RE:	Approval of Maintenance and Destruction of Student Records Policy

Proposed Board Recommendation

I move that the board approve the Maintenance and Destruction of Student Records Policy.

Background

This is a policy that MPS needs to adopt in order to have consistent office procedures regarding maintenance and destruction of student records. The policy is based on Title 5 of the California Code of Regulations (“CCR”) sections 431 through 438, per the following:

- “Mandatory Permanent Student Records”: must be maintained indefinitely or an exact copy thereof for every student who was enrolled in the charter school.
- “Mandatory Interim Student Records”: Must be maintained until judged to be disposable defined as “when the student leaves the charter school or when their usefulness ceases.” These records may be destroyed during the third (3rd) school year following the determination that the records are disposable (i.e. 2019-2020 records may be destroyed after July 1, 2023).
- “Permitted Student Records”: may be maintained and may be destroyed when their usefulness ceases or after six (6) months following the student’s completion or withdrawal from school.

The policy describes student records that fall under these three categories and provides guidance for how long records should be retained before they are destroyed. This new policy is also consistent with the LAUSD policy.

If the Charter School forwards a copy, the original must be maintained by the Charter School.

- *“Mandatory Interim Student Records”*: Must be maintained until judged to be disposable defined as “when the student leaves the charter school or when their usefulness ceases.” These records may be destroyed during the third (3rd) school year following the determination that the records are disposable (i.e. 2019-2020 records may be destroyed after July 1, 2023). These records are defined as:
 1. A log or record identifying those persons (except authorized school personnel) or organizations requesting or receiving information from the record. The log or record shall be accessible only to the legal parent or guardian or the eligible student, or a dependent adult student, or an adult student, or the custodian of records.

If the transfer is to an out of state or to a private school, the mandatory interim student record may be forwarded. If the Charter School forwards the original mandatory interim student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

- *“Permitted Student Records”*: may be maintained and may be destroyed when their usefulness ceases or after six (6) months following the student’s completion or withdrawal from school. These records are defined as:

 4. Verified reports of relevant behavioral patterns
 5. All disciplinary notices
 6. Attendance records not covered in the 5 CCR § 400

Permitted student records may be forwarded upon a request by a public or private school in which a student is enrolling. If the Charter School forwards the original permitted student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

§ 437. Retention and Destruction of Pupil Records

(a) No additions except routine updating shall be made to the record after high school graduation or permanent departure without the prior consent of the parent or adult pupil.

(b) Mandatory permanent pupil records shall be preserved in perpetuity by all California schools according to Chapter 2, Division 16, Part I, of this title.

(c) Unless forwarded to another district, mandatory interim pupil records may be adjudged to be disposable when

the student leaves the district or when their usefulness ceases. Destruction shall be in accordance with Section 16027 of this title during the third school year following such classification.

(d) Permitted pupil records may be destroyed when their usefulness ceases. They may be destroyed after six months following the pupil's completion of or withdrawal from the educational program.

The method of destruction shall assure that records are not available to possible public inspection in the process of destruction.

§ 16022. Classification of Records

(a) Prior Year Records. Before January 1, the district superintendent (or a person designated by the district not employing a superintendent) shall review documents and papers originating during the prior school year and classify them as Class 1 - Permanent, Class 2 - Optional, or Class 3 - Disposable.

(b) Continuing Records. Records of a continuing nature, i.e., active and useful for administrative, legal, fiscal, or other purposes over a period of years, shall not be classified until such usefulness has ceased. A pupil's cumulative record, if not transferred, is a continuing record until the pupil ceases to be enrolled in the district.

(c) Microfilm Copy. Whenever an original record is photographed, microphotographed, or otherwise reproduced on film, the copy thus made is hereby classified as Class 1 - Permanent. The original record, unless classified as Class 2 - Optional, may be classified as Class 3 - Disposable and may then be destroyed in accordance with this chapter if the following conditions have been met:

(1) The reproduction was accurate in detail and on film of a type approved for permanent, photographic records by the United States Bureau of Standards.

(2) The superintendent has attached to or incorporated in the microfilm copy his signed and dated certification of compliance with the provisions of Section 1531 of the Evidence Code.

(3) The microfilm copy was placed in a conveniently accessible file, and provision was made for preserving permanently, examining and using same.

(d) Any "historical inventory of equipment" shall be a continuing record as provided in subdivision (b) and shall not be subject to classification for retention or destruction until the inventory is superseded or until the equipment is removed from district ownership.

Background

There have been many updates to the legislation and the Ed Code in the recent years that has necessitated a deep review of our existing student services related policies to ensure they are up to date. We worked closely with YM&C in reviewing the 2020-21 Student/Parent Handbook and related MPS policies. The abovementioned policies in the motion are important standalone policies that were updated in collaboration with YM&C. Some of those policies are entirely included in the Handbook either because it is required to have it in the Handbook, e.g., Title IX policy, or to provide convenient student/parent access, e.g., Volunteer Policy. Some policies are required to be posted on the school website, e.g., Suicide Prevention, Title IX, and UCP.

Attached are the updated policies. The following summary highlights modifications made to the policies.

Attendance Policy
<ul style="list-style-type: none"> • Added legal definitions of tardy, unexcused absence, truant, habitual truant, chronic truant, and SART. • Update the list of excused absences and tardies (pregnant or parenting students, work permit, conference attendance, confidential medical services, etc.) • Involuntary Removal Process section has been added.

Student Freedom of Speech/Expression Policy
<ul style="list-style-type: none"> • Added legal definitions of obscenity, defamation, discriminatory material, harassment, fighting words, vulgarity and profanity, and violating privacy. • Added language regarding journalism staff advisers: <ul style="list-style-type: none"> ○ The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication. “Official school publications” refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee. ○ If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted

material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Principal.

- Added: “Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.”
- Student Speeches section has been added.
 - If a student is selected to speak at an MPS sponsored event, including but not limited to graduation or school assemblies, MPS has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the MPS sponsored event.

Suicide Prevention Policy

- The Education Code requires that the Charter review the policy at least every 5 years; the CDE’s model policy continues to recommend that the policy be reviewed at least annually.
- The policy has been updated based on the CDE’s model policy with resources.
- Language has been added to reflect resources for grades K-6.
- Student identification cards policy is included.
 - Charter School will include the telephone number for the National Suicide Prevention Lifeline (1-800-273-8255) and the National Domestic Violence Hotline (1-800-799-7233) on all student identification cards. MPS will also include the number for the Crisis Text Line, which can be accessed by texting HOME to 741741 and a local suicide prevention hotline on all student identification cards.

- The following language has been added regarding health and safety:
 - All visitors are asked to comply with current mandated and recommended health and safety protocols. Visitors (including volunteers) who demonstrate signs of a contagious disease (e.g. fever, coughing) may be denied registration. When recommended or requested by the Department of Public Health, visitors will be required to wear personal protective equipment, such as masks, and

practice social distancing. MPS reserves the right to implement additional measures for the protection of its school community, such as requiring forehead temperature checks before entry to the same extent being utilized for students and employees.

- The following language has been added regarding disruptive visitors.
 - The Principal may direct a visitor without lawful business on campus to leave campus when the visitor's presence or acts interfere with the peaceful conduct of the activities of the school or disrupt the school or its pupils or school activities. Any visitor who is directed to leave by the Principal or designee will not be permitted to return to the Charter School campus for at least seven (7) days

Title IX

Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Public School ("MPS" or the "Charter School") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom MPS does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation and transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. Cyberbullying Prevention Procedures

MPS advises students:

1. To never share passwords, personal data, or private photos online.
2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
4. To consider how it would feel receiving such comments before making comments about others online.

MPS informs Charter School employees, students, and parents/guardians of MPS’ policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS’ bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way

to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

3. Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by MPS, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS students.

Grievance Procedures

1. Scope of Grievance Procedures

MPS will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;

- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, MPS will utilize the following grievance procedures in addition to its UCP when applicable.

2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634
ceo@magnoliapublicschools.org

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses.

Board Governance Policies

Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy

Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

3. Supportive Measures

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to MPS' education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS' educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work

locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of MPS to provide the supportive measures.

4. Investigation and Response

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of MPS, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
 - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
 - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
 - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
 - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
 - A statement that MPS prohibits an individual from knowingly making

false statements or knowingly submitting false information during the grievance process.

resolution process, including the records that will be maintained or could be shared; and

- Emergency Removal

- MPS may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with MPS' policies.
- MPS may remove a respondent from MPS' education program or activity on an emergency basis, in accordance with MPS' policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
- This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.

- Informal Resolution

- If a formal complaint of sexual harassment is filed, MPS may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If MPS offers such a process, it will do the following:
 - Provide the parties with advance written notice of:
 - The allegations;
 - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
 - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
 - Any consequences resulting from participating in the voluntary informal

- Obtain the parties' advance voluntary, written consent to the informal resolution process.

- MPS will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- Investigation Process

- The decision-maker will not be the same person(s) as the Coordinator or the investigator. MPS shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
- In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
- The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
- The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if

any, at least ten (10) days prior to the determination of responsibility.

- Dismissal of a Formal Complaint of Sexual Harassment
 - If the investigation reveals that the alleged harassment did not occur in MPS' educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable MPS policy.
 - MPS may dismiss a formal complaint of sexual harassment if:
 - The complainant provides a written withdrawal of the complaint to the Coordinator;
 - The respondent is no longer employed or enrolled at MPS; or
 - The specific circumstances prevent MPS from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
 - If a formal complaint of sexual harassment or any of the claims therein are dismissed, MPS will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
 - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
 - MPS will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
 - The allegations in the formal complaint of sexual harassment;
 - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - The findings of facts supporting the determination;
 - The conclusions about the application of MPS' code of conduct to the facts;
 - The decision and rationale for each allegation;
 - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
 - The procedures and permissible bases for appeals.

5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by MPS in response to a formal complaint of sexual harassment.

6. Right of Appeal

Should the reporting individual find MPS' resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of MPS' decision or resolution, submit a written appeal to the President of the MPS Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and MPS will implement appeal procedures equally for both parties.
- MPS will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location. MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

Complaint forms for “**Title IX, Harassment, Intimidation, Discrimination, and Bullying**” and “**Uniform Complaint Procedures**” are included at the end of this handbook and copies are also available in the school office.

Board Governance Policies

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

Only complaints regarding pupil fees or LCAP compliance may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees or LCAP.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which Charter School's Board of Directors approved the LCAP or the annual update was adopted by Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and in accordance with Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with Charter School, a copy of Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal

Uniform Complaint Policy and Procedures

decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 CCR § 4622.

The UCP Annual Notice, the UCP, and the complaint form for the UCP are all included in the Student/Parent Handbook. Copies are also available in the school office free of charge and on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the CEO.

Note: It is not required to use the complaint form for the UCP to file a UCP complaint. If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

- e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the

Board Governance Policies

Board Governance Policies

Uniform Complaint Policy and Procedures

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to

conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Step 4: Final Written Decision**

MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.

Board Governance Policies

2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.

Uniform Complaint Policy and Procedures

4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

MAGNOLIA PUBLIC SCHOOLS (MPS) ATTENDANCE POLICY

It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools (“MPS”) to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.

Avoiding Absences, Written Excuses

Following an absence, a student is required to bring a written excuse from home when returning to school. Absences without a written excuse are recorded as unexcused.

Tardiness:

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year.

Definitions:

- *“Tardy”*: MPS starts at **8:00 a.m.*** Students shall be classified as tardy if the student arrives after that time.

* Each individual MPS school start time may vary. Please check with your school office for the exact start time.

- *“Unexcused Absence”*: Students shall have an unexcused absence if the student is absent or is tardy for more than thirty (30) minutes without a valid excuse.
- *“Truant”*: Students shall be classified as truant if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three (3) occasions in one school year, or any combination thereof. Any student who has once been reported as a truant and who is again absent from school without valid excuse one or more days, or tardy on one or more days, shall again be deemed a truant. Such students shall be reported to the Principal or designee.
- *“Habitual Truant”*: Students shall be classified as a habitual truant if the student is reported for truancy three (3) or more times within the same school year. This generally occurs when the student is absent from school without a valid excuse for five (5) full days in one school year or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on five (5) occasions in one school year, or any combination thereof.
- *“Chronic Truant”*: Students shall be classified as a chronic truant if the student is absent from school without a valid excuse for ten (10) percent or more of the school days in one school year, from the date of enrollment to the current date.
- *“School Attendance Review Team (“SART”)*: is the MPS Attendance Review Team and will consist of the individuals listed below.

Arrest of Truants/School Attendance Review Boards: EC 48263 and 48264:

The MPS attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from their home and who is absent from MPS without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Team (SART).

(d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

(e) "Immediate family," as used in this section, means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

Other reasons will be considered that are requested in writing and approved by MPS. If the excuse is not one of the valid excuses listed above, the MPS administrators are authorized to excuse school absences due to the pupil's circumstances on a case-by-case basis.

Unexcused Absences/Tardies for Classroom Based Attendance

Students will be marked unexcused if they:

1. Do not bring a written note within **two (2)** school days following an absence;
2. Leave school without signing out at the school office;
3. Are absent from class without teacher permission or a valid excuse, including walking out of class;
4. Get a pass to go to a certain place but do not report there; and/or
5. Are absent/tardy for reasons **not acceptable** to the administration including but not limited to:

- Not waking up on time
- Transportation problems (missing the bus, traffic, etc.)
- Running errands for family
- Work
- Babysitting
- Hair appointment
- Needed at home
- Vacations or trips
- Athletic workout
- Socializing/Lingering in the hallway.

Method of Verification

A parent/guardian must inform the school office via phone of their child's absence/tardy the morning of the absence/tardy. When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within **two (2)** school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within **two (2)** school days of the absence/return, the absence will be marked as "unexcused." The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
 - a. Name of student;
 - b. Name of parent/guardian or parent representative;
 - c. Name of verifying employee;
 - d. Date or dates of absence; and
 - e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
 - a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.

- b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has **had twenty (20)** absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency or for students in grades 7-12, inclusive, who may be excused from school for the purpose of obtaining confidential medical services without the consent of the student's parent or guardian. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law. Students who arrive to school late must report to the school office when the student arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, the student will receive an unexcused tardy. The student will be given a "late slip" from office staff to be admitted to class.

Make up Work for Excused Absences

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

Independent Study Policy

Students with a legitimate need for an extended absence of five (5) or more days can enroll in independent study. Please see the school office and website for the "**MPS Independent Study Policy.**"

Extracurricular Activities

When a student accrues ten (10) unexcused absences/tardies in a semester, the student may not be allowed to participate in any extracurricular activities for the remainder of that semester. (Field trips and academic opportunities do not count as extracurricular activities.) Special circumstances with documented explanations should be reviewed with the administration. After twenty (20) unexcused absences/tardies within the school year, the student may be referred to the Reflection Committee regarding their standing and opportunity to participate in any culminating activities, i.e., promotion/graduation, prom or graduation night.

Process for Upholding the Attendance Policy

First Day of School Process

When students are not in attendance on the **first five (5) consecutive days of school**, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this

policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be disenrolled from the Charter School roster after following the Involuntary Removal Process described below, as it will be assumed that the student has chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll but have not attended by the fifth day of school will receive a phone call reiterating the content of the letter.
4. MPS will send the Involuntary Removal Notice to the parent/guardian and follow the Involuntary Removal Process described below for any students who have not attended by the sixth (6th) day, and do not have an excused absence.
5. The Involuntary Removal Process can be started immediately upon MPS receiving documentation of the student's enrollment and attendance at another public or private school (i.e. a CALPADS report).
6. MPS will use the contact information provided by the parent/guardian in the registration packet.
7. The last known District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment within thirty (30) days of the disenrollment.

Truancy Process

1. Each of the first **two (2)** unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the Principal or designee. The student's classroom teacher may also call home.
2. Each of the **third (3rd) and fourth (4th)** unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching **three (3)** unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "**Truancy Letter #1 – Truancy Classification Notice**" from the Charter School notifying the parent/guardian of the student's "Truant" status. This letter must be signed by the parent/guardian and returned to the Charter School. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked. This letter shall be re-sent after a fourth (4th) unexcused absence or unexcused tardy over 30 minutes.
3. Upon reaching **seven (7)** unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "**Truancy Letter #2 – Habitual Truant Classification Notice – Conference Request,**" notifying the parent/guardian of the student's "Habitual Truant" status

and that a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.

4. Upon reaching **ten (10)** unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a **Student Support and Progress Team (SSPT)** and the **MPS Attendance Review Team (SART)**. In addition, the parent/guardian will receive a **“Truancy Letter #3 – Referral to SART,”** and will be asked/invited to attend a presentation regarding chronic absenteeism.
5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
 - a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
 - b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:
 - i. Parent/guardian to attend school with the child for one (1) day
 - ii. Student retention
 - iii. After school detention program
 - iv. Required school counseling
 - v. Loss of field trip privileges
 - vi. Loss of school store privileges
 - vii. Loss of school event privileges
 - viii. Required remediation plan as set by the SART
 - ix. Notification to the District Attorney
 - c. The SART panel may discuss other school placement options.
 - d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.
6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS consistent with the Involuntary Removal

Process described below. If the student is disenrolled after the Involuntary Removal Process has been followed, notification will be sent within thirty (30) days to the student's last known district of residence.

7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.
8. If student is absent **ten (10)** or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be disenrolled in compliance with the Involuntary Removal Process described below. The Involuntary Removal Process can be started immediately upon the Charter School receiving documentation of Student's enrollment and attendance at another public or private school (i.e. a CALPADS report).

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

Referral to Appropriate Agencies or County District Attorney

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

Reports

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

EDUCATION OF FOSTER AND MOBILE YOUTH POLICY

I. Introduction

The Governing Board of Magnolia Public Schools (“MPS”) recognizes that foster and mobile youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, MPS shall provide them with full access to MPS’ educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in MPS’ Local Control and Accountability Plan (“LCAP”).

II. Definitions

“*Foster youth*” means a child who has been removed from their home pursuant to California Welfare and Institutions Code section 309, and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the subject of cases in dependency court and juvenile justice court.

“*Former juvenile court school pupil*” means a pupil who, upon completion of the pupil’s second year of high school, transfers from a juvenile court school to the Charter School.

“*Child of a military family*” refers to a student who resides in the household of an active duty military member.

“*Currently Migratory Child*” refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency (“LEA”), either within California or from another state, so that the child or a member of the child’s immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child’s eligibility for migrant education services. “Currently Migratory Child” includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.

“*Pupil participating in a newcomer program*” means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

“*Educational Rights Holder*” (“ERH”) means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to Welfare and Institutions Code sections 319, 361 or 726, or a person holding the right to make educational decisions for the pupil pursuant to Education Code section 56055.

“*School of origin*” means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the MPS liaison for foster youth, in consultation with and with the agreement of the foster youth and ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin.

“*Best interests*” means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth’s access to academic resources, services, and extracurricular and enrichment activities that are available to all MPS students.

Within this Policy, foster/juvenile court youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be referred to collectively as “Foster and Mobile Youth.”

III. Foster and Mobile Youth Liaison

In order to help facilitate the enrollment, placement, and transfer of foster and mobile youth to MPS, the Governing Board shall designate an MPS foster and mobile youth liaison. The Governing Board designates the following position as MPS’ liaison for foster and mobile youth:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The liaison for foster and mobile youth shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in MPS, and checkout from MPS of foster youth.
2. Ensure proper transfer of credits, records, and grades when foster youth transfer to or from MPS.
3. When a foster youth is enrolling in MPS, the foster and mobile youth liaison shall contact the school last attended by the student, within two (2) business days, to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the foster and mobile youth liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School. .
4. When required by law, notify the foster youth's attorney and the appropriate representative of the county child welfare agency at least ten (10) calendar days preceding the date of the following:
 - a. An expulsion hearing for a discretionary act under MPS’ charter.
 - b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under MPS’ charter. The foster youth’s attorney and the agency representative will be invited to participate.
 - c. A manifestation determination meeting prior to a change in the foster youth’s placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth’s attorney and the agency representative will be invited to participate.
5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.
6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for MPS staff, including but not limited to the Principal, teachers, attendance clerks, and office staff, of the requirements for the proper enrollment, placement, and transfer of foster youth.
8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for MPS' foster youth.
9. Monitor the educational progress of foster youth and provide reports to the Principal or designee and the Governing Board based on indicators identified in MPS' LCAP.

This policy does not grant the foster and mobile youth liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under the Education Code section 56055. The role of the foster and mobile youth liaison is advisory with respect to placement options and determination of the school of origin.

IV. School Stability and Enrollment

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in their school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The foster and mobile youth liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in MPS consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the foster and mobile youth liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in MPS as the foster youth's school of origin, the foster youth has the right to remain in MPS pending resolution of the dispute. The dispute shall be resolved in accordance with the existing MPS dispute resolution process.

V. Transportation

MPS shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. MPS is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

VI. Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from school that is due to either of the following circumstances:

1. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.
2. A verified court appearance or related court-ordered activity.

VII. Transfer of Coursework and Credits

When a foster and mobile youth transfers into MPS, MPS shall accept and issue full credit for any coursework that the foster and mobile youth has satisfactorily completed while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework

completed. For purposes of coursework completed by a student who is a child of a military family, “public school” includes schools operated by the United States Department of Defense.

If the foster and mobile youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school. unless MPS, in consultation with the student’s ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a foster and mobile youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall MPS prevent a foster and mobile youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

VIII. Applicability of Graduation Requirements

To obtain a high school diploma from MPS, a student must complete all courses required by MPS, and fulfill any additional graduation requirements prescribed by the Board.

However, foster and mobile youth who transfer to MPS any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School’s graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 (“additional graduation requirements”) unless MPS makes a finding that the student is reasonably able to complete the MPS graduation requirements by the end of the student’s fourth year of high school.

To determine whether a foster and mobile youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student’s school enrollment may be used, whichever will qualify the student for the exemption. For a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student’s social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court’s jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School’s additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Principal or designee shall notify a foster and mobile youth and their ERH if MPS grants an exemption from additional graduation requirements, how any requirements that are waived will affect the foster and mobile youth's ability to gain admission to a postsecondary educational institution and shall provide information about transfer opportunities available through the California Community Colleges.

A foster and mobile youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the foster and mobile youth is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If an eligible student is not exempted from additional graduation requirements or has previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student at any time if an exemption is requested by the youth and the youth qualifies for the exemption. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

MPS shall not require or request a foster and mobile youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no foster and mobile youth or any person acting on behalf of a foster and mobile youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a foster and mobile youth is reasonably able to complete MPS graduation requirements within the student's fifth year of high school, the Principal or designee shall:

1. Inform the student and the student's ERH of the student's option to remain in school for a fifth year to complete MPS' graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.
2. Inform the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges
4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the foster and mobile youth to stay in school for a fifth year to complete MPS' graduation requirements.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

IX. Retroactive Grant of High School Diplomas: Departed/Deported Pupils

The governing board of the MPS may award a diploma to any student who has been deported outside the US against their will, if at the time of the student's deportation, was enrolled in grade 12 of a high school operated by MPS, did not receive a high school diploma because the student's education was interrupted due to their deportation, and was in good academic standing at the time of their deportation. Any transfer credits completed by the student outside the

US or through online or virtual classes will be considered by MPS in its evaluation as to whether to award a high school diploma to a student under this provision.

X. Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

XI. Waiver of Fees for Afterschool Programs

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety (“ASES”) Program operated by the Charter School.

XII. Student Records

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student’s special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School’s Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

XIII. Complaints of Noncompliance

Complaints of noncompliance with this policy shall be governed by MPS’ Uniform Complaint Procedures policy. A copy of MPS’ “**Uniform Complaint Policy and Procedures**” is available in the school office and on the school website.

MAGNOLIA PUBLIC SCHOOLS (MPS) EDUCATION OF HOMELESS CHILDREN AND YOUTH POLICY

I. Introduction

The MPS Governing Board desires to ensure that homeless children and youth are provided with equal access to its educational program, have an opportunity to meet the same challenging State academic standards, are provided a free and appropriate public education, are not stigmatized or segregated on the basis of their status as homeless, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

II. Definitions

The term “homeless children and youth” means individuals who lack a fixed, regular and adequate nighttime residence due to economic hardship. It and includes children and youths who (42 USC 11434(a)):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;
3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and/or
4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of “homeless.”

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Homeless Liaison.

III. MPS Liaison

The **Principal** of each MPS school site shall serve as the Liaison for homeless students ((42 USC 11432(g)(1)(J).)

The Homeless Liaison shall ensure that the following requirements are fulfilled by MPS (42 U.S.C. 11432(g)(6)):

1. Homeless students are identified by school personnel and through outreach and coordination activities with other entities and agencies.
2. Homeless students enroll in and have a full and equal opportunity to succeed at MPS.
3. Homeless students and families receive educational services for which they are eligible, including services through Head Start programs (including Early Head Start programs) under the Head Start Act, early intervention services under part C of the Individuals with Disabilities Education Act (“IDEA”), any other preschool programs administered by MPS, if any, and referrals to health care

services, dental services, mental health services, substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.
5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.
6. Enrollment/admissions disputes are mediated in accordance with law, the MPS charter, and Board policy.
7. Parents/guardians and any unaccompanied youth are fully informed of all transportation services, as applicable.
8. MPS personnel providing services receive professional development and other support.
9. The MPS Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.
10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students and that the youths may obtain assistance from the MPS Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid.

IV. General Assurances

MPS provides the following general assurances:

- Homeless children and youth shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way.
- Homeless children and youth shall be provided services comparable to those received by other students in the school, including transportation services, and education programs for which students meet eligibility criteria, such as services provided under Title 1 or similar state and local programs; programs for students with disabilities; programs for students with limited English proficiency; vocational or technical programs; gifted and talented programs; and school nutrition programs.
- Homeless children and youth will have access to any funds reserved (set-asides) for serving homeless students at their school.
- MPS shall provide homeless students with access to education and other services necessary for these students to meet the same challenging academic standards as other students.
- MPS shall provide and post notices of the educational rights of homeless children and youth.

V. Identification and Reporting

Homeless children and youth will be identified through:

1. The application process for enrollment (self-identification)
2. School personnel recommendations
3. Coordinated activities with other entities and agencies

MPS will comply with all federal, state, county, and other data collections and reporting requirements regarding homeless children and youth.

VI. School Selection

All MPS schools are independent charter schools, and therefore schools of choice rather than assigned district schools. In order to provide equal access to its schools, the MPS annual student recruitment plan shall include efforts to reach homeless families, children, and youth via free public events, community centers, and local homeless service providers. Homeless students may also be identified at the time of enrollment (through self-reports).

VII. Enrollment and Records

Homeless youth will not be discriminated against in the application process. Homeless children and youth will be allowed to apply for enrollment in accordance with current MPS enrollment policies even if the parent/guardian is unable to provide the school with the records normally required for enrollment such as previous academic records, birth certificate, medical records, proof of residency, or other documentation. The MPS designee shall immediately contact the school last attended by the student to obtain the relevant records. If the student needs to obtain immunizations or does not possess immunization or other medical records, the designee shall refer the parent/guardian to the MPS Liaison. The liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student.

In the case of an unaccompanied youth who meet the criteria for homeless student, the MPS Liaison shall assist in the enrollment process. Unaccompanied youth shall be immediately enrolled if eligible and if space is available even if unable to provide the school with the records normally required for enrollment (as above), and despite lack of parent or legal guardian's supervision or permissions, or "power of attorney" by supervising adult.

In accordance with current MPS enrollment policies and state regulations regarding charter schools, if the grade level for which a homeless child or youth has applied has more applicants than spaces available, a random public lottery will take place once annually in order to determine enrollment for the following school year. An "in-district" priority will apply during the lottery to homeless youth who self-identify as homeless during the lottery application process as to not discriminate against homeless children or youth due to lack of permanent housing. If a homeless child or youth applies for admission after the annual random public lottery and no space is available in the student's grade level, the student will be placed on the waitlist in the order in which the application was received, even if the application is incomplete at the time of submission.

Any confidential record ordinarily kept by the school, including immunization or medical records, academic records, birth certificates, guardianship records, and evaluations for special services or programs, of each

homeless child or youth will be maintained so that the records are available, in a timely fashion, when a child or youth enters a new school or school district.

MPS shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

MPS shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the MPS charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the CEO or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. If a youth obtains permanent housing during an academic year, the youth will be permitted to remain in the school of origin through the end of the academic year.

VIII. Enrollment Disputes and Resolution Process

If a disagreement arises over admissions/ enrollment, the student shall be immediately admitted (subject to MPS's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. (42 U.S.C. § 11432(g)(3)(E).)

Enrollment is defined as "attending classes and participating fully in school activities."

The school must refer the student, parent, or guardian to the MPS Liaison to carry out the Board-adopted dispute resolution process as expeditiously as possible.

A written explanation of the school's decision regarding admissions/ enrollment shall be provided to the parent, guardian, or unaccompanied youth, including the right to appeal. The written explanation shall be provided in a language that the parent, guardian, or unaccompanied youth can understand.

IX. Comparable Services

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in MPS such as (42 U.S.C. § 11432(g)(4)):

- Transportation services

- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in vocational and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

Homeless students automatically qualify for free breakfast and lunch at MPS schools. Families do not have to fill out an application or provide proof of income. Homeless students will be added to the free meals program as soon as they have been identified.

X. Transportation

In the event that MPS provides transportation services to all MPS students, MPS shall provide comparable transportation services to each homeless child or youth attending MPS, as noted above. (42 U.S.C. § 11432(g)(4).)

If MPS does not otherwise provide transportation services to all MPS students, MPS shall ensure that transportation is provided for homeless students to and from MPS at the request of the parent/guardian (or Charter School Liaison), if MPS is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by MPS will be adequate and appropriate for the Student's situation, but MPS does not commit to any one method of transportation for all youth.

MPS may work with other agencies to provide transportation services.

XI. Professional Development

All administrators, teachers, and employees of MPS will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. (42 U.S.C. § 11433(d)(3).) All identified or suspected homeless children and youth will be referred to the Charter School Liaison.

XII. High School Graduation Requirements

Homeless students who transfer to the MPS any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless MPS makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's

educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

XIII. Acceptance of Course Work

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

XIV. Notice

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

XV. Annual Policy Review

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school.

A school official also may include a volunteer or an independent contractor of MPS or other party who performs an institutional service or function for which MPS would otherwise use its own employees and who is under the direct control of MPS with respect to the use and maintenance of PII from education records, including but not limited to an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, volunteer or company assisting MPS or another school official in performing an institutional service or function.

7. Legitimate Educational Interest

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

II. DISCLOSURE OF DIRECTORY INFORMATION

At the beginning of each school year, MPS shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent's or eligible student's right to require that MPS not release "directory information" without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify MPS in writing of the categories of "directory information" that it may not disclose without the parent's or eligible student's prior written consent.

MPS will continue to honor a valid request to opt out of the disclosure of a former student's made while the former student was in attendance unless the student rescinds the opt out request.

A directory information release opt-out form is included at the end of this policy and copies are also available in the school office.

III. ANNUAL NOTIFICATION TO PARENTS AND ELIGIBLE STUDENTS

At the beginning of each school year, in addition to the notice required for directory information, MPS shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. Inspect and review the student's education records;
2. Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights;
3. Consent to disclosures of PII contained in the student's education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. File with the U.S. Department of Education a complaint concerning alleged failures by MPS to comply with the requirements of FERPA and its promulgated regulations; and
5. Request that MPS not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;
2. The procedure for requesting amendment of records;

IV. PARENTAL AND ELIGIBLE STUDENT RIGHTS RELATING TO EDUCATION RECORDS

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Principal. Within five (5) business days, MPS shall comply with the request.

1. Copies of Education Records

MPS will provide copies of requested documents within five (5) business days of a written request for copies. MPS may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

2. Request for Amendment to Education Records

Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Principal to correct or remove any information in the student's education record that is any of the following:

- (1) Inaccurate;
- (2) Misleading; or
- (3) In violation of the privacy rights of the student.

MPS will respond within thirty (30) days of the receipt of the request to amend. MPS' response will be in writing and if the request for amendment is denied, MPS will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Principal sustains any or all of the allegations, they must order the correction or the removal and destruction of the information. The Principal or Principal's designee must then inform the parent or eligible student of the amendment in writing.

3. Hearing to Challenge Education Record

If MPS denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education records on the grounds that the information contained in the education records is inaccurate, misleading or in violation of the privacy rights of the student.

The Board Chair may convene a hearing panel to assist in making determinations regarding educational record challenges provided that the parent has given written consent to release information from the student's records to the members of the panel convened. The hearing panel shall consist of the following persons:

- 1) The principal or designee of a public school other than the public school at which the record is on file;
- 2) A certificated MPS employee; and
- 3) A parent appointed by the Principal or by the Board Chair, depending upon who convenes the panel.

The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing. Notice of the date, time and place of the hearing will be sent by MPS to the parent or eligible student no later than twenty (20) days before the hearing.

If a hearing panel is convened by the Board Chair, the principal or designee of a public school shall serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record, and presentation of evidence shall be done in the following manner:

- a. The parent or eligible student may submit a written statement and any relevant documentary evidence to the hearing officer not less than 48 hours in advance of the meeting.
- b. The parent or eligible student shall be provided up to 15 minutes to present evidence

relevant to the issues during the hearing. The parent or eligible student may reserve 2-5 minutes of their time to respond to any evidence presented by the MPS administrator that created the record. The parent or eligible student shall not be permitted to question witnesses during the hearing but may submit or read aloud any relevant witness statements.

- c. The parent or eligible student may be assisted or represented by one or more individuals of their own choice, including an attorney, at their own expense. If the parent or eligible student will be represented by an attorney at the hearing, the parent or eligible student must provide notice to MPS not less than three (3) days in advance of the hearing. If the parent or eligible student does not provide sufficient notice, MPS reserves the right to reschedule the hearing within a reasonable time in order to have its counsel present.
- d. The MPS administrator that created the record, or a designee, shall be afforded up to 15 minutes to present evidence relevant to the issues raised in the pupil records challenge.

The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, MPS' decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, MPS decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, MPS decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of MPS, or both. If MPS places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

V. DISCLOSURE OF EDUCATION RECORDS AND DIRECTORY INFORMATION

MPS must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records, and MPS shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the

source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

MPS will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. MPS must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, MPS will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made.

Note specifically that MPS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

MPS will disclose education records, without prior written consent of the parent or eligible student, to the following parties:

1. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, MPS will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. MPS will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, MPS will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the MPS in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;

PARENT AND FAMILY ENGAGEMENT POLICY

I. Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents¹ or other caregivers are engaged in their children's education. To that end, the **Magnolia Public Schools (MPS)** ("MPS," the "LEA" or "School") has adopted this parent and family engagement policy in order to promote learning and provide a more positive learning experience for our students. This policy has also been submitted to the California Department of Education with the School's Consolidated Application.

II. Engagement in Drafting LEA/School Plans

Parents will be engaged in the development of all school plans, including, but not limited to, the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum, the Single Plan for Student Achievement (SPSA)*, and WASC Self-Study.

** State law provides that single school districts and charter schools may utilize the LCAP to serve as the SPSA, provided that the LCAP meets federal school planning requirements and relevant stakeholder requirements for LCAPs under state law. Charter schools and single school districts may use the LCAP planning process to meet the planning requirements of the LCAP and the SPSA. In doing so, they may utilize the LCAP stakeholder engagement requirements. **MPS chooses to utilize the LCAP to serve as the SPSA. MPS will utilize our Parent Advisory Committee (PAC) in developing the LCAP.***

On an annual basis, the LEA will submit California Department of Education ("CDE")–required plans to the PAC for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE. In addition, all parents of participating children will annually be invited to review the LCAP, the LCAP Federal Addendum, and if applicable, the SPSA, and submit comments. If the plans are not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the plans when it is submitted to the authorizers and the CDE.

III. Engagement in School Review and Improvement

All parents will be engaged, to the extent possible, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parent and family engagement policy and other Title I, Part A activities and provide comments to the School.

Identification of a school for improvement:

- A school that has been identified for CSI, TSI, ATSI, or an eligible school operating a SWP shall develop a comprehensive plan, to be consolidated into a single plan, known as the SPSA in California, pursuant to section 64001(a) of the California Education Code. **MPS chooses to utilize the LCAP to serve as the SPSA.**
- The LCAP, serving as SPSA, shall be developed with the engagement of parents and other members of the community to be served; individuals who will carry out such plan, including teachers, principals, other school

¹ Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

leaders, paraprofessionals present in the school, students (in secondary schools), and other individuals determined by the school.

- The LCAP, serving as SPSA, shall remain in effect for the duration of the school's participation under this part and shall be regularly monitored and revised as necessary based on student needs.
- The LCAP, serving as SPSA, shall be available to the LEA, parents, and the public, and the information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.
- The LCAP, serving as the SPSA, shall be based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging state academic standards, particularly the needs of those children who are failing, or are at risk of failing, to meet the challenging state academic standards and any other factors as determined by the LEA.
 - The comprehensive needs assessment shall include an analysis of verifiable data, consistent with all state priorities and informed by all indicators.
- The LCAP, serving as the SPSA, shall include a description of methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, help provide an enriched and accelerated curriculum, address the needs of all children in the school, particularly the needs of those at risk of not meeting the challenging state academic standards, and provide opportunities for all children to meet the challenging state academic standards.
- The LCAP, serving as the SPSA, shall include goals set to improve pupil outcomes, including addressing the needs of pupil groups as identified through the needs assessment.
- The LCAP, serving as the SPSA, shall include evidence-based strategies, actions, or services.
- The LCAP, serving as the SPSA, shall include proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA, to address the findings of the needs assessment.

(If applicable) Comprehensive Support and Improvement (CSI):

- Upon receiving notification from the state of identification for CSI, the School shall, in partnership with stakeholders (including the principal and other school leaders, teachers, and parents), locally develop and implement a CSI plan for the school to improve student outcomes.
- The plan shall be informed by all indicators described in subsection 1111(c)(4)(B) of the ESEA, as amended by the ESSA, including student performance against state-determined long-term goals.
- The plan shall include evidence-based interventions.
- The plan shall be based on a school-level needs assessment.
- The plan shall identify resource inequities, which may include a review of LEA/school-level budgeting, to be addressed through implementation of such plan.

(If applicable) Targeted Support and Improvement (TSI):

- Upon receiving notification from the state of identification for TSI, the School shall, in partnership with stakeholders (including the principal and other school leaders, teachers, and parents), locally develop and

implement a TSI plan for the school to improve student outcomes based on the indicators in the statewide accountability system established under subsection 1111(c)(4) of the ESEA, as amended by the ESSA, for each subgroup of students that was the subject of notification.

- The plan shall be informed by all indicators described in subsection 1111(c)(4)(B) of the ESEA, as amended by the ESSA, including student performance against long-term goals.
- The plan shall include evidence-based interventions.
- The plan shall be approved by the LEA prior to implementation of such plan.
- Upon submission and implementation, the plan shall be monitored by the LEA.
- The plan shall result in additional action following unsuccessful implementation of such plan after a number of years determined by the LEA.

(If applicable) Additional Targeted Support and Improvement (ATSI):

- Schools are eligible for ATSI if they are among schools eligible for TSI and if any student group at the school, on its own, meets the criteria for the lowest-performing five percent of Title I schools for CSI.
- A school identified for ATSI shall identify resource inequities, which may include a review of LEA/school-level budgeting, which will be addressed through implementation of its plan.

(If applicable) Targeted Assistance School Program (TAS):

- To assist targeted assistance schools (TAS) and LEAs to meet their responsibility to provide for all their students served under this part the opportunity to meet the challenging state academic standards, each targeted assistance program shall carry out the following requirements:
- The TAS program shall determine which students will be served according to the guidelines in section 1115(c) of the ESEA, as amended by the ESSA.
 - Eligible children from eligible populations are children identified by the school as failing, or most at risk of failing, to meet the challenging state academic standards.
 - Children who are economically disadvantaged, children with disabilities, migrant children, and English learners (ELs) are eligible for services under Title I, Part A on the same basis as other children selected to receive services.
- The TAS program shall use resources to help eligible children meet the challenging state academic standards.
- The TAS program shall serve participating students by using effective methods and instructional strategies that strengthen the academic program of the school.
- The TAS program shall coordinate with and support the regular education program of the school.
- The TAS program shall provide PD to teachers, the principal, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and other school personnel who work with eligible children in programs under this section or in the regular education program.
- The TAS program shall implement strategies to increase the involvement of parents of eligible children in accordance with section 1116 of the ESEA, as amended by the ESSA.
- The TAS program, if appropriate and applicable, shall coordinate and integrate federal, state, and local services and programs.

IV. Coordination, Technical Assistance, and Other Support

The MPS Home Office will provide the coordination, technical assistance, and other support necessary to assist all MPS schools in planning and implementing effective parent engagement activities to improve student academic achievement and school performance in the following ways:

- The MPS Home Office and school leaders will collaborate to devise a timeline for parental engagement activities throughout the school year and create a follow up tool to ensure that the activities occur.
- The MPS Home Office and school leaders will collaborate to develop the necessary technical assistance for planning and implementing effective parent engagement activities to improve student academic achievement and school performance.

V. Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

VI. Notice

Within **60** days of the beginning of school, the School will send [**e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets**] a notice to [**if in a targeted assistance school**] [parents of participating children] [**or if in a school with a school wide program**] [all parents] containing, but not limited to, the following information:

- Information about Title I, Part A programs;
- An explanation of the requirements of Title I, Part A programs;
- A description of the rights parents have for participation in Title I, Part A programs;
- A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent and family engagement policy, and if applicable, the schoolwide program.
- A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the proficiency levels students are expected to meet;
- An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.
- A copy of the most current Parent and Family Engagement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental engagement program of the School. If there is sufficient need for transportation or child care at any of the parental engagement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

VII. Title I, Part A Program Engagement

In order to engage parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan, the School will engage parents of participating students as follows:

- The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.
- Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.
- The School will publish a regular Newsletter with notification of upcoming participation opportunities.
- Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan and recommend any changes.
- **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.
- If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.
- If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the authorizers/CDE.

School Site Council (SSC):

- **If a SPSA is required**, the School will create a School Site Council (SSC) where it will plan, review, and improve Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will be composed of 10 members, selected by their peers, as follows:

Category (a):

- The school principal shall be an ex officio member of the SSC
- 3 teacher representatives selected by teachers at the school
- 1 other school personnel selected by peers at the school

Category (b):

- 5 Parents or community members and Students (Parents of students attending the school and community members selected by such parents and Students selected by students attending the school)

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) parents or other community members selected by parents and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 65000)

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent engagement activities are allotted for those activities.

Parent Advisory Committee (PAC):

- **If a SPSA is not required**, and the LCAP can serve as the SPSA, MPS chooses to utilize the LCAP to serve as the SPSA. MPS will utilize our Parent Advisory Committee (PAC) in developing the LCAP. In this case, PAC will meet the stakeholder engagement requirements.
- PAC will plan, review, and improve the LCAP as well as plan, review, and improve Title I, Part A programs and align them to the LCAP. PAC will also be the main committee reviewing the parent and family engagement policy, and if applicable, other school program plans. School leadership will work closely with PAC to ensure parents are engaged in the school improvement process.
- **Parent Advisory Committee** - as used in California Education Code (EC) sections 52063 and 52069, shall be composed of a majority of parents, as defined in subdivision (e), of pupils and include parents of pupils to whom one or more of the definitions in EC Section 42238.01 apply. A governing board of a school district or a county superintendent of schools shall not be required to establish a new parent advisory committee if a previously established committee meets these requirements, including any committee established to meet the requirements of the federal No Child Left Behind Act of 2001 (Public Law 107-110) pursuant to Section 1112 of Subpart 1 of Part A of Title I of that act.

English Learner Parent Advisory Committee (ELPAC):

- **English Learner Parent Advisory Committee** - as used in EC sections 52063 and 52069 for those school districts or schools and programs operated by county superintendents of schools whose enrollment includes at least 15 percent English learners and at least 50 pupils who are English learners, shall be composed of a majority of parents, as defined in subdivision (e), of pupils to whom the definition in EC Section 42238.01(c) applies. A governing board of a school district or a county superintendent of schools shall not be required to establish a new English learner parent advisory committee if a previously established committee meets these requirements.

Consulting with Pupils:

- **Consult with Pupils** - as used in EC sections 52060, 52066, and 47606.5, means a process to enable pupils, including unduplicated pupils and other numerically significant pupil subgroups, to review and comment on the development of the LCAP. This process may include surveys of pupils, forums with pupils, pupil advisory committees, or meetings with pupil government bodies or other groups representing pupils.

- The School annually conducts student, parent, and staff surveys to improve our stakeholders' school experience and to consult with them. Conducting such stakeholder surveys is an essential part of the School's LCAP development process.

VIII. Building Capacity for Engagement

A. Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement

In order to ensure effective parental engagement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

- The LEA will encourage parents to serve on its board of directors;
- The LEA will seek input from the PAC and the SSC on ways to assist parents to understand the Standards and Requirements.
- The LEA will encourage parents to serve on its board committees.
- The LEA will regularly publish in its newsletter, and/or on its website, descriptions and explanations of State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.
- Regular meetings will be held by the school, at community libraries and/or parent volunteer homes, to discuss how parents can work with educators to improve their child's academic achievement.
- The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.
- Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

B. Helping Parents to Work with their Children

In an effort to foster parental engagement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

- **Student-Teacher Portal:** MPS uses an online web portal to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.
- Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use the portal as well as how to access it via free Internet access at public libraries if that is more convenient than coming to the school.
- **ParentSquare:** MPS uses a unified school-to-home engagement platform called ParentSquare. This platform enables the school to send automated messages to parents with student-specific information.

