RE:	Recommendation of Approval of 2019-20 Compliance Monitoring and Certification of Board Compliance Review for MSA-4, 6, 7, and Bell

Proposed Board Recommendation

I move that the academic committee recommend approval of 2019-20 Compliance Monitoring and Certification of Board Compliance Review for MSA-4, 6, 7, and Bell.

Background

This is an annual item that the Board needs to approve for LAUSD authorized MPS schools. LAUSD requires that each charter school get this certification approved by their board and submit it along with approved board agenda and minutes. This document certifies that the charter school meets all compliance requirements indicated on the document. LAUSD will review documentation of compliance during their oversight visit to each school.

LAUSD has listed 23 areas of compliance requirements for review on the document ranging from employee criminal background and TB clearances to obtaining WASC accreditation and UC Doorways course approval. The school principals have already signed the document certifying that they have reviewed the school’s compliance related policies, systems, and procedures. In support of the schools the Home Office also oversees and ensures that all school compliance items are met. The document signed by the principals will be submitted to LAUSD as part of the first submission.

LAUSD requires that the Governing Board Chair sign each certification upon Board review and approval. The signed certification page will be part of our second submission to LAUSD.

### CHARTER SCHOOL COMPLIANCE MONITORING 2019-2020

Dear Charter School Governing Board President and Charter School Leaders:

As part of its oversight responsibility set forth in California Education Code § 47604.3, the LAUSD, through the Charter Schools Division (CSD), monitors each charter public school's compliance with applicable legal, charter, and policy requirements. The CSD's compliance oversight process encompasses three important actions by each charter school:

- (1) **School Administrator's Certification**: As the CSD continues its focus on ensuring that the well-being of students remains first and foremost, **by October 7, 2019**, (designed to be aligned with the six week deadline for Child Abuse Mandated Reporter training) as part of the school's Q1 electronic submission of documents, we request that the school site administrator submit the attached certification confirming the school's implementation of safety measures at the beginning of the school year. This beginning of the year certification by the school administrator informs the governing board and supports the school in ensuring that critical organizational and management systems are in place as the school year begins, as these requirements greatly impact students, staff and the public. **Please return the entire document with only the school administrator's columns completed, along with the administrator's signature no later than October 7, 2019.**
  
- (2) **Certification of Board Compliance Review**: As in previous years, and as part of the Governing Board's fulfillment of its fiduciary governance responsibility to ensure that the charter school complies with all applicable laws and other requirements, it is critical that the school's Governing Board periodically review, discuss, monitor, and modify, if necessary, the school's policies and systems for compliance with such requirements. **Please complete and sign the *final* certification at the end of the attached document, *Compliance Monitoring and Certification of Board Compliance Review 2019-2020*, and return the entire document, (including the administrator's certification from the first submission). Please include the relevant Board agenda(s) and minutes as evidence of the Governing Board's review of these items and submit to the Charter Schools Division via Dropbox no later than January 13, 2020.**

The CSD is very much aware and acknowledges that governing boards provide fiduciary oversight and hire a leader (or leaders) to execute day-to-day operations and appropriately delegated functions. Moreover, the charter school's governing board is the first line of charter school oversight. As part of the District's oversight process, this certification is intended to serve as a formal acknowledgement from charter school governing boards of their review and appropriate due diligence in these key areas as part of their own organizational oversight function. This annual certification also provides charter governing

boards an opportunity to confirm with their school leadership that systems are/remain in place to fulfill these critical requirements that impact students, staff, and the public.

- (3) Documentation of Compliance: As we have historically done, the CSD will review documentation of compliance with several key legal requirements as part of this year's annual performance-based oversight visit to each charter school. To facilitate effective and efficient compliance review on the day of the visit, please adhere to the guidance provided in the *Annual Performance-Based Oversight Visit Preparation Guide 2019-2020* for the preparation of the school's compliance documentation. Please ensure that this documentation is current, complete, and accurate. The "Supporting Documentation" column of the table in the attached *Compliance Monitoring and Certification of Board Compliance Review 2019-2020* may provide useful support and assistance in this endeavor.

We appreciate your continued collaboration and cooperation as we work together so that all youth achieve in healthy and safe environments. Should you have questions, please contact your assigned CSD administrator.

