Student retention rate (Source: SIS)	2020-21: (Spring 2020 to Fall 2020) 83%	2021-22: (Spring 2021 to Fall 2021) 97.0%			2023-24: (Spring 2023 to Fall 2023) 85.0%

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement.

Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees.

The following expenditures will be funded by federal Title funds:N/A | | Yes |
| **4.2** | Building partnerships with families for student outcomes | Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing | $115,161.00 | Yes |

Action #	Title	Description	Total Funds	Contributing
		below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, Dean of Culture salary and benefits, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: • ParentSquare software fees: Resource: Title I, Part A: Amount: $600 • Home Visit Compensation: Resource: Title I, Part A: Amount: $4226		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be	$270,720.00	Yes

Action #	Title	Description	Total Funds	Contributing
		cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Assistant Principal salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: • Additional services for homeless students: Resource: Title I, Part A; Amount: $1,145		

Action #	Title	Description	Total Funds	Contributing
		• Salary and Benefits of Social Worker (Partial): Resource: Title I, Part A: Amount: $6,231		
4.4	Annual stakeholder surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.

Expenditures associated with this action include the following: Panorama Education survey fees.

The following expenditures will be funded by federal Title funds:N/A | $500.00 | Yes |
| 4.5 | Community outreach and partnerships | Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and | $218,659.00 | Yes |

		researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

MSA-4 implemented all actions as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 2:
There is no substantive difference between budgeted and actual expenditures for this action plan.

Goal 4 Action 3:
MSA-4 budgeted $114,728.60 and spent $256,859.38 for this goal. We spent $142,131 more than the budgeted amount. We hired SEL Counselor, a PACE coordinator, and an additional paraprofessional by using the one-time funds during the 2021-22 school year.

Goal 4 Action 4:
There is no substantive difference between budgeted and actual expenditures for this action plan.

Goal 4 Action 5:
There is no substantive difference between budgeted and actual expenditures for this action plan.

An explanation of how effective the specific actions were in making progress toward the goal.

MSA-4 ensured that all students, families, staff, and other educational partners had access to meaningful engagement opportunities that helped cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Our annual survey proved that educational partners feel a sense of community and connectedness. MSA-4 has received a high approval rate in all educational partners survey categories.

MSA-4 held periodic meetings, including Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, and English Learner Advisory Committee (ELAC) meetings, to gather input from our families. Feedback from these meetings provides valuable information for the LCAP. MSA-4 also strengthened its trust and relationships with parents through activities, including Student/parent orientation, back-to-school night, and parent conferences to promote parental participation in programs. Our SEL counselor and school psychologist regularly met with the students and their parents and provided social-emotional support to address the unique needs of our students throughout the year.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There is no changes to planned goals, metrics and desired outcomes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$453,050	$55,863.46

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
38.22%	0.00%	$0.00	38.22%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

2022-23 Local Control Accountability Plan for Magnolia Science Academy-4

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP

metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to

quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity

before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically

disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to

address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and

safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We

also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout the campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy

classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes,

how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

For the 2022-23 academic year, MSA-4 will keep those employees who were hired with those additional concentration grant add-on funds.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

2022-23 Local Control Accountability Plan for Magnolia Science Academy-4

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

> *Actions for English Learners:* School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

> *Actions for Foster Youth*: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

2022-23 Local Control Accountability Plan for Magnolia Science Academy-4

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

2022-23 Local Control Accountability Plan for Magnolia Science Academy-4

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

2022-23 Local Control Accountability Plan for Magnolia Science Academy-4

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  o **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  o **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  o **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

    o   This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

    o   This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

    o   This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

    o   This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

    o   This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

    o This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

    o This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

    o This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

    o This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

    o This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table
- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

    o This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

    o This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

    o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

    o   This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
January 2022

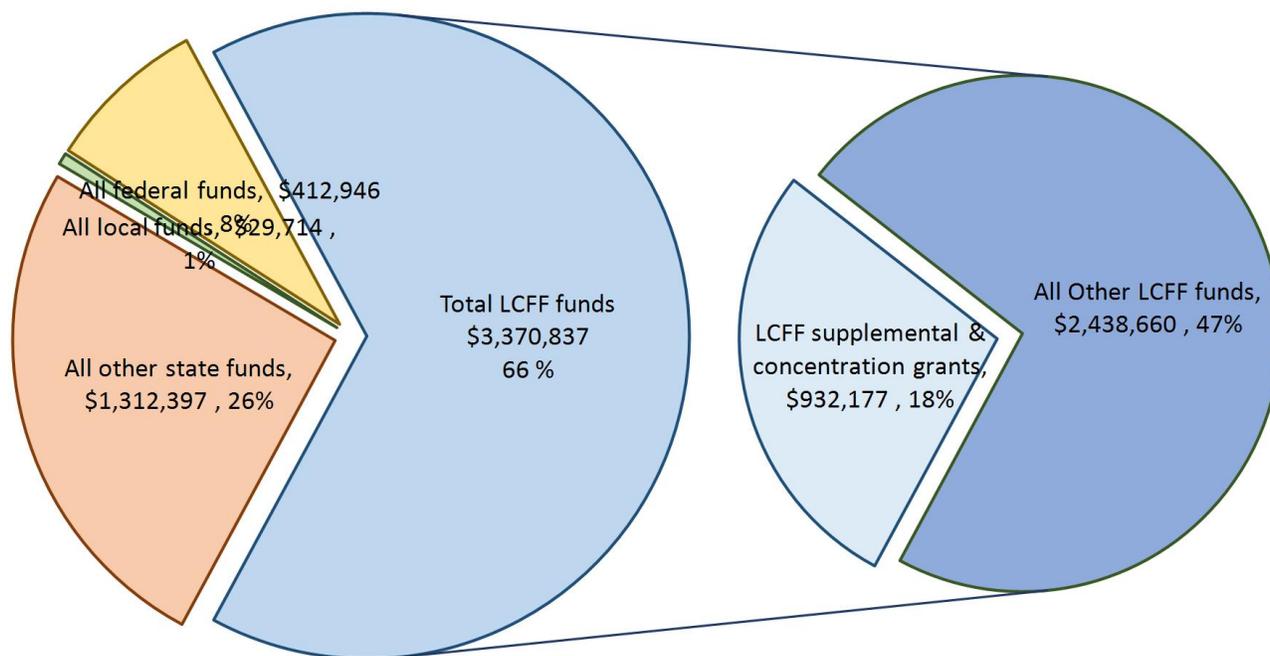
LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-5
CDS Code: 19-10199-0137679
School Year: 2022-23
LEA contact information:
Ali Kaplan
Principal
akaplan@magnoliapublicschools.org
(818) 705-5676

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

All federal funds, $412,946
8%
All local funds, $29,714 , 1%
All other state funds, $1,312,397 , 26%
Total LCFF funds $3,370,837 66 %
LCFF supplemental & concentration grants, $932,177 , 18%
All Other LCFF funds, $2,438,660 , 47%


This chart shows the total general purpose revenue Magnolia Science Academy-5 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-5 is $5,125,894, of which $3370837 is Local Control Funding Formula (LCFF), $1312397 is other state

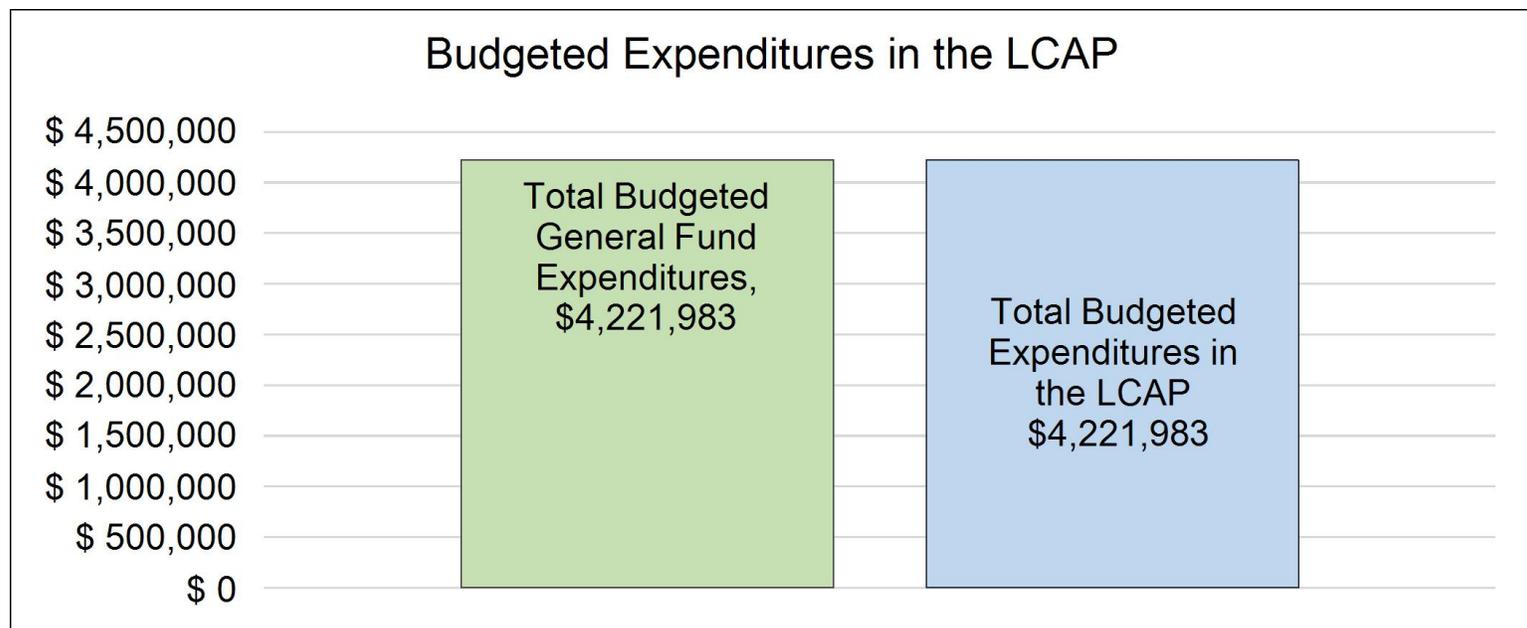
funds, $29714 is local funds, and $412946 is federal funds. Of the $3370837 in LCFF Funds, $932177 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Total Budgeted General Fund Expenditures, $4,221,983

Total Budgeted Expenditures in the LCAP $4,221,983


This chart provides a quick summary of how much Magnolia Science Academy-5 plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-5 plans to spend $4,221,983 for the 2022-23 school year. Of that amount, $4,221,983 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Magnolia Science Academy-5 is projecting it will receive $932177 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-5 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-5 plans to spend $787,165 towards meeting this requirement, as described in the LCAP.

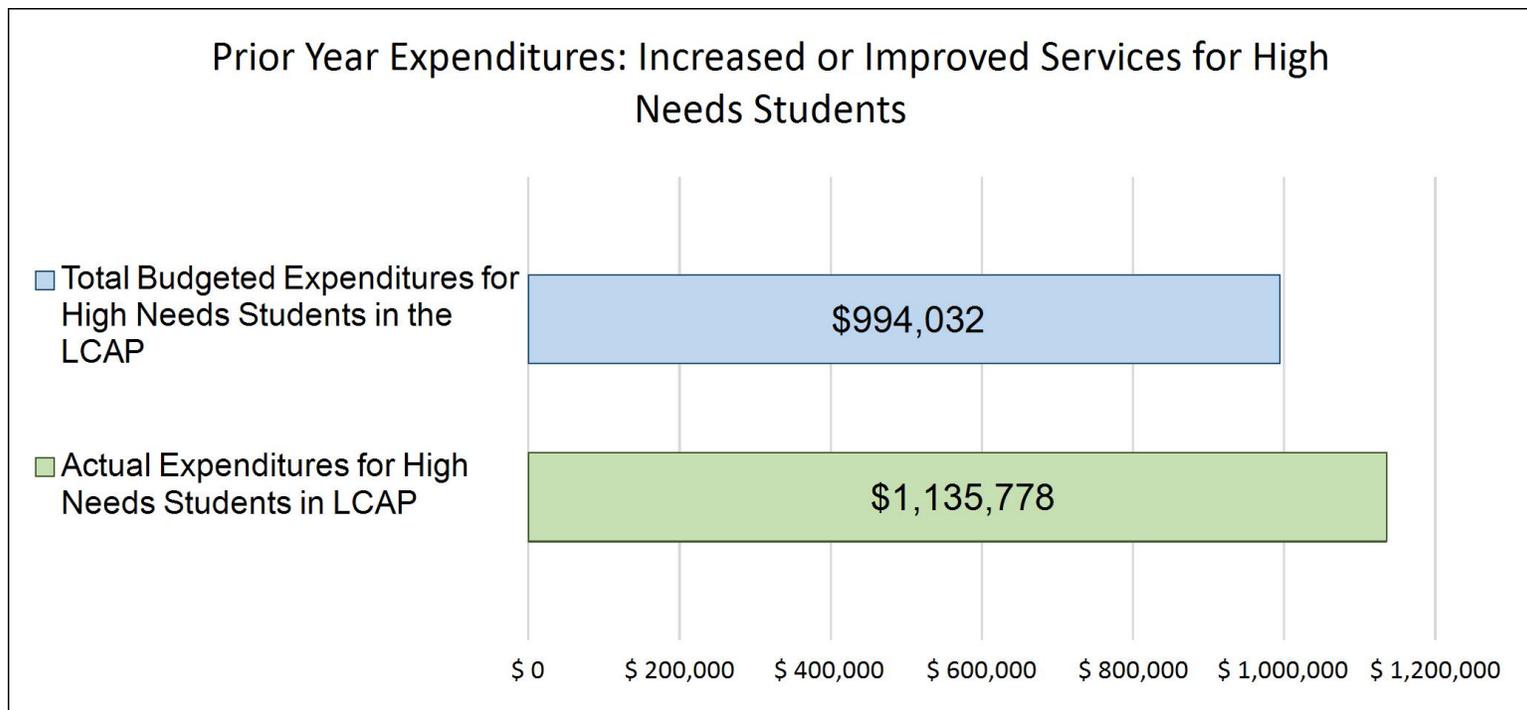
LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

□ Total Budgeted Expenditures for High Needs Students in the LCAP — **$994,032**

□ Actual Expenditures for High Needs Students in LCAP — **$1,135,778**

$ 0 $ 200,000 $ 400,000 $ 600,000 $ 800,000 $ 1,000,000 $ 1,200,000


This chart compares what Magnolia Science Academy-5 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-5 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy-5's LCAP budgeted $$994,032.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-5 actually spent $$1,135,777.52 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-5	Ali Kaplan Principal	akaplan@magnoliapublicschools.org 818-705-5676

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

As the allocation of funds became apparent, the school administration collaborated with the home office accountability and finance teams in order to learn allowable expenses, allocation, apportionment, assurances, reporting, application, and guidelines in June, July 2021. Then, MSA-5 team proposed an expenditure plan to staff during in-services on August 6th, 2021 and Wednesday faculty meetings in September. With staff feedback, the MSA-5 team revised the plan several times and discussed it with parents and other School Site Committee members on 9/24/2021 and 10/7/2021. In March 2022, there will be another round of information meeting with the teachers and parents to seek feedback and revise the plans.

MSA-5 engaged in meaningful consultation with specified educational partners that LEAs provided opportunity for public input and take such input into account in the use of funds from the Educator Effectiveness Block Grant.

Similar efforts to engage the educational partners will take place for the A-G Completion Improvement Grant and Expanded Learning Opportunities Program.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

MSA-5 has increased its services to students providing additional tutoring, more individual intervention opportunities, as well as informing and

engaging parents effectively with a newly hired community liaison. MSA-5 plans to provide a discretionary bonus of approximately totaling $120,000 to staff in order to retain them. Considering the subgroups, there will be an additional teacher aide(s) as an interventionist ($35,000) to hire as well.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

The school administration introduced one-time funds at the community events such as ELAC, SSC and faculty meetings, and discussed what the expenditures could be in order to mitigate learning loss, re-open the school in-person learning and keep student and staff safe under the guidelines.

Magnolia Science Academy-5 values the community engagement. School-wide events, large-scale changes and budget related topics are discussed and reviewed at the in-person and virtual meetings. In addition, MSA-5 has hired a PACE coordinator in order to establish effective communication between the school, parents, and students. MSA-5 sends periodic newsletters and messages utilizing ParentSquare for announcements, upcoming meetings, and events. The PACE coordinator and school administration hold bi-weekly coffee with principal meetings in addition to School Site Committee meetings and weekly staff and admin meetings. The agenda, minutes are shared with the participants of those meetings and translation has been provided by the PACE coordinator. The Director of Special Education and Support Services and Director of Student Services provide feedback during the monthly Deans of Academics and Deans of Students/Discipline meetings at the home office. In addition, we received feedback from MSA5 staff during our regular staff meeting, and we received feedback from parents, students, and community members during School Site Council meeting. Additionally, the families that speak languages other than English also attended all of our meetings. For those parents, we provided translation services. Also, we have had meetings held for English speaking and Spanish only speaking parents so that the information related to school issues were provided to those parents in their language. All administrators: principals, deans of academics, dean of students, and college counselor met regularly to ensure that the funds for this plan are well utilized, sourced, and spent. Additionally, the paraprofessionals, teacher aides, outside duty supervisors, custodial staff, afterschool supervisors, and all other educators were involved in the preparation of this plan to make sure it will address the needs our our students. The tribes and civil right organizations are not represented in MSA5's community. Finally, the school held School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings where Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth (N/A), migratory students(N/A), children who are incarcerated (N/A), and other underserved students. We have had our ESSER III plan presented during a regular MPS Governing board meeting for public comment, as well as feedback from public at large.

The SSC (that includes student representatives), faculty (that includes teachers, administrators, pace coordinator, resource specialist, paraprofessionals, aides, and office personnel), admin, and Title I meetings are utilized to discuss and seek feedback for the school budget, where community collaborators review a variety of the funding that are received such as the ESSER III. The expenditure plan of ESSER III and its strategies in order to have continuous and safe In-Person Learning and mitigate learning loss are reviewed. To name a few of the input of parents, staff, and students; a great need for a parent liaison (PACE Coordinator), extending the school year, retaining staff due to

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

relocation, preventing layoffs, and more support for the English Learners and immigrant students. Also, at the home office level, the feedback from Director of Special Education and Support Services, Director of Student Services, and all other department heads who work closely with students at MSA1 campus were welcomed and honored. Additionally, the ESSER III plan was taken to the MPS Board meeting to welcome any feedback from the public at large; however, no feedback was provided.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

The COVID-19 pandemic caused significant setbacks for California schools, one of the challenges to keep students safe and healthy taking preventive measures and complying with the health orders. There has been a significant of staff members and student are not able to report to work, which required additional services.