MPS uses ParentSquare to communicate attendance information, news and upcoming events, parent and family engagement opportunities, surveys, resources for parent education and more. With extensive student information system integration, translation to more than 100 languages and access via app, email, text, voice, and web portal, ParentSquare enables the school to engage all families, ensuring equitable communication.

- The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.
- The LEA will provide annual seminars on parenting skills and parent-child communication.
- The school's psychologist will work with parents to better understand their children and the issues facing them.
- The LEA will train parents how to tutor their children in the school.
- Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.
- One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

C. Education on Parent Engagement

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

- **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school.² Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.
- The LEA teachers will visit students at their homes to enhance student learning and engagement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

² Source: http://crede.berkeley.edu/products/print/pract_briefs/pb1.shtml

- A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.
- A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental engagement programs in which parents would most likely participate.

D. Other Optional Parent Participation

- The LEA will engage parents in the development of the training regarding the importance of parent engagement for teachers, principal, and other educators to improve the effectiveness of such training.
- In order to maximize parental engagement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.
- The LEA will adopt and implement model approaches to improving parental engagement.
- The LEA will develop appropriate roles for community-based organizations and businesses in parent engagement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

IX. Coordination with Other Programs

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent engagement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent engagement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

X. Annual Evaluation

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA. The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental engagement and to revise, if necessary, this family and parent engagement policy.

XI. School-Parent Compact

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the

responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The PAC will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

XII. Engagement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be engaged in the education of their children, and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the LEA will do the following:

- The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.
- The LEA will provide language translators at parent meetings to the extent practicable.
- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.
- **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the PAC/SSC on programs and services for English Learners. State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning ELAC. The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.
- Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

XIII. Notices

In accordance with ESSA, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

- Annual report card;
- A notice regarding the professional qualifications of the student's classroom teachers;
- The notice regarding language instruction programs;
- Any other notices required by law.

XIV. Miscellaneous

- The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.
- The LEA will provide other reasonable support for parental engagement activities as requested by parents.

Examples include pornography or sexually explicit material.
2. “*Defamation*”: Libel (written defamation) and Slander (oral defamation), which includes but is not limited to inaccurately attributing a statement to another, either on purpose for public officials (which includes Charter School staff) or by mistake for private officials, that mischaracterizes the statement.
3. “*Discriminatory Material*”: material that demeans a person or group because of the person/group’s disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation that has the purpose of humiliating, offending, or provoking a person/group.
4. “*Harassment (including sexual harassment), Intimidation and/or Bullying*”: severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following: (1) placing a reasonable student or students in fear of harm to that student’s or those students’ person or property, (2) causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health, (3) causing a reasonable student to experience a substantial interference with his or her academic performance, (4) causing a reasonable student to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.
5. “*Fighting Words*”: words likely to cause (1) the average person to fight or (2) the creation of a clear and present danger of violence, unlawful acts in violation of lawful school regulations, or the substantial disruption of school.

7. *“Violating Privacy”*: publicizing or distributing confidential or private material without permission.

Distribution of Circulars, Newspapers, and Other Printed Matter

Students shall be allowed to distribute circulars, leaflets, newspapers, and pictorial or other printed matter, and to circulate petitions, subject to the following specific limitations:

1. Leaflets, pictorial and other printed matter to be distributed shall be submitted to the MPS school site Principal or designee at least one school day prior to distribution.
2. Distribution, free or for a fee, may take place at any time except during instructional time and providing there is no substantial disruption in the school programs (as determined by the MPS school site Principal).
3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.
4. The solicitation of signatures must not take place in instructional classes or school offices, nor be substantially disruptive to the school program (as determined by the MPS school site Principal).
5. Pupil editors of official school publications shall be responsible for assigning and editing the news, editorial, and feature content of their publications subject to the limitations of this section. However, it shall be the responsibility of journalism staff adviser or advisers of pupil publications to supervise the production of the pupil staff, to maintain professional standards of English and journalism, and to maintain the provisions of this Policy. The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication. “Official school publications” refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.
6. There shall be no prior restraint of material prepared for official school publications except insofar as it violates this policy. MPS officials shall have the burden of showing justification without undue delay prior to a limitation of pupil expression under this policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Principal.

Buttons, Badges, and Other Insignia of Symbolic Expression

Students shall be permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions enumerated in this Policy.

Use of Bulletin Boards

Students will be provided with bulletin boards, upon request and subject to availability, for use in posting student materials on campus locations convenient to student use. Where feasible, the location and quantity of such bulletin boards shall be by mutual agreement of student government representatives and MPS administration. Posted material must be in compliance with other sections of this Policy, particularly regarding the distribution of materials and prohibited speech. Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

Organized Demonstrations

Students have the right to lawful organized on-campus demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite pupils to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt of the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place during school hours off the school campus unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the school or as an official school group at any time unless authorized by the school to participate in the activity.

Student Speeches

If a student is selected to speak at an MPS sponsored event, including but not limited to graduation or school assemblies, MPS has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the MPS sponsored event.

Enforcement

1. The MPS school site Principal or designee shall review material submitted in a reasonable amount of time and shall allow the approved material to be distributed according to the time and manner established by this Policy.
2. Any student may appeal the decision of the MPS school site Principal or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five school days from the time the unsatisfactory decision was rendered.
3. The MPS school site administrator shall work with student government representatives in the development of these procedures. Student responsibilities shall be emphasized.
4. Students who are considering actions in the areas covered by this Policy should be informed of the possible consequences of their action under each specific circumstance.
5. This Policy does not prohibit or prevent the MPS Governing Board from adopting otherwise valid rules and regulations relating to oral communications by pupils upon the premises of each MPS school.
6. No MPS employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a pupil engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.
7. MPS shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside of the campus, is protected from governmental restriction by the First Amendment to the United States Constitution or Section 2 of Article I of the California Constitution.

MAGNOLIA PUBLIC SCHOOLS (MPS) SUICIDE PREVENTION POLICY

The Governing Board of Magnolia Public Schools (“MPS” or the “Charter School”) recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, the Board of Directors has developed prevention strategies and intervention procedures.

In compliance with Education Code section 215, this policy has been developed in consultation with MPS and community stakeholders, MPS school-employed mental health professionals (e.g., school counselors, psychologists, social workers, nurses), administrators, other school staff members, parents/guardians/caregivers, students, local health agencies and professionals, the county mental health plan, law enforcement, and community organizations in planning, implementing, and evaluating MPS’ strategies for suicide prevention and intervention. MPS must work in conjunction with local government agencies, community-based organizations, and other community supports to identify additional resources.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, MPS shall appoint an individual (or team) to serve as the suicide prevention point of contact for MPS. The suicide prevention point of contact for MPS and the CEO shall ensure proper coordination and consultation with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. This policy shall be reviewed and revised as indicated, at least annually in conjunction with the previously mentioned community stakeholders.

Definitions/Terms

1. **At risk:** A student who is defined as high risk for suicide is one who has made a suicide attempt, has the intent to die by suicide, or has displayed a significant change in behavior suggesting the onset or deterioration of a mental health condition. The student may have thought about suicide including potential means of death and may have a plan. In addition, the student may exhibit feelings of isolation, hopelessness, helplessness, and the inability to tolerate any more pain. This situation would necessitate a referral, as documented in the following procedures.
2. **Crisis team:** A multidisciplinary team of primarily administrative, mental health, safety professionals, and support staff whose primary focus is to address crisis preparedness, intervention/response and recovery. These professionals have been specifically trained in crisis preparedness through recovery and take the leadership role in developing crisis plans, ensuring school staff can effectively execute various crisis protocols, and may provide mental health services for effective crisis interventions and recovery supports.
3. **Mental Health:** A state of mental and emotional being that can impact choices and actions that affect wellness. Mental health problems include mental and substance use disorders.
4. **Postvention:** Suicide postvention is a crisis intervention strategy designed to reduce the risk of suicide and suicide contagion, provide the support needed to help survivors cope with a suicide death, address the social stigma associated with suicide, and disseminate factual information after the suicide death of a member of the school community.
5. **Risk Assessment:** An evaluation of a student who may be at risk for suicide, conducted by the appropriate school staff (e.g., school psychologist, school counselor, or school social worker). This assessment is designed to elicit information regarding the student’s intent to die by suicide, previous history of suicide attempts, presence of a suicide

plan and its level of lethality and availability, presence of support systems, and level of hopelessness and helplessness, mental status, and other relevant risk factors.

6. **Risk factors for suicide:** Characteristics or conditions that increase the chance that a person may try to take his or her life. Suicide risk tends to be highest when someone has several risk factors at the same time. Risk factors may encompass biological, psychological, and or social factors in the individual, family, and environment.

7. **Self-harm:** Behavior that is self-directed and deliberately results in injury or the potential for injury to oneself. Can be categorized as either nonsuicidal or suicidal. Although self-harm often lacks suicidal intent, youth who engage in self-harm are more likely to attempt suicide.

8. **Suicide:** Death caused by self-directed injurious behavior with any intent to die as a result of the behavior. Note: The coroner's or medical examiner's office must first confirm that the death was a suicide before any school official may state this as the cause of death.

9. **Suicide attempt:** A self-injurious behavior for which there is evidence that the person had at least some intent to kill himself or herself. A suicide attempt may result in death, injuries, or no injuries. A mixture of ambivalent feelings such as wish to die and desire to live is a common experience with most suicide attempts. Therefore, ambivalence is not a sign of a less serious or less dangerous suicide attempt.

10. **Suicidal behavior:** Suicide attempts, intentional injury to self-associated with at least some level of intent, developing a plan or strategy for suicide, gathering the means for a suicide plan, or any other overt action or thought indicating intent to end one's life.

11. **Suicide contagion:** The process by which suicidal behavior or a suicide influences an increase in the suicidal behaviors of others. Guilt, identification, and modeling are each thought to play a role in contagion. Although rare, suicide contagion can result in a cluster of suicides.

12. **Suicidal ideation:** Thinking about, considering, or planning for self-injurious behavior which may result in death. A desire to be dead without a plan or intent to end one's life is still considered suicidal ideation and should be taken seriously.

RISK FACTORS AND PROTECTIVE FACTORS

Risk Factors for Suicide are characteristics or conditions that increase the possibility that a person may try to take her or his life. Suicide risk tends to be compounded when someone has several other conditions at the same time.

The most frequently cited risk factors for suicide are:

- Major depression (feeling sad or down in a way that impacts your ability to proceed with daily life) or bipolar disorder (severe mood swings)
- Alcohol or drug use
- Atypical thoughts or behaviors; confusion about reality
- Personality traits that create a pattern of intense, unstable relationships or trouble with the law
- Impulsivity and aggression
- Previous suicide attempt or family history of a suicide attempt or mental disorder

- Serious medical condition and/or pain

It is important to keep in mind that the large majority of people with mental disorders or other suicide risk factors do not engage in suicidal behavior.

Protective Factors for Suicide

Protective Factors for suicide are characteristics or conditions that may help to decrease a person's suicide risk. While these factors do not eliminate the possibility of suicide, they may help to reduce that risk.

Protective factors for suicide include:

- Receiving effective mental health care
- Positive connections or relationships with family, peers, community, and social institutions such as marriage and religion that foster resilience
- The skills and ability to solve problems/ coping skills

Professional Development will also include additional information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:

1. Youth living with mental and/or substance use disorders. While the large majority of people with mental disorders do not engage in suicidal behavior, people with mental disorders account for more than 90 percent of deaths by suicide. Mental disorders, in particular depression or bi-polar (manic-depressive) disorder, alcohol or substance abuse, schizophrenia and other psychotic disorders, borderline personality disorder, conduct disorders, and anxiety disorders are 3 important risk factors for suicidal behavior among young people. The majority of people suffer from these mental disorders are not engaged in treatment, therefore school staff may play a pivotal role in recognizing and referring the student to treatment that may reduce risk.

2. Youth who engage in self-harm or have attempted suicide. Suicide risk among those who engage in selfharm is significantly higher than the general population. Whether or not they report suicidal intent, people who engage in self-harm are at elevated risk for dying by suicide within 10 years. Additionally, a previous suicide attempt is a known predictor of suicide death. Many adolescents who have attempted suicide do not receive necessary follow up care.

3. Youth in out-of-home settings. Youth involved in the juvenile justice or child welfare systems have a high prevalence of many risk factors for suicide. Young people involved in the juvenile justice system die by suicide at a rate about four times greater than the rate among youth in the general population. Though comprehensive suicide data on youth in foster care does not exist, one researcher found that youth in foster care were more than twice as likely to have considered suicide and almost four times more likely to have attempted suicide than their peers not in foster care.

4. Youth experiencing homelessness. For youth experiencing homelessness, rates of suicide attempts are higher than those of the adolescent population in general. These young people also have higher rates of mood disorders, conduct disorders, and post-traumatic stress disorder. One study found that more than half of runaway and homeless youth have had some kind of suicidal ideation.

5. American Indian/Alaska Native (AI/AN) youth. In 2009, the rate of suicide among AI/AN youth ages 15-19 was more than twice that of the general youth population. Risk factors that can affect this group include substance use, discrimination, lack of access to mental health care, and historical trauma. For more information about historical

trauma and how it can affect AI/AN youth, see http://www.nctsn.org/nctsn_assets/pdfs/AI_Youth-CurrentandHistoricalTrauma.pdf.

6. LGBTQ (lesbian, gay, bisexual, transgender, or questioning) youth. The CDC finds that LGB youth are four times more likely, and questioning youth are three times more likely, to attempt suicide as their straight peers. The American Association of Suicidology reports that nearly half of young transgender people have seriously considered taking their lives and one quarter report having made a suicide attempt. Suicidal behavior among LGBTQ youth can be related to experiences of discrimination, family rejection, harassment, bullying, violence, and victimization. For those youth with baseline risk for suicide (especially those with a mental LGBTQ (lesbian, gay, bisexual, transgender, and questioning) students, students bereaved by suicide, and those with medical conditions or certain types of disabilities. disorder), these experiences can place them at increased risk. It is these societal factors, in concert with other individual factors such as mental health history, and not the fact of being LGBTQ which elevate the risk of suicidal behavior for LGBTQ youth.

7. Youth bereaved by suicide. Studies show that those who have experienced suicide loss, through the death of a friend or loved one, are at increased risk for suicide themselves.

Staff Development

MPS, along with its partners, has carefully reviewed available staff training to ensure it promotes the mental health model of suicide prevention and does not encourage the use of the stress model to explain suicide.

Training shall be provided for all school staff members. It may also be provided, when appropriate, for other adults on campus (such as substitutes and intermittent staff, volunteers, interns, tutors, coaches, and afterschool staff). Training shall include the following:

1. All suicide prevention trainings shall be offered under the direction of mental health professionals (e.g., school counselors, school psychologists, other public entity professionals, such as psychologists or social workers) who have received advanced training specific to suicide. Staff training may be adjusted year-to-year based on previous professional development activities and emerging best practices.
2. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.
3. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.
 - c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.

- d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
 - e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
 - f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at <http://cal-schls.wested.org/>.
 - g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
 - i. Youth affected by suicide.
 - ii. Youth with a history of suicide ideation or attempts.
 - iii. Youth with disabilities, mental illness, or substance abuse disorders.
 - iv. Lesbian, gay, bisexual, transgender, or questioning youth.
 - v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
 - vi. Youth who have suffered traumatic experiences.
4. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:
- a. The impact of traumatic stress on emotional and mental health.
 - b. Common misconceptions about suicide.
 - c. Charter School and community suicide prevention resources.
 - d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
 - e. The factors associated with suicide (risk factors, warning signs, protective factors).
 - f. How to identify youth who may be at risk of suicide.
 - g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on MPS guidelines) how to respond to such thinking; how to talk with a student about thoughts of suicide and appropriately respond and provide support based on MPS guidelines.
 - h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.
 - i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
 - j. Responding after a suicide occurs (suicide postvention).

- k. Resources regarding youth suicide prevention.
- l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.

Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

Employee Qualifications and Scope of Services

Employees of MPS must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

Parents, Guardians, and Caregivers Participation and Education

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.
2. This Suicide Prevention Policy shall be easily accessible and prominently displayed on the MPS web page and made available in the school office.
3. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.
4. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:
 - a. Suicide risk factors, warning signs, and protective factors.
 - b. How to talk with a student about thoughts of suicide.

How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, MPS along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with MPS and is characterized by caring staff and harmonious interrelationships among students.

MPS' instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

MPS' instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:
 - a. Coping strategies for dealing with stress and trauma.
 - b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
 - c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
 - d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.
2. Receive developmentally appropriate guidance regarding MPS' suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

MPS will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Intervention and Emergency Procedures

MPS designates the following administrators to act as the primary and secondary suicide prevention liaisons:

1. School Psychologist
2. Schoolsite Principal

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

- The suicide prevention liaison shall immediately notify the principal, another school administrator, school psychologist or school counselor, if different from the primary and secondary contact persons.

The principal or designee, another school administrator, school counselor, school psychologist, social worker, or nurse, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at MPS or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:
 - a. Securing immediate medical treatment if a suicide attempt has occurred.
 - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.
 - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
 - d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
 - e. Moving all other students out of the immediate area.
 - f. Not sending the student away or leaving him/her alone, even to go to the restroom.
 - g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
 - h. Promising privacy and help, but not promising confidentiality.
2. Document the incident in writing as soon as feasible.
3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary.
4. After a referral is made, MPS shall verify with the parent/guardian that the follow up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, MPS may contact Child Protective Services.
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at MPS.
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on an MPS campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in MPS' safety plan. After consultation with the Principal or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Principal or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. MPS staff may receive assistance from MPS counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the MPS campus and unrelated to school activities, the Principal or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.
2. Discuss with the family how they would like MPS to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.
3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.
4. The suicide prevention liaisons shall handle any media requests.
5. Provide care and determine appropriate support to affected students.
6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan.

Supporting Students during or after a Mental Health Crisis

Students shall be encouraged through the education program and in MPS activities to notify a teacher, the Principal, another MPS administrator, psychologist, MPS counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. MPS staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

Responding After a Suicide Death (Postvention)

A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. MPS shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

Student Policies – Suicide Prevention Policy
Adopted: 7/13/17 Amended: 12/10/18, 7/23/20

Page 9 of 12

1. Coordinate with the Principal to:
 - a. Confirm death and cause.
 - b. Identify a staff member to contact deceased's family (within 24 hours).
 - c. Enact the Suicide Postvention Response.
 - d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).
2. Coordinate an all-staff meeting, to include:
 - a. Notification (if not already conducted) to staff about suicide death.
 - b. Emotional support and resources available to staff.
 - c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
 - d. Share information that is relevant and that which you have permission to disclose.
3. Prepare staff to respond to needs of students regarding the following:
 - a. Review of protocols for referring students for support/assessment.
 - b. Talking points for staff to notify students.
 - c. Resources available to students (on and off campus).
4. Identify students significantly affected by suicide death and other students at risk of imitative behavior.
5. Identify students affected by suicide death but not at risk of imitative behavior.
6. Communicate with the larger school community about the suicide death.
7. Consider funeral arrangements for family and school community.
8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.
9. Identify media spokesperson if needed.
10. Include long-term suicide postvention responses:
 - a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
 - b. Support siblings, close friends, teachers, and/or students of deceased.
 - c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

Parent Involvement

Parents and guardians play a key role in youth suicide prevention, and it is important Magnolia Public Schools to involve them in suicide prevention efforts. Parents/ guardians need to be informed and actively involved in decisions regarding their child's welfare.

Parents and guardians who learn the warning signs and risk factors for suicide are better equipped to connect their children with professional help when necessary.

Parents/ guardians should be advised to take every statement regarding suicide and wish to die seriously and avoid assuming that a child is simply seeking attention.

Parents and guardians can also contribute to important protective factors – conditions that reduce vulnerability to suicidal behavior – for vulnerable youth populations such as LGBTQ youth. Research from the Family Acceptance

Project found that gay and transgender youth who reported being rejected by their parents or guardians were more than eight times as likely to have attempted suicide. Conversely, feeling accepted by parents or guardians is a critical protective factor for LGBTQ youth and other vulnerable youth populations.

Educators can help to protect LGBTQ youth by ensuring that parents and guardians have resources about family acceptance and the essential role it plays in youth health.

Student Identification Cards

Charter School will include the telephone number for the National Suicide Prevention Lifeline (1-800-273-8255) and the National Domestic Violence Hotline (1-800-799-7233) on all student identification cards. MPS will also include the number for the Crisis Text Line, which can be accessed by texting HOME to 741741 and a local suicide prevention hotline on all student identification cards.

MAGNOLIA PUBLIC SCHOOLS

VOLUNTEER, VISITATION, SHADOWING, AND REMOVAL POLICY

While Magnolia Public Schools (“MPS”) encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

Definitions

- A “*visitor*” is defined as any person seeking to enter the school building who is not an employee of the Charter School or a student currently enrolled in that building. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their visit.
- A “*volunteer*” is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering Categories and Application Process

A. Certified Volunteers (“C-Volunteers”)

- a. Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include but are not limited to: classroom volunteers, tutors, field-trip volunteers, etc.
- b. Application Process: C-Volunteers must provide MPS with the following documents:
 - Volunteer Application Form (signed)
 - Volunteer Commitment Form (signed)
 - Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
 - Tuberculosis risk assessment or examination
 - Valid photo I.D. (driver’s license, passport, military ID, US or other government identification)

B. Single Event Volunteers (“SE-Volunteers”)

- a. Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or

contact with students. Examples may include but are not limited to: guest story reader, guest speaker, senior exhibition panel member, etc.

- b. Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

Volunteering Guidelines

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1. Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.
2. For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan's Law online database at <http://www.meganslaw.ca.gov> to ensure that prospective volunteers are not registered sex offenders.

Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

3. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal. Volunteers must sign in agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.
4. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.
5. Volunteerism by parents is encouraged but not mandatory. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from MPS or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.

6. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

Visitation Guidelines

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents/guardians seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher and the MPS Principal or designee.
2. All visitors (including volunteers) shall register in the Visitor's Log Book and complete a Visitor's Permit in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity.

If the visitor is an immigration enforcement officer, the officer will also be asked to produce any documentation that authorizes school access. A copy of the documentation provided by the officer/official and notes from the encounter may be maintained by MPS. The appropriate agencies will be contacted regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes.

3. For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor's pass/sticker as a visible means of identification for visitors while on school premises.
4. All visitors are asked to comply with current mandated and recommended health and safety protocols. Visitors (including volunteers) who demonstrate signs of a contagious disease (e.g. fever, coughing) may be denied registration. When recommended or requested by the Department of Public Health, visitors will be required to wear personal protective equipment, such as masks, and practice social distancing. MPS reserves the right to implement additional measures for the protection of its school community, such as requiring forehead temperature checks before entry to the same extent being utilized for students and employees.
5. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.
6. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless permitted, and not interfere with any school activity. No electronic listening or recording device

- may be used in a classroom without the teacher's and MPS Principal's advance written permission.
7. Before leaving campus, the visitor shall return the Visitor's Permit and sign out of the Visitors Log Book in the main office.
 8. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
 9. The Principal may direct a visitor without lawful business on campus to leave campus when the visitor's presence or acts interfere with the peaceful conduct of the activities of the school or disrupt the school or its pupils or school activities. Any visitor who is directed to leave by the Principal or designee will not be permitted to return to the Charter School campus for at least seven (7) days.
 10. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS' orderly operation. Consent will be reinstated whenever the MPS Principal has reason to believe that the person's presence will not constitute a disruption or substantial and material threat to MPS' orderly operation. Consent to be on campus can be withdrawn for up to fourteen (14) days.
 11. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if the visitor reenters the school without following the posted requirements the visitor will be guilty of a misdemeanor.
 12. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.
 13. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.

14. The MPS Principal or designee may seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

“Certified Volunteer (C-Volunteer) Application Form” and “Volunteer Commitment and Procedures” are included at the end of this Policy and copies are also available in the school office.

Shadowing Guidelines

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor’s pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child’s teachers.
- To preserve the academic environment, please do not take part in the lesson unless invited to do so by the teacher. Do not visit with your child or other students during class time. At no time may visiting parents address other students directly. Visitors are not allowed to record audio or video, or take photos. Should you have any concerns, report them to the MPS administrators.
- Meet with MPS administration to debrief your visit.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.
2. Under California Education Code section 44811, disruption by a parent, guardian or other person whose conduct materially disrupts classwork or extracurricular activities or involves substantial disorder is guilty of a misdemeanor and is punishable, upon the first conviction by a fine of no less than \$500.00 (five hundred dollars) and no more than \$1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both the fine and imprisonment.
3. Disruptive conduct may lead to MPS’ pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

RE:	Approval of the MPS 2020-21 Student/Parent Handbook

Proposed Board Recommendation

I move that the board approve the MPS 2020-21 Student/Parent Handbook.

Background

This is a routine annual item for the Board. MPS updates our Student/Parent handbook every year based on feedback from our stakeholders and legal counsel. It is a live document that is consistent with our charter petitions and practices at our school sites. The handbook includes most of our student policies in their entirety except those which are too long or specific to be fully included in a general student/parent handbook, such as independent study and forms or math placement policy. Each of those exceptions is included as a synopsis and the student/parent is referred to the full policy for details. All those policies are made available to the schools on our school websites and in the front office of our school sites for convenient access.

The handbook includes required annual notices and forms such as Title I meetings, parent-student-school compact, UCP, etc. It also includes agreements for students/parents to sign, such as the Student Technology Use Policy. Instead of mailing students/parents separate notices and forms to review and sign throughout the year, MPS has consolidated all required notifications and forms in a single handbook with an acknowledgement and signature page attached to the end. This approach has resulted in a handbook with a relatively larger size, but the benefits (compliance with notifications, convenient access to policies, etc.) seem to be worth it. Besides providing all necessary information in a single place to the stakeholders, our school administrators also find this approach very practical for accountability purposes.

The new Handbook has two main design changes this year:

- It is purposefully redesigned into seven sections. The old handbook had three sections: Academic, Discipline, and General. The new design features High School & Beyond, Attendance & Records, Health & Wellness, and

Information Sheets & Notices sections as well as improvements to the Academics, Safety & Security, and Stakeholder Engagement & Complaint Procedures sections. Subtopics are grouped together so that a person interested in one topic, e.g., Health & Wellness related topics, can conveniently find all related information in that section of the Handbook. Most district handbooks list all their topics alphabetically, not by topic, making it hard to find information in one place and synthesize.

- This year we followed LACOE's "Annual Parent Notifications" manual to include all of the required notifications as well as most of the recommended notifications. Therefore, we ended up including more than 100 notifications in the Handbook. The best part is that all those notifications are grouped into the seven sections of the Handbook by topic along with the related Magnolia policies and procedures to make the Handbook coherent and easy to follow.

Traditionally, the Chief Accountability Officer (CAO) trains MPS school site administrators on changes made to the handbook during the summer training and at monthly academies throughout the year. The CAO, working with the Chief Academic Officer and the Director of Student Services, also facilitates discussion during those meetings and collects feedback on our policies in order to finalize the following year's handbook.

Attached are the 2019-20 and the 2020-21 Handbooks for comparison purposes. A redline version is not attached because the new Handbook is completely redesigned. Following is a list of modifications made in the 2020-21 Student/Parent Handbook.

Wishing You a Wonderful School Year!

Dear Parents/Guardians and Students:

Magnolia Public Schools (“MPS”) staff believes that education is a shared responsibility between parents, teachers, school staff and students. The success of our students depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. This handbook allows us to share our vision with the students and parents/guardians of our school community.

MPS is a reflection of us all. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled this Student/Parent Handbook (“Handbook”), which addresses the school’s regulations and policies to set a standard for our students. It is an essential reference book describing what we expect and how we do things. Read it carefully, discuss it with your parent/guardian or child/youth, and let it act as a guide for your effective involvement in all aspects of school. Keep this handbook so you can refer to it throughout the school year.

Wishing you a wonderful 2020-21 school year!

MPS Administration

About MPS

MPS are tuition-free, public charter schools with campuses throughout Southern California, that focus on Science, Technology, Engineering, Arts, and Math (STEAM) - based teaching to ensure its students are well-rounded and college-ready from day one. We offer smaller class sizes, more attention from teachers, as well as safe campuses that foster ideal learning conditions for our students.

MISSION:

MPS provides a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others.

VISION:

MPS’ vision is to graduate students who are scientific thinkers that contribute to the global community as socially responsible and educated members of society.

WHY MPS?

Students throughout all MPS campuses use technology daily at school and at home as a tool to work collaboratively with each other and communicate with teachers. We challenge their minds, and foster an environment where students want to learn, whether that is through our science labs, or our robotics projects and competitions.

At MPS we place great emphasis on STEAM education, as it will give our students an advantage in their college and career plans. MPS students also participate in a variety of school activities and clubs including technology & engineering, language & culture, community service, and visual & performing arts.

We are looking for great minds who want to learn. With the help of our teachers, principals, staff, and of course parents, we aim to prepare our students to succeed in whatever educational and career paths they choose.

OUR TEACHERS:

All teachers at MPS go the extra mile for their students, even visiting the homes of our students through our Home Visit Program to do whatever is possible to ensure our students perform at their best. It is no wonder many of our parents, who themselves are quite involved in their children's academic careers, have given us top ratings among charter schools.

OUR CAMPUSES:

Our STEAM charter school campuses throughout Southern California are enrolling high school, middle school, and elementary students from the areas of Reseda, Van Nuys, Northridge, Granada Hills, Chatsworth, North Hills, Lake Balboa, North Hollywood, Sun Valley, Arleta, Mission Hills, Panorama City, Valley Glen, Carson, Bell, Santa Ana, San Diego, and Los Angeles.

ACADEMICS: EDUCATIONAL EQUITY

Curriculum, Instruction, & Assessment

COVID-19, School Opening, & Distance Learning

The COVID-19 crisis has proven that schools are the heart of our community, not only for learning, but for nutrition, safety, and social-emotional well-being. MPS staff have shown they are flexible, skilled, and creative in meeting the rapidly changing needs of students and families.

As we look to the 2020-21 academic year, we know schools will need additional resources to become better equipped and skilled at remote learning, address learning loss, implement vital health and safety protocols, and support mental health and wellness. When schools open, it is vital to provide students with an environment that is friendly, supportive, and caring. We must identify students who need help or are having difficulty adjusting. We need to make sure all students return to class and reach out to those who do not. The trauma and stress we have experienced must be vocalized and addressed.

In a short time, MPS has developed a comprehensive planning tool. We have analyzed the frameworks and guidance documents released by the CDE, LACOE, OCDE, SDCOE, and other agencies in developing the best school opening plans for our diverse school communities in collaboration with staff, students, families, and other stakeholders. These include, but are not limited to, instructional models (face-to-face, hybrid, distance), health and safety practices, social-emotional support systems, family and community engagement, and operations.

MPS remains committed to continuously evaluating our plans to ensure the health and safety of students. We will be in close communication with our stakeholders as we develop, implement, and evaluate our plans.

For specific health and safety information, including protocol regarding re-opening of school facilities and related requirements for staff and students, please see the **“Health & Safety Plan”** located on the school website and contact the school office with any questions you may have.

Standards-Based Curriculum

All curricula at MPS is based on the California state standards, including but not limited to the Common Core State Standards, the Next Generation Science Standards, English Language Development Standards, History-Social Science Framework, and other applicable content standards.

Availability of Prospectus

Upon request, MPS will make available to any parent or legal guardian, a school prospectus, which shall include the curriculum, including titles, descriptions, and instructional aims of every course offered. Please note that, pursuant to law, MPS may charge for the prospectus in an amount not to exceed the cost of duplication.

A syllabus is a document about the course content, goals, and elements and a guide for students to the kind of teaching and learning they can expect in their class. Each teacher will hand out copies of the class syllabus on the first day of class and, if applicable, post a digital copy on the course website.

Calendar & Bell Schedule

The school will annually provide all parents and guardians with the school calendar and bell schedules. Notification shall be sent to parents and guardians of all students advising of the schedule of minimum days and pupil-free staff development days. If this schedule subsequently changes, MPS shall notify parents and guardians of the affected students as early as possible, but no later than one month before the scheduled minimum or pupil-free day.

Please check the school website or contact the school office for a copy of the school calendar and bell schedules.

California Assessment of Student Performance and Progress (CAASPP)

The California Assessment of Student Performance and Progress, or CAASPP, is the state academic testing program. CAASPP is a system intended to provide information that can be used to monitor student progress on an annual basis and ensure that all students leave high school ready for college and career. The CAASPP assessment system encompasses the following assessments:

- Smarter Balanced Summative Assessments for English Language Arts (ELA) and mathematics in grades 3 through 8 and 11;
- California Alternate Assessment (CAA) for ELA and mathematics for eligible students in grades 3 through 8 and 11;

- California Science Tests (CAST) for Science in grades 5, 8, and once in high school;
- California Alternate Assessment (CAA) for Science in grades 5, 8, and once in high school;
- California Spanish Assessment (CSA) for eligible students in grades 3-12.

Starting with spring 2019 CAASPP testing, the CDE will no longer print CAASPP Student Score Reports (SSR) for parents. Hence, parents may no longer receive their child's CAASPP SSR by mail. Parents will be able to access their student's electronic CAASPP SSR in the Illuminate Parent Portal. If you do not have an Illuminate Parent Portal account, we encourage you to create one soon. Please see section on Parent Portal for details on how to create an account and access test scores.

CAASPP SSRs will include an overall score and a description of the student's achievement level for ELA and mathematics. Score reports for students in grades 5, 8, and 11 will include Science test results. Early Assessment Program (EAP) results will be included on the score reports for students in grade-11, providing an early indication of readiness for college-level coursework. Students who take the CSA will get a separate report.

As the parent or guardian, you have the option of excusing your child from any part of the CAASPP program. If you would like to excuse your child from the test, you must submit your request in writing to the school. Please let the school know as soon as possible so the school can make alternative arrangements for your child.

Testing dates may be found on the school calendar. If you have additional questions about the testing program, please contact the school principal. Additional information is posted on the internet at <http://www.cde.ca.gov/ta/tg/ca/>.

Class Change / Course Withdrawals

During the first five school days from the beginning of the course, students will attend the classes they are assigned and/or they signed up for; no changes will be allowed unless there is a scheduling error on the student's schedule. After the first five school days, if necessary academic changes arise, students will have 10 school days to complete changes. Students may withdraw from a course without penalty of an F grade within 15 school days from the beginning of the course. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Scheduling errors will receive immediate attention by the Dean of Academics. The following are considered scheduling errors: missing a class period, double up of courses in the same period, missing a course needed for graduation, student has not met the prerequisite for a course, etc.

The School will not consider schedule changes for the following reasons: to be with friends, to change teachers, athletics, early/late arrival adjustments (unless required by state or federal law), etc. Class change is at the discretion of the school administration.

Formative & Summative Assessments

The primary purpose for assessment and grading is to provide feedback to students and parents on the achievement of learning goals. At MPS course report card grades are to be represented in letter-grade equivalent to the percentage earned in each course. Course report card grades are based on performance and practice assessments, as can be seen in the table below.

Aligned with the grading guidelines, each department will work with the Department Chair and the Dean of Academics to develop specific and consistent weights for each assessment/grading subcategory, to be shared with parents and students.

Teachers will create reasonable number of assignments for each subcategory in their assessment/grading system. Teachers will provide students with access to course material, homework assignments, projects, and students' grades through the school information system, and update SIS records daily/weekly.

Assessment Type	Subcategories

Extra Credit

With prior approval from the Dean of Academics, teachers may offer extra credit. A maximum of five (5) extra credit points (out of 100-point numerical grade) may be applied to a student's grade in each of their classes. Additionally, for both English and Math classes, a student may earn up to five (5) extra credit points by demonstrating growth in their

overall MAP RIT* scores, increasing the maximum allowable extra credit points to ten (10). Points may be earned in the testing cycle from Fall to Spring and would be applied to the student's second semester English/Math grades. If Winter MAP test is offered during the first semester, students may also earn points towards their first semester grades. For each point increase in their overall RIT score, students will earn one (1) point of extra credit towards their applicable grade, up to five (5) credit points maximum for each subject area. Regardless of their growth score, students will earn extra five (5) credit points if they meet or exceed the following "Standard Met" cut scores on their Fall or Winter MAP test in the first semester or Spring MAP test in the second semester:

* A RIT score measures a student's level of achievement in a particular subject.

Homework

Homework is essential to success at MPS. Doing homework will help students develop many valuable skills such as good study habits, time management, responsibility, and perseverance. Teachers will assign homework that will foster individual learning and growth that is appropriate for the subject area. Homework is part of all student evaluations. It is the student's responsibility to complete and turn in homework on time. If the student or parent has questions about homework, he or she should immediately contact the teacher who assigned it.

Generally, all homework assignments will be posted online, either on teacher/class web pages or on the school information system, which will be accessible to the parents/guardians by using an authenticated password. The password will protect confidentiality and allow parents/guardians to access their children's academic records. SIS is not intended to replace contacting parents for regular conferences to discuss student progress.

Final Assessments/Exams

All academic classes will have cumulative final assessments/exams at the end of each semester. These final assessments may be in different forms such as test, essay, project, book report, etc. depending on individual teachers' discretion upon approval by the MPS administration. All students are required to take these final assessments. Cumulative assessments are part of the college preparatory culture; these assessments will help students learn how to study more effectively, as well as improve their retention of the subject content.

Make-up Procedures - Incomplete Grades

Every effort should be made for a student to make-up work as soon as possible when returning to school from an absence or series of absences. If a student fails to complete a significant number of performance and/or homework tasks due to absence or other extraordinary circumstances, a grade of Incomplete (I) may be assigned with administrative approval. If the necessary performance and/or homework tasks are not complete by the end of the following marking period, the report card grade will revert to the earned numeric grade. In the final marking period, an Incomplete (I) will revert to the earned numeric grade if not complete by a date agreed upon by the teacher and administrator.

Grading System

Elementary School Grading Scale

MPS will follow the standard scale below to assign percentages/proficiency level for semester work. Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Percentage	Achievement Level
90% - 100%	Level 4: Standard Exceeded
80% - 89%	Level 3: Standard Met
70% - 79%	Level 2: Standard Nearly Met
Below 70%	Level 1: Standard Not Met

Secondary School Grading Scale

MPS will follow the standard scale below to assign letter grades for semester work. Grading is based on a 4.0 (unweighted) scale for regular courses and a 5.0 (weighted) scale for Honors, AP, and approved college courses.

Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Courses at MPS have passing grades that are outlined in the below grading scale, with a minimum passing score of 70%.

Percentage Grade	Letter Grd Equivalent	Grd-Pt Eqv Unweighted	Grd-Pt Eqv Weighted
98% – 100%	A+	4.0	5.0
93% – 97%	A	4.0	5.0
90% – 92%	A-	3.7	4.7
87% – 89%	B+	3.3	4.3
83% – 86%	B	3.0	4.0
80% – 82%	B-	2.7	3.7
75% – 79%	C+	2.3	3.3
70% – 74%	C	2.0	3.0
Below 70%	F	0.0	0.0

No “D” Policy

There will not be a “D” grade option in the grading scale. The primary concern of MPS is the educational success of our students. This policy will allow for MPS to maintain a high standard throughout its program and ensure that MPS students remain competitive, especially in the area of college and scholarship applications.

[For High School Only] The “No D Policy” applies to all students in grades 9-12 effective of 2012-13 school year. Students who have earned credits at MPS with a “D” grade prior to 2012-13 school year will keep their credits and do not have to make up credits for any previously passed course at MPS. Also, courses transferred from another accredited school will appear on student’s transcript as they are, and “D” will be accepted as a passing grade for all transferred courses. Therefore, the “No D Policy” does not negatively impact graduation.

Assignment Grades

Teachers will create reasonable number of assignments for each subcategory in their grading system and assign a weight to each assignment. The weight of an assignment depends on its importance relative to the other assignments in the same subcategory. Students will receive percentage grades for each graded assignment and the student’s final semester grade will be a weighted average of the assignment grades, scaled to a maximum of 100 percentage points. SIS will automatically convert student’s final percentage grade to a final letter grade according to the scale in the table above.

- **Numerical Assignment Grades:** Teachers are typically accustomed to using numerical grades for student assignments. For example; on a math assignment with 10 questions, a score of 6 out of 10 would be equivalent to 60%, corresponding to a failing grade for that assignment.
- **Letter Assignment Grades:** Sometimes teachers directly use letter grades for assignments. For example; a teacher may choose to grade an assignment using letter grades A, B, C, F. In that case, SIS will convert those letter assignment

grades to percentage grades as shown in the table below.

Letter Grade	Converted to % Grade
A+	100%
A	97%
A-	92%
B+	89%
B	86%
B-	82%
C+	79%
C	74%
F	50%

As you may observe, the highest score available for each letter grade range is assigned to each letter assignment grade, keeping the best interest of our students in mind. Since the letter grade “F” has a wide range of 0%-69%, MPS has chosen to assign 50% to mitigate the harm to the student’s final class grade.

- **“Check” Grades:** When possible, MPS encourages all teachers to use the check grades for assignments. This grading system is well suited for assignments with a 1-4 rubric. For example; on a writing assignment with a 1-4 rubric, the teacher can use the check system as follows: Check Plus for 4; Check for 3; Check Minus for 2; and Unsatisfactory for 1. In that case, SIS will convert those check grades as shown in the table below.

Check Grade	Converted to % Grade
Check Plus (“+”)	100%
Check (“=”)	85%
Check Minus (“-”)	70%
Unsatisfactory (“/”)	50%

- **Special Marks:**

Mark	Converted to % Grade
Missing (“M”)	0%
Excused (“X”)	N/A
Not Assessed (“NA”)	N/A

Numerical Assignment Grades vs. Check Grades

It is important for teachers to understand the negative impact of numerical assignment grades on student's final grade. Numerical assignment grades distort the average percentage grade except when the assignments are graded out of 100 points. To mitigate the harm, MPS has developed the letter assignment grades and the check grades and strongly recommends the use of check grades for assignments.

Example 1: Assume a student received a 1 out of 4 on her first writing assignment based on a 1-4 rubric and a 4 out of 4 on her second assignment. Common sense tells us the student must pass. Following are the student's average percentage grades based on the two grading systems.

Numerical Assignment Grade System	Numerical Grade	% Grade
Assignment #1	1 out of 4	25%
Assignment #2	4 out of 4	100%
Average %		63%
Final Letter Grade		F

Student receives a failing average if numerical assignment grades (1 and 4) are used.

"Check" System	Grade	Check Grade	% Grade
Assignment #1		Unsatisfactory	50%
Assignment #2		Check Plus	100%
Average %			75%
Final Letter Grade			C+

Student receives a passing average if check grades (Unsatisfactory, Check Plus) are used.

Example 2: Assume a student received the following scores on his science class demonstrations on a 1-4 scale: 2, 3, 3, 3. Common sense tells us the student must pass. Following are the student's average grades based on the two grading systems. While the student fails in the numerical grading system, the student receives a passing B- in the check grading system.

Numerical Assignment Grade System	Numerical Grade	% Grade
Assignment #1	2 out of 4	50%
Assignment #2	3 out of 4	75%
Assignment #3	3 out of 4	75%
Assignment #4	3 out of 4	75%
Average %		69%
Final Letter Grade		F

"Check" System	Grade	Check Grade	% Grade
Assignment #1		Check Minus	70%
Assignment #2		Check	85%
Assignment #3		Check	85%
Assignment #4		Check	85%
Average %			81%
Final Letter Grade			B-

Example 3: Similar to the 1-4 scale, 1-10 scale distorts the grade as well. For example; a student with a score of 6 out of 10 (60%) on her first assignment will need to score a 7 out of 10 (70%) on 18!!! more assignments to be able to raise her average to a passing percentage of 70%.

It may seem a stretch to provide such details about different grading systems in a Student/Parent Handbook, but we wanted to show that points-based grading systems have an inherent problem. Because final letter grades are based on a 100-point system, individual assignment grades based on a numerical scale will always result in distortion and harm to student average grade unless assignments are actually graded out of 100. As a remedy, MPS teachers are asked to use the check system whenever possible and be diligent in their grading practices. We want our students and parents/guardians to focus on the learning process without the worry of grade. Therefore, we strive to implement a purposeful and thoughtful grading system. We are traditionally used to points-based grading in secondary school, but even the best points-based grading system still relies on averaging of assignment scores and a final grade on a report card will not truly show what topics the student has learned and the level of mastery. See Standards-Based Grading!

Standards-Based Grading (SBG)

Standards-based grading (SBG) measures student's mastery of the essential standards for a class, or how well the student understands the material in class. Standards based grading does not rely on the average score of an accumulation of scores. Rather, it relies upon a specific standards-based grading rubric per course, per unit, per project. Final/summative grades reflect the knowledge and skills learned rather than an average over time.

MPS would like to report grades that are accurate, consistent, meaningful, and supportive of learning. While most MPS teachers currently implement points-based grading and reporting, MPS encourages teachers to explore and implement standards-based grading and reporting. We will keep you updated of our progress.

[For Secondary Grades] Determining Final Grades

In middle and high school, course grades are semester based and credit is granted at the end of each semester. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. MPS grade promotion policy is based on each semester grade and not on yearly average of two semester grades.

[For Secondary Grades] Grading for Transfer Students Entering Mid-Semester to MPS from Another School

When a transfer student enters mid-semester to MPS, the transfer grade from the previous school for the same class, if available, will be given the following weights to determine the final semester grade.

