated ELD is not separate from the core subjects, but rather is The following tables outline how designated ELD is delivered to EL students depending on their grade and ELD level.

Elementary Designated ELD: MPS elementary schools provide EL students with a minimum 30-minute block of designated English Language Development. Additionally, elementary schools may place their EL students in a supplemental class during the Silent Sustained Reading (SSR) period to provide additional, targeted support.

Eligible Students	Program Description
All ELD Levels (1-4)	- Elementary EL students receive a minimum of 30 minutes of designated ELD instruction in a protected block of time during the school day. - This setting is designed to ensure that ELs receive appropriate supports to build their proficiency and also meet grade level standards across all content areas. - Teacher differentiates language instruction based on ELD levels. - Schools may provide this type of ELD through push-in or pull-out support, rotation stations, or coordinated groupings managed by the teacher and supported by a teacher's aide. - Primary curriculum used is the designated component of McGraw Hill's *Wonders*, used in conjunction with supplemental programs such as DuoLingo and BrainPop ESL.

6

Flexible program option: Supplemental ELD during Silent Sustained Reading period	
All ELD Levels (1-4)	● Depending on the school site's EL population, an additional, supplemental ELD period may be provided to ELD levels 1-2 and/or levels 3-4. This period would take place during the school's 25 minute SSR period and would allow teachers to focus on language learning and domain areas of growth. **This supplemental class does not replace the 30 minute minimum required for all levels.**

Secondary Designated ELD: Depending on the EL student's ELD level, he/she will be placed in either a designated ELD class, or will receive designated ELD in his/her core classes. The following program description is the minimum requirement for all MPS schools. Individual schools may elect to provide additional support to their English Learners, as long as it does not interfere with a student's overall academic enrichment, or require additional work and/or time (for example, a mandatory tutoring session outside of regular school hours).

Middle School - Grades 6-8	
Eligible Students	*Program Description*
ELD Levels 1-2 *ELs with "minimally" or "somewhat developed" proficiency in English*	● EL students who are ELD Levels 1-2 receive one period of designated ELD. ● Depending on the school's EL population and resources, this period of designated ELD may be a full class period or it may take place during the school's shorter SSR/Study Skills period. A full class period of designated ELD will not exceed one semester per year. Schools that elect to provide this additional designated time may use the full class period to provide intensive language instruction and core academic support to ELs, prior to their English proficiency test, then move students to a shorter designated ELD class during the second semester, so that they may participate in an elective or enrichment class. ● This setting is designed to ensure that ELs receive appropriate supports to build their proficiency and also meet grade level standards across all content areas. ● Teacher differentiates language instruction based on ELD levels and proficiency descriptors. ● Primary curriculum used is the designated component of McGraw

7

	Hill's ELA and Math curriculum, used in conjunction with supplemental programs such as DuoLingo, No Red Ink, and Edge.
ELD Levels 3-4 *ELs with "moderately" or "well developed" proficiency in English*	● EL students who are ELD Levels 3-4 receive designated ELD in their core classes, designed to focus on specific domains. The amount of time provided will vary depending on the curriculum and unit being taught. ● This setting is designed to ensure that ELs continue to progress towards proficiency, continue to meet grade level content standards, and reclassify in a timely manner. ● Teacher differentiates language instruction based on ELD levels and proficiency descriptors. ● Core teachers work with the site-level EL coordinator and dean of academics to determine which domains each student should focus on in order to reclassify. ● Primary curriculum used is the designated component of McGraw Hill's ELA and Math curriculum, used in conjunction with supplemental programs such as No Red Ink, and Kate Kinsella's Academic Vocabulary Toolkit.

High School - Grades 9-12	
Eligible Students	***Program Description***
ELD Levels 1-2 *ELs with "minimally" or "somewhat developed" proficiency in English*	● EL students who are ELD Levels 1-2 receive one period of designated ELD during the school's SSR period or Study Skills class. This ELD class will not interfere with a student's A-G requirements. ● This setting is designed to ensure that ELs receive appropriate supports to build their proficiency and also meet grade level standards across all content areas. ● Teacher differentiates language instruction based on ELD levels. ● Primary curriculum used is the designated component of McGraw Hill's ELA and Math curriculum, used in conjunction with supplemental programs such as DuoLingo, No Red Ink, and

8

	Edge.
ELD Levels 3-4 *ELs with "moderately" or "well developed" proficiency in English*	• EL students who are ELD Levels 3-4 receive designated ELD in their core classes, designed to focus on specific domains. The amount of time provided will vary depending on the curriculum and unit being taught. • This setting is designed to ensure that ELs continue to progress towards proficiency, continue to meet grade level content standards, and reclassify in a timely manner. • Teacher differentiates language instruction based on ELD levels. • Core teachers work with the site-level EL coordinator and dean of academics to determine which domains each student should focus on in order to reclassify. • Primary curriculum used is the designated component of McGraw Hill's ELA and Math curriculum, used in conjunction with supplemental programs such as DuoLingo, No Red Ink, and Edge.

Integrated English Language Development:
Integrated ELD is defined by the California ELD Framework as "ELD instruction provided throughout the day and across the disciplines. Teachers with English Learners use the ELD standards in addition to their focal English language arts/literacy and other content standards to support the linguistic and academic progress of English Learners."

At MPS, teachers use SDAIE strategies (Specially Designed Academic Instruction in English), and the CHATS framework (see explanation of acronym below), to support integrated ELD across all content areas. Teachers are provided with professional development on how to provide integrated ELD to their students, how to apply the CA ELD standards, and how to use SDAIE strategies and the CHATS framework. This training is ongoing and provided by both MPS staff and third-party vendors. Additionally, site-level EL Coordinators provide regular training to teachers of ELs, which includes showcasing specific strategies for differentiating and integrating ELD into the content area classroom.

About the CHATS Framework: Teachers will receive training on a research-based, field-tested framework for supporting EL growth in content and language. This framework was developed by Dr. Persida Himmele and Dr. William Himmele, two educators who have extensive and successful experience with ELs. Their framework is carefully broken down in the book *The Language Rich Classroom* and is "meant to empower teachers who haven't been formally trained in ESL with planning tools that make content comprehensible to their English language learners," while "providing ELs with opportunities to build up their academic language" in the

9

content classroom. All MPS teachers will have access to this book, and will be consistently trained to use CHATS strategies. Although CHATS was developed for ELs, it is beneficial to all learners. The framework is made up of components that are broken up into five areas around the acronym:

- C – Content Reading Strategies
- H – Higher Order Thinking Skills
- A – Assessment
- T – Total Participation Techniques
- S – Scaffolding Strategies

This framework is designed to work in mixed, multilingual classrooms and the book provides resources and examples of how teachers can use each component in their planning.

E. Newcomers and Long Term English Learners

Newcomers: A newcomer is defined as a child or youth (ages 3-21) who was not born in any state and has not attended school in any state for more than three full academic years. At MPS, newcomers are identified upon enrollment in our Student Information System, and are carefully monitored by school leaders, coordinators, and teachers. Depending on the student's English language proficiency, he/she may be placed in a designated ELD class, where he/she will have an opportunity to build on foundational English language skills, as well as practice vocabulary and key concepts learned in his/her core classes. In addition to using the designated component of the McGraw Hill curriculum, a newcomer student will have access to language learning programs such as DuoLingo and Rosetta Stone, as well as BrainPop ESL, No Red Ink, and NewsELA. When possible, MPS will strive to obtain tutors that speak the student's native language to help build on prior knowledge, and provide additional clarification and support. Newcomers at MPS will have access to additional academic support through optional morning and after-school tutoring, Saturday school, and summer school.

Newcomers are expected to make progress in their ELP of one level per year at MPS. Newcomers are carefully monitored for growth by the site-level ELD Coordinator. Newcomers are assessed at the beginning of the school year for ELP and also for proficiency in their native language via a writing sample and through interview questions. If it is determined that additional academic or instructional support is needed, the site-level ELD Coordinator will work with school leaders and the MPS Coordinator to determine which programs, curriculum, or supports may be needed.

Newcomer students also receive targeted social-emotional support at MPS schools. Newcomer students and their parents are provided with a more personalized orientation (in their native language if possible) regarding school routines, school attendance, school schedule, the role of school personnel, uniform policy, using the library, emergency drills, and other topics determined by MPS staff. Some other social-emotional supports that are provided to newcomers at MPS schools are: class cohorts and being paired up with a peer that speaks their language (when possible) for in-class support and clarification, a safe space for the student to recess and eat lunch (for example, a classroom, the office, etc. if the student feels overwhelmed or stressed), frequent check-ins from teachers and school leaders to ensure that the student is

10

adjusting and feels comfortable in his/her new environment, immediate response by school staff to bullying or discrimination, informal support activities that provide newcomer students with opportunities to speak informally in his/her native language, and encouraging newcomer students to participate in after-school clubs and sports. Newcomer families will also be invited to attend our Parent College Program, and will be provided with resources for helping their child improve literacy at home in their native language.

Long Term English Learners: A Long Term English Learner (LTEL) is defined as a student who has been enrolled in a U.S. school for more than six years. MPS is committed to providing these students with the support that they need to reclassify by thoroughly assessing their academic data and providing structured and targeted ELD instruction based on their needs and areas of growth.

All LTELs at MPS are placed in rigorous courses designed to meet their college readiness requirements. They receive grade-level instruction that is taught using differentiated strategies, and are placed with English proficient students in core and elective courses.

At the beginning of the school year, school leaders and site-level EL coordinators will determine who their LTEL students are, and mark them in the student information system. They will review redesignation data, and determine what has prevented the student from reclassifying (MAP score, ELP exam score, ELA grade, etc.). Domains of growth will be noted in their ELD portfolios. This information is then shared with teachers and a plan of action is created to facilitate each student's growth and proficiency. If the student has an IEP, language goals and objectives will be carefully reviewed and incorporated into the plan.

LTELs (who are Levels 3 and 4; Levels 1 and 2 are enrolled in a separate designated ELD class) enrolled in an MPS middle school that offers specialized "Power English" courses may be placed in this course for one semester (at the school's discretion). This class will not replace designated or integrated ELD. This class will provide an additional focus on oral and academic language development and English literacy. It will also provide students with an opportunity to practice skills in preparation for the ELPAC. At the end of the semester, each student's progress will be assessed (ELA grades, summative assessments, MAP scores, and writing samples) to see if adjustments or additional supports are needed.

LTELs enrolled in an MPS high school will receive ongoing, individualized support from the site-level EL Coordinator. Data will be reviewed and the student will work with the coordinator to create a plan of action and next steps, in order to facilitate and expedite their reclassification. If the student also has an IEP, the on-site special education professional will work with the coordinator to review language and ELD goals, and determine appropriate instructional modifications and supports.

In addition to the above-mentioned supports, MPS schools will focus on the following universal strategies for improving academic outcomes for LTEL students:

11

- Ensure that students understand the reclassification process and are provided with counseling about their individual data.
- Provide additional tutoring to help students understand their assignments, clarify notes, review concepts taught in class, and prepare for tests.
- Emphasize a school-wide focus on study skills and academic vocabulary (for example, universal note-taking strategies, Word of the We
- ek, etc.).
- Provide frequent "check-ins" with students to ensure that they do not have questions or concerns.
- Incorporate relevant texts that affirm and allow students to make connections to their diverse cultures.
- Encourage participation in school clubs, sports, and events.
- Ensure that students have a safe space to relax, study, and speak with caring adults.

Pathways for Newcomers and LTELs will be evaluated by the MPS EL Coordinator every semester to determine whether or not adjustments need to be made and to ensure that both groups are making adequate progress.

F. Monitoring English Learner Progress

English Learners at MPS schools are monitored through ELD portfolios, which are maintained by the on-site EL Coordinator. ELD portfolios will contain the following documents:
- Copy of the most recent ELP exam scores
- Copy of the most recent MAP & SBAC scores
- Record of the most recent semester grade in ELA, and any notes/observations from the teacher
- Interim assessment scores
- Progress Monitoring Chart
- Writing work samples (for example, copies of reports, essays, journals, etc.)
- "My Road to Reclassification" document (allows students to independently track their progress)
- Action plans and goals

Supplemental templates and monitoring documents are available to all site-level coordinators in a shared Google folder. Additional monitoring forms and evidence may be added as needed to improve monitoring and outcomes.

Schedule for progress monitoring:

Weekly/Bi-weekly	Monthly	Annually
● Core teachers review current class grades and notify parents of ELs if their child is	● Portfolio maintenance: Relevant scores, assessments, and work samples are	● January/February: Data for reclassified students is reviewed and updated in a

12

failing. ● School staff reviews and discusses relevant student data (during staff meetings, department meetings, etc.).	collected and updated in each EL student's ELD portfolio. ● Teachers and site-level coordinators notify parents of EL students who are not making adequate progress towards proficiency.	spreadsheet maintained by the dean of academics and site-level coordinator.

G. Reclassification of English Learners

MPS uses the four criteria in state law as guidelines in determining whether or not an English Learner should be reclassified as fluent English proficient: English language proficiency assessment, comparison of performance in basic skills, teacher evaluation, and input from parents. All reclassification criteria must be met and maintained within the current academic year. The established criteria for reclassification are as follows:

	Grades K-5	*Grades 6-12*
English Language Proficiency Assessment	ELPAC: Overall score of 4 with a <mark>minimum score of 3 in each domain</mark>.	
Basic Skills Assessment	NWEA Map: Performance level of Basic on the MAP reading test with a minimum Fall, Winter, or Spring score of:	

Grades K-5:

Gr. 2	173	176	179
Gr. 3	179	187	191
Gr. 4	191	197	200
Gr. 5	197	202	204

Grades 6-12:

Gr. 12	220	222	224

13

	~OR~
	SBAC: ELA/Literacy score of 2 (Nearly Met) or above
Teacher Evaluation	Student achieves a grade of C (70%) or above in English Language Arts (ELA). Applicable ELA grades considered are the Semester 1 final grade and current semester grade at the time of reclassification.
Parent Consultation	Parent/Guardian agrees with the recommendation to reclassify. Each school will send home a notification informing parents of their child's eligibility to reclassify. If a parent contests reclassification, they will have 14 days to respond to the school using a form provided by the school site.

The date of this letter will be the official date of reclassification used for the SELA report and CALPADS reporting. |

Reclassified students are monitored for a period of four years by on-site ELD Coordinators. This is done to ensure that they have not been redesignated too early, and that they are successfully participating in the academic program without incurring deficits. Deans and coordinators monitor reclassified students' academic progress annually by reviewing benchmark scores, MAP and SBAC scores, and ELA grades. Follow-up services for students who do not demonstrate satisfactory progress include, but are not limited to: additional tutoring, counseling, and enrichment classes. The MPS EL Coordinator will follow up with each school to ensure that monitoring is taking place, and will assist the school with action planning for those students who are not making adequate progress.

H. Staff Qualifications and Professional Development Plan
The teachers and staff at MPS understand that all stakeholders need to work collaboratively to help improve learning outcomes and academic achievement for ELs. They also understand that ELs need access to challenging academic content through appropriately differentiated and scaffolded instruction. In order to facilitate rigorous ELD instruction, the following staff qualifications and plans for professional development are in place at MPS:

Staff Qualifications: All MPS teachers providing academic instruction to EL students will hold a CLAD/BCLAD credential or other approvable CCTC certification authorizing them to teach English Language Learners. Outlined below are the duties of teachers, site-level EL Coordinators, and the MPS EL Coordinator.

MPS teachers will:
- Consistently implement with fidelity the ELD program and curriculum as outlined in the English Learner Master Plan.

14

- Provide daily integrated ELD instruction during core classes, aligned with the state ELD standards and using research-based strategies to ensure students are able to access grade level instruction and do not incur academic deficits.
- Provide daily designated ELD instruction during a protected block of time during the school day, aligned with the state ELD standards and using research-based strategies to ensure students are able to access grade level instruction and do not incur academic deficits.
- Attend all professional development and professional learning community sessions.
- Consistently monitor student progress on a weekly basis to ensure that EL students are making adequate progress towards proficiency and follow appropriate protocol if a student is falling behind.
- Maintain contact with the students' families and keep them updated on their child's progress.
- Work collaboratively with other staff members to encourage ELs and ensure that they have the tools and resources needed to be successful.

MPS ELD Teachers will do all of the above and:
- Consistently implement with fidelity the ELD program and curriculum as outlined in the English Learner Master Plan.
- Provide a safe, enriching learning environment for ELs, with ample opportunities to practice language acquisition.
- Use the prescribed, standards-based, state-approved curriculum to instruct ELs.
- Differentiate instruction based on ELD level and grade level.
- Provide opportunities for ELs to practice all four domains in each class period.
- Utilize supplemental resources to provide additional support.
- Create structured and predictable classroom routines.
- Create weekly lesson plans aligned to the ELD standards.

MPS Site-Level EL Coordinators will:
- Conduct classroom observations on a weekly basis to ensure integrated and designated ELD is occurring in all classrooms with ELs.
- Present an ELD strategy to teachers during weekly staff meetings.
- Create and maintain an ELD portfolio for each EL student to monitor and showcase progress.
- Regularly communicate with staff regarding the progress of ELs.
- Communicate on a regular basis with the MPS EL Coordinator and implement all updates and compliance requests in a timely manner.
- Participate in monthly meetings with school leadership regarding the needs of ELs (for example, plan strategies for professional development, provide insight from classroom observations, discuss data, and recommend resources).
- Attend professional development relevant to ELs and share strategies and resources with teachers.

The MPS EL Coordinator will:

15

- Maintain, evaluate, and improve the EL Master Plan and EL Program based on the observations, data, and feedback from each member school.
- Provide coaching, and professional development to all teachers of English learners (for example, provide integrated and designated ELD support, teacher training, coaching on effective ELD strategies, and model push-in support).
- Conduct lesson demonstrations and classroom observations/walk-throughs in order to help improve instruction delivered to ELs.
- Help teachers monitor the progress of ELs and reclassified students, and create appropriate interventions and action plans as needed.
- Assist site-level coordinators and staff with the development of action plans and appropriate supports for Long Term English Learners and Newcomers.
- Lead and train ELD Coordinators at each school site, including facilitate team meetings as well as coordinate the EL program strategic planning process.
- Oversee the adoption and implementation of the ELD curriculum.
- Oversee the Title III improvement plan, and any other Title III requirements.
- Attend EL-related professional development and share resources with teachers and school leaders.

Although the EL Coordinator's primary duty will be to provide the supplemental services outlined above, the EL Coordinator will also work with the Chief Academic Officer, on-site EL Coordinators, and Office Managers to support schools with accountability. Some examples of how the consortium will hold member schools accountable are:

- Create Title III folders for each school site with a calendar of notifications, procedures for notifying parents of ELs, certifications for notices mailed, attendance sheets for PD and parent meetings/workshops, etc. The MPS EL Coordinator will work with school leadership and on-site ELD Coordinators to ensure that folders are maintained and updated.
- The executive office manager will ensure and certify the timely submission of all CALPADS data pertaining to ELs.
- School leadership will certify the timely submission of all Title III notifications mailed to parents of ELs.
- The consortium EL Coordinator will conduct regular classroom walk-throughs to ensure program fidelity.
- The consortium EL Coordinator will support teachers with progress monitoring of ELs and provide a framework for progress monitoring.

==Professional Development Plan:== ==Professional development for teachers of English Learners will be extensive and ongoing at Magnolia Public Schools. Professional development specific to ELs will endeavor to improve ELD instruction, facilitate the ability of teachers and school leaders to successfully implement the EL program, and help improve English language proficiency and subject matter knowledge of ELs. For the 2018-2019 academic year, effective professional development will include:==

- ==An ELD workshop for teachers at the MPS Summer In-Service.==
- ==An overview of the EL Master Plan, including program placement, progress monitoring,==

16

and reclassification, presented to all MPS schools.
- Sessions dedicated to English Language Development (ELD) training for teachers at each MPS Teacher Symposium (Winter and Spring).
- ELD training and shared best practices at least once per month at the school-site level staff meetings.
- All core teachers will attend at least one third-party ELD training (this may be done off or on site...for example, attend a workshop offered by the county office, or hire a consultant to present to the staff on site).
- The MPS EL Coordinator will regularly attend high-quality professional development workshops and conferences, including a monthly Bilingual Directors' Meeting at the Los Angeles County Office of Education, and share resources and information with teachers and school leaders.
- When possible, site-level EL Coordinators will attend professional development sessions and meetings with the MPS EL Coordinator.
- The MPS EL Coordinator will host two (one per semester) trainings/meetings for the site-level EL Coordinators. These meetings will review ELD strategies, best practices, an assessment of EL data at each school site, and evaluate the effectiveness of the EL program.
- Regular updates regarding ELs and ELD will be provided to all MPS principals and deans during monthly meetings at the Home Office.
- The MPS EL Coordinator and MPS Math Coach will provide a workshop to math teachers that will support EL access across the curriculum.
- The MPS EL Coordinator and MPS Student Services director will provide resources to help teachers and school leaders support dually identified students.

I. English Learner Advisory Committee

At MPS, all schools meeting the English Learner Advisory Committee (ELAC) requirements host meetings regularly throughout the school year. ELAC requirements are as follows:

Any school site with 21 or more English Learners must have a functioning English Learner Advisory Committee (ELAC) that meets the following requirements:
- Parent members are elected by parents or guardians of ELs.
- Parents of ELs make up at least the same percentage of the committee membership as their children represent the student body.
- The ELAC will be responsible for assisting in the development of the schoolwide needs assessment, as well as helping to make parents aware of the importance of regular school attendance.
- The ELAC will advise the principal and staff in the development of a site plan for ELs and submitting the plan to the school site council for consideration of inclusion in the LCAP.

Purpose of the ELAC:

17

The following tasks are included in the function of every school's ELAC. They are:
- Advise the school principal and staff on the development of the LCAP.
- Advise the School Site Council on the school's program and goals for ELs.
- Conduct a school needs assessment for the school's program/services for ELs.
- Review and discuss ELPAC and reclassification data.
- Assist in making parents aware of the importance of regular school attendance.

The ELAC shall be responsible for the following tasks (from the California Department of Education):

- Advising the principal and staff in the development of a site plan for English learners and submitting the plan to the School Site Council for consideration of inclusion in the LCAP (formerly SPSA).
- Assisting in the development of the schoolwide needs assessment.
- Ways to make parents aware of the importance of regular school attendance.
- Each ELAC shall have the opportunity to elect at least one member to the District English Learner Advisory Committee (DELAC). Districts with 31 or more ELACs may use a system of proportional or regional representation.

Sample calendar for ELAC Meetings:

September/October	November/December	January/February	March/April
-Elect members -Review purpose of ELAC -Provide training and materials -Review most recent ELPAC and reclassification data -Review EL program and reclassification criteria	-Advise principal and staff/SSC on recommendations for LCAP -Review importance of regular school attendance	-Language Census review -Discuss and review progress monitoring for ELs	-Conduct a school needs assessment -Revisit recommendations for upcoming AY's LCAP

J. English Language Development Program Evaluation

In order to ensure that the appropriate modifications and improvements are made regularly to our ELD program, a comprehensive program evaluation will be completed twice per year by school leaders and ELD Coordinators. This is in addition to feedback provided by teachers and parents (ELAC). The first program evaluation will be conducted in December (mid academic year), and the second evaluation will be conducted at the end of the academic year. The MPS EL Coordinator will use this feedback to make program improvements and address concerns and areas of need. The program evaluations will take place during leadership meetings and ELC meetings at the home office. Evaluation documents will be maintained in the ELC's Google Drive.

18

Updated on 6/3/19

The MPS EL Master Plan will be maintained in Google Drive and may be modified throughout the year. The MPS EL Coordinator will inform schools if any changes are made. If major program changes are made, the master plan will be re-submitted to the MPS Board for review.

RE:	Approval of the 2019-20 Student/Parent Handbook

This item has been recommended for approval by the Academic Committee on May 15, 2019.

Proposed Board Recommendation

I move that the board approve the 2019-20 Student/Parent Handbook.

Background

This is a routine annual item for the Board. MPS updates our Student/Parent handbook every year based on feedback from our stakeholders and legal counsel. It is a live document that is consistent with our charter petitions and practices at our school sites. The handbook includes most of our student policies in their entirety except those which are too long or specific to be fully included in a general student/parent handbook, such as independent study and forms or math placement policy. Each of those exceptions is included as a synopsis and the student/parent is referred to the full policy for details. All those policies are made available to the schools on our school websites and in the front office of our school sites for convenient access.

The handbook includes required annual notices and forms such as Title I meetings, parent-student-school compact, UCP, etc. It also includes agreements for students/parents to sign, such as the Student Technology Use Policy. Instead of mailing students/parents separate notices and forms to review and sign throughout the year, MPS has consolidated all required notifications and forms in a single handbook with an acknowledgement and signature page attached to the end. This approach has resulted in a handbook with a relatively larger size, but the benefits (compliance with notifications, convenient access to policies, etc.) seem to have been worth it. Besides providing all necessary information in a single place to the stakeholders, our school administrators also find it very practical for accountability purposes.

Traditionally, Chief Accountability Officer (CAO) trains MPS school site administrators on changes made to the handbook during the summer training and at monthly academies throughout the year. CAO, working with the Chief

Academic Officer and the Director of Student Services, also facilitates discussion during those meetings and collects feedback on our policies in order to finalize the following year's handbook.

Attached are the two versions of the proposed 2018-19 Student/Parent handbook: a clean one and a yellow-highlighted one which shows changes made. Following is a list of modifications made in the 2019-20 Student/Parent Handbook.

Page #	Modification
15	Added language to "specific course requirements" to state that MPS adopts all options approved for meeting UC's minimum "a-g" subject requirements, including approved "a-g" high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements.
15	Added language about the "Golden State Seal Merit Diploma" & the "State Seal of Biliteracy."
16	Added a-g "science requirement" as the UCs made recent changes to it.
18	Added reference to the new "MPS Dual and Concurrent Enrollment" policy and form.
19	Inclement weather and car trouble excuses were counted as unexcused for being absent/tardy; these two excuses are removed from the unexcused list and left to the discretion of the school administration on a case by case basis.
20	Following bolded words are added to the following statement to make the language more clear: After twenty (20) unexcused absences/tardies **within the school year**, the student will not be allowed to walk on stage for promotion/graduation **as well as participate in any culminating activities, i.e., prom or graduation night.**
21	Truancy letter signature requirement is removed. After Truancy Letter #3 parent will be invited to attend a presentation regarding chronic absenteeism. Old language invited them to attend an evening assembly.
23	The language "Students will not be allowed to enter the school if they are not wearing the proper uniform" has been removed.
24	Points have been removed from positive/negative rewards.
24	MTSS/PBIS language has been added.
55-56	"Use of Security Cameras" policy has been added.
74-80	UCP has been updated and a notice has been added per direction from the CMP audit.

Dear Parents and Students,

Magnolia Public Schools (MPS) staff believes that education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. This handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled this student-parent handbook (pending board approval), which addresses the school's regulations and policies to set a standard for our students. It is an essential reference book describing what we expect and how we do things. Read it carefully, discuss it with your parent/guardian, and let it act as a guide for your effective involvement in all aspects of school. Keep this handbook so you can refer to it throughout the school year.

Sincerely,

MPS Administration

EQUAL OPPORTUNITY & NON- DISCRIMINATION STATEMENT

In compliance with federal and state equal opportunity laws, equal opportunity will be afforded to all applicants and students regardless of race, color, sex, age, religious creed, disability, national origin, ancestry, immigration status or citizenship, or sexual orientation in every aspect of the school community. MPS adheres to all provisions of federal law related to students with disabilities, including but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004.

MPS is committed to providing a working and learning environment that is free from unlawful discrimination and harassment. MPS prohibits discrimination and harassment based on an individual's actual or perceived sex, sexual orientation, gender, gender identity, gender expression, marital status, pregnancy, childbirth or related medical condition, ethnic group identification, race, ancestry, national origin, immigration status or citizenship, religion, religious affiliation, color, creed, mental or physical disability, age, and any other basis protected by federal, state, and/or local law, ordinance, or regulation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics. Harassment based on any of the above-protected categories is a form of unlawful discrimination and will not be tolerated by MPS.

Harassment is intimidation or abusive behavior toward a student or employee that creates a hostile environment and can result in disciplinary action against the offending student or employee. Harassing conduct may take many forms, including but not limited to, verbal remarks and name-calling, graphic and written statements, or conduct that is threatening or humiliating. This nondiscrimination policy covers admission or access to treatment or employment in all MPS programs and activities, including vocational education. The lack of English language skills will not be a barrier to admission to or participation in MPS programs or activities.

MPS does not condone or tolerate harassment of any type, including bullying, discrimination, or intimidation, by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

Based on Federal law, Title IX, State law and MPS policy, no student shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination on the basis of actual or perceived sex, sexual orientation, and gender (including gender identity, gender expression, marital status, parenting, pregnancy, childbirth, false pregnancy, termination of pregnancy or related medical condition). Male and female students have the right to equal learning opportunities in their schools and must be treated the same in all MPS educational activities and programs, including: • Athletics • Physical education • The classes they can take • The way they are treated in the in educational programs and activities • The kind of counseling they are given • The extracurricular activities, programs and clubs in which they can participate • The honors, special awards, scholarships and graduation activities in which they can participate. Students who feel that their rights are being violated have the right to take action and should not be afraid of trying to correct a situation by speaking to a school administrator, Title IX Coordinator, psychologist, counselor, or trusted adult at school, or filing a complaint (see Uniform Complaint Procedures). Students are encouraged whenever possible to try to resolve their complaints directly at the school site. Any student who believes he or she is being discriminated against in violation of Title IX has the right to file a complaint. For further information or assistance, including the Title IX Coordinator contact information, see the TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY in this Handbook.

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in MPS policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

MPS prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation. For inquiries or complaints related to discrimination or harassment based on student's sex (Title IX); sexual orientation or gender identity (Title 5, CCR, §4910); race, color, or national origin (Title VI); or mental or physical disability (Section 504), contact MPS.

PUPIL RECORDS, INCLUDING CHALLENGES AND DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. These rights are:

1. The right to inspect and review the student's education records within 5 days after the day MPS receives a request for access. Parents or eligible students should submit to the MPS

5

MPS Student/Parent Handbook | 2019-20

principal or designee a written request that identifies the records they wish to inspect. The MPS official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA

    Parents or eligible students who wish to ask MPS to amend a record should write the MPS principal or designee, clearly identify the part of the record they want changed, and specify why it should be changed. If MPS decides not to amend the record as requested by the parent or eligible student, MPS will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. See 'Pupil Records Challenges' section, below, for MPS' policy and procedures regarding this hearing.

3. The right to provide written consent before MPS discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

    One exception, which permits disclosure without consent, is disclosure to MPS officials with legitimate educational interests. An MPS official is a person employed by MPS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the MPS board. An MPS official also may include a volunteer or contractor outside of MPS who performs an institutional service of function for which MPS would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting MPS School official in performing his or her tasks. An MPS official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

    Upon request, MPS discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

    Note that MPS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by MPS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

    Family Policy Compliance Office
    U.S. Department of Education
    400 Maryland Avenue, SW
    Washington, DC 20202

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to MPS officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires MPS to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. MPS may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student —

1. School employees who have a legitimate educational interest as defined by 34 C.F.R. Part 99;

2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. MPS will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, MPS will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to the procedures outlined here and more completely in the full policy;

3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

5. Organizations conducting certain studies for the MPS in accordance with 20 U.S.C. § 1232g(b)(1)(F);

6. Accrediting organizations in order to carry out their accrediting functions;

7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;

8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. 99.31(a)(9)(i), reasonable effort must be made to

6

MPS Student/Parent Handbook   2019-20

notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

9. Persons who need to know in cases of health and safety emergencies;

10. State and local authorities, within a juvenile justice system, pursuant to specific State law;

11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by MPS for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by MPS; and/or

12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by MPS with respect to that alleged crime or offense. MPS may disclose the final results of the disciplinary proceeding, regardless of whether MPS concluded a violation was committed.

Directory Information

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Directory information can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish year books. MPS has designated the following information as directory information:

1. Student's name

2. Student's address

3. Parent's/guardian's address

4. Telephone listing

5. Student's electronic mail address

6. Parent's/guardian's electronic mail address

7. Photograph

8. Date and place of birth

9. Dates of attendance

10. Grade level

11. Weight and height of members of athletic teams

12. Degrees, honors, and awards received

13. The most recent educational agency or institution attended

14. Student ID number, user ID, or other unique personal identified used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want MPS to disclose directory information from your child's education records without your prior written consent, you must notify MPS in writing at the time of enrollment or re-enrollment. Please notify the MPS Principal of your child's school at the contact number on Page 3.

A complete copy of the MPS policy is available upon request in each MPS school's main office.

RIGHTS AND RESPONSIBILITIES

Effective Communication:

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1st: Parents should encourage their child to talk with the teacher.

2nd: Parents can encourage their child to talk with an administrator.

3rd: If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1st: Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.

2nd: If the problem persists after a reasonable time, talk with the teacher again.

3rd: If the problem is still not resolved, make an appointment with the related administrator.

7

MPS Student/Parent Handbook   2019-20

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, please refer to the Complaint policies contained in this Handbook and available in the MPS office.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner. Please see the "Conditions for Classroom and School Visitation, Shadowing, and Removal Policy" under the section titled "Visitors" in this Handbook.

Students' Rights and Responsibilities:

- To be informed of all school rules and regulations.
- To have access to your student account in SIS.
- To have a safe and educational environment.
- To attend class regularly and on time.
- To obey school rules and regulations.
- To respect your rights and the rights of your peers.
- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

Parents' Rights and Responsibilities:

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in SIS.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.

- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

Teachers' Rights and Responsibilities:

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and earn a passing grade.
- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.
- To initiate and enforce a set of classroom rules, consistent with the school's discipline policies.
- To keep assignments, grading, and attendance current in SIS.
- To have administrative support for discipline in and outside the classroom.
- To explain the Student Code of Conduct and Bullying Policy to their students.
- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

Administrators' Rights and Responsibilities:

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

MPS Student/Parent Handbook   2019-20

POLICIES AND PROCEDURES

As a student at MPS, you are required to abide by and respect all rules and regulations in the handbook, both on and off campus. The handbook was established to maintain a safe and healthy school environment conducive to learning.

I.   ACADEMIC POLICIES

A.   GENERAL GUIDELINES

CAASPP Opt Out:

MPS shall annually administer required state testing to the applicable grades (e.g., the California Assessment of Student Performance and Progress.) Notwithstanding any other provision of law, a parent's or guardian's written request to School officials to excuse his or her child from any or all parts of the state assessments shall be granted.

Child Find and Section 504:

MPS is dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society.   MPS provides special education and instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEIA"), Education Code requirements, and applicable policies and procedures of the charter authorizer. These services are available for special education students enrolled in MPS. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. MPS collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

MPS also recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of MPS. Any student who has an objectively identified disability which substantially limits a major life activity, including but not limited to learning, is eligible for accommodations by MPS. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal. A copy of MPS' Section 504 Policies and Procedures is available upon request in each MPS school's main office.

Math Placement:

MPS has adopted a math placement policy to establish a fair, objective, and transparent protocol for placement in mathematics courses in order to ensure the success of every student. Please see the main office of your MPS school for the math placement policy.

Grading:

The primary purpose for grading is to provide feedback to students and parents on the achievement of learning goals. At MPS course report card grades are to be represented in letter-grade equivalent to the percentage earned in each course. Course report card grades are based on performance and practice assessments, as can be seen in the following table.

Aligned with the grading guidelines, each department will work with the Department Chair and the Dean of Academics to develop specific and consistent weights for each grading subcategory, to be shared with parents and students.

Teachers will create reasonable number of assignments for each subcategory in their grading system. Teachers will provide students with access to course material, homework assignments, projects, and students' grades through the school information system, and update SIS records daily/weekly.

Category	Subcategories
Performance Assessments *(Summative)* 70%	▪ Unit assessments *(no more than 50%)* ▪ Benchmark assessments *(no more than 30%)* ▪ Final assessment *(no more than 30%)* ▪ Performance tasks (Projects, portfolios, essays, artwork, models, visual representations, multimedia, oral presentations, live or recorded performances, labs, etc.)
Practice Assessments *(Formative)* 30%	▪ Independent practices ▪ Daily assignments ▪ Classwork ▪ Homework *(no more than 15%)* ▪ Warm-ups ▪ Reviews ▪ Quizzes

Extra Credit:

With prior approval from the Dean of Academics, teachers may offer extra credit. A maximum of five (5) extra credit points (out of 100-point numerical grade) may be applied to a student's grade in each of their classes. Additionally, for both English and Math classes, a student may earn up to five (5) extra credit

9

MPS Student/Parent Handbook   2019-20

points by demonstrating growth in their overall MAP RIT scores, increasing the maximum allowable extra credit points to ten (10). Points may be earned in the testing cycle from Fall to Spring and would be applied to the student's second semester English/Math grades. If Winter MAP test is offered during the first semester, students may also earn points towards their first semester grades. For each point increase in their overall RIT score, students will earn one (1) point of extra credit towards their applicable grade, up to five (5) credit points maximum for each subject area. Regardless of their growth score, students will earn extra five (5) credit points if they meet or exceed the following "Standard Met" cut scores on their Fall or Winter MAP test in the first semester or Spring MAP test in the second semester:

Grade	MAP RIT ELA* F-W-S	MAP RIT Math* F-W-S
3	192-199-202	191-199-204
4	202-207-209	206-212-217
5	208-212-214	219-225-229
6	214-217-218	222-227-230
7	219-221-222	229-233-235
8	223-224-225	238-240-242

9	226-227-228	243-244-245
10	229-230-231	246-247-248
11	232-233-234	249-250-251

Homework:

Homework is essential to success at MPS. Doing homework will help students develop many valuable skills such as good study habits, time management, responsibility, and perseverance. Teachers will assign homework that will foster individual learning and growth that is appropriate for the subject area. Homework is part of all student evaluations. It is the student's responsibility to complete and turn in homework on time. If the student or parent has questions about homework, s/he should immediately contact the teacher who assigned it.

Generally, all homework assignments will be posted online, either on teacher/class web pages or on the school information system, which will be accessible to the parents/guardians by using an authenticated password. The password will protect confidentiality and allow parents/guardians to access their children's academic records. SIS is not intended to replace contacting parents for regular conferences to discuss student progress.

Final Assessments/Exams:

All academic classes will have cumulative final assessments/exams at the end of each semester. These final assessments may be in different forms such as test, essay, project, book report, etc. depending on individual teachers' discretion upon approval by the MPS administration. All students are required to take these final assessments. Cumulative assessments are part of the college preparatory culture; these assessments will help students learn how to study more effectively, as well as improve their retention of the subject content.

Make-up Procedures - Incomplete Grades:

Every effort should be made for a student to make-up work as soon as possible when returning to school from an absence or series of absences. If a student fails to complete a significant number of performance and/or homework tasks due to absence or other extraordinary circumstances, a grade of Incomplete (I) may be assigned with administrative approval. If the necessary performance and/or homework tasks are not complete by the end of the following marking period, the report card grade will revert to the earned numeric grade. In the final marking period, an Incomplete (I) will revert to the earned numeric grade if not complete by a date agreed upon by the teacher and administrator.

Course Withdrawals:

Students may withdraw from a course without penalty of an F grade within 15 school days from the beginning of the course. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Class Change:

During the first 5 school days from the beginning of the course, students will attend the classes they are assigned and/or they signed up for; no changes will be allowed unless there is a scheduling error on the student's schedule. After the first 5 school days, if necessary academic changes arise, students will have 10 school days to complete changes. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Scheduling errors will receive immediate attention by the Dean of Academics. The following are considered scheduling errors: missing a class period, double up of courses in the same period, missing a course needed for graduation, student has not met the prerequisite for a course, etc.

The School will not consider schedule changes for the following reasons: to be with friends, to change teachers, athletics, early/late arrival adjustments (unless required by state or federal law), etc. Class change is at the discretion of the school administration.

10

MPS Student/Parent Handbook   2019-20

B. ELEMENTARY SCHOOL GRADING SYSTEM

MPS will follow the standard scale below to assign percentages/proficiency level for semester work. Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Percentage	Achievement Level
90% - 100%	Level 4: Standard Exceeded
80% - 89%	Level 3: Standard Met
70% - 79%	Level 2: Standard Nearly Met
Below 70%	Level 1: Standard Not Met

Elementary School Grade Retention/Promotion:

The following is MPS' policy regarding the retention of pupils in grades K–5:

- Grades K–2: Any student who is not at benchmark based on reading benchmark assessments, math benchmark assessments or report card grades will be identified for retention. Retention will only occur if the teacher and parent are in agreement that retention is the best intervention to ensure student success.
- Grades 3–5: Any student who does not meet the achievement standards and needs substantial improvement to demonstrate the knowledge and skills in ELA/Literacy or math needed or likely success in future coursework based on Smarter Balanced assessments (Level 1 on Smarter Balanced assessments) or any student who is more than one year behind grade level in mathematics or ELA/Literacy as determined by the MAP tests will be identified for retention.

An identified student who is performing below the minimum standard for promotion shall be recommended by the student's teacher for retention in the current grade unless the student's teacher determines in writing that retention is not the appropriate intervention for the student's academic deficiencies. The teacher's recommendation to promote is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s) or guardian(s) informing them that their child is at risk of retention.
- The teacher's evaluation shall be provided to and discussed with the student's parent(s) or guardian(s) and the principal before any final determination of pupil retention. The parent(s)/guardian(s) are informed at that meeting that their child is recommended for retention. This meeting is documented with an academic support plan signed by both the teacher and parent/guardian.
- The principal shall make a decision regarding the recommended retention. Upon the acceptance or rejection of the above stated plan by the principal, a letter shall be sent within five (5) school days to formally inform the student's parent(s) or guardian(s) of the principal's decision regarding the retention.
- The parent(s) or guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra help in their specific areas of concern, both in class and through intervention offerings.

Report Cards:

Student report cards create a succinct written record of student performance by compiling data from multiple assessments both formal and informal. Report cards are one of several ways to keep parents informed about student performance and to ensure that data collection is regular and consistent. Report cards reflect student achievement toward state standards, and summarize narratives, anecdotal records, attendance data, and information about student participation in class and school life. Results of standardized tests are mailed separately as well as included in the student grade report with explanations designed to help students and parents interpret their relationship to other assessments.

Students will receive a progress report mid-semester and a final report card at the end of each semester. Teachers will arrange a conference to discuss student progress with at least one parent/guardian each semester. End-of-the-year conferences are prioritized for parents/guardians of students not making progress, low-achieving students, and those identified for retention. Other parents/guardians are encouraged to attend teacher conferences at the end of the year as well.

Ongoing communication between teachers, parents, and students is an essential component of MPS. MPS' school information system provides a very effective online communication tool for teachers, students and parents for course material, homework assignments, projects, course grade statistics and records of student grades. In addition to progress reports, report cards, and assessment reports, newsletters are distributed monthly. Parents can

11

MPS Student/Parent Handbook   2019-20

conference with teachers on an informal basis as needed, and on a formal basis at least twice (2) a year, to discuss students' progress reports and proficiency levels. Back to School Nights and Open Houses also take place each year to provide parents with information about the Charter School's programs.

C.   MIDDLE & HIGH SCHOOL GRADING SYSTEMS

Grading Scale:

MPS will follow the standard scale below to assign letter grades for semester work. Grading is based on a 4.0 (unweighted) scale for regular courses and a 5.0 (weighted) scale for Honors, AP, and approved college courses.

Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Courses at MPS have passing grades that are outlined in the below grading scale, with a minimum passing score of 70%.

Numerical Grade	Letter Grade Equivalent	Grade-Point Eqv. Unweighted	Grade-Point Eqv. Weighted
98 – 100	A+	4.0	5.0
93 – 97	A	4.0	5.0
90 – 92	A-	3.7	4.7
87 – 89	B+	3.3	4.3
83 – 86	B	3.0	4.0
80 – 82	B-	2.7	3.7
75 – 79	C+	2.3	3.3
70 – 74	C	2.0	3.0
Below 70	*F*	*0.0*	*0.0*

Assignment Grades:

Teachers will create reasonable number of assignments for each subcategory in their grading system and assign a weight to each assignment. The weight of an assignment depends on its importance relative to the other assignments in the same subcategory. Students will receive numerical grades for each graded assignment and the student's final semester grade will be a weighted average of the assignment grades, scaled to a maximum of 100 points. SIS will automatically convert student's final numerical grade to a final letter grade according to the scale in the above table.

MPS promotes use of numerical grades for grading accuracy and our teachers typically use numerical grades when grading student assignments. In the case that a letter grade or a check grade system is used for an individual assignment, SIS will convert those grades to numerical grades according to the following conversion table.

Letter Grade	→ Converted to Numerical Grade	Special Grades	→ Converted to Numerical Grade
A+	100	Check Plus ("**+**")	100
A	97		
A-	92	Check ("**=**")	85
B+	89		
B	86	Check Minus ("**-**")	70
B-	82		
C+	79	Unsatisfactory ("***/***")	50
C	74		
F	*50*	Missing ("**M**")	0
		Excused ("**X**")	N/A
		Not Assessed ("**NA**")	N/A

Standards-Based Grading (SBG):

Standards-based grading (SBG) measures student's mastery of the essential standards for a class, or how well the student understands the material in class. MPS would like to report grades that are accurate, consistent, meaningful, and supportive of learning. While most MPS teachers currently implement points-based grading and reporting, MPS encourages teachers to explore and implement standards-based grading and reporting. We will keep you updated of our progress.

No "D" Policy:

There will not be a "D" grade option in the grading scale. The primary concern of MPS is the educational success of our students. This policy will allow for MPS to maintain a high standard throughout its program and ensure that MPS students remain competitive, especially in the area of college and scholarship applications.

[For High School Only] The "No D Policy" applies to all students in grades 9-12 effective of 2012-13 school year. Students who have earned credits at MPS with a "D" grade prior to 2012-13 school year will keep their credits and do not have to make up credits for

12

MPS Student/Parent Handbook   2019-20

any previously passed course at MPS. Also courses transferred from another accredited school will appear on student's transcript as they are and "D" will be accepted as a passing grade for all transferred courses. Therefore, the "No D Policy" does not negatively impact graduation.

Determining Final Grades:

In middle and high school, course grades are semester-based and credit is granted at the end of each semester. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. MPS grade promotion policy is based on each semester grade and not on yearly average of two semester grades.

Grading for Transfer Students Entering Mid-Semester to MPS from Another School:

When a transfer student enters mid-semester to MPS, the transfer grade from the previous school for the same class, if available, will be given the following weights to determine the final semester grade:

Week of the semester student enrolled in MPS	Credit
1-6	Full credit enrollment
7-9	Student may or may not be enrolled in new class. If enrolled, it may be either for full credit or for no-credit observation only. Decision will be made on a case by case basis. If a decision is made for full credit enrollment, the student is expected to commit to intense intervention which may include attending after-school tutoring and receiving out-of-school support.
10+	Student may or may not be enrolled in new class. If enrolled, it is for no-credit observation only. The decision will be based on the best interest of the student.

The teacher may assign make-up work to determine the grade if no transfer grade is available. Make-up work must be assigned within a reasonable time frame that allows the student to complete the work for credit.

The following guidelines apply when a transfer student wants or needs to enroll in a class that s/he was not taking at her/his previous school. The decision will be made on a case by case basis.

Week of the semester student enrolled in MPS	Weight of transfer grade	Weight of grade at MPS
1-6	0	1
7-9	1/3	2/3
10-12	1/2	1/2
13+	2/3	1/3

Honor Roll/High Honor Roll:

At the end of each semester MPS publishes the honor rolls for students.

Honors and High Honors are awarded to all students with a semester GPA of 3.00-3.49 (Honors) and 3.50+ (High Honors). Students must pass all classes to make the semester honor rolls.

Grade requirement for school team participation:

All students are required to maintain a "C" or better in all classes to play/participate on a school team.

Middle School Grade Promotion:

Core Courses: Core courses are Math, Science, English Language Arts, and History/Social Science.

Criteria: To be promoted to the next grade, a middle school student must have a 2.0 grade point average (GPA) and passing grades in all core courses by the end of the school year or by the end of the summer before the start of the next school year.

Summer School: Students who fail any core courses should attend summer school at MPS, if available, or at a public school to make up failed course courses during summer. Students who perform successfully at summer school will receive a passing grade as their final grade on their transcript for that course. Student transcripts will be updated to include summer grades and GPA will be recalculated. If a student earns passing grades during the summer for all the failed core courses and have a recalculated GPA of at least a 2.0, he or she may be promoted to the next grade.

Retention: If the student has a failed core course or has a recalculated GPA less than 2.0 after the summer before the start of the next school year, student will be recommended for retention in the current grade unless the school administration determines that retention is not the appropriate intervention for the student's academic deficiencies. In that case, promotion is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s)/guardian(s) before the end of the school year informing them that their child is at risk of retention.

13

MPS Student/Parent Handbook

2019-20

- A meeting will be set up with the parent(s)/guardian(s). The student's grade reports shall be provided to and intervention options, including summer school, will be discussed with the student's parent(s)/guardian(s). The parent(s)/guardian(s) may be informed at that meeting that their child is recommended for retention. This meeting will be documented with an academic support plan signed by the school administration and the parent(s)/guardian(s).
- By the end of the summer before the start of the next school year, the school administration will make their final decision based on student's performance in summer school and readiness for next grade. A letter shall be sent to formally inform the student's parent(s)/ guardian(s) of the school administration's decision regarding the retention.
- The parent(s)/guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra support in their specific areas of concern, both in class and through intervention offerings.

Participation in Promotion Activities/ Ceremony: In order for students to participate in any promotion activities they must fulfill all the promotion requirements and not be on suspension or recommended for expulsion at the time of the Promotion Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for promotion. This is a privilege.

High School Credit Earned in Middle School: Students who take high school courses in middle school have the option to have these courses counted toward graduation. These courses must have the same expectations, curriculum and final exams as the equivalent courses taught in high school. Students who choose to have their middle school courses counted toward graduation need to consult with the school administration since these courses need to be reflected on the student's high school transcript. Grades from such courses will not be included in high school cumulative GPA calculations.

The following middle school courses have been identified for high school credit: Mathematics (Algebra 1, Geometry, Integrated Mathematics I, and other high school level mathematics courses), Computers & Technology (approved high-school level courses), and Language Other Than English (LOTE). For middle school LOTE course(s), one year of high school credit will be given for each different language if students demonstrate proficiency by passing those courses or a LOTE proficiency test provided by the School. Again, middle school courses must be comparable in content to courses offered at the high school level. Magnolia Public Schools Home Office ("Home Office") has the final authority to decide which middle school courses will be counted toward graduation.

D. HIGH SCHOOL GRADUATION REQUIREMENTS

High School Grade Promotion:

Criteria: To be promoted to the next grade, a high school student must have a 2.0 grade point average (GPA) and the minimum required credits described below by the end of the school year or by the end of the summer before the start of the next school year.

Student transcripts will be updated to include summer grades and GPA will be recalculated. If students have the minimum required credits and at least a 2.0 recalculated GPA, they will be promoted to the next grade.

Core Courses: Core courses are Math, Science, English, and History/Social Science.

Minimum required credits:

To be enrolled in grade 10, a student must have a minimum of 50 credits, including at least 20 credits in core courses.

To be enrolled in grade 11, a student must have a minimum of 100 credits, including at least 50 credits in core courses.

To be enrolled in grade 12, a student must have a minimum of 150 credits, including at least 90 credits in core courses.

A student's grade level placement remains the same for an entire school year.

Participation in Senior Activities/ Graduation Ceremony: In order for students to participate in any senior activities they must have a total of 150 credits at the beginning of the first semester and/or 180 credits at the beginning of the second semester of their senior year. In addition, students have to fulfill all the graduation requirements, described herein, and not be on suspension, or recommended for expulsion at the time of the Graduation Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for graduation. This is a privilege.

14

MPS Student/Parent Handbook   2019-20

Graduation: MPS believes that students need to have physical and mental experience in high school, which includes academic, life skills, and applied experiences.

Students must meet the following requirements to graduate from MPS:

Credit Requirement: Currently, every student must earn a total of 210 semester credits in grades 9 through 12 in order to receive a high school diploma. *(See section "High School Credit Earned in Middle School" for middle school courses identified for high school credit.)* Each high school course at MPS is semester based and worth 5 credits, with an exception of courses such as Sustained Silent Reading (SSR) or Advisory which last one-half of a typical class period or less and are worth 2.5 credits. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. Credit is awarded on the basis of student participation, mastery of subject matter, and/or attainment of skills.

Specific Course Requirements: MPS meets and exceeds the admission requirements of all four-year universities including University of California ("UC"). MPS adopts all options approved for meeting UC's minimum "a-g" subject requirements, including approved "a-g" high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements. The following table lists courses required in order to graduate from MPS.

Diploma Types: MPS offers three different high school diploma types: *Standard (S), Advanced (A), and Honors (H).* Each diploma has minimum requirements that meet and exceed the state graduation requirements and the "a-g" subject requirements of California's four-year public universities. Students are always welcome, and often encouraged, to exceed these minimum requirements.

The "Golden State Seal Merit Diploma" & "The State Seal of Biliteracy"

As directed and described by the CDE, MPS will award eligible graduates the "Golden State Seal Merit Diploma" (GSSMD) and the "State Seal of Biliteracy" (SSB) by affixing the "Golden State Seal" and the "State Seal of Biliteracy" to their high school diplomas. GSSMD is a recognition of graduates who have demonstrated mastery of the high school curriculum in at least six subject areas, four of which are English language arts, mathematics, science, and U.S. history, with the remaining two subject areas selected by the student. SSB is recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English.

MPS Graduation Requirements				
Subject Area	**Requirements**	**Diploma Type**		
		S	**A**	**H**
(a) History / Social Science	Three years of history/social studies, including one year of U.S. history and geography; one year of world history, culture, and geography; one semester of American government and civics, and one semester of economics.	30	30	30
(b) English	Four years of approved courses	40	40	40
(c) Mathematics	Three years of college-preparatory math, including or integrating the topics covered in elementary and advanced algebra and two- and three-dimensional geometry. *(Four years recommended)*	30	40	40
(d) Science	Two years of laboratory science providing fundamental knowledge in at least two of the three disciplines of biology, chemistry and physics. *(Three years recommended)*	20	30	40
(e) Language Other Than English	Two years of the same language other than English or equivalent to the second level of high school instruction. *(Three years recommended)*	20	20	30
(f) Visual & Performing Arts	One year chosen from dance, music, theater or the visual arts.	10	10	10

MPS Student/Parent Handbook   2019-20

Math Requirement: MPS math requirements are threefold:

1) Credit requirements: MPS requires at least 30 semester credits of math for a standard diploma and 40 semester credits of math for an advanced or honors diploma. Some of these credits can be earned in middle school.

2) Year requirements: MPS requires students to be enrolled in a math course for at least two years in grades nine through twelve for a standard diploma *(state requirement)* and at least three years in grades nine through twelve for an advanced or honors diploma. For example; a student may take Mathematics-I or Algebra I in seventh grade, Mathematics II or Geometry in eighth grade, and Mathematics III or Algebra II in ninth grade. The student still needs to take one more year of math for a standard diploma and two more years of math for an advanced or honors diploma.

3) Course requirements: Students need to complete three years of math courses that include the topics covered in elementary and advanced algebra and two-and-three dimensional geometry before graduation. Integrated math courses fulfill this requirement.

Science Requirement: Two years of college-preparatory laboratory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics is required. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. Computer Science, Engineering, Applied Science courses can be used in area "d" as an additional laboratory science (i.e., third year and beyond).

Service Learning: Completing 40 hours of community service before graduation is no longer a high school requirement for a standard diploma beginning with the class of 2013. However, MPS encourages students to engage in community service to develop and demonstrate crucial life skills. This will help students gain "real life" experience and develop responsibility, caring and respect for the community. Therefore, students will be required to earn 40 hours of community service before graduation for an advanced or honors diploma. Students may begin to earn these hours once they complete their 8th grade year.

[For High School Only] **Cumulative GPA:**

A cumulative GPA is calculated for all high school level courses based on the number of credits received and their weighted grade point equivalencies. Cumulative GPAs are used to determine class rank and graduation honors, eligibility for National Honor Society, by colleges as part of the admission criteria, by many scholarship and grant providers, and occasionally, by employers. This information is reported to parents on the student's high school transcript. The high school transcript is a record of all final course grades received for high school courses.

MPS requires a minimum of 2.00 cumulative GPA for graduation, 3.25 for an advanced diploma, and 3.50 for an honors diploma.

All graduating students who are eligible to receive an Honors diploma with a cumulative GPA of 4.0 or above shall be designated as the Valedictorian. Cumulative GPA computation for Valedictorian shall be based upon student's projected grades as of the first of June prior to the date of graduation.

Note: UC/CSU systems do their own GPA calculations for a-g courses taken between the summer following 9th grade through the summer following 11th grade in calculating a student's GPA. Please see your high school college counselor for further details.

Language other than English (LOTE) Courses: MPS will allow other options to satisfy the "e"-LOTE requirement for graduation. Completion of higher-level LOTE coursework with a grade of C or higher may validate D or F grades earned in lower-level courses or when a lower-level course is skipped. Please check UC Admissions website for details of course validation. UC-transferable college courses or satisfactory scores on SAT Subject, AP or IB exams can also be used to fulfill the LOTE subject requirement.

Generally, bilingual students are considered to have met the "e" subject requirement and may choose not to enroll in LOTE courses. Students who elect not to take courses in a LOTE may satisfy the "e" requirement *(for all diploma types)* by one of the following methods:

- Formal schooling in a language other than English – Students who have completed two years of formal schooling at the sixth-grade level or higher in a school where a LOTE was used as the medium of instruction have met the LOTE requirement. A school transcript or other official document is required.

- Assessment by a recognized test or University – Earning a satisfactory score on a SAT Subject, AP or IB exam, or a proficiency test administered by a UC campus or other university can demonstrate a student's proficiency in a LOTE. Most language departments at universities will conduct an assessment and issue a statement of competency on official letterhead serving as certification.

- Certification by high school principal – In cases where the options above are not available, certification by the high school principal is acceptable. Principals should develop and maintain clear standards for providing this certification. Certification should be based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency, or other appropriate sources of expertise. The principal notes the certification of competency on the student's transcript with the language and level of proficiency.

MPS Student/Parent Handbook   2019-20

Credit Acceptance: Students transferring to MPS from another accredited school, private or public, a home school, or an alternative school, will receive credit toward graduation for courses successfully completed in the sending school.

These courses will appear on student's transcript as they are transferred and will be included in cumulative GPA calculations. Upon review and approval by the school administration, students transferring to MPS from a non-accredited school may receive credit toward graduation within the following guidelines:

Documentation must be provided to MPS by the sending school as to the course of study the student followed, materials used, course description, total number of contact hours per course, grading criteria, teacher name and qualifications, student work or projects, and scores of any standardized tests the student has taken. Grades from such courses will not be included in cumulative GPA calculations.

Normally, students may not retake courses that they have already passed and for which they have earned credit. Credit is not awarded for classes repeated to raise a grade unless the grade previously earned was a Fail (F) or Incomplete (I). However, the school administration reserves the right to final decision in case of any extenuating circumstances. Extenuating circumstances may include foreign transcripts, transcripts from non-accredited schools, college courses, ESL/ELD courses, and other approved courses on a case-by-case basis. Please consult with the school administration. If the school administration allows repeat of a course for extenuating circumstances, MPS will use the new grade when calculating the student's GPA. However, the repeated grade will not be used in calculating the "a-g" GPA for UCs if a student repeats a course used to satisfy the "a-g" requirement in which the student originally earned a grade of C or higher.

Credit Recovery: A high school student who fails a course at MPS is expected to take full responsibility for their personal credit recovery process. Following are some recovery options:

      Summer School: Students can take a summer school course at any public school to recover missing credits. MPS may offer summer school depending on student needs and availability of teachers and resources.

      Online Courses: Students who are credit deficient may enroll in accredited online courses to recover missing credits. Some examples to accredited online course providers are: APEX Learning, FuelEd, BYU, etc. College counselor's approval is necessary in order for the grade of an online course to be included in cumulative GPA calculations.

      College Dual Enrollment: Students may enroll in a post-secondary course creditable toward high school completion. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

WASC Accreditation & Transferability of Courses: All MPS schools are WASC-accredited and all A-G courses of MPS are transferable to other public schools and meet the rigorous requirements for admission to both the UC and state university systems. Every transfer student will participate in an intake meeting which includes a review of his/her transcript and tracking towards graduation. Every exiting student will also receive a transcript to provide him/her with an official record of courses completed and credits earned. In addition, the school's master schedule will be informed by student needs to ensure sufficient intervention opportunities are available for the student population. Please contact your MPS school's Dean of Academics & College Counselor for further information.

Advanced Placement (AP) Courses: MPS will offer Advanced Placement (AP) classes depending on student needs/demands and availability of teachers and resources. AP courses are college-level courses, taught with college textbooks and exams that can give students college credit in the form of advanced standing when they enter their freshman year. Students have to pass the corresponding AP test in order to get college credit.

Dual Enrollment: Dual enrollment is a program that allows eligible high school students to enroll in a college course. Dual enrollment eliminates duplication of coursework between high school and college and allows students to earn their college degree in less time, save money, and experience the college environment. Junior and senior high school students who have demonstrated academic, personal and social maturity are welcome to apply. Students should visit their high school college counselor prior to the beginning of the semester to seek permission for enrolling and complete a dual enrollment registration / parent consent form.

If a student wishes to receive high school credit for a college class, a 3.0 unit or more one-semester college class will earn two semesters worth of high school credit (10.0 credits). The following table will be used for conversion of college units to high-school credits:

College units	High school credits
1 semester college unit or 1-2 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

To determine how a college course fulfills a high school requirement see your high school college counselor. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations. *Academic college courses that meet the University of California "a-g" requirements will be given a weighted grade*

17

MPS Student/Parent Handbook   2019-20

point on the high school transcript and included in cumulative GPA calculations.

All students in grades 11 and 12 are required to be enrolled in at least five courses each semester. These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon satisfactory completion. MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.

==Please see your high school college counselor for further details and a copy of the MPS Dual and Concurrent Enrollment Policy and Form.==

Counseling programs:

MPS offers a comprehensive counseling and guidance program addressing personal/social, career, and academic needs for all grades. Students may sign up to see the counselor at any time to discuss personal or academic concerns. Social skills, career, and college planning lessons will be provided by the counselor at various times throughout the school year depending on grade level, need etc. The counseling office provides the following resources:

- Academic advising
- College planning resources
- Scholarship information
- SAT/ACT test dates and materials
- Career planning resources
- Conflict resolution
- Family resources
- Counseling resources

Students who wish to see the counselor can make an appointment. Parents are always welcome to make an appointment to see the counselor. All information discussed is confidential except when it involves your safety or the safety of someone else.

MPS adheres to the National Counseling Standards. The standards are as follows:

Academic Development

Standard A: Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.

Standard B: Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.

Standard C: Students will understand the relationship of academics to the world of work and home and community life.

Career Development

Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.

Standard B: Students will employ strategies to achieve future career success and satisfaction.

Standard C: Students will understand the relationship between personal qualities, education and training, and the world of work.

Personal/Social Development

Standard A: Students will acquire the attitudes, knowledge, and interpersonal skills to help them understand and respect self and others.

Standard B: Students will make decisions, set goals, and take necessary action to achieve goals.

Standard C: Students will understand safety and survival skills.

PSAT/NMSQT Tests &Applications:

MPS is dedicated to providing a comprehensive college preparatory program that facilitates students' ambitions to pursue higher education at the nation's top universities and colleges. As part of this process, grades 9 through 11 are required to take the PSAT/NMSQT test in Fall.

PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT Reasoning Test. ™ It also gives the students a chance to enter National Merit Scholarship Corporation (NMSC) scholarship programs.

The PSAT/NMSQT measures:

- critical reading skills;
- math problem-solving skills; and
- writing skills.

The most common reason for taking the PSAT/NMSQT is for the students to receive feedback on their strengths and weaknesses on skills necessary for college study. Students can then focus their preparation on those areas that could most benefit from additional study or practice.

Cal Grant program for College

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students to apply for financial aid, all grade 12 students are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission ("CASC") electronically by a school or Home Office official. A student, or the parent/guardian

18

MPS Student/Parent Handbook   2019-20

of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. All grade 12 students' GPA will be sent to CASC by October 1. The Cal Grant application submission deadline is October 1 of the grade 12 year.

E. ATTENDANCE

<mark>It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.</mark>

<mark>Excused Absences/Tardies for Classroom Based Attendance</mark>

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law or Board policy.

A student's absence shall be excused for the following reasons:
1. Personal illness;
2. Quarantine under the direction of a county or city health officer; communicable diseases exclusion
3. Professional appointments such as medical, dental, optometric, or chiropractic appointments:
    a. Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during non-school hours.
4. Attendance at funeral services for a member of the immediate family:
    a. Excused absence in this instance shall be limited to one (1) day if the service is conducted in California or three (3) days if the service is conducted out of state.
    b. "Immediate family" shall be defined as mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister or any relative living

in the student's immediate household.
5. Participation in religious instruction or exercises in accordance with MPS policy:
    a. The student shall be excused for this purpose on no more than four school days per month.

In addition, a student's absence shall be excused for justifiable personal reasons such as:
1. Appearance in court;
2. Attendance at a funeral;
3. Observation of a holiday or ceremony of his/her religion;
4. Attendance at religious retreats for no more than four hours during a semester;
5. Attendance at the pupil's naturalization ceremony to become a United States citizen;
6. Attendance at legal/immigration meeting, appointment or interview
7. Attendance at an employment conference;
8. Take Our Daughters and Sons to Work Day.

Other reasons will be considered that are requested in writing and approved by MPS. If the excuse is not one of the valid excuses listed above, the MPS administrators are authorized to excuse school absences due to the pupil's circumstances on a case-by-case basis.

Unexcused Absences/Tardies for Classroom Based Attendance

Students will be marked unexcused if they:

1. Do not bring a written note within two (2) school days following an absence;
2. Leave school without signing out at the school office;
3. Are absent from class without teacher permission, including walking out of class;
4. Are absent from class without parent permission, (except students who are being excused to receive confidential medical services without parental permission);
5. Get a pass to go to a certain place but do not report there; and/or
6. Are absent/tardy for reasons **not acceptable** to the administration including but not limited to:
    - Not waking up on time
    - <mark>Transportation problems (missing the bus, traffic, etc.)</mark>
    - <mark>Running errands for family</mark>
    - Work
    - Babysitting
    - Hair appointment
    - Needed at home
    - Vacations or trips
    - Athletic workout
    - Socializing/Lingering in the hallway

Method of Verification

19

MPS Student/Parent Handbook   2019-20

A parent/guardian must inform the MPS main office via phone of their child's absence/tardy the morning of the absence/tardy. When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within two (2) school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within two (2) school days of the absence/return, the absence will be marked as "unexcused."   The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative.   The employee shall subsequently record the following:
   a. Name of student;
   b. Name of parent/guardian or parent representative;
   c. Name of verifying employee;
   d. Date or dates of absence; and
   e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
   a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
   b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has had twenty (20) absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law.

Students that arrive to school late must report to the main office when he or she arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, he or

she will receive an unexcused tardy. The student will be given a "late slip" from office staff to be admitted to class.

Extracurricular Activities

When a student misses ten (10) unexcused absences/tardies in a semester, he or she may not be allowed to participate in any extracurricular activities in that semester. Special circumstances with documented explanations should be reviewed with the administration. After twenty (20) unexcused absences/tardies within the school year, the student will not be allowed to walk on stage for promotion/graduation as well as participate in any culminating activities, i.e., prom or graduation night.

Make up Work for Excused Absences

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

Independent Study Policy

Students with a legitimate need for an extended absence can enroll in independent study. Please see the main office of your MPS school for the independent study policy.

Unexcused Absences/Truancy for Classroom Based Attendance

Each person between the ages of 6 and 18 years old is subject to compulsory full-time education. (Education Code sections 48200 and 48410). Students shall be classified as "truant" if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code section 48260). Such students shall be reported to the MPS Principal or designee.

In addition, students shall be classified as a "chronic truant" if the student is absent from school without a valid excuse for 10 percent or more of the school days in one school, from the date of enrollment to the current date. (Education Code section 48263.6).

MPS Student/Parent Handbook   2019-20

The MPS Principal or designee, shall implement positive steps to reduce truancy, including working with the family in an attempt to resolve the attendance problem. A student's progress and learning may be affected by excessive unexcused absences. In addition, MPS is fiscally dependent on student attendance and is negatively impacted by excessive unexcused absences. If all attempts to resolve the student's attendance problem are unsuccessful, MPS will implement the processes described below.

PROCESS FOR UPHOLDING THE ATTENDANCE POLICY

First Day of School Process:

When students are not in attendance on the first five (5) consecutive days of school, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be voluntarily disenrolled from the MPS roster, as it will be assumed that the student has voluntarily chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll, but have not attended by the fifth day will receive a phone call reiterating the content of the letter.
4. Students who have not attended by the sixth day, and do not have an excused absence as defined above for not being in attendance will be disenrolled from the roster.
5. MPS will use the contact information provided by the parent/guardian in the registration packet.
6. The District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment.

Truancy Process:

1. Each of the first two (2) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. The student's classroom teacher may also call home.

2. Each of the third (3rd) and fourth (4th) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching three (3) unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "Truancy Letter #1" from MPS. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked.
3. Upon reaching seven (7) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "Truancy Letter #2 – Conference Request," and a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.
4. Upon reaching ten (10) unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a Student Support and Progress Team (SSPT) and the MPS Attendance Review Team (SART). In addition, the parent/guardian will receive a "Habitual Truancy Re-classification Letter #3," and will be asked/invited to attend a presentation regarding chronic absenteeism.

