According to the 2017-2018 independent audit report, the school had positive net assets of $1,603,898 and net income of $344,977. The 2018-2019 Second Interim projects positive net assets of $1,620,159 and net income of $16,261.

According to MSA 6's independent audit report dated June 30, 2018, MSA 6 is one of 10 schools operated by MERF. MERF and its charter schools reported positive net assets of $26,910,962 and net income of $5,432,552. MERF, without its charter schools, reported positive net assets of $793,961 and net income of $1,560,739. According to MERF, during 2017-2018, MSA 6 paid management fees of $82,190 to MERF for administrative services such as: finance and accounting, human resources and employee relations, Home Office management, information technology, operational compliance support, growth and facilities management, parent and community engagement, and programmatic compliance. These management fees were calculated based on a variable rate driven by the Average Daily Attendance (ADA) for each of the MERF charter schools.

Annual Performance-Based Oversight Visit Report

SCHOOL NAME: **Magnolia Science Academy 6**

DATE OF VISIT: **4/2/2019**

2. **Status of March 2015 Settlement Agreement:**
On or about March 20, 2015, LAUSD and MERF entered into a Settlement Agreement, whereby the parties agreed to resolve a lawsuit filed by MERF when LAUSD rescinded the conditional renewals of Magnolia Science Academy 6, 7, and 8. The terms and conditions set forth in Paragraph 8 of the Settlement Agreement stated: "MERF agrees to be subject to fiscal oversight during fiscal year 2015-2016 by the Fiscal Crisis & Management Assistance Team (FCMAT), or a reasonably equivalent fiscal organization, which would oversee MERF's fiscal operations."

On September 7, 2017, MERF provided the final management letter from FCMAT (and the first management letter from School Services of California [SSCal], which was contracted by MERF in May 2017 to continue the fiscal oversight initiated by FCMAT). On August 2, 2018, the CSD received SSCal's final management letter dated July 27, 2018. On August 20, 2018, MERF submitted its response and action plan to the CSD derived from SSCal's recommendations to MERF articulated in its final management letter.

Based on the CSD's observations from its oversight visits and its review of a sample of check disbursements and credit card transactions, the CSD noted the progress made by MERF towards fulfilling the fiscal oversight requirements outlined in Paragraph 8 of the March 2015 Settlement Agreement (i.e., since the 2016-2017 oversight visit). Based on the CSD's 2018-2019 oversight review, the CSD noted that, effective July 1, 2018, MERF contracted with a new back office services provider firm, Delta Managed Solutions (DMS). In addition, the CSD was advised that MERF had integrated the Escape School Ability ("SchoolAbility") financial software, which incorporates its purchasing and accounting processes into a single database. The CSD was further advised that SchoolAbility's purchasing, payables, budget, and financial reporting modules/functions are compliant and compatible with the Standardized Account Code Structure (SACS) financial report format. According to MERF, the DMS staff and SchoolAbility consultants have provided MERF and school users (i.e., the MERF Home Office staff, school Principals, Office Managers, and other school staff and teachers) with initial training on the implementation of SchoolAbility. This training involved a combination of onsite visits and full-day training sessions at both the MERF Home Office and individual school locations. MERF declared that SchoolAbility enables the generation of real-time reports for items including budget status, purchase requests, encumbrances, payments processed, and other pertinent accounting records. Moreover, the CSD was advised that the implementation of SchoolAbility was a component of MERF's action plan to address some of the issues outlined in SSCal's recommendations to MERF. The CSD will continue to monitor MERF's progress in addressing the remaining issues cited and implementing the recommendations from SSCal's July 27, 2018 final management letter.

Areas Noted for Further Growth and/or Improvement:

Other Observations (Items described in this section, while not addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices). **Itemized Receipts for Credit Card Purchases:** Based on the CSD's review of the school's credit card statements for the period spanning from June 2018 through December 2018, a sample of 17 transactions were selected for further review. The CSD noted that one of these items lacked an itemized receipt (which was purchased with the school credit card ending in 91003, in the amount of $66.00, dated 10/27/2018 and payable to Dominos Pizza). However, MERF provided documentation which referenced the proper approval and supported this transaction. The CSD noted that MERF's Fiscal Policies and Procedures (FPP's) were silent regarding itemized receipts as part of its required documentation for credit card purchases. The CSD recommends that MERF update its FPP's, to include the mandatory submission of itemized receipts to support all purchases. The Charter Schools Division will review the recommended updates to the school's fiscal policies by the next oversight visit. The results may be factored into the school's rating for next year.	
Corrective Action Required: None noted that require immediate action to remedy concerns noted in this report.

Annual Performance-Based Oversight Visit Report

SCHOOL NAME: **Magnolia Science Academy 7**

DATE OF VISIT: **4/3/2019**

CHARTER RENEWAL CRITERIA
In accordance with Education Code §§ 47605 and 47607, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements. Pursuant to the requirements of SB 1290, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).
REPORT GUIDE
In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school's governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school's ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law, as well as the California State Board of Education's criteria for evaluating charter schools and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories: *Governance* – demonstrating fulfillment of the governing board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education *Student Achievement and Educational Performance* – demonstrating academic achievement and growth for all students *Organizational Management, Programs, and Operations* – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school *Fiscal Operations* – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2017-2018*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit. The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across the entire portfolio of LAUSD schools.

Areas Noted for Further Growth and/or Improvement

None

Corrective Action Required

None noted that require immediate action to remedy concerns indicated in this report.

Notes: MPS leadership shared some updates in its policies, procedures, and systems that are in place and will be implemented to ensure that all schools are compliant with AB1432. Some of the updates include the following:
- Upon MERF Human Resources annual review of the MERF employee handbook with its legal counsel, updates will be made as necessary and will be presented to the MERF Board for approval.
- MERF HR will review and explain the compliance checklist, which includes AB 1432 training, with the school principals to implement the mandatory trainings to school staff.
- MERF works with Safe Schools trainings under CharterSafe to assign individual training sessions for many required trainings including the ones required by AB1432. While the legal requirement is for staff to complete within six (6) weeks after the first day of school or employment (whichever is first), MERF internally strongly encourages employee to complete the trainings within four (4) weeks after the first day of school or employment (whichever is first).
- MERF HR and the school sites work together to make sure all trainings are completed in a timely manner.

Summary of School Performance	3

Areas of Demonstrated Strength and/or Progress

A1: The majority of subgroups demonstrated growth in CAASPP ELA performance from 2016/2017 to 2017/2018
- Per CDE, MSA 7 has 5 numerically significant subgroups (English Learners, Latino, Socioeconomically Disadvantaged, Students with Disabilities, and White). 3 out of 5 numerically significant subgroups demonstrated growth in ELA (English Learners, Students with Disabilities, and White students).

A3: The schoolwide percentage of students who Met and Exceeded Standards in $3^{rd} – 8^{th}$, 11th Grade on the SBAC in ELA is at a rate higher than the Resident Schools Median
- Per CDE, the school's ELA rate was at 50.33%, compared to the Resident Schools Median at 33.07%.

A4: The schoolwide percentage of students who Met and Exceeded Standards in $3^{rd} – 8^{th}$, 11th Grade on the SBAC in Math is at a rate higher than the Resident Schools Median
- Per CDE, the school's Math rate was at 33.33%, compared to the Resident Schools Median at 25.87%.

A5: The school reclassifies English Learners at a rate higher than the Resident Schools Median
- Per CDE, the school's reclassification rate was 27.0%, compared to the Resident Schools Median of 19.1%

Areas Noted for Further Growth and/or Improvement

A2: Some subgroups demonstrated growth in CAASPP Math performance from 2016/2017 to 2017/2018
- Per CDE, MSA 7 has 5 numerically significant subgroups (English Learners, Latino, Socioeconomically Disadvantaged, Students with Disabilities, and White). 1 out of 5 numerically significant subgroups demonstrated growth in Math (White students). In Math, English Learners declined by 6.49%; Latino students declined by 10.77%; Socioeconomically Disadvantaged students declined by 12.67; and Students with Disabilities declined by 0.76%
  - Per school leadership, in an effort to increase academic achievement in math, MSA 7 will "continue with the XtraMath program to continue building math fact fluency, as well as after school tutoring based upon benchmark data. Rather than continuing an out-of-classroom math intervention program, we plan on focusing on building a strong guided math group program that aligns across grade levels."

A6: The school's percentage of "At Risk" English Learners is at a rate higher than the Resident Schools Median
- Per CDE, 15.2% of English Learners are "At Risk," compared to the Resident Schools Median of 9.6%

A9: The school has demonstrated developing levels of student achievement and progress as measured by school's internal assessments and other school data that are regularly monitored and analyzed and that reflect limited growth in student achievement in ELA and Math for some subgroups and grade-levels.
- Per school leadership, TK-1 grade students use curriculum based benchmark assessments to measure student growth in ELA and Math. The assessments are given regularly to track progress. Some of the assessments include Wonder of Reading and Fluency assessments and My Math chapter and benchmark assessments.

LAUSD CHARTER SCHOOLS DIVISION

- Per school leadership, while TK-1 show strengths in ELA and Math (e.g. upper and lower letter identification, identification of numbers, efficiency in reading grade level high frequency words, understanding place value, 3-digit addition with and without regrouping, et.) Students with Disabilities and English Learners need additional support in both ELA and Math.

- The NWEA MAP assessment for students in grade 2 revealed the following:
    o During the administration of the Fall assessment in Reading, 32% of 2nd grade students scored at High, 11% of 2nd grade students scored at Medium, and 58% of 2nd grade students scored at Low. The Spring assessment revealed that 28% of 2nd grade students scored at High, 7% of 2nd grade students scored at Medium, and 64% of 2nd grade students scored at Low. This increase in the Low, was due to increasing text complexity between the fall and spring.

    o During the administration of the Fall assessment in Math, 25% of 2nd grade students scored at High, 21% of 2nd grade students scored at Medium, and 53% of 2nd grade students scored at Low. The Spring assessment revealed that 15% of 2nd grade students scored at High, 25% of 2nd grade students scored at Medium, and 61% of 2nd grade students scored at Low. This increase in the Low, was due to increasing mathematical computation complexity between the fall and spring.

    o Subgroups (Students with Disabilities, English Learners, and Socioeconomically Disadvantaged) showed limited growth in both ELA and Math from the Fall assessment to the Spring assessment.

Areas of Demonstrated Strength and/or Progress

O3: The school continues to fully implement grade-level-appropriate standards-based instruction in accordance with the California academic content standards, including the CA CCSS as evidenced by MSA 7's Curriculum Inventory of textbooks/print resources (e.g. Wonders, grade-level novels, Inspire Science, My Math, etc.) and their use of web-based programs like Readworks, AR reading program, Xtra Math, Kahn Academy, and Brain-Pop.

O4: The school continues to implement and monitor the components of the charter's instructional program designed to meet the learning needs of all students, including its subgroups, and generally modifies instruction based on data analysis.
- Per school leadership, in an effort to increase academic achievement, the following is being implemented:
  - English Learners receive 30 minutes of ELD Designated instruction in a protected block of time during the school day. The primary curriculum used during this designated time is *Wonders*, which is used in conjunction with supplemental programs such as Duolingo.
  - An instructional aide was hired to assist the EL Teacher/Coordinator in providing more academic support to English Learners.
  - ELD focused tutoring after school with ELD teachers
  - There are two paraeducators to support students with disabilities, as well as two Behavior Intervention Implementation (BII).
  - Counseling services for newcomers
  - Multi-Tiered System of Supports (MTSS) for students, with clear supports for those in Tiers 1, 2, or 3.

MSA 7's fiscal condition is positive and has been upward trending since the 2014-2015 fiscal year. According to the 2017-2018 independent audit report, the school had positive net assets of $1,498,196 and net income of $485,866. The 2018-2019 Second Interim projects positive net assets of $1,220,432 and a net loss of ($277,764).

According to MSA 7's independent audit report dated June 30, 2018, MSA 7 is one of 10 schools operated by MERF. MERF currently has four schools that are authorized by the Los Angeles Unified School District (LAUSD). MERF's fiscal condition is strong. MERF and its charter schools reported positive net assets of $26,910,962 and net income of $5,432,552. MERF, without its charter schools, reported positive net assets of $793,961 and net income of $1,560,739. According to MERF, during 2017-2018, MSA 7 paid management fees of $547,935 to MERF for administrative services such as: finance and accounting, human resources and employee relations, Home Office management, information technology, operational compliance support, growth and facilities management, parent and community engagement, and programmatic compliance. These management fees were calculated based on a variable rate driven by the Average Daily Attendance (ADA) for each of the MERF charter schools.

DATE OF VISIT: **4/3/2019**

2. Status of March 2015 Settlement Agreement:

On or about March 20, 2015, LAUSD and MERF entered into a Settlement Agreement, whereby the parties agreed to resolve a lawsuit filed by MERF when LAUSD rescinded the conditional renewals of Magnolia Science Academy 6, 7, and 8. The terms and conditions set forth in Paragraph 8 of the Settlement Agreement stated: "MERF agrees to be subject to fiscal oversight during fiscal year 2015-2016 by the Fiscal Crisis & Management Assistance Team (FCMAT), or a reasonably equivalent fiscal organization, which would oversee MERF's fiscal operations."

On September 7, 2017, MERF provided the final management letter from FCMAT (and the first management letter from School Services of California [SSCal], which was contracted by MERF in May 2017 to continue the fiscal oversight initiated by FCMAT). On August 2, 2018, the CSD received SSCal's final management letter dated July 27, 2018. On August 20, 2018, MERF submitted its response and action plan to the CSD derived from SSCal's recommendations to MERF articulated in its final management letter.

Based on the CSD's observations from its oversight visits and its review of a sample of check disbursements and credit card transactions, the CSD noted the progress made by MERF towards fulfilling the fiscal oversight requirements outlined in Paragraph 8 of the March 2015 Settlement Agreement (i.e., since the 2016-2017 oversight visit). Based on the CSD's 2018-2019 oversight review, the CSD noted that, effective July 1, 2018, MERF contracted with a new back office services provider firm, Delta Managed Solutions (DMS). In addition, the CSD was advised that MERF had integrated the Escape School Ability ("SchoolAbility") financial software, which incorporates its purchasing and accounting processes into a single database. The CSD was further advised that SchoolAbility's purchasing, payables, budget, and financial reporting modules/functions are compliant and compatible with the Standardized Account Code Structure (SACS) financial report format. According to MERF, the DMS staff and SchoolAbility consultants have provided MERF and school users (i.e., the MERF Home Office staff, school Principals, Office Managers, and other school staff and teachers) with initial training on the implementation of SchoolAbility. This training involved a combination of onsite visits and full-day training sessions at both the MERF Home Office and individual school locations. MERF declared that SchoolAbility enables the generation of real-time reports for items including budget status, purchase requests, encumbrances, payments processed, and other pertinent accounting records. Moreover, the CSD was advised that the implementation of SchoolAbility was a component of MERF's action plan to address some of the issues outlined in SSCal's recommendations to MERF. The CSD will continue to monitor MERF's progress in addressing the remaining issues cited and implementing the recommendations from SSCal's July 27, 2018 final management letter.

Areas Noted for Further Growth and/or Improvement:

No significant items noted.

LAUSD CHARTER SCHOOLS DIVISION

Annual Performance-Based Oversight Visit Report

SCHOOL NAME: **Magnolia Science Academy 7**

DATE OF VISIT: **4/3/2019**

Other Observations (Items described in this section, while not addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices).
Itemized Receipts for Credit Card Purchases: Based on the CSD's review of the school's credit card statements for the period spanning from June 2018 through December 2018, a sample of 17 transactions were selected for further review. The CSD noted that one of these items lacked an itemized receipt (which was purchased with the school credit card ending in 91003, in the amount of $66.00, dated 10/27/2018 and payable to Dominos Pizza). However, MERF provided documentation which referenced the proper approval and supported this transaction. The CSD noted that MERF's Fiscal Policies and Procedures (FPP's) were silent regarding itemized receipts as part of its required documentation for credit card purchases. The CSD recommends that MERF update its FPP's, to include the mandatory submission of itemized receipts to support all purchases.
The Charter Schools Division will review the recommended updates to the school's fiscal policies by the next oversight visit. The results may be factored into the school's rating for next year.
Corrective Action Required:
None noted that require immediate action to remedy concerns noted in this report.

CHARTER RENEWAL CRITERIA

In accordance with Education Code §§ 47605 and 47607, in order to renew a charter, the District must determine whether the charter school has met the statutory requirements. Pursuant to the requirements of SB 1290, the District "shall consider increases in pupil academic achievement for all groups of pupils served by the charter school as the most important factor in determining whether to grant a charter renewal." Ed. Code § 47607(a)(3)(A).

REPORT GUIDE

In conducting oversight as a charter school authorizer, the District places an emphasis on performance and compliance with applicable law, policy, and the approved charter, as well as on the lead fiduciary role of a charter school's governing board in the overall success of the school for students. Information gathered through oversight serves as part of the school's ongoing record of performance and provides important data for the CSD, LAUSD Superintendent, and ultimately the LAUSD Board of Education in making informed decisions about charter school authorization. In designing this document, the District has considered California charter school law, as well as the California State Board of Education's criteria for evaluating charter schools and the National Association of Charter School Authorizers' *Principles and Standards of Quality Authorizing*. This reporting tool provides guidelines and criteria used by the CSD to observe, record, assess, and reflect with the charter school on school performance as captured during the annual oversight visit process in these four categories:

Governance – demonstrating fulfillment of the governing board's fiduciary responsibility to effectively direct and provide oversight for the charter public school, including but not limited to enactment and monitoring of policies and procedures to ensure the school's full compliance with applicable law, policy, and the terms of the charter approved by the LAUSD Board of Education
Student Achievement and Educational Performance – demonstrating academic achievement and growth for all students
Organizational Management, Programs, and Operations – demonstrating effective leadership and implementation of the governing board's policies and procedures, as well as the school's educational program and systems and procedures for the day-to-day operations of the school
Fiscal Operations – demonstrating sound fiscal management, appropriate use of public funds, and compliance with regulatory requirements

This report, including the ratings in each category, is based on information and evidence gathered at the time of the annual oversight visit. The CSD considers evidence provided through CSD staff observations, document review, interviews, and discussion with school representatives and stakeholders. All charter schools are expected to prepare for the visit and have available, as applicable, all documentation requested in the *Annual Performance Based Oversight Visit Preparation Guide 2017-2018*. The "Sources of Evidence" sections below identify key information sources generally relevant to their respective indicators; these lists are not exhaustive, however, and some items may not be applicable to the grades served. Schools may present additional evidence as deemed relevant and appropriate. As needed, CSD staff also may request additional information and/or documentation prior to, during, and/or following the visit.

The tool employs the following four-point rubric to rate the school's performance in each category: *(4) Accomplished, (3) Proficient, (2) Developing, and (1) Unsatisfactory*. In addition, the *Summary of School Performance* section in each category captures key findings under one or more of the following headings: (1) Areas of Demonstrated Strength and/or Progress (Note: potential "promising practices" are identified within this section with an asterisk [*]); (2) Areas Noted for Further Growth and/or Improvement; and, if applicable, (3) Corrective Action Required. Under "Corrective Action Required," the CSD reports findings of material noncompliance with applicable law, LAUSD charter policy, or the school's approved charter. If the report includes any findings under "Corrective Action Required," the charter school must take immediate and appropriate steps to remedy the identified concern. In accordance with its "tiered intervention" approach to charter school non-compliance and poor performance, the CSD may also send the school appropriate notices, separate and apart from this report, to provide and document time-specific follow-up as necessary. At the other end of the spectrum of performance, any school that earns a rating of *Accomplished* in any category is encouraged to submit to the CSD a summary of those "promising practices" that the school believes have contributed to its success, in order to support the CSD's ongoing efforts to promote and facilitate reciprocal sharing of promising practices among education leaders from across the entire portfolio of LAUSD schools.

Notes:

MSA Bell's leadership has identified that reading comprehension as the largest area of need for English Learners. Additionally, many of the students classified as English Learners, are also identified as students with disabilities. In an effort to increase academic achievement for English Learners, the school has done the following: hired an ELD Coordinator this school year. The ELD Coordinator, with support and assistance from the MPS ELD Coordinator, provides ongoing professional development (e.g. ELD Standards, ELD in Math, ELD in Humanities and Science, Designated and Integrated ELD, etc.) and coaching to teaching staff. Additionally, the ELD coordinator works closely with teachers to implement the MPS EL Master plan, which includes implementation of SDAIE and CHATS framework.

As it relates to math, the MPS Math Coach conducts trainings and professional development for teaching staff, especially in the area of mathematics and incorporation of English language development strategies. Per MSA Bell leadership, "Demo Class" lessons are conducted to close the mathematical achievement gap and provide math teacher an opportunity to see practices in action. Other resources for training include Google Classroom with resources on instructional strategies, data analysis, webinars, and podcasts.

Summary of School Performance	3

Areas of Demonstrated Strength and/or Progress

O2: The school continues to have a highly developed system in place to ensure protection of student and staff health and safety, and compliance with applicable legal and charter requirements related to health and safety for Certificates of Occupancy, immunization, health screenings and emergency epi-pens.

- As evidenced in Binder #3, the school has documentation of health screenings and epi-pen trainings to staff (3 staff members are volunteers)

O3: The school has substantially implemented grade-level-appropriate standards-based instruction in accordance with the California academic content standards, including the CA CCSS

- As evidenced by classroom observations, there was evidence of the students' use and knowledge of the Summit platform. O5: The school has substantially implemented the key features of the educational program described in the charter

- Per school leadership, the school added a new course this year: STEAM Lab. The STEAM Lab is an elective class and is offered to 6th grade students and certain 7th and 8th grade students. Students learn to navigate technology on the Apple platform though the use of iMacs. Additionally, students use Wonder Media (for language literacy), CS First (students practice computational thinking), and visual arts and design is also a strong emphasis in this course.

O10: The school has a highly developed communication system to share information with stakeholders, that is easily accessible via its documents available both manually, electronically and on its website.

- The school's website includes all legally required information, as well as applicable categories described in the Charter School Transparency Resolution by the LAUSD Board of Education

O11: The school has a well-developed system in place for the evaluation of school staff designed to ensure that the school's educational program yields high student achievement and complies with all applicable legal requirements

- As evidenced in Binder #3, the school has a staff evaluation that includes multiple measures with a 4 point rubric

Notes:

Related to indicator **O4 (Meeting The Needs of All Students; Subgroup Data Analysis)**: while the school has implemented and monitors the components of the charter's instructional program designed to meet the learning needs of all students, including its subgroups, and generally modifies instruction based on data analysis, school leadership has made some changes in an effort to increase academic achievement. Some of the changes include the following:

- Beginning with the 2018-2019 school year, a multi-tiered systems of support (MTSS) Coordinator has been established for each grade level in order to address the social-emotional developmental and academic needs of middle school students and close the achievement gap
- An ELD Coordinator was hired in an effort to increase academic achievement for English Learners
- An additional administrator, Dean of Academics, was added at the beginning of the second semester. This administrator will collaborate with the MTSS Coordinator and Dean of Students in creating quality instructional strategies for ELs and SWD, as well as assist with the establishment of foundations for MTSS and RTI.

FISCAL OPERATIONS	RATING
You have been assessed by the Fiscal Oversight team and you are receiving the rating of 4, Accomplished.	4
Other circumstances and information could influence the rating and are noted in this evaluation.	

MSA Bell's fiscal condition is positive and the school has been upward trending since the 2014-2015 fiscal year. According to the 2017-2018 independent audit report, the school had positive net assets of $4,083,717 and net income of $717,318. The 2018-2019 First Interim projects positive net assets of $4,515,866 and net income of $432,149.

According to MSA Bell's independent audit report dated June 30, 2018, MSA Bell is one of 10 schools operated by MERF. MERF and its charter schools reported positive net assets of $26,910,962 and net income of $5,432,552. MERF, without its charter schools, reported positive net assets of $793,961 and net income of $1,560,739. According to MERF, during 2017-2018, MSA Bell paid management fees of $1,095,870 to MERF for administrative services such as: finance and accounting, human resources and employee relations, Home Office management, information technology, operational compliance support, growth and facilities management, parent and community engagement, and programmatic compliance. These management fees were calculated based on a variable rate driven by the Average Daily Attendance (ADA) for each of the MERF charter schools.