Successes are to test students and staff weekly and hire essential staff as well as additional employees to support students in order to close the learning gap and keep the school safe through effective communication.
MSA-5 plans to spend $15,000 on clean and safe facilities that support learning as purchasing Personal Protective Equipment (PPE), which is critical to ensuring safety for all in-person activities. The guidance provides strongly recommended practices to school staff on the use of protective equipment to reduce the risk of COVID-19 and other communicable disease transmissions when delivering direct student support services that require close, prolonged contact. This action supplements the Clean and Safe Facilities that support learning activities within the LCAP.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

All the expenditures are made, planned, and aligned with our 2021-2022 LCAP Goals. The actions and ESSER III expenditures are consistent with the LCAP such as Hiring a PACE Coordinator (LCAP Goal 4, Action 2), Clean and safe facilities that support learning: Purchase of Personal protective equipment (LCAP Goal 1, Action 3), Retaining staff due to possible decline in the enrollment (LCAP Goal 2, Action 1), Hiring an English Learner Support Person (LCAP Goal 2, Action 4), Extended School Year Stipend to Staff (LCAP Goal 2, Action 1), Hiring a School Psychologist (LCAP Goal 4, Action 3), and Instructional materials and technology: Purchasing Teacher Laptops (LCAP Goal 1, Action 2). As of the first interim, MSA-5 utilized its ESSER III funds of $131,000 on the aforementioned items as stated in the ESSER III expenditure plan.

With the In-Person-Instruction grant, $15,000 is spent on certificated staff and its staff, having another $22,000. With the remaining balance, MSA-5 is considering providing discretionary bonuses to staff in order to retain them. In the 2020-21 school year, MSA-5 spent $66,000 on certificated salary staff and the benefits.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP

- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are*

intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils."

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-5	Ali Kaplan Principal	akaplan@magnoliapublicschools.org (818) 705-5676

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy-5 currently has 247 students in grades 6-12 and mainly draws enrollment from Reseda, CA, and neighboring communities. The neighborhoods that MSA-5 serves are heavily immigrants with a language other than English spoken at home. A high concentration of the families MSA-5 serves faces economic challenges. MSA-5 has a diverse enrollment, including 88% Hispanic/Latino, 5% White, 5% Asian, and 3% Black or African American. Of our 247 students, 93% are Socioeconomically Disadvantaged, 16% Special Education, and 32% are English Learners population.

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundational skills presented in ways that are relevant and inspiring to our students. Classroom instruction at MSA-5 is supplemented by tutoring, after-school programs, and school-to-university links.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Areas that we are most proud of are the following:
- Suspension Rate is Green for all students and subgroups.
- All Students, English Learners, Socioeconomically Disadvantaged, Students with Disabilities, and Hispanics in ELA and Math increased significantly on the CA School Dashboard based on the last release.

- CAASPP test results increased 12% in ELA and 19% in Math based on the last CAASPP scores in 2019.
- Over 80% both in ELA and Reading, students met individual projected growth on NWEA MAP testing from Fall 2021 to Spring 2022.
- Smooth transition and relocation from the previous campus to the new location retaining approximately 80% of students.
- Actions that we will maintain in our power classes for Math and ELA and our designated English Learner Classes. We will also continue to provide PD in areas that support our students' demographics (differentiated instruction).
- Established PLC on Wednesdays; Implementation of Adaptive School Techniques, TOSA
- 100% graduation rate
- 92% ADA
- Safe and orderly learning environment; 0% Suspension/Expulsion rate for the last 3 school years.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

- MSA-5 has a growing number of English Learners from 28% in 2021 to 32% in 2022, those students receive robust support in both Math and ELA through summer school, Saturday school structured ELD classes, and tutoring.
- Special Education students need more attention and more PD for teaching students with disabilities is needed. More math tutoring is provided through Title I funds, Saturday school, Power Math, and after-school tutoring for all struggling sub groups.
- Though the majority of our student groups showed growth in Math and in ELA, still the majority were categorized as low or very low. MSA-5 is planning to continue to provide students a variety of support such as after-school tutoring, Saturday School, Power classes, and 1 on 1 tutoring with staff at school. Also, MSA-5 will continue to provide staff with PD on differentiated instruction, Response to Intervention (RTI), and working with diverse learners.
- Due to the pandemic, the chronic absenteeism rate still is over 25% and our ADA is around 90% but we would still like to improve on that as well.
- Successful implementation of MTSS for the 2022-23 school year
- Securing a permanent location of school site as MSA-5 currently colocates with MSA-1 since July 2021

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

- Students would like to have sports programs, field trips, career days, and continue having entertaining monthly student assemblies
- Offering more dual enrollment classes
- Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College
- The need to continue our improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs
- Providing counseling and positive behavior intervention support services to our students as well as hiring a school psychologist
- Regulating the traffic flow and more supervision during pick-up and drop-off zones.
- The Charter School has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups. These include, chronic absenteeism, in all subgroups have growth in English Language Arts and Math.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote learning and provide a more positive learning experience for our students, MSA-5 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provides valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include four PTF meetings, four SSC meetings, four ELAC meetings, at least five parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey.

The Charter School staff has also made home visits during this school year and sought feedback from the parents for school improvement.

A summary of the feedback provided by specific educational partners.

Parent Advisory Committee (PAC)/Parents: The PAC is still very vocal about finding a permanent site for the school site and increasing school site safety by adding a security guard. The PAC also provided feedback on adding more aides to the classrooms and a high school sports program.

Students: Students' feedback provided more after-school sports and more elective options in both middle and high school.

Staff: The staff's feedback is focused on finding a permanent site and continue to invest in technology and professional development to better support the students.

School Site Council (SSC): The SSC wants to continue to bring in more programs for students and parents to increase college preparedness.

ELAC: Continue to strengthen our designated ELD classes and train staff to support ELs in the classroom.

SELPA: The SELPA recommended that we include an action in our LCAP specific to students with disabilities to describe how academic and social-emotional supports would be provided.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:
- Improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities
- Providing counseling and behavior support services to our students
- Improving teacher observation and evaluation systems and keeping effective teachers
- Increasing college preparedness by offering a college planning and career exploration program for students early on, strengthening existing "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses
- Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Based on feedback from the El Dorado SELPA, we included a new action in our LCAP specific to students with disabilities. See Goal 2: Action 5.

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2022-23: 0
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 93.0%	2021-22: (Spring 2021 to Fall 2021) 93%			2023-24: (Spring 2023 to Fall 2023) 90.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 99.0%	2021-22: (As of 5/12/22) 94.8%			2023-24: 97.0%

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$16,750.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and	$198,825.00	No

Action #	Title	Description	Total Funds	Contributing
		other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: • Title II, Purchased ADOBE software under 5940 Technology ($909)		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.)	$310,204.00	No

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$14,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	$285,080.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 Action1
At MSA-5, we aim to have all of our teachers appropriately assigned to their teaching credentials. Currently, we have three teachers who have permits to teach subject matters in addition to their authorized teaching credentials. Two of the teachers need to pass one more of the CSET Mathematics subjects, and the final teacher needs to finish an Art program by June 2022

Goal 1 Action 2
This school year we added on programs such as IXL and Vocabulary.com subscriptions. We renewed subscriptions with former applications such as Gimkit, Newsela, and flocabulary. We also added new classes to our course lists such as astronomy, financial literacy, and psychology. With these new classes, we ordered textbooks with online subscriptions for each class so that students have access to their curriculum where ever they have internet. We continued to renew subscriptions for other subjects such as McGraw Hill science and math, as well as StudySync, our ELA content. We also ordered more laptops to ensure that each student had 1-to-1 technology.

Goal 1 Action 3
MSA-5 ensures that students are safe adding more supervision personnel during the transition, break, and dismissal times and creating a supervision schedule. In addition, MSA-5 collaborates with the MSA-1 team to address discipline and safety concerns through periodic meetings and procedures. Moreover, MSA-5 follows LA County Health and Safety guidelines to keep the campus clean and safe. The school provided health education and resources to students, parents, and staff during the pandemic with a systematic approach. MSA-5 implemented the health and safety guidelines such as weekly COVID testing, vaccination events, mask requirement, social distancing, isolation/quarantine, and communication with the educational partners in regards to COVID incidents. Classrooms and key locations in the school are equipped with sanitation stations, mask,s and informational posters.

Goal 1 Action 4

MSA5 offers students a diverse variety of healthy foods including fruit choices, green vegetables, juice, and milk. Students are able to support their nutrition during break time as well with fruit and healthy popped (not fried) snacks. MSA5 provides hot chocolate as a drink reward to students during the fall/winter semesters.

Goal 1 Action 5
The home office provides a variety of services to MSA-5; human resources, accounting, finance, academic guidance, high-scale IT, purchasing, reporting, coaching, operational, accountability, public relations, communication, marketing and school facility search/improvement. With the new administration of MSA-5, the support to the MSA-5 team has been significant, effective, and applicable to our current job descriptions. In addition, the home office took the charge with health and safety orders/regulations during the pandemic to have a safe school opening and operations. Moreover, MSA-5 has been in a search of a new home, and the facility and leadership teams have been instrumental and effective to find a school location.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action1, There is a discrepancy of $115,000 due to the retention bonus, in which each employee receives either $4000 or $2500 based on the position.
Goal 1 Action 2 There is a discrepancy of $45,697.68 due to colocating with a school where we don't need to pay some of the fees such as copier lease, and equipment. In addition, we minimize using printed copies of resources, digital resources became more economical.
Goal 1 Action 3 There is a discrepancy of $244,630 due to being a recipient of SB 740 and not paying over allocation fees this year
Goal 1 Action 4 There is a discrepancy of $4000, which is negligible.
Goal 1 Action 5 There is a discrepancy of $29,749.03 which is negligible (%5).

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 1 Action1
Two of classroom teachers are completing an induction program through LACOE and two other staff members are in student internship programs in collaboration with National University.

Goal 1 Action 2
We continue to evaluate the usage and effectiveness of each of these applications and the curriculum that we have purchased. We run reports weekly to monitor our progress on IXL and other such programs. We've also decided to implement work-stations using our winter MAP data and IXL. Currently, IXL is being used regularly from 56% of our teachers. We've tied incentives to Lexile growth on MYON and teacher usage as well in order to promote daily reading on MYON.

Goal 1 Action 3

Approximately, 47% of students are vaccinated.
Weekly COVID testing
2 portable temperature checkpoints and 6 hand sanitizer dispensers are placed in common areas
Rapid antigen tests are utilized
Daily classroom janitorial services for each classroom
Student-friendly, non-toxic sprays are utilized to keep learning spaces hygiene and clean
Medical-grade, surgical masks are provided to staff and students

Goal 1 Action 4
Two square meals and one well-balanced snack are provided to the entire student body on a regular basis. The campus does not provide a vending machine that lessens temptations for students to eat junk food.

Goal 1 Action 5
Monthly org-wide TOSA meetings are great platforms to collaborate within specific departments
Weekly office hours with the HR, Facility, and Accountability teams are helpful to finish certain projects and ask questions
Weekly check-in with the Superintendent for coaching, facility, co-location, and enrollment plans
Monthly leadership meetings/PD; principal, deans, PACE, SPED, college counselors
Grant applications, reporting support through the Accountability team
COVID-related health and safety communication as well as operational guidance through monthly committee meetings, and parent square messages.
Weekly Monday MPS Leadership meetings are great culture-building and action/plan follow-up platforms
The facility department found 2-3 potential school sites

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 1 Action1
There are several classified staff members who showed interest in obtaining a teaching credential. MSA-5 administration will look into supporting those staff members to enroll in credential programs in collaboration with the home office taking advantage of the new credentialing process and opportunities through third parties.

Goal 1 Action 2
We recently gave a survey to our staff asking how often they use each application and resource we have purchased. We found that there were some apps such as Flocabulary.com and Quizizz that are used weekly, whereas some such as newsELA are rarely used. We decided not to renew the programs that scored low in our surveys specifically, newsELA, listenwise, and Nearpod.

Goal 1 Action 3

Depending on the student enrollment next year, MSA-5 may hire a campus aide for the safety of students
Traffic regulation needs to be solidified for pick-up/drop-off

Goal 1 Action 4
Depending on future enrollment, more cafeteria staff may be added.

Goal 1 Action 5
Finalizing school site search and sharing the information with educational partners
Work with TOSAs to have an established new teacher onboarding and orientation
Streamline new grants and use them effectively.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.
Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 95%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(Source: Local Indicator Priority 7, SIS)					
Percentage of students who have sufficient access to all programs and services developed and provided to unduplicated students and to individuals with exceptional needs (Source: Local Indicator Priority 7, SIS)	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%
Percentage of state standards implementation for all students (Source: Local Indicator Priority 2)	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%
Percentage of completion of the formal and informal classroom observations by the school administration based on one formal and four informal observations per teacher per year (Source: TeachBoost)	2020-21: (As of 5/7/21) 98%	2021-22: (As of 5/13/22) 94.8%			2023-24: 100%
Percentage of students who have	2020-21: (First semester)	2020-21: (Second semester)			2023-24: 80%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
received a grade of "C" or better (or performed "proficient" on the related state standardized tests) in core subjects and electives (Source: SIS)	73%	90%			
Average Lexile Growth (L) from fall to spring (Source: myON)	2020-21: (As of 5/7/21) 73.9	2021-22: (As of 5/13/22) 91.7			2023-24: 75.0

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards.	$1,027,552.00	No

Action #	Title	Description	Total Funds	Contributing
		The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: Title I under 3500 Unemployment Insurance ($170.19) Title I under 3400 Health & Welfare Benefits ($11072.48) Title I under 3300 OASDI/Medicare ($ 1233.89) Title I under 3100 STRS ($16253.33) Title I under 1100 TeacherSalaries ($85,096)		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff	$32,333.00	Yes

Action #	Title	Description	Total Funds	Contributing
		needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds: • Tuition reimbursement for professional development: Resource: Title II, Part A; under 5864 Prof Dev-Other ($15,000)		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and	$598,565.00	Yes

Action #	Title	Description	Total Funds	Contributing
		summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Accelerated Reader, Lexercise, ST Math, Standards Plus, Quizizz, Padlet, Grade Slam, Sumdog, BrainPOP, NextGenMath, Membean, Spelling City, Turnitin, Seesaw, Listenwise, Grammarly, Cambium Learning, ABC Mouse, Learning A-Z, Cityspan, Flocabulary, Alexandria Library, Nearpod, Newsela, and myON.) The following expenditures will be funded by federal Title funds: • Intervention Teacher salary and benefits: Resource: Title I, Part A; Amount: $50,000 4127 Title IV, Part A ESEA (ESSA) under 4340 Educat Software purchased Quizzes, Brainpop ($7,779) 3010 Title I under 4340 Educat Software Purchased NWEA ($12.50/student gr 3-11 only),Grammarly, Gimkit ($ 4,112) 3010 Title I under 3500 Unemployment Insurance($30) 3010 Title I under 3300 OASDI/Medicare ($217.50) 3010 Title I under 3100 STRS ($2,865) 3010 Title I under 1300 Cert Adminis ($5,000) 3010 Title I under 1100 TeacherSalaries ($10,000)		
2.4	Designated and integrated ELD programs	Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will	$107,852.00	Yes

Action #	Title	Description	Total Funds	Contributing
		receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: • EL Coordinator stipend: Resource: Title I, Part A; Amount: $5,000		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific	$745,801.00	No

Action #	Title	Description	Total Funds	Contributing
		areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds 3010 Title I under 3400 Health & Welfare Benefits ($6450.948) 3010 Title I under 2100 Instructional Aides ($18,200)		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 Action 1
At MSA-5 we utilize renowned McGraw Hill Curriculums that align to common core standards such as Studysync, our ELA curriculum and Inspire--our science curriculum. We also purchased and are utilizing the McGraw Hill curriculum for our AP classes. We've sent our teachers on various professional development sessions in order to gain skills on developing and strengthening our standards-based curriculum. We also offer tuition reimbursement to those who want to get credentialed in other areas so that we can have a variety of course offerings. We also use "Edgenuity" an online instructional program for students who are credit deficient. We also continue to utilize scoot and a few other substitute programs to help with teacher and staff absences.

Goal 2 Action 2
This school year, we have had teachers attend professional development on various new programs and instructional strategies such as IXL, Listenwise, StudySync, Culturally Responsive Teaching, MYON, CHATS Framework, etc. Looking at the data, we have come to the conclusion that we need to construct PLCs that specifically work on the follow-through and implementation of these resources and instructional strategies. The leadership team, such as administrators, department chairs, and grade level leads, will get trained on a program

such as Adaptive Schools which helps strengthen PLCs referring to Element 37. We would also like to add more training for our new DOS on attendance intervention and for our PACE coordinator on how to engage parents since they are new at their roles. MSA-5 will continue supporting teachers in obtaining teaching credentials and certificates.

Goal 2 Action 3
Magnolia Science Academy-5 will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. The school I will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention. Existing Programs: Flocabulary, Listenwise, IXL, Khan Academy, etc. We plan on working with MFC to implement SEL curriculum in classes. We are also utilizing our SPED team for push-in rotation models. We would also like to increase our professional development on MTSS as we have new teachers and new leaders in their positions.

Goal 2 Action 4
MSA-5 has hired a paraprofessional for our ELL population to look into different ELD curriculum programs. We plan on sending our EL coordinator and ELD teacher to additional training.We want to close the learning gap for achievement for ELL students and have more EL students reclassify.

Goal 2 Action 5Students with disabilities at MSA-5 receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) .
Each staff in the SPED team have a set schedule to provide either push-in and pull-out services as stated on the IEPs. MSA-5 contracted a bilingual psychologist rather than hiring its own due to lack of available candidates for the position.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1 There is a discrepancy of $13,213.59 (overspending), which is negligible (1.4%)
Goal 2 Action 2 There is a discrepancy of $500 (overspending), which is negligible(2%)
Goal 2 Action 3 There is a discrepancy of $19,152.95, which is negligible(0.4%)
Goal 2 Action 4 There is a discrepancy of $378.25,which is negligible(0.3%)
Goal 2 Action 5 There is a discrepancy of $ 27,310.03 (overspending),which is negligible(0.5%)

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 2 Action 1
3/3 of our students took courses on Edgenuity this school year and passed. They are now up-to-date with their credits.

Goal 2 Action 2
This change will allow us to target our staff's professional development on a higher level and helps target data pieces that we are struggling with.

Goal 2 Action 3
We are analyzing our disciplinary data, attendance data, and academic data to calculate our progress toward our SEL implementation

Goal 2 Action 4
32% of students is ELs
Offering three times a year MAP testing in order to give more opportunities to reclassify and monitor the growth
Tiering ELPAC testing administration based on levels

Goal 2 Action 5
- Two more paraprofessionals are hired
- Weekly MSA-5 SPED Meetings help to plan and provide support to the team members
- Caseload has declined from 58 to 39, which helped to provide more services
- The RSP room has been downsized due to relocation
- Bilingual psychologist hired

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 2 Action 1
We plan to continue using our McGraw Hill curriculums and continue offering multiple AP courses including AP English and AP history.

Goal 2 Action 2
Teachers will showcase their promising practices at PLC (Element 38)
Peer observations are expected to take place twice a semester, bi-weekly program utilization reports run by the admin and follow-up with the teachers.