Student Attendance Review Team (SART)

5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
   a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
   b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or

21

MPS Student/Parent Handbook   2019-20

face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:
  i. Parent/guardian to attend school with the child for one (1) day
  ii. Student retention
  iii. After school detention program
  iv. Required school counseling
  v. Loss of field trip privileges
  vi. Loss of school store privileges
  vii. Loss of school event privileges
  viii. Required remediation plan as set by the SART
  ix. Notification to the District Attorney
c. The SART panel may discuss other school placement options.
d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.

6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS and notification of the disenrollment sent to the student's district of residence.
7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.
8. If student is absent ten (10) or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be deemed to have voluntarily disenrolled and notification of the disenrollment be sent to the student's district of residence.

Removal from Charter School

If, after the above procedures have been followed, the student continues to have unexcused absences or tardies, the parent/guardian may receive notice that the student is in in violation of the SART contract. The student will then be required to appear before the SART panel again to discuss the unexcused

absences or tardies. After such meeting, or after reasonable attempts by the SART panel to schedule the meeting if the parent/guardian is nonresponsive, the SART panel may recommend that the student be deemed to have voluntarily disenrolled from MPS. The parent will receive written notice of the SART panel's recommendation.

The SART panel shall then forward its recommendation to the MPS CEO or designee for review of the matter and final decision. If the MPS CEO or designee makes the decision to disenroll, notice will be sent to the student's district of residence within thirty (30) days. The MPS CEO or designee decision not to disenroll the student does not prevent the SART panel from making a similar recommendation in the future.

Referral to Appropriate Agencies or County District Attorney:

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

Reports

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

22

MPS Student/Parent Handbook

2019-20

II.   DISCIPLINE POLICIES

Magnolia Public Schools Student Code of Conduct:

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

Uniform and Personal Appearance:

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for "free dress days".

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to Student Uniform Policy on later pages.

A.   EXPECTED STUDENT BEHAVIOR

Students should always remember that their behavior and actions at school and at school-sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what expected from an MPS student:

Breakfast/Lunch Time:

Students must:
- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their breakfast/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- Remember that they are not allowed in the school building without a pass.
- Students must carry a pass that is given to them by a school staff member.

On Campus:

Students must:
- Stay in designated areas on-campus.
- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular

phones **only** in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Not leave campus without permission during school hours (except students in 7-12 grade who are being excused to receive confidential medical services without parental permission).
- Not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that **no electronic devices** may be visible or used on the campus grounds.
- Students are not allowed to loiter in the hallways.

Assemblies:

Students must:
- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

Field Trips:

Students must:
- Be on their best behavior.
  Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

Public areas: Hallways, Lunchroom & Restrooms:

Hallways, Lunchroom and Restrooms are areas used by all members of School. Students must:
- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.
- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.

23

MPS Student/Parent Handbook 2019-20

- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
- Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
- Have a hall pass if you are outside of the classroom during class time.
- Not visit with friends or interrupt another classroom.
- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills:

Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

Classroom:
Students must:
- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences:
Please check the teacher's syllabus for specific consequences which may include:

1. **In Class Warning**
2. **Student-Teacher Conference**
3. **Reflection / Parental Notification**
4. **Parent Conference**
5. **Office Referral & Administrative Disciplinary Procedures**

B.   SIS BEHAVIOR RECORDS

Student behavior will be recorded on SIS and students will receive the following rewards or consequences based on their behavior entries.

Note: The following tables are for sample purposes only. Each individual MPS school may include amendments into the SIS behavior points,

rewards, and consequences addressing local needs.

Positive Rewards:
• Contact parent/guardian
• Lunch speed pass
• Treat
• One day free dress (pass will be given)
• Extended lunch period
• Two-day free dress (pass will be given)
• VIP breakfast
• Entered in a raffle
• Free dress – every Friday for one   month (pass will be given)
• VIP lunch and "Race to the Top"

Negative Consequences:
• Contact parent/guardian
• Loss of privileges
• Parent/guardian conference
• Behavior plan and lunch reflection
• Shadowed by parent/guardian for a day and one hour after school reflection
• Student improvement team
• Pending Reflection Committee outcome
• Reflective hearing with Reflection Committee, parent/guardian and student

C.   MULTI-TIERED SYSTEM OF RESPONSE TO BEHAVIOR

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted

24

MPS Student/Parent Handbook

2019-20

that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

29

MPS Student/Parent Handbook   2019-20

Infractions Explained:

(See also the Enumerated Offenses and applicable procedures listed in Section D: Suspension and Expulsion Procedures, below)

Assaulting, Fighting and/or Arranging Fights

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

Bringing / Using Electronic Devices

CD players, IPOD, MP3 players, phones, PDA, PSP, laptops, smart watches, electronic games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school, it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

Scholastic Dishonesty

Scholastic dishonesty includes (but is not limited to) plagiarism, cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. As a consequence, student will receive a failing grade on the assignment/test, and all other possible corrective strategies listed under the RTI table above will apply as well.

Texting/Sexting

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

Disrupting Learning

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

Horseplay

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps.

Violating Uniform Policy

A student's dress and appearance shall conform to the specific uniform and appearance limitations described in this handbook**.**

Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

False Fire Alarms

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

Forgery of Signatures

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

Vulgarity, Profanity and Obscenity

Any gesture or material of this nature is not permitted at school or school functions.

Bullying & Cyber Bullying

Bullying is not permitted at MPS. In addition, MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or

30

MPS Student/Parent Handbook   2019-20

group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications.

Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. <u>This includes the use of social media for wrongful purposes.</u>

Each MPS student agrees to:

• Value student differences and treat others with respect.

• Not become involved in bullying incidents or be a bully.

Harassment of Students, Teachers, Administrators, or Staff

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. See also the MPS Policy Against Unlawful Harassment.

Harassment can be verbal, physical and visual. (Education Code, § 212.5)

Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

Behaving Disrespectfully towards Teachers or Staff

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

Student Hazing

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences.

Smoking or Use of Other Tobacco Products

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, e-cigarettes, vaporizers, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

Stealing and/or Vandalizing School/Private Property & Graffiti

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

No Permanent markers or aerosol cans are allowed at school.

Displaying Threatening Behavior

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

Bringing Weapon in School

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

If you are aware of a weapon /drugs/alcohol on campus and do not inform school staff, you will be subject to disciplinary actions and serve consequences.

Possession or Use of Fireworks

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

Gang and Secret Society Symbols

31

MPS Student/Parent Handbook

2019-20

Disruption and/or intimidation caused by the wearing of any type of clothing, accessories, hair style, or by writing of any signs identified as or associated with gangs. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented. Students may not promise to become or be members of a gang, secret society, illegal club, sorority or fraternity.

Arson
Intentionally starting any fire or combustion on school property

Public Display of Affection
Public displays of affection are not allowed.

Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules
Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to discipline.

Students with an IEP:

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures, below, for more information.

D. SUSPENSION AND EXPULSION PROCEDURES

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

POSITIVE BEHAVIORAL INTERVENTIONS & SUPPORTS (PBIS)

Positive Consequences

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies

MPS Student/Parent Handbook   2019-20

- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection:

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

In School Suspension (ISS):

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

GROUNDS FOR SUSPENSION

Jurisdiction

A student may be suspended for prohibited misconduct if the act is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

> a) while on school grounds;
>
> b) while going to or coming from school;
>
> c) during the lunch period, whether on or off the school campus; or
>
> d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.

2. Willfully used force of violence upon the person of another, except self-defense resulting in minor injury.

3. Unlawfully possessed, used, sold or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

4. Unlawfully under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

6. Committed or attempted to commit robbery or extortion.

7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.

8. Stole or attempted to steal school property or private property.

9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature

33

cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.

10. Committed an obscene act or engaged in habitual profanity or vulgarity.

11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

12. Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

13. Knowingly received stolen school property or private property.

14. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

15. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.

16. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

17. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

18. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

19. Made terrorist threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

20. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

21. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

22. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12 inclusive.

23. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

       i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii.   Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.

iii.   Causing a reasonable student to experience interference with his or her academic performance.

iv.   Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i.   A message, text, sound, video, or image.

ii.   A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii.   An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

24. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

25. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Mandatory Suspension Offenses

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined below. E.C. 48915(c)(1)

35

MPS Student/Parent Handbook   2019-20

2. Brandishing a knife at another person. E.C. 48915(c)(2)

3. Unlawfully selling a controlled substance. E.C. 48915(c)(3)

4. Committing or attempting to commit a sexual assault or committing a sexual battery, as defined in the enumerated offenses, above. E.C. 48915(c)(4)

5. Possession of an explosive, as defined below. E.C. 48915(c)(5)

SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request

that the parent/guardian respond to such requests without delay.

Suspension Time Limits

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension

- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024.

Recommendation for Placement/Expulsion

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the

36

MPS Student/Parent Handbook   2019-20

Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

Access to Education

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

GROUNDS FOR EXPULSION

Jurisdiction

A student may be expelled for prohibited misconduct if the offense is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

> a) while on school grounds;
>
> b) while going to or coming from school;
>
> c) during the lunch period, whether on or off the school campus; or
>
> d) during, going to, or coming from a school-sponsored activity.

The length of an expulsion is addressed above, under "Rehabilitation Plans."

Expulsion (Discretionary Offenses)

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in serious bodily harm.

2. Willfully used force of violence upon the person of another, except self-defense resulting in serious bodily injury.

3. Unlawfully possessed, used, sold or otherwise furnished significant amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

4. Unlawfully under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

6. Committed or attempted to commit robbery or extortion in excess of $1,000.

7. Caused or attempted to cause damage to school property or private property in excess of $1,000.

8. Stole or attempted to steal school property or private property in excess of $1,000.

9. Habitually disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

10. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

11. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.

12. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

13. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

14. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

15. Made terrorist threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even

37

if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

16. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

17. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

18. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12 inclusive.

19. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

       i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

       ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.

       iii. Causing a reasonable student to experience interference with his or her academic performance.

       iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

       i. A message, text, sound, video, or image.

       ii. A post on a social network Internet Web site including, but not limited to:

          (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

          (b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

          (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

       iii. An act of cyber sexual bullying.

          (a) For purposes of this clause, "cyber sexual bullying" means

38

2019-20

the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

20. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

21. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Expulsion (Mandatory Offenses)

1. Possessing, selling, or furnishing a firearm, as defined below. E.C. 48915(c)(1)

2. Brandishing a knife at another person. E.C. 48915(c)(2)

3. Unlawfully selling a controlled substance. E.C. 48915(c)(3)

4. Committing or attempting to commit a sexual assault or committing a sexual battery, as defined in the enumerated offenses, above. E.C. 48915(c)(4)

5. Possession of an explosive, as defined below. E.C. 48915(c)(5)

EXPULSION PROCEDURES

Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the school in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;

2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;

3. A copy of MPS' disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

6. The right to inspect and obtain copies of all documents to be used at the hearing;

7. The opportunity to confront and question all witnesses who testify at the hearing;

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm.   Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential.   Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial

40

risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Expulsion Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student

2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS

3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the

MPS Student/Parent Handbook   2019-20

appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

Interim Placement

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

ADDITIONAL PROVISIONS

Bullying

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 *et seq*. MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alterative educational setting.

3. Procedural Safeguards/ Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:
   a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
   b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:
   a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
   b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
   c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of

42

MPS Student/Parent Handbook   2019-20

placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:
   a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
   b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
   c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:
   a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
   b. The parent has requested an evaluation of the child.
   c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Required Notification

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

GENERAL POLICIES

A.   SCHOOL ACTIVITIES

MPS will offer a range of activities that will enrich student development during and after school. Because the safety of students is very important to us, specific rules will apply to these activities.

Athletic Activities:

The Charter School complies with Education Code Section 49475 regarding student athletes who sustain concussions. A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head.   Even though most concussions are mild, all concussions are potentially serious and may result in complications, including prolonged brain damage and death if not recognized and managed properly.   MPS offers an athletic program, and so we must immediately remove from the school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity.   The athlete may not return to that activity until h e or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

Additionally, on a yearly basis, MPS must provide a concussion and head injury information sheet to athletes, which must be signed and returned by the athlete and the athlete's parent/guardian before the athlete initiates practice or competition.   This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.   MPS shall distribute this information sheet to athletes prior to the start of the athletic season. Copies are also available in the main office of each MPS school.

Additionally, those wishing to participate in athletics at MPS, must review the information sheet on sudden cardiac arrest and return the signed information sheet to the main office of each MPS school. The information sheet is located at: https://www.cde.ca.gov/pd/ca/pe/documents/pescafor m.pdf.

Field Trips:

Field Trips offer exciting ways to learn. MPS students may have the opportunity to go on field trips at various times throughout the school year.

MPS plans many field trips, weekend getaways, summer camp, and the Europe Trip during spring break.

Students must bring to school a Field Trip Permission Slip signed by a parent or guardian by the specified date. Phone calls will not be accepted as permission for students to attend.

Academic Tutoring Program:

- Tutoring will be available as part of the MPS after-school program.
- Students can receive tutoring from faculty and volunteers from local universities.
- The program will benefit all students.
- The sessions will generally occur after school; some may be scheduled on the weekends.
- Upon availability, Saturday tutoring is available to all students who wish to improve their academic skills. We offer math and SAT/ACT prep. All students are welcome to join at specified times.

After School Activities:

MPS offers a variety of after school tutoring, clubs, sports, and activities for all students free of charge. There is no better way for students to enrich their education than by taking part in clubs, after-school activities or working with a teacher (Tutoring). These opportunities allow students to explore more deeply things they already enjoy and to try other areas that sound interesting. Students who stay for an after-school activity must follow these rules:

- Be with a teacher or other staff member at all times.
- Arrange to have their transportation pick them up at the end of the activity.
- Abide by the MPS code of student conduct and all school rules and policies as outlined in the handbook while participating in the activity.

Students who are disruptive, disrespectful, or who do not follow the rules will be prohibited from participating in the after-school program.

Students not participating in after school activities may not stay after school to wait for another student.

A full list and description of after school clubs and activities will be posted after school starts. We strongly encourage our students to explore and take advantage of these after school opportunities.

MPS is not responsible for students on campus who are not participating in after school activities or who remain on campus after the completion of the after-school activity. Those students must leave the campus within ten minutes of school or after dismissal time. Following is the MPS policy regarding students left on campus after school hours. Contact the office of each MPS school for more information.

POLICY REGARDING STUDENTS LEFT ON CAMPUS AFTER SCHOOL HOURS

MPS is committed to providing a safe campus for all students. When students are left on school property

44

MPS Student/Parent Handbook   2019-20

after the close of business hours, MPS will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event students are left on campus after school hours, MPS staff will:

1. Notify the principal or designee immediately.

2. Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the beginning of the year. This may include contacting any emergency contact(s) listed for the student.

3. If a staff person becomes aware a child is on campus more than ten minutes after dismissal of the regular school day or after school activity, the staff person or another employee will remain on site until an adult, including but not limited to an emergency contact, police officer, or social worker, retrieves the student.

4. Notify the principal or designee after the ten (10) minutes after dismissal has passed if there is a possibility that law enforcement may be called to assist the student.

5. As a last resort, contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.

6. In cases of repeated incidents where parents/guardians have been late in picking up their child, notify the parents/guardians in writing of parental responsibilities and consequences for their child. A consequence may include: refusal to allow the student to attend after school programs if the parent is repeatedly late in retrieving the child.

Students should not be dropped off more than thirty (30) minutes early for School. The School will open its doors at 7:30 a.m. and at this time students will be supervised by School staff. All students that arrive before 7:30 a.m. will be unsupervised and the School will not be responsible for the safety and well-being of these students. (Each individual MPS school may include site-specific amendments into the drop-off, pick-up, and supervision times addressing local issues.)

B. ILLNESS, INJURY, AND MEDICATION POLICIES

MPS does not have a nurse on staff. Consistent with doctor's orders, properly trained office staff can assist students with basic first aid treatment; however, office staff is not registered nurse. Students sent to the office or visiting the office claiming that they are ill will be quickly evaluated by the office staff. If a student needs treatment beyond basic first aid, Parent/Guardian will be contacted to pick him/her up.

Illness or Injury during the school day:

If a student becomes ill or injured during the school day, s/he must report to the Main Office. Do not leave the building without permission. Any absence or departure from class that is not first cleared through the office will be considered unexcused.

Illness at Home:

If a student is not physically well prior to the beginning of the school day, the office should be informed and the student should be kept at home.

Medications:

- Medication shall be administered during school hours only if determined by a physician to be necessary and with parental permission.
- All medications must be in the original container.
- The container must be clearly marked with the student's first and last name.
- A "Request for Medication to be Taken During School Hours" must accompany all medication, containing instructions for administration, including exact times and dosages. The "Request for Medication to be Taken During School Hours" will be filed in the student's folder. This form can be obtained from the Main Office. This form shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for the administration changes.
- All medications are to be delivered to the Main Office in their original containers, with the name of the student, medication, dosage, and frequency of administration clearly marked. Extra medication should be picked up by the parent/guardian at the completion of the medication regimen or end of the school year, whichever is earlier. The school is not liable for any medication not picked up after the end of the school year.
- MPS staff shall keep records of medication administered at MPS.
- Medication will be kept in a secure and appropriate storage location at each MPS school and administered per physician's instructions by appropriately designated staff.
- Administration will consult with the parent/guardian and student's medical professionals to establish a written plan for Students with chronic health issues or conditions that require specific medication regimens or health plans, such as diabetes, asthma, etc.
- Any pupil requiring insulin shots must establish a plan for administration of insulin shots with the Principal in consultation with the parent or guardian and the pupil's medical professional.

Epinephrine Auto-Injectors:

Trained MPS personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. MPS will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or

45

MPS Student/Parent Handbook   2019-20

junior) to meet the needs of its pupils. MPS will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

MPS will ensure any school personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. MPS will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

Contagious Diseases:

If, during the course of the year, a child develops any contagious disease or condition, please notify the school immediately so that precautions can be taken and appropriate notifications sent home.

The School reserves the right to notify the municipal bodies and Department of Health if necessary under federal and state laws.

Diabetes Information Sheet:
MPS will provide an information sheet regarding Type 2 Diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of Type 2 Diabetes.
2. A description of the risk factors and warning signs associated with Type 2 Diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with Type 2 Diabetes should be screened for Type 2 Diabetes.
4. A description of treatments and prevention of methods of Type 2 Diabetes.
5. A description of the different types of diabetes screening tests available.

Oral Health Assessment:
Students enrolled in kindergarten in a public school or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school are required to have an oral health assessment completed by a dental professional. Please contact the office if you have questions about this requirement. MPS provides the appropriate forms to incoming students to be completed by the oral health professional to satisfy this requirement. Please see the main office at your MPS school if you need another copy of this form.

Suicide Prevention:

MPS is committed to the safety and wellbeing of all students. Please see a copy of the MPS suicide prevention policy on the MPS website. It is also available at the Main Office.

C. PARENTAL INVOLVEMENT AND SUPPORT

Since your child's education is a continuing process, parent cooperation, support, and assistance are needed if we are to be successful. Together, we can make a positive difference in your children's lives. The following are ways that we can work to fulfill our common goals:

Parents/Guardians are asked to:
* Be a good listener to both your child and the school staff when conflicts arise.
* Be a positive role model for your child.
* Contact the school as necessary.
* Participate as fully as possible in volunteer opportunities, student presentations, parenting programs, special projects, and assembly events.
* Be familiar with MPS student handbook and explain it as necessary.

D. PARENT/TEACHER COMMUNICATION
* Parents are encouraged and are always welcomed to discuss the progress or problems of their children with the school faculty when an appointment is made prior.
* Parents may not disturb a teacher during school hours.
* An appointment is required for all conferences.
* To make an appointment with a teacher, call the main office or email them directly.
* Please do not attempt to have an impromptu conference with a teacher on campus as appointments are mandatory.
* If your question relates to the classroom, please ask the appropriate teacher.
* Any question involving a student's work or behavior must be discussed with the teacher before it is discussed with the administration.
* Parents are expected to make every reasonable effort to cooperate with the teachers and school staff to help their child have a successful educational experience.
* Parents who wish to observe their child's classes need to make arrangements with the teacher whom they like to visit and get approval from administration at least a day prior to their visit.
* Parent/teacher/student conferences are strongly encouraged when an appointment is made prior.

E. HOME VISITS
* Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students. MPS teachers visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family

46

MPS Student/Parent Handbook   2019-20

visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- For most students home and school are two different domains. Especially for minority students even the people, languages, foods, rules, duties, and concerns are different in these two worlds. They do not intersect considerably. Parents and the teachers are critical partners in educating the "whole child." However, parent conferences and other school-hosted meetings do not provide sufficient means for the parties to communicate enough and effectively and to show the student that they are on the same team. Home visits are the teachers' attempt to break the virtual border between the partners, which is most of the time successful.

F.   CONTACTING YOUR CHILD DURING SCHOOL HOURS

- Parents/Guardians should only contact the main office if they must leave a message for their child in case of an emergency. Students will not be disrupted during school hours for non-emergency reasons. In case of an emergency, the message will be given to the student by office personnel.
- Parents/Guardians should not contact their child's cellular phone during school hours; students are required to turn off all electronic devices, including cellular phones, and put them away and out of sight.

G.   VOLUNTEER, VISITATION, SHADOWING, AND REMOVAL POLICY

MPS encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

To ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

Volunteering Categories and Application Process

A.   Certified Volunteers ("C-Volunteers")
   a.   Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include but are not limited to: classroom volunteers, tutors, field-trip volunteers, etc.

   b.   Application Process: C-Volunteers must provide MPS with the following documents:
   - Volunteer Application Form (signed)
   - Volunteer Commitment Form (signed)
   - Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
   - Tuberculosis risk assessment or examination
   - Valid photo I.D. (driver's license, passport, military ID, US or other government identification)

B.   Single Event Volunteers ("SE-Volunteers")
   a.   Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or contact with students. Examples may include but are not limited to: guest story reader, guest speaker, senior exhibition panel member, etc.
   b.   Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

Volunteering Guidelines

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1.   Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.

2.   For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan's Law online database at http://www.meganslaw.ca.gov to ensure that prospective volunteers are not registered sex offenders.

47

MPS Student/Parent Handbook

2019-20

3. Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

4. Information gained, overheard, or inadvertently acquired by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal.

5. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.

6. Volunteer hours are applied to the non-mandatory 10 hours of volunteering requested pursuant to the Charter Petition/Student-Parent Handbook. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from the Charter School or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.

7. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

Visitation Guidelines

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher and the MPS Principal or designee.

2. All visitors shall register in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys), the officer will also be asked to produce any documentation that authorizes school access. MPS shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by MPS. The MPS Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor's pass/sticker as a visible means of identification for visitors while on school premises.

3. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.

4. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless

48

MPS Student/Parent Handbook   2019-20

permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher's and MPS Principal's advance written permission.

5. Before leaving campus, the visitor shall sign out of the Visitors Log Book in the main office.

6. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.

7. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS' orderly operation. If consent is withdrawn by someone other than the MPS Principal, the MPS Principal may reinstate consent for the visitor if the MPS Principal believes that the person's presence will not constitute a disruption or substantial and material threat to MPS' orderly operation. Consent can be withdrawn for up to fourteen (14) days.

8. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.

9. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and

place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.

10. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.

11. The MPS Principal or designee shall seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

Shadowing Guidelines

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor's pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child's teachers.
- To preserve the academic environment, please do not take part in the lesson unless invited to do so by the teacher. Do not visit with your child or other students during class time. At no time may visiting parents address other students directly. Visitors are not allowed to record audio or video, or take photos. Should you have any concerns, report them to the MPS administrators.
- Meet with MPS administration to debrief your visit.

49

MPS Student/Parent Handbook   2019-20

MPS administration has the right to withdraw consent for a visitor to be on campus, as described above. All persons making the visit shall be deemed to have waived claims against the school for injury, accident, illness, or death occurring during or by reason of visit.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to $500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.

2. Under California Education Code section 44811, disruption by a parent, guardian or other person at a school or school sponsored activity is punishable, upon the first conviction by a fine or no less than $500.00 (five hundred dollars) and no more than $1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both the fine and imprisonment.

3. Disruptive conduct may lead to MPS' pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

H.   SCHOOL INFORMATION SYSTEM

Parents, as well as students, will have access to their child's grades in each class, missing/incomplete/ upcoming assignments, upcoming tests/projects, discipline, communication log, and teacher contact information.   Each parent will be provided with a username and password to have access throughout the school year, 24 hours a day.

All discipline entries will remain on SIS for the entire year.

I.   PHONE USE

In case of emergency, students may go to the office with a hall pass from a teacher.
Please note: The office phone is for emergency calls only.

J.   NEWSLETTER

- Communications regarding school activities from faculty to parents/guardians and students will be sent home periodically.
- Copies of the newsletter are available at the school office.

K.   ELECTRONIC DEVICES

MPS policy regarding possession of cellular phones, any personal electronic devices, IPods, MP3 players, cameras, video cameras, laptops, and recording devices is as follows:

- From the moment a student arrives on campus to the time that the student leaves the campus, the power of the electronic device must be turned off and all devices are to be out of sight, secure with the student's belongings in a backpack or purse. The duration of the non-permitted use includes before school on school grounds, instructional time, passing periods, lunch time, and tutoring. At no time, shall the educational program or school activity be interrupted.

- The school is not liable if such devices are damaged, lost or stolen. The use of these devices or their ringing/vibrating during school time will be considered a disruption of school activities and subject to disciplinary action which will include confiscation and discipline entry.

- All confiscated devices will be returned to the parent/guardian accompanied by the student at the end of the school day.

L.   LOST AND FOUND

There will be a lost and found box in the school. If you find books, clothing, or personal items on school grounds, please bring the items to the main office. Items not picked up will be donated monthly.

M.   PE LOCKERS

- When available, lockers are provided for physical education class during that period only.
- Lockers are not assigned to students.
- The lockers are school property; anything placed in them or brought to campus is subject to inspection at the discretion of the administration.
- Students are responsible for all items in their locker.
- Students may be provided with a lock or allowed to bring a lock for their gym lockers and use it for the period with the condition of removing them daily. Please check with the school administration for specifics.

MPS does not accept any responsibility for stolen or lost money, clothing, valuables or other articles.

N.   TEXTBOOKS

Textbooks and workbooks are issued at teacher's discretion. Students may be assigned a set of textbooks in addition to a classroom set. Students are responsible for the care of all textbooks and workbooks. Books are to be returned to the school in

50

MPS Student/Parent Handbook   2019-20

good condition at the end of the school year or at the time a student transfers out to another school.

Students will be required to report any damages to the textbooks to their classroom teachers. Parents/Guardians will be held responsible for the loss or willful cutting, defacing, or otherwise damaging of MPS textbooks, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation.

O. MEAL PROGRAM

- MPS participates in the National School Lunch Program. Applications for free or reduced price meals are included in the enrollment packets to all families and can also be obtained on the MPS website and in the main office of each MPS school. All families are encouraged to complete the application form in order to include as many eligible students as possible.
- Students are responsible for adding funds to their meal account if they pay reduced or full price.

P. EARTHQUAKE AND MAJOR DISASTER PROCEDURES

- Parents may contribute to supply ten dollars ($10) to cover the cost of a survival kit to be kept at school and used in case of emergency.
- In the event of a fire, major earthquake or major disaster, students are to be evacuated to the assigned area by MPS.
- If the local public schools announce that the students will be dismissed, MPS will do the same.
- Parents are to remain in assigned area and sign out their child with the appropriate staff member because MPS has to account for all students.
- MPS Emergency Dismissal/Evacuation Card information must be updated with any change in information by parents/guardians as soon as it occurs.

Q. STUDENT TRANSFER

- Any student transferring out of Magnolia Public Schools must complete the "Student Transfer Form" which can be obtained from the main office. The form must be completed prior to a student transferring. It is the parent/guardian's responsibility to complete the form. The school is not responsible for having it completed.
- It is the student's parent(s)/guardian(s) responsibility to contact the school that student will be transferring to. It is the parent's responsibility to make all necessary arrangements for a successful transfer.
- If a student will be transferring to another school for the following school year, the parent is still responsible to inform the main office before the last day of school, or last day of attendance.

- All textbooks must be turned in before the last day of attendance in order to complete a successful transfer. Parents/Guardians are responsible to pay for the loss, or willful cutting, defacing, or otherwise damaging of MPS textbooks, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation.
- The application of these obligations are enforced notwithstanding any contrary provisions of law applicable to homeless students or foster youth,

R. HOMELESS STUDENTS

It is the policy of MPS that homeless students are provided with a full and equal opportunity to succeed and receive an education. "The term "homeless children and youth" means individuals who lack a fixed, regular and adequate nighttime residence due to economic hardship. It includes children and youths who (42 USC 11434(a)):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals;
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Homeless Liaison.

School Liaison: The Principal of each MPS school site shall serve as the Homeless Liaison for homeless students ((42 USC 11432(g)(1)(J) & (e)(3)(C).):

> Principal
> Contact address and phone number of your MPS school on Page 3

The Homeless Liaison shall ensure that (42 U.S.C. 11432(g)):

1. Homeless students are identified by school personnel and through coordination activities with other entities and agencies.
2. Homeless students enroll in, and have a full and equal opportunity to succeed at MPS.
3. Homeless students and families receive educational services for which they are eligible, including services through Head Start programs

51

MPS Student/Parent Handbook   2019-20

(including Early Head Start programs) under the Head Start Act, early intervention services under part C of the Individuals with Disabilities Education Act, any other preschool programs administered by MPS, if any, and referrals to health care services, dental services, mental health services and substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.

5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.

6. Enrollment/admissions disputes are mediated in accordance with law, the MPS charter, and Board policy.

7. Parents/guardians are fully informed of all transportation services, as applicable.

8. School personnel providing services receive professional development and other support;

9. The School Homeless Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.

10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid described in section 483 of the Act.

The complete copy of the MPS policy is available at the main office.

S. DRESS CODE

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, communicate with the school administration to obtain written permission.

Free Dress & Theme Dress Days Code:

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be form fitting, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school, no inappropriate image(s) or language may be displayed. The administration has discretion in determining appropriateness of images or language on clothing.
- Mini-skirts, skirts, and short shorts are not allowed. Jeans may be worn during free dress days but cannot be tight fitting or baggy.
- Midriffs, backless or side less shirts or dresses, halter tops, or tank tops with less than a 1 inch strap are NOT allowed.
- Hats, gloves, bandanas, or sunglasses are not permitted to be worn in school, except for religious head coverings.
- Neatness and good grooming is required.

MPS Student/Parent Handbook   2019-20

USE OF SECURITY CAMERAS AT MAGNOLIA PUBLIC SCHOOLS

The Board of Directors ("Board") of Magnolia Public Schools ("MPS" or the "School") recognizes the value in protecting the health, safety, and welfare of students and staff, and in protecting the community's investment in School owned or leased property and facilities. Upon carefully weighing the privacy rights of students and staff against MPS' duty to provide a safe, secure, and orderly learning and work environment, the Board has resolved to authorize the limited use of security cameras at MPS schools, in school buildings, and upon school grounds pursuant to the following restrictions:

Security Monitoring System

1. "Security Monitoring System" refers to the School's network of security cameras, equipment, and recorded footage.

2. Security cameras may be installed in any public area within a School building and/or upon School grounds where people have no reasonable expectation of privacy including, but not limited to, in classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.

3. Security cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as in restrooms, locker rooms, or private offices.

4. The precise location of security cameras shall be determined by MPS or by the School-site principal with the approval of the Chief Executive Officer ("CEO"). Input from staff members may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security monitoring system at the school site shall be shared with the Board prior to the installation of the security monitoring system.

5. Under no circumstances shall MPS' security cameras record, or be equipped to record, audio data. Further, MPS' security cameras are not intended, and shall not be used, for viewing of live footage. Instead, security camera footage shall be recorded to a digital file. Authorized personnel may view security camera footage by accessing the pre-recorded footage saved to a digital file.

6. Security camera footage may be used as evidence in a staff or student disciplinary matter and/or to provide evidence of any unlawful activity in and around School grounds.

7. Absent a reported incident, security camera footage will be erased after thirty (30) days.

8. Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.

9. Any violation of this policy may result in student discipline in accordance with the Parent Student Handbook, or employee discipline, up to and including termination, in accordance with the Employee Handbook.

10. MPS shall notify stakeholders of the use of security cameras on campus in accordance with the law and the requirements outlined in this policy.

Treatment of Recordings

Authorized Personnel

Only authorized MPS employees may access or operate the security camera system. The footage will only be reviewed by authorized employees if a safety or security incident or suspected incident or situation arises and a review of the footage is appropriate. Absent a qualifying safety or security related incident or suspected incident, the security camera footage shall not be reviewed, unless express permission to review the footage is given by the CEO or the Board President. In cases of a malfunction to the security monitoring system, the footage may be accessed to determine functionality.

Security camera footage may only be viewed in the presence of two (2) authorized persons, which shall include the Principal of the School-site and a second person authorized by the CEO. Alternately, the two (2) authorized persons may be configured as the Board President and a second person authorized by the Board President. Both authorized persons must be physically present with two (2) different unique access keys to access the footage.

Any other parties wishing to view the security camera footage shall first obtain the written consent of the CEO, and must meet the requirements of this policy, unless otherwise required by the law, or a court of competent jurisdiction.

Data Storage

Security camera footage shall be stored in a secure location and shall only be accessed by authorized personnel. Security camera footage shall be password protected/encrypted under the direction and support of the MPS IT Director. Additionally, such footage will be stored on a local wired server which will not be connected to an outside server.

Footage of incidents captured by security cameras located on school property may constitute a part of a student's educational record, subject to relevant Board policies and administrative regulations, including applicable record retention policies. Upon the report of an incident or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings, and these requests must be made in writing and approved by the CEO prior to the footage being viewed by such parties. In most instances, the persons with a legitimate purpose will be the CEO, School-site principal, authorized administrative staff, and

55

authorized MPS area education agency staff members.

Record Keeping

The Principal shall keep a written log of all persons who review the security camera footage at their School-site, including the date and time stamps of the footage under review, the name of the individuals viewing the footage, the date and time the footage was viewed, and the purpose for which the footage was viewed. If the content of the recording becomes the subject of a student or employee disciplinary proceeding, it may be treated like other evidence in that proceeding.

Security camera footage will be stored for thirty (30) days, unless the Principal, CEO, Board President, or other state or federal agency requests that specific footage be preserved for a longer period, in which case the applicable footage will be saved and protected with the same degree of security that other security camera footage is protected. No unauthorized copies of footage or duplicates may be made.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's Family Educational Rights and Privacy Act ("FERPA") Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

In the event footage is used in an employee disciplinary matter, the employee may be given access to the relevant footage at or before the time of discipline. This does not create a right of employees to access or review any other security camera footage.

Under no circumstances will the MPS' security camera footage be duplicated and removed from MPS property except in accordance with this policy, a court order, and/or a valid subpoena.

Notification

MPS shall post security camera signage at all campus and facility entrances disclosing the use of security camera equipment on the premises. Additionally, MPS Home Office shall provide the following annual written notice to students and parents at the affected school-sites:

> *Dear Students and Parents:*
>
> *This letter from Magnolia Public Schools ("MPS") is to inform you of the decision by the MPS Board of Directors to authorize the use of security cameras in public areas of your campus, including in and around School*

buildings and on School property, including inside School classrooms. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for all students and staff. Private areas of campus, such as restrooms and locker rooms, will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

This notice hereby notifies students and parents that the video recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters, to the extent permitted by law and as determined necessary by the MPS administration. Further, this notice hereby notifies Students and parents that the content of video recordings may be used in a student's disciplinary proceeding and may be referred to local law enforcement, as appropriate. The content of the video recordings may be a confidential student record and, if so, will be retained with other student records and will be subject to the Family Educational Rights and Privacy Act ("FERPA") requirements.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's FERPA Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

Security cameras will not be used to record audio, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed as discussed above.

Tampering

Students and employees are prohibited from tampering with the MPS' security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage to the system caused by the student or employee. Students found in violation of this policy will be disciplined in accordance with MPS policies. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

MPS Student/Parent Handbook   2019-20

STUDENT TECHNOLOGY USE POLICY AND AGREEMENT

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Magnolia Public Schools ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the school be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Educational Purpose

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of education. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

"Educational purpose" means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

"Inappropriate use" means a use that is inconsistent with an educational purpose or that is in clear violation of this policy and the Acceptable Use Agreement.

Notice and Use

The Charter School shall notify students and parents/guardians about authorized uses of school computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence.

To reinforce these measures, the Principal or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services on campus and may have teacher aides, student aides, and volunteers assist in this supervision.

The Principal or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Principal or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. Students are expected to follow safe practices when using Charter School technology.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Principal or designee shall block access to such sites on Charter School computers with Internet access. The Principal or designee shall

57

MPS Student/Parent Handbook   2019-20

oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of school computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

ACCEPTABLE USE AGREEMENT

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of school computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
   a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
   b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.

2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.

3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. The

student and parent agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate school policy or local law. These include but are not limited to:
   a. Playing games or online gaming.
   b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
   c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
   d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
   e. Conducting any activity that is in violation of school policy, the student code of conduct or local, state or federal law.
   f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.
   g. Participating in political activities.
   h. Conducting for-profit business.
   i. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
   j. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
   k. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
   l. Accessing or attempting to access material or systems on the network that the student is not authorized to access.

5. **No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff

58

to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.

8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the MPS student discipline policy and applicable laws.

9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

   MPS promotes the use of networked computer technology in its instructional program in order to facilitate learning and teaching. Towards this end, students may be provided with a "device" (computer, laptop / iPad / Chromebook, etc.) for educational activities at school and home. MPS will make every effort to ensure that the MPS technology services are used responsibly by students. Students are expected to act in a responsible, ethical and legal manner in accordance with this Agreement, accepted rules of network etiquette, and Federal and State law. Following are some safekeeping instructions for MPS-provided devices. As applicable, students shall:
   - Bring their MPS device to school every day, fully charged;
   - Never leave the MPS device unattended;
   - Never loan the MPS device to other individuals;
   - Know where the MPS device is at all times;

- Store the MPS device in the bag/case if provided by MPS; otherwise students are encouraged to purchase protective covers/cases for their devices;
- Store and use the device in a safe location and environment to avoid loss or damage to the device;
- Not remove the Asset Tag or other school property identifiers;
- Charge the MPS device's battery daily;
- Keep food and beverages away from the MPS device;
- Only use a soft cloth or approved screen cleaning solution to clean the screen of the device;
- Not disassemble any part of the MPS device or attempt any repairs;
- Not place decorations (such as stickers, markers, etc.) on the MPS device;
- Understand that the MPS device is subject to inspection at any time without notice and remains the property of MPS;
- Notify MPS by the next school day in the event of loss or damage to the device;
- File a police report in case of theft, vandalism, and other acts covered by MPS' insurance;
- Return the device to MPS when requested by the Technology Department for maintenance and upgrades;
- Return the MPS device and accessories upon demand, upon termination of enrollment and/or at the expiration of the school year in good working condition;
- Be aware that they may be held accountable for damage to a laptop resulting from "user abuse." Examples of "user abuse" include, but are not limited to, the following: leaving cables plugged in when storing the device in the carrying case which can cause broken connectors or ports; using the carrying case/sleeve for carrying textbooks, etc.; eating or drinking while using the device, resulting in damage to the device; storing the device for prolonged periods while in "stand by" or "sleep" mode (overheating can occur).

WAIVER OF PRIVACY RIGHTS

Users of the MPS technology services expressly waive any right of privacy in anything they create, store, send, or receive on the MPS device or through the Internet or any other computer network. Users consent to allowing MPS to access and review all materials users create, store, send, or receive on the device or through the Internet or any other computer network. Users understand that MPS monitors the use of its computer resources.

SIGNATURES

After reading the Student Technology Use Policy and this Acceptable Use Agreement, please note that your signature on the MPS Acknowledgement of Student Handbook page at the end of this Handbook indicates that you agree to the terms and conditions provided here. Please note, the signature of both the parent/guardian and student are mandatory before access may be granted to the technologies available at MPS. This document, which incorporates the Use Policy and procedure, reflects the entire agreement and understanding of all parties.

TITLE I INFORMATION:

MPS receives Title I funding and is therefore required to provide certain information to parents as well as develop, with parental input, a Parent Involvement Policy. Please see below for these required notices and Policy.

Teacher Qualifications

Parents may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals to parents upon request.

PARENT INVOLVEMENT POLICY

I.   Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents or other caregivers are involved in their children's education.   To that end, the **Magnolia Public Schools (MPS)** (the "LEA") has adopted this parent involvement policy in order to promote learning and provide a more positive learning experience for the students of its schools.[1]   This policy has also been

---

[1] Within this policy, the word "parent" is employed.   This word is intended to reach any caregiver of students enrolled in the LEA's school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

submitted to the California Department of Education with the LEA's Consolidated Application.

II.   Involvement in Drafting the LEA Plan

Parents will be involved in the development of the LEA/SSD plan, Single Plan for Student Achievement (SPSA), and the LEA's Local Control and Accountability Plan (LCAP). On an annual basis, the LEA will submit California Department of Education ("CDE") –required plans to the Parent Council for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE with the Consolidated Application. In addition, all parents of participating children will annually be invited to review the LEA plan and submit comments.

If the LEA/SSD plan is not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the LEA/SSD plan when it is submitted to the CDE.

III.   Involvement in School Review and Improvement

All parents will be involved, to the extent applicable, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parental involvement policy and other Title I, Part A activities and provide comments to the LEA.

Identification of a school for improvement: Before the LEA identifies its school for improvement, for corrective action, or for restructuring, it shall provide the parents of all children enrolled in the school with notice of an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based. If the **Principal** of the school believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the **Principal** may provide supporting evidence to the LEA, which shall consider that evidence before making a determination.

School plan: Parents of participating children will be involved in the development and/or revision of a school plan required of the school identified for improvement, corrective action or restructuring, which plan shall be approved by the LEA in accordance with the Every Student Succeeds Act (ESSA).

Notice required after school identification: If the LEA's school is identified for improvement, corrective action or restructuring, the LEA will promptly provide to all parents of children enrolled in the school (in an understandable and uniform format, and to the extent practicable, in a language the parents can understand), a notice containing the following:

➢ An explanation of what the identification means, and how the school compares in terms of academic achievement to other

60

MPS Student/Parent Handbook   2019-20

elementary or secondary schools served by the LEA and the CDE;

➢ The reasons for the identification;

➢ An explanation of what the LEA or the CDE is doing to address the problem of low achievement;

➢ An explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and

➢ As applicable, an explanation of the parents' option to transfer their child to another public school under the control of the LEA, return to their district of residence or to obtain supplemental educational services for the child.

Information regarding corrective action taken: The LEA shall publish and disseminate information regarding any corrective action taken at a school to parents of each student enrolled in the school in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Restructuring: Whenever a school fails to make adequate yearly progress after 1 full school year of corrective action or when the LEA is required to implement alternative governance, the LEA shall provide prompt notice to parents and provide parents with an adequate opportunity to comment before taking any action and to participate in developing any plan required by ESSA.

IV.   Coordination, Technical Assistance, and Other Support

The LEA will provide the coordination, technical assistance and other support necessary to assist its participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance in the following ways:

➢ The LEA will reserve funds to the school for parent involvement activities as required by law;

➢ The LEA (board and school leaders) will collaborate to devise a timeline for parental involvement activities throughout the school year and create a follow up tool to ensure that the activities occur.

➢ The LEA will develop the necessary technical assistance for planning and implementing effective parent involvement activities to improve student academic achievement and school performance.

V.   Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

VI.   Notice

Within **60** days of the beginning of school, the School will send **[e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets]** a notice to **[if in a targeted assistance school]** [parents of participating children] **[or if in a school with a school wide program]** [all parents] containing, but not limited to, the following information:

➢ Information about Title I, Part A programs;

➢ An explanation of the requirements of Title I, Part A programs;

➢ A description of the rights parents have for participation in Title I, Part A programs;

➢ A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent involvement policy, and if applicable, the schoolwide program.

➢ A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the proficiency levels students are expected to meet;

➢ An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.

➢ A copy of the most current Parent Involvement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental involvement program of the School. If there is sufficient need for transportation or child care at any of the parental involvement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

VII.   Title I, Part A Program Involvement

MPS Student/Parent Handbook   2019-20

In order to involve parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan, the School will involve parents of participating students as follows:

➢ The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.

➢ Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.

➢ The School will publish a regular Newsletter with notification of upcoming participation opportunities.

➢ The School will create a School Site Council (SSC) where it will plan, review and improve Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will consist of:

Category (a):

▪ The principal

▪ 4 teacher representatives selected by teachers at the school

▪ 1 other school personnel selected by peers at the school

Category (b):

▪ 3 parents of students attending the school selected by such parents

▪ 3 students selected by students attending the school

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) equal numbers of parents or other community members selected by parents, and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 52852)

Furthermore, Education Code Section 52852 states that parents or community members on the SSC may not be employed by the school district.

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent involvement activities are allotted for those activities.

➢ Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan and recommend any changes.

➢ **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.

➢ If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.

➢ If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the LEA.

VIII.   **Building Capacity for Involvement**

A.   **Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement**

In order to ensure effective parental involvement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

➢ The LEA will encourage parents to serve on its board of directors;

➢ The LEA will seek input from the Parent/Guardian Club and the SSC on ways to assist parents to understand the Standards and Requirements.

➢ The LEA will encourage parents to serve on its board committees.

➢ The LEA will regularly publish in its Newsletter, and/or on its website, descriptions and explanations of State academic content standards and State

62

MPS Student/Parent Handbook   2019-20

student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.

➢ Regular meetings will be held by the LEA at each school, at community libraries and/or parent volunteer homes to discuss how parents can work with educators to improve their child's academic achievement.

➢ The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.

➢ Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

B. Helping Parents to Work with their Children

In an effort to foster parental involvement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

➢ **Student-Teacher Status Portal:** MPS uses an online web portal to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.

Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use the portal as well as how to access it via free Internet access at public libraries if that is more convenient than coming to the school.

➢ The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.

➢ The LEA will provide annual seminars on parenting skills and parent-child communication.

➢ The school's psychologist will work with parents to better understand their children and the issues facing them.

➢ The LEA will train parents how to tutor their children in the school.

➢ Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.

➢ One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

C. Education on Parent Involvement

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

➢ **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school.[2] Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.

The LEA teachers will visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

MPS Student/Parent Handbook   2019-20

> ➢ A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.

> ➢ A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental involvement programs in which parents would most likely participate.

D. Other Optional Parent Participation

The LEA will involve parents in the development of the training regarding the importance of parent involvement for teachers, principals and other educators to improve the effectiveness of such training.

In order to maximize parental involvement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.

The LEA will adopt and implement model approaches to improving parental involvement.

The LEA will develop appropriate roles for community-based organizations and businesses in parent involvement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

IX. Coordination with Other Programs

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent involvement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

X. Annual Evaluation

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this family involvement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA. The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, this family involvement policy.

XI. School-Parent Compact

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The Parent Council will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

XII. Involvement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be involved in the education of their children and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the LEA will do the following:

> ➢ The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.

> ➢ The LEA will provide language translators at parent meetings to the extent practicable.

> ➢ The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.

> ➢ The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.

64

MPS Student/Parent Handbook   2019-20

➢ **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the School Site Council (SSC) on programs and services for English Learners.

State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning English Learner Advisory Committee (ELAC). The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

➢ The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.

➢ Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.

➢ Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

XIII. Notices

In accordance with law, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

➢ Annual report card;

➢ A notice regarding the professional qualifications of the student's classroom teachers;

➢ The notice regarding language instruction programs;

➢ Any other notices required by law.

XIV. Miscellaneous

The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

The LEA will provide other reasonable support for parental involvement activities as requested by parents.

SCHOOL-PARENT-STUDENT COMPACT

This School-Parent[3]-Student Compact is adopted by the Magnolia Public Schools (MPS) (hereinafter "School") and is intended to outline how parents, the entire School staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards. To this end, the School, the Parent, and the Student roles are outlined as follows:

I. School Responsibilities

➢ The School will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through aligned curriculum and rigorous assessment.

➢ The School will provide a variety of support programs to enhance instruction at all grade levels.

➢ The School will send frequent reports to parents on their child's progress.

➢ The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.

➢ The School will grant parents reasonable access to staff by appointment through the office.

➢ The School will provide parents with the ability to observe classroom activities by appointment through the office.

II. Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

➢ I will take a positive and active role in supporting my student's education.

➢ I will make certain my student attends school regularly and on time.

➢ I will notify school when child is absent and provide appropriate documentation.

➢ I will ensure that my student follows the school attendance policy and dress codes.

---

[3] Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the School, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

- ➤ I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- ➤ I will complete and return all necessary school forms and documents on time as requested by school officials.
- ➤ I will try to volunteer at School when requested.

III.   Student Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- ➤ I will come to school dressed in uniform every day and on time.
- ➤ I will be prepared for all my classes with all required materials.
- ➤ I will complete class work and homework on time.
- ➤ I will do all the homework assigned to me the best way I can and ask for help when needed.
- ➤ I will strive consistently to give my best, and to make my best academic progress.
- ➤ I will act responsibly and respectfully at all times and towards all members of the school community.
- ➤ I will follow all school rules.
- ➤ I will obey the School's Code of Conduct.
- ➤ I will respect my property, that of others, and that of the School.
- ➤ I will take good care of my books, and other materials the School allows me to use.
- ➤ I will serve my community.

INTERNAL COMPLAINT PROCEDURES

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns. Please use the Internal Complaints Policy Form following this Policy to file complaints. A copy of this Policy and Complaint Form are also available in the main office of each MPS school.

Specific complaints of unlawful harassment are addressed under the School's "TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY."

a) Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when an MPS employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

b) Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)
This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Principal (or the CEO) (or designee) shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process. Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY

MPS believes all students have the right to a safe and civil learning environment. Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors which interfere with students' ability to learn, and negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, MPS prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, MPS will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of such misconduct prohibited by this Policy and take appropriate corrective action, if warranted.

Definitions

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs

- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school because of sex, race or any other protected basis

- Retaliation for reporting or threatening to report harassment

- Deferential or preferential treatment based on any of the protected classes above

Prohibited Unlawful Harassment under Title IX

Title IX (20 U.S.C. § 1681 *et. seq*; 34 C.F.R. § 106.1 *et. seq*) and California state law prohibit harassment on the basis of sex. In accordance with these existing laws, discrimination on the basis of sex in education institutions is prohibited. All persons, regardless of sex, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by MPS.

MPS is committed to provide a workplace and educational environment free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when: (a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against him/her or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

  - Rape, sexual battery, molestation or attempts to commit these assaults and

69

MPS Student/Parent Handbook   2019-20

- o Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body
- Unwanted sexual advances, propositions or other sexual comments, such as:
  - o Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience
  - o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct
  - o Subjecting or threats of subjecting an employee or student to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the employee's or the student's sex
- Sexual or discriminatory displays or publications anywhere in the workplace or educational environment, such as:
  - o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view at work or the educational environment
  - o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic, and
  - o Displaying signs or other materials purporting to segregate an individual by sex in an area of the workplace or educational environment (other

than restrooms or similar rooms)

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this Policy.

Prohibited Bullying

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student group or group of students that may constitute as sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing a reasonable pupil* or pupils in fear of harm to that pupil's or those pupils' person or property.
2. Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.
3. Causing a reasonable pupil to experience a substantial interference with his or her academic performance.
4. Causing a reasonable pupil to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by MPS.

* "Reasonable pupil" is defined as a pupil, including, but not limited to, an exceptional needs pupil, who exercises care, skill and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation and transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

1. A message, text, sound, video, or image.
2. A post on a social network Internet Web site including, but not limited to:
   a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or

70

MPS Student/Parent Handbook   2019-20

more of the effects as listed in the definition of "bullying," above.

b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

c. Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

3. An act of "Cyber sexual bullying" including, but not limited to:

a. The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

b. "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

4. Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene as soon as it is safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any employee or student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels she/he is a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that she/he can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

MPS prohibits any form of retaliation against any reporter in the reporting process, including but not limited to a reporter's filing of a complaint or the reporting of instances of misconduct prohibited by this Policy. Such participation shall not in any way affect the status, grades, or work assignments of the reporter.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

Investigation

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of MPS, the Coordinator or administrative designee will promptly initiate an

71

MPS Student/Parent Handbook 2019-20

investigation. In most cases, a thorough investigation will take no more than seven (7) school days. If the Coordinator, or administrative designee determines that an investigation will take longer than seven (7) school days, he or she will inform the complainant and any other relevant parties and provide an approximate date when she the investigation will be complete.

At the conclusion of the investigation, the Coordinator or administrative designee will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, in no case may the Coordinator or administrative designee reveal confidential information related to other students or employees, including the type and extent of discipline issued against such students or employees.

All records related to any investigation of complaints under this Policy are maintained in a secure location.

Consequences

Students or employees who engage in misconduct prohibited by this Policy will be subject to disciplinary action.

Uniform Complaint Procedures

When harassment or bullying is based upon one of the protected characteristics set forth in this Policy, a complainant may also fill out a Uniform Complaint Procedures ("UCP") complaint form at any time during the process, consistent with the procedures laid out in this Handbook.

Right of Appeal

Should the reporting individual find the Coordinator's resolution unsatisfactory, he/she may follow the Dispute Resolution Process found in this Student/Family Handbook.

UNIFORM COMPLAINT PROCEDURES (UCP)

POLICIES AND PROCEDURES

a.   Uniform Complaint Procedures (UCP)

This document contains rules and instructions about the filing, investigation and resolution of a Uniform Complaint Procedures (UCP) complaint regarding an alleged violation by Magnolia Public Schools (MPS) of federal or state laws or regulations governing educational programs, including non-compliance with laws relating to pupil fees and our Local Control and Accountability Plan (LCAP).

This document presents information about how we process UCP complaints concerning particular programs or activities that are subject to the UCP.

A UCP complaint is a written and signed statement by a complainant alleging a violation of federal or state laws or regulations, which may include an allegation of unlawful discrimination, harassment, intimidation, bullying or charging pupil fees for participation in an educational activity or non-compliance with the requirements of our LCAP.

A complainant is any individual, including a person's duly authorized representative or an interested third party, public agency, or organization who files a written complaint alleging violation of federal or state laws or regulations, including allegations of unlawful discrimination, harassment, intimidation, bullying and non-compliance with laws relating to pupil fees or non-compliance with the requirements of our LCAP.

If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

b.   The Responsibilities of MPS

We shall have the primary responsibility to ensure compliance with applicable state and federal laws and regulations.

We shall investigate and seek to resolve, in accordance with our UCP process, any complaints alleging failure to comply with applicable state and federal laws and regulations including, but not limited to, allegations of discrimination, harassment, intimidation, or bullying or noncompliance with laws relating to all programs and activities implemented by MPS that are subject to the UCP.

MPS developed the UCP process with policies and procedures adopted by our governing board.

According to state and federal codes and regulations, the programs and activities subject to the UCP are:

- Adult Education
- After School Education and Safety
- Agricultural Career Technical Education
- American Indian Education Centers and Early Childhood Education Program Assessments
- Bilingual Education
- California Peer Assistance and Review Programs for Teachers
- Career Technical and Technical Education; Career Technical; Technical Training (State)
- Career Technical Education (Federal)
- Child Care and Development
- Child Nutrition
- Compensatory Education
- Consolidated Categorical Aid
- Course Periods without Educational Content
- Economic Impact Aid
- Education Of Pupils In Foster Care, Pupils Who Are Homeless, Former Juvenile Court Pupils Now Enrolled In A School District, and Pupils Of Military Families
- Every Student Succeeds Act / No Child Left Behind (Titles I–VII)
- Local Control and Accountability Plans (LCAP)
- Migrant Education
- Physical Education Instructional Minutes
- Pupil Fees
- Reasonable Accommodations to a Lactating Pupil
- Regional Occupational Centers and Programs
- School Safety Plans
- Special Education
- State Preschool
- Tobacco-Use Prevention Education

The following complaints shall be referred to other agencies for appropriate resolution and are not subject to our UCP process set forth in this document unless these procedures are made applicable by separate interagency agreements:

- Allegations of child abuse shall be referred to County Department of Social Services (DSS), Protective Services Division or appropriate law enforcement agency.

- Health and safety complaints regarding a Child Development Program shall be referred to Department of Social Services for licensed facilities, and to the appropriate Child Development regional administrator for licensing-exempt facilities.

- Employment discrimination, harassment, intimidation or bullying complaints shall be sent to the State Department of Fair Employment and Housing (DFEH).

74

MPS Student/Parent Handbook

2019-20

- Allegations of fraud shall be referred to the Legal, Audits and Compliance Branch in the California Department of Education (CDE).

c. Pupil Fees

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

- A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.

- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

d. The Local Control Accountability Plan

The LCAP is an important component of the Local Control Funding Formula (LCFF), the revised school finance system that overhauled how California funds its K-12 schools. Under the LCFF we are required to prepare an LCAP, which describes how we intend to meet annual goals for our pupils, with specific activities to address state and local priorities identified pursuant to California Education Code (EC) Section 52060(d).

e. The UCP Annual Notice

We ensure annual dissemination of a written notice of our complaint procedures to all students, employees, parents or guardians of its students, school advisory committee members, and other interested parties that includes information regarding allegations about discrimination, harassment, intimidation, or bullying.

Our UCP Annual Notice shall also include information regarding the requirements of EC Section 49010 through 49013 relating to pupil

fees and information regarding the requirements of EC Section 52075 relating to the LCAP.

Our UCP Annual Notice shall be in English and in the primary language, pursuant to section 48985 of the Education Code, or mode of communication of the recipient of the notice.

f. UCP Complaint Investigation

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is knowledgeable about the laws and programs assigned to investigate.

MPS will investigate all allegations of unlawful discrimination, harassment, intimidation or bullying against any protected group as identified in EC Section 200 and 220 and Government Code (GC) Section 11135, including any actual or perceived characteristics as set forth in Penal Code (PC) Section 422.55 or on the basis or a person's association with a person or group with one or more of these actual or perceived characteristics in any program or activity we conduct, which is funded directly by, or that receives or benefits from any state financial assistance.

Unlawful discrimination, harassment, intimidation or bullying complaints shall be filed no later than six months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

All complainants are protected from retaliation.

We advise complainants of the right to pursue civil law remedies under state or federal discrimination, harassment, intimidation or bullying laws.

g. UCP Complaint Resolution

If MPS finds merit in a complaint regarding Pupil Fees, Local Control and Accountability Plans (LCAP), Education of Pupils in Foster Care, Pupils who are Homeless, former Juvenile Court Pupils now enrolled in our school district and pupils in military families, Reasonable Accommodations to a Lactating Pupil, Course Periods without Educational Content (grades nine through twelve), and Physical Education

75

Instructional Minutes (grades one through eight), we shall provide a remedy.

The remedy shall go to the affected pupil in the case of complaints regarding
- Course Periods without Educational Content,
- Reasonable Accommodations to a Lactating Pupil, and/or
- Education of Pupils in Foster Care, Pupils who are Homeless, former Juvenile Court Pupils now enrolled in our school district and pupils of military families.

The remedy shall to go all affected pupils and parents/guardians in the case of complaints regarding
- Pupil Fees,
- Physical Education Instructional Minutes and/or
- Local Control and Accountability Plans.

A pupil fees complaint may be filed with the principal of a school or our CEO or his or her designee.

A pupil fees complaint and/or an LCAP complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

A pupil fees complaint shall be filed no later than one year from the date the alleged violation occurred.

We ensure an attempt shall be made in good faith to engage in reasonable efforts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint.

We will provide an opportunity for complainants and/or representatives to present evidence or information.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by MPS to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

The complaint will be investigated and a written report with a Decision will be issued to the complainant by us within 60 days from the date of the receipt of the complaint, unless the complainant agrees in writing to an extension of time.

This report will contain the following elements:
   i.   The findings of fact based on the evidence gathered.
   ii.   Conclusion of law.
   iii.   Disposition of the complaint.
   iv.   The rationale for such a disposition.
   v.   Corrective actions, if any are warranted.
   vi.   Notice of the complainant's right to appeal our Decision to the CDE.
   vii.   Procedures to be followed for initiating an appeal to CDE.

An appeal is a request made in writing to a level higher than the original reviewing level by an aggrieved party requesting reconsideration or a reinvestigation of the lower adjudicating body's decision.

A complainant may appeal our Decision of a UCP complaint regarding all specified federal and state educational programs subject to the UCP.

h.   UCP Complaint Appeal Process

To appeal a UCP complaint Decision the complainant must file a written appeal within 15 days of receiving the Decision to CDE. This appeal to the CDE must fully explain the basis for the appeal, stating how the facts of our Decision are incorrect and/or the law is misapplied.

In addition, the appeal shall be sent to CDE with:

1.   A copy of the original locally filed complaint; and

2.   A copy of our Decision of this original locally filed complaint.

The appeal should be sent to:

UNIFORM COMPLAINT PROCEDURES (UCP)

ANNUAL NOTICE

Magnolia Public Schools (MPS) annually notifies its students, employees, parents or guardians of its students, school advisory committees, and other interested parties of the Uniform Complaint Procedures (UCP) process.

MPS is primarily responsible for compliance with federal and state laws and regulations, including those related to unlawful discrimination, harassment, intimidation or bullying against any protected group, and all programs and activities that are subject to the UCP.

Programs and Activities subject to the UCP:

- Adult Education
- After School Education and Safety
- Agricultural Career Technical Education
- American Indian Education Centers and Early Childhood Education Program Assessments
- Bilingual Education
- California Peer Assistance and Review Programs for Teachers
- Career Technical and Technical Education; Career Technical; Technical Training (State)
- Career Technical Education (Federal)
- Child Care and Development
- Child Nutrition
- Compensatory Education
- Consolidated Categorical Aid
- Course Periods without Educational Content
- Economic Impact Aid
- Education Of Pupils In Foster Care, Pupils Who Are Homeless, Former Juvenile Court Pupils Now Enrolled In A School District, and Pupils Of Military Families
- Every Student Succeeds Act / No Child Left Behind (Titles I–VII)
- Local Control and Accountability Plans (LCAP)
- Migrant Education
- Physical Education Instructional Minutes
- Pupil Fees
- Reasonable Accommodations to a Lactating Pupil
- Regional Occupational Centers and Programs
- School Safety Plans
- Special Education
- State Preschool
- Tobacco-Use Prevention Education

Pupil Fees

A pupil fee includes, but is not limited to, all of the following:
- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
- A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book,

class apparatus, musical instrument, clothes, or other materials or equipment.
- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

A pupil fees complaint may be filed with the principal of a school or our CEO or his or her designee. A pupil fees and/or an LCAP complaint may be filed anonymously, however, the complainant must provide evidence or information leading to evidence to support the complaint.

A pupil enrolled in MPS shall not be required to pay a pupil fee for participation in an educational activity.

A pupil fee complaint shall be filed no later than one year from the date the alleged violation occurred.

Additional Information

We shall post a standardized notice of the educational rights of pupils in foster care, pupils who are homeless, former juvenile court pupils now enrolled in a school district, and pupils in military families as specified in Education Code Sections 48645.7, 48853, 48853.5, 49069.5, 51225.1, and 51225.2. This notice shall include complaint process information, as applicable.

Contact Information

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

Complaints will be investigated and a written report with a Decision will be sent to the complainant within sixty (60) days from the receipt of the complaint. This time period may be extended by written agreement of the complainant. The person responsible for investigating the complaint shall conduct and complete the investigation in accordance with our UCP policies and procedures.

The complainant has a right to appeal our Decision of complaints regarding specific programs and activities subject to the UCP, pupil fees and the LCAP to CDE by filing a written appeal within 15 days of receiving our Decision. The appeal must be accompanied by a copy of the originally-filed complaint and a copy of our Decision.

We advise any complainant of civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable.

Copies of our Uniform Complaint Procedures process shall be available free of charge.

MPS Student/Parent Handbook   2019-20

INFORMAL COMPLAINT PROCEDURES

The ultimate purpose of this informal complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, informal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly.

    If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

- At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in three (3) working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of

relevant facts and evidence, and respond to the complainant within ten (10) working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the Chief Executive Officer (CEO) of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached "Informal Complaint Procedures Form" giving details about the complaint and steps taken to resolve it, and contact the CEO of MPS at:

> Chief Executive Officer
> Magnolia Public Schools
> 250 E. 1st St., Ste. 1500
> Los Angeles, CA 90012
> (213) 628-3634

The CEO (designee) will acknowledge receipt of the written complaint in five (5) working days, attempt to identify a resolution that is acceptable to both parties, within fifteen (15) working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution *

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. (Same contact information as in Level 3) The complainant should update the Internal Complaint Procedures Form that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in five (5) working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60 day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO's decision will be

81

final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within 60 days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

* For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the Informal Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's Decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a "Uniform Complaint Procedure Form" - provided in this handbook – and file it within 15 days of receiving the Decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's Decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

The following is information regarding your rights and responsibilities regarding filing a Title IX Complaint.

Title IX Coordinator Contact Information

All complaints should be sent to our Title IX Coordinator, who can be reached at:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

Your Rights and Responsibilities Under Title IX

(a) You have the right to fair and equitable treatment and you shall not be discriminated against based on your sex.

(b) You have the right to be provided with an equitable opportunity to participate in all academic extracurricular activities and athletics offered by the MPS.

(c) You have the right to apply for athletic scholarships.

(d) You have the right to receive equitable treatment and benefits in the provision of all of the following:

- Equipment and supplies.
- Scheduling of games and practices.
- Transportation and daily allowances.
- Access to tutoring.
- Coaching.
- Locker rooms.
- Practice and competitive facilities.
- Medical and training facilities and services.
- Publicity.

(e) You have the right to have access to our Title IX Coordinator regarding gender equity laws. Please see above for this Coordinator's contact information.

(f) You have the right to file a confidential discrimination complaint with the United States Office for Civil Rights or California Department of Education if you believe you have been discriminated against or if you believe you have received unequal treatment on the basis of your sex. See below for more information regarding how to file a complaint.

(g) You have the right to pursue civil remedies if you have been discriminated against.

(h) You have the right to be protected against retaliation if you file a discrimination complaint.

(i) You can find out more information regarding your rights, MPS' responsibilities, and access information on gender equity laws from the following resources:

- California Interscholastic Federation: http://www.cifstate.org/governance/equity/index

How to File a Complaint Under Title IX

(a) You can find more information regarding how to file a complaint as follows:

- The United States Office for Civil Rights website: https://www2.ed.gov/about/offices/list/ocr/docs/howto.html?src=rt.
- California Department of Education website: http://www.cde.ca.gov/re/di/eo/complaint.asp
- MPS Uniform Complaint Procedures ("UCP") or Harassment, Intimidation, Discrimination, Bullying Policy. Please check your School's website or main office for a complete copy of these policies.

(b) A complaint regarding discrimination or harassment based on sex must ordinarily be filed with the U.S. Office for Civil Rights within 180 days of the last act of discrimination. If your complaint involves matters that occurred longer than this and you are requesting a waiver, you will be asked to show good cause why you did not file your complaint within the 180-day period. If you have questions about your situation, you can contact the California branch of the Office for Civil Rights at the address listed below. A complaint filed with MPS under our UCP alleging unlawful discrimination, harassment, intimidation or bullying must be initiated no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or six (6) months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination, harassment, intimidation or bullying.

(c) The U.S. Office for Civil Rights has its own policies and procedures for investigating complaints. Please review the above link for more information about this process. A complaint filed with MPS under our UCP or Harassment/ Intimidation/ Discrimination/ Bullying policy will be investigated in compliance with those policies.

(d) There are a variety of ways to file your complaint. You can use the U.S. Office for Civil Rights electronic complaint form filed directly through their website; or mail, email, or send by facsimile your own letter or a completed copy of the Office for Civil Rights Discrimination Complaint Form.

- The electronic complaint form is available at https://www2.ed.gov/about/offices/list/ocr/complaintintro.html

MAGNOLIA PUBLIC SCHOOLS

Receipt of and Agreement to the MPS Handbook, Student Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact

I have received a copy of the Magnolia Public Schools Student/Parent Handbook including the Student Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact, or I can access it at the school website. I understand that it is a source of information and a set of guidelines for implementation of school policies and procedures. I have read, understood, and agreed to the Student/Parent Handbook including the Student Technology Use Policy-Acceptable Use Agreement and School-Parent-Student Compact. I, as a Magnolia Public School student, understand and agree that use of Magnolia Public Schools computer and technology is a privilege and not a right. I understand that if I violate the Student Technology Use Policy-Acceptable Use Agreement in any way, I will be subject to referral and possible suspension. I, as a Magnolia Public School parent or guardian, understand that

>
> - *Any changes or additions to this handbook will be given to the students and parents/guardians in writing.*

I may be liable for the replacement cost for property Magnolia Public School loaned to my student that my student fails to return or that is willfully cut, defaced, or otherwise damaged, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation. When I am unable to pay for the damages, Magnolia Public School will provide a program of voluntary work for my student in lieu of the payment of monetary damages. If my child is over the age of majority, he/she shall be liable for the same. I understand that Magnolia Public Schools can unilaterally rescind, modify, or make exceptions to any of these policies, or adopt new policies, at any time. I also understand that the provisions of the Handbook will control over any contrary statements, representations or assurances made by any supervisory personnel except those made in writing by the Chief Executive Officer or his or her designee.

Dear Parents and Students,

Magnolia Public Schools (MPS) staff believes that education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. This handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled this student-parent handbook (pending board approval), which addresses the school's regulations and policies to set a standard for our students. It is an essential reference book describing what we expect and how we do things. Read it carefully, discuss it with your parent/guardian, and let it act as a guide for your effective involvement in all aspects of school. Keep this handbook so you can refer to it throughout the school year.

Sincerely,

MPS Administration

EQUAL OPPORTUNITY & NON- DISCRIMINATION STATEMENT

In compliance with federal and state equal opportunity laws, equal opportunity will be afforded to all applicants and students regardless of race, color, sex, age, religious creed, disability, national origin, ancestry, immigration status or citizenship, or sexual orientation in every aspect of the school community. MPS adheres to all provisions of federal law related to students with disabilities, including but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004.