Annual Performance-Based Oversight Visit Report

SCHOOL NAME: **Magnolia Science Academy BELL (PSC)**

DATE OF VISIT: **2/6/2019**

---

2. <u>March 2015 Settlement Agreement Status</u>:
On or about March 20, 2015, LAUSD and MERF entered into a Settlement Agreement, whereby the parties agreed to resolve a lawsuit filed by MERF when LAUSD rescinded the conditional renewals of Magnolia Science Academy 6, 7, and 8. The terms and conditions set forth in Paragraph 8 of the Settlement Agreement stated: "MERF agrees to be subject to fiscal oversight during fiscal year 2015-2016 by the Fiscal Crisis & Management Assistance Team (FCMAT), or a reasonably equivalent fiscal organization, which would oversee MERF's fiscal operations."

On September 7, 2017, MERF provided the final management letter from FCMAT (and the first management letter from School Services of California [SSCal], which was contracted by MERF in May 2017 to continue the fiscal oversight initiated by FCMAT). On August 2, 2018, the CSD received SSCal's final management letter dated July 27, 2018. On August 20, 2018, MERF submitted its response and action plan to the CSD derived from SSCal's recommendations to MERF articulated in its final management letter.

Based on the CSD's observations from its oversight visits and its review of a sample of check disbursements and credit card transactions, the CSD noted the progress made by MERF towards fulfilling the fiscal oversight requirements outlined in Paragraph 8 of the March 2015 Settlement Agreement (i.e., since the 2016-2017 oversight visit). Based on the CSD's 2018-2019 oversight review, the CSD noted that, effective July 1, 2018, MERF contracted with a new back office services provider firm, Delta Managed Solutions (DMS). Also, the CSD was advised that MERF had implemented Escape School Ability ("SchoolAbility"), a financial software package designed to incorporate purchasing and accounting processes into a single database. The CSD was also advised that SchoolAbility possesses purchasing, payables, budget, and financial reporting modules/functions that are compliant and compatible with the Standardized Account Code Structure (SACS) financial report. According to MERF, the DMS staff and SchoolAbility consultants have provided MERF and school users (i.e., the MERF Home Office staff, school Principals, Office Managers, and other school staff and teachers) with initial training on the implementation of SchoolAbility. This training involved a combination of onsite visits and all-day training sessions at both the MERF Home Office as well as individual school locations. MERF declared that SchoolAbility enables the generation of real-time reports for items including budget status, purchase requests, encumbrances, payments processed, and other pertinent accounting records. Moreover, the CSD was advised that the implementation of SchoolAbility was a component of MERF's action plan to address some of the issues outlined in SSCal's recommendations to MERF. The CSD will continue to monitor MERF's progress in addressing the few remaining issues cited and implementing the recommendations from SSCal's July 27, 2018 final management letter.

Areas Noted for Further Growth and/or Improvement:

No significant items noted.

DATE OF VISIT: **2/6/2019**

Other Observations (Items described in this section, while not addressed in the charter school's Fiscal Policies and Procedures, are recommended for improvement to align with optimal business practices). 1. **Itemized Receipts for Credit Card Purchases:** Based on the CSD's review of the school's credit card statements for the period spanning from June 2018 through December 2018, a sample of 17 transactions were selected for further review. The CSD noted that one of these items lacked an itemized receipt (which was purchased with the school credit card ending in 91003, in the amount of $66.00, dated 10/27/2018 and payable to Dominos Pizza). However, MERF provided documentation which referenced the proper approval and supported this transaction. The CSD noted that MERF's Fiscal Policies and Procedures (FPP's) were silent regarding itemized receipts as part of its required documentation for credit card purchases. The CSD recommends that MERF update its FPP's, to include the mandatory submission of itemized receipts to support all purchases. The Charter Schools Division will review the recommended updates to the school's fiscal policies by the next oversight visit. The results may be factored into the school's rating for next year.
Corrective Action Required: None noted that require immediate action to remedy concerns noted in this report.

Areas noted for further growth and/or improvement:			
1) Bank Reconciliation Reports	All bank reconciliations are reviewed and approved via email by Designees/Financial Analysts on a monthly basis. In order to adopt a recommendation by School Services of California ("SSCal '"), as of January 2017 MERF Financial Analysts approve, sign and date all bank reconciliation statements before scanning and emailing the same to MERF's back office provider. The new back office provider Delta Managed Services ("DMS") has been notified of the MERF policy about the bank reconciliation timeline (20th of the following month).	Bank Reconciliations starting July 1, 2018 are prepared by DMS, the new back office service providers. CFO or designee reviews and signs all bank reconciliations before returning to DMS and filing for records.	Our back-office service provider, DMS, prepares all bank reconciliation statement on a monthly basis in accordance with our board approved fiscal policies and procedures manual. CFO or designee still reviews and signs all bank reconciliations before returning to DMS and filing for records.
2) Credit Cards	As of April 2018, all credit cards issued to former employees have been closed. All school site credit cards are held at the home office and are in the name of the CEO. Every month, MERF Financial Analysts review all credit card statements and charges. Balances of all active credit cards are paid in full unless there are disputed transactions.	The credit card processes approved by board of directors in the July 2018 meeting is still being followed consistently every month. All credit cards are paid in full every month. Statements are reviewed and coded correctly by senior financial analysts.	The credit card processes approved by board of directors in the July 2018 meeting is still being followed consistently every month. All credit cards are paid in full every month. Statements are reviewed and coded correctly by senior financial analysts.
3) Automated Clearing House (ACH)/Recurring Automatic Payments	MERF's Magnolia Public Schools Financial Policies and Procedures Manual, provided to LAUSD on March 1, 2018, covers all payments types regardless of the manner of issuance. However, for the avoidance of doubt and to institute CSD 's recommendations, MERF will revise its policy to make it clear that the policy applies to ACH transactions and recurring payment processes. Such revision will presented to the MERF Board of Directors for adoption at its September 13, 2018 board meeting.	All ACH transactions are in compliance with the board approved MERF Fiscal Policies.	All ACH transactions are in compliance with the board approved MPS Fiscal Policies and Procedures Manual. All ACH payments are preapproved and reconciled with the bank statements.
Other Observations:			
1) MERF needs to improve the timeliness of its responses to the CSD	MERF responds as soon as possible to all CSD information requests. Staff adhered to the deadlines the great majority of the time and kept CSD staff informed whenever information could not be provided according to the stated deadline. Prospectively, MERF Staff will inform CSD when requested information cannot be provided by the stated deadline and the reason for such delay. In such instances, MERF staff will provide CSD with its best approximation of when the information will be provided. In all instances, MERF will use its best reasonable efforts to provide the information as quickly as possible.	Staff has been very conscientious in ensuring that responses to emails and requests from CSD staff are provided within 48 hours, if possible.	Staff ensures that responses to emails and requests from CSD staff are provided within 48 hours, if possible.
2) The CSC) recommends that MERF update its fiscal policies and procedures to require original detailed receipts for all purchases made via check disbursements or credit cards.	MERF's fiscal policies already require that detailed receipts are required for all purchases made via check disbursements or credit cards. Finance Department staff has commenced and will continue to make regular visits to all school sites to train and review fiscal processes with school staff. On an ongoing basis, MERF Finance Department staff will attend and offer trainings to principals during their monthly meetings at MERF's home office.	Finance team ensures that all reimbursement requests and purchases are supported by detailed receipts and all documentations required based on our fiscal policies.	Fiscal policy and procedure manual have been revised and approved by the Board of Directors to include mandatory submission of itemized receipts in all payments and disbursements as recommended by LAUSD CSD staff.
3) The CSD recommends that MERF present and discuss the CSD's Annual Performance-Based Oversight Reports with its governing board.	MERF staff presented CSD 's Oversight report to its Board of Directors during the May 2018 meeting. It was again discussed in more detail at the July 2018 Board of Directors meeting. The approved board minutes for the July 2018 Board of Di rectors meeting were submitted to LAUSD on August 14, 2018. Current Recommendations			
1) Consider consolidating to one financial system.	MERF previously agreed to Implement a more integrated system structure and a PO system that interfaces with the accounting system in order to create improved overall processes and internal controls. In order to meet this commitment, as of July 1, 2018 MERF transitioned to new back office service provider Delta Managed Solutions, Inc. ("DMS"). DMS uses a financial software package called Escape/SchoolAbility ("SchoolAbility) that incorporates purchasing and accounting processes into one database. SchoolAbility covers purchasing, payables, budget, financial reporting that is SACS compliant and compatible. Significantly, SchoolAbility allows for the generation of real-time reports for budget status, purchase requests, encumbrances, payments processed and other pertinent accounting records. MERF's previous software (CoolSIS and NetSuite) and back office provider did not have the capability to generate real-time reports. MERF will amend its fiscal policy and procedures manual at its October 2018 Board of Directors meeting to reflect the change in financial software. MERF continues to use Paycom software for human resource and payroll functions. Payroll registers are uploaded to SchoolAbility on a semimonthty basis. MERF has reduced the number of software systems it uses from three to two. MERF believes that this change is consistent with the recommendation to streamline services and increase accessibility to information.	The selection of DMS was approved by MERF's Board of Directors. This recommendation has been implemented insofar as establishing a more integrated system and lessening the number of software packages used. As of July 1, 2018, MERF uses two instead of three software packages. MERF will continue to work towards consolidating Into one financial software package. Schoolability is currently the financial software being utilized for requisition, purchasing, reimbursements, accounts payable, accounts receivable, general ledger and financial reporting. Paycom is the software being used to maintain personnel records, payroll information and generates pay checks.	The implementation of Schoolability, a more integrated financial software has decreased the number of software packages used compared to FY 2016-17 and FY 2017-18. The purchasing module and GL modules are now centralized in one software package (Schoolability) MERF will continue to work towards consolidating Into one financial software package. As of to date, Schoolability is the financial software being utilized for requisition, purchasing, reimbursements, accounts payable, accounts receivable, general ledger and financial reporting. Paycom is the software being used to maintain personnel records, payroll information and generates pay checks.
2) Consider developing a more streamlined and standardized process for accounts payable.	As mentioned, MERF has hired a new service provider, DMS. DMS uses SchoolAbility which Incorporates all financial processes (including but not limited to purchasing, A/P, bank reconciliation, and state and federal reporting) into one database. MERF's Finance Department has centralized its accounts payable processing to have all invoices go to MERF's head office in order to provide more visibility of MERF's different vendors, their terms and conditions and to more closely monitor aging of payables. In addition, all approval processes are integrated into the SchoolAbility software (including home office executive team and school site principals' routing and approval, as required per MERF fiscal policy handbook) thereby creating an appropriate audit trail. The approval process is enhanced because Finance Department staff review all purchase requisitions, payment requests and employee reimbursements.	The selection of DMS and the use of SchoolAbility was approved by MERF ¹s Board of Directors. The new financial system is more streamlined and standardized in processing purchase requests, payables, reimbursements and budgets.	The selection of DMS and the use of SchoolAbility streamlined and standardized the processing of all purchase requests, payables, reimbursements and budgets monitoring on a real time basis.

3) Consider reviewing cash receipts for timely deposits.	MERF Finance Department staff will continue to support school staff in making timely cash and check deposits. Finance Department staff will continue to make regular visits to all school sites to train and review fiscal processes with school staff. For example, from July 30, 2018 to August 2, 2018, Finance Department staff attended and participated In beginning of school year professional development training for office managers and principals, On an ongoing basis, MERF Finance Department staff will attend and offer trainings to principals during their monthly meetings at home office. MERF Finance Department staff will continue to monitor the timeliness of cash and check deposits. Where noncompliance is found, MERF Finance Department staff will work with the noncompliant school or staff to address and remedy any issues that contribute to noncompliance.	Continues trainings and communication with site staff is ongoing. CFO meets with all principals every month during the principals' meeting to address current issues and provide additional training. In addition, Senior Financial Analyst conducts site visits at least once a month to all school sites.	Continued trainings and communication with site staff are ongoing. CFO meets with all principals every month during the principals' meeting to address current issues and provide additional training. In addition, Senior Financial Analyst conducts site visits at least once a month to all school sites.
4) Consider reviewing cash deposits for appropriate coding.	Effective July 1, 2018 all transactions will be in compliance with SACS coding. Unlike its previous software, SchoolAbility is SACS compliant. MERF Finance Department staff will review all coding and GL postings before submission of interim reports and unaudited actual thereby insuring that all transactions are codified to the correct account.	Schoolability is a SACS compliant financial software. All transactions are coded based on CDE's SACS. Each entry is reviewed and approved by MPS Senior Financial Analyst and CFO before posting. We, the LAUSD Charter Schools Division, look forward to continuing to work with you throughout the term of the charter. As your assigned administrator from our office, I will continue to keep in close contact with you in order to perform our state-mandated oversight duties. If this assignment should change, we will notify you of the change and provide contact information for your new administrator.

1. The school will demonstrate at least one performance level growth per academic year, as reported on the California School Dashboard, for numerically significant subgroups in ELA as measured by the CAASPP (SBAC) Assessment at a rate equal to or greater than the Resident and Similar Schools Median, with the goal of achieving and maintaining the "Green" performance level or higher.

2. The school will demonstrate at least one performance level growth per academic year, as reported on the California School Dashboard, for numerically significant subgroups in Math as measured by the CAASPP (SBAC) Assessment at a rate equal to or greater than the Resident and Similar Schools Median, with the goal of achieving and maintaining the "Green" performance level or higher.

FISCAL BENCHMARK

1. The school shall provide the Charter Schools Division (CSD) the complete, executed service contract signed between Magnolia Educational & Research Foundation (MERF) and School Services of California's (SSCal), as approved by MERF's governing board on May 20, 2017, no later than November 30, 2017. This contract shall reflect SSCal's scope of work for the six-month period spanning from January 2017 through June 2017.

2. MERF shall continue to apprise the CSD of SSCal's findings and recommendations pertaining to its reviews of Magnolia schools' May and June 2017 transactions. MERF will provide the CSD with SSCal's review status in writing on a monthly basis, beginning December 1, 2017, until SSCal completes its six-month reviews.

3. MERF will provide the CSD with SSCal's management letters and MERF's action items in response to SSCal's findings, if any, within 30 days from the date of the management letter issued by SSCal. SSCal's final management letter, along with MERF's response and action items, shall be provided to the Charter Schools Division no later than December 1, 2018.

4. Upon the CSD's review of SSCal's first six (6) months of oversight when completed, the District will determine if it is necessary to extend SSCal's oversight period, pursuant to the February 8, 2017 letter issued by LAUSD legal counsel to MERF, which states, "MERF must remain subject to fiscal oversight by FCMAT or an equivalent entity for six (6) consecutive months in 2017, to commence as soon as possible, with an option, at the District's request and sole discretion, to extend the oversight depending on the results of the first six (6) months of oversight." MERF may *not* terminate or cease SSCal's work without the CSD's or District's prior consent in writing.

5. MERF will continue to take steps to remediate its fiscal practices and demonstrate improvement in its fiscal management and operations, based on the recommendations made by the Fiscal Crisis & Management Assistance Team and SSCal, through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023.

6. MERF must provide an annual update to the Charter Schools Division starting by December 15 of each year through the end of the term of MSA 4's charter or by the end of fiscal year 2022-2023, as to its progress in improving the school's fiscal management and operations as mentioned in the fiscal benchmark 5 above.

Marketing Campaign Strategies

In partnership with Digital First Media/Southern California News Group and Staples Print and Marketing have developed a multi-faceted enrollment marketing campaign. They include:

Southern California News Group

End of Year Push - To continue an effective use of the budget, we created a campaign using only the best platforms based on past performance. We grouped schools together based on enrollment priorities:

Priority 1 Schools (MSAS 1, 4, 6, Santa Ana, and San Diego):

MSA-1 (*Enrollment goal of 30 students)

- LA Daily News – Focus on Education: Print and Digital components published by LA Daily News education sections.
- Email Marketing (e-blast): Targeted emails to parents leveraging demos, income, and interests. Parents were able to submit an enrollment request through the eblast link or the Facebook "Learn More" button, which was logged and routed to the appropriate MSA website "Why MPS?" page.
- Social Media: Targeted Facebook/Instagram ads leveraging demos, income, & interests.

MSA-6 (*Enrollment goal of 160 students)

- Direct Mail Post Cards: Targeted post cards leveraging demos & income
- Social Media: Targeted Facebook/Instagram ads leveraging demos, income, and interests

MSA-Santa Ana (*Enrollment goal of 80 students)

- Excelsior Newspaper Publication: Print & Digital components targeting the Spanish Affluent community of South Orange County
- Direct Mail Post Cards - Targeted post cards leveraging demos & income

MSA- San Diego (*Enrollment goal 91 kids)

Search Engine Marketing (SEM): Google Search Ads leveraging key words driven from search inquires being made by parents

Email Marketing (e-blast): Targeted emails to parents leveraging demos, income, and interests. Parents were able to submit an enrollment request through the eblast link or the Facebook "Learn More" button, which was logged and routed to the appropriate MSA website "Why MPS?" page.

Priority 2 Schools (MSAS 2, 3, 5, 7, AND 8)

Method: E-blast, Direct Mail-Post Cards, SEM, Facebook, and targeted display banners. These schools received a combined 50,000 count eblast targeting a radius geography from each school, with no duplication and specific demographics. There was also a companion Facebook campaign. The process mirrored Priority 1 schools.

MPS Referral Program

As part of our ongoing recruitment and enrollment strategy program here at Magnolia Public Schools, we launched a new Magnolia Referral Program. MSAs were shipped 5-15 ten-piece gift sets depending on enrollment needs.

The following are instructions given to MSA Office Managers:

1. **Print posters** and display where parents have a clear view *(ex. main office entrance, drop off location, parent centers, etc.)*. Note: 11" x 17" posters have been distributed

to all MSA principals in attendance during today's monthly meeting at the MPS home office.

2. Send weekly **ParentSquare messages** announcing the new referral program. Ensure you mention the launch date of May 22, 2019, prior referrals in SchoolMint will not be honored.
3. Promote in every **Friday Flash newsletter**.
4. To receive full credit for the referral, please guide families to add the person who referred them in the **SchoolMint section titled "Referred by: (Provide Person's Full name).**" PACE Coordinators and Office Managers will be guided on how to retrieve this information.

BACKGROUND

Marketing Terms:

- **Search Engine Marketing** (**SEM**) is a form of Internet marketing that involves the promotion of websites by increasing their visibility in search engine results pages (SERPs) primarily through paid advertising. SEM may incorporate search engine optimization (SEO), which adjusts or rewrites website content and site architecture to achieve a higher ranking in search engine results pages to enhance pay per click (PPC) listings.

- **Facebook ads** are targeted to users based on their location, demographic, and profile information. Many of these options are only available on Facebook. After creating an ad, you set a budget and bid for each click or thousand impressions that your ad will receive. Users then see your ads in the sidebar onFacebook.com.

- **Email marketing (e-blast)** is a form of direct marketing that uses electronic mail as a means of communicating commercial or fundraising messages to an audience. In its broadest sense, every email sent to a potential or current customer could be considered email marketing.

- **Direct Mail Postcards** puts our unique MPS message in the hands of our customer – families with children TK-12 grades. Whether our Magnolia parent and community engagement or PACE Coordinators are handing them out in the neighborhoods we serve or launching direct mail postcards campaigns to reach families fast and with impact.

PROPOSED BOARD MOTION

This is an information item, no action is required.

INTRODUCTION

In 2018-2019, Larson Communications (LC) focused on successfully navigating a leadership change and developing a refreshed proactive communications strategy that reflected new CEO Alfredo Rubalcava's priorities.

We concentrated efforts on building on the steady cadence of positive stories generated by Magnolia and raising the schools' profiles among the public, education reform leaders and philanthropists. The themes of our proactive communications strategy emphasized Magnolia as a high-quality network of schools that prepares students for college and careers, offers a STEAM-oriented program and meets the academic and emotional needs of all students.

In the summer of 2018, LC created a comprehensive strategic plan for the 2018-2019 school year by holding a series of strategic planning meetings with the Magnolia team. We updated messaging and planning documents, developed a plan for Rubalcava's thought leadership platform and provided high-level strategic recommendations for social media.

From that meeting, we decided to introduce Rubalcava to stakeholders as Magnolia's new CEO with a letter capturing his vision and mission for the organization as the new leader, a welcome message for the website and a CEO narrative—which has continued to guide how we share Rubalcava's story. We reached out to local reporters to announce Rubalcava's new role and then placed an op-ed on his behalf in The 74. This op-ed helped continue to establish Rubalcava and Magnolia as leaders in supporting students affected by trauma— an issue that LC will continue to promote when the work on the ground becomes more rooted.

In June, LC helped guide Magnolia staff as they worked with a KPCC reporter on an arts feature highlighting Magnolia's commitment to all STEAM subjects. LC also placed a story with the LA Daily News which showcased MSA-1's major facilities update, and shared the larger context of how these improvements will positively impact the overall community and serve as a vital part of the "Sherman Way" revitalization. Later, LC provided support for a CBS story on the Maker Faire.

Continuing on the message that Magnolia is an expert in providing holistic care for all students, LC placed two stories on Telemundo 52 around the Positive Behavior Intervention System. One of the segments landed on Telemundo's Pizarron 52, a special segment focused on education. These Spanish-language segments reaches a distinctly important audience for Magnolia—current and prospective parents, education leaders and philanthropists.

In order to emphasize Magnolia's commitment to creating a solid foundation to lead many Magnolia graduates to STEM careers, LC partnered with Magnolia to plan a STEM-focused event where students participated in a pop-up robotics competition before a screening of the documentary, "Science Fair." LC conducted extensive media outreach and received an overwhelming amount of positive feedback from reporters who voiced interest in covering similar, future events. An ABC cameraman came to record the students, but due to breaking news, the station was unable to run the segment. Nonetheless, this was a strong

opportunity to generate additional awareness about MPS and their commitment to a STEAM-focused education, which generated a lot of activity on social media.

In addition to proactive storytelling, LC played an essential role as a thought partner for Magnolia renewal hearings for MSA-6, MSA-7 and MSA-Santa Ana by providing strategic counsel and drafting specific messaging. We developed talking points and offered training to parent, teacher and student speakers ahead of all of the hearings, including the ACCS Renewal Hearing and the California State Board of Education (CSBE) renewal hearings. LC carefully analyzed the staff recommendations to create strategic testimonies to present to the boards, which highlighted and mirrored the board's reasoning while showing the strong community support for the school. These efforts, in coordination with the Magnolia team and spanning many months, thankfully led to a successful outcome with all three schools' charter being renewed.

LC also garnered interest from Howard Blume, Los Angeles Times education reporter, in including Magnolia in two stories, one of which would highlight a student who requires additional time on the SATs. Our team provided on-site support when Blume visited the school. This story, which will likely be published in June 2019, is aimed at showing Magnolia's robust services for students with special needs. The Los Angeles Times' story will be critical to keeping Magnolia in the spotlight as a high-quality school network, as this outlet reaches the city's decision-makers, education leaders and broader population throughout the state.

LC also supported Magnolia by providing strategic counsel, preparing for media requests and drafting key communications.

The work included:
- The LC **team participated in two strategic planning sessions** with Rubalcava, as the new CEO, and the Magnolia communications team, which included updating the organizational and communications objectives, target audiences

and potential vulnerabilities, while we identified our upcoming proactive communications campaign for the next school year.

- The LC team **partnered with the Magnolia team to begin planning for a large-scale event** around the movie, "Science Fair." LC provided insights from a strategic media perspective.

Next Steps

Looking forward in the next few months, LC's primary focus will be to begin to prepare for the two renewals happening this fall before LAUSD. We'll incorporate our strategic recommendations into our 2019-2020 proactive communications plan, which will develop with Magnolia leadership this summer. We'll be working closely with MSA-SA principal Varol Gurler to tell the story of MSA-SA students who have overcome homelessness to graduate and go on to college. Furthermore, we'll be reaching out to regional Tv stations to promote Magnolia's different graduation ceremonies, highlighting the students' success and college-going culture to encourage coverage.

As mentioned, over the summer, Magnolia plans to work with the leadership team to update the strategic plan and build out a list of proactive communications ideas to execute

for the next school year. In addition, LC will be doing a refresh of Magnolia's messaging to ensure it is accurate, compelling and dynamic.

RE:	April 2019 Financial Reports

Discussion item- no action required
- Back office service provider presents monthly financial reports for all school sites, MERF and a consolidated MPS report.
- Highlights of the activities recorded for the month are presented and included in the financial packet provided to all board members and also made available online

Financial Highlights:

1. There are a number of line item budgets that are trending below the budgeted levels, and unless there are large lump-sum charges between now and year-end closing, we will end significantly ahead of current 2018-19 budget projection

2. The line items for Object codes in 5000 (Professional Services, Professional Development, Consulting Services, Legal, and Prop 39 Projects) are running substantially under budget as of April, 2019, but these items include $1.6M of Prop 39 projects which we are anticipating carried over into next year or returned to the state if not encumbered by June 30, 2019, as well as between $500k-$1M of restricted funds such as Special Education that will likely be deferred until 2019-20, removing the expenditure variance for those items.