Goal 2 Action 3
MSA-5 is planning to apply for the MTSS grant next year.

Goal 2 Action 4
Planning to have a full-time EL support person
Purchase a specific EL curriculum

Goal 2 Action 5
Depending on the number of students, re-adjust staffing.
Designated support for dually identified students such as an intensive language immersion program

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning	$89,626.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities. The following expenditures will be funded by federal Title funds: N/A		
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.	$1.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: supplemental science program fees. The following expenditures will be funded by federal Title funds: N/A		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: • 4340 Educat Software 4127 Title IV, Part A ESEA (ESSA)Peardeck purchased ($1,661)	$5,261.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Titles: 4335 PE Supplies 4127 Title IV, Part A ESEA (ESSA) ($2,000)	$91,653.00	Yes
3.5	Additional programs and activities that support well-rounded education	In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and	$84,567.00	Yes

Action #	Title	Description	Total Funds	Contributing
		other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: 4326 Arts&MusicSupps 4127 Title IV, Part A ESEA (ESSA) ($2,500)		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 Action 1

At MSA5, we offer various programs for College and Career readiness such as 11th-grade SBAC preparation in ELA and mathematics, Advanced Placement Exams, College Credit Course (Dual Enrollment), a–g course completion, State Seal of Biliteracy, Golden State Seal Merit Programs and College trips

Goal 3 Action 2

As a part of our STEAM program this year, we are offering more computers classes such as "Web Design" and "Fundamentals of Art" and "Astronomy". We are also hosting a science fair in March and joining the STEAM expo where students will showcase their STEAM projects.

Goal 3 Action 3

Computers have become an intricate part of our school-wide curriculum. We offer computers to grades 6-8, and 10-12. Our computer teacher teaches a unit on digital citizenship and implements/uses programs that strengthen students' typing skills and their overall computer skills. We purchased Grammarly for our teachers to help with computer functionality and we've also renewed our membership with Goguardian so that staff can continue to monitor student behavior on our Chromebooks and while they are using Magnolia emails.

Goal 3 Action 4

We offer PE to all grades except for 11th and 12th. We also offer various sports activities after-school including basketball and volleyball. We have offered Soccer club on Saturdays and continue to monitor student health through our school wellness plan.

Goal 3 Action 5
At MSA5, we promote field trips for our students on a regular basis including venues such as Getty Villa, The Long Beach Aquarium, Occidental College, Underwood Farms, The Natural History Museum. We have a strong Student Council on campus and have had movie night fundraisers, Valentine's Candy Grams, Spirit Weeks in Fall and Spring, Relay Races, Obstacle Courses, and Athletic Football competitions. Our monthly assemblies are driven by our school culture department and Student Council. We offer monthly Saturday Schools for students to strengthen their academic skills and receive extra support for upcoming SBAC/Map tests. Guest speakers at assemblies such as Lead Sergeant for our local precinct. SBAC pep rallies with mascot.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1 There is a discrepancy of $46,181.82 due to the vacancies
Goal 3 Action 2 Nothing reported nor budgeted.
Goal 3 Action 3 There is a discrepancy of $6,624.22 (overspending) due to the new hires
Goal 3 Action 4 There is a discrepancy of $7,239.73, due to not having a CIF program and canceling the associated stipend.
Goal 3 Action 5 There is a discrepancy of $3,877, which is negligible (6%)

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Action 1
11th-grade SBAC preparation in ELA and mathematics: ELA 46.96%, math 38.67% met or exceeded
Advanced Placement Exams: Total number of AP tests given in 2021: 24 Percentage of AP tests with scores of 3 or above: 5
College Credit Course (Dual Enrollment): English 101 and Cinema 107 offered in Fall 2021, 6 students enrolled, 100% passing rate
Political Science 001 and Communications 101 offered in Spring 2022, 8 students enrolled
a–g course completion: 24 out of 27 students, 88% of graduating class met a-g course requirements
State Seal of Biliteracy: 9 out of 27 students, 33% of graduating class earned Biliteracy seal
Golden State Seal Merit Programs:6 out of 27 students, 22% of graduating class earned the golden state seal
College trips: 100% of graduating students attended to college trips during the 2021-22 school year.

Goal 3 Action 2
None of the students who took the placement test is classified as gifted. MSA-5 has currently # gifted students.
Each student is required to have one STEAM-based project. 50 students participated in our science fair and about 35 of those students, participated in our Steam Expo with 3 groups winning awards at the Steam Expo for their projects.

Goal 3 Action 3
GoGuardian has helped detected not only when students search for inappropriate things online and/or are off-task, but also when students are researching suicidal thoughts and behaviors.

Goal 3 Action 4
Students in grades 6-10 actively participated in PE classes every day for at least 52 min.

Goal 3 Action 5
Field trip attendance and assembly attendance are high.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 3 Action 1
"We will form an SBAC team to provide school-wide PDs to all staff to improve SBAC preparation
We will increase the number of AP classes to provide more access to all students; AP Art and Biology in consideration for next school year
School-wide dual enrollment implementation during advisory for 9th- grade; Counseling 001, 10th-grade; Counseling 004, 11th-grade; Counseling 020 first semester and Cinema 107 for all high school students in the second semester

Goal 3 Action 2
We had a high turn-out rate during our STEAM Expo with roughly 35 students participating in the event. We would like to continue to find new ways to promote participation in STEAM Expo.

Goal 3 Action 3
Digital citizenship month and anti-cyberbullying activities will take place during assemblies.

Goal 3 Action 4
Due to the lack of PE area, there are limited sports offered. MSA-5 would like to reconfigure shared PE areas and have more robust PE programs by purchasing more equipment.

Goal 3 Action 5
We are finalizing a PBIS plushie to be distributed at our SBAC pep rally. The plushie will be a replica of our Lobo mascot. It will be a PBIS incentive to be used year round.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.
School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and stakeholder surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes
4.2	Building partnerships with families for student outcomes	Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff	$199,497.00	Yes

Action #	Title	Description	Total Funds	Contributing
		will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, Dean of Culture salary and benefits, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: 5800 ProfessServices 3010 Title I Parentsquare ($1,500) The rest is home visit-related stipend and benefits pay. 3500 Unemployment Insurance 3010 Title I ($32) 3300 OASDI/Medicare 3010 Title I ($232) 3100 STRS 3010 Title I ($3056) 1100 TeacherSalaries 3010 Title I ($16000)		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be	$157,093.00	Yes

Action #	Title	Description	Total Funds	Contributing
		cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: 4340 Educat Software 3010 Title I Kickboard purchase ($3,900)		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual stakeholder surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A	$1,164.00	Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.	$256,159.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 Action 1
MSA-5 conducts periodic parent meetings in order to actualize the mission and mission as well as discussing current school-wide plans and concerns.Parents are informed and provided feedback for school budget, safe in person opening, new grant opportunities, re-location.For the meetings, there are agendas, powerpoints available in English and Spanish.

Goal 4 Action 2
MSA-5 celebrates Multicultural PotLuck every year to celebrate Thanksgiving with different cultural foods. -Alumni Dinner to celebrate our previous senior class whos graduated. Hot chocolate day.MSA-5 had an enrollment fair to get parents in the community to learn about our school, our goal for enrollment fair is to get families to enroll their student to MSA-5. MSA-5 held two Covid Vaccination events on campus to promote students and parents to get vaccinated.

Goal 4 Action 3
MSA5 uses a restorative justice platform. Our restorative justice committee meets to discuss ongoing student issues and possible consequences. Multi-Tiered System of Supports (MTSS) is a framework that helps educators provide academic and behavioral strategies for students with various needs. The leadership component for students is present with student reps on the student restorative justice committed. Depending on the situation, students weigh in their vote on consequences for students. Our tiered restorative justice policy is tiered with different levels starting with three individual support steps, the next level includes an SMB (Staff Managed Behavior) and an OMB (Office Managed Behavior). Our assemblies and daily interactions with students support Tier 1 where positive relationships are formed and maintained. Tier 2 supports include more support in the classroom with the use of mentors and tutoring. Tier 3 (support groups) are supported with more support outside the classroom with individual and group counseling. We currently have group counseling for both boys and girls along with individual counseling on a weekly basis.

Goal 4 Action 4

MSA5 participates in annual student, staff and family Panorama surveys. Surveys are highly promoted through assemblies, Parent Square and on-campus reminders. Student and family incentives for completion are in place.

Goal 4 Action 5
Community outreach to Tarzana Treatment Centers. Community Outreach to American Red Cross. In April our 2nd-semester blood drive will be held with American Red Cross.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1 No budgeted amount
Goal 4 Action 2 There is a discrepancy of $20,510.2 due to saving on Professional Services and Postal expenses
Goal 4 Action 3 There is a discrepancy of $153,696.71 due to not hiring a full-time discipline coordinator and intervention specialist.
Goal 4 Action 4 No discrepancy observed; $ 1,164.00 budgeted and spent
Goal 4 Action 5 No discrepancy observed; $18,500.00 budgeted and spent

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 4 Action 1
Before moving to the new location, an open house at the new site and notification to parents were provided in June/July 2021
In-person, orientation and parent-teacher conferences are held in a bilingual manner
A PACE coordinator is hired to build a stronger relationship with the community

Goal 4 Action 2
The event was effective in reaching our goal of having the entire school involved in this yearly potluck. Donations are provided by parents to be able to have a successful hot chocolate day.

Goal 4 Action 3
2 suspensions, 0 expulsions

Goal 4 Action 4
Grade proctors manage Panorama with the Dean of Students' guidance. Review of questions and sample surveys are utilized. Areas of challenge, such as self-efficacy are reviewed with students prior to taking the survey.

Goal 4 Action 5

With Tarzana Treatment Centers services we were able to teach our Middle school students about substance abuse. With the connection with American Red Cross, our students and staff were able to donate 17 16 oz of blood.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 4 Action 1
Using social media more effectively
A solid plan for the future location and mobilize our parents to recruit students
More parent participation in decision making

Goal 4 Action 2
Due to the health and safety measure, MSA-5 was able to hold only few events open to the public; next year, there will be 2 major outreach programs each semester.

Goal 4 Action 3
More involvement from the student reflection committee.

Goal 4 Action 4
Suggest Panorama Survey Assembly where everyone takes the survey at one time. Builds collaborative spirit and encourages students to take their time. Incentives after completion could be a special guest speaker or event such as a sports/field day competition or students vs. staff kickball competition.

Goal 4 Action 5
Get TTC services provided to our high students. Get more families to donate blood during our blood drive.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$932,177	$112,007.54

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
38.78%	0.00%	$0.00	38.78%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP

metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to

quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity

before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically

disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to

address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and

safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We

also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services with AP exam fees, college applications, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course or club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital

media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop-off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS "Infinete Campus". Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software "Parentsquare" will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify the greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional support for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feels and how to facilitate improvement. Our staff will analyze the survey results to

identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

MSA-5 plans to spend approximately the same percentages of the concentration grant for staffing in 2022 meeting LCAP Goal 2.1. In addition, the relatively similar portion of the grant will be allocated for LCAP Goal 1.5 in order to supply school uniforms to students and Goal 4.3 for CMO management and support fee

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students		

2022-23 Total Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel
Totals	$2,323,404.00	$1,304,917.00		$593,662.00	$4,221,983.00	$2,944,996.00	$1,276,987.00

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Powered by BoardOnTrack

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

2022-23 Local Control Accountability Plan for Magnolia Science Academy-5

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

  - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

  - This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

  - This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

  o This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

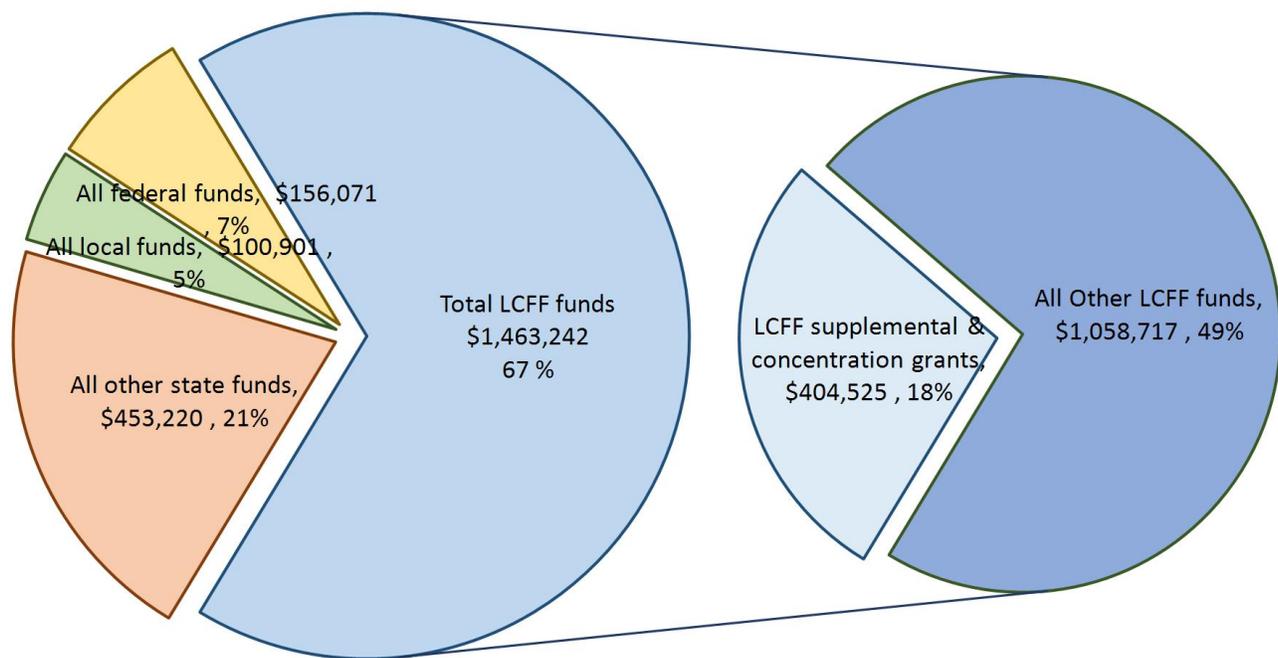
All federal funds, $156,071, 7%

All local funds, $100,901, 5%

All other state funds, $453,220, 21%

Total LCFF funds $1,463,242 67%

LCFF supplemental & concentration grants, $404,525, 18%

All Other LCFF funds, $1,058,717, 49%


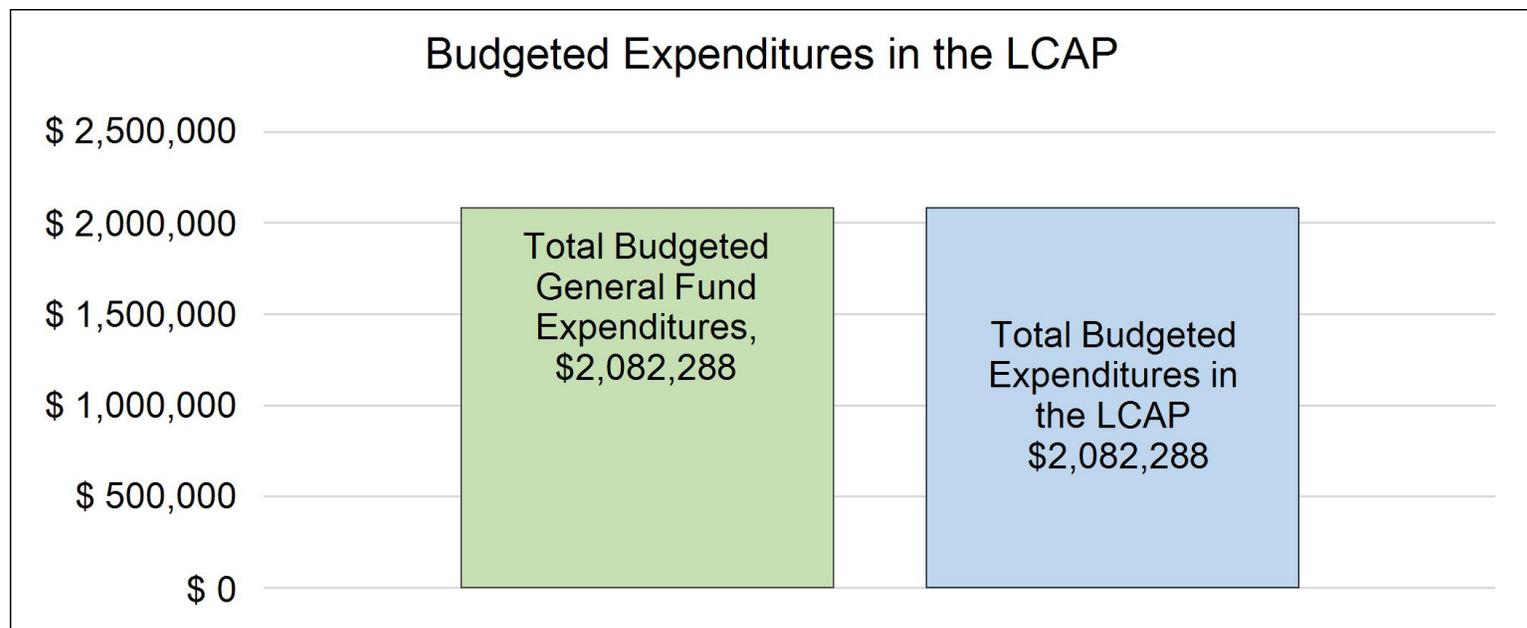
This chart shows the total general purpose revenue Magnolia Science Academy 6 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 6 is $2,173,434, of which $1463242 is Local Control Funding Formula (LCFF), $453220 is other state funds,

$100901 is local funds, and $156071 is federal funds. Of the $1463242 in LCFF Funds, $404525 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP


This chart provides a quick summary of how much Magnolia Science Academy 6 plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 6 plans to spend $2,082,288 for the 2022-23 school year. Of that amount, $2,082,288 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Magnolia Science Academy 6 is projecting it will receive $404525 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy 6 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 6 plans to spend $282,559 towards meeting this requirement, as described in the LCAP.