MPS is committed to providing a working and learning environment that is free from unlawful discrimination and harassment. MPS prohibits discrimination and harassment based on an individual's actual or perceived sex, sexual orientation, gender, gender identity, gender expression, marital status, pregnancy, childbirth or related medical condition, ethnic group identification, race, ancestry, national origin, immigration status or citizenship, religion, religious affiliation, color, creed, mental or physical disability, age, and any other basis protected by federal, state, and/or local law, ordinance, or regulation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics. Harassment based on any of the above-protected categories is a form of unlawful discrimination and will not be tolerated by MPS.

Harassment is intimidation or abusive behavior toward a student or employee that creates a hostile environment and can result in disciplinary action against the offending student or employee. Harassing conduct may take many forms, including but not limited to, verbal remarks and name-calling, graphic and written statements, or conduct that is threatening or humiliating. This nondiscrimination policy covers admission or access to treatment or employment in all MPS programs and activities, including vocational education. The lack of English language skills will not be a barrier to admission to or participation in MPS programs or activities.

MPS does not condone or tolerate harassment of any type, including bullying, discrimination, or intimidation, by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

Based on Federal law, Title IX, State law and MPS policy, no student shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination on the basis of actual or perceived sex, sexual orientation, and gender (including gender identity, gender expression, marital status, parenting, pregnancy, childbirth, false pregnancy, termination of pregnancy or related medical condition). Male and female students have the right to equal learning opportunities in their schools and must be treated the same in all MPS educational activities and programs, including: • Athletics • Physical education • The classes they can take • The way they are treated in the in educational programs and activities • The kind of counseling they are given • The extracurricular activities, programs and clubs in which they can participate • The honors, special awards, scholarships and graduation activities in which they can participate. Students who feel that their rights are being violated have the right to take action and should not be afraid of trying to correct a situation by speaking to a school administrator, Title IX Coordinator, psychologist, counselor, or trusted adult at school, or filing a complaint (see Uniform Complaint Procedures). Students are encouraged whenever possible to try to resolve their complaints directly at the school site. Any student who believes he or she is being discriminated against in violation of Title IX has the right to file a complaint. For further information or assistance, including the Title IX Coordinator contact information, see the TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY in this Handbook.

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in MPS policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

MPS prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation. For inquiries or complaints related to discrimination or harassment based on student's sex (Title IX); sexual orientation or gender identity (Title 5, CCR, §4910); race, color, or national origin (Title VI); or mental or physical disability (Section 504), contact MPS.

PUPIL RECORDS, INCLUDING CHALLENGES AND DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. These rights are:

1. The right to inspect and review the student's education records within 5 days after the day MPS receives a request for access. Parents or eligible students should submit to the MPS

5

MPS Student/Parent Handbook   2019-20

principal or designee a written request that identifies the records they wish to inspect. The MPS official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA

   Parents or eligible students who wish to ask MPS to amend a record should write the MPS principal or designee, clearly identify the part of the record they want changed, and specify why it should be changed. If MPS decides not to amend the record as requested by the parent or eligible student, MPS will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. See 'Pupil Records Challenges' section, below, for MPS' policy and procedures regarding this hearing.

3. The right to provide written consent before MPS discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

   One exception, which permits disclosure without consent, is disclosure to MPS officials with legitimate educational interests. An MPS official is a person employed by MPS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the MPS board. An MPS official also may include a volunteer or contractor outside of MPS who performs an institutional service of function for which MPS would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting MPS School official in performing his or her tasks. An MPS official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

   Upon request, MPS discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

   Note that MPS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by MPS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to MPS officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires MPS to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. MPS may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student —

1. School employees who have a legitimate educational interest as defined by 34 C.F.R. Part 99;

2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. MPS will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, MPS will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to the procedures outlined here and more completely in the full policy;

3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

5. Organizations conducting certain studies for the MPS in accordance with 20 U.S.C. § 1232g(b)(1)(F);

6. Accrediting organizations in order to carry out their accrediting functions;

7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;

8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. 99.31(a)(9)(i), reasonable effort must be made to

6

MPS Student/Parent Handbook

2019-20

notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

9. Persons who need to know in cases of health and safety emergencies;

10. State and local authorities, within a juvenile justice system, pursuant to specific State law;

11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by MPS for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by MPS; and/or

12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by MPS with respect to that alleged crime or offense. MPS may disclose the final results of the disciplinary proceeding, regardless of whether MPS concluded a violation was committed.

Directory Information

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Directory information can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish year books. MPS has designated the following information as directory information:

1. Student's name

2. Student's address

3. Parent's/guardian's address

4. Telephone listing

5. Student's electronic mail address

6. Parent's/guardian's electronic mail address

7. Photograph

8. Date and place of birth

9. Dates of attendance

10. Grade level

11. Weight and height of members of athletic teams

12. Degrees, honors, and awards received

13. The most recent educational agency or institution attended

14. Student ID number, user ID, or other unique personal identified used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want MPS to disclose directory information from your child's education records without your prior written consent, you must notify MPS in writing at the time of enrollment or re-enrollment. Please notify the MPS Principal of your child's school at the contact number on Page 3.

A complete copy of the MPS policy is available upon request in each MPS school's main office.

RIGHTS AND RESPONSIBILITIES

Effective Communication:

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

1st: Parents should encourage their child to talk with the teacher.

2nd: Parents can encourage their child to talk with an administrator.

3rd: If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

1st: Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.

2nd: If the problem persists after a reasonable time, talk with the teacher again.

3rd: If the problem is still not resolved, make an appointment with the related administrator.

7

MPS Student/Parent Handbook   2019-20

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, please refer to the Complaint policies contained in this Handbook and available in the MPS office.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner. Please see the "Conditions for Classroom and School Visitation, Shadowing, and Removal Policy" under the section titled "Visitors" in this Handbook.

Students' Rights and Responsibilities:

- To be informed of all school rules and regulations.
- To have access to your student account in SIS.
- To have a safe and educational environment.
- To attend class regularly and on time.
- To obey school rules and regulations.
- To respect your rights and the rights of your peers.
- To be familiar with school policies, rules and regulations.
- To be prepared for class with appropriate materials and ready to work.
- To respect all school personnel and their authority (administrators, teachers, office personnel, janitorial staff, security guards, etc.).

Parents' Rights and Responsibilities:

- To be informed of the school's rules and regulations.
- To be informed of all school actions related to their child.
- To have access to your personal parent accounts in SIS.
- To contact school to participate in conferences pertaining to academic and behavioral status of their child.
- To provide a supportive environment at home making sure their child gets enough sleep and adequate nutrition before coming to school.
- To be familiar with school policies, rules and regulations.
- To contact teachers directly via phone or email to schedule a conference.
- To be familiar with the handbook signed at the beginning of the school year.
- To monitor your child's academic progress and behavior records on a weekly basis.

- To ensure that your child does his/her homework on a daily basis and to facilitate a home environment conducive to home study.

Teachers' Rights and Responsibilities:

- To expect students to behave in a positive manner that will not interfere with other students' learning.
- To expect parental support related to academic and social progress.
- To expect all students to participate and put forth effort in order to expand their education and earn a passing grade.
- To be familiar with school policies, rules and regulations.
- To inform parents through progress reports, report cards, and conferences about the academic progress and behavior of their child.
- To conduct a well-planned and effective classroom program.
- To initiate and enforce a set of classroom rules, consistent with the school's discipline policies.
- To keep assignments, grading, and attendance current in SIS.
- To have administrative support for discipline in and outside the classroom.
- To explain the Student Code of Conduct and Bullying Policy to their students.
- To enforce the Student Code of Conduct and Bullying Policy in a consistent manner.
- To function as a positive role model for their students.
- To contact parents as deemed necessary to enforce the Student Code of Conduct and to maintain parent/guardian involvement.

Administrators' Rights and Responsibilities:

- The right to address the Board of Trustees on any issue.
- To hold students to strict accountability for any disorderly conduct in school or around school.
- To take appropriate action in dealing with students who choose not to follow the rules.
- To recommend in-school suspension, suspension, or expulsion as the situation demands.
- To provide rich leadership that will establish, encourage and promote effective teaching and learning.
- To be familiar with school policies, rules and regulations.
- To establish, promote, and enforce school rules that facilitate effective learning and positive habits and attitudes of excellent citizenship among students.

MPS Student/Parent Handbook   2019-20

POLICIES AND PROCEDURES

As a student at MPS, you are required to abide by and respect all rules and regulations in the handbook, both on and off campus. The handbook was established to maintain a safe and healthy school environment conducive to learning.

I.   ACADEMIC POLICIES

A.   GENERAL GUIDELINES

CAASPP Opt Out:

MPS shall annually administer required state testing to the applicable grades (e.g., the California Assessment of Student Performance and Progress.) Notwithstanding any other provision of law, a parent's or guardian's written request to School officials to excuse his or her child from any or all parts of the state assessments shall be granted.

Child Find and Section 504:

MPS is dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society.   MPS provides special education and instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEIA"), Education Code requirements, and applicable policies and procedures of the charter authorizer. These services are available for special education students enrolled in MPS. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. MPS collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

MPS also recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of MPS. Any student who has an objectively identified disability which substantially limits a major life activity, including but not limited to learning, is eligible for accommodations by MPS. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal. A copy of MPS' Section 504 Policies and Procedures is available upon request in each MPS school's main office.

Math Placement:

MPS has adopted a math placement policy to establish a fair, objective, and transparent protocol for placement in mathematics courses in order to ensure the success of every student. Please see the main office of your MPS school for the math placement policy.

Grading:

The primary purpose for grading is to provide feedback to students and parents on the achievement of learning goals. At MPS course report card grades are to be represented in letter-grade equivalent to the percentage earned in each course. Course report card grades are based on performance and practice assessments, as can be seen in the following table.

Aligned with the grading guidelines, each department will work with the Department Chair and the Dean of Academics to develop specific and consistent weights for each grading subcategory, to be shared with parents and students.

Teachers will create reasonable number of assignments for each subcategory in their grading system. Teachers will provide students with access to course material, homework assignments, projects, and students' grades through the school information system, and update SIS records daily/weekly.

Category	Subcategories
Performance Assessments *(Summative)* 70%	▪ Unit assessments *(no more than 50%)* ▪ Benchmark assessments *(no more than 30%)* ▪ Final assessment *(no more than 30%)* ▪ Performance tasks (Projects, portfolios, essays, artwork, models, visual representations, multimedia, oral presentations, live or recorded performances, labs, etc.)
Practice Assessments *(Formative)* 30%	▪ Independent practices ▪ Daily assignments ▪ Classwork ▪ Homework *(no more than 15%)* ▪ Warm-ups ▪ Reviews ▪ Quizzes

Extra Credit:

With prior approval from the Dean of Academics, teachers may offer extra credit. A maximum of five (5) extra credit points (out of 100-point numerical grade) may be applied to a student's grade in each of their classes. Additionally, for both English and Math classes, a student may earn up to five (5) extra credit

9

MPS Student/Parent Handbook

points by demonstrating growth in their overall MAP RIT scores, increasing the maximum allowable extra credit points to ten (10). Points may be earned in the testing cycle from Fall to Spring and would be applied to the student's second semester English/Math grades. If Winter MAP test is offered during the first semester, students may also earn points towards their first semester grades. For each point increase in their overall RIT score, students will earn one (1) point of extra credit towards their applicable grade, up to five (5) credit points maximum for each subject area. Regardless of their growth score, students will earn extra five (5) credit points if they meet or exceed the following "Standard Met" cut scores on their Fall or Winter MAP test in the first semester or Spring MAP test in the second semester:

Grade	MAP RIT ELA* F-W-S	MAP RIT Math* F-W-S
3	192-199-202	191-199-204
4	202-207-209	206-212-217
5	208-212-214	219-225-229
6	214-217-218	222-227-230
7	219-221-222	229-233-235
8	223-224-225	238-240-242

9	226-227-228	243-244-245
10	229-230-231	246-247-248
11	232-233-234	249-250-251

Homework:

Homework is essential to success at MPS. Doing homework will help students develop many valuable skills such as good study habits, time management, responsibility, and perseverance. Teachers will assign homework that will foster individual learning and growth that is appropriate for the subject area. Homework is part of all student evaluations. It is the student's responsibility to complete and turn in homework on time. If the student or parent has questions about homework, s/he should immediately contact the teacher who assigned it.

Generally, all homework assignments will be posted online, either on teacher/class web pages or on the school information system, which will be accessible to the parents/guardians by using an authenticated password. The password will protect confidentiality and allow parents/guardians to access their children's academic records. SIS is not intended to replace contacting parents for regular conferences to discuss student progress.

Final Assessments/Exams:

All academic classes will have cumulative final assessments/exams at the end of each semester. These final assessments may be in different forms such as test, essay, project, book report, etc. depending on individual teachers' discretion upon approval by the MPS administration. All students are required to take these final assessments. Cumulative assessments are part of the college preparatory culture; these assessments will help students learn how to study more effectively, as well as improve their retention of the subject content.

Make-up Procedures - Incomplete Grades:

Every effort should be made for a student to make-up work as soon as possible when returning to school from an absence or series of absences. If a student fails to complete a significant number of performance and/or homework tasks due to absence or other extraordinary circumstances, a grade of Incomplete (I) may be assigned with administrative approval. If the necessary performance and/or homework tasks are not complete by the end of the following marking period, the report card grade will revert to the earned numeric grade. In the final marking period, an Incomplete (I) will revert to the earned numeric grade if not complete by a date agreed upon by the teacher and administrator.

Course Withdrawals:

Students may withdraw from a course without penalty of an F grade within 15 school days from the beginning of the course. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Class Change:

During the first 5 school days from the beginning of the course, students will attend the classes they are assigned and/or they signed up for; no changes will be allowed unless there is a scheduling error on the student's schedule. After the first 5 school days, if necessary academic changes arise, students will have 10 school days to complete changes. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Scheduling errors will receive immediate attention by the Dean of Academics. The following are considered scheduling errors: missing a class period, double up of courses in the same period, missing a course needed for graduation, student has not met the prerequisite for a course, etc.

The School will not consider schedule changes for the following reasons: to be with friends, to change teachers, athletics, early/late arrival adjustments (unless required by state or federal law), etc. Class change is at the discretion of the school administration.

10

MPS Student/Parent Handbook   2019-20

B.   ELEMENTARY SCHOOL GRADING SYSTEM

MPS will follow the standard scale below to assign percentages/proficiency level for semester work. Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Percentage	Achievement Level
90% - 100%	Level 4: Standard Exceeded
80% - 89%	Level 3: Standard Met
70% - 79%	Level 2: Standard Nearly Met
Below 70%	Level 1: Standard Not Met

Elementary School Grade Retention/Promotion:

The following is MPS' policy regarding the retention of pupils in grades K–5:

- Grades K–2: Any student who is not at benchmark based on reading benchmark assessments, math benchmark assessments or report card grades will be identified for retention. Retention will only occur if the teacher and parent are in agreement that retention is the best intervention to ensure student success.
- Grades 3–5: Any student who does not meet the achievement standards and needs substantial improvement to demonstrate the knowledge and skills in ELA/Literacy or math needed or likely success in future coursework based on Smarter Balanced assessments (Level 1 on Smarter Balanced assessments) or any student who is more than one year behind grade level in mathematics or ELA/Literacy as determined by the MAP tests will be identified for retention.

An identified student who is performing below the minimum standard for promotion shall be recommended by the student's teacher for retention in the current grade unless the student's teacher determines in writing that retention is not the appropriate intervention for the student's academic deficiencies. The teacher's recommendation to promote is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s) or guardian(s) informing them that their child is at risk of retention.
- The teacher's evaluation shall be provided to and discussed with the student's parent(s) or guardian(s) and the principal before any final determination of pupil retention. The parent(s)/guardian(s) are informed at that meeting that their child is recommended for retention. This meeting is documented with an

academic support plan signed by both the teacher and parent/guardian.
- The principal shall make a decision regarding the recommended retention. Upon the acceptance or rejection of the above stated plan by the principal, a letter shall be sent within five (5) school days to formally inform the student's parent(s) or guardian(s) of the principal's decision regarding the retention.
- The parent(s) or guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra help in their specific areas of concern, both in class and through intervention offerings.

Report Cards:

Student report cards create a succinct written record of student performance by compiling data from multiple assessments both formal and informal. Report cards are one of several ways to keep parents informed about student performance and to ensure that data collection is regular and consistent. Report cards reflect student achievement toward state standards, and summarize narratives, anecdotal records, attendance data, and information about student participation in class and school life. Results of standardized tests are mailed separately as well as included in the student grade report with explanations designed to help students and parents interpret their relationship to other assessments.

Students will receive a progress report mid-semester and a final report card at the end of each semester. Teachers will arrange a conference to discuss student progress with at least one parent/guardian each semester. End-of-the-year conferences are prioritized for parents/guardians of students not making progress, low-achieving students, and those identified for retention. Other parents/guardians are encouraged to attend teacher conferences at the end of the year as well.

Ongoing communication between teachers, parents, and students is an essential component of MPS. MPS' school information system provides a very effective online communication tool for teachers, students and parents for course material, homework assignments, projects, course grade statistics and records of student grades. In addition to progress reports, report cards, and assessment reports, newsletters are distributed monthly. Parents can

11

MPS Student/Parent Handbook   2019-20

conference with teachers on an informal basis as needed, and on a formal basis at least twice (2) a year, to discuss students' progress reports and proficiency levels. Back to School Nights and Open Houses also take place each year to provide parents with information about the Charter School's programs.

C. MIDDLE & HIGH SCHOOL GRADING SYSTEMS

Grading Scale:

MPS will follow the standard scale below to assign letter grades for semester work. Grading is based on a 4.0 (unweighted) scale for regular courses and a 5.0 (weighted) scale for Honors, AP, and approved college courses.

Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Courses at MPS have passing grades that are outlined in the below grading scale, with a minimum passing score of 70%.

Numerical Grade	Letter Grade Equivalent	Grade-Point Eqv. Unweighted	Grade-Point Eqv. Weighted
98 – 100	A+	4.0	5.0
93 – 97	A	4.0	5.0
90 – 92	A-	3.7	4.7
87 – 89	B+	3.3	4.3
83 – 86	B	3.0	4.0
80 – 82	B-	2.7	3.7
75 – 79	C+	2.3	3.3
70 – 74	C	2.0	3.0
Below 70	*F*	*0.0*	*0.0*

Assignment Grades:

Teachers will create reasonable number of assignments for each subcategory in their grading system and assign a weight to each assignment. The weight of an assignment depends on its importance relative to the other assignments in the same subcategory. Students will receive numerical grades for each graded assignment and the student's final semester grade will be a weighted average of the assignment grades, scaled to a maximum of 100 points. SIS will automatically convert student's final numerical grade to a final letter grade according to the scale in the above table.

MPS promotes use of numerical grades for grading accuracy and our teachers typically use numerical grades when grading student assignments. In the case that a letter grade or a check grade system is used for an individual assignment, SIS will convert those grades to numerical grades according to the following conversion table.

Letter Grade	→ Converted to Numerical Grade	Special Grades	→ Converted to Numerical Grade
A+	100	Check Plus ("**+**")	100
A	97		
A-	92	Check ("**=**")	85
B+	89		
B	86	Check Minus ("**-**")	70
B-	82		
C+	79	Unsatisfactory ("**/**")	50
C	74		
F	*50*	Missing ("**M**")	0
		Excused ("**X**")	N/A
		Not Assessed ("**NA**")	N/A

Standards-Based Grading (SBG):

Standards-based grading (SBG) measures student's mastery of the essential standards for a class, or how well the student understands the material in class. MPS would like to report grades that are accurate, consistent, meaningful, and supportive of learning. While most MPS teachers currently implement points-based grading and reporting, MPS encourages teachers to explore and implement standards-based grading and reporting. We will keep you updated of our progress.

No "D" Policy:

There will not be a "D" grade option in the grading scale. The primary concern of MPS is the educational success of our students. This policy will allow for MPS to maintain a high standard throughout its program and ensure that MPS students remain competitive, especially in the area of college and scholarship applications.

[For High School Only] The "No D Policy" applies to all students in grades 9-12 effective of 2012-13 school year. Students who have earned credits at MPS with a "D" grade prior to 2012-13 school year will keep their credits and do not have to make up credits for

12

MPS Student/Parent Handbook   2019-20

any previously passed course at MPS. Also courses transferred from another accredited school will appear on student's transcript as they are and "D" will be accepted as a passing grade for all transferred courses. Therefore, the "No D Policy" does not negatively impact graduation.

Determining Final Grades:

In middle and high school, course grades are semester-based and credit is granted at the end of each semester. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. MPS grade promotion policy is based on each semester grade and not on yearly average of two semester grades.

Grading for Transfer Students Entering Mid-Semester to MPS from Another School:

When a transfer student enters mid-semester to MPS, the transfer grade from the previous school for the same class, if available, will be given the following weights to determine the final semester grade:

Week of the semester student enrolled in MPS	Credit
1-6	Full credit enrollment
7-9	Student may or may not be enrolled in new class. If enrolled, it may be either for full credit or for no-credit observation only. Decision will be made on a case by case basis. If a decision is made for full credit enrollment, the student is expected to commit to intense intervention which may include attending after-school tutoring and receiving out-of-school support.
10+	Student may or may not be enrolled in new class. If enrolled, it is for no-credit observation only. The decision will be based on the best interest of the student.

The teacher may assign make-up work to determine the grade if no transfer grade is available. Make-up work must be assigned within a reasonable time frame that allows the student to complete the work for credit.

The following guidelines apply when a transfer student wants or needs to enroll in a class that s/he was not taking at her/his previous school. The decision will be made on a case by case basis.

Week of the semester student enrolled in MPS	Weight of transfer grade	Weight of grade at MPS
1-6	0	1
7-9	1/3	2/3
10-12	1/2	1/2
13+	2/3	1/3

Honor Roll/High Honor Roll:

At the end of each semester MPS publishes the honor rolls for students.

Honors and High Honors are awarded to all students with a semester GPA of 3.00-3.49 (Honors) and 3.50+ (High Honors). Students must pass all classes to make the semester honor rolls.

Grade requirement for school team participation:

All students are required to maintain a "C" or better in all classes to play/participate on a school team.

Middle School Grade Promotion:

Core Courses: Core courses are Math, Science, English Language Arts, and History/Social Science.

Criteria: To be promoted to the next grade, a middle school student must have a 2.0 grade point average (GPA) and passing grades in all core courses by the end of the school year or by the end of the summer before the start of the next school year.

Summer School: Students who fail any core courses should attend summer school at MPS, if available, or at a public school to make up failed course courses during summer. Students who perform successfully at summer school will receive a passing grade as their final grade on their transcript for that course. Student transcripts will be updated to include summer grades and GPA will be recalculated. If a student earns passing grades during the summer for all the failed core courses and have a recalculated GPA of at least a 2.0, he or she may be promoted to the next grade.

Retention: If the student has a failed core course or has a recalculated GPA less than 2.0 after the summer before the start of the next school year, student will be recommended for retention in the current grade unless the school administration determines that retention is not the appropriate intervention for the student's academic deficiencies. In that case, promotion is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s)/guardian(s) before the end of the school year informing them that their child is at risk of retention.

13

MPS Student/Parent Handbook   2019-20

- A meeting will be set up with the parent(s)/guardian(s). The student's grade reports shall be provided to and intervention options, including summer school, will be discussed with the student's parent(s)/guardian(s). The parent(s)/guardian(s) may be informed at that meeting that their child is recommended for retention. This meeting will be documented with an academic support plan signed by the school administration and the parent(s)/guardian(s).
- By the end of the summer before the start of the next school year, the school administration will make their final decision based on student's performance in summer school and readiness for next grade. A letter shall be sent to formally inform the student's parent(s)/ guardian(s) of the school administration's decision regarding the retention.
- The parent(s)/guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra support in their specific areas of concern, both in class and through intervention offerings.

Participation in Promotion Activities/ Ceremony: In order for students to participate in any promotion activities they must fulfill all the promotion requirements and not be on suspension or recommended for expulsion at the time of the Promotion Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for promotion. This is a privilege.

High School Credit Earned in Middle School: Students who take high school courses in middle school have the option to have these courses counted toward graduation. These courses must have the same expectations, curriculum and final exams as the equivalent courses taught in high school. Students who choose to have their middle school courses counted toward graduation need to consult with the school administration since these courses need to be reflected on the student's high school transcript. Grades from such courses will not be included in high school cumulative GPA calculations.

The following middle school courses have been identified for high school credit: Mathematics (Algebra 1, Geometry, Integrated Mathematics I, and other high school level mathematics courses), Computers & Technology (approved high-school level courses), and Language Other Than English (LOTE). For middle school LOTE course(s), one year of high school credit will be given for each different language if students demonstrate proficiency by passing those courses or a LOTE proficiency test provided by the School. Again, middle school courses must be comparable in content to courses offered at the high school level. Magnolia Public Schools Home Office ("Home Office") has the final authority to decide which middle school courses will be counted toward graduation.

D. HIGH SCHOOL GRADUATION REQUIREMENTS

High School Grade Promotion:

Criteria: To be promoted to the next grade, a high school student must have a 2.0 grade point average (GPA) and the minimum required credits described below by the end of the school year or by the end of the summer before the start of the next school year.

Student transcripts will be updated to include summer grades and GPA will be recalculated. If students have the minimum required credits and at least a 2.0 recalculated GPA, they will be promoted to the next grade.

Core Courses: Core courses are Math, Science, English, and History/Social Science.

Minimum required credits:

To be enrolled in grade 10, a student must have a minimum of 50 credits, including at least 20 credits in core courses.

To be enrolled in grade 11, a student must have a minimum of 100 credits, including at least 50 credits in core courses.

To be enrolled in grade 12, a student must have a minimum of 150 credits, including at least 90 credits in core courses.

A student's grade level placement remains the same for an entire school year.

Participation in Senior Activities/ Graduation Ceremony: In order for students to participate in any senior activities they must have a total of 150 credits at the beginning of the first semester and/or 180 credits at the beginning of the second semester of their senior year. In addition, students have to fulfill all the graduation requirements, described herein, and not be on suspension, or recommended for expulsion at the time of the Graduation Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for graduation. This is a privilege.

14

MPS Student/Parent Handbook   2019-20

Graduation: MPS believes that students need to have physical and mental experience in high school, which includes academic, life skills, and applied experiences.

Students must meet the following requirements to graduate from MPS:

Credit Requirement: Currently, every student must earn a total of 210 semester credits in grades 9 through 12 in order to receive a high school diploma. *(See section "High School Credit Earned in Middle School" for middle school courses identified for high school credit.)* Each high school course at MPS is semester based and worth 5 credits, with an exception of courses such as Sustained Silent Reading (SSR) or Advisory which last one-half of a typical class period or less and are worth 2.5 credits. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. Credit is awarded on the basis of student participation, mastery of subject matter, and/or attainment of skills.

Specific Course Requirements: MPS meets and exceeds the admission requirements of all four-year universities including University of California ("UC"). MPS adopts all options approved for meeting UC's minimum "a-g" subject requirements, including approved "a-g" high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements. The following table lists courses required in order to graduate from MPS.

Diploma Types: MPS offers three different high school diploma types: *Standard (S), Advanced (A), and Honors (H).* Each diploma has minimum requirements that meet and exceed the state graduation requirements and the "a-g" subject requirements of California's four-year public universities. Students are always welcome, and often encouraged, to exceed these minimum requirements.

The "Golden State Seal Merit Diploma" & The "State Seal of Biliteracy"

As directed and described by the CDE, MPS will award eligible graduates the "Golden State Seal Merit Diploma" (GSSMD) and the "State Seal of Biliteracy" (SSB) by affixing the "Golden State Seal" and the "State Seal of Biliteracy" to their high school diplomas. GSSMD is a recognition of graduates who have demonstrated mastery of the high school curriculum in at least six subject areas, four of which are English language arts, mathematics, science, and U.S. history, with the remaining two subject areas selected by the student. SSB is recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English.

MPS Graduation Requirements

15

MPS Student/Parent Handbook 2019-20

Math Requirement: MPS math requirements are threefold:

1) Credit requirements: MPS requires at least 30 semester credits of math for a standard diploma and 40 semester credits of math for an advanced or honors diploma. Some of these credits can be earned in middle school.

2) Year requirements: MPS requires students to be enrolled in a math course for at least two years in grades nine through twelve for a standard diploma *(state requirement)* and at least three years in grades nine through twelve for an advanced or honors diploma. For example; a student may take Mathematics-I or Algebra I in seventh grade, Mathematics II or Geometry in eighth grade, and Mathematics III or Algebra II in ninth grade. The student still needs to take one more year of math for a standard diploma and two more years of math for an advanced or honors diploma.

3) Course requirements: Students need to complete three years of math courses that include the topics covered in elementary and advanced algebra and two-and-three dimensional geometry before graduation. Integrated math courses fulfill this requirement.

Science Requirement: Two years of college-preparatory laboratory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics is required. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. Computer Science, Engineering, Applied Science courses can be used in area "d" as an additional laboratory science (i.e., third year and beyond).

Service Learning: Completing 40 hours of community service before graduation is no longer a high school requirement for a standard diploma beginning with the class of 2013. However, MPS encourages students to engage in community service to develop and demonstrate crucial life skills. This will help students gain "real life" experience and develop responsibility, caring and respect for the community. Therefore, students will be required to earn 40 hours of community service before graduation for an advanced or honors diploma. Students may begin to earn these hours once they complete their 8th grade year.

[For High School Only] **Cumulative GPA:**

A cumulative GPA is calculated for all high school level courses based on the number of credits received and their weighted grade point equivalencies. Cumulative GPAs are used to determine class rank and graduation honors, eligibility for National Honor Society, by colleges as part of the admission criteria, by many scholarship and grant providers, and occasionally, by employers. This information is reported to parents on the student's high school transcript. The high school transcript is a record of all final course grades received for high school courses.

MPS requires a minimum of 2.00 cumulative GPA for graduation, 3.25 for an advanced diploma, and 3.50 for an honors diploma.

All graduating students who are eligible to receive an Honors diploma with a cumulative GPA of 4.0 or above shall be designated as the Valedictorian. Cumulative GPA computation for Valedictorian shall be based upon student's projected grades as of the first of June prior to the date of graduation.

Note: UC/CSU systems do their own GPA calculations for a-g courses taken between the summer following 9th grade through the summer following 11th grade in calculating a student's GPA. Please see your high school college counselor for further details.

Language other than English (LOTE) Courses: MPS will allow other options to satisfy the "e"-LOTE requirement for graduation. Completion of higher-level LOTE coursework with a grade of C or higher may validate D or F grades earned in lower-level courses or when a lower-level course is skipped. Please check UC Admissions website for details of course validation. UC-transferable college courses or satisfactory scores on SAT Subject, AP or IB exams can also be used to fulfill the LOTE subject requirement.

Generally, bilingual students are considered to have met the "e" subject requirement and may choose not to enroll in LOTE courses. Students who elect not to take courses in a LOTE may satisfy the "e" requirement *(for all diploma types)* by one of the following methods:

- Formal schooling in a language other than English – Students who have completed two years of formal schooling at the sixth-grade level or higher in a school where a LOTE was used as the medium of instruction have met the LOTE requirement. A school transcript or other official document is required.

- Assessment by a recognized test or University – Earning a satisfactory score on a SAT Subject, AP or IB exam, or a proficiency test administered by a UC campus or other university can demonstrate a student's proficiency in a LOTE. Most language departments at universities will conduct an assessment and issue a statement of competency on official letterhead serving as certification.

- Certification by high school principal – In cases where the options above are not available, certification by the high school principal is acceptable. Principals should develop and maintain clear standards for providing this certification. Certification should be based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency, or other appropriate sources of expertise. The principal notes the certification of competency on the student's transcript with the language and level of proficiency.

MPS Student/Parent Handbook   2019-20

Credit Acceptance: Students transferring to MPS from another accredited school, private or public, a home school, or an alternative school, will receive credit toward graduation for courses successfully completed in the sending school.

These courses will appear on student's transcript as they are transferred and will be included in cumulative GPA calculations. Upon review and approval by the school administration, students transferring to MPS from a non-accredited school may receive credit toward graduation within the following guidelines:

Documentation must be provided to MPS by the sending school as to the course of study the student followed, materials used, course description, total number of contact hours per course, grading criteria, teacher name and qualifications, student work or projects, and scores of any standardized tests the student has taken. Grades from such courses will not be included in cumulative GPA calculations.

Normally, students may not retake courses that they have already passed and for which they have earned credit. Credit is not awarded for classes repeated to raise a grade unless the grade previously earned was a Fail (F) or Incomplete (I). However, the school administration reserves the right to final decision in case of any extenuating circumstances. Extenuating circumstances may include foreign transcripts, transcripts from non-accredited schools, college courses, ESL/ELD courses, and other approved courses on a case-by-case basis. Please consult with the school administration. If the school administration allows repeat of a course for extenuating circumstances, MPS will use the new grade when calculating the student's GPA. However, the repeated grade will not be used in calculating the "a-g" GPA for UCs if a student repeats a course used to satisfy the "a-g" requirement in which the student originally earned a grade of C or higher.

Credit Recovery: A high school student who fails a course at MPS is expected to take full responsibility for their personal credit recovery process. Following are some recovery options:

    Summer School: Students can take a summer school course at any public school to recover missing credits. MPS may offer summer school depending on student needs and availability of teachers and resources.

    Online Courses: Students who are credit deficient may enroll in accredited online courses to recover missing credits. Some examples to accredited online course providers are: APEX Learning, FuelEd, BYU, etc. College counselor's approval is necessary in order for the grade of an online course to be included in cumulative GPA calculations.

    College Dual Enrollment: Students may enroll in a post-secondary course creditable toward high school completion. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

WASC Accreditation & Transferability of Courses: All MPS schools are WASC-accredited and all A-G courses of MPS are transferable to other public schools and meet the rigorous requirements for admission to both the UC and state university systems. Every transfer student will participate in an intake meeting which includes a review of his/her transcript and tracking towards graduation. Every exiting student will also receive a transcript to provide him/her with an official record of courses completed and credits earned. In addition, the school's master schedule will be informed by student needs to ensure sufficient intervention opportunities are available for the student population. Please contact your MPS school's Dean of Academics & College Counselor for further information.

Advanced Placement (AP) Courses: MPS will offer Advanced Placement (AP) classes depending on student needs/demands and availability of teachers and resources. AP courses are college-level courses, taught with college textbooks and exams that can give students college credit in the form of advanced standing when they enter their freshman year. Students have to pass the corresponding AP test in order to get college credit.

Dual Enrollment: Dual enrollment is a program that allows eligible high school students to enroll in a college course. Dual enrollment eliminates duplication of coursework between high school and college and allows students to earn their college degree in less time, save money, and experience the college environment. Junior and senior high school students who have demonstrated academic, personal and social maturity are welcome to apply. Students should visit their high school college counselor prior to the beginning of the semester to seek permission for enrolling and complete a dual enrollment registration / parent consent form.

If a student wishes to receive high school credit for a college class, a 3.0 unit or more one-semester college class will earn two semesters worth of high school credit (10.0 credits). The following table will be used for conversion of college units to high-school credits:

College units	High school credits
1 semester college unit or 1-2 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

To determine how a college course fulfills a high school requirement see your high school college counselor. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations. *Academic college courses that meet the University of California "a-g" requirements will be given a weighted grade*

17

point on the high school transcript and included in cumulative GPA calculations.

All students in grades 11 and 12 are required to be enrolled in at least five courses each semester. These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon satisfactory completion. MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.

Please see your high school college counselor for further details and a copy of the MPS Dual and Concurrent Enrollment Policy and Form.

Counseling programs:

MPS offers a comprehensive counseling and guidance program addressing personal/social, career, and academic needs for all grades. Students may sign up to see the counselor at any time to discuss personal or academic concerns. Social skills, career, and college planning lessons will be provided by the counselor at various times throughout the school year depending on grade level, need etc. The counseling office provides the following resources:
- Academic advising
- College planning resources
- Scholarship information
- SAT/ACT test dates and materials
- Career planning resources
- Conflict resolution
- Family resources
- Counseling resources

Students who wish to see the counselor can make an appointment. Parents are always welcome to make an appointment to see the counselor. All information discussed is confidential except when it involves your safety or the safety of someone else.

MPS adheres to the National Counseling Standards. The standards are as follows:

Academic Development

Standard A: Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.

Standard B: Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.

Standard C: Students will understand the relationship of academics to the world of work and home and community life.

Career Development

Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.

Standard B: Students will employ strategies to achieve future career success and satisfaction.

Standard C: Students will understand the relationship between personal qualities, education and training, and the world of work.

Personal/Social Development

Standard A: Students will acquire the attitudes, knowledge, and interpersonal skills to help them understand and respect self and others.

Standard B: Students will make decisions, set goals, and take necessary action to achieve goals.

Standard C: Students will understand safety and survival skills.

PSAT/NMSQT Tests &Applications:

MPS is dedicated to providing a comprehensive college preparatory program that facilitates students' ambitions to pursue higher education at the nation's top universities and colleges. As part of this process, grades 9 through 11 are required to take the PSAT/NMSQT test in Fall.

PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT Reasoning Test. ™ It also gives the students a chance to enter National Merit Scholarship Corporation (NMSC) scholarship programs.

The PSAT/NMSQT measures:
- critical reading skills;
- math problem-solving skills; and
- writing skills.

The most common reason for taking the PSAT/NMSQT is for the students to receive feedback on their strengths and weaknesses on skills necessary for college study. Students can then focus their preparation on those areas that could most benefit from additional study or practice.

Cal Grant program for College

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students to apply for financial aid, all grade 12 students are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission ("CASC") electronically by a school or Home Office official. A student, or the parent/guardian

18

MPS Student/Parent Handbook   2019-20

of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. All grade 12 students' GPA will be sent to CASC by October 1. The Cal Grant application submission deadline is October 1 of the grade 12 year.

E. ATTENDANCE

It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.

Excused Absences/Tardies for Classroom Based Attendance

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law or Board policy.

A student's absence shall be excused for the following reasons:
1. Personal illness;
2. Quarantine under the direction of a county or city health officer; communicable diseases exclusion
3. Professional appointments such as medical, dental, optometric, or chiropractic appointments:
    a. Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during non-school hours.
4. Attendance at funeral services for a member of the immediate family:
    a. Excused absence in this instance shall be limited to one (1) day if the service is conducted in California or three (3) days if the service is conducted out of state.
    b. "Immediate family" shall be defined as mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister or any relative living in the student's immediate household.

5. Participation in religious instruction or exercises in accordance with MPS policy:
    a. The student shall be excused for this purpose on no more than four school days per month.

In addition, a student's absence shall be excused for justifiable personal reasons such as:
1. Appearance in court;
2. Attendance at a funeral;
3. Observation of a holiday or ceremony of his/her religion;
4. Attendance at religious retreats for no more than four hours during a semester;
5. Attendance at the pupil's naturalization ceremony to become a United States citizen;
6. Attendance at legal/immigration meeting, appointment or interview
7. Attendance at an employment conference;
8. Take Our Daughters and Sons to Work Day.

Other reasons will be considered that are requested in writing and approved by MPS. If the excuse is not one of the valid excuses listed above, the MPS administrators are authorized to excuse school absences due to the pupil's circumstances on a case-by-case basis.

Unexcused Absences/Tardies for Classroom Based Attendance

Students will be marked unexcused if they:

1. Do not bring a written note within two (2) school days following an absence;
2. Leave school without signing out at the school office;
3. Are absent from class without teacher permission, including walking out of class;
4. Are absent from class without parent permission, (except students who are being excused to receive confidential medical services without parental permission);
5. Get a pass to go to a certain place but do not report there; and/or
6. Are absent/tardy for reasons **not acceptable** to the administration including but not limited to:
    ▪ Not waking up on time
    ▪ Transportation problems (missing the bus, traffic, etc.)
    ▪ Running errands for family
    ▪ Work
    ▪ Babysitting
    ▪ Hair appointment
    ▪ Needed at home
    ▪ Vacations or trips
    ▪ Athletic workout
    ▪ Socializing/Lingering in the hallway

Method of Verification

A parent/guardian must inform the MPS main office via phone of their child's absence/tardy the morning of

19

MPS Student/Parent Handbook   2019-20

the absence/tardy. When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within two (2) school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within two (2) school days of the absence/return, the absence will be marked as "unexcused." The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
   a. Name of student;
   b. Name of parent/guardian or parent representative;
   c. Name of verifying employee;
   d. Date or dates of absence; and
   e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
   a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
   b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has had twenty (20) absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law.

Students that arrive to school late must report to the main office when he or she arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, he or she will receive an unexcused tardy. The student will be given a "late slip" from office staff to be admitted to class.

Extracurricular Activities

When a student misses ten (10) unexcused absences/tardies in a semester, he or she may not be allowed to participate in any extracurricular activities in that semester. Special circumstances with documented explanations should be reviewed with the administration. After twenty (20) unexcused absences/tardies within the school year, the student will not be allowed to walk on stage for promotion/graduation as well as participate in any culminating activities, i.e., prom or graduation night.

Make up Work for Excused Absences

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

Independent Study Policy

Students with a legitimate need for an extended absence can enroll in independent study. Please see the main office of your MPS school for the independent study policy.

Unexcused Absences/Truancy for Classroom Based Attendance

Each person between the ages of 6 and 18 years old is subject to compulsory full-time education. (Education Code sections 48200 and 48410). Students shall be classified as "truant" if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code section 48260). Such students shall be reported to the MPS Principal or designee.

In addition, students shall be classified as a "chronic truant" if the student is absent from school without a valid excuse for 10 percent or more of the school days in one school, from the date of enrollment to the current date. (Education Code section 48263.6).

20

MPS Student/Parent Handbook 2019-20

The MPS Principal or designee, shall implement positive steps to reduce truancy, including working with the family in an attempt to resolve the attendance problem. A student's progress and learning may be affected by excessive unexcused absences. In addition, MPS is fiscally dependent on student attendance and is negatively impacted by excessive unexcused absences. If all attempts to resolve the student's attendance problem are unsuccessful, MPS will implement the processes described below.

PROCESS FOR UPHOLDING THE ATTENDANCE POLICY

First Day of School Process:

When students are not in attendance on the first five (5) consecutive days of school, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be voluntarily disenrolled from the MPS roster, as it will be assumed that the student has voluntarily chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll, but have not attended by the fifth day will receive a phone call reiterating the content of the letter.
4. Students who have not attended by the sixth day, and do not have an excused absence as defined above for not being in attendance will be disenrolled from the roster.
5. MPS will use the contact information provided by the parent/guardian in the registration packet.
6. The District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment.

Truancy Process:

1. Each of the first two (2) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. The student's classroom teacher may also call home.

2. Each of the third (3rd) and fourth (4th) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching three (3) unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "Truancy Letter #1" from MPS. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked.
3. Upon reaching seven (7) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "Truancy Letter #2 – Conference Request," and a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.
4. Upon reaching ten (10) unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a Student Support and Progress Team (SSPT) and the MPS Attendance Review Team (SART). In addition, the parent/guardian will receive a "Habitual Truancy Re-classification Letter #3," and will be asked/invited to attend a presentation regarding chronic absenteeism.

Student Attendance Review Team (SART)

5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
   a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
   b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or

21

face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:

    i. Parent/guardian to attend school with the child for one (1) day
    ii. Student retention
    iii. After school detention program
    iv. Required school counseling
    v. Loss of field trip privileges
    vi. Loss of school store privileges
    vii. Loss of school event privileges
    viii. Required remediation plan as set by the SART
    ix. Notification to the District Attorney

    c. The SART panel may discuss other school placement options.
    d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.

6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS and notification of the disenrollment sent to the student's district of residence.

7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.

8. If student is absent ten (10) or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be deemed to have voluntarily disenrolled and notification of the disenrollment be sent to the student's district of residence.

Removal from Charter School

If, after the above procedures have been followed, the student continues to have unexcused absences or tardies, the parent/guardian may receive notice that the student is in in violation of the SART contract. The student will then be required to appear before the SART panel again to discuss the unexcused absences or tardies. After such meeting, or after reasonable attempts by the SART panel to schedule the meeting if the parent/guardian is nonresponsive, the SART panel may recommend that the student be deemed to have voluntarily disenrolled from MPS. The parent will receive written notice of the SART panel's recommendation.

The SART panel shall then forward its recommendation to the MPS CEO or designee for review of the matter and final decision. If the MPS CEO or designee makes the decision to disenroll, notice will be sent to the student's district of residence within thirty (30) days. The MPS CEO or designee decision not to disenroll the student does not prevent the SART panel from making a similar recommendation in the future.

Referral to Appropriate Agencies or County District Attorney:

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

Reports

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

MPS Student/Parent Handbook   2019-20

II.   DISCIPLINE POLICIES

Magnolia Public Schools Student Code of Conduct:

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

Uniform and Personal Appearance:

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for "free dress days".

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to Student Uniform Policy on later pages.

A.   EXPECTED STUDENT BEHAVIOR

Students should always remember that their behavior and actions at school and at school-sponsored activities are a reflection not only of themselves, but also of the school. The following is a guideline of what expected from an MPS student:

Breakfast/Lunch Time:

Students must:
- Proceed to the eating area as instructed by MPS staff.
- Eat and finish their breakfast/lunch in the assigned area. No food should be eaten outside the designated areas.
- Wait patiently for their food and follow the direction of the adults on duty.
- Clean up after themselves and dispose of their trash in the appropriate area.
- Remember that they are not allowed in the school building without a pass.
- Students must carry a pass that is given to them by a school staff member.

On Campus:

Students must:
- Stay in designated areas on-campus.
- Be courteous and respectful at all times to everyone.
- Not use profanity, lie, fight, gamble, possess inappropriate literature or material, or be involved in the abuse/harassment of others.
- Not use or have cellular phones turned on during school hours; students are allowed to use cellular

phones **only** in the designated area after school. Phones should not be used during after school programs, such as tutoring.
- Remember that any electronic devices seen during class time will be confiscated and returned to the student's parents/guardians at the discretion of administration.
- Remember that gum chewing is not allowed anywhere on campus.
- Never ride bicycles, use roller blades or skateboards on campus nor bring them to class.
- Not leave campus without permission during school hours (except students in 7-12 grade who are being excused to receive confidential medical services without parental permission).
- Not use matches, lighters, or any type of explosive incendiary device on campus.
- Remember that **no electronic devices** may be visible or used on the campus grounds.
- Students are not allowed to loiter in the hallways.

Assemblies:

Students must:
- Be courteous and quiet during the entire assembly.
- Be respectful to the presenter/speaker.
- Follow all teacher/staff directions.

Field Trips:

Students must:
- Be on their best behavior.
  Pay attention to the directives given by the moderator and trip leader.
- Follow all school rules pertaining to behavior.
- Wear MPS uniform unless authorized by administration.

Public areas: Hallways, Lunchroom & Restrooms:
Hallways, Lunchroom and Restrooms are areas used by all members of School. Students must:
- Use the halls, lunchroom, or restrooms only as needed and then move on to class.
- Eat only in the cafeteria or other designated area.
- Leave gum at home; chewing gum is strictly prohibited anywhere on campus.
- Maintain orderly conduct always; walk in the halls, lunchroom, or restrooms.
- Keep in mind that profanity and vulgar language at any level is unacceptable and is strictly prohibited in all areas and at school functions at all times.
- Limit excessive noise such as yelling, screaming or banging lockers while in these areas.
- Help keep the school clean by picking up after yourself and putting your belongings in their proper place.
- Respect others personal space and keep your hands to yourself even in play.
- Have a pass to be in the above areas during class time.

23

MPS Student/Parent Handbook   2019-20

- Keep in mind that vandalism, littering, or graffiti in the school is prohibited and should be reported as this reflects poorly on everyone.
- Public displays of affection are prohibited.
- Bring only plastic and paper containers to school; all glass containers are prohibited on campus and will be confiscated.
- Be responsible and report any leaks, spills, or other problems in the bathroom to a teacher or the office.
- Be responsible for cleaning up after yourself, including the disposing of or the recycling of garbage.
- Have a hall pass if you are outside of the classroom during class time.
- Not visit with friends or interrupt another classroom.
- Not misuse the hall pass as it will result in loss of the hall pass privilege.
- Get a referral from your teacher before you go to the office. Do not use the hall pass.

Emergency Drills:

Fire drills, lockdowns, and evacuation drills are conducted periodically for everyone's protection and are required by law. During these drills it is imperative that students remain silent, follow instructions given by the staff, and carry out all directions in an orderly fashion.

Classroom:
Students must:
- Be seated and ready to begin their assignment when the bell rings.
- Be courteous to all teachers and students.
- Follow all school and classroom rules.
- Bring all necessary materials/supplies ready to work daily.

Classroom Procedures and Consequences:
Please check the teacher's syllabus for specific consequences which may include:

1. **In Class Warning**
2. **Student-Teacher Conference**
3. **Reflection / Parental Notification**
4. **Parent Conference**
5. **Office Referral & Administrative Disciplinary Procedures**

B.   SIS BEHAVIOR RECORDS

Student behavior will be recorded on SIS and students will receive the following rewards or consequences based on their behavior entries.

Note: The following tables are for sample purposes only. Each individual MPS school may include amendments into the SIS behavior points, rewards, and consequences addressing local needs.

Positive Rewards:

- Contact parent/guardian
- Lunch speed pass
- Treat
- One day free dress (pass will be given)
- Extended lunch period
- Two-day free dress (pass will be given)
- VIP breakfast
- Entered in a raffle
- Free dress – every Friday for one   month (pass will be given)
- VIP lunch and "Race to the Top"

Negative Consequences:

- Contact parent/guardian
- Loss of privileges
- Parent/guardian conference
- Behavior plan and lunch reflection
- Shadowed by parent/guardian for a day and one hour after school reflection
- Student improvement team
- Pending Reflection Committee outcome
- Reflective hearing with Reflection Committee, parent/guardian and student

C.   MULTI-TIERED SYSTEM OF RESPONSE TO BEHAVIOR

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted

24

MPS Student/Parent Handbook   2019-20

that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS' system of response to behavior.

MPS Student/Parent Handbook

2019-20

Infractions Explained:

(See also the Enumerated Offenses and applicable procedures listed in Section D: Suspension and Expulsion Procedures, below)

Assaulting, Fighting and/or Arranging Fights

School is not a place to arrange fights, whether those fights take place on or off school grounds. Any fight and/or attempting to fight will involve disciplining all students involved.

Bringing / Using Electronic Devices

CD players, IPOD, MP3 players, phones, PDA, PSP, laptops, smart watches, electronic games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school, it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

Scholastic Dishonesty

Scholastic dishonesty includes (but is not limited to) plagiarism, cheating on tests, and/or any other types of deception to obtain credit without effort. Scholastic dishonesty is unacceptable conduct. As a consequence, student will receive a failing grade on the assignment/test, and all other possible corrective strategies listed under the RTI table above will apply as well.

Texting/Sexting

Sexting can be defined as the act of sending sexually explicit messages or photographs electronically, primarily between mobile phones and/or any other communication devices.

Disrupting Learning

Disrupting learning includes any behavior that prevents other students from learning. It may include but is not limited to inappropriate language, eating or drinking during class against teachers' classroom rules, chewing gum, insubordination and/or selling or trading personal possessions to other students.

Horseplay

Rough or boisterous play including but not limited to shoving, play fighting, kicking, name calling, teasing, pushing/pulling on a student and shoulder bumps.

Violating Uniform Policy

A student's dress and appearance shall conform to the specific uniform and appearance limitations described in this handbook.

Possession or Use of Drugs and/or Alcohol and the Sale or Intention to Sell Drugs and/or Alcohol

Use of drugs or alcohol means a student knowingly possesses, consumes, uses, handles, gives, stores, conceals, offers to sell, sells, transmits, acquires, buys, represents, makes, applies, or is under the influence of any narcotic drug, hallucinogen, amphetamine, barbiturate, marijuana, tranquilizer, non-prescription or prescription drug (except when under the direction of a physician/parent and within school procedure), alcohol, intoxicant, solvent, gas, or any mood-altering chemical, drug of abuse or any counterfeit-controlled substance of any kind including butane lighters.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, and look-alike drugs is prohibited everywhere on school grounds, at all school activities, and on all school transportation (drug free zone 1000 feet radius). Backpacks, gym bags, coats, and/or any other containers might be searched by Administration and/or Law Enforcement if they suspect the presence of such items.

False Fire Alarms

Issuing a false fire alarm is a violation of State law. Making false 911 calls is also violation of the State Law.

Forgery of Signatures

Any attempt by a student to sign a teacher's, administrator's, parent/guardian's, and/or another student's name to any school document will be considered forgery.

Vulgarity, Profanity and Obscenity

Any gesture or material of this nature is not permitted at school or school functions.

Bullying & Cyber Bullying

Bullying is not permitted at MPS. In addition, MPS will not tolerate unlawful intimidation and bullying due to actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationalist, race or ethnicity, religion, sex, sexual orientation, or a person's association with a person, or

30

MPS Student/Parent Handbook   2019-20

group, with or more of these actual or perceived characteristics. Each student deserves an equal opportunity to obtain an education without dealing with the negative pressures of peers. Bullying consists of any of the following: pushing, shoving, hitting, and spitting, name calling, picking on, making fun of, laughing at, and excluding someone physically or via social media or electronic communications.

Bullying causes pain and stress to those who are victims and is never justified or excusable as "kids being kids", "just teasing", "joking", "playing around" or any other rationalization. <u>This includes the use of social media for wrongful purposes.</u>

Each MPS student agrees to:

• Value student differences and treat others with respect.

• Not become involved in bullying incidents or be a bully.

Harassment of Students, Teachers, Administrators, or Staff

Harassment means making unwelcome advances or any form of improper physical contact or sexual remark and any speech or action that creates a hostile, intimidating or offensive learning environment. See also the MPS Policy Against Unlawful Harassment.

Harassment can be verbal, physical and visual. (Education Code, § 212.5)

Harassment is a violation of Federal Law and is contrary to the School Board's commitment to provide a physically and psychologically safe environment in which to learn.

Behaving Disrespectfully towards Teachers or Staff

Disrespect (i.e. arguing, talking back, etc.) and insubordination (failure to comply with directives) toward any member of the faculty or staff will not be tolerated. Profanity, either spoken or written is considered a form of disrespect.

Student Hazing

Hazing is defined as doing any act or coercing another person for initiation into any organization that causes or creates a substantial risk or causes mental or physical harm. Permission, consent or assumption of the risk by an individual subjected to hazing does not lessen the prohibition contained in this policy. Hazing may carry heavy legal consequences.

Smoking or Use of Other Tobacco Products

Possession of tobacco products in any part of the school (drug free zone 1000 feet radius) or on the student is prohibited under this policy. This includes cigarettes, e-cigarettes, vaporizers, cigars, herbs, and smokeless tobacco. Backpacks, gym bags, coats, and/or any other containers might be searched if the presence of such items is suspected.

Stealing and/or Vandalizing School/Private Property & Graffiti

This means to cause or attempt to cause damage to private property, stealing or attempting to steal private property either on school grounds or during school activities, functions or events. Students and their parents or guardians will be held responsible for any theft/vandalism/graffiti (including graffiti tools such as permanent markers) that the student commits. Theft or vandalism of school property carries heavy legal penalties.

No Permanent markers or aerosol cans are allowed at school.

Displaying Threatening Behavior

Threatening behavior includes: verbal threats, both face to face and over electronic media (phone and/or computers), non-verbal threats ("hard" stares, gestures), willfully causing or attempting to cause physical injury to another person, causing or attempt to cause any student, teacher, administrator, or staff member to feel frightened or intimidated.

Bringing Weapon in School

A weapon includes, but is not limited to, conventional objects like guns, pellet guns, knives, smoke bombs, fireworks, club of any type, mace, tear gas, or other chemicals. This may also include any toy that is presented as a real weapon. It also includes objects converted from their original use to threaten or injure another. The Administration reserves the right to all final decisions regarding the definition of a weapon. Backpacks, gym bags, coats, and/or any other containers might be searched by administration or law enforcement if they suspect the presence of such items.

If you are aware of a weapon /drugs/alcohol on campus and do not inform school staff, you will be subject to disciplinary actions and serve consequences.

Possession or Use of Fireworks

Using or possessing any amusement device, smoke bomb, stink bomb, etc.

Gang and Secret Society Symbols

31

MPS Student/Parent Handbook   2019-20

Disruption and/or intimidation caused by the wearing of any type of clothing, accessories, hair style, or by writing of any signs identified as or associated with gangs. No gang activity or gang association will be permitted at school or school sponsored activities. Gang symbols on notebooks, lockers, book bags, etc. are not permitted and will be documented. Students may not promise to become or be members of a gang, secret society, illegal club, sorority or fraternity.
Arson
Intentionally starting any fire or combustion on school property
Public Display of Affection
Public displays of affection are not allowed.
Provoking/Intimidating Behavior Encouraging or Urging Other Students to Violate School Rules
Any student who, by means of provocation, intimidation, encouragement, request, or other means of promotion, induces or attempts to induce another student to violate a MPS school rule shall be subject to discipline.

Students with an IEP:

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures, below, for more information.

D. SUSPENSION AND EXPULSION PROCEDURES

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions and expulsions. The language that follows closely mirrors the language of Education Code Section 48900 et seq. The Charter School is committed to annual review of policies and procedures surrounding suspensions and expulsions and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. The MPS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline policies and procedures.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

POSITIVE BEHAVIORAL INTERVENTIONS & SUPPORTS (PBIS)

Positive Consequences

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies

32

MPS Student/Parent Handbook   2019-20

- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection:

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

In School Suspension (ISS):

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

GROUNDS FOR SUSPENSION

Jurisdiction

A student may be suspended for prohibited misconduct if the act is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be suspended for acts that are enumerated below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

    a) while on school grounds;

    b) while going to or coming from school;

    c) during the lunch period, whether on or off the school campus; or

    d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses

Students may be suspended for any of the following acts when it is determined the student:

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in minor harm.

2. Willfully used force of violence upon the person of another, except self-defense resulting in minor injury.

3. Unlawfully possessed, used, sold or otherwise furnished nominal amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

4. Unlawfully under the influence of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

6. Committed or attempted to commit robbery or extortion.

7. Caused or attempted to cause damage to school property or private property resulting in negligible loss.

8. Stole or attempted to steal school property or private property.

9. Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature

33

MPS Student/Parent Handbook

2019-20

cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a pupil.

10. Committed an obscene act or engaged in habitual profanity or vulgarity.

11. Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

12. Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

13. Knowingly received stolen school property or private property.

14. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

15. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.

16. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

17. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

18. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

19. Made terrorist threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in

which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

20. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

21. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

22. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12 inclusive.

23. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

   i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

34

ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.

iii. Causing a reasonable student to experience interference with his or her academic performance.

iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

24. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

25. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Mandatory Suspension Offenses

Students shall be suspended when the following occur on school campus or at a school activity off campus, for any of the following reasons:

1. Possessing, selling, or furnishing a firearm, as defined below. E.C. 48915(c)(1)

35

2. Brandishing a knife at another person. E.C. 48915(c)(2)

3. Unlawfully selling a controlled substance. E.C. 48915(c)(3)

4. Committing or attempting to commit a sexual assault or committing a sexual battery, as defined in the enumerated offenses, above. E.C. 48915(c)(4)

5. Possession of an explosive, as defined below. E.C. 48915(c)(5)

SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request that the parent/guardian respond to such requests without delay.

Suspension Time Limits

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension

- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024.

Recommendation for Placement/Expulsion

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the

MPS Student/Parent Handbook   2019-20

Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

Access to Education

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

GROUNDS FOR EXPULSION

Jurisdiction

A student may be expelled for prohibited misconduct if the offense is (1) related to school activity; (2) school attendance occurring at MPS or at any other school; or (3) a MPS sponsored event. A student may be expelled for offenses that are described below and related to school activity or attendance that occur at any time, including, but not limited to, and of the following:

> a) while on school grounds;

> b) while going to or coming from school;

> c) during the lunch period, whether on or off the school campus; or

> d) during, going to, or coming from a school-sponsored activity.

The length of an expulsion is addressed above, under "Rehabilitation Plans."

Expulsion (Discretionary Offenses)

1. Caused, attempted to cause, or threatened to cause physical injury to another person resulting in serious bodily harm.

2. Willfully used force of violence upon the person of another, except self-defense resulting in serious bodily injury.

3. Unlawfully possessed, used, sold or otherwise furnished significant amounts of any controlled substance, alcoholic beverage, or intoxicant of any kind as defined in Health and Safety Code Sections 11053-11058.

4. Unlawfully under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

5. Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

6. Committed or attempted to commit robbery or extortion in excess of $1,000.

7. Caused or attempted to cause damage to school property or private property in excess of $1,000.

8. Stole or attempted to steal school property or private property in excess of $1,000.

9. Habitually disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, school officials, or other school personnel engaged in the performance of their duties.

10. Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

11. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 288, 288a or 289, or committed a sexual battery as defined in Penal Code Section 243.4.

12. Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

13. Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

14. Engaged in, or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or pre-initiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

15. Made terrorist threats against school officials and/or school property. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even

37

if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, or the personal property of the person threatened or his or her immediate family.

16. Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

17. Caused, attempted to cause, threaten to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

18. Intentionally harassed, threatened or intimidated a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading student rights by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12 inclusive.

19. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a detrimental effect on his or her physical or mental health.

iii. Causing a reasonable student to experience interference with his or her academic performance.

iv. Causing a reasonable student to experience interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means

38

MPS Student/Parent Handbook 2019-20

the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

20. A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

21. Possessed, sold, or otherwise furnished any knife unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

Expulsion (Mandatory Offenses)

1. Possessing, selling, or furnishing a firearm, as defined below. E.C. 48915(c)(1)

2. Brandishing a knife at another person. E.C. 48915(c)(2)

3. Unlawfully selling a controlled substance. E.C. 48915(c)(3)

4. Committing or attempting to commit a sexual assault or committing a sexual battery, as defined in the enumerated offenses, above. E.C. 48915(c)(4)

5. Possession of an explosive, as defined below. E.C. 48915(c)(5)

MPS Student/Parent Handbook   2019-20

EXPULSION PROCEDURES

Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the school in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;

2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;

3. A copy of MPS' disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;

5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;

6. The right to inspect and obtain copies of all documents to be used at the hearing;

7. The opportunity to confront and question all witnesses who testify at the hearing;

8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial

40

MPS Student/Parent Handbook

2019-20

risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Expulsion Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student

2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS

3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the

41

MPS Student/Parent Handbook   2019-20

appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

Interim Placement

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

ADDITIONAL PROVISIONS

Bullying

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 *et seq*. MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alterative educational setting.

3. Procedural Safeguards/ Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:
  a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
  b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:
  a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
  b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
  c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of

42

placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:
   a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
   b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
   c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:
   a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
   b. The parent has requested an evaluation of the child.
   c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Required Notification

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

MPS Student/Parent Handbook   2019-20

GENERAL POLICIES

A.   SCHOOL ACTIVITIES

MPS will offer a range of activities that will enrich student development during and after school. Because the safety of students is very important to us, specific rules will apply to these activities.

Athletic Activities:

The Charter School complies with Education Code Section 49475 regarding student athletes who sustain concussions. A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head.   Even though most concussions are mild, all concussions are potentially serious and may result in complications, including prolonged brain damage and death if not recognized and managed properly.   MPS offers an athletic program, and so we must immediately remove from the school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity.   The athlete may not return to that activity until h e or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

Additionally, on a yearly basis, MPS must provide a concussion and head injury information sheet to athletes, which must be signed and returned by the athlete and the athlete's parent/guardian before the athlete initiates practice or competition.   This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.   MPS shall distribute this information sheet to athletes prior to the start of the athletic season. Copies are also available in the main office of each MPS school.

Additionally, those wishing to participate in athletics at MPS, must review the information sheet on sudden cardiac arrest and return the signed information sheet to the main office of each MPS school. The information sheet is located at: https://www.cde.ca.gov/pd/ca/pe/documents/pescaform.pdf.

Field Trips:

Field Trips offer exciting ways to learn. MPS students may have the opportunity to go on field trips at various times throughout the school year.

MPS plans many field trips, weekend getaways, summer camp, and the Europe Trip during spring break.

Students must bring to school a Field Trip Permission Slip signed by a parent or guardian by the specified date. Phone calls will not be accepted as permission for students to attend.

Academic Tutoring Program:

- Tutoring will be available as part of the MPS after-school program.
- Students can receive tutoring from faculty and volunteers from local universities.
- The program will benefit all students.
- The sessions will generally occur after school; some may be scheduled on the weekends.
- Upon availability, Saturday tutoring is available to all students who wish to improve their academic skills. We offer math and SAT/ACT prep. All students are welcome to join at specified times.

After School Activities:

MPS offers a variety of after school tutoring, clubs, sports, and activities for all students free of charge. There is no better way for students to enrich their education than by taking part in clubs, after-school activities or working with a teacher (Tutoring). These opportunities allow students to explore more deeply things they already enjoy and to try other areas that sound interesting. Students who stay for an after-school activity must follow these rules:

- Be with a teacher or other staff member at all times.
- Arrange to have their transportation pick them up at the end of the activity.
- Abide by the MPS code of student conduct and all school rules and policies as outlined in the handbook while participating in the activity.

Students who are disruptive, disrespectful, or who do not follow the rules will be prohibited from participating in the after-school program.

Students not participating in after school activities may not stay after school to wait for another student.

A full list and description of after school clubs and activities will be posted after school starts. We strongly encourage our students to explore and take advantage of these after school opportunities.

MPS is not responsible for students on campus who are not participating in after school activities or who remain on campus after the completion of the after-school activity. Those students must leave the campus within ten minutes of school or after dismissal time. Following is the MPS policy regarding students left on campus after school hours. Contact the office of each MPS school for more information.

POLICY REGARDING STUDENTS LEFT ON CAMPUS AFTER SCHOOL HOURS

MPS is committed to providing a safe campus for all students. When students are left on school property

44

MPS Student/Parent Handbook   2019-20

after the close of business hours, MPS will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event students are left on campus after school hours, MPS staff will:

1. Notify the principal or designee immediately.

2. Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the beginning of the year. This may include contacting any emergency contact(s) listed for the student.

3. If a staff person becomes aware a child is on campus more than ten minutes after dismissal of the regular school day or after school activity, the staff person or another employee will remain on site until an adult, including but not limited to an emergency contact, police officer, or social worker, retrieves the student.

4. Notify the principal or designee after the ten (10) minutes after dismissal has passed if there is a possibility that law enforcement may be called to assist the student.

5. As a last resort, contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.

6. In cases of repeated incidents where parents/guardians have been late in picking up their child, notify the parents/guardians in writing of parental responsibilities and consequences for their child. A consequence may include: refusal to allow the student to attend after school programs if the parent is repeatedly late in retrieving the child.

Students should not be dropped off more than thirty (30) minutes early for School. The School will open its doors at 7:30 a.m. and at this time students will be supervised by School staff. All students that arrive before 7:30 a.m. will be unsupervised and the School will not be responsible for the safety and well-being of these students. (Each individual MPS school may include site-specific amendments into the drop-off, pick-up, and supervision times addressing local issues.)

B. ILLNESS, INJURY, AND MEDICATION POLICIES

MPS does not have a nurse on staff. Consistent with doctor's orders, properly trained office staff can assist students with basic first aid treatment; however, office staff is not registered nurse. Students sent to the office or visiting the office claiming that they are ill will be quickly evaluated by the office staff. If a student needs treatment beyond basic first aid, Parent/Guardian will be contacted to pick him/her up.

Illness or Injury during the school day:

If a student becomes ill or injured during the school day, s/he must report to the Main Office. Do not leave the building without permission. Any absence or departure from class that is not first cleared through the office will be considered unexcused.

Illness at Home:

If a student is not physically well prior to the beginning of the school day, the office should be informed and the student should be kept at home.

Medications:

- Medication shall be administered during school hours only if determined by a physician to be necessary and with parental permission.
- All medications must be in the original container.
- The container must be clearly marked with the student's first and last name.
- A "Request for Medication to be Taken During School Hours" must accompany all medication, containing instructions for administration, including exact times and dosages. The "Request for Medication to be Taken During School Hours" will be filed in the student's folder. This form can be obtained from the Main Office. This form shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for the administration changes.
- All medications are to be delivered to the Main Office in their original containers, with the name of the student, medication, dosage, and frequency of administration clearly marked. Extra medication should be picked up by the parent/guardian at the completion of the medication regimen or end of the school year, whichever is earlier. The school is not liable for any medication not picked up after the end of the school year.
- MPS staff shall keep records of medication administered at MPS.
- Medication will be kept in a secure and appropriate storage location at each MPS school and administered per physician's instructions by appropriately designated staff.
- Administration will consult with the parent/guardian and student's medical professionals to establish a written plan for Students with chronic health issues or conditions that require specific medication regimens or health plans, such as diabetes, asthma, etc.
- Any pupil requiring insulin shots must establish a plan for administration of insulin shots with the Principal in consultation with the parent or guardian and the pupil's medical professional.

Epinephrine Auto-Injectors:

Trained MPS personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. MPS will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or

45

MPS Student/Parent Handbook   2019-20

junior) to meet the needs of its pupils. MPS will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

MPS will ensure any school personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. MPS will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

Contagious Diseases:

If, during the course of the year, a child develops any contagious disease or condition, please notify the school immediately so that precautions can be taken and appropriate notifications sent home.

The School reserves the right to notify the municipal bodies and Department of Health if necessary under federal and state laws.

Diabetes Information Sheet:
MPS will provide an information sheet regarding Type 2 Diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of Type 2 Diabetes.
2. A description of the risk factors and warning signs associated with Type 2 Diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with Type 2 Diabetes should be screened for Type 2 Diabetes.
4. A description of treatments and prevention of methods of Type 2 Diabetes.
5. A description of the different types of diabetes screening tests available.