3. Because of the multiple variables in this budget area, it is too soon at this point to estimate exactly how far ahead of budget we will end up once all these steps have been taken, but we do project a final savings of at least $500k in Services & Operations vs. the Second Interim Budget, and potentially higher depending on what Prop 39 projects and restricted revenues are deferred until 2019-20.

4. We will keep the Board apprised of new developments as we move through the end of the 2018-19 fiscal year and final year-end closing of the books.

Ad Hoc Committee Agenda Item #:	III.A.—Action Item
Date:	June 3, 2019
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Ad Hoc Committee (the "**Committee**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead:	Patrick Ontiveros, General Counsel & Director of Facilities
RE:	MSA-1 Change Order Requests 6 and 7

I.   Proposed Recommendation(s)

Staff recommends and moves that the Ad Hoc Committee approve change orders 6 and 7 presented by Oltmans Construction Co. ("**Oltmans**") for the new construction project for the benefit of MSA-1 at 18220 Sherman Way (the "**Project**").

II.   Background

At the April 11, 2019 Meeting of the Board of Directors of MPS (the "**Board**"), the Board granted to the Ad Hoc Committee the authority to approve change order requests submitted for the Project. Oltmans was selected as the general contractor for the construction of the Project. Oltmans has submitted change orders 6 and 7 for approval. The total for change orders 6 and 7 is ~~**$125,668.94**~~ **$120,923.94**.

III.   Change Order No. 6

Change order no. 6 consists of change order requests (referred to as "**PCIs**" by Oltmans) 24, 25, and 26. Change order requests ("**COR**s") 24, 25, and 26 cover weather remediation work undertaken by Oltmans in response to the rains experienced in Los Angeles from November 2018 through and including February 2019. The work was self-performed by a division of Oltmans, "Oltmans Wall". Summary information from the CORs is set forth below for ease of reference and review. Each COR provides a detailed listing of the number of workers and of the number of hours worked by the crews performing the work. Staff has reviewed the CORs and found them to be fair and reasonable and accurate descriptions of the work performed based on Staff observations and communications from Oltmans. A copy of Change Order 6 is attached as Exhibit A. *These change orders are appropriate under the Oltmans contract as they were exclusions in the scope of work. Because the basis of the Oltmans's contract is a cost plus with a guaranteed maximum price, whether an allowance had been carried for weather mitigation measures or billed at the end*

---

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

*of the mitigation activity, like here, the result would have been the same. The total cost of change order number 6 is **$87,059**.*

A.   COR/PCI 24

Dates of work: 11/27/18, 11/28/18, 11/29/18, 11/30/18, 12/5/18, 12/6/18, 12/7/18, 12/8/18 and 12/10/18 [9 days]

Amount: The total amount of COR is **$26,943** inclusive for labor and materials.

Scope of work: includes prepping the site and building for rain, installing plastic protection; rain observation and clean-up and removal of plastic upon the cessation of rain.

B.   COR/PCI 25

Dates of work: 1/5/19, 1/6/19, 1/7/19, 1/8/19, 1/14/19, 1/21/19 [6 days]

Amount: The total amount of COR is **$33,125** inclusive for labor and materials.

Scope of work: includes installation of protection at south property line with neighbor, including build temp protection, build handrail, install sandbag and berm and cover; sweep and pump water off jobsite to avoid water damage

C.   COR/PCI 26

Dates of work: 1/31/19, 2/1/19, 2/4/19, 2/5/19, 2/6/19, 2/11/19, 2/13/19, 2/14/19, 2/15/19, 2/18/19 [10 days]

Amount: The total amount of COR is **$26,991** inclusive for labor and materials.

Scope of work: monitoring rain, checking that everything in the building is protected, pumping water from the parking lot and by neighbor fences as requested by MPS and sweep water off of building.

IV.   Change Order No. 7

Change order no. 7 consists of CORs/PCIs 28, 29, 31, 32, ~~33, and~~ 34 **and 35 and the total cost is $33,864.94**. Each COR/PCI is explained below. Change order no. 7 with all associated CORs/PCIs is attached as Exhibit B.

A.   PCI 28

This COR was deductive in the amount of **$20,288.06**. MPS accepted the change order request which changed the drywall finish from a level 5 to a level 4. In a few locations a level 5 finish was retained.

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

B.   PCI 29

This COR is additive in the amount of **4,910** and substitutes Fibermesh for standard wire mesh on the roof deck. A credit for the substation in the amount of $6,995 was received. The Fibermesh product is a superior product to simple wire mesh. In order to provide a sound roof deck this project was recommended for among other reasons its superior durability and impact, shatter and abrasion resistance.

C.   PCI 31

This COR is additive in the amount of **$5,907**. In order to provide power to the parking lot to the rear of the new building LADWP requires that MPS install a new power pole. This is an LADWP requirement in order to provide power to the parking lot.

D.   PCI 32

This COR is additive in the amount of **$30,001** and tracks the changes issued in Bulletins 4 and 5 and additional RFIs 50, 52, 78, and 147. *A "bulletin" in architectural terms is used to issue changes AFTER bid proposals are submitted by the bidding contractors, and probably AFTER the contract is signed between the owner and the successful bidder. Revisions issued via a Bulletin may have cost impact.* In this case, the changes are associated with the roof redesign although there are three that are not related to the roof, namely: substituting wall mounted lights for lights on poles, a fire extinguisher model number change and a credit for doors and frames. As a reminder, the roof and outdoor deck were redesigned to provide greater resistance from water infiltration. The Board previously approved a water proof coating. See attached Exhibit C. The purpose of the changes in bulletins 4 and 5 are to provide a more robust system to prevent water infiltration and meet the requirements to preserve the warranty for the roof.

E.   PCI 34

This COR is additive in the amount of **$11,340**. This change order adds an emergency gas shut-off valve in chemistry lab room 201. The shut off valve is required by the City Inspector.

F.   PCI 35

This COR is additive in the amount of ~~$1,840~~ **$1,995.** This change order arises because a drain pipe shaft was eliminated in bio lab room 202. As a consequence the millwork needs to be extended. See attached Exhibit D.

V.   Budget Impacts

The total cost of Change Orders 6 and 7 is ~~$125,668.94~~ **$120,923.94** which will be paid from the contingency carried for the Project. The present contingency budget balance is approximately ~~$381,731~~ **$381,886**. Therefore, these change orders collectively would reduce the contingency to approximately ~~$294,673~~ **$260,962**. The current Project Budget is as follows:

Ad Hoc Committee Agenda Item #:	III B- Action Item
Date:	June 3, 2019

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead:	Patrick Ontiveros, General Counsel & Director of Facilities
RE:	MSA-1 Furniture Fixtures & Equipment Procurement

I.   Proposed Recommendation(s)

Staff recommends that the Ad Hoc Committee approve Hertz Furniture ("**Hertz**") as the vendor to provide furniture fixtures and equipment ("**FF&E**") for the new building being constructed at 18220 Sherman Way for the benefit of MSA-1 (the "**Project**") and award a contract for the purchase of the FF&E to Hertz.

II.   Background

A.   Authority

At the April 11, 2019 Meeting of the Board of Directors of MPS (the "**Board**"), the Board granted to the Ad Hoc Committee the authority to approve the purchase of FF&E for the Project.

B.   Procurement

MPS Staff published an RFP for the FF&E procurement on April 24, 2019 including posting it on the MPS and MSA-1 websites and forwarding the RFP to four (4) specific vendors. Addenda #s 1, 2 and 3 were subsequently published and provided to vendors. The RFP and the addenda are attached as Exhibit A. Four (4) bids were received by the deadline.

C.   Review of Bids

A selection committee consisting of MPS staff reviewed the bids in detail to confirm responsiveness and to confirm that no information was missing. Clarifications were sought from the vendors. Upon a careful review of the bids, the selection committee recommend that the bid from Hertz Furniture be accepted and Hertz be award the contract for the provision of the FF&E.

---

250 E. 1ˢᵗ Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

D. Contract

MPS Staff is in the process of developing a contract to be used for the procurement. MPS Staff expects to use AIA Document A151™–2019 which is a stand-alone agreement and is intended for situations where a vendor will provide a large amount, or perhaps even all, of the furnishings, furniture, and equipment (FF&E) for a project, such as here. A template contract is attached as Exhibit C. "AIA" stands for the American Institute of Architects. AIA publishes a suite of template contracts that are widely used in the design and construction industry. A151 is an agreement for the sale of goods and is governed by the law of the place where the Project is located, including the jurisdiction's Uniform Commercial Code as adopted. In A151, the Vendor not only sells and delivers FF&E, it also is responsible for incidental onsite Work such as placing, assembling, and installing the FF&E. A151 includes Vendor insurance requirements and requires the Vendor to coordinate its Work with the work of others on the Project. The Owner is required to provide the Vendor with access to the Project, storage space, and areas to perform the Work.

In the event that Hertz is not amenable to the aforementioned contract, MPS Staff will negotiate a contract that provides substantially similar protections to MPS.

III. Budget Impacts

The Project budget carries a line item of **$325,000** for FF&E. The total bid amount from Hertz is approximately **$216,000**. See Exhibit B. MPS staff therefore expects a savings of **$109,000** that will be transferred to and carried under contingency until completion of the Project. MPS Staff will also look into the prospect of financing the FF&E purchase in order to conserve cash. In the event, MPS Staff believes it would in the best interests of MSA-1 and MPS to finance such purchase and such financing is allowable under MPS and MSA-1's various loan covenants, MPS Staff will return to the Committee to make a recommendation for financing.

RE:	MSA-7 – Play Surface Replacement

I.   Proposed Recommendation(s)

Staff recommends that the Ad Hoc Committee approve the replacement of the play surfaces at Magnolia Science Academy 7 Northridge (the "**Project**") and that Great Western Recreation be awarded the contract for said scope of work.

II.   Background

MSA7 at 18355 Roscoe Boulevard in Northridge leases space from a Lutheran Church that previously housed a private school run by the church. The facilities, including the playground, are quite old. The playground consists of two large play areas filled with sand. See pictures attached as Exhibit A. MSA7 and its stakeholders – teachers, staff, parents – have expressed a desire to replace the sand filled areas with more modern play surfaces.

MSA7 is the recipient of a Charter School Facility Incentive Grant ("**CSFIG**"). The total CSFIG is **$414,975**. It previously spent a portion of its grant, approximately **$148,562.90**, to repair the pavement at its facilities. MSA7 would now like to spend a portion of its remaining grant on the Project. **$266,412.10** of the CSFIG remains. Assuming a budget of **$125,000** for the Project (the bid price plus a contingency), approximately **$141,412** would remain to complete another capital improvement project – the creation of another staff restroom and the refurbishment of a bank of student restrooms.

III.   Procurement Process

An RFP was issued to multiple contractors producers and installers of play surfacing. See Exhibit B attached hereto. Staff received bids from three (3) companies. After a review of the bids, the selection committee decided to interview two (2) bidders. Such interviews occurred on April 24th at the MSA-7 campus.

Base on the bids received and the interviews conducted, the selection committee recommends approval of the award of the contract for the Project to Great Western Resources. The bid received is for **$100,851.10**. A copy of the bid is attached as Exhibit C.

A draft copy of the proposed contract with Great Western Resources is attached as Exhibit D. Staff will negotiate the final form of the contract to conform to the requirements of the CSFIG program.

IV.   Budget Impacts

The Project will be paid for with CSFIG funds. CSFIG funds must be spent on or before August 31, 2019.

RE:	MSA-2 – Fence and Gate Replacement Capital Improvement Project

I.   Proposed Recommendation(s)

Staff recommends that the Ad Hoc Committee approve a capital improvement project at Magnolia Science Academy 2 ("**MSA-2**") consisting of the installation of a new gate at the entrance of the campus and the removal and repositioning of a fence along MSA-2's southerly boarder (the "**Project**") all to be done at a cost of FORTY THREE THOUSAND EIGHT HUNDRED NINETEEN DOLLARS (**$43,819**) by Los Angeles Unified School District ("**LAUSD**"), the owner of the property at which MSA-2 is co-located. Staff further recommends that the Ad Hoc Committee approve a contingency of FIVE THOUSAND DOLLARS (**$5,000**) for the Project in the event there are unforeseen conditions that increase the cost.

II.   Background

MSA-2 with an address of 17125 Victory Blvd, Van Nuys is co-located on the Birmingham Community Charter High School campus owned by LAUSD. For safety reasons, MSA-2 desires to make two (2) capital improvements to its campus. First, MSA-2 desires to replace the existing gate manual gate with one with a telecom system so that visitors will not be able to access the campus until they are approved and "buzzed" in. MSA-2 presently pays someone to physically man the gate. If it has a gate with a camera on it, it will save on labor costs. The telecom system will have a camera to allow the front desk to see who is at the gate. Second, MSA-2 desires to follow the recommendations of a recent traffic study and remove and replace the chain link fence along its southerly border. The existing chain link fence extends onto the immediately adjacent sidewalk making it impossible for anyone endeavoring to use that sidewalk as a path of travel. Consequently anyone wishing to walk along the southerly side of the campus, perhaps from the gate at the southwest corner of the campus is forced to walk along a street. See diagram attached as Exhibit A.

LAUSD's quote to provide the work to remove and replace the existing gate is **$31,002.14**. See Exhibit B. Its quote to remove and re-position the fence along the southerly border is **$12,816.80**. See Exhibit C. The total for both quotes is **$43,819**. MPS Staff believes it would be prudent to set aside a contingency of $5,000 for unforeseen expenses. MPS Staff will confirm that the numbers quoted by LAUSD are still good and that they do not foresee any other expenses. In such event, the project will be brought back to the Committee for further review and approval.

III.   Budget Impacts

MSA-2 proposes to pay for the Project with money from its long term reserves. Such proposed use, including the contingency, will reduce its 2018-19 Second Interim projected long term reserves from $793,675 to $744 856.

RE:	MSA-2 – Prop 39 Energy Efficiency Grant Lighting Upgrade

I.   Proposed Recommendation(s)

Staff recommends that the Ad Hoc Committee approve the lighting upgrade project (the "**Project**") at Magnolia Science Academy 2 ("**MSA-2**") at a cost of Twenty Thousand Four Hundred Seventy Two Dollars (**$20,472**) to be paid for with the school's Prop 39 award from the State of California Energy Commission and that ReGreen, Inc. be awarded the contract for said scope of work.

II.   Background

MPS applied for and received grants for its schools under the California Clean Energy Jobs Act ("**Prop 39**"), a state program providing funding to local educational agencies for improving energy efficiency and creating clean energy jobs. Under Prop 39, all MPS schools except for MSA-Santa Ana received funding. According to Prop 39 rules and regulations, Prop 39 projects must be under contract (aka encumbered) by June 30, 2019. Otherwise, such Prop 39 funds which have already been received must be returned to the State of California. MPS signed an agreement with First Note Finance, inc. ("**FNF**") to manage MPS's Prop 39 projects. FNF performs site walks, issues RFPs and together with MPS Staff selects a contractor for each scope of work.

MSA-2's total Prop 39 award is **$228,414.50**. Of such amount, approximately **$210,368.40** is encumbered to replace HVAC units at the campus and approximately **$4,500** is encumbered to implement plugload management measures. The cost for the LED lighting replacement scope of work would cause a deficit of approximately **$13,547**. MPS Staff will work with FNF to reduce the scope of work on the HVAC unit replacement in order to make the overall MSA-2 Prop 39 projects collectively cost neutral.

III.   Procurement Process

An RFP was issued by FNF to multiple vendors. A comparison of the various bids received is attached as Exhibit A.

A draft copy of the proposed contract with ReGreen Inc. is attached as Exhibit B. Staff will negotiate the final form of the contract to conform to the requirements of the CSFIG program and to insure that all pertinent attachments, such as prevailing wage sheets and a certificate of insurance, are included.

IV.   Project Description

The scope of work, as stated in the draft contract, is described as follows:

CONTRACTOR shall perform a comprehensive, turnkey, LED Lighting Retrofit for all lighting fixtures, both Interior and Exterior, including all equipment and materials, installation labor, 19 occupancy sensors, permitting, securing LADWP rebates, customer acceptance, and warranty. CONTRACTOR shall perform its own site survey and provide Owner with a scope and price proposal prior to executing this contract. The site survey shall be of sufficient detail to capture in advance any potential change orders, including but not limited to emergency lighting, battery backups, product compatibility with compact fluorescent ballasts, occupancy sensor integration, and/or product voltage compatibility.

V.   Budget Impacts

The Project will be funded out of budgeted Prop 39 grant.

RE:	2019-20 MPS Employee Handbook

Proposed Board Motion

I move that MPS Board of Directors approve the proposed 2019-20 MPS Employee Handbook as presented.

Introduction

The MPS Home Office worked with the legal counsel YM&C for the past 3 months to revise the handbook to be compliant with respect to labor codes and regulations as well as serve the emerging needs of our employees.

Background

The first draft went to the personnel committee in May 2019. We continued working on the revised 2019-20 handbook and had many internal meetings as well as meetings with Legal Counsel to make sure of perfection. We made extensive changes to the visuals by switching to 1-pager format, adding more charts and more descriptions and more eligibility explanations to benefits and accruals.

Analysis (If applicable)

Below is the general summary of changes that we made to the 2018-19 handbook.

1. The existing 2018-19 Employee page format was designed to have 2 columns per each sheet (Please see appendix 2: MPS 2018-19 Employee Handbook). After checking other organizations' Handbooks, we decided remove 2 column style and switch to 1-column, 1-pager format. Please open up the appendix 1 and Appendix 2 to see and compare.

250 E. 1ˢᵗ Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

a. The improved the visual formatting and readability of the handbook.

b. A side effect of this change is the difficulty in following up the track changes between 2018-19 Handbook **(Appendix 2)** & proposed 2019-20 Employee Handbook **(Appendix 1).** We eliminated this by generating the "Employee Handbook Changes" worksheet to show all the changes line-by-line (Please see appendix 3)

2. All of the changes are listed in the **Appendix 3**. There are <u>67 line of changes</u> (or revision types) we sent to YM&C (The Legal Counsel we used to review the revised employee handbook). Please see the "TYPE of REVISION" column which defines what type of revision has been made to the 2018-19 handbook. There are three types of revisions: Add, change, delete. The "PAGE 18/19" column is the cross reference in the 2018-19 handbook and the "PAGE 19/20" column is the cross reference in the 2019-20 handbook. The word "GENERAL" in these columns refers to many similar default wording changes that took place throughout the 2019-20 handbook.

<u>Budget Implications</u>

- Amounts/ Funding Source:

<div align="center">SUMMARY</div>

With this proposed Employee Handbook MPS will give 48 hours of paid sick leave to the part time employees instead of 24. In addition, part time employees will not be eligible for floating holidays. The additional 24 hours added brings an additional budget need but the removed 2 floating days (i.e. 16 hours) will decrease this budget need. Per each pert timer schools will need to budget additional 8 hours in their budgets. Please see Appendix 7 chart 2.

The second major change is: This revised handbook brings substantial savings by strictly following which type of employees will be paid for which pay periods, which breaks and which holidays. Please see Chart 1 in Appendix 7. As seen in Appendix 7 Chart 1, the MPS sites will save $82,206.40. Also the revised 2019-20 handbook eliminated reduced working days (i.e. 5 hours a day instead of 8 hours in June and July) for all school sites and MERF Home Office classified full time employees & school leaders (during their agreement periods). There will be no more 5 hours of summer work days. With this, MPS schools and Home Office will have more

time to focus on perfection on completion of compliance items, focus more on improving student recruitment and school promotion strategies etc.

Overall, the net saving is shown in Chart 3 in Appendix 7 as $75,456.40. All schools net impact is positive accept MSA 4 with just $750 which we will adjust in the budget.

EXPLANATION ON THE APPENDIXES

The home office prepared the following appendixes to clearly show all the business days for Los Angeles Schools, Santa Ana site, the MERF Employees and MSA San Diego Employees:

- **Appendix 4:** Business Calendar 2019-2020 for MPS Los Angeles, Santa Ana, San Diego & MERF & Classified Employees & School Leaders. There are two separate calendars for MSA San Diego and all other MPS Sites due to MSA San Diego's following a different calendar. These calendars show all breaks and holidays for the 2019-20 fiscal year.
- **Appendix 5**: 2019-20 LA-SA-MERF Chart for Eligibility for paid breaks and Holidays for MPS LA, Santa Ana, San Diego & MERF & Classified Employees & School Leaders. There are two separate charts for MSA San Diego and all other MPS Sites due to MSA San Diego's following a different calendar.
- **Appendix 6:** 2018-19 LA-SA-MERF & MSA San Diego Chart for Eligibility for paid breaks and Holidays. There are two separate charts for MSA San Diego and all other MPS Sites due to MSA San Diego's following a different calendar. We added this current year's handbook analysis in order to show what changed in the 2019-20 handbook analytically. The appendix 5 and Appendix 6 statistics will be used in the Appendix 7 to show the savings in the 2019-20 handbook for all MPS Sites.
- **Appendix 7:** Savings with 2018-19 numbers if the 19-20 handbook was used. We wanted to show our Board an apple to apple analysis by using real time employee numbers utilizing the parameters of 2019-20 handbook. We hope our board will see how much more each site was going to spend if MPS continued with the existing 2018-19 structure.

To calculate the total savings in Appendix 7 we used the data in the Appendix 5. Here, we first looked at our HR system to define which employees will be eligible for which breaks and holidays. In the 2018-19 this issue was not clearly explained, therefore defining decision about who will be paid for which breaks/holidays was left to the discretion of the CEO until now. Also 11- month and 12-month employment agreements were not mentioned in the 2018-19 handbook,

which was making problems even more confusing to solve. Instead, in the proposed 2019-20 handbook we defined all paid breaks and holidays for all types of employees (full time hourly, part time hourly etc.) as well as 11 month or 12 month employees and their eligibilities. Another gray area was: Whether the hourly employees will be paid after the school ends. We clearly stated in the proposed handbook page 25 that

> "<u>Hourly employees will only be paid for the hours actually worked</u> unless accrued paid leave is used or during a paid holiday for eligible employees."

- CFO Review: No budget implications
- <mark>Legal Review: General</mark> Counsel, has reviewed the updated employee handbook revised by outside legal counsel at Young Minney & Corr ("YMC") and found it to be acceptable.

INTRODUCTION

This Handbook summarizes the Magnolia Public Schools' (hereinafter referred to as "MPS" or "School") personnel policies applicable to all employees. Please review these policies carefully. If you have any questions about the policies outlined in this Handbook, or if you have any other personnel related questions, whether related to policies specifically addressed in this Handbook or not, please consult the **MPS Home Office ("MERF") Human Resources Department**.

This Handbook is intended only as a guide to the School's personnel policies, outlining and highlighting those policies and practices. It is not, therefore, intended to create any expectations of continued employment, or an employment contract, express or implied. This Handbook supersedes any previously issued handbooks, policies, benefit statements and/or memoranda, whether written or verbal, including those that are inconsistent with the policies described herein.

With the exception of the at-will employment status of its employees, the School reserves the right to alter, modify, amend, delete and/or supplement any employment policy or practice (including, but not limited to, areas involving hiring policies and procedures, general workplace policies, hours of work, overtime and attendance, standards of conduct, employee benefits, employment evaluation and separation) with or without notice to you. Only **the Chief Executive Officer ("CEO") of MPS**, with the express written approval of the Board of Directors, may alter the at-will employment status of any of its employees.

Once you have reviewed this Handbook, please e-sign the employee acknowledgement form **in the Human Resource Management System Employee Self Service Portal.** This signed acknowledgement demonstrates to the School that you have read, understand and agree to comply with the policies outlined in the Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Policy

MPS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race;
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), or the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job, or if unknown, what job duties the disability impairs. MPS will then conduct an investigation to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform the job. MPS will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, the School will make the accommodation.

8

At-Will Employment

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice.

Nothing contained in this Handbook, employment applications, School memoranda or other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all-inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents whether singly or combined, or any employment practices shall create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

9

By acknowledging receipt of this Handbook, the employee acknowledges he/she is a child care custodian and is certifying that he/she has knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks

As required by law, all individuals working or volunteering at the School will be required to submit to a criminal background investigation. No condition or activity will be permitted that may compromise the School's commitment to the safety and the well-being of students taking precedence over all other considerations. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Additionally, should an employee, during his/her employment with the School, be charged or convicted of any offense, the employee must immediately report the charge or conviction to the Principal.