Week of the semester student enrolled in MPS	Weight of transfer grade	Weight of grade at MPS
1-6	0	1
7-9	1/3	2/3
10-12	1/2	1/2
13+	2/3	1/3

The teacher may assign make-up work to determine the grade if no transfer grade is available. Make-up work must be assigned within a reasonable time frame that allows the student to complete the work for credit.

The following guidelines apply when a transfer student wants or needs to enroll in a class that he or she was not taking at her/his previous school. The decision will be made on a case by case basis.

Week of the semester student enrolled in MPS	Credit
1-6	Full credit enrollment
7-9	Student may or may not be enrolled in new class. If enrolled, it may be either for full credit or for no-credit observation only. Decision will be made on a case by case basis. If a decision is made for full credit enrollment, the student is expected to commit to intense intervention which may include attending after-school tutoring and receiving out-of-school support.
10+	Student may or may not be enrolled in new class. If enrolled, it is for no-credit observation only. The decision will be based on the best interest of the student.

Report Cards

Student report cards create a succinct written record of student performance by compiling data from multiple assessments both formal and informal. Report cards are one of several ways to keep parents informed about student performance and to ensure that data collection is regular and consistent. Report cards reflect student achievement toward state standards, and summarize narratives, anecdotal records, attendance data, and information about student participation in class and school life. Results of standardized tests are mailed separately as well as included in the student grade report with explanations designed to help students and parents interpret their relationship to other assessments.

In elementary grades, students will receive a progress report mid-semester and a final report card at the end of each semester. In secondary grades, students will receive two progress reports in a semester and a final report card at the end of each semester.

Teachers will arrange a conference to discuss student progress with at least one parent/guardian each semester. End-of-the-year conferences are prioritized for parents/guardians of students not making progress, low-achieving students, and those identified for retention. Other parents/guardians are encouraged to attend teacher conferences at the end of the year as well.

Ongoing communication between teachers, parents, and students is an essential component of MPS. MPS' school information system provides an effective online communication tool for teachers, students and parents for course material, homework assignments, projects, course grade statistics and records of student grades. In addition to progress reports, report cards, and assessment reports, newsletters are distributed monthly. Parents can conference with teachers on an informal basis as needed, and on a formal basis at least twice (2) a year, to discuss students' progress reports and proficiency levels. Back to School Nights and Open Houses also take place each year to provide parents with information about the school programs.

Grade Change Request Process

Parents have a right to request a change of their student's grade on the following grounds:

- Mistake,
- Fraud,
- Bad faith, and/or
- Incompetency in assigning the grade.

When grades are earned for any course of instruction, the grade earned by each pupil shall be the grade determined by the teacher of the course. In the absence of any of the grounds listed above, the grade shall be final.

Any request for a grade change must start with the classroom teacher within twenty (20) working days of the date the grade report was mailed. The next step, if not resolved with the teacher within ten (10) working days, is a written request to the principal. If not resolved with the principal within ten (10) working days, the decision may be appealed to the Chief Academic Officer. At each step, the parent has the right to present information in support of the request.

Grade Promotion/Retention**[For Elementary Grades] Identification of Students at Risk of Retention**

- **Grades K–2:** Any student who is not at benchmark based on reading benchmark assessments, math benchmark assessments or report card grades will be identified for retention. Retention will only occur if the teacher and parent are in agreement that retention is the best intervention to ensure student success.
- **Grades 3–5:** Any student who does not meet the achievement standards and needs substantial improvement to demonstrate the knowledge and skills in ELA/Literacy or math needed or likely success in future coursework based on Smarter Balanced assessments (*Level 1 on Smarter Balanced assessments*) or any student who is more than one year behind grade level in mathematics or ELA/Literacy as determined by the MAP tests will be identified for retention.
- An identified student who is performing below the minimum standard for promotion shall be recommended by the student's teacher for retention in the current grade unless the student's teacher determines in writing that retention is not the appropriate intervention for the student's academic deficiencies. The teacher's recommendation to promote is contingent upon a detailed plan to correct deficiencies.

[For Middle School Grades] Grade Promotion

- To be promoted to the next grade, a middle school student must have a 2.0 grade point average (GPA) and passing grades in all core courses by the end of the school year or by the end of the summer before the start of the next school year. Core courses are Math, Science, English Language Arts, and History/Social Science.
- **Summer School:** Students who fail any core courses should attend summer school at MPS, if available, or at a public school to make up failed course courses during summer. Students who perform successfully at summer school will receive a passing grade as their final grade on their transcript for that course. Student transcripts will be updated to include summer grades and GPA will be recalculated. If a student earns passing grades during the summer for all the failed core courses and have a recalculated GPA of at least a 2.0, he or she may be promoted to the next grade.

[For Middle School Grades] Identification of Students at Risk of Retention

If the student has a failed core course or has a recalculated GPA less than 2.0 after the summer before the start of the next school year, student will be recommended for retention in the current grade unless the school administration determines that retention is not the appropriate intervention for the student's academic deficiencies. In that case,

promotion is contingent upon a detailed plan to correct deficiencies.

Retention Procedures

At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s) or guardian(s) informing them that their child is at risk of retention.
- The teacher's evaluation shall be provided to and discussed with the student's parent(s) or guardian(s) and the principal before any final determination of pupil retention. The parent(s)/guardian(s) are informed at that meeting that their child is recommended for retention. This meeting is documented with an academic support plan signed by both the teacher and parent/guardian.
- The principal shall make a decision regarding the recommended retention. Upon the acceptance or rejection of the above stated plan by the principal, a letter shall be sent within five (5) school days to formally inform the student's parent(s) or guardian(s) of the principal's decision regarding the retention.
- The parent(s) or guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra help in their specific areas of concern, both in class and through intervention offerings.

Grade requirement for school team participation

All students are required to maintain a "C" or better in all classes to play/participate on a school sports or other extracurricular activity team.

Honor Roll

At the end of each semester MPS publishes the honor rolls for students. Honors and High Honors are awarded to all students with a semester GPA of 3.00-3.49 (Honors) and 3.50+ (High Honors). Students must pass all classes to make the semester honor rolls.

Participation in Promotion Activities/ Ceremony

In order for students to participate in any promotion activities they must fulfill all the promotion requirements

and not be on suspension or recommended for expulsion at the time of the Promotion Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students may be referred to the Reflection Committee regarding their standing and opportunity to participate in the Promotion Ceremony.

High School Credit Earned in Middle School

Students who take high school courses in middle school have the option to have these courses counted toward graduation. These courses must have the same expectations, curriculum and final exams as the equivalent courses taught in high school. Students who choose to have their middle school courses counted toward graduation need to consult with the school administration since these courses need to be reflected on the student's high school transcript. Grades from such courses will not be included in high school cumulative GPA calculations.

The following middle school courses have been identified for high school credit: Mathematics (Algebra I, Geometry, Integrated Mathematics I, and other high school level mathematics courses), Computers & Technology (approved high-school level courses), and Language Other Than English (LOTE). For middle school LOTE course(s), one year of high school credit will be given for each different language if students demonstrate proficiency by passing those courses or a LOTE proficiency test provided by the School. Again, middle school courses must be comparable in content to courses offered at the high school level. Magnolia Public Schools Home Office ("Home Office") has the final authority to decide which middle school courses will be counted toward graduation.

Field Trips

Field Trips offer exciting ways to learn. MPS students may have the opportunity to go on field trips at various times throughout the school year. MPS plans many field trips, weekend getaways, summer camp, and interstate and international field trips. Students must bring to school a Field Trip Permission Slip signed by a parent or guardian by the specified date in order to be eligible for participation. Phone calls by parents to the school will not be accepted as permission for students to attend.

Students will not be denied participation in educational trips because of race, color, national origin, sex, sexual orientation, disability or any other category protected by applicable law. Each student's parent/guardian must provide written permission for a field trip, authorization for medical care, and a personal health history for those students with health issues/medical conditions. Parents are responsible to provide all necessary medications, supplies, and equipment needed for the field trip at least five school days prior to departure. In order to administer medication (prescription and over-the-counter) on the field trip, parents/guardians must have submitted a complete "Request For Medication To Be Taken During School Hours" form, which includes a parent/guardian signature and the written California licensed health care provider's order with signature and date. If a student needs a Specialized Health Care Service (Protocols),

a current completed Parent Consent and Authorized Healthcare Provider Authorization covering the field trip date(s) MUST be in place.

A complete copy of the "Field Trip Policy" is available for review in the school office and on the school website.

Gifted and Talented Education (GATE)

MPS is committed to supporting gifted and highly capable students in a safe, caring environment which promotes a college preparatory, STEAM education. Instructional programs for Gifted and Talented students are based on the core principles that all students have the potential to excel and should have the opportunity to develop their individual abilities, interests and potential. The purpose of the MPS GATE program is not to simply identify the highest achieving students, but rather, identify students with exceptional abilities, those that go well beyond their peer group.

MPS' advanced academic programming serves students in grades K-12 and offers highly challenging learning opportunities that adhere to our Core Values of Excellence, Innovation, and Connection. Educational experiences and are designed to meet the needs of advanced learners with an emphasis on innovation, critical thinking, and logical reasoning.

MPS serves GATE students through a number of delivery models and settings so that students obtain an optimal level of learning, including, but not limited to, Advanced Placement (AP) classes, Honors classes, cluster groupings, acceleration, enrichment activities, and independent studies/group projects.

MPS' identification procedures are equitable, comprehensive, and on-going. Assessments and recommendations for the program reflect best practices and are research-based. MPS understands that examinations alone may not reflect the abilities of all students, as well as GATE students of diverse populations. Therefore, MPS includes teacher and/or administrator recommendations as well as work samples in its identification process.

In order to identify a student as gifted, evidence must be gathered relating to his/her ability to perform beyond chronological peers. Data should be broad enough to discover aptitudes across racial, ethnic, and economic groups. The final determination of eligibility for the GATE program rests with the administration of the individual school site in accordance with the procedures assumed by the MPS governing board. The school shall base decisions on evaluation of pertinent data by an expert in the gifted and talented field. Students referred to the GATE program will be assessed in grades 3, 6, and 9 or upon enrollment and parent request. In order to ensure equity and accurate identification of GATE students, there will be annualized random sample testing of at least 5% of students in grades 3, 6, and 9 across each MPS school. If a parent recognizes characteristics of giftedness in their child, they may request an assessment.

Please contact the school office for a copy of the "MPS GATE Program Policy."

Harm or Destruction of Animals

Harm or Destruction of Animals – EC 32255 et seq.

Any pupil with a moral objection to dissecting or otherwise harming or destroying an animal, or any part thereof, must inform his or her teacher of the objection. Objections must be substantiated by a note from the pupil's parent or guardian.

A pupil who chooses to refrain from participation in an education project involving the harmful or destructive use of an animal may receive an alternative education project, if the teacher believes that an adequate alternative education project is possible. The teacher may work with the pupil to develop and agree upon an alternative education project so that the pupil may obtain the knowledge, information, or experience required by the course of study in question.

Math Placement

MPS has adopted a math placement policy to establish a fair, objective, and transparent protocol for placement in mathematics courses in order to ensure the success of every student.

Please contact the school office or visit the MPS website for a copy of the “MPS Math Placement Policy.”

Physical Education (PE)

MPS will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Please refer to the “School Wellness Policy” posted on the MPS website for details.

CDE mandates districts to provide at least 200 minutes of PE for every 10 school days for students in grades 1-6 and at least 400 minutes for every 10 school days for students in grades 7-12. High school physical education course content must include instruction in each of the eight content areas: The effect of physical activity upon dynamic health, mechanics of body movement, aquatics, individual/dual sports, gymnastics/tumbling, team sports, rhythms/dance, and combatives. While charter schools are only required to provide PE consistent with their individual charters, MPS strives to offer a strong PE and health education program that promotes student physical fitness and health and that includes instruction, to the extent possible, in the eight areas over the span of the PE classes offered as part of the school's course of study.

MPS will make appropriate accommodations to allow for equitable participation for all students and will adapt physical education classes and equipment as necessary. The Board of Directors of Magnolia Public Schools (“Board”) recognizes a desire and a need for its students to have flexibility in meeting the PE graduation requirement. An Alternative PE policy meets this need by allowing students

to receive credit for physical activities not normally offered as part of the regular on-site PE program. It is the goal of MPS to promote the health of its students by supporting regular physical activity as a vital component of the complete learning environment and providing its students with the opportunity to engage in an array of physical activities that are fun, culturally appropriate, and challenging. Please refer to the MPS Alternative PE Policy for details.

Please contact the school office for a copy of the “MPS School Wellness Policy” and the “MPS Alternative PE Policy.”

Physical Fitness Test (PFT)

MPS administers the state-designated Physical Fitness Test (PFT) to all students in grades five, seven, and nine as required by EC Section 60800 and 5 CCR Section 1040, regardless of enrollment in a PE course. The test provides criterion-referenced standards to evaluate fitness. These standards represent minimum levels of fitness known to be associated with those health and physical characteristics that offer protection against diseases resulting from physical inactivity. Achievement of the fitness standards is based upon a score falling in the Healthy Fitness Zone (HFZ) for each of six fitness areas. The HFZ represents minimal levels of satisfactory achievement on the tasks. The goal is for students to achieve the HFZ for all six fitness areas of the physical fitness test.

Before and After School Programs

Academic Tutoring Program

- Tutoring will be available as part of the MPS after-school program.
- Students can receive tutoring from faculty and volunteers from local universities.
- The program will benefit all students.
- The sessions will generally occur after school; some may be scheduled on the weekends.
- Upon availability, Saturday tutoring is available to all students who wish to improve their academic skills. We offer math and SAT/ACT prep. All students are welcome to join at specified times.

After School Activities

MPS offers a variety of after school tutoring, clubs, sports, and activities for all students free of charge. There is no better way for students to enrich their education than by taking part in clubs, after-school activities or working with a teacher (Tutoring). These opportunities allow students to explore more deeply things they already enjoy and to try other areas that sound interesting. Students who stay for an after-school activity must follow these rules:

- Be with a teacher or other staff member at all times.

- Arrange to have their transportation pick them up at the end of the activity.
- Abide by the MPS code of student conduct and all school rules and policies as outlined in the handbook while participating in the activity.

Students who are disruptive, disrespectful, or who do not follow the rules will be prohibited from participating in the after-school program.

Students not participating in after school activities may not stay after school to wait for another student.

A full list and description of after school clubs and activities will be communicated after school starts, as well as information regarding how to join. We strongly encourage our students to explore and take advantage of these after school opportunities.

MPS is not responsible for students on campus who are not participating in after school activities or who remain on campus after the completion of the after-school activity. Those students must leave the campus within ten minutes of school or after dismissal time. Following is the MPS policy regarding students left on campus after school hours.

A complete copy of the “Afterschool Program Policy” is available for review in the school office and on the school website.

Policy Regarding Students Left on Campus After School Hours

MPS is committed to providing a safe campus for all students. When students are left on school property after the close of business hours, MPS will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event students are left on campus after school hours, MPS staff will:

1. Notify the Principal or designee immediately.
2. Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the beginning of the year. This may include contacting any emergency contact(s) listed for the student.
3. If a staff person becomes aware a child is on campus more than ten minutes after dismissal of the regular school day or after school activity, the staff person or another employee will remain on site until an adult, including but not limited to an emergency contact, police officer, or social worker, retrieves the student.
4. Notify the Principal or designee after the fifteen (15) minutes after dismissal has passed if there is a possibility that law enforcement may be called to assist the student.
5. As a last resort, contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.
6. In cases of repeated incidents where parents/guardians have been late in picking up their child, notify the

parents/guardians in writing of parental responsibilities and consequences for their child.

Students should not be dropped off more than **thirty (30)** minutes early for School. The School will open its doors at **7:30 a.m.** and starting at this time students will be supervised by School staff. All students that arrive before 7:30 a.m. will be unsupervised and the School will not be responsible for the safety and well-being of these students.

Each individual MPS school may include site-specific amendments into the drop-off, pick-up, and supervision times addressing local issues.

Education of English Learners

English Learners Identification Notice

The Charter School is committed to the success of its English Learners and support will be offered both within academic classes and in supplemental settings for students who need additional support for English language learning. The Charter School will meet all applicable legal requirements for English Learners as they pertain to annual notification to parents, student identification, placement, program options, English Learners and core content instruction, teacher qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. The Charter School will implement policies to assure proper placement, evaluation, and communication regarding English Learners and the rights of students and parents.

English Language Proficiency Assessments for California (ELPAC)

MPS values your child’s cultural and language assets and offers various instructional program options to best meet your child’s educational needs. To better serve the instructional needs of students who are not yet fluent English speakers, school districts are required to identify students’ English proficiency levels. Parents and school staff work together to determine the languages that families and students speak at home using the Home Language Survey. Based on responses on the Home Language Survey, state law requires school districts to assess the English language proficiency of new enrollees who speak a language other than English using the Initial English Language Proficiency Assessments for California (ELPAC).

The initial ELPAC must be administered within the first 30 calendar days of enrollment. The School will notify you of the results of this assessment and your student’s instructional program placement with a parent letter called the “Initial Parent Notification Letter for English Learners.”

To measure student progress in learning English, all continuously enrolled English Learners will be administered the Summative ELPAC in the Spring until the reclassification criteria is met. Parents will receive annual notification of their student’s progress toward reclassification and will be notified that their child is a “Long-term English Learner” or is an “English learner at-risk of becoming a Long-term English Learner.”

To find more information about the ELPAC assessment or reclassification criteria, please contact the Principal or designee.

Placement of English Learners (EL) - Structured English Immersion Program

All MPS EL students participate in a Structured English Immersion (SEI) program. The U.S. Department of Education describes the goal of this program as “acquisition of English language skills so that the EL student can succeed in an English-only mainstream classroom. All instruction in an immersion strategy program is in English.” Within this SEI program, ELs are provided with daily designated and integrated English Language Development. Integrated ELD is provided to all ELs across all disciplines utilizing the researched based frameworks and strategies to support language acquisition. Designated ELD is also provided to all ELs, however instructional placement and support vary according to the students’ ELD level. All curricula used within the SEI program has ELD components/resources that facilitate language acquisition. Additionally, Newcomers and Long-Term English Learners receive supplemental services as needed.

For further information on language acquisition, please contact the school office for a copy of the “**MPS EL Master Plan.**”

Education of Students with Disabilities

Child Find System

MPS is dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. MPS provides special education instruction and related services in accordance with the Individuals with Disabilities Education Act (“IDEA”), Education Code requirements, and applicable policies and procedures of the charter authorizer. These services are available for special education students enrolled in MPS. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. MPS collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, MPS is responsible for identifying, locating, and evaluating children enrolled at MPS with known or suspected disabilities to determine whether a need for special education and related services exists. This includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact the school office.

A complete copy of MPS’ “**Special Education Policy and Procedures**” is available for review in the school office and on the school website.

Section 504 Policies and Procedures

Section 504 – 29 USC 794, 34 CFR 104.32

Section 504 of the Rehabilitation Act of 1973 is a federal law which prohibits discrimination against persons with a disability. The School provides a free and appropriate public education to all pupils regardless of the nature or severity of their disability. The School has a responsibility to identify, evaluate, and if eligible, provide pupils with disabilities the same opportunity to benefit from education programs, services, or activities as provided to their non-disabled peers. To qualify for Section 504 protections, the pupil must have a mental or physical impairment which substantially limits one or more major life activity. For additional information about the rights of parents of eligible pupils, or questions regarding the identification, evaluation, and eligibility of Section 504 protections, please contact the Principal.

MPS recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of MPS. Any student who has an objectively identified disability which substantially limits a major life activity, including but not limited to learning, is eligible for accommodations by MPS. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal.

A copy of MPS’ “**Section 504 Policies and Procedures**” is available upon request in the school office.

Special Education – Use of Assistive Technology

Use of Assistive Technology – EC 56040.3

MPS allows home and community use of assistive technology devices by students who have assistive technology devices as part of their IEP FAPE offer. Students may continue to use while at distributing school and for up to a maximum of two months or until a replacement or comparable device is obtained in new setting. Not every IEP will have an AT device as part of the IEP team offering, but if it is there, it must remain in possession so that the student does not have a lapse in educational access to such device.

Education of Foster and Mobile Youth

Definitions: For the purposes of this annual notice the terms are defined as follows:

1. “*Foster youth*” refers to any child who has been removed from their home pursuant Welfare and Institutions Code section 309 and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the

subject of cases in dependency court and juvenile justice court.

2. *“Former juvenile court school pupils”* refers to a student who, upon completion of the student’s second year of high school, transfers from a juvenile court school to the Charter School.
3. *“Child of a military family”* refers to a student who resides in the household of an active duty military member.
4. *“Currently Migratory Child”* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency (“LEA”), either within California or from another state, in order that the child or a member of the child’s immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child’s eligibility for migrant education services. “Currently Migratory Child” includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.
5. *“Pupil participating in a newcomer program”* means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

Within this notice, foster youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be collectively referred to as “Foster and Mobile Youth.” Within this notice, a parent, guardian, or other person holding the educational rights for a Foster and Mobile Youth will be referred to as a “parent.”

Foster and Mobile Youth Liaison

The MPS Board of Directors designates the following staff person as the Liaison for Foster and Mobile Youth:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The Foster and Mobile Youth Liaison’s responsibilities include but are not limited to the following:

1. Ensuring and facilitating the proper educational placement, enrollment in school, and checkout from school of foster children.
2. Assisting foster children when transferring from one school to another school in ensuring proper transfer of credits, records and grades.

School Stability

The Charter School will work with foster youth and their parent to ensure that each pupil is placed in the least restrictive educational programs, and has access to the

academic resources, services, and extracurricular and enrichment activities that are available to all pupils, including, but not necessarily limited to, interscholastic sports. All decisions regarding a foster youth’s education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, currently migratory child or child of a military family seeking reenrollment in the Charter School as the student’s school of origin (subject to the Charter School’s capacity and pursuant to the procedures stated in the Charter School’s charter and Board policy). If a dispute arises regarding a foster youth’s request to remain in the Charter School as the school of origin, the foster youth has the right to remain in the Charter School pending the resolution of the dispute. The Charter School will also immediately enroll any foster youth, currently migratory child or child of a military family seeking to transfer to the Charter School (subject to the Charter School’s capacity and pursuant to the procedures stated in the Charter School’s charter and Board policy) regardless of the student’s ability to meet normal enrollment documentation or uniform requirements (e.g. producing medical records or academic records from a previous school).

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the child’s status as a foster youth, currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student’s status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

Graduation Requirements

Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School’s graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 (“additional graduation requirements”) unless the Charter School makes a finding that the student is reasonably able to complete the Charter School’s graduation requirements by the end of the student’s fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student’s school enrollment may be used,

whichever will qualify the student for the exemption. In the case of a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the parent, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's parent how any of the requirements that are waived will affect the pupil's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the court's jurisdiction terminates or the student no longer meets the definition of a child of military family, a currently migratory child or a pupil participating in a newcomer program.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to

complete the Charter School's graduation requirements.

2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

Acceptance of Course Work

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a Foster and Mobile Youth.

The Charter School will provide Foster and Mobile Youth credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the Foster and Mobile Youth shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Student Records

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new local educational agency ("LEA"), the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the pupil, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the pupil's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

The Charter School shall not lower a foster youth's grades as a result of the student's absence due to a verified court appearance, related court ordered activity, or a change the placement of the student made by a county or placing agency. If a foster youth is absent from school due to a decision to change the placement of the student made by a county or placing agency, the grades and credits of the pupil will be calculated as of the date the student left the Charter School.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

Discipline Determinations

If the Charter School intends to extend the suspension of any foster/ youth pending a recommendation for expulsion, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the meeting at which the extension of the suspension will be discussed.

If the Charter School intends to suspend for more than ten (10) consecutive school days or expel a student with a disability who is also a foster youth due to an act for which the recommendation for expulsion is discretionary, the Charter School will invite the student's attorney and an appropriate representative from the relevant county agency to participate in the Manifestation Determination Review meeting.

Complaints of Noncompliance

A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures.

A copy of MPS' "**Uniform Complaint Policy and Procedures**" is available in the school office and on the school website.

Education of Homeless Children and Youth

Definitions: The term "homeless children and youth" means individuals who lack a fixed, regular and adequate nighttime residence due to economic hardship and includes children and youth who (42 U.S.C. § 11434a):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Homeless Liaison.

School Liaison

The MPS Board of Directors designates the Principal of each schoolsite as the School Liaison for homeless students (42 U.S.C. § 11432(g)(1)(J)(ii)):

CEO & Superintendent

9. The Charter School Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.
10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students and that the youths may obtain assistance from the Charter School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: <https://www.cde.ca.gov/sp/hs/>.

High School Graduation Requirements

Homeless students who transfer to the MPS any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless MPS] makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.
2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.
3. Provide information to the student about transfer opportunities available through the California Community Colleges.
4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

Acceptance of Course Work

The Charter School will accept any coursework

satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

For any homeless student who enrolls at the Charter School, a copy of the Charter School's complete policy shall be provided at the time of enrollment.

A copy of the complete Policy is available upon request at the school office and on the school website.

Pregnant and Parenting Pupils

The Charter School recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The Charter School will ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student's leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the Charter School if it is necessary in order for the student to be able to complete any graduation requirements, unless the Charter School determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

ACADEMICS: HIGH SCHOOL & BEYOND

High School Graduation Requirements

MPS has minimum requirements for a standard diploma that meet and exceed the state graduation requirements and the UC/CSU “a-g” requirements.

Credit Requirement for a Standard Diploma

Currently, every student must earn a total of 210 semester credits in grades 9 through 12 in order to receive a high school diploma. (See section “**High School Credit Earned in Middle School**” for middle school courses identified for high school credit.) Each high school course at MPS is semester based and worth 5 credits, with the exception of courses such as Sustained Silent Reading (SSR) or Advisory which last one-half of a typical class period or less and are worth 2.5 credits. Students need to have an end-of-the-semester final grade of at least a “C” (=2.0) to earn credit for the course. Credit is awarded on the basis of student participation, mastery of subject matter, and/or attainment of skills.

Specific Course Requirements

MPS meets and exceeds the admission requirements of all four-year universities including University of California (“UC”). MPS adopts all options approved for meeting UC’s minimum “a-g” subject requirements, including approved “a-g” high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements. The following table lists courses required in order to graduate from MPS.

Math Requirements: MPS math requirements are threefold:

- **Credit requirements:** MPS requires at least 30 semester credits of math for a standard diploma (and 40 semester credits of math for an advanced or honors diploma.) Some of these credits can be earned in middle school.
- **Year requirements:** MPS requires students to be enrolled in a math course for at least two years in grades nine through twelve for a standard diploma (state requirement) and at least three years in grades nine through twelve for an advanced or honors diploma. For example; a student may take Mathematics-I or Algebra I in seventh grade, Mathematics II or Geometry in eighth grade, and Mathematics III or Algebra II in ninth grade. The student still needs to take one more year of math for a standard diploma (and two more years of math for an advanced or honors diploma.)
- **Course requirements:** Students need to complete three years of math courses that include the topics covered in elementary and advanced algebra and two- and three-dimensional geometry before graduation. Integrated math courses fulfill this requirement.

Science Requirements: *UC requirement:* Two years of college-preparatory laboratory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics is required. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. Computer Science, Engineering, Applied Science courses can be used in area “d” as an additional laboratory science (i.e., third year and beyond). *CSU requirement:* Two years, including one year of biological and one year of physical science with lab.

Language other than English (LOTE) Courses: MPS will allow other options to satisfy the “e”-LOTE requirement for graduation. Completion of higher-level LOTE coursework with a grade of C or higher may validate D or F grades earned in lower-level courses or when a lower-level course is skipped. Please check UC Admissions website for details of course validation. UC-transferable college courses or satisfactory scores on SAT Subject, AP or IB exams can also be used to fulfill the LOTE subject requirement.

Generally, bilingual students are considered to have met the “e” subject requirement and may choose not to enroll in LOTE courses. Students who elect not to take courses in a LOTE may satisfy the “e” requirement (*for all diploma types*) by one of the following methods:

- **Formal schooling in a language other than English** – Students who have completed two years of formal schooling at the sixth-grade level or higher in a school where a LOTE was used as the medium of instruction have met the LOTE requirement. A school transcript or other official document is required.
- **Assessment by a recognized test or University** – Earning a satisfactory score on a SAT Subject, AP or IB exam, or a proficiency test administered by a UC campus or other university can demonstrate a student’s proficiency in a LOTE. Most language departments at universities will conduct an assessment and issue a statement of competency on official letterhead serving as certification.
- **Certification by high school principal** – In cases where the options above are not available, certification by the high school principal is acceptable. Principals should develop and maintain clear standards for providing this certification. Certification should be based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency, or other appropriate sources of expertise. The principal notes the certification of competency on the student’s transcript with the language and level of proficiency.

PE Requirement: Two years of PE is required. One year of approved Dance, Sports or Marching Band can be used to meet one year of the requirement. Junior Reserve Officers’ Training Corps (JROTC)/Cadet Corps and CIF Sports can be used to meet one or both years of the requirement.

College/Career Indicator (CCI)

A high school diploma should represent the completion of a broad and rigorous course of study. The CCI was designed by the CDE to encourage high schools to provide all students with a rigorous broad course of study that will lead to likely success after high school. It recognizes that students pursue various options, whether completing: (a) a Career Technical Education (CTE) Pathway, (b) course requirements for a-g, or (c) a course of study specifically designed to meet the student's individual interests.

Each year the CDE measures graduating students' preparedness for college/career. This measure is based on completing rigorous coursework, passing challenging exams, or receiving a state seal. The following measures are approved by the CDE as indicators of college or career readiness:

- Career Technical Education Pathway Completion
- Grade 11 Smarter Balanced Summative Assessments in ELA and mathematics
- Advanced Placement Exams
- International Baccalaureate Exams
- College Credit Course
- a-g Completion
- State Seal of Biliteracy
- Military Science/Leadership

Please note that there is a variety of ways a student can be designated as "Prepared" for College/Career. Completing one of the 11 paths/options below is sufficient to earn the "Prepared" designation.

California State University Early Assessment Program (CSU-EAP)

The EAP is a joint program of the CDE, California State University (CSU) and California Community Colleges (CCC). The EAP provides students with an early indicator of their college readiness in English and mathematics prior to starting the senior year. In addition, EAP may earn students an exemption from CSU and participating CCC English and/or mathematics placement tests that are required for entering freshman. EAP is now embedded in the CAASPP Smarter Balanced grade eleven ELA and mathematics assessments. Students taking the grade eleven assessments will automatically be participating in the EAP. To provide information to students on their college readiness, students may voluntarily release their results to the CSU and CCCs. The results will not be used for admissions. To find more information about the CAASPP Program CSU/EAP, please contact your child's counselor or contact the school office. Additional information is posted on the internet at: <http://www.cde.ca.gov/ci/gs/hs/eapindex.asp>.

Course Credit Acceptance & Transferability

High School Grade Promotion Policy

Criteria: To be promoted to the next grade, a high school student must have a 2.0 grade point average (GPA) and the minimum required credits described below by the end of the school year or by the end of the summer before the start of the next school year.

Student transcripts will be updated to include summer grades and GPA will be recalculated. If students have the minimum required credits and at least a 2.0 recalculated GPA, they will be promoted to the next grade.

Core Courses: Core courses are Math, Science, English, and History/Social Science.

Minimum Required Credits:

- To be enrolled in grade 10, a student must have a minimum of 50 credits, including at least 20 credits in core courses.
- To be enrolled in grade 11, a student must have a minimum of 100 credits, including at least 50 credits in core courses.
- To be enrolled in grade 12, a student must have a minimum of 150 credits, including at least 90 credits in core courses.
- A student's grade level placement remains the same for an entire school year.

MPS has minimum requirements for a standard diploma that meet and exceed the state graduation requirements and the UC/CSU "a-g" requirements.

Credit Acceptance

Students transferring to MPS from another accredited school, private or public, a home school, or an alternative school, will receive credit toward graduation for courses successfully completed in the sending school.

These courses will appear on student's transcript as they are transferred and will be included in cumulative GPA calculations. Upon review and approval by the school administration, students transferring to MPS from a non-accredited school may receive credit toward graduation within the following guidelines:

Documentation must be provided to MPS by the sending school as to the course of study the student followed, materials used, course description, total number of contact hours per course, grading criteria, teacher name and qualifications, student work or projects, and scores of any standardized tests the student has taken. Grades from such courses will not be included in cumulative GPA calculations.

Normally, students may not retake courses that they have already passed and for which they have earned credit. Credit is not awarded for classes repeated to raise a grade unless the grade previously earned was a Fail (F) or Incomplete (I). However, the school administration reserves the right to final decision in case of any extenuating circumstances. Extenuating circumstances may include foreign transcripts, transcripts from non-accredited schools, college courses,

ESL/ELD courses, and other approved courses on a case-by-case basis. Please consult with the school administration. If the school administration allows repeat of a course for extenuating circumstances, MPS will use the new grade when calculating the student's GPA. However, the repeated grade will not be used in calculating the "a-g" GPA for UCs if a student repeats a course used to satisfy the "a-g" requirement in which the student originally earned a grade of C or higher.

Credit Recovery

A high school student who fails a course at MPS is expected to take full responsibility for their personal credit recovery process. Following are some recovery options:

Summer School: Students can take a summer school course at any public school to recover missing credits. MPS may offer summer school depending on student needs and availability of teachers and resources.

Online Courses: Students who are credit deficient may enroll in accredited online courses to recover missing credits. Some examples to accredited online course providers are: APEX Learning, FuelEd, BYU, etc. College counselor's approval is necessary in order for the grade of an online course to be included in cumulative GPA calculations.

College Dual and Concurrent Enrollment: Students may enroll in a post-secondary course creditable toward high school completion. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

Exemption from MPS local graduation coursework requirements

Students in foster care, homeless students, former juvenile court students, children of military families, migratory students and newly arrived immigrant students, and students with disabilities, if written in the IEP of the student, may qualify to be exempted from local graduation coursework requirements that are beyond the California state requirements. Please make an appointment with the school counselor to review your child's options for graduation. All coursework that was completed at another school outside of MPS will be issued full or partial credit.

WASC Accreditation & Transferability of Courses

All MPS schools are WASC-accredited and all A-G courses of MPS are transferable to other public schools and meet the rigorous requirements for admission to both the UC and state university systems. Every transfer student will participate in an intake meeting which includes a review of his/her transcript and tracking towards graduation. Every exiting student will also receive a transcript to provide him/her with an official record of courses completed and credits earned. In addition, the school's master schedule will be informed by student needs to ensure sufficient intervention opportunities are available for the student population. Please contact the Dean of Academics & College Counselor for further information.

Diploma Types & Graduation

Diploma Types

MPS offers three different high school diploma types: Standard (S), Advanced (A), and Honors (H). Each diploma has minimum requirements that meet and exceed the state graduation requirements and the “a-g” subject requirements of California’s four-year public universities. Students are always welcome, and often encouraged, to exceed these minimum requirements.

The “Golden State Seal Merit Diploma” & The “State Seal of Biliteracy”

As directed and described by the CDE, MPS will award eligible graduates the “Golden State Seal Merit Diploma” (GSSMD) and the “State Seal of Biliteracy” (SSB) by affixing the “Golden State Seal” and the “State Seal of Biliteracy” to their high school diplomas. GSSMD is a recognition of graduates who have demonstrated mastery of the high school curriculum in at least six subject areas, four of which are English language arts, mathematics, science, and U.S. history, with the remaining two subject areas selected by the student. SSB is recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English.

Service-Learning Requirement

Completing 40 hours of community service before graduation is no longer a high school requirement for a standard diploma beginning with the class of 2013. However, MPS encourages students to engage in community service to develop and demonstrate crucial life skills. This will help students gain “real life” experience and develop responsibility, caring and respect for the community. Therefore, students will be required to earn 40 hours of community service before graduation for an advanced or honors diploma. Students may begin to earn these hours once they complete their 8th grade year.

Cumulative GPA & Valedictorian Policy

A cumulative GPA is calculated for all high school level courses based on the number of credits received and their weighted grade point equivalencies. Cumulative GPAs are used to determine class rank and graduation honors, eligibility for National Honor Society, by colleges as part of the admission criteria, by many scholarship and grant providers, and occasionally, by employers. This information is reported to parents on the student’s high school transcript. The high school transcript is a record of all final course grades received for high school courses.

MPS requires a minimum of **2.00** cumulative GPA for graduation, **3.25** for an advanced diploma, and **3.50** for an honors diploma.

All graduating students who are eligible to receive an Honors diploma with a cumulative GPA of **4.0** or above shall be designated as the Valedictorian. Cumulative GPA computation for Valedictorian shall be based upon student’s

projected grades as of the first of June prior to the date of graduation.

Note: UC/CSU systems do their own GPA calculations for a-g courses taken between the summer following 9th grade through the summer following 11th grade in calculating a student’s GPA. Please see your high school college counselor for further details.

Participation in Senior Activities/Graduation Ceremony

In order for students to participate in any senior activities they must have a total of 150 credits at the beginning of the first semester and/or 180 credits at the beginning of the second semester of their senior year. In addition, students have to fulfill all the graduation requirements, described herein, and not be on suspension, or recommended for expulsion at the time of the Graduation Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students may be referred to the Reflection Committee regarding their standing and opportunity to participate in the Graduation Ceremony.

California High School Proficiency Exam

California High School Proficiency Exam – 5 CCR 11523

The California High School Proficiency Exam (CHSPE) is a voluntary test that assesses proficiency in basic reading, writing, and mathematics skills taught in public schools. Eligible pupils who pass the CHSPE are awarded a Certificate of Proficiency by the State Board of Education. A pupil who receives a Certificate of Proficiency may, with verified approval from the parent or legal guardian, leave high school early. The Certificate of Proficiency is equivalent to a high school diploma; however, it is not equivalent to completing all course work required for regular graduation from high school. Pupils planning to continue his or her studies in a college or university should contact the admissions office of the institution to find out if the Certificate of Proficiency will meet admission requirements.

A pupil is eligible to take the CHSPE only if he or she meets one of the following requirements on the test date: 1) is at least 16 years old; 2) has been enrolled in the tenth grade for one academic year or longer; or 3) will complete one academic year of enrollment in the tenth grade at the end of the semester during which the CHSPE regular administration will be conducted. A fee for each examination application shall not be charged to a homeless or foster youth under the age of 25. For more information, including administration dates and registration deadlines, visit the following website: <http://www.chspe.net/>.

College Counseling & Readiness Programs

PSAT/NMSQT Tests & Applications

MPS is dedicated to providing a comprehensive college preparatory program that facilitates students' ambitions to pursue higher education at the nation's top universities and colleges. As part of this process, grades 9 through 11 are required to take the PSAT/NMSQT test in Fall.

PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT Reasoning Test.™ It also gives the students a chance to enter National Merit Scholarship Corporation (NMSC) scholarship programs.

The PSAT/NMSQT measures:

- critical reading skills;
- math problem-solving skills; and
- writing skills.

The most common reason for taking the PSAT/NMSQT is for the students to receive feedback on their strengths and weaknesses on skills necessary for college study. Students can then focus their preparation on those areas that could most benefit from additional study or practice.

Advanced Placement (AP) Courses

MPS will offer Advanced Placement (AP) classes depending on student needs/demands and availability of teachers and resources. AP courses are college-level courses, taught with college textbooks and exams that can give students college credit in the form of advanced standing when they enter their freshman year. Students have to pass the corresponding AP test in order to get college credit.

Advanced Placement Fees

AP Fees – EC 48980(k)

Eligible high school students may receive financial assistance to cover the costs of the advanced placement examination fees. Please contact the school office for information.

Counseling Programs

MPS offers a comprehensive counseling and guidance program addressing personal/social, career, and academic needs for all grades. Students may sign up to see the counselor at any time to discuss personal or academic concerns. Social skills, career, and college planning lessons will be provided by the counselor at various times throughout the school year depending on grade level, need etc. The counseling office provides the following resources:

- Academic advising
- College planning resources
- Scholarship information
- SAT/ACT test dates and materials

- Career planning resources
- Conflict resolution
- Family resources
- Counseling resources

Students who wish to see the counselor can make an appointment. Parents are always welcome to make an appointment to see the counselor. All information discussed by the student and/or parent will remain confidential to the fullest extent of the law.

ASCA National Standards for Students

MPS supports the following American School Counselor Association (ASCA) National Counseling Standards.

Academic Development

Standard A: Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.

Standard B: Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.

Standard C: Students will understand the relationship of academics to the world of work and home and community life.

Career Development

Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.

Standard B: Students will employ strategies to achieve future career success and satisfaction.

Standard C: Students will understand the relationship between personal qualities, education and training, and the world of work.

Personal/Social Development

Standard A: Students will acquire the attitudes, knowledge, and interpersonal skills to help them understand and respect self and others.

Standard B: Students will make decisions, set goals, and take necessary action to achieve goals.

Standard C: Students will understand safety and survival skills.

Career Counseling & Course Selection

Career Counseling & Course Selection – EC 221.5(d)

Commencing grade 7, MPS school personnel shall assist pupils with course selection or career counseling, exploring the possibility of careers, or courses leading to careers based on the interest and ability of the pupil and not on the pupil's gender. Parents or legal guardians are notified so that they may participate in such counseling sessions and decisions.

College & Career Technical Education**College & Career Technical Education – EC 51229****College Admission Requirements and Higher Education Information**

The State of California offers community colleges, California State Universities (CSU), and Universities of California (UC) for students who wish to continue their education after high school.

To attend a community college, you need only a high school diploma or equivalent, or be over the age of 18. To attend a CSU, you have to take specific high school courses, have the appropriate grades and SAT/ACT test scores, and have graduated from high school. Test scores are not required if your GPA is 3.0 or above, and you applied to a campus or enrollment category that is not impacted. To attend a UC, you must meet requirements for coursework, GPA, and test scores. If you are a California student who has not been admitted to UC campus to which you have applied, you will be offered a spot at another campus if space is available and you rank in the top 9 percent of California high school students or of your graduating class at a participating high school. You may also transfer to a CSU or UC after attending a community college. For more information on college admission requirements, please refer to the following webpages:

www.californiacommunitycolleges.cccco.edu – This is the official website of the California Community College system. It offers links to all the California Community Colleges.

<https://www2.calstate.edu/> – This extensive online site offers assistance to students and their families on the CSU system, including the ability to apply online, and links to all CSU campuses.

www.universityofcalifornia.edu – This massive website offers information regarding admissions, online application, and links to all UC campuses.

www.assist.org – This online student-transfer information system shows how course credits earned at one public California college or university can be applied when transferred to another.

Students may also explore career options through career technical education. These are programs and classes offered by a school that are specifically focused on career preparation and/or preparation for work. The programs and classes are integrated with academic courses and support academic achievement. Students can learn more about career technical education by referring to the following webpage: www.cde.ca.gov/ci/ct/gi/.

You may meet with a school counselor to choose courses at your school that will meet college admission requirements or enroll in career technical education courses, or both.

Dual and Concurrent Enrollment Policy

MPS provides a college preparatory educational program emphasizing science, technology, engineering, arts and math in a safe environment that cultivates respect for self and others. Through Honors courses, AP courses and dual enrollment courses, students who demonstrate high achievement, interest and/or ability are provided the opportunity for a rigorous learning environment. As we encourage our students to have an accredited college/university/post-secondary institution (“college”) course-taking experience as early as possible, we also need to ensure it is a successful one and that it complements the rigorous course of studies offered at MPS. The following are guidelines for dual and concurrent enrollment.

Eligibility

- **Maturity:** High school students who have demonstrated academic, personal and social maturity are welcome to apply. The high school counselor (“counselor”) will meet with the deans, the student’s teachers and other related school staff to assess the student’s maturity level necessary for dual and concurrent enrollment. During this holistic assessment, student’s attendance records, classroom study habits, homework completion, problem-solving and task-management skills, ability to engage in cooperative learning and whole class discussion as well as student’s behavior and social skills such as self-control, positive interactions and relationships with classmates and teachers, and other skills will be considered.
- **GPA:** Minimum Cumulative GPA of 3.0 (weighted) by the end of the semester prior to dual enrollment.
- **Restrictions:** The student and the parent are responsible for checking whether the college has admission/enrollment restrictions based on age, grade level, or demonstrated eligibility for instruction using assessment methods and procedures.
- **Counselor Approval:** The student is responsible for obtaining approval from the counselor for the specific courses student intends to take before enrolling in college courses.