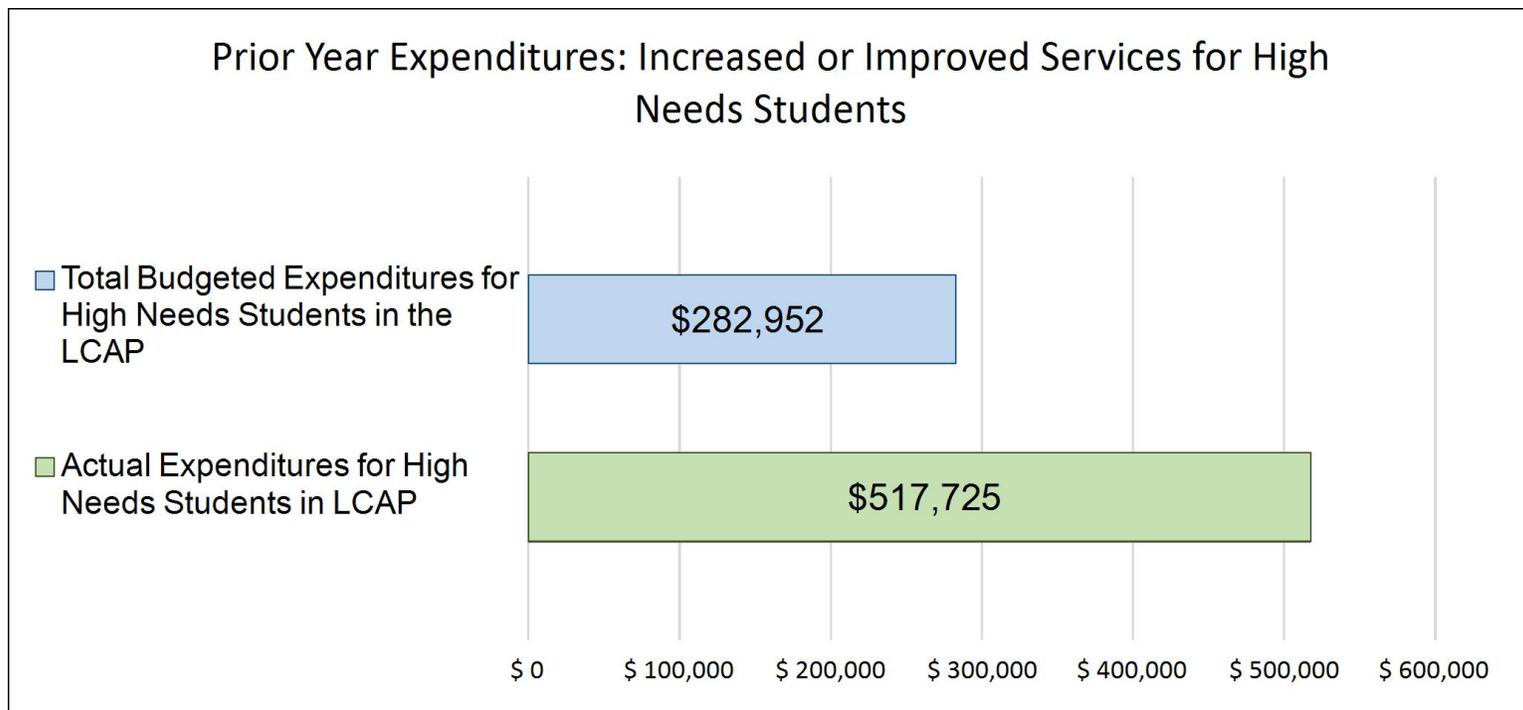
LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

☐ Total Budgeted Expenditures for High Needs Students in the LCAP — **$282,952**

☐ Actual Expenditures for High Needs Students in LCAP — **$517,725**

(Scale: $0, $100,000, $200,000, $300,000, $400,000, $500,000, $600,000)


This chart compares what Magnolia Science Academy 6 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 6 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy 6's LCAP budgeted $$282,952.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 6 actually spent $$517,725.41 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 6	James Choe Principal	jchoe@magnoliapublicschools.org 310-842-8555

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

The following methods have been used to communicate with stakeholders and received feedback on the usage of funds for the Educator Effectiveness Block Grant:
1. PTF/SSC
2. Coffee with the principals
3. Staff meetings
4. Leadership meetings; principals and deans
5. ParentSquare message/Text/Voicemail

The following methods will be used to communicate with stakeholders and receive feedback on the usage of funds for the Expanded Learning Opportunities Program:
1. Existing meeting structures
2. PTF/SSC/ELAC
3. Coffee with the principals
4. Staff meetings
5. ParentSquare message/Text/Voicemail
6. Social media; Facebook and Twitter
7. Websites; msa6.magnoliapublicschools.org
8. New meetings/New communications if needed

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

In order to keep high quality education at Magnolia Science Academy 6, we plan on using our concentration grant add-on to help with retention bonuses, at the end of the school year. This year and the past year, there has been a shortage of teachers and we would like for our teachers to stay with our school for as long as possible. They have been doing an excellent job making sure that our students are well taken care of and getting them ready for the upcoming school year's curriculum. With any leftover money, we are looking to invest in a paraprofessional who can help out the teachers and students in the classrooms.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Stakeholder collaboration has been a priority for Magnolia Science Academy 6 in the development of the schoolwide action plan/LCAP and ESSER III funds. In an effort to engage all stakeholders in the review of the student data and the development of the school-wide action plan, collaborative meetings have taken place regularly. Some of the meetings we held are Town Hall meetings, Parent Task Force meetings, School Site Council meetings, ELAC meetings, Annual Title 1 Meeting, Department meetings, and Grade Level Meetings.

MSA-6 has provided many community engagement opportunities during the 2020-2021 school year to gather feedback to inform the development of the Expanded Learning Opportunities Grant Plan (ELOG) and the Local Control Accountability Plan (LCAP). The feedback that we received for the ELOG and LCAP is used in the development of this ESSER III expenditure plan. In addition, we received feedback from MSA-6 staff (which includes administrators, teachers, resource specialists, office personnel, and paraprofessionals) during our regular weekly staff meeting (on 10/13/2021) and we received feedback from staff, parents, and community members during our School Site Council and Annual Title 1 meeting. The draft of the plan was presented to our parents in the monthly Parent Task Force (PTF) meeting (on 8/26/2021) and parents were asked to provide feedback pertaining to the use of ESSER III funds. We also received feedback from our students via annual surveys that show the challenges, needs, and successes of the school from the lens of our students. Additionally, the families that speak languages other than English also attended all of our meetings. For those parents, we provided translation services. Also, we have had meetings held for English speaking and Spanish only speaking parents so that the information related to school issues were provided to those parents in their language.

All administrators: principals, deans of academics, and deans of students met regularly to ensure that the funds for this plan are well utilized, sourced, and spent. Additionally, the paraprofessionals, teacher aides, outside duty supervisors, custodial staff, afterschool supervisors, and all other educators were involved in the preparation of this plan to make sure it will address the needs of our students. In terms of special education administrators, The Director of Special Education and Support Services for the MPS has been involved in the planning phase of MSA-6's ESSER III plan. The tribes and civil right organizations including disability rights organizations are not represented in MSA-6's

community. Finally, the school held School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings where Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth (N/A), migratory students(N/A), children who are incarcerated (N/A), and other underserved students. Also, at the home office level, the feedback from Director of Special Education and Support Services, Director of Student Services, and all other department heads who work closely with the students at MSA-6 campus were welcomed and honored. In order to address public at large, we have had our ESSER III plan presented during a regular MPS Governing board meeting for public comment, as well.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

The ESSER 3 funds success and challenges were as follows:

Success:
1. We were able to vote and extend the school calendar by 5 more days to address the learning loss.
2. Hiring of two multiple subject teachers to teach Science and Math and one Social Science teacher.
3. To continue the employment of our current office manager.
4. We were able to build a summer school program for the 2021 summer month, July.
5. After school programs and tutoring programs also have been implemented to help with any learning loss.

Challenges:
1. The year started sooner due to the addition of 5 more school days. However, we needed to move so we lost a lot of preparation time (beginning of the school year type of meetings) to be ready for the school year. But we managed to meet periodically to make sure that basic functions were in place for the beginning of the school year.
2. We lost a math/science teacher during the winter break and cannot find a replacement.
3. Due to our move, we needed to contract with a bus vendor who takes our kids back to our old location. This leads to low attendance for our after-school programs. Our after-school club attendance is very low, with around only 10% of our kids at school.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

Here is our current year to date funding (2/2/2022) for ESSER III and for the In-Person Instruction:

ESSER
MSA-6
Certificated Salaries 88,882
Classified Salaries 39,503
Employee Benefits 28,504
Books and Supplies 0
Services and Other operating Expenses 0
Capital Outlay and Decpreciation 0
Other Outflows 0
Total Expense 156,889

In Person Instruction
MSA-6
Certificated Salaries 6,896
Classified Salaries 0
Employee Benefits 1174
Books and Supplies 0
Services and Other operating Expenses 0
Capital Outlay and Decpreciation 0
Other Outflows 0
Total Expense 8,070

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget

Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.*"

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "*A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.*"

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 6	James Choe Principal	jchoe@magnoliapublicschools.org (310) 842-8555

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy (MSA-6 or Charter School), is a classroom-based charter school serving grades 6-8 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2009, MSA-6's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-6 currently has 86 students in grades 6-8, and mainly draws enrollment from Palms and Mid-city, CA and its neighboring communities. The neighborhoods that MSA-6 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-6 serves faces economic challenges. MSA-6 has a diverse enrollment, including 86% Hispanic/Latino, 9% African American, 5% White, 76% Socioeconomically Disadvantaged, 20% Special Education, and 20% English Learner population.

MSA-6 strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-6 is supplemented by tutoring, after-school programs, and school-to-university links.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

SBAC scores of 2018-2019 shows a slight decline in ELA proficiency (2.5% decrease) and maintaining math proficiency (38%)

- Using and analyzing the scores with ICAs and IABs to recognize specific academic needs and addressing those needs; data-driven.
- Intervention programs were effective in providing academic supports to specific groups of students.
- Providing feedback to students on their areas of growth/need through data from MAP, ICAs and IABs.
- Providing additional academic support such as afterschool (tutoring) and Saturday school.
- Increased amounts of PBIS awards.
- Teacher-led meetings to provide feedback and sharing best practices.
- Constant communication between the academic teachers and the special education teacher to address modifications and accommodations for students with IEPs.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Addressing students who are failing much earlier in the semester and find ways to engage these students.

- Lack of data on incoming students' prior knowledge.
- Lack of foundational skills from incoming students.
- Lack of attendance
- Alarming data – 35.9 points below standard in math, 16.3 points below standard in English according to SBAC 2019.
- Areas that need close attention:

a. Intervention programs: Create clear objectives on what needs to be accomplished in the programs, collect data by assessing the students with IABs in the beginning of the year to determine which specific students belong in intervention programs.
b. Programs and incentives: We will use our new Parent Square communication tool to engage homeless parents via text message, voicemail, email and certified letters. We will recognize students' high participation with some incentives like school supplies, metro passes etc.

- Cross-curricular activities between all core subjects.
- Using graphic organizers or interactive activities to provide vocabulary support for ELL.

a. Examples: Quizlets, synonyms/antonyms games, practice vocabulary use in sentences, and sentence-starter posters.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

Magnolia Science Academy-6's LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

- Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College
- The need to continue our improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs
- Providing counseling and positive behavior intervention support services to our students
- Keeping effective teachers and improving teacher observation and evaluation systems

Magnolia Science Academy-6 has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups. Those include:
- Using and analyzing the scores with ICAs and IABs to recognize specific academic needs and addressing those needs; data-driven.
- Intervention programs were effective in providing academic supports to specific groups of students.
- Addressing students who are failing much earlier in the semester and find ways to engage these students.

Areas that need close attention:
a. Intervention programs: Create clear objectives on what needs to be accomplished in the programs, collect data by assessing the students with IABs in the beginning of the year to determine which specific students belong in intervention programs.
- Cross-curricular activities between all core subjects.
- Using graphic organizers or interactive activities to provide vocabulary support for English language learners.
- Charter School will provide resources for increased outreach efforts to low income families including Parent College, parent training, home visits and other parent involvement meetings
- EL students will receive in-class instructional support which includes one-on-one teacher support in co-teaching classrooms; small group instruction; ELD instructional strategies.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote learning and provide a more positive learning experience for our students, MSA-6 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new LCAP. In addition, MSA-6 conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

MSA-6 has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

MSA-6 has held its periodical meetings this year to gather input from our stakeholders. These include 8 PTF meetings, 8 SSC meetings, 3 ELAC meetings, at least 4 parent activities/events (Parent College), 8 Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. All of our stakeholders parents, students, and staff participated in this survey. MSA-6 staff has also made 27 home visits during this school year and sought feedback from the parents for school improvement.

A summary of the feedback provided by specific educational partners.

Parent Advisory Committee (PAC)/Parents:
MSA-6 is moving to Wilton ES for 2022-2023 school year. We have yet to seen the facilities and how we will be able to use it. PAC also suggests offering more electives and more variety in afterschool program.

Students:
Based on the student survey, students would like to see more sport programs and extracurricular activities (Performing Arts - Music Drama). With the new school site, MSA-6 administration will collaborate with Wilton ES for some sport programs and put efforts to offer arts and music programs afterschool.

Staff:
Based on staff surveys staff would like to see more help in the Special Education department.

School Site Council (SSC):
SSC suggests providing more academic support for students who have curriculum gaps. Some students might have learning loss due to distance learning and teachers may need to re-teach some foundational skills in the beginning of the new school year. SSC also suggests providing counselors and therapists for all students for their social emotional needs. SSC recognizes that COVID-19 pandemic caused a big shift for many students and when returning back to in-person instruction, students will need more social emotional support.

ELAC:
ELAC suggests providing ELD classes for 2022-23 school year and additional intervention programs for ELs. ELAC recognizes that some English Learners had some obstacles with online learning and they need to be supported in some areas such as ELA and math for 2022-23 school year. Also, ELAC suggests MSA-6 to continue utilizing some online programs such as IXL.com and NextGen math in new school year.

SELPA:
Our SELPA recommended that we include an action in our LCAP specific to students with disabilities to describe how academic and social-emotional supports would be provided. They also recommended that we include the students with disabilities group in our LCAP metrics and provide specific data.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

MSA-6 LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

- Improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities
- Providing counseling and behavior support services to our students
- Improving teacher observation and evaluation systems and keeping effective teachers
- Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Other input includes improving school facilities and the lunch program.

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2022-23: 0
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 86%	2021-22: (Spring 2021 to Fall 2021) 75%			2023-24: (Spring 2023 to Fall 2023) 85%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 99.1%	2021-22: (As of 5/12/22) 97.7%			2023-24: 97%

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$10,800.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students, they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory training, and other HR-related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: n/a		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review the alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchase of materials. Charter School will annually review budgets and plans to ensure an adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards-aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom	$82,139.00	No

Action #	Title	Description	Total Funds	Contributing
		supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: 5940 Technology Funding Source: Federal Resource Code: 4035 Title II Amount: $909		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security, and high-quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM-focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment, and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security	$249,091.00	

Action #	Title	Description	Total Funds	Contributing
		services, health and safety-related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: n/a		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: n/a	$9,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages the business operations of schools, which reduces program and operations-related	$107,974.00	No

Action #	Title	Description	Total Funds	Contributing
		burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office-related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: n/a		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

1.1 At the end of the 2020-2021 School year, we had two teachers who had left. The math and science teacher for 7th and 8th grade. These teachers left due to the commute.

We were able to hire a 7th and 8th-grade science and math teacher to replace the teachers who left.
We were able to hire a Special Education Coordinator that we had contracted last year through Stepping Stones. This staff member became a full time employee of MSA6.

On top of this, we spent $49,500 more than our planned actions. This is due to our full-time staff receiving bonuses that would help keep our retention numbers high for the next school year.

1.2 Magnolia Science Academy 6's planned expenditure for this year was $82,287. Our actual amount of spending was $78,139.06. We spent around $3,000 less than we had anticipated.

1.3 Magnolia Science Academy 6's planned expenditure for this year was $255,000. Our actual amount of spending was $344,516. We spent around $89,000 more than we had anticipated.

1.4 Magnolia Science Academy 6's planned expenditure for this year was $9,000. Our actual amount of spending was $9,000. We spent exactly what we had anticipated.

1.5 Every year, we are striving to make sure that we have properly credentialed teachers in the classroom. With the support of the Home Office, and a dedicated budget for the miscellaneous things like fingerprints, TB tests,...etc. We may want to think of annual bonuses for retention in order to hold onto our teachers. Our teachers are talented and we would like to continue growing with each other.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.1 Budgeted Amount: $10,300
Actual as of 6/3/2022: $ 60,300.00

Difference: $50,000

1.2 "Budgeted Amount: $82,287
Actual as of 6/3/2022: $ 78,139.00

Difference: -$4148

1.3 Budgeted Amount: $255,000
Actual as of 6/3/2022: $344,516

Difference: $89,516"

1.4 Budgeted Amount: $9,000
Actual as of 6/3/2022: $9,000

Difference: $0

1.5 Budgeted Amount: $71,896
Actual as of 6/3/2022: $90,105

Difference: $18,209

An explanation of how effective the specific actions were in making progress toward the goal.

1.1 "The planned expenses were to help with any making sure that we have properly credentialed teachers. This means that we needed our staff members to have live scans. In addition to this, we needed to make sure that we had fire permits and other additional funds to make sure that we could also contribute to the adjusted retirement fee.

As of early June, all of our staff members have turned in their agreements. We believe that the bonus of $4,500 was partially the reason why we had all of our staff members return their agreements."

1.2 With distance learning in the past, we have learned that we need to make sure that we are up to date with our technology. Being back at school gave us an opportunity to apply what strategies we learned during our time away from a physical school site into the physical classroom. We were able to purchase some programs that we became familiar with during distance learning, and implement them in class this year. This helps our goal of having basic, high-quality instruction.

1.3 "Providing a means of transportation to our new site was very helpful in keeping our enrollment. Students were told that we were going to move late in the school year, last year, and it did not give them enough time for them to prepare transportation for the new site. Our new site, Pio Pico, was a well-kept/maintained site. This made the staff and students feel that they were in a clean and safe school.

1.4 In addition to our food services from Better4You, we had other basic services for our staff and students. These services were; water, refreshments, and miscellaneous items.

1.5 The support that is given from our Home Office Team, the Academic Team, the Operations Team, Human Resources, Accountability...etc. are an important part of our schools being able to run. The Home Office team helps us keep up-to-date with new laws and bills, keeps us informed about upcoming rules and regulations, and supports our school on a day-to-day level as well.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

1.1 Every year, we are striving to make sure that we have properly credentialed teachers in the classroom. With the support of the Home Office, and a dedicated budget for the miscellaneous things like fingerprints, TB tests,...etc. We may want to think of annual bonuses for retention in order to hold onto our teachers. Our teachers are talented and we would like to continue growing with each other.

1.2 We would like to continue with our current technology program in order to have basic high-quality learning. We would like to also have a line item for our budget to include a new set of Chromebooks for the incoming students, next year.

1.3 "Magnolia Science Academy 6 will need to have bus transportation for the next year and possibly for the following year as well.
We will have a new rent and lease agreement which should be less than our current year's rent.