Oral Health Assessment:
Students enrolled in kindergarten in a public school or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school are required to have an oral health assessment completed by a dental professional. Please contact the office if you have questions about this requirement. MPS provides the appropriate forms to incoming students to be completed by the oral health professional to satisfy this requirement. Please see the main office at your MPS school if you need another copy of this form.

Suicide Prevention:

MPS is committed to the safety and wellbeing of all students. Please see a copy of the MPS suicide prevention policy on the MPS website. It is also available at the Main Office.

C. PARENTAL INVOLVEMENT AND SUPPORT

Since your child's education is a continuing process, parent cooperation, support, and assistance are needed if we are to be successful. Together, we can make a positive difference in your children's lives. The following are ways that we can work to fulfill our common goals:

Parents/Guardians are asked to:
- Be a good listener to both your child and the school staff when conflicts arise.
- Be a positive role model for your child.
- Contact the school as necessary.
- Participate as fully as possible in volunteer opportunities, student presentations, parenting programs, special projects, and assembly events.
- Be familiar with MPS student handbook and explain it as necessary.

D. PARENT/TEACHER COMMUNICATION
- Parents are encouraged and are always welcomed to discuss the progress or problems of their children with the school faculty when an appointment is made prior.
- Parents may not disturb a teacher during school hours.
- An appointment is required for all conferences.
- To make an appointment with a teacher, call the main office or email them directly.
- Please do not attempt to have an impromptu conference with a teacher on campus as appointments are mandatory.
- If your question relates to the classroom, please ask the appropriate teacher.
- Any question involving a student's work or behavior must be discussed with the teacher before it is discussed with the administration.
- Parents are expected to make every reasonable effort to cooperate with the teachers and school staff to help their child have a successful educational experience.
- Parents who wish to observe their child's classes need to make arrangements with the teacher whom they like to visit and get approval from administration at least a day prior to their visit.
- Parent/teacher/student conferences are strongly encouraged when an appointment is made prior.

E. HOME VISITS
- Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students. MPS teachers visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family

46

MPS Student/Parent Handbook   2019-20

visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- For most students home and school are two different domains. Especially for minority students even the people, languages, foods, rules, duties, and concerns are different in these two worlds. They do not intersect considerably. Parents and the teachers are critical partners in educating the "whole child." However, parent conferences and other school-hosted meetings do not provide sufficient means for the parties to communicate enough and effectively and to show the student that they are on the same team. Home visits are the teachers' attempt to break the virtual border between the partners, which is most of the time successful.

F. CONTACTING YOUR CHILD DURING SCHOOL HOURS

- Parents/Guardians should only contact the main office if they must leave a message for their child in case of an emergency. Students will not be disrupted during school hours for non-emergency reasons. In case of an emergency, the message will be given to the student by office personnel.
- Parents/Guardians should not contact their child's cellular phone during school hours; students are required to turn off all electronic devices, including cellular phones, and put them away and out of sight.

G. VOLUNTEER, VISITATION, SHADOWING, AND REMOVAL POLICY

MPS encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

To ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

Volunteering Categories and Application Process

A. Certified Volunteers ("C-Volunteers")
   a. Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include but are not limited to: classroom volunteers, tutors, field-trip volunteers, etc.

   b. Application Process: C-Volunteers must provide MPS with the following documents:
      - Volunteer Application Form (signed)
      - Volunteer Commitment Form (signed)
      - Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
      - Tuberculosis risk assessment or examination
      - Valid photo I.D. (driver's license, passport, military ID, US or other government identification)

B. Single Event Volunteers ("SE-Volunteers")
   a. Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or contact with students. Examples may include but are not limited to: guest story reader, guest speaker, senior exhibition panel member, etc.
   b. Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

Volunteering Guidelines

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1. Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.

2. For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan's Law online database at http://www.meganslaw.ca.gov to ensure that prospective volunteers are not registered sex offenders.

47

MPS Student/Parent Handbook 2019-20

3. Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

4. Information gained, overheard, or inadvertently acquired by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal.

5. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.

6. Volunteer hours are applied to the non-mandatory 10 hours of volunteering requested pursuant to the Charter Petition/Student-Parent Handbook. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from the Charter School or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.

7. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

Visitation Guidelines

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher and the MPS Principal or designee.

2. All visitors shall register in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys), the officer will also be asked to produce any documentation that authorizes school access. MPS shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by MPS. The MPS Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor's pass/sticker as a visible means of identification for visitors while on school premises.

3. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.

4. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless

48

permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher's and MPS Principal's advance written permission.

5. Before leaving campus, the visitor shall sign out of the Visitors Log Book in the main office.

6. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.

7. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS' orderly operation. If consent is withdrawn by someone other than the MPS Principal, the MPS Principal may reinstate consent for the visitor if the MPS Principal believes that the person's presence will not constitute a disruption or substantial and material threat to MPS' orderly operation. Consent can be withdrawn for up to fourteen (14) days.

8. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.

9. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.

10. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.

11. The MPS Principal or designee shall seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

Shadowing Guidelines

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor's pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child's teachers.
- To preserve the academic environment, please do not take part in the lesson unless invited to do so by the teacher. Do not visit with your child or other students during class time. At no time may visiting parents address other students directly. Visitors are not allowed to record audio or video, or take photos. Should you have any concerns, report them to the MPS administrators.
- Meet with MPS administration to debrief your visit.

MPS Student/Parent Handbook   2019-20

MPS administration has the right to withdraw consent for a visitor to be on campus, as described above. All persons making the visit shall be deemed to have waived claims against the school for injury, accident, illness, or death occurring during or by reason of visit.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to $500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.

2. Under California Education Code section 44811, disruption by a parent, guardian or other person at a school or school sponsored activity is punishable, upon the first conviction by a fine or no less than $500.00 (five hundred dollars) and no more than $1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both the fine and imprisonment.

3. Disruptive conduct may lead to MPS' pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

H. SCHOOL INFORMATION SYSTEM

Parents, as well as students, will have access to their child's grades in each class, missing/incomplete/ upcoming assignments, upcoming tests/projects, discipline, communication log, and teacher contact information. Each parent will be provided with a username and password to have access throughout the school year, 24 hours a day.

All discipline entries will remain on SIS for the entire year.

I. PHONE USE

In case of emergency, students may go to the office with a hall pass from a teacher.
Please note: The office phone is for emergency calls only.

J. NEWSLETTER

- Communications regarding school activities from faculty to parents/guardians and students will be sent home periodically.
- Copies of the newsletter are available at the school office.

K. ELECTRONIC DEVICES

MPS policy regarding possession of cellular phones, any personal electronic devices, IPods, MP3 players, cameras, video cameras, laptops, and recording devices is as follows:

- From the moment a student arrives on campus to the time that the student leaves the campus, the power of the electronic device must be turned off and all devices are to be out of sight, secure with the student's belongings in a backpack or purse. The duration of the non-permitted use includes before school on school grounds, instructional time, passing periods, lunch time, and tutoring. At no time, shall the educational program or school activity be interrupted.
- The school is not liable if such devices are damaged, lost or stolen. The use of these devices or their ringing/vibrating during school time will be considered a disruption of school activities and subject to disciplinary action which will include confiscation and discipline entry.
- All confiscated devices will be returned to the parent/guardian accompanied by the student at the end of the school day.

L. LOST AND FOUND

There will be a lost and found box in the school. If you find books, clothing, or personal items on school grounds, please bring the items to the main office. Items not picked up will be donated monthly.

M. PE LOCKERS

- When available, lockers are provided for physical education class during that period only.
- Lockers are not assigned to students.
- The lockers are school property; anything placed in them or brought to campus is subject to inspection at the discretion of the administration.
- Students are responsible for all items in their locker.
- Students may be provided with a lock or allowed to bring a lock for their gym lockers and use it for the period with the condition of removing them daily. Please check with the school administration for specifics.

MPS does not accept any responsibility for stolen or lost money, clothing, valuables or other articles.

N. TEXTBOOKS

Textbooks and workbooks are issued at teacher's discretion. Students may be assigned a set of textbooks in addition to a classroom set. Students are responsible for the care of all textbooks and workbooks. Books are to be returned to the school in

50

MPS Student/Parent Handbook   2019-20

good condition at the end of the school year or at the time a student transfers out to another school.

Students will be required to report any damages to the textbooks to their classroom teachers. Parents/Guardians will be held responsible for the loss or willful cutting, defacing, or otherwise damaging of MPS textbooks, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation.

O. MEAL PROGRAM
- MPS participates in the National School Lunch Program. Applications for free or reduced price meals are included in the enrollment packets to all families and can also be obtained on the MPS website and in the main office of each MPS school. All families are encouraged to complete the application form in order to include as many eligible students as possible.
- Students are responsible for adding funds to their meal account if they pay reduced or full price.

P. EARTHQUAKE AND MAJOR DISASTER PROCEDURES
- Parents may contribute to supply ten dollars ($10) to cover the cost of a survival kit to be kept at school and used in case of emergency.
- In the event of a fire, major earthquake or major disaster, students are to be evacuated to the assigned area by MPS.
- If the local public schools announce that the students will be dismissed, MPS will do the same.
- Parents are to remain in assigned area and sign out their child with the appropriate staff member because MPS has to account for all students.
- MPS Emergency Dismissal/Evacuation Card information must be updated with any change in information by parents/guardians as soon as it occurs.

Q. STUDENT TRANSFER
- Any student transferring out of Magnolia Public Schools must complete the "Student Transfer Form" which can be obtained from the main office. The form must be completed prior to a student transferring. It is the parent/guardian's responsibility to complete the form. The school is not responsible for having it completed.
- It is the student's parent(s)/guardian(s) responsibility to contact the school that student will be transferring to. It is the parent's responsibility to make all necessary arrangements for a successful transfer.
- If a student will be transferring to another school for the following school year, the parent is still responsible to inform the main office before the last day of school, or last day of attendance.

- All textbooks must be turned in before the last day of attendance in order to complete a successful transfer. Parents/Guardians are responsible to pay for the loss, or willful cutting, defacing, or otherwise damaging of MPS textbooks, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation.
- The application of these obligations are enforced notwithstanding any contrary provisions of law applicable to homeless students or foster youth,

R. HOMELESS STUDENTS
It is the policy of MPS that homeless students are provided with a full and equal opportunity to succeed and receive an education. "The term "homeless children and youth" means individuals who lack a fixed, regular and adequate nighttime residence due to economic hardship. It includes children and youths who (42 USC 11434(a)):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals;
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;
4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Homeless Liaison.

School Liaison: The Principal of each MPS school site shall serve as the Homeless Liaison for homeless students ((42 USC 11432(g)(1)(J) & (e)(3)(C).):

> Principal
> Contact address and phone number of your
> MPS school on Page 3

The Homeless Liaison shall ensure that (42 U.S.C. 11432(g)):

1. Homeless students are identified by school personnel and through coordination activities with other entities and agencies.
2. Homeless students enroll in, and have a full and equal opportunity to succeed at MPS.
3. Homeless students and families receive educational services for which they are eligible, including services through Head Start programs

51

MPS Student/Parent Handbook   2019-20

(including Early Head Start programs) under the Head Start Act, early intervention services under part C of the Individuals with Disabilities Education Act, any other preschool programs administered by MPS, if any, and referrals to health care services, dental services, mental health services and substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.

5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.

6. Enrollment/admissions disputes are mediated in accordance with law, the MPS charter, and Board policy.

7. Parents/guardians are fully informed of all transportation services, as applicable.

8. School personnel providing services receive professional development and other support;

9. The School Homeless Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.

10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid described in section 483 of the Act.

The complete copy of the MPS policy is available at the main office.

S.   DRESS CODE

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Please cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on your understanding and your parents' and/or guardians' support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that you follow these additional guidelines in terms of uniform appearance and personal appearance. If you are still unsure about how you should look, or how the uniform should fit, check with administration. Religious head coverings shall be permitted. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.**

If a student is unable to wear the school uniform to school due to extenuating circumstances, communicate with the school administration to obtain written permission.

Free Dress & Theme Dress Days Code:

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be form fitting, revealing, or transparent.

- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school, no inappropriate image(s) or language may be displayed. The administration has discretion in determining appropriateness of images or language on clothing.

- Mini-skirts, skirts, and short shorts are not allowed. Jeans may be worn during free dress days but cannot be tight fitting or baggy.

- Midriffs, backless or side less shirts or dresses, halter tops, or tank tops with less than a 1 inch strap are NOT allowed.

- Hats, gloves, bandanas, or sunglasses are not permitted to be worn in school, except for religious head coverings.

- Neatness and good grooming is required.

USE OF SECURITY CAMERAS AT MAGNOLIA PUBLIC SCHOOLS

The Board of Directors ("Board") of Magnolia Public Schools ("MPS" or the "School") recognizes the value in protecting the health, safety, and welfare of students and staff, and in protecting the community's investment in School owned or leased property and facilities. Upon carefully weighing the privacy rights of students and staff against MPS' duty to provide a safe, secure, and orderly learning and work environment, the Board has resolved to authorize the limited use of security cameras at MPS schools, in school buildings, and upon school grounds pursuant to the following restrictions:

Security Monitoring System

1. "Security Monitoring System" refers to the School's network of security cameras, equipment, and recorded footage.

2. Security cameras may be installed in any public area within a School building and/or upon School grounds where people have no reasonable expectation of privacy including, but not limited to, in classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.

3. Security cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as in restrooms, locker rooms, or private offices.

4. The precise location of security cameras shall be determined by MPS or by the School-site principal with the approval of the Chief Executive Officer ("CEO"). Input from staff members may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security monitoring system at the school site shall be shared with the Board prior to the installation of the security monitoring system.

5. Under no circumstances shall MPS' security cameras record, or be equipped to record, audio data. Further, MPS' security cameras are not intended, and shall not be used, for viewing of live footage. Instead, security camera footage shall be recorded to a digital file. Authorized personnel may view security camera footage by accessing the pre-recorded footage saved to a digital file.

6. Security camera footage may be used as evidence in a staff or student disciplinary matter and/or to provide evidence of any unlawful activity in and around School grounds.

7. Absent a reported incident, security camera footage will be erased after thirty (30) days.

8. Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.

9. Any violation of this policy may result in student discipline in accordance with the Parent Student Handbook, or employee discipline, up to and including termination, in accordance with the Employee Handbook.

10. MPS shall notify stakeholders of the use of security cameras on campus in accordance with the law and the requirements outlined in this policy.

Treatment of Recordings

Authorized Personnel

Only authorized MPS employees may access or operate the security camera system. The footage will only be reviewed by authorized employees if a safety or security incident or suspected incident or situation arises and a review of the footage is appropriate. Absent a qualifying safety or security related incident or suspected incident, the security camera footage shall not be reviewed, unless express permission to review the footage is given by the CEO or the Board President. In cases of a malfunction to the security monitoring system, the footage may be accessed to determine functionality.

Security camera footage may only be viewed in the presence of two (2) authorized persons, which shall include the Principal of the School-site and a second person authorized by the CEO. Alternately, the two (2) authorized persons may be configured as the Board President and a second person authorized by the Board President. Both authorized persons must be physically present with two (2) different unique access keys to access the footage.

Any other parties wishing to view the security camera footage shall first obtain the written consent of the CEO, and must meet the requirements of this policy, unless otherwise required by the law, or a court of competent jurisdiction.

Data Storage

Security camera footage shall be stored in a secure location and shall only be accessed by authorized personnel. Security camera footage shall be password protected/encrypted under the direction and support of the MPS IT Director. Additionally, such footage will be stored on a local wired server which will not be connected to an outside server.

Footage of incidents captured by security cameras located on school property may constitute a part of a student's educational record, subject to relevant Board policies and administrative regulations, including applicable record retention policies. Upon the report of an incident or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings, and these requests must be made in writing and approved by the CEO prior to the footage being viewed by such parties. In most instances, the persons with a legitimate purpose will be the CEO, School-site principal, authorized administrative staff, and

55

MPS Student/Parent Handbook   2019-20

authorized MPS area education agency staff members.

Record Keeping

The Principal shall keep a written log of all persons who review the security camera footage at their School-site, including the date and time stamps of the footage under review, the name of the individuals viewing the footage, the date and time the footage was viewed, and the purpose for which the footage was viewed. If the content of the recording becomes the subject of a student or employee disciplinary proceeding, it may be treated like other evidence in that proceeding.

Security camera footage will be stored for thirty (30) days, unless the Principal, CEO, Board President, or other state or federal agency requests that specific footage be preserved for a longer period, in which case the applicable footage will be saved and protected with the same degree of security that other security camera footage is protected. No unauthorized copies of footage or duplicates may be made.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's Family Educational Rights and Privacy Act ("FERPA") Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

In the event footage is used in an employee disciplinary matter, the employee may be given access to the relevant footage at or before the time of discipline. This does not create a right of employees to access or review any other security camera footage.

Under no circumstances will the MPS' security camera footage be duplicated and removed from MPS property except in accordance with this policy, a court order, and/or a valid subpoena.

Notification

MPS shall post security camera signage at all campus and facility entrances disclosing the use of security camera equipment on the premises. Additionally, MPS Home Office shall provide the following annual written notice to students and parents at the affected school-sites:

Dear Students and Parents:

This letter from Magnolia Public Schools ("MPS") is to inform you of the decision by the MPS Board of Directors to authorize the use of security cameras in public areas of your campus, including in and around School

buildings and on School property, including inside School classrooms. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for all students and staff. Private areas of campus, such as restrooms and locker rooms, will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

This notice hereby notifies students and parents that the video recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters, to the extent permitted by law and as determined necessary by the MPS administration. Further, this notice hereby notifies Students and parents that the content of video recordings may be used in a student's disciplinary proceeding and may be referred to local law enforcement, as appropriate. The content of the video recordings may be a confidential student record and, if so, will be retained with other student records and will be subject to the Family Educational Rights and Privacy Act ("FERPA") requirements.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's FERPA Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

Security cameras will not be used to record audio, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed as discussed above.

Tampering

Students and employees are prohibited from tampering with the MPS' security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage to the system caused by the student or employee. Students found in violation of this policy will be disciplined in accordance with MPS policies. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

MPS Student/Parent Handbook   2019-20

STUDENT TECHNOLOGY USE POLICY AND AGREEMENT

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Magnolia Public Schools ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the school be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Educational Purpose

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of education. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

"Educational purpose" means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

"Inappropriate use" means a use that is inconsistent with an educational purpose or that is in clear violation of this policy and the Acceptable Use Agreement.

Notice and Use

The Charter School shall notify students and parents/guardians about authorized uses of school computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence.

To reinforce these measures, the Principal or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services on campus and may have teacher aides, student aides, and volunteers assist in this supervision.

The Principal or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Principal or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. Students are expected to follow safe practices when using Charter School technology.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Principal or designee shall block access to such sites on Charter School computers with Internet access. The Principal or designee shall

57

MPS Student/Parent Handbook

2019-20

oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of school computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

ACCEPTABLE USE AGREEMENT

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of school computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
    a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
    b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.

2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.

3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. The

student and parent agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate school policy or local law. These include but are not limited to:
    a. Playing games or online gaming.
    b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
    c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
    d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
    e. Conducting any activity that is in violation of school policy, the student code of conduct or local, state or federal law.
    f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.
    g. Participating in political activities.
    h. Conducting for-profit business.
    i. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
    j. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
    k. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
    l. Accessing or attempting to access material or systems on the network that the student is not authorized to access.

5. **No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff

58

MPS Student/Parent Handbook   2019-20

to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.

8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the MPS student discipline policy and applicable laws.

9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

   MPS promotes the use of networked computer technology in its instructional program in order to facilitate learning and teaching. Towards this end, students may be provided with a "device" (computer, laptop / iPad / Chromebook, etc.) for educational activities at school and home. MPS will make every effort to ensure that the MPS technology services are used responsibly by students. Students are expected to act in a responsible, ethical and legal manner in accordance with this Agreement, accepted rules of network etiquette, and Federal and State law. Following are some safekeeping instructions for MPS-provided devices. As applicable, students shall:
   - Bring their MPS device to school every day, fully charged;
   - Never leave the MPS device unattended;
   - Never loan the MPS device to other individuals;
   - Know where the MPS device is at all times;

- Store the MPS device in the bag/case if provided by MPS; otherwise students are encouraged to purchase protective covers/cases for their devices;
- Store and use the device in a safe location and environment to avoid loss or damage to the device;
- Not remove the Asset Tag or other school property identifiers;
- Charge the MPS device's battery daily;
- Keep food and beverages away from the MPS device;
- Only use a soft cloth or approved screen cleaning solution to clean the screen of the device;
- Not disassemble any part of the MPS device or attempt any repairs;
- Not place decorations (such as stickers, markers, etc.) on the MPS device;
- Understand that the MPS device is subject to inspection at any time without notice and remains the property of MPS;
- Notify MPS by the next school day in the event of loss or damage to the device;
- File a police report in case of theft, vandalism, and other acts covered by MPS' insurance;
- Return the device to MPS when requested by the Technology Department for maintenance and upgrades;
- Return the MPS device and accessories upon demand, upon termination of enrollment and/or at the expiration of the school year in good working condition;
- Be aware that they may be held accountable for damage to a laptop resulting from "user abuse." Examples of "user abuse" include, but are not limited to, the following: leaving cables plugged in when storing the device in the carrying case which can cause broken connectors or ports; using the carrying case/sleeve for carrying textbooks, etc.; eating or drinking while using the device, resulting in damage to the device; storing the device for prolonged periods while in "stand by" or "sleep" mode (overheating can occur).

WAIVER OF PRIVACY RIGHTS

Users of the MPS technology services expressly waive any right of privacy in anything they create, store, send, or receive on the MPS device or through the Internet or any other computer network. Users consent to allowing MPS to access and review all materials users create, store, send, or receive on the device or through the Internet or any other computer network. Users understand that MPS monitors the use of its computer resources.

DISCLAIMER

MPS guarantee the accuracy of information obtained on the Internet.

MPS makes no warranties of any kind, whether expressed or implied, with respect to the information technology services it provides. MPS will not be responsible for damages resulting from the use of MPS device and MPS information technology services, including, but not limited to, loss of data resulting from delays, non-deliveries, missed deliveries, service interruptions.

MPS shall not be responsible for any charges or fees resulting from access to the internet or internet resources which are not authorized in writing by MPS.

SIGNATURES

After reading the Student Technology Use Policy and this Acceptable Use Agreement, please note that your signature on the MPS Acknowledgement of Student Handbook page at the end of this Handbook indicates that you agree to the terms and conditions provided here. Please note, the signature of both the parent/guardian and student are mandatory before access may be granted to the technologies available at MPS. This document, which incorporates the Use Policy and procedure, reflects the entire agreement and understanding of all parties.

TITLE I INFORMATION:

MPS receives Title I funding and is therefore required to provide certain information to parents as well as develop, with parental input, a Parent Involvement Policy. Please see below for these required notices and Policy.

Teacher Qualifications

Parents may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals to parents upon request.

PARENT INVOLVEMENT POLICY

I.   Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents or other caregivers are involved in their children's education.   To that end, the **Magnolia Public Schools (MPS)** (the "LEA") has adopted this parent involvement policy in order to promote learning and provide a more positive learning experience for the students of its schools.[1]   This policy has also been

---

[1] Within this policy, the word "parent" is employed.   This word is intended to reach any caregiver of students enrolled in the LEA's school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

submitted to the California Department of Education with the LEA's Consolidated Application.

II.   Involvement in Drafting the LEA Plan

Parents will be involved in the development of the LEA/SSD plan, Single Plan for Student Achievement (SPSA), and the LEA's Local Control and Accountability Plan (LCAP). On an annual basis, the LEA will submit California Department of Education ("CDE") –required plans to the Parent Council for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE with the Consolidated Application. In addition, all parents of participating children will annually be invited to review the LEA plan and submit comments.

If the LEA/SSD plan is not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the LEA/SSD plan when it is submitted to the CDE.

III.   Involvement in School Review and Improvement

All parents will be involved, to the extent applicable, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parental involvement policy and other Title I, Part A activities and provide comments to the LEA.

Identification of a school for improvement: Before the LEA identifies its school for improvement, for corrective action, or for restructuring, it shall provide the parents of all children enrolled in the school with notice of an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based. If the **Principal** of the school believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the **Principal** may provide supporting evidence to the LEA, which shall consider that evidence before making a determination.

School plan: Parents of participating children will be involved in the development and/or revision of a school plan required of the school identified for improvement, corrective action or restructuring, which plan shall be approved by the LEA in accordance with the Every Student Succeeds Act (ESSA).

Notice required after school identification: If the LEA's school is identified for improvement, corrective action or restructuring, the LEA will promptly provide to all parents of children enrolled in the school (in an understandable and uniform format, and to the extent practicable, in a language the parents can understand), a notice containing the following:

➢   An explanation of what the identification means, and how the school compares in terms of academic achievement to other

60

MPS Student/Parent Handbook   2019-20

elementary or secondary schools served by the LEA and the CDE;

➢ The reasons for the identification;

➢ An explanation of what the LEA or the CDE is doing to address the problem of low achievement;

➢ An explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and

➢ As applicable, an explanation of the parents' option to transfer their child to another public school under the control of the LEA, return to their district of residence or to obtain supplemental educational services for the child.

Information regarding corrective action taken: The LEA shall publish and disseminate information regarding any corrective action taken at a school to parents of each student enrolled in the school in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Restructuring: Whenever a school fails to make adequate yearly progress after 1 full school year of corrective action or when the LEA is required to implement alternative governance, the LEA shall provide prompt notice to parents and provide parents with an adequate opportunity to comment before taking any action and to participate in developing any plan required by ESSA.

IV.   Coordination, Technical Assistance, and Other Support

The LEA will provide the coordination, technical assistance and other support necessary to assist its participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance in the following ways:

➢ The LEA will reserve funds to the school for parent involvement activities as required by law;

➢ The LEA (board and school leaders) will collaborate to devise a timeline for parental involvement activities throughout the school year and create a follow up tool to ensure that the activities occur.

➢ The LEA will develop the necessary technical assistance for planning and implementing effective parent involvement activities to improve student academic achievement and school performance.

V.   Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are

invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

VI.   Notice

Within **60** days of the beginning of school, the School will send **[e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets]** a notice to **[if in a targeted assistance school]** [parents of participating children] **[or if in a school with a school wide program]** [all parents] containing, but not limited to, the following information:

➢ Information about Title I, Part A programs;

➢ An explanation of the requirements of Title I, Part A programs;

➢ A description of the rights parents have for participation in Title I, Part A programs;

➢ A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent involvement policy, and if applicable, the schoolwide program.

➢ A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the proficiency levels students are expected to meet;

➢ An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.

➢ A copy of the most current Parent Involvement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental involvement program of the School. If there is sufficient need for transportation or child care at any of the parental involvement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

VII.   Title I, Part A Program Involvement

61

MPS Student/Parent Handbook   2019-20

In order to involve parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan, the School will involve parents of participating students as follows:

➢ The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.

➢ Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.

➢ The School will publish a regular Newsletter with notification of upcoming participation opportunities.

➢ The School will create a School Site Council (SSC) where it will plan, review and improve Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will consist of:

Category (a):

▪ The principal

▪ 4 teacher representatives selected by teachers at the school

▪ 1 other school personnel selected by peers at the school

Category (b):

▪ 3 parents of students attending the school selected by such parents

▪ 3 students selected by students attending the school

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) equal numbers of parents or other community members selected by parents, and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 52852)

Furthermore, Education Code Section 52852 states that parents or community members on the SSC may not be employed by the school district.

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent involvement activities are allotted for those activities.

➢ Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan and recommend any changes.

➢ **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.

➢ If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.

➢ If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the LEA.

VIII.   **Building Capacity for Involvement**

A.   **Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement**

In order to ensure effective parental involvement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

➢ The LEA will encourage parents to serve on its board of directors;

➢ The LEA will seek input from the Parent/Guardian Club and the SSC on ways to assist parents to understand the Standards and Requirements.

➢ The LEA will encourage parents to serve on its board committees.

➢ The LEA will regularly publish in its Newsletter, and/or on its website, descriptions and explanations of State academic content standards and State

62

MPS Student/Parent Handbook   2019-20

student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.

➢ Regular meetings will be held by the LEA at each school, at community libraries and/or parent volunteer homes to discuss how parents can work with educators to improve their child's academic achievement.

➢ The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.

➢ Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

B. **Helping Parents to Work with their Children**

In an effort to foster parental involvement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

➢ **Student-Teacher Status Portal:** MPS uses an online web portal to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.

Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use the portal as well as how to access it via free Internet access at public libraries if that is more convenient than coming to the school.

➢ The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.

➢ The LEA will provide annual seminars on parenting skills and parent-child communication.

➢ The school's psychologist will work with parents to better understand their children and the issues facing them.

➢ The LEA will train parents how to tutor their children in the school.

➢ Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.

➢ One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

C. **Education on Parent Involvement**

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

➢ **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school.[2] Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.

The LEA teachers will visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

MPS Student/Parent Handbook   2019-20

> A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.

> A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental involvement programs in which parents would most likely participate.

D.   Other Optional Parent Participation

The LEA will involve parents in the development of the training regarding the importance of parent involvement for teachers, principals and other educators to improve the effectiveness of such training.

In order to maximize parental involvement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.

The LEA will adopt and implement model approaches to improving parental involvement.

The LEA will develop appropriate roles for community-based organizations and businesses in parent involvement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

IX.   Coordination with Other Programs

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent involvement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

X.   Annual Evaluation

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this family involvement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA.   The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, this family involvement policy.

XI.   School-Parent Compact

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children.   The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The Parent Council will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

XII.   Involvement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be involved in the education of their children and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the LEA will do the following:

> The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.

> The LEA will provide language translators at parent meetings to the extent practicable.

> The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.

> The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.

64

MPS Student/Parent Handbook 2019-20

➤ **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the School Site Council (SSC) on programs and services for English Learners.

State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning English Learner Advisory Committee (ELAC). The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

➤ The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.

➤ Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.

➤ Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

XIII. Notices

In accordance with law, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

➤ Annual report card;

➤ A notice regarding the professional qualifications of the student's classroom teachers;

➤ The notice regarding language instruction programs;

➤ Any other notices required by law.

XIV. Miscellaneous

The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

The LEA will provide other reasonable support for parental involvement activities as requested by parents.

SCHOOL-PARENT-STUDENT COMPACT

This School-Parent[3]-Student Compact is adopted by the Magnolia Public Schools (MPS) (hereinafter "School") and is intended to outline how parents, the entire School staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards. To this end, the School, the Parent, and the Student roles are outlined as follows:

I. School Responsibilities

➤ The School will provide high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through aligned curriculum and rigorous assessment.

➤ The School will provide a variety of support programs to enhance instruction at all grade levels.

➤ The School will send frequent reports to parents on their child's progress.

➤ The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.

➤ The School will grant parents reasonable access to staff by appointment through the office.

➤ The School will provide parents with the ability to observe classroom activities by appointment through the office.

II. Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

➤ I will take a positive and active role in supporting my student's education.

➤ I will make certain my student attends school regularly and on time.

➤ I will notify school when child is absent and provide appropriate documentation.

➤ I will ensure that my student follows the school attendance policy and dress codes.

---

[3] Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the School, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

65

MPS Student/Parent Handbook   2019-20

- ➢ I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- ➢ I will notify office immediately if there is a change of home address or phone number.
- ➢ I will set aside a specific time and place for my student to do homework.
- ➢ I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- ➢ I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- ➢ I will set up a college bound environment at home and support my student through the college admission and scholarship finding process.
- ➢ I will emphasize my child adhere to the MPS Discipline Code at all times.
- ➢ I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- ➢ I will follow through with any problem behaviors noted by the School.
- ➢ I will attend orientation meetings prior to the start of School.
- ➢ I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- ➢ I will review information and work sent home and/or posted on-line for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- ➢ I will review progress reports that are sent by the School and respond as necessary.
- ➢ I will encourage positive attitudes toward school.
- ➢ I will talk with my student about what he/she is learning.
- ➢ I will expect and encourage my student to be focused on learning.
- ➢ I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- ➢ I will assure that my child do not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- ➢ I will pay for any damages to materials and/or property incurred by student.
- ➢ I will assure that students do not bring destructive materials to school (markers, paint, etc.)

- ➢ I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- ➢ I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- ➢ I will complete and return all necessary school forms and documents on time as requested by school officials.
- ➢ I will try to volunteer at School when requested.

III.   **Student Responsibilities**

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- ➢ I will come to school dressed in uniform every day and on time.
- ➢ I will be prepared for all my classes with all required materials.
- ➢ I will complete class work and homework on time.
- ➢ I will do all the homework assigned to me the best way I can and ask for help when needed.
- ➢ I will strive consistently to give my best, and to make my best academic progress.
- ➢ I will act responsibly and respectfully at all times and towards all members of the school community.
- ➢ I will follow all school rules.
- ➢ I will obey the School's Code of Conduct.
- ➢ I will respect my property, that of others, and that of the School.
- ➢ I will take good care of my books, and other materials the School allows me to use.
- ➢ I will serve my community.

INTERNAL COMPLAINT PROCEDURES

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns. Please use the Internal Complaints Policy Form following this Policy to file complaints. A copy of this Policy and Complaint Form are also available in the main office of each MPS school.

Specific complaints of unlawful harassment are addressed under the School's "TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY."

a)   Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when an MPS employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

b)   Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)
This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Principal (or the CEO) (or designee) shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process. Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY

MPS believes all students have the right to a safe and civil learning environment. Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors which interfere with students' ability to learn, and negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, MPS prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, MPS will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This policy applies to all employee, student, or volunteer actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of such misconduct prohibited by this Policy and take appropriate corrective action, if warranted.

Definitions

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs

- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school because of sex, race or any other protected basis

- Retaliation for reporting or threatening to report harassment

- Deferential or preferential treatment based on any of the protected classes above

Prohibited Unlawful Harassment under Title IX

Title IX (20 U.S.C. § 1681 *et. seq*; 34 C.F.R. § 106.1 *et. seq*) and California state law prohibit harassment on the basis of sex. In accordance with these existing laws, discrimination on the basis of sex in education institutions is prohibited. All persons, regardless of sex, are afforded equal rights and opportunities and freedom from unlawful discrimination in education programs or activities conducted by MPS.

MPS is committed to provide a workplace and educational environment free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature when: (a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against him/her or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

  - Rape, sexual battery, molestation or attempts to commit these assaults and

- o Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body

- Unwanted sexual advances, propositions or other sexual comments, such as:
  - o Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience
  - o Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct
  - o Subjecting or threats of subjecting an employee or student to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the employee's or the student's sex

- Sexual or discriminatory displays or publications anywhere in the workplace or educational environment, such as:
  - o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view at work or the educational environment
  - o Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic, and
  - o Displaying signs or other materials purporting to segregate an individual by sex in an area of the workplace or educational environment (other than restrooms or similar rooms)

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this Policy.

Prohibited Bullying

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student group or group of students that may constitute as sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing a reasonable pupil* or pupils in fear of harm to that pupil's or those pupils' person or property.
2. Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.
3. Causing a reasonable pupil to experience a substantial interference with his or her academic performance.
4. Causing a reasonable pupil to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by MPS.

* "Reasonable pupil" is defined as a pupil, including, but not limited to, an exceptional needs pupil, who exercises care, skill and judgment in conduct for a person of his or her age, or for a person of his or her age with his or her exceptional needs.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation and transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

1. A message, text, sound, video, or image.
2. A post on a social network Internet Web site including, but not limited to:
   a. Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or

70

MPS Student/Parent Handbook

2019-20

more of the effects as listed in the definition of "bullying," above.

b. Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

c. Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

3. An act of "Cyber sexual bullying" including, but not limited to:

a. The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

b. "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

4. Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene as soon as it is

safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any employee or student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels she/he is a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that she/he can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

MPS prohibits any form of retaliation against any reporter in the reporting process, including but not limited to a reporter's filing of a complaint or the reporting of instances of misconduct prohibited by this Policy. Such participation shall not in any way affect the status, grades, or work assignments of the reporter.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

Investigation

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of MPS, the Coordinator or administrative designee will promptly initiate an

71

MPS Student/Parent Handbook

2019-20

investigation. In most cases, a thorough investigation will take no more than seven (7) school days. If the Coordinator, or administrative designee determines that an investigation will take longer than seven (7) school days, he or she will inform the complainant and any other relevant parties and provide an approximate date when she the investigation will be complete.

At the conclusion of the investigation, the Coordinator or administrative designee will meet with the complainant and, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, in no case may the Coordinator or administrative designee reveal confidential information related to other students or employees, including the type and extent of discipline issued against such students or employees.

All records related to any investigation of complaints under this Policy are maintained in a secure location.

Consequences

Students or employees who engage in misconduct prohibited by this Policy will be subject to disciplinary action.

Uniform Complaint Procedures

When harassment or bullying is based upon one of the protected characteristics set forth in this Policy, a complainant may also fill out a Uniform Complaint Procedures ("UCP") complaint form at any time during the process, consistent with the procedures laid out in this Handbook.

Right of Appeal

Should the reporting individual find the Coordinator's resolution unsatisfactory, he/she may follow the Dispute Resolution Process found in this Student/Family Handbook.

UNIFORM COMPLAINT PROCEDURES (UCP)

POLICIES AND PROCEDURES

a.   Uniform Complaint Procedures (UCP)

This document contains rules and instructions about the filing, investigation and resolution of a Uniform Complaint Procedures (UCP) complaint regarding an alleged violation by Magnolia Public Schools (MPS) of federal or state laws or regulations governing educational programs, including non-compliance with laws relating to pupil fees and our Local Control and Accountability Plan (LCAP).

This document presents information about how we process UCP complaints concerning particular programs or activities that are subject to the UCP.

A UCP complaint is a written and signed statement by a complainant alleging a violation of federal or state laws or regulations, which may include an allegation of unlawful discrimination, harassment, intimidation, bullying or charging pupil fees for participation in an educational activity or non-compliance with the requirements of our LCAP.

A complainant is any individual, including a person's duly authorized representative or an interested third party, public agency, or organization who files a written complaint alleging violation of federal or state laws or regulations, including allegations of unlawful discrimination, harassment, intimidation, bullying and non-compliance with laws relating to pupil fees or non-compliance with the requirements of our LCAP.

If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

b.   The Responsibilities of MPS

We shall have the primary responsibility to ensure compliance with applicable state and federal laws and regulations.

We shall investigate and seek to resolve, in accordance with our UCP process, any complaints alleging failure to comply with applicable state and federal laws and regulations including, but not limited to, allegations of discrimination, harassment, intimidation, or bullying or noncompliance with laws relating to all programs and activities implemented by MPS that are subject to the UCP.

MPS developed the UCP process with policies and procedures adopted by our governing board.

According to state and federal codes and regulations, the programs and activities subject to the UCP are:

- Adult Education
- After School Education and Safety
- Agricultural Career Technical Education
- American Indian Education Centers and Early Childhood Education Program Assessments
- Bilingual Education
- California Peer Assistance and Review Programs for Teachers
- Career Technical and Technical Education; Career Technical; Technical Training (State)
- Career Technical Education (Federal)
- Child Care and Development
- Child Nutrition
- Compensatory Education
- Consolidated Categorical Aid
- Course Periods without Educational Content
- Economic Impact Aid
- Education Of Pupils In Foster Care, Pupils Who Are Homeless, Former Juvenile Court Pupils Now Enrolled In A School District, and Pupils Of Military Families
- Every Student Succeeds Act / No Child Left Behind (Titles I–VII)
- Local Control and Accountability Plans (LCAP)
- Migrant Education
- Physical Education Instructional Minutes
- Pupil Fees
- Reasonable Accommodations to a Lactating Pupil
- Regional Occupational Centers and Programs
- School Safety Plans
- Special Education
- State Preschool
- Tobacco-Use Prevention Education

The following complaints shall be referred to other agencies for appropriate resolution and are not subject to our UCP process set forth in this document unless these procedures are made applicable by separate interagency agreements:

- Allegations of child abuse shall be referred to County Department of Social Services (DSS), Protective Services Division or appropriate law enforcement agency.

- Health and safety complaints regarding a Child Development Program shall be referred to Department of Social Services for licensed facilities, and to the appropriate Child Development regional administrator for licensing-exempt facilities.

- Employment discrimination, harassment, intimidation or bullying complaints shall be sent to the State Department of Fair Employment and Housing (DFEH).

74

MPS Student/Parent Handbook

2019-20

- Allegations of fraud shall be referred to the Legal, Audits and Compliance Branch in the California Department of Education (CDE).

c. Pupil Fees

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

- A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.

- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

d. The Local Control Accountability Plan

The LCAP is an important component of the Local Control Funding Formula (LCFF), the revised school finance system that overhauled how California funds its K-12 schools. Under the LCFF we are required to prepare an LCAP, which describes how we intend to meet annual goals for our pupils, with specific activities to address state and local priorities identified pursuant to California Education Code (EC) Section 52060(d).

e. The UCP Annual Notice

We ensure annual dissemination of a written notice of our complaint procedures to all students, employees, parents or guardians of its students, school advisory committee members, and other interested parties that includes information regarding allegations about discrimination, harassment, intimidation, or bullying.

Our UCP Annual Notice shall also include information regarding the requirements of EC Section 49010 through 49013 relating to pupil fees and information regarding the requirements of EC Section 52075 relating to the LCAP.

Our UCP Annual Notice shall be in English and in the primary language, pursuant to section 48985 of the Education Code, or mode of communication of the recipient of the notice.

f. UCP Complaint Investigation

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is knowledgeable about the laws and programs assigned to investigate.

MPS will investigate all allegations of unlawful discrimination, harassment, intimidation or bullying against any protected group as identified in EC Section 200 and 220 and Government Code (GC) Section 11135, including any actual or perceived characteristics as set forth in Penal Code (PC) Section 422.55 or on the basis or a person's association with a person or group with one or more of these actual or perceived characteristics in any program or activity we conduct, which is funded directly by, or that receives or benefits from any state financial assistance.

Unlawful discrimination, harassment, intimidation or bullying complaints shall be filed no later than six months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or six months from the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

All complainants are protected from retaliation.

We advise complainants of the right to pursue civil law remedies under state or federal discrimination, harassment, intimidation or bullying laws.

g. UCP Complaint Resolution

If MPS finds merit in a complaint regarding Pupil Fees, Local Control and Accountability Plans (LCAP), Education of Pupils in Foster Care, Pupils who are Homeless, former Juvenile Court Pupils now enrolled in our school district and pupils in military families, Reasonable Accommodations to a Lactating Pupil, Course Periods without Educational Content (grades nine through twelve), and Physical Education

75

Instructional Minutes (grades one through eight), we shall provide a remedy.

The remedy shall go to the affected pupil in the case of complaints regarding
- Course Periods without Educational Content,
- Reasonable Accommodations to a Lactating Pupil, and/or
- Education of Pupils in Foster Care, Pupils who are Homeless, former Juvenile Court Pupils now enrolled in our school district and pupils of military families.

The remedy shall to go all affected pupils and parents/guardians in the case of complaints regarding
- Pupil Fees,
- Physical Education Instructional Minutes and/or
- Local Control and Accountability Plans.

A pupil fees complaint may be filed with the principal of a school or our CEO or his or her designee.

A pupil fees complaint and/or an LCAP complaint may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance.

A pupil fees complaint shall be filed no later than one year from the date the alleged violation occurred.

We ensure an attempt shall be made in good faith to engage in reasonable efforts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint.

We will provide an opportunity for complainants and/or representatives to present evidence or information.

Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by MPS to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

The complaint will be investigated and a written report with a Decision will be issued to the complainant by us within 60 days from the date of the receipt of the complaint, unless the complainant agrees in writing to an extension of time.

This report will contain the following elements:
  i. The findings of fact based on the evidence gathered.
  ii. Conclusion of law.
  iii. Disposition of the complaint.
  iv. The rationale for such a disposition.
  v. Corrective actions, if any are warranted.
  vi. Notice of the complainant's right to appeal our Decision to the CDE.
  vii. Procedures to be followed for initiating an appeal to CDE.

An appeal is a request made in writing to a level higher than the original reviewing level by an aggrieved party requesting reconsideration or a reinvestigation of the lower adjudicating body's decision.

A complainant may appeal our Decision of a UCP complaint regarding all specified federal and state educational programs subject to the UCP.

h. UCP Complaint Appeal Process

To appeal a UCP complaint Decision the complainant must file a written appeal within 15 days of receiving the Decision to CDE. This appeal to the CDE must fully explain the basis for the appeal, stating how the facts of our Decision are incorrect and/or the law is misapplied.

In addition, the appeal shall be sent to CDE with:

1. A copy of the original locally filed complaint; and

2. A copy of our Decision of this original locally filed complaint.

The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

UNIFORM COMPLAINT PROCEDURES (UCP)

ANNUAL NOTICE

Magnolia Public Schools (MPS) annually notifies its students, employees, parents or guardians of its students, school advisory committees, and other interested parties of the Uniform Complaint Procedures (UCP) process.

MPS is primarily responsible for compliance with federal and state laws and regulations, including those related to unlawful discrimination, harassment, intimidation or bullying against any protected group, and all programs and activities that are subject to the UCP.

Programs and Activities subject to the UCP:

- Adult Education
- After School Education and Safety
- Agricultural Career Technical Education
- American Indian Education Centers and Early Childhood Education Program Assessments
- Bilingual Education
- California Peer Assistance and Review Programs for Teachers
- Career Technical and Technical Education; Career Technical; Technical Training (State)
- Career Technical Education (Federal)
- Child Care and Development
- Child Nutrition
- Compensatory Education
- Consolidated Categorical Aid
- Course Periods without Educational Content
- Economic Impact Aid
- Education Of Pupils In Foster Care, Pupils Who Are Homeless, Former Juvenile Court Pupils Now Enrolled In A School District, and Pupils Of Military Families
- Every Student Succeeds Act / No Child Left Behind (Titles I–VII)
- Local Control and Accountability Plans (LCAP)
- Migrant Education
- Physical Education Instructional Minutes
- Pupil Fees
- Reasonable Accommodations to a Lactating Pupil
- Regional Occupational Centers and Programs
- School Safety Plans
- Special Education
- State Preschool
- Tobacco-Use Prevention Education

Pupil Fees

A pupil fee includes, but is not limited to, all of the following:
- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
- A security deposit, or other payment, that a pupil is required to make to obtain a lock, locker, book, class apparatus, musical instrument, clothes, or other materials or equipment.
- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity.

A pupil fees complaint may be filed with the principal of a school or our CEO or his or her designee. A pupil fees and/or an LCAP complaint may be filed anonymously, however, the complainant must provide evidence or information leading to evidence to support the complaint.

A pupil enrolled in MPS shall not be required to pay a pupil fee for participation in an educational activity.

A pupil fee complaint shall be filed no later than one year from the date the alleged violation occurred.

Additional Information

We shall post a standardized notice of the educational rights of pupils in foster care, pupils who are homeless, former juvenile court pupils now enrolled in a school district, and pupils in military families as specified in Education Code Sections 48645.7, 48853, 48853.5, 49069.5, 51225.1, and 51225.2. This notice shall include complaint process information, as applicable.

Contact Information

The position responsible to receive and investigate UCP complaints and ensure our compliance in our agency is:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
Phone: (213) 628-3634

Complaints will be investigated and a written report with a Decision will be sent to the complainant within sixty (60) days from the receipt of the complaint. This time period may be extended by written agreement of the complainant. The person responsible for investigating the complaint shall conduct and complete the investigation in accordance with our UCP policies and procedures.

The complainant has a right to appeal our Decision of complaints regarding specific programs and activities subject to the UCP, pupil fees and the LCAP to CDE by filing a written appeal within 15 days of receiving our Decision. The appeal must be accompanied by a copy of the originally-filed complaint and a copy of our Decision.

We advise any complainant of civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable.

Copies of our Uniform Complaint Procedures process shall be available free of charge.

MPS Student/Parent Handbook   2019-20

INFORMAL COMPLAINT PROCEDURES

The ultimate purpose of this informal complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, informal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly.

If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

- At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in three (3) working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of

relevant facts and evidence, and respond to the complainant within ten (10) working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the Chief Executive Officer (CEO) of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached "Informal Complaint Procedures Form" giving details about the complaint and steps taken to resolve it, and contact the CEO of MPS at:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO (designee) will acknowledge receipt of the written complaint in five (5) working days, attempt to identify a resolution that is acceptable to both parties, within fifteen (15) working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution *

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. (Same contact information as in Level 3) The complainant should update the Internal Complaint Procedures Form that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in five (5) working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60 day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO's decision will be

81

MPS Student/Parent Handbook   2019-20

final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within 60 days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

* For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the Informal Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's Decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a "Uniform Complaint Procedure Form" - provided in this handbook – and file it within 15 days of receiving the Decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's Decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

The following is information regarding your rights and responsibilities regarding filing a Title IX Complaint.

Title IX Coordinator Contact Information

All complaints should be sent to our Title IX Coordinator, who can be reached at:

> Chief Executive Officer
> Magnolia Public Schools
> 250 E. 1st St., Ste. 1500
> Los Angeles, CA 90012
> Phone: (213) 628-3634

Your Rights and Responsibilities Under Title IX

(a) You have the right to fair and equitable treatment and you shall not be discriminated against based on your sex.

(b) You have the right to be provided with an equitable opportunity to participate in all academic extracurricular activities and athletics offered by the MPS.

(c) You have the right to apply for athletic scholarships.

(d) You have the right to receive equitable treatment and benefits in the provision of all of the following:

- Equipment and supplies.
- Scheduling of games and practices.
- Transportation and daily allowances.
- Access to tutoring.
- Coaching.
- Locker rooms.
- Practice and competitive facilities.
- Medical and training facilities and services.
- Publicity.

(e) You have the right to have access to our Title IX Coordinator regarding gender equity laws. Please see above for this Coordinator's contact information.

(f) You have the right to file a confidential discrimination complaint with the United States Office for Civil Rights or California Department of Education if you believe you have been discriminated against or if you believe you have received unequal treatment on the basis of your sex. See below for more information regarding how to file a complaint.

(g) You have the right to pursue civil remedies if you have been discriminated against.

(h) You have the right to be protected against retaliation if you file a discrimination complaint.

(i) You can find out more information regarding your rights, MPS' responsibilities, and access information on gender equity laws from the following resources:

How to File a Complaint Under Title IX

(a) You can find more information regarding how to file a complaint as follows:

- The United States Office for Civil Rights website: https://www2.ed.gov/about/offices/list/ocr/docs/howto.html?src=rt.
- California Department of Education website: http://www.cde.ca.gov/re/di/eo/complaint.asp
- MPS Uniform Complaint Procedures ("UCP") or Harassment, Intimidation, Discrimination, Bullying Policy. Please check your School's website or main office for a complete copy of these policies.

(b) A complaint regarding discrimination or harassment based on sex must ordinarily be filed with the U.S. Office for Civil Rights within 180 days of the last act of discrimination. If your complaint involves matters that occurred longer than this and you are requesting a waiver, you will be asked to show good cause why you did not file your complaint within the 180-day period. If you have questions about your situation, you can contact the California branch of the Office for Civil Rights at the address listed below. A complaint filed with MPS under our UCP alleging unlawful discrimination, harassment, intimidation or bullying must be initiated no later than six (6) months from the date when the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or six (6) months from the date when the complainant first obtained knowledge of the facts of the alleged unlawful discrimination, harassment, intimidation or bullying.

(c) The U.S. Office for Civil Rights has its own policies and procedures for investigating complaints. Please review the above link for more information about this process. A complaint filed with MPS under our UCP or Harassment/ Intimidation/ Discrimination/ Bullying policy will be investigated in compliance with those policies.

(d) There are a variety of ways to file your complaint. You can use the U.S. Office for Civil Rights electronic complaint form filed directly through their website; or mail, email, or send by facsimile your own letter or a completed copy of the Office for Civil Rights Discrimination Complaint Form.

- The electronic complaint form is available at https://www2.ed.gov/about/offices/list/ocr/complaintintro.html

MAGNOLIA PUBLIC SCHOOLS

Receipt of and Agreement to the MPS Handbook, Student Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact

I have received a copy of the Magnolia Public Schools Student/Parent Handbook including the Student Technology Use Policy-Acceptable Use Agreement, and School-Parent-Student Compact, or I can access it at the school website. I understand that it is a source of information and a set of guidelines for implementation of school policies and procedures. I have read, understood, and agreed to the Student/Parent Handbook including the Student Technology Use Policy-Acceptable Use Agreement and School-Parent-Student Compact. I, as a Magnolia Public School student, understand and agree that use of Magnolia Public Schools computer and technology is a privilege and not a right. I understand that if I violate the Student Technology Use Policy-Acceptable Use Agreement in any way, I will be subject to referral and possible suspension. I, as a Magnolia Public School parent or guardian, understand that

>
> - *Any changes or additions to this handbook will be given to the students and parents/guardians in writing.*

I may be liable for the replacement cost for property Magnolia Public School loaned to my student that my student fails to return or that is willfully cut, defaced, or otherwise damaged, up to an amount not to exceed $10,000 (ten thousand dollars), adjusted annually for inflation. When I am unable to pay for the damages, Magnolia Public School will provide a program of voluntary work for my student in lieu of the payment of monetary damages. If my child is over the age of majority, he/she shall be liable for the same. I understand that Magnolia Public Schools can unilaterally rescind, modify, or make exceptions to any of these policies, or adopt new policies, at any time. I also understand that the provisions of the Handbook will control over any contrary statements, representations or assurances made by any supervisory personnel except those made in writing by the Chief Executive Officer or his or her designee.

RE:	Approval of Fiscal Policies and Procedures Manual FY 2019-20

Proposed Board Recommendation

I move that the board approve the attached fiscal policies for Magnolia Public Schools.

Background

As one of conditions of authorization and requirement for renewal application, fiscal policies and procedures must be reviewed and board approved within the last twelve (12) months before submission of renewal application. Our fiscal policies and procedures manual was last reviewed and approved by the board on June 14,2018.   The following board approved revisions were submitted afterwards to comply with the conditions of authorization and MOU with the authorizers:

- CSH112 Intra-Organization Receivables/Payables (Due to/Due from) was revised and approved by the Board of Directors on May 9,2019. Revision was made to use Intra-Organization language in lieu of Inter-Company Loan

- PUR102-General Purchasing was revised and approved by the Board of Directors on May 9, 2019. Revision made was to include the mandatory submission of itemized receipts to support all payments as recommended by LAUSD CSD.

- PYR102 Timekeeping Procedure for Federally Funded Employees was added and approved by Board of Directors on January 17, 2019. This policy was added to the manual to meet the requirements and comply with federal grants audit conducted in January 2019.

The above-mentioned additions and revisions are included in the attached document.

In addition, staff is requesting approval to change all references to "CMO Fees" in our fiscal policy and procedures manual to "Home Office Management Fees" based on FCMAT guidelines.

Staff is requesting board approval to ensure compliance with the 12-month requirement in the upcoming renewal process.

SOP # G&A101 Revision: 1   **Prepared by: Central Office**
Effective Date: 9/5/2017   **Approved by: BOD**

Title: **G&A101 CHART OF ACCOUNTS**

Policy: To facilitate the record keeping process for accounting, all ledger accounts should be assigned a descriptive account title and account number.

Purpose: To provide the method for assignment and maintenance of the company's chart of accounts in order to produce meaningful financial data for the Organization.

Scope: This procedure applies to all general ledger accounts.

Responsibilities: The Chief Financial Officer is responsible for monitoring and approving changes to the company's Chart of Accounts.

Definition: Chart of Accounts – A categorized listing of all account titles and numbers being used by an organization to track income, expenses, assets, equity, and liabilities is called a Chart of Accounts.

Procedure:

1.0   **DESIGN OF ACCOUNTS**

1.1   Accounts should have titles and numbers that indicate specific ledger accounts such as Cash in Checking, Furniture and Fixtures, Accounts Payable, etc.

1.2   In general, the Standardized Account Code Structure (SACS) is followed for the major code segments, including resource function (after 6/30/17), object and location.

1.3   Sub-divisions should be used to provide additional clarification, as needed. A sub-division among the balance sheet accounts should be designated short term to long term, (i.e. current assets should precede long term assets and current debt should precede long-term debt).

Unassigned number sequences should be left open within each group of accounts to provide for additional accounts, which may be added later.

1.4   Accounts may be numbered using the SACS format.

1.5   See Appendix A for guidance regarding SACS format.

2.1   **DESCRIPTION OF ACCOUNTS**

2.2   Each account should be given a short title description that is brief but will allow the reader to quickly ascertain the purpose of the account.

G&A101 Chart of Accounts page 1 of 4

4

2.3   For training and consistent transaction coding, as well as to help other non-accounting managers understand why something is recorded as it is, each account should be defined. Definitions should be concise and meaningful. The account name should clearly identify what the account is to be used for.

Accounting Policies, Procedures and Forms

An example of definitions follows:

ASSETS

Includes all cash held in the operating bank account. All withdrawals and deposits are recorded here. The reported balances are supported by a bank reconciliation prepared monthly.

SOP # G&A102 Revision: 1   **Prepared by: Central Office**
Effective Date: 9/5/2017   **Approved by: BOD**

Title:	**G&A102 FILES AND RECORDS MANAGEMENT**
Policy:	The Organization will retain records in an orderly fashion for time periods that comply with legal and governmental requirements and as needed for general business requirements.
Purpose:	To outline the methods for filing, retaining and disposing of business records.
Scope:	This procedure applies to all business documentation generated by the Organization. However, this does not necessarily cover internal or certain day-to-day business correspondence.

Responsibilities:

The Finance Staff will be responsible for categorizing and maintaining a listing of records maintained and the location (i.e. by wall unit and shelf row number).

The Chief Financial Officer is responsible for overseeing the execution of Organization policy for Record Retention, Storage and Destruction of obsolete Organization records.

Procedure:

1.1   FILING SYSTEM

1.2   To ensure efficient access, filing centers will be established in each department. To reduce the amount of duplicate and unnecessary record retention, individual desk files should be avoided unless they are used in daily operations. All other departmental or Organization records should be filed in the departmental central filing areas.

1.3   Unless necessary, records should usually only be kept by the originator or sender and not by the receiver to avoid duplicate filing systems.

1.4   The following filing guidelines should be adhered to optimize filing efficiency and records access:

- All file cabinets and files should follow recognized rules of order, such as Left to Right, Top to Bottom, Front to Back and in the case of chronological records, newest to oldest.

- File markers or label headings should always be placed at the beginning or front of a file or group of files.

- Alphabetical files should always be filed under broad topical categories. Files should never be filed under individual employee names (except Human Resources records) to avoid confusion and re-filing in the event of turnover.

G&A102 Files and Records Management   page 1 of 10

8

> **Deleted:** ¶
>
> **Deleted:** ¶
> ¶

Accounting Policies, Procedures and Forms

Files should always be filed under the "proper" or Organization names whenever appropriate. In the case of individuals, files should be maintained according to the persons "Last name" then First name and Middle initial.

- Extra care should be used for sensitive or private information. Organization financial data or personnel records that contain performance reviews, salary information, and any health related information should be kept in a secure area with limited access to only those that have a "need to know" such as the Office Manager or the Chief Financial Officer.

2.0   RECORD RETENTION AND LONG-TERM STORAGE

2.1   Storage of archived records will be maintained in the locked storage area of the building. Access to this area will be limited to the Chief Financial Officer, officers of the Organization and the Office Manager.

2.2   Non-permanent files will be stored in cardboard file boxes. Each file box will be labeled on the front with the contents, dates covered, and destruction date if applicable. Permanent records will be filed electronically.

2.3   Files should be stored only in boxes with similar items, dates and retention periods. This will allow easier access and purging of records. A general rule to keep in mind is that it is better to only half-fill a file box than to file dissimilar types of files in the same box.

2.4   The Office Manager will be responsible for categorizing and maintaining a listing of records maintained and the location (i.e. by wall unit and shelf row number).

2.5   Maintain all files for as long as is necessary but only to the extent they serve a useful purpose or satisfy business or legal requirements. G&A102 Ex1 RECORDS RETENTION PERIODS, provides a guide to the typical business life of various documents. The retention periods provided are suggested with federal requirements in mind. Be sure to check with local and state authorities for specific record retention requirements.

2.6   Copies of critical records that are vital to the daily operations of the Organization should be kept off site in case of possible disasters. This may include information needed to file insurance claims (assets lists, insurance contacts, policy numbers), financial data for tax purposes (wages paid, income and expenses), contacts lists to inform or restart the business (vendors, customers, investors and employees), and other data that would assist in rebuilding the business (business plans, intellectual property, or proprietary information).

3.1   RECORD DESTRUCTION

3.2   Three to six months after each year-end, the Office Manager will proceed with destruction of all files that have exceeded their recognized holding period.

3.3 A listing of file categories to be destroyed will be circulated to all managers thirty days prior to destruction for review and comment. The actual listing of records destroyed will be maintained permanently for future reference.

3.4 Destruction of the files will be performed by an independent, outside service for shredding and disposal. Disposal of records into the Organization's general trash service is not allowed.

A. HEALTH INSURANCE PORTABILITY ACCOUNTABILITY ACT (HIPAA)

The Standards for Privacy of Individually Identifiable Health Information (the Privacy Rule) creates national standards to protect individuals' personal health information and gives patients increased access to their medical records. As required by the Health Insurance Portability and Accountability Act of 1996 (HIPAA), the Privacy Rule covers health plans, health care clearinghouses, and those health care providers who conduct certain financial and administrative transactions electronically. Most covered entities (certain health care providers, health plans, and health care clearinghouses) must comply with the Privacy Rule by April 14, 2003. Small health plans have until April 14, 2004 to comply with the Rule.

Note: Employment records maintained by a covered entity in its capacity as an employer are excluded from the definition of protected health information. The modifications do not change the fact that individually identifiable health information created, received, or maintained by a covered entity in its health care capacity is protected health information.

B. AGE DISCRIMINATION IN EMPLOYMENT ACT (ADEA)

ADEA applies to employers with 20 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, ADEA compliance suggests keeping basic employee files from one to three years as listed:

- Payrolls or other records (for temporary and permanent positions) for three years.
- Basic employee information such as employees' names, addresses, birth dates, occupations, rates of pay, and weekly compensation for three years.
- Applications and personnel records relating to promotion, demotion, transfer, selection for training, layoff, recall or discharge for one year.
- Job advertisements and postings for three years.
- Copies of employee benefit plans, seniority and merit systems must keep on file for the full period the plan or system is in effect and for at least one year after its termination

C.   AMERICANS WITH DISABILITIES ACT (ADA)

ADA applies to employers with 15 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, ADA compliance suggests keeping employment applications and other personnel records including promotions, transfers, demotions, layoffs, and termination or requests for reasonable accommodation for at least 1 year from the making of the record or the personnel action.

D.   CIVIL RIGHTS ACT OF 1964

Applies to employers with 15 or more employees. If an EEOC charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, basic non-discrimination compliance suggests keeping employment applications and other personnel records including promotions, transfers, demotions, layoffs, and termination or any EEO-1 Reports for at least one year from the making of the record or the personnel action. If an employee is involuntarily terminated, his/her personnel records must be retained for one year from the date of termination.

E.   EMPLOYEE RETIREMENT INCOME SECURITY ACT (ERISA)

The ERISA reporting and disclosure obligations apply to all pension and welfare plans including summary plan descriptions, annual reports, reportable events, and plan termination, unless the Organization plan is exempt under ERISA.

ERISA suggests the Organization should maintain all reports, documents, information, and materials for a minimum of six years in order to disclose and or support all transactions to participants and beneficiaries (and report to certain governmental agencies), as requested or needed.

F.   EMPLOYEE POLYGRAPH PROTECTION ACT

All polygraph test results and reasons for administering the test should be kept for three years.

G.   EQUAL PAY ACT

Payroll records including time cards, wage rates, deductions from wages, and records explaining the difference in wage rates between men and women in similar positions should be kept for three years.

H.   EXECUTIVE ORDER 11246

Applies to federal contractors and requires the preparation of affirmative action plans. Affirmative action plans must be updated annually and retained for two years along with all applications and other personnel records that form the basis of the Organization's employment decisions. Generally, personnel and employment records must be retained for two years.

I. FAIR LABOR STANDARDS ACT (FLSA)

FLSA applies to employers engaged in or employees who work in interstate commerce and suggests the following records are retained for three years:

- Payroll and other records containing employee's name, birth date, gender, and occupation.

- Employee's beginning of workweek and time employee begins work.

- Regular rate of pay or other basis of payment.

- Hours worked per day and for workweek.

- Daily and weekly straight time earnings.

- Deduction from wages.

- Total wages per pay period.

- Date of payment and the pay period covered.

- For exempt professional, executive and administrative employees, and those employed in outside sales, the employer must maintain records that reflect basis on which wages are paid to permit calculations of the employee's total remuneration.

- In addition, employers must keep for at least two years all records (including wage rates, job evaluations, seniority and merit systems, and collective bargaining agreements) that explain the basis for paying different wages to employees of opposite sexes in the same establishment.

J. FAMILY AND MEDICAL LEAVE ACT (FMLA)

FMLA applies to employers with 50 or more employees within a 75 mile radius and whose employee must have worked for at least one year and accumulated at least 1,250 hours of service with the employer during the previous year. FNLA suggests the following records are retained for 3 years

- Basic employee data including name, address, occupation, rate of pay, terms of compensation, daily and weekly hours worked per pay period, deductions from wages, and total compensation.

- Dates of leave taken by eligible employees.

- For intermittent leave, the hours of leave.

- A copy of employee notices and documents describing policies and practices regarding leave.

- Records of any dispute regarding the designation of leave.

K.   **IMMIGRATION REFORM & CONTROL ACT (IRCA)**

IRCA applies to all employers and requires a signed Form I-9 is retained for three years after the date of hire and at least one year after termination.

L.   **OCCUPATIONAL SAFETY & HEALTH ACT (OSHA)**

OSHA applies to employers with 10 or more employees and suggest that the log of occupational injuries and illnesses is retained for five years. All other records should be retained for at least 30 years after employee separation. Other records include:

- Occupational injuries and illnesses.
- The annual summary of injuries and illnesses.
- Medical records and records of exposure to toxic substances.

M.   **REHABILITATION ACT OF 1973**

Applies to federal contractors. If a charge or lawsuit is filed, keep records until final disposition of the charge or lawsuit. Otherwise, basic compliance suggests keeping personnel and employment records including requests for accommodation, physical exams, job advertisements and postings, applications, resumes and records regarding hiring, assignments, promotions, demotions, transfers, layoffs, terminations, rates of pay and selection for training for two years (only 1 year if contractor has less than 150 employees or a federal contract of $150,000 or less). Note: Affirmative action plans also may have to be maintained by the employer

N.   **RIGHT TO FINANCIAL PRIVACY ACT**

The act establishes specific procedures and exceptions concerning the release of customer financial records to the federal government. It provides customers of financial institutions with a right to expect that their financial activities will have a reasonable amount of privacy from federal government scrutiny.

O.   **GUIDE TO RECORD RETENTION REQUIREMENTS**

A good source of federal retention requirements is the "Guide to Record Retention Requirements" published by the Office of the Federal Register National Archives and Records Administration. It can be purchased from the U.S. Government Printing Office in Washington DC. Additional sources of information include: IRS regulations, state and local government retention requirements or the AICPA (American Institute of Certified Public Accountants) Filing and Record Retention Procedures Guide.

P.   **IRS REVENUE PROCEDURE 98-25 RECORDS RETENTION**

The Income Tax Regulations require that, except for farmers and wage-earners, any person subject to income tax, or any person required to file an information

return with respect to income, must keep such books and records, including inventories, as are sufficient to establish the amount of gross income, deductions, credits, or other matters reported. The books or records required by must be kept available at all times for inspection by authorized internal revenue officers or employees, and must be retained so long as the contents thereof may become material in the administration of any internal revenue law.

Note: Section 6.01 requires taxpayers to maintain and make available documentation of the business processes that (1) create the retained records, (2) modify and maintain its records, (3) satisfy the requirements of section 5.01(2) of the procedure and verify the correctness of the taxpayer's return, and (4) evidence the authenticity and integrity of the taxpayer's records.

Section 6.02 sets forth four elements that the documentation required under section 6.01 must establish: (1) the flow of data through the system, (2) internal controls that ensure accurate processing, (3) internal controls that prevent unauthorized record changes, and (4) charts of account.

Section 6.03 sets forth six specific types of documentation for each retained file: (1) record formats, (2) field definitions, (3) file descriptions, (4) evidence that periodic checks are undertaken to ensure that data remains accessible, (5) evidence that the records reconcile to the taxpayer's books, and (6) evidence that the records reconcile to the taxpayer's return.

SOP # G&A103 Revision: 2   **Prepared by: Central Office**
Effective Date: 9/5/2017   **Approved by: BOD**

Title: **G&A103 TRAVEL AND ENTERTAINMENT**

Policy: All reservations required for business travel and entertainment will be made through the Supervisor or designated staff. Expenses are to be within established Organization guidelines and will be reimbursed with proper documentation. Employees are expected to spend the Organization's money as carefully and judiciously as they would their own.

           The Organization recognizes that employees who travel far from home to represent the Organization's business interests must forego their living accommodations and may forfeit personal time. Accordingly, the Organization will make efforts to provide comfortable and secure accommodations for lodging, meals and travel for employees. The Organization reserves the right to deny reimbursement of expenses that are considered lavish or extravagant.

Purpose: To provide guidelines for travel and entertainment expenses as they were actually spent, account for all advances promptly and accurately and to communicate the procedures for reimbursement.

Scope: This procedure applies to all departments and individuals who travel or entertain for the Organization.

Responsibilities:

           <u>Responsible Party:</u> The individual employee and Supervisor When the Supervisor does not make travel arrangements, each employee is responsible for making arrangements needed for business travel.

- The Supervisor may make travel arrangements when requested, provided that arrangements are made at least 15 days in advance.

           <u>The Finance Department</u> will receive and review the expense report documentation and Back-office provider process necessary employee reimbursement. (See PUR106, Reimbursements, for more detailed information.)