Procedures

- **Readiness:** The student must demonstrate on track preparation in the discipline to be studied. With input from related school staff, the counselor will determine student readiness for the requested course. MPS expects that requested courses are part of the student’s four-year plan with input from the student, parents, and school staff.
- **Courses:** The student has exhausted all opportunities to enroll in an equivalent course at his or her school of attendance.
- **Credits/GPA:**
 - To determine how a college course fulfills a high school requirement see your counselor. The counselor will indicate whether the

course will receive high school credit along with college credit or only college credit. Counselor’s approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

- Ultimately, it is the ultimate responsibility of the student/parent to determine college credit and the transferability of the course to other colleges. The following website can be used for that purpose: www.assist.org. ASSIST is an online student-transfer information system that shows how course credits earned at one public California college or university can be applied when transferred to another.
- Prior to enrollment, the student needs to make written application to the appropriate college/university office indicating that he or she is seeking high school credit in addition to college credit. Student/parent is responsible for following application deadlines and filling out forms such as “Supplemental Application for Admission of Students in Grades K-12” or other forms required by the college/university and completing the application process in a timely manner.
- It is the responsibility of the college/university to offer college credit. However, it is the responsibility of the student/parent to learn whether dropping or failing the course may impact admission to that college/university.
- It is important for students and parents to understand that students start building college credits as they take college courses. The grades earned may impact student’s college GPA and any transfer requirements between colleges. Students and parents are encouraged to choose courses carefully by considering student’s future college plans.
- Student/parent will provide an official transcript from the college/university to the counselor in a timely manner. Upon receipt of an official transcript from the college/university showing the course title, number of college units and the course grade, the high school equivalent course and the credits allowed will be recorded on the student's cumulative record.
- Academic college courses that meet the University of California “a-g” requirements will be given a weighted grade point on the high school transcript and included in cumulative GPA calculations.
- The following table will be used for conversion of college units to high-school credits:

College Units	High School Credits
Less than 2 semester college units or less than 3 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

• Attendance Requirements:

- The student must provide a copy of college course schedule to the high school counselor for approval before enrolling in college courses.
- The student must inform the counselor in case of any changes in course enrollment (dropping the course, changes in course dates and hours, etc.)
- All students in grades 11 and 12 are required to be enrolled in at least five courses each semester (including the Advisory course). These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon satisfactory completion.
- MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.
- Signed Early Release Form is required for leaving school earlier than regular dismissal.
- All students in grades 9 and 10 must stay until regular school dismissal unless an alternative arrangement has been made with the counselor.
- All students in grades 11 and 12 must stay for the Advisory period unless an alternative arrangement has been made with the counselor.

College Funding

Cal Grant Program

Cal Grant Program – EC 69432.9

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements.

Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students to apply for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted by the October 1 deadline to the California Student Aid Commission (CASC) electronically by a school or school district official. A student, or the parent or guardian of a student under 18 years of age, may complete a form to indicate that he or she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent or guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself or herself out, and can opt in if the parent or guardian had previously decided to opt out the student. Notification regarding CASC and the opportunity to opt out of being automatically deemed a Cal Grant applicant will be provided to all students and their parents or guardians by January 1 of the students' 11th grade year.

Cal Grant Program Opt-out form is included in this handbook and copies are also available in the school office.

Federal Student Aid

Federal Student Aid – EC 51225.8

MPS shall ensure that students prior to entering 12th grade are entitled to information on how to properly complete and submit the Free Application for Federal Student Aid (FAFSA) or the California Dream Act Application at least once. This information will be available in a timely manner as financial aid is awarded in order of submission according to deadlines, on a first-come, first served basis. All family and student personal information will be protected according to state and federal privacy laws and regulations.

Starting in 11th grade, MPS will disseminate information on how to properly complete and submit the FAFSA or the California Dream Act Application through in-class instruction, existing college readiness programs, family information sessions, and counseling sessions in groups or individually.

Work Permits for Students

It is within the discretion of MPS to determine whether a minor, who is still subject to the state's compulsory education laws, may obtain a work permit and, therefore, be employed to work.

Once a minor is no longer subject to the state's compulsory education laws, he/she is not considered a minor for purposes of the state's child labor laws and is not required to obtain a work permit (LC Section 1286[c]). California's compulsory school attendance law requires a person to attend school until he/she is eighteen years of age, or has graduated from high school, or has passed the High School Proficiency Examination. However, under federal law (29 CFR Section 570.121), Certificates of Age are required for all employed minors under the age of 18 which may be satisfied with the top portions of the work permit application (CDE Form B1-1) (5 CCR Section 10120.1). A work permit may be issued to only minors between the ages of 12 and 18 years of age (EC Section 49111).

Process: The minor/student, after obtaining a promise of employment, shall obtain the **"Statement of Intent to Employ a Minor and Request for a Work Permit - Certificate of Age"** (CDE Form B1-1) from the school. The minor must complete the "minor" section, request that the employer and parent complete their sections (making certain to obtain both required signatures), and then return the completed form to the Principal. The Principal or designee shall verify all information on the work permit to be issued. If all requirements are met, the school may issue the work permit (CDE Form B1-4).

The school has discretion to impose additional requirements for the issuance of a work permit. MPS requires that the minor maintain a 2.0 cumulative grade point average (GPA).

The school shall retain a copy of the work permit application (CDE Form B1-1) and the work permit (CDE Form B1-4) until the end of the fourth year after the work permit was issued.

Competitive Athletics

Competitive Athletics Information

Competitive Athletics – EC 221.9

Any MPS school that offers competitive athletics shall publicly make available at the end of the school year all of the following information on its website:

1. The total enrollment of the school, classified by gender.
2. The number of pupils enrolled at the school who participate in competitive athletics, classified by gender.
3. The number of boys' and girls' teams, classified by sport and by competition level.

"Competitive athletics" means sports where the activity has coaches, a governing organization, and practices, and competes during a defined season, and has competition as its primary goal.

ATTENDANCE & RECORDS

Attendance Policy

It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.

Avoiding Absences, Written Excuses

Following an absence, a student is required to bring a written excuse from home when returning to school. Absences without a written excuse are recorded as unexcused.

Tardiness:

Children should be encouraged to be prompt as part of developing good habits. They are expected to be at school on time. If a child is late, the child should bring an excuse from home to the school office. A student will be classified as truant if they are tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year.

Definitions:

- **"Tardy"**: MPS starts at **8:00 a.m.*** Students shall be classified as tardy if the student arrives after that time.

* Each individual MPS school start time may vary. Please check with your school office for the exact start time.

- **"Unexcused Absence"**: Students shall have an unexcused absence if the student is absent or is tardy for more than thirty (30) minutes without a valid excuse.
- **"Truant"**: Students shall be classified as truant if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three (3) occasions in one school year, or any combination thereof. Any student who has once been reported as a truant and who is again absent from school without valid excuse one or more days, or tardy on one or more days, shall again be deemed a truant. Such students shall be reported to the Principal or designee.
- **"Habitual Truant"**: Students shall be classified as a habitual truant if the student is reported for truancy three (3) or more times within the same school year. This generally occurs when the student is absent from school without a valid excuse for five (5) full days in one school year or if the student is tardy or absent for more than any

30-minute period during the school day without a valid excuse on five (5) occasions in one school year, or any combination thereof.

- **"Chronic Truant"**: Students shall be classified as a chronic truant if the student is absent from school without a valid excuse for ten (10) percent or more of the school days in one school year, from the date of enrollment to the current date.
- **"School Attendance Review Team ("SART")"**: is the MPS Attendance Review Team and will consist of the individuals listed below.

Arrest of Truants/School Attendance Review Boards: EC 48263 and 48264:

The MPS attendance supervisor, administrator or designee, a peace officer, or probation officer may arrest or assume temporary custody during school hours, of any minor who is found away from their home and who is absent from MPS without valid excuse within the county, city or school district. A student who is a habitual truant may be referred to a School Attendance and Review Team (SART).

When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within **two (2)** school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within

two (2) school days of the absence/return, the absence will be marked as “unexcused.” The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
 - a. Name of student;
 - b. Name of parent/guardian or parent representative;
 - c. Name of verifying employee;
 - d. Date or dates of absence; and
 - e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
 - a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
 - b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has **had twenty (20)** absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency or for students in grades 7-12, inclusive, who may be excused from school for the purpose of obtaining confidential medical services without the consent of the student's parent or guardian. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law. Students who arrive to school late must report to the school office when the student arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, the student will receive an unexcused tardy. The student will be given a “late slip” from office staff to be admitted to class.

Make up Work for Excused Absences

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On

the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

Independent Study Policy

Students with a legitimate need for an extended absence of **five (5)** or more days can enroll in independent study.

Please see the school office and website for the “**MPS Independent Study Policy.**”

Extracurricular Activities

When a student accrues **ten (10)** unexcused absences/tardies in a semester, the student may not be allowed to participate in any extracurricular activities for the remainder of that semester. (Field trips and academic opportunities do not count as extracurricular activities.) Special circumstances with documented explanations should be reviewed with the administration. After **twenty (20)** unexcused absences/tardies within the school year, the student may be referred to the Reflection Committee regarding their standing and opportunity to participate in any culminating activities, i.e., promotion/graduation, prom or graduation night.

Process for Upholding the Attendance Policy

First Day of School Process

When students are not in attendance on the **first five (5) consecutive days of school**, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be disenrolled from the Charter School roster after following the Involuntary Removal Process described below, as it will be assumed that the student has chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll but have not attended by the fifth day of school

will receive a phone call reiterating the content of the letter.

4. MPS will send the Involuntary Removal Notice to the parent/guardian and follow the Involuntary Removal Process described below for any students who have not attended by the sixth (6th) day, and do not have an excused absence.
5. The Involuntary Removal Process can be started immediately upon MPS receiving documentation of the student's enrollment and attendance at another public or private school (i.e. a CALPADS report).
6. MPS will use the contact information provided by the parent/guardian in the registration packet.
7. The last known District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment within thirty (30) days of the disenrollment.

Truancy Process

1. Each of the first **two (2)** unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the Principal or designee. The student's classroom teacher may also call home.
2. Each of the **third (3rd) and fourth (4th)** unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching **three (3)** unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "**Truancy Letter #1 – Truancy Classification Notice**" from the Charter School notifying the parent/guardian of the student's "Truant" status. This letter must be signed by the parent/guardian and returned to the Charter School. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked. This letter shall be re-sent after a fourth (4th) unexcused absence or unexcused tardy over 30 minutes.
3. Upon reaching **seven (7)** unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "**Truancy Letter #2 – Habitual Truant Classification Notice – Conference Request**," notifying the parent/guardian of the student's "Habitual Truant" status and that a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.

4. Upon reaching **ten (10)** unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a **Student Support and Progress Team (SSPT)** and the **MPS Attendance Review Team (SART)**. In addition, the parent/guardian will receive a "**Truancy Letter #3 – Referral to SART**," and will be asked/invited to attend a presentation regarding chronic absenteeism.
5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
 - a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
 - b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:
 - i. Parent/guardian to attend school with the child for one (1) day
 - ii. Student retention
 - iii. After school detention program
 - iv. Required school counseling
 - v. Loss of field trip privileges
 - vi. Loss of school store privileges
 - vii. Loss of school event privileges
 - viii. Required remediation plan as set by the SART
 - ix. Notification to the District Attorney
 - c. The SART panel may discuss other school placement options.

- d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.
6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS consistent with the Involuntary Removal Process described below. If the student is disenrolled after the Involuntary Removal Process has been followed, notification will be sent within thirty (30) days to the student's last known district of residence.
7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.
8. If student is absent **ten (10)** or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be disenrolled in compliance with the Involuntary Removal Process described below. The Involuntary Removal Process can be started immediately upon the Charter School receiving documentation of Student's enrollment and attendance at another public or private school (i.e. a CALPADS report).

Involuntary Removal Process

No student shall be involuntarily removed by the Charter School for any reason unless the parent or guardian of the student has been provided written notice of intent to remove the student no less than five (5) schooldays before the effective date of the action ("Involuntary Removal Notice"). The written notice shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder. The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and witnesses and confront and cross-examine adverse

witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing.

If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known district of residence within thirty (30) days.

A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

Referral to Appropriate Agencies or County District Attorney

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

Reports

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

Pupil Records

Custody Issues

Custody Issues

Custody disputes must be handled by the courts. The school has no legal jurisdiction to refuse a biological parent access to his/her child and/or school records unless compelled by a current, signed court order. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the legal custodian of the student if an individual not listed on the emergency card attempts to pick up a child. No child will be released to an individual not listed on the emergency contact or who is not a legal custodian.

Student Records, Including Challenges and Directory Information

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 5 business days after the day the Charter School receives a request for access. Parents or eligible students should submit to the Charter School CEO or designee a written request that identifies the records they wish to inspect. The Charter School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Charter School to amend a record should write the Charter School's CEO or designee, clearly identify the part of the record they want changed and specify why it should be changed. If the Charter School decides not to amend the record as requested by the parent or eligible student, the Charter School will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. If the Charter School decides to amend the record as requested by the parent or eligible student, the CEO must order the correction or the removal and destruction of the information and inform the parent or eligible student of the amendment in writing.

3. The right to provide written consent before the Charter School discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to Charter School officials with legitimate educational interests. A Charter School official is a person employed by the Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Charter School's Board of Directors. A Charter School official also may include a volunteer or contractor outside of the Charter School who performs an institutional service of function for which the Charter School would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another Charter School official in performing their tasks. A Charter School official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Upon request, the Charter School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

Note that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

5. The right to request that the Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to

Charter School officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the Charter School to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A Charter School may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student to the following parties:

1. Charter School officials who have a legitimate educational interest as defined by 34 C.F.R. Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, the Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;
9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;

11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by Charter School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by Charter School; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include the final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. Charter School discloses the final results of the disciplinary proceeding regardless of whether Charter School concluded a violation was committed.

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Charter School may disclose the personally identifiable information that it has designated as directory information without a parent's prior written consent. The Charter School has designated the following information as directory information:

1. Student's name
2. Student's address
3. Parent's/guardian's address
4. Telephone listing
5. Student's electronic mail address
6. Parent's/guardian's electronic mail address
7. Photograph
8. Date and place of birth
9. Dates of attendance
10. Grade level
11. Participation in officially recognized activities and sports
12. Weight and height of members of athletic teams
13. Degrees, honors, and awards received
14. The most recent educational agency or institution attended
15. Student ID number, user ID, or other unique personal identifier used to communicate in

electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want the Charter School to disclose directory information from your child's education records without your prior written consent, you must notify the Charter School in writing at the time of enrollment or re-enrollment. Please notify the CEO at:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

A copy of the complete Policy is available upon request at the school office and on the school website.

A directory information release opt-out form is included at the end of this Handbook and copies are also available in the school office.

News Media Access and Social Media Policy

Occasionally, school staff or reporters and other members of the news media may write about, photograph or video school activities such as sporting events, school assemblies, special programs or newsworthy events.

Parents sign an authorization and release form during enrollment to grant MPS permission to create and use visual and/or audio images of their student, or the student's name or work product in internal and external publications for advertising or educational purposes, or share on its website, Facebook, Twitter, or other social media sites. Parents and guardians who do not want their child to be interviewed, videotaped or photographed should not sign or return that form/waiver. However, even with a signed form, students can turn down a request to be interviewed or photographed by telling their teacher.

The waiver only applies to a student who is on campus. Once they leave the school grounds and are on public property such as the sidewalk, reporters and photographers need no permission to ask questions or take pictures or videos.

For this reason, it is best to talk with your child so he or she knows your preference in advance, in case they find themselves in this situation.

Please contact the school office if you would like to request a copy of the waiver form.

A complete copy of the "MPS Social Media Policy" is available in the school office and on the school website.

Social Security Number

Social Security Number – EC 49076.7

Pupils and their parents or guardians should not be asked to provide their social security numbers or the last four digits of the social security numbers unless required by state or federal law. If a form is requesting that you

provide a social security number or the last four digits of the social security number for you and/or your child and it does not specify the state or federal law that requires this information, ask the school administrator for more information before providing it.

Student Transfer

- Any student transferring out of MPS must complete the "Student Transfer Form" which can be obtained from the school office. The form must be completed prior to a student transferring. It is the parent/guardian's responsibility to complete the form. The school is not responsible for having it completed.
- It is the student's parent/guardian's responsibility to contact the school that student will be transferring to. It is the parent/guardian's responsibility to make all necessary arrangements for a successful transfer.
- If a student will be transferring to another school for the following school year, the parent/guardian is still responsible to inform the school office before the last day of school, or last day of attendance.
- All textbooks and any school property loaned to the student must be turned in before the last day of attendance in order to complete a successful transfer.

HEALTH & WELLNESS

Notifications for Student Athletes

Concussion and Head Injuries

Concussion and Head Injuries – EC 49475

A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. Because MPS has elected to offer an athletic program, we must immediately remove from a school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until the athlete is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than **seven (7)** days in duration under the supervision of a licensed health care provider. On a yearly basis, a concussion and head injury information sheet must be signed and returned by the athlete and the athlete's parent or guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course.

MPS shall distribute the concussion information sheet to athletes prior to the start of the athletic season. Information sheet for concussion is included at the end of this Handbook and copies are also available in the school office.

Controlled Substances: Opioids

Controlled Substances: Opioids – EC 49476

School authorities must provide facts regarding the risks and side effects of opioid use each school year to athletes. Parents and student athletes must sign acknowledgement of receipt of the document annually.

MPS shall distribute the opioid information sheet to athletes prior to the start of the athletic season. Information sheet for opioid is included at the end of this Handbook and copies are also available in the school office.

Sudden Cardiac Arrest Prevention and Automated External Defibrillators

Sudden Cardiac Arrest – EC 33479 et seq.

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs.

SCA is not a heart attack; it is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. SCA is more likely to occur during exercise or sports activity, so athletes are at greater risk. These symptoms can be unclear and confusing in athletes. Often, people confuse these warning signs with physical exhaustion. If not properly treated within minutes, SCA is fatal in 92 percent of cases. MPS must remove from participation a pupil who passes out or faints, or who is known to have passed out or fainted, while participating in or immediately following an athletic activity. A pupil who exhibits any of the other symptoms of SCA during an athletic activity may be removed from participation if the athletic trainer or authorized person reasonably believes that the symptoms are cardiac related. A pupil who is removed from play may not return to that activity until the pupil is evaluated by, and receives written clearance from, a physician or surgeon. On a yearly basis, an acknowledgement of receipt and review of information regarding SCA must be signed and returned by the pupil and the pupil's parent or guardian before a pupil participates in specific types of athletic activities which generally does not apply to those conducted during the regular school day or as part of a physical education course.

MPS shall distribute the sudden cardiac arrest information sheet to athletes prior to the start of the athletic season. Information sheet for the sudden cardiac arrest is included at the end of this Handbook and copies are also available in the school office.

Medical & Health

Confidential Medical Services

Confidential Medical Services – EC 46010.1

School authorities may excuse any pupil in grades 7-12 from the school for the purpose of obtaining confidential medical services without the consent of the pupil's parent or guardians.

Emergency Treatment for Anaphylaxis

Emergency Treatment for Anaphylaxis

MPS shall provide epinephrine auto-injectors to school nurses and trained personnel and authorize them to use epinephrine auto-injectors for any student who may be experiencing anaphylaxis, regardless of known history. Anaphylaxis is a severe and potentially life-threatening allergic reaction that can occur after encountering an allergic trigger, such as food, medicine, an insect bite, latex or exercise. Symptoms include narrowing of the airways, rashes or hives, nausea or vomiting, a weak pulse and dizziness. It is estimated that approximately 25% of the anaphylactic reactions occur during school hours to students who had not previously been diagnosed

with a food or other allergy. Without immediate administration of epinephrine followed by calling emergency medical services, death can occur. Being able to recognize and treat it quickly can save lives.

Trained MPS personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. MPS will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or junior) to meet the needs of its pupils. MPS will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

MPS will ensure any school personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. MPS will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

Additionally, California law allows all low-income children under 19 years old, regardless of immigration status, to enroll in Medi-Cal at any time in the year. Families can apply in person at their local county human services office, over the phone, online, with a mail-in application, or at a local health center. For more information about Medi-Cal enrollment, visit www.health4allkids.org.

Health Information

A student returning to school following a serious or prolonged illness, injury, surgery, or other hospitalization (including psychiatric and drug or alcohol inpatient treatment), must have written permission by the licensed California health care provider to attend school, including any recommendations regarding physical activity. A health care provider is defined as a California-licensed physician [a Medical Doctor (MD) or a Doctor of Osteopathic Medicine (DO)], California-licensed dentist, California-licensed nurse practitioner (NP), or a California-licensed physician assistant (PA).

A student returning to school with sutures (stitches, staples), ace bandage (elastic bandage, slings), casts, splints, crutches, cane, walker, knee walker/knee scooter, or a wheelchair must have a licensed California health care provider's written permission to attend school that includes any recommendations and/or restrictions related to physical activity, mobility and safety. All equipment must be supplied by the parent(s)/ guardian(s).

Excuse from PE

An excuse (less than 10 weeks) from a physical education class may be granted to a student who is unable to participate in regular or modified curriculum for a temporary period of time due to illness or injury. A parent's written request for an excuse will be accepted for up to five days; thereafter, a written request is needed from the student's health care provider.

Illness

- MPS does not have a nurse on staff. Consistent with doctor's orders, properly trained office staff can assist students with basic first aid treatment; however, office staff are not registered nurses. Students sent to the office or visiting the office claiming that they are ill will be quickly evaluated by the office staff. If a student needs treatment beyond basic first aid, Parent/Guardian will be contacted to pick him/her up.
- If a student becomes ill or injured during the school day, he or she must report to the school office. Do not leave the building without permission. Any absence or departure from class that is not first cleared through the office will be considered unexcused.
- If a student is not physically well prior to the beginning of the school day, the office should be informed, and the student should be kept at home.

Entrance Health Screening

Entrance Health Screening – HSC 124085, 124100, 124105

State law requires that the parent or legal guardian of each pupil provide the school within 90 days after entrance to first grade documentary proof that the pupil has received a health screening examination by a doctor within the prior 18 months. Pupils may be excluded up to 5 days from school for failing to comply or not providing a waiver. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Free health screening is available for eligible students through the Child Health Disabilities Prevention Program.

Information and forms are distributed to students enrolled in kindergarten. If your child's medical status changes, please provide the teacher with a physician's written verification of the medical issue, especially if it impacts in any way your child's ability to perform schoolwork.

Health Care Coverage

Health Care Coverage – EC 49452.9

Your child and family may be eligible for free or low-cost health coverage. For information about health care coverage options and enrollment assistance, go to www.CoveredCA.com. Information regarding the availability of insurance is provided with enrollment forms and is also available at:

http://hbex.coveredca.com/toolkit/PDFs/ALL_IN_Flyer_EnrollGetCareRenew_CC.pdf

Communicable Disease Prevention

- If there is good cause to believe that a student is suffering from a recognized contagious or infectious disease, the student will be excluded from school until the school authorities are satisfied that any contagious or infectious disease does not exist. Guidelines for exclusion and readmission follow policies set forth by MPS, county and state authorities including but not limited to the California Department of Health and the California Department of Education. Guidance in addressing communicable diseases also comes from the Center for Disease Control and Prevention and national organizations.
- Temporary exclusion of a student from school generally occurs for communicable diseases, including, but not limited to, the following conditions: COVID-19, conjunctivitis (pink eye), skin infections (impetigo), strep throat, chickenpox, scabies, head lice, and pertussis (whooping cough). Exclusion may occur immediately or at the end of the school day, depending on the disease, its communicability and the county and state policy. Readmission to school is based on condition and appropriate treatment.
- Any student excluded from school or experiencing flu-like symptoms and/or a fever of 100 degrees or greater while at home, must be free from symptoms and fever for at least 24 hours (or more if required by county or state authorities) without the use of fever-reducing medication before returning to school.
- Schools may notify parents/guardians about school exposure to chickenpox, head lice, or other communicable diseases that pose a risk to students. The parent/guardian of a student for whom chickenpox presents a particular hazard should contact the school office. Students at risk include those with conditions affecting the immune system and those receiving certain drugs for the treatment of cancers or organ transplants. Information on the treatment and prevention of head lice is available from the school office.

Diabetes Information Sheet

MPS will provide an information sheet regarding Type 2 Diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of Type 2 Diabetes.
2. A description of the risk factors and warning signs associated with Type 2 Diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with Type 2 Diabetes should be screened for Type 2 Diabetes.

4. A description of treatments and prevention of methods of Type 2 Diabetes.
5. A description of the different types of diabetes screening tests available.

Type 2 Diabetes Information**Description**

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.
- Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.

- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

Immunizations

Immunizations: EC 49403, 48216; HSC 120325, 120335, 120365, 120370, 120375

Students must be immunized against certain communicable diseases before they can attend school unless they provide a valid exemption. Students are

prohibited from attending school unless immunization requirements are met for age and grade. The school shall cooperate with local health officials in measures necessary for the prevention and control of communicable diseases in school age children. The school may use any funds, property, or personnel and may permit any person licensed as a physician or registered nurse to administer an immunizing agent to any student whose parents have consented in writing.

Beginning January 1, 2016, parents of students in any school, will no longer be allowed to submit a personal beliefs exemption to a currently required vaccine. A personal beliefs exemption on file at school prior to January 1, 2016 will continue to be valid until the student enters the next grade span at kindergarten (including transitional kindergarten) or 7th grade.

Students are not required to have immunizations if they attend a home-based private school or an independent study program and do not receive classroom-based instruction. However, parents must continue to provide immunizations records for these students to their schools. The immunization requirements do not prohibit students from accessing special education and related services required by their individualized education programs.

A student not fully immunized may be temporarily excluded from MPS when that child has been exposed to a specified disease and whose documentary proof of immunization status does not show proof of immunization against one of the communicable diseases described above.

State law requires the following immunizations before a child may attend MPS:

(a) All new students, in transitional kindergarten through grade 12, to MPS must provide documentary proof of receiving the legally required number of doses of polio, diphtheria, pertussis, tetanus, measles, and mumps, rubella, hepatitis B and varicella immunizations or a valid exemption.

(b) All seventh-grade students must also provide proof of a pertussis booster vaccine, as well as varicella. In order to begin 7th grade, students who had a valid personal belief exemption on file with a public or private elementary or secondary school in California before January 1, 2016 must meet all requirements for children 7-17 years old (i.e., polio, MMR, varicella and primary series for diphtheria, tetanus, and pertussis), in addition to the 7th grade requirements for Tdap and varicella.

Please contact the school office for information on availability of free- or low-cost immunizations in your neighborhood.

Information about a medical exemption or personal beliefs exemption from immunizations for your student is available at:

<https://www.cde.ca.gov/ls/he/hn/immunization.asp>.

Administration of Medications

Medication Regimen – EC 49423, 49480

The parent or legal guardian of any pupil taking medication on a regular basis must inform the school nurse or **office manager** of the medication being taken, the current dosage, and the name of the supervising physician. With the written consent of the parent or legal guardian, authorized school personnel may communicate with the physician/health care provider regarding the possible effects of the medication on the pupil.

Any pupil who is required to take, during the regular school day, medication prescribed by a physician may be assisted by designated school personnel if MPS receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken requesting school personnel to assist the pupil with prescribed medication as set forth in the physician statement. Students may carry and self-administer auto-injectable epinephrine or inhaled asthma medication if the school district receives both a written statement of instructions from the physician detailing the method, amount and time schedules by which such medication is to be taken and confirming that the pupil is able to self-administer auto-injectable epinephrine or inhaled asthma medicine and a written statement from the parent or guardian consenting to the student self-administration, containing a release for the school nurse or other designated school personnel to consult with the health care provider of the pupil regarding any questions that may arise with regard to the medication, and releasing MPS and school personnel from civil liability if the self-administering pupil suffers an adverse reaction as a result of self-administering medication. A pupil may be subject to disciplinary action if that pupil uses auto-injectable epinephrine or inhaled asthma medicine in a manner other than as prescribed. All requests are to be approved by designated school personnel prior to use.

- A “**Request for Medication to be Taken During School Hours**” must accompany all medication, containing instructions for administration, including exact times and dosages. The “Request for Medication to be Taken During School Hours” will be filed in the student’s folder. This form can be obtained from the school office. This form shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for the administration changes. For a copy of this form, please contact the school office.
- All medications are to be delivered to the school office in their original containers, with the name of the student, medication, dosage, and frequency of administration clearly marked. Extra medication should be picked up by the parent/guardian at the completion of the medication regimen or end of the school year,

whichever is earlier. The school is not liable for any medication not picked up after the end of the school year.

- MPS staff shall keep records of medication administered at MPS.
- Medication will be kept in a secure and appropriate storage location at each MPS school and administered per physician's instructions by appropriately designated staff.
- Administration will consult with the parent/guardian and student's medical professionals to establish a written plan for Students with chronic health issues or conditions that require specific medication regimens or health plans, such as diabetes, asthma, etc.
- Any pupil requiring insulin shots must establish a plan for administration of insulin shots with the Principal in consultation with the parent or guardian and the pupil's medical professional.

A complete copy of the "MPS Administration of Medications Policy" is available for review at the main office and on the school website.

Oral Health Assessment – EC 49452.8

Oral Health Assessment – EC 49452.8

Record of a dental assessment done by a dental professional is required for all kindergarteners and first graders attending public school for the first time. Dental assessments must be completed in the 12 months prior to entry or by May 31st of the pupil's first school year. Please contact the school office if you have questions about this requirement.

Physical Examination and Right to Refuse

Physical Examination – EC 49451; 20 USC 1232h

MPS shall comply with all federal and state legal requirements, including but not limited to the requirements of SB 277 (2015), related to student immunization, health examination, and health screening, including but not limited to screening for vision, hearing, and scoliosis, to the same extent as would be required if the students were attending a non-charter public school. MPS shall maintain student immunization, health examination, and health screening records on file.

A parent or guardian may file annually with the school principal a written statement, signed by the parent or legal guardian, withholding consent to a physical examination of the pupil. However, whenever there is good reason to believe that the pupil is suffering from a recognized contagious or infectious disease, the pupil shall be sent home and shall not be permitted to return until school authorities are satisfied that the contagious or infectious disease no longer exists.

Student Wellness

Free and Reduced-Price Meals

Free and Reduced-Price Meals – EC 49510 et seq.

The school offers healthy meals every school day because children need healthy meals to learn. MPS participates in the National School Lunch Program. Nutritionally adequate free or reduced-price lunches are available at school for pupils whose parents or legal guardians qualify, based on annual household income, and complete the required application form. Pupils participating in the program will not be identified, and the information on the application will be kept confidential. Applications for free or reduced-price meals are included in the enrollment packets to all families and can also be obtained on the school website and in the school office. Applications may be submitted at any time during the school year. All families are encouraged to complete the application form in order to include as many eligible students as possible. Students are responsible for adding funds to their meal account if they pay reduced or full price.

A copy of the complete School Lunch Policy is available for review in the school office or on the school website.

MPS also has a Meal Charge Policy about how students who pay the full or reduced cost of a school meal are impacted by not having enough cash on hand or in their account to purchase a meal.

For a copy of the meal charge policy, please contact the school office.

Sexual Health Education

California Healthy Youth Act – EC 51930-51939

MPS offers comprehensive sexual health education to its students in grades 7-12. MPS provides pupils with integrated, comprehensive, accurate, and unbiased sexual health and HIV prevention education at least once in middle school and once in high school. It is intended to ensure that pupils in grades 7-12 are provided with the knowledge and skills necessary to: 1) protect their sexual and reproductive health from HIV, other sexually transmitted infections, and unintended pregnancy; 2) develop healthy attitudes concerning adolescent growth and development, body image, gender, sexual orientation, relationships, marriage, and family; and 3) have healthy, positive, and safe relationships and behaviors. It also promotes understanding of sexuality as a normal part of human development.

Parents or legal guardians have the right to:

1. Inspect the written and audiovisual educational materials used in the comprehensive sexual health and HIV prevention education.

2. Request in writing that their child not receive comprehensive sexual health or HIV prevention education.

3. Request a copy of Education Codes 51930 through 51939, the California Healthy Youth Act.

4. Be informed whether the comprehensive sexual health or HIV prevention education will be taught by MPS personnel or outside consultants.

5. Receive notice by mail or another commonly used method of notification no fewer than 14 days before the instruction is delivered if arrangements for the instruction are made after the beginning of the school year.

6. When MPS chooses to use outside consultants or to hold an assembly with guest speakers to teach comprehensive sexual health or HIV prevention education, be informed of: a) The date of the instruction, and b) The name of the organization or affiliation of each guest speaker.

MPS may administer to pupils in grades 7 through 12 anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behavior and risks, including tests, questionnaires, and surveys, containing age-appropriate questions about their attitudes or practices relating to sex. Parents or legal guardians will be notified in writing about the administration of, the right to review, and the right to excuse their child from any test, questionnaire, or survey.

A student may not attend any class in comprehensive sexual health education or HIV prevention education, or participate in any anonymous, voluntary, and confidential test, questionnaire, or survey on student health behaviors and risks, if MPS has received a written request from the student's parent or guardian excusing the student from participation. An alternative educational activity shall be made available to students whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey.

Mental Health Services

Mental Health - EC 49428

In order to initiate access to available pupil mental health services, you may contact the Principal or designee. Our school will notify parents at least twice per year. This is one time through our Student/Parent Handbook Annual Notifications. We will also notify you again a second time each school year by the following means: ParentSquare message, newsletter, etc.

The following resources are available to your child:

Suicide Prevention Policy

MPS recognizes that suicide is a major cause of death among youth and should be taken seriously. To attempt to reduce suicidal behavior and its impact on students and families, MPS has developed prevention strategies and intervention procedures.

“MPS Suicide Prevention Policy” is posted on the school website. You may also obtain a copy at the school office.

Sunscreen and Sun-protective Clothing

Sunscreen and Sun-protective Clothing – EC 35183.5

Pupils may wear sun-protective clothing while outdoors and may use sunscreen during the school day without a physician's note or prescription.

Wellness Policy

MPS is committed to the optimal development of every student. MPS believes that for students to have the opportunity to achieve personal, academic, developmental, and social success, we need to create positive, safe, and health-promoting learning environments at every level, in every setting, throughout the school year.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

The School Wellness Policy outlines MPS' approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions.

You may obtain a copy of the “**MPS School Wellness Policy**” at the school office or on the school's website.

SAFETY & SECURITY

Technology Use

Acceptable Use of Technology

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Magnolia Public Schools (“Charter School”) offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the school be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Educational Purpose

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of education. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

“**Educational purpose**” means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

“**Inappropriate use**” means a use that is inconsistent with an educational purpose or that is in clear violation of this policy and the Acceptable Use Agreement.

Notice and Use

The Charter School shall notify students and parents/guardians about authorized uses of school computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student's parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise

reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse, or negligence.

To reinforce these measures, the Principal or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using MPS computers, laptops, or tablets to access the internet or online services on an MPS campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of MPS equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Principal or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Principal or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. Students are expected to follow safe practices when using Charter School technology.

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state,

and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Principal or designee shall block access to such sites on Charter School computers with Internet access. The Principal or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of school computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Acceptable Use Agreement

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
 - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
 - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.

2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse, or negligence. The student and parent/guardian agree not to hold the Charter School or any Charter School staff, employees, officers, directors or volunteers responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse, or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of MPS equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any MPS equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.
4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:
 - a. Playing games or online gaming.
 - b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.
 - c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.
 - d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.
 - e. Conducting any activity that is in violation of Charter School policy, the student code of conduct or local, state or federal law.
 - f. Engaging in any activity that is harmful to other student(s), including the use of

- technology to harass, intimidate, bully or otherwise disrupt the educational process.
- g. Conducting for-profit business.
 - h. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.
 - i. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.
 - j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.
 - k. Accessing or attempting to access material or systems on the network that the student is not authorized to access.
5. **No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.
 6. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.
 7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.
 8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the MPS student discipline policy and applicable laws.
 9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

MPS promotes the use of networked computer technology in its instructional program in order to facilitate learning and teaching. Towards this end, students may be provided with a "device" (computer, laptop / iPad / Chromebook, etc.) for educational activities at school and home. MPS will make every effort to ensure that the MPS technology services are used responsibly by students. Students are expected to act in a responsible, ethical and legal manner in accordance with this Agreement, accepted rules of network etiquette, and Federal and State law. Following are some safekeeping instructions for MPS-provided devices. As applicable, students shall:

- Bring their MPS device to school every day, fully charged;
- Never leave the MPS device unattended;
- Never loan the MPS device to other individuals;
- Know where the MPS device is at all times;
- Store the MPS device in the bag/case if provided by MPS; otherwise students are encouraged to purchase protective covers/cases for their devices;
- Store and use the device in a safe location and environment to avoid loss or damage to the device;
- Not remove the Asset Tag or other school property identifiers;
- Charge the MPS device's battery daily;
- Keep food and beverages away from the MPS device;
- Only use a soft cloth or approved screen cleaning solution to clean the screen of the device;
- Not disassemble any part of the MPS device or attempt any repairs;
- Not place decorations (such as stickers, markers, etc.) on the MPS device;
- Understand that the MPS device is subject to inspection at any time without notice and remains the property of MPS;
- Notify MPS by the next school day in the event of loss or damage to the device;
- File a police report in case of theft, vandalism, and other acts covered by MPS' insurance;
- Return the device to MPS when requested by the Technology Department for maintenance and upgrades;
- Return the MPS device and accessories upon demand, upon termination of enrollment and/or at the expiration of the school year in good working condition;
- Be aware that they may be held accountable for damage to a laptop resulting from "user abuse." Examples of "user abuse" include, but are not limited to, the following: leaving cables plugged

in when storing the device in the carrying case which can cause broken connectors or ports; using the carrying case/sleeve for carrying textbooks, etc.; eating or drinking while using the device, resulting in damage to the device; storing the device for prolonged periods while in “stand by” or “sleep” mode (overheating can occur).

Signatures

After reading the “**Acceptable Use of Technology**” policy and this Acceptable Use Agreement, please note that your signature on the form at the end of this Handbook indicates that you agree to the terms and conditions provided here. Please note, the signature of both the parent/guardian and student are mandatory before access may be granted to the technologies available at MPS. MPS encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Camera Surveillance on School Property

Camera Surveillance on School Property – PC 647(j)

Surveillance cameras will generally be utilized only in public areas where there is no “reasonable expectation of privacy.” Public areas may include school buses; building entrances; hallways; parking lots; front offices where students, employees, and parents come and go; gymnasiums during public activities; cafeterias; and supply rooms. However, it is not possible for surveillance cameras to cover all public areas of School buildings or all School activities. School surveillance cameras will not be installed in “private” areas such as restrooms, locker rooms, changing areas, private offices (unless consent by the office owner is given), or classrooms.

Use of Security Cameras at MPS

The Board of Directors (“Board”) of Magnolia Public Schools (“MPS” or the “School”) recognizes the value in protecting the health, safety, and welfare of students and staff, and in protecting the community’s investment in School owned or leased property and facilities. Upon

carefully weighing the privacy rights of students and staff against MPS’ duty to provide a safe, secure, and orderly learning and work environment, the Board has resolved to authorize the limited use of security cameras at MPS schools, in school buildings, and upon school grounds pursuant to the following restrictions:

Security Monitoring System

1. “Security Monitoring System” refers to the School’s network of security cameras, equipment, and recorded footage.
2. Security cameras may be installed in any public area within a School building and/or upon School grounds where people have no reasonable expectation of privacy including, but not limited to, in classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.
3. Security cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as in restrooms, locker rooms, or private offices.
4. The precise location of security cameras shall be determined by MPS or by the School-site principal with the approval of the Chief Executive Officer (“CEO”). Input from staff members may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security monitoring system at the school site shall be shared with the Board prior to the installation of the security monitoring system.
5. Under no circumstances shall MPS’ security cameras record, or be equipped to record, audio data. Further, MPS’ security cameras are not intended, and shall not be used, for viewing of live footage. Instead, security camera footage shall be recorded to a digital file. Authorized personnel may view security camera footage by accessing the pre-recorded footage saved to a digital file.
6. Security camera footage may be used as evidence in a staff or student disciplinary matter and/or to provide evidence of any unlawful activity in and around School grounds.
7. Absent a reported incident, security camera footage will be erased after thirty (30) days.
8. Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.
9. Any violation of this policy may result in student discipline in accordance with the Student/Parent Handbook, or employee discipline, up to and including termination, in accordance with the Employee Handbook.
10. MPS shall notify stakeholders of the use of security cameras on campus in accordance with

the law and the requirements outlined in this policy.

Treatment of Recordings

Authorized Personnel

“Security Monitoring System” refers to the School’s network of security cameras, equipment, and recorded footage.

Only authorized MPS employees may access or operate the security camera system. The footage will only be reviewed by authorized employees if a safety or security incident or suspected incident or situation arises and a review of the footage is appropriate. Absent a qualifying safety or security related incident or suspected incident, the security camera footage shall not be reviewed, unless express permission to review the footage is given by the CEO or the Board President. In cases of a malfunction to the security monitoring system, the footage may be accessed to determine functionality.

Security camera footage may only be viewed in the presence of two (2) authorized persons, which shall include the Principal of the School-site and a second person authorized by the CEO. Alternately, the two (2) authorized persons may be configured as the Board President and a second person authorized by the Board President. Both authorized persons must be physically present with two (2) different unique access keys to access the footage.

Any other parties wishing to view the security camera footage shall first obtain the written consent of the CEO, and must meet the requirements of this policy, unless otherwise required by the law, or a court of competent jurisdiction.

Data Storage

Security camera footage shall be stored in a secure location and shall only be accessed by authorized personnel. Security camera footage shall be password protected/encrypted under the direction and support of the MPS IT Director. Additionally, such footage will be stored on a local wired server which will not be connected to an outside server.

Footage of incidents captured by security cameras located on school property may constitute a part of a student’s educational record, subject to relevant Board policies and administrative regulations, including applicable record retention policies. Upon the report of an incident or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings, and these requests must be made in writing and approved by the CEO prior to the footage being viewed by such parties. In most instances, the persons with a legitimate purpose will be the CEO, School-site principal, authorized administrative staff, and authorized MPS area education agency staff members.

Record Keeping

The Principal shall keep a written log of all persons who review the security camera footage at their School-site, including the date and time stamps of the footage under review, the name of the individuals viewing the footage, the date and time the footage was viewed, and the purpose for which the footage was viewed. If the content of the recording

becomes the subject of a student or employee disciplinary proceeding, it may be treated like other evidence in that proceeding.

Security camera footage will be stored for thirty (30) days, unless the Principal, CEO, Board President, or other state or federal agency requests that specific footage be preserved for a longer period, in which case the applicable footage will be saved and protected with the same degree of security that other security camera footage is protected. No unauthorized copies of footage or duplicates may be made.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School’s Family Educational Rights and Privacy Act (“FERPA”) Policy. Any such request shall be processed pursuant to the School’s FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian’s request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

In the event footage is used in an employee disciplinary matter, the employee may be given access to the relevant footage at or before the time of discipline. This does not create a right of employees to access or review any other security camera footage.

Under no circumstances will the MPS’ security camera footage be duplicated and removed from MPS property except in accordance with this policy, a court order, and/or a valid subpoena.

Notification

MPS shall post security camera signage at all campus and facility entrances disclosing the use of security camera equipment on the premises. Additionally, MPS Home Office shall provide the following annual written notice to students and parents at the affected school-sites:

Dear Students and Parents:

This letter from Magnolia Public Schools (“MPS”) is to inform you of the decision by the MPS Board of Directors to authorize the use of security cameras in public areas of your campus, including in and around School buildings and on School property, including inside School classrooms. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for all students and staff. Private areas of campus, such as restrooms and locker rooms, will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

This notice hereby notifies students and parents that the video recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters, to the extent permitted by law and as determined necessary by

the MPS administration. Further, this notice hereby notifies Students and parents that the content of video recordings may be used in a student's disciplinary proceeding and may be referred to local law enforcement, as appropriate. The content of the video recordings may be a confidential student record and, if so, will be retained with other student records and will be subject to the Family Educational Rights and Privacy Act ("FERPA") requirements.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's FERPA Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

Security cameras will not be used to record audio, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed as discussed above.

Tampering

Students and employees are prohibited from tampering with the MPS' security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage to the system caused by the student or employee. Students found in violation of this policy will be disciplined in accordance with MPS policies. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

Electronic Listening or Recording Device

Electronic Listening or Recording Device – EC 51512

The use by any person, including a pupil, of any electronic listening or recording device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and discipline in the schools. Any person, other than the pupil, willfully in violation shall be guilty of a misdemeanor. Any pupil in violation shall be subject to appropriate disciplinary action.

Electronic Signaling Devices

Electronic Signaling Devices – EC 48901.5

The use by any person, including a pupil, of any electronic signaling device in any classroom without the prior consent of the teacher and the principal is prohibited as it disrupts and impairs the teaching process and

discipline in the schools. The only allowable use would be acceptable if it is determined by a licensed physician that the pupil must use for the health and safety of a pupil. Any pupil in violation shall be subject to appropriate disciplinary action.

Smartphone use may be prohibited by MPS while a student is at a school site and under supervision and control of staff. There are health and special education limits or usage that may differ from the general student population but must be in writing and kept on file in student records for confidential record keeping and reasons.

EC 48901.7

- (a) The governing body of a school district, a county office of education, or a charter school may adopt a policy to limit or prohibit the use by its pupils of smartphones while the pupils are at a school site or while the pupils are under the supervision and control of an employee or employees of that school district, county office of education, or charter school.
- (b) Notwithstanding subdivision (a), a pupil shall not be prohibited from possessing or using a smartphone under any of the following circumstances:
 - (1) In the case of an emergency, or in response to a perceived threat of danger.
 - (2) When a teacher or administrator of the school district, county office of education, or charter school grants permission to a pupil to possess or use a smartphone, subject to any reasonable limitation imposed by that teacher or administrator.
 - (3) When a licensed physician and surgeon determines that the possession or use of a smartphone is necessary for the health or well-being of the pupil.
 - (4) When the possession or use of a smartphone is required in a pupil's individualized education program.

Electronic Devices and Phone Use

MPS policy regarding possession of cellular phones, any personal electronic devices, iPods, MP3 players, cameras, video cameras, laptops, and recording devices is as follows:

- From the moment a student arrives on campus to the time that the student leaves the campus, the power of the electronic device must be turned off and all devices are to be out of sight, secure with the student's belongings in a backpack or purse. The duration of the non-permitted use includes before school on school grounds, instructional time, passing periods, lunch time, and tutoring. At no time, shall the educational program or school activity be interrupted.
- Students are allowed to use cellular phones only in the designated area after school. Phones should

not be used during after school programs, such as tutoring.