Tuberculosis Testing

All employees of the School must submit written proof from a physician of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days prior to the date of hire. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work with School students.

The employee will not be required to submit a new TB exam if the employee can produce a current certificate showing they were found free of infectious tuberculosis within sixty (60) days of initial hire, or a California school previously employing the employee verifies it has a current certificate on file showing that the employee is free from infectious tuberculosis. The examination for applicants for employment is a condition of initial employment. Therefore, the expense incident thereto shall be borne by the applicant. The cost of the examination required of existing employees shall be a reimbursable expense. Employees should follow the MPS Purchase Policies & Procedures Manual while making their reimbursement requests. You may ask your supervisor for a copy of the MPS Purchase Policies & Procedures Manual.

The County Health Department may provide skin testing to employees at regular intervals at no cost to the employee. The availability of this testing may be announced by the School. Failure to maintain current TB test results may result in disciplinary action, up to and including release from at-will employment.

10

Immigration Compliance

MPS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, MPS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant.

If you have any questions or need more information on immigration compliance issues, please contact the Principal.

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment:
Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:
Examples of PERMITTED actions (NOT corporal punishment):
- ☐ Restraining a student from fighting with another student;
- ☐ Preventing a pupil from committing an act of vandalism;
- ☐ Defending yourself from physical injury or assault by a student;
- ☐ Forcing a pupil to give up a weapon or dangerous object;
- ☐ Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- ☐ Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

11

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior:

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues, including someone from my HR Department, were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

12

Unacceptable Staff/Student Behaviors (Violations of this Policy):
- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence).

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between the employee and the student;
- Stopping and correcting students if they cross the employees' personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators when in a difficult situation related to boundaries;
- Involving a supervisor if a conflict arises with a student;
- Informing the Superintendent about situations that have the potential to become more severe;

13

- ☐ Making detailed notes about an incident that could evolve into a more serious situation later;
- ☐ Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- ☐ Asking another staff member to be present if the employee will be alone with any type of special needs student;
- ☐ Asking another staff member to be present if the employee must be alone with a student after regular school hours;
- ☐ Giving students praise and recognition without touching them;
- ☐ Pats on the back, high fives and handshakes are acceptable;
- ☐ Keeping professional conduct a high priority;

Certification and Licensure of Instructional Staff

All teachers are required to hold a current California teaching credential, certificate, permit or other document equivalent to that which a teacher in other public schools would be required to hold. MPS complies with all requirements of the authorizers regarding the certification and licensure of instructional staff. Paraprofessional staff may also be required to provide documentation proving that they meet the requirements for paraprofessional staff. It is the responsibility and a condition of continued employment for all instructional staff, including teachers and paraprofessionals to provide any necessary licensure to a **direct supervisor** no later than the close of business prior to the first day the employee reports for duty. If an instructional staff employee believes that he or she is assigned to teach in a subject in which he or she does not have subject matter competence, the employee should immediately report the same to **his or her direct supervisor**. Staff who are required to possess state and federal certification, expertise, and related requirements must timely maintain such qualifications as a condition of employment at the School. Failure to maintain the appropriate credential/certification required of the position may result in disciplinary action, up to and including release from at-will employment.

Policy Prohibiting Unlawful Harassment, Discrimination and Retaliation

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. MPS's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race; color; gender (including gender identity, gender expression, and gender identity, whether or not the employee is transitioning or has transitioned); sex (including pregnancy, childbirth, breastfeeding, and related medical conditions); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, discriminated, or retaliated against, based upon the characteristics noted above.

MPS does not condone and will not tolerate unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent

14

contractors or other person with which the School does business). Supervisors and managers are to report any complaints of unlawful harassment to the Principal or designee.

When MPS receives allegations of unlawful harassment, discrimination, or retaliation, the Board (if a complaint is about the CEO) or the MERF Human Resources or designee will conduct a fair, timely and thorough investigation that provides all parties an appropriate process and reaches reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. MPS is committed to remediating any instances where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

MPS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; and/or (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All employees will receive sexual harassment prevention training within six (6) weeks of hire. Additionally, all returning employees will receive sexual harassment prevention training on an annual basis, to be completed within six (6) weeks of the new school year. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful

15

harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal and/or MERF Human Resources. See **Appendix A** for the "Harassment / Discrimination / Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

    o   Rape, sexual battery, molestation or attempts to commit these assaults and

    o   Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:

    o   Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.

    o   Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.

    o   Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

    o   Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;

    o   Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and

    o   Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

16

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

Whistleblower Policy

MPS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug- and Alcohol-Free Workplace

MPS is committed to providing a drug and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, customer confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to employees and to other MPS stakeholders.

The bringing to the workplace, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Confidential Information

17

All information relating to students, including personal information, schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties. All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Conflict of Interest

All employees must avoid situations involving actual or potential conflict of interest. An employee involved in any relationships or situations which may constitute a conflict of interest, should immediately and fully disclose the relevant circumstances to his or her immediate supervisor, or any other appropriate supervisor, for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, the School may take whatever corrective action appears appropriate according to the circumstances. Failure to disclose facts related to a potential or actual conflict of interest shall constitute grounds for disciplinary action.

Relationships between Employees

While the School's policies do not permit discrimination based on an individual's marital status, the individual's relations to another School employee or his or her lawful off duty conduct, some situations can create conflicts of interest requiring the School to take the employee's relationship with another employee into account.

An employee should not be in a supervisory role with another employee who is a relative (i.e., sibling, parent, spouse, domestic partner, etc.). Supervisors should avoid situations that result in actual or perceived conflicts of interest with supervised employees and avoid situations of favoritism.

A supervisor should avoid forming special social relationships or dating employees under his or her direct supervision, or with other employees that would create actual or perceived conflicts of interest and situations of favoritism. If such relationship arises, both employees should notify the School so that appropriate measures can be taken to prevent actual or perceived conflicts of interest or favoritism.

The School reserves the right to take appropriate action if employee relationships interfere with the safety, morale or security of the School, or if the relationships create an actual or perceived conflict of interest or favoritism.

Smoking

All School buildings and facilities are non-smoking facilities.

GENERAL WORKPLACE POLICIES

Workplace Violence

The School takes the safety and security of its employees seriously. The School does not tolerate acts or threats of physical violence, including but not limited to intimidation, harassment and/or coercion, that involve or affect the School or that occur, or are likely to occur, on School property. Any act or threat of violence must be immediately reported to **the Principal (or MERF Human Resources)**.

Health, Safety and Security Policies

The School is committed to providing and maintaining a healthy and safe work environment for all employees. Accordingly, the School has instituted an Injury and Illness Prevention Program designed to protect the health and safety of all personnel. Every employee will receive a copy of the Injury and Illness Prevention Program, which is kept by **the Principal** and is available for your review.

Employees are required to know and comply with the School's general safety rules and to follow safe and healthy work practices at all times. Any potential health or safety hazards and all injuries or accidents must be immediately reported to a supervisor.

In compliance with Proposition 65, the School will inform all employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

MPS has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious persons or activities to **the Principal (or MERF Human Resources for MERF employees)**. Employee desks and offices should be secured at the end of the day. When an employee is called away from his or her work area for an extended length of time, valuable or personal articles should not be left around a work station that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify **the Principal (or MERF Human Resources for MERF employees)** when keys are missing or if security access codes or passes have been breached.

Occupational Safety

MPS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, the employee should request assistance from a supervisor. Unsafe conditions must be reported immediately.

19

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. MPS's management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident or injury occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

School Property Inspections

The School is committed to providing a work environment that is safe and free of illegal drugs, alcohol, firearms, explosives and other improper materials. Additionally, the School provides property and facilities to its employees to carry out business on behalf of the School. Accordingly, employees do not have a reasonable expectation of privacy when using any School property or facilities. All School facilities and property, including all items contained therein, may be inspected by the School at any time, with or without prior notice to the employee or employee permission. School property includes all desks, electronic devices, storage areas, work stations, lockers, file cabinets, computers, telephone systems, email systems and other storage devices.

The School reserves the right to deny entry to School property to any person, including those who refuse to cooperate with any inspections by the School. Any employee who fails to cooperate with inspections may be subject to disciplinary action, up to and including dismissal.

Soliciting/Conducting Personal Business While on Duty

Employees are not permitted to conduct personal business or solicit personal business for any cause or organization while on-duty, or when the employee being solicited is supposed to be working. This prohibition includes distributing literature and other material. Distribution of materials is also against the School's policy if it interferes with access to facility premises, if it results in litter, or if it is conducted in areas where other employees are working. Solicitation during non-work time, e.g., paid breaks, lunch periods or other such non-work periods, is permissible. Entry on the School premises by non-employees is not permitted, unless related to official School business. Solicitation or distribution of written materials by non-employees is strictly prohibited.

Use of School Communication Equipment and Technology

20

All School owned communications equipment and technology, including computers, electronic mail systems, voicemail systems, internet access, software, telephone systems, document transmission systems and handheld data processing systems remain the property of the School and are provided to the employee to carry out business on behalf of the School, unless previously authorized for non-business use. Employees have no expectation of privacy in any communications made using School owned equipment and technology. Communications (including any attached message or data) made using School owned communications equipment and technology are subject to review, inspection and monitoring by the School.

Employees should not use personal devices or email accounts for MPS-related communications. Such communications should only take place using MPS-issued devices and via the employee's MPS email account. **Employees are required to promptly respond to work emails and communications. Exempt employees must respond within 1 day, and nonexempt employees must respond within 1 business day.**

Additionally, the School uses technology protection measures that protect against internet access (by both minors and adults) to visual depictions that are obscene, pornographic, and/or harmful to minors. These measures may include, but are not limited to, using a spam filter, installing a blocking system to block specific internet sites, setting internet browsers to block access to adult sites, using a filtering system that will filter all internet traffic and report potential instances of misuse to the School.

Passwords used in connection with the School's communications equipment and technology are intended to restrict unauthorized use only, not to restrict access of authorized School employees. Therefore, employees are required to provide **the I.T. Coordinator** with all passwords used in connection with the School's communications equipment and technology any time the employee's passwords are created or change. In addition, employees are required to safeguard their passwords to limit unauthorized use of computers by minors in accordance with the Student Internet Use Policy and Agreement. Employees that do not safeguard their passwords from unauthorized student use, or that allow a student to access computers in violation of the Student Internet Use Policy and Agreement, will be subject to discipline, up to and including termination.

Internet use is for business purposes only. All employees using the internet through the School's communications equipment and technology must respect all copyright laws. Employees are not permitted to copy, retrieve, modify, or forward copyrighted materials unless authorized by law or with express written permission of the owner of the copyright.

Employees are not permitted to use the School's communications equipment and technology to view content or images that are obscene, pornographic, and/or harmful to minors. The email system and internet access are not to be used in any way that may be disruptive, harassing or offensive to others, illegal or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets or anything else that may be construed as harassment or disparagement of others based on their race, national origin, gender, sexual orientation, age, religious beliefs or political beliefs with little or no educational value may not be displayed or transmitted. The e-mail system and internet access are not to be used in any manner that is against the policies of the School, contrary to the best interest of the School or for personal gain or profit of the employee against the interests of the School. Employees must not use the School's communications equipment and technology for the unauthorized disclosure, use and dissemination of personal information regarding students.

21

Use of Personal Property

Employees are not encouraged to bring in personal property or materials for use in the School setting. If an employee has a personal property item he or she would like to bring in for School use, the employee must first gain approval by MPS. MPS will not be responsible or liable for the property item. The employee assumes all liability for any damage or injury caused by bringing in a personal property item. The employee may be subject to discipline for a violation of this policy. The School will not be liable for lost, stolen or damaged person property items, and such items are brought in at the employee's own risk.

Security Cameras on Campus

MPS has authorized the use of security cameras in public areas of MSA-2, including in and around School buildings and on School property. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for students and staff.

Private areas of campus, such as private employee offices, restrooms, and locker rooms will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

Security cameras will not be used to record audio or live footage, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed. While MPS will not use the security camera footage to evaluate employee performance, it may be used by MPS or law enforcement in cases of suspected illegal or inappropriate conduct. In such cases, MPS cannot guarantee that security camera footage will be kept private.

Employees are prohibited from tampering with the MPS's security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage, or any attempt to interfere, block or prevent the security camera from recording footage. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

Social Media

If an employee decides to post information on the Internet (i.e., blog, Facebook, Instagram, Twitter, etc.) that discusses any aspect of his/her workplace activities, the following restrictions apply:

- School equipment, including its computers and electronics systems, may not be used for these purposes;
- Employees may not use or post images of students or student information or work;
- Student and employee confidentiality policies must be adhered to;
- Employees must make clear that the views expressed in their blogs are their own and not those of the School;
- Employees may not use the School's logos, trademarks and/or copyrighted material and are not authorized to speak on the School's behalf;
- Employees are not authorized to publish any confidential information maintained by the School;

22

☐ Employees are prohibited from making discriminatory, defamatory, libelous or slanderous comments when discussing the School, the employee's supervisors, co-workers and competitors;

☐ Employees must comply with all School policies, including, but not limited to, rules against sexual harassment and retaliation.

The School reserves the right to take disciplinary action against any employee whose social media postings are disruptive to the School or violate this or other School policies.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep **the Principal (or MERF Human Resources for MERF employees)** advised of changes that should be reflected in their personnel file by making the changes in the Human Capital Management System Employee Self Service Portal. Such changes include: change in name, address, telephone number, personal information if required for insurance purposes (e.g., marital/domestic partnership status, number of dependents) and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. MPS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to **the Principal (or MERF Human Resources for MERF employees)**. Only **the Principal and MERF Human Resources** or designee is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement or local, state or federal agencies conducting official investigations or as otherwise legally required. Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

Intellectual Property Rights

Any intellectual property, such as trademarks, copyrights and patents, and any work created by an employee in the course of employment at the School shall be the property of the School and deemed a work made for hire and the employee is deemed to have waived all rights in favor of the School. Work, for the purpose of this policy refers to written, creative or media work. All source material used in presentation or written documents must acknowledged the author or owner.

Media Contacts

All media inquiries regarding the School and its operations must be referred to the **CEO**. Only the **CEO** is authorized to make or approve public statements pertaining to the School or its operations, although, public employees do not lose the right to speak on matters of public importance. No employee, unless specifically designated by the **CEO**, is authorized to make statements to the media on behalf of the

23

School. Any employee who would like to write and/or publish an article, paper, or other publication on behalf of the School must obtain approval from the **CEO** before publication.

Work Hours and Schedules

The School's normal operating hours are from ***7:30 a.m. to 4:00 p.m.**, Monday through Friday. The work schedule for hourly non-exempt employees may vary. Each employee will be assigned a work schedule by their supervisor. *Typical working hours for hourly non-exempt employees may be as follows:

REGULAR WORKING HOURS*	
School Level: Full-time office staff	7:30 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
School Level: All other full-time employees	7:45 a.m. – 4:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) minute breaks)
CMO Level: All full-time MERF employees	8:30 a.m. – 5:00 p.m. (may include a meal break for thirty (30) minutes and two ten (10) -minute breaks)

* Working hours may vary from one School site to another.

Employee work schedules and pay may fluctuate depending on the workload:
- ☐ Employees may have to work hours beyond their normal schedules as work demands require.
- ☐ Hourly employees will only be paid for the hours actually worked unless accrued paid leave is used or during a paid holiday for eligible employees.
- ☐ Employees are expected to attend weekly staff meetings and other mandatory training and meetings.
- ☐ Full-time teachers may be required to supplement regular curricular activities through after school programs, including tutoring and clubs. Each full-time teacher is expected to offer at least two after school programs per week.
- ☐ As directed by the **Principal**, employees may be required to conduct home visits to develop a positive school-home relationship that supports student achievement.
- ☐ As directed by the **Principal**, employees may also be required to attend school events and activities, including but not limited to, parent conferences, student/parent orientation, back-to-school nights, parent/community meetings, and any other school events and activities that occur during or outside of the normal school day, as indicated in the work year calendar. This required work is distinguishable from the employee's involvement in non-work volunteer activities, which are not required by the employee's employment.
- ☐ Employees are expected to perform other duties as requested by their **direct supervisor**.

Overtime

25

Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis. Generally, teachers and administrators are exempt from earning overtime pay. Exempt employees may have to work hours beyond their normal schedules as work demands require, thus, no overtime compensation will be paid to exempt employees. Non-exempt employees may be eligible to earn overtime if required to work beyond the regularly scheduled workday or workweek. Only actual hours worked in a given workday or workweek can apply in calculating overtime for non-exempt employees. MPS will attempt to distribute overtime evenly and accommodate individual schedules, however, the operational needs of the School are paramount. All overtime work must be previously authorized in writing by **the Principal (or MERF Human Resources for MERF employees.)** MPS provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal law.

Make Up Time

An employee may make a written request to make up work time that is or would be lost as a result of a personal obligation. It is at the sole discretion of the School to approve or reject the request. The hours of that make up work may only be performed in the same workweek in which the work time was lost and may not result in the employee earning overtime. The makeup time must not exceed eleven (11) hours of work in one day or forty (40) hours of work in one week. The employee is responsible for recording time worked and taking all applicable rest and meal breaks during make up time. Make up time is not encouraged, and is based on the availability of work.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor. The School will comply with such legal procedures.

Employees are strongly encouraged to avoid such wage attachments and garnishments.

Meal and Rest Periods

Nonexempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday, but by no later than the end of the fifth (5th) hour of the workday. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and MPS mutually consent to the waiver in writing.

Nonexempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time. An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods.   Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Lactation Accommodation

26

MPS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the non-exempt employee shall be unpaid.

MPS will make reasonable efforts to provide employees who need a lactation accommodation with the use of a room or other private location that is located close to the employee's work area. Such room/location shall not be a bathroom. Employees with private offices will be required to use their offices to express breast milk. Employees who desire lactation accommodations should contact their supervisor to request accommodations.

Pay Days

For **all employees,** paydays are scheduled on the fifteenth (15th) and the last day of the month. For 12 month employees, the School pays up to twenty-four (24) pay periods. For 11 month employees, the School pays up to twenty-two (22) pay periods. The total number of pay periods may vary depending on the starting and ending date of employment, and whether the employee performed work, used time from the accrued leave (paid sick leave, vacation leave, PTO), or is eligible for a paid holiday during the pay period. The last pay period of the school year ends on June 30th. Each paycheck will include earnings for all reported work performed through the end of the payroll period and is subject to regular withholdings. In the event that a regularly scheduled payday falls on a weekend or holiday, employees will receive their pay no later than the next day of work after the day(s) off.

Employees should promptly notify **the Principal (or MERF Human Resources for MERF employees)** with questions regarding the calculations of their paycheck. Any corrections will be noted and will appear on the following payroll check.

Payroll Withholdings

As required by law, the School shall make all required withholdings, including:

> Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
> State Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.
> Social Security (FICA): The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School.
> State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability.

Every payroll deduction is explained on the check voucher. Employees are directed to contact Human Resources with questions.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to **the Principal (or MERF Human Resources**

27

for MERF employees) and by updating the Human Capital Management System Employee Self Service Portal. The Human Resources Department also maintains a supply of forms.

It is the employee's responsibility to report any changes in filing status to **the Principal (or MERF Human Resources for MERF employees)** by updating his/her Human Resource Management System Employee Self Service Portal.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

The School offers programs and benefits beyond those required by law. Employees who wish to participate in these programs may voluntarily authorize deductions from their paychecks.

Salary Compensation for Partial Pay Period

Salary payments to employees who are employed for less than a full pay period because of leave without pay, separation from employment for any reason, or employment at dates other than the beginning or the end of the pay period are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

For teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Pay Rate Schedule

Pay is primarily determined by the work classification, employee qualifications, years of service, and individual performance. The School uses the Board approved employee pay raise scales to determine the salaries for **full-time teaching staff and non-classroom based academic personnel and school leaders**. MERF employees' pay is determined by the MPS Board approved salary band. Please refer to the scales for details. For school level classified employees, the pay is primarily determined by the work classification and individual performance.

Full-time teaching staff will be compensated for covering absent colleagues at the rate of twenty-five dollars ($25) per regular course period and fifteen dollars ($15) per half-course period, e.g., SSR or Advisory, unless indicated differently on the individual's employment agreement.

Attendance Policy

Employees are expected to adhere to regular attendance and to be punctual. School and MPS organized In-Service and Professional Development days are considered regular working days, employees are expected to be present on those days. If it is necessary to be absent or late, the employee must arrange it in advance with a **direct supervisor.** If it is not possible to arrange the absence or tardiness in advance, the employee must notify a **direct supervisor** no later than one-half (1/2) hour before the start of the workday. Teachers are also responsible to have a substitute folder for use when they are absent from

28

school. If the employee is absent from work longer than one day, they must keep their **direct supervisor** sufficiently informed of the situation.

Excessive absenteeism and tardiness will not be tolerated and will lead to disciplinary action, as shown below in the Disciplinary Action Chart for Tardiness.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with the School. Absence for more than three (3) consecutive days without notifying the Principal will be considered a voluntary resignation from employment. The actual amount of time used during the tardiness will be subtracted from employee's vacation or sick leave hours (if related to a sick leave purpose) for each tardiness, in thirty (30) minute increments. Once all sick leave/vacation is used, employee's tardy hours will be reflected as unpaid time off.

CHART OF CONSEQUENCES FOR TARDINESS AND ABSENCES		
	OCCURRENCES/DAYS	**STEP AND ACTION**
TARDINESS	1 -3 tardiness	Verbal Warning
	The 4th tardy	Written Warning.
	The 5th tardy	Staff member will also be placed on an Improvement Plan.
	6th and subsequent tardiness	Disciplinary: The employee may be subject to further discipline or dismissal.
ABSENCES	After all sick leave/vacation days are used	For exempt employees, a full day of pay will be deducted for each full days' absence. For nonexempt employees, no deduction will be made, but the employee will not earn wages during their absence.
NO CALL/NO SHOW	3 consecutive days	Considered job abandonment, which can lead to termination.

Timecards and Records

By law, MPS is obligated to keep accurate records of the time worked by non-exempt employees. Such employees shall be required to utilize the School's time card system.

Non-exempt employees must accurately clock in and out of their shifts as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The time card indicates when the employee arrived and when the employee departed. All non-exempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from and returns to the school premises during the workday.

29

Non-exempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact the Principal to make the correction and such correction request must be approved by the Principal.

Non-exempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's time card. Any employee who violates any aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Mandatory Training and Meetings

Employees may be required to attend online/onsite trainings, lectures and meetings outside of regular working hours. All teaching staff and school administrators are required to attend summer in-services, weekly staff meetings, and other mandatory training and meetings as directed by the **Principal.**

The School will pay non-exempt employees for attendance at mandatory trainings, lectures and meetings outside of regular working hours. All staff will be paid for the total hours of mandatory trainings plus travel time and mileage reimbursement (if applicable) with respect to MPS Reimbursement Policy.

All mandatory trainings, lectures and meetings will be identified as such. The School will not pay non-exempt employees for attendance at voluntary trainings. If you are unsure about the characterization of an offered training, lecture or meeting, please contact **your direct supervisor** before attending.

All non-exempt employees must accurately reflect attendance at all mandatory trainings, lectures and meetings outside of regular working hours on their time records.

Expense Reimbursements

The School may reimburse employees for certain reasonably necessary expenses incurred in the furtherance of School business, including, but not limited to, fingerprint processing fees, TB test fees, First Aid & CPR fees, fees of exams that lead to professional certification (CSET, CTEL, CLAD, CPACE, etc.,) and other approved School business and profession related expenses. Credential fees, university entrance exam fees, US Constitution exam fees, and fees for basic skills tests such as CBEST, RICA, etc., are not reimbursable. Please refer to the MPS Tuition Reimbursement policy for professional development opportunities and certification programs reimbursed by the School.

In order to be eligible for reimbursement, employees must follow the protocol set forth in the MERF's policy regarding expenditures, a copy of which may be obtained from the **Principal (or MERF Human Resources for MERF employees)**.

MERF Purchase Policies and Procedures Manual requires all employee expense or purchase plans to be pre-approved by his/her supervisor.

30

All new and continuing tuition reimbursement requests must be pre-approved annually by employee's supervisor as stated in the MPS Tuition Policy.

STANDARDS OF CONDUCT

Personal Appearance/Standards of Dress

MPS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

1)   Clothing and jewelry must be safe and appropriate to the educational environment. All clothing must be clean and in good repair. Slits or tears in pants or other articles of clothing are not permitted except for modest slits in women's dresses or skirts that are no higher than three (3) inches above the knee.