Best wishes,

José Cole-Gutiérrez

### CHARTER SCHOOL COMPLIANCE MONITORING 2019-2020

Dear Charter School Governing Board President and Charter School Leaders:

As part of its oversight responsibility set forth in California Education Code § 47604.3, the LAUSD, through the Charter Schools Division (CSD), monitors each charter public school's compliance with applicable legal, charter, and policy requirements. The CSD's compliance oversight process encompasses three important actions by each charter school:

- (1) **School Administrator's Certification**: As the CSD continues its focus on ensuring that the well-being of students remains first and foremost, **by October 7, 2019**, (designed to be aligned with the six week deadline for Child Abuse Mandated Reporter training) as part of the school's Q1 electronic submission of documents, we request that the school site administrator submit the attached certification confirming the school's implementation of safety measures at the beginning of the school year. This beginning of the year certification by the school administrator informs the governing board and supports the school in ensuring that critical organizational and management systems are in place as the school year begins, as these requirements greatly impact students, staff and the public. **Please return the entire document with only the school administrator's columns completed, along with the administrator's signature no later than October 7, 2019.**
- (2) **Certification of Board Compliance Review**: As in previous years, and as part of the Governing Board's fulfillment of its fiduciary governance responsibility to ensure that the charter school complies with all applicable laws and other requirements, it is critical that the school's Governing Board periodically review, discuss, monitor, and modify, if necessary, the school's policies and systems for compliance with such requirements. **Please complete and sign the final certification at the end of the attached document, *Compliance Monitoring and Certification of Board Compliance Review 2019-2020*, and return the entire document, (including the administrator's certification from the first submission). Please include the relevant Board agenda(s) and minutes as evidence of the Governing Board's review of these items and submit to the Charter Schools Division via Dropbox no later than January 13, 2020.**

The CSD is very much aware and acknowledges that governing boards provide fiduciary oversight and hire a leader (or leaders) to execute day-to-day operations and appropriately delegated functions. Moreover, the charter school's governing board is the first line of charter school oversight. As part of the District's oversight process, this certification is intended to serve as a formal acknowledgement from charter school governing boards of their review and appropriate due diligence in these key areas as part of their own organizational oversight function. This annual certification also provides charter governing

boards an opportunity to confirm with their school leadership that systems are/remain in place to fulfill these critical requirements that impact students, staff, and the public.

- (3) Documentation of Compliance: As we have historically done, the CSD will review documentation of compliance with several key legal requirements as part of this year's annual performance-based oversight visit to each charter school. To facilitate effective and efficient compliance review on the day of the visit, please adhere to the guidance provided in the *Annual Performance-Based Oversight Visit Preparation Guide 2019-2020* for the preparation of the school's compliance documentation. Please ensure that this documentation is current, complete, and accurate. The "Supporting Documentation" column of the table in the attached *Compliance Monitoring and Certification of Board Compliance Review 2019-2020* may provide useful support and assistance in this endeavor.

We appreciate your continued collaboration and cooperation as we work together so that all youth achieve in healthy and safe environments. Should you have questions, please contact your assigned CSD administrator.

Best wishes,

### CHARTER SCHOOL COMPLIANCE MONITORING 2019-2020

Dear Charter School Governing Board President and Charter School Leaders:

As part of its oversight responsibility set forth in California Education Code § 47604.3, the LAUSD, through the Charter Schools Division (CSD), monitors each charter public school's compliance with applicable legal, charter, and policy requirements. The CSD's compliance oversight process encompasses three important actions by each charter school:

- (1) **School Administrator's Certification**: As the CSD continues its focus on ensuring that the well-being of students remains first and foremost, **by October 7, 2019**, (designed to be aligned with the six week deadline for Child Abuse Mandated Reporter training) as part of the school's Q1 electronic submission of documents, we request that the school site administrator submit the attached certification confirming the school's implementation of safety measures at the beginning of the school year. This beginning of the year certification by the school administrator informs the governing board and supports the school in ensuring that critical organizational and management systems are in place as the school year begins, as these requirements greatly impact students, staff and the public. **Please return the entire document with only the school administrator's columns completed, along with the administrator's signature no later than October 7, 2019.**
- (2) **Certification of Board Compliance Review**: As in previous years, and as part of the Governing Board's fulfillment of its fiduciary governance responsibility to ensure that the charter school complies with all applicable laws and other requirements, it is critical that the school's Governing Board periodically review, discuss, monitor, and modify, if necessary, the school's policies and systems for compliance with such requirements. **Please complete and sign the *final* certification at the end of the attached document, *Compliance Monitoring and Certification of Board Compliance Review 2019-2020*, and return the entire document, (including the administrator's certification from the first submission). Please include the relevant Board agenda(s) and minutes as evidence of the Governing Board's review of these items and submit to the Charter Schools Division via Dropbox no later than January 13, 2020.**