Procedure:

1.0   TRAVEL ARRANGEMENTS

1.1   All arrangements required for business travel are to be made individually or through the Supervisor. When possible, the Supervisor can solicit better corporate discounts and rates for hotels, airlines, car rental agencies and travel agencies. Employees benefit because they do not have to spend their own time comparing rates and making their own arrangements. If making your own arrangements, the employee must find the best possible travel pricing.

G&A103 Travel and Entertainment   page 1 of 6

18

Accounting Policies, Procedures and Forms

1.2   For maximum savings on airfares, this form should always be completed at least 15 days in advance unless an emergency trip is required.

1.3   It is preferable that all employees travel during non-working hours to maximize efficiency. The Supervisor will make arrangements for the trip as required and will return a travel itinerary and any tickets or reservation forms to the employee.

1.4   **Cash Advances** - The Organization generally **discourages** cash advances unless special circumstances apply.

   If an employee requires a cash advance, a formal request must be made as a check request. The advance request will then be forwarded to accounting for processing upon approval. Travel advance amounts are approved on an as needed basis.

   When a cash advance is received, the employee will reduce their expense reimbursement by the amount of the cash advance. In the case where the cash advance exceeds the expenses for the report submitted, the remaining cash must be turned into the Finance Team with the expense report. Amounts owed the Organization cannot be carried forward to future expense reports. Any advance outstanding will be deducted from the employee's paycheck.

1.5   **Direct Billings** - Direct billings to the Organization from motels, restaurants, etc. are not permitted unless previously authorized.

2.0   **EXPENSE GUIDELINES**

2.1   Air Travel - Airline reservations are based on the following criteria:

   •   Expediency: Getting the employee to their destination in an expedient way. (Direct flights when possible or connecting flights if necessary for faster flight schedules).

   •   Cost: Employees will fly coach class unless extenuating circumstances apply.

   •   Air Carrier: An employee's preferred airline can be utilized as long as expediency and cost factors are equal. In most cases, airfare will be directly billed to the Organization's credit card account.

      On occasion, employees may have no alternative but to book their own flight. If this is the case, employees must use regularly scheduled airlines and obtain the lowest (discount) fare available. This may mean that employees will fly at times that are not always the most convenient for them.

2.2   Lodging - Lodging arrangements are based on value, convenience for the traveler and according to what is usual and customary Organization guide lines.

   Whenever multiple employees are traveling to the same location, employees will be required to share accommodations if possible (i.e. male/male or female/female). Lodging accommodations will then be made for double rooms accordingly. If an employee is accompanied by a non-employee such as family or a friend, and therefore requires

19

Accounting Policies, Procedures and Forms

separate accommodations, the employee will be responsible for payment of any excess lodging accommodations.

2.3   <u>Meals</u> - Employees on Organization business will be reimbursed for the actual cost of their meals or the allowable Federal Per Diem rate for the locality (in accordance with the US General Services Administration), whichever is lower,.

Officers may include reimbursement of pre-approved guest meals under the same guidelines noted above.

See form PUR104 Accounts Payable and Cash Disbursements and PUR106 Reimbursements for additional information regarding Meals.

2.4   <u>Car Rentals</u> – When possible, advance arrangements should be made by the Supervisor if a car is required at the destination, otherwise the employee is required to make their own car rental arrangements. Vehicle selection will be based upon the most cost-effective class that satisfies requirements for the employee(s) and any demonstration equipment.

Supplemental auto insurance coverage offered by car rental agencies must be purchased and will be reimbursed.

2.5   <u>Personal Vehicles</u> - An employee who uses their own automobile for business will be reimbursed according to IRS mileage reimbursement guidelines. The employee must provide on the expense report, documentation including dates, miles traveled and purpose of each trip.

The Organization assumes no responsibility for personal automobiles used for business. Further, any parking or speeding violation is the sole responsibility of the employee and each employee must have valid minimum automobile liability insurance as required by state law.

2.6   <u>Telephone</u> - Telephone charges from the hotel are not allowed unless it is an emergency.

2.7   <u>Entertainment</u> - Entertainment expenses are not allowed.

2.8   <u>Miscellaneous Expenses</u> - Any additional business expenses (including but not limited to wifi access), that are not categorized above should be pre-approved and listed under miscellaneous expenses, and documented with all pertinent information to substantiate the expense.

2.9   <u>Non-Reimbursable Expenses</u> - Some expenses are not considered valid business expenses by the Organization, yet may be incurred for the convenience of the traveling individual. Since these are not expenses for the business then they are not reimbursable. (The following can be used as a guide of expenses, which are not reimbursable)

Examples include:

- Airline or travel insurance
- Airline or travel lounge clubs
- Shoe shine or Dry-cleaning (except for extended travel beyond 5 days)

- Theft or loss of personal property
- Doctor bills, prescriptions, or other medical services
- Parking tickets, traffic tickets or Car towing if illegally parked
- Health club memberships
- Baby sitter or Pet care fees
- Barbers and Hairdressers

3.0   EXPENSE REPORT PREPARATION AND REIMBURSEMENT

3.1   All business reimbursement expenditures incurred by employees of the Organization are reimbursed through the current financial system. Reimbursement receipts must be submitted monthly and any receipt that is older than 60 days will be reimbursed at the discretion of the Chief Financial Officer.

Expense report forms must be filled out completely. Required receipts for items charged must accompany all reimbursement documentation as well as uploaded into the existing financial system. Any questions regarding completion of the report should be directed to the employee's supervisor or the Finance Team.

Upon completion, the expense report along with all attachments should be submitted to the employee's appropriate supervisor for approval. After approval, the expense report is submitted to the Finance Team for processing and reimbursement. In order to expedite reimbursement, the employee should ensure that the report is completed properly, required documentation is attached, proper authorization is obtained, and any unusual items properly explained and documented.

Effective Date: 9/5/2017   **Approved by: BOD**

Title: **G&A104 MANAGEMENT REPORTS**

Policy: Back-office provider and MPS will prepare summary reports of vital operating statistics for the Organization, including revenues, current debt, operating cash, accounts receivable and projected short-term cash flows. These reports are to be prepared and are to supplement detailed monthly and quarterly financial reports and are to be used for timely "hands-on" management.

Purpose: To provide the format and content requirements for preparation of the Financial Reports.

Scope: The procedure applies to Back-office provider and the Finance personnel required for preparation of these reports.

Responsibilities:

> Back-office provider and MPS Finance personnel will be responsible for assuring effective and informative reporting for the Organization.

Procedure:

1.0 PREPARATION GUIDELINES

1.1   Financial reports that provide management the necessary information to understand whether the Organization is progressing as planned are prepared monthly or as needed.

1.2   Back-office provider maintains electronic copies of all reports and analyses.

2.0   **FINANCIAL REPORTS**

2.1   The Chief Financial Officer should review accounting program financial reports on a regular basis.

3.0   **CASH FLOW REPORT**

3.1   The Cash Flow Report represents a summary of the cash flowing through the Organization in the near term and identifies any potential shortfall that might occur in the near future before it occurs. The Cash Flow Report should be reviewed at least monthly by the Chief Financial Officer. This report supplements the detailed monthly and quarterly financial statement reports and provides a quick look at the cash performance of the Organization.

3.2 The Cash Flow Report should include projected operating cash balances for each month with estimated cash receipts by major classifications and projected disbursements by major account classifications.

3.3 Back-office provider will notify the Chief Financial Officer of any shortfall so that the Organization may determine alternative courses of action to rectify the situation.

4.0 **BUDGET VS. ACTUAL REPORT**

4.1 The Budget vs. Actual Report represents a comparison of planned operating expenses to the actual expenses incurred for the period. The objective is to highlight results against plan, percentages and variances and thus provide a basis for management decisions. The Budget vs. Actual Report is prepared and maintained by Back-office provider on a monthly basis.

5.0 **FINANCIAL STATEMENTS**

5.1 The Chief Financial Officer, Chief Executive Officer, and the Board of Directors should review the Financial Statements monthly for each board meeting. This report provides one indication of the performance of the Organization.

5.2 The Financial Statements typically are comprised of three main parts: The Statement of Financial Position, Statement of Activities, and the Statement of Cash Flows (Statement of Cash Flows quarterly).

The Statement of Financial Position (Balance Sheet) lists all of the Organization's assets (cash, receivables, deposits, inventory, equipment, intellectual property, etc.), liabilities (debt, lease obligations, etc) and net assets. It identifies the assets (which are "the business") and the financiers, or debt and equity holders and the relationship between the two.

The Statement of Activities represents the Organization's operational sources of cash – revenue – or uses – business expenses and is typically divided into operating periods that represent months, quarters or years of operations. It identifies the profitability of the Organization as a function of the accounting decisions.

The Statement of Cash Flows is the difference between the Statement of Financial Position sources and uses of cash and the Statement of Activities sources and uses of cash. This difference assists in identifying the health of the Organization's operations. It identifies whether the Organization is producing cash or consuming cash and at what rate and from what sources.

25

Accounting Policies, Procedures and Forms

5.3 The Financial Statements should be produced after the close of the Organization's period (see procedure G&A105 PERIOD-END REVIEW & CLOSING). The final Financial Statements form the basis for the Organization's formal presentations to the Board of Directors, or other stakeholders such as banks, outside agencies, or creditors in accordance with procedure G&A109 CONFIDENTIAL INFORMATION RELEASE.

SOP # G&A105 Revision: 2   **Prepared by: Central Office**
Effective Date: 9/5/2017   **Approved by: BOD**

Title: **G&A105 PERIOD-END REVIEW & CLOSING**

Policy: An orderly, timely and comprehensive review of all general ledger accounts
                   should be performed or directed by the Chief Financial Officer to ensure an
                   accurate representation of the company's financial statements. These
                   practices are aimed at proving that the financial accounts are accurate, and if
                   not, are properly adjusted to make them accurate, prior to closing.

Purpose: To provide a general overview of the process to be completed for reviewing
                   the accounting records at year-end or any particular month-end prior to
                   closing.

Scope: These practices apply to all accounts. Typically, all financial accounts are
                   reviewed and then closed out as of the company's year-end.
                   Consequently, the procedures that follow are discussed in reference to
                   year-end review. However, a sub-set of these procedures is also
                   applicable to month-end reviews. Month-end procedures are identified
                   near the end of this module.

Responsibilities:

                   Back-office provider is responsible for creating and reviewing all period-end
                   activities to ensure the period-end financial statements accurately reflect the
                   results of the Organization's activities. All general ledger adjustments should
                   be approved by designated Finance team member .

1.0   CLOSINGS PREPARATIONS

1.1   The following procedures would be expected for monthly closings:

   • Reconcile all bank accounts

   • Print and compare the aged receivables and payables to the general ledger.
     Make appropriate adjustments to balance the accounts.

   • Review all Statement of Financial Position and Statement of Activities
     accounts for completeness

   • Retain all above reports in a monthly summary file.

2.0   STATEMENT OF FINANCIAL POSITION: ASSETS

G&A105 Period-End Review and Closing   page 1 of 3

Deleted: -----------------------------Page Break-----------------------------

28

Accounting Policies, Procedures and Forms

2.1 **Cash accounts** - prepare the bank reconciliations for year-end balances per the bank statement to the balance per books for each account. The year-end reconciliation is especially important for preparing the final year-end financial statements to ensure that it is completely accurate.

Show origination dates and description of each reconciling item. Prepare the necessary journal entries to adjust to the reconciliations. Totals must agree with the general ledger. File all reconciliation reports in the year-end closing file.

2.2 **Accounts Receivable** – Print a detailed aged accounts receivable report and reconcile it to the General Ledger. This can be prepared as soon as all accounts receivable are calculated as of year-end. Calculate possible allowances for un-collectible accounts. Adjust prior allowances to calculated amount. Write off any un-locatable differences. Retain a complete copy of the detailed accounts receivable, along with any reconciling adjustments in the year-end closing file.

2.3 **Inventory** – Supplies inventory may be small but should be evaluated periodically for cost increases.

2.4 **Capital Assets** - Update the detailed schedule of fixed assets with any additions and deletions and reconcile to the general ledger balances.

2.5 **Other Assets** - Other assets include utility or real estate deposits, prepaid insurance, advances to employees, and intangibles like store pre-opening costs. These should all be identified and documented. For example, a copy of the initial deposit with the utility company, or a list of the facility pre-opening costs with a schedule showing how much of those costs are to be amortized each year. File copies of these documents in the year-end closing file.

3.0 STATEMENT OF FINANCIAL POSITION: LIABILITIES AND NET ASSETS

3.1 Liabilities are shown as the amount to be paid in the subsequent period. If in doubt, record the liability.

3.2 **Accounts Payable** - Print a detailed aged accounts payable report and reconcile it to the general ledger. This is generally completed 2 to 4 weeks after the year-end to ensure that all vendor invoices relating to services and merchandise purchased have been received and entered.

Compare all month-end vendor statements to balances per accounts payable and investigate any differences. Consider making adjustments for any significant unrecorded liabilities such as work started prior to year-end, but not yet billed by the supplier. Retain a complete copy of the accounts payable detail, along with any reconciling adjustments, in the year-end closing file.

3.3 **Accrued Expenses** - Review accruals for sales tax, payroll, payroll tax, payroll deductions payable, interest expense on short-term borrowings and long-term debt.

3.4 **Loan Debt** - Verify recorded accuracy of debt by ensuring the general ledger balances agree to year-end statements from lending institutions. Save all year-end statements in year-end closing file.

G&A105 Period-End Review and Closing   page 2 of 3

29

3.5 **Contingent Liabilities and Commitments** - Prepare a schedule of any outstanding litigation and possible losses. Prepare a schedule of all long-term rental agreements with amounts due by year for the next five years. Retain these schedules in the year-end closing file.

3.6 **Net Assets** - Record any changes in the Prior Period Adjustment category but ordinarily this account does not have any transactions directly posted to it.

4.0 **STATEMENT OF ACTIVITIES: REVENUE & SUPPORT**

4.1 **Revenue & Support** – Review all program revenue, reimbursement billings, and any other donations.

4.2 Additionally, the Chief Financial Officer and back-office provider should periodically review revenue trends, cost associated with revenues, variable expenses and fixed expenses. Look for patterns, new trends, seasonal variances, or profitable emerging products that may indicate changes in customer or program behavior.

4.3 The Chief Financial Officer and back-office provider should analytically review the revenue reports and explain all variances.

5.0 **STATEMENT OF ACTIVITIES: EXPENSES**

5.1 Each expense total should be compared to expense total from the year before (and budgets if applicable). Attempt to explain any unusual variances. Some expense items are directly related to asset or liability accounts and can be reconciled in conjunction with the related Statement of Financial Position account.

5.2 P**rogram Costs** - A detailed report should be produced of program costs and analyzed in relation to the associated revenues and to prior periods.

5.3 **Payroll** - At year-end, the various payroll expense accounts should agree to total gross payroll per payroll reports. Account for all deductions for W-3 reported to the Social Security Administration, 1099s for vendors, as well as FICA and other taxes reported accordingly.

5.4 **Bad Debt Expense** - Prepare a list of all accounts written off during the year. Note specifically any addition to the allowance for uncollectible accounts.

5.5 **Interest Expense** - Prepare a schedule of interest expense by source. Reconcile amounts to short-term borrowings and long-term debt.

Title:	**G&A106 CONTROLLING LEGAL COSTS**
Policy:	The Organization will employ various methods to manage and whenever possible, minimize legal expenses.
Purpose:	To describe the procedures for managing and controlling associated legal expenses.
Scope:	This statement applies to all individuals with the responsibility for contracting legal services and/or approving agreements, contracts, or any other legally associated transactions.

Responsibilities:

Chief Executive Officer will resolve, negotiate, and examine all legal expenses.

Legal Counsel should provide the estimated costs of legal engagements and the most likely outcome.

Definition: Arbitration - is a private, informal process by which all parties agree, in writing, to submit their disputes to one or more impartial persons authorized to resolve the controversy by rendering a final and binding award, which is enforceable in court. It can be used for a wide variety of disputes from commercial transactions to labor grievances.

Declaratory Judgment - is a binding judgment issued by the court that defines the legal relationship between the parties and their rights with respect to the matter before the court. Commonly used in contract disputes (especially useful if no physical agreement exists and or a suit has not been filed yet) to clarify what conduct is permitted or prohibited by the contract or to clarify the contract if necessary.

A declaratory judgment provides the opposing party (defendant) with the opportunity to pick and chose the venue or jurisdiction, and the parties to the litigation. In this manner the opposing party can steal the initiative, direct the litigation, and maximize its chances of winning.

Procedure:

1.0 ARBITRATION

1.1 Whenever practical, the Organization should utilize arbitration to resolve disputes. Arbitration can significantly reduce the amount of time and legal fees to resolve a dispute. The major features of arbitration are:

- A written agreement to resolve disputes by the use of impartial arbitration. Such a provision can be inserted into a contract for the resolution of possible

future disputes, or can be an agreement to submit to arbitration of an existing dispute.

- Under the rules of arbitration, the procedure is relatively simple and informal. Strict rules of evidence do not apply; there is no motion practice or formal discovery; no requirements for transcripts of the proceedings or for written opinions of the arbitrators. The rules are flexible and can be varied by mutual agreement of the parties.

- Impartial and knowledgeable neutrals serve as arbitrators. Arbitrators are selected for specific cases because of their knowledge of the subject matter. Based on that experience, arbitrators can render an award grounded on thoughtful and thorough analysis.

- Final and binding awards which are enforceable in a court. Court intervention and review is limited by applicable state or federal arbitration laws, and award enforcement is facilitated by these same laws.

1.2   The following standard clause should be inserted whenever practical into contracts, agreements, etc. to provide for the arbitration of possible future disputes:

> "Any controversy or claim arising out of or relating to this contract, or the breach thereof, shall be settled by arbitration in accordance with the Commercial [or applicable] Rules of the American Arbitration Association and judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof."

The arbitration of existing disputes may be accomplished by mutual agreement of parties with the use of the following terminology:

> "We, the undersigned parties, hereby agree to submit to arbitration under the Commercial [or applicable] Rules of the American Arbitration Association the following controversy.

<p style="text-align:center">[Describe Briefly]</p>

> We further agree that we will faithfully observe this agreement and the rules, and that we will abide by and perform any award rendered by the arbitrator(s) and that a judgment of the court having jurisdiction may be entered upon the award."

2.0   LEGAL SERVICES

2.1   All legal documents prepared for the company's use, such as vendor contracts, employment agreements, sales orders, etc. should be written in common language and whenever possible should avoid the use of legalese or jargon. Legalese tends to complicate even simple arrangements and often unnecessarily requires the incurrence of legal assistance for mere interpretive purposes.

Accounting Policies, Procedures and Forms

2.2   Before undertaking legal disputes, the Organization's legal counsel should ascertain and inform the Organization of the estimated costs that will be incurred for the legal engagement and the probable or most likely outcome of the case along with the probable amount of any awards or judgments. Use this information to produce a budget and clarify any matters that are increasing the budget. A budget will provide some assurance that the legal counsel has thought the matter through and it will also provide a baseline to determine the legal utility obtained from the matter.

2.3   Use legal action only as a last resort. Legal action is frequently not very effective. In fact, a threatened action — particularly with intellectual property — could result in a pre-emptive declaratory judgment lawsuit by the other party thus giving them the "home-field" advantage, which could lead to higher legal costs.

3.0   **LEGAL BILLINGS**

3.1   Consider negotiating a "money-back" guarantee with the right to audit any bill for up to six months. Request that all fees that are proven to be unnecessary or excessive be returned. Then examine all legal bills for any such unnecessary or excessive transactions.

3.2   Many times, legal bills are aggregated, vague and too uninformative to be useful in controlling costs. Therefore, all legal arrangements contracted by the Organization should require itemized billings to include the following information:

- Start and end times and dates of each service transaction
- Detailed description of services provided or work performed
- Distinct itemization of each individual performing services

3.3   Examine all internal discussions or conferences and note exactly who is working on the case and why. Ask for a justification for all attorneys working on the case.

3.4   Consider alternatives such as contingent fees, fixed fees, and monthly retainers. All fees are negotiable.

SOP # G&A107 Revision: 2   **Prepared by: Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title: **G&A107 TAXES AND INSURANCE**

Policy: To ensure compliance with all Federal, state, local, and other regulatory taxation requirements

Purpose: To outline the general areas of taxation. To be used as a checklist or guide in complying with tax requirements related to each specific location and organizational structure.

Scope: This statement applies to the business activities of the company.

Responsibilities:

>   The Finance team and back-office provider responsible for determining all tax liabilities and fees, and the dates due

>   Back-office provider is responsible for ensuring the timely payment of all tax liabilities and fees..

Procedure:

1.0   **ORGANIZATION FEES AND TAXES**

1.1   Fees and taxes will vary depending on the legal structure of the business activity. The Organization is a Not-For-Profit organization; however, there may be from time to time revenue earned that is taxable as if the Organization were a For- Profit entity and those profits would be considered Unrelated Business Income and subject to tax.

1.2   The Finance team and back-office provider should check with the secretary of state, registry of charitable trusts, the IRS, and any other agency that non-profit organizations may pay fees with in order to ensure all fees are paid in a timely manner. Failure to pay such fees can result in the loss of the company's legal status or structure.

2.0   **UNRELATED BUSINESS INCOME TAX**

2.1   Activities conducted not related to the exempt purpose of the Organization can be subject to unrelated business income tax.

3.0   **PAYROLL FEES AND TAXES**

3.1   The Federal and state governments charge an **unemployment tax**, based on a specified minimum amount of each worker's salary level. For most states, the rate can change from business to business depending on the Company's history of claims and the economic health of the state in which the Company is located. Most of Magnolia's schools participate in the School Employers' Fund (SEF) for unemployment insurance.

3.2   **Worker's compensation insurance** may be imposed by a state like a tax. It can also vary based on the amount of payroll, past history of worker's compensation claims, and the type of work in which the business is engaged. This coverage is generally arranged through an insurance company.

G&A107 Taxes and Insurance   page 1 of 4

35

Accounting Policies, Procedures and Forms

3.3 At the Federal level, payroll is taxed at a uniform rate for **Social Security** and **Medicare**. These two taxes are evenly shared between the company and the employee up to certain levels of income. Additionally, personal income taxes, based on the employee's compensation, must be **withheld** from the employee's earnings and remitted to the government by the company, along with the company's and employee's share of **Social Security** and **Medicare** taxes.

3.4 In California, a portion of the employee's compensation is also **withheld** and remitted to the state by the Organization.

3.5 Other payroll withholdings, mandated by Federal or state requirements, may require wage garnishments to fulfill a bankruptcy edict or childcare payment requirement.

3.6 The Treasury Department and or the Internal Revenue Service (IRS) collects all monies due the Federal Government. Technically, withholding amounts deducted from a paycheck are considered the government's money and the business owner is temporarily holding the money, in deposit, until it can be transferred to the government. Any failure to pay in a timely fashion is considered a serious matter by the IRS and will not be ignored.

The IRS will impose a penalty for failing to pay the required withholding amounts on time. In addition, interest will be charged until the amount is paid. Both interest and penalties imposed by the IRS can add up significantly.
Therefore, the IRS is not a good source to "borrow" money from if cash is tight.

Note: Money due the IRS is NOT dischargeable in bankruptcy.

3.7 Certain local municipalities charge an **Earnings tax** based on payroll, income, assets, stock options granted or any combination. Check with the city clerk for details.

4.0 EXCISE TAXES

4.1 There are many different federal government taxes or fees imposed on the commerce of different types of businesses. The following represents the most common.

4.2 Penalties and interest may result from any of the following acts.

- Failing to collect and pay over tax as the collecting agent.
- Failing to keep adequate records.
- Failing to file returns.
- Failing to pay taxes.
- Filing returns late.
- Filing false or fraudulent returns.
- Paying taxes late.
- Failing to make deposits.

- Depositing taxes late.
- Making false statements relating to tax.
- Failing to register.

5.0   OTHER TAXES AND CREDITS

5.1   Many state, counties, and cities impose **real estate taxes.** The Organization should ensure that where possible the Organization has applied for exemption from property taxes as a non-profit organization.

5.3   **Sales and Use Taxes** – at this time, the Organization does not sell any products and is not subject to sales tax. However, they may make purchase from out of state vendors that are subject to California Use Tax. Such expenditures are monitored and reported, and payment is remitted quarterly to the Board of Equalization.

6.0   TAX PAYMENTS

6.1   The Finance team should create and maintain a detailed tax calendar as a guide, which provides a sample guide to some of the most common taxes. The guide should serve a reminder of tax due dates.

7.0   INSURANCE

7.1   Insurance needs for a business can be grouped in two broad categories, those that are directed at safeguarding assets and those that are furnished as employee benefits. Employee benefit insurance such as, health insurance, disability insurance and key man life insurance, should be considered in light of its importance in the entire employee compensation mix and in light of the personal needs of the company's owner(s).

7.2   Insurance used for safeguarding company's assets includes: property, causality, key-man and professional liability insurance, as well as auto insurance, errors and omissions, directors' liability or business interruption insurance. The levels and terms of these policies should be determined based upon the value of the assets at risk and creditor or state and local requirements.

7.3   Business with a lot of employees should consider employment practices liability insurance covers businesses against some types of employee lawsuits including:

- Sexual harassment
- Discrimination
- Wrongful termination
- Breach of employment contract
- Negligent evaluation
- Failure to employ or promote
- Wrongful discipline
- Deprivation of career opportunity

	Deleted: t

G&A107 Taxes and Insurance   page 3 of 4

37

Accounting Policies, Procedures and Forms

- Wrongful infliction of emotional distress
- Mismanagement of employee benefit plans

7.4 Certificates of insurance may be required to be on file or on display depending on governmental requirements. It is important to consider that the insurance policy is a contract. Each year's policy should be saved in a permanent file. A product liability suit can go back many years, and if the potential claim is significant, the protection afforded by the prior year's insurance coverage will be improved if that year's policy has been saved.

SOP # G&A108 Revision: 0　　　　　**Prepared by: Central Office**
Effective Date: 2/14/13　　　　　　**Approved by: BOD**

Title:　　　**G&A108 PROPERTY TAX ASSESSMENTS**

Policy:　　All property tax assessments will be reviewed for accuracy and proper assessed valuations to ensure minimum property tax costs to the Organization.

Purpose:　To outline the areas for review in assessments and methods for appealing overstated assessments. A Non-Profit property tax exemption is the preferred method to minimize property taxes.

Scope:　　This statement applies to the Finance Department for property tax assessments for all sites owned by the Organization.

Responsibilities:

The Chief Financial Officer is responsible for reviews of Assessments including the review of Property Descriptions, validating record accuracy and submitting appeals to local Assessor's Offices.

Procedures:

1.0　REVIEW OF ASSESSMENTS

1.1　All assessments are to be promptly reviewed. Many jurisdictions only allow a challenge to an assessment within 30 days after the annual notice of assessed value is sent. If the Finance Department misses the deadline, the Organization loses the chance to reduce the year's property taxes. There are normally no refunds for prior years' property taxes even if successfully challenged in the future. Often, it may be advisable to begin the analysis process prior to receiving the assessment notice.

1.2　When reviewing an assessment, the first step is to find out how the property was assessed. Ask for a full explanation of how the assessed value was derived. Assessors are usually cooperative in providing this information.

1.3　Upon receipt of the basis for assessment, the following factors should be reviewed:

Note: Do not make the mistake of thinking property has received a favorable low assessment just because its assessed value is less than its market value. Many jurisdictions use "assessment ratios" that are a percentage of market value. What is important is the amount of a property's assessment compared to those of similar properties. A below market assessment may in fact be very high.

Accounting Policies, Procedures and Forms

- **Research Similar Properties:** Tax assessments are part of the public record. Assessments of similar properties to the Organization's should be looked up to see that the Organization's assessment is in line. The objective is to find assessed values for similar properties that are far lower than the Organization's. For example, organization locations within industrial parks or similar developments should be easy to find very similar properties for comparison.

- **Review Property Descriptions and Accuracy of Records:** Review records for possible clerical errors. Ensure that property descriptions are correct and the building size (total square feet) is not overstated. Make sure that all dates are correct and that all calculations are properly computed. A wrong construction date or simple mathematical error can increase tax valuations.

- **Deflate Property Valuations:** Tax assessors generally value property on the basis of historical cost and the recent sales prices of other properties in the area. Often, when figuring local property taxes, numbers reported on the federal tax return will be used. Depreciable assets are valued at cost on the federal return when figuring depreciation deductions. However, the appropriate assessment for market value for property tax purposes may very different. Further, instead of performing actual physical inspections or assessments of properties every year, local assessors use "equalization ratios" to adjust the annual assessment. The equalization ratio is a type of an inflation adjustment meant to reflect the current general trend in property values. However, the current trend in property values may not apply to the Organization's property.

1.4   If the Organization can provide solid reasons for using different measures to value property, it may be able to receive a reduction in property taxes. Possible valuation methods can include:

- **Income Production:** Measure the current value of the cash flow stream generated by the property, which may be substantially lowered during a recession.

- **Replacement or Reproduction Cost**: How much it would cost to replace or reproduce the property should be determined. For example, if the construction industry is in a downturn, the cost to replace the property may be less than what the Organization paid for the property.

- Also the Organization should evaluate if it incurred any construction cost overruns due to bad weather, labor disturbances, material shortages, etc., that may have increased the cost of a new building without adding to its value. Decorative features may also add much less value than their actual cost.

- **Market Prices:** The actual recent sales of similar properties may show that the Organization's property is over-assessed.

G&A108 Taxes and Insurance   page 2 of 4

40

Deleted: -----------------------------Page Break------------------------------

Accounting Policies, Procedures and Forms

- **Unique Features or Business Obsolescence:** Changes to the characteristics of the property or features specific to the Organization's business may reduce its value. Examples can include:

- Change in zoning restrictions that limit the use of the property.

- Changes in neighborhood logistics, such as a median divider placed in a highway that deprives a location from access to customers, rerouting of a highway, closing of a railroad line or economic decline in the area that forces the Organization's traditional customer base to move away.

- Obsolete design for the Organization's particular business needs such as a facility that has been specially designed to hold machinery that has been made obsolete by a competitor's innovation or a communications facility built with conventional wiring that is obsolete due to a switch in the industry to the use of fiber optics.

- Unique design aspects which meet Organization needs but would reduce the value of a property to others.

- A general downturn in the Organization's industry.

- Including Personal Property in Building Valuations: Property that is movable is personal property and should not be included in a valuation of the building. Many items such as piping, wiring, climate control systems, generators, special supports and foundations for equipment may look like part of the building to the assessor but should not be included in the building's assessment.

1.5   Where the Organization is renting classroom or other facilities with triple net leases that includes property taxes that the Organization paid, the Organization should consider evaluating the lease location for the possibility that the landlord has not lowered the property taxes or is charging an unfair higher property tax to the Organization.

1.6   Under all circumstances the Organization should seek a property tax exemption or waiver. Often times the County will assess taxes for the first year, and the waiver will apply thereafter.

2.0   APPEALING OF ASSESSMENTS

2.1   If upon review of the assessment and all other factors, the Finance Department believes a downward adjustment to the property assessment is appropriate, an appeal should be prepared. Experience has shown that if an organization presents a sound argument for challenging an assessment, the Organization has an excellent chance of receiving some type of tax reducing adjustment even if it is less than the Organization had requested.

2.2   The appeal case should include documentation of the above findings. It is important to keep in mind that the property tax assessor may not be familiar with

G&A108 Taxes and Insurance   page 3 of 4

Deleted: ¶

Deleted: ------------------------------Page Break------------------------------

41

Accounting Policies, Procedures and Forms

the details of the Organization's business or industry, so the Organization must prepare to explain how such factors may affect a property's value.

2.3 Once a sound case is prepared, an appeal can be sought by simply calling the local assessor's office and asking for an appointment to discuss the assessment. The meeting with the local assessor will generally be informal. It is important to not be adversarial with the assessor but to present the attitude that the Organization is helping the assessor to reach a more accurate valuation for the property by presenting additional information.

2.4 If the Organization does not receive any or a large enough adjustment, an appeal may be made with the local Board of Appeals. These meetings will probably be more formal and the Organization may wish to provide expert testimony or obtain an independent appraisal of the property to present to the Board of Appeals.

SOP # G&A109 Revision: 1   **Prepared by: Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title: **G&A109 CONFIDENTIAL INFORMATION RELEASE**

Policy: The release of financial, statistical or other information that may be of a confidential nature to the Organization should be controlled. Individual requests should be referred to the Chief Financial Officer, or appropriate manager for disposition.

Purpose: To provide a means for the control of information to banks, media, credit bureaus, or other agencies and organizations.

Scope: All requests by an outsider to an employee regarding financial, revenue, marketing, customers, personnel, vendors, or other Organization confidential information. If in doubt, verify with the Chief Financial Officer

Responsibilities:

> Chief Financial Officer is responsible for safeguarding all Organization information and determining the appropriate level of detail for release.

> Office Manager shall oversee all responses to all reference requests.

Procedure:

1.0   **FINANCIAL INFORMATION REQUESTS**

1.1   Typical written requests are for additional information concerning details of the published financial statements, litigation progress, insurance coverage, names of investors, etc. If the request is by letter or other written correspondence, the material shall be forwarded to the Chief Financial Officer who will decide what information may be released and who will be authorized to reply.

1.2   If the request is by telephone or a personal visit to our office, the requester should be referred to the Chief Financial Officer. If either is unavailable, the requester should be asked to provide their name, Organization, telephone number and address, if possible. Also they should be asked the reason for the request and a brief description of the information desired. This information should be written down and forwarded to the Chief Financial Officer for follow-up.

1.3   The Chief Financial Officer should determine the appropriate response for each request. Formal Financial Statement presentations to the Board of Directors, or other stakeholders such as banks, should be accompanied by an opinion or comment from the Organization's Certified Public Accountant (CPA) prior to any formal presentation. (If no outside CPA review is obtained then some people may

G&A109 Confidential Information Release   page 1 of 6

43

Accounting Policies, Procedures and Forms

consider the Financial Statements as "Pro-Forma" and then request copies of completed tax returns). The Chief Financial Officer or designated Finance team member will examine the Financial Statements and prepare a formal version to one of three standards: compiled, reviewed or audited. The Organization should use an economically appropriate CPA standard sufficient to satisfy outside requirements.

The CPA standards are as follows:

- Compiled Financial Statement. The CPA is unable to make any assurances on the data or methods used to produce the financial statements. The CPA will re-cast the financial statements into a standard format (as per Generally Accepted Accounting Principles or GAAP) with a disclaimer that the statements are un-audited and the information is solely derived from the management of the business entity.

- Reviewed Financial Statement. The CPA is able to make some limited assurances that material changes are not required in order for the Financial Statements to be in conformity with GAAP. The CPA uses limited inquiry and some analytical procedures to ascertain the reasonableness of the statements. The information is then re-cast into a standard format with appropriate footnotes and a disclaimer that the statements are un-audited and only a limited inquiry has been made into the reasonableness of the information.

- Audited Financial Statement. The CPA provides assurance, through an opinion letter, that the financial statements are a fair representation of the financial position, results of operations, and cash flows of an entity. This opinion is given after a detailed review and verification of the accounting records and processes used to produce the data. Verification steps include various analytical procedures, client surveys, third party confirmation, and detailed accounting record reviews.

Any irregularities found could lead to either a "qualified" opinion, to indicate that something is inconsistent with GAAP, or an "adverse" opinion, which calls into question the reliability of the information itself. The CPA considers an adverse opinion very serious.

1.4 Some types of confidential information may require the signing of G&A109 Ex1 NON-DISCLOSURE AGREEMENT, prior to release. This may include requests for product release schedules, development plans, elements of corporate strategy, customer lists, intellectual property, financial information, legal proceedings, or time sensitive information.

2.0 **PERSONNEL INFORMATION REQUESTS**

2.1 The Office Manager shall oversee all responses to all reference requests. No other employee, including a former employee's immediate supervisor, shall be authorized to respond independently without first obtaining approval from Human Resources.

G&A109 Confidential Information Release   page 2 of 6

Deleted: --------------------Page Break--------------------

44

Accounting Policies, Procedures and Forms

2.2 All requests should be in writing, using Organization letterhead, indicating in that letter that the subject of the reference request has applied for a job. Information is not to be provided over the phone.

2.3 Each response shall be obtained only from people with first-hand knowledge of the employee's performance.

2.4 The Office Manager shall review all responses to ensure that:

- Only factual information about the employee's job performance and qualifications for employment are included in the response. At no time should a response include emotions, personal feelings, rumors, non-work-related comments or exaggerations.

- If at all possible it is important that some form of documentation or solid evidence supports all information provided in the response.

2.5 Retain a copy of all responses, including the contents of any oral response, in the former employee's personnel file.

3.0 CREDIT REFERENCE INQUIRIES

3.1 All credit reference requests should be in writing. Information requests should be directed to the Office Manager and are not to be provided over the phone.

3.2 The Office Manager should review the Credit Inquiry form for completeness prior to responding. Retain a copy of all responses, including the contents of any oral response, in the customer's file.

G&A109 Ex1 NONDISCLOSURE AGREEMENT

This NONDISCLOSURE AGREEMENT is made and entered into as of (DATE) between (THE ORGANIZATION NAME, STATE OF INCORPORATION AND ADDRESS), and (OTHER PARTY NAME, STATE OF INCORPORATION AND ADDRESS).

1. **Purpose.** The parties wish to explore and/or implement a business opportunity of mutual interest, and in connection with this opportunity, each party may disclose to the other certain confidential technical and business information that the disclosing party desires the receiving party to treat as confidential.

2. **"Confidential Information"** means any information disclosed by either party to the other party, either directly or indirectly, in writing, orally or by inspection of tangible objects (including, without limitation, documents, prototypes, samples, plant and equipment) that is designated as "Trade Secret", "Confidential", "Proprietary" or some similar designation, or is of such a nature or has been disclosed in such a manner that it should be obvious to the receiving party that such is claimed as confidential. Information communicated orally shall be considered Confidential Information within a reasonable time after the initial disclosure. Confidential Information may also include information disclosed to a disclosing third party by third parties. Confidential Information includes, without limitation, a disclosing party's trade secrets, know-how, intellectual property and proprietary information as well as business plans, financial data and the status and terms of any discussions between the parties regarding a potential business transaction. Confidential Information shall not, however, include any information that (i) was publicly known and made generally available in the public domain prior to the time of disclosure by the disclosing party; (ii) becomes publicly known and made generally available after disclosure by the disclosing party to the receiving party through no action or inaction of the receiving party;
(iii) is already in the possession of the receiving party at the time of disclosure by the disclosing party as shown by the receiving party's files and records immediately prior to the time of disclosure; (iv) is obtained by the receiving party from a third party without a breach of such third party's obligations of confidentiality; (v) is independently developed by the receiving party without use of or reference to the disclosing party's Confidential Information, as shown by documents and other competent evidence in the receiving party's possession; or (vi) is required by law to be disclosed by the receiving party, provided that the receiving party gives the disclosing party prompt written notice of such requirement prior to such disclosure and assistance in obtaining an order protecting the information from public disclosure.

3. **Non-use and Non-disclosure.** Each party agrees not to use any Confidential Information of the other party for any purpose except to evaluate and engage in discussions concerning a potential business relationship between the parties. Each party agrees not to disclose any Confidential Information of the other party to third parties or to such party's employees or agents, except to those employees or agents of the receiving party who are required to have the information in order to evaluate or engage in discussions concerning the contemplated business relationship. A receiving party shall be responsible and liable for the action of its employees and agents with respect to a disclosing party's Confidential Information and shall fully cooperate with the disclosing party in enforcing any rights of the disclosing party against any such person in connection with a breach of this Agreement. Neither party shall reverse engineer, disassemble or de-compile any prototypes, software, or other tangible objects that embody the other party's Confidential Information and that are provided to the party hereunder. Neither party shall hire any employees of the other during the term of this Agreement and for a period of two years thereafter.

4. **Maintenance of Confidentiality.** Each party agrees that it shall take reasonable measures to protect the secrecy of and avoid disclosure and unauthorized use of the Confidential Information of the other party. Without limiting the foregoing, each party shall take at least those measures that it takes to protect its own highly confidential information and shall ensure that its employees and agents who have access to Confidential Information of the other party have signed a Non-use and Non-disclosure agreement in content similar to the provisions hereof, prior to any disclosure of Confidential Information to such employees and agents. Neither party shall make any copies of the Confidential Information of the other party unless the other party previously approves the same in writing. Each party shall reproduce the other party's proprietary rights notices on any such approved copies, in the same manner in which such notices were set forth in or on the original.

5. **Ongoing Development.** Nothing in this Agreement shall prohibit or restrict either party's right to develop, use or market products or services similar to or competitive with those of the other party disclosed in the Confidential Information as long as such shall not otherwise be a breach of this Agreement. Each party acknowledges that the other may already possess or have developed products or services similar to or competitive with those of the other party disclosed in the Confidential Information. Each party shall remain free to use in the course of its business its general knowledge skills and experience incurred before, during or after the date of this Agreement and the activities hereunder.

6. **No Obligation.** Nothing herein shall obligate either party to proceed with any transaction between them and each party reserves the right, in its sole discretion, to terminate the discussions contemplated by this Agreement concerning the business opportunity. Upon termination of such discussions the parties shall return all Confidential Information as provided in paragraph 8 and shall have no further rights to evaluate or use the Confidential Information of each other for any purpose whatsoever.

7. **No Warranty.** ALL CONFIDENTIAL INFORMATION IS PROVIDED "AS IS." THE PARTIES MAKE NO REPRESENTATIONS OR WARRANTIES, EXPRESS, IMPLIED OR OTHERWISE, REGARDING THE ACCURACY, COMPLETENESS OR PERFORMANCE OF ANY OF ITS RESPECTIVE CONFIDENTIAL INFORMATION.

8. **Return of Materials.** All documents and other tangible objects (except for any tangible objects purchased by a party) containing or representing Confidential Information that have been disclosed by either party to the other party, and all copies thereof which are in the possession of the other party, shall be and remain the property of the disclosing party and shall be promptly returned to the disclosing party upon the disclosing party's written request.

9. **No License.** Nothing in this Agreement is intended to grant any rights to either party under any patent, mask work right, trademark, trade secret or copyright of the other party, nor shall this Agreement grant any party any rights in or to the Confidential Information of the other party except as expressly set forth herein.

10. **Term.** The obligations of each receiving party hereunder shall survive until such times as all Confidential Information of the other party disclosed hereunder becomes publicly known and made generally available through no action or inaction of the receiving party. Notwithstanding the surviving obligations of a receiving party to maintain the confidentiality of a disclosing party's Confidential Information either party may at any time given written notice to the other party that it does not desire to receive any additional Confidential Information from the other party. After receipt of such notice, such party shall no longer furnish its Confidential Information to the notifying party.

11. **Remedies.** Each party agrees that any violation or threatened violation of this Agreement may cause irreparable injury to the other party, entitling the other party to seek injunctive relief in addition to all other legal and equitable remedies.

12. **General Provisions.** This Agreement shall bind and inure to the benefit of the parties hereto and their successors and assigns. This Agreement shall be governed by the laws of the State of Missouri, without reference to conflict of laws principles. This document contains the entire Agreement between the parties with respect to the subject matter hereof. Any failure to enforce any provision of the Agreement shall not constitute a waiver thereof or of any other provision. This Agreement may not be amended, nor any obligation waived, except by a writing signed by both parties hereto.

Title: **G&A114 POLITICAL INTERVENTION**

Policy: Consistent with its tax-exempt status under the Internal Revenue Code, it is
                    the policy of MERF that the Organization shall not incur any expenditure
                    for political intervention. Political intervention does not include lobbying
                    activities, defined as the direct or indirect support or opposition for
                    legislation, which is not prohibited under the Internal Revenue Code.

Purpose: The purpose of this policy is to provide a clear explanation of what the
                    Organization may and may not be involved in with regards to politics.

Scope: All political activities of the Organization.

Responsibilities:

                    Chief Executive Officer is responsible for ensuring that the Organization is not
                    seen as a political organization.

Background: The Organization is very well known and as such, political candidates may
                    seek endorsements from MERF. This policy clarifies what MERF can and
                    cannot do with regards to politics.

Definition: **Political Intervention** shall be defined as any activity associated with the
                    direct or indirect support or opposition of a candidate for elective public
                    office at the Federal, California or local level.

Procedure:

1.0   PROHIBITED EXPENDITURES

1.1   Examples of prohibited political expenditures include, but are not limited to, the
following:

1. Contributions to political action committees
2. Contributions to the campaigns of individual candidates for public office
3. Contributions to political parties
4. Expenditures to produce printed materials (including materials included in
   periodicals) that support or oppose candidates for public office
5. Expenditures for the placement of political advertisements in periodicals

G&A114 Political Intervention   page 1 of 2

Accounting Policies, Procedures and Forms

MERF will comply with all Federal and State laws and regulations regarding political intervention, lobbying, etc. Federal funds and those assets paid for by this program may not be used in any partisan activity.

2.1   ENDORSEMENTS OF CANDIDATES

2.2   It is the policy of MERF not to endorse any candidate(s) for public office in any manner, either verbally or in writing. This policy extends to the actions of management and other representatives of MERF, when these individuals are acting on behalf of, or are otherwise representing, MERF.

3.0   PROHIBITED USE OF ASSETS AND RESOURSCES

3.1 It is the policy of MERF that no assets or human resources of MERF shall be utilized for political activities, as defined above. This prohibition extends to the use of MERF assets or human resources in support of political activities that are engaged in personally by board members, members of management, employees, or any other representatives of MERF. While there is no prohibition against these individuals engaging in political activities personally (on their own time, and without representing that they are acting on behalf of MERF), these individuals must at all times be aware that MERF resources cannot at any time be utilized in support of political activities except as identified in "1.0" above.

Title: **G&A116 NOTES PAYABLE**

Policy: It is the policy of MERF to maintain a schedule of all notes payable, mortgage obligations, lines of credit, and other financing arrangements. This schedule shall be based on the underlying loan documents.

Purpose: The purpose of this policy is to properly track and recognize all notes payable and other similar obligations.

Scope: This applies to notes, loans, lines of credit, and obligations of the Organization.

Responsibilities:

> <u>Back-office provider</u> is responsible for ensuring that all notes, loans, and other similar obligations are properly accounted for.

Background: Properly tracking and monitoring long term debt such as loans is important such that as payments become due, the Organization has sufficient cash flow to honor the obligation.

Procedure:

1.0 NOTES PAYABLE

1.1 Prepare a schedule that shall be based on the underlying loan documents and shall include all of the following information:

1. Name and address of lender
2. Date of agreement or renewal/extension
3. Total amount of debt or available credit
4. Amounts and dates borrowed
5. Description of collateral, if any
6. Interest rate
7. Repayment terms
8. Maturity date
9. Address to which payments should be sent
10. Contact person at lender
11. Loan covenants, if applicable

2.0 ACCOUNTING AND CLASSIFICATION

2.1 An amortization schedule shall be maintained for each note payable. Based upon the amortization schedule, the principal portion of payments due with the next

G&A116 Notes Payable   page 1 of 4

66

Accounting Policies, Procedures and Forms

year shall be classified as a current liability in the statements of financial position of MERF. The principal portion of payments due beyond one year shall be classified as long-term/non-current liabilities in the statements of financial position.

2.2 Demand notes and any other notes without established repayment dates shall always be classified as current liabilities.

Unpaid interest expense shall be accrued as a liability at the end of each accounting period.

2.3 A detailed record of all principal and interest payments made over the entire term shall be maintained with respect to each note payable. Periodically, the amounts reflected as current and long-term notes payable per the general ledger shall be reconciled to these payment schedules and the amortization schedules, if any, provided by the lender. All differences shall be investigated.

3.0 NON-INTEREST-BEARING NOTES PAYABLE

3.1 As a charitable organization, MERF may from time to time receive notes payable that do not require the payment of interest, or that require the payment of a below-market rate of interest for the type of obligation involved. In such cases, it shall be the policy of MERF to record contribution income for any unpaid interest.

3.2 For demand loans, recording of interest expense and contribution income shall be performed at the end of each accounting period, based on the outstanding principal balance of the loan during that period, multiplied by the difference between a normal interest rate for that type of loan and the rate, if any, that is required to be paid by MERF.

3.3 For loans with fixed maturities or payment dates, the note payable shall be recorded at the present value of the future principal payments, using as a discount rate the difference between a normal interest rate for that type of loan and the rate, if any, which is required to be paid by MERF. The difference between the cash proceeds of the note and the present value shall be recorded as contribution income in the period the loan is made. Thereafter, interest expense shall be recorded in each accounting period using the effective interest method, with the corresponding credit entry increasing the note payable account to reflect the amount(s) that shall be repaid.

Title: **G&A117 FINANCIAL AND TAX REPORTING**

Policy: The Organization will prepare annual and monthly financial statements as management considers necessary and prepare non-profit tax information and tax information returns within eight months of the fiscal year close.

Purpose: The purpose is to control and prepare consistent and accurate financial statements and tax returns that are relied upon by both internal and external parties.

Scope: This applies to financial statements and tax reporting documents.

Responsibilities:

     Chief Financial Officer or his designee is responsible for preparing all tax documents and ensuring Organization financial statements are accurate.

     Back-office provider is responsible for preparing all Organization financial statements.

Background: Preparing financial statements and communicating key financial information is a necessary and critical accounting function. Financial statements are management tools used in making decisions, in monitoring the achievement of financial objectives, and as a standard method for providing information to interested parties external to MERF. Financial statements may reflect year-to-year historical comparisons or current year budget to actual comparisons.

Procedure:

1.0   **STANDARD FINANCIAL STATEMENTS**

1.1   Prepare the basic financial statements at year end and as considered necessary for reporting purposes. The basic financial statements of the Organization are maintained and prepared by MERF on an Organization wide basis and shall include:

     1. **Statements of Financial Position** - reflects assets, liabilities and net assets of MERF and classifies assets and liabilities as current or non- current/long-term.

     2. **Statements of Activities** - presents support, revenues, expenses, and other changes in net assets of MERF, by category of net asset (unrestricted, temporarily restricted and permanently restricted)

70

Accounting Policies, Procedures and Forms

2.0   FREQUENCY OF PREPARATION

2.1   The objective of the Back-office provider is to prepare accurate financial statements in accordance with generally accepted accounting principles and distribute them in a timely and cost-effective manner. In meeting this responsibility, the following policies shall apply:

2.2   A standard set of financial statements described in the preceding section shall be produced on a bi-monthly basis for presentation at the Board of Directors meeting. The standard set of financial statements described in the preceding section shall be supplemented by the following schedules:

1. Individual statements of activities on a departmental and functional basis (and/or program/grant basis)
2. Comparisons of actual year-to-date revenues and expenses with year-to-date budgeted amounts

The bi-monthly set of financial statements shall be prepared on the cash basis of accounting with exception of year-end reports where accrual method of accounting must be used. Year-end report must include all receivables, accounts payable received by the end of the reporting period, and actual depreciation expense.

3.0   REVIEW AND DISTRIBUTION

3.1   All financial statements and supporting schedules shall be reviewed and approved by the Chief Financial Officer, prior to being issued by Back-office provider. They should be signed by the preparer and the Chief Executive Officer.

3.2   After approval by the Chief Financial Officer, a complete set of monthly financial statements shall, including the supplemental schedules described above, shall be distributed to the following individuals:

1. All members of the Finance and Audit Committee of the Board
2. Chief Executive Officer
3. School Principals and any other employee with budget-monitoring responsibilities will receive only the budget vs. actual report

3.3   Financial statements may include an additional supplemental schedule prepared or compiled by the Chief Financial Officer. The purpose of this schedule is to provide known explanations for material budget variances in accordance with MERF'S budget monitoring policies. Also included is a list which lists all invoices that have not been paid at the end of the year and all revenues, if any, that have not been received.

4.0   ANNUAL FINANCIAL STATEMENTS

4.1   A formal presentation of MERF's annual financial statements shall be provided by the independent auditor to the full Board of Directors at MERF's annual meeting. This presentation will be preceded by a meeting with MERF's Finance and Audit Committee, at which the Finance and Audit Committee will vote to accept or reject the annual financial statements.

5.0   GOVERNMENT RETURNS

5.1   MERF must be aware of its tax and information return filing obligations and comply with all such requirements of the Federal government, California and local jurisdictions. Filing requirements of MERF include, but are not limited to, filing annual information returns with the Internal Revenue Service (IRS), California charitable solicitation reports, annual reports for corporations, property tax returns, income tax returns, information returns for retirement plans, annual reporting of compensation paid, and payroll withholding tax returns.

6.0   FILING OF RETURNS

6.1   It is the policy of MERF to become familiar with the obligations in each jurisdiction and to comply with all known filing requirements. The Chief Financial Officer shall be responsible for identifying all filing requirements and assuring that MERF is in compliance with all such requirements.

6.2   It is also the policy of MERF to file complete and accurate returns with all authorities. MERF shall make all efforts to avoid filing misleading, inaccurate or incomplete returns.

6.3   Reports and returns which may be required to be filed by MERF include, but are not limited to, the following returns:

1. **Form 990** - Annual information return of tax-exemption of MERF, filed with IRS. Form 990 for MERF is due on the **fifteenth day of November, annually**.
2. **Form 990-T** – Annual tax return to report MERF'S unrelated trade or business activities (if any), filed with the IRS. Form 990-T is due on the **fifteenth day of November, annually**.
3. **Form 199** – Exempt Organization Annual Information Statement or Return (California) – This form is due on the **fifteenth day of November, annually**.
4. **Form 5500** - Annual return for MERF'S employee benefit plans. Form 5500 is due on the **fifteenth day of November, annually**.
5. **Federal and State Payroll Returns** - Filed on a quarterly or annual basis.

6. **Form RRF-1** – Registration/Renewal Fee Report to Attorney General of California. This form is due on the **fifteenth day of November, annually**.

7. **SF-SAC** – The Office of Management and Budget requires all Form SF-SAC and Single Audit submissions to be submitted on the Federal Audit Clearinghouse (FAC) Internet Data Entry System. The due date is established by OMB Circular A-133.

8. **Form 1099's** – See **PUR101 VENDOR SELECTION.**

6.4 MERF'S fiscal and tax year-end is June 30. All annual tax and information returns of MERF Form 990, Form 990-T are filed on the accrual basis of reporting.

6.5 Federal and all applicable California payroll tax returns are prepared by the Chief Financial Officer, in consultation with MERF'S independent auditor and the pension plan third-party administrator.

6.6 It is the policy of MERF to comply with all California payroll tax requirements by withholding and remitting payroll taxes to California for each MERF employee.

7.0 PUBLIC ACCESS TO INFORMATION RETURNS

7.1 Under regulations that became effective in 1999, MERF is subject to Federal requirements to make the following forms "widely available" to all members of the general public:

1. The three most recent annual information returns (Form 990), and

2. MERF'S original application for recognition of its tax-exempt status (Form 1023 or Form 1024), filed with IRS, and all accompanying schedules and attachments.

7.2 It is the policy of MERF to adhere to the following guidelines in order to comply with the preceding public disclosure requirements:

1. Anyone appearing in person at the offices of MERF during normal working hours making a request to inspect the forms will be granted access to a file copy of the forms. The Chief Financial Officer shall be responsible for maintaining this copy of each form and for making it available to all requesters.

2. For all written requests for copies of forms received by MERF, the Organization shall require pre-payment of all copying and shipping charges. For requests for copies that are received without pre-payment, MERF will notify the requester of this policy via phone call or by letter within 7 days of receipt of the original request.

    3. The copying cost charged by MERF for providing copies of requested forms shall be $1.00 for the first page copied and $0.20 for each subsequent page. All copies shall be shipped to requesters via Priority Mail, thus, shipping charges will be a standard $5.00 per shipment.

    4. After payment is received by MERF, all requested copies should be shipped to requesters in accordance with applicable laws. Making of all copies and shipping within legal time period shall be the responsibility of the Finance Team.

    5. For requests for copies made in person during normal business hours, copies shall be provided while the requester waits provided the request is for twenty-five (25) or less copied pages. Requests for copies in excess of 25 pages but less than 100 pages will be available the next business day. All requests in excess of 100 pages will be sent to the requestor in accordance with applicable laws.

    6. MERF shall accept certified checks and money orders for requests for copies made in person. MERF shall accept certified checks and money orders or personal checks as payment for copies of forms requested in writing. Personal checks must clear the bank prior to the copies being made and delivered to the requestor.

8.0   UNRELATED BUSINESS ACTIVITIES

8.1   Identification and Classification of unrelated business activities must be separately identified.

8.2   It is the policy of MERF to properly identify and classify income-producing activities that are unrelated to MERF's tax-exempt purpose using the guidelines described in the Internal Revenue Code and underlying regulations. Such income accounts shall be segregated in separate accounts in the general ledger of MERF in order to facilitate tracking and accumulation of unrelated trade or business activities.

8.3   It is the policy of MERF to file IRS Form 990-T to report taxable income from unrelated trade or business activities. Form 990-T is not subject to any public access or disclosure requirements. Accordingly, it is the policy of MERF not to distribute copies of Form 990-T to anyone other than management and the Board of Directors of MERF.

Title: **G&A118 BUDGETING**

Policy: The School Site Principals with the support of Back-office provider are responsible for preparing, monitoring, and implementing the annual school site budget. The School Site Principal must have the school site budget approved by the Board of Directors no less than 60 days before the fiscal year end. It is the School Site Principal's responsibility to work with the central office in order to acquire the necessary budgetary information to implement their program. The budget may be revised as needed.

An annual Organization-wide budget shall be prepared on the accrual basis of accounting and the budget shall be adopted by the Board of Directors. The budget may be revised as needed. It is the policy of the Organization to adopt a final annual operating budget at least 60 days before the beginning of MERF's fiscal year.

Purpose: A budget is a management commitment of a plan for present and future MERF activities that will ensure survival. It provides an opportunity to examine the composition and viability of MERF's programs and activities simultaneously in light of all available resources

Scope: This applies to all departments and chart of accounts of the Organization.

Responsibilities:

Principal is responsible for providing information to Back-office provider so that the back-office provider service provider can prepare the annual site budget and make revisions as needed.

The Finance Department is responsible for reviewing the school site and Organization-wide budgets and budget revisions.

Back-office provider is responsible for preparing monthly budget vs. actual comparison reports.

Background: Budgeting is an integral part of managing MERF in that it is concerned with the translation of MERF's goals and objectives into financial and human resource terms. A budget should be designed and prepared to direct the most efficient and prudent use of the MERF's financial and human resources. A budget is a management commitment of a plan for present and future MERF activities that will ensure survival. It provides an opportunity to examine the composition and viability of MERF's programs and activities simultaneously in light of all available resources.

Procedure:

1.0 PREPARATION AND ADOPTION

1.1   The school site budgets will be developed by the School Site Principals and Back-office provider., The Organization-wide budget will be prepared by the Chief Financial Officer with the support of Back-office provider. They will gather proposed budget information from all Finance teams and others with budgetary responsibilities and prepare the first draft of the budget. Budgets proposed and submitted by each department should be accompanied by a narrative explanation of the sources and uses of funds and explaining all material fluctuations in budgeted amounts from prior years.

1.2   After appropriate revisions and a compilation of all school site budgets by Back-office provider, a draft of the school site budgets and Organization-wide budget will be presented to the Chief Financial Officer for discussion, revision, and preliminary approval. The Chief Executive Officer is responsible for the final approval of all budgets.

1.3   The final budget is then submitted by the Chief Financial Officer to the Board of Directors for adoption. School Site Principals shall be present at the Board of Directors budget approval meeting.

1.4   It is the policy of MERF to adopt a final annual operating budget at least 60 days before the beginning of the MERF's fiscal year. In addition, the Finance Team must setup the new fiscal year accounts, to input the budget into the accounting system and establish appropriate accounting and reporting procedures (including any necessary modifications to the chart of accounts), to ensure proper classification of activities and comparison of budget versus actual once the new year commences.

2.0   MONITORING PERFORMANCE

2.1   MERF will monitor its financial performance by comparing and analyzing actual results with budgeted amounts. This function will be accomplished in conjunction with the monthly financial reporting process described earlier.

2.2   On a monthly basis, budget reports comparing actual year-to-date revenues and expenses with budgeted year-to-date amounts shall be produced by Back-office provider and distributed to each respective School Principal by the 20th of the following month.

2.3   The financial reports will also be distributed, on a monthly basis, to the Board of Directors. The Chief Financial Officer and School Site Principal, with the

G&A118 Budgeting   page 2 of 3

Accounting Policies, Procedures and Forms

support of Back-office provider, will be responsible for answering budget questions posed at the Board meetings.

2.4 The Chief Financial Officer will also institute an on-going monitoring plan to ensure the fiscal operations effectively implement all Federal and State requirements and to ensure the safeguarding of Federal and State funds and assets.

3.0 BUDGET MODIFICATION

3.1 After a budget has been approved by the Board of Directors and adopted by MERF, reclassifications of budgeted expense amounts may be made by Back-office provider, with approval from the Chief Financial Officer.

3.2 Budget reclassifications of any amount are at the discretion of the Chief Financial Officer.

Title: **G&A119 INSURANCE**

Policy: It is the policy of the Organization to have an active risk management program that includes a comprehensive insurance package and to maintain adequate insurance against general liability, as well as coverage for buildings, contents, computers, fine arts, equipment, vehicles, machinery and other items of value.

Purpose: To have a comprehensive insurance package and to maintain adequate insurance against general liability, as well as coverage for buildings, contents, computers, fine arts, equipment, vehicles, machinery and other items of value.

Scope: This applies to all areas of risk management.

Responsibilities:

Chief Financial Officer is responsible for monitoring risk management and identifying areas of insurance need.

Background: Risk management and insurance enable the Organization to hedge against known and unknown potential losses.

Definition: **Workers' Compensation and Employer's Liability**
Contractors are required to comply with applicable Federal and California workers' compensation and occupational hazard and disease statutes. If occupational hazard and diseases are not compensated under those statutes, they shall be covered under the employer's liability insurance policy.

Fidelity Bond
For all personnel handling cash, preparing or signing checks, MERF shall obtain insurance that provides coverage in a blanket fidelity bond. The specific needs of MERF will determine the dollar limit of this coverage.

Comprehensive Liability
This type of coverage may include directors, officers and employee general liability insurance, buildings, contents, computers, fine arts, boilers and machinery.

Title: **G&A120 SUPPLIES**

Policy: It is the policy of the organization to maintain an internal control system over supplies to prevent theft, overstocking, understocking, spoilage and obsolescence.

Purpose: To physically safeguard organization assets and to maintain accurate financial reporting.

Scope: This applies to non-capitalized assets.

Responsibilities:

School Principal or designee is responsible for maintaining safeguards over cleaning and education supplies at each school.

Procedure:

1.0   SAFEGUARDS

1.1   Each Principal or designee is responsible for monitoring safeguards over assets at each school site. School will properly safeguard supplies inventory by keeping storage and locker facilities locked.

1.2   **Cleaning/Maintenance Supplies.** The Custodian at each site is responsible for custody of cleaning and repair and maintenance supplies.

1.3   **Educational Supplies.** The Administrative Assistant or designee is responsible for custody of educational supplies. Only the Administrative Assistant and the School Principal will have access to educational supplies.

1.4   Educational supplies will be controlled in part by forms documenting custody, i.e. textbooks issued to students and use of laptops.

2.0   MONITORING

2.1   School will establish optimum minimum and maximum stock levels for inventory.

2.2   Finance teams will maintain records detailing purchases of each significant inventory item for each fiscal year.

2.3   School Principal or designee will conduct a physical inventory of the supplies listed above on an annual basis. The completed inventory will then be submitted to Accounting so it can be reconciled to the general ledger.

Title: **G&A121 SCHOOL SITE ACCOUNTING**

Policy: It is the policy of MERF to consider each school to be a separate and distinct financial accounting entity in order to maintain an accurate fund accounting system.

Purpose: The purpose of this policy is to clearly define relationships between each school and with the business office in regards to financial accounting.

Scope: This applies to the Organization's charter schools and business office.

Responsibilities:

Back-office provider, with the support of the Financial Analysts, is responsible for timely and accurate recording of transactions, providing useful management information, and properly reporting such information for various user needs.

The Chief Financial Officer is responsible for overseeing the Financial Analysts and providing assistance where needed.

Background: Separate accounting for each of the charter schools is critical in order to monitor budget performance and to determine how to allocate resources.

Procedure:

1.0   SEPARATE ACCOUNTING

1.1 Back-office provider will utilize the same accounting policies for each school they are responsible for. Consistency in accounting will ensure that the charter schools can be evaluated using the same benchmarks and will assist in evaluating performance.

1.2 Each Charter School will have its own accounting file to assist in maintaining separate accounting for each school, and a separate bank account to avoid comingling of funds.

2.0   FUNDRAISING

2.1 Fundraising generated from each school may not be transferred to another school.

2.2 Revenues from fundraising will be recorded in the accounting system using the resource tracking system in order to account for funds received from different events. Funds may be used for operating purposes unless restricted by the donor or explicitly restricted by the event.

Title: **G&A122 FRAUD REPORTING &WHISTLEBLOWER**

Policy: To establish procedures for reporting concerns of fraud on a confidential basis; receipt, retention, and treatment of complaints received by the Organization regarding such concerns; and protection of anyone reporting fraud in good faith from retaliatory actions.

Purpose: It is the policy of the Organization that its operations are conducted according to the highest standard of integrity, and that its officers, directors, employees, consultants, volunteers, interns, vendors, and other agents observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of the Organization, all applicable laws and regulations must be followed, honesty and integrity must be practiced in fulfilling all responsibilities and all situations must be avoided that might conflict with responsibilities undertaken on behalf of the Organization. It is a federal crime for any organization – nonprofit or for-profit- to retaliate against a "whistleblower" who reports illegal, unacceptable, or suspicious activity ("Concerns"). This policy is intended to encourage and enable the reporting of Concerns within the Organization in order to prevent, detect and correct improper activities.

Scope: All officers, directors, employees, including temporary employees, consultants, volunteers, interns, vendors and other agents are covered by the scope of this policy and its guidelines.

Responsibilities:

> Executive Management and Board of Directors are responsible for investigating any Concerns reported, and to ensure that the reporting person is protected from retaliation.

Background: The people closest to the day-to-day workings of an organization are the ones most qualified to identify and report improper activities. Experience has shown that these individuals will step forward if they are provided with a confidential means of reporting abuses and feel that they will be protected from retaliation, including loss of their job.

G&A122 Fraud Reporting & Whistleblower   page 1 of 4

87

Accounting Policies, Procedures and Forms

Procedure:

1.0   REPORTING RESPONSIBILITY

1.1   It is the responsibility of all those noted in the Scope of the Policy to report questionable or improper accounting or auditing matters or other Concerns as described above.

1.2   No officer, director, employee, including a temporary employee, consultant, volunteer, intern, vendor or other agent who reports a Concern in good faith shall be subject to retaliation or, in the case of an employee, adverse employment consequences. Any individual who retaliates against someone who has reported a Concern in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment. Such conduct may also give rise to other actions, including civil lawsuits.

1.3   Reporting in good faith means that to the best of the individual's knowledge who is reporting a suspected fraud or abuse Concern, the fraud or abuse is factual.

1.4   An individual reporting a fraud or abuse Concern not in good faith is subject to discipline up to and including dismissal from the volunteer position or termination of employment. In other words, fraudulently submitting a fraud or abuse Concern/allegation is not acceptable.

2.0   PROCEDURES FOR REPORTING CONCERNS

2.1   **Employees and Consultants.** Whenever possible, an individual should seek to resolve Concerns by reporting issues directly to his supervisor. If, for any reason, the individual is uncomfortable speaking to his supervisor or does not believe the Concern is being properly addressed, the individual should report the Concern directly to the Chief Operating Officer of the Organization. If the individual does not believe that these channels of communication can or should be used to express his Concern, the individual should report the Concern directly to a member of the Organization's Board of Directors. Concerns may also be submitted anonymously in writing or via voice mail to a Board of Directors member. Contact information for the Chief Operating Officer and a listing of Board of Directors members may be obtained from the Organization's website or by calling the Organization at (714) 892-5066.

2.2   **Officers, Directors, Interns, Volunteers, Vendors and Other Agents.** Officers, directors, interns, volunteers, vendors and other agents may report Concerns to the Chief Executive Officer or directly to a member of the Organization's Board of Directors. If the officer, director, intern, volunteer, vendor or other agent is uncomfortable reporting to any of these individuals, or if he does not believe the Concern is being properly addressed, the report should be escalated directly to the Chair of the Organization's Board of Directors.

2.3   **Third Party Fraud Reporting Service.** An individual also has the option to report any Concerns through a service specifically set up for MERF. These can be

G&A122 Fraud Reporting & Whistleblower   page 2 of 4

88

Deleted: ....Page Break......................................

Accounting Policies, Procedures and Forms

reported through the website at www.magnoliapublicschools.org or by calling the central office. Concerns addressed through these channels can be made anonymously if the individual chooses.

3.0   HANDLING OF REPORTED CONCERNS

3.1   All reported Concerns filed in accordance with this policy will be investigated by the Organization with due care and promptness. Matters reported internally without initial resolution will be investigated by the Chief Executive Officer of the Organization to determine if the allegations are true, whether the issue is material and what actions, if any, are necessary to correct the problem. The Organization staff may issue a full report of all matters raised under this policy to the Board of Directors.

For matters reported directly to a member of the Board of Directors or the Chief Executive Officer, the Audit Committee shall promptly acknowledge receipt of the complaint to the complainant if the complainant is known. An investigation will be held to determine if the allegations are true, whether the issue is material and what corrective action, if any, is necessary. Upon the conclusion of this investigation, the Audit Committee shall promptly report its findings to the Executive Committee of the Board.

The Audit Committee shall have full authority to investigate Concerns raised in accordance with this policy and may retain outside legal counsel, accountants, private investigators, or any other resource that the committee reasonably believes is necessary to conduct a full and complete investigation of the allegations.