2)   Head coverings, including hats of any kind, except those worn for religious or safety reasons, are not to be worn inside school buildings including assemblies, classrooms, labs and offices. Hats may be worn outside for sun protection. All hats are to be removed upon entering school buildings. For exceptions to this policy, prior approval must be granted by the Principal.

3)   Slacks and shorts are to be worn on the waist with no portion of an undergarment showing. Jeans are not permitted. Shorts should be modest in length and should be no higher than three (3) inches above the knee.

4)   Skirts and dresses should be no higher than three (3) inches above the knee.

5)   All tops must be appropriate to the work environment, and should be clean, neat, and provide proper coverage.

6)   For safety purposes, earrings must not dangle more than one (1) inch below the ear.

7)   Clothing or jewelry with logos that depict and/or promote gangs, drugs, alcohol, tobacco, sex, violence, illegal activities, profanity, or obscenity are not permitted.

8)   Appropriate shoes must be worn at all times.

9)   Employees may not display tattoos on their bodies. If an employee has a tattoo that is visible, it is the employee's responsibility to ensure that it is not visible during working hours.

10)   Your direct supervisor will inform you of any specific dress requirements for your position.

31

For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

MPS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of the additional employment. Authorization to engage in additional employment can be revoked at any time if a conflict is suspected.

Full-time **School-site administrators, classified exempt 12 month employees, and MERF employees** will have three (3) days of paid Thanksgiving Break, three (3) days of paid Spring Break, and thirteen (13) days of paid Winter Break (eight (8) days of paid Winter Break for San Diego). > **If a school site has a different schedule of breaks and/or additional breaks other than those listed above, such as fall break, Presidents' week, etc., the general rule of thumb is that full-time teaching staff will take the whole break off in the school calendar while the School administrators and MERF employees will have two (2) days less off. Full-time, hourly classified staff are only eligible for pay according to the School Holiday Schedule above.**

Floating Holidays

All full time MPS Employees are eligible to receive two (2) floating days each school year. Floating Holidays are not vacation days, and cannot be paid out, cashed out, and cannot be rolled over. Floating holidays are provided at the start of each school year.

Vacation

The School provides vacation benefits to eligible employees to enable them to take paid time off for rest and recreation. Vacation is provided to prevent overworking. The School believes that this time is valuable for employees in order to enhance their productivity and to make their work experience with the School personally satisfying.

35

With the exception of certificated instructional staff (e.g., teachers and non-classroom based academic personnel), all **full-time*, 12 month** employees accrue vacation from the date of hire at the following accrual rates:

*ELIGIBLE EMPLOYEES	VACATION ACCRUAL	MAX CAP
School Administrators	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours
School Classified Employees	Hours will accrue per pay period up to 120 hours (6 hours per pay period) per year	200 hours
MERF Employees	Hours will accrue per pay period up to 160 hours (8 hours per pay period) per year	240 hours

As a benefit to employees, eligible employees will accrue the maximum vacation time prior to the end of the year to facilitate their use of vacation time before the end of the year. This accelerated accrual does not entitle eligible employees to vacation time above and beyond their yearly accrual, as indicated in the chart above. Vacation time may not be utilized before it is earned. Vacation is rolled over from year to year and is capped at 240 hours for administrators and MERF employees, and 200 hours for full-time classified employees. There is no retroactive grant of vacation compensation for the period of time the accrued vacation compensation was at the cap. Employees who have non-sick related partial or full day absences will have vacation time deducted from their vacation bank commensurate with their time off.

No vacation accrues during any unpaid leave of absence or while on disability salary continuation. Vacation accruals recommence when the employee returns to work.

On termination of employment, the eligible employee is paid all accrued, unused vacation at the employee's base rate of pay at the time of his or her separation from employment.

All vacations must be approved in advance by **the direct supervisor of the employee**, who will make reasonable efforts to accommodate employee requests. Vacation requests must be made at least two (2) weeks prior to the desired vacation time. Job requirements will always have precedence over vacation schedules. The School may attempt to have some of its employees stagger vacations in an effort to avoid affecting services.

* 11 month employees, including non-classroom based academic employees and teaching staff do not accrue vacation.

For full-time teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Any accrued but unused vacation will not be paid out at the end of the school year. Nonetheless, all employees are entitled to have their unused vacation time paid out upon separation from the School.

36

Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, MPS offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Additionally, employees may use sick leave during public health emergencies resulting in the closure of MPS, the employee's child care provider, or the school of the employee's child. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, or siblings, or any individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees may also take paid sick leave to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking.

Part-time staff will be credited with forty-eight (48) hours of sick leave at the start of the school year. All full-time employees will be credited with forty-eight (48) hours of sick leave at the beginning of each school year. In addition to the credited forty-eight (48) hours, all 11 and 12-month full time employees will accrue 2 sick leave hours per pay period. The maximum accrued sick leave hours per year is eighty (80). Paid sick leave can be used by all MPS employees who work for at least thirty (30) days within the span of a single calendar year from the commencement of employment.

MPS EMPLOYEE SICK HOURS			
	BEGINNING	ACCRUAL	MAXIMUM ACCRUAL
11-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
12-MONTHS FULL-TIME	48 hours	2 hours per pay period	80 hours
PART-TIME	48 hours	X	80 hours
SEASONAL/TEMPORARY	0	1 hour for every 30 hours worked	80 hours

Employees cannot use paid sick leave until the thirtieth (30th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of one (1) hour. However, sick leave related to tardiness for a sick leave related purpose may be deducted in thirty (30) minute increments.

Sick leave is intended to be used only for the qualifying purposes stated above. MPS will not tolerate abuse or misuse of sick leave. If an employee is absent longer than three (3) days due to illness, medical evidence of the illness and/or medical certification of the employee's fitness to return to work may be required.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave, if eligible under applicable medical leave law, depending upon the facts and circumstances of the employee's basis for leave beyond the accrued sick leave. If an employee is not eligible for any applicable medical leave and has exhausted all paid sick leave, the employee will not be paid for time not worked. Employee requests for unpaid medical leave must be approved in advance by the School.

The School may offer to buy back unused paid sick leave days at the employee's rate of pay or $150 per day, at the School's discretion, by the end of June. Employees must work for the School for at least thirty (30) days before they may be eligible for the School to buy back their paid sick leave. The School will not

37

buy back any paid sick leave from employees who (1) fail to work for the School for thirty (30) continuous days, or (2) are separated from the School based on misconduct, unprofessionalism, or suspicion of the same.

Personal Necessity Leave:

A full-time employee may elect to use up to five (5) days of accumulated sick leave each school year for personal necessity including any of the following specific reasons:

- ☐ Death or serious illness of a member of his/her immediate family (this is in addition to normal bereavement leave);

- ☐ Accident involving his/her person or property or the person or property of a member of his/her immediate family;

- ☐ Appearance in court as a litigant, or as a witness under official order;

- ☐ Adoption of a child;

- ☐ The birth of a child making it necessary for an employee who is the parent of the child to be absent from his/her position during the work hours;

- ☐ Business matters which cannot reasonably be conducted outside the workday.

Employees must request personal necessity leave at least one (1) day in advance, unless an emergency situation occurs. Personal necessity leave is not vacation but rather part of the sick leave policy. Personal necessity leave does not carry over from school year to school year.

INSURANCE BENEFITS

Health Insurance

Full-time employees are entitled to health insurance benefits in accordance with applicable law and the School's health insurance plan. The School will cover one-hundred (**100%**) percent of the premium for employees who chose the HMO option and one-hundred (**100%**) percent of the premium to enroll legal dependents in the same program. The employee's portion of monthly premiums will be deducted from the employee's paycheck for employees who select the PPO selection or a greater amount of insurance coverage. The School may provide the employee a stipend payment at the rate of $150 per month if he

39

or she is enrolled in a separate health insurance benefit program *and declines all employer-sponsored* *health insurance benefits* (i.e. medical, vision, and dental) in writing by no later than within the month of August of each year. MPS will not provide a stipend to employees who will receive or have employer-sponsored health insurance coverage through an actively working spouse of MPS.

After the end of the open enrollment or once the employee selects a plan, employee may not cancel or convert from HMO to PPO or vice versa until the next open enrollment unless there is a qualifying event such as birth of a child, loss of coverage, marital status.

Part-time, and temporary/seasonal employees working less than 30 hours per week are not entitled to health benefits provided by the School. Independent contractors, consultants and leased employees (i.e., those working for an employment agency) are not employees of the School and are not eligible for benefits provided by the School.

If medical insurance premium rates increase, employees may be required to contribute to the cost of increased premiums to retain coverage. Unless otherwise mandated by law, employees on a leave of absence are responsible for selecting continuing health coverage and paying the premium for such coverage. Failure to timely request and pay for such coverage will result in the loss of coverage.

When Coverage Starts

Subject to health insurance carrier approval, employee coverage will begin on the first day of employment or if hired mid-month it will start on the first day of the next month. The employee is responsible for logging into MPS's Human Capital Management System and properly enrolling in any selected plans.

Disability Insurance

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage-replacement insurance plan for California workers. Employees may be eligible for SDI when they are out of work related to an injury, subject to SDI eligibility requirements. The employee must contact SDI for specific rules and regulations relating to SDI eligibility, and the **MERF Human Resources** may be available to assist.

Family Leave Insurance

Employees covered by the SDI may also be covered by the California Paid Family Leave Insurance program. Eligible employees are entitled to receive up to six (6) weeks of wage replacement benefits from the State of California when they suffer a wage loss for taking time off to care for a seriously ill or injured qualifying family member or to bond with a new child within one (1) year of birth or placement of the child with the employee. Specific rules and regulations relating to Family Leave Insurance are available from SDI, and the **MERF Human Resources** may be able to assist.

Life Insurance

40

Employee life insurance is provided by MERF. All full-time employees will be covered upon hire, subject to program eligibility requirements. Employees should contact the Human Resources Department for coverage details.

Workers' Compensation Insurance

Eligible employees are entitled to Workers' Compensation Insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee. See below for a further description of making a claim for Workers' Compensation Insurance benefits.

COBRA Benefits

Continuation of Benefits:

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage – the employee contribution and the School's previous contribution plus a possible administrative charge.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to eighteen (18) months if coverage ends because:

- Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
- Hours of employment are reduced below the amount required to be considered a full-time employee or part-time, making the employee ineligible for the plan.

This eighteen (18)-month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18)-month period also may be extended an additional eighteen (18) months if other events (such as a divorce or death) occur subject to certain requirements.

An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

- The employee dies while covered by the plan;
- The employee and his/her spouse become divorced or legally separated;
- The employee becomes eligible for Medicare coverage, but the employee's spouse has not yet reach age sixty-five (65); or
- The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, spouses and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

MPS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, die, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are

41

responsible for notifying the School within thirty (30) days of the event. MPS will then notify the employee or his/her dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if:
- Premiums for continued coverage are not paid within thirty (30) days of the due date;
- The employee (or his/her spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing condition the employee (or his/her spouse or child, as applicable) may have;
- MPS stops providing group health benefits;
- The employee (or his/her spouse or child) become entitled to Medicare; or
- The employee extended coverage for up to twenty-nine (29)-months due to disability and there has been a final determination that the employee is no longer disabled.

LEAVES OF ABSENCE

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA leave in any twelve (12) month period for the purposes enumerated below. For purposes of this policy, all leave taken under FMLA or CFRA will be referred to as "FMLA leave."

Employee Eligibility Criteria:

To be eligible for FMLA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the FMLA leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of baby-bonding where the threshold is twenty (20) employees).

Events that may Entitle an Employee to FMLA Leave:

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA allowance includes any time taken (with or without pay) for any of the following reasons:

- To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by the School, they will be entitled to a combined total of twelve (12) weeks of leave for this purpose;

- Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by

42

pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy);

a. A "serious health condition" is an illness, injury (including, but not limited to on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or (2) continuing treatment, including, but not limited to, treatment for substance abuse.

b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

☐ To care for a spouse, domestic partner, child, or parent with a serious health condition or military service-related injury. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of FMLA leave in a single twelve (12) month period to provide said care;

☐ For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces;

Amount of FMLA Leave Which May Be Taken:

☐ FMLA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

☐ In addition to the twelve (12) workweeks of FMLA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member shall also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.

☐ The "twelve-month period" in which twelve (12) weeks of FMLA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA leave.

43

☐ If a holiday falls within a week taken as FMLA leave, the week is nevertheless counted as a week of FMLA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA leave entitlement. Similarly, if an employee uses FMLA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA Leave:

☐ An employee on FMLA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA leave, the School and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law

☐ An employee on FMLA leave for child care or to care for a spouse, domestic partner, parent, or child with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA leave.

☐ If an employee has exhausted his/her sick leave, leave taken under FMLA shall be unpaid leave.

☐ The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA leave. Sick pay accrues during any period of unpaid FMLA leave only until the end of the month in which unpaid leave began.

Health Benefits:

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA leave, and these provisions may change from time to time. The health benefits of employees on FMLA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of his/her group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

MPS may recover the health benefit costs paid on behalf of an employee during his/her FMLA leave if:

☐ The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA leave; and

44

☐ The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA leave, or other circumstances beyond the control of the employee.

Seniority:

An employee on FMLA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA leave will return with the same seniority he/she had when the leave commenced. An employee who was absent from work while fulfilling his or her covered service obligation under the Uniformed Services Employment and Reemployment Rights Act (USERRA) shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service.

Medical Certifications:

☐ An employee requesting FMLA leave because of his/her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by the School. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

☐ The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.

☐ If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

☐ Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA Leave:

☐ An employee should request FMLA leave by completing a Request for Leave form and submitting it to **the Principal (or MERF Human Resources for MERF employees)**. An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA leave policy.

☐ Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her spouse, domestic partner, child, or parent. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA leave was an emergency or was otherwise unforeseeable.

45

☐ Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

☐ If FMLA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's spouse, domestic partner, parent or child, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.

☐ If FMLA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

☐ If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.

☐ The School will respond to an FMLA leave request no later than five (5) business days of receiving the request. If an FMLA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

☐ Upon timely return at the expiration of the FMLA leave period, an employee (other than a "key" employee whose reinstatement would cause serious and grievous injury to the School's operations) is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA leave.

☐ When a request for FMLA leave is granted to an employee (other than a "key" employee), the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

☐ Before an employee will be permitted to return from FMLA leave taken because of his/her own serious health condition, the employee must obtain a certification from his/her health care provider that he/she is able to resume work.

☐ If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

46

<u>Limitations on Reinstatement</u>

☐ MPS may refuse to reinstate a "key" employee if the refusal is necessary to prevent substantial and grievous injury to the School's operations. A "key" employee is an exempt salaried employee who is among the highest paid 10% of the School's employees within seventy-five (75) miles of the employee's worksite.

☐ A "key" employee will be advised in writing at the time of a request for, or if earlier, at the time of commencement of, FMLA leave, that he/she qualifies as a "key" employee and the potential consequences with respect to reinstatement and maintenance of health benefits if the School determines that substantial and grievous injury to the School's operations will result if the employee is reinstated from FMLA leave. At the time it determines that refusal is necessary, the School will notify the "key" employee in writing (by certified mail) of its intent to refuse reinstatement and will explain the basis for finding that the employee's reinstatement would cause the School to suffer substantial and grievous injury. If the School realizes after the leave has commenced that refusal of reinstatement is necessary, it will give the employee at least ten (10) days to return to work following the notice of its intent to refuse reinstatement.

<u>Employment during Leave:</u>

No employee, including employees on FMLA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

<u>Employee Eligibility Criteria:</u>

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

<u>Events That May Entitle an Employee to Pregnancy Disability Leave:</u>

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

☐ The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

47

☐ The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave:

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay During Pregnancy Disability Leave:

☐ An employee on pregnancy disability leave must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.

☐ The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

☐ Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

Health Benefits:

MPS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) -month period. MPS can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

☐ The employee fails to return from leave after the designated leave period expires.

☐ The employee's failure to return from leave is for a reason other than the following:

48

- The employee is taking leave under the California Family Rights Act.
- There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
- There is a non-pregnancy related medical condition requiring further leave.
- Any other circumstance beyond the control of the employee.

Seniority:

An employee on pregnancy disability leave remains an employee of the School and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

Medical Certifications:

☐ An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by the School. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

☐ Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

Requesting and Scheduling Pregnancy Disability Leave:

☐ An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Principal (or MERF Human Resources for MERF employees). An employee asking for a Request for Leave form will be referred to the School's then current pregnancy disability leave policy.

☐ Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

☐ Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

☐ Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.

☐ If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an

49

available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

☐ The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

☐ Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

● The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

● There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.
A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

☐ When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).

☐ In accordance with MPS policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.

☐ If the employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

50

Unpaid Leave of Absence

MPS recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums.   Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Funeral/Bereavement Leave

All MPS employees excluding temporary/seasonal employees will be allowed up to **five** (**5**) paid consecutive working days off to arrange and attend the funeral of an immediate family member. For purposes of this policy, an employee's immediate family member includes a parent, spouse, son/daughter, sister/brother, parents-in-law, grandparents, grandchild, sister/brother-in-law, son/daughter-in-law, or domestic partner. Employees should contact the Principal or the Human Resources department to request bereavement leave. All bereavement requests should be in writing to the Principal or Human Resources department.

If any employee requires more than **five (5)** days off for bereavement leave, the employee may request to use accrued sick days, request additional unpaid leave or may request the opportunity to use any accrued vacation time, which may be granted at the discretion of the School. Bereavement pay will not be used in computing overtime pay.

Military and Military Spousal Leave of Absence

MPS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, MPS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a

51

certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

MPS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Advance notice of leave is required. Please inform **the Principal (or MERF Human Resources for MERF employees)** of anticipated military leave time as far in advance as possible. Accrued vacation will be paid during military leave at the employees request and health plan coverage continuance can be arranged for up to twenty-four (24) months during military leave if required premium payments are made by the employee. As with other leaves of absence, failure to return to work or to reapply within applicable time limits may result in termination of employment.

Drug and Alcohol Rehabilitation Leave

The School will reasonably accommodate an employee who voluntarily enters and participates in an alcohol or drug rehabilitation program, including potentially providing unpaid leave to participate in the program. The School will not pay for the costs incurred in attending a rehabilitation program. An employee who wishes to identify him or herself as an individual in need of the assistance of an alcohol or drug rehabilitation program may contact **MERF Human Resources.** The School will take all reasonable steps necessary to maintain the employee's privacy in this situation. The employee may use accrued sick leave or accrued vacation time, if any, during requested leave.

Nothing in this policy shall prohibit the School from refusing to hire or discharge an employee who, because of his or her current use of alcohol or drugs, is unable to perform his/her duties or cannot perform the duties in a manner that would not endanger his/her health or safety or the health or safety of others.

Time Off for Adult Literacy Programs

The School will reasonably accommodate and assist any employee who reveals a problem of illiteracy and requests employer assistance in enrolling in an adult literacy education program. Employees will be required to bear the cost associated with enrollment in an adult literacy education program, but the

52

School will assist the employee by providing the locations of local literacy education programs. The School may also arrange for a literacy education provider to visit the School.

An employee who wishes to reveal a problem of illiteracy and request School assistance should contact **MERF Human Resources**. The School will take all reasonable steps to safeguard the employee's privacy. Nonexempt employees may use accrued vacation pay if available to make up for the work that is missed to attend literacy classes.

School Appearance and Activities Leave

As required by law, MPS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per child per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care.   If more than one (1) parent or guardian is an employee of MPS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Time Off to Serve as Election Official

Any employee who serves as an election official is eligible for unpaid leave on election day for purposes of service. Employees must notify **the Principal (or MERF Human Resources for MERF employees)** of their commitment to act as an election official as far in advance as possible.

Time Off for Jury and Witness Duty

The School will provide employees unpaid leave to serve as required by law, on a jury or grand jury if the employee provides reasonable advance notice. The School will also provide employees unpaid leave to appear in court or other judicial proceeding as a witness, as permitted by law, to comply with a valid subpoena or other court order. The employee must notify **the Principal (or MERF Human Resources for MERF employees)** of their commitment to serve on a jury or as a witness as far in advance as possible.

Victims of Abuse Leave

MPS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, or stalking. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or

53

children. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide MPS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide MERF Human Resources one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, MPS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact **MERF Human Resources**.

Time Off for Volunteer Firefighters

Employees who perform emergency duties as volunteer firefighters, reserve peace officers or emergency rescue personnel will be given reasonable time off from work in accordance with the law. Employees are requested to alert **the Principal (or MERF Human Resources for MERF employees)** of their status as volunteer firefighters, reserve peace officers or emergency rescue personnel so that the School will have advanced notice of the employee's potential need to leave the School in the event of an emergency. Any time an employee must perform emergency duties, he/she must notify **the Principal (or MERF Human Resources for MERF employees)** before leaving the School's premises.

Time Off for Voting

Employees who do not have sufficient time outside of their regular working hours to vote in a statewide election may request time off to vote. If possible, employees should make their request at least two days in advance of the election. Up to two (2) hours of paid time off will be provided, at the beginning or the end of the employee's regular shift, whichever will allow the most free time for voting and the least time off work. Please contact **the Principal (or MERF Human Resources for MERF employees)** to request and schedule time off to vote.

Industrial Injury Leave (Workers' Compensation)

54

MPS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

• Medical care;
• Cash benefits, tax-free to replace lost wages; and
• Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure the employee receives any worker's compensation benefits to which they may be entitled, employees will need to:

• Immediately report any work-related injury to the Principal;
• Seek medical treatment and follow-up care if required;
• Complete a written Employee's Claim Form (DWC Form 1) and return it to the Principal; and
• Provide the School with a certification from a health care provider regarding the need for workers' compensation disability leave as well as the employee's eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. MPS, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to the School's operation.

• If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.
• All accidents and injuries must be reported to the Principal and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to the School's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
• When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.
• Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Employees that are temporarily totally disabled due to a work-related illness or injury will be placed on workers' compensation leave. The duration of your leave will depend upon the rate of your recovery and the business needs of the School. Workers' compensation leave will run concurrently with any other applicable medical leave of absence.

Bone Marrow and Organ Donor Leave

55

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to thirty (30) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

An employee must first use five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Returning from Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give **the Principal (or MERF Human Resources for MERF employees)** thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from a leave, the School will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should consult **MERF Human Resources.**

All non-credentialed employees also contribute to Social Security.

MPS Home Office Staff Members

Home Office staff members may be eligible to participate in the Public Employees' Retirement System (PERS), the State Teachers' Retirement System (STRS) or 401(K) Retirement Plan.

Oversight of Benefits

The HR Department and the Finance Department at the MPS Home Office are responsible for monitoring the appropriate administration of benefits and ensuring appropriate arrangements for retirement coverage are made for all employees. MERF will make any contribution that is legally required of the employer, including STRS, PERS, Social Security, workers' compensation, and other payroll obligations.

All withholdings from employees and the MERF will be forwarded to the STRS and PERS funds as required. Employees will accumulate service credit years in the same manner as all other members of STRS and PERS. MERF will submit all retirement data and will comply with all policies and procedures for payroll reporting. MERF assures that it will provide retirement information in a format required by the Counties.

EMPLOYMENT EVALUATION AND SEPARATION

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by **his or her direct supervisor.** MERF may utilize secure online staff evaluation platform to evaluate staff performances. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties or recurring performance problems.

Your performance evaluations may review factors such as the quality and quantity of the work you perform, your knowledge of the job, your initiative, your work attitude, and your attitude toward others. The performance evaluations are intended to make you aware of your progress, areas for improvement and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions or retention of your job. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, you will be required to sign the evaluation report simply to acknowledge that is has been presented to you, that you have discussed it with **your direct supervisor**, and that you are aware of its contents. You can also acknowledge receipt of staff performance evaluation through and online platform provided by MERF. The evaluation system or any failure to evaluate an employee in no way alters the at-will employment relationship.

57

Newly hired employees may have their performance goals reviewed by **your direct supervisor** within the first **ninety (90)** days of employment.

Discipline and Involuntary Termination

Violation of the School's policies and rules may warrant disciplinary action, which may take multiple forms, including verbal warnings, written warnings, suspensions and/or termination. The School's disciplinary system is informal and the School may, in its sole discretion, utilize any form of discipline it deems appropriate under the circumstances, up to and including termination of employment upon the first offense.

The disciplinary process will be determined by the School in light of the facts and circumstances of each case. Each situation will be considered in light of a variety of factors including, but not limited to, the seriousness of the situation, the employee's past conduct and length of service, and the nature of the employee's previous performance or incidents involving the employee. These policies apply to all employees of the School and apply to all job-related activities of such employees.

Violations of the Employee Handbook, employment agreement, MPS charter, or applicable law are all independently and collectively considered misconduct and will result in disciplinary action up to and including release from at-will employment.