The CSD is very much aware and acknowledges that governing boards provide fiduciary oversight and hire a leader (or leaders) to execute day-to-day operations and appropriately delegated functions. Moreover, the charter school's governing board is the first line of charter school oversight. As part of the District's oversight process, this certification is intended to serve as a formal acknowledgement from charter school governing boards of their review and appropriate due diligence in these key areas as part of their own organizational oversight function. This annual certification also provides charter governing

boards an opportunity to confirm with their school leadership that systems are/remain in place to fulfill these critical requirements that impact students, staff, and the public.

- (3) Documentation of Compliance: As we have historically done, the CSD will review documentation of compliance with several key legal requirements as part of this year's annual performance-based oversight visit to each charter school. To facilitate effective and efficient compliance review on the day of the visit, please adhere to the guidance provided in the *Annual Performance-Based Oversight Visit Preparation Guide 2019-2020* for the preparation of the school's compliance documentation. Please ensure that this documentation is current, complete, and accurate. The "Supporting Documentation" column of the table in the attached *Compliance Monitoring and Certification of Board Compliance Review 2019-2020* may provide useful support and assistance in this endeavor.

We appreciate your continued collaboration and cooperation as we work together so that all youth achieve in healthy and safe environments. Should you have questions, please contact your assigned CSD administrator.

Best wishes,

José Cole-Gutiérrez  
Director,

RE:	Recommendation Approval of Change of Staffing for MSA 3-Special Education Teacher

Proposed Board Motion

I move that the Academic Committee recommend approval of an increase in staffing as follows:

- Approval of adding a Full-time Special Education Resource Specialist Program (RSP) Teacher at MSA 3.

Background

- For Special Education we are required to have (1) RSP teacher for every 28 students within the program. We currently have two RSP teachers, which is a 27.5 ratio and one is also the RSP Coordinator who organizes and ensure we are in compliance. Anytime we are higher than a 1 to 28 ratio we must hire another teacher to be in compliance with state and federal laws.

2016-2017	27 Special Education Students
2017-2018	35 Special Education Students
2018-2019	(57) Special Education Students, (11) 504 students
2019-2020	(55) Special Education Students, (9) 504 Students

- Due to position shifts, there is a need for one additional position to be added to their department because MSA 3’s current positions for the Special Education Department include the following:
  - 1 Sped Coordinator assigned 504 students, they conduct assessments for annual Individualized Education Plans ( IEP’s), they push in to classes for service minutes, they take on any new students throughout the year that are attending our school if they needed services, plus they manage the coordination of IEP meetings. They are highly experienced with several years of experience in Special Education.
  - 1 RSP Teacher-assigned 28 students, they write IEP’s, conduct meetings, push in for service minutes and collaborate with teachers to ensure the students services are met.
  - We are requesting 1 additional RSP teacher to manage the other 27 students.

Budget Implications

- Special Education Teacher (RSP)-Handle incoming transfers of Sped students within the year, manage the Learning Center and After School Tutoring Center, assist the Coordinator with scheduling IEP’s, compliance, and ensuring proper signatures and documents for reporting, and servicing IEP’s. \$65,000 for salary and \$20,000 (35% of salary) to benefits, insurance and retirement.
- This position is not included in the current year’s board approved budget. Addition of this expense in MSA 3’s 2019-20 operating budget will result in a projected net loss of \$18,535 for this fiscal year..

RE:	Summit Learning Platform Overview

### Proposed Board Motion

This is an information item.

### Introduction

- The Summit Learning Platform is a tool that helps teachers facilitate personalized learning in core courses.
- The platform helps students move at their own pace learning skill sets (soft skills) and apply skills to real-world projects.

### Background

- Summit Learning Platform was brought to MSA Bell through a grant application for implementation in the 2016-17 school year.
- The platform has greatly been built out to focus on the following: learning through projects, mentorship for students, and equipping students with the skills and habits associated through self-directed learning. The platform has the ability to measure these 3 components within the platform. The ultimate goal is that these components will equip, empower, engage, and develop students to become emergent leaders of the 21st century.