1.4 We will keep our budget the same for this action since we spent exactly the amount that we budgeted.

1.5 We need to increase our budget for the upcoming year to match how much we spent this year. The services that are currently provided are needed for our school to run. In addition to the current services, we believe that we would need to build a marketing department to showcase all the good work that our schools have done to the public. This in turn could help out with public relations and with enrollment.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.
Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 90%	2021-22: (As of 5/13/22) 75%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	$444,665.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: 3500 Unemployment Insurance Funding Source: Federal Resource Code: 3010 Title I Amount: 36.608 3400 Health & Welfare Benefits Funding Source: Federal Resource Code: 3010 Title I Amount: 1478.16 3300 OASDI/Medicare Funding Source: Federal Resource Code: 3010 Title I Amount: 265.408 3100 STRS Funding Source: Federal Resource Code: 3010 Title I Amount: 3496.064 1100 TeacherSalaries Funding Source: Federal Resource Code: 3010 Title I Amount: 18304		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high-quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development	$22,500.00	Yes

		needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high-quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds: 5864 Prof Dev-Other Funding Source: Federal Resource Code: 4035 Title II Amount: $10,000		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)	$369,707.00	Yes

		the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and the CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: 3500 Unemployment Insurance Funding Source: Federal Resource Code: 3010 Title I Amount: 12.76 3400 Health & Welfare Benefits Funding Source: Federal Resource Code: 3010 Title I Amount: 492.72 3300 OASDI/Medicare Funding Source: Federal Resource Code: 3010 Title I Amount: 92.51 3100 STRS Funding Source: Federal Resource Code: 3010 Title I Amount: 1218.58 1100 TeacherSalaries Funding Source: Federal Resource Code: 3010 Title I Amount: 6380		

Action #	Title	Description	Total Funds	Contributing
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.

Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.

The following expenditures will be funded by federal Title funds: N/A | $173,948.00 | No |

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

2.1 There were no substantive differences between our estimated and actual spending. Magnolia Science Academy 6 continues to offer a standards-based curriculum throughout its regular school day. All core classes are being taught and in addition to the core classes, we also have Physical Education, Life Skills, Enrichment classes for math and ELA, and a homeroom/SSR/advisory class at the beginning of the school day. We also round out our student's education with after-school clubs. During this time, we have students join our STEAM team, our Art club, Journalism, and our Tutoring clubs. At least one or two of these clubs are offered throughout the week.

2.2 There were little substantive differences between our estimated and actual spending. Magnolia Science Academy 6 is doing the following actions to help develop high-quality instruction inside the classrooms:

Going to all the professional development opportunities that the Home Office provides: CRT training in the summer and in the fall. Have teachers do their self-assessment and go over their self-assessment throughout the year in order to see how much the teachers are progressing throughout the year. Teachers are encouraged to find their own PD's of their own choosing, something that they have a high interest in. Staff meetings are going to be redesigned so that staff will have more time for collaboration during these times. Some of the items we will continuously revisit are; classroom management, ELD strategies, UDL strategies, best practices...etc. The administration has created opportunities for co-teaching throughout the school year in order to support one another. A Magnolia veteran teacher is helping and coaching the newer Magnolia teachers.

Administration is requesting check-ins every few weeks to make sure that they are being supported on anything else.

2.3 Magnolia Science Academy 6 has several implementations that have been developed in order to support MTSS.

ACADEMICS
- Classes are now on a 90-minute block schedule in order to program more in-class practice and work time for the students with their teachers. Each teacher has programmed between 20 and 40 minutes of student work time within the 90-minute class period.
- Staff have been tasked to co-teach in classes to aid their cohort by lowering the student/teacher ratio, providing more support to students with disabilities and those needing more attention, supplementing behavior control and culture development, and providing informal, collaborative feedback to both the primary teacher and their students.
- Intervention groups are already developed and meet between once and twice per week in Math and ELA to further support students.
- After-school tutoring is now offered 5 days per week after school.
- Two paraprofessional aides also spend time in the classrooms that do not have a co-teacher in order to focus on students with disabilities, and students with greater need, and to offer assistance and tutoring as needed.

BEHAVIOR (CULTURE and DISCIPLINE)
- Daily student/staff 1-to-1 interaction at check-in and check out of school to promote presence and foster relationship building.
- Bi-Weekly PBIS raffles to highlight student achievement and reward positive behavior
- "Walk with the Dean" led by DoS to have elongated 1 to 1 check-in sessions wit students, especially those at risk. 10 minute walk with one designated student per day

- Additional forms of contact with parents and students through online resources like ParentSquare, social media, phone calls, and Infinite Campus
- Active Reflection: walking with students that are in reflection for behavior issues to discuss goal setting and behavior progress monitoring.

2.4 No substantive differences. At Magnolia Science Academy 6 the designated ELD classes are now being taught by two teachers to give students more support. Designated ELD program is during the first period of the day, 5 days a week. ELD coordinator is continuously updating our teachers on who the EL students. ELD coordinator will do ELAC meetings, although we have less than 21 EL students. ELD coordinator will continuously update the staff on what is going on in the designated ELD class in order to carry that over to the regular classes. Teachers are also incorporating ELD strategies in order to help students understand their classes. One of the two teachers who is teaching designated ELD is currently in a professional development setting with LACOE to further improve her knowledge on ELD strategies.

2.5 There were substantive differences due to the low amount of students with an IEP. Due to the low amount of students, the number of services that we had anticipated spending on was less. This year, we spent about $40,000 less than what we had anticipated spending.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

2.1 Estimated: $452,019.00 Actual: $ 435,257.81 Difference: -$16,762

2.2 Estimated: $15,616 Actual: $13,500 Difference: -$2,116

2.3 Estimated: $267,900.00 Actual: $252,272.40 Difference: -$15,628

2.4 Estimated: $93,812 Actual: $93,519 Difference: -$293

2.5 Estimated: $163,176 Actual: $123,211.66 Difference: -$39,964.34

An explanation of how effective the specific actions were in making progress toward the goal.

2.1 Magnolia Science Academy 6 has been able to implement its core curriculum, which includes Math, ELA, History, and Science. In addition to our core classes, we were able to round out our curriculum with PE and Life Skills. Lastly, our after-school programs help with any other programs that students want and teachers can provide.

2.2 We will be using data from different sources. We will use the IAB data to analyze how well our programs are working. We will also use formative assessments to help inform our instruction. Lastly, we will use summative assessments, the SBAC, and our MAP tests, to see if we are making progress toward our goal. The only summative information that is available for us now is our map testing, which is located at this link: https://docs.google.com/spreadsheets/d/1wSdSo41hthY0005OW71j-k-xmV4O8az0sQPs5G4_MuA/edit#gid=1514245097

2.3 Most of our monies spent in Goal 2 action 3 were spent on personnel and in educational programs. For teachers and staff, we needed to make sure that we had enough staff members to help out with MTSS. With our current staff, we were able to have extra help in our classes with teacher aides. Every grade level had a teacher's aide that helped out with the core classes.

2.4 This year, to meet the needs of our ELD students, we were able to have two credentialed teachers in the designated ELD class. At the end of the school year, the ELPAC test is administered to these students. This year, we were able to see 5 students, out of 19 students score an overall 4 on the test (the highest score). This is nearly 26% of our students who are in the ELD class. We are in the process of reclassifying these students, pending parent approval.

2.5 For our SPED services, we were able to have annual meetings and tri-annual meetings with all of our students who had an IEP, on time. We were able to provide the necessary services that each IEP specified, which included accommodations like speech, extra time, APE, and more.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

2.1 Magnolia Science Academy will keep its after-school program the same for now. We would like to incorporate our parents to volunteer for after-school clubs in order to further enhance our after-school programs.

2.2 Next year, we are going to do the same types of PD's. However, we are also going to incorporate two major PD's throughout the year. The two PD's that we will have implement is MTSS (Multi tiered support system) for teachers who can help with motivating kids or doing intervention with students. We also will have another PD from Kagan Learning Strategies. This is a well-known company that helps give teachers tools to engage students in their studies.

2.3 Next year, we are going to do the same types of PD's. However, we are also going to incorporate two major PD's throughout the year. The two PD's that we will have implement is MTSS (Multi tiered support system) for teachers who can help with motivating kids or doing intervention with students. We also will have another PD from Kagan Learning Strategies. This is a well-known company that helps give teachers tools to engage students in their studies.   We will also have an intervention with our classes throughout the year as well, but we will modify it so that everyone has enrichment on Wednesdays, our short days.

2.4 We would like to continue doing what we are doing this year, for next year. Currently, the ELD class is structured in a way where the classes have a good teacher-to-student ratio, of 10:1.

2.5 Next year, we plan on keeping the same program that we have this year. However, our SPED teacher will drop from full-time to part-time. This is due to the low amount of students who have an IEP therefore we believe that we are able to start and finish the year with a part-time RSP teacher.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 2%	2021-22: (As of 5/13/22) 1%			2023-24: 10%
Percentage of students in the current graduating class who	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)					
Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 95%	2021-22: (As of 5/13/22) 96%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college-related activities. Expenditures associated with this action include the following: college/career-related materials and activities. The following expenditures will be funded by federal Title funds:N/A		Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math courses and clubs. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM-focused project, experiment, model, or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, using problem-based learning, and research. Expenditures associated with this action include the following: supplemental science program fees. The following expenditures will be funded by federal Title funds: N/A	$2,000.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited	$492.00	Yes

Action #	Title	Description	Total Funds	Contributing
		to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: 4340 Educat Software Funding Source: Federal Resource Code: 4127 Title IV, Part A ESEA (ESSA) Amount: $492		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals, or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds:	$132,182.00	Yes

Action #	Title	Description	Total Funds	Contributing
		4335 PE Supplies Funding Source: Federal Resource Code: 4127 Title IV, Part A ESEA (ESSA) Amount: $3,250		
3.5	Additional programs and activities that support well-rounded education	In an effort to provide a well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline, and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after-school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support a well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: 4326 Arts&MusicSupps Funding Source: Federal Resource Code: 4127 Title IV, Part A ESEA (ESSA) Amount: $1,300	$4,800.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

3.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.2 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.3 There was little substantive difference. In this action due to us only using the money for a service called PearDeck. This is similar to Google Slides but is more interactive. This program helps our students become more engaged with lessons that teachers give to their students.

3.4 There was no substantive difference between this goal and action.

3.5 There was a substantive change in the estimated and actual cost to this action. This is to help with the cost of materials for miscellaneous clubs, STEAM team, and art supplies throughout the year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

3.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.2   Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.3 Estimated: $2000
Actual: $492

Difference: -$1,508

3.4 Estimated: $120,105
Actual: $119,656

Difference: -$449

3.5 Estimated: $3,000
Actual: $3,300

Difference: $300

An explanation of how effective the specific actions were in making progress toward the goal.

3.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.2 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.3 Throughout the year, the PearDeck program has given students a way to answer questions anonymously. This helped our classes to have higher levels of engagement and learning.

3.4 Mr. Theis works closely with our PE teacher in order to make sure that our physical education department is promoting a healthy lifestyle to all our students. This year, we also included the SEL curriculum and the 3 R's curriculum into the PE curriculum to round out the program.

3.5 In order to have the materials for our miscellaneous clubs/STEAM team, and art, we needed to purchase supplies that go along with those clubs/teams.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

3.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.2 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

3.3 We plan to use PearDeck next year, and any other program that we find and vet, that will help with learning.

3.4   We plan to continue working on our curriculum as we did this year. However, we are also looking into another SEL program to supplement our current SEL program.

3.5 In order for us to have curriculum that is well-rounded, we needed to invest money in the different activities that have that is beyond our regular school curriculum. The after-school clubs, which includes STEAM team, Art, and any other club which may help round out our curriculum.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and stakeholder surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of School Site Council (SSC) meetings per year (Source: Local Indicator Priority 3)	2020-21: (As of 5/16/21) 3	2021-22: (As of 5/13/22) 7			2023-24: 4

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and		Yes

Action #	Title	Description	Total Funds	Contributing
		Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities, and budgets, UCP, parent involvement policy, and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement.

Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees.

The following expenditures will be funded by federal Title funds: N/A | | |
| **4.2** | Building partnerships with families for student outcomes | Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop-off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to | $134,619.00 | |

Action #	Title	Description	Total Funds	Contributing
		connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, Dean of Student salary and benefits, and Office Manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: 5800 ProfessServices Funding Source: Federal Resource Code: 3010 Title I Amount: $1,000 3500 Unemployment Insurance Funding Source: Federal Resource Code: 3010 Title I Amount: 2 3300 OASDI/Medicare Funding Source: Federal Resource Code: 3010 Title I Amount: 14.5 3100 STRS Funding Source: Federal Resource Code: 3010 Title I Amount: 191 1100 TeacherSalaries Funding Source: Federal Resource Code: 3010 Title I Amount: 1000		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis, or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion	$6,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention, and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify the greatest progress, and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: 4310 Ins Mats & Sups Funding Source: Federal Resource Code: 3010 Title I Amount: $500		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual stakeholder surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: • Panorama Education survey fees: Resource: Title I, Part A; Amount: $1,000	$1,000.00	Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.	$228,967.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

4.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

4.2 Magnolia Science Academy 6 had a small substantive change for these funds. We used up all of our budget through hiring personnel, home visits, and having a parent college. These actions are to help build relationships with our families and our students.

4.3 There was a substantive difference between the budget and the actual budget. We mainly used these funds for our uniforms and to support our students for our homeless students.

4.4 There was no substantive difference with our estimated and actual budget for this action plan.

4.5 There was a substantive difference for this action/goal. We spent around $8,000 more than we had budgeted on marketing.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

4.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

4.2 Budgeted: $114,369.00 Actual: $ 125,710.14 Difference: $11,341

4.3 Budgeted: $9,906 Actual: $5,196 Difference: -$4,710

4.4 Budgeted: $1,000 Actual: $1,000 Difference: $0

4.5 Budgeted: $2,500 Actual: $10,500   Difference: $8,000

An explanation of how effective the specific actions were in making progress toward the goal.

4.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

4.2 This year, we were able to do a lot of home visits, more than any other year, in order to build relationships with our students/families. In addition to this, even though we were in a pandemic, we were still able to host a Parent Academy for our families. Lastly, we have one of our personnel members who is like the parent liason. This person bridges the gaps with our school.

4.3 In order to help students have basic materials, we provided our students with uniforms free of cost. We also wanted to make sure that we support our students who are homeless, additionally, by providing other basic necessities. We were able to provide backpacks and hygiene bags for many of our students.

4.4 In order to gauge how we are doing throughout the school year, we use surveys. These surveys are provided by Panorama survey multiple times throughout the year to gauge how our educational partners feel about our school. The survey is taken by our parents, students, and our staff members. At the end of each survey window, the survey is analyzed by the Home Office team and the school leadership team to see what we can do to improve and to see what we are doing that is going well.

4.5 In order to hit our enrollment target, we needed to spend our money on marketing items. These items include things like postcards, banners, any promotional items, and subscriptions that were needed for marketing. We need to keep marketing in order to make an impact on the community and its' surrounding areas to be the middle school of choice.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

4.1 Magnolia Science Academy 6 did not budget/spend any money on this item as either item doesn't apply to our school (6-8), or the expenditures were coded differently.

4.2 We plan to utilize the money the same way that we did this year. We hope that we are continuously able to build relationships with our families and that we need to spend more money in this category to strengthen the bond between our families and the school.

4.3 Since we moved from last year to this year, our enrollment dropped. Due to a lower number of students, we did not need to buy as many uniforms. We hope that we can improve our enrollment so that we can spend all of the budgeted amounts for MTSS, PBIS, and SEL support.   This includes things other than uniforms like prizes, raffles, and any other way to positively impact our culture at our school.

4.4 We plan on using the Panorama survey services for the upcoming year to continue our analyzation with how we are doing with school academics, behavior, culture and anything else related to school.

4.5 For the upcoming school year, we plan on investing a lot of money in marketing. Since we are moving, yet again, we need to focus on getting our name out in the community. We have been brainstorming about what we can do. Some of the things that we plan on doing are: getting postcards, tear away flyers, banners, sandwich boards, magnets, flags, community outreach events...etc. We hope that this can draw more attention to our school.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$404,525	$48,626.77

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
38.21%	0.00%	$0.00	38.21%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Magnolia Science Academy-6 will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Magnolia Science Academy-6 will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school

meal programs. Magnolia Science Academy-6 will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Magnolia Science Academy-6 will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student

groups in mind, Magnolia Science Academy-6 will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Magnolia Science Academy-6 will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Magnolia Science Academy-6 will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Magnolia Science Academy-6's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Magnolia Science Academy-6 will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Magnolia Science Academy-6 will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Magnolia Science Academy-6 teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Magnolia Science Academy-6 will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Magnolia Science Academy-6 will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Magnolia Science Academy-6 will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Magnolia Science Academy-6 will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students

with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Magnolia Science Academy-6 will promote a college-going culture through college visits, college/career days, and other college related activities. These activities are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in student grades, attendance rates, and percentage of students enrolled in accelerated programs and involved in STEAM activities, eventually leading to students taking rigorous courses in high school to better prepare for college and career.