Title: **G&A 124 CMO FEES**

Policy: Charter school-related organizations (CSRO) may charge a charter school fees for the legitimate, contractually agreed upon services it provides to the charter school.

Purpose: To clearly define CMO Fee calculations for all MPS school sites

Scope: This applies to all MPS schools of the organization.

Responsibilities:

Finance Team is responsible for review and confirmation of all monthly calculation and payments from school sites to MERF.

Back-office service provider is responsible for accurate bookkeeping and recording of all payments and outstanding fees.

Chief Executive Officer and Chief Financial Officer are responsible for approval all CMO Fee transactions.

Procedures: CMO Fees calculation is based on total allowable expenses allocated using a tiered methodology approved by the board, as follows:

School Names	ADA for Fiscal Year	Tier Factor	Subtract Factor calculated with different fee structure	Adjusted Tier Factor	
Magnolia Science Academy	#	1.60		1.60	
Magnolia Science Academy 2	#	1.60		1.60

SOP # CSH101 Revision: 2   **Prepared by: Central Office**

Effective Date: 9/5/2017   **Approved by: BOD**

Title: **CSH101 CASH BOXES**

Policy: Proper internal control should be maintained over funds received by cashiers
                    or sales clerks of any type, even at fundraising events at all times.

Purpose: To identify the practices for cash box control, including cash receipts,
                    special tender items, cash payouts and reconciliation with deposits.

Scope: All personnel that deal with the cash transactions.

Responsibilities:

                    Principal is responsible for safeguarding / verifying and controlling all cash
                    assets at each school.

                    School Office Manager is responsible for ensuring the completeness and
                    accuracy of all opening, closing and intermediate transactions.

                    School Office Manager is responsible for overseeing all event transactions.

Procedure:

1.0   CASH BOX/SAFE

1.1   Each fundraiser or individual collecting cash should collect cash for events and
          safeguard properly. Once all cash has been collected, this individual should
          submit the cash received to the School Office Manager as soon as possible for
          placement in the cash box. It is important to ensure that only one person has
          responsibility for collecting cash as to limit any opportunities for
          misappropriation.

1.2   All cash collected must be collected by the School Office Manager, counted
          together with the School Principal and one other person, and signed off by all
          three individuals that the cash count is accurate. The funds will then be safely
          secured until deposited by a designee of the School Office Manager.

1.3   If the cash balance at the end of day exceeds $1,000, a bank deposit will need to be
          made the same day. Otherwise, all bank deposits will need to be made by the last
          business day of the week. At the end of the week there should be no more than $50
          left in the cash box for the following week.

1.4   Bank deposit documentation needs to be emailed to Back-office provider, in PDF
          format, for entry into the general ledger on a weekly basis.

Title: **CSH102 CASH RECEIPTS AND DEPOSITS**

Policy: Accurate internal control of cash receipts and deposits will be maintained at all times. Cash deposits will generally be made on the same day as receipt.

Purpose: To establish the procedures to be followed for receiving, applying and depositing cash receipts.

Scope: This procedure applies to all cash receipts received by the Organization.

Responsibilities:

Finance team is responsible for processing all cash and check transactions and depositing checks received in the bank.

Finance team is responsible for inspecting and verifying proper signatures or endorsements on checks.

School Principal/Office Manager is responsible for all fundraising transactions.

Definitions: Tender Item. Any item used to tender or pay for a transaction is considered a tender item. Tender items can include coupons, gift certificates, credits, rebates, cash, checks, barter credits, etc.

Procedure:

1.0   **CUSTOMER AND AGENCY DEPOSITS**

1.1   Cash receipts generally arise from:

- Contracts and Grants

- Direct donor contributions

- Fundraising activities

The principal steps in the cash receipts process are:

Central Office - The Receptionist receives incoming mail, opens, date stamps, and distributes the mail. The Finance team stamps all checks "for deposit only," and makes one (1) copies of each check. The checks are kept in a locked cabinet until ready for deposit.

Weekly (or more often if necessary), the Finance team processes the following: the endorsed checks, the deposit log book, and the correct account allocation for each deposit. The Finance team processes the deposit and

CSH102 Cash Receipts and Deposits   page 1 of 4

Accounting Policies, Procedures and Forms

takes it to the bank for deposit. A copy of the deposit slip is attached to the deposit. The deposits are put in a file to attach to the bank statement.

All cash received at the central office will be counted, verified, and signed off by two people from Accounting and another available staff member. The cash will immediately be posted using the appropriate allocation. A receipt will be given to the paying party and a copy kept for internal purposes. The cash will be kept in a locked, secure location and deposited within 24 business hours, but no longer than the last business day of the week.

School Site - The Receptionist receives incoming mail, opens, date stamps, and distributes the mail. The checks are kept in a locked cabinet until ready for deposit.

Weekly (or more often if necessary), the Principal, Office Manager, or designee will deposit the checks to the bank for deposit. The Principal, Office Manager, or designee will then send copies of the check(s) deposited and the original deposit slip receipt from the bank to the Finance team for processing.

The back office provider will process the deposit and enter into the accounting system. A copy of the deposit slip is attached to the deposit. The deposits are put in a file to attach to the bank statement.

2.0   APPLICATION OF ACCOUNTS RECEIVABLE

2.1   Inspect all incoming accounting mail for checks.

2.2   Finance team should photocopy all checks. Any papers attached to the checks should be stapled to the check photocopy and the envelopes discarded.

2.3   Finance team will use the photocopy of the checks and customer remittance advices to apply the cash payments to the Accounts Receivable Ledger if applicable. Unapplied payments are to be credited against the oldest open aging column on the accounts receivable ledger. A standard letter of information and/or inquiry should be sent or faxed to the payer when there is any question as to the correct application of the check.

2.4   Checks returned once should be deposited a second time. Already re-deposited checks should be debited back to the account.

2.5   Prepare all checks received for deposit.

3.0   DEPOSIT, ENDORSEMENT OF CHECKS, TIMELINES OF BANK DEPOSITS

3.1   The Finance team will inspect all checks for proper signature or endorsement. If a check is received without a proper signature then process the check as per CSH103 PROBLEM CHECKS procedure.

3.2 All checks should be endorsed as follows:

    a. With the restrictive endorsement "For Deposit Only" along with,

    b. The Organization's designated bank deposit account number,

    c. The name, "Magnolia Education and Research Foundation",

    d. The bank name.

3.3 No check should be withheld from daily deposit unless it is legally imperfect. The endorsed checks should then be returned to the Finance Team. Bank deposits will be made on a daily basis, unless the total cash amount received for deposit is less than $1,000. Receipts must be deposited no later than the Friday of the week it was received. Any cash not deposited on a daily basis will be kept in a locked fireproof cabinet with access limited to the Chief Financial Officer, and the Finance Manager.

3.4 At time of deposit, collect all cash and checks and prepare a bank deposit slip for deposit in the Organization's authorized bank. Ensure that collections are deposited into the correct bank account, and that the name of the charter school is listed on the deposit slip.

3.5 Place a duplicate copy of the deposit ticket and collected cash into a cash bag for transport to the bank. Deposits should be made no less frequently than daily if amount of cash exceeds $1,000. If the deposit cannot be made immediately then the deposits should be stored in a secure area for later deposit.

3.6 Extreme care should be taken to protect the safety of the person making the deposit and the deposit itself. Actions to be considered are, making deposits only during daylight hours, using random deposit times and different routes to the bank, and assigning two people to make deposits.

3.7 The deposit amount should be entered into the accounting program.

3.8 No disbursements should be made from collections, nor can personal checks be cashed.

Effective Date: 9/5/17   **Approved by: BOD**

Title: **CSH103 PROBLEM CHECKS**

Problem: To save time in returning and following-up on unsigned, checks marked "payment in full", or returned by the bank. These checks should be processed as follows and deposited.

Purpose: To describe how these types of checks should be handled before depositing.

Scope: This procedure applies to all checks received by the Organization.

Responsibilities:

Back-office provider is responsible for processing all check transactions for each school.

Definitions: NSF. Non-Sufficient Funds or NSF checks are those that are returned from the bank because the balance in the checking account was not high enough to cover the check. The check is then stamped NSF or "insufficient funds", "uncollected funds", or maybe "account closed".

Procedure:

1.0   UNSIGNED CHECKS

1.1   The word "over" should be typed or written on the line where the signature would normally appear. On the back, type "Lack of Signature Guaranteed" and then add the Organization name, manager's name, title and signature.

Note: This indicates to the bank that the Organization will take back the check as a charge against its account in the event it isn't honored. In the event the check is not honored, the Office Manager should immediately follow-up with the issuer.

1.2   Continue processing the check.

2.0   PARTIAL PAYMENT CHECKS MARKED "PAYMENT IN FULL"

2.1   If there's no dispute as to the amount, a check tendered for less than the amount due and marked "payment in full" (or similar wording) can be cashed without jeopardizing the right to recover the balance. However, if there's a bona fide dispute as to the amount owing, the Organization runs the risk that payment will be deemed to have settled the disputed claim for the lesser amount.

2.2   To overcome any potential pitfall, the check should be endorsed with the following statement "Check is accepted without prejudice and with full reservation of all rights under section 1-207 of the UNIFORM COMMERCIAL CODE (see Reference A).

Accounting Policies, Procedures and Forms

2.3   Continue processing the check as per procedure CSH102 CASH RECEIPTS AND DEPOSITS.

2.4   The Office Manager should then work with the customer to resolve collection of the remaining balance due.

3.0   **RETURNED CHECKS**

3.1   A returned check for less than $100 or stamped "uncollected funds," should be re-deposited the following day, if the check is not already stamped, "Do Not Re-Deposit".

3.2   For returned checks in amounts greater than $100, the bank that the check is drawn against should be telephoned to determine if the check amount will clear the customer's account. If sufficient funds exist the check should be re-deposited. If the check is very large, consider taking the check directly to the issuing bank for recovery.

Note: The customer's account number should be the second number series located at the bottom center of the check.

4.0   **REDEPOSITED CHECKS**

4.1   In the event a re-deposited check is returned or if sufficient funds do not exist to cover the check, the Office Manager should contact the issuer by phone to report the problem and discuss how the matter will be resolved. Then issue a formal notice CSH103 Ex1 BAD CHECK NOTICE via certified mail with a return receipt requested to ensure the customer understands the seriousness of the issue.

4.2   Whenever a check is re-deposited more than once a handling fee should be considered.

References:

A.   **UNIFORM COMMERCAL CODE (UCC)**

The "Uniform Commercial Code" or UCC began as a model for each state legislature to modify and adopt as law in that state. Therefore, the UCC is not the same in every state. Each state's court system can interpret the UCC differently thereby creating different case law in that state and producing different results.
Business people cannot assume that the law will be exactly the same in each state. For more information see the Secretary of State for each State in question.

B.   **BAD CHECK LAW**

Bad Checks are considered part of the UCC and therefore are a matter of state law enforcement. Section 3-104(2)(b) of the UCC, defines a check as "a draft drawn on a bank and payable on demand." Each state has a different "Bad Check Law" see UCC above.

Postdated check: since it is not payable on demand, most states believe that the giving of a post-dated check does not constitute a present fraud nor is it within the scope of the bad check laws.

Payments for COD or pre-existing debt: In most cases, NSF checks are not considered under the bad check law if they are used to pay a note payment or to pay an invoice that is on account. However, if the debtor provides a creditor with a NSF check for a COD order, then that act does fall within the bad check laws.

Title: **CSH104 WIRE TRANSFERS**

Policy: To provide additional payment options to customers and vendors in order to make funds immediately available to the receiving party. Wire transfers should be treated with special care and accuracy to prevent loss to the Organization or the customer.

Purpose: To explain the steps necessary to ensure proper procedures are followed when processing wire transfer requests.

Scope: This procedure applies to customers who are sending or receiving wire transfers and the financial institutions which process these requests.

Responsibilities:

Chief Financial Officer is responsible for initiating all outgoing wire transfer requests.

Chief Executive Officer should approve all wire transfers regardless of amount.

Finance team is responsible for processing all incoming wire transfers.

Definitions: ABA The American Bankers Association or ABA number is a unique routing identification code is issued to a Federal or State chartered financial institution which is eligible to maintain an account at a US Federal Reserve Bank. The ABA Routing Number (a.k.a. ABA number; Routing Transit number) is used to identify participants in automated clearinghouses, electronic funds transfer, and on-line banking.

Procedure:

1.0   INCOMING WIRES

1.1   Wire transfers are processed the same as a check in accordance with the CSH102 CASH RECEIPTS AND DEPOSITS procedure.

1.2   Upon the banks receipt of the wire transfer the bank may create a wire transfer notification. Normally these are mailed but many banks may also provide notification via e-mail, phone, fax, or via an on-line banking interface. The bank notification serves as documentation the the money has been received.

2.0   OUTGOING WIRES

2.1   The Chief Financial Officer will initiate wire transfers as necessary. This will take place on the secured website maintained by the Organization's bank. Chief Executive Officer must approve all wire transfers by logging into the bank's secured website and approving the transfer. Wire transfers cannot be made without this secondary authorization.

2.2 Wire transfers should originate from a checking account. Reference A - FRB Reg D. - establishes limits on transfers from savings or money market accounts but there are no limits on transfers from checking accounts.

References:

A. **FRB REG D: RESERVE REQUIREMENTS OF DEPOSITORY INSTITUTIONS**

Defines consumer depository accounts (e.g., checking, savings, money market, CDs, transactions etc.) and the rules governing those accounts. This law also requires that financial institutions keep a minimum amount of reserve deposits either as vault cash or with the Federal Reserve.

The Federal Reserve Board's Regulation D limits the number of certain withdrawals and transfers from savings accounts. All financial institutions are subject to this regulation. Examples savings accounts affected by this regulation include: Regular Savings and Money Market accounts. Transactions on Checking accounts are not limited.

Regulation D, allows up to six (6) preauthorized or automatic withdrawals or transfers to another account at the same financial institutions or to a third party during a calendar month. There may be no more than three (3) of these six (6) transfers by check, debit card, or similar order, clearing an account. A "preauthorized transfer" includes arrangement the credit union make either to pay a third party, one time, on written or verbal instruction, or to pay a third party on a fixed schedule, (i.e. bill payer, ACH authorizations).

B. **FRB REG E: ELECTRONIC FUND TRANSFER ACT**

Establishes the rights, liabilities and responsibilities of all parties involved in electronic fund transfers and protects consumers when they use such systems. Examples of these transactions include those at automated teller machines, telephone bill-payment plans, point-of-sale purchases and pre-authorized transfers to and from a consumer's account (such as direct deposit and regular utility and mortgage payments).

Regulation E prescribes rules for the solicitation and issuance of EFT cards; governs consumers' liability for unauthorized electronic fund transfers (resulting, for example, from lost or stolen cards); requires institutions to disclose certain terms and conditions of EFT services; provides for documentation of electronic transfers (on periodic statements, for example)- sets up a resolution procedure for errors; and covers notice of crediting and stoppage of preauthorized payments from a customer's account.

Stored-value cards (also known as "smart cards") and home banking by personal computer would be subject to Regulation E because the act governs electronic fund transfers.

Title: **CSH105 CHECK SIGNING AUTHORITY**

Policy: A limited number of employees will be authorized to sign checks but there shall be no fewer than three individuals at all times.

Purpose: To outline the check signing authority process.

Background: While a hired accountant, office manager, or accounting clerk may be responsible for entering bills, paying bills, and printing out checks, all printed checks and related documentation should be presented to a second individual for signing. No one person or employee should be allowed to enter invoices, select invoices for payment, then print and sign checks. At a minimum, this process requires at least two individuals to ensure the integrity of the accounting system remains intact.

Scope: This procedure applies to all regular bank checking accounts of the Organization.

Responsibilities:

    Chief Executive Officer is responsible for adding and removing check signing authority.

    Chief Financial Officer is responsible for managing the check signing authority process and alerting all individuals and banks of any changes to authority.

Procedure:

1.0 AUTHORIZED CHECK SIGNERS

1.1   The Board of Directors and the Chief Executive Officer should approve authorized check signers in writing. All approvals should be forwarded to the Chief Financial Officer for processing.

1.2   The Chief Executive Officer and Chief Financial Officer should have check signing authority. Additional individuals with or without dollar limitations may be authorized as necessary.

1.3   For back-up purposes, it is advisable to have at least three check signers authorized for each checking account. One should be the Chief Financial Officer or primary signer and the other should be the Chief Executive Officer or secondary check signer. The third should be a back-up signer. The back-up signer should be a trusted individual but not necessarily an employee. It could be a board member or another principle in the Organization. A back-up signer will ensure continuing operations in case both the primary and secondary signers become incapacitated for any period of time.

1.4 If the check signer also authorizes purchase orders, their access to the QuickBooks accounting system should be limited to "read" access as to maintain proper segregation of duties.

2.0   CHANGING CHECK SIGNERS

2.1 The Chief Financial Officer receives all approval paperwork and should prepare and maintain a file record of all authorized check signers and CSH105 Ex1 CHECK SIGNING AUTHORITY LOG.

2.2 The CHECK SIGNING AUTHORITY LOG should be kept current of all individuals and their status to sign checks as soon as their status changes. The log should contain the following information:

- Recipient name / position or title

- Authority start date

- Authority end date

- Maximum expenditure authority level

2.2 Contact the bank that administers the checking account for details on adding, changing, or removing check signers from a checking account. Normally this is a simple process of presenting identification and signing a card to be placed on file at the bank.

Banks maintain an authorized check signer's card for each checking account. Only those individuals listed on the authorized check signer's card may sign checks.

2.3 The Chief Executive Officer or the Board of Directors may revoke check signing authority. Any person who is no longer entitled to sign Organization checks will be notified in writing. The Chief Financial Officer will oversee the proper notification of the Organization's banks whenever authorized signature changes are made.

Effective Date: 9/5/17 **Approved by: BOD**

Title: **CSH106 CHECK MATTERS**

Policy: To ensure efficient processing and record keeping all check matters will need to be handled and documented appropriately.

Purpose: To describe the process for matters relating to checks.

Scope: All checks.

Responsibilities:

Chief Financial Officer or Finance team is responsible for managing other check matters.

Procedure:

1.0 CHECK ORIGINATION

1.1 The Organization does not permit the use of manual checks.

1.2 In no instance can the payee of a check be made to "Cash".

2.0 CHECK STOP PAYMENT

2.1 It is important to place the stop payment information on the account as quickly as possible to prevent losses. The following information should be obtained and recorded on the bank's Stop Payment Form or address online:

- Requester's name and department
- Account number
- Check number
- Date of the check
- Who the check is made payable to
- Amount of the check
- Reason for the stop payment

2.2 The stop payment information above should be forwarded to the Finance team or Chief Financial Officer who will contact the bank to put a stop on the check.

2.3 An authorized check signer may need to sign the bank's Stop Payment Form or address online, typically within ten business days. Normally, stop payments are placed on the account for approximately six months.

2.4 To release the stop payment, an authorized check signer may need to contact the bank and sign a release. Note: signing the release allows the check to be paid.

Title: **CSH107 BANK ACCOUNT RECONCILIATIONS**

Policy: To ensure the accuracy of the Organization's bank account records by proving the monthly balance shown in the bank's Account Register.

Purpose: To outline the practices for preparation of a Monthly Bank Reconciliation

Scope: This applies to all bank accounts maintained by the Organization.

Responsibilities:

Chief Financial Officer or designee is responsible for review and approval of all reconciliations.

Back-office service provider is responsible for reconciling each site's respective checking account.

Background: Errors or omissions can be made to the Organization's bank account records due to the many cash transactions that occur. Therefore, it is necessary to prove the monthly balance shown in the bank account register. Cash on deposit with a bank is not available for count and is therefore proved through the preparation of a reconciliation of the Organization's record of cash in the bank and the bank's record of the Organization's cash that is on deposit.

CSH107 Bank Account Reconciliations page 1 of 3

119

Accounting Policies, Procedures and Forms

Procedure:

1.0   BANK STATEMENT PREPARATION

1.1   After receipt of the monthly bank statement and/or online printing of the monthly bank statement, back-office accountant should prepare the monthly bank reconciliation as follows:

- By the 15th of the following month for MSA 1, MSA 2, MSA 3 and MSA 5 and;
- By the 20th of the following month for MSA 4, MSA 6, MSA 7, MSA 8, MSA SA and MSA SD

After preparation, the back-office client manager will carefully review the bank reconciliation. Once reviewed, the bank reconciliations are sent to the Finance Team for final review and approval. To preserve proper segregation of duties, no single employee, should perform both cash transaction functions and bank account reconciliations.

2.0   COMPUTERIZED FORMAT

2.1   In the computerized environment, the accounting system provides an automated bank reconciliation task. This task is generally selected once a month in conjunction with receiving the month end bank statement and/or online printout of the month end bank statement. Once selected, the screen shows a list of all items that have been posted to the cash account and that have not been cleared from the previous month's account reconciliation. The screen is usually divided into two segments: one half is a list of all checks and other charges reducing cash, and the other half is a list of all deposits and other items increasing cash. This screen would also have a field for entering the proper month end date and the balance at month end, per the bank.

2.2   After the account-reconciling task is successfully completed, a report is provided which shows the reconciliation process, including outstanding checks and deposits in transit.

Note: Once completed, the bank reconciliations and bank statements are filed electronically.

Scope: This applies to all bank accounts maintained by the Organization.

Responsibilities:

Chief Executive Officer is responsible for review and approval of all inter-account bank transfers

Chief Financial Officer is responsible for performing all inter-account bank transfers.

Background: Errors or omissions can be made to the Organization's bank account records due to the many cash transactions that occur. Therefore, it is necessary to authorize all inter-account bank transfers.

Procedure:

1.0   **INTER-ACCOUNT BANK TRANSFER**

1.1   Back-office provider monitors the balances in the bank accounts to determine when there is a shortage or excess in the checking account. Back-office provider recommends to the Chief Financial Officer when a transfer should be made to maximize the potential for earning interest or when funds are needed for processing payroll or other transfer needed. The Chief Financial Officer will determine when to make a transfer and in what amount. After the transfer has been initiated by the Chief Financial Officer, the Chief Executive Officer must log into the online banking system in order to complete the bank transfer process. Title: CSH109 JOURNAL ENTRIES AND RECLASSIFICATION ENTRIES

Policy: To ensure the accuracy of the Organization's books and records by proving documentation of journal entries and reclassification entries. All journal entries shall be authorized in writing by the Finance Manager initialing or signing the entries.

Purpose: To outline the practices for preparation of journal entries and reclassification entries.

Scope: This applies to all accounting transactions performed by the Organization.

Responsibilities:

      The Chief Financial Officer is responsible for review and approval of all journal entries and reclassification entries.

      Back-office provider is responsible for performing all journal entries and reclassification entries

Background: Journal entries can directly affect the presentation of financial statements. Therefore, it is necessary to authorize all journal and reclassification entries.

Procedure:

1.0   **JOURNAL ENTRIES AND RECLASSIFICATION ENTRIES**

1.1   The Chief Financial Officer the Financial Analysts and Back-office provider monitor the balances in the accounting records of the Organization.

      All general ledger entries including audit adjusting entries, reclassification entries, or other such journal entries shall be supported by journal vouchers or other documentation, which shall include a reasonable explanation of each entry. Examples of such journal entries include:

1. Recording of noncash transactions
2. Corrections of posting errors
3. Non-recurring accruals of income and expenses

    Certain journal entries, called recurring journal entries, occur in every accounting period. These entries may include, but are not limited to:

Title: **CSH111 CREDIT CARDS AND DEBIT CARDS**

Policy: It is the policy of the Organization to provide credit cards to authorized members of the Organization staff in the performance of their duties and responsibilities. The Organization does not permit the use of debit cards. The use of credit is the same as handling cash; every precaution must be taken to account for all funds, whether Federal, State or otherwise, and the most efficient and effective purchasing procedures as well as internal controls will be implemented to safeguard Organization funds.

Purpose: To be able to use credit cards in a controlled manner that allows for purchases such as travel and where a check and/or purchase order is not accepted.

Scope: This applies to transactions at the discretion of the School Principal, Chief Executive Officer and Chief Financial Officer.

Definitions: Batch. All of the day's credit card transactions are collected into a "batch" of transactions. The batch is closed, usually at the end of the day, and the result is submitted to the merchant processor as a single "batch".

Settlement**.** The processor clears the credit card transactions in the batch and the result is "settled" to the designated bank account. Settlement varies by Credit Card organization but usually occurs in 2-3 days after a batch is closed.

Processor. The processor is responsible for authorizing credit card transactions and settling each batch. The processor is also the Organization that one must interface with on all discrepancies or "chargebacks".

Chargebacks. A chargeback occurs when a customer (cardholder) disputes a charge that appears on their monthly credit card statement. If the dispute is unable to be resolved then the transaction is charged back to the merchant. The processor charges the merchant and returns the cardholder's money.

Responsibilities:

School Principal is responsible for authorization of credit card transactions up to $5,000 in accordance with the approved budget.

Chief External Officer, Regional Directors and Chief Financial Officer are responsible for authorization of credit card transactions up to $10,000 and over, using documented approval, not to exceed the current limits established by procedure number PUR104 Accounts Payable and Cash Disbursements.

Chief Executive Officer is responsible for authorization of credit card transactions up to $25,000, using documented approval, not to exceed the current limits established by procedure number PUR104 Accounts Payable and Cash Disbursements.

CSH111 Credit Cards and Debit Cards   page 1 of 6

127

Accounts Payable Specialist and Back-office provider are responsible for recording the transactions in the accounting records and reconciling credit card receipts to the credit card statements in accordance with CSH107 Bank Reconciliations.

Background: On occasion, the Chief Executive Officer and other senior management may not be in the position to carry a lot of cash or may need to use a credit card for purposes of travel arrangements. Under these circumstances and as considered necessary by Organization management, credit card transactions are acceptable.

Procedure:

1.0   CREDIT CARDS

1.1   Issuance of Corporate Credit Cards

Corporate credit cards are issued to personnel who travel on Organization business or have a legitimate need to purchase goods and services, either in person or on-line or when a purchase order cannot be approved in time or a purchase order is not accepted by a vendor. These cardholders will be required to sign a statement (CSH111 Ex1 Use of Credit Cards and Debit Cards Certification) acknowledging that the card shall be used exclusively for legitimate Organization- related business purposes and that the cardholder agrees to take reasonable precautions to protect the card from loss or theft by storing it in a secure location. Upon approval from the credit card company, a card will be issued bearing the names of both the individual and the Organization.

Cardholders, while working with other Organization staff, must plan activities and travel requests with sufficient time in order to avoid the use of credit cards. Cardholders abusing this privilege may have the card revoked if it is determined that sufficient time was available in order to request and receive approval for a purchase order.

When using the credit card for internet purchases, cardholders should ensure that the site utilizes industry recognized encryption transmission tools.

All corporate credit cards will be issued from the same vendor to enhance the purchasing power of the credit card and to provide for efficient on-going monitoring of all purchases made with the credit card(s).

1.2   Cardholder Responsibilities

Every month, each cardholder will be provided with a statement detailing the expenditures that were charged to his/her corporate credit card. The cardholders will submit all receipts for purchases of goods and services to the Finance Department within seven (7) days attached to the debit/credit card monthly statement after making any purchase. All documents will be initialed by the cardholder. In any instance of a missing receipt, payment will be the responsibility of the cardholder.

CSH111 Credit Cards and Debit Cards   page 2 of 6

128

Should the Accounts Payable Specialist identify any inadvertent personal or unauthorized uses of the card, the card statement as well as all backup documentation will be forwarded to the Chief Financial Officer, for review.

The Chief Financial Officer, will discuss with the cardholder any charges of concern and the card member will be required to reimburse the Organization immediately for any such inadvertent personal charges or unauthorized charges.

Excessive inadvertent personal charges will be grounds for revoking credit card privileges. Personal use of corporate credit cards is strictly prohibited. Any personal use will subject the employee to the Organization's disciplinary actions.

Any fraudulent or other unauthorized charges shall be immediately pointed out to the Chief Financial Officer, for further investigation with the credit card provider and at the discretion of the Chief Financial Officer may be required to be reimbursed by the individual cardholder who purchased the unauthorized transaction.

The Organization requires the following review and approval procedures:

- The cardholder will review the card statement to ensure only their own approved charges are listed on the statement. Any charges not made by the cardholder will be identified and discussed with the Accounts Payable Specialist.
- The Chief Financial Officer will approve credit card usage by the Principals, and the Chief Executive Officer will approve credit card usage by the Chief Financial Officer, and the Board of Directors Chairperson will approve credit card usage by the Chief Executive Officer.
- The Accounts Payable Specialist will review all charges on the card statement against all purchase documents submitted by the cardholder.
- The Chief Financial Officer, will review charges and supporting documentation prior to the monthly card statement being approved and included for payment.

Cardholders shall report the loss or theft of a corporate credit card immediately by notifying the credit card company (24 hours a day, seven days a week) as well as the Chief Financial Officer. In the event of theft of the card, a police report will be filed by the cardholder and a copy of the report will be maintained for insurance purposes.

1.3   Revocation of Corporate Credit Cards

Failure to comply with any of these policies associated with the use of the Organization's corporate credit cards shall be subject to possible revocation of credit card privileges. The Chief Financial Officer, with the approval of the Chief Executive Officer or Board Chairperson, shall determine whether credit cards are to be revoked.

1.4 **On-going Monitoring of Corporate Credit Cards**

The Organization will implement continuous on-going monitoring of the use of corporate credit cards to ensure only authorized expenditures are made with the credit cards. Credit card usage must follow the same criteria as all other purchases; i.e., allowable, reasonable, necessary, and allocable, where required.

In addition, the Board of Directors may, from time to time, authorize unannounced monitoring of the use of corporate credit cards.

Corporate credit cards will be assigned only to the Chief Executive Officer, Chief External Officer and Principals and all charges to that assigned card will be the responsibility of that employee. Employees authorizing the use of the credit card by other Organization employees, parents or friends, will be subject to disciplinary action.

1.5 **Employee Personal Credit Cards**

With prior approval from the Chief Executive Officer and/or Chief Financial Officer, the Organization employees may incur legitimate Organization business expenses utilizing their personal credit cards for such expenditures. The Organization shall reimburse employees according to Organization reimbursement policy (PUR106 Reimbursements).

2.0 **DEBIT CARDS**

2.1 **Debit Card Policy**

The organization does not permit the use of debit cards.

SOP # CSH112 Revision: 2   **Prepared by: Central Office**
Effective Date:9/5/2017   **Approved by: BOD**

Title:	**CSH112 INTRA-ORGANIZATION RECEIVABLES AND PAYABLES (DUE TO/DUE FROM)**

Deleted: ERCOMPANY

Policy: To ensure that intra-organization transactions between individual charter schools and the central office are processed correctly

Deleted: ercompany

Purpose: To outline the practices for intra-organization transactions between individual charter schools and the central office

Deleted: intercompany

Scope: This applies to all charter schools operated by the Organization.

Responsibilities:

Chief Financial Officer is responsible for performing the intra-organization transactions with approval from the Board of Directors.

Deleted: intercompany

The Finance Department is responsible for alerting Back-office provider regarding intra-organization transactions. Back-office provider is responsible for recording it into the accounting system, and ensuring accuracy of fiscal year-end balances.

Deleted: ercompany

Background: Charter schools are highly dependent on government funding to operate. Government cuts and funding deferrals can result in cash shortages for schools. Therefore the need arises to allocate resources from other schools to cover any shortfall. It is necessary to correctly record transactions between the charter schools and the central office in order to properly determine each school's receivable/liability.

Procedure:

1.0 INTRA-ORGANIZATION TRANSACTIONS

Deleted: ERCOMPANY

1.1 The Chief Financial Officer, with the support of the Finance Department and Back-office provider, monitors cash balances daily for the charter schools. When a charter school realizes a need for funds, the Chief Financial Officer will assess resource levels for the other schools as well as the central office. If the central office does not have sufficient funds to advance to the charter school requestor, at the discretion of the Chief Financial Officer, the Chief Financial Officer may transfer funds from a charter school with surplus funds into the central office. The Chief Financial Officer may then transfer funds to the charter school requestor from the central office. For policy regarding inter-account bank transfers, refer to **CSH108 INTER-ACCOUNT BANK TRANSFERS**.

1.2 At the end of the fiscal year, each school's receivable or payable account will be reconciled in accordance with **G&A105 PERIOD-END REVIEW & CLOSING**. Once balances are reconciled, an agreement is prepared at the end of the fiscal year between each school and the central office to document the amount owed and repayment terms.

SOP # CSH113 Revision: 2	**Prepared by: Central Office**
Effective Date:9/5/17 **Approved by: BOD**	

Title: **CSH113 FINANCIAL RESERVES**

Policy: To ensure each charter school maintains a fund reserve in order to protect itself from unforeseen revenue shortfalls or unexpected expenditures.

Purpose: To describe responsibilities and monitoring procedures over each charter school's fund reserve

Scope: This applies to all charter schools operated by the Organization.

Responsibilities:

Back-office provider is responsible for day to day monitoring of charter school cash accounts and ensuring their accuracy.

Chief Financial Officer is responsible for oversight over charter school cash accounts as to ensure that required fund reserve amounts are met.

Background: California regulations state that the following reserve amounts must be maintained:

- Greater of 5% of prior year operational expenditures or $55,000 for districts with 0-300 ADA
- Greater of 4% of prior year operational expenditures or $55,000 for districts with 301-1,000 ADA

Procedure:

1.0 **FUND RESERVE BALANCES**

1.1 Back-office provider will monitor the cash balance for each charter school to ensure its accuracy and to be able to project future amounts. This will be accomplished through timely bank reconciliations and regular budget vs. actual comparisons. This process is critical to quickly detect any potential cash shortages so expenditures can be modified or more resources can be requested.

1.2 If the required fund reserve amount for a charter school cannot be met, the Chief Financial Officer with the support of Back-office provider will need to determine where cash can be derived from in order to restore the fund balance. This can come from central office funds or from another charter school with surplus funds. See CSH112 INTERCOMPANY RECEIVABLES AND PAYABLES (DUE TO/DUE FROM) for this procedure.

Title: PYR 102 TIME KEEPING PROCEDURE FOR FEDERALLY FUNDED EMPLOYEES

Policy:

To clearly define responsibilities and timekeeping procedures in tracking specific program cost information.

Purpose:

To outline and document timekeeping of a grant, award or program costs MPS uses to track expenditure information to ensure it spends a specific amount for a specific purpose.

Scope:

This applies to all staff paid with federal funds.

Responsibilities:

Human Resources is responsible for setup and maintenance of all employee profiles on Paycom.

School Principal is responsible for accurate and timely submission of each site's attendance, extra duties and assignments.

Finance Team is responsible for review, generation and approval of all payroll; in addition to maintaining and keeping records of all federally funded employees.

Back-office service provider is responsible for accurate bookkeeping and financial reporting.

PYR 102 Time Keeping Procedure Page **1** of **5**

140

Accounting Policies, Procedures and Forms

Procedure:

Employee Compensation - All amounts paid to an employee for services rendered during the award period. Compensation includes salaries, fringe benefits, stipends, bonuses and payments made under supplemental contracts.

> Multiple Cost Objectives Employees - Employees who work on multiple cost objectives such as:
>
> - More than one Federal award;
> - A Federal award and a non-Federal award;
> - More than one activity within a federal award that is separately tracked by MPS (such as set-asides, earmarks or match/in-kind contributions).

Personnel Activity Report (PAR) - A document certifying the amount of time a multiple cost objective employee spends on each cost objective. The PAR must reflect an after-the- fact distribution of the activities performed; account for the total activity for which the employee is compensated; be prepared bi-weekly and coincide with one or more pay periods; and be signed by the employee.

Semi-Annual Certification - A document certifying a *single cost objective* employee worked solely on *one cost objective*. The certification must be prepared at least every six months and must be signed by the supervisory official having first-hand knowledge of the work performed by the employee.

Periodic Certification
An employee who works in multiple cost objectives on a set schedule (predetermined). The periodic certification must be prepared at least semiannually and cover the entire period of the certification and must signed by the supervisory official.

All employees paid with federal funds must adhere to the following procedures to complete the appropriate time and effort records.

Determining Cost Objectives -

A cost objective is defined as a federal grant award, or other category of costs MPS uses to track specific cost information. In certain circumstances MPS may track the time employees spend on particular activities *within* a single federal grant in order to demonstrate compliance with federal requirements such as earmarks, set-asides or match/in-kind contributions. When MPS uses employee compensation costs to meet these requirements they are known as ―cost objectives. In such a circumstance, an individual grant program may have more than one cost objective.

Determining cost objectives requires a careful reading of the programmatic provisions in the statute providing the funds. Employees should contact the Principal if assistance is needed in determining the cost objectives on which they work.

PYR 102 Time Keeping Procedure Page **2** of **5**

Accounting Policies, Procedures and Form

Single Cost Objective Employees -

An employee who works on a single cost objective must complete a semi-annual certification that indicates the employee worked solely on that cost objective for the period covered by the certification. The certification must be collected and reviewed at least every six months by the Principal, or his/her designee. Either the employee or a supervisor with first-hand knowledge of the work performed by the employee must sign the semi-annual certification.

A semi-annual certification must:

- Be executed after the work has been completed;
- State that the employee worked solely on activities related to a particular cost objective;
- Identify the cost objective;
- Specify the reporting period;
- Be signed by the employee or a supervisor with first-hand knowledge of the work performed; and dated.

    The supervisory official for all single cost objective employees must complete the semi-annual certification attached to these procedures.

    If an employee works on a short-term cost objective whose end date does not coincide with the normal December/June collection dates for semi-annual certifications (e.g. a supplemental contract for summer school programs), the employee must obtain a semi-annual certification from the Supervisor after the time period for the work has ended.

    All supervisory officials of single cost objective employees with first-hand knowledge of the work performed by the employee must complete and sign the semi-annual certification provided by the Supervisor

    Executed semi-annual certifications must be forwarded to the Finance Department

Multiple Cost Objective –

Employees working on multiple cost objectives must maintain Personnel Activity Reports (PARs) or The Periodic Certification If they have a predetermined schedule. The report indicates the amount of time spent on each cost objective for the period covered by the PAR or equivalent documentation. The PAR must be prepared at least monthly, Periodic Certification must prepared at least semiannually. The employee must sign the PAR or equivalent documentation. An employee time card can be used in place of a PAR. Timecards will be documented and maintained by the MPS payroll department.

A PAR or equivalent documentation must:

- Be executed after the work has been completed (projections of how an employee is expected to work or position descriptions are not sufficient);
- Account for the total activity for which each employee is compensated, including

PYR 102 Time Keeping Procedure Page **3** of **5**

142

Accounting Policies, Procedures and Forms

> part- time schedules or overtime (total activity means all of the time an employee works, not just the amount of time worked on a federal program);
- Identify the cost objectives;
- Specify the reporting period;
- Be signed by the employee (unlike a semi-annual certification a supervisor's signature alone is not sufficient); and
- Be dated after the fact (when the work has been completed).

At the beginning of each year, Finance Department will distribute blank PARs or Periodic Certification forms to the Principals that are required to complete on a bi-weekly basis throughout the year.

Copies of executed PARs, or approved equivalent documentation, must be forwarded to Finance Department every 2 weeks, Periodic Certification must be forwarded after the time period of work has ended.

Supplemental Contracts –

As discussed above, time and effort records must account for all of an employee's activities (i.e. 100% of an employee's time). Thus, if an employee works overtime that time must be reflected in the employee's time and effort record. If, however, an employee works in two distinct positions the employee may maintain separate time and effort records for each position.

For example, an employee works as a Title I teacher during the school day (charged to Title I) and a sports coach after school (charged to state or local funds). Assuming the coaching responsibilities are not part of the employee's regular job functions (e.g. the employee has a supplemental contract for the coaching position), the employee may treat each position separately – meaning the employee may complete a semi-annual certification for the teaching position, while no federal time and effort record would be required for the coaching position. In a similar example, an employee works as a Title I teacher during the school day (charged to Title I) and an after-school federally funded teacher. Assuming the after school activities are not part of the employee's regular job functions, the employee may complete a semi-annual certification for Title I teaching position and a separate semi-annual certification for the other supplemental federal program.

Stipends –

Employees may be provided stipends to participate in activities such as professional development. Employees receiving such stipends for MPS sponsored activities may satisfy time and effort records by signing the sign-in and sign-out sheets provided at the activity.

Reconciliation –

It is MPS's practice to charge employee compensation costs to federal programs based on

PYR 102 Time Keeping Procedure Page **4** of **5**

143

budget estimates that reasonably approximate how an employee will work during the year. The MPS back office service provider will reconcile payroll charges to the time and effort reflected in employee time and effort records at least quarterly. If any MPS staff or back office service provider staff identifies a variance between how an employee's salary was charged and how the employee actually worked, MPS Finance staff will review and adjust its payroll charges so that the amount charged to federal funds reflects the employee's actual time and effort. MPS will perform the reconciliation quarterly.

In-Kind Contributions and Matching –

Employees who are paid with non-federal funds that will be used to meet a federal match requirement (also known as in-kind contributions) must comply with the same time and effort reporting requirements as employees who are paid with federal funds. In other words, employees paid with matching funds who work on a single cost objective must complete a semi-annual certification in accordance with the procedures in section b. Employees paid with matching funds who work on multiple cost objectives must complete a personnel activity report in accordance with the procedures in section c.

Document Retention –

Time and effort records must be maintained for a period of five (5) years.

TRAINING

MPS will provide training on this procedure to all staff involved in federal programs such as:

- Distribution of federal laws, regulations and guidance
- Distribution of MPS policies and procedures
- Developing templates, checklists and other guidance documents as appropriate
- Internal training sessions
- Routine staff meetings and
- Informal technical assistance

SOP # INV101 Revision: 1　　　　　　　**Prepared by: Central Office**
Effective Date: 9/5/17　　　　　　　　**Approved by: BOD**

Title:　　　　**INV101 FIXED ASSET CONTROL AND LEASES**

Policy:　　　Proper control procedures will be followed for all capital asset acquisitions, transfers and dispositions in order to provide internal control of capital equipment and to assist in reporting.

Purpose:　　To outline the procedures for acquiring, disposing and maintaining control of capital assets. This is particularly important for assets purchased with grant program dollars where the grantee may want the equipment returned at the end of the program.

Scope:　　　This procedure applies to all equipment with a value of $500 or more and furniture a value of $5,000 or more.

Responsibilities:

School Principals are responsible and accountable for furniture, equipment, machinery and any other assets in their schools. An automated fixed asset tracking system will be implemented for tracking and tagging assets to be inventoried.

Definitions:

Capitalized Equipment: All furniture and equipment costing $5,000 or more each should be recorded in the fixed assets inventory system and depreciated annually.

If purchased in bulk over the $5,000 threshold, these items may also be deemed capitalized. For capital assets that are acquired as a "group purchase" whose individual acquisition cost is less than the $5,000 threshold, it will be capitalized if the aggregate amount is $5,000 or above. A "group purchase" is defined as an acquisition of 5 or more units at of the same, identical item being made using a single requisition. In addition, the purchase of the assets serves a specific location or objective. For example, a decision is made to upgrade a computer lab. This will require 10 new computers located in a single area. Individually the computers cost $1,000; however, the aggregate cost of the 10 computers will be $10,000. The purchase is capitalized as a group purchase.

Non-Capitalized Equipment: No equipment costing less than $5,000 each should be depreciated. However, non-capitalized equipment that is motorized, electronic, or computerized should be added to the fixed assets inventory system for fiduciary purposes only so that its existence can be verified during the annual physical inventory process.

Furniture: No furniture items costing less than $5,000 each should be added to the fixed assets inventory system or depreciated

Procedure:

1.0 ACQUISITIONS

1.1 All purchases of furniture and equipment as defined above must be tagged and included in the inventory listing.

See PUR102 for the procurement process to be followed.

1.2 Any internally constructed or donated equipment will be reported to Finance Team if the item cost has a value of $5,000 or more. A complete description of the property, date manufactured or received, number of items, cost or estimated value and a statement that it was internally constructed or donated will be included in the report.

1.3 To maintain proper segregation and control upon termination of any employees, any employee owned tools, equipment or furniture brought on the Organization premises will be reported to the School Principal. The report should include the employee's name, description of items, identification numbers, if any, and reason for using the asset.

2.0 DISPOSITIONS

2.1 Assets may be sold or traded-in on new equipment. An example INV103 Ex1 ASSET DISPOSITION form or updating of Excel workbooks is to be completed and approved by the School Principal. Any assets with an original value greater than $5,000 will also require the Chief Financial Officer's approval.

Upon approval, the school may advertise the property for sale or submit a list to purchasing for sale and disposition. After completion of the sale, an example INV103 Ex2 BILL OF SALE provided below will be issued and the ASSET DISPOSITION form will be submitted to Finance Team who will ensure deletion of the item from the asset records and submit paperwork to back-office provider to record any gain or loss on the disposition.

2.2 Worn-out or obsolete property with no cash value will be reported to Finance Team on the Asset Disposition form with the description, serial number and condition. Finance Team will inspect all worn-out of obsolete property before it is removed from the school and discarded. The asset will then be removed from the asset records.

2.3 Any asset that is missing or has been stolen will be reported in writing to the School Principal and Finance Team as soon as possible. The description, serial number, and other information about the lost item should be included in the report.

Accounting will determine the proper course of action and will notify the company's insurance carrier and any outside authorities if deemed appropriate. If un-recovered, the asset will then be removed from the asset records.

2.4 Inter-school transfers of assets will be reported to Accounting in writing including the description, serial number and the name of the school to receive the property.

The School Principal to whom the item was assigned originally will be held accountable until accounting is notified of the transfer. After being notified, the School Principal acquiring the property assumes responsibility. Accounting will then record the inter- school transfer on the asset records.

INV101 Fixed Asset Control and Leases   page 2 of 10

146

3.0   ASSET RECORDS

3.1   Upon any asset acquisition, Accounting is responsible for assigning and attaching asset number tags to the property where it can be readily located.

Accounting will then maintain a detailed listing of each fixed asset item which will include the description, date acquired, vendor, cost basis, assigned school and location. On an annual basis, accounting will furnish each school a report showing a listing of assets assigned to that school and any acquisitions, disposals and transfers during the past year. Any discrepancies must be communicated to Finance Team by June 30th of each year . This report should be filed by the School Principal for reference and later use.

3.2   A physical count will be taken at each site every two years or as needed.

3.3   Each school will be responsible for locating assets with its number tag attached that are recorded as assigned to their school whenever requested by Accounting, a county property tax auditor or the company's external auditors.

3.4   Whenever a change in School Principal occurs, all items should be accounted for by the outgoing School Principal. The incoming School Principal will accept the responsibility and accountability for the school asset listing upon assuming the position. Accounting can assist with this audit if requested.

4.0   LEASED OR OWNED VEHICLES

4.1   The safety and comfort of MERF employees, parents and Board members is of utmost importance. Therefore, MERF has established a policy whereby vehicles, whether leased or purchased, will be retained for a maximum of 100,000 miles or 8 years, whichever is less. The Finance Team will establish a mileage log to ensure vehicles are properly planned and replaced on schedule. Any individual that is assigned a vehicle shall be responsible for maintaining the mileage log and working with the Finance Team in complying with the replacement requirements of this policy.

4.2   A mileage log will be retained for each vehicle and all users will note the beginning and ending mileage for all trips. This log will be provided to the designated driver upon pickup of keys for use of a vehicle. Under no circumstances may an employee retain the keys or mileage log overnight unless on an authorized, extended trip requiring overnight accommodations. All keys will be returned to the administrative office or central kitchen upon completion of the day's authorized trips.

4.3   The Finance Team will ensure that all vehicles are taken to an authorized vendor for maintenance and service. All vehicles will receive appropriate oil changes on a minimum 5,000 mile schedule. Tires will be rotated at the same time and tires will be replaced after 50,000 miles (or sooner) if believed to be worn beyond prudent safety levels.

4.4   The Finance Team will submit RFPs to authorized vehicle dealers and service vendors on an annual basis. All vehicles will be serviced by the same designated vendor(s) for this annual contract period. The only exception will be for vehicles, newly purchased or leased, which provide for free maintenance and service as part of its warranty period or any special arrangements made as part of the purchase or lease of the vehicle.

Accounting Policies, Procedures and Forms

4.5   Designated drivers must report any problems or issues identified, upon completion of their daily trip(s), to the Finance Team. A "Vehicle Report" must be completed and submitted to the Finance Team immediately upon return from any trip whereby a problem or issue is suspected or identified.

4.6   If any driver is involved in an accident, whether with another vehicle or not, the driver must complete an Accident Report form and submit the report form to the Finance Team immediately upon return to MERF. A copy of the report form and instructions for submitting the report and "what to do if involved in an accident" are included in the Exhibits section.

5.0   **LEASES**

5.1   Classification of Leases

It is the policy of MERF to classify all leases in which MERF is a lessee as either capital or operating leases. MERF shall utilize the criteria described in Statements of Financial Accounting Standards No. 13 in determining whether a lease is capital or operating in nature. Under those criteria, a lease shall be treated as a capital lease if, at the time of entering into the lease, any of the following factors are present:

1. The lease transfers ownership to MERF at the end of the lease term;

2. The lease contains a bargain purchase option;

3. The lease term is equal to 75% or more of the estimated economic life of the leased property; or

4. The present value of the minimum lease payments is 90% or more of the fair value of the leased property (using, as the interest rate, the lesser of MERF's incremental borrowing rate or, if known, the lessor's implicit rate).

All leases that do not possess any of the four preceding characteristics shall be treated as operating leases. In addition, all leases that are immaterial in nature shall be accounted for as operating leases.

MERF shall also maintain a control list of all operating and capital leases. This list shall include all relevant lease terms.

SOP # INV102 Revision: 1   **Prepared by: Central Office**
Effective Date: 11/12/15   **Approved by: BOD**

Title: **INV102 FIXED ASSET CAPITALIZATION & DEPRECIATION**

Policy: Asset acquisitions with a useful life expectancy of greater than one year and with a minimum threshold amount as specified by the Chief Financial Officer should be capitalized by the Organization and depreciated.

Purpose: The purpose of this procedure is to delineate the capitalization and depreciation methods for various asset groups.

Scope: All acquisitions of capital assets for the Organization.

Definitions: Capitalization - Capitalization is the method chosen to record the purchase of a fixed asset on the Organization's accounting books. If an asset is capitalized then it is not expensed in the same year the asset is purchased. Instead the asset is generally recorded on the balance sheet and individually on an asset schedule. Examples of capital expenditures are purchases of land, buildings, machinery, office equipment, leasehold improvements and vehicles. The asset is expensed each year as depreciation.

Depreciation - is an annual income tax deduction that allows the write-down or write-off of the cost of the asset over its estimated useful life to recover the cost or other basis of certain property over the time the property is used. It is an allowance expense for the wear and tear, age, deterioration, or obsolescence of the property.

As an asset ages and is used by the Organization, its value declines. It, in effect, becomes worth less and less over time. The declining value or usefulness of the asset over time is represented as a discount that is applied to the original purchase price. At the end of the asset's depreciation period, (and/or useful life), its value on the balance sheet will be zero, or fully-depreciated. At the same time, the individual depreciation expenses will have all been recorded on the income statement.

Note: Land is not depreciated because land does not wear out, become obsolete, or get used up. But, the building on the land is depreciated. Land is generally viewed as an appreciating asset while all other capital assets are generally viewed as depreciating over time, with use. But, unlike depreciation, an asset's appreciation is not recorded on the books until the asset is sold, which is when the assets appreciation is realized.

Cost basis – The total amount paid for the asset, in cash or kind, is considered the "cost-basis". This should include all charges relating to the purchase, such as the purchase price, freight charges and installation, if applicable. The cost basis is not the market value or list price of the

INV102 Fixed Asset Capitalization & Depreciation   page 1 of 5

155

Accounting Policies, Procedures and Forms

asset. It is the total amount invested in the purchase or the total amount paid.

Procedure:

1.0   CAPITALIZATION

1.1   All assets with a useful life of greater than one year and costing more than $5,000 will be capitalized and (except for land) will be recorded in the depreciation records.

Bulk computer, software, and other technology purchases with an aggregate value of $25,000 or more are captured as capitalized fixed assets regardless of individual price of item.

In addition, remodeling modifications and replacement costs of integral structural components are only capitalized when such costs incurred exceed $50,000. Depreciation or amortization is computed on the straight-line basis over the useful lives of the assets.

Any asset that does not meet the above criteria will be expensed such as small tools and equipment or repairs and maintenance.

1.2   The cost basis of furniture and equipment assets will include all charges relating to the purchase of the asset including the purchase price, freight charges and installation if applicable.

1.3   Leasehold improvements including painting are to be capitalized if they relate to the occupancy of a new office or a major renovation of an existing office or site. Expenditures incurred in connection with maintaining an existing facility in good working order should be expensed as a repair.

1.4   The cost of buildings should include all expenditures related directly to its acquisition or construction. This cost includes materials, labor and overhead incurred during construction, and fees, such as attorney's and architect's and building permits.

1.5   Maintain proper files on the details to all acquisitions, expenditures, and maintenance performed on all assets. These records are vital for proper tax preparation and are used during yearly tax reporting and planning.

2.0   DEPRECIATION

2.1   The depreciation methods/lives for assets must be selected at the time the asset is first placed into service in order to ensure consistent financial reporting and tax compliance.

The Organization uses the straight-line method of depreciation.

The following represents a sample of the useful lives that the Organization may use for financial reporting purposes:

Athletic equipment	Wrestling mats, weight machines	7 - 10
Library books	Collections	5 to 7
Licensed vehicles	Buses, other on-road vehicles	5 - 10

2.2   The lowest life permitted by tax regulations for asset classes should be selected to optimize depreciation deductions.

2.3   Regardless of the depreciation rate required an Organization can elect to use a different method for financial statement purposes. Such method should be justified based on the expected useful life of the asset.

2.4   Depreciation will be recorded in the accounting system at the end of the fiscal year.

Title: **IVT101 INVESTMENTS**

Policy: This policy establishes procedures to govern the investment of funds held by Magnolia Public Schools ("MPS" or the "Charter School"). This policy is based upon federal, state and local laws and regulations, and prudent money practices. To the extent that this policy conflicts with state or federal law, the applicable law shall prevail.

Purpose: MPS' primary investment objective shall be to maintain the safety and liquidity of its funds. Safety of principal is the foremost objective of MPS. The primary objectives of MPS investment activities shall be, in order of priority:

1. **Safety**. The safety of principal is the foremost objective of MPS's investment program. MPS's investments shall be undertaken in a manner that shall preserve MPS's capital.

2. **Liquidity**. MPS's secondary objective shall be to meet its liquidity needs. The investment portfolio shall maintain sufficient liquidity to enable MPS to meet necessary cash flow and operating requirements which might be reasonably anticipated.

3. **Yield**. The investment portfolio shall be designed with the objective of attaining a market rate of return over the course of budgetary and economic cycles, taking into account the investment risk, constraints and the cash flow characteristics of the portfolio.

4. **Maintaining the Public's Trust**. The investment officers shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence while conforming to all applicable statutes and regulations governing the investment of public funds.

5. **Mitigating Credit Risk and Market Risk.** Credit risk shall be mitigated by diversifying the fund among issues and issuers so that the failure of any one issue or issuer would not result in a significant loss of income or principal to participants. Because longer-term securities generally have greater market risk than shorter-term securities, market risk will be mitigated by establishing a maximum weighted average maturity or duration for the portfolio. Occasional market losses on individual securities are inevitable with active portfolio management and must be considered within the context of the overall investment return.

Scope: It is recommended that MPS mirror the intent of California Education Code Section 41015, and invest all or part of funds deposited in a Special Reserve Fund, or any surplus monies not required for the immediate necessities of MPS in any of

160

the investments specified in California Government Code Sections 16430 or 53601. Special Reserve Funds are hereby defined as those funds, which the Board has designated for capital outlay, or other purposes, where an accumulation over a period of fiscal years is desired.

MPS shall make investments following the guidelines of the Uniform Prudent Investor Act. (Probate Code Section 16045, *et seq.*)

This Policy covers all funds and investment activities under the direct authority of MPS. The proceeds obtained from the issuance of bonds shall be invested in accordance with the applicable bond documents. If the bond documents are silent as to the investment of the proceeds, the bond proceeds will be invested in the securities permitted by this Policy.

COMPLIANCE WITH STATE AND FEDERAL SECURITIES LAWS

MPS will take reasonable steps to ensure that any debt offering issued by MPS complies fully with all applicable state and federal securities laws. In connection with all debt offerings issued by MPS, MPS will retain bond counsel and disclosure counsel to review the offering materials prepared in connection with the debt offering to ensure that disclosures contained in offering materials comply with federal and state securities laws. MPS has implemented procedures to ensure MPS maintains compliance with continuing disclosure requirements. The Chief Executive Officer shall be responsible for reviewing the offering materials regarding the accuracy of information disclosed in such materials.

CHANGES TO INVESTMENT POLICY

This Policy will be reviewed, as needed, to ensure its consistency with the objectives of income, growth and safety, and changes in applicable laws and financial trends. Any proposed amendments to the Investment Policy will require approval by the MPS Board of Directors. This Policy and modifications to it must be approved by the Board of Directors at a public meeting.

COMPLIANCE WITH INVESTMENT POLICY

All outside investment advisors/managers, attorneys and other financial professionals employed or retained by MPS and/or its representatives, including without limitation financial advisors, underwriters, bond counsel, and disclosure counsel, must review this policy and confirm that they have reviewed this Investment Policy and will fully comply with these policies.

Responsibilities:

DELEGATION OF AUTHORITY

Management responsibility for the investment program is hereby delegated by the Board of Directors to the CEO and the Oversight Committee, as deemed appropriate or necessary, who shall thereafter assume full responsibility for those transactions until the delegation of authority is revoked. The Board of Directors may review and renew the delegation of authority each year. The CEO may delegate the day-to-day operations of investing to his/her designee(s) but not the

161

responsibility for the overall investment program. The CEO and/or his/her designee(s) shall make all investment decisions and transactions in strict accordance with state law and with this Policy.

If authorized by the Board of Directors, the CEO and Oversight Committee may utilize an external investment advisor to assist with investment decision-making and trade execution authority. The investment advisor shall be under the supervision of the approved Oversight Committee and shall follow this Policy and such other written instructions as are provided.

The CEO, his/her designee(s) and/or Oversight Committee, acting in accordance with written procedures and policies and exercising due diligence, shall be relieved of personal liability for an individual security's credit risk or market price changes, provided deviations from expectations are reported in a timely fashion and appropriate action is taken to control adverse developments.

The Board of Directors shall ensure that its fiduciary responsibilities concerning the proper management of MPS' funds are fulfilled through appropriate investment structure, internal and external management, consistent with all policies and procedures. Based on the advice and recommendations of the CEO and Oversight Committee.

The CEO and Oversight Committee are not held liable for less than desirable outcomes, rather, they are responsible only for adherence to procedure and processes. The CEO and Oversight Committee is responsible for the development, recommendations, implementation and maintenance of all investment policies.

Procedure:

INTERNAL CONTROLS

The CEO and Oversight Committee shall establish a system of written internal controls to regulate MPS's investment activities, including the activities of any subordinate officials acting on behalf of MPS. Procedures should include references to individuals authorized to execute transactions or transfers, safeguard agreements, (including repurchase agreements, wire transfer agreements, collateral/depository agreements), and banking services contracts, as appropriate. As part of the annual audit, MPS's external auditor will perform a review of investment transactions to verify compliance with policies and procedures. The Oversight Committee will sign off on internal control procedures as appropriate.

The controls shall be designed to prevent loss of public funds due to fraud, employee error, and misrepresentation by third parties, unanticipated market changes or imprudent actions by employees of the Charter School. The Charter School shall seek to maintain a debt burden factor of 1 - 2% of the Charter School's unrestricted general fund revenues.

AUTHORTIZED FINANCIAL INSTITUTIONS AND DEALERS

It shall be MPS' policy to purchase securities only from authorized institutions and firms. The CEO and Oversight Committee shall maintain a list of authorized

162

broker/dealers and financial institutions that are approved for investment purposes. MPS shall use at least one authorized broker/dealer to advise MPS on investments.

No deposit of public funds shall be made except in a qualified public depository as established by state laws. If an external investment advisor is authorized to conduct investment transactions on behalf of MPS, the investment advisor may use its own list of approved broker/dealers and financial institutions for investment purposes consistent with MPS' policies and existing laws.

For broker/dealers of government securities and other investments, MPS shall select only broker/dealers who are licensed and in good standing with the California Department of Securities, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and/or other applicable self-regulatory organizations. Any permitted investment shall be purchased either from a "primary" or regional broker/dealer qualifying under SEC Rule 15c3-1 (uniform net capital rule) or a "well capitalized" financial institution, as defined in Title 12 of the Code of Federal Regulations ("CFR") Part 6.4.

Before engaging in investment transactions with a broker/dealer, the CEO and Oversight Committee shall have received from said firm a signed Certification Form. This form shall attest that the individual responsible for MPS's account has reviewed MPS's Investment Policy and that the firm understands the policy and intends to present investment recommendations and transactions to MPS that are appropriate under the terms and conditions of this Investment Policy. Any broker, brokerage, dealer or securities firm that has made a contribution to the Charter School, any member of the Board of Directors, or any candidate for those offices is ineligible for selection by the Charter School.

AUTHORIZED AND SUITABLE INVESTMENTS

In making any decision relative to the investment of funds, each of the following factors must be considered, and properly documented:

1. General economic conditions,
2. Expected tax consequences, if any, of investment decisions or strategies,
3. Expected total return from the income and appreciation of investments,
4. Other resources of the organization,
5. The needs of the organization and the fund to make distributions and preserve capital.

INVESTMENT TYPE DESCRIPTIONS

Investments not specifically listed below are prohibited. Consistent with the requirements of law and this Investment Policy, the Charter School may place orders for the execution of transactions with or through such broker/dealers, banks or counterparties as may be selected from time to time. All securities must be U.S. dollar denominated. To the extent consistent with the objectives stated above, the investment restrictions outlined below, and the investment limitations specified herein, the Charter School may invest in the following areas.

State and Local Agencies. Registered treasury notes or bonds of this or any of the

163

other forty- nine United States, including bonds payable solely out of the revenues from a revenue-producing property owned, controlled, or operated by a state or by a department, Board of Directors, agency, or authority of this state or any of the other forty-nine United States.

Bonds, notes, warrants, or other evidences of indebtedness of any local agency within this state (including MPS), including bonds payable solely out of the revenues from a revenue- producing property owned, controlled, or operated by the local agency, or by a department, Board of Directors, agency, or authority of the local agency.

United States Treasury Issues. United States Treasury notes, bonds, bills, or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

U.S. Agencies (Federal Agency Obligations). Federal Agency or United States government- sponsored enterprise obligations, participations, or other instruments, including those issued by or fully guaranteed as to principal and interest by federal agencies or United States government- sponsored enterprises.

Supranationals. Supranational organizations are international financial institutions that are generally established by agreements among nations, with member nations contributing capital and participating in management. Supranational bonds finance economic and infrastructure development and support environmental protection, poverty reduction, and renewable energy around the globe. MPS may purchase the United States dollar denominated senior unsecured unsubordinated obligations issued or unconditionally guaranteed by the International Bank for Reconstruction and Development, International Finance Corporation, or Inter- American Development Bank.

Bankers' Acceptances. Bankers' acceptances otherwise known as bills of exchange or time drafts that are drawn on and accepted by a commercial bank. Purchases of bankers' acceptances may not exceed 180 days maturity. Eligible bankers' acceptances are restricted to issuing financial institutions with short-term debt rating of at least "A-1," or its equivalent, by a nationally recognized statistical rating organization (NRSRO) or a long-term rating of not less than "A" from a NRSRO.

Commercial Paper. Commercial paper rated the highest ranking or of the highest letter and number rating as provided for by a NRSRO. Eligible commercial paper shall be of 'prime' quality of the highest ranking. The commercial paper shall not exceed 270 days maturity. The entity that issues the commercial paper shall meet all of the following conditions in either paragraph (a) or paragraph (b):

a) Has total assets in excess of five hundred million dollars ($500,000,000), is organized and operating within the United States as a general corporation, and has debt other than commercial paper, if any, that is rated "A" or higher by a NRSRO.
b) Is organized in the United States as a special purpose corporation, trust, or limited liability company, has program-wide credit enhancements including, but not limited to overcollateralization, letters of credit or a surety bond, has commercial paper that is rated "A-1" or higher, or the equivalent, by a NRSRO.

Split ratings (i.e. A2/P1) are not allowed.

164

Placement Service Deposit. Deposits placed through a deposit placement service shall meet the requirements under Government Code Section 53601.8. The full amount of the principal and the interest that may be accrued during the maximum term of each deposit shall at all times be insured by federal deposit insurance.

Negotiable Certificates of Deposit. Negotiable certificates of deposit (NCDs) issued by a nationally or state-chartered bank, a savings association or a federal association, a state or federal credit union, or by a federally licensed or state-licensed branch of a foreign bank. Purchases are limited to institutions which have long-term debt rated at least in the "A" category, or its equivalent, by a NRSRO, and/or have short-term debt rated at least "A-1," or its equivalent, by a NRSRO. NCDs may not exceed 5 years in maturity. In combination with placement service CDs, a maximum of 30 percent of the portfolio may be invested in this category. The amount invested in NCDs with any one financial institution in combination with any other securities from that financial institution shall not exceed ten percent of the portfolio. Quarterly, the Charter School will monitor custodial credit risk and report the outcome to the Board of Directors. All deposits are to be in FDIC insured institutions and will be reviewed as to the nature and extent of its present compliance with regulations, federal regulatory requirements, profitability/loss trend, liquidity and capital ratios.

Repurchase Agreements. Investments in repurchase agreements for the purpose of this Investment Policy Statement (as defined by section 53601(j) of the California Government Code) means a purchase of securities by the Charter School pursuant to an agreement by which the seller will repurchase the securities on or before a specified date and for a specified amount and will deliver the underlying securities to the Charter School by book entry, physical delivery, or by third party custodial agreement. Repurchase agreements are to be used as short-term investments not to exceed one year. The following collateral restrictions will be observed: Only United States Treasury securities or Federal Agency securities will be acceptable collateral. All securities underlying repurchase agreements must be delivered to MPS's custodian bank or be handled under a properly executed tri-party repurchase agreement. The total market value of all collateral for each repurchase agreement must equal or exceed 102% of the total dollar value of the money invested by MPS for the term of the investment.

Repurchase agreements are required to be collateralized by securities or cash authorized under California Government Code Section 53601(j)(2). Collateral will be held by an independent third party with whom the Charter School has a current custodial agreement. A clearly marked evidence of ownership (safekeeping/custody receipt) must be supplied to the Charter School and retained. The Charter School retains the right to substitute or grant substitutions of collateral. Investments in repurchase agreements may be collateralized by any securities authorized within this section. Agreements are subject to California Government Code Section 53601 and must comply with the delivery requirements and the maturity provision from Section 53601.

Medium-Term Notes. Medium-term notes defined as all corporate and depository institution debt securities with a maximum remaining maturity of five years or less, issued by corporations organized and operating within the United States or by depository institutions licensed by the United States or any state and operating within the United States. Purchases are limited to securities rated at least in the "A" category, or its equivalent, by a NRSRO.

165

Money Market Funds. Shares of beneficial interest issued by diversified management companies that are money market funds registered with the Securities and Exchange Commission that invests solely in U.S. Treasuries and Federal Agency obligations and repurchase agreements relating to such obligations

Mutual Funds. Shares of beneficial interest issued by diversified management companies that invest solely in securities and obligations authorized by this policy. The company shall have met either of the following criteria: (A) Attained the highest ranking or the highest letter and numerical rating provided by not less than two NRSROs, (B) Retained an investment adviser registered or exempt from registration with the Securities and Exchange Commission with not less than 5 years of experience managing money market mutual funds with assets under management in excess of five hundred million dollars ($500,000,000).

Local Government Investment Pools Joint Powers Authority (LGIP JPA.) Shares of beneficial interest issued by a joint powers authority organized pursuant to Government Code Section 6509.7. To be eligible for purchase, the pool must meet the requirements of California Government Code Section 53601(p), the pool must seek to maintain a stable Net Asset Value ("NAV"), and the pool must be rated at least "AAA," or its equivalent, by a NRSRO.

Mortgage- and Asset-Backed Securities. Any mortgage pass-through security, collateralized mortgage obligation, mortgage-backed or other pay-through bond, equipment lease-backed certificate, consumer receivable pass-through certificate, or consumer receivable-backed bond of a maximum of five years' maturity. Securities eligible for investment under this subdivision shall be issued by an issuer having at least an "A" rating, or its equivalent, for the issuer's debt as provided by a NRSRO and rated at least "AA", or its equivalent, by a NRSRO.

SAFEKEEPING AND CUSTODY

All deliverable security transactions entered into by MPS shall be conducted on a delivery- versus-payment (DVP) basis. To protect against potential losses by collapse of individual securities dealers, and to enhance access to securities, interest payments and maturity proceeds, all securities owned by MPS shall be held in safekeeping by a third party bank trust department, acting as agent for MPS under the terms of a custody agreement executed by the bank and by MPS. The only exception to the foregoing shall be depository accounts and securities purchases made with: (i) LAIF and government investment pools and, (ii) money market funds, since the purchased investments are not deliverable. Evidence of each these investments will be held by MPS.

MAXIMUM MATURITIES

The CEO and Oversight Committee shall maintain a system to monitor and forecast revenues and expenditures so that funds can be invested to the fullest extent possible. Maturities of investments will be selected to provide necessary liquidity, manage interest rate risk, and optimize earnings. Because of inherent difficulties in accurately forecasting cash flow requirements, a portion of the portfolio should be continuously invested in readily available funds.