- Students should not use or have cellular phones turned on during school hours unless a teacher or administrator of the school grants permission.
- Remember that any personal electronic devices seen during class time will be confiscated and returned to the student's parents/guardians accompanied by the student at the end of the school day.
- The school is not liable if such devices are damaged, lost or stolen. The use of these devices or their ringing/vibrating during school time will be considered a disruption of school activities and subject to disciplinary action which will include confiscation and discipline entry.
- All confiscated devices will be returned to the parent/guardian accompanied by the student at the end of the school day.
- Remember that no personal electronic devices may be visible or used on the campus grounds. CD players, IPOD, MP3 players, phones, PDA, PSP, laptops, smart watches, electronic games, and/or similar devices are not allowed to be used at school. They disrupt classes and distract others from learning. If you choose to bring them for use outside of school, it is at your own discretion. MPS assumes no liability for any damaged, destroyed, lost, stolen, misplaced or otherwise compromised electronic device brought onto MPS property.

Contacting Your Child During School Hours

- Parents/Guardians should not contact their child's cellular phone during school hours absent emergency; students are required to turn off all electronic devices, including cellular phones, and put them away and out of sight.
- Parents/Guardians should only contact the school office if they must leave a message for their child in case of an emergency. Students will not be disrupted during school hours for non-emergency reasons. In case of an emergency, the message will be given to the student by office staff. In case of emergency, students may go to the office with a hall pass from a teacher. Please note: The office phone is for emergency calls only.

A complete copy of the **"Electronic Devices/Cell Phone Use Policy"** is available for review in the school office or on the school website.

Internet Safety

2020-21 Internet Safety Policy for Students

MPS prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology, posted to popular social networking Web sites. Many sites contain instant messaging components that allow students to chat with other students and to post statements that ordinarily would not be said in a face-to-face conversation.

The popularity of these Web sites seems to be growing. FaceBook.com, for example, is said to have millions of members and has become one of the most popular "message exchange" sites among students nationwide.

Unfortunately, some of these Web sites are being used by child predators, "cyber bullies," and con artists. To our knowledge, there are no adults officially responsible for monitoring the content on such Web sites, and some students use the sites to participate in online bullying or to threaten harm to other students. The so-called "cyber bullies," mostly children between the ages of 9 and 14, use the anonymity of the Web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of our schools, there have been instances of adults posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students' home or school addresses, thereby becoming easy targets for predators.

MPS has blocked the use of these social networking Web sites from our school computers. We will continue to block objectionable material as we deem appropriate.

Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These Web sites are public domain, and anything posted there can be seen by anyone who has Internet access. Although most of what is written is not immoral, offensive, or illegal, some of it is. If you choose to do so, you may investigate this site by personally logging on to the site. The services are free, and users may register using an e-mail address. Once you have registered, you can search by name and e-mail address to see if your child is registered. You can narrow the search results by entering the name of your city. You will be able to view the kinds of personal information, messages, diaries, and photographs that students post to this Web site.

Helpful Tips and Resources

We encourage you to talk with your son or daughter about the potential danger of the Internet. Ask if they have an account with Facebook, Instagram, Snapchat, or similar Web sites. If your child is using such a site with your permission, you may want to review his or her profile to ensure that no personal and identifiable information has been posted.

We also encourage you to establish rules and guidelines to ensure the safety of your child while on the Internet. Some Web sites offer parental or family guidance for

Internet safety; for example, SafeKids.com, located online at <http://www.safekids.com>, and Web Wise Kids, located online at <http://www.webwisekids.org>, by telephone at 866-WEB-WISE, or by e-mail at webwisekids2@aol.com.

MPS will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home.

Thank you for your support and cooperation in keeping our students safe. If you have questions or would like more information, please feel free to contact the school office.

A complete copy of the “**Internet Safety Policy**” is available for review in the front office and on the school website.

StudentSquare

StudentSquare is a communication and organization tool MPS uses to keep students informed and involved in their classes and extracurricular activities. It provides all school, classroom, and group communication in one place; notifications via app, text, and/or email; and the ability to send direct messages to teachers or staff. StudentSquare is a student communication companion to ParentSquare. Each middle school and high school student automatically has an account in StudentSquare based on their school email address. Students receive messages via email, but there are other ways to get StudentSquare messages: students can add their cell phone number to receive text messages, or they can download the StudentSquare app (iOS and Android) and receive notifications.

Students are provided access to StudentSquare primarily for educational purposes and shall not use it for personal activities or for activities that violate Charter School policy or local law. Students will follow the “Acceptable Use of Technology” policy and the Acceptable Use Agreement. The signature of both the parent/guardian and student are mandatory before access may be granted to the technologies available at MPS. Please note that your signature on the form at the end of this Handbook indicates that you agree to the terms and conditions provided here.

Disaster Preparedness Educational Materials

Disaster Preparedness Educational Materials – EC 32282.5

Natural and human-caused disasters affect everyone which is why it is important to be prepared at home, at school, at work, and in the community. Parents and guardians are encouraged to review the safety educational materials provided on the California Department of Education Web page at: <http://www.cde.ca.gov/ls/ss/cp/pupilsafetyeducmat.asp>.

The materials are available in multiple languages and can be used to help families prepare for different types of emergencies and crisis.

Gun-Free School Zone Act

Gun-Free School Zone Act – PC 626.9, 30310

California prohibits any person from possessing a firearm on, or within 1,000 feet from, the grounds of a public or private school, unless it is with the written permission of the principal. This does not apply to law enforcement officers, any active or honorably retired peace officers, members of the military forces of California or the United States, or armored vehicle guards engaged in the performance of, or acting in the scope of, their duties. A

person may also be in possession of a firearm on school grounds if the firearm is unloaded and in a locked container or within the locked trunk of a motor vehicle. A violation of this law is punishable by imprisonment in a county jail for up to six months, a fine of up to \$1,000, or both imprisonment and fine.

Off-Campus Lunch Policy

Off-campus Lunch – EC 44808.5

MPS permits the high school students enrolled at MPS to leave the school grounds during the lunch period.

Neither MPS nor any officer or employee thereof shall be liable for the conduct nor the safety of any pupil during such time as the pupil has left the school grounds during the lunch period.

If a student reaches a total number of ten (10) unexcused absences or unexcused tardies over thirty (30) minutes within a school year or if a student has three (3) unexcused absences or unexcused tardies after leaving the school grounds for lunch and before reporting back to school, this privilege will be taken away from the student for the remainder of the school year.

Each individual MPS school may include site-specific amendments into the off-campus policy addressing local issues. This includes removing the off-campus lunch permission or limiting it to specific grade levels as well as implementing additional eligibility criteria as long as the principle of equity is observed.

School Safety Plan

School Safety Plan – EC 32280 et seq.

Each MPS school site has a Comprehensive School Safety Plan, which includes a disaster preparedness plan and emergency procedures.

A copy of the complete Safety Plan can be located at the school office and on the school website.

Emergency Preparedness

MPS works diligently to make sure that students and staff are prepared for emergencies. The school has an emergency plan that provides guidance for the school staff in an emergency. The school conducts regular emergency drills that accommodate persons with disabilities and meet or exceed the state mandated requirements, such as:

- **Fire Drill** – Every elementary and middle school practices this procedure once a month; high schools practice once each semester.
- **Earthquake Exercise** – Once a year, all schools conduct a full-scale earthquake exercise as part of the Great California Shake-Out. The drills are scheduled in the fall and all the elements of the school's disaster plan are practiced.

- **Drop, Cover, and Hold On (Earthquake) Drill** – Every month, schools use this drill to remind students how to protect themselves during an earthquake.
- **Lockdown Drill** – At least once per semester, schools practice how they will respond to a threat of violence on or near the campus.
- **Shelter-in-Place Drill** – At least once per semester, schools practice how they will respond to an environmental hazard on or near the campus.
- **Take Cover Drill** – At least once per semester, students practice how they would respond to gunfire or an explosion in the neighborhood.

Parents are asked to make sure that their students actively participate and take emergency drills seriously. These drills help make public schools the safest place for students during an emergency. Each school also stocks emergency supplies to sustain students and staff. These supplies include: water, food, first aid supplies, search and rescue equipment, and sanitation items. These supplies are checked regularly by school staff.

In the event of a disaster, the school may need to care for your child for several days if you are unable to reach the school. It is important to have adequate emergency medical supplies on hand. School sites request that parents bring a 72-hour supply of any prescription medications for their child to the school health office. Medications should be in a container with the pharmacy label listing the child's name, the name and dosage of the medication, and instructions for administering the medication.

What Can Parents Do During an Emergency?

Parents should be familiar with the school's emergency procedures and update contact information whenever it changes. Parents should keep their cell phone with them to receive messages on the emergency. Knowing where to go to pick-up your child will save time and reduce anxiety. Parents should remember that schools have emergency procedures in place to protect all students and that schools will follow these procedures during an emergency.

Parents should also remember that children look to them for guidance and support during an emergency; parents who are calm and are prepared for emergencies can inspire children to do the same. This will go a long way to promote recovery and a return to normalcy. If you have questions about the school's emergency procedures, you are encouraged to contact the school office.

Emergency Response

In the event of an emergency, parents should remember that public schools are among the safest buildings in the community. By law, California public schools are built to a higher standard than other public buildings, as required by the Field Act; therefore, schools will generally have less damage from an earthquake than residential or commercial buildings. Schools also have extensive fire/life safety systems that include fire alarms and sprinkler systems that are designed to protect students and staff.

In general, schools will respond to emergencies by moving students to the safest possible location. During fires or earthquakes, students will be moved out of the classrooms to a safe assembly area away from buildings, usually the school field or play yard. During a lockdown or shelter-in-place, students will be moved indoors to use the buildings as protection.

During an emergency, parents who want to pick-up their children may be asked to go to the Request Gate located on the school's perimeter and show identification. This is a specific location that schools will use to release students. Please remember that students will only be released to a person whose name is listed on the student's Emergency Information Form. Parents must make sure that the student's Emergency Information Form is current and correct. Please notify your child's school any time the emergency contact information changes.

During a threat of violence, students will be sheltered in a locked classroom away from anything that can hurt them. During an emergency when the campus must be protected, parents will not be able to pick-up their children until the school campus is declared to be safe by law enforcement. Parents need to understand that the students are being sheltered in a secure location for their safety and will be released only when it is safe.

Schoolbus and Transportation Safety Policy

Schoolbus Safety – EC 39831.5

- All students who are transported in a schoolbus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety. A copy of the complete Policy is available upon request at the main office. Transportation is only provided to eligible students in authorized programs.
- It is recommended that parents and children become familiar with the route to school by walking it together. Obey marked crosswalks, stop signs, traffic signals and other traffic controls.
- Students who have a home pickup and delivery per their Individualized Education Program (IEP) must have a designated responsible adult present to receive them from the bus when returned from school.
- Prior to departure on a school activity trip, all pupils riding on a school bus or school activity bus shall receive safety instruction that includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.
- Students transported in a school bus or in a school pupil activity bus shall be under the authority of, and responsible directly to, the driver of the bus, and the driver shall be held responsible for the orderly conduct of the students while they are on the bus or

being escorted across a street, highway or road. Students who ride school buses are expected to adhere to the same rules of conduct and behavior on the school bus as in school. Any student who engages in misconduct, disrupts school bus travel, disrespects the school bus driver or jeopardizes the safety of school bus rides is subject to disciplinary action, including suspension or expulsion.

A complete copy of the “MPS Transportation Safety Policy” is available for review in the main office.

Volunteer, Visitation, Shadowing, and Removal Policy

While MPS encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

Definitions

- A “*visitor*” is defined as any person seeking to enter the school building who is not an employee of the Charter School or a student currently enrolled in that building. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their visit.
- A “*volunteer*” is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering Categories and Application Process

A. Certified Volunteers (“C-Volunteers”)

- a. Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include, but are not limited to, classroom volunteers, tutors, field-trip volunteers, etc.
- b. Application Process: C-Volunteers must provide MPS with the following documents:
 - Volunteer Application Form (signed)
 - Volunteer Commitment Form (signed)

- Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
- Tuberculosis risk assessment or examination
- Valid photo I.D. (driver's license, passport, military ID, US or other government identification)

B. Single Event Volunteers ("SE-Volunteers")

- a. Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or contact with students. Examples may include, but are not limited to, guest story reader, guest speaker, senior exhibition panel member, etc.
- b. Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

Volunteering Guidelines

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1. Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.
2. For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan's Law online database at <http://www.meganslaw.ca.gov> to ensure that prospective volunteers are not registered sex offenders.

Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

3. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal. Volunteers must sign in agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.
4. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.
5. Volunteerism by parents is encouraged but not mandatory. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from MPS or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.
6. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

Visitation Guidelines

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents/guardians seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher and the MPS Principal or designee.
2. All visitors (including volunteers) shall register in the Visitor's Log Book and complete a Visitor's Permit in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys), the officer/official will also be asked to produce any documentation that authorizes school access. MPS shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by MPS. The MPS

Governing Board and Bureau of Children’s Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

3. For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor’s pass/sticker as a visible means of identification for visitors while on school premises.
4. All visitors are asked to comply with current mandated and recommended health and safety protocols. Visitors (including volunteers) who demonstrate signs of a contagious disease (e.g. fever, coughing) may be denied registration. When recommended or requested by the Department of Public Health, visitors will be required to wear personal protective equipment, such as masks, and practice social distancing. MPS reserves the right to implement additional measures for the protection of its school community, such as requiring forehead temperature checks before entry to the same extent being utilized for students and employees.
5. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.
6. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher’s and MPS Principal’s advance written permission.
7. Before leaving campus, the visitor shall return the Visitor’s Permit and sign out of the Visitors Log Book in the main office.
8. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
9. The Principal may direct a visitor without lawful business on campus to leave campus when the visitor’s presence or acts interfere with the peaceful conduct of the activities of the school or disrupt the school or its pupils or school activities. Any visitor who is directed to leave by the Principal or designee will not be permitted to return to the Charter School campus for at least seven (7) days.

10. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS’ orderly operation. Consent will be reinstated whenever the MPS Principal has reason to believe that the person’s presence will not constitute a disruption or substantial and material threat to MPS’ orderly operation. Consent to be on campus can be withdrawn for up to fourteen (14) days.
11. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if the visitor reenters the school without following the posted requirements, the visitor will be guilty of a misdemeanor.
12. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.
13. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.
14. The MPS Principal or designee may seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

“Certified Volunteer (C-Volunteer) Application Form” and **“Volunteer Commitment and Procedures”** are included at the end of this handbook and copies are also available in the school office.

Shadowing Guidelines

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize

the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor's pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child's teachers.
- To preserve the academic environment, please do not take part in the lesson unless invited to do so by the teacher. Do not visit with your child or other students during class time. At no time may visiting parents address other students directly. Visitors are not allowed to record audio or video or take photos. Should you have any concerns, report them to the MPS administrators.
- Meet with MPS administration to debrief your visit.

"Shadow Request Form" is included at the end of this handbook and copies are also available in the school office.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to \$500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.
2. Under California Education Code section 44811, disruption by a parent, guardian or other person whose conduct materially disrupts classwork or extracurricular activities or involves substantial disorder is guilty of a misdemeanor and is punishable, upon the first conviction by a fine of no less than \$500.00 (five hundred dollars) and no more than \$1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both the fine and imprisonment.
3. Disruptive conduct may lead to MPS' pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto school grounds or attending school activities for any purpose for a period of up to three (3) years.

Student Conduct & Discipline

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

Duties of Pupils**Duties of Pupils – 5 CCR 300**

Pupils shall conform to school regulations, obey all directions, be diligent in study and respectful to teachers and others in authority, and refrain from the use of profane and vulgar language.

Electronic Nicotine Delivery Systems (e-cigarettes)**Electronic Nicotine Delivery Systems (e-cigarettes) – PC 308**

MPS prohibits the use of electronic nicotine delivery systems (ENDS) such as e-cigarettes, hookah pens, cigarillos, and other vapor-emitting devices, with or without nicotine content, that mimic the use of tobacco products on all MPS property and in MPS vehicles at all times. ENDS are often made to look like cigarettes, cigars and pipes, but can also be made to look like everyday items such as pens, asthma inhalers and beverage containers. These devices are not limited to vaporizing nicotine; they can be used to vaporize other drugs such as marijuana, cocaine, and heroin.

Students using, in possession of, or offering, arranging or negotiating to sell ENDS can be subject to disciplinary action, particularly because ENDS are considered drug paraphernalia, as defined by 11014.5 of the Health and Safety Code.

Tobacco-free Campus**Tobacco-free Campus BPC 22950.5; HSC 104420, 104495, 104559, PC 308**

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of secondhand smoke. Charter School provides instructional programs designed to discourage students from using tobacco products. The Charter School's Governing Board recognizes that smoking and other uses of tobacco and nicotine products constitute a serious public health hazard and are inconsistent with the goals of the Charter School to provide a healthy environment for students and staff.

In the best interest of students, employees, and the general public, the Board therefore prohibits the use of tobacco products at all times on Charter School property and in Charter School vehicles. This prohibition applies to all employees, students, visitors, and other persons at school or at a school-sponsored activity or athletic event. It applies to any meeting on any property owned, leased, or rented by or from Charter School.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. Smoking or use

of any tobacco-related product is also prohibited within 250 feet of the youth sports event in the same park or facility where a youth sports event is taking place. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited.

The Principal or designee shall inform students, parents/guardians, employees, and the public about this policy. All individuals on Charter School premises share in the responsibility of adhering to this policy. Additionally, Charter School will post signs stating "Tobacco use is prohibited" prominently at all entrances to school property.

6. There shall be no prior restraint of material prepared for official school publications except insofar as it violates this policy. MPS officials shall have the burden of showing justification without undue delay prior to a limitation of pupil expression under this policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Principal.

3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.

Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

Organized Demonstrations

Students have the right to lawful organized on-campus demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite pupils to create a clear and present danger of the commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place during school hours off the school campus unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the school or as an official school group at any time unless authorized by the school to participate in the activity.

No MPS employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a pupil engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.
7. MPS shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside of the campus, is protected from governmental restriction by the First Amendment to the United

Jurisdiction

Jurisdiction – EC 44807

A student may be disciplined for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

Lost and Found

There will be a lost and found box in the school. If you find books, clothing, or personal items on school grounds, please bring the items to the school office. Items not picked up will be donated monthly.

Property Damage

Lost or Damaged Property – EC 48904

Parents or guardians may be held financially liable if their child willfully damages school property or fails to return school property loaned to the child. The school may further withhold the grades, diploma, and transcript of the pupil until restitution is paid.

MPS shall notify the parent or guardian of the pupil in writing of the pupil's alleged misconduct and provide the student with due process before withholding the pupil's grades, diploma, or transcripts pursuant to this subdivision. When the minor and parent are unable to pay for the damages, or to return the property, MPS shall provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the pupil shall be released.

Requirement of Parent/Guardian School Attendance

Requirement of Parent/Guardian School Attendance – EC 48900.1

Teachers may require the parent or guardian of a student who has been suspended by a teacher to attend a portion of that school day in his or her student's classroom. The attendance of the parent or guardian will be limited to the class from which the student was suspended. A written notice will be sent to the parent or guardian regarding implementation of this requirement. Employers are not allowed to apply sanctions against the parent or guardian for this requirement if the parent or guardian has given reasonable notice to his/her employer.

Search of School Lockers

Search of School Lockers

School lockers remain the property of MPS even when assigned to students. The lockers are subject to search whenever the School finds a need to do so. The use of the school locker for other than school-related purposes is prohibited. Improper use of school lockers will result in loss of locker privileges.

- The lockers are school property; anything placed in them or brought to campus is subject to inspection at the discretion of the administration.
- Students are responsible for all items in their locker.
- Students may be provided with a lock or allowed to bring a lock for their lockers. Please check with the school administration for specifics.

Student Searches

The 4th Amendment of the United States Constitution protects individuals from unlawful searches. However, the law allows school officials to conduct searches of students and students' personal effects in certain circumstances:

1. If a student has engaged in conduct that causes an administrator to have reasonable suspicion that the student has committed, is about to commit, a crime or has violated statutory laws or school rules, the administrator may conduct a search of that student and/or the student's personal effects. The administrator must:
 - Be able to articulate the reason for his or her suspicion and the facts and/or circumstances surrounding a specific incident;
 - Be able to reasonably connect the student to a specific incident, crime or rule or statute violation;
 - Have relied on recent, credible information from personal knowledge and/or other eyewitnesses;
 - Ensure that a search based on reasonable suspicion is not excessively intrusive in light of the student's age and gender and the nature of the offense.
2. When conducting a student search based on reasonable suspicion, school officials must adhere to the following practices:
 - Conduct the search only if there are clear and specific reasons for suspicion and there are facts that connect the student to a specific incident of misconduct;
 - Jackets, purses, pockets, backpacks, bags, and containers in the student's possession may be searched to the extent reasonably necessary;
 - Under no conditions may a body or strip search be conducted;

- No search will involve the removing or arranging any or all of the clothing of a student to permit visual inspection of the underclothing, breast, buttocks, or genitalia of the student;
 - Only school officials of the same sex as the student being searched may conduct the search;
 - Searches based on reasonable suspicion must be conducted in the presence of at least one (1) adult witness whenever possible and in a private area where the search will not be visible to other students or staff (except for a school administrator or designee witness, also of the same sex).
3. Random Metal Detector Searches and Searches of Other Areas of the School:
California courts and the California Attorney General's Office have approved the use of random metal detector searches for weapons. Random use of metal detectors is appropriate only if:
 - The method of selection of students to be searched is genuinely random;
 - Students selected to participate in random metal detector searches are selected without regard to personally identifiable characteristics such as race, gender, surname, group affiliation, or past history of misconduct (i.e., selection is random);
 - The searches are minimally intrusive;
 - Searches for concealed weapons in lockers are also conducted;
 - Although parents are advised in this Student/Parent Handbook of the possibility that their child may be searched, schools must send written communication to parents at the opening of the school year. This communication is also to be provided for all students enrolling after the school year has begun.

If, as a result of a metal detector search, *reasonable suspicion* arises that a particular student may have a weapon, school officials may conduct a search of that student, in a private area, in accordance with the above guidelines for reasonable suspicion searches.

A complete copy of the "MPS Search and Seizure Policy" is available for review on the school website and in the front office.

Student Conduct

Student Conduct – EC 51100

MPS provides parents and guardians of students the right and the opportunity, as mutually supportive and respectful partners in the education of their children, to be informed in advance about school rules, including disciplinary rules and procedures, attendance policies, dress codes, and procedures for visiting the school.

Magnolia Public Schools Student Code of Conduct

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social and emotional successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

Uniform and Personal Appearance

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for “free dress days”.

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to the “MPS Student Uniform Policy” in this Handbook.

- Remember that they are not allowed inside the school building(s) without a pass.

Multi-Tiered System of Response to Behavior

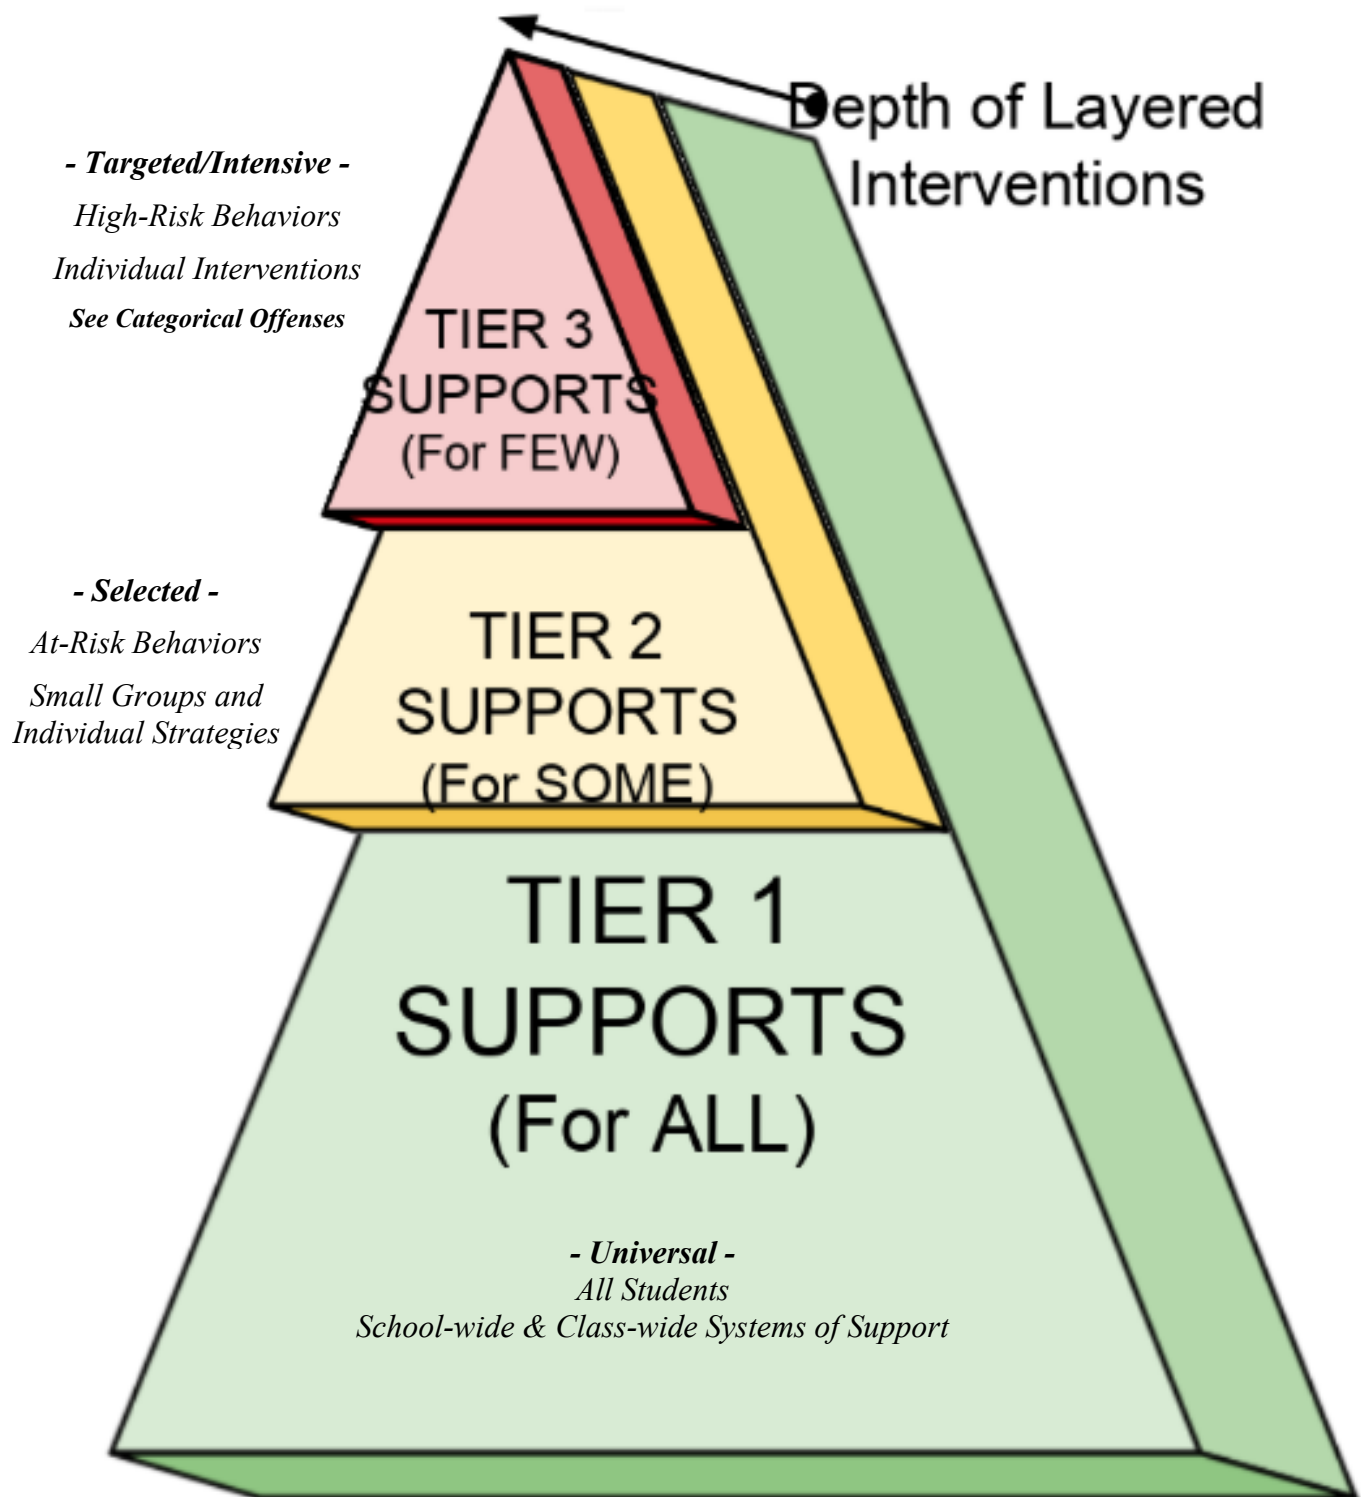

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also the "**Suspension and Expulsion Procedures,**" below, for more information.

Suspension and Expulsion Policy and Procedures

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws

including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)

- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection:

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

In School Suspension (ISS):

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited social distractions while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence

in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent/guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall

provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have

experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the

witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be

excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

K. Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

L. Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within thirty (30) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

M. Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative program. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the

closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA/District

The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a

violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding

placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on

- school premises, or at a school function;
or
- c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent/guardian has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

Professional Boundaries, Abuse, & Neglect

Child Abuse and Neglect Reporting

Child Abuse and Neglect Reporting – PC 11164 et seq.

MPS is committed to protecting all students in its care. All employees of MPS are considered mandated reporters, required by law to report cases of child abuse and neglect whenever there is reasonable suspicion abuse or neglect has occurred to a child protective agency (i.e., Police or Sheriff's Department, County Probation Department, or County Welfare Department/County Child Protective Services) immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident. MPS employees may not investigate to confirm a suspicion.

Both the name of the person filing the complaint and the report itself are confidential and cannot be disclosed except to authorized agencies.

Parents and guardians of students also have a right to file a complaint against a school employee or other person that they suspect has engaged in abuse of a child at a school site. Complaints may be filed with a child protective agency; you may also notify the School of an incident by contacting the school office.

Child abuse does not include an injury caused by any force that is reasonable and necessary for a person employed by or engaged in a school:

1. To stop a disturbance threatening physical injury to people or damage to property;
2. For purposes of self-defense;
3. To obtain possession of weapons or other dangerous objects within control of a student;
4. To exercise the degree of control reasonably necessary to maintain order, protect property, protect the health and safety of pupils, and maintain proper and appropriate conditions conducive to learning.

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee

behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior:

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my

family or colleagues, including someone from my HR Department, were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors

The following examples are not an exhaustive list:

Unacceptable Staff/Student Behaviors (Violations of this Policy):

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;

- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission:

(These behaviors should only be exercised when a staff member has parent and supervisor permission.)

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors:

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.)

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors:

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between the employee and the student;
- Stopping and correcting students if they cross the employees' personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;

- Asking for advice from fellow staff or administrators when in a difficult situation related to boundaries;
- Involving a supervisor if a conflict arises with a student;
- Informing the Superintendent about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop unacceptable behavior of students or coworkers;
- Asking another staff member to be present if the employee will be alone with any type of special needs student;
- Asking another staff member to be present if the employee must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping professional conduct a high priority.

Parent Participation in School Meetings and Conferences

Parent Participation in School Meetings and Conferences – LC 230.8

Parents may fear discrimination in hiring or discharge by an employer if they take time off work to attend school meetings. The following labor code indicates that parents have time allowed for these purposes.

If the parent's employer has 25 or more employees, the parent must be allowed to attend school meetings and events for your children, up to a maximum of 40 hours each year without discrimination or fear of job loss. Purposes to attend child-related activities include: enrollment in grades 1-12, to address child care or school emergency, behavior or discipline problem that requires immediate parent attention, sudden school closure, or natural disaster. ("Parent" means a parent, guardian, stepparent, foster parent, or grandparent of, or a person who stands in.) If an employer discharges, threatens to discharge, demotes, suspends or otherwise discriminates against the parent, the employee may be entitled to reinstatement and reimbursement for lost income or benefits. See Labor Code for more details.

School Parent and Family Engagement Policy

I. Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents* or other caregivers are involved in their children's education. To that end, the Magnolia Public Schools ("MPS," the "LEA" or "School") has adopted this parent and family engagement policy in order to promote learning and provide a more positive learning experience for our students. This policy has also been submitted to the California Department of Education with the School's Consolidated Application.

** Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.*

II. Engagement in Drafting the LEA/School Plans

Parents will be engaged in the development of all school plans, including, but not limited to, the Local Control and Accountability Plan (LCAP), the LCAP Federal Addendum, the Single Plan for Student Achievement (SPSA)*, and WASC Self-Study.

** State law provides that single school districts and charter schools may utilize the LCAP to serve as the SPSA, provided that the LCAP meets federal school planning requirements and relevant stakeholder requirements for LCAPs under state law. Charter schools and single school districts may use the LCAP planning process to meet the planning requirements of the LCAP and the SPSA. In doing so, they may utilize the LCAP stakeholder engagement requirements. **MPS chooses to utilize the LCAP to serve as the SPSA. MPS will utilize our Parent Advisory Committee (PAC) in developing the LCAP.***

On an annual basis, the LEA will submit California Department of Education ("CDE")-required plans to the PAC for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE. In addition, all parents of participating children will annually be invited to review the LCAP, the LCAP Federal Addendum, and if applicable, the SPSA, and submit comments. If the plans are not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the plans when it is submitted to the authorizers and the CDE.

III. Engagement in School Review and Improvement

All parents will be engaged, to the extent applicable, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parent and family engagement policy and other Title I, Part A activities and provide comments to the School.

Identification of a school for improvement:

- A school that has been identified for CSI, TSI, ATSI, or an eligible school operating a SWP shall develop a comprehensive plan, to be consolidated into a single plan, known as the SPSA in California, pursuant to section 64001(a) of the California Education Code. **MPS chooses to utilize the LCAP to serve as the SPSA.**
- The LCAP, serving as SPSA, shall be developed with the engagement of parents and other members of the community to be served; individuals who will carry out such plan, including teachers, principals, other school leaders, paraprofessionals present in the school, students (in secondary schools), and other individuals determined by the school.
- The LCAP, serving as SPSA, shall remain in effect for the duration of the school's participation under this part and shall be regularly monitored and revised as necessary based on student needs.
- The LCAP, serving as SPSA, shall be available to the LEA, parents, and the public, and the information contained in the plan shall be in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.
- The LCAP, serving as the SPSA, shall be based on a comprehensive needs assessment of the entire school that takes into account information on the academic achievement of children in relation to the challenging state academic standards, particularly the needs of those children who are failing, or are at risk of failing, to meet the challenging state academic standards and any other factors as determined by the LEA.
 - The comprehensive needs assessment shall include an analysis of verifiable data, consistent with all state priorities and informed by all indicators.
- The LCAP, serving as the SPSA, shall include a description of methods and instructional strategies that strengthen the academic program in the school, increase the amount and quality of learning time, help provide an enriched and accelerated curriculum, address the needs of all children in the school, particularly the needs of those at risk of not meeting the challenging state academic standards, and provide opportunities for all children to meet the challenging state academic standards.
- The LCAP, serving as the SPSA, shall include goals set to improve pupil outcomes, including addressing the needs of pupil groups as identified through the needs assessment.
- The LCAP, serving as the SPSA, shall include evidence-based strategies, actions, or services.

- The LCAP, serving as the SPSA, shall include proposed expenditures, based on the projected resource allocation from the governing board or body of the LEA, to address the findings of the needs assessment.

(If applicable) Comprehensive Support and Improvement (CSI):

- Upon receiving notification from the state of identification for CSI, the School shall, in partnership with stakeholders (including the principal and other school leaders, teachers, and parents), locally develop and implement a CSI plan for the school to improve student outcomes.
- The plan shall be informed by all indicators described in subsection 1111(c)(4)(B) of the ESEA, as amended by the ESSA, including student performance against state-determined long-term goals.
- The plan shall include evidence-based interventions.
- The plan shall be based on a school-level needs assessment.
- The plan shall identify resource inequities, which may include a review of LEA/school-level budgeting, to be addressed through implementation of such plan.

(If applicable) Targeted Support and Improvement (TSI):

- Upon receiving notification from the state of identification for TSI, the School shall, in partnership with stakeholders (including the principal and other school leaders, teachers, and parents), locally develop and implement a TSI plan for the school to improve student outcomes based on the indicators in the statewide accountability system established under subsection 1111(c)(4) of the ESEA, as amended by the ESSA, for each subgroup of students that was the subject of notification.
- The plan shall be informed by all indicators described in subsection 1111(c)(4)(B) of the ESEA, as amended by the ESSA, including student performance against long-term goals.
- The plan shall include evidence-based interventions.
- The plan shall be approved by the LEA prior to implementation of such plan.
- Upon submission and implementation, the plan shall be monitored by the LEA.
- The plan shall result in additional action following unsuccessful implementation of such plan after a number of years determined by the LEA.

(If applicable) Additional Targeted Support and Improvement (ATSI):

- Schools are eligible for ATSI if they are among schools eligible for TSI and if any student group at the school, on its own, meets the criteria for the lowest-performing five percent of Title I schools for CSI.
- A school identified for ATSI shall identify resource inequities, which may include a review of LEA/school-level budgeting, which will be addressed through implementation of its plan.

(If applicable) Targeted Assistance School Program (TAS):

- To assist targeted assistance schools (TAS) and LEAs to meet their responsibility to provide for all their students served under this part the opportunity to meet the challenging state academic standards, each targeted assistance program shall carry out the following requirements:
- The TAS program shall determine which students will be served according to the guidelines in section 1115(c) of the ESEA, as amended by the ESSA.
 - Eligible children from eligible populations are children identified by the school as failing, or most at risk of failing, to meet the challenging state academic standards.
 - Children who are economically disadvantaged, children with disabilities, migrant children, and English learners (ELs) are eligible for services under Title I, Part A on the same basis as other children selected to receive services.
- The TAS program shall use resources to help eligible children meet the challenging state academic standards.
- The TAS program shall serve participating students by using effective methods and instructional strategies that strengthen the academic program of the school.
- The TAS program shall coordinate with and support the regular education program of the school.
- The TAS program shall provide PD to teachers, the principal, other school leaders, paraprofessionals, and, if appropriate, specialized instructional support personnel, and other school personnel who work with eligible children in programs under this section or in the regular education program.
- The TAS program shall implement strategies to increase the involvement of parents of eligible children in accordance with section 1116 of the ESEA, as amended by the ESSA.

- The TAS program, if appropriate and applicable, shall coordinate and integrate federal, state, and local services and programs.

IV. Coordination, Technical Assistance, and Other Support

The MPS Home Office will provide the coordination, technical assistance, and other support necessary to assist all MPS schools in planning and implementing effective parent engagement activities to improve student academic achievement and school performance in the following ways:

- The MPS Home Office and school leaders will collaborate to devise a timeline for parental engagement activities throughout the school year and create a follow up tool to ensure that the activities occur.
- The MPS Home Office and school leaders will collaborate to develop the necessary technical assistance for planning and implementing effective parent engagement activities to improve student academic achievement and school performance.

V. Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

VI. Notice

Within 60 days of the beginning of school, the School will send [e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets] a notice to [if in a targeted assistance school] [parents of participating children] [or if in a school with a school wide program] [all parents] containing, but not limited to, the following information:

- Information about Title I, Part A programs;
- An explanation of the requirements of Title I, Part A programs;
- A description of the rights parents have for participation in Title I, Part A programs;
- A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent and family engagement policy, and if applicable, the schoolwide program.
- A description and explanation of the curriculum in use at the School, the forms of academic

assessment used to measure student progress and the proficiency levels students are expected to meet;

- An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.
- A copy of the most current Parent and Family Engagement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental engagement program of the School. If there is sufficient need for transportation or child care at any of the parental engagement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

VII. Title I, Part A Program Engagement

In order to engage parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan, the School will engage parents of participating students as follows:

- The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.
- Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.
- The School will publish a regular Newsletter with notification of upcoming participation opportunities.
- Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan and recommend any changes.
- **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.
- If requested by parents of participating children, the School will schedule regular meetings where

parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.

- If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the authorizers/CDE.

School Site Council (SSC):

- **If a SPSA is required**, the School will create a School Site Council (SSC) where it will plan, review, and improve Title I, Part A programs, the parent and family engagement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will be composed of 10 members, selected by their peers, as follows:

Category (a):

- The school principal shall be an ex officio member of the SSC
- 3 teacher representatives selected by teachers at the school
- 1 other school personnel selected by peers at the school

Category (b):

- 5 Parents or community members and Students (Parents of students attending the school and community members selected by such parents and Students selected by students attending the school)

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) parents or other community members selected by parents and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 65000)

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent engagement activities are allotted for those activities.

Parent Advisory Committee (PAC):

- **If a SPSA is not required**, and the LCAP can serve as the SPSA, MPS chooses to use the LCAP to serve as the SPSA. MPS will utilize our Parent Advisory Committee (PAC) in developing the LCAP. In this case, PAC will meet the stakeholder engagement requirements.
- PAC will plan, review, and improve the LCAP as well as plan, review, and improve Title I, Part A programs and align them to the LCAP. PAC will also be the main committee reviewing the parent and family engagement policy, and if applicable,

other school program plans. School leadership will work closely with PAC to ensure parents are engaged in the school improvement process.

- **Parent Advisory Committee** - as used in California Education Code (EC) sections 52063 and 52069, shall be composed of a majority of parents, as defined in subdivision (e), of pupils and include parents of pupils to whom one or more of the definitions in EC Section 42238.01 apply. A governing board of a school district or a county superintendent of schools shall not be required to establish a new parent advisory committee if a previously established committee meets these requirements, including any committee established to meet the requirements of the federal No Child Left Behind Act of 2001 (Public Law 107-110) pursuant to Section 1112 of Subpart 1 of Part A of Title I of that act.

English Learner Parent Advisory Committee (ELPAC):

- **English Learner Parent Advisory Committee** - as used in EC sections 52063 and 52069 for those school districts or schools and programs operated by county superintendents of schools whose enrollment includes at least 15 percent English learners and at least 50 pupils who are English learners, shall be composed of a majority of parents, as defined in subdivision (e), of pupils to whom the definition in EC Section 42238.01(c) applies. A governing board of a school district or a county superintendent of schools shall not be required to establish a new English learner parent advisory committee if a previously established committee meets these requirements.

Consulting with Pupils:

- **Consult with Pupils** - as used in EC sections 52060, 52066, and 47606.5, means a process to enable pupils, including unduplicated pupils and other numerically significant pupil subgroups, to review and comment on the development of the LCAP. This process may include surveys of pupils, forums with pupils, pupil advisory committees, or meetings with pupil government bodies or other groups representing pupils.
- The School annually conducts student, parent, and staff surveys to improve our stakeholders' school experience and to consult with them. Conducting such stakeholder surveys is an essential part of the School's LCAP development process.

VIII. Building Capacity for Engagement

A. Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement

In order to ensure effective parental engagement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content

standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

- The LEA will encourage parents to serve on its board of directors;
- The LEA will seek input from the PAC and the SSC on ways to assist parents to understand the Standards and Requirements.
- The LEA will encourage parents to serve on its board committees.
- The LEA will regularly publish in its newsletter, and/or on its website, descriptions and explanations of State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.
- Regular meetings will be held by the school, at community libraries and/or parent volunteer homes, to discuss how parents can work with educators to improve their child's academic achievement.
- The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.
- Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

B. Helping Parents to Work with their Children

In an effort to foster parental engagement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

- **Student-Teacher Portal:** MPS uses an online web portal, Illuminate Education, to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.
- Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use Illuminate Education as well as how to access it via free Internet access at

public libraries if that is more convenient than coming to the school.

- **ParentSquare:** MPS uses a unified school-to-home engagement platform called ParentSquare. This platform enables the school to send automated messages to parents with student-specific information. MPS uses ParentSquare to communicate attendance information, news and upcoming events, parent and family engagement opportunities, surveys, resources for parent education and more. With extensive student information system integration, translation to more than 100 languages and access via app, email, text, voice, and web portal, ParentSquare enables the school to engage all families, ensuring equitable communication.
- The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.
- The LEA will provide annual seminars on parenting skills and parent-child communication.
- The school's psychologist will work with parents to better understand their children and the issues facing them.
- The LEA will train parents how to tutor their children in the school.
- Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.
- One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

C. Education on Parent Engagement

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

- **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is

creating personal connections with students inside and outside of school. Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.

The LEA teachers will visit students at their homes to enhance student learning and engagement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.
- A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental engagement programs in which parents would most likely participate.