- Goal 3: Action 2: STEAM and GATE programs

Magnolia Science Academy-6 has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Magnolia Science Academy-6's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Magnolia Science Academy-6 strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Magnolia Science Academy-6 will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Magnolia Science Academy-6 will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and

students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Magnolia Science Academy-6 will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Magnolia Science Academy-6 will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Magnolia Science Academy-6 staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Magnolia Science Academy-6 will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the

benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Magnolia Science Academy-6 will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Magnolia Science Academy-6 will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Magnolia Science Academy-6 will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Magnolia Science Academy-6 will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Magnolia Science Academy-6 will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Magnolia Science Academy-6 teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Magnolia Science Academy-6 uses the LCAP to serve as the SPSA), and WASC Self-Study. Magnolia Science Academy-6 wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Magnolia Science Academy-6 needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Magnolia Science Academy-6 will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Magnolia Science Academy-6 chooses to utilize the LCAP to serve as the SPSA. Magnolia Science Academy-6 will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Magnolia Science Academy-6 will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Magnolia Science Academy-6 utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Magnolia Science Academy-6 will build trusting and respectful relationships with parents through

activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Magnolia Science Academy-6 will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Magnolia Science Academy-6 will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Magnolia Science Academy-6 will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Magnolia Science Academy-6 will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Magnolia Science Academy-6 utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate and ADA rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Magnolia Science Academy-6 needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Magnolia Science Academy-6 will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Magnolia Science Academy-6 will offer a Life Skills/Character Education program that provides

students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Magnolia Science Academy-6 will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Magnolia Science Academy-6 will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Magnolia Science Academy-6 will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Magnolia Science Academy-6 will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Magnolia Science Academy-6 uses the LCAP to serve as the SPSA), and WASC Self-Study. Magnolia Science Academy-6 wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Magnolia Science Academy-6 needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Magnolia Science Academy-6 will annually administer school experience surveys to students, parents, and staff. Magnolia

Science Academy-6 will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Magnolia Science Academy-6's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Magnolia Science Academy-6 needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Magnolia Science Academy-6 will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Magnolia Science Academy-6 will secure community support to sustain existing resources and add new resources that address emerging student needs. Magnolia Science Academy-6 leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Magnolia Science Academy-6 will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Magnolia Science Academy-6 will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Magnolia Science Academy-6 will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Magnolia Science Academy-6 will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Magnolia Science Academy-6 will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Magnolia Science Academy-6 will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Magnolia Science Academy-6 will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Magnolia Science Academy-6 teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Magnolia Science Academy-6 will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Magnolia Science Academy-6 will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Magnolia Science Academy-6 will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Magnolia Science Academy-6 will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Magnolia Science Academy-6 will promote a college-going culture through college visits, college/career days, and other college related activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Magnolia Science Academy-6 will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Magnolia Science Academy-6 will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Magnolia Science Academy-6 will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Magnolia Science Academy-6 will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Magnolia Science Academy-6 staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated

students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Magnolia Science Academy-6 will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Magnolia Science Academy-6 will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Magnolia Science Academy-6 will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Magnolia Science Academy-6 will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Magnolia Science Academy-6 will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Magnolia Science Academy-6 will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Magnolia Science Academy-6 teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Magnolia Science Academy-6 will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Magnolia Science Academy-6 chooses to utilize the LCAP to serve as the SPSA. Magnolia Science Academy-6 will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Magnolia Science Academy-6 will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Magnolia Science Academy-6 will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all

students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Magnolia Science Academy-6 will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Magnolia Science Academy-6 will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Magnolia Science Academy-6 will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Magnolia Science Academy-6 will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Magnolia Science Academy-6 will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Magnolia Science Academy-6 will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Magnolia Science Academy-6 will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Magnolia Science Academy-6 will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Magnolia Science Academy-6 will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Magnolia Science Academy-6 will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Magnolia Science Academy-6 will annually administer school experience surveys to students, parents, and staff. Magnolia Science Academy-6 will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for

increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Magnolia Science Academy-6 will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Magnolia Science Academy-6 will secure community support to sustain existing resources and add new resources that address emerging student needs. Magnolia Science Academy-6 leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Magnolia Science Academy-6 will use the extra funding from the concentration grant add-on funds to hire another staff member who will focus on giving aide to students who are; foster youth, English learners, and/or low-income students.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students		

2022-23 Total Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel
Totals	$850,213.00	$608,820.00	$11,579.00	$611,676.00	$2,082,288.00	$1,394,065.00	$688,223.00

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

2022-23 Local Control Accountability Plan for Magnolia Science Academy 6

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

  - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

  o This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

  o This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

  o This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

  o This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

  o This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table
- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

  o This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

  o This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

  o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
January 2022

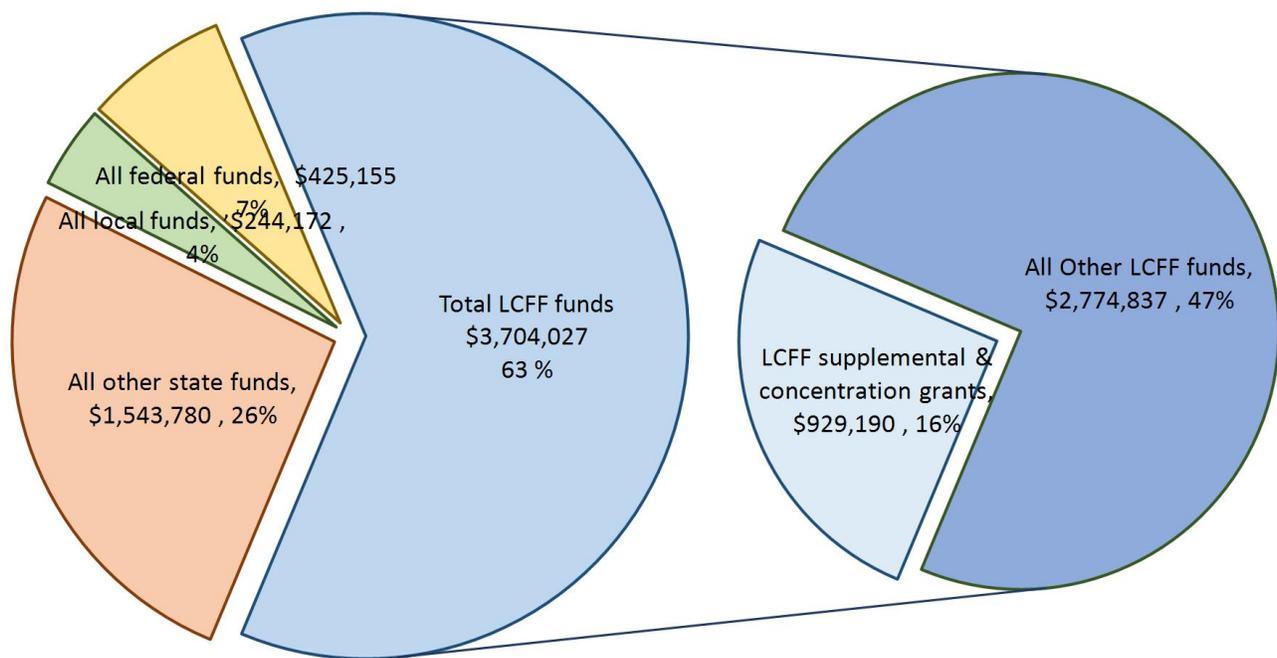
LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 7
CDS Code: 19-64733-0117655
School Year: 2022-23
LEA contact information:
Meagan Wittek
Principal
mwittek@magnoliapublicschools.org
(818) 886-0585

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

All federal funds, $425,155 7%
All local funds, $244,172 , 4%
All other state funds, $1,543,780 , 26%
Total LCFF funds $3,704,027 63 %
All Other LCFF funds, $2,774,837 , 47%
LCFF supplemental & concentration grants, $929,190 , 16%


This chart shows the total general purpose revenue Magnolia Science Academy 7 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 7 is $5,917,134, of which $3704027 is Local Control Funding Formula (LCFF), $1543780 is other state funds,

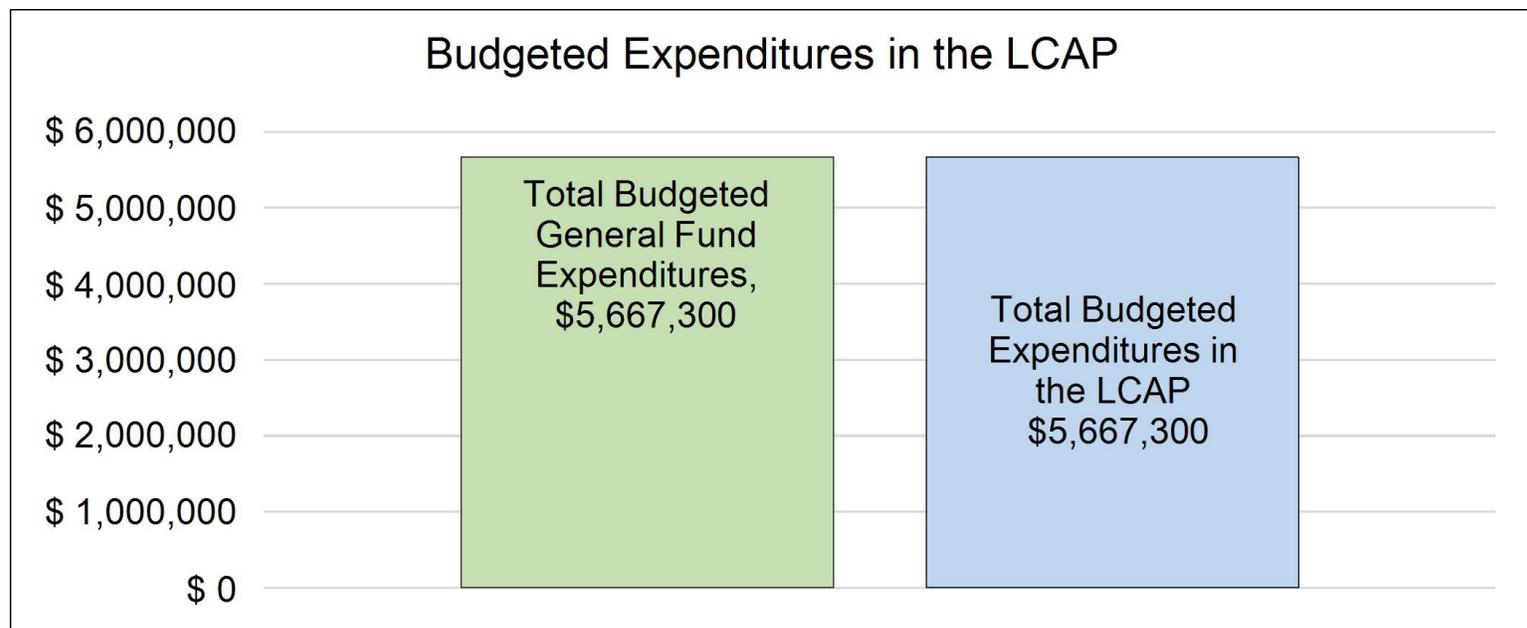
$244172 is local funds, and $425155 is federal funds. Of the $3704027 in LCFF Funds, $929190 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Total Budgeted General Fund Expenditures, $5,667,300	Total Budgeted Expenditures in the LCAP $5,667,300

(Bar chart: both bars reach to approximately the same height, with vertical axis marked $0, $1,000,000, $2,000,000, $3,000,000, $4,000,000, $5,000,000, $6,000,000)


This chart provides a quick summary of how much Magnolia Science Academy 7 plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 7 plans to spend $5,667,300 for the 2022-23 school year. Of that amount, $5,667,300 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Magnolia Science Academy 7 is projecting it will receive $929190 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy 7 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 7 plans to spend $794,292 towards meeting this requirement, as described in the LCAP.

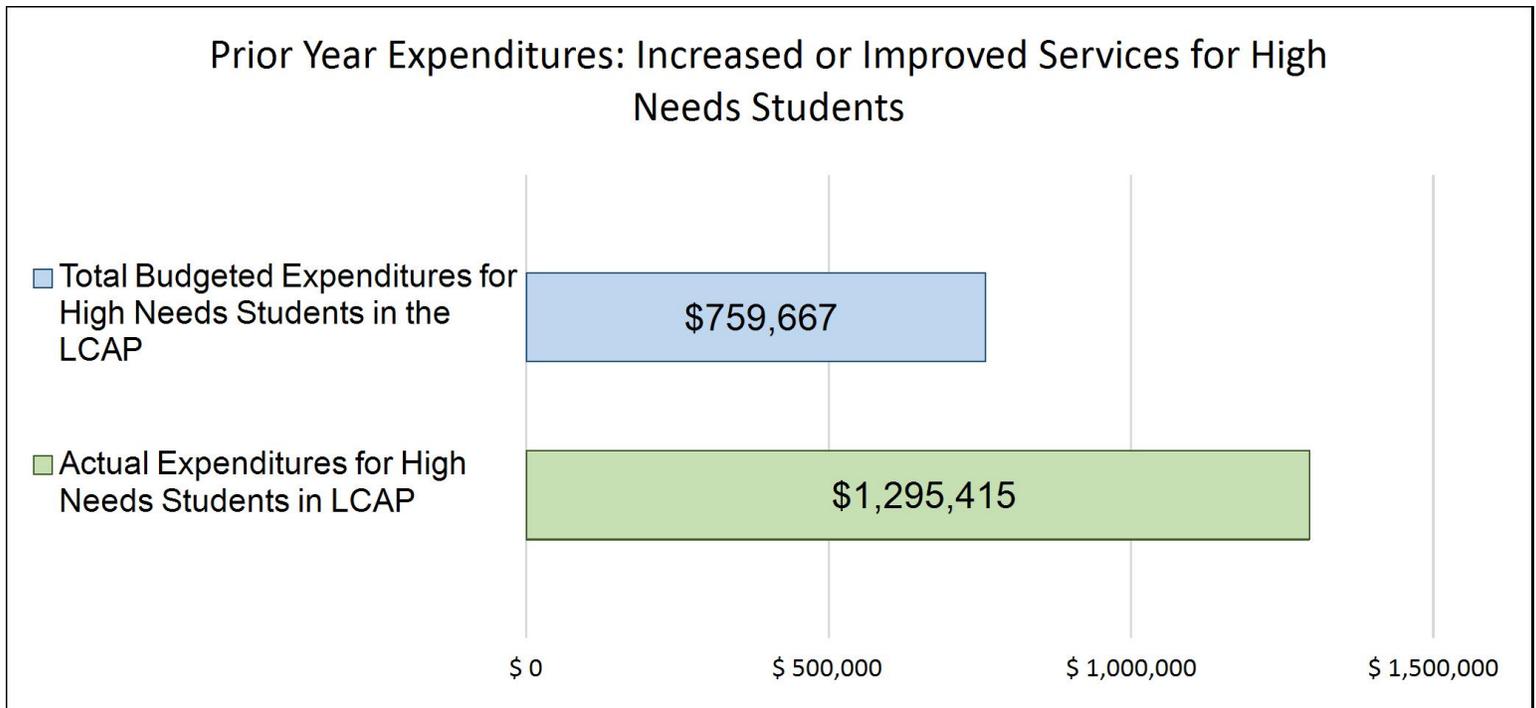
LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

☐ Total Budgeted Expenditures for High Needs Students in the LCAP — $759,667

☐ Actual Expenditures for High Needs Students in LCAP — $1,295,415

(X axis: $ 0 $ 500,000 $ 1,000,000 $ 1,500,000)


This chart compares what Magnolia Science Academy 7 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 7 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy 7's LCAP budgeted $$759,667.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 7 actually spent $$1,295,414.60 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 7	Meagan Wittek Principal	mwittek@magnoliapublicschools.org 818 886-0585

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Educational Partner Engagement for Educator Effectiveness Block Grant:
- Presentation and draft of plans for usage of the funds were shared with school staff members during a staff meeting. Staff were sent a Google form and allotted time to provide feedback on the proposed usages of the funds.
- Presentation and draft of plan was shared with parents during the Parent Task Force (PTF) meeting. Time was allotted for questions and answers and feedback on the proposed usages of the funds.
- Plans were further discussed and developed during MPS Leadership meetings with Principals, Deans and Home Office Staff
- The Administration team met to review the staff and family feedback and make adjustments to the plan accordingly.

Expanded Learning Opportunities Program and Pre-K Planning and Implementation:
- We have not finalized planning for these funds as of yet therefore no Educational Partner Engagement has occurred but once we do, we will follow a similar structure for engaging our partners and collecting feedback in order to make informed decisions. This will include meetings with staff and parents meetings in the format of PTF, ELAC or SSC meetings.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

- Independent Study Teacher - hired a credentialed, multiple subject teacher who leads daily instruction, lesson planning and grading for 11 students who opted out of returning to in-person learning
- Retention Bonuses - will use some of these funds to provide retention bonuses for all staff members who have worked 80% of the school year or more
- School Psychologist - will use the remainder of the Concentration grant funds to cover additional funding to make a part time psychologist position into a full time position to support all students with behavior, SEL, and mental health support in addition to IEP caseload

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Stakeholder collaboration has been a priority for Magnolia Science Academy 7 in the development of the schoolwide action plan/LCAP and ESSER III funds. In an effort to engage all stakeholders in the review of the student data and the development of the school-wide action plan, collaborative meetings have taken place regularly. Some of the meetings we held are Town Hall meetings, Parent Task Force meetings, School Site Council meetings, ELAC meetings, Annual Title 1 Meeting, Department meetings, and Grade Level Meetings.

MSA-7 has provided many community engagement opportunities during the 2020-2021 school year to gather feedback to inform the development of the Expanded Learning Opportunities Grant Plan (ELOG) and the Local Control Accountability Plan (LCAP). The feedback that we received for the ELOG and LCAP is used in the development of this ESSER III expenditure plan. In addition, we received feedback from MSA-7 staff (which includes administrators, teachers, resource specialists, office personnel, and paraprofessionals) during our regular weekly staff meeting (draft of the plan was shared and followed by a Google form to collect feedback), and we received feedback from staff, parents, and community members during our School Site Council and Annual Title 1 meeting. The draft of the plan was presented to our parents in the monthly Parent Task Force (PTF) meeting and parents were asked to fill out a Google form to provide feedback pertaining to the use of ESSER III funds. We also received feedback from our students via annual surveys that show the challenges, needs, and successes of the school from the lens of our students. Additionally, the families that speak languages other than English also attended all of our meetings. For those parents, we provided translation services. Also, we have had meetings held for English speaking and Spanish only speaking parents so that the information related to school issues were provided to those parents in their language.

All administrators: principals, deans of academics, deans of students, and college counselor met regularly to ensure that the funds for this plan are well utilized, sourced, and spent. Additionally, the paraprofessionals, teacher aides, outside duty supervisors, custodial staff, afterschool supervisors, and all other educators were involved in the preparation of this plan to make sure it will address the needs of our students. In terms of special education administrators, The Director of Special Education and Support Services for the MPS has been involved in the planning phase of MSA-7's ESSER III plan. The tribes and civil right organizations including disability rights organizations are not represented in MSA-7's community. Finally, the school held School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings where Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth (N/A),

migratory students(N/A), children who are incarcerated (N/A), and other underserved students. Also, at the home office level, the feedback from Director of Special Education and Support Services, Director of Student Services, and all other department heads who work closely with the students at MSA-7 campus were welcomed and honored. In order to address public at large, we have had our ESSER III plan presented during a regular MPS Governing board meeting for public comment, as well.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Strategies for Continuous and Safe In-Person Learning:

- Hiring an IT coordinator - Support students and staff with increased IT needs including student chromebooks, upgraded internet, additional online resources, Independent Study student support, etc.

Successes:
We were able to hire an IT Coordinator who helped get all of our technology inventory organized and into the classrooms by placing one chromebook cart with 30 chromebooks in each classroom; assisted teachers with online programs; completed an internet and phone upgrade project; ordered and set up new laptops, projectors and document cameras as needed for staff
Challenges:
Our IT Coordinator resigned in December and we have not been able to fill the position yet

- Hiring a nurse from a third party vendor (Cross Country Education) - Nurse on site to assist with student health and safety, COVID compliance and testing and health screening/symptom checks

Successes:
It has been extremely helpful to have a nurse on-site everyday to assist with day to day health needs as well as all the COVID-19 health and safety items such as assist with COVID testing, symptom screening, and supervising students in the isolation area as needed
Challenges:
Ensuring we have funding to continue to have this position in future school years

- Hiring a full time PACE Coordinator - Parent and Community Engagement Coordinator to focus on family resources, support, student SEL events, enrollment, etc.