166

The maximum maturity of individual investments shall not exceed the limits set forth in the Authorized and Suitable Investments section. If the section does not specify a maturity limit, no investment shall have a remaining maturity in excess of five years from the date of purchase unless MPS has granted its express authority to make that investment either specifically or as a part of an investment program no less than three months prior to the investment.

INVESTMENT RESTRICTIONS

Credit Ratings
Credit ratings will be applied at the time of purchase of a security. A subsequent downgrade in a security's credit rating will not constitute a violation of the Investment Policy. Securities which are downgraded below the minimum acceptable rating levels must be reviewed for possible sale within a reasonable amount of time.

U.S. Government obligations are exempt from the credit rating requirements listed below.

The credit ratings referred to below must be assigned by one of the following NRSROs: Standard & Poor's Corporation ("S&P"), Moody's Investors Service, Inc. ("Moody's"), and Fitch Ratings ("Fitch").

a) Short-term debt ratings – (two of the following and not less than the following) "A-1" or "SP-1" (S&P); "P-1" or "MIG 1/VMIG 1 (Moody's); or "F1" (Fitch) Ratings.

Split ratings are not allowed, i.e. A-1/P-1/F2 or similar. An issuer of short-term debt must have no less than an "A" rating on long-term debt.

b) Long-term debt ratings – Investments purchased with remaining maturities of 397 days or less- shall be rated by at least two NRSROs and have obtained no less than an "A" rating by any.

Investments purchased with remaining maturities longer than 397 days– shall be rated by at least two NRSROs and have obtained no less than an "AA" rating by any. If an issuer of long-term debt has a short-term rating, then it may not be less than A-1/SP-1 or P-1/MIG1 or F1.

c) Repurchase Agreement counterparties shall have a minimum short-term rating, or counterparty rating, of no less than A-1 or equivalent by two NRSROs and have capital of not less than $500 million.

d) Any issuer that has been placed on "Credit Watch-Negative" by a NRSRO will be removed from our approved list unless the following criteria are met: The issuer has (a) an A-1+ or F1+ short-term rating; or (b) at least an AA or Aa2 long- term rating.

DIVERSIFICATION AND MATURITY RESTRICTIONS

It is the policy of the Charter School to diversify its funds. Investments are diversified to minimize the risk of loss resulting in over concentration of assets in a specific maturity, specific issuer, or a specific class of securities. Diversification strategies shall be established by the Charter School and periodically reviewed.

1. Authorized Investments

167

The following diversification limits will be applied at the time of purchase of a security.

Type of Investment	Cal. Gov. Code % of Funds Permitted	Cal Gov. Code Maximum Final Maturity
U.S. Treasury Securities	100%	5 Years
U.S. Government Agency Securities	100%	5 Years
Municipal Debt	100%	5 Years
Medium-Term Notes	30%	5 Years
Bankers Acceptances	40%, 30% of a single issuer	180 Days
Commercial Paper	40%, 10% of a single issuer	270 Days
Negotiable Certificates of Deposits	30%	5 Years
Repurchase Agreements	100%	1 Year
Mutual Funds	20%, 10% in a single fund	N/A
Investment Pools	100%	N/A

2. **Maturity**
The maximum maturity of any investment purchased will be five years with the exception of investments authorized by the Board of Directors to be invested in longer than five year maturities. For purposes of calculating final maturity, the earlier of final maturity date or mandatory put or tender option date will be used.

PROHIBITED TRANSACTIONS

At the time of purchase, all permitted investments shall conform in all respects with this Investment Policy, as may be amended from time to time. No investment prohibited by California Government Code shall be permitted herein.

Any investment transactions, credit risk criterion, percentage limitations or market valuation that are not in compliance with this Investment Policy and cannot be corrected without penalty at time of purchase must be documented and approved by the Charter School in writing as soon as possible. Thereafter, action shall be taken by the Charter School to correct such matter as soon as practical. If a percentage restriction is adhered to at the time of purchase, a later increase or decrease in percentage resulting from a change in values or assets will not constitute a violation of that restriction.

The following transactions are prohibited:

a) Borrowing for investment purposes ("Leverage").

168

b) Reverse Repurchase Agreements, as defined by California Government Code Section 53601(j)(3) and (j)(4) or otherwise.

c) Structured Notes (e.g. inverse floaters, leveraged floaters, structured certificates of deposit, equity-linked securities, event-linked securities). This includes all floating- rate, adjustable-rate or variable-rate securities in which a change in interest rates or other variables that can reasonably be foreseen to occur during their term would result in their market value not returning to par at the time of each interest rate adjustment.

Simple "floating rate notes," whose periodic coupon adjustment is based on a short-term (one-year or less) rate index (such as Treasury bills, federal funds, prime rate or LIBOR) and which have a reasonable expectation of maintaining a value of par at each interest rate adjustment through final maturity, are exempt from this definition. Additionally, U.S. Treasury and Agency zero coupon bonds, U.S. Treasury and Agency strips, Resolution Funding Corporation ("REFCORP") strips or other callable securities which otherwise meet the quality, maturity and percent limitations assigned to their respective security category, are exempt from this section.

d) Structured Investment Vehicles ("SIV").

e) Derivatives (e.g. options, futures, swaps, swap options, spreads, straddles, caps, floors, collars) shall be prohibited.

ETHICS AND CONFLICT OF INTEREST

The Charter School and all persons involved in the investment process shall refrain from personal business activity which could create a conflict with proper execution of the investment program, or which could impair the ability to execute impartial investment decisions. The Charter School and all treasury and investment personnel shall disclose to the Board of Directors any material financial interests in financial institutions, broker dealers and vendors ("outside entities") and shall disclose any material financial investment positions in such outside entities.

PERFORMANCE STANDARDS

The investment portfolio shall be designed with the objective of obtaining a market rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow needs, but focusing on preservation of capital and then liquidity as the most important objectives, with yield as the least important objective.

The Charter School's investment strategy is to actively manage the portfolios to create less risk than a benchmark comparable index and to use economies of scale to invest and administer the program at a reasonable cost. Given this strategy, the basis used by the Charter School to determine whether market yields are being achieved shall be the indices most comparable to the fund, such as money rate data published in Barron's, The Wall Street Journal, Bloomberg, etc. or other bond fund indices. The standards enumerated herein do not constitute a guarantee of the fund's performance.

Title: **REV101 SALES RECEIPT PROCESSING**

Policy: To ensure the most accurate process for billing for services, sales receipts will
                    be properly evaluated and approved prior to entry into the accounting system.

Purpose: This procedure outlines the activities and responsibilities involved in
                    verifying the acceptability of all sales receipts.

Scope: These procedures are to be followed for all sales receipts.

Responsibilities:

                    Back-office provider approves sales receipt documentation.

Procedure:

1.0   DOCUMENT VERIFICATION

1.1   Sales Receipts are often used for Parenting Fees and other similar fees. Verify that
          all of the correct documents have been used and are present to support the sales
          receipt transaction. The following documents are required to complete the Sales
          Receipt transaction:

          • Document identifying what the money collected is for

          • Approval or authorized signature for the course

          • Customer, parent, or other correspondence or support documentation, etc

          • Complete the Back-office provider Deposit Log

1.2   Verify that all required information is available to complete the sales receipt.

1.3   Review the customer's Accounts Receivable aging and determine that the
          customer is current with their payments and that the new sales receipt will not
          affect their balance.

Title: **REV102 INVOICING, ACCOUNTS RECEIVABLE,**
                   RECEIVABLE ACCRUALS

Policy: The Finance Department is responsible for the timely preparation and distribution of invoices to optimize cash flow and customer payments. The Finance Department with the support of Back-office provider will also maintain accurate records over Accounts Receivables and Accruals and abide by proper internal controls.

Purpose: To explain the methods for the preparation of invoices, accounts receivable, and receivable accruals records processing.

Scope: This procedure applies to all revenue earned and services provided by the company.

Procedure:

1.0   **SALES RECEIPT REVIEW**

1.1   A formal invoice is not always applicable such as when service fees are collected for items such as Parenting.

1.2   The SALES RECEIPT should contain all pertinent billing information as part of the company's sales receipt procedure. However, as part of proper internal control, Billing will verify the information contained on the customer's sales receipt documentation.

As part of this review process, the propriety and accuracy of contact information, prices, description of services, extensions and footings will be determined.

2.0   **INVOICE PREPARATION AND POSTING**

2.1   The next sequentially numbered Invoice (see example REV102 Ex1 INVOICE) will be prepared from the information from the Federal, State, or Local Grant or Contract Language including all reimbursable costs and will include the invoice date, service item, description of services or billing information, quantity, rate, class or program code, price and extended amounts and the customer's billing addresses.

2.2   Post the invoice by saving the transaction.

3.0   **DISTRIBUTION**

3.1   Send one copy of the invoice to the customer and retain a second copy of the invoice in the customer file.

4.0   **ACCOUNTS RECEIVABLE**

4.1   Accounts Receivable will receive and process payments from customers in accordance with the CASH RECEIPTS procedure.

6.0 On a monthly basis, Accounts Receivable will generate an aged trial balance of customers' accounts with individual invoice information and days outstanding and will forward to Finance Manager and Chief Financial Officer for their follow up on any aged invoices.

6.1 Accounts Receivable will generate monthly statements of outstanding customers' accounts and issue them to customers no later than 10 days after each month end.

6.2 Accounts Receivable will issue Credit Memos to customers upon receipt of approved changes in the terms.

5.0 RECEIVABLE ACCRUALS

5.1 Monthly receivable accruals are at the discretion of the Chief Financial Officer and the Finance Manager when those amounts are reasonably known and quantifiable. Fiscal year end receivable accruals are required to be quantified and recorded no later than August 15th.

Title: **REV103 PROJECT(Grant/Contract) REVENUE: PROGRESS
                    BILLING**

Policy: Progress billings will be made to clients on a timely basis throughout the
                    life of the project. Projects are typically considered Federal, State, and
                    Local Grant contracts. These billings will be accurate and easily
                    understood by both parties involved.

Purpose: The purpose for creating progress billings is to obtain payment for the
                    portion of labor and materials, i.e. "reimbursed costs" used up to a certain
                    point in time and before the project is fully completed. This improves the
                    cash flow typical of long-term projects or assignments. This procedure
                    applies to all Federal, State, and Local Grants and Contracts, Service
                    agreements or Projects provided by the Organization.

Scope: This procedure applies to all service agreements or projects provided by
                    the Organization.

Responsibilities:

                    The Finance Department is responsible for the confirmation of all final
                    program amounts and is responsible for knowing the correct procedures to be
                    followed for each contract.

Procedure:

1.0   CONTRACT TYPES

1.1   Reimbursement for Services. Progress billing for Reimbursement for Services
           contracts requires Finance teams to be up to date and monitor the services being
           provided according to the terms of each contract. The Finance team will enter into
           the reimbursement request the allowable costs that may be billed according to the
           contract. From time to time and at the end of the contract, the Chief Financial
           Officer reviews the billings of the contract and ensures that all available
           opportunities to recover reimbursable costs have been considered.

1.2   Set Contracts. Set contracts such as with the individual charter schools involve
           reimbursement for costs such as building rental and an allowance for the amount of
           apportionment attendance earned. Although the contract is set by terms of the
           contract, since student attendance can vary, the invoicing for these types of
           contracts is the same amount throughout the fiscal year and reconciled at the end of
           the year to account for the final attendance counts.

2.0   BREAKDOWN OF CONTRACT AMOUNT

2.1   The Finance Department with the support of Back-office provider is responsible for the final reconciliation of all grant and other contracts at the end of the year by reviewing final billings prepared by the Finance team and/or the School Principal. Normally, the contractual agreement will specify the procedures for payment and may also specify the form of the breakdown of contract amount that is required. Care should be taken to be sure that all costs, services, and fees are fully billed and accounted for in each contract.

Title: **REV104 ACCOUNT COLLECTIONS**

Policy: All open accounts receivable with late or delinquent payment activity will be handled in a timely and effective manner to ensure maximum collections and an optimum accounts receivable turnover ratio.

Purpose: To provide the actions and methods for processing late or delinquent payments.

Scope: This procedure applies to the Accounts Receivable Department involved with collection of past due accounts receivable. The Finance team and the Chief Financial Officer may be involved in reference special arrangements.

Responsibilities:

The Finance team reviews all records for a customer to determine a possible explanation for non-payment prior to commencing the collection process.

Definition: Bad Debt consists of unpaid accounts receivable invoices that are considered to be uncollectible.

Debt collector is any person who regularly collects debts owed to others. This includes attorneys who collect debts on a regular basis.

Procedure:

1.0 COLLECTION PROCESS

1.1 No matter how careful customers are screened prior to credit approval, slow pay or delinquent accounts will occur from time to time. Once an account becomes past due by even a few days, the collection process should commence immediately. Studies have shown that the sooner the collection process starts then the more likely that the debt will be collected.

1.2 Prior to commencing the collection process, the following should be reviewed by the assigned Finance team:

- Verify that after the Invoice was immediately sent out for all billings to the customer and sent to the correct billing address.

- Make certain that the Organization has not received the customer's payment or applied it to the wrong account. These seem obvious, but it can avoid an uncomfortable situation in wrongly accusing the customer of delinquent payments.

- Review the customer's past payment activity. Determine if they are chronically late and what their response has been to any other overdue notices to determine payment patterns or trends.

1.3 Upon review of the above, the Accounts Receivable Representative should then proceed with the collection process by completing an REV104 Ex1 ACCOUNT COLLECTION CONTROL Form. This form will assist in planning and tracking the collection effort. Depending on the amount and the customer situation, the representative can choose to follow-up with collection letters, telephone calls or both.

Record all actions taken (late payment notice, telephone call, etc.) with a date on an ACCOUNT COLLECTION CONTROL Form filed in the customer folder. All customer agreements and explanations should be noted. If payment has not reached the Organization by the expected date, immediate follow-up action should be taken with another collection call or letter. The longer an overdue account is ignored, the longer the customer will ignore it, too.

1.4 Telephone communication will often speed up the collection process. Credit representatives, when speaking with a delinquent account, should observe a few tips or principles.

- Identify yourself and the Organization and state the reason for calling. Be direct and use a controlled, confident voice. Concentrate on listening to the customer and don't rush through the call.

- Get the Facts - The most powerful tool is knowledge. During the phone conversation, try to gain as much insight into the situation as possible. Remember, the goals and objectives are to:

Collect the money!

Identify reasons for non-payment

Settle on an agreement for clearing the debt, including special payment plans and exact dates when a check will be sent.

- Never argue, accuse or be condescending - Verbally fighting or talking down to the customer will only serve to produce negative feelings and may hamper the collection effort. The ultimate purpose is to secure payment, and this is best accomplished without becoming defensive or irritated.

- There are several common objections, complaints and excuses used to elude payment. Study the following examples to learn the most effective responses to the most frequently used ploys.

   "I didn't get the invoice." - Respond by verifying the debtor's name and address, and then review the account information with them.

   "The check is in the mail." - Extend your thanks, then ask for a check number, amount, date posted and address to which it was mailed.

REV104 Account Collections   page 2 of 8

182

Accounting Policies, Procedures and Forms

> **"Your payment is being processed**." - Ask when the payment will be ready for the mail. Determine the process that the payment undergoes after it leaves your contact's desk.

> **"I need proof of delivery**." - Give the customer the name of the person who signed the delivery slip.

> **"The computer is down**." - When do you expect it to be up? Can we get a manual payment?

> **"I'll pay you when we get paid**." - Respond calmly, but make a direct request for payment, such as When can I expect payment?"

> **"I have no money"** - Create a payment plan. Be flexible and consider alternatives offered by the customer. Work toward making the plan acceptable to both of you.

1.5 Many people find it difficult to confront customers regarding delinquent payments. Just keep in mind that it is the customer, who should feel uncomfortable in this situation.

1.6 If customers stop paying, their phone has been disconnected, and you cannot find them, consider using these resources to locate these debtors and their assets:

- City directories
- Post office (for a forwarding address)
- A customer's employer
- Department of motor vehicle license and registration records
- "In case of emergency" contact, references or closest relatives listed on a credit application
- Old files and correspondence
- The Internet (i.e. http://www.isleuth.com/peop.html)
- Skip-tracing services or private investigator
- Credit bureau reports
- Neighbors
- Directory assistance

REV104 Account Collections   page 3 of 8

183

Accounting Policies, Procedures and Forms

2.0 SERIOUSLY DELINQUENT OR UNRESPONSIVE ACCOUNTS

2.1   When an account becomes more than 60 days past due, the immediate target of securing prompt payment should take on a greater sense of urgency. The Finance Manager should review the account with Accounts Receivable to determine if the customer's business is valued.

If their business is valued, the following strategies may be used to collect payment:

- Restrict any further credit until the past due amount is paid in full.

- Withhold services already entered into. The harsh reality of having a MERF customer have to move from a MERF location or find a new provider often can spur a delinquent account into action.

2.2   If all other avenues for collection of the account have been exhausted, the Finance Manager, after consulting with the Chief Financial Officer, may want to consider and authorize the use of an outside collection agency.

2.3   All uncollectible accounts will be reviewed by the Finance Manager for disposition.

3.0 WORKING WITH COLLECTION AGENCIES

3.1   Collect all material records for the debt in question and send them to the collection agency. The agency will require a copy of the invoice, proof of delivery, and/or any other correspondence that may help them collect the debt.

3.2   Record the date the debt was sent to collections in the accounts receivable file.

3.3   If payments are received after the debt has been sent to collections, then notify the collection agency immediately in order to stop any further collection efforts. The agency will take their fee for any debt that has been collected once it has been registered by the agency.

3.4   If all other avenues for collection of the account have been exhausted, the Organization should consider further legal action.

4.1 WRITING OFF UNCOLLECTED DEBT

4.2   Write-off any debts remaining uncollected or that are returned from the collection agency and record as a bad debt expense and deduct from accounts receivable.

4.3   If any payments are received after being written-off from accounts receivable, then receive them in as income in the period received.

4.4   If bad debt is a recurring problem then consider setting up a reserve account or allowance for bad debt at the beginning of the year.

A.   FAIR DEBT COLLECTION PRACTICES ACT (FDCP)

The FDCP requires that debt collectors treat consumers fairly and prohibits certain methods of debt collection. Personal, family, and household debts are covered under the Act. This includes money owed for the purchase of an automobile, for medical care, or for charge accounts. Business debt is not included.

Debt collectors may not 1) harass, oppress, or abuse the debtor or any third parties they contact. 2) Use any false or misleading statements when collecting a debt. For example, debt collectors may not:

- Use threats of violence or harm;
- Publish a list of consumers who refuse to pay their debts (except to a credit bureau);
- Use obscene or profane language; or
- Repeatedly use the telephone to annoy someone.
- Falsely imply that they are attorneys or government representatives;
- Falsely imply that the debtor may have committed a crime;
- Falsely represent that they operate or work for a credit bureau;
- Misrepresent the amount of the debtor's debt;
- Indicate that papers being sent to the debtor are legal forms when they are not
- Indicate that papers being sent to the debtor are not legal forms when they are.
- Give false credit information about the debtor to anyone, including a credit bureau;
- Send the debtor anything that looks like an official document from a court or government agency when it is not.
- Use a false name.
- Collect any amount greater than the debtor's debt, unless the debtor's state law permits such a charge;
- Deposit a post-dated check prematurely;
- Use deception to make the debtor accept collect calls or pay for telegrams;
- Take or threaten to take the debtor's property unless this can be done legally.
- Contact the debtor by postcard.
- Say the debtor will be arrested if they do not pay the debt;
- Say they will seize, garnish, attach, or sell the debtor's property or wages, unless the collection agency or creditor intends to do so, and it is legal to do so.

SOP # REV105 Revision: 2	**Prepared by: Central Office**
Effective Date: 9/5/17	**Approved by: BOD**

Title: **REV105 REVENUE RECOGNITION - GRANTS AND CONTRIBUTIONS**

Policy: The Organization receives revenue from several types of transactions. It is the policy of the Organization to separate and recognize revenue from grants and contributions separately in the financial statements of the Organization and to comply with all current Federal and California rules regarding solicitation and collection of charitable contributions.

Purpose: To provide a separate accounting of grant and contribution income.

Scope: This procedure applies to all grant and contribution income.

Responsibilities:

Chief Financial Officer and the Finance Department direct the separate accounting for grant revenue and contributions received.

Back-office provider ensures that grant and contribution revenues are separately tracked within the accounting system.

Definition:

Contribution - An unconditional transfer of cash or other assets to the Organization, or a settlement or cancellation of the Organization's liabilities, in a voluntary nonreciprocal transfer by another entity acting other than as an owner.

Condition - A donor-imposed stipulation that specifies a future and uncertain event whose occurrence or failure to occur gives the promisor a right of return of the assets it has transferred to the Organization or releases the promisor from its obligation to transfer its assets.

Restriction - A donor-imposed stipulation that specifies a use for the contributed asset that is more specific than broad limits resulting from the nature of the Organization, the environment in which it operates, and the purposes specified in the Organization's articles of incorporation and bylaws. Restrictions on the Organization's use of an asset may be temporary or permanent.

Nonreciprocal Transfer - A transaction in which an entity incurs a liability or transfers assets to the Organization without directly receiving value from the Organization in exchange.

Accounting Policies and Procedures

> **Promise to Give** - A written or oral agreement to contribute cash or other assets to the Organization.
>
> **Exchange Transaction** - A reciprocal transaction in which the Organization and another entity each receive and sacrifice something of approximately equal value

Procedure:

1.0   GRANT AND CONTRIBUTION REVENUE RECOGNITION

1.1   Grant income – Recognized as income when received, based on incurrence of allowable costs (for cost-reimbursement awards) or based on other terms of the award (for fixed price, unit-of-service, and other types of awards). The types of grant income typically received by the Organization are:

(a) Education payments for MERF Charter services.
(b) Various Federal, State, and Local grants and contracts.
(c) Other types of grant income may be received from time to time.

At year-end, grant income that has been incurred but not yet received are accrued to conform with generally accepted accounting principles.

1.2   Contributions - Recognized as income when received, unless accompanied by restrictions or conditions (see the next section on contribution income).

1.3   CONTRIBUTIONS RECEIVED

A. **Distinguishing Contributions from Exchange Transactions**

The Organization may receive income in the form of contributions, revenue from exchange transactions, and income from activities with characteristics of both contributions and exchange transactions. The Organization shall consider the following criteria, and any other relevant factors, in determining whether income will be accounted for as contribution income, exchange transaction revenue, or both:

1.   The Organization's intent in soliciting the asset, as stated in the accompanying materials;

2.   The expressed intent of the entity providing resources to the Organization (i.e. does the resource provider state its intent is to support the Organization's programs or that it anticipates specified benefits in exchange?);

Deleted: ¶
¶
¶

REV105 Revenue Recognition – Grants and Contributions   page 2 of 6

190

Accounting Policies and Procedures

3. Whether the method of delivery of the asset is specified by the resource provider (exchange transaction) or is at the discretion of the Organization (contribution);

4. Whether payment received by the Organization is determined by the resource provider (contribution) or is equal to the value of the assets/services provided by the Organization, or the cost of those assets plus a markup (exchange transaction);

5. Whether there are provisions for penalties (due to nonperformance) beyond the amount of payment (exchange transaction) or whether penalties are limited to the delivery of assets already produced and return of unspent funds (contribution); and

6. Whether assets are to be delivered by the Organization to individuals or other than the resource provider (contribution) or whether they are delivered directly to the resource provider or to individuals or the Organization is closely connected to the resource provider.

B. Accounting for Contributions

The Organization shall recognize contribution income in the period in which the Organization receives restricted or unrestricted assets in nonreciprocal transfers, or unconditional promises of future nonreciprocal asset transfers, from donors. Contribution income shall be classified as increases in unrestricted, temporarily restricted, or permanently restricted net assets based on the existence or absence of such restrictions. See REV107 Restricted Funds for more details.

Unconditional promises to give shall be recorded as assets and increases in temporarily restricted net assets (contribution income) of the Organization in the period that the Organization receives evidence that a promise to support the Organization has been made. Unconditional promises to give that are to be collected within one year shall be recorded at their face value, less any reserve for uncollectible promises, as estimated by management. Unconditional promises to give that are collectible over time periods in excess of one year shall be recorded at their discounted net present value. Accretion of discount on such promises to give shall be recorded as contribution income in each period leading up to the due date of the promise to give. The interest rate that shall be used in calculating net present values of unconditional promises to give is the risk-free rate of return available to the Organization at the time the Organization receives a promise from a donor.

When the final time or use restriction associated with a contributed asset has been met, a reclassification between temporarily restricted and unrestricted net assets shall be recorded.

REV105 Revenue Recognition – Grants and Contributions   page 3 of 6

Accounting Policies and Procedures

When it receives support in the form of volunteer labor, the Organization shall record contribution income and assets or expenses if one of the following two criteria is met:

1. The contributed service creates or enhances a nonfinancial asset (such as a building or equipment), or

    2. The contributed service possesses all three of the following characteristics:

        a. It is the type of service that would typically need to be purchased by the Organization if it had not been contributed,
        b. It requires specialized skills (i.e. formal training in a trade or profession), and
        c. It is provided by an individual possessing those specialized skills.

Contributed services that meet one of the two preceding criteria shall be recorded at the fair market value of the service rendered.

C. Receipts and Disclosures

The Organization and its donors are subject to certain disclosure and reporting requirements imposed under the Internal Revenue Code and its underlying regulations. To comply with those rules, the Organization shall adhere to the following guidelines with respect to contributions received by the Organization.

For any separate contribution received by the Organization, it shall provide a receipt to the donor. The receipt shall be prepared by the School Principal. All receipts prepared by the Organization shall include the following information:

1. The amount of cash received and/or a description (but not an assessment of the value) of any noncash property received;

2. A statement of whether the Organization provided any goods or services to the donor in consideration, in whole or in part, for any of the cash or property received by the Organization from the donor, and

3. If any goods or services were provided to the donor by the Organization, a description and good faith estimate of the value of those goods or services.

SOP # REV106 Revision: 2   **Prepared by: Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title:	**REV106 GIFTS-IN-KIND**
Policy:	MERF may accept contributions of goods or services that can be used to advance the mission of MERF and/or any of its schools or may be converted readily into cash. When accepting a gift-in-kind, the receiver must ask the donor to complete as an example REV106 Ex1 GIFT-IN- KIND FORM. Once the donor has completed the form, the receiver must sign the form and send it immediately to the central office for processing.
Purpose:	To ensure that Gift-In-Kind transactions are handled in accordance with IRS guidelines and are properly recorded.
Scope:	All Gift-In-Kind transactions.

Responsibilities:

Receiver is responsible for assessing the gift for usefulness to the Organization.

School Principal is responsible for handling donor documentation.

The Financial Analysts are responsible for assessing value of gift and informing Back-office provider so that it can be recorded into the accounting system.

Definition:	**Gifts-In-Kind** - Transactions categorized as a voluntary contribution of goods or services that can be used to advance the mission of MERF or can be readily converted to cash and may qualify as a charitable deduction for the person(s) making the gift.
	Contributed services cannot be counted as a gift and do not qualify as a charitable tax deduction to the donor. However, a donor of services may be able to deduct expenses incurred while performing said services. In such cases, the donor should be advised to consult with a tax accountant.
Background:	The IRS has specific regulations regarding gifts-in-kind. This policy outlines the process an employee of MERF should follow when presented with a gift-in-kind. It limits the liability that may inadvertently be assumed by placing value on gifts or by accepting a gift that does not advance the mission of MERF or cannot be readily converted to cash. It further assures that a donor will receive timely acknowledgement of his/her contribution.

Procedure:

1.0   RECEIPT OF GIFT

2   When presented with a potential gift-in-kind, an individual must assess if the gift can be used to advance the mission of MERF or could be readily converted to cash. If there is any question as to whether the contribution meets either of these

REV106 Gifts-In-Kind   page 1 of 6

195

Accounting Policies, Procedures and Forms

criteria, the individual should contact his/her immediate supervisor or the central office.

2.0   If the gift is accepted, the individual should offer an immediate and sincere expression of gratitude. At that time, the donor should be given a Gift-In-Kind form and be encouraged to complete the form at that time. If the donor is unable or unwilling to complete the form, the receiver may complete the form, write "N/A" as the estimated fair market value, and enter that the form was completed by him/her in the note section in the lower right hand corner.

The individual accepting the gift cannot offer tax advice or dictate the value of the contribution. It is the responsibility of the donor to determine the fair market value of the contribution. **Note:** the value is for MERF internal gift reporting and accounting only; the donor's receipt and/or acknowledgement will not indicate value in any way that could be construed as an endorsement of its value.

2.1   If the item is personal property of the donor and is valued at more than $5,000, the donor must obtain a certified appraisal. The appraisal cannot be dated more than 60 days from the date of the donation. It must be prepared, signed and dated by a qualified appraiser. Federal law requires that the donor pay for the appraisal. (The cost of the appraisal is also tax deductible). This value will be used for gift reporting purposes only.

What constitutes a qualified appraisal:
I. Appraiser must hold himself or herself out to the public as an appraiser and state credentials showing that he or she is qualified to appraise the type of property being valued.
II. Appraiser must value the property no more than 60 days before the date of gift; it can be done after the gift has been accepted by the MERF.
III. Appraiser cannot be (1) the donor, (2) the donee (MERF), (3) any party to the transaction, (4) an appraiser used regularly by (1), (2) or (3), or anyone employed or related to (1),(2), or (3).

The appraisal must contain the following information:
1. A description of the item
2. Its physical condition
3. The date (or expected date) of the contribution
4. Name, address and tax ID number of the appraiser
5. Qualifications of the appraiser including his/her background, experience and education
6. A statement that the appraisal was prepared for income tax purposes
7. Date the item was valued
8. Appraised fair market value of the item
9. Method of valuation (income approach; market data approach; replacement cost minus depreciation approach.)
10. Appraiser must complete Part IV of Section B on form 8283

2.2   The individual accepting the gift will sign and date the Gift-In-Kind form only after the donor has irrevocably turned over the gift-in-kind. Once signed, the

form should be turned over to the School Principal immediately for processing and acknowledgement.

2.3   The School Principal will notify the Finance team of the contribution. The Finance team will then provide necessary information to Back-office provider so that it can be assigned as an asset or income to the appropriate school or to the central office.

2.0   **COMPLIANCE**

2.1   The IRS allows an individual to deduct the full fair market value of a donated item if it is kept by MERF and used for one of its tax-exempt purposes. If the item is to be converted to cash, then the donor may claim a deduction of the cost value or the fair market value, whichever is less. **It is the sole responsibility of the donor to determine the value of a contributed item; the receiver cannot assign a value to the donated item(s).**

2.2   Upon receipt of a gift-in-kind, MERF will issue an acknowledgement to the donor along with a copy of the Gift-In-Kind form. The acknowledgement will contain only a description of the contribution and will not include a statement as to the value of the contribution. It will further contain a statement as to what, if any, goods or services were given in exchange for the contribution. MERF cannot issue an acknowledgement for contributions that cannot be used or readily converted to cash.

2.3   For gifts with values exceeding $5,000, the donor must complete all parts of IRS form 8283 and submit the form to MERF for signature. The School Principal, the Chief Financial Officer and the Chief Executive Officer are the only individuals authorized to sign 8283 forms.

If MERF has signed an IRS form 8283 and then sells, exchanges or otherwise transfers the gift within two years from the date of gift, the central office must file a donee information return, IRS form 8282, within 125 days of disposing the property. MERF will advise the donor if such a transaction occurs as it may affect the charitable tax deduction for which they qualify.

Per IRS regulations, any item you value over $500 requires IRS Form 8283; any item you value over $5,000 requires Form 8283 and a written appraisal.

This form does not serve as a receipt for this contribution, but is intended for our internal record keeping purposes only. A receipt describing the items or merchandise donated will be mailed to the address supplied above. Magnolia Educational & Research Foundation is unable to include the estimated value on the donor receipt. It is the responsibility of the donor to substantiate the fair market value for his/her own tax purposes. The donation of services, although very valuable and much appreciated, is generally not considered tax deductible by the IRS. Please consult with your tax advisor to determine the tax implications of your gift.

SOP # REV107 Revision: 2   **Prepared by:Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title: **REV107 RESTRICTED FUNDS**

Policy: To properly record and track funds with restrictions in order to ensure the
                    donor's intended uses are met, assist with cash flow planning purposes, and
                    to stay within compliance with laws relating to use of restricted funds.

Purpose: Generally accepted accounting principles require the Organization to
                    classify funds based on the restrictions provided by the donor. These
                    classifications may be unrestricted, temporarily restricted or permanently
                    restricted. Donor restrictions should be in writing, to ensure proper
                    treatment.

Scope: This procedure applies to funds received that are classified as temporarily or
                    permanently restricted.

Responsibilities:

Back-office provider is responsible for recording restricted donations and
releases from restrictions properly in the accounting system. Back-office
provider is also responsible for periodic reconciliation of restricted asset
totals and monitoring restrictions to determine whether they have been met.

Chief Financial Officer is responsible for monitoring of restrictions and
determining whether fulfilling restrictions can be viable for the Organization.

Definition:

Unrestricted Net Assets - net assets
whose use is not restricted by donors,
even though their use may be limited in
other respects, such as by board
designation.

Pledges receivable are considered to be
temporarily restricted because of an inference
that uncollected amounts are intended for
future periods.

Temporarily Restricted Net Assets - net
assets whose use are limited by donors to
either a specified purpose or a later date.

Permanently Restricted Net Assets - net
assets whose use are restricted in
perpetuity, such as endowments.

Procedure:

1.0   RESTRICTED FUNDS

1.1   At the time revenue is earned by the Organization, the Financial Analysts with the
           support of Back-office provider will review any related documentation associated
           with the revenue to determine whether there are any restrictions on the money.
           Examples

REV107 Restricted Funds   page 1 of 4

201

Accounting Policies, Procedures and Forms

of restrictions are individual donations given with the intent of supporting a particular program or campaign, a grant received to operate a specific program or project, and donations received to hold in perpetuity. This information can be found on the award letter or on the financial instrument itself. If the revenue is determined to contain restrictions, Back-office provider will record in a separate class in the accounting system to keep separate from unrestricted funds.

1.2 **Temporarily Restricted Funds** – These funds will be monitored for satisfaction of donor restrictions on a regular basis. Once stipulations are met, they are reclassed from temporarily restricted funds to unrestricted funds regardless of when the related expenses will occur. This is known as "net assets released from restrictions."

1.3 **Permanently Restricted Funds** – These funds are restricted by the donor for a designated purpose or time restriction that will never expire. The intent is that the principle balance of the contribution will remain as an investment forever, and the Organization will utilize the interest and investment returns, such as with an endowment.

2.0 ACCOUNTING FOR RESTRICTED FUNDS

2.1 In addition to the obligation to its donors, the Organization is bound by law to spend contributed dollars as designated. If a condition on restricted funding has not been fulfilled and the money has been spent, the donor can demand that the funds be returned, pursue legal action, or contact the Office of the Attorney General. It is of the utmost importance that donor restricted funds are handled properly.

2.2 Do not budget to spend money unavailable to Organization. When planning and budgeting, be mindful of any and all of the time and activity restrictions present on restricted funds. Understand how restrictions will impact cash flow and availability of funds.

2.3 Educate staff and board members who are accountable for the Organization's financial decisions so that they fully understand funding restrictions. Know when the restrictions are satisfied and how to release the funds from restriction.

2.4 When analyzing financial reports, pay close attention to unrestricted funds and, unless you are making decisions regarding programming for which the funds have been restricted, avoid basing decisions on restricted funds. Try to focus your attention on the "Unrestricted" amounts. Formatting financial report with columns that delineate unrestricted and restricted funds can be very helpful.

2.5 Most restrictions on funds directly relate to the grant or fundraising request. When researching and applying for grants, be aware of any challenges that potential restrictions could present to the Organization.

2.6 Fundraising letters and appeals can inadvertently place restrictions on donations. Be certain that managers and donors understand the purpose of contributed dollars and understand if restrictions are present. Also, be certain that staff charged with fundraising understand that appeals can lead to restricted gifts.

REV107 Restricted Funds   page 2 of 4

202

Accounting Policies, Procedures and Forms

2.7   Work with staff to understand the true cost of programming. Allocate all direct costs associated with a program. These allocations help to prepare more accurate budgets for grants and fundraising appeals, and better utilize contributions restricted to specific programs to ease the pressure on limited general operating dollars.

SOP # PUR101 Revision: 2   **Prepared by: Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title:	**PUR101 VENDOR SELECTION**
Policy:	To ensure the performance capabilities of all vendors and maintain the internal controls of over the purchasing functions, vendor selection , quality control , and certain procedural requirements.
Purpose:	To provide the methods for determining, documenting and, when applicable, inspecting vendors for compliance with Organization policies and contract purchasing requirements.
	Purchased products and services should conform to specified requirements. This starts with selection of appropriate suppliers, consultants, and contractors that have the capability and systems to supply products, materials and services to satisfy Organization requirements. Suppliers and consultants are controlled to the extent necessary based on the effect of the purchased items and services on the quality of the Organization's products and services.
Scope:	This procedure applies to all vendors of products, materials, and services that directly affect the quality of the Organization's products and services.

Responsibilities:

The Board of Directors shall have authority to approve all contracts including budgeted and non-budgeted items over $25,000.

Chief Executive Officer shall have authority to approve all contracts up to and including the amount $25,000 for all budgeted and non-budgeted amounts.

School Principal is responsible for initial supplier, contractor, and consultant (Collectively the "Supplier") identification and for collection of business information related to the potential supplier. School Principal shall have the ability to approve purchases up to and including the amount of $5,000.

All MPS Chief Executive Team Members are responsible for approving contracts up to $10,000 that are within the approved budget.

205

Accounting Policies, Procedures and Forms

Procedure:

1.0 VENDOR SELECTION

1.1   New vendors are to be evaluated using the following criteria:

- Pricing: competitive pricing is one component of the evaluation and may be out weighed by other factors. Pricing alone will not be a deciding factor unless all else is equal.

- Parts availability and shipping time frame.

- Performance capability (i.e., financial status, sufficient facilities, capability of equipment and employees, professional licenses, years of experience).

- Internal Quality Assurance program: Contractors undergo PEER Review, hold additional licenses, are given preference.

- Reference checks.

- Warranty information if applicable.

- Whether the vendor is debarred from receiving State and/or Federal funds

1.2   Ongoing evaluation of suppliers:

- On-Time Delivery, 100% on time expected (0 days early, 0 days late)

- Quality: (Items (or lots) rejected/Total items (or lots) received) X 100. Ratings less than 95% require corrective action. Exceptions to the 95% Corrective Action requirement may be given where the total quantity of items or lots received is small and at the Controller's discretion.

1.3   Qualified vendors will be maintained on an Approved Vendor List for purchasing. The approved list can be as simple as those vendors that are retained as "active" in the accounting system.

2.0   VENDOR INSPECTIONS

2,1   For critical components that the Organization desires to rely on the quality assurance of the vendor to reduce receiving inspection or testing requirements such as with high end computer parts, an on-sight vendor inspection may be performed and approved.

2.2   The Controller will coordinate with the Purchase Agent to plan, arrange and designate staff for all vendor inspections when considered necessary by the Chief Financial Officer.

3.0   VENDOR FILES

3.1   A vendor file will be prepared and maintained for all vendors on the Approved Vendor List, which will be used for significant or on-going purchasing. The vendor files will be kept alphabetically and should include the following:

Accounting Policies, Procedures and Forms

- IRS W-9 Taxpayer Identification Certificate (a PDF download is available at: http://www.irs.gov/pub/irs-pdf/fw9.pdf)
- Resale certificates (only required for those that resell their purchases)
- Legal contracts, dealer or marketing agreements, etc.
- Long-term blanket purchase order commitments
- Proof of insurance
- Any other relevant correspondence or documentation

3.2   Form 1099 must be filed at year-end for the proper reporting of income to certain vendors. To determine whether or not one needs to be filed, all non-merchandise vendors should complete an IRS W-9 Request for Taxpayer Identification Number Certificate. A copy can be obtained via the IRS website (www.IRS.gov) or by contacting the local IRS office. The vendor indicates on the form the reporting status. Note: Incorporated vendors do not receive 1099s.

This applies to all contractors for service (repair person, accountant, consultant, etc) who are NOT incorporated, and to all lawyers, regardless of incorporation. It is important to make this determination before engaging the contractor so that all payments can be properly tracked for 1099 reporting purposes at the inception.

Title:	**PUR102 GENERAL PURCHASING**

Policy: All purchases of goods and services shall be consistent with the Board-approved budget. The investment in supplies and capital equipment will be facilitated through the Purchasing Department, maintained at the lowest effective level and supervised consistent with a common set of procedures and controls as required by all regulatory and customer contract requirements.

Purpose: To outline the actions to be taken for 1) the procurement of supplies and capital equipment, 2) the completion of related documents.

Scope: This procedure applies to the purchase of all supplies and capital equipment for all departments within the Organization.

Responsibilities:

All personnel that require a product or service must complete a request in Purchasing Software specifying items for purchase and obtain required approvals.

Chief Financial Officer and the Finance Department are responsible for using good purchasing methods, optimizing price savings, quality or value of products, vendor working relationships, placing orders with approved suppliers, negotiating pricing with suppliers, and forwarding all paperwork to Back-office provider accounts payable for payment.

Back-office provider accounts payable is responsible for payment of invoices only after satisfactory completion or delivery of goods or services has been made.

The School Site Personnel and Other Designated Individuals are responsible for receiving, inspecting materials, and forwarding all paperwork to a designated agent at Back-office provider.

Procedure:

1.0   ORDER DETERMINATION AND REQUISITION

1.1   Purchasing should obtain the optimal price for any purchases. All purchases above $5,000 require at least 3 quotes to be obtained. Quotes may be submitted by the requestor, Controller or the Purchase Manager can obtain the 3 quotes. The quotes are entered into Purchasing Software along with evaluation and selection of the best option by the requestor. The Chief Financial Officer reviews the 3 quotes and forwards the recommendations to the Chief Executive Officer for final review and decision.

Accounting Policies, Procedures and Forms

1.2 For purchases of goods and supplies, a request in the Purchasing Software will be prepared by the originating individual or department. The Purchasing Software request should be completed and approved with the following items and any additional supporting documentation:

- Complete description with part or model numbers and link to website if available
- Engineering drawings and specifications
- Type, Class, Grade required
- Quantity required
- Date required
- Requesting department, account code, and allowance/resource code
- Recommended vendor or source if applicable
- Other requirements
- Special shipping requirements
- Special inspection requirements upon receipt
- Itemized Receipts

For the following purchases, additional information is required:

- Textbooks – Full ISBN
- Airline tickets - passenger(s) legal name(s), date of birth, gender, departure/arrival airport codes and exact dates
- Vehicle rentals - vehicle type, exact dates and exact pick up/drop off locations

1.3 If the requisition is for subcontracted services:

- A complete description of the service to be performed
- Engineering drawings and specifications if appropriate
- Requirements for qualification of personnel
- Other documents such as insurance forms, etc.
- Quality standards to be applied

1.4 Purchasing/Accounting will analyze terms, vendor, pricing, quantity breaks, etc., and will order accordingly in the Organization's best interest. Purchasing will notify the requester of any material variances prior to placement of the order.

1.5 Reimbursements for purchases made by staff will be processed upon proper authorization through the Purchasing Software.

2.0 ORDER PLACEMENT

2.1 Requestor is responsible for completing a purchase order form for all orders. This can be processed through the Purchasing Software. Purchase orders are exempted for items such as salaries and related costs, utilities, and instate travel, or where a contract exists.

2.2 If there are any requirements for items to be inspected at the supplier's or the Organization's premises by the Organization or our customer, the arrangements and method of product release shall be included in the purchasing information.

2.4 Buyers must review their purchase orders for accuracy. The buyer submits their authorization through the Purchasing Software indicating the review was performed.

2.5 Orders can be placed with the vendor either by telephone, fax, internet or mail. When placing orders by telephone, the vendor contact and date of order should be noted and a confirming copy of the order sent to the vendor. Pre-approval for any purchase is always required.

2.6 Purchasing is responsible for communicating with those receiving the supplies, following-up on shipping, delivery, and expediting and partial shipments of ordered items. Purchasing can either telephone vendors or use a PUR102 Ex1 PURCHASE ORDER FOLLOW-UP form to verify, trace or expedite orders.

3.0 RECORDKEEPING AND MATCHING

3.1 When Purchase Orders are issued, the Purchasing and Accounting copies will be placed in an Open File until the items are received. The Open File should be reviewed on a weekly basis to determine whether any orders need follow up.

3.2 Items will be received in accordance with procedure PUR103 RECEIVING AND INSPECTION. The completed vendor's packing list is kept at the site where the shipment was received.

3.4 For partial shipments, a note will be made in the Purchasing Software to identify the shipment as partially received. The original Purchase Order will be kept in the open file until all items are received.

SOP # PUR103 Revision: 2	**Prepared by: Central Office**
Effective Date: 9/5/17	**Approved by: BOD**

TITLE: **PUR103 RECEIVING AND INSPECTION**

Policy: All parts, components, goods and materials will be received in an organized manner and inspected for conformance prior to stocking or use in order to provide an initial quality control inspection. Any items or shipments rejected will be properly quarantined from other inventory items until disposition.

Purpose: This procedure outlines the steps for the receiving and inspection of materials, components, or parts and the disposition of rejected items.

Scope: This procedure applies to the receipt of all purchases.

Responsibilities:

Anyone Performing the Receiving Function are responsible for receiving, inspecting materials, filing receiving documents at site, and marking purchase order as received.

Purchasing is responsible for accepting or rejecting damaged goods. Back-office provider is responsible for payment of invoices.

The Finance Department will review and authorize all rejections.

Procedure:

1.0 RECEIVING

1.1 A "receiver" is any form used to record the specific types and counts of product or materials received. Usually, the receiver is provided by the vendor and is not part of the Organization's system at all.

An example of this would be a detailed packing slip, furnished by the vendor with the shipment. The packing slip should be kept at the school site.

All incoming product or materials are to be counted and reconciled with what was originally purchased. Discrepancies must be recorded.

1.2 All incoming shipments must be examined for apparent package damage. If the shipment has apparent damage, notify Purchasing/Accounting immediately. Purchasing will decide to either accept or reject the shipment from the carrier and/or file a freight claim.

1.3 If the shipment shows no signs of damage or the Purchase Manager or School Site Principal or designee has decided to accept a damaged shipment, count the shipping pieces (i.e., packages, boxes but not the contents; see Inspection below) and confirm with the bill of lading and note any exceptions (i.e., package damage or shortages).

2.0 INSPECTION

2.1 At the receiving holding area, each shipment should be unpacked and all items piece counted and matched to the packing list. If a packing list is not available, complete as an example PUR103 Ex1 RECEIVING AND INSPECTION REPORT.

2.2 The shipment will then be inspected for conformance according to the inspection level required for each part number (see PUR103 Ex3 INVENTORY INSPECTION LEVELS). If multiple part number classes are included in the shipment, each class will be segregated and inspected accordingly.

2.3 Any previously undiscovered damage to individual inventory items should be noted on the inspection report and immediately followed up with the vendor.

3.0 REJECTION, DISCREPANCIES AND DISPOSITION

3.1 Any count discrepancies will be noted on the packing list or as an example PUR103 Ex2 RECEIVING AND INSPECTION REPORT, signed and forwarded to Purchasing. Purchasing will then follow-up with the vendor to resolve the shipping discrepancy.

3.2 If there is a non-conformance discrepancy, the suspect goods will be red-tagged and separated (quarantined) from other parts and immediately placed in a separate holding area for disposition.

3.3 If only partial goods in the shipment are of non-conformance, the accepted goods should be noted on the paperwork and stocked or placed in use per above procedure.

3.4 Complete as an example PUR103 Ex2 RECEIVING AND INSPECTION REPORT for any rejected parts. Accounting will review and authorize all rejections and complete Part II of the report.

3.5 Goods found to be in conformance or suitable for their intended use and accepted by Accounting will have the red tag removed and be returned to the receiving area or location the product is needed for use. Accounting will note on the report the justification for any accepted parts and forward the report along with the packing list to the Purchase Manager.

Goods rejected by Accounting will continue to be quarantined and red tagged until disposed. Purchasing will determine and arrange for the appropriate disposition of rejected items (i.e., return to vendor for credit, scrap, etc.).

3.6 Unidentified shipments should be resolved by the Purchase Manager. Contact the Chief Financial Officer to resolve any suspicious looking packages.

PUR103 Ex3 INVENTORY INSPECTION LEVELS

The following are generic descriptions of the type of inspections that should be performed for various classes of inventory items. These descriptions are not completely comprehensive for all the possible types of inventory that can be received and therefore, the inspector should use appropriate judgment to determine any special inspection procedures that may be necessary for unique items.

The inspection levels are intended to be cumulative in that higher level inspections will also include all lower level inspection procedures.

The percentage of the total parts inspected will be according to the part number specifications. For example, an inspection level indication of "Level II, 25" would require that 25% of the parts received in the shipment will be examined at a Level II inspection.

If defects or rejected items are discovered within a shipment and less than a 100% inspection has been performed, the receiving inspector will consult with the Quality Control Manager to determine the appropriate action for assurance of the remainder of the shipment.

Level I: Visual inspection of the shipment or lot. Items appear reasonably to match packing list description(s). Nothing comes to the attention of the inspector as noticeable defects or as unusual and unordinary.

Level II: Actual hands-on visual inspection of individual parts. Each part inspected will be analyzed for the quality of workmanship and construction and the appearance of any defects.

Level III: A functional test of the part will be performed as appropriate for the item. For example, pneumatic parts should indicate function when attached to compressed air source; moving parts should rotate, slide etc.; electrical components should operate, light, etc.

Level IV: The part will be inspected against a set performance or measurement standard as indicated in the part file. For example, structural items will be measured for compliance to drawings within specified tolerances; electrical and mechanical devices will function according to specified performance standards.

SOP # PUR104 Revision: 4   **Prepared by: Central Office**
Effective Date: 9/5/17   **Approved by: BOD**

Title: **PUR104 ACCOUNTS PAYABLE AND CASH DISBURSEMENTS**

Policy: Internal controls are required to ensure that only valid and authorized payables are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, coding of General Ledger accounts and appropriate timing of payments. All accounts payable and cash disbursements will have documented pre-approval, and the authorization limits are stated in the below Responsibilities section.

Purpose: To explain the practices for documenting, recording and issuing payments for accounts payable transactions. (Note: Payments, disbursements, and expenditures result from accounts payable transactions)

Scope: This procedure applies to all purchases including, contractors, consultants, and merchandise and non-merchandise purchases.

Responsibilities:

The Principal at each school site is responsible for reviewing and approving payments under $5,000 in the purchase software, in accordance with the approved budget.

The Chief Financial Officer is responsible for reviewing and approving payments up to $10,000 in accordance with the approved budget. The Chief Executive Officer may assign the Chief Academic Officer, the Chief Operations Officer, the Chief External Officer or Regional Directors the authority to approve expenditures up to $10,000.

The Chief Executive Officer is responsible for reviewing and approving payments over $10,000 in accordance with the board approved budget, as well as up to $10,000 for non-budgeted items.

Back-office provider is responsible for payment of invoices in a timely manner.

Background: Properly recording liabilities is generally a three-step process, particularly, for merchandise purchases.

The first step is recording the liability upon receipt of merchandise, using the purchase order estimates or other documentation as a guideline. For accuracy and timeliness of data, a liability should be recorded as soon as the Organization receives the purchased items.

Consultant projects are not recognized as a liability until the invoicing from the consultant is received unless and accrual has been recorded to recognize the total estimated cost of the consultant's services.

PUR104 Accounts Payable and Cash Disbursements   page 1 of 6

225

Accounting Policies, Procedures and Forms

By necessity, this initial recording is usually an estimate or encumbrance and can be finalized when the actual invoice arrives. This is why a Purchase Order is so important for merchandise purchases. It documents the Organization's understanding of how much each item will cost, per the vendor's terms. This includes estimates for freight and any other charges.

The second step takes place when the vendor's invoice is received. At this point the actual liability is finalized, with any necessary adjustments to the item costs, freight, or other charges.

The third step involves the preparation, issuance of payment for the goods received, and subsequent filing of all paperwork for easy retrieval.

Procedure Overview:

Cash disbursements are generally made for:

1. Payments to vendors for goods and services
2. Taxes/license fees
3. Staff training and development
4. Memberships and subscriptions
5. Meeting expenses
6. Employee reimbursements
7. Marketing/promotional materials Checks

are processed throughout the week.

Requests for cash disbursements are submitted to Accounting through the purchasing software. Documentation for the purchasing software requests can be in three ways:

1. Original invoice
2. Purchase request (submitted on approved form)
3. Employee expense report or reimbursement request

All invoices must be approved by the appropriate staff prior to being submitted to accounts payable. Accounts payable will determine the account code for each invoice.

Approvals for reimbursement requests must be obtained prior to the purchase. The Organization is not obligated to reimburse requests where prior approval was not obtained; however this decision is made at the discretion of the Chief Financial Officer.

Every employee reimbursement or purchase request must be documented in the purchasing software. Please see PUR106 Reimbursements for more details.

Accounting Policies, Procedures and Forms

Requests for payment are reviewed in the purshasig software by the Principal, Controller, or Chief Financial Officer dependent on purchase amount. The appropriate personnel:

1. Verifies expenditure and amount
2. Approves for payment if in accordance with budget
3. Provides or verifies appropriate allocation information
4. Provides date of payment taking into account cash flow projections
5. Submits to the Finance team for processing

Back-office provider processes all payments and:

1. Immediately enters them into the Accounts Payable module unless it is paid upon receipt on the same day
2. Prints checks according to allocation and payment date provided by the authorizing party
3. Submits checks, with attached backup documentation, to Chief Financial Officer for approval and signature.
4. Stamps invoice "paid"
5. Mails checks and appropriate backup documentation
6. Files all backup documentation in the appropriate file
7. Monitors accounts payable throughout the month

Procedure:

1.0 DOCUMENTING ACCOUNTS PAYABLE

1.1 The following documents will be forwarded to Back-office provider accounts payable as a pdf batch for temporary filing and subsequent matching to form an accounts payable voucher package:

- Purchase Order from the purchasing software
- Vendor invoice
- Vendor/Consultant contract

1.2 Once Back-office provider has received all of the above documents, the following steps will be performed to ensure proper authorization, validity of purchase, receipt of purchased items or services and accuracy of amounts.

The purchase order should be evaluated for proper authorization and the nature of the purchase and pricing as shown on the invoice reviewed for validity.

Accounting Policies, Procedures and Forms

- The quantities shown shipped or delivered on the invoice will be compared to the packing slip and/or receiving reports if items have been received. Any discrepancies must be followed-up and resolved prior to commencing with the disbursement process.

- Calculations on the invoice will be recomputed such as quantities received multiplied by unit price and totals.

- Purchases of items and service contracts shall not be made in small quantities (split bidding) for the purpose of circumventing the authorized approval limits assigned by the Board of Directors, or to avoid public bidding based on the policies and procedures.

2.0   RECORDING NON-MERCHANDISE PAYABLES

2.1   Non-merchandise expenditures like utilities, rent, insurance, taxes, repairs, professional fees, etc., are generally not recorded through the purchase order routine. However, there may be other documentation, like contracts, requisitions, and other agreements. These should be filed in the applicable vendor file as documentary support. Upon receipt of the invoice, the charges should be entered into the payable system and coded to the appropriate expense account.

2.2   Generally, once invoices (both merchandise and non-merchandise) have been entered, they can be filed in the respective vendor files, ordered by date. To guard against misfiling an un-entered invoice, consider stamping "entered" on each invoice when it's recorded in accounts payable. It is also helpful to note the entered date and initial the entry.

3.0   PAYMENT OF ACCOUNTS PAYABLE

3.1   Accounts payable systems generally provide an aged accounts payable report and list the open payables within the accounting system. Open payables are reviewed by the Finance team. The Finance team should select the bills to be paid based on the funds available and a projection of cash flow or receipts over the coming week. Once complete, process the disbursements by either printing the check, electronic online bill pay, wire transfer, or ACH withdrawal for the selected bills to be paid.

Note: Accounts payable should normally be paid within 15 business days unless otherwise determined by the Chief Financial Officer.

3.2   Any vendor credits which are amounts owed to the Organization should be applied to amounts currently owed to the vendor when determining payment. These are normally received in the form of a credit memo or adjusting invoice. These should be entered into the system like any other invoice and applied to the next payment being made. There is no reason to "age" a credit memo.

3.3   Pull all Invoices to be paid from the files and match them with the printed checks, wire transfer, electronic online bill pay, or ACH withdrawal documentation. Present the materials to the Chief Financial Officer for review and signing.

PUR104 Accounts Payable and Cash Disbursements   page 4 of 6

228

Accounting Policies, Procedures and Forms

3.4 Immediately ensure that all printed checks, wire transfer, electronic online bill pay, or ACH withdrawal documentation are signed and approved and correctly recorded in the accounting system. Stamp the invoices "paid" to document they've been paid. Use only checks that incorporate a two stub plus check form in order to attach one stub to the paid invoice and the other to the remittance copy of the Invoice.

3.5 If one check or electronic online bill pay pays several Invoices then either photocopy the stub or print the electronic online bill pay screen print and attach a copy to each paid Invoice or consider attaching all paid Invoices to the one check stub or the electronic online bill pay document. File all resulting documentation according to check number sequentially in the checks paid binders.

3.6 Mail the checks as soon as possible once checks have been posted and "paid" by the system. It is not advisable to "hold" checks for additional days after posting. This practice usually occurs when there are insufficient cash flows. However holding checks increases the difficulty of projecting cash flow, reduces cash balance accuracy, and causes confusion when trying to reconcile accounts payable vendor balances. None of these balances will be accurate if printed checks are held back from mailing. If cash flow is insufficient to mail the checks, then it is advisable not to post and print checks in the first place.

4.0 **MANUAL CHECKS**

4.1 The Organization does not permit the use of manual checks.

Effective Date: 9/5/17   **Approved by: BOD**

Title: **PUR105 PREPAID EXPENSES**

Policy: It is the policy of MERF to treat payments of expenses that have a time- sensitive future benefit as prepaid expenses and to amortize these items over the corresponding time period. For purposes of this policy, prepaids are only accounted for at the end of the fiscal year and the amount that is considered to be prepaid remains at the discretion of the Chief Financial Officer.

Purpose: To ensure the proper payment and accounting of expenses that have a future benefit allocated over time.

Scope: Any transaction that is currently paid that has a value that can be amortized over a future time period.

Responsibilities:

The Chief Financial Officer is responsible for reviewing and authorizing prepaid expenses.

The Finance Department with the support of Back-office provider is responsible for processing prepaid payments and amortizing the prepaid cost of the expected future life of the prepaid asset.

Background: Prepaid expenses are very common and allow the Organization to on occasion take advantage of pre-paying for certain expenses and thus recovering discounts or ensuring that a certain expense is fully paid.

Procedure:

1.0   ACCOUNTING TREATMENT

1.1   Prepaid expenses with future benefits that expire within one year from the date of the financial statements shall be classified as current assets. Prepaid expenses that benefit future periods beyond one year from the financial statements date shall be classified as non-current assets.

2.0   PROCEDURES

2.1   As part of the account coding process performed during the processing of accounts payable at the end of the fiscal year, all incoming vendor invoices shall be reviewed for the existence of time-sensitive future benefits. If future benefits are identified, the payment shall be coded to a prepaid expense account code.

2.2   The Finance Department shall maintain a schedule of all prepaid expenses. The schedule shall indicate the amount and date paid, the period covered by the prepayment, the purpose of the prepayment, and the monthly amortization. This

Title: **PUR106 REIMBURSEMENTS**

Policy: Internal controls are required to ensure that only valid and authorized reimbursements are recorded and paid. Accounting procedures should be implemented to ensure the accuracy of amounts, coding of General Ledger accounts and appropriate timing of payments.

Purpose: To explain the practices for documenting, recording and issuing payments for reimbursement transactions.

Scope: This procedure applies to all reimbursements.

Responsibilities:

The Principal at each school site is responsible for reviewing and approving payments under $5,000 in the purchasing software, in accordance with the approved budget.

The Chief Financial Officer is responsible for reviewing and approving payments up to $10,000 in accordance with the approved budget. The Chief Executive Officer may assign the Chief Academic Officer, the Chief of Staff, the Chief External Officer or Regional Directors the authority to approve expenditures up to $10,000.

The Chief Executive Officer is responsible for reviewing and approving payments over $10,000 in accordance with the board approved budget, as well as up to $10,000 for non-budgeted items.

Back-office provider Accounts payable is responsible for payment of reimbursements in a timely manner. A timely manner is defined as within two weeks of submission.

Background: Properly recording reimbursements is generally a three-step process.

The first step is accurately submitting reimbursement receipts along with a reimbursement authorization form.

The second step is obtaining the appropriate authorization.

The third step involves the preparation, issuance of reimbursement payment in a timely manner, and subsequent filing of all paperwork for easy retrieval.

Procedure Overview:

Reimbursements are generally made for:

1. Travel and conferences
2. Mileage

3. Meals

4. School/classroom supplies

5. Allowable academic expenses

6. Student awards

7. Other expenses

Reimbursement checks are processed on three week cycle or sooner.

Requests for cash disbursements are submitted to Accounting through the purchasing software. Documentation for purchasing software requests can be in three ways:

1. Original invoice

2. Purchase request (submitted on approved form)

3. Employee expense report or reimbursement request

All reimbursement requests must be approved by the appropriate staff prior to being submitted to accounts payable. Accounts payable will determine the account code for each invoice.

Every employee reimbursement or purchase request must be documented in the purchasing software with travel authorization, receipts, nature of business, program allocation, and funding source (if applicable) before approving for reimbursement as follows:

Travel and Conferences - an itemized receipt from the hotel detailing all charges, the person(s) for whom the lodging was provided, and the specific business purpose. This includes itemized receipts for parking, tolls and bridges, car rentals, taxis, and conference receipts not to exceed the current Government Services Administration (GSA) per diem rates. Current rates are available at www.gsa.gov/perdiem. (See G&A103, Travel and Entertainment policy for more detailed information.)

> **Car Rentals** – When possible, advance approvals are recommended. The employee is required to make their own car rental arrangements. Vehicle selection will be based upon the most cost-effective class that satisfies requirements for the employee(s) and any demonstration equipment.

> **Supplemental auto insurance coverage offered by car rental agencies must be purchased and will be reimbursed.**

Mileage/Personal Vehicles - An employee required to use their own automobile for business will be reimbursed in accordance with the current IRS mileage reimbursement rate. The employee must provide on the expense report, documentation including dates, miles traveled and purpose of each trip.

The Organization assumes no responsibility for personal automobiles used for business. Further, any parking or speeding violation is the sole responsibility of the employee.

Meals and Entertainment - a receipt must be provided showing the cost of food, beverage, and gratuities, including the names of every person for whom food or beverage was provided, and the specific business purpose. Entertainment expenses are disallowed. Meals are reimbursed based on actual receipt amounts not to exceed the following; Breakfast: $7.00, Lunch: $13.00, Dinner: $20.00

Meal and Entertainment tips are limited to 15% (unless automatically assessed by the eating establishment) of the pre-tax meal total cost and any tip that is in excess of the pre-tax meal total cost will not be reimbursed. For example, a meal that costs $10 may have an 8% sales tax bringing the total meal price before tip to
$10.80. Figure the tip on the $10 amount at 15% or $1.50 and that amount of tip or less is reimbursable. If you tipped more than a $1.50, that difference is not reimbursable. You are always allowed to tip less than 15% should you choose to do so.

School/Classroom Supplies, Allowable Academic Expenses, and Student Awards – these expenditures are subject to the approval of the Principal. Gifts of any kind are never allowed. Student awards may only be paid from non-ADA and unrestricted sources. In other words, student awards may be paid from unrestricted fundraising or from other unrestricted sources of income, subject to approval of the Principal and/or Central Office.

Other Expenditures - a receipt from the vendor detailing all goods or services purchased (including the class of service for transportation) and the specific business purpose.

Non-Reimbursable Expenses - Some expenses are not considered valid business expenses by the Organization, yet may be incurred for the convenience of the traveling individual. Since these are not expenses for the business then they are not reimbursable. (The following can be used as a guide of expenses, which are not reimbursable)

Examples include:

- Airline or travel trip interruption insurance
- Airline or travel lounge clubs
- Shoe shine or Dry-cleaning (except for extended travel beyond 5 days)
- Movies or personal entertainment
- Books, magazines or newspapers
- Theft or loss of personal property
- Doctor bills, prescriptions, or other medical services

- Parking tickets, traffic tickets or Car towing if illegally parked
- Health club memberships
- Baby sitter or Pet care fees
- Barbers and Hairdressers

Requests for reimbursement payments are reviewed in the purchasing software by the Principal, Chief Financial Officer, or Chief Executive Officer, dependent on purchase amount. The appropriate personnel:

1. Verifies and matches expenditure and amount
2. Approves for payment if in accordance with budget
3. Provides or verifies appropriate allocation information
4. Provides date of payment taking into account cash flow projections
5. Submits to the Finance team for processing Accounts

Payable processes all payments and:

1. Immediately enters them into the Accounts Payable module, unless paid upon receipt on the same day
2. Prints checks according to allocation and payment date provided by the approving party
3. Submits checks, with attached backup documentation, to Chief Financial Officer for approval and signature
4. Stamps invoice "paid"
5. Mails checks and appropriate backup documentation
6. Files all backup documentation in the appropriate file
7. Monitors accounts payable throughout the month

Procedure:

1.0   DOCUMENTING REIMBURSEMENTS

All business reimbursement expenditures incurred by employees of the Organization are reimbursed through the purchasing software. Reimbursement receipts must be submitted monthly and any receipt that is older than 60 days will not be reimbursed at the discretion of the Chief Financial Officer.

Expense report forms must be filled out completely. Required original receipts for items charged must accompany all reimbursement documentation as well as uploaded into the purchasing software. Any questions regarding completion of the report should be directed to the employee's supervisor or the Finance Team.

PUR106 Reimbursements   page 4 of 6

236

Accounting Policies, Procedures and Forms

Upon completion, the expense report along with all attachments should be submitted to the employee's appropriate supervisor in the purchasing software for approval. After approval, the expense report is submitted to the Finance Team for processing and reimbursement. In order to expedite reimbursement, the employee should ensure that the report is completed properly, required documentation is attached, proper authorization is obtained, and any unusual items properly explained and documented.

Effective Date: 6/06/16	**Approved by: BOD**

Title: **PUR107 BIDDING REQUIREMENTS**

Policy: To ensure the establishment of bidding requirements relating to multi-year service contracts, and to maintain the internal controls of the selection process.

Purpose: To provide the methods for determining a bidding process, documentation requirements, and award of contracts.

Scope: This procedure applies to all vendors of services.

Responsibilities:

Purchasing Agent or School Principal is responsible for providing a summary and justification related to the potential proposal.

Selection Committee is responsible for the review and recommendation of all contracts over $25,000.

Chief Executive Officer and/or Chief Financial Officer is/are responsible for the examination of the bidding and selection process of all contracts above $25,000.

Board of Directors are responsible for the approval of all bidding contracts above $25,000.

Procedure:

1.0 BIDDING REQUIREMENTS AND PROCESS

1.1   New service contracts in excess of $25,000 shall be formally bid in accordance with the following:

- Request for Proposals (RFP): RFP requirements should include contract purpose, background, description of service, general information, time requirements, proposal requirements, and evaluation process.

- Public Notice: RFP will be posted in the Organization's website.

- Prospective Vendors: Selection Committee shall maintain a list of prospective vendors for the various categories of products and services purchased by the organization. All schools or departments should refer prospective vendors to the purchasing department for inclusion in the bidder file.

- Pending Bid File: A file shall be maintained by the selection committee of all invitations to bid currently pending.

- Evaluation: Evaluation of services and vendors will be in accordance with the RFP specifications and policy PUR101 vendor selection.

PUR107 Vendor Selection   page 1 of 5

239

Accounting Policies, Procedures and Forms

- Bidder Files: Bidder files shall be maintained retaining the bids, bid comparison sheets, other submittals, and rationale in award. These bids shall be made available for the public upon request for a period of ninety (90) days after which time they will be archived for two (2) years.

- Bidding of contracts shall not be made in small quantities (split bidding) for the purpose of circumventing the authorized approval limits assigned by the Board of Directors, or to avoid public bidding based on the policies and procedures.

2.0 NONCOMPETITIVE NEGOTIATIONS

2.1 Noncompetitive negotiations may be used for procurements in excess of $25,000 when bidding or competitive negotiations are not feasible. MPS may purchase goods and services through non-competitive negotiations when it is determined in writing by the Chief Executive Officer that competitive negotiation or bidding is not feasible and that:

- An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedures, or

- The product or service can be obtained only from one source, or

- The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, or

- Only one satisfactory proposal is received through RFP, or

- The charter authorizer has authorized the particular type of noncompetitive negotiation.

3.0 STANDARDS OF CONDUCT

The following Standards of Conduct shall govern the performance, behavior and actions of MPS including, employees, officers, directors, volunteers and agents, who are engaged in any aspect of procurement, including – but not limited to – purchasing goods and services; awarding contracts and grants; or the administration and supervision of contracts.

Deleted: ¶

Accounting Policies, Procedures and Forms

As representatives of MPS, all employees, officers, directors, volunteers and agents are expected to conduct themselves in a professional and ethical manner, maintaining high standards of integrity and the use of good judgment. Employees are expected to be principled in their business interactions and act in good faith with individuals both inside and outside MPS.

3.3   Conflict of Interest

      3.3.1   No employee, officer, director, volunteer or agent of the MPS shall participate in the selection, award or administration of a bid or contract supported by federal funds if a conflict of interest is real or apparent to a reasonable person.

      3.3.2   Conflicts of interest may arise when any employee, officer, director, volunteer or agent of the MPS has a financial, family or any other beneficial interest in the vendor firm selected or considered for an award.