D. Other Optional Parent Participation

- The LEA will engage parents in the development of the training regarding the importance of parent engagement for teachers, principal, and other educators to improve the effectiveness of such training.
- In order to maximize parental engagement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.
- The LEA will adopt and implement model approaches to improving parental engagement.
- The LEA will develop appropriate roles for community-based organizations and businesses in parent engagement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

IX. Coordination with Other Programs

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent engagement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent engagement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

X. Annual Evaluation

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this parent and family engagement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA. The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental engagement and to revise, if necessary, this family and parent engagement policy.

XI. School-Parent Compact

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The PAC will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

XII. Engagement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be engaged in the education of their children, and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards

expected of all student. To accomplish this goal, the LEA will do the following:

- The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.
- The LEA will provide language translators at parent meetings to the extent practicable.
- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.
- **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the PAC/SSC on programs and services for English Learners.

State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning ELAC. The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.
- Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

XIII. Notices

In accordance with ESSA, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

- Annual report card;
- A notice regarding the professional qualifications of the student's classroom teachers;

- The notice regarding language instruction programs;
- Any other notices required by law.

XIV. Miscellaneous

- The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.
- The LEA will provide other reasonable support for parental engagement activities as requested by parents.

School-Parent-Student Compact

This School-Parent*-Student Compact is adopted by the Magnolia Public Schools (MPS) (hereinafter "School") and is intended to outline how parents, the entire School staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards. Parent's Right to Know Notification for Title I Schools - Teacher Qualification Information

All parents or guardians may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals, including at a minimum whether the student's teacher:

- Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
- Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
- Is teaching in the field of discipline of the certification of the teacher.

In addition, parents of students attending a Title I school can request the qualifications of paraprofessionals/TAs serving their child. The following are qualification requirements for Title I paraprofessionals:

- Completed two years of study at an institution of higher education; or
- Obtained an associate's (or higher) degree; or
- Met a rigorous standard of quality and be able to demonstrate, through a formal State or local academic assessment, knowledge of and the ability to assist in instructing, reading, writing, and mathematics (or, as appropriate, reading readiness, writing readiness, and mathematics readiness).

Every Student Succeeds Acts (ESSA) also requires MPS to notify parents when their child has been taught for four or more consecutive weeks by a teacher who has not met State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

These requirements help us to ensure that all students receive the best education from teachers who are highly skilled and knowledgeable in their subject areas. If there is any MPS teacher who has not met all of the State certification or licensure requirements at the grade level and subject area in which he/she has been assigned, we will work closely with the teacher to ensure that he/she will meet all State certification and licensure requirements at the grade level and subject area in which he/she has been assigned in a timely manner.

Surveys

Surveys – EC 51513 and 51514

Anonymous, voluntary and confidential research and evaluation tools to measure student's health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the student's attitudes and practices relating to sex, family life, morality, and religion may be administered to students if the parent is notified in writing that 1) this test, questionnaire, or survey is to be administered, 2) the student's parent is given the opportunity to review the test, questionnaire, or survey, and 3) the parent consents

in writing. Questions pertaining to the sexual orientation and gender identity of a student shall not be removed from a survey that already includes them.

Annual Stakeholder Surveys

MPS annually conducts student, parent, and staff surveys to improve our stakeholders' school experience. Conducting such stakeholder surveys is an essential part of MPS' Local Control and Accountability Plan (LCAP) development process. State priority 6 under Local Control Funding Formula (LCFF) asks the schools to set annual measurable outcomes about school climate:

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents, and teachers on the sense of safety and school connectedness. (Priority 6)

MPS uses the Panorama Education online platform to conduct stakeholder surveys and analyze results. Our students and staff complete the survey online while parents have access to both online and paper surveys, in English and Spanish.

The survey questions were developed by WestEd for the California Department of Education and are used by the CORE Districts. The CORE Districts are situated in Fresno, Garden Grove, Long Beach, Los Angeles, Oakland, Sacramento, San Francisco, and Santa Ana. Using the same survey enables MPS to compare its results with the average results of the CORE Districts.

Our typical timeline for stakeholder survey implementation is January through mid-February, with the intent to receive results by the end of February so that we can analyze the results in March to inform our LCAP and budget development. The survey questions use Likert-type scale to measure school experience in four topics for students, parents, and staff. Each topic has multiple questions that allow us to further analyze why a certain topic is rated relatively high or low. Following are the topics:

Topic 1	Climate of Support for Academic Learning
Topic 2	Knowledge and Fairness of Discipline, Rules and Norms
Topic 3	Safety
Topic 4	Sense of Belonging (School Connectedness)

To further engage our stakeholders in the evaluation of their experience MPS also asks three open-ended free-response questions:

1. What Do You Like Best About Your School?
2. What Do You Like Least About Your School?
3. What Is One Suggestion You Would Like to Offer to Improve Your School?

School leadership teams and the MPS Home Office teams (academics, accountability, HR) read all free responses,

summarize major findings and recommendations by the stakeholders, and consider all the feedback to create action steps for school improvement. The Home Office teams review the findings with each school leadership team. School leadership teams are then held accountable for sharing the survey results and findings with their stakeholders at their site (teachers, parents, etc.) and developing an action plan for improvement.

Each school leadership team is also asked to write a reflection on the survey results and findings that identifies their greatest progress, greatest needs, and ways to improve so that we can maintain and improve educational quality of our schools on an ongoing basis. The teams are typically expected to complete their reflections in March and share it with the board and public in April. The feedback collection, reflection, and planning of next steps are all an integral part of our LCAP development process.

To obtain a copy of your school's survey reflections page that informs the LCAP, please contact the school office.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation and transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

having one or more of the effects listed in the definition of “bullying,” above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

Formal Complaint of Sexual Harassment means a written document filed and signed by a complainant who is participating in or attempting to participate in MPS’ education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that MPS investigate the allegation of sexual harassment.

Respondent means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. Cyberbullying Prevention Procedures

MPS advises students:

1. To never share passwords, personal data, or private photos online.
2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
4. To consider how it would feel receiving such comments before making comments about others online.

MPS informs Charter School employees, students, and parents/guardians of MPS’ policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS’ bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way

to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

3. Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by MPS, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth (“LGBTQ”) and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS students.

Grievance Procedures

1. Scope of Grievance Procedures

MPS will comply with its Uniform Complaint Procedures (“UCP”) policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person’s association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- a. Are written and signed;

- b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- c. Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, MPS will utilize the following grievance procedures in addition to its UCP when applicable.

2. Reporting

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634
ceo@magnoliapublicschools.org

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses.

Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

3. Supportive Measures

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to MPS' education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or MPS' educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work

locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. MPS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of MPS to provide the supportive measures.

4. Investigation and Response

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of MPS, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
 - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
 - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
 - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
 - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
 - A statement that MPS prohibits an individual from knowingly making

false statements or knowingly submitting false information during the grievance process.

resolution process, including the records that will be maintained or could be shared; and

- Emergency Removal

- MPS may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with MPS' policies.
- MPS may remove a respondent from MPS' education program or activity on an emergency basis, in accordance with MPS' policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
- This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.

- Informal Resolution

- If a formal complaint of sexual harassment is filed, MPS may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If MPS offers such a process, it will do the following:
 - Provide the parties with advance written notice of:
 - The allegations;
 - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
 - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
 - Any consequences resulting from participating in the voluntary informal

- Obtain the parties' advance voluntary, written consent to the informal resolution process.

- MPS will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- Investigation Process

- The decision-maker will not be the same person(s) as the Coordinator or the investigator. MPS shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
- In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
- The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
- The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, MPS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if

any, at least ten (10) days prior to the determination of responsibility.

- Dismissal of a Formal Complaint of Sexual Harassment
 - If the investigation reveals that the alleged harassment did not occur in MPS' educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable MPS policy.
 - MPS may dismiss a formal complaint of sexual harassment if:
 - The complainant provides a written withdrawal of the complaint to the Coordinator;
 - The respondent is no longer employed or enrolled at MPS; or
 - The specific circumstances prevent MPS from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
 - If a formal complaint of sexual harassment or any of the claims therein are dismissed, MPS will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
 - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
 - MPS will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
 - The allegations in the formal complaint of sexual harassment;
 - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
 - The findings of facts supporting the determination;
 - The conclusions about the application of MPS' code of conduct to the facts;
 - The decision and rationale for each allegation;
 - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
 - The procedures and permissible bases for appeals.

5. Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by MPS in response to a formal complaint of sexual harassment.

6. Right of Appeal

Should the reporting individual find MPS' resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of MPS' decision or resolution, submit a written appeal to the President of the MPS Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and MPS will implement appeal procedures equally for both parties.
- MPS will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

7. Recordkeeping

All records related to any investigation of complaints under this Policy are maintained in a secure location. MPS will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

Complaint forms for “**Title IX, Harassment, Intimidation, Discrimination, and Bullying**” and “**Uniform Complaint Procedures**” are included at the end of this handbook and copies are also available in the school office.

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

Only complaints regarding pupil fees or LCAP compliance may be filed anonymously and only if the anonymous complainant provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees or LCAP.

Complaints alleging unlawful discrimination, harassment, intimidation, or bullying, must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, or bullying. All other complaints under the UCP shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which Charter School's Board of Directors approved the LCAP or the annual update was adopted by Charter School.

The Compliance Officer responsible for investigating the complaint shall conduct and complete the investigation in accordance with California regulations and in accordance with Charter School's UCP Policy. The Compliance Officer shall provide the complainant with a final written investigation report ("Decision") within sixty (60) calendar days from Charter School's receipt of the complaint. This sixty (60) calendar day time period may be extended by written agreement of the complainant.

The complainant has a right to appeal Charter School's Decision to the California Department of Education ("CDE") by filing a written appeal within thirty (30) calendar days of the date of the Charter School's written Decision, except if Charter School has used its UCP to address a complaint that is not subject to the UCP requirements. The appeal must include a copy of the complaint filed with Charter School, a copy of Charter School's Decision, and the complainant must specify and explain the basis for the appeal of the Decision, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

A complainant who appeals Charter School's Decision on a UCP complaint to the CDE shall receive a written appeal

decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision.

If a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.

If Charter School finds merit in a UCP complaint, or the CDE finds merit in an appeal, Charter School shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.

A complainant may pursue available civil law remedies outside of Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, harassment, intimidation or bullying complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of the complainant's right to file a complaint in accordance with 5 CCR § 4622.

The UCP Annual Notice, the UCP, and the complaint form for the UCP are all included in the Student/Parent Handbook. Copies are also available in the school office free of charge and on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the CEO.

Note: It is not required to use the complaint form for the UCP to file a UCP complaint. If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

- a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.
 - b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:
 - i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.
 - ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

 - d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.
 - e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.
- Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.
- Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.
- Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153. MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the

extent required by law or necessary to carry out the investigation or proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall include the following:

6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.
9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

The UCP Annual Notice, the UCP, and the complaint form for the UCP are all included in the Student/Parent Handbook. Copies are also available in the school office free of charge and on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the CEO.

Note: It is not required to use the complaint form for the UCP to file a UCP complaint. If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, we shall assist the complainant in the filing of the complaint.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

• **Step 1: Filing of Complaint**

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to

conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

• **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

• **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

• **Step 4: Final Written Decision**

MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.

2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.

6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly.

If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached "**General Complaint Procedures Form**" giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. (*Same contact information as in Level 3*) The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

* For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Complaint form for the **"General Complaint Procedures"** and the **"Uniform Complaint Procedures"** are included at the end of this handbook and copies are also available in the school office.

Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students in applying for financial aid, all students in grade 12 are automatically considered a Cal Grant applicant. Unless the school is notified while the student is in the 11th grade that he/she does not want to be considered a Cal Grant applicant, the student's GPA will be submitted to the California Student Aid Commission (CASC) electronically by a school or school district official before October 1 of the student's 12th grade year.

Please indicate below if you would not like the school to electronically send CASC the student's GPA when he/she is in the 12th grade. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student.

2020-21 Concussion Information Sheet
(Applicable Only for the Current School Year)

A concussion is a type of brain injury and all brain injuries are serious. A concussion can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. It can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly. In other words, even a “ding” or a bump on the head can be serious.** You can’t see a concussion and most sports concussions occur without loss of consciousness.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion may show up right after the injury or may not appear or be noticed until days or weeks after the injury. If your child reports any symptoms of concussion listed below, or if you notice the symptoms or signs of concussion yourself, your child should be kept out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, determines that your child is symptom-free and able to return to play.

<i>Signs observed by coaching staff...</i>	<i>Symptoms reported by athletes.....</i>
Appears dazed or stunned	Headache or “pressure” in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balance problems or dizziness
Is unsure of game, score, or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light

Concussions affect people differently. While most athletes with concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer. In rare cases, a dangerous blood clot may form on the brain and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body she/he exhibits any of the following danger signs:

One pupil is larger than the other	Convulsions or seizures
Is drowsy or cannot be awakened	Cannot recognize people or places
Weakness, numbness, or decreased coordination	Repeated vomiting or nausea
Slurred speech	Has unusual behavior
A headache that not only does not diminish, but gets worse	Becomes increasingly confused, restless, or agitated
Loses consciousness	

WHY MUST AN ATHLETE BE REMOVED FROM PLAY AFTER A CONCUSSION?

If an athlete has a concussion, his/her brain needs time to heal. Continuing to play while the brain is still healing leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that young athletes will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

IF YOU THINK YOUR CHILD HAS SUFFERED A CONCUSSION

If you suspect that your child has a concussion, remove him/her from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without written medical clearance. Do not try to judge the severity of the injury yourself. Close observation of the athlete should continue for several hours. Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, or playing video games, may cause concussion symptoms to reappear or get worse.

California Education Code section 49475 and the California Interscholastic Federation (CIF) Bylaw 313 require implementation of long and well-established return to play concussion guidelines that help ensure and protect the health of student athletes:

Any athlete who is suspected of sustaining a concussion or head injury in an athletic activity shall be immediately removed from the athletic activity for the remainder of the day, and shall not be permitted to return to the athletic activity until he or she is evaluated by a licensed health care provider who is trained in the management of concussions and is acting within the scope of his or her practice. The athlete shall not be permitted to return to the athletic activity until he or she receives written clearance to return to the athletic activity from that licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

It's better to miss one game than miss the whole season.

MAGNOLIA PUBLIC SCHOOLS
2020-21 Prescription Opioids Information Sheet
(Applicable Only for the Current School Year)

Prescription opioids may be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death.

The use of prescription opioids can have a number of **side effects** as well, even when taken as directed:

- Tolerance – meaning you might need to take more of a medication for the same pain relief.
- Physical dependence – meaning you have symptoms of withdrawal when a medication is stopped.
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider
 - Work together to create a plan on how to manage your pain
 - Talk about ways to help manage your pain that don't involve prescription opioids
 - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
 - Never sell or share prescription opioids
 - Never use another person's prescription opioids
- Store prescription opioids in a secure place and out of reach of others including visitors, children, friends, and family.
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration (www.fda.gov/Drugs/ResourcesForYou).
- Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

Be Informed! Make sure you know the name of your medication, how much and how often to take it, and its potential risks and side effects.

MAGNOLIA PUBLIC SCHOOLS
2020-21 Sudden Cardiac Arrest Information Sheet
(Applicable Only for the Current School Year)

Sudden cardiac arrest (SCA) is when the heart stops beating, suddenly and unexpectedly. When this happens, blood stops flowing to the brain and other vital organs. SCA is not a heart attack. A heart attack is caused by a blockage that stops the flow of blood to the heart. SCA is a malfunction in the heart's electrical system, causing the victim to collapse. The malfunction is caused by a congenital or genetic defect in the heart's structure. It is fatal in 92 percent of cases if not properly treated within minutes.

WHAT ARE THE WARNING SIGNS AND RISK FACTORS OF SCA?

SCA often has no warning signs. In fact, the first symptom could be death. Athletes (and often their parents) don't want to jeopardize their playing time, so they may avoid telling parents or coaches in hopes that the symptoms will "just go away" on their own. Or, they may think they're just out of shape and need to train harder. Student athletes need to recognize and seek help if any of the conditions listed below are present.

Potential indicators that SCA is about to happen:

- Racing heart, palpitations or irregular heartbeat
- Dizziness or lightheadedness
- Fainting or seizure, especially during or right after exercise
- Fainting repeatedly or with excitement or startle
- Chest pain or discomfort with exercise
- Excessive, unexpected fatigue during or after exercise
- Excessive shortness of breath during exercise

Factors that increase the risk of SCA:

- Family history of known heart abnormalities or sudden death before age 50
- Specific family history of Long QT Syndrome, Brugada Syndrome, Hypertrophic Cardiomyopathy, or Arrhythmogenic Right Ventricular Dysplasia (ARVD)
- Family members with unexplained fainting, seizures, drowning or near drowning or car accidents
- Known structural heart abnormality, repaired or unrepaired
- Use of drugs, such as cocaine, inhalants, "recreational" drugs or excessive energy drinks

HOW CAN THE CONDITIONS OF SCA BE DETECTED?

Physical Exam and Medical History. Prior to participating in athletics, students are required to get a physical and complete a medical history. This form asks questions about family history and heart conditions. The physical exam should include listening to the heart.

Heart Screening. An electrocardiogram (ECG) is an effective diagnostic tool that detects irregularities. An abnormal ECG exam can lead to other tests like an echocardiogram, stress test, Holter monitor and more.

IF YOU THINK YOUR CHILD HAS EXPERIENCED ANY SCA SYMPTOMS

If your child has experienced any SCA-related symptoms, it is crucial to get follow-up care as soon as possible with a primary care physician. If the athlete has any of the SCA risk factors, these should also be discussed with a doctor to determine if further testing is needed. Wait for the doctor's feedback before returning your child to play, and alert his/her coach, trainer and school nurse about any diagnosed conditions.

California Education Code section 33479.5 and the California Interscholastic Federation (CIF) Bylaw 503 require implementation of a sudden cardiac arrest protocol that helps ensure and protect the health of student athletes:

A student who passes out or faints while participating in or immediately following an athletic activity, or who is known to have passed out or fainted while participating in or immediately following an athletic activity, must be removed from participation at that time by the athletic director, coach, athletic trainer, or authorized person. A student who is

removed from play after displaying signs and symptoms associated with sudden cardiac arrest may not be permitted to return to participate in an athletic activity until the student is evaluated and cleared to return to participate in writing by a physician and surgeon.

CONFIDENTIALITY: Volunteers should realize that they have a position of trust. Personal information pertaining to students or staff, as well as conversations between parents, teachers, staff members, and students **MUST** be kept confidential. Volunteers are **NOT** permitted to view any part of a student's records including test scores, report cards, attendance reports, or any other document to that would be included in student records. What you **SEE** or **HEAR** in a classroom, hallway, bathroom, on a field trip, or on the playground should be considered confidential and only discussed with a teacher, counselor or principal. For MPS to provide the best environment for learning, everyone's privacy must be respected. No gossiping will be permitted.

No statement by the MPS establishes a property right to perform volunteer work.

COMMUNICATION: If you are unable to make it to school when you are expected, please call MPS and leave a message. Similarly, MPS staff will contact you if your time is cancelled or changed for any unforeseen reason. You may contact the School Office at _____, or email _____ with questions or for assistance. Please be dependable and on-time. Teachers and staff count on you!

STUDENT/VOLUNTEER RELATIONSHIP: Volunteers function in a position of trust and MPS does not extend that volunteer / student trust relationship outside of the supervised school environment. It is the responsibility of the volunteer to notify MPS immediately if he/she becomes involved with a student / family outside the school environment.

DISCIPLINE: A teacher or staff member is responsible for student discipline. If you see a child behaving in a way that endangers themselves or others, you need to stop the behavior and report it to a staff member. If a student continues to be noncompliant, disrespectful, or disruptive after a verbal warning, please notify a teacher or staff member. Student safety is the responsibility of all adults, but student discipline is the responsibility of MPS staff.

SIGN IN: Volunteers should always sign in at the front desk. A volunteer should always have a visitor's pass/sticker on while working on campus or while acting as a chaperone on a class field trip.

CELL PHONE/PHOTO/SOCIAL MEDIA: Cell phones may be used on campus however we ask that you use a "silent setting" so that the class is not disturbed. Phones should only be used for emergencies. Volunteers are not allowed to take photos or post on social media unless approved by MPS.

EMERGENCY PROCEDURES: Classroom procedures and escape routes are located in each room. Drills are performed throughout the year. During a fire drill, the entire building is evacuated and each classroom reports to a designated area outside on the MPS campus. Please take the time to familiarize yourself with these safety plans.

Acceptable Use of Technology Agreement

As a user of Charter School technologies, I have read Student Use of Technology Policy and hereby agree to comply with it and the Acceptable Use Agreement.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages MPS property, including but not limited to MPS's technology, equipment and networks, or fails to return MPS's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars (\$10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, MPS may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, MPS will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. When the minor and parent are unable to pay for the damages, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. A student over the age of majority shall be liable for the same. (Ed. Code § 48904).

Dear Parents and Students,

Magnolia Public Schools (MPS) staff believes that education is a shared responsibility between parents, teachers and students. The successful operation of this school depends on the cooperation of everyone concerned. Each group is responsible for doing its part to make school a place where we can learn and play together in harmony. Everyone has the right to feel safe, secure, and accepted regardless of color, race, gender, popularity, ability, religion or nationality. This handbook allows us to share our vision with the students and parents of our team.

MPS is a reflection of all of us. All of our policies are intended to provide a safe and orderly environment that will be conducive to learning. Our faculty and staff look forward to sharing their expertise in academics, special programs, and extracurricular activities. We encourage you to get to know the school, its programs, activities, and schedule. Become an active participant in your education. Get involved through classes, clubs, and activities.

MPS is aware of the fact that a school environment is viable only with clearly defined and implemented rules. MPS compiled this student-parent handbook (pending board approval), which addresses the school's regulations and policies to set a standard for our students. It is an essential reference book describing what we expect and how we do things. Read it carefully, discuss it with your parent/guardian, and let it act as a guide for your effective involvement in all aspects of school. Keep this handbook so you can refer to it throughout the school year.

Sincerely,

MPS Administration

MPS is committed to providing a working and learning environment that is free from unlawful discrimination and harassment. MPS prohibits discrimination and harassment based on an individual's actual or perceived sex, sexual orientation, gender, gender identity, gender expression, marital status, pregnancy, childbirth or related medical condition, ethnic group identification, race, ancestry, national origin, immigration status or citizenship, religion, religious affiliation, color, creed, mental or physical disability, age, and any other basis protected by federal, state, and/or local law, ordinance, or regulation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics. Harassment based on any of the above-protected categories is a form of unlawful discrimination and will not be tolerated by MPS.

Harassment is intimidation or abusive behavior toward a student or employee that creates a hostile environment and can result in disciplinary action against the offending student or employee. Harassing conduct may take many forms, including but not limited to, verbal remarks and name-calling, graphic and written statements, or conduct that is threatening or humiliating. This nondiscrimination policy covers admission or access to treatment or employment in all MPS programs and activities, including vocational education. The lack of English language skills will not be a barrier to admission to or participation in MPS programs or activities.

MPS does not condone or tolerate harassment of any type, including bullying, discrimination, or intimidation, by any employee, independent contractor or other person with which MPS does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. MPS will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted.

Based on Federal law, Title IX, State law and MPS policy, no student shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination on the basis of actual or perceived sex, sexual orientation, and gender (including gender

identity, gender expression, marital status, parenting, pregnancy, childbirth, false pregnancy, termination of pregnancy or related medical condition). Male and female students have the right to equal learning opportunities in their schools and must be treated the same in all MPS educational activities and programs, including:

- Athletics
- Physical education
- The classes they can take
- The way they are treated in the in educational programs and activities
- The kind of counseling they are given
- The extracurricular activities, programs and clubs in which they can participate
- The honors, special awards, scholarships and graduation activities in which they can participate.

Students who feel that their rights are being violated have the right to take action and should not be afraid of trying to correct a situation by speaking to a school administrator, Title IX Coordinator, psychologist, counselor, or trusted adult at school, or filing a complaint (see Uniform Complaint Procedures). Students are encouraged whenever possible to try to resolve their complaints directly at the school site. Any student who believes he or she is being discriminated against in violation of Title IX has the right to file a complaint. For further information or assistance, including the Title IX Coordinator contact information, see the TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY in this Handbook.

Additional information prohibiting other forms of unlawful discrimination or harassment, inappropriate behavior, and/or hate-motivated incidents/crimes may be found in MPS policies. It is the intent of MPS that all such policies be reviewed consistently to provide the highest level of protection from unlawful discrimination in the provision of educational services and opportunities.

MPS prohibits retaliation against anyone who files a complaint or who participates in a complaint investigation. For inquiries or complaints related to discrimination or harassment based on student's sex (Title IX); sexual orientation or gender identity (Title 5, CCR, §4910); race, color, or national origin (Title VI); or mental or physical disability (Section 504), contact MPS.

PUPIL RECORDS, INCLUDING CHALLENGES AND DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education. These rights are:

1. The right to inspect and review the student's education records within 5 days after the day MPS receives a request for access. Parents or eligible students should submit to the MPS

principal or designee a written request that identifies the records they wish to inspect. The MPS official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA

Parents or eligible students who wish to ask MPS to amend a record should write the MPS principal or designee, clearly identify the part of the record they want changed, and specify why it should be changed. If MPS decides not to amend the record as requested by the parent or eligible student, MPS will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. See 'Pupil Records Challenges' section, below, for MPS' policy and procedures regarding this hearing.

3. The right to provide written consent before MPS discloses personally identifiable information ("PII") from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to MPS officials with legitimate educational interests. An MPS official is a person employed by MPS as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the MPS board. An MPS official also may include a volunteer or contractor outside of MPS who performs an institutional service of function for which MPS would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting MPS School official in performing his or her tasks. An MPS official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, MPS discloses education records without consent to officials of another school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Note that MPS will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by MPS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from student's education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to MPS officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires MPS to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. MPS may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student —

1. School employees who have a legitimate educational interest as defined by 34 C.F.R. Part 99;
2. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. MPS will make a reasonable attempt to notify the parent or eligible student of the request for records at his/her last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, MPS will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to the procedures outlined here and more completely in the full policy;
3. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;
4. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;
5. Organizations conducting certain studies for the MPS in accordance with 20 U.S.C. § 1232g(b)(1)(F);
6. Accrediting organizations in order to carry out their accrediting functions;
7. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;
8. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. 99.31(a)(9)(i), reasonable effort must be made to

notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

9. Persons who need to know in cases of health and safety emergencies;
10. State and local authorities, within a juvenile justice system, pursuant to specific State law;
11. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and a caregiver (regardless of whether the caregiver has been appointed as the pupil's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by MPS for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by MPS; and/or
12. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by MPS with respect to that alleged crime or offense. MPS may disclose the final results of the disciplinary proceeding, regardless of whether MPS concluded a violation was committed.

Directory Information

"Directory Information" is information that is generally not considered harmful or an invasion of privacy if released. Directory information can be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish year books. MPS has designated the following information as directory information:

1. Student's name
2. Student's address
3. Parent's/guardian's address
4. Telephone listing
5. Student's electronic mail address
6. Parent's/guardian's electronic mail address
7. Photograph
8. Date and place of birth
9. Dates of attendance
10. Grade level

11. Weight and height of members of athletic teams
12. Degrees, honors, and awards received
13. The most recent educational agency or institution attended
14. Student ID number, user ID, or other unique personal identified used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's social security number, in whole or in part, cannot be used for this purpose.)

If you do not want MPS to disclose directory information from your child's education records without your prior written consent, you must notify MPS in writing at the time of enrollment or re-enrollment. Please notify the MPS Principal of your child's school at the contact number on Page 3.

A complete copy of the MPS policy is available upon request in each MPS school's main office.

RIGHTS AND RESPONSIBILITIES

Effective Communication:

When issues or concerns arise with a teacher, staff member or administrator, students and parents are encouraged to address the situation with the person involved first.

If students express that they are having a problem at school, it is important for parents to understand the best way to address these problems. If the problem involves a classroom situation or a situation with a teacher, the following remedies are recommended:

- 1st:** Parents should encourage their child to talk with the teacher.
- 2nd:** Parents can encourage their child to talk with an administrator.
- 3rd:** If the child is reluctant to talk with a teacher or administrator, a parent may offer to accompany their child and talk with the teacher.

It is very important to demonstrate to children how to actively and constructively solve a problem. If the problem is important enough for the child to talk about, it is important for the child to learn how to be a part of the solution.

If parent feels there is a concern they should:

- 1st:** Talk with the teacher. Teachers can explain classroom situations from an adult perspective and from a professional perspective, and usually that will resolve misunderstandings.
- 2nd:** If the problem persists after a reasonable time, talk with the teacher again.
- 3rd:** If the problem is still not resolved, make an appointment with the related administrator.

For example, if you are unsure of a decision made in the classroom about a consequence given for a behavior, you should discuss the situation with the teacher first. If after this discussion, you feel the situation is unresolved, it should be brought to the attention of the Dean of Students. If it is still not handled to your satisfaction, the Principal should be notified.

If after meeting with the Principal, you still have concerns, please refer to the Complaint policies contained in this Handbook and available in the MPS office.

Teachers, staff, and administration are available through email, phones, in person and by appointment. Due to the busy schedules of the teachers and administration, parents are asked to not "drop in" for appointments, but to set up a meeting in advance. Parents should not talk to teachers, other parents, students, or administrators in a disrespectful or threatening manner. Please see the "Conditions for Classroom and School Visitation, Shadowing, and Removal Policy" under the section titled "Visitors" in this Handbook.

POLICIES AND PROCEDURES

As a student at MPS, you are required to abide by and respect all rules and regulations in the handbook, both on and off campus. The handbook was established to maintain a safe and healthy school environment conducive to learning.

I. ACADEMIC POLICIES

A. GENERAL GUIDELINES
CAASPP Opt Out:

MPS shall annually administer required state testing to the applicable grades (e.g., the California Assessment of Student Performance and Progress.) Notwithstanding any other provision of law, a parent's or guardian's written request to School officials to excuse his or her child from any or all parts of the state assessments shall be granted.

Child Find and Section 504:

MPS is dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. MPS provides special education and instruction and related services in accordance with the Individuals with Disabilities Education Improvement Act ("IDEIA"), Education Code requirements, and applicable policies and procedures of the charter authorizer. These services are available for special education students enrolled in MPS. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. MPS collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

MPS also recognizes its legal responsibility to ensure that no qualified person with a disability shall, on the basis of disability, be excluded from participation, be denied the benefits of, or otherwise subjected to discrimination under any program of MPS. Any student who has an objectively identified disability which substantially limits a major life activity, including but not limited to learning, is eligible for accommodations by MPS. The parent of any student suspected of needing or qualifying for accommodations under Section 504 may make a referral for an evaluation to the Principal. A copy of MPS' Section 504 Policies and Procedures is available upon request in each MPS school's main office.

Math Placement:

MPS has adopted a math placement policy to establish a fair, objective, and transparent protocol for

placement in mathematics courses in order to ensure the success of every student. Please see the main office of your MPS school for the math placement policy.

Grading:

The primary purpose for grading is to provide feedback to students and parents on the achievement of learning goals. At MPS course report card grades are to be represented in letter-grade equivalent to the percentage earned in each course. Course report card grades are based on performance and practice assessments, as can be seen in the following table.

Aligned with the grading guidelines, each department will work with the Department Chair and the Dean of Academics to develop specific and consistent weights for each grading subcategory, to be shared with parents and students.

Teachers will create reasonable number of assignments for each subcategory in their grading system. Teachers will provide students with access to course material, homework assignments, projects, and students' grades through the school information system, and update SIS records daily/weekly.

Extra Credit:

With prior approval from the Dean of Academics, teachers may offer extra credit. A maximum of five (5) extra credit points (out of 100-point numerical grade) may be applied to a student's grade in each of their classes. Additionally, for both English and Math classes, a student may earn up to five (5) extra credit

points by demonstrating growth in their overall MAP RIT scores, increasing the maximum allowable extra credit points to ten (10). Points may be earned in the testing cycle from Fall to Spring and would be applied to the student's second semester English/Math grades. If Winter MAP test is offered during the first semester, students may also earn points towards their first semester grades. For each point increase in their overall RIT score, students will earn one (1) point of extra credit towards their applicable grade, up to five (5) credit points maximum for each subject area. Regardless of their growth score, students will earn extra five (5) credit points if they meet or exceed the following "Standard Met" cut scores on their Fall or Winter MAP test in the first semester or Spring MAP test in the second semester:

Grade	MAP RIT ELA* F-W-S	MAP RIT Math* F-W-S

Homework:

Homework is essential to success at MPS. Doing homework will help students develop many valuable skills such as good study habits, time management, responsibility, and perseverance. Teachers will assign homework that will foster individual learning and growth that is appropriate for the subject area. Homework is part of all student evaluations. It is the student's responsibility to complete and turn in homework on time. If the student or parent has questions about homework, s/he should immediately contact the teacher who assigned it.

Generally, all homework assignments will be posted online, either on teacher/class web pages or on the school information system, which will be accessible to the parents/guardians by using an authenticated password. The password will protect confidentiality and allow parents/guardians to access their children's academic records. SIS is not intended to replace contacting parents for regular conferences to discuss student progress.

Final Assessments/Exams:

All academic classes will have cumulative final assessments/exams at the end of each semester. These final assessments may be in different forms such as test, essay, project, book report, etc. depending on individual teachers' discretion upon approval by the MPS administration. All students are required to take these final assessments. Cumulative assessments are part of the college preparatory culture; these assessments will help students learn how to study more effectively, as well as improve their retention of the subject content.

Make-up Procedures - Incomplete Grades:

Every effort should be made for a student to make-up work as soon as possible when returning to school from an absence or series of absences. If a student fails to complete a significant number of performance and/or homework tasks due to absence or other extraordinary circumstances, a grade of Incomplete (I) may be assigned with administrative approval. If the necessary performance and/or homework tasks are not complete by the end of the following marking period, the report card grade will revert to the earned numeric grade. In the final marking period, an Incomplete (I) will revert to the earned numeric grade if not complete by a date agreed upon by the teacher and administrator.

Course Withdrawals:

Students may withdraw from a course without penalty of an F grade within 15 school days from the beginning of the course. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Class Change:

During the first 5 school days from the beginning of the course, students will attend the classes they are assigned and/or they signed up for; no changes will be allowed unless there is a scheduling error on the student's schedule. After the first 5 school days, if necessary academic changes arise, students will have 10 school days to complete changes. After 15 school days, students must remain in the course until its conclusion. Proof of extenuating circumstances must be provided for any late requests to be considered.

Scheduling errors will receive immediate attention by the Dean of Academics. The following are considered scheduling errors: missing a class period, double up of courses in the same period, missing a course needed for graduation, student has not met the prerequisite for a course, etc.

The School will not consider schedule changes for the following reasons: to be with friends, to change teachers, athletics, early/late arrival adjustments (unless required by state or federal law), etc. Class change is at the discretion of the school administration.

B. ELEMENTARY SCHOOL GRADING SYSTEM

MPS will follow the standard scale below to assign percentages/proficiency level for semester work. Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Percentage	Achievement Level
90% - 100%	Level 4: Standard Exceeded
80% - 89%	Level 3: Standard Met
70% - 79%	Level 2: Standard Nearly Met
Below 70%	Level 1: Standard Not Met

Elementary School Grade Retention/Promotion:

The following is MPS' policy regarding the retention of pupils in grades K-5:

- Grades K-2: Any student who is not at benchmark based on reading benchmark assessments, math benchmark assessments or report card grades will be identified for retention. Retention will only occur if the teacher and parent are in agreement that retention is the best intervention to ensure student success.
- Grades 3-5: Any student who does not meet the achievement standards and needs substantial improvement to demonstrate the knowledge and skills in ELA/Literacy or math needed or likely success in future coursework based on Smarter Balanced assessments (Level 1 on Smarter Balanced assessments) or any student who is more than one year behind grade level in mathematics or ELA/Literacy as determined by the MAP tests will be identified for retention.

An identified student who is performing below the minimum standard for promotion shall be recommended by the student's teacher for retention in the current grade unless the student's teacher determines in writing that retention is not the appropriate intervention for the student's academic deficiencies. The teacher's recommendation to promote is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s) or guardian(s) informing them that their child is at risk of retention.
- The teacher's evaluation shall be provided to and discussed with the student's parent(s) or guardian(s) and the principal before any final determination of pupil retention. The parent(s)/guardian(s) are informed at that meeting that their child is recommended for retention. This meeting is documented with an

academic support plan signed by both the teacher and parent/guardian.

- The principal shall make a decision regarding the recommended retention. Upon the acceptance or rejection of the above stated plan by the principal, a letter shall be sent within five (5) school days to formally inform the student's parent(s) or guardian(s) of the principal's decision regarding the retention.
- The parent(s) or guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra help in their specific areas of concern, both in class and through intervention offerings.

Report Cards:

Student report cards create a succinct written record of student performance by compiling data from multiple assessments both formal and informal. Report cards are one of several ways to keep parents informed about student performance and to ensure that data collection is regular and consistent. Report cards reflect student achievement toward state standards, and summarize narratives, anecdotal records, attendance data, and information about student participation in class and school life. Results of standardized tests are mailed separately as well as included in the student grade report with explanations designed to help students and parents interpret their relationship to other assessments.

Students will receive a progress report mid-semester and a final report card at the end of each semester. Teachers will arrange a conference to discuss student progress with at least one parent/guardian each semester. End-of-the-year conferences are prioritized for parents/guardians of students not making progress, low-achieving students, and those identified for retention. Other parents/guardians are encouraged to attend teacher conferences at the end of the year as well.

Ongoing communication between teachers, parents, and students is an essential component of MPS. MPS' school information system provides a very effective online communication tool for teachers, students and parents for course material, homework assignments, projects, course grade statistics and records of student grades. In addition to progress reports, report cards, and assessment reports, newsletters are distributed monthly. Parents can

conference with teachers on an informal basis as needed, and on a formal basis at least twice (2) a year, to discuss students' progress reports and proficiency levels. Back to School Nights and Open Houses also take place each year to provide parents with information about the Charter School's programs.

C. MIDDLE & HIGH SCHOOL GRADING SYSTEMS

Grading Scale:

MPS will follow the standard scale below to assign letter grades for semester work. Grading is based on a 4.0 (unweighted) scale for regular courses and a 5.0 (weighted) scale for Honors, AP, and approved college courses.

Individual teachers will establish grading policies and procedures for their classes, and their grades will correspond with this scale. Each teacher will give written policies to students the first week of school.

Courses at MPS have passing grades that are outlined in the below grading scale, with a minimum passing score of 70%.

Numerical Grade	Letter Grade Equivalent	Grade-Point Eqv.	Grade-Point Eqv.
		Unweighted	Weighted
98 – 100	A+	4.0	5.0
93 – 97	A	4.0	5.0
90 – 92	A-	3.7	4.7
87 – 89	B+	3.3	4.3
83 – 86	B	3.0	4.0
80 – 82	B-	2.7	3.7
75 – 79	C+	2.3	3.3
70 – 74	C	2.0	3.0
Below 70	F	0.0	0.0

Assignment Grades:

Teachers will create reasonable number of assignments for each subcategory in their grading system and assign a weight to each assignment. The weight of an assignment depends on its importance relative to the other assignments in the same subcategory. Students will receive numerical grades for each graded assignment and the student's final semester grade will be a weighted average of the assignment grades, scaled to a maximum of 100 points. SIS will automatically convert student's final numerical grade to a final letter grade according to the scale in the above table.

MPS promotes use of numerical grades for grading accuracy and our teachers typically use numerical grades when grading student assignments. In the case that a letter grade or a check grade system is used for an individual assignment, SIS will convert those grades to numerical grades according to the following conversion table.

Letter Grade	→ Converted to Numerical Grade	Special Grades	→ Converted to Numerical Grade
A+	100	Check Plus ("+")	100
A	97		
A-	92	Check ("=")	85
B+	89		
B	86	Check Minus ("-")	70
B-	82		
C+	79	Unsatisfactory ("I")	50
C	74		
F	50	Missing ("M")	0
		Excused ("X")	N/A
		Not Assessed ("NA")	N/A

Standards-Based Grading (SBG):

Standards-based grading (SBG) measures student's mastery of the essential standards for a class, or how well the student understands the material in class. MPS would like to report grades that are accurate, consistent, meaningful, and supportive of learning. While most MPS teachers currently implement points-based grading and reporting, MPS encourages teachers to explore and implement standards-based grading and reporting. We will keep you updated of our progress.

No "D" Policy:

There will not be a "D" grade option in the grading scale. The primary concern of MPS is the educational success of our students. This policy will allow for MPS to maintain a high standard throughout its program and ensure that MPS students remain competitive, especially in the area of college and scholarship applications.

[For High School Only] The "No D Policy" applies to all students in grades 9-12 effective of 2012-13 school year. Students who have earned credits at MPS with a "D" grade prior to 2012-13 school year will keep their credits and do not have to make up credits for

any previously passed course at MPS. Also courses transferred from another accredited school will appear on student's transcript as they are and "D" will be accepted as a passing grade for all transferred courses. Therefore, the "No D Policy" does not negatively impact graduation.

Determining Final Grades:

In middle and high school, course grades are semester-based and credit is granted at the end of each semester. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. MPS grade promotion policy is based on each semester grade and not on yearly average of two semester grades.

Grading for Transfer Students Entering Mid-Semester to MPS from Another School:

When a transfer student enters mid-semester to MPS, the transfer grade from the previous school for the same class, if available, will be given the following weights to determine the final semester grade:

Week of the semester student enrolled in MPS	Credit
1-6	Full credit enrollment
7-9	Student may or may not be enrolled in new class. If enrolled, it may be either for full credit or for no-credit observation only. Decision will be made on a case by case basis. If a decision is made for full credit enrollment, the student is expected to commit to intense intervention which may include attending after-school tutoring and receiving out-of-school support.
10+	Student may or may not be enrolled in new class. If enrolled, it is for no-credit observation only. The decision will be based on the best interest of the student.

The teacher may assign make-up work to determine the grade if no transfer grade is available. Make-up work must be assigned within a reasonable time frame that allows the student to complete the work for credit.

The following guidelines apply when a transfer student wants or needs to enroll in a class that s/he was not taking at her/his previous school. The decision will be made on a case by case basis.

Week of the semester student enrolled in MPS	Weight of transfer grade	Weight of grade at MPS
1-6	0	1
7-9	1/3	2/3
10-12	1/2	1/2
13+	2/3	1/3

Honor Roll/High Honor Roll:

At the end of each semester MPS publishes the honor rolls for students.

Honors and High Honors are awarded to all students with a semester GPA of 3.00-3.49 (Honors) and 3.50+ (High Honors). Students must pass all classes to make the semester honor rolls.

Grade requirement for school team participation:

All students are required to maintain a "C" or better in all classes to play/participate on a school team.

Middle School Grade Promotion:

Core Courses: Core courses are Math, Science, English Language Arts, and History/Social Science.

Criteria: To be promoted to the next grade, a middle school student must have a 2.0 grade point average (GPA) and passing grades in all core courses by the end of the school year or by the end of the summer before the start of the next school year.

Summer School: Students who fail any core courses should attend summer school at MPS, if available, or at a public school to make up failed course courses during summer. Students who perform successfully at summer school will receive a passing grade as their final grade on their transcript for that course. Student transcripts will be updated to include summer grades and GPA will be recalculated. If a student earns passing grades during the summer for all the failed core courses and have a recalculated GPA of at least a 2.0, he or she may be promoted to the next grade.

Retention: If the student has a failed core course or has a recalculated GPA less than 2.0 after the summer before the start of the next school year, student will be recommended for retention in the current grade unless the school administration determines that retention is not the appropriate intervention for the student's academic deficiencies. In that case, promotion is contingent upon a detailed plan to correct deficiencies. At MPS, the following steps will be taken prior to a student's being retained:

- A letter shall be sent to the student's parent(s)/guardian(s) before the end of the school year informing them that their child is at risk of retention.

- A meeting will be set up with the parent(s)/guardian(s). The student's grade reports shall be provided to and intervention options, including summer school, will be discussed with the student's parent(s)/guardian(s). The parent(s)/guardian(s) may be informed at that meeting that their child is recommended for retention. This meeting will be documented with an academic support plan signed by the school administration and the parent(s)/guardian(s).
- By the end of the summer before the start of the next school year, the school administration will make their final decision based on student's performance in summer school and readiness for next grade. A letter shall be sent to formally inform the student's parent(s)/ guardian(s) of the school administration's decision regarding the retention.
- The parent(s)/guardian(s) shall have the right to appeal the decision to the Chief Academic Officer (CAO) of Magnolia Public Schools (MPS). If the decision of the CAO is not in agreement with the parent(s)/ guardian(s), the latter have the right to appeal directly to the MPS Board of Directors. This meeting will take place at the next regularly scheduled board meeting or by direction of the board president. Or the Board may form a committee to review the appeal and make a recommendation to the Board for approval at the next regularly scheduled meeting.

The program design of MPS is to ensure that all children succeed. Students who are in jeopardy of retention are individually counseled and given extra support in their specific areas of concern, both in class and through intervention offerings.

Participation in Promotion Activities/ Ceremony: In order for students to participate in any promotion activities they must fulfill all the promotion requirements and not be on suspension or recommended for expulsion at the time of the Promotion Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for promotion. This is a privilege.

High School Credit Earned in Middle School: Students who take high school courses in middle school have the option to have these courses counted toward graduation. These courses must have the same expectations, curriculum and final exams as the equivalent courses taught in high school. Students who choose to have their middle school courses counted toward graduation need to consult with the school administration since these courses need to be reflected on the student's high school transcript. Grades from such courses will not be included in high school cumulative GPA calculations.