Successes:
Through this position we've been able to focus in re-engaging our families and community members upon our return to in-person learning, focus on enrollment recruitment, hold several successful fundraisers and school wide activities, and form new community partnerships with local businesses and repursues
Challenges:

2022-23 Local Control Accountability Plan for Magnolia Science Academy 7

Ensuring we have funding to continue to have this position in future school years

- Facility improvements, maintenance, and upgrades - Bi-monthly service of HVAC Systems; replacement of windows and doors for better ventilation

Successes:
We have been able to conduct bi-monthly HVAC service through a third party company (Christian Brothers), replace 9 of the classroom doors and are currently working on a project to install permanent shade structures outdoors for the students to play, eat, and work under
Challenges:
The proposed window project is going to cost more than we had planned so it has been added to phase 3 of our facility improvement plans for now

Addressing the Impact of Lost Instructional Time
- Hiring a part time intervention teacher - Intervention teacher will support small groups of students through data driven, targeted intervention in ELA and Math foundational skills

Successes:
This position was filled in August by one of our experienced multiple subject credentialed teachers. She works with 11 small groups weekly on acquiring foundational skills in ELA and Math and conducts periodic benchmark assessments which have shown evidence of growth for most students attending intervention
Challenges:
Having enough space for all student services groups to work has been a challenge; high number of student absences due to COVID restrictions resulting in students missing their intervention sessions

- Summer Learning Academy - Summer academic program during the month of July each year; open to all students, focus on ELA, Math and Science; allocated money covers cost of staff salaries, supplies, snacks, and other items needed to run the program efficiently

Successes:
Safe, challenging, and engaging option for students during summer vacation to help continue instruction and growth in ELA, Math and Science; approximately 120 students attend each summer
Challenges:
Finding enough teachers to lead the summer school classes has been a challenge in previous years which limits the number of students we can offer the program to

- Counseling Services for students through third party vendor (Mitchell Family Clinic) - Continue to provide counseling services for students as needed at no cost to the families; community partnership

Successes:
Students and families are able to get the support they need to work through challenging times and circumstances; convenient schedule and no cost to the families; can be in person or virtual
Challenges:

Not having enough counselors available to support the number of students and families requesting services; having sufficient space for all counselors to work with students

- Comprehensive After School/Extended Day with third party vendor (Arc) - Additional cost to subsidize ASES grant to extend hours for Wednesdays minimum day schedule

Successes:
Being able to provide students with extended time in the program allows for more engagement and more time for enrichment activities; minimum day schedule allows time for teachers and staff to participate in PD and have collaboration time
Challenges:
Arc has had difficulty finding additional staff members to come in at an earlier time since most of their staff are college students

Use of Any Remaining Funds
- Purchase of Interactive TV screens for classrooms - Interactive TV panels to be used in place of projectors and document cameras to increase student engagement and interaction; support visual learning for ELD and SPED students
Successes:
We have not purchased or started using these items yet

Challenges:
These purchases have been put on hold as we try to fill the IT manager position

- Purchase & installation of Fiber Optic Internet Switches - Improved internet speed and efficiency to support student and staff devices, online resources and technology supports
Successes:
Higher speed and better quality internet has allowed teachers to use more technology effectively in their classrooms to promote student engagement and participation
Challenges:
None now that every classroom has a chromebook cart and are able to access the online programs and technology resources

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

ESSER III Expenditure Plan:
- Hiring an IT coordinator
- Hiring a nurse from a third party vendor (Cross Country Education)

- Hiring a full time PACE Coordinator
- Facility improvements, maintenance, and upgrades
- Hiring a part time intervention teacher
- Summer Learning Academy
- Counseling Services for students through third party vendor (Mitchell Family Clinic)
- Comprehensive After School/Extended Day with third party vendor
- Purchase of Interactive TV screens for classrooms
- Purchase & installation of Fiber Optic Internet Switches

Year to Date Actuals:
- Certificated Salaries - $15,350
- Employee Benefits - $2,820

Total Expense - $18,170

Safe Return to In-Person Instruction Grant Year to Date Actuals:
- Certificated Salaries - $6,818
- Employee Benefits - $1,231

Total Expense - $8,049

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local

educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.*"

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with

the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 7	Meagan Wittek Principal	mwittek@magnoliapublicschools.org (818) 886-0585

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy 7, is a classroom-based charter school serving grades TK-5 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2009, MSA-7's mission is to provide a college motivating educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-7 has 280 students in grades TK-5, and mainly draws enrollment from Northridge, Reseda, CA and neighboring communities. The neighborhoods that MSA-7 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-7 serves face economic challenges. MSA-7 has a diverse enrollment, including 64% Hispanic/Latino,14% White, 77% Socioeconomically Disadvantaged, 9% Special Education, and 31.4% English Learner population.

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-7 is supplemented by tutoring, after-school programs, and school-to-out of school resources links.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

MSA-7 data manager, administration team, survey results and annual site visit auditors from LAUSD provided data and information available.

Due to school closures and pauses on state testing enforced in response to the COVID-10 Pandemic, there is no updated California Dashboard data. The data below is from the most recent Dashboard data available and identified areas of strength:
- Suspension Indictor on the California Dashboard is at a blue or very low rate and continues to maintain this measure
- English Language Progress Indicator on the California Dashboard is at a blue or very high level and continues to maintain this measure
- English Language Arts indicator on the California Dashboard is orange and all students made improvement from the spring of 2018 to fall of 2018.
- Mathematics indicators on the California Dashboard is also orange, LAUSD Site Visitors (Charter School Department Auditors) shared the comparison table of similar schools and according to it MSA-7 is higher than all shared (neighborhood) similar schools in ELA and MATH according to the 2018 SBAC results.

In terms of organizational, management, and programs area, LAUSD Charter School Department Site visitors gave MSA-7 a score of 4 and no score was given for Student Achievement and Educational Performance.

Some additional successes our school accomplished this year include:
- 100% of our students had access to all curricular and technology items needed to access their academic program.
- 100% of our students have created and/or demonstrated a STEAM focused project this year as well as completed a Computer/Technology class.
- Educational partner approval rates of 77% for students, 98% for families, and 93% for staff

MSA-7 seeks to continually develop professional learning opportunities for all educational partners in the areas of academic and socioemotional development. Potential trainings include development in growth mindset, culturally responsive teaching, trauma informed instruction, PBIS, addressing learning loss, and more. MSA-7 continues to be proud of their efforts to develop the capacity of special populations such as English Language Learners and SPED students. Continual support and compliance is provided to the staff in the form of professional learning opportunities, grade level meetings, webinars, and other trainings. In the classroom, students are introduced to all components of common core education model.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

MSA-7 data manager, administration team, survey results and annual site visit auditors from LAUSD provided data and information available.

Due to school closures and pauses on state testing enforced in response to the COVID-10 Pandemic, there is no updated California Dashboard data. The data below is from the most recent Dashboard data available and identified areas of need in order to close the achievement gap:

- Mathematics indicator on the California Dashboard is at orange or low for all student groups. Socioeconomically disadvantaged, Latino and EL students are on the color indicator of red.
- English Language Arts indicator on the California Dashboard is at orange or low for all students. Again, Socioeconomically disadvantaged, Latino and EL students are on the color indicator of red.

We knew that all of our students were going to need additional support and interventions as we returned to full time in-person learning this year in order to mitigate the learning loss caused by the school closures. However, looking at data including MAP assessments, benchmarks, reading levels, and classroom grades, we knew that our students identified as English Language Learners, Socioeconomically disadvantaged students, SPED students and Latino students presented a higher level of need. We put several plans in place to address these needs that will continue next year including:

- Summer Learning Academy
- Saturday Learning Academy
- Hiring an intervention teacher to support students and teachers in ELA and Math
- Adopting the supplemental program, IXL for data monitoring and basic skills practice
- Adopting a benchmark program for TK-2nd
- Making a part-time ELD paraprofessional full time
- Making a part-time SPED teacher full time
- Extending the school year by 5 days (this will not continue for 2022-23)
- Hiring a full-time Parent and Community Engagement Coordinator to work with and support families and seek community resources
- Implementing a Guided Math program
- Additional mental health and SEL supports for students and staff

Some additional identified areas of need include:

- Per student and staff surveys, there is a need more enrichment programs such as sports and art. We are looking to add more sports-focused clubs next year as well as a TK-5th music and art program through a third party vendor
- Per staff and parent surveys, facility and playground upgrades are needed. Several projects have been completed and many more are scheduled.
- Providing students with the opportunity to participate in accelerated/advanced math programs
- More informal observations and coaching sessions for staff as conducted by administration

MSA-7 seeks to continually develop professional learning opportunities in both the areas of ELA and Mathematics and to further understand the needs of the teaching community and identify the factors that will empower teachers to develop their craft in the community of service. Strategies include providing home office orientation, site based orientation that addresses school and individual needs, mentorship program with a seasoned staff members on site, and other factors that are currently being developed to support teachers as they continue to grow more comfortable with the transition back to campus.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The Charter School LCAP committee has reviewed input from all educational partners and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:
- Providing one time retention bonuses to all eligible staff members (Goal 1, Action 1)
- An emphasis on adopting and implementing instructional, curricular, and technology items and programs that will continue to deliver a standards-based education to all students but with an emphasis on addressing learning loss and gaps in student learning. (Goal 1, Action 2)
- Hiring a full time security guard from a third party vendor (Goal 1, Action 3)
- Continuing to provide clean and safe facilities that support learning, with an additional emphasis on health and safety as students return to campus, including the hiring of an additional custodian and CNA as well as prioritizing facility and playground upgrades and improvements. (Goal 1, Action 2)
- Supporting 7 staff members with tuition reimbursement as they pursue higher education, teaching credentials, and induction programs. (Goal 2, Action 2)
- Prioritizing MTSS Academic support through enrichment, intervention, and student support by hiring an ELA & Math Intervention Teacher and expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs (Goal 2, Action 3)
- Increasing the level of support for students with IEPs and the school's SPED program including the hiring of another full time RSP teacher. (Goal 2, Action 5)
- The need to continue to improve our designated/integrated English Learner services by adding a full-time ELD paraprofessional to support EL students. (Goal 2, Action 4)
- Expanding STEAM and GATE programs for students to participate in. (Goal 3, Action 2)
- Expanding our PE & Health and sports activity programs for students based on stakeholder feedback. (Goal 3, Action 4)
- Creating additional programs and activities that support a comprehensive educational program for all students we serve. (Goal 3, Action 5)
- Focusing on MTSS in relation to PBIS and SEL support for students by providing counseling and positive behavior intervention support services to our students. (Goal 4, Action 3)

Other highlights include:
- Installation of playground shading and other facility improvements
- Adopting a new TK-2nd benchmark program to collect accurate data
- Providing staff with necessary professional development opportunities in the areas of academics, behavior, and SEL, including training in Culturally Responsive Teaching and Implicit Bias
- Playground and facility improvements and upgrades
- Increased opportunities for parent workshops in academics and mental health support
- Addition of a music and arts program
- Addition of a Guided Math program

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote learning and provide a more positive learning experience for our students, MSA-7 has established a culture of gathering input from parents, students, staff, community members, and other educational partners through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all educational partners are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provide valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical educational partners.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our educational partners. These include 7 PTF/PAC meetings, 2 SSC meetings, 4 ELAC meetings, several parent activities/events, weekly staff meetings, and other educational partners meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our educational partners participated in this survey.

A summary of the feedback provided by specific educational partners.

School Site Council & ELAC Feedback:
10/26/21
- Parents like to see Saturday school to support student learning and setbacks
- Parents are excited about the new MyOn reading resource to help students get access to free books online to encourage reading growth

2/11/22
- Discussed plans for ELOP funds, parents were on board and grateful for more after school program opportunities

Educational Partners Survey Feedback Summary:
- Strengths/Successes

1. Students approval rating for Climate of Support for Academic Learning remained at 80%, same as last year
2. Staff approval rating for Climate of Support for Academic Learning increased by 1 point from 97% to 98%
3. Staff approval rating for Knowledge and Fairness of Discipline, Rules and Norms stayed the same at 97%

- Highest Approval Rates

The topic with the highest approval rates for all three educational partner groups was Climate of Support for Academic Learning. We were grateful to see that all educational partners had high approval ratings for this category knowing what a challenging year this was for all and that we worked hard as a community to support one another and promote student learning as we transitioned back to an in person setting.

- Most Proud

We are most proud that all our educational partners approve positively of our Climate of Support for Academic Learning. We take great pride in the amount of academic and SEL support that is given to all of our students and have worked hard during this unprecedented year to transition our programs to meet the needs of our community during a pandemic and as we begin to transition out of a pandemic. We were also very proud to see that the parent approval rating of Safety was 99%. Although this was a 1 point decline from last year, it is still very high. Considering how much had to be done and focused on in regard to health and safety this year and the fact that only six families chose to keep their students in Independent Study, we are relieved to see that our families felt safe sending their children to school with us during this stressful and unsure year.

- Maintain or Build Upon

We will continue to build upon this climate of support by having meaningful reflection conversations with staff in order to get a clear and true understanding of how we can best support our students with not only learning loss but behavior, SEL, and mental health as we continue to transition out of a pandemic.

- Identified Needs

1. Climate of Support for Academic Learning-
Although the student approval rating for this topic stayed the same, it was the lowest of the three stakeholder groups (80%). We were pleased to see there wasn't a decline but feel the rating would have been higher if we had been able to bring our students back to the in person learning they were used to prior to the pandemic. There were still multiple health and safety protocols in place that made it difficult to fully support our students this year. We also feel they struggled with understanding what some of the questions were asking.
2. Knowledge and Fairness of Discipline, Rules and Norms-
Although this was an area of concern for the free responses comments, the approval ratings were still rather high for all educational partner groups for this topic despite a 6 point decrease by students and families. We are also aware that this is an area of need as we have seen an increase in the amount and type of behaviors from our students this year.
3. Safety-
There was a decline in approval ratings this year for all three educational groups. They weren't significant, 3 points for students, 1 point for families, and 4 points for staff, but still something we need to be aware of and address. We know that coming back to in person learning in the middle of a worldwide pandemic made many people feel anxious about their health and safety. We also are aware that there have been a few unusual incidents this school year that could affect the members of our community feeling safe while at school. We are working to

address these and hope to avoid further incidents in the future.
4. Sense of Belonging (School Connectedness)-
We saw a decrease in approval rates in this area by all three educational partner groups. Students and families decreased by 2 points and staff more significantly by 13 points. We saw quite a big increase in this area last year despite being apart in distance learning so it was quite hard for us to see a decline upon our return to in person instruction. Although difficult to see, it's not surprising. During distance learning our team worked hard to engage and connect with one another, our students, families, and each other and I believe the rates attested to that. This year, we worked hard to stay healthy, stay open and address the many needs of our students. SEL and connectedness was a priority for the students but not as much for our staff. We also weren't able to have many if the events and gatherings we're used to having which attributed to this decline.

SELPA Feedback:
Based on previous feedback from our SELPA, it was recommended that we include an action in our LCAP specific to students with disabilities to describe how academic and social-emotional supports would be provided. They also recommended that we include the students with disabilities group in our LCAP metrics and provide specific data. Based on feedback from the LAUSD SELPA, we included a new action in our LCAP specific to students with disabilities. See Goal 2: Action 5. This action summarizes support and services for students with disabilities.

Next Steps Based on Survey Feedback:
Although it is important to acknowledge and take all suggestions into consideration, we have chosen six that we would like to put the most focus and attention into. These six were selected due to the number of times they were mentioned in the surveys, them being a concern for us as well, and our ability to actually implement change.
1. By July 2022, MSA 7 will implement a before-school program with educational partners. We will look into running our own program or outsourcing to arc using the ELOP funds.
2. Collaborate with Schools in Action to identify a new vendor or course of action to increase the food quality by June 30, 2022. SIA is putting a corrective action plan in place to address concerns.
3. Recess and lunch procedures will be revisited to implement post-pandemic protocols - this is currently happening and will be finalized by the start of 2022-23 school year.
4. Collaborate with the PBIS team to reflect glows and grows for this school year. Focus on future implementation of promising practices per survey responses. We need to assign a new PBIS Coach as ours is leaving to accept a new position. This will be addressed April 2022.
5. Continue working on expansion plans for more space by end of 2021-22 school year
6. Increase parent involvement. Work with the PACE Coordinator to create an action plan to re-engage families to acceptable levels per educational partner survey. This will be ready to launch in August 2022.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The Charter School LCAP committee has reviewed input from all educational partners and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

- An emphasis on adopting and implementing instructional, curricular, and technology items and programs that will continue to deliver a standards-based education to all students but with an emphasis on addressing learning loss and gaps in student learning. (Goal 1, Action 2)
- Hiring a full time security guard from a third party vendor (Goal 1, Action 3)
- Continuing to provide clean and safe facilities that support learning, with an additional emphasis on health and safety as students return to campus, including the hiring of an additional custodian and CNA as well as prioritizing facility and playground upgrades and improvements. (Goal 1, Action 2)
- Prioritizing MTSS Academic support through enrichment, intervention, and student support by hiring an ELA & Math Intervention Teacher and expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs (Goal 2, Action 3)
- Increasing the level of support for students with IEPs and the school's SPED program including the hiring of another full time RSP teacher. (Goal 2, Action 5)
- The need to continue to improve our designated/integrated English Learner services by adding a full-time ELD paraprofessional to support EL students. (Goal 2, Action 4)
- Expanding STEAM and GATE programs for students to participate in. (Goal 3, Action 2)
- Expanding our PE & Health and sports activity programs for students based on stakeholder feedback. (Goal 3, Action 4)
- Creating additional programs and activities that support a comprehensive educational program for all students we serve. (Goal 3, Action 5)
- Focusing on MTSS in relation to PBIS and SEL support for students by providing counseling and positive behavior intervention support services to our students. (Goal 4, Action 3)

Other highlights include:

- Installation of playground shading and other facility improvements
- Adopting a new TK-2nd benchmark program to collect accurate data
- Providing staff with necessary professional development opportunities in the areas of academics, behavior, and SEL, including training in Culturally Responsive Teaching and Implicit Bias
- Playground and facility improvements and upgrades
- Increased opportunities for parent workshops in academics and mental health support
- Addition of a music and arts program
- Addition of a Guided Math program

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 1			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 1	2021-22: 0			2022-23: 0

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$19,500.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and	$241,309.00	No

Action #	Title	Description	Total Funds	Contributing
		other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: Technology		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$750,553.00	No

Action #	Title	Description	Total Funds	Contributing
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$13,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	$722,578.00	No

2022-23 Local Control Accountability Plan for Magnolia Science Academy 7

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 Action 1:
Planned Actions - teacher credentialing expenses, recruitment expenses (sign-in bonus, live scan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.
Actual Implementation of Actions - All planned actions were implemented except for performance pay. All students, TK-5th received quality instruction from fully credentialed teachers, with the exception of one who was working on an emergency CLAD. Ten new staff members were hired this school year resulting in a need to complete a live scan and be reimbursed for the fees. In addition to the planned actions, teacher retention bonuses were added to this goal and action causing the discrepancy in planned vs. actual expenditures

Goal 1 Action 2:
Planned Actions - textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation.
Actual Implementation of Actions - All planned actions were implemented. 100% of all enrolled students had access to their own copies of standards-aligned instructional materials for use at school and at home. Our school has more than a one-to-one ratio for technology devices to students. We share an IT Manager with another school site so he works at each campus part-time.

Goal 1 Action 3:
Planned Actions - facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.)
Actual Implementation of Actions - All planned actions were implemented. Our current facilities are considered to be in "good repair". Multiple upgrade and maintenance projects were done or are in the process of being done including, new doors installed, playground shading installed, upgraded HVAC filtration system, repaired fencing, etc. Custodial and health and safety needs were a priority this school year to

help try and limit the spread of the COVID-19 virus upon our return to in-person learning, therefore more supplies were purchased and an additional full time custodian was hired.

Goal 1 Action 4:
Planned Actions - student meals, water, and refreshments.
Actual Implementation of Actions - Under the COVID-19 health and safety guidance all water fountains had to be put out of use therefore we provided a water dispenser and cups with monthly service in all classrooms.