      3.3.3   No employee, officer, director, volunteer or agent of the MPS shall do business with, award contracts to, or show favoritism toward a member of his/her immediate family, spouse's family or to any company, vendor or concern who either employs or has any relationship to a family member; or award a contract or bid which violates the spirit or intent of Federal, State and local procurement laws and policies established to maximize free and open competition among qualified vendors.

      3.3.4   MPS's employees, officers, directors, volunteers or agents shall neither solicit nor accept gratuities, gifts, consulting fees, trips, favors or anything having a monetary value in excess of twenty-five dollars ($25) from a vendor, potential vendor, or from the family or employees of a vendor, potential vendor or bidder; or from any party to a sub-agreement or ancillary contract.

4.0   ACCEPTANCE OF GRATUITIES

MPS's employees, officers, directors, volunteers or agents shall neither solicit nor accept gratuities, gifts, consulting fees, trips, favors or anything having a monetary value from a vendor, potential vendor, or from the family or employees of a vendor, potential vendor or bidder; or from any party to a sub-agreement or ancillary contract.

5.0   DISCIPLINARY ACTIONS

Any MPS member, employee or designated agent of MPS who knowingly and deliberately violates the provisions of this code will be open to civil suit without the legal protection of MPS. Furthermore, such a violation of these procurement standards is grounds for dismissal by MPS as an employee, officer, director, volunteer or agent; or other such sanctions as available under the law.

Any contractor or potential contractor who knowingly and deliberately violates the provisions of these procurement standards will be barred from future transactions with MPS.

RE:	2019-20 Certification of Assurances, Protected Prayer Certification, Application for Funding

Proposed Board Recommendation

I move that the Board approves the 2019-20 Certification of Assurances, 2019-20 Protected Prayer Certification, 2019-20 Application for Funding and General Assurances as presented.

Background

The Consolidated Application (ConApp) is used by the California Department of Education (CDE) to distribute categorical funds from various state and federal programs to county offices, school districts, and direct-funded charter schools throughout California. Annually, in June, each local educational agency (LEA) submits the spring release of the application to document participation in these programs and provide assurances that the district will comply with the legal requirements of each program. Program entitlements are determined by formulas contained in the laws that created the programs. The items required to be approved by the Board are attached herein. The documents listed above should be approved no later than June 30, 2018 for the upcoming fiscal year.

Budget Implications

None

How Does This Action Relate/Affect/Benefit All MSAs?

Submission of Consolidated Application to CDE for all school sites as a requirement to receive categorical funds.

Programs and services are and will be in compliance with Title VI and Title VII of the Civil Rights Act of 1964; the California Fair Employment Practices Act, Government Code §11135; and Chapter 1, Subchapter 4 (commencing with §30) of Division I of Title 5, California Code of Regulations (5 CCR)

2. Programs and services are and will be in compliance with Title IX (nondiscrimination on the basis of sex) of the Education Amendments of 1972. Each program or activity conducted by the local educational agency (LEA) will be conducted in compliance with the provisions of Chapter 2, (commencing with §200), Prohibition of Discrimination on the Basis of Sex, of Part 1 of Division 1 of Title I of the California Education Code (EC), as well as all other applicable provisions of state law prohibiting discrimination on the basis of sex.

3. Programs and services are and will be in compliance with the affirmative action provisions of the Education Amendments of 1972.

4. Programs and services are and will be in compliance with the Age Discrimination Act of 1975.

5. Programs and services for individuals with disabilities are in compliance with the disability laws. (Public Law (PL) 105-17; 34 Code of Federal Regulations (34 CFR) 300, 303; and Section 504 of the Rehabilitation Act of 1973)

6. When federal funds are made available, they will be used to supplement the amount of state and local funds that would, in the absence of such federal funds, be made available for the uses specified in the state plan, and in no case supplant such state or local funds. (20 United States Code (USC) §6321(b)(1); PL 11 §1118(b)(1))

7. All state and federal statutes, regulations, program plans, and applications appropriate to each program under which federal or state funds are made available through this application will be met by the applicant agency in its administration of each program.

8. Schoolsite councils have developed and approved a Single Plan for Student Achievement (SPSA) for schools participating in programs funded through the consolidated application process, and any other school program they choose to include, and that school plans were developed with the review, certification, and advice of any applicable school advisory committees. (EC §64001)

9. The LEA will use fiscal control and fund accounting procedures that will ensure proper disbursement for state and federal funds paid to that agency under each program. (5 CCR, §4202)

10. The LEA will make reports to the state agency or board and to the Secretary of Education as may reasonably be necessary to enable the state agency or board and the Secretary to perform their duties and will maintain such records and provide access to those records as the state agency or board or the Secretary

deems necessary. Such records will include, but will not be limited to, records which fully disclose the amount and disposition by the recipient of those funds, the total cost of the activity for which the funds are used, the share of that cost provided from other sources, and such other records as will facilitate an effective audit. The recipient shall maintain such records for three years after the completion of the activities for which the funds are used. (34 CFR 76.722, 76.730, 76.731, 76.734, 76.760; 2 CFR 200.333)

11. The local governing board has adopted written procedures to ensure prompt response to complaints within 60 days, and has disseminated these procedures to students, employees, parents or guardians, district/school advisory committees, appropriate private school officials or representatives, and other interested parties. (5 CCR, §4600 et seq.)

12. The LEA declares that it neither uses nor will use federal funds for lobbying activities and hereby complies with the certification requirements of 34 CFR Part 82.

13. The LEA has complied with the certification requirements under 34 CFR Part 84 regarding debarment, suspension and other requirements for a drug-free workplace. (34 CFR Part 84)

14. The LEA provides reasonable opportunity for public comment on the application and considers such comment. (20 USC §7846(a)(7); 20 USC, §6318; PL 111-95, §1116(b)(4))

15. The LEA will provide the certification on constitutionally protected prayer that is required by PL 11-95, §8524 and 20 USC §7904.

16. The LEA administers all funds and property related to programs funded through the Consolidated Application. (20 USC §6320(d)(1); PL 11-95, §1117(d)(1))

17. The LEA will adopt and use proper methods of administering each program including enforcement of any obligations imposed by law on agencies responsible for carrying out programs and correction of deficiencies in program operations identified through audits, monitoring or evaluation. (20 USC §7846 (a)(3)(B); PL 114-95, §8306)

18. The LEA will participate in the California Assessment of Student Performance and Progress. EC §60640, et seq.)

19. The LEA assures that classroom teachers who are being assisted by instructional assistants retain their responsibility for the instruction and supervision of the students in their charge. (EC §45344(a))

20. The LEA governing board has adopted a policy on parent involvement that is consistent with the purposes and goals of *EC* Section 11502. These include all of the following: (a) to engage parents positively in their children's education by helping parents to develop skills to use at home that support their children's academic efforts at school and their children's development as responsible future members of our society; (b) to inform parents that they can directly affect the success of their children's learning, by providing parents with techniques and strategies that they may utilize to improve their children's academic success and to assist their children in learning at home; (c) to build consistent and effective

communication between the home and the school so that parents may know when and how to assist their children in support of classroom learning activities; (d) to train teachers and administrators to communicate effectively with parents; and (e) to integrate parent involvement programs, including compliance with this chapter, into the school's master plan for academic accountability. (EC §§11502, 11504)

21. Results of an annual evaluation demonstrate that the LEA and each participating school are implementing Consolidated Programs that are not of low effectiveness, under criteria established by the local governing board. (5 CCR §3942)

22. The program using consolidated programs funds does not isolate or segregate students on the basis of race, ethnicity, religion, sex, sexual orientation or socioeconomic status. (United States Constitution, Fourteenth Amendment; California Constitution, Article 1, §7; California Government Code §§11135-11138; 42 USC §2000d; 5 CCR, §3934)

23. Personnel, contracts, materials, supplies, and equipment purchased with Consolidated Program funds supplement the basic education program. (EC §§62002)

24. At least 85 percent of the funds for School Improvement Programs, Title I, Title VI and Economic Impact Aid (State Compensatory Education and programs for English learners) are spent for direct services to students. One hundred percent of Miller-Unruh apportionments are spent for the salary of specialist reading teachers. (EC §63001; 5 CCR, §3944(a)(b))

25. State and federal categorical funds will be allocated to continuation schools in the same manner as to comprehensive schools, to the maximum extent permitted by state and federal laws and regulations. (*EC* §48438)

26. Programs and services are and will be in compliance with Section 8355 of the California Government Code and the Drug-Free Workplace Act of 1988, and implemented at CFR Part 84, Subpart F, for grantees, as defined at 34 CFR Part 84, Sections 84.105 and 84.110.

27. Federal grant recipients, sub recipients and their grant personnel are prohibited from text messaging while driving a government owned vehicle, or while driving their own privately owned vehicle during official grant business, or from using government supplied electronic equipment to text message or email when driving. Recipients must comply with these conditions under Executive Order 13513, "Federal Leadership On Reducing Text Messaging While Driving," October 1, 2009.

28. The Federal grant sub recipient has complied with the Federal Funding Accountability and Transparency Act, as defined in CFR Part 25 (PL 109-282; PL 110-252) regarding the establishment of a Data Universal Numbering System (DUNS) number and maintaining a current/active registration in the System for Award Management Web page at https://www.sam.gov/portal/SAM/#1.

RE:	Approval of 2019-2020 EPA Spending Plans for all MPS

Proposed Board Recommendation

I move that the Board approved the 2019-20 EPA Spending Plans for all MPS sites.

Background

Proposition 30, *The Schools and Local Public Safety Protection Act of 2012,* approved by the voters on November 6, 2012, temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

The new revenues generated from Proposition 30 are deposited into a newly created state account called the Education Protection Account (EPA). School districts, county offices of education, and charter schools (LEAs) will receive funds from the EPA based on their proportionate share of the statewide revenue limit amount. A corresponding reduction is made to an LEA's revenue limit EPA entitlement. LEAs will receive EPA payments quarterly beginning with the 2013-2014 Fiscal Year.

Proposition 30 provides that all K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting.
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs. (Refer to the attached list of functions for which EPA funds may be used.)
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended.

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

Budget Implications

Projected EPA funding is included n the 2019-20 proposed budget expenditures in accordance with the EPA guidelines provided by the state.

How Does This Action Relate/Affect/Benefit All MSAs?

All MPS sites budgets are in compliance with EPA guidelines.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT
Magnolia Public Schools
20190613-3

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies

1

received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the district shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

2

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1.   The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Magnolia Public Schools**;

2.   In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Magnolia Public Schools** has determined to spend the monies received from the Education Protection Act as attached.

DATED: _____

                                         Board Secretary

EDUCATION PROTECTION ACCOUNT - EXPENDITURE SUMMARY

State law requires that our charter school make a specific determination of how Education Protection Account monies are received and spent. These funds may not be expended on administrative costs. Our practice is to expend 100% of all Education Protection Account monies on teacher salaries, to ensure that 100% of spending is instructionally-related and is not spent for administrative uses.

The table on the following page shows the historical and projected revenues and expenditures of Education Protection Account dollars, from the most recent audited fiscal year through the upcoming budget year.

This document shall be approved by the School's Governing Board as part of the approval of the annual budget in June, and a copy of the approved document shall be posted on the School's website.

Below is the actual law relating to this requirement:

Article XIII, Section 36, Subdivision (e), Paragraph (6) of the California Constitution:
(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

EDUCATION PROTECTION ACCOUNT - EXPENDITURE SUMMARY

State law requires that our charter school make a specific determination of how Education Protection Account monies are received and spent. These funds may not be expended on administrative costs. Our practice is to expend 100% of all Education Protection Account monies on teacher salaries, to ensure that 100% of spending is instructionally-related and is not spent for administrative uses.

The table on the following page shows the historical and projected revenues and expenditures of Education Protection Account dollars, from the most recent audited fiscal year through the upcoming budget year.

This document shall be approved by the School's Governing Board as part of the approval of the annual budget in June, and a copy of the approved document shall be posted on the School's website.

Below is the actual law relating to this requirement:

Article XIII, Section 36, Subdivision (e), Paragraph (6) of the California Constitution:
(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

RE:	Approval of Local Control and Accountability Plans (LCAP) for all MPS

Proposed Board Recommendation

I move that the board approve the LCAPs for all MPS.

Background

As a critical component of the LCFF law, every charter school must engage parents and community to create a Local Control and Accountability Plan (LCAP). The LCAP is intended to be a comprehensive planning tool. Each plan must describe:

- School-wide goals, as well as specific actions to be taken to achieve the goals for all students, including specific subgroups of students, in each of the eight state priority areas, plus any locally identified priority areas.

- Expected progress toward meeting the goals—and as part of a schools required annual update of the plan, the school must describe actual progress made toward meeting the goals and describe any adjustments to be made.

- Expenditures required to implement each of the goals and actions, including a description of how additional funds provided for low-income students, English learners and foster youth will be used to increase or improve services for these students.

- The process used to involve parents, students, community members, school employees and other stakeholders in developing, reviewing and supporting implementation of the LCAP.

The MPS Home Office has collaborated with the school leadership teams in ensuring that all of the school LCAPs have school-wide goals, annual measurable outcomes and specific actions aligned to the eight state priorities and that the schools have meaningfully engaged their stakeholders in the development of their LCAP.

As part of the LCAP development process our schools have conducted stakeholder surveys to engage our stakeholders

250 E. 1ˢᵗ Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

in the evaluation of their experience at MPS. School leadership teams have shared their reflection on the survey results and findings that identifies their greatest progress, greatest needs, and ways to improve so that we can maintain and improve educational quality of our schools on an ongoing basis. The teams have completed their reflections and presented it to their stakeholders in various settings, including presentations at regular meetings of the MPS Stakeholders Committee and the Board.

School leadership teams have also presented their CA School Dashboard results and findings as well as other school performance data to their stakeholders at their PTF, SSC, and ELAC meetings throughout the year. At their regular meetings the MPS board and the Academic Committee have been presented SBAC, CA School Dashboard, NWEA, and other school goal progress data as well as each MSA's action plan with next steps. The school leadership teams have closely worked with the MPS finance department in writing annual updates for their LCAP estimated actual expenditures and next year's budgeted expenditures. These processes are all part of our LCAP development and continuous improvement cycle.

Budget Implications

All LCAP expenditures are budgeted in each school's budget.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy (MSA-1 or Charter School), is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2002, MSA-1's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-1 currently has 584 students in grades 6-12, and mainly draws enrollment from Reseda, CA and neighboring communities. The neighborhoods that MSA-1 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-1 serves face economic challenges. MSA-1 has a diverse enrollment, including 88% Hispanic/Latino, 6% White, 89% Socioeconomically Disadvantaged, 16% Special Education, and 16% English Learner population.

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-1 is supplemented by tutoring, after-school programs, and school-to-university links.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Pg 1

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

- Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College and Tarzana Treatment Center Workshops
-Parents value the extra support we provide our students to ensure they are receiving the best education (i.e. after school tutoring, Saturday School, one-on-one support, etc.)
- The need to continue our improvements in designated/integrated English Learner services
- Providing counseling and positive behavior intervention support services to our students
- Continue using teacher evaluation system 'TeachBoost'
- 100% graduation rate; college bound high school students
- 95% teacher retention rate
- Ranked Among the Top 25 Charter Schools In LAUSD
- We offer a very strong Robotics program which helps prepare students to participate in VEX Robotics competitions. This year, our Robotics team, RoboWarriors, has expanded to 3 teams.
- Unified Writing Curriculum
-Unified Reading Curriculum
- Classes using blended learning effectively
- The full inclusion of Special Education Students
- Professional Development around Explicit Direct Instruction

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

I. Data Driven Curricular Choices Contribute to Student Growth. Last year, our overall SBAC student scores improved for Math and ELA by 2 points and 11 points respectively. We are confident that we will see the same if not better results for this year. The increase in student scores is due in part to our ELA and Math department's adoption of Common Core aligned digital curriculum. Our English teachers use Study Sync, which is Common Core aligned and allows students to engage with text and demonstrate understanding of their content through reading and writing. Content is academically rigorous, thematically unified, and engages students through digital content including videos, interactive texts, audio readings of class content, and a built in ELD component to help engage our ELL students. As a result, the percent of our EL students who made progress towards English Proficiency increased by 16% compared to last year. Similarly, in our Math classes we use McGraw Hill online curriculum, which is also Common Core aligned and engages students in a similar way with digital problems, math manipulatives, and demonstrations.

II. Staff PD/Resource Sharing Contributes to Growth. We have implemented universal standards of writing and reading across content areas. Our English Title 1 staff analyzes data, passes along resources, and leads PD's

Pg 2

for our staff to make sure they are supporting our struggling students. Our Title I English teacher observes struggling students in three of their core classes (History, Science, and English), and provides resources and PD for our staff about implementing academic tools that might help. Our Dean of Academics looks at data from benchmark testing like MAP and SBAC, and helps to roster and monitor progress in our Saturday School program. Math teachers also use gradual release model in math intervention classes so that students who struggle in that content area receive explicit instruction, guided practice, and independent work.

III. College Readiness Contributes to Growth. We currently have 68 graduating seniors and we have a 100 percent graduation rate. Our Dean and College counselor create a 4 year plan for each student and keep track of their classes, grades, etc. We believe the individualized attention and the student's role in setting their own goals helped our graduation rate to stay strong. Our staff does much work to involve parents and students in setting goals that prepare students for graduation and college. We are proud of the parent information nights where students and parents get to learn about college, financial aid, and the application process, and we are equally proud that our Senior English teachers support all 68 of our seniors in writing a personal statement. In essence, every student who graduates from MSA attends a junior college, 4 year university, or vocational program.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

The two subgroups who did not perform well on SBAC and need our close attention were Sped students in the area of Math and English Language Learners in the area of English; our data shows that compared to our general student population, these sub-groups are struggling. Currently, in our Power classes we support struggling students through digital intervention content. We use Flex Literacy (for English) and Khan Academy, NextGen Math and MobyMath (for math), where direct instruction takes place in small, concentrated amounts, and students receive explicit direct instruction in that content area and have opportunities for guided practice. In our English classes, we use Study Sync (ELD component in conjunction with what is being learned in ELA). Conducting class in this way provides small group support outside of the classroom for those students. Additionally, our Title 1 English and Deans analyze scores and data (MAP, ELPAC, SBAC), review samples of student work, and follow up frequently with the student's ELA, ELD, and MATH teachers to discuss student progress. Interventions include offering additional tutoring, creating action plans for individual students that address areas of need, providing one-on-one instructional support, simplifying the work for EL and SPED students, and creating a roster of students who need Saturday school. Moreover, our Special Education Teachers meet with General Education Teachers weekly either during conference periods or during Staff Meetings to discuss student progress and to go over accommodations and support plans. Students are given in-class support by their Resource teacher, who helps them follow along with the curriculum, offers appropriate accommodation, makes modifications to assignments, and checks grades weekly to make sure students are progressing in the class/subject. Our Title I English Teacher offers PD to our staff on a critical thinking and writing strategy that works across grade levels and can be adapted in many content areas. She also provides Strategy Snapshots on a bi-weekly basis to teachers and staff so that their expectations about academic rigor are more unified (and connected to the CHATS framework for EL support). Our History and Science teachers, who don't normally teach writing in an explicit way, then use that resource for their students. Finally, twice a year, we provide MSA wide professional development to our teachers and include training in all areas of need. These symposiums are a way for our teachers to attend workshops that can help enhance their teaching. For

Pg 3

instance, many of our teachers attended the EL training with a guest lecturer from CSUN to learn about promoting language acquisition in their classrooms (in every content area).

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

The student groups that are behind are SPED students who performed low in Math and our English Learners who performed low in English. We use the intervention classes and programs (as mentioned above) to help support these student population. We use benchmark data (MAP) to roster students into intervention classes. This way, if a student is struggling in both English and Math, they get service in the areas of their greatest need. Additionally, SPED teachers and Intervention staff meet to discuss shared students and academic intervention for those SPED and EL students. The action includes; teacher referral of students who need support, meetings between parents, students, and coordinators, placement of students in appropriate tier or intervention, teaching of skills, assessment of mastery, and support for kids as they exit intervention. We use the RTI model to track student progress. Title I Coordinator plays a larger role in supporting the EL students in the classroom, and sets schedule of pull-out sessions.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

N/A

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Pg 18

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Students' SBAC scores reflect an increase in ELA scores by 10.9 points and Math scores by 2.3 points. The increase is due in part to our ELA(Study Sync) and Math (McGraw-Hill online curriculum) department's adoption of CCSS aligned digital curriculum because digital curriculum engages students and allows our teachers to provide targeted instruction based on the program's student performance data. The rigorous curriculum helps our overall student population rise to the challenge of state testing, and since implementing it, we have seen growth. Additionally, each month, teachers administer an Interim Block Assessment (IBA) and use the results to inform their curriculum. In the staff meeting following the IBA each month, English and Math Departments meet to discuss data and choose specific areas of remediation in each grade level. Furthermore, in English and Math classes, teachers commit to re-teaching skills based on data. Targeted interventions include ELD class, Saturday School, after school tutoring, and Power English and Power Math classes. Additionally, students' SBAC scores reflect an increase in EL proficiency. There were many factors which led to the increase in student performance. For example, we use FLEX literacy to teach our Power classes- a program which focuses on building the literacy of our EL students at their own pace. Additionally, at the beginning of each semester, our EL coordinator and English teachers meet to discuss and effectively roster the POWER classes. ELPAC and MAP data are used service/roster our EL and struggling students into intervention services. Furthermore, throughout the year, teachers attend PD's whose focus is on ELD standards. Our EL Coordinator has implemented a Tiered system of intervention this year to make meeting the needs of our EL students more efficient, and more data driven (tracking their progress over 6 week periods of intervention. For instance, students who enroll in Tier III intervention attend skill remediation with a credentialed English Teacher (also our Title I Coordinator), and receive a support plan which conveys to teachers the required supports for each student. Additionally, our teachers use the ELD component of study sync and share a writing curriculum. Finally, our school is very proud of its AP passing rate. Last year 33.6% of students who took the AP exam passed with a score of a 3 or higher. Our teachers are required to attend AP training and workshops in order to continue to grow and improve their instruction. AP teachers administer practice AP tests on Saturday to help prepare/familiarize students with the AP exam. Additionally, our AP calculus students go to an AP camp, where they spend 2 days practicing and reviewing for the actual AP exam. Finally, all AP students have access to the online Revolution K-12 AP preparation course for four weeks as a preparatory tool for their exam.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. In order to maintain or build upon this success, we plan to improve our intervention program, share assessment calendar among teachers and resource staff to improve student access to curriculum, provide EL PD in our meetings (strategies shared with gen. ed. Teachers), and the continued use of POWER/ELD classes. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Our STEAM program has been effective as measured by our progress towards our student body participation in STEAM focused projects, experiment, model or demo. A significant step toward helping our students achieve their maximum potential involves providing challenging and curriculum relevant STEAM competitions. Last year and this year, our students participated in yet another successful competition (STEAM EXPO), which allowed for all MPS wide and Southern California residents to attend STEAM events to explore STEAM through projects, demonstrations, visual and performing arts performances, and robotics competitions. Two of our STEAM educators received awards for their contributions to our communities. Additionally, MSA 1 hosted an annual STEAM festival at our school site, to help showcase students' research projects and invite parents and community members to share in their success. MSA has a very strong Robotics program which helps prepare students to participate in VEX Robotics competitions. This year, our Robotics team, MAGNOBOTS, has expanded to 3 teams. The participation data reflects that our students are expanding their role in STEAM community. Our STEAM participation has also spread into the classroom through more STEAM oriented projects. In our 7th grade history class this year, the teacher implemented a project where students researched a Renaissance Invention and then built a working model of that invention that

Pg 24

involved engineering working parts. In our goal to move students toward STEAM participation, projects in all subject areas that speak to science, technology, engineering, and math are important for enriching our students' STEAM experiences. Our teachers all use technology, and this history project was a step toward integrating more engineering experiences in our humanities curriculum.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services to create school connectedness have been effective as measured by our progress towards MSA's annual measurable outcomes. Our suspension rate is zero percent and this is due in part to having a Positive Behavior System in place. The positive reinforcement system helps augment student motivation to behave and holds them more accountable for their actions. The rewards chart is prominently displayed throughout school and serves as a daily reminder to students to work towards earning positive points. Students are able to earn positive points by following school rules, uniform compliance, teacher assistance, performing extra activities, helping to clean up, remembering to turn in their behavior slips, and by earning "caught being good" cards. Once a student has accumulated a certain number of points, he or she can earn a pass to the gym, a free dress day, or get access to WI-FI. Additionally, students are well aware of our school's policies and sign a contract (Student/Parent handbook) stating that they read and understood all school rules. This ensures that they know what is expected of their behavior and also understand the consequences if and when rules are broken. Our "connectedness" is strong because our policies create reinforcement for positive contributions to our school-students share a responsibility to contribute to our campus' atmosphere. Currently, our graduation rate is 100%. This

Pg 32

success is due in part to the individualized attention we give to our high school students. Our College counselor creates a 4 year graduation plan for each of our students and keeps track of their classes during their high school years. We also hold parent information nights to inform parents about college, financial aid, and the application process. The sharing of information helps parents to connect and support their children. Additionally, English teachers support all 68 of our seniors in writing a personal statement and are involved in all aspects of their graduation process, and share in the success of our graduates' acceptance to a 4 year university or a private college. This creates a sense of connectedness between students, parents and staff. Our overall survey satisfaction rates reflect that compared to the 2017-2018 survey, staff and student satisfaction rate has decreased by 8% and 6% respectively. The decreases in satisfaction rates reveal an area of need for our students and staff. Students reported wanting to improve our school site and expand our space to include a better place to eat and a sports field. While teachers expressed the need for bigger space, more student accountability regarding behavior, and a need for a gym, they acknowledge the school is heading in a great direction with the construction of the new High School building. A majority of our staff members commented on feeling supported by admin. Comments ranged from staff feeling grateful for having "small class size" to "administration is open to ideas and suggestions," and identified a "feeling of community." Parents are happy with the quality of education, inclusive learning environment, and family-like feeling. Families reported high satisfaction with "staff," "quality of education," and a "small and personal" school setting. Overall, surveys reflect appreciation for our staff and their ability to treat everyone with respect. Parents shared, "I like how it's safe for my kids and the teachers notify us [of]our kids' grades and behavior."

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. The updated outcomes and actions/services can be found in the Goals, Actions, and Services section of the LCAP.

Stakeholder Engagement

LCAP Year: **2019–20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote learning and provide a more positive learning experience for our students, MSA-1 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input and feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress, an SSD plan with planned improvement in student performance in reading and mathematics and in programs for English Learners, and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff has also made 180 home visits during this school year and sought feedback from the parents for school improvement.

Pg 34

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:
- Improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities
- Providing counseling and behavior support services to our students
- Continue using TeachBoost for teacher evaluations
- Increasing college preparedness by offering a college planning, dual enrollment with local colleges, and career exploration program for students early on, continue using Navience to maintain the effectiveness of the "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses
- Continue investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Improving school facilities and the lunch program

Strategic Planning Details and Accountability

Complete a copy of the following table for each of the LEA's goals. Duplicate the table as needed.

(Select from New Goal, Modified Goal, or Unchanged Goal)

Unchanged Goal

Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, and 8

Local Priorities: N/A

Identified Need:

Priority 1:

    To ensure teachers are appropriately assigned and fully credentialed

    To ensure students have sufficient access to standards-aligned instructional materials

    To ensure school facilities are maintained in good repair

Priority 2:

    To ensure implementation of state board adopted academic content and performance standards for all students

Priority 4:

    To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments

Pg 36

To ensure EL students make annual progress in learning English

To ensure our students are college/career ready

Priority 8:

To ensure student proficiency in all courses

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019–20**

Estimated Supplemental and Concentration Grant Funds

$1,807,444

Percentage to Increase or Improve Services

32.86 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

♣ Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

♣ Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

♣ ELD and ELA teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25 minute session that focuses on reading and writing strategies, practice in speaking and

listening, and academic vocabulary.

♣ During the day, Charter School will provide additional supports and interventions to all students, including ELs. Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday. Charter School strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.

♣ Charter Scholl will provide ongoing Parent Training for all our parents, including bilingual parents. SSC, ELAC, and PTF meetings, as well as Parent College, are some of the venues we will provide training to our parents. Charter School will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid. Parent training topics include, but are not limited to, how to assist students academically and behaviorally, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.

♣ Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.

♣ Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, Charter School uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level.

♣ Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

♣ Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

LCAP Year: **2017–18**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$ 1,433,190	35.22 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

♣ Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

♣ Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

♣ ELD and ELA teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25 minute session that focuses on reading and writing strategies, practice in speaking and listening, and academic vocabulary.

Pg 96

♣ During the day, Charter School will provide additional supports and interventions to all students, including ELs. Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday. Charter School strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.

♣ Charter Scholl will provide ongoing Parent Training for all our parents, including bilingual parents. SSC, ELAC, and PTF meetings, as well as Parent College, are some of the venues we will provide training to our parents. Charter School will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid. Parent training topics include, but are not limited to, how to assist students academically and behaviorally, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.

♣ Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.

♣ Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, Charter School uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level.

♣ Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

> * For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

> For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

> Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

> Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."

- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".

- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may

be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Enter "New Action" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.

- Enter "Modified Action" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.

- Enter "Unchanged Action" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.

  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter "Unchanged Action" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

> Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496(a)(5).

Percentage to Increase or Improve Services

> Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:
  A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
  B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
  C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:
  A. The implementation of state board adopted academic content and performance standards for all students, which are:
      a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
      b. Mathematics – CCSS for Mathematics
      c. English Language Development (ELD)
      d. Career Technical Education
      e. Health Education Content Standards
      f. History-Social Science
      g. Model School Library Standards
      h. Physical Education Model Content Standards
      i. Next Generation Science Standards
      j. Visual and Performing Arts
      k. World Language; and
  B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:
  A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
  B. How the school district will promote parental participation in programs for unduplicated pupils; and
  C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:
  A. Statewide assessments;
  B. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
  C. The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);
  D. The English learner reclassification rate;
  E. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
  F. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:
  A. School attendance rates;
  B. Chronic absenteeism rates;
  C. Middle school dropout rates;
  D. High school dropout rates; and
  E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:
  A. Pupil suspension rates;

B. Pupil expulsion rates; and

C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;

B. Programs and services developed and provided to unduplicated pupils; and

C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

A. Working with the county child welfare agency to minimize changes in school placement

B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;

C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and

D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

A. Local priority goals; and

B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

(1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:

(A) enrolled less than 31 days

(B) enrolled at least 31 days but did not attend at least one day

(C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:

(i) are enrolled in a Non-Public School

(ii) receive instruction through a home or hospital instructional setting

(iii) are attending a community college full-time.

(2) The number of students who meet the enrollment requirements.

(3) Divide (1) by (2).

(b) "High school dropout rate" shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(c) "High school graduation rate" shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

(A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.

(B) The total number of students in the cohort.

(C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

(A) The number of students who either graduated as grade 11 students or who earned any of the following:

(i) a regular high school diploma

(ii) a High School Equivalency Certificate

(iii) an adult education diploma

(iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

(B) The number of students in the DASS graduation cohort.

(C) Divide (1) by (2).

(d) "Suspension rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(e) "Expulsion rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA's goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

2018-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy-2 (MSA-2 Charter School), is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2008, MSA-2's mission is to provide "a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others." MSA-2 currently has 470 students in grades 6-12, and mainly draws enrollment from Van Nuys, CA, and neighboring communities. MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. MSA-2 adopted the Gates Model of providing its students with a small school environment, staffed with high quality educators and dedicated professionals whose sole purpose is to educate and prepare each child for higher education. Classroom instruction at MSA-2 is supplemented by tutoring, after-school programs, Saturday school enrichment, morning school support, and school-to-university pathways.

MSA-2currently has 470 students in grades 6-12, and mainly draws enrollment from Van Nuys, Reseda, and Lake Balboa, CA and neighboring communities. The neighborhoods that MSA-2 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-2 serves faces economic challenges. MSA-2 has a diverse enrollment, including 80% Hispanic/Latino, 8% White, 91% Socioeconomically Disadvantaged, 18% Special Education, and 12% English Learner population.

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of

society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-2 is supplemented by tutoring, after-school programs, and school-to-university links.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College

In the last year, our growth of satisfaction rates in staff and parent surveys went from 85% favorable to 94% favorable (9% increase), and 81% favorable to 87 % favorable (6% increase), respectively.

The need to continue our improvements in designated/integrated English Learner services

Providing counseling and positive behavior intervention support services to our students

Continue using teacher evaluation system 'teachboost'

Our overall proficiency on the SBAC in Math significantly increased by 20.3 points.

98% graduation rate; college bound high school students.

Named by U.S. News World Report the 218th top-performing high schools in California with a Silver Medal.

We offer a very strong Robotics program which helps prepare students to participate in VEX Robotics competitions. Our Robotics team represented California in the 2018 VEX National Robotics Competition in Iowa.

Classes using blended learning effectively

The full inclusion of your special education students

Professional development around explicit direct instruction

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Pg 2

MSA-2 has a 98% graduation rate. To maintain this high rate, we will continue to track student diploma requirements throughout the four years. Students are able to recover any missing credit during summer or regular terms. Students are able to take college courses on MSA2 campus or at college campus to earn dual-enrollment credits and move ahead with their requirements.

MSA-2's suspension rate has been very low. We will implement Positive Behavior Intervention System to promote positive behavior and culture.

The English Learner Progress have also been very high. We will continue to support our English Learners in designated classes as well as in core classes.

This year, MSA-2 students have shown significant improvement in overall and subgroup math scores. Students will continuously receive intervention support in regular classes. Extended learning, such as after school tutoring and Saturday school, will continue to be available to those students who need extra support.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

The overall English Language Art scores have declined by 3.9 points. Detailed report shows that the socioeconomically disadvantaged and English learner subgroups had a decline, students with disabilities maintained their score and white students have increased their scores significantly. To support teachers and students, we will use different resources to target student needs. We will use online resources like MobyMax, Vocabulary.com, Readworks, and NewsELA to differentiate and target intervention. We will also support teachers on implementing the Study Sync curriculum to maximize student learning. We will use the interim assessments (IAB and ICA) regularly to have students practice and use the data to tailor instruction.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Under the English Language Arts indicator, the English Learner and students with disabilities subgroups have scored lower than the overall average. To support these students, the resource teachers will work with the general education teachers to identify and target the needs of any students who will benefit from accommodations. Students will be given proper settings on the SBAC test to meet their needs. Study skill programs will be given to all students to teach basic skills like test taking strategies. The English Language Development Coordinator will also work with teachers to provide strategies on how to make the curriculum accessible to these students.

Pg 3

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

N/A

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The math SBAC scores have increased significantly. The CCSS aligned curriculum and the online resources have helped teachers prepare standard based lessons and target intervention based on the needs of students.

Saturday school structure has been changed to meet the needs of the students who need the one-on-one support. The program helped students pass their classes and improve their scores on MAP and SBAC tests.

Dual-enrollment opportunities are not limited to courses students can take at college campuses. The participation rate for the on-campus college course is above the expected number. Next year we will increase the number of courses offered on campus.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We are adding a School Psychologist to our staffing to support students with their socially and emotionally needs. Other than this, we only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Pg 19

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to

Pg 31

suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services to create school connectedness have been effective as measured by progress towards our annual measurable outcomes. We initiated a Positive Behavioral Interventions and Supports (PBIS) Team this year in partnership with LACOE where we have sent our coach and administrators to 6 full-day trainings, including 3 full-day trainings with our PBIS support team members. As part of this program, a new behavioral matrix was created for school wide settings which match our new "Be RAD" behavioral expectations program (Be Respectful Attentive Dependable). Another element of connection built into the school is the ASB student government who are elected by their peers to serve in leadership roles and who provide recommendations for the school. Amongst these recommendations was including an off-site extended lunch time reward incentive program for 11th graders that was piloted this year based upon students passing all of their classes, having no tardiness, and being compliant with uniform and electronics expectations each week. In addition, students from all grade levels were awarded weekly free dress passes for following uniform, truancy, and electronics expectations throughout the year. An additional aspect of connection was a 6th grade anti-bullying and self-esteem workshop which was taught by 2 high school students twice per week based on student feedback in surveys during the Spring semester. Additionally, we have a peer mentorship program which offers middle school students a high school mentor to build their social-emotional support through connection with another student on campus. Our Discipline/Reflection Committee helps provide alternatives to suspension to students who have made certain infractions which provide reintegration plans that include recommended steps such as volunteer services, parent/student workshops, counseling services, reflection essay writing, after school program involvement and other interventions an alternative to suspension in accordance with Restorative Justice practices. These programs help students build connection with their community, their school, their families, and the ones they have wronged to help build their self-confidence and learn replacement behaviors. In additional, students and their families participate in mediations following verbal or physical altercations. Parents have open access to the administration during weekly Coffee with the Principal meetings where they are able to share their concerns and have their questions addressed on an ongoing basis to build connection with the School Beyond this, we have Parent College which takes place on weekends supporting parents with the necessary steps for their children to be able to attend universities and colleges, as well as hosting college visits with families. All of these programs are monitored by regular feedback meetings and through surveys which are given to show connection effectiveness. ~~Here you need to talk about that your data to show that these actions/services have been effective. For example; you can mention suspension rate, ADA rate, graduation rate, and survey average approval rates, etc. to demonstrate school connectedness.~~

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Pg 32

We only have minor differences between Budgeted and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Stakeholder Engagement

LCAP Year: **2019–20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote learning and provide a more positive learning experience for our students, MSA-2 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress, an SSD plan with planned improvement in student performance in reading and mathematics and in programs for English Learners, and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include 8 PTF meetings, 4 SSC meetings, 4 ELAC meetings, at least 6 parent activities/events including weekly Coffee with the Principal meetings on Friday's,

Pg 34

weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff has also made 100 home visits during this school year and sought feedback from the parents for school improvement.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

Improvements in designated/integrated English Learner services

Expanding after school, Saturday school, and summer school opportunities

Providing counseling and behavior support services to our students

Continue using Teachboost for teacher evaluations

Increasing college preparedness by offering a college planning, dual enrollment with local colleges, and career exploration program for students early on, continue using Navience to maintain the effectiveness of the "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses

Continue investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom

Expanding STEAM-based programs and activities

Improving school facilities and the lunch program

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019–20**

Estimated Supplemental and Concentration Grant Funds

$ 1,218,969

Percentage to Increase or Improve Services

33.12 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

    Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

    Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

    ELD and ELA teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25 minute session that focuses on reading and writing strategies, practice in speaking and listening, and academic vocabulary.

    During the day, Charter School will provide additional supports and interventions to all students, including ELs. Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday. Charter School

strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.

Charter Scholl will provide ongoing Parent Training for all our parents, including bilingual parents. SSC, ELAC, and PTF meetings, as well as Parent College, are some of the venues we will provide training to our parents. Charter School will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid. Parent training topics include, but are not limited to, how to assist students academically and behaviorly, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.

Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.

Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, Charter School uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level.

Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

> * For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

> For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

> Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

> Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."

- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".

- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

  For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may

be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Enter "New Action" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.

- Enter "Modified Action" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.

- Enter "Unchanged Action" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.

  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter "Unchanged Action" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

> Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496(a)(5).

Percentage to Increase or Improve Services

> Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

    A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;

    B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and

    C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

    A. The implementation of state board adopted academic content and performance standards for all students, which are:

        a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts

        b. Mathematics – CCSS for Mathematics

        c. English Language Development (ELD)

        d. Career Technical Education

        e. Health Education Content Standards

        f. History-Social Science

        g. Model School Library Standards

        h. Physical Education Model Content Standards

        i. Next Generation Science Standards

        j. Visual and Performing Arts

        k. World Language; and

    B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

    A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;

    B. How the school district will promote parental participation in programs for unduplicated pupils; and

    C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

    A. Statewide assessments;

    B. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;

    C. The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);

    D. The English learner reclassification rate;

    E. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and

    F. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

    A. School attendance rates;

    B. Chronic absenteeism rates;

    C. Middle school dropout rates;

    D. High school dropout rates; and

    E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

    A. Pupil suspension rates;

B. Pupil expulsion rates; and

C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;

B. Programs and services developed and provided to unduplicated pupils; and

C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

A. Working with the county child welfare agency to minimize changes in school placement

B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;

C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and

D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

A. Local priority goals; and

B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

(1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:

(A) enrolled less than 31 days

(B) enrolled at least 31 days but did not attend at least one day

(C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:

(i) are enrolled in a Non-Public School

(ii) receive instruction through a home or hospital instructional setting

(iii) are attending a community college full-time.

(2) The number of students who meet the enrollment requirements.

(3) Divide (1) by (2).

(b) "High school dropout rate" shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(c) "High school graduation rate" shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

(A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.

(B) The total number of students in the cohort.

(C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

(A) The number of students who either graduated as grade 11 students or who earned any of the following:

(i) a regular high school diploma

(ii) a High School Equivalency Certificate

(iii) an adult education diploma

(iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

(B) The number of students in the DASS graduation cohort.

(C) Divide (1) by (2).

(d) "Suspension rate" shall be calculated as follows:

    (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

    (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

    (3) Divide (1) by (2).

(e) "Expulsion rate" shall be calculated as follows:

    (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

    (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

    (3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?

2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?

3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?

4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?

5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?

6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?

3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?

4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?

5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?

6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA's goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy -3 (MSA-3) was founded in the fall of 2008 as a public charter school in Gardena. Two years later, MSA-3 moved to the current space collocating with Curtis Middle in Carson, California, under proposition 39. Currently MSA-3 is serving 491 students from grades 6 through 12 and celebrates its nearly 100% high school graduation rates. Almost 70% of MSA-3 students qualify for a free and reduced lunch program. MSA accepts students on a first come first serve basis.

Our students & parents come from a variety of locations:

63% are from the Carson, LA, Gardena area (LAUSD).

This year 13% are from compton versus last year which had 23% are from the Compton area; this shows that our efforts to service Carson and local residents is significantly high and has to be because of Prop 39.

24% are from Torrance, Inglewood, Hawthorne, Long Beach/Signal Hill, Lynwood, Harbor City, Bellflower, Paramount, Lakewood, Bell, Mar Vista, and Riverside.

MSA-3 revolves around its STEAM and college-readiness environment built into our mission and vision statement. The school provides a college preparatory educational program that emphasizes science, technology, engineering, art, athletics and math. In addition to core subjects, MSA-3 offers a vast range of elective courses, including: science explorers (engineering & science hybrid course), intro to astronomy, computer science, robotics, digital arts, music, choir, creative writing, athletic training and advanced math to name a few.

Each class integrates the use of chromebooks in the curriculum, through Google Classrooms as well as McGraw Hill online platforms such as Studysync. All curriculum is aligned to Common Core State Standards to ensure students are practicing skills in preparation for end-of-the-year Smarter Balanced Assessment Consortium (SBAC) exams. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students.

NGSS and the new CA Science Framework include Engineering as a Disciplinary Core Idea (DCI) in teaching science. For the past three years, MSA 3 science teachers have been using McGraw Hill Integrated Science (iScience) curriculum that encompasses engineering design and engineering principals in alliance with the national science framework. All students learn about engineering design, technology, and applications of science as part of their core classes.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College, School Site Council, ELAC, and Coffee with the Admin (meets weekly).

The need to continue our improvements in designated/integrated English Learner services and focusing our effort on the lowest performing sub-groups.

Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs

Providing counseling and positive behavior intervention support services to our students

Keeping effective teachers and improving teacher observation and evaluation systems

The Charter School has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups.

1.) This includes having survey satisfaction for over the last 2 years. MSA 3 has seen a increase of overall satisfaction for Students, Families, & Staff. The goal is to allow opportunities for stakeholders to communicate with admin face to face, resolve issues as quickly as possible, and ensuring clear expectations/protocols.

2.) Over 141 Home Visits to meet with parents and students to develop academic and behavior plans to decrease the achievement gap, provide support and mental health services.

3.) 100% Graduation Rates however we have to monitor the students who transfer out to ensure they do still attain their diploma.

4.) 2016-2017 Teacher retention was 50%, 2017-2019 our teacher retention rate is 84%. This also can be attested to our new Vice Principal who focuses on Professional Development and teacher satisfaction.

5.) MSA-3 (Carson) was ranked in the top 8% of high schools in the country and top 11% in California. In 2017-2018: MSA 3 earned the Silver Award for Best High Schools (ranked #209 in Charter High Schools Nationally, #218 in California High Schools, and #1200 in National Rankings).

6.) Innovate Public Schools, in partnership with USC, released _Top Los Angeles County Public Schools for Underserved Students 2019_. This report analyzed over 2,000 schools and found _only_ 300 that are actively working to close the achievement gap for low-income students of color. MSA-3 was recognized as part of that group for their work advancing student success and doing their part to close the achievement gap.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

College/Career Readiness:

Pg 2

· 100% Graduation for the class of 2018, 98% of seniors filled out FAFSA for college financial aid, 42 out of 48 seniors applied to college. MSA-3 has College readiness course for seniors to plan career, college and future plans.

· 50% of graduation class is attending to UC, CSU, Private, HBCU. Senior class has over 50 variety of college acceptances.

· 70% of our middle and high school were on honor roll, high honor roll. 25%-30% of our Seniors are graduating with a State Seal of Bi-literacy.

· MyOn reading report shows growth in Lexile reading level is near 698.

· SBAC: ELA 41% met or exceeded standards for English and 21% in Math.

· Using Common Core Standards and Curriculum, SSR to build reading skills and power Math and English classes to help with intervention

· MSA-3 has MAP Data-test: 55-60% of students showed growth in Math and English respectively.

· English learner coordinator on site to assist EL students. MSA-3 reclassified 4 students. 15% of our EL population.

Suspension & School Climate:

· California Dashboard-Our Suspension rate is low, green.

· Enrollment growth to over 500 students in large part thanks to academics and innovations such as Travel Program, CIF Athletics, and STEAM education opportunities.

· CIF & SRLA Induction in 2018-2019

· 2017-2018: 1st Place in Robotics Competition-Saturday's event at LEGOLAND, FLL CUP Robotics competition, went very well. There were 62 teams from southern California.

· MPS STEAM Expo: 1st place in Life Science & Biology, 1st place in Earth Science & Chemistry, 3rd place in Physical Science & Physics, 1st place in Engineering, 1st place in Technology & Robotics, our Lego robotics team earned 2nd place and our science students who can and two 6th grade female students took home first place in the physical science category. Also our students won third place in the Art contest.

· MTSS Grant $50,000 for 2018-2019

· 2 seniors won Non-Profit Fundraiser Project in Economics

· Teacher won Teacher of the Year for City of Carson two years in a row

· 4 students recognized at DTLA Film Festival

· 2 students honored by City of Carson for dedicated service

· 15 STEAM events and opportunities

· We have more social-emotional support through our ripple effects curriculum, full-time therapist and edge coach to help students learn executive function skills, anger management and impulse control. Now have three counselors instead of one.

Academic Intervention:

· Power Math and Power English are offered, Saturday School, Home visits are scheduled for lowest performing and mid-range students.

· Tutoring three days a week. We use interim block assessments and interim comprehensive exams to review where students are and have teacher reteach/review the concepts most students missed.

· Teachers use Khan Academy Moby Max Math for students to receive individualized instruction. English curriculum includes StudySync and Illuminate standards based practice exams.

· In Math, MobyMax and Aleks are used to help allow students to build content skills.

· Mentoring program for students who need more support in Math and English.

· Increase Saturday school SBAC, SAT, & make-up prep.

· MyOn to help students reading levels through dedicated SSR (Silent Sustained Reading). Students who are reading at grade level books and scoring above 70% on quizzes receives incentives.

· This keeps the motivation high among students to read more.

Pg 3

·   To create ownership, we had three goal setting sessions where students set goals for their classes, as well as for their SBAC Math/ELA tests.

·   To maintain our graduation rate, we are holding sessions for students to check on graduation requirements and plan for next year in terms of which electives/APs they will take.

·   In addition, students identify if they need credit recovery. Dean of Academics meet with those students for an individualized plan for graduation and follows up with them quarterly.

Partnerships & Field trips:

·   Microsoft Store Cerritos store field trips and on-campus coding workshops

·   Attendance to iUrban Teen Tech Summit annual event at CSU Dominguez Hills and future participation as a school

·   Apple Store Manhattan Village iMovie, iBooks, coding workshops

·   Attendance to Los Angeles African American Engineers and Professionals Association's annual Science and Technology Awareness Day and future participation as a school

·   Attendance to first ever annual Los Angeles Clippers Socal SciFest and future participation as a school

·   Mt. Wilson Observatory

·   NASA Jet Propulsion Lab

·   The Boring Company hyperloop

·   Urban Workshop makerspace

·   The Science Fair movie screening

·   Grammy Museum

·   LACMA Mobile Exhibit

·   Walt Disney Studios

·   Ronald Reagan Library

 Improvements for 2018-2019:

PBIS Program-Yonder is assisting with decreasing cell phone usage. More than half of our students had growth on Map, and overall more students are attending tutoring this year. Our supervision team was vigelint and assisted in improving safety on campus.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Suspension rate needs attention: We are in a PBIS Professional Development program for three years with LACOE. We recognize the needs our students have socio-emotionally, and have brought on not only more staff members with three additional supervision staff and two additional office staff, but intentionally hired a full-time school psychologist. Additionally, we also partnered with CSU Dominguez Hills to have two counseling interns complete their hours at our school. Restorative Practices have begun to be implemented with practices such as Restorative Meetings, Ripple Effects online socio-emotional learning curriculum, service oriented volunteering, and attendance to community events. We also have continued embedding life skills and socio-emotional learning as an elective offered through our partnership with Imagine Etiquette, offering our Middle School students valuable lessons in topics like executive functioning, cultural identity, and respect. Meanwhile, we have also piloted Mentoring programs for both our Middle and High School boys to figure out what type of personalized support can improve outcomes for our academically and behaviorally at-risk boys.

Orange in Academics: English SBAC is 42%, which is a 2% increase from prior year. 20% met or exceeded the Math standards.

Pg 4

English and Math SBAC prep, Interim assessments happen regularly and professional development data days are coordinated by the Vice Principal and Dean of Academics every 6 weeks to help our teachers focus on students who need the most support.

Based on survey results: Students have to improve in a lot of topics (Climate of Support for Academic Learning, Knowledge and Fairness of Discipline, Rules and Norms; Safety; Sense of Belonging (School Connectedness); Growth Mindset; Self-Efficacy; Social Awareness). One serious concern is safety from the staff perspective. It's still very low. We want students, staff and any guests to feel safe. There are too many fights on our campus; additional support is needed.

We are working on parent volunteers but we need trained professionals who can help get fighting down to zero. Each topic can be taught throughout one or two days of the school year. We can have our teachers focus on it in all classes and build a curriculum around these areas that everyone teachers. We will embed more restorative practices next year.

The goal is to have more learning communities with our teachers and staff to help streamline and follow up on these topics that need support and focus. Time has to be given to deans and principals to focus on increasing the rates for all of these topics.

Professional Development for Teachers: Pacing, Lesson Planning, Summative & Informative Assessment, Differentiating Instruction, Time Management, Cultural Relative Training, Aggressive Replacement Training, study skills for students, writing skills, RTI/MTSS, Special Education resources, and EL strategies in the classroom.

Parent Feedback:

-More focus on scholarships for high schools.

-College Readiness meetings during week and not just the weekend.

-8th Grade parents would like high school presentations to know their options for high school

-Would like virtual reality classes

-Would like a speak and debate team

-Would like summer meetings with high school students

Staff Feedback:

-Funds to increase support staff on campus for student/staff safety and consistent protocols to decrease negative behavior.

-PBIS discipline program needs improvement with additional funding and proper protocols from our district office.

-Improve clear discipline best practices org wide.

-All teachers held accountable to school rules and following safety protocols set.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

We have 50% Hispanic and 47% African Americans. African Americans are yellow for suspension rate, students with Disabilities is orange. Our behavioral data is inflated for African American students. Culture sensitivity and relevance training is needed for all staff. Students must be supported emotionally in order to impact their efforts academically. Need to increase the amount of African American students enrolled in AP courses. Our female students are outperforming their male counterparts in English and Math. Our Sped, and African American students have a performance gap in English and Math. 2018 we will have social worker interns to lead our restorative circles and support groups for students to learn conflict resolution. Students will read the Leader in Me and 7 Habits of Highly Effective teens for ssr and as a school we will review character traits required to decrease suspension rates. We have intervention classes, tutoring, Saturday school to support all groups who are performing the lowest.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Pg 5

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

N/A

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; students have a one to one ratio for chromebooks all classrooms, we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to

Pg 14

all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. the goal is to increase for the upcoming school year. ELA decreased by 3% and Math maintained at 22%. This year we reclassified 15% of our EL students and our academic indicators dropped one color. The objective is to provide more services and intervention to help lower performing subgroups and encourage higher performing students to participate in AP, Dual Enrollment, Honors and apply for the gifted program. Teachers utilize a school wide lesson plan template which ensures designated differentiation for our subgroups EL, SPED, African American, Latino, Socio Disadvantage, foster youth, and gifted/GATE.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

MSA 3 had a minor change in the amount spent on BTSA and Administrative Credential spending because a teacher resigned who was in the BTSA program. Next year we will have a higher spending about in this area since more of our teachers are interns, in the first year after their credential or want to get their admin credential. For instructional materials and textbooks we had more of an increase then expected because a couple versions of our textbooks were older than required and we wanted to update the content to meet the Common Core Standards. We also started having more elective courses and wanted to have textbook and materials to implement effectively. The plan is to increase textbooks and instructional materials in order to meet the enrollment demand and support to instructors. The janitorial services decreased minimally and that is due to the estimate that was given to us by prop 39 and then we adjust our spending based on their invoices; next year there will be an increase, it is yet to be determined. Professional development spending decreased with having an in-house instructional coach to mentor and assist teachers with curriculum and instructional support. There will be an increase next year for our EL coordinator based on experience and new pay scale. Material cost for EL will remain the same since we have less than 25 students and that has been consistent.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP. Our main goal is to get our instructors more support in the classroom and focus on intervention for our students who need additional support. We will utilize veteran teachers as mentors for specific teachers that need additional support and/or for teachers that are new to the school. Teachers will be provided time during PD meetings to collaborate about best practices, utilize data, and other resources to incorporate into their own planning and teaching pedagogy.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our INNOVATION goal. We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Our test scores are in par with other school districts, and we offer 5 AP courses this year, and over 53 students were enrolled in at least one class. We offer PSAT for 8th-12th grade. Magnolia Science Academy 3 is ranked #1200 in the National Rankings and earned a silver medal by U.S. News. Our Robotics team which helps students who scored Standard Nearly Met on the SBAC competed in San Diego Tournament and won first place. Our video production & Animation course for middle school was able to earn high ranking achievement and awards at the Latino Film Festival in Los Angeles. Here you need to talk about that your data to show that these actions/services have been effective. For example; you can mention your Advanced Math class/club participation or success, Computer class participation and passing rates, STEAM project completion, etc. Three of our teachers were recognized by The City of Carson, The NAACP, and the Leader In Me Conference. We have Advanced Math class/club participation and successful participation, Computer class participation and passing rates are high, and we developed an AP Computer Science course, as well as over 150 STEAM project completion.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We strategize to decrease teacher turnover and decided to add a Vice Principal to be an instructional coach and help support principal with operations of the school. Next year we plan to add in more intervention teachers to support our students academically. We are hiring teachers at a better rate so they will want to invest in the school and students. We ordered chrome books so now we have a 1 to 1 ratio.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. We have to focus more attention on ADA, we decreased slightly. We have sufficient stakeholder meetings; over 40 per year and we offer a variety of ways for students to stay connected but we have to improve our survey results. Offering electives, the students want, hearing more from parents on their priorities and ensuring teachers are doing home visits effectively and strategically.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Home visit increase over $10,000 to reach more students who need intervention. There was minimal increases. We had 185 home visits for the 2017-2018 school year. We plan to have the same goal.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Stakeholder Engagement

LCAP Year: **2019–20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote learning and provide a more positive learning experience for our students, MSA-1 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

MSA-3 experiences strong and consistent parent participation. All admin have an open door policy and actively seek to respond to parent concerns and resolve issues directly at the site level.

MSA-3 is proud to have strong parent advocacy. Parents have directly participated in events such as Prop 39 and LAUSD Board meetings to use their voice in support of school and student needs. Weekly Coffee with Admin meetings are the regular channel for in-person stakeholder updates and feedback, with formal stakeholder channels such as Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Board of Directors meetings, Principal meetings, and staff meetings being held regularly. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new LCAP.

In addition, the Charter School conducts regular surveys for parents, students, and staff to obtain critical feedback from stakeholders. These surveys are given regularly twice a year and contain in depth categories of questioning to yield input on important school elements such as instruction, safety, climate, and more. Staff also conduct home visits as a way of deepening engagement, understanding, and support for families and students. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress, an SSD plan with planned improvement in student performance in reading and mathematics and in programs for English Learners, and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

Pg 25

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include four PTF meetings, four SSC meetings, four ELAC meetings, at least five parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff has also made 141 home visits during this school year and sought feedback from the parents for school improvement.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

Improvements in designated/integrated English Learner services

Expanding after school, Saturday school, and summer school opportunities

Providing counseling and behavior support services to our students

Improving teacher observation and evaluation systems and keeping effective teachers

Increasing college preparedness by offering a college planning and career exploration program for students early on, strengthening existing "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses

Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom

Expanding STEAM-based programs and activities

Other input includes improving school facilities and the lunch program.

Unchanged Goal

Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, and 8

Local Priorities: N/A

Identified Need:

Priority 1:

    To ensure teachers are appropriately assigned and fully credentialed

    To ensure students have sufficient access to standards-aligned instructional materials

    To ensure school facilities are maintained in good repair

Priority 2:

    To ensure implementation of state board adopted academic content and performance standards for all students

Priority 4:

    To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments

    To ensure EL students make annual progress in learning English

    To ensure our students are college/career ready

Priority 8:

    To ensure student proficiency in all courses

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019–20**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$ 1,131,960	27.16%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.

ELD and ELA teachers will provide designated ELD to all EL students, with EL students who are Levels 1-3 participating in a full class period of targeted, protected ELD (differentiated by proficiency level), and Levels 4-5 receiving designated ELD in their ELA class, and, where possible, in an additional 25 minutes' session that focuses on reading and writing strategies, practice in speaking and listening, and academic vocabulary.

During the day, Charter School will provide additional supports and interventions to all students, including ELs. Charter School will provide additional supports and interventions to all students, including ELs, during after school hours and on Saturday. Charter School strives to refine targeted intervention and tutoring programs and plans to expand after school, Saturday school, and summer school opportunities.

Charter School will provide ongoing Parent Training for all our parents, including bilingual parents. SSC, ELAC, and PTF meetings, as well as Parent College, are some of the venues we will provide training to our parents. Charter School will provide targeted assistance to low income students and their families in career/college readiness activities and guidance, including how to get financial aid.

Pg 62

Parent training topics include, but are not limited to, how to assist students academically and behaviorally, how to navigate the educational system, including higher education, and other areas that will benefit all our students, including our unduplicated students.

Foster youth will receive educational counseling. Foster youth will receive academic supports and remediation and will be encouraged and supported to engage in extracurricular activities in order to mitigate the effects of school mobility on foster youth.

Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, Charter School uses home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with students performing below grade level.

Charter School staff will implement restorative practices and PBIS to build positive communities and increase school connectedness. Charter School will provide academic supports and remediation, Life Skills classes, counseling, and social-emotional support to our students. Our teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will ensure that staff participate in PD on restorative practices and PBIS. Our Dean of Students and Behavior Counselor/School Psychologist will monitor student behavior and social-emotional progress.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Pg 68

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under *EC* Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Pg 69

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

> * For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

> For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

> Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the **actual** actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

> Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

> - Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
> - Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
> - Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
> - Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. *EC* identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. *EC* requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, *EC* Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

Pg 70

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Pg 71

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Pg 72

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."

- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".

- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

Pg 73

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Enter "New Action" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.

- Enter "Modified Action" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.

- Enter "Unchanged Action" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.

  - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter "Unchanged Action" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by *EC* sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services **for** Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Pg 74

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to *California Code of Regulations*, Title 5 (5 *CCR*) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:
- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

Pg 75

State Priorities

Priority 1: Basic Services addresses the degree to which:
  A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
  B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and
  C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:
  A. The implementation of state board adopted academic content and performance standards for all students, which are:
    a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
    b. Mathematics – CCSS for Mathematics
    c. English Language Development (ELD)
    d. Career Technical Education
    e. Health Education Content Standards
    f. History-Social Science
    g. Model School Library Standards
    h. Physical Education Model Content Standards
    i. Next Generation Science Standards
    j. Visual and Performing Arts
    k. World Language; and
  B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:
  A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;
  B. How the school district will promote parental participation in programs for unduplicated pupils; and
  C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:
  A. Statewide assessments;
  B. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;
  C. The percentage of English learner pupils who make progress toward English proficiency as measured by the English Language Proficiency Assessments for California (ELPAC);
  D. The English learner reclassification rate;
  E. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and
  F. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:
  A. School attendance rates;
  B. Chronic absenteeism rates;
  C. Middle school dropout rates;
  D. High school dropout rates; and
  E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:

Pg 76

A. Pupil suspension rates;
B. Pupil expulsion rates; and
C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:

A. A broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
B. Programs and services developed and provided to unduplicated pupils; and
C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:

A. Working with the county child welfare agency to minimize changes in school placement
B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:

A. Local priority goals; and
B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

(1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:

(A) enrolled less than 31 days

(B) enrolled at least 31 days but did not attend at least one day

(C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:

(i) are enrolled in a Non-Public School

(ii) receive instruction through a home or hospital instructional setting

(iii) are attending a community college full-time.

(2) The number of students who meet the enrollment requirements.

(3) Divide (1) by (2).

(b) "High school dropout rate" shall be calculated as follows:

(1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(c) "High school graduation rate" shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

(A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.

(B) The total number of students in the cohort.

(C) Divide (1) by (2).

(2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:

(A) The number of students who either graduated as grade 11 students or who earned any of the following:

(i) a regular high school diploma

(ii) a High School Equivalency Certificate

(iii) an adult education diploma

(iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.

(B) The number of students in the DASS graduation cohort.

Pg 78

(C) Divide (1) by (2).

(d) "Suspension rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(e) "Expulsion rate" shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to *EC* Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?
6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

Pg 80

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA's goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

2019-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Magnolia Science Academy 4, is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2008, MSA-4's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-4 currently serves 166 students in grades 6-12. Our students come from Valencia to the north, Lomita to the south, Venice to the west and Fontana to the east. Our population consists of a variety of students, some of which have a language other than English spoken at home. A high concentration of our families experiences economic challenges. MSA-4 's diverse enrollment is comprised of 79.52% Hispanic/Latino, 16.27% African American/Black, 3.61% white and 0.6%, 74.7% Socioeconomically Disadvantaged, 22.89% Special Education, and 8.43% English Learner population.

MPS strives to graduate students who come from historically under-served neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-4 is supplemented by tutoring, after-school programs, and school-to-university links.

Pg 294.05

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

🖘 The need to continue our improvements in designated/integrated English Learner services

🖘 Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs

🖘 Providing counseling and positive behavior intervention support services to our students by employing the following:

    PBIS – Positive Behavior Intervention and Supports

    MTSS – Multi-Tiered Systems of Supports

    Imagine Etiquette – Mentoring and leadership program

🖘 Keeping effective teachers and improving teacher observation and evaluation systems

The Charter School has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups. This includes the consistent and targeted use of IAB (interim assessment blocks) and Map (Measures of Academic Progress) data to inform and drive our day-to-day instruction. MSA 4 spends quality time analyzing our data. We then spend time collaborating and planning around how to best support our students in our efforts to close the performance gap.

Pg 394.05

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

MSA 4 celebrates our successes around our graduation, reclassification rates and college acceptance rates.

Our graduation rate continues to be strong. We have maintained a rate of 90% or above for the last 3 years and are on track to maintain that rate for the upcoming year. This is an area of considerable pride for us in that we often enroll students with credit deficiencies and/or other challenges and manage to support them as they make strides toward academic and social success. We seek out opportunities for them to complete coursework in an expeditious manner by way of Odysseyware. This is an online platform that allow students to work at an accelerated rate to complete credit recovery courses. Our students know that we will support them in the manner that they need.

MSA 4 celebrates the fact that we have actively created a college going culture.
As a result our college acceptance rate has been fairly strong over the last 4 years. Please see the following chart regarding our college acceptance rates:

	Class of 2015	Class of 2016	Class of 2017	Class of 2018	Class of 2019
4 year	76%	35%	67%	52%	62.5%
2 year	10%	55%	33%	48%	19%
Did not apply/other	16%	5% (Voc. Ed) 5%	0%	0%	12.5% (Undecided) 3% (Military) 3% (Voc. Ed.)

MSA 4 remains committed to ensuring that our students are supported and presented with the various programs available to them as a post-secondary option.

MSA 4 also offers our students SAT preparation and community service opportunities to bolster each student's application. We have come to know that while a great GPA used to be the "magic ticket" to gain acceptance to the college of choice, that is no longer the case. Students now need something to set them apart from the next student with a equally great GPA.

MSA 4's students placed 2nd and 3rd places in high school science and art at this year's MPS STEAM Expo. Our teachers and students worked very hard to present quality projects. We are actively working to integrate all facets of STEAM to enhance our students' learning.

MSA 4 also realized a slight increase of 2% in survey results in the area of overall satisfaction with our parent body. This is rather important in that they are our primary clientele.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

This year MSA 4 continues to focus on our overall student data; however, more of an emphasis on math as that is the area where our students continue to struggle. Our performance band went from yellow to the red band on the California Dashboard. MSA 4's overall proficiency rate was 8%. Our focus is working to move the 92% toward proficiency.

MSA 4 will continue using IAB (Interim Assessment Block) data to track student progress and plan for more targeted instruction and interventions.

MSA 4 experienced a decline in the area of overall satisfaction for our student and staff. This year there have been an increase in challenging behaviors. MSA 4 continues to employ PBIS (Positive behavior Interventions and Supports) and MTSS (Multi-Tiered Systems of Support) with our students. We will also continue with PD for all staff in these areas.

Pg 594.05

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

MSA 4 realizes that there is a continued need to reduce the number of students who are not meeting or exceeding standards in ELA and Math. A persistent school-wide goal is to reduce the percentage of students who are not attaining proficiency by 9% over the next 3 years.

In an effort to support our students in these areas, students assigned to Power English, Power Math, after-school tutoring and Saturday school. The expectation is that students are provided targeted interventions. Each student's progress is monitored, and students may transfer into another elective once they have made adequate gains toward proficiency.

MSA 4 has completed SWOT (strength, weaknesses, opportunities and threats) analyses. This practice was adopted during the 16-17 school year. All staff looks at student data and determine what might be preventing student gains in achievement and what might encourage students to perform at his/her optimum level. This is applied to all areas – academic, social-emotional, attendance, motivation and external contributors. This forces us as a school community to look at the whole child.

Sometimes we partner with outside entities to provide our students with additional resources. It may be counseling services, leadership, mentoring and enrichment.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our EXCELLENCE goal. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Pg 1994.05

The actions/services have been effective as measured by progress towards our annual measurable outcomes.

Last school year our students experience an increase in the AP passing rates for world history. Our world history rate increased from 14% to 33%. Our AP Spanish rate continues to be strong at 80%.

As a result of our 2017 CAASPP math data, we revamped how Power Math was implemented this school year. We added more interventionists to support or students. Students are provided targeted small-group instruction according to each one's academic need. We have seen increases in our IAB and ICA data and expected to see an increase in our upcoming math data.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We have implemented all of the actions/services described above to achieve our CONNECTION goal. We have held quarterly SSC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. Despite an increase in challenging behaviors, we have been able to stay committed to the practices associated with PBIS. We continue to have a rate of 0% suspension/expulsions. Our parents' survey approval rate increased by 2%. Our graduation rate remains strong at 100% for the 3rd year. We are a small school with big school concerns, but we continue to send students to college at a rate above 90% annually.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

We have a minimal difference in material cost.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Pg 3194.05

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. Per our survey results, we have a full-time college counselor for the 18-19 school year to help with the college planning and applications for our students. There was an addition of a Dean of students to help assist with rebuilding our school culture. Our school's survey results suffered due to a decline in our stakeholders feeling unsafe and concern regarding and increase of challenging behaviors.

Stakeholder Engagement

LCAP Year: **2019–20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

In order to promote learning and provide a more positive learning experience for our students, MSA-4 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. These committees provide representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee provides valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress, an SSD plan with planned improvement in student performance in reading and mathematics and in programs for English Learners, and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include 8 PTF meetings, 7 SSC meetings, at least five parent activities/events including weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement.

Pg 3394.05

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

📖 Improvements in designated/integrated English Learner services

📖 Expanding after school, Saturday school, and summer school opportunities

📖 Providing counseling and behavior support services to our students

📖 Improving teacher observation and evaluation systems and keeping effective teachers

📖 Increasing college preparedness by offering a college planning and career exploration program for students early on, strengthening existing "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses

📖 Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom

📖 Expanding STEAM-based programs and activities

📖 Other input includes improving school facilities and the lunch program.

Goal 1

EXCELLENCE: All students will pursue academic excellence and be college/career ready.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 4, and 8

Local Priorities: N/A

Identified Need:

Priority 1:

- To ensure teachers are appropriately assigned and fully credentialed
- To ensure students have sufficient access to standards-aligned instructional materials
- To ensure school facilities are maintained in good repair

Priority 2:

- To ensure implementation of state board adopted academic content and performance standards for all students

Priority 4:

Pg 3594.05

- 📖 To ensure students meet or exceed standard on CASSPP-ELA/Literacy and Mathematics assessments
- 📖 To ensure EL students make annual progress in learning English
- 📖 To ensure our students are college/career ready

Priority 8:

- 📖 To ensure student proficiency in all courses

Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.	See description for 2017-18	See description for 2017-18

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019–20**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$382,586	26.32 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

✍ Charter School will continue to provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan.

✍ Charter School teachers will provide instruction using integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework.