Voluntary Termination

Except if stated expressly otherwise by employment contract, either the employee or the School may terminate the at-will employment relationship at any time, with or without notice and with or without cause. While it is not required, the School requests that at-will employees electing to resign give as much advance notice as possible (preferably two weeks) to allow the School to plan for your departure.

An exit interview may be scheduled on the last day of work with **your direct supervisor**. The purposes of the exit interview is to review eligibility for benefit conversion, to ensure that all necessary forms are completed, to collect any School property (including keys, equipment, documents and records) that may be in the employee's possession, to review the employee's obligations regarding confidential information, and to provide the employee with the opportunity to make any constructive comments and suggestions on improving the working environment at the School. The School appreciates receiving candid opinions of the employee's employment.

Pay at Time of Separation

Employees separated from employment will be paid for time worked according to applicable laws. For full-time employees who are employed for less than a full pay period in their last month, salary payments are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

The School will buy back all unused sick leave days from employees at the rate of $150 per day or at the employee's current rate of pay, whichever is lower. Employees must work for the School for at least thirty (30) days before they may be eligible to receive their accrued, unused paid sick leave paid out upon job separation. Employees who are terminated based on misconduct or unprofessionalism, or who

58

resign under suspicion of misconduct or unprofessionalism, are not eligible to have paid sick leave paid to them upon their separation from the School.

Pay for earned but unused vacation time will be provided to full-time employees at time of separation at the employee's current rate of pay.

Final pay, including pay for any earned but unused sick leave days and vacation time, and if applicable, pay for summer holdback for full-time teaching staff, will be provided in accordance with applicable law. Only employees who are not terminated for misconduct or other related conduct are eligible to be paid for sick leave under the policy.

References

All requests for references and employment verifications must be promptly directed to the employee's **direct supervisor**. When contacted for a reference or employment verification, the School will only provide information concerning dates of employment, the title of the last position held and length of service. The School may be required to disclose when an employee has been reported to the CTC for allegations of misconduct. Other employees may not provide any employment verifications or provide a professional reference on behalf of the School for another employee.

INTERNAL COMPLAINT REVIEW & OPEN DOOR

Open Door Policy

The School wishes to provide the most positive and productive work environment possible. To that end, it has an open door policy where it welcomes employee questions, suggestions or complaints relating to work, conditions of employment, the School or the treatment of employees. Other than in situations involving harassment (as outlined and described above), the employee must contact **the Principal (or MERF Human Resources for MERF employees)** with questions or concerns. If the situation is not satisfactorily resolved, the employee should contact **MERF Human Resources,** preferably in writing, who may further review the issue.

Internal Complaint Review

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to **the CEO** or **Board of Directors** to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints:
(Complaints by Employees against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

59

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the employee's **direct supervisor**. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by **the Principal (or the CEO (or designee) for MERF employees):**

☐ The complainant will bring the matter to the attention of **the Principal (or the CEO (or designee) for MERF employees)** as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and

☐ The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. **The Principal (or the CEO for MERF employees) (or designee)** will then investigate the facts and provide a solution or explanation;

☐ If the complaint is about the Principal**,** the complainant may file his or her complaint in a signed writing to the **CEO (or designee.) The CEO (or designee)** will then investigate the facts and provide a solution or explanation;

☐ If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to **the President of the School's Board of Directors**, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. **The Board President or investigator** will report his or her findings to the Board for review and action, if necessary.

Policy for Complaints Against Employees:
(Complaints by Third Parties against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of **the Principal or the CEO** (if the complaint concerns the Principal) or **the Board President** (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, **the Principal (or the CEO (or the Board President)) (or designee)** shall abide by the following process:

☐ **The Principal (or the CEO) (or designee)** shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.

☐ In the event that **the Principal (or the CEO) (or designee)** finds that a complaint against an employee is valid, **the Principal (or the CEO) (or designee)** may take appropriate disciplinary action against the employee. As appropriate, **the Principal (or the CEO) (or designee)** may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.

☐ **The Principal's (or the CEO's) (or designee's)** decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

General Requirements:

60

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MERF employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

MPS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.

INTRODUCTION

This Handbook summarizes the Magnolia Public Schools' (hereinafter referred to as "MPS" or "School") personnel policies applicable to all employees. Please review these policies carefully. If you have any questions about the policies outlined in this Handbook, or if you have any other personnel related questions, whether related to policies specifically addressed in this Handbook, please consult **MPS Home Office ("MERF") Human Resources**.

This Handbook is intended only as a guide to the School's personnel policies, outlining and highlighting those policies and practices. It is not, therefore, intended to create any expectations of continued employment, or an employment contract, express or implied. This Handbook supersedes any previously issued handbooks, policies, benefit statements and/or memoranda, whether written or verbal, including those that are inconsistent with the policies described herein.

With the exception of the at-will employment status of its employees, the School reserves the right to alter, modify, amend, delete and/or supplement any employment policy or practice (including, but not limited to, areas involving hiring policies and procedures, general work place policies, hours of work, overtime and attendance, standards of conduct, employee benefits, employment evaluation and separation) with or without notice to you. Only **the Chief Executive Officer ("CEO") of MPS**, with the express written approval of the Board of Directors, may alter the at-will employment status of any of its employees.

Once you have reviewed this Handbook, please e-sign the employee acknowledgement form **in the Paycom Employee Self Service Portal.** This signed acknowledgement demonstrates to the School that you have read, understand and agree to comply with the policies outlined in the Handbook.

CONDITIONS OF EMPLOYMENT

Equal Employment Opportunity Policy

MPS is an equal opportunity employer. It is the policy of the School to afford equal employment and advancement opportunity to all qualified individuals without regard to:

- Race;
- Color;
- Gender (including gender identity, gender expression, and transgender identity, whether or not the employee is transitioning or has transitioned);
- Sex (including pregnancy, childbirth, breastfeeding, and medical conditions related to such);
- Religious creed (including religious dress and grooming practices);
- Marital/registered domestic partner status;
- Age (forty (40) and over);
- National origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law);
- Physical or mental disability (including HIV and AIDS);
- Medical condition (including cancer and genetic characteristics);
- Taking of a leave of absence pursuant to the Family Medical Leave Act ("FMLA"), Pregnancy Disability Leave ("PDL") law, Americans with Disabilities Act ("ADA"), California Family Rights Act ("CFRA"), or the Fair Employment and Housing Act ("FEHA"), or laws related to domestic violence, sexual assault and stalking;
- Genetic information;
- Sexual orientation;
- Military and veteran status; or
- Any other consideration made unlawful by federal, state, or local laws.

This policy extends to all job applicants and employees and to all aspects of the employment relationship, including the hiring of new employees and the training, transfer, promotion, discipline, termination, compensation and benefits of existing employees.

To comply with applicable laws ensuring equal employment opportunities to qualified individuals with a disability, the School will make reasonable accommodations for the known physical or mental limitations of an otherwise qualified individual with a disability who is an applicant or an employee unless undue hardship would result.

Any applicant or employee who requires an accommodation in order to perform the essential functions of the job should contact a School representative with day-to-day personnel responsibilities and request such an accommodation. The individual with the disability should specify what accommodation he or she needs to perform the job, or if unknown, what job duties the disability impairs. MPS will then conduct an investigation to identify the barriers that interfere with the equal opportunity of the applicant or employee to perform the job. MPS will identify possible accommodations, if any, that will help eliminate the limitation. If the accommodation is reasonable and will not impose an undue hardship, the School will make the accommodation.

At-Will Employment

Except if stated expressly otherwise by employment contract, it is the policy of the School that all employees are considered "at-will" employees of the School. Accordingly, either the School or the employee can terminate this relationship at any time, for any reason, with or without cause, and with or without advance notice.

Nothing contained in this Handbook, employment applications, School memoranda or

2

other materials provided to employees in connection with their employment shall require the School to have "cause" to terminate an employee or otherwise restrict the School's right to release an employee from their at-will employment with the School. Statements of specific grounds for termination set forth in this Handbook or elsewhere are not all-inclusive and are not intended to restrict the School's right to terminate at-will. No School representative, other than the Board of Directors or its designee, is authorized to modify this policy for any employee or to make any representations to employees or applicants concerning the terms or conditions of employment with the School that are not consistent with the School's policy regarding "at-will" employment.

This policy shall not be modified by any statements contained in this Handbook or employee applications, School memoranda, or any other materials provided to employees in connection with their employment. Further, none of those documents whether singly or combined, or any employment practices shall create an express or implied contract of employment for a definite period, nor an express or implied contract concerning any terms or conditions of employment.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School

counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services.

MPS will provide annual training on the mandated reporting requirements, via Charter Safe, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both that imprisonment and fine.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Handbook, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Criminal Background Checks

As required by law, all individuals working or volunteering at the School will be required to submit to a criminal background investigation. No condition or activity will be permitted that may compromise the School's commitment to the safety and the well-being of students taking precedence over all other considerations. Conditions that preclude working at the School include conviction of a controlled substance or sex offense, or a serious or violent felony. Additionally, should an employee, during his/her employment with the School, be convicted of a controlled substance or sex offense, or serious or violent felony, the employee must immediately report such a conviction to the Principal.

Tuberculosis Testing

3

All employees of the School must submit written proof from a physician of a risk assessment examination for tuberculosis (TB) within the last sixty (60) days prior to the date of hire. If TB risk factors are identified, a physician must conduct an examination to determine whether the employee is free of infectious TB. The examination for TB consists of an approved TB test, which, if positive will be followed by an x-ray of the lungs, or in the absence of skin testing, an x-ray of the lungs. All employees will be required to undergo TB risk assessments and, if risk factors are found, the examination at least once every four (4) years. Volunteers may be required to undergo a TB examination as necessary.

Food handlers may be required to have annual TB exams. Documentation of employee and volunteer compliance with TB risk assessments and examinations will be kept on file in the office. This requirement also includes contract food handlers, substitute teachers, and student teachers serving under the supervision of an educator. Any entity providing student services to the School will be contractually required to ensure that all contract workers have had TB testing that shows them to be free of active TB prior to conducting work with School students.

The employee will not be required to submit to a TB exam if the employee can produce a current certificate showing they were found free of infectious tuberculosis within sixty (60) days of initial hire, or a California school previously employing the employee verifies it has a current certificate on file showing that the employee is free from infectious tuberculosis. The examination for applicants for employment is a condition of initial employment. Therefore, the expense incident thereto shall be borne by the applicant. The cost of the examination required of existing employees shall be a reimbursable expense. Employees should follow the School's reimbursement procedures.

The County Health Department may provide skin testing to employees at regular intervals at no cost to the employee. The availability of this testing may be announced by the School. Failure to maintain current TB test results may result in disciplinary action, up to and including release from at-will employment.

Immigration Compliance

MPS will comply with applicable immigration law, including the Immigration Reform and Control Act of 1986 and the Immigration Act of 1990. As a condition of employment, every individual must provide satisfactory evidence of his or her identity and legal authority to work in the United States. However, MPS will not check the employment authorization status of current employees or applicants who were not offered positions with the School unless required to do so by law.

The School shall not discharge an employee or in any manner discriminate, retaliate, or take any adverse action (*e.g.*, threatening to report the suspected citizenship or immigration status of an employee or a member of the employee's family) against any employee or applicant for employment because the employee or applicant exercised a right protected under applicable law. Further, the School shall not discriminate against any individual because he or she holds or presents a driver's license issued per Vehicle Code § 12801.9 to persons who have not established their federally-authorized presence in the United States. Finally, in compliance with the Immigrant Worker Protection Act, the School shall not allow a federal immigration enforcement agent to enter any nonpublic areas of the School without a judicial warrant, or voluntarily give consent to an agent to access, review or obtain employee records without a subpoena or judicial warrant.

If you have any questions or need more information on immigration compliance issues, please contact the Principal.

Professional Boundaries: Staff/Student Interaction Policy

4

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment:

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):
  ➢ Stopping a student from fighting with another student;
  ➢ Preventing a pupil from committing an act of vandalism;
  ➢ Defending yourself from physical injury or assault by a student;
  ➢ Forcing a pupil to give up a weapon or dangerous object;
  ➢ Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
  ➢ Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):
  ➢ Hitting, shoving, pushing, or physically restraining a student as a means of control;
  ➢ Making unruly students do push-ups, run

laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
  ➢ Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior:

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries

5

will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy):
➢ Giving gifts to an individual student that are of a personal and intimate nature;
➢ Kissing of any kind;
➢ Any type of unnecessary physical contact with a student in a private situation;
➢ Intentionally being alone with a student away from the school;
➢ Making or participating in sexually inappropriate comments;
➢ Sexual jokes;
➢ Seeking emotional involvement with a student for your benefit;
➢ Listening to or telling stories that are

sexually oriented;
➢ Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
➢ Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:
(These behaviors should only be exercised when a staff member has parent and supervisor permission.)
➢ Giving students a ride to/from school or school activities;
➢ Being alone in a room with a student at school with the door closed;
➢ Allowing students in your home.

Cautionary Staff/Student Behaviors:

Relationships between Employees

While the School's policies do not permit discrimination based on an individual's marital status, the individual's relations to another School employee or his or her lawful off duty conduct, some situations can create conflicts of interest requiring the School to take the employee's relationship with another employee into account.

An employee should not be in a supervisory role with another employee who is a relative (i.e., sibling, parent, spouse, domestic partner, etc.). Supervisors should avoid situations that result in actual or perceived conflicts of interest with supervised employees and situations of favoritism.

A supervisor should avoid forming special social relationships or dating employees under his or her direct supervision, or with other employees that would create actual or perceived conflicts of interest and situations of favoritism. If such relationship arises, both employees should notify the School so that appropriate measures can be taken to prevent conflicts of interest or favoritism.

The School reserves the right to take appropriate action if employee relationships interfere with the safety, morale or security of the School, or if the relationships create an actual or perceived conflict of interest or favoritism.

Certification and Licensure of Instructional Staff

All teachers are required to hold a current California Commission on Teacher Credentialing certificate, permit or other document equivalent to that which a teacher in other public schools would be required to hold. MPS complies with all requirements of the authorizers regarding the certification and licensure of instructional staff. Paraprofessional staff may also be required to provide documentation proving that they meet the requirements for paraprofessional staff. It is the responsibility and a condition of continued employment of all instructional staff, including teachers and paraprofessionals to provide, maintain and keep current such certificates, permits or other documentation to **his or her direct supervisor** no later than the close of business prior to the first day the employee reports for duty. If an instructional staff

7

employee believes that he or she is assigned to teach in a subject in which he or she does not have subject matter competence, the employee should immediately report the same to **his or her direct supervisor**. Staff who are required to meet these state and federal certification, expertise, and related requirements must timely maintain such qualifications as a condition of employment at the School. Failure to maintain the appropriate credential/ certification required of the position may result in disciplinary action, up to and including release from at-will employment.

Policy Prohibiting Unlawful Harassment, Discrimination and Retaliation

MPS is committed to providing a work and educational atmosphere that is free of unlawful harassment, discrimination, and retaliation. MPS's policy prohibits unlawful harassment, discrimination, and retaliation based upon: race; color; gender (including gender identity, gender expression, and gender identity, whether or not the employee is transitioning or has transitioned); sex (including pregnancy, childbirth, breastfeeding, and related medical conditions); religious creed (including religious dress and grooming practices); marital/registered domestic partner status; age (forty (40) and over); national origin or ancestry (including native language spoken and possession of a driver's license issued to persons unable to prove their presence in the U.S. is authorized by federal law); physical or mental disability (including HIV and AIDS); medical condition (including cancer and genetic characteristics); taking a leave of absence authorized by law; genetic information; sexual orientation; military and veteran status; or any other consideration made unlawful by federal, state, or local laws.

Employees, volunteers, unpaid interns, individuals in apprenticeship programs, and independent contractors shall not be harassed, or discriminated or retaliated against, based upon the characteristics noted above.

MPS does not condone and will not tolerate

unlawful harassment, discrimination, or retaliation on the part of any employee (including supervisors and managers) or third party (including independent contractors or other person with which the School does business). Supervisors and managers are to report any complaints of unlawful harassment to the Principal or designee.

When MPS receives allegations of unlawful harassment, discrimination, or retaliation, the Board (if a complaint is about the CEO) or the MERF Human Resources or designee will conduct a fair, timely and thorough investigation that provides all parties an appropriate process and reaches reasonable conclusions based on the evidence collected. The investigation will be handled in as confidential a manner as possible, although complete confidentiality cannot be guaranteed. Complainants and witnesses shall not be subject to retaliation for making complaints in good faith or participating in an investigation. MPS is committed to remediating any instances where investigation findings demonstrate unlawful harassment, discrimination, or retaliation has occurred.

Prohibited Unlawful Harassment

- Verbal conduct such as epithets, derogatory jokes or comments or slurs;
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement, or interfering with work because of sex, race or any other protected basis;
- Retaliation for reporting or threatening to report harassment; or
- Disparate treatment based on any of the protected classes above.

Prohibited Unlawful Sexual Harassment

MPS is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee. All new

8

employees are assigned sexual harassment training prior to the start of the school year. All current employees receive sexual harassment training every two (2) years.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when: (1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment; (2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive sexual harassment, discrimination, and retaliation training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. Such training will address all legally required topics, including information about the negative effects that abusive conduct has on both the victim of the conduct and others in the workplace, as well as methods to prevent abusive conduct undertaken with malice a reasonable person would find hostile, offensive, and unrelated to an employer's legitimate business interests. Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment training and/or

instruction concerning sexual harassment in the workplace as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Principal and/or MERF Human Resources. See **Appendix A** for the "Harassment/Discrimination/Retaliation Complaint Form." See **Appendix B** for the general "Internal Complaint Form."

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:

  o Rape, sexual battery, molestation or attempts to commit these assaults and

  o Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

- Unwanted sexual advances, propositions or other sexual comments, such as:

  o Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.

  o Preferential treatment or promises of preferential treatment to an employee for submitting to sexual conduct, including soliciting or

9

attempting to solicit any employee to engage in sexual activity for compensation or reward or disparate treatment for rejecting sexual conduct.

    o Subjecting or threats of subjecting an employee to unwelcome sexual attention or conduct or intentionally making performance of the employee's job more difficult because of the employee's sex.

- Sexual or discriminatory displays or publications anywhere at the workplace by employees, such as:

    o Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing to work or possessing any such material to read, display or view at work;

    o Reading publicly or otherwise publicizing in the work environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic; and

    o Displaying signs or other materials purporting to segregate an employee by sex in an area of the workplace (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory

responsibilities. As such, consensual relationships in the workplace may violate MPS policy.

Whistleblower Policy

MPS requires its directors, officers, employees, and volunteers to observe high standards of ethics in the conduct of their duties and responsibilities within the School. As representatives of the School, such individuals must practice honesty and integrity in fulfilling all responsibilities and must comply with all applicable laws and regulations. The purpose of this policy is to create an ethical and open work environment, to ensure that the School has a governance and accountability structure that supports its mission, and to encourage and enable directors, officers, employees, and volunteers of the School to raise serious concerns about the occurrence of illegal or unethical actions within the School before turning to outside parties for resolution.

All directors, officers, employees, and volunteers of the School have a responsibility to report any action or suspected action taken within the School that is illegal, unethical or violates any adopted policy of the School, or local rule or regulation. Anyone reporting a violation must act in good faith, without malice to the School or any individual at the School and have reasonable grounds for believing that the information shared in the report indicates that a violation has occurred. A person who makes a report does not have to prove that a violation has occurred. However, any report which the reporter has made maliciously or any report which the reporter has good reason to believe is false will be viewed as a serious disciplinary offense. No one who in good faith reports a violation, or who, in good faith, cooperates in the investigation of a violation shall suffer harassment, retaliation, or adverse employment action. Further, no one who in good faith discloses, who may disclose, or who the School believes disclosed or may disclose, information regarding alleged violations to a person with authority over the employee or another employee

10

who had responsibility for investigating, discovering or correcting the purported violation shall suffer harassment, retaliation, or adverse employment action.

Drug- and Alcohol-Free Workplace

MPS is committed to providing a drug and alcohol-free workplace and to promoting safety in the workplace, employee health and well-being, customer confidence and a work environment that is conducive to attaining high work standards. The use of drugs and alcohol by employees, whether on or off the job, jeopardizes these goals, since it adversely affects health and safety, security, productivity, and public confidence and trust. Drug or alcohol use in the workplace or during the performance of job duties is extremely harmful to workers and to other MPS stakeholders.

The bringing to the work place, possession or use of intoxicating beverages or drugs on any School premises or during the performance of work duties is prohibited and will result in disciplinary action up to and including termination.

Confidential Information

All information relating to students, including schools attended, addresses, contact numbers and progress information is confidential in nature, and may not be shared with or distributed to unauthorized parties. All records concerning special education pupils shall be kept strictly confidential and maintained in separate files. Failure to maintain confidentiality may result in disciplinary action, up to and including release from at-will employment.

Conflict of Interest

All employees must avoid situations involving actual or potential conflict of interest. An employee involved in any relationships or situations that he or she believes may constitute a conflict of interest, should immediately and fully disclose the relevant circumstances to his or her

immediate supervisor, or any other appropriate supervisor, for a determination about whether a potential or actual conflict exists. If an actual or potential conflict is determined, the School may take whatever corrective action appears appropriate according to the circumstances. Failure to disclose facts related to a potential or actual conflict of interest shall constitute grounds for disciplinary action.

Smoking

All School buildings and facilities are non-smoking facilities.

11

GENERAL WORKPLACE POLICIES

Workplace Violence

The School takes the safety and security of its employees seriously. The School does not tolerate acts or threats of physical violence, including but not limited to intimidation, harassment and/or coercion, that involve or affect the School or that occur, or are likely to occur, on School property. You should report any act or threat of violence immediately to **the Principal (or MERF Human Resources)**.

Health, Safety and Security Policies

The School is committed to providing and maintaining a healthy and safe work environment for all employees. Accordingly, the School has instituted an Injury and Illness Prevention Program designed to protect the health and safety of all personnel. Every employee will receive a copy of the Injury and Illness Prevention Program, which is kept by **the Principal** and is available for your review.

You are required to know and comply with the School's general safety rules and to follow safe and healthy work practices at all times. You are required to immediately report to your supervisor any potential health or safety hazards and all injuries or accidents.

In compliance with Proposition 65, the School will inform all employees of any known exposure to a chemical known to cause cancer or reproductive toxicity.

Security Protocols

MPS has developed guidelines to help maintain a secure workplace. Be aware of unknown persons loitering in parking areas, walkways, entrances and exits and service areas. Report any suspicious persons or activities to **the Principal (or MERF Human Resources for MERF employees)**. Employee desk or office should be secured at the end of the day. When an employee is called away from his or her work area for an extended length of time, valuable or personal articles should not be left around a work station that may be accessible. The security of facilities as well as the welfare of employees depends upon the alertness and sensitivity of every individual to potential security risks. Employees should immediately notify **the Principal (or MERF Human Resources for MERF employees)** when keys are missing or if security access codes or passes have been breached.

Occupational Safety

MPS is committed to the safety of its employees, vendors, contractors and the public and to providing a clear safety goal for management.

The prevention of accidents is the responsibility of every School supervisor. It is also the duty of all employees to accept and promote the established safety regulations and procedures. Every effort will be made to provide adequate safety training. If an employee is ever in doubt how to perform a job or task safely, assistance should be requested. Unsafe conditions must be reported immediately.

It is the policy of the School that accident prevention shall be considered of primary importance in all phases of operation and administration. MPS' management is required to provide safe and healthy working conditions for all employees and to establish and require the use of safe practices at all times.

Failure to comply with or enforce School safety and health rules, practices and procedures could result in disciplinary action up to and including possible termination.

Accident/Incident Reporting

It is the duty of every employee to immediately or as soon as is practical report any accident or injury occurring during work or on School premises so that arrangements can be made for medical or first aid treatment, as well as for investigation and follow-up purposes.

12

Reporting Fires and Emergencies

It is the duty of every employee to know how to report fires and other emergencies quickly and accurately. Employees should report any such emergency by calling management. In addition, all employees should know the local emergency numbers such as 911.

School Property Inspections

The School is committed to providing a work environment that is safe and free of illegal drugs, alcohol, firearms, explosives and other improper materials. Additionally, the School provides property and facilities to its employees to carry out business on behalf of the School. Accordingly, employees do not have a reasonable expectation of privacy when using any School property or facilities. In accordance with these policies, all School facilities and property, including all items contained therein, may be inspected by the School at any time, with or without prior notice to the employee. School property includes all desks, storage areas, work stations, lockers, file cabinets, computers, telephone systems, email systems and other storage devices.