The following middle school courses have been identified for high school credit: Mathematics (Algebra 1, Geometry, Integrated Mathematics I, and other

high school level mathematics courses), Computers & Technology (approved high-school level courses), and Language Other Than English (LOTE). For middle school LOTE course(s), one year of high school credit will be given for each different language if students demonstrate proficiency by passing those courses or a LOTE proficiency test provided by the School. Again, middle school courses must be comparable in content to courses offered at the high school level. Magnolia Public Schools Home Office ("Home Office") has the final authority to decide which middle school courses will be counted toward graduation.

D. HIGH SCHOOL GRADUATION REQUIREMENTS

High School Grade Promotion:

Criteria: To be promoted to the next grade, a high school student must have a 2.0 grade point average (GPA) and the minimum required credits described below by the end of the school year or by the end of the summer before the start of the next school year.

Student transcripts will be updated to include summer grades and GPA will be recalculated. If students have the minimum required credits and at least a 2.0 recalculated GPA, they will be promoted to the next grade.

Core Courses: Core courses are Math, Science, English, and History/Social Science.

Minimum required credits:

To be enrolled in grade 10, a student must have a minimum of 50 credits, including at least 20 credits in core courses.

To be enrolled in grade 11, a student must have a minimum of 100 credits, including at least 50 credits in core courses.

To be enrolled in grade 12, a student must have a minimum of 150 credits, including at least 90 credits in core courses.

A student's grade level placement remains the same for an entire school year.

Participation in Senior Activities/ Graduation Ceremony: In order for students to participate in any senior activities they must have a total of 150 credits at the beginning of the first semester and/or 180 credits at the beginning of the second semester of their senior year. In addition, students have to fulfill all the graduation requirements, described herein, and not be on suspension, or recommended for expulsion at the time of the Graduation Ceremony.

Tardies/Absences: After 20 tardies or unexcused absences students will not be allowed to walk on stage for graduation. This is a privilege.

Graduation: MPS believes that students need to have physical and mental experience in high school, which includes academic, life skills, and applied experiences.

Students must meet the following requirements to graduate from MPS:

Credit Requirement: Currently, every student must earn a total of 210 semester credits in grades 9 through 12 in order to receive a high school diploma. (See section "High School Credit Earned in Middle School" for middle school courses identified for high school credit.) Each high school course at MPS is semester based and worth 5 credits, with an exception of courses such as Sustained Silent Reading (SSR) or Advisory which last one-half of a typical class period or less and are worth 2.5 credits. Students need to have an end-of-the-semester final grade of at least a "C" (=2.0) to earn credit for the course. Credit is awarded on the basis of student participation, mastery of subject matter, and/or attainment of skills.

Specific Course Requirements: MPS meets and exceeds the admission requirements of all four-year universities including University of California ("UC"). MPS adopts all options approved for meeting UC's minimum "a-g" subject requirements, including approved "a-g" high school courses, ACT/SAT examination, AP or IB examination, and U.S. regionally accredited college/university courses (in person or online) as well as validation of coursework as described by the UC. MPS will continue to adapt to any changes in UC subject requirements. The following table lists courses required in order to graduate from MPS.

Diploma Types: MPS offers three different high school diploma types: **Standard (S), Advanced (A), and Honors (H)**. Each diploma has minimum requirements that meet and exceed the state graduation requirements and the "a-g" subject requirements of California's four-year public universities. Students are always welcome, and often encouraged, to exceed these minimum requirements.

The "Golden State Seal Merit Diploma" & The "State Seal of Biliteracy"

As directed and described by the CDE, MPS will award eligible graduates the "Golden State Seal Merit Diploma" (GSSMD) and the "State Seal of Biliteracy" (SSB) by affixing the "Golden State Seal" and the "State Seal of Biliteracy" to their high school diplomas. GSSMD is a recognition of graduates who have demonstrated mastery of the high school curriculum in at least six subject areas, four of which are English language arts, mathematics, science, and U.S. history, with the remaining two subject areas selected by the student. SSB is recognition by the State Superintendent of Public Instruction for graduating high school students who have attained a high level of proficiency in speaking, reading, and writing in one or more languages in addition to English.

MPS encourages students to participate in Congressional Award programs and engage in more than 40 hours of community service to develop and demonstrate crucial life skills.				

Math Requirement: MPS math requirements are threefold:

1) Credit requirements: MPS requires at least 30 semester credits of math for a standard diploma and 40 semester credits of math for an advanced or honors diploma. Some of these credits can be earned in middle school.

2) Year requirements: MPS requires students to be enrolled in a math course for at least two years in grades nine through twelve for a standard diploma (*state requirement*) and at least three years in grades nine through twelve for an advanced or honors diploma. For example; a student may take Mathematics-I or Algebra I in seventh grade, Mathematics II or Geometry in eighth grade, and Mathematics III or Algebra II in ninth grade. The student still needs to take one more year of math for a standard diploma and two more years of math for an advanced or honors diploma.

3) Course requirements: Students need to complete three years of math courses that include the topics covered in elementary and advanced algebra and two-and-three dimensional geometry before graduation. Integrated math courses fulfill this requirement.

Science Requirement: Two years of college-preparatory laboratory science, including or integrating topics that provide fundamental knowledge in two of these three subjects: biology, chemistry, or physics is required. One year of approved interdisciplinary or earth and space sciences coursework can meet one year of the requirement. Computer Science, Engineering, Applied Science courses can be used in area "d" as an additional laboratory science (i.e., third year and beyond).

Service Learning: Completing 40 hours of community service before graduation is no longer a high school requirement for a standard diploma beginning with the class of 2013. However, MPS encourages students to engage in community service to develop and demonstrate crucial life skills. This will help students gain "real life" experience and develop responsibility, caring and respect for the community. Therefore, students will be required to earn 40 hours of community service before graduation for an advanced or honors diploma. Students may begin to earn these hours once they complete their 8th grade year.

[For High School Only] Cumulative GPA:

A cumulative GPA is calculated for all high school level courses based on the number of credits received and their weighted grade point equivalencies. Cumulative GPAs are used to determine class rank and graduation honors, eligibility for National Honor Society, by colleges as part of the admission criteria, by many scholarship and grant providers, and occasionally, by employers. This information is reported to parents on the student's high school transcript. The high school transcript is a record of all final course grades received for high school courses.

MPS requires a minimum of 2.00 cumulative GPA for graduation, 3.25 for an advanced diploma, and 3.50 for an honors diploma.

All graduating students who are eligible to receive an Honors diploma with a cumulative GPA of 4.0 or above shall be designated as the Valedictorian. Cumulative GPA computation for Valedictorian shall be based upon student's projected grades as of the first of June prior to the date of graduation.

Note: UC/CSU systems do their own GPA calculations for a-g courses taken between the summer following 9th grade through the summer following 11th grade in calculating a student's GPA. Please see your high school college counselor for further details.

Language other than English (LOTE) Courses: MPS will allow other options to satisfy the "e"-LOTE requirement for graduation. Completion of higher-level LOTE coursework with a grade of C or higher may validate D or F grades earned in lower-level courses or when a lower-level course is skipped. Please check UC Admissions website for details of course validation. UC-transferable college courses or satisfactory scores on SAT Subject, AP or IB exams can also be used to fulfill the LOTE subject requirement.

Generally, bilingual students are considered to have met the "e" subject requirement and may choose not to enroll in LOTE courses. Students who elect not to take courses in a LOTE may satisfy the "e" requirement (*for all diploma types*) by one of the following methods:

- Formal schooling in a language other than English – Students who have completed two years of formal schooling at the sixth-grade level or higher in a school where a LOTE was used as the medium of instruction have met the LOTE requirement. A school transcript or other official document is required.
- Assessment by a recognized test or University – Earning a satisfactory score on a SAT Subject, AP or IB exam, or a proficiency test administered by a UC campus or other university can demonstrate a student's proficiency in a LOTE. Most language departments at universities will conduct an assessment and issue a statement of competency on official letterhead serving as certification.
- Certification by high school principal – In cases where the options above are not available, certification by the high school principal is acceptable. Principals should develop and maintain clear standards for providing this certification. Certification should be based on the judgment of language teachers, advice of professional or cultural organizations with an interest in maintaining language proficiency, or other appropriate sources of expertise. The principal notes the certification of competency on the student's transcript with the language and level of proficiency.

Credit Acceptance: Students transferring to MPS from another accredited school, private or public, a home school, or an alternative school, will receive credit toward graduation for courses successfully completed in the sending school.

These courses will appear on student's transcript as they are transferred and will be included in cumulative GPA calculations. Upon review and approval by the school administration, students transferring to MPS from a non-accredited school may receive credit toward graduation within the following guidelines:

Documentation must be provided to MPS by the sending school as to the course of study the student followed, materials used, course description, total number of contact hours per course, grading criteria, teacher name and qualifications, student work or projects, and scores of any standardized tests the student has taken. Grades from such courses will not be included in cumulative GPA calculations.

Normally, students may not retake courses that they have already passed and for which they have earned credit. Credit is not awarded for classes repeated to raise a grade unless the grade previously earned was a Fail (F) or Incomplete (I). However, the school administration reserves the right to final decision in case of any extenuating circumstances. Extenuating circumstances may include foreign transcripts, transcripts from non-accredited schools, college courses, ESL/ELD courses, and other approved courses on a case-by-case basis. Please consult with the school administration. If the school administration allows repeat of a course for extenuating circumstances, MPS will use the new grade when calculating the student's GPA. However, the repeated grade will not be used in calculating the "a-g" GPA for UCs if a student repeats a course used to satisfy the "a-g" requirement in which the student originally earned a grade of C or higher.

Credit Recovery: A high school student who fails a course at MPS is expected to take full responsibility for their personal credit recovery process. Following are some recovery options:

Summer School: Students can take a summer school course at any public school to recover missing credits. MPS may offer summer school depending on student needs and availability of teachers and resources.

Online Courses: Students who are credit deficient may enroll in accredited online courses to recover missing credits. Some examples to accredited online course providers are: APEX Learning, FuelEd, BYU, etc. College counselor's approval is necessary in order for the grade of an online course to be included in cumulative GPA calculations.

College Dual Enrollment: Students may enroll in a post-secondary course creditable toward high school completion. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations.

WASC Accreditation & Transferability of Courses:

All MPS schools are WASC-accredited and all A-G courses of MPS are transferable to other public schools and meet the rigorous requirements for admission to both the UC and state university systems. Every transfer student will participate in an intake meeting which includes a review of his/her transcript and tracking towards graduation. Every exiting student will also receive a transcript to provide him/her with an official record of courses completed and credits earned. In addition, the school's master schedule will be informed by student needs to ensure sufficient intervention opportunities are available for the student population. Please contact your MPS school's Dean of Academics & College Counselor for further information.

Advanced Placement (AP) Courses: MPS will offer Advanced Placement (AP) classes depending on student needs/demands and availability of teachers and resources. AP courses are college-level courses, taught with college textbooks and exams that can give students college credit in the form of advanced standing when they enter their freshman year. Students have to pass the corresponding AP test in order to get college credit.

Dual Enrollment: Dual enrollment is a program that allows eligible high school students to enroll in a college course. Dual enrollment eliminates duplication of coursework between high school and college and allows students to earn their college degree in less time, save money, and experience the college environment. Junior and senior high school students who have demonstrated academic, personal and social maturity are welcome to apply. Students should visit their high school college counselor prior to the beginning of the semester to seek permission for enrolling and complete a dual enrollment registration / parent consent form.

If a student wishes to receive high school credit for a college class, a 3.0 unit or more one-semester college class will earn two semesters worth of high school credit (10.0 credits). The following table will be used for conversion of college units to high-school credits:

College units	High school credits
1 semester college unit or 1-2 quarter college units	2.5 high school credits
2 semester college units or 3 or more quarter college units	5.0 high school credits
3 or more semester college units	10.0 high school credits

To determine how a college course fulfills a high school requirement see your high school college counselor. College counselor's approval is necessary in order for the grade of a college course to be included in cumulative GPA calculations. *Academic college courses that meet the University of California "a-g" requirements will be given a weighted grade*

point on the high school transcript and included in cumulative GPA calculations.

All students in grades 11 and 12 are required to be enrolled in at least five courses each semester. These courses can be classroom-based courses taken at MPS, online courses provided by MPS or approved online course-providers, CSU, UC or community college courses, and other courses and activities for which academic credit will be provided upon satisfactory completion. MPS requires that the average number of minutes of attendance in any two consecutive schooldays is no less than 240 and minutes of attendance in any one school day is no less than 180.

Please see your high school college counselor for further details and a copy of the MPS Dual and Concurrent Enrollment Policy and Form.

Counseling programs:

MPS offers a comprehensive counseling and guidance program addressing personal/social, career, and academic needs for all grades. Students may sign up to see the counselor at any time to discuss personal or academic concerns. Social skills, career, and college planning lessons will be provided by the counselor at various times throughout the school year depending on grade level, need etc. The counseling office provides the following resources:

- Academic advising
- College planning resources
- Scholarship information
- SAT/ACT test dates and materials
- Career planning resources
- Conflict resolution
- Family resources
- Counseling resources

Students who wish to see the counselor can make an appointment. Parents are always welcome to make an appointment to see the counselor. All information discussed is confidential except when it involves your safety or the safety of someone else.

MPS adheres to the National Counseling Standards. The standards are as follows:

Academic Development

Standard A: Students will acquire the attitudes, knowledge, and skills that contribute to effective learning in school and across the life span.

Standard B: Students will complete school with the academic preparation essential to choose from a wide range of substantial post-secondary options, including college.

Standard C: Students will understand the relationship of academics to the world of work and home and community life.

Career Development

Standard A: Students will acquire the skills to investigate the world of work in relation to knowledge of self and to make informed career decisions.

Standard B: Students will employ strategies to achieve future career success and satisfaction.

Standard C: Students will understand the relationship between personal qualities, education and training, and the world of work.

Personal/Social Development

Standard A: Students will acquire the attitudes, knowledge, and interpersonal skills to help them understand and respect self and others.

Standard B: Students will make decisions, set goals, and take necessary action to achieve goals.

Standard C: Students will understand safety and survival skills.

PSAT/NMSQT Tests & Applications:

MPS is dedicated to providing a comprehensive college preparatory program that facilitates students' ambitions to pursue higher education at the nation's top universities and colleges. As part of this process, grades 9 through 11 are required to take the PSAT/NMSQT test in Fall.

PSAT/NMSQT stands for Preliminary SAT/National Merit Scholarship Qualifying Test. It is a standardized test that provides firsthand practice for the SAT Reasoning Test.™ It also gives the students a chance to enter National Merit Scholarship Corporation (NMSC) scholarship programs.

The PSAT/NMSQT measures:

- critical reading skills;
- math problem-solving skills; and
- writing skills.

The most common reason for taking the PSAT/NMSQT is for the students to receive feedback on their strengths and weaknesses on skills necessary for college study. Students can then focus their preparation on those areas that could most benefit from additional study or practice.

Cal Grant program for College

A Cal Grant is money for college that does not have to be paid back. To qualify, a student must meet the eligibility and financial requirements as well as any minimum grade point average (GPA) requirements. Cal Grants can be used at any University of California, California State University or California Community College. Some independent and career colleges or technical schools in California also take Cal Grants.

In order to assist students to apply for financial aid, all grade 12 students are automatically considered a Cal Grant applicant and each grade 12 student's GPA will be submitted to the California Student Aid Commission ("CASC") electronically by a school or Home Office official. A student, or the parent/guardian

of a student under 18 years of age, may complete a form to indicate that he/she does not wish for the school to electronically send CASC the student's GPA. Until a student turns 18 years of age, only the parent/guardian may opt out the student. Once a student turns 18 years of age, only the student may opt himself/herself out, and can opt in if the parent/guardian had previously decided to opt out the student. All grade 12 students' GPA will be sent to CASC by October 1. The Cal Grant application submission deadline is October 1 of the grade 12 year.

E. ATTENDANCE

It is the intent of the Governing Board of the Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to ensure that students attend school every day on time. Consistent school attendance is critical to school success. Being present for classroom instructional time is essential for students to reach their goals and achieve their dreams. Chronic absenteeism has been linked to an increased likelihood of poor academic performance, disengagement from school and behavior problems.

Excused Absences/Tardies for Classroom Based Attendance

Absence from school shall be excused only for health reasons, family emergencies and justifiable personal reasons, as permitted by law or Board policy.

A student's absence shall be excused for the following reasons:

1. Personal illness;
2. Quarantine under the direction of a county or city health officer; communicable diseases exclusion
3. Professional appointments such as medical, dental, optometric, or chiropractic appointments:
 - a. Insofar as class participation is an integral part of students' learning experiences, parents/guardians and students shall be encouraged to schedule medical appointments during non-school hours.
4. Attendance at funeral services for a member of the immediate family:
 - a. Excused absence in this instance shall be limited to one (1) day if the service is conducted in California or three (3) days if the service is conducted out of state.
 - b. "Immediate family" shall be defined as mother, father, grandmother, grandfather, spouse, son/son-in-law, daughter/daughter-in-law, brother, sister or any relative living in the student's immediate household.

5. Participation in religious instruction or exercises in accordance with MPS policy:
 - a. The student shall be excused for this purpose on no more than four school days per month.

In addition, a student's absence shall be excused for justifiable personal reasons such as:

1. Appearance in court;
2. Attendance at a funeral;
3. Observation of a holiday or ceremony of his/her religion;
4. Attendance at religious retreats for no more than four hours during a semester;
5. Attendance at the pupil's naturalization ceremony to become a United States citizen;
6. Attendance at legal/immigration meeting, appointment or interview
7. Attendance at an employment conference;
8. Take Our Daughters and Sons to Work Day.

Other reasons will be considered that are requested in writing and approved by MPS. If the excuse is not one of the valid excuses listed above, the MPS administrators are authorized to excuse school absences due to the pupil's circumstances on a case-by-case basis.

Unexcused Absences/Tardies for Classroom Based Attendance

Students will be marked unexcused if they:

1. Do not bring a written note within two (2) school days following an absence;
2. Leave school without signing out at the school office;
3. Are absent from class without teacher permission, including walking out of class;
4. Are absent from class without parent permission, (except students who are being excused to receive confidential medical services without parental permission);
5. Get a pass to go to a certain place but do not report there; and/or
6. Are absent/tardy for reasons **not acceptable** to the administration including but not limited to:
 - Not waking up on time
 - Transportation problems (missing the bus, traffic, etc.)
 - Running errands for family
 - Work
 - Babysitting
 - Hair appointment
 - Needed at home
 - Vacations or trips
 - Athletic workout
 - Socializing/Lingering in the hallway

Method of Verification

A parent/guardian must inform the MPS main office via phone of their child's absence/tardy the morning of

the absence/tardy. When students who have been absent return to school, they must present a satisfactory explanation verifying the reason for the absence/tardy within two (2) school days of the excused absence and/or upon the student's return. If a satisfactory explanation is not provided within two (2) school days of the absence/return, the absence will be marked as "unexcused." The following methods may be used to verify student absences/tardies:

1. Signed, written note from parent/guardian, parent representative;
2. Conversation, in person or by telephone, between the verifying employee and the student's parent/guardian or parent representative. The employee shall subsequently record the following:
 - a. Name of student;
 - b. Name of parent/guardian or parent representative;
 - c. Name of verifying employee;
 - d. Date or dates of absence; and
 - e. Reason for absence.
3. Visit to the student's home by the verifying employee, or any other reasonable method, which establishes the fact that the student was absent for the reasons stated. A written recording shall be made, including information outlined above.
4. Healthcare provider verification
 - a. When excusing students for confidential medical services or verifying such appointments, MPS staff shall not ask the purpose of such appointments but may contact a medical office to confirm the time of the appointment.
 - b. A healthcare provider's note of illness will be accepted for any reported absence. When a student has had twenty (20) absences in the school year verified by methods listed in #1-#3 above without a healthcare provider's note, any further absences for illness must be verified by a healthcare provider.

Students should not be absent from school without their parents/guardians' knowledge or consent except in cases of medical emergency. Student absence for religious instruction or participation in religious exercises away from school property may be considered excused subject to administrative regulations and law.

Students that arrive to school late must report to the main office when he or she arrives. If the student fails to do this, he or she will receive an unexcused tardy. If the student fails to present a satisfactory explanation verifying the reason for the tardy, he or she will receive an unexcused tardy. The student will

be given a "late slip" from office staff to be admitted to class.

Extracurricular Activities

When a student misses ten (10) unexcused absences/tardies in a semester, he or she may not be allowed to participate in any extracurricular activities in that semester. Special circumstances with documented explanations should be reviewed with the administration. After twenty (20) unexcused absences/tardies within the school year, the student will not be allowed to walk on stage for promotion/graduation as well as participate in any culminating activities, i.e., prom or graduation night.

Make up Work for Excused Absences

An absence from school, even for several days, does not excuse students from responsibilities in the classroom. On the day of return, it is the students' responsibility to find out what work is required and when the work needs to be completed. Students will be given the same number of days they were absent to make up missed work. For students with excused absences, make-up tests will be scheduled at a time designated by the teacher or as outlined in the teacher's syllabus. It is the students' responsibility to take the test at that time. If the student fails to do this, the teacher is not obligated to set another time for make-up. Please check teacher's syllabus and make sure for their individual policy.

Independent Study Policy

Students with a legitimate need for an extended absence can enroll in independent study. Please see the main office of your MPS school for the independent study policy.

Unexcused Absences/Truancy for Classroom Based Attendance

Each person between the ages of 6 and 18 years old is subject to compulsory full-time education. (Education Code sections 48200 and 48410). Students shall be classified as "truant" if the student is absent from school without a valid excuse three (3) full days in one school year, or if the student is tardy or absent for more than any 30-minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof. (Education Code section 48260). Such students shall be reported to the MPS Principal or designee.

In addition, students shall be classified as a "chronic truant" if the student is absent from school without a valid excuse for 10 percent or more of the school days in one school, from the date of enrollment to the current date. (Education Code section 48263.6).

The MPS Principal or designee, shall implement positive steps to reduce truancy, including working with the family in an attempt to resolve the attendance problem. A student's progress and learning may be affected by excessive unexcused absences. In addition, MPS is fiscally dependent on student attendance and is negatively impacted by excessive unexcused absences. If all attempts to resolve the student's attendance problem are unsuccessful, MPS will implement the processes described below.

PROCESS FOR UPHOLDING THE ATTENDANCE POLICY

First Day of School Process:

When students are not in attendance on the first five (5) consecutive days of school, MPS will attempt to reach the parent/guardian on a daily basis for each of the first five days to determine whether the student has an excused absence, consistent with the process outlined in this policy. If the student has a basis for an excused absence, parents must notify MPS of the absence and provide documentation consistent with this policy. However, consistent with process below, students who are not in attendance due to an unexcused absence by the fifth day of school will be voluntarily disenrolled from the MPS roster, as it will be assumed that the student has voluntarily chosen another school option.

1. Students who are not in attendance on the first day of school will be contacted by phone to ensure their intent to enroll.
2. Students who have indicated their intent to enroll, but have not attended by the third day will receive a letter indicating the student will be disenrolled after the fifth day of school if the student has not attended school without valid excuse.
3. Students who have indicated their intent to enroll, but have not attended by the fifth day will receive a phone call reiterating the content of the letter.
4. Students who have not attended by the sixth day, and do not have an excused absence as defined above for not being in attendance will be disenrolled from the roster.
5. MPS will use the contact information provided by the parent/guardian in the registration packet.
6. The District of Residence will be notified of the student's failure to attend MPS and the voluntary disenrollment.

Truancy Process:

1. Each of the first two (2) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. The student's classroom teacher may also call home.

2. Each of the third (3rd) and fourth (4th) unexcused absences or unexcused tardies over 30 minutes will result in a call home to the parent/guardian by the MPS Principal or designee. In addition, the student's classroom teacher may also call home and/or MPS may send the parent an e-mail notification. In addition, upon reaching three (3) unexcused absences or unexcused tardies over 30 minutes in a school year, the parent/guardian will receive "Truancy Letter #1" from MPS. This letter shall also be accompanied by a copy of this Attendance Policy. This letter, and all subsequent letter(s) sent home, shall be sent by Certified Mail, return receipt requested, or some other form of mail that can be tracked.
3. Upon reaching seven (7) unexcused absences or unexcused tardies over 30 minutes, the parent/guardian will receive "Truancy Letter #2 – Conference Request," and a parent/guardian conference will be scheduled to review the student's records and develop an intervention plan/contract. In addition, MPS will consult with a school counselor regarding the appropriateness of a home visitation and/or case management.
4. Upon reaching ten (10) unexcused absences or unexcused tardies over 30 minutes, the student will be referred to a Student Support and Progress Team (SSPT) and the MPS Attendance Review Team (SART). In addition, the parent/guardian will receive a "Habitual Truancy Re-classification Letter #3," and will be asked/invited to attend a presentation regarding chronic absenteeism.

Student Attendance Review Team (SART)

5. The SART panel can include, but is not limited to, the following school members: School Administrators, School Psychologist, Counselor, Nurse, Psychiatric Social Worker, Attendance Clerk, Intervention Teacher(s), MPS Director of Student Services or designee, PSAC or designee. The panel may be composed of any individual who is working with the family and has a viable interest in the student's school attendance. The SART panel will discuss the absence problem with the Parent/Guardian to work on solutions, develop strategies, discuss appropriate support services for the student and his/her family, and establish a plan to resolve the attendance issue.
 - a. The SART panel shall direct the parent/guardian that no further unexcused absences or tardies can be tolerated.
 - b. The parent shall be required to sign a contract formalizing the agreement by the parents to improve the child's attendance or

face additional administrative action. The contract will identify the corrective actions required in the future, and indicate that the SART panel shall have the authority to order one or more of the following consequences for non-compliance with the terms of the contract:

- i. Parent/guardian to attend school with the child for one (1) day
 - ii. Student retention
 - iii. After school detention program
 - iv. Required school counseling
 - v. Loss of field trip privileges
 - vi. Loss of school store privileges
 - vii. Loss of school event privileges
 - viii. Required remediation plan as set by the SART
 - ix. Notification to the District Attorney
 - c. The SART panel may discuss other school placement options.
 - d. Notice of action recommended by the SART will be provided in writing to the parent/guardian.
6. If the conditions of the SART contract are not met, the student may incur additional administrative action up to and including disenrollment from MPS and notification of the disenrollment sent to the student's district of residence.
 7. For all communications set forth in this process, MPS will use the contact information provided by the parent/guardian in the registration packet. It is the parent's or guardian's responsibility to update MPS with any new contact information.
 8. If student is absent ten (10) or more consecutive school days without valid excuse and parent/guardian cannot be reached at the number or address provided in the registration packet and does not otherwise respond to MPS' communication attempts, as set forth above, the student will be in violation of the SART contract, and the SART panel will recommend that the student be deemed to have voluntarily disenrolled and notification of the disenrollment be sent to the student's district of residence.

Removal from Charter School

If, after the above procedures have been followed, the student continues to have unexcused absences or tardies, the parent/guardian may receive notice that the student is in violation of the SART contract. The student will then be required to appear before the SART panel again to discuss the unexcused

absences or tardies. After such meeting, or after reasonable attempts by the SART panel to schedule the meeting if the parent/guardian is nonresponsive, the SART panel may recommend that the student be deemed to have voluntarily disenrolled from MPS. The parent will receive written notice of the SART panel's recommendation.

The SART panel shall then forward its recommendation to the MPS CEO or designee for review of the matter and final decision. If the MPS CEO or designee makes the decision to disenroll, notice will be sent to the student's district of residence within thirty (30) days. The MPS CEO or designee decision not to disenroll the student does not prevent the SART panel from making a similar recommendation in the future.

Referral to Appropriate Agencies or County District Attorney:

It is MPS' intent to identify and remove all barriers to the student's success, and MPS will explore every possible option to address student attendance issues with the family. For any unexcused absence, MPS may refer the family to appropriate school-based and/or social service agencies.

If a child's attendance does not improve after a SART contract has been developed according to the procedures above, or if the parents fail to attend a required SART meeting, MPS shall notify the District's Attorney's office, which then may refer the matter for prosecution through the court system. Students 12 years of age and older may be referred to the juvenile court for adjudication.

These policies will be enforced fairly, uniformly, and consistently without regard to the characteristics listed in Education Code Section 220 (actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code or association with an individual who has any of the aforementioned characteristics).

Reports

The MPS Principal, or designee, shall gather and report to the Board the number of absences both excused and unexcused as well as students who are truant, and the steps taken to remedy the problem.

II. DISCIPLINE POLICIES

Magnolia Public Schools Student Code of Conduct:

MPS is committed to excellence in academic instruction and in cooperating with parents/guardians to teach students the behaviors and skills that support social successes throughout life. To accomplish this goal, MPS is taking a proactive approach to teaching social skills as a significant component of the educational program. The curriculum includes teaching of the behaviors necessary for effective and satisfying social interaction in school, on field trips, in the community, and at home.

Uniform and Personal Appearance:

The uniform policy at MPS helps create a safe and orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are required to arrive in uniform every day except for "free dress days".

All MPS students are required to wear the school uniform at all times including during the afterschool tutoring/activities. Refer to Student Uniform Policy on later pages.

C. MULTI-TIERED SYSTEM OF RESPONSE TO BEHAVIOR

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all stakeholders.

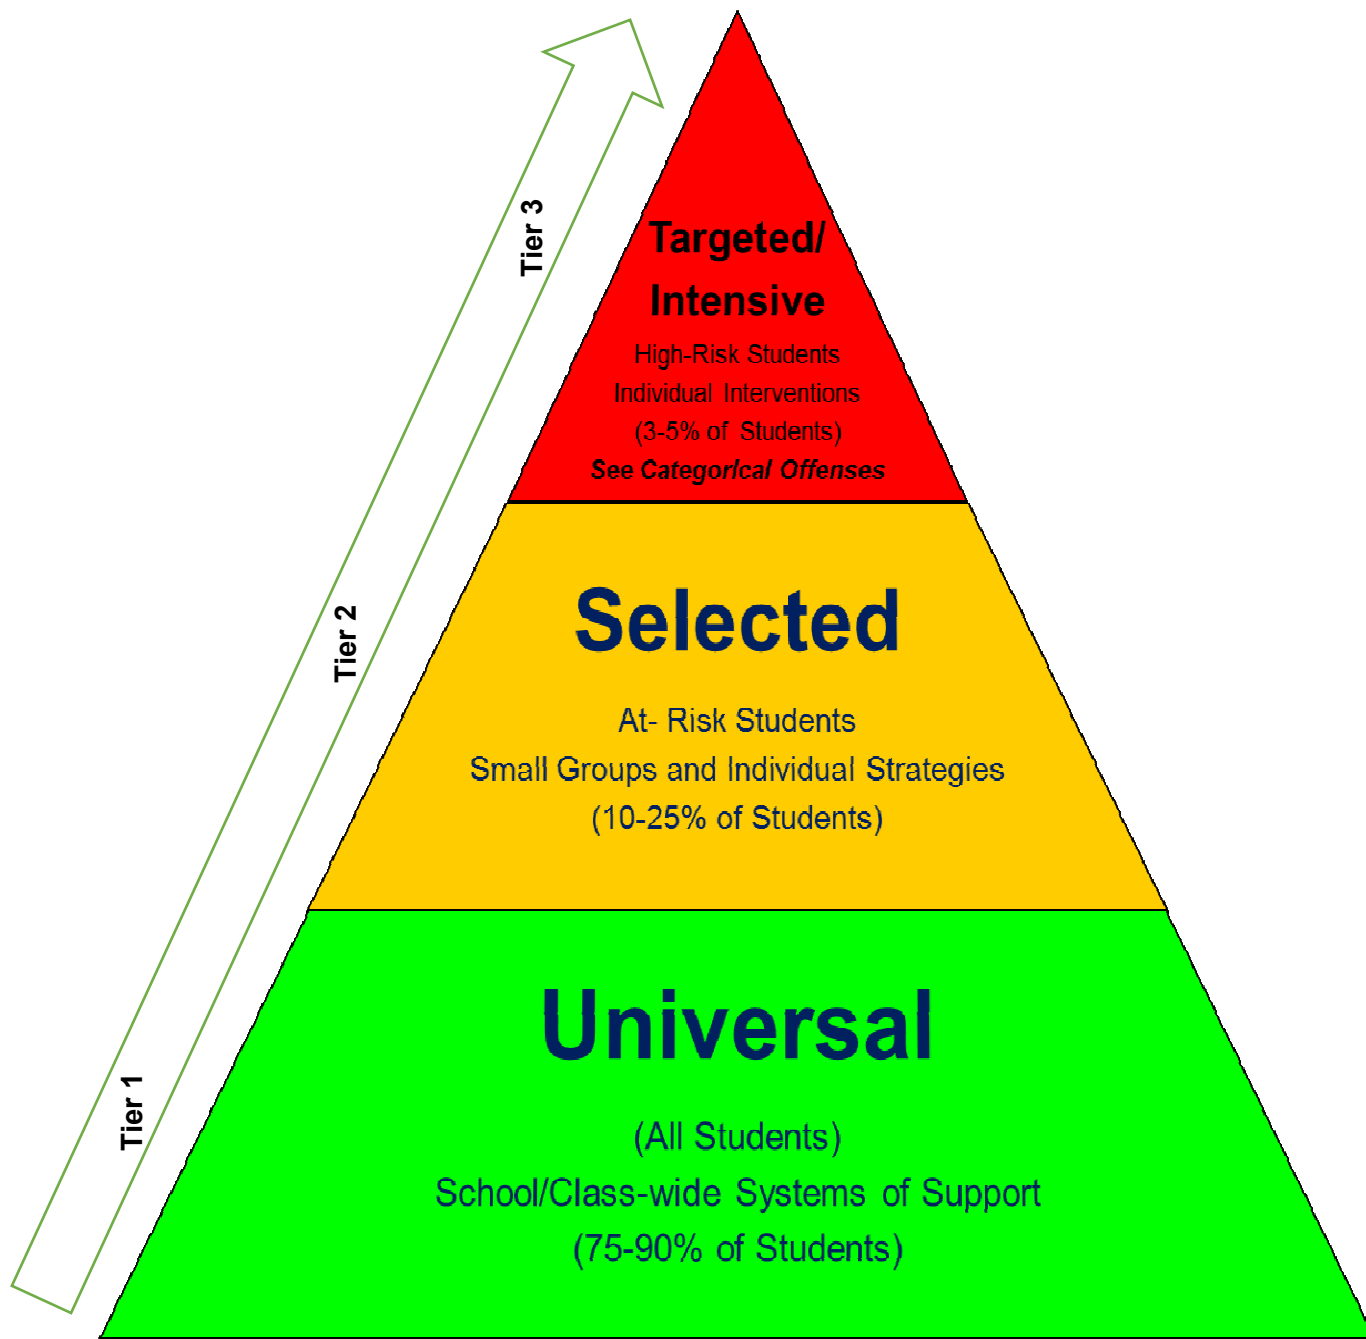

All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted

that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption on the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of student to lawful student expression, as outlined in the MPS Student Expression Policy available in the office of each MPS school.

The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS' system of response to behavior.

This policy shall serve as MPS' policy and procedures for student suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

This Policy and its Procedures will clearly describe discipline expectations, and it will be printed and distributed as part of the Student Handbook which is sent to each student at the beginning of the school year. If a student has an IEP, that IEP and any applicable behavior plan shall be followed, accordingly to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation, and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See also Section D: Suspension and Expulsion Procedures, below, for more information.

D. SUSPENSION AND EXPULSION PROCEDURES

The following Student Suspension and Expulsion Policy has been established in order to promote learning and protect the safety and well-being of all students at MPS. Staff shall enforce disciplinary rules and procedures fairly and consistently among all students. In creating this policy, the Charter School has reviewed Education Code Section 48900 et seq. which describes the non-charter schools' list of

- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues on the school information system, but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following are list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean of Students/Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection:

Reflection will be held on assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls or notes will be accepted for this request.

In School Suspension (ISS):

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. Student is expected to complete their classroom assignments and school community service during ISS.

SUSPENSION PROCEDURES

Suspensions shall be initiated according to the following procedures:

Conference

Suspension shall be preceded, if possible, by a conference conducted by the Principal or the Principal's designee with the student and his or her parent and, whenever practical, the teacher, supervisor or school employee who referred the student to the Principal. The conference may be omitted if the Principal or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense.

This conference shall be held within two school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization.

No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with school officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

Notice to Parents/Guardians

At the time of suspension, the Principal or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice will also state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice will request

that the parent/guardian respond to such requests without delay.

Suspension Time Limits

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. A student may be suspended from school for not more than 20 school days in any school year unless, for purposes of adjustment, the student enrolls in or is transferred another regular school, an opportunity school, or continuation school or class, in which case suspension shall not exceed 30 days in any school year. However, this restriction on the number of days of suspension does not apply when the suspension is extended pending an expulsion. (Education Code 48903, 48911, 48912)

Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will be comprised of at least one school administrator, and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings. Charter School shall make arrangements to provide the student with classroom materials and assignments for the duration of student's absence. Student will be provided the opportunity to make academic progress, make up assignments, and earn credit missed.

Notwithstanding the foregoing, the Charter School will maintain student records in accordance with Education Code Section 49602 and 5 CCR 16024.

Recommendation for Placement/Expulsion

Upon a recommendation of Placement/ Expulsion by the Principal, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. This determination will be made by the

Principal upon either of the following determinations: (1) the student's presence will be disruptive to the education process; or (2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

Access to Education

For suspensions that are not pending an expulsion hearing, Charter School shall make arrangements to provide the student with classroom material and current assignments to be completed at home during the length of the suspension. For suspensions pending an expulsion hearing, Charter School shall be responsible for the appropriate interim placement of students. Please see "Interim Placement" below for details.

EXPULSION PROCEDURES

Authority to Expel

A student may be expelled by an Administrative Panel following a hearing before it. The Administrative Panel will include three or more certificated persons, none of whom have been members of the Board or on the staff of the school in which the student is enrolled. It is important for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Hearing

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. The hearing shall be held within thirty (30) school days after the Principal determines that the Student has committed an expellable offense.

After an Administrative Panel hears the case, it will make a determination whether to expel.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of MPS' disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the school to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

MPS may, upon finding a good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations which shall be examined only by the Board, administrative panel, or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the person or panel conducting the hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.
4. The person conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The person conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the person presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The person conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial

risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are not alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Expulsion Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay and sworn declarations may be admitted as testimony from witnesses of whom the Board, Panel or designee determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the accused student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to his/her educational program.

Written Notice to Expel

The Principal or designee following a decision of the Administrative Panel to expel shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the District upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the

appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within ten (10) calendar days of receipt of a timely written request for an appeal.

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and the Charter School. That decision shall be final.

Interim Placement

Charter School shall be responsible for the appropriate interim placement of students during and pending the completion of the Charter School's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

Charter School shall work with the District for an interim placement or other alternative program. Should Charter School determine after the referral that the student will remain at the charter school pending the expulsion hearing based on the best interest of the student, or if Charter School secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, Charter School will notify the District of such determination.

ADDITIONAL PROVISIONS

Bullying

The Charter School shall comply with all applicable requirements of the Safe Place to Learn Act, Education Code section 234 *et seq.* MPS' policy on bullying prohibits discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified in the definition of hate crimes. MPS' process for receiving and investigating complaints includes complaints of discrimination, harassment, intimidation, and bullying based on actual or perceived characteristics, as specified, and a requirement that Charter School personnel who witness such acts take immediate steps to intervene when safe to do so, a timeline to investigate and resolve complaints, and an appeal process.

Special Procedures for the Consideration of Suspension and Expulsion of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student who the Charter School or SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/ Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

- a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
- b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

- a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
- b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
- c. Return the child to the placement from which the child was removed, unless the parent and the Charter School agree to a change of

placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and the Charter School agree otherwise.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

- a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
- b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
- c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEIA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

- a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
- b. The parent has requested an evaluation of the child.
- c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEIA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Required Notification

If a pupil is expelled or leaves the Charter School without graduating or completing the school year for any reason, the Charter School shall notify the superintendent of the school district of the pupil's last known address within 30 days, and shall, upon request, provide that school district with a copy of the cumulative record of the pupil, including a transcript of grades or report card and health information.

GENERAL POLICIES

A. SCHOOL ACTIVITIES

MPS will offer a range of activities that will enrich student development during and after school. Because the safety of students is very important to us, specific rules will apply to these activities.

Athletic Activities:

The Charter School complies with Education Code Section 49475 regarding student athletes who sustain concussions. A concussion is a brain injury that can be caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. Even though most concussions are mild, all concussions are potentially serious and may result in complications, including prolonged brain damage and death if not recognized and managed properly. MPS offers an athletic program, and so we must immediately remove from the school-sponsored athletic activity for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during that activity. The athlete may not return to that activity until he or she is evaluated by, and receives written clearance from, a licensed health care provider. If the licensed health care provider determines the athlete has a concussion or head injury, the athlete shall also complete a graduated return-to-play protocol of no less than 7 days in duration under the supervision of a licensed health care provider.

Additionally, on a yearly basis, MPS must provide a concussion and head injury information sheet to athletes, which must be signed and returned by the athlete and the athlete's parent/guardian before the athlete initiates practice or competition. This requirement does not apply to an athlete engaging in an athletic activity during the regular school day or as part of a physical education course. MPS shall distribute this information sheet to athletes prior to the start of the athletic season. Copies are also available in the main office of each MPS school.

Additionally, those wishing to participate in athletics at MPS, must review the information sheet on sudden cardiac arrest and return the signed information sheet to the main office of each MPS school. The information sheet is located at: <https://www.cde.ca.gov/pd/ca/pe/documents/pescaform.pdf>.

Field Trips:

Field Trips offer exciting ways to learn. MPS students may have the opportunity to go on field trips at various times throughout the school year.

MPS plans many field trips, weekend getaways, summer camp, and the Europe Trip during spring break.

Students must bring to school a Field Trip Permission Slip signed by a parent or guardian by the specified date. Phone calls will not be accepted as permission for students to attend.

Academic Tutoring Program:

- Tutoring will be available as part of the MPS after-school program.
- Students can receive tutoring from faculty and volunteers from local universities.
- The program will benefit all students.
- The sessions will generally occur after school; some may be scheduled on the weekends.
- Upon availability, Saturday tutoring is available to all students who wish to improve their academic skills. We offer math and SAT/ACT prep. All students are welcome to join at specified times.

After School Activities:

MPS offers a variety of after school tutoring, clubs, sports, and activities for all students free of charge. There is no better way for students to enrich their education than by taking part in clubs, after-school activities or working with a teacher (Tutoring). These opportunities allow students to explore more deeply things they already enjoy and to try other areas that sound interesting. Students who stay for an after-school activity must follow these rules:

- Be with a teacher or other staff member at all times.
- Arrange to have their transportation pick them up at the end of the activity.
- Abide by the MPS code of student conduct and all school rules and policies as outlined in the handbook while participating in the activity.

Students who are disruptive, disrespectful, or who do not follow the rules will be prohibited from participating in the after-school program.

Students not participating in after school activities may not stay after school to wait for another student.

A full list and description of after school clubs and activities will be posted after school starts. We strongly encourage our students to explore and take advantage of these after school opportunities.

MPS is not responsible for students on campus who are not participating in after school activities or who remain on campus after the completion of the after-school activity. Those students must leave the campus within ten minutes of school or after dismissal time. Following is the MPS policy regarding students left on campus after school hours. Contact the office of each MPS school for more information.

POLICY REGARDING STUDENTS LEFT ON CAMPUS AFTER SCHOOL HOURS

MPS is committed to providing a safe campus for all students. When students are left on school property

after the close of business hours, MPS will follow certain steps to ensure students are safe until their parents/guardians come to pick them up. In the event students are left on campus after school hours, MPS staff will:

1. Notify the principal or designee immediately.
2. Attempt to reach parents/guardians through the phone number provided to the School by parents/guardians at the beginning of the year. This may include contacting any emergency contact(s) listed for the student.
3. If a staff person becomes aware a child is on campus more than ten minutes after dismissal of the regular school day or after school activity, the staff person or another employee will remain on site until an adult, including but not limited to an emergency contact, police officer, or social worker, retrieves the student.
4. Notify the principal or designee after the ten (10) minutes after dismissal has passed if there is a possibility that law enforcement may be called to assist the student.
5. As a last resort, contact law enforcement and/or child welfare services who may remove the student and may assume responsibility for the student until the parent/guardian retrieves the student.
6. In cases of repeated incidents where parents/guardians have been late in picking up their child, notify the parents/guardians in writing of parental responsibilities and consequences for their child. A consequence may include: refusal to allow the student to attend after school programs if the parent is repeatedly late in retrieving the child.

Students should not be dropped off more than thirty (30) minutes early for School. The School will open its doors at 7:30 a.m. and at this time students will be supervised by School staff. All students that arrive before 7:30 a.m. will be unsupervised and the School will not be responsible for the safety and well-being of these students. (Each individual MPS school may include site-specific amendments into the drop-off, pick-up, and supervision times addressing local issues.)

B. ILLNESS, INJURY, AND MEDICATION POLICIES

MPS does not have a nurse on staff. Consistent with doctor's orders, properly trained office staff can assist students with basic first aid treatment; however, office staff is not registered nurse. Students sent to the office or visiting the office claiming that they are ill will be quickly evaluated by the office staff. If a student needs treatment beyond basic first aid, Parent/Guardian will be contacted to pick him/her up.