The School reserves the right to deny entry to any person who refuses to cooperate with any inspections by the School. Any employee who fails to cooperate with inspections may be subject to disciplinary action, up to and including dismissal.

Soliciting/Conducting Personal Business While on Duty

Employees are not permitted to conduct personal business or solicit personal business for any cause or organization while on-duty, or when the employee being solicited is supposed to be working. This prohibition includes distributing literature and other material. Distribution of materials is also against the School's policy if it interferes with access to facility premises, if it results in litter or is conducted in areas where

other employees are working. Solicitation during non-work time, e.g., paid breaks, lunch periods or other such non-work periods, is permissible. Entry on the School premises by non-employees is not permitted, unless related to official School business. Solicitation or distribution of written materials by non-employees is strictly prohibited.

Use of School Communication Equipment and Technology

All School owned communications equipment and technology, including computers, electronic mail systems, voicemail systems, internet access, software, telephone systems, document transmission systems and handheld data processing systems remain the property of the School and are provided to the employee to carry out business on behalf of the School, unless previously authorized for non-business use. Employees have no expectation of privacy in any communications made using School owned equipment and technology. Communications (including any attached message or data) made using School owned communications equipment and technology are subject to review, inspection and monitoring by the School.

Employees should not use personal devices or email accounts for MPS-related communications. Such communications should only take place using MPS-issued devices and via the employee's MPS email account.

Additionally, the School uses technology protection measures that protect against Internet access (by both minors and adults) to visual depictions that are obscene, child pornography and/or with respect to use by minors, images harmful to minors. These measures may include, but are not limited to, installing a blocking system to block specific internet sites, setting Internet browsers to block access to adult sites, using a filtering system that will filter all Internet traffic and report potential instances of misuse and using a spam filter.

13

Passwords used in connection with the School's communications equipment and technology are intended to restrict unauthorized use only, not to restrict access of authorized School employees. Therefore, employees are required to provide to **the I.T. Coordinator** all passwords used in connection with the School's communications equipment and technology any time the employee's passwords are created or change. In addition, employees are required to safeguard their passwords to limit unauthorized use of computers by minors in accordance with the Student Internet Use Policy and Agreement. Employees that do not safeguard their passwords from unauthorized student use, or that allow a student to access computers in violation of the Student Internet Use Policy and Agreement, will be subject to discipline, up to and including termination.

Internet use is for business purposes only. All employees using the internet through the School's communications equipment and technology must respect all copyright laws. Employees are not permitted to copy, retrieve, modify or forward copyrighted materials unless authorized by law or with express written permission of the owner of the copyright. Employees are not permitted to use the School's communications equipment and technology to view visual images that are obscene, child pornography and/or images harmful to minors.

The email system and internet access are not to be used in any way that may be disruptive, harassing or offensive to others, illegal or harmful to morale. For example, sexually explicit images, ethnic slurs, racial epithets or anything else that may be construed as harassment or disparagement of others based on their race, national origin, gender, sexual orientation, age, religious beliefs or political beliefs may not be displayed or transmitted. The e-mail system and internet access are not to be used in any manner that is against the policies of the School, contrary to the best interest of the School or for personal gain or profit of the employee against the interests of the School. Employees must not use the School's

communications equipment and technology for the unauthorized disclosure, use and dissemination of personal information regarding students.

Social Media

If an employee decides to post information on the Internet (i.e., blog, Facebook, Instagram, Twitter, etc.) that discusses any aspect of his/her workplace activities, the following restrictions apply:

- ➢ School equipment, including its computers and electronics systems, may not be used for these purposes;
- ➢ Student and employee confidentiality policies must be adhered to;
- ➢ Employees must make clear that the views expressed in their blogs are their own and not those of the School;
- ➢ Employees may not use the School's logos, trademarks and/or copyrighted material and are not authorized to speak on the School's behalf;
- ➢ Employees are not authorized to publish any confidential information maintained by the School;
- ➢ Employees are prohibited from making discriminatory, defamatory, libelous or slanderous comments when discussing the School, the employee's supervisors, co-workers and competitors;
- ➢ Employees must comply with all School policies, including, but not limited to, rules against sexual harassment and retaliation.

The School reserves the right to take disciplinary action against any employee whose blog violates this or other School policies.

Participation in Recreational or Social Activities

Employees may participate in activities sponsored by or supported by the School. Participation in such activities is strictly voluntary. As such, employees have no

14

obligation to participate in recreational or social activities and no employee has work-related duties requiring such participation. An employee's participation in social and recreational activities is at the employee's own risk and the School disclaims any and all liability arising out of the employee's participation in these activities.

Personnel Files and Record Keeping Protocols

At the time of employment, a personnel file is established for each employee. It is each employee's responsibility to keep **the Principal (or MERF Human Resources for MERF employees)** advised of changes that should be reflected in their personnel file by making the changes in the Paycom Employee Self Service Portal. Such changes include: change in name, address, telephone number, marital status, number of dependents and person(s) to notify in case of emergency. Prompt notification of these changes is essential and will enable the School to contact an employee should the change affect their other records.

Employees have the right to inspect documents in their personnel file, as provided by law, in the presence of a School representative, at a mutually convenient time. Employees also have the right to obtain a copy of their personnel file as provided by law. Employees may add comments to any disputed item in the file. MPS will restrict disclosure of personnel files to authorized individuals within the School. A request for information contained in the personnel file must be directed to **the Principal (or MERF Human Resources for MERF employees)**. Only **the Principal and MERF Human Resources** or designee is authorized to release information about current or former employees. Disclosure of information to outside sources will be limited. However, the School will cooperate with requests from authorized law enforcement or local, state or federal agencies conducting official investigations or as otherwise legally required. Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

Intellectual Property Rights

Any intellectual property, such as trademarks, copyrights and patents, and any work created by an employee in the course of employment at the School shall be the property of the School and the employee is deemed to have waived all rights in favor of the School. Work, for the purpose of this policy refers to written, creative or media work. All source material used in presentation or written documents must be acknowledged.

Media Contacts

All media inquiries regarding the School and its operations must be referred to the **CEO**. Only the **CEO** is authorized to make or approve public statements pertaining to the School or its operations, although, public employees do not lose the right to speak on matters of public importance. No employee, unless specifically designated by the **CEO**, is authorized to make statements to the media on behalf of the School. Any employee who would like to write and/or publish an article, paper, or other publication on behalf of the School must obtain approval from the **CEO** before publication.

Overtime

Whether an employee is exempt from or subject to overtime pay will be determined on a case-by-case basis and will be indicated in the employee's job description. Generally, teachers and administrators are exempt. Non-exempt employees may be required to work beyond the regularly scheduled workday or workweek as necessary. Only actual hours worked in a given workday or workweek can apply in calculating overtime for non-exempt employees. MPS will attempt to distribute overtime evenly and accommodate individual schedules. All overtime work must be previously authorized in writing by **the Principal (or MERF Human Resources for MERF employees.)** MPS provides compensation for all overtime hours worked by non-exempt employees in accordance with state and federal law as follows:

> For employees subject to overtime, all hours worked in excess of eight (8) hours in one workday or forty (40) hours in one workweek shall be treated as overtime. Compensation for hours in excess of twelve (12) in one workday and an excess of eight (8) on the seventh consecutive workday of the workweek shall be paid at double the regular rate of pay.

Exempt employees may have to work hours beyond their normal schedules as work demands require. No overtime compensation will be paid to these exempt employees.

Make Up Time

An employee may make a written request to make up work time that is or would be lost as a result of a personal obligation. It is at the sole discretion of the School to approve or reject the request. The hours of that make up work may only be performed in the same workweek in which the work time was lost and must not exceed eleven (11) hours of work in one day or forty (40) hours of work in one week. The employee is responsible for recording time worked and taking all applicable rest and meal breaks during make up time. Make up time is not encouraged.

Wage Attachments and Garnishments

Under normal circumstances, the School will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies or judgments that require the School, by law, to withhold part of an employee's earnings in their favor.
Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented a second garnishment request concerning an employee, **the Principal (or MERF Human Resources for MERF employees)** will adhere to the request and provide a copy of the legal documentation to the employee.

Work Breaks

Non-exempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday, but by no later than the end of the fifth hour of the workday. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and MPS mutually consent to the waiver in writing.

Non-exempt employees are also provided with a ten (10) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. Employees are prohibited from combining meal and rest period time. An employee's supervisor must be aware of and approve scheduled meal and rest periods. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods. Employees are expected to observe assigned working hours and the time allowed for meal and rest periods.

Lactation Accommodation

MPS accommodates lactating employees by providing a reasonable amount of break time to any employee who desires to express breast milk for an infant child. The break time shall, if possible, run concurrently with any break time already provided to the employee. Any break time provided to express breast milk that does not run concurrently with break time already provided to the non-exempt employee shall be unpaid.

MPS will make reasonable efforts to provide employees who need a lactation accommodation with the use of a room or other private location that is located close to the employee's work area. Employees with private offices will be required to use their offices to express breast milk. Employees who desire lactation accommodations should contact their supervisor to request accommodations.

17

Pay Days

For **all employees,** paydays are scheduled on the fifteenth (15th) and the last day of the month. For full-time classified and home office employees, the School pays in twenty-four (24) pay periods. For all full-time credentialed employees, the school pays in twenty-two (22) pay periods. The last pay period of the school year ends on June 30th. Each paycheck will include earnings for all reported work performed through the end of the payroll period and is subject to regular withholdings. In the event that a regularly scheduled payday falls on a weekend or holiday, employees will receive their pay on the next day of work after the day(s) off.

You should promptly notify **the Principal (or MERF Human Resources for MERF employees)** if you have a question regarding the calculations of your paycheck; any corrections will be noted and will appear on the following payroll.

Payroll Withholdings

As required by law, the School shall withhold Federal Income Tax, State Income Tax, Social Security (FICA) and State Disability Insurance from each employee's pay as follows:

Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

State Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

Social Security (FICA): The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by the School.

State Disability Insurance (SDI): This state fund is used to provide benefits to those out of work because of illness or disability.

Every deduction from your paycheck is explained on your check voucher. If you do not understand the deductions, ask the **MERF Human Resources** to explain them to you.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to **the Principal (or MERF Human Resources for MERF employees)**. The School's business office maintains a supply of these forms.

All Federal, State and Social Security taxes will be automatically deducted from paychecks. The Federal Withholding Tax deduction is determined by the employee's W-4 form, which should be completed upon hire. It is the employee's responsibility to report any changes in filing status to **the Principal (or MERF Human Resources for MERF employees)** by updating his/her Paycom Employee Self Service Portal. It is also the employee's responsibility to fill out a new W-4 form if his/her filing status changes.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

The School offers programs and benefits beyond those required by law. Employees who wish to participate in these programs may voluntarily authorize deductions from their paychecks.

Salary Compensation for Partial Pay Period

Salary payments to employees who are employed for less than a full pay period because of leave without pay, separation from employment for any reason, or employment at dates other than the beginning or the end of the pay period are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40)

18

hours Monday through Friday unless otherwise specified.

For teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Pay Rate Schedule

Pay is primarily determined by the work classification, employee qualifications, years of service, and individual performance. The School uses a Board approved employee pay raise scale to determine salaries for **full-time employees**. Please refer to the scale for details.

Full-time teaching staff will be compensated for covering absent colleagues at the rate of twenty-five dollars ($25) per regular course period and fifteen dollars ($15) per half-course period, e.g., SSR or Advisory, unless indicated differently on the individual's employment agreement.

Attendance Policy

Employees are expected to adhere to regular attendance and to be punctual. If you find it necessary to be absent or late, you are expected to arrange it in advance with **your direct supervisor.** If it is not possible to arrange your absence or tardiness in advance, you must notify **your direct supervisor** no later than one-half (1/2) hour before the start of your workday. If you are a teacher, you are also responsible to have a substitute folder for use when you are absent from school. If you are absent from work longer than one day, you are expected to keep **your direct supervisor** sufficiently informed of your situation.

Excessive absenteeism and tardiness will not be tolerated and will lead to disciplinary action, up to and including termination. An absence or tardiness without notification to **your direct supervisor** will lead to disciplinary action, up to and including termination.

As noted in the section of this Handbook concerning prohibited conduct, excessive or unexcused absences or tardiness may result in disciplinary action up to and including release from at-will employment with the School. Absence for more than three (3) consecutive days without notifying the Principal will be considered a voluntary resignation from employment.

Time/Cards/Records

By law, MPS is obligated to keep accurate records of the time worked by non-exempt employees. Such employees shall be required to utilize the School's time card system.

Non-exempt employees must accurately clock in and out of their shifts as this is the only way the payroll department knows how many hours each employee has worked and how much each employee is owed. The time card indicates when the employee arrived and when the employee departed. All non-exempt employees must clock in and out for arrival and departure, along with lunch and for absences like doctor or dentist appointments. All employees are required to keep the office advised of their departures from and returns to the school premises during the workday.

Non-exempt employees are solely responsible for ensuring accurate information on their time cards and remembering to record time worked. If an employee forgets to mark their time card or makes an error on the time card, the employee must contact the Principal to make the correction and such correction must be initialed by both the employee and the Principal.

Non-exempt employees are prohibited from performing off-the-clock work, including but not limited to checking emails before/after work hours, performing work in the morning before logging in, and running School errands after logging out.

No one may record hours worked on another's worksheet. Any employee who violates any

19

aspect of this policy may be subject to disciplinary action, up to and including release from at-will employment with the School.

Mandatory Training and Meetings

Employees may be required to attend trainings, lectures and meetings outside of regular working hours. All teaching staff and school administrators are required to attend summer in-services, weekly staff meetings, and other mandatory training and meetings as directed by the **Principal.**

The School will pay non-exempt employees for attendance at mandatory trainings, lectures and meetings outside of regular working hours.

All mandatory trainings, lectures and meetings will be identified as such. The School will not pay non-exempt employees for attendance at voluntary trainings. If you are unsure about the characterization of an offered training, lecture or meeting, please contact **your direct supervisor** before attending. All staff will be paid for mandatory trainings only.

All non-exempt employees must accurately reflect attendance at all mandatory trainings, lectures and meetings outside of regular working hours on their time records.

Expense Reimbursements

The School may reimburse employees for certain reasonably necessary expenses incurred in the furtherance of School business, including, but not limited to, fingerprint processing fees, TB test fees, First Aid & CPR fees, fees of exams that lead to professional certification (CSET, CTEL, CLAD, CPACE, etc.,) and other approved School business and profession related expenses. Credential fees, university entrance exam fees, US Constitution exam fees, and fees for basic skills tests such as CBEST, RICA, etc., are not reimbursable. Please refer to the MPS Tuition Reimbursement policy for professional development opportunities and certification programs reimbursed by the School.

In order to be eligible for reimbursement, employees must follow the protocol set forth in the School's policy regarding expenditures, a copy of which may be obtained from the **Principal (or MERF Human Resources for MERF employees)**. In general, all expenses must have been previously approved **in CoolSIS or another form of electronic communication or form designated by school administration** by **the Principal (or the CEO (or designee) for MERF employees)**. All reimbursement forms must be completed in its entirety and submitted **in CoolSIS**.

20

STANDARDS OF CONDUCT

Personal Appearance/Standards of Dress

MPS employees serve as role models to the School's students. All employees should therefore maintain professional standards of dress and grooming. Just as overall attitude and instructional competency contribute to a productive learning environment, so do appropriate dress and grooming.

Employees are encouraged to wear clothing that will add dignity to the educational profession, will present an image consistent with their job responsibilities, and will not interfere with the learning process. Accordingly, all employees shall adhere to the following standards of dress:

10) Your direct supervisor will inform you of any specific dress requirements for your position.

Off-Duty Conduct

While the School does not seek to interfere with the off-duty and personal conduct of its employees, certain types of off-duty conduct may interfere with the School legitimate business interests. For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect the School or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects the School's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by the School, employees are expected to devote their energies to their jobs with the School. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

➢ Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at our School;
➢ Additional employment that creates a conflict of interest or is incompatible with the employee's position with our School;
➢ Additional employment that impairs or has a detrimental effect on the employee's work performance with our School;
➢ Additional employment that requires the employee to conduct work or related activities on the School's property during the employer's working hours or using our School's facilities and/or equipment; and;
➢ Additional employment that directly or indirectly competes with the business or the interests of our School.

additional employment. If the additional employment is authorized, the School assumes no responsibility for it. MPS shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

23

employees will have three (3) days of paid Thanksgiving break, three (3) days of paid spring break, and eleven (11) days of paid winter break. Part-time employees are not compensated during the Thanksgiving, winter and spring breaks.

Full-time **education specialists** and **college advisors** at the school sites will be treated as teaching staff for the purpose of holidays and vacation. If you have any questions about your classification, please consult with **MERF Human Resources**.

Spring Break	April 17-19, 2019

If a school site has a different schedule of breaks and/or additional breaks other than those listed above, such as fall break, Presidents' week, etc., the general rule of thumb is that full-time teaching staff will take the whole break off in the school calendar while the school administrators and school classified employees will have two (2) days less off.

Summer working hours apply on the days of school breaks that full-time teaching staff takes off and school administrators, school classified employees, and MERF employees work.

Floating Holidays

All MPS Employees are eligible to receive two (2) floating holidays each school year. Floating holidays cannot be cashed out but they do rollover.

Vacation

The School provides vacation benefits to eligible employees to enable them to take paid time off for rest and recreation. Vacation is provided to prevent overworking. The School believes that this time is valuable for employees in order to enhance their productivity and to make their work experience with the School personally satisfying.

All **full-time** employees*** accrue vacation from the date of hire at the following accrual rates:

Type of Staff	Vacation Accrual
School administrators	Hours will accrue per pay period up to 160 hours (6.67 hours per pay period) per year
School classified employees	Hours will accrue per pay period up to 120 hours (5 hours per pay period) per year
MERF employees	Hours will accrue per pay period up to 160 hours (6.67 hours per pay period) per year

Vacation time may not be utilized before it is earned. Vacation accruals may not exceed an employee's current annual entitlement, plus 80 hours. When some vacation is used, vacation compensation will begin to accrue again. There is no retroactive grant of vacation compensation for the period of time the accrued vacation compensation was at the cap.

No vacation accrues during any unpaid leave of absence or while on disability salary continuation. Vacation accruals recommence with the employee returns to work.

On termination of employment, the employee is paid all accrued, unused vacation at the employee's base rate of pay at the time of his or her separation from employment.

24

Typically, employees are expected to use all their accrued vacation during the summer between the school year end date and the new school year in-service start date, unless otherwise agreed to by the employee and his or her direct supervisor. However, the School may attempt to have some of its employees stagger vacations in an effort to avoid affecting services. Therefore, all vacations must be approved in advance by **your direct supervisor**, who will make every effort to accommodate each employee. The CEO may grant an extension for staff to use their accrued but unused vacation outside of the parameters listed above to prevent loss of earned vacation. Vacation requests must be made at least two (2) weeks prior to the desired vacation time. Job requirements will always have precedence over vacation schedules.

*** Teaching staff does not accrue vacation. Full-time teaching staff works on an 11-month work schedule, i.e., August through June if the last day of school falls in June, and receives pay over an 11-month pay period, i.e., August through June.

For full-time teaching staff, the actual working days start on the first day of summer teacher in-service and end on the last day of school or on the end-of-year school wrap-up day, whichever is later.

Any accrued but unused vacation will not be paid out at the end of the school year. Nonetheless, all employees are entitled to have their unused vacation time paid out upon separation from the School.
Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, MPS offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Additionally, employees may use sick leave during public health emergencies resulting in the closure of MPS, the employee's child care provider, or the school of the employee's child. Employees may also use sick leave to assist a family member (i.e., children, parents, spouses/domestic partners, grandparents, grandchildren, or siblings, or any individual related by blood or affinity whose close association with the employee is the equivalent of a family relationship) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees may also take paid sick leave to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking.

Paid sick leave is available to all MPS employees who work at least thirty (30) days within the span of a single calendar year from the commencement of employment, and who work at least two (2) hours per week. For part-time employees, MPS will track sick leave based on the number of hours worked. Part-time staff will be credited with 24 hours of sick leave at the start of the school year. All full-time employees will be credited with forty-eight (48) hours of sick leave at the beginning of each school year.

Furthermore, all full-time employees will accrue additional sick leave for each pay period worked up to a maximum of eighty (80) hours per year.

Employees cannot use paid sick leave until the ninetieth (30th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of two (2) hours.

Sick leave is intended to be used only when actually required to recover from illness or injury; sick leave is not for "personal" absences. MPS will not tolerate abuse or misuse of your sick leave privilege. If you are absent longer than three (3) days due to illness, medical evidence of your illness and/or medical certification of your fitness to return to work satisfactory to the School may be required. MPS may withhold sick pay if it suspects that sick leave has been misused.

25

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave, if eligible under applicable medical leave law, depending upon the facts and circumstances of the employee's basis for leave beyond the accrued sick leave. If an employee is not eligible for any applicable medical leave and has exhausted all paid sick leave, the employee will not be paid for time not worked. Employee requests for unpaid medical leave must be approved in advance by the School.

Unused sick leave carries over from school year to school year for all employees up to a maximum of eight (80) hours. At its sole discretion, the School may offer to buy back unused paid sick leave days at the employee's rate of pay or $150 per day, whichever is lower, by the end of June. Employees must work for the School for at least thirty (30) days before they may be eligible for the School to buy back their paid sick leave. The School will not buy back any paid sick leave from employees who (1) fail to work for the School for thirty (30) continuous days, or (2) are separated from the School based on misconduct, unprofessionalism, or suspicion of the same.

Personal Necessity Leave:

A full-time employee may elect to use up to five (5) days of accumulated sick leave each school year for personal necessity including any of the following specific reasons:

➢ Death or serious illness of a member of his/her immediate family (this is in addition to normal bereavement leave);

➢ Accident involving his/her person or property or the person or property of a member of his/her immediate family;

➢ Appearance in court as a litigant, or as a witness under official order;

➢ Adoption of a child;

➢ The birth of a child making it necessary for an employee who is the parent of the child to be absent from his/her position during the work hours;

➢ Business matters which cannot reasonably be conducted outside the workday.

Employees must request personal necessity leave at least one (1) day in advance unless an emergency situation occurs. Personal necessity leave is not vacation but rather part of the sick leave policy. Personal necessity leave does not carry over from school year to school year.

INSURANCE BENEFITS

Health Insurance

Full-time employees are entitled to health insurance benefits in accordance with applicable law and the School's health insurance plan. The School will cover one-hundred (**100%**) percent of the premium for employees who chose the HMO option and one-hundred (**100%**) percent of the premium to enroll dependents in the same program. The employee's portion of monthly premiums will be deducted from the employee's paycheck for PPO selections only. The School may reimburse the employee at the rate of $150 per month if he or she is enrolled in a separate health insurance benefit program and declines the employer-sponsored health insurance benefits in writing by no later than September of each year. MPS will not reimburse employees who will receive or have health insurance coverage through an actively working spouse of MPS.

Part-time employees working less than 30 hours per week are not entitled to benefits provided by the School. Independent contractors, consultants and leased employees (i.e., those working for an employment agency) are not employees of the School and are not eligible for benefits provided by the School.

26

If medical insurance premium rates increase, employees may be required to contribute to the cost of increased premiums to retain coverage. Unless otherwise mandated by law, employees on a leave of absence are responsible for selecting continuing health coverage and paying the premium for such coverage. Failure to timely request and pay for such coverage will result in the loss of coverage.

When Coverage Starts

Employee coverage will begin on the first day of employment or if hired mid-month it will start on the first day of the next month. An enrollment form must be submitted to the MERF Human Resources as soon as possible. This form serves as a request for coverage, and authorizes any payroll deductions necessary to pay for coverage.

Disability Insurance

All employees are enrolled in California State Disability Insurance (SDI), which is a partial wage-replacement insurance plan for California workers. Employees may be eligible for SDI when they are ill or have non-work related injuries, or may be eligible for work related injuries if they are receiving workers' compensation at a weekly rate less than the SDI rate. Specific rules and regulations relating to SDI eligibility are available from the **MERF Human Resources.**

Family Leave Insurance

Employees covered by the California Disability Insurance program are also covered by the California Paid Family Leave Insurance program. Eligible employees are entitled to receive up to six (6) weeks of wage replacement benefits when they suffer a wage loss for taking time off to care for a seriously ill child, spouse, parent or domestic partner or to bond with a new child within one year of birth or placement of the child in connection with foster care or adoption. Specific rules and regulations relating the Family Leave Insurance are available from the **MERF Human Resources**.

Life Insurance

Life insurance is provided by MetLife . All full-time employees will be covered upon hire. Please reach out to your Human Resources department for coverage details.

Workers' Compensation Insurance

Eligible employees are entitled to Workers' Compensation Insurance benefits when suffering from an occupational illness or injury. This benefit is provided at no cost to the employee. See below for a further description of making a claim for Workers' Compensation Insurance benefits.

COBRA Benefits

Continuation of Medical and/or Dental Benefits:

When coverage under the School's medical and/or dental plans ends, employees or their dependents can continue coverage for eighteen (18) or thirty-six (36) months, depending upon the reason benefits ended. To continue coverage, an employee must pay the full cost of coverage plus any other applicable fees.

Medical coverage for an employee, his/her spouse, and eligible dependent children can continue for up to 18 months if coverage ends because:

➢ Employment ends, voluntarily or involuntarily, for any reason other than gross misconduct; or
➢ Hours of employment are reduced below the amount required to be considered a full-time employee, making the employee ineligible for the plan.

This eighteen (18)-month period may be extended an additional eleven (11) months in cases of disability subject to certain requirements. This eighteen (18)-month period also may be extended an additional eighteen (18) months if other events (such as a divorce or

27

death) occur subject to certain requirements.

An employee's spouse and eligible dependents can continue their health coverage for up to thirty-six (36) months if coverage ends because:

➢ The employee dies while covered by the plan;
➢ The employee and his/her spouse become divorced or legally separated;
➢ The employee becomes eligible for Medicare coverage, but the employee's spouse has not yet reach age sixty-five (65); or
➢ The employee's dependent child reaches an age which makes him or her ineligible for coverage under the plan.

Rights similar to those described above may apply to retirees, spouses and dependents if the employer commences a bankruptcy proceeding and those individuals lose coverage.

MPS will notify employees or their dependents if coverage ends due to termination or a reduction in work hours. If an employee becomes eligible for Medicare, divorced or legally separated, die, or when a dependent child no longer meets the eligibility requirements, the employee or a family member are responsible for notifying the School within thirty (30) days of the event. MPS will then notify the employee or his/her dependents of the employee's rights.

Health coverage continuation must be elected within sixty (60) days after receiving notice of the end of coverage, or within sixty (60) days after the event causing the loss, whichever is later.

There are certain circumstances under which coverage will end automatically. This happens if:
➢ Premiums for continued coverage are not paid within thirty (30) days of the due date;
➢ You (or your spouse or child) become covered under another group health plan which does not contain any exclusion or limitation with respect to any pre-existing

condition you (or your spouse or child, as applicable) may have;
➢ MPS stops providing group health benefits;
➢ You (or your spouse or child) become entitled to Medicare; or
➢ You extended coverage for up to twenty-nine (29)-months due to disability and there has been a final determination that you are no longer disabled.

LEAVES OF ABSENCE

Family Care and Medical Leave

This policy explains how the School complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require the School to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA leave in any twelve (12) month period for the purposes enumerated below. For purposes of this policy, all leave taken under FMLA or CFRA will be referred to as "FMLA leave."

<u>Employee Eligibility Criteria:</u>

To be eligible for FMLA leave, the employee must have been employed by the School for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the FMLA leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of baby-bonding where the threshold is twenty (20) employees).

<u>Events that may Entitle an Employee to FMLA Leave:</u>

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA allowance includes any time taken (with or without pay) for any of the following reasons:

28

➢ To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by the School, they will be entitled to a combined total of twelve (12) weeks of leave for this purpose;

➢ Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or related medical conditions, which is covered by the School's separate pregnancy disability policy);

a. A "serious health condition" is an illness, injury (including, but not limited to on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or (2) continuing treatment, including, but not limited to, treatment for substance abuse.

b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

➢ To care for a spouse, domestic partner, child, or parent with a serious health condition or military service-related injury. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of FMLA leave in a single twelve (12) month period to provide said care;

➢ For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces;

Amount of FMLA Leave Which May Be Taken:

➢ FMLA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

➢ In addition to the twelve (12) workweeks of FMLA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a

29

covered Armed Forces service member shall also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.

➢ The "twelve month period" in which twelve (12) weeks of FMLA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA leave.

➢ If a holiday falls within a week taken as FMLA leave, the week is nevertheless counted as a week of FMLA leave. If, however, the School's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days the School's activities have ceased do not count against the employee's FMLA leave entitlement. Similarly, if an employee uses FMLA leave in increments of less than one (1) week, the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's CFRA entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

Pay during FMLA Leave:

➢ An employee on FMLA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA leave, the School and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law

➢ An employee on FMLA leave for child care or to care for a spouse, domestic partner, parent, or child with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA leave.

➢ If an employee has exhausted his/her sick leave, leave taken under FMLA shall be unpaid leave.

➢ The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA leave. Sick pay accrues during any period of unpaid FMLA leave only until the end of the month in which unpaid leave began.

Health Benefits:

The provisions of the School's various employee benefit plans govern continuing eligibility during FMLA leave, and these provisions may change from time to time. The health benefits of employees on FMLA leave will be paid by the School during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA leave is granted, the School will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of his/her group health coverage, the School will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

MPS may recover the health benefit costs paid on behalf of an employee during his/her FMLA leave if:

➢ The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An

30

employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA leave; and

➢ The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA leave, or other circumstances beyond the control of the employee.

Seniority:

An employee on FMLA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA leave will return with the same seniority he/she had when the leave commenced. An employee who was absent from work while fulfilling his or her covered service obligation under the Uniformed Services Employment and Reemployment Rights Act (USERRA) shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service.

Medical Certifications:

➢ An employee requesting FMLA leave because of his/her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by the School. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of the School's request for certification) may result in denial of the leave request until such certification is provided.

➢ The School will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is

necessary in order to make the certification complete and sufficient. The School may contact the employee's health care provider to authenticate a certification as needed.

➢ If the School has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, the School may request a second opinion by a health care provider of its choice (paid for by the School). If the second opinion differs from the first one, the School will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

➢ Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

Procedures for Requesting and Scheduling FMLA Leave:

➢ An employee should request FMLA leave by completing a Request for Leave form and submitting it to **the Principal (or MERF Human Resources for MERF employees)**. An employee asking for a Request for Leave form will be given a copy of the School's then-current FMLA leave policy.

➢ Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her spouse, domestic partner, child, or parent. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA leave was an emergency or was otherwise unforeseeable.

➢ Where possible, employees must make a reasonable effort to schedule foreseeable

31

planned medical treatments so as not to unduly disrupt the School's operations.

➢ If FMLA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's spouse, domestic partner, parent or child, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.

➢ If FMLA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that the School will grant a request for FMLA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

➢ If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.

➢ The School will respond to an FMLA leave request no later than five (5) days of receiving the request. If an FMLA leave request is granted, the School will notify the employee in writing that the leave will be counted against the employee's FMLA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

➢ Upon timely return at the expiration of the FMLA leave period, an employee (other than a "key" employee whose reinstatement would cause serious and grievous injury to the School's operations) is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA leave.

➢ When a request for FMLA leave is granted to an employee (other than a "key" employee), the School will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

➢ Before an employee will be permitted to return from FMLA leave taken because of his/her own serious health condition, the employee must obtain a certification from his/her health care provider that he/she is able to resume work.

➢ If an employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Limitations on Reinstatement

➢ MPS may refuse to reinstate a "key" employee if the refusal is necessary to prevent substantial and grievous injury to the School's operations. A "key" employee is an exempt salaried employee who is among the highest paid 10% of the School's employees within seventy-

32

five (75) miles of the employee's worksite.

> A "key" employee will be advised in writing at the time of a request for, or if earlier, at the time of commencement of, FMLA leave, that he/she qualifies as a "key" employee and the potential consequences with respect to reinstatement and maintenance of health benefits if the School determines that substantial and grievous injury to the School's operations will result if the employee is reinstated from FMLA leave. At the time it determines that refusal is necessary, the School will notify the "key" employee in writing (by certified mail) of its intent to refuse reinstatement and will explain the basis for finding that the employee's reinstatement would cause the School to suffer substantial and grievous injury. If the School realizes after the leave has commenced that refusal of reinstatement is necessary, it will give the employee at least ten (10) days to return to work following the notice of its intent to refuse reinstatement.

Employment during Leave:

No employee, including employees on FMLA leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without the School's written permission will be deemed to have resigned from employment at the School.

Pregnancy Disability Leave

This policy explains how the School complies with the California Pregnancy Disability Act, which requires the School to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

Employee Eligibility Criteria:

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

Events That May Entitle an Employee to Pregnancy Disability Leave:

The four (4) -month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

> The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

> The employee needs to take time off for prenatal care.

Duration of Pregnancy Disability Leave:

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3

33

weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for the School. The School is not required to provide an indefinite leave of absence as a reasonable accommodation.

Pay During Pregnancy Disability Leave:

➤ An employee on pregnancy disability leave must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.

➤ The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

➤ Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

Health Benefits:

MPS shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) - month period. MPS can recover premiums that

it already paid on behalf of an employee if both of the following conditions are met:

➤ The employee fails to return from leave after the designated leave period expires.

➤ The employee's failure to return from leave is for a reason other than the following:

• The employee is taking leave under the California Family Rights Act.
• There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
• There is a non-pregnancy related medical condition requiring further leave.
• Any other circumstance beyond the control of the employee.

Seniority:

An employee on pregnancy disability leave remains an employee of the School and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

Medical Certifications:

➤ An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by the School. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

➤ Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

34

Requesting and Scheduling Pregnancy Disability Leave:

➢ An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Principal (or MERF Human Resources for MERF employees). An employee asking for a Request for Leave form will be referred to the School's then current pregnancy disability leave policy.

➢ Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

➢ Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt the School's operations.

➢ Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by the employee's healthcare provider.

➢ If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

➢ The School will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, the School will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

Return to Work:

➢ Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

• The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

• There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. The School will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

➢ When a request for pregnancy disability leave is granted to an employee, the School will give the employee a written guarantee of reinstatement at the end of

35

the leave (with the limitations explained above).

➢ In accordance with MPS policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.

➢ If the employee can return to work with limitations, the School will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from the School.

Employment during Leave:

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without the School's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

Medical Leave of Absence

At the discretion of **MERF Human Resources**, an unpaid medical leave of absence may be granted up to **sixty (60) working days** to employees who are not eligible for other leaves. Ask **MERF Human Resources** for information on medical leaves of absence, and any implications unpaid medical leave may have on your eligibility for employee benefits, including medical benefit plan coverage.

Unpaid Leave of Absence

MPS recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, the School may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by the School.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

During a Family and Medical Leave Act, California Family Rights Act leave, and/or Pregnancy Disability Leave, the employee's medical and dental benefits will remain in force, provided the employee pays the appropriate premiums. Otherwise, benefits are terminated the month any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

Funeral/Bereavement Leave

Employees will be allowed up to **five (5)** consecutive working days off to arrange and attend the funeral of an immediate family member. For purposes of this policy, an employee's immediate family member includes a parent, spouse, son/daughter, sister/brother, parents-in-law, grandparents, grandchild, sister/brother-in-law, son/daughter-in-law, or domestic partner.

If any employee requires more than **five (5)** days off for bereavement leave, the employee may use any accrued sick days, request additional unpaid leave or may request the opportunity to use any accrued vacation time, which may be granted at the discretion of the School. Bereavement pay will not be used in computing overtime pay.

Military and Military Spousal Leave of Absence

MPS shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re-Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written

36

notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, the School shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, MPS will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to the School, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA-covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

MPS shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment

during a time of military conflict. To be eligible for leave, an employee must provide the School with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

Advance notice of leave is required. Please inform **the Principal (or MERF Human Resources for MERF employees)** of anticipated military leave time as far in advance as possible. Accrued vacation will be paid during military leave at your request and health plan coverage continuance can be arranged for up to twenty-four (24) months during military leave if required premium payments are made by you. As with other leaves of absence, failure to return to work or to reapply within applicable time limits may result in termination of employment.

Drug and Alcohol Rehabilitation Leave

The School will reasonably accommodate an employee who voluntarily enters and participates in an alcohol or drug rehabilitation program, including potentially providing unpaid leave to participate in the program. The School will not pay for the costs incurred in attending a rehabilitation program. An employee who wishes to identify him or herself as an individual in need of the assistance of an alcohol or drug rehabilitation program may contact **MERF Human Resources.** The School will take all reasonable steps necessary to maintain the employee's privacy in this situation. The employee may use accrued sick leave or accrued vacation time, if any, during requested leave.

Nothing in this policy shall prohibit the School from refusing to hire or discharge an employee who, because of his or her current use of alcohol or drugs, is unable to perform his/her duties or cannot perform the duties in a manner that would not endanger his/her health or safety or the health or safety of others.

37

Time Off for Adult Literacy Programs

The School will reasonably accommodate and assist any employee who reveals a problem of illiteracy and requests employer assistance in enrolling in an adult literacy education program. Employees will be required to bear the cost associated with enrollment in an adult literacy education program, but the School will assist the employee by providing the locations of local literacy education programs. The School may also arrange for a literacy education provider to visit the School.

An employee who wishes to reveal a problem of illiteracy and request School assistance should contact **MERF Human Resources**. The School will take all reasonable steps to safeguard the employee's privacy. Nonexempt employees may use accrued vacation pay if available to make up for the work that is missed to attend literacy classes.

School Appearance and Activities Leave

As required by law, MPS will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per child per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of MPS, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

Time Off to Serve as Election Official

Any employee who serves as an election official is eligible for unpaid leave on election day for purposes of service. Please notify **the Principal (or MERF Human Resources for MERF employees)** of your commitment to act as election official as far in advance as possible.

Time Off for Jury and Witness Duty

The School will provide employees unpaid leave to serve as required by law, on a jury or grand jury if the employee provides reasonable advance notice. The School will also provide employees unpaid leave to appear in court or other judicial proceeding as a witness, as permitted by law, to comply with a valid subpoena or other court order. Please notify **the Principal (or MERF Human Resources for MERF employees)** of your commitment to serve on a jury or as a witness as far in advance as possible.

Victims of Abuse Leave

MPS provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, or stalking. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or children. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.

38

- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide MPS with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide MERF Human Resources one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence, sexual assault, or stalking.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, MPS will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact MERF Human Resources.

Time Off for Victims of Crime

An Employee who is a victim of certain crimes (violent felonies, felony thefts and serious felonies as defined by law) or is an immediate family member of a victim, is a registered domestic partner of a victim or the child of a registered domestic partner of a victim will be given time off as necessary in accordance with the law. Employees may be required to provide reasonable advanced notice of the need for time off if feasible and documentation establishing the right to such time off may be requested. The School will take all reasonable steps to maintain the confidentiality of any employee requesting crime victim leave. Please notify **MERF Human Resources** of your need for time off as far in advance as possible. As applicable, an employee may use accrued vacation leave or sick leave for crime victim leave purposes.

Time Off for Volunteer Firefighters

Employees who perform emergency duties as volunteer firefighters, reserve peace officers or emergency rescue personnel will be given time off as necessary in accordance with the law. Employees are requested to alert **the Principal (or MERF Human Resources for MERF employees)** of their status as volunteer firefighters, reserve peace officers or emergency rescue personnel so that the School will have advanced notice of the employee's potential need to leave the School in the event of an emergency. Any time an employee must perform emergency duties, he/she must notify **the Principal (or MERF Human Resources for MERF employees)** before leaving the School's premises.

Time Off for Voting

Employees who do not have sufficient time outside of their regular working hours to vote in a statewide election may request time off to vote. If possible, employees should make their request at least two days in advance of the election. Up to two (2) hours of paid time off will be provided, at the beginning or the end of the employee's regular shift, whichever will allow the most free time for voting and the least time off work. Please contact **the Principal (or MERF Human Resources for MERF**

39

employees) to request and schedule time off to vote.

Industrial Injury Leave (Workers' Compensation)

MPS, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

• Medical care;

• Cash benefits, tax-free to replace lost wages; and

• Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure you receive any worker's compensation benefits to which you may be entitled, you will need to:

• Immediately report any work-related injury to the Principal;

• Seek medical treatment and follow-up care if required;

• Complete a written Employee's Claim Form (DWC Form 1) and return it to the Principal; and

• Provide the School with a certification from your health care provider regarding the need for workers' compensation disability leave as well as your eventual ability to return to work from the leave.

It is the School's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. MPS, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high

quality medical service and a location that is convenient to the School's operation.

• If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.

• All accidents and injuries must be reported to the Principal and to the individual responsible for reporting to the School's insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to the School's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.

• When there is a job-related injury that results in lost time, the employee must have a medical release from the School's approved medical facility before returning to work.

• Any time there is a job-related injury, the School's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

Employees that are temporarily totally disabled due to a work-related illness or injury will be placed on workers' compensation leave. The duration of your leave will depend upon the rate of your recovery and the business needs of the School. Workers' compensation leave will run concurrently with any other applicable medical leave of absence.

40

Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to thirty (30) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by the School for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to the School that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

An employee must first use five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. The School may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/CFRA Leave.

Returning from Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee

should give **the Principal (or MERF Human Resources for MERF employees)** thirty (30) days' notice before returning from leave. Whenever the School is notified of an employee's intent to return from a leave, the School will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If employees need further information regarding Leaves of Absence, they should consult **MERF Human Resources.**

RETIREMENT

Certificated Staff Members

All certificated staff members who are eligible, including, but not limited to, administrators, counselors, school psychologists, special education program administrators, and teaching employees will participate in the State Teachers' Retirement System (STRS).

Classified Staff Members

All full-time non-certificated staff members, including, but not limited to, office staff and instructional aides, are eligible to participate in the Public Employees' Retirement System (PERS).

All part-time non-certificated employees hired to work six months or more become eligible to participate in PERS on the date of hire. For part-time employees, they become PERS members the first day of the next pay period after completion of 1,000 hours or 125 days in a fiscal year.

All non-credentialed employees also contribute to Social Security.

Oversight of Benefits

The HR Department and the Finance Department at the MPS Home Office are responsible for monitoring the appropriate administration of

41

benefits and ensuring appropriate arrangements for retirement coverage are made for all employees. The Charter School will make any contribution that is legally required of the employer, including STRS, PERS, Social Security, workers' compensation, and other payroll obligations.

All withholdings from employees and the Charter School will be forwarded to the STRS and PERS funds as required. Employees will accumulate service credit years in the same manner as all other members of STRS and PERS. The Charter School will submit all retirement data and will comply with all policies and procedures for payroll reporting. The Charter School assures that it will provide retirement information in a format required by the County.

EMPLOYMENT EVALUATION AND SEPARATION

Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by **his or her direct supervisor.** Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties or recurring performance problems.

Your performance evaluations may review factors such as the quality and quantity of the work you perform, your knowledge of the job, your initiative, your work attitude, and your attitude toward others. The performance evaluations are intended to make you aware of your progress, areas for improvement and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions or retention of your job. Salary increases and promotions are solely within the discretion of the School and depend upon many factors in addition to performance. After the review, you will be required to sign the evaluation report simply to acknowledge that is has been presented to you, that you have discussed it with **your**

direct supervisor, and that you are aware of its contents. The evaluation system or any failure to evaluate an employee in no way alters the at-will employment relationship.

Newly hired employees may have their performance goals reviewed by **your direct supervisor** within the first **ninety (90)** days of employment.

Discipline and Involuntary Termination

Violation of the School's policies and rules may warrant disciplinary action, which may take multiple forms, including verbal warnings, written warnings, suspensions and/or termination. The School's disciplinary system is informal and the School may, in its sole discretion, utilize any form of discipline it deems appropriate under the circumstances, up to and including termination of employment upon the first offense.

The disciplinary process will be determined by the School in light of the facts and circumstances of each case. Each situation will be considered in light of a variety of factors including, but not limited to, the seriousness of the situation, the employee's past conduct and length of service, and the nature of the employee's previous performance or incidents involving the employee. With the exception of substitute employees and temporary employees, these policies apply to all employees of the School and apply to all job-related activities of such employees.

Violations of the Employee Handbook, employment agreement, MPS charter, or applicable law are all independently and collectively considered misconduct and will result in disciplinary action up to and including release from at-will employment.

Voluntary Termination

Except if stated expressly otherwise by employment contract, either the employee or the School may terminate the at-will employment

42

relationship at any time, with or without notice and with or without cause. While it is not required, the School requests that at-will employees electing to resign give as much advance notice as possible (preferably two weeks) to allow the School to plan for your departure.

An exit interview will normally be scheduled on the last day of work with **your direct supervisor**. The purposes of the exit interview is to review eligibility for benefit conversion, to ensure that all necessary forms are completed, to collect any School property (including keys, equipment, documents and records) that may be in the employee's possession, to review the employee's obligations regarding confidential information, and to provide the employee with the opportunity to make any constructive comments and suggestions on improving the working environment at the School. The School appreciates receiving candid opinions of the employee's employment.

Pay at Time of Separation

Employees separated from employment will be paid for time worked according to applicable laws. For full-time employees who are employed for less than a full pay period in their last month, salary payments are computed on the basis of actual working days in the month. For this purpose, working days are considered to be forty (40) hours Monday through Friday unless otherwise specified.

The School will buy back all unused sick leave days from employees at the rate of $150 per day or at the employee's current rate of pay, whichever is lower. Employees must work for the School for at least thirty (30) days before they may be eligible to receive their accrued, unused paid sick leave paid out upon job separation. Employees who are terminated based on misconduct or unprofessionalism, or who resign under suspicion of misconduct or unprofessionalism, are not eligible to have paid sick leave paid to them upon their separation from the School.

Pay for earned but unused vacation time will be provided to full-time employees at time of separation at the employee's current rate of pay. Final pay, including pay for any earned but unused sick leave days and vacation time, and if applicable, pay for summer holdback for full-time teaching staff, will be provided in accordance with applicable law.

References

All requests for references and employment verifications must be promptly directed to **your direct supervisor**. When contacted for a reference or employment verification, the School will only provide information concerning dates of employment, the title of the last position held, and length of service. Other employees may not provide any employment verifications or provide a professional reference on behalf of the School for another employee.

INTERNAL COMPLAINT REVIEW & OPEN DOOR

Open Door Policy

The School wishes to provide the most positive and productive work environment possible. To that end, it has an open door policy where it welcomes your questions, suggestions or complaints relating to your job, conditions of employment, the School or the treatment you are receiving. Other than in situations involving harassment (as outlined and described above), please contact **the Principal (or MERF Human Resources for MERF employees)** with your questions or concerns. If the situation is not resolved to your satisfaction, please contact **MERF Human Resources**, preferably in writing, who will further investigate the issue.

Internal Complaint Review

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have

43

free access to **the CEO** or **Board of Directors** to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the School's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

Internal Complaints:
(Complaints by Employees against Employees)

This section of the policy is for use when a School employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with **your direct supervisor**. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by **the Principal (or the CEO (or designee) for MERF employees):**

➢ The complainant will bring the matter to the attention of **the Principal (or the CEO (or designee) for MERF employees)** as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and

➢ The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. **The Principal (or the CEO for MERF employees) (or designee)** will then investigate the facts and provide a solution or explanation;

➢ If the complaint is about the Principal**,** the complainant may file his or her complaint in a signed writing to the **CEO (or designee.) The CEO (or designee)** will then investigate the facts and provide a solution or explanation;

➢ If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to **the President of the School's Board of Directors**, who will then confer with the Board and may conduct a fact-finding or authorize a third

party investigator on behalf of the Board. **The Board President or investigator** will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

Policy for Complaints Against Employees:
(Complaints by Third Parties against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of **the Principal or the CEO** (if the complaint concerns the Principal) or **the Board President** (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, **the Principal (or the CEO (or the Board President)) (or designee)** shall abide by the following process:

➢ **The Principal (or the CEO) (or designee)** shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.

➢ In the event that **the Principal (or the CEO) (or designee)** finds that a complaint against an employee is valid, **the Principal (or the CEO) (or designee)** may take appropriate disciplinary action against the employee. As appropriate, **the Principal (or the CEO) (or designee)** may also simply counsel/reprimand employees as to their

44

conduct without initiating formal disciplinary measures.

➢ **The Principal's (or the CEO's) (or designee's)** decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

General Requirements:

➢ Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.

➢ Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.

➢ Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MERF

employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

AMENDMENT TO EMPLOYEE HANDBOOK

This Employee Handbook contains the employment policies and practices of the School in effect at the time of publication.

MPS reserves the right to amend, delete or otherwise modify this Handbook at any time provided that such modifications are in writing and duly approved by the employer.

Any written changes to the Handbook will be distributed to all employees. No oral statements can in any way alter the provisions of this Handbook.