Illness or Injury during the school day:

If a student becomes ill or injured during the school day, s/he must report to the Main Office. Do not leave the building without permission. Any absence or departure from class that is not first cleared through the office will be considered unexcused.

Illness at Home:

If a student is not physically well prior to the beginning of the school day, the office should be informed and the student should be kept at home.

Medications:

- Medication shall be administered during school hours only if determined by a physician to be necessary and with parental permission.
- All medications must be in the original container.
- The container must be clearly marked with the student's first and last name.
- A "Request for Medication to be Taken During School Hours" must accompany all medication, containing instructions for administration, including exact times and dosages. The "Request for Medication to be Taken During School Hours" will be filed in the student's folder. This form can be obtained from the Main Office. This form shall be provided at least annually and more frequently if the medication, dosage, frequency of administration, or reason for the administration changes.
- All medications are to be delivered to the Main Office in their original containers, with the name of the student, medication, dosage, and frequency of administration clearly marked. Extra medication should be picked up by the parent/guardian at the completion of the medication regimen or end of the school year, whichever is earlier. The school is not liable for any medication not picked up after the end of the school year.
- MPS staff shall keep records of medication administered at MPS.
- Medication will be kept in a secure and appropriate storage location at each MPS school and administered per physician's instructions by appropriately designated staff.
- Administration will consult with the parent/guardian and student's medical professionals to establish a written plan for Students with chronic health issues or conditions that require specific medication regimens or health plans, such as diabetes, asthma, etc.
- Any pupil requiring insulin shots must establish a plan for administration of insulin shots with the Principal in consultation with the parent or guardian and the pupil's medical professional.

Epinephrine Auto-Injectors:

Trained MPS personnel who have volunteered may use epinephrine auto-injectors to provide emergency medical aid to persons suffering, or reasonably believed to be suffering from, an anaphylactic reaction. MPS will ensure it has the appropriate type of epinephrine auto-injector on site (i.e., regular or

junior) to meet the needs of its pupils. MPS will ensure staff properly store, maintain, and restock the epinephrine auto-injectors as needed.

MPS will ensure any school personnel who volunteer are appropriately trained regarding the storage and emergency use of epinephrine auto-injectors based on the standards developed by the Superintendent of Public Instruction. MPS will distribute an annual notice to all staff describing the request for volunteers who will be trained to administer an epinephrine auto-injector to a person if that person is suffering, or reasonably believed to be suffering from, anaphylaxis. The annual notice shall also describe the training the volunteer will receive.

Contagious Diseases:

If, during the course of the year, a child develops any contagious disease or condition, please notify the school immediately so that precautions can be taken and appropriate notifications sent home.

The School reserves the right to notify the municipal bodies and Department of Health if necessary under federal and state laws.

Diabetes Information Sheet:

MPS will provide an information sheet regarding Type 2 Diabetes to the parent or guardian of incoming 7th grade students, pursuant to Education Code Section 49452.7. The information sheet shall include, but shall not be limited to, all of the following:

1. A description of Type 2 Diabetes.
2. A description of the risk factors and warning signs associated with Type 2 Diabetes.
3. A recommendation that students displaying or possibly suffering from risk factors or warning signs associated with Type 2 Diabetes should be screened for Type 2 Diabetes.
4. A description of treatments and prevention of methods of Type 2 Diabetes.
5. A description of the different types of diabetes screening tests available.

Oral Health Assessment:

Students enrolled in kindergarten in a public school or while enrolled in first grade if the pupil was not previously enrolled in kindergarten in a public school are required to have an oral health assessment completed by a dental professional. Please contact the office if you have questions about this requirement. MPS provides the appropriate forms to incoming students to be completed by the oral health professional to satisfy this requirement. Please see the main office at your MPS school if you need another copy of this form.

Suicide Prevention:

MPS is committed to the safety and wellbeing of all students. Please see a copy of the MPS suicide prevention policy on the MPS website. It is also available at the Main Office.

C. PARENTAL INVOLVEMENT AND SUPPORT

Since your child's education is a continuing process, parent cooperation, support, and assistance are needed if we are to be successful. Together, we can make a positive difference in your children's lives. The following are ways that we can work to fulfill our common goals:

Parents/Guardians are asked to:

- Be a good listener to both your child and the school staff when conflicts arise.
- Be a positive role model for your child.
- Contact the school as necessary.
- Participate as fully as possible in volunteer opportunities, student presentations, parenting programs, special projects, and assembly events.
- Be familiar with MPS student handbook and explain it as necessary.

D. PARENT/TEACHER COMMUNICATION

- Parents are encouraged and are always welcomed to discuss the progress or problems of their children with the school faculty when an appointment is made prior.
- Parents may not disturb a teacher during school hours.
- An appointment is required for all conferences.
- To make an appointment with a teacher, call the main office or email them directly.
- Please do not attempt to have an impromptu conference with a teacher on campus as appointments are mandatory.
- If your question relates to the classroom, please ask the appropriate teacher.
- Any question involving a student's work or behavior must be discussed with the teacher before it is discussed with the administration.
- Parents are expected to make every reasonable effort to cooperate with the teachers and school staff to help their child have a successful educational experience.
- Parents who wish to observe their child's classes need to make arrangements with the teacher whom they like to visit and get approval from administration at least a day prior to their visit.
- Parent/teacher/student conferences are strongly encouraged when an appointment is made prior.

E. HOME VISITS

- Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students. MPS teachers visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family

visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- For most students home and school are two different domains. Especially for minority students even the people, languages, foods, rules, duties, and concerns are different in these two worlds. They do not intersect considerably. Parents and the teachers are critical partners in educating the "whole child." However, parent conferences and other school-hosted meetings do not provide sufficient means for the parties to communicate enough and effectively and to show the student that they are on the same team. Home visits are the teachers' attempt to break the virtual border between the partners, which is most of the time successful.

F. CONTACTING YOUR CHILD DURING SCHOOL HOURS

- Parents/Guardians should only contact the main office if they must leave a message for their child in case of an emergency. Students will not be disrupted during school hours for non-emergency reasons. In case of an emergency, the message will be given to the student by office personnel.
- Parents/Guardians should not contact their child's cellular phone during school hours; students are required to turn off all electronic devices, including cellular phones, and put them away and out of sight.

G. VOLUNTEER, VISITATION, SHADOWING, AND REMOVAL POLICY

MPS encourages parents/guardians and interested members of the community to visit MPS and view the educational program, MPS also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the classroom can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

To ensure the safety of students and staff as well as to minimize interruption of the instructional program, MPS has established the following procedures to facilitate volunteering and visitations during regular school days:

Volunteering Categories and Application Process

A. Certified Volunteers ("C-Volunteers")

- a. Who are C-Volunteers: These are volunteers that would like to volunteer with MPS on an ongoing basis and may have unsupervised exposure or contact with students. Examples may include but are not limited to: classroom volunteers, tutors, field-trip volunteers, etc.

- b. Application Process: C-Volunteers must provide MPS with the following documents:

- Volunteer Application Form (signed)
- Volunteer Commitment Form (signed)
- Fingerprinting and Background Clearance (if volunteering outside of the direct supervision of a credentialed employee)
- Tuberculosis risk assessment or examination
- Valid photo I.D. (driver's license, passport, military ID, US or other government identification)

B. Single Event Volunteers ("SE-Volunteers")

- a. Who are SE-Volunteers: These are volunteers that would like to volunteer at MPS for a one (1) days special event or activity and have no unsupervised exposure or contact with students. Examples may include but are not limited to: guest story reader, guest speaker, senior exhibition panel member, etc.
- b. Application Process: SE-Volunteers are not required to submit a volunteer application but must comply with the Volunteering Guidelines below and provide MPS with a valid photo I.D.

Volunteering Guidelines

Parents or guardians who are interested in volunteering must adhere to the following guidelines:

1. Volunteers must arrange volunteering schedule with the classroom teacher and/or MPS Principal or designee, at least forty-eight (48) hours in advance. Volunteering in class may be limited to certain hours or specific assignments as determined by the classroom teacher(s) or MPS administration.
2. For all prospective volunteers (both C-Volunteers and SE-Volunteers), the MPS Principal or designee will review California Megan's Law online database at <http://www.meganslaw.ca.gov> to ensure that prospective volunteers are not registered sex offenders.

3. Prior to volunteering in the classroom or on campus, the volunteer should communicate with the teacher and/or MPS staff to discuss the expectations for volunteering needs. Classroom volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Classroom volunteers must follow the instructions provided by the classroom teacher or aide. Classroom rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.
 4. Information gained, overheard, or inadvertently acquired by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality and may not be shared with any individual except with the MPS Principal.
 5. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the campus at the main office as indicated below.
 6. Volunteer hours are applied to the non-mandatory 10 hours of volunteering requested pursuant to the Charter Petition/Student-Parent Handbook. All parents are encouraged – but not required – to contribute a minimum of 10 hours per year to the school. No child will be excluded from the Charter School or school activities due to the failure of his or her parent or legal guardian to fulfill the encouraged volunteer hours.
 7. This Policy does not authorize MPS to permit a parent/guardian to volunteer or visit the campus if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.
- advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least three (3) school days in advance. Parents seeking to visit a classroom during school hours must first obtain the written approval of the classroom teacher and the MPS Principal or designee.
2. All visitors shall register in the main office immediately upon entering any school building or grounds when during regular school hours, including immigration enforcement officers. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys), the officer will also be asked to produce any documentation that authorizes school access. MPS shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by MPS. The MPS Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.
- For purposes of school safety and security, the MPS Principal or designee have designated that each visitor wear a visitor's pass/sticker as a visible means of identification for visitors while on school premises.
3. Except for unusual circumstances, approved in advance by the MPS Principal, MPS visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.
 4. While on campus, visitors are to enter and leave classrooms as quietly as possible, not converse with any student, teacher, or other instructional assistant unless

Visitation Guidelines

1. Visits during school hours should first be arranged with the teacher and MPS Principal or designee, at least three (3) school days in

- permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a classroom without the teacher's and MPS Principal's advance written permission.
5. Before leaving campus, the visitor shall sign out of the Visitors Log Book in the main office.
 6. The MPS Principal, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.
 7. The MPS Principal or designee may withdraw consent to be on campus even if the visitor has a right to be on campus whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt MPS' orderly operation. If consent is withdrawn by someone other than the MPS Principal, the MPS Principal may reinstate consent for the visitor if the MPS Principal believes that the person's presence will not constitute a disruption or substantial and material threat to MPS' orderly operation. Consent can be withdrawn for up to fourteen (14) days.
 8. The MPS Principal or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave school grounds. When a visitor is directed to leave, the MPS Principal or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.
 9. Any visitor who is denied registration or has his/her registration revoked may request a conference with the MPS Principal. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the MPS Principal with fourteen (14) days of the denial or revocation of consent. The MPS Principal shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the MPS Principal shall be held within seven (7) days after the MPS Principal receives the request. If no resolution can be agreed upon, the MPS Principal shall forward notice of the complaint to the MPS Board of Directors. The MPS Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.
 10. At each entrance to the campus, signs shall be posted specifying the hours during which registration is required, stating where the office of the MPS Principal or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.
 11. The MPS Principal or designee shall seek the assistance of the police in managing with or reporting any visitor in violation of this Policy.

Shadowing Guidelines

Shadowing gives parents and students an opportunity to observe instruction during an ordinary school day and can help open dialog between parents and students about school. Parents are welcome to shadow their children, that is, to follow them through their school day. In order to maximize the benefits of shadowing, we request that parents adhere to the following guidelines:

- Follow the above procedure for providing three (3) school days advance notice of your visit, signing in at the main office when arriving at MPS, and obtaining a visitor's pass/sticker. Notice of your visit and intent to shadow should be provided by completing the Shadow Request Form, below, and submitting it to MPS at least three (3) school days in advance of your visit.
- Shadowing is not a time for parent/teacher conferences. If you desire a conference, please make prior arrangements with your child's teachers.

USE OF SECURITY CAMERAS AT MAGNOLIA PUBLIC SCHOOLS

The Board of Directors ("Board") of Magnolia Public Schools ("MPS" or the "School") recognizes the value in protecting the health, safety, and welfare of students and staff, and in protecting the community's investment in School owned or leased property and facilities. Upon carefully weighing the privacy rights of students and staff against MPS' duty to provide a safe, secure, and orderly learning and work environment, the Board has resolved to authorize the limited use of security cameras at MPS schools, in school buildings, and upon school grounds pursuant to the following restrictions:

Security Monitoring System

1. "Security Monitoring System" refers to the School's network of security cameras, equipment, and recorded footage.
2. Security cameras may be installed in any public area within a School building and/or upon School grounds where people have no reasonable expectation of privacy including, but not limited to, in classrooms, hallways, cafeterias, libraries, computer labs, parking lots, auditoriums, break rooms, weight rooms, and gymnasiums.
3. Security cameras may not be installed in any area in which individuals possess a reasonable expectation of privacy, such as in restrooms, locker rooms, or private offices.
4. The precise location of security cameras shall be determined by MPS or by the School-site principal with the approval of the Chief Executive Officer ("CEO"). Input from staff members may be sought to determine the most beneficial locations for security cameras. A diagram showing the wiring of the local server for the security monitoring system at the school site shall be shared with the Board prior to the installation of the security monitoring system.
5. Under no circumstances shall MPS' security cameras record, or be equipped to record, audio data. Further, MPS' security cameras are not intended, and shall not be used, for viewing of live footage. Instead, security camera footage shall be recorded to a digital file. Authorized personnel may view security camera footage by accessing the pre-recorded footage saved to a digital file.
6. Security camera footage may be used as evidence in a staff or student disciplinary matter and/or to provide evidence of any unlawful activity in and around School grounds.
7. Absent a reported incident, security camera footage will be erased after thirty (30) days.
8. Under no circumstances will employees make unauthorized copies or duplicates of security camera footage.

9. Any violation of this policy may result in student discipline in accordance with the Parent Student Handbook, or employee discipline, up to and including termination, in accordance with the Employee Handbook.
10. MPS shall notify stakeholders of the use of security cameras on campus in accordance with the law and the requirements outlined in this policy.

Treatment of Recordings

Authorized Personnel

Only authorized MPS employees may access or operate the security camera system. The footage will only be reviewed by authorized employees if a safety or security incident or suspected incident or situation arises and a review of the footage is appropriate. Absent a qualifying safety or security related incident or suspected incident, the security camera footage shall not be reviewed, unless express permission to review the footage is given by the CEO or the Board President. In cases of a malfunction to the security monitoring system, the footage may be accessed to determine functionality.

Security camera footage may only be viewed in the presence of two (2) authorized persons, which shall include the Principal of the School-site and a second person authorized by the CEO. Alternately, the two (2) authorized persons may be configured as the Board President and a second person authorized by the Board President. Both authorized persons must be physically present with two (2) different unique access keys to access the footage.

Any other parties wishing to view the security camera footage shall first obtain the written consent of the CEO, and must meet the requirements of this policy, unless otherwise required by the law, or a court of competent jurisdiction.

Data Storage

Security camera footage shall be stored in a secure location and shall only be accessed by authorized personnel. Security camera footage shall be password protected/encrypted under the direction and support of the MPS IT Director. Additionally, such footage will be stored on a local wired server which will not be connected to an outside server.

Footage of incidents captured by security cameras located on school property may constitute a part of a student's educational record, subject to relevant Board policies and administrative regulations, including applicable record retention policies. Upon the report of an incident or possible incident, only those persons with a legitimate educational purpose shall be permitted to view the recordings, and these requests must be made in writing and approved by the CEO prior to the footage being viewed by such parties. In most instances, the persons with a legitimate purpose will be the CEO, School-site principal, authorized administrative staff, and

authorized MPS area education agency staff members.

Record Keeping

The Principal shall keep a written log of all persons who review the security camera footage at their School-site, including the date and time stamps of the footage under review, the name of the individuals viewing the footage, the date and time the footage was viewed, and the purpose for which the footage was viewed. If the content of the recording becomes the subject of a student or employee disciplinary proceeding, it may be treated like other evidence in that proceeding.

Security camera footage will be stored for thirty (30) days, unless the Principal, CEO, Board President, or other state or federal agency requests that specific footage be preserved for a longer period, in which case the applicable footage will be saved and protected with the same degree of security that other security camera footage is protected. No unauthorized copies of footage or duplicates may be made.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's Family Educational Rights and Privacy Act ("FERPA") Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

In the event footage is used in an employee disciplinary matter, the employee may be given access to the relevant footage at or before the time of discipline. This does not create a right of employees to access or review any other security camera footage.

Under no circumstances will the MPS' security camera footage be duplicated and removed from MPS property except in accordance with this policy, a court order, and/or a valid subpoena.

Notification

MPS shall post security camera signage at all campus and facility entrances disclosing the use of security camera equipment on the premises. Additionally, MPS Home Office shall provide the following annual written notice to students and parents at the affected school-sites:

Dear Students and Parents:

This letter from Magnolia Public Schools ("MPS") is to inform you of the decision by the MPS Board of Directors to authorize the use of security cameras in public areas of your campus, including in and around School

buildings and on School property, including inside School classrooms. The purpose of this program is to promote and maintain a safe, secure, and healthy environment for all students and staff. Private areas of campus, such as restrooms and locker rooms, will not be subject to security camera recording. Additionally, MPS will post signage indicating the areas of campus where security cameras are in use.

This notice hereby notifies students and parents that the video recordings will only be retained if necessary for use in a student disciplinary proceeding or other matters, to the extent permitted by law and as determined necessary by the MPS administration. Further, this notice hereby notifies Students and parents that the content of video recordings may be used in a student's disciplinary proceeding and may be referred to local law enforcement, as appropriate. The content of the video recordings may be a confidential student record and, if so, will be retained with other student records and will be subject to the Family Educational Rights and Privacy Act ("FERPA") requirements.

Parents/Guardians may request to view recordings of their children only in the event the recordings are used in disciplinary proceedings involving their children, and such requests must be made in writing by the Parent/Guardian pursuant to the School's FERPA Policy. Any such request shall be processed pursuant to the School's FERPA Policy and in accordance with any other applicable law. If a Parent/Guardian's request is granted, the faces of other students shown in the recording, who are not children of the requesting parent, will be removed and/or blurred out in order to protect their identities.

Security cameras will not be used to record audio, and footage will be kept private and destroyed after thirty (30) days, unless the preservation of the footage is otherwise needed as discussed above.

Tampering

Students and employees are prohibited from tampering with the MPS' security cameras, systems, and/or footage. "Tampering" includes any unauthorized use, access, or physical damage to the system caused by the student or employee. Students found in violation of this policy will be disciplined in accordance with MPS policies. Any employee found to have tampered with MPS security monitoring system may be disciplined, up to and including termination, and they may also be liable for any damage to the system.

STUDENT TECHNOLOGY USE POLICY AND AGREEMENT

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Magnolia Public Schools ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the school be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Educational Purpose

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of education. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

"Educational purpose" means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

"Inappropriate use" means a use that is inconsistent with an educational purpose or that is in clear violation of this policy and the Acceptable Use Agreement.

Notice and Use

The Charter School shall notify students and parents/guardians about authorized uses of school computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and his/her parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and his/her parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are

harmful to minors. While the Charter School is able to exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence.

To reinforce these measures, the Principal or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall supervise students while they are using online services on campus and may have teacher aides, student aides, and volunteers assist in this supervision.

The Principal or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Principal or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying. Students are expected to follow safe practices when using Charter School technology.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Principal or designee shall block access to such sites on Charter School computers with Internet access. The Principal or designee shall

oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of school computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

ACCEPTABLE USE AGREEMENT

The Charter School believes that providing access to technology enhances the educational experience for students. However, student use of school computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:
 - a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.
 - b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.
2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.
3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. The student and parent agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.
4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. TITLE I INFORMATION:

MPS receives Title I funding and is therefore required to provide certain information to parents as well as develop, with parental input, a Parent Involvement Policy. Please see below for these required notices and Policy.

Teacher Qualifications

Parents may request information regarding the professional qualifications of classroom teachers and/or paraprofessionals to parents upon request.

PARENT INVOLVEMENT POLICY

I. Introduction

Research has shown that the attitudes, behavior and achievement of children are enhanced when parents or other caregivers are involved in their children's education. To that end, the **Magnolia Public Schools (MPS)** (the "LEA") has adopted this parent involvement policy in order to promote learning and provide a more positive learning experience for the students of its schools.¹ This policy has also been

¹ Within this policy, the word "parent" is employed. This word is intended to reach any caregiver of students enrolled in the LEA's school, including but not limited to, parents, guardians, grandparents, aunts, uncles, foster parents, stepparents, etc.

submitted to the California Department of Education with the LEA's Consolidated Application.

II. Involvement in Drafting the LEA Plan

Parents will be involved in the development of the LEA/SSD plan, Single Plan for Student Achievement (SPSA), and the LEA's Local Control and Accountability Plan (LCAP). On an annual basis, the LEA will submit California Department of Education ("CDE") –required plans to the Parent Council for review and suggested changes before appropriate plans are submitted to the authorizers and the CDE with the Consolidated Application. In addition, all parents of participating children will annually be invited to review the LEA plan and submit comments.

If the LEA/SSD plan is not satisfactory to the parents of participating children, the LEA will submit any comments from parents of participating children with the LEA/SSD plan when it is submitted to the CDE.

III. Involvement in School Review and Improvement

All parents will be involved, to the extent applicable, in the process of school review and improvement. This includes disseminating the results of the local annual review of each school served under Title I, Part A to parents.

In addition, the parents of participating children will be invited to annually review the effectiveness of the parental involvement policy and other Title I, Part A activities and provide comments to the LEA.

Identification of a school for improvement: Before the LEA identifies its school for improvement, for corrective action, or for restructuring, it shall provide the parents of all children enrolled in the school with notice of an opportunity to review the school-level data, including academic assessment data, on which the proposed identification is based. If the **Principal** of the school believes, or a majority of the parents of the students enrolled in such school believe, that the proposed identification is in error for statistical or other substantive reasons, the **Principal** may provide supporting evidence to the LEA, which shall consider that evidence before making a determination.

School plan: Parents of participating children will be involved in the development and/or revision of a school plan required of the school identified for improvement, corrective action or restructuring, which plan shall be approved by the LEA in accordance with the Every Student Succeeds Act (ESSA).

Notice required after school identification: If the LEA's school is identified for improvement, corrective action or restructuring, the LEA will promptly provide to all parents of children enrolled in the school (in an understandable and uniform format, and to the extent practicable, in a language the parents can understand), a notice containing the following:

- An explanation of what the identification means, and how the school compares in terms of academic achievement to other

elementary or secondary schools served by the LEA and the CDE;

- The reasons for the identification;
- An explanation of what the LEA or the CDE is doing to address the problem of low achievement;
- An explanation of how the parents can become involved in addressing the academic issues that caused the school to be identified for school improvement; and
- As applicable, an explanation of the parents' option to transfer their child to another public school under the control of the LEA, return to their district of residence or to obtain supplemental educational services for the child.

Information regarding corrective action taken:

The LEA shall publish and disseminate information regarding any corrective action taken at a school to parents of each student enrolled in the school in an understandable and uniform format and, to the extent practicable, provided in a language that the parents can understand.

Restructuring: Whenever a school fails to make adequate yearly progress after 1 full school year of corrective action or when the LEA is required to implement alternative governance, the LEA shall provide prompt notice to parents and provide parents with an adequate opportunity to comment before taking any action and to participate in developing any plan required by ESSA.

IV. Coordination, Technical Assistance, and Other Support

The LEA will provide the coordination, technical assistance and other support necessary to assist its participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance in the following ways:

- The LEA will reserve funds to the school for parent involvement activities as required by law;
- The LEA (board and school leaders) will collaborate to devise a timeline for parental involvement activities throughout the school year and create a follow up tool to ensure that the activities occur.
- The LEA will develop the necessary technical assistance for planning and implementing effective parent involvement activities to improve student academic achievement and school performance.

V. Annual Meeting

Within 60 days of the first day of school, the School shall convene an annual meeting to which all parents of children participating in Title I, Part A programs are

invited and encouraged to attend. The School will hold additional meetings to ensure the maximum parental participation, providing the same information, to be offered at flexible times, such as in the morning or evening.

The information provided at the meetings will inform parents of the School's receipt of Title I, Part A funds and the specific requirements of Title I, Part A. Additionally, parents shall be informed of their rights to be involved in Title I, Part A programs.

VI. Notice

Within **60** days of the beginning of school, the School will send **[e.g., via mail, sent home with students, and/or placed in orientation packets and/or registration packets]** a notice to **[if in a targeted assistance school]** [parents of participating children] **[or if in a school with a school wide program]** [all parents] containing, but not limited to, the following information:

- Information about Title I, Part A programs;
- An explanation of the requirements of Title I, Part A programs;
- A description of the rights parents have for participation in Title I, Part A programs;
- A description (including timing of meetings, location, etc.) of how parents can participate in the planning, review and/or improvement of the parent involvement policy, and if applicable, the schoolwide program.
- A description and explanation of the curriculum in use at the School, the forms of academic assessment used to measure student progress and the proficiency levels students are expected to meet;
- An invitation to attend the annual meeting and additional meetings, providing information about the purpose of the meetings and the dates and times.
- A copy of the most current Parent Involvement Policy and a feedback form for parents to comment on its content.

With this notice, the School will include a survey for parents to complete identifying whether they will require transportation, child care or home visits in order to participate in the parental involvement program of the School. If there is sufficient need for transportation or child care at any of the parental involvement activities identified in this policy, the School may provide such services and notify the parents of such provided services.

In addition to mailing this notice to parents of participating children, the School will post the information on its website.

VII. Title I, Part A Program Involvement

In order to involve parents in an organized, ongoing and timely way in the planning, review and improvement of Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan, the School will involve parents of participating students as follows:

- The School will conduct at least one Family Learning Night each year where all parents of participating children will be invited to the School to learn about the different Title I, Part A programs, details of this policy, and if applicable, the schoolwide program plan. These meetings will be held at flexible times. Additionally, some may be located at community libraries or at parent volunteer homes for those who live far from the School.
- Parents not attending the Family Learning Nights will be contacted by a volunteer by telephone to encourage participation and inform them of future Family Learning Nights.
- The School will publish a regular Newsletter with notification of upcoming participation opportunities.
- The School will create a School Site Council (SSC) where it will plan, review and improve Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan. The SSC will meet at the School and will consist of:

Category (a):

- The principal
- 4 teacher representatives selected by teachers at the school
- 1 other school personnel selected by peers at the school

Category (b):

- 3 parents of students attending the school selected by such parents
- 3 students selected by students attending the school

The SSC shall be constituted to ensure parity between the principal, classroom teachers and other school personnel; (b) equal numbers of parents or other community members selected by parents, and pupils. Classroom teachers shall comprise the majority of persons represented under category (a). (Education Code Section 52852)

Furthermore, Education Code Section 52852 states that parents or community members on the SSC may not be employed by the school district.

Additionally, the SSC will be involved in decisions regarding how funds reserved for parent involvement activities are allotted for those activities.

- Each year, the School will hold an End of School Night, at which parents of participating children will be invited to review Title I, Part A programs, the parent involvement policy, and if applicable, the schoolwide program plan and recommend any changes.
- **At least one** of parents of participating children will be invited to accompany School staff on retreats to participate in discussions and sessions dealing with Title I, Part A programs.
- If requested by parents of participating children, the School will schedule regular meetings where parents are able to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children. The School will respond to such suggestions within **48 hours**.
- If the schoolwide program plan is not satisfactory to parents of participating children, the School will submit any parent comments on the plan when it submits the plan to the LEA.

VIII. Building Capacity for Involvement

A. Standards, Assessments, Title I Requirements, Monitoring Progress and Improving Student Achievement

In order to ensure effective parental involvement and support a partnership among the LEA, parents and the community to improve student academic achievement, the LEA will provide the following programs to assist parents in understanding State academic content standards and State student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children (collectively referred to "Standards and Requirements"):

- The LEA will encourage parents to serve on its board of directors;
- The LEA will seek input from the Parent/Guardian Club and the SSC on ways to assist parents to understand the Standards and Requirements.
- The LEA will encourage parents to serve on its board committees.
- The LEA will regularly publish in its Newsletter, and/or on its website, descriptions and explanations of State academic content standards and State

student academic achievement standards, State and local academic assessments, Title I requirements, and how to monitor their child's progress and work with educators to improve the academic achievement of their children.

- Regular meetings will be held by the LEA at each school, at community libraries and/or parent volunteer homes to discuss how parents can work with educators to improve their child's academic achievement.
- The LEA will hold Back to School nights to introduce parents to the School's curriculum and its correlation to the State's academic content standards and academic achievement standards.
- Parents will be invited to attend regular classes to learn about State and local academic assessments and to take sample tests.

B. Helping Parents to Work with their Children

In an effort to foster parental involvement, the LEA will provide materials and training to help parents to work with their children to improve their children's achievement through the following programs:

- **Student-Teacher Status Portal:** MPS uses an online web portal to enable parents, students, and teachers to communicate more efficiently. Teachers have a webpage for every class in which they post course material, homework assignments, projects, course grade statistics and records of students' grades on quizzes, tests, class participation and homework assignments. Students and parents use confidential passwords to log on.
Families without home computers will be encouraged to come to the school and use one of the available computer stations. Classes are held at the school on how to use the portal as well as how to access it via free Internet access at public libraries if that is more convenient than coming to the school.
- The LEA will provide parents with access to literacy programs that bond families around reading and using the public library.
- The LEA will provide annual seminars on parenting skills and parent-child communication.
- The school's psychologist will work with parents to better understand their children and the issues facing them.
- The LEA will train parents how to tutor their children in the school.

- Individualized student and parent advisory sessions: Each of LEA teachers and mentors will be assigned to a small group of students. They will arrange two to four meetings at school during the school year to discuss their students' academic achievements.
- One-on-one meetings with the parents of academically low-achieving students to support the parent in providing the student the study environment he/she needs.

C. Education on Parent Involvement

The LEA will annually educate teachers, pupil services personnel, principals and other staff, with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs and build ties between parents and the School. The training shall take place each year in staff orientations, annual staff development materials and other in-service trainings held throughout the school year.

In order to better understand what works best for the current parents of participating children attending the LEA's schools, the education will take place after the following research is done (which shall be accomplished within the first 90 days of the commencement of the School year):

- **Home Visits:** Research has shown that one of the keys to successful teaching and schooling is creating personal connections with students inside and outside of school.² Knowing the students' outside interests, families, and home routines, and then using this information to connect in meaningful, individualized ways can have huge rewards in helping to create happier, healthier, and smarter kids. Recognizing these facts, the LEA will use home visits as one of the important features of its education program to not only improve student and school performance, but also to identify and intervene early with low-achieving students.

The LEA teachers will visit students at their homes to enhance student learning and involvement. Family visits offer invaluable insights about students. They can provide new understanding about students' learning styles. Visits might also reveal the emotional and social needs and behaviors of students. It is helpful to know if they react to problems with tears, anger, or withdrawal, and how they socialize with peers. Through family visits, teachers can identify students' latest interests or concerns, such as a new hobby, an upcoming trip, or a change in the family.

- A phone tree will be established where volunteers call all parents of participating students to solicit feedback and ideas for building ties between parents and the LEA, how to best communicate with parents and how to work with parents as equal partners.
- A survey will be sent home to parents of participating students that solicits information on what skills each parent has to offer the LEA and what types of parental involvement programs in which parents would most likely participate.

D. Other Optional Parent Participation

The LEA will involve parents in the development of the training regarding the importance of parent involvement for teachers, principals and other educators to improve the effectiveness of such training.

In order to maximize parental involvement and participation, the LEA will arrange school meetings at various times or conduct in-home conferences between teachers or other educators, who work directly with participating children, with parents who are unable to attend such conferences at the LEA.

The LEA will adopt and implement model approaches to improving parental involvement.

The LEA will develop appropriate roles for community-based organizations and businesses in parent involvement activities, such as sponsoring events, providing volunteers for school activities, and creating internships for students.

IX. Coordination with Other Programs

If applicable, the LEA shall, to the extent feasible and appropriate, coordinate and integrate parent involvement programs and activities with programs such as Head Start, Early Reading First, and public preschool and other programs and conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children.

The LEA will coordinate and integrate parent involvement programs and activities with these programs as follows: 1) requiring that the school conduct meetings involving parents, kindergarten or elementary school teachers, and Head Start teachers or, if appropriate, teachers from other early childhood development programs such as the Early Reading First program, to discuss the developmental and other needs of individual children; 2) developing and implementing a systematic procedure for receiving records regarding such children, transferred with parental consent from a Head Start program or, where applicable, another early childhood development program such as the Early Reading First program.

X. Annual Evaluation

The LEA, with the involvement of parents, shall conduct an annual evaluation of the content and effectiveness of this family involvement policy in improving the academic quality of the schools served under Title I, Part A, including identifying barriers to greater participation by parents in activities under ESSA. The LEA will pay particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. The LEA will use the findings of such evaluation to design strategies for more effective parental involvement and to revise, if necessary, this family involvement policy.

XI. School-Parent Compact

At the beginning of each school year, the School will enter into School-Parent Compacts with parents of participating children. The School-Parent Compact will outline how parents, the entire school staff and students will share the responsibility for improved student academic achievement and the means by which the School and parents will build and develop a partnership to help children achieve the State's high standards.

The Parent Council will annually evaluate the effectiveness of the School-Parent Compact and provide feedback and suggestions for revision.

XII. Involvement of Parents of Limited English Proficient Students, Disabled Parents and Parents of Migratory Children

The LEA shall implement an effective means of outreach to parents of limited English proficient students to inform them regarding how they can be involved in the education of their children and be active participants in assisting their children to attain English proficiency, achieve at high levels in core academic subjects and meet challenging State academic achievement standards and State academic content standards expected of all student. To accomplish this goal, the LEA will do the following:

- The LEA will hold regular meetings, and send notice of these meetings, for the purpose of formulating and responding to recommendations from parents of participating children.
- The LEA will provide language translators at parent meetings to the extent practicable.
- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- The LEA will provide parents of limited English proficiency with access to English as a Second Language (ESL) classes to increase their English language proficiency to assist their children with homework. The school's principal will visit the classes to interact with the parents.

- **English Learner Advisory Committee:** The English Learner Advisory Committee (ELAC) is mainly a committee of parents or other community members who want to advocate for English Learners. The committee provides parents of English Learners opportunities to learn more about the programs offered to their students and advises the principal and the School Site Council (SSC) on programs and services for English Learners.

State law mandates each school site with 21 or more students of Limited English Proficiency (LEP) in attendance, regardless of language, to form a functioning English Learner Advisory Committee (ELAC). The ELAC will be formed at the LEA when the School has 21 or more students of LEP.

The LEA will provide full opportunities for participation of parents with disabilities and parents of migratory children. To accomplish this goal, the LEA will do the following:

- The LEA will schedule meetings to enable families to share information about culture, background, children's talents and particular needs for the schools.
- Teachers will be encouraged to make home visits to discuss student progress with the parents. Parents, students, and teachers meet throughout the year to monitor students' progress.
- Teachers will meet one-on-one with parents of such students on an as needed basis to ensure the proper supports are in place for the student.

XIII. Notices

In accordance with law, the LEA will provide the following notices to parents of children attending Title I, Part A schools:

- Annual report card;
- A notice regarding the professional qualifications of the student's classroom teachers;
- The notice regarding language instruction programs;
- Any other notices required by law.

XIV. Miscellaneous

The LEA shall ensure that all information related to LEA and parent programs, meetings and other activities is sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

The LEA will provide other reasonable support for parental involvement activities as requested by parents.

INTERNAL COMPLAINT PROCEDURES

The purpose of the "Internal Complaint Review Policy" is to afford all employees of the School the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the CEO or Board of Directors to express their work-related concerns. Please use the Internal Complaints Policy Form following this Policy to file complaints. A copy of this Policy and Complaint Form are also available in the main office of each MPS school.

Specific complaints of unlawful harassment are addressed under the School's "TITLE IX, HARASSMENT, INTIMIDATION, DISCRIMINATION, AND BULLYING POLICY."

a) Internal Complaints:

(Complaints by Employees Against Employees)

This section of the policy is for use when an MPS employee raises a complaint or concern about a co-worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with your immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Principal (or the CEO (or designee) for MPSCO employees):

- The complainant will bring the matter to the attention of the Principal (or the CEO (or designee) for MPSCO employees) as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Principal (or the CEO for MPSCO employees) (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Principal, the complainant may file his or her complaint in a signed writing to the CEO (or designee.) The CEO (or designee) will then investigate the facts and provide a solution or explanation;
- If the complaint is about the CEO, the complainant may file his or her complaint in a signed writing to the President of the Board of Directors of the School, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board President or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, the School values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

b) Policy for Complaints Against Employees:

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about a School employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Principal or the CEO (if the complaint concerns the Principal) or the Board President (if the complaint concerns the CEO) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Principal (or the CEO (or the Board President)) (or designee) shall abide by the following process:

- The Principal (or the CEO) (or designee) shall use his or her best efforts to ascertain the facts relating to the complaint. Where applicable, the Principal (or the CEO) (or designee) shall talk with the parties identified in the complaint or persons with knowledge of the particulars of the complaint to ascertain the facts relating to the complaint.
- In the event that the Principal (or the CEO) (or designee) finds that a complaint against an employee is valid, the Principal (or the CEO) (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Principal (or the CEO) (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Principal's (or the CEO's) (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors of the School. The decision of the Board of Directors shall be final.

General Requirements:

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process. Resolution: The Board (if a complaint is about the CEO) or the CEO (if a complaint is about the Principal or MPSCO employees) or the Principal or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors which interfere with students' ability to learn, and negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, MPS prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation. In addition, bullying encompasses any conduct described in the definitions set forth in this Policy. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

INFORMAL COMPLAINT PROCEDURES

The ultimate purpose of this informal complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, informal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly.

If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

- At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in three (3) working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of

relevant facts and evidence, and respond to the complainant within ten (10) working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the Chief Executive Officer (CEO) of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached "Informal Complaint Procedures Form" giving details about the complaint and steps taken to resolve it, and contact the CEO of MPS at:

Chief Executive Officer
Magnolia Public Schools
250 E. 1st St., Ste. 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO (designee) will acknowledge receipt of the written complaint in five (5) working days, attempt to identify a resolution that is acceptable to both parties, within fifteen (15) working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution *

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. (Same contact information as in Level 3) The complainant should update the Internal Complaint Procedures Form that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in five (5) working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60 day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO's decision will be

final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within 60 days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

* For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the Informal Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's Decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a "Uniform Complaint Procedure Form" - provided in this handbook – and file it within 15 days of receiving the Decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's Decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

School Restart Plans

Instructional Model

To ensure continuity of learning within a **high-quality instructional program for ALL students**, we are considering instructional models which will work best to meet students' needs and Department of Public Health directives, when planning for the 2020-21 school year. The following models are three examples of potential instructional options with social distancing measures in place. This list is not exhaustive. Schools will adopt **the model or combination of models** that best fits their students' needs in accordance with the reopening guidelines from state and county orders.

*Under current orders, **all MPS schools will start the 2020-21 school year with Distance Learning only model.*** If conditions improve and orders allow, MPS will consider other instructional models as well.

Face to Face/In-person

The teacher and the student meet physically in a set place for a set time for either one on-one learning or, most commonly, in group classroom lessons with social distancing and health and safety measures in place.

Distance Learning

Distance learning occurs when the learner and instructor, or source of information, are separated by time and distance and therefore cannot meet in a traditional physical classroom setting.

Hybrid Learning

Hybrid learning occurs both in the classroom (or other physical space) and in distance learning.

<p>1. Late Fees Based on the CSD's review of the school's credit card statements and supporting documentation for the period from May 2019 through October 2019, the CSD noted 13 card statements that referenced late fees totaling \$1,470.94 in the aggregate. These late fees are summarized below.</p>	<p>Previously process includes completion of the AMEX monthly statements first before payments are made.</p>	<p>Automatic payments have been set up to post payments on time and eliminate late fees. Reconciliation is done after payments are made to ensure accuracy. The automatic payments started March 2020. In the event of any default in the automatic payment set up, an alert has been put in place to notify finance staff of the impending fees before the fees are incurred.</p>

<p>2. Late Payments to Vendors: Based on the CSD's review of the school's check register for the period spanning from October 1, 2018 through October 1, 2019, a sample of 46 checks and 12 bank transactions were selected for further review. The CSD noted that 3 out of the 46 checks referenced sample of 46 checks and 12 bank transactions were selected for further review. The CSD noted that 3 out of the 46 checks referenced invoices that were paid late (including one that referenced late fees and interest charges). The items in question are summarized below.</p>	<p>Coolsis June 2018 invoice was received by MPS in February 10, 2019. Coolsis is aware that the invoice was submitted late and no late payment fees are charged to MPS.</p>	<p>Effective immediately, finance staff contacts all vendors with recurring payments and other contracted vendors on a regular basis to request for their billing statements and aging reports to ensure all invoices are processed on a timely manner.</p>
	<p>The billing address being used by the vendor was incorrect and was only discovered upon receipt of an email from the vendor. No late charges were assessed due to the incorrect billing address.</p>	<p>The correct billing address has been updated and sent to the vendor. All payments have been on time since then.</p>
	<p>Pitney Bowes invoice term was "due upon receipt" when the agreement was entered into from years ago by previous management.</p>	<p>Automatic payment has been set up to avoid any late fees starting March 2020.</p>

Item #	Check #	Check Issuance Date	Invoice Due Date	Payee	Check Amount	Transaction Description

2	73602	6/17/2019	4/1/2019	Eco Home Safe, Inc.	\$175.00	"Monthly Pest Services April."
3	DDP-00000153	8/16/2019	8/1/2019	Pitney Bowes (Purchase power)	\$451.39	"Late fees \$39.99; Finance charges \$9.68."

<p>3. Use of Alternative Payment Methods for School Expenditures (PayPal): Based on the CSD's review of a sample of the school's credit card transactions, the CSD noted one school expenditure purchased through a PayPal account for the month of May 2019 (in the amount of \$1,203.16, dated 5/3/2019 and payable to PayPal).</p>	<p>The vendor is Graduation Source. And Paypal is the vendor's preferred payment method. However, MPS paid using AMEX in their website.</p>	<p>Paypal wasn't used in this payment transaction even if the vendor is listed as "Graduation Source (Paypal)" in our credit card statement. Our payment was made directly to the vendor using the vendor's website. MPS does not have a Paypal account.</p>

<p>4. Intraorganizational Borrowing: Based on the CSD's review of various MERF governing board meeting minutes during its 2019-2020 fiscal review (including minutes dated October 10, 2016, February 8, 2018, June 13, 2019, July 18, 2019, November 22, 2019, and March 5, 2020), the CSD noted that dated October 10, 2016, February 8, 2018, June 13, 2019, July 18, 2019, November 22, 2019, and March 5, 2020), the CSD noted that the MERF schools have been engaging in intraorganizational borrowing/lending.</p>	<p>MERF's June 13, 2019 meeting minutes disclosed that its CFO presented the intraorganizational loan repayment plan to the MERF governing board. These meeting minutes indicate that MERF's CFO discussed the previous repayment schedules and shared that some MERF schools had defaulted on their original repayment schedules, and for that reason, a revised repayment schedule was recommended (which was approved by MERF's governing board on June 13, 2019).</p>	<p>At the 2019-20 Unaudited Actuals Reports, staff will revise the format of the Intra Organization Loan Payment Schedule presented to the board. We will utilize the format as recommended by FCMAT and have an actual Intraorganizational Loan Agreement in place to help strengthen the documentation process for all future IO loans to align as closely as possible with the FCMAT recommended procedure. In addition, current LA county annual interest rate will be applied to all unpaid balances as of year end. Fiscal policies and procedures, incorporating the FCMAT guidelines regarding intraorganization loans, will be revised and presented to board for approval as soon as possible.</p>

Magnolia Public Schools Governing Board

Summary of Compensation and Benefits Survey Data for CEO/Superintendent

July 2020

Prior to any Board action to approve any decisions regarding executive compensation (including approval of base salary increases, incentive compensation, bonuses, etc.), the Board must first exercise due diligence (review of comparable compensation practices) to ensure compliance with IRS restrictions on excess compensation for nonprofit executives, including a charter school Chief Executive Officer (“CEO”) and/or Superintendent. The Board’s review and approval of the executive compensation must occur: initially upon hiring the executive; whenever the term of employment, if any, is renewed or extended; and whenever the officer’s compensation is modified. However, separate review and approval is not required if the modification of compensation extends to substantially all employees.

In reviewing the reasonableness of compensation for nonprofit executives, the IRS considers “compensation” broadly and will look at the value of salary, as well as non-fixed compensation (incentive compensation/bonuses), and benefits. If the IRS determines compensation is not reasonable, severe consequences may result.

The following is a summary of findings following review and comparison of a sampling of total compensation levels received by public school leaders in Southern California. Compensation figures are from the State Controller’s Office for the 2018 calendar year. Student enrollment figures are from the California Department of Education for the 2019-20 school year. The CEO/Superintendent of Magnolia Charter Schools oversees ten public schools in Los Angeles, Orange, and San Diego Counties with a total population of approximately 4,000 students. Based on these facts, this study compared salary packages of similarly situated public school leaders. The six school districts and one charter school surveyed in this summary have an average population of approximately 4,100 students. Of the schools sampled, the average total compensation package (base salary plus other compensation) for school leaders is \$283,320. The average base salary is \$233,400. The range of base salaries is \$192,994 to \$256,578 with a median of \$241,039.