Goal 1 Action 5:
Planned Actions - Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)
Actual Implementation of Actions - All planned actions were implemented. Support was provided accordingly by Home Office staff, our authorizer, and legal council. Other systems and programs were used accordingly.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1:
Planned Expenditures: $19,500.00
Actual Expenditures: $161,000.00
The large discrepancy between planned and actual expenditures for 1.1 is due to the fact that our CMO decided to prioritize staff retention by allocating a portion of the ESSER funds to give retention bonuses to all eligible staff members in June. ESSER funds were not included in the LCAP since they were provided to the school later as a one time stimulus fund.

Goal 1 Action 2:
Planned Expenditures: $209,804.00
Actual Expenditures: $201,788.81
For the most part, the planned expenditures and the actual expenditures are aligned for 1.2. The $8,000 difference is attributed to the fact that we ended up hiring an IT manager with less experience than our previous one so his salary offer was less than what was originally budgeted.

Goal 1 Action 3:
Planned Expenditures: $582,321.00
Actual Expenditures: $612,824.75
The planned expenditures for 1.3 were about $30,000 less than the actual expenditures. This discrepancy is attributed to two things. The first being that there was in increase in Workers Comp claims to Charter Safe this year due to a few incidents that occurred with a student who

was exhibiting unsafe behaviors. The second being more custodial supplies and deep cleaning services needed in order to maintain a healthy and safe campus during our return to in-person learning and to combat the spread of the COVID-19 virus.

Goal 1 Action 4:
Planned Expenditures: $11,000.00
Actual Expenditures: $11,000.00
There are no discrepancies for 1.4 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the expenses of student meals, water, and refreshments.

Goal 1 Action 5:
Planned Expenditures: $495,371.00
Actual Expenditures: $ 436,367.48
The planned expenditures for 1.5 were about $59,000 more than the actual expenditures. This discrepancy is attributed to more money being budgeted for various fees and expenses (Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)) than what ended up actually being needed and used.

An explanation of how effective the specific actions were in making progress toward the goal.

Action 1: This action was effective in making progress toward the goal. We were able to hire all necessary staff and teachers and support them with any hiring fees. Being able to provide retention bonuses to eligible staff members helped increase our staff retention rate for next year. Only two teachers are leaving due to moving out of state or country. One aide is not returning due to wanting to complete her credentialing program.

Action 2: This action was effective in making progress toward the goal. We were able to provide all students with the instructional materials and technology needed to access their curriculum and learning. Thanks to the additional funding provided to schools, more technology was purchased allowing for at least a one-to-one student to device ratio and chromebook carts in all classrooms TK-5th. We also hired our first IT manager, splitting the position with another school. It has been very helpful to have an IT Manager who can assist with the maintenance of all devices, internet reliability, testing support, etc.

Action 3: This action was effective in making progress toward the goal. We were able to put protocols in place and purchase all necessary items to ensure students and staff had access to a safe, secure, healthy, and high-quality learning and working environment. This funding allowed us to add an additional custodian as well as keep a school nurse through a third party vendor to help us better reach this goal.

Action 4: This action was effective in making progress toward the goal. Under the COVID-19 health and safety guidance all water fountains had to be put out of use therefore we provided a water dispenser and cups with monthly service in all classrooms. Having the funding to be able to do this allowed students and staff to attend school in a safe, healthy and comfortable school setting.

Action 5: This action was effective in making progress toward the goal.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #1 and it's metrics, desired outcomes, and actions, we have determined that most practices will remain the same for the 2022-23 school year wherever applicable and possible. For example, if circumstances allow, we may offer the retention bonuses to staff again since it did help secure high quality educators for the upcoming year. We will continue to prioritize budgeting and decision making to provide our students with standards-aligned curriculum and access to all instructional materials and technology required for equitable learning. Maintaining our facility and ensuring the health and safety of our students and staff will also remain a priority as we ensure all necessary items are in stock and any needed repairs are complete. The biggest change to next year's planning for Goal #1 is the hiring of a full time security guard through a third party vendor.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.
Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 90%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.	$1,231,174.00	No

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds: • Tuition reimbursement for professional development: Resource: Title II	$35,334.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Standards Plus, Quizizz, BrainPOP, NextGen Math, Spelling City, Seesaw, Cambium Learning, Learning A-Z, Alexandria Library, Mystery Science and myON.) The following expenditures will be funded by federal Title funds: • Certificated Admins: Resource: Title I, $4,000 • Teacher Salaries: Resource: Title I, $11,000 • Instructional Aide Salaries: Resource: Title I, $53,850 • Benefits: Resource: Title I, $19,349 • Educational Software: Resource: Title I, $9,700 • Educational Software: Resource: Title IV, $1,797	$496,023.00	Yes

Action #	Title	Description	Total Funds	Contributing
		• Professional Services (Counseling): Resource: Title IV, $7,483		
2.4	Designated and integrated ELD programs	Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A	$116,642.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A	$637,063.00	No

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 Action 1:
Planned Actions - teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.

Actual Implementation of Actions - All planned actions were implemented. 100% of programs and services outlined in the charter petition were provided to students dependent on need and interest. State standards and adopted grade level curriculum was used to deliver high quality instruction.

Goal 2 Action 2:
Planned Actions - professional development, tuition reimbursement, and TeachBoost software fees.
Actual Implementation of Actions - All planned actions were implemented. A robust professional development program was delivered to teachers and staff on a variety of topics including PLCs, SEL, PBIS, trauma informed instruction, and more. Four staff members participated in the tuition reimbursement program to help further their professional growth. TeachBoost software program was used to document observation and coaching cycles as well as goal setting and summative assessments for all staff. 100% of our teachers received a formal observation coaching cycle but only 61% of our informal observation goal was achieved. We completed 17 Summative Assessments, 20 Formal Observations, 26 Informal Observations, and 24 Peer Observations.

Goal 2 Action 3:
Planned Actions - Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Standards Plus, Quizizz, BrainPOP, NextGen Math, Spelling City, Seesaw, Cambium Learning, Learning A-Z, Alexandria Library, Mystery Science and myON.)
Actual Implementation of Actions - All planned actions were implemented except for paying for and using Illuminate DnA; it was decided by the CMO and school sites not to continue with this service since other programs we use offer the same things. All students grade 1st-5th completed three rounds of NWEA MAP testing (Fall, Winter and Spring)

Goal 2 Action 4:
Planned Actions - EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits.
Actual Implementation of Actions - All planned actions were implemented. ELD instruction is delivered in two models, integrated in the classroom by the teacher and designated by the ELD coordinator and aides in small groups. 89 students enrolled for the 2021-22 were classified as EL students with a breakdown of-Level 4: 8.51%, Level 3: 43.61%, Level 3: 34.04%, Level 1: 13.82%. The students just finished taking the 2022 ELPAC so these levels may change. 12 students qualified for reclassification.

Goal 2 Action 5:
Planned Actions - SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, outsourced SPED services fees, and SPED instructional materials and technology.
Actual Implementation of Actions - All planned actions were implemented. Students with disabilities receive services and supports as described in their IEPs based on their needs. Services include Resource, Speech, Occupational Therapy, and counseling and are provided either by the SPED coordinator, RSP teachers, SPED aides, school psychologist or an outside service provide. 40 students enrolled for the 2021-22 school year have an IEP and receive services.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1:
Planned Expenditures: $1,196,490.00
Actual Expenditures: $1,275,504.32
The planned expenditures for 2.1 were about $79,000 less than the actual expenditures. This discrepancy is attributed to an unusual increase in our need for substitute teachers this school year. This was due to not being able to fill two teacher positions, one until October 2021 and one until February 2022 resulting in the need of longterm substitutes. Additionally, there was a higher need for day to day substitutes to meet the needs of staff members calling out in compliance with COVID-19 health and safety protocols.

Goal 2 Action 2:
Planned Expenditures: $28,241.00
Actual Expenditures: $28,961.00
There are no significant discrepancies for 2.2 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the expenses of professional development, tuition reimbursement, and TeachBoost software fees.

Goal 2 Action 3:
Planned Expenditures: $506,704.00
Actual Expenditures: $512,783.19
The planned expenditures for 2.3 were about $6,000 less than the actual expenditures. This discrepancy is attributed to two things. The first being that more teachers opted to provide a second after school club than was originally planned and budgeted for. The second being the addition of the program Quizziz which teachers piloted and then decided they wanted to use regularly in their classes so subscriptions were purchased.

Goal 2 Action 4:
Planned Expenditures: $103,411.00
Actual Expenditures: $102,974.06
There are no significant discrepancies for 2.4 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the expenses of our EL coordinator salary and benefits, EL coordinator stipend, and EL instructional aide salary and benefits.

Goal 2 Action 5:
Planned Expenditures: $503,484.00
Actual Expenditures: $507,517.34
The planned expenditures for 2.5 were about $4,000 less than the actual expenditures. This discrepancy is attributed to more outsourced SPED services needed while we tried to fill our School Psychologist position vacancy.

An explanation of how effective the specific actions were in making progress toward the goal.

Action 1: This action was effective in making progress toward the goal. Teachers and principal are paid a competitive rate to ensure a high-quality core curricular and instructional program is provided to the students. When a teaching position is not able to be filled by an effective teacher or our teachers call out, then we are required to call in a substitute to cover for that teacher which we did this year.

Action 2: This action was effective in making progress toward the goal. In order to ensure that we are doing our best as a school in providing students with access to a high-quality academic program and that they are making progress on the CCSS, then we need to continue to develop and grow as educators. This can be done by providing quality professional development to our staff which we did. Another way we supported this growth was by offering and providing tuition reimbursement to staff members who want to continue their education or need to complete their induction programs. Lastly, high-quality instruction and professional growth needs to be monitored and this can be done through observations and evaluations using the Teach Boost system.

Action 3: This action was effective in making progress toward the goal. Deans, coordinators, intervention staff and instructional aides are paid a competitive rate to ensure that high-quality support services and programs aligned to the core curricular and instructional program are provided to the students. Additional programs such as after school clubs and tutoring, Saturday school, and summer school, are provided to students to help them further access the CCSS and ensure they are pursuing academic excellence as well as working toward being college and career ready. In addition to the adults on campus working with the students and the provided extra curricular activities, we use funds to purchase several different supplemental digital programs to support student learning in a fun and engaging way as well as to assess student learning to help drive instruction.

Action 4: This action was effective in making progress toward the goal. The EL Coordinator and aides are paid a competitive rate to ensure that high-quality support services and programs aligned to the core curricular and instructional program are provided to the students. Being able to have these positions at our school allows for the 89 EL students we have enrolled to successfully access the high-quality core curriculum program we offer. By providing designated and integrated ELD, students can make more progress on the CCSS and pursue academic excellence.

Action 5: This action was effective in making progress toward the goal. The SPED Coordinator, RSP teachers, SPED aides, and school psychologist are paid a competitive rate to ensure that high-quality support services and programs aligned to the core curricular and instructional program are provided to the students. Being able to have these positions at our school allows for the 40 SPED students we have enrolled to successfully access the high-quality core curriculum program we offer. By providing push-in and pull-out support, students can make more progress on the CCSS and pursue academic excellence. This support is also provided by service providers from an outside agency.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #2 and it's metrics, desired outcomes, and actions, we have determined that most practices will remain the same for the 2022-23 school year wherever applicable and possible. For example, we have planned and budgeted for keeping all positions open so staff can continue to deliver the same high-quality level of instruction and support to students. We will continue to prioritize budgeting and decision making to provide our staff with quality professional development that will contribute to instruction and well-being of our students. For the 22-23 school year we will be participating in a Guided Math PD, Trauma and Crisis training, MTSS institute, PBIS year long training and more. We will also have 7 staff members participating in the tuition reimbursement program as they pursue higher education, teaching credentials and induction programs. We will continue to observe, coach and evaluate our staff but do need to increase the number of informal observations and peer observations conducted.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 0%	2021-22: (As of 5/13/22) 3%			2023-24: 5%
Percentage of students in the current graduating class who	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 98%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)					
Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 97%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Expenditures associated with this action include the following: college/career related materials and activities. The following expenditures will be funded by federal Title funds: N/A	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental science program fees. The following expenditures will be funded by federal Title funds: • Educational Software - Resource: Title I; Amount: $1,200	$1,201.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited	$121,713.00	Yes

2022-23 Local Control Accountability Plan for Magnolia Science Academy 7

Action #	Title	Description	Total Funds	Contributing
		to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: N/A		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	$123,039.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.5	Additional programs and activities that support well-rounded education	In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	$514,089.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 Action 1:
Planned Actions - college/career related materials and activities.
Actual Implementation of Actions - We are an elementary school so no funds were allocated to this action. We do promote a college and career readiness school culture but no financial resources were required or prioritized this year.

Goal 3 Action 2:
Planned Actions - supplemental science program fees.

Actual Implementation of Actions - All planned actions were implemented. 100% of our students TK-5th created or demonstrated a STEAM focused project this year and the supplemental program Mystery Science assisted with the instruction to help teachers and students accomplish this goal.

Goal 3 Action 3:
Planned Actions - computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees.
Actual Implementation of Actions - All planned actions were implemented. 100% of our students TK-5th took a computer/technology class as part of their weekly schedule and instruction.

Goal 3 Action 4:
Planned Actions - PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.
Actual Implementation of Actions - All planned actions were implemented. 100% of our students TK-5th took a PE class as part of their weekly schedule and instruction.

Goal 3 Action 5:
Planned Actions - teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and after school/club expenses.
Actual Implementation of Actions - All planned actions were implemented. All students, TK-5th participated in a variety of programs to enrich and support their learning. This includes after school tutoring and clubs, GATE program, Intervention program, Independent Study program, math clubs, and a well-rounded instructional program integrating STEAM.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1:
Planned Expenditures: NONE
Actual Expenditures: NONE

Goal 3 Action 2:
Planned Expenditures: $1,200.00
Actual Expenditures: $1,200.00
There are no discrepancies for 3.2 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the cost of the Mystery Science supplemental science program for TK-5th.

Goal 3 Action 3:
Planned Expenditures: $76,906.00
Actual Expenditures: $85,997.27

The planned expenditures for 3.3 were about $9,000 less than the actual expenditures. This discrepancy is attributed to higher salary offer for the computer teacher than what was originally planned and budgeted for due to the fact that the title and responsibilities of Testing Coordinator were added onto her agreement at a later time.

Goal 3 Action 4:
Planned Expenditures: $92,934.00
Actual Expenditures: $80,614.04
The planned expenditures for 3.5 were about $12,000 more than the actual expenditures. This discrepancy is attributed to our PE teacher resigning in March 2022 and we used a long-term substitute to fill the position rather than replacing the teacher this school year. Therefore less funds were used than what was originally planned and budgeted for.

Goal 3 Action 5:
Planned Expenditures: $199,759.00
Actual Expenditures: $227,483.00
The planned expenditures for 3.5 were about $27,000 less than the actual expenditures. This discrepancy is attributed to an additional 5 days being added to the 2021-22 school year and every Wednesday being made a minimum day, therefore resulting in a need for additional time covered by the arc after school program. This additional time had to be paid for which was not part of the original budget.

An explanation of how effective the specific actions were in making progress toward the goal.

Action 1: This action was effective in making progress toward the goal. No funds were allocated to this action because we are an elementary school, TK-5th, but we do promote a college-going culture through college visits, college/career days, and other college related activities. We hold an annual College & Career Week which includes a STEAM focused Career Day. This year students took two college field trips, one to see a performance art CSUN and one to participate in a Science Fair at UCLA. These events and opportunities allow students to see what options and opportunities there are for them.

Action 2: This action was effective in making progress toward the goal. By purchasing this interactive and hands-on science supplemental program, students become more engaged in their science instruction and learning. Having this program assisted us in accomplishing our action of 100% of our students TK-5th creating or demonstrating a STEAM focused project this year. We also had a record 53 students participate in the MPS STEAM Expo this year helping to build that independent, innovative, and creative learning.

Action 3: This action was effective in making progress toward the goal. Part of the actions and metrics for goal #3 is for students to use technology in a transformative way. By having a full time computer teacher, students are able to participate in weekly computer classes that teaches them the technology skills they need to be successful. Students either participate in their computer and technology learning in the computer lab or in their classrooms with the one-to-one devices each room has. Students also have the opportunity to participate in technology based after school clubs such as coding and robotics.

Action 4: This action was effective in making progress toward the goal. All students were able to participate in weekly physical education and health lessons with our full time PE teacher. All lessons and activities are aligned to grade level state physical education standards. The lessons, grades TK-5th, promote the benefits of a physically active lifestyle and help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. All students also participate in daily recess and lunch play time and have sufficient equipment for these activities. 100% of 5th grade students successfully participated in the PFT assessment as well.

Action 5: This action was effective in making progress toward the goal. All students, TK-5th participated in a variety of programs to enrich and support their learning and gave them access to a well-rounded education that supports their readiness for college and the global world. This includes after school tutoring and clubs, GATE program, Intervention program, Independent Study program, math clubs, and a well-rounded instructional program integrating STEAM.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #3 and it's metrics, desired outcomes, and actions, we have determined that most practices will remain the same for the 2022-23 school year wherever applicable and possible. For example, we have planned and budgeted for keeping all positions open that fall under this goal (i.e. Computer Teacher, PE teacher, Intervention Teacher, etc.) so students can continue to have access to a well-rounded instructional program. We will also keep our annual subscription to Mystery Science since students and staff enjoy it and use it so much. This year alone 473 Mystery Science lessons were used and taught to our students. Two items under this goal will be adjusted for next year. One being that even though we are an elementary school, we will allocate some funds to 3.1 to add even more to what we already do for our college and career events and programs and possibly more college field trips. The other thing that will change is we will no longer have an Independent Studies teacher since we won't be offering that program on the same scale as we offered it this year. The teacher will move into a regular classroom position but will continue serving as our GATE Coordinator.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.
School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and stakeholder surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC,	$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building partnerships with families for student outcomes	Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We	$167,560.00	Yes

Action #	Title	Description	Total Funds	Contributing
		will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: • Teacher Salaries: Resource: Title I, $4,000 • Professional Services: Resource: Title I, Part A; Amount: $1,500 • Benefits: Resource: Title I, $742		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building	$173,862.00	Yes

Action #	Title	Description	Total Funds	Contributing
		activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: • Instructional Materials & Supplies: Resource: Title I, $4,204 • Certificated Pupil Support Salaries: Resource: Title IV, Part A (ESEA), $700.45 • Benefits: Resource: Title IV, Part A (ESEA), $304		
4.4	Annual stakeholder surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how	$1,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
		students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$301,159.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 Action 1:
Planned Actions - parent meeting expenses and Document Tracking Services (DTS) fees.
Actual Implementation of Actions - DTS fees paid through Home Office budget

Goal 4 Action 2:
Planned Actions - Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.
Actual Implementation of Actions - All planned actions were implemented, however less Home Visits were conducted than our original goal of 20% of our student population. Only 8.3% of our students received a Home Visit this year. This is attributed to teachers not feeling comfortable with participating due to the COVID-19 virus. The virtual Home Visit policy was approved by our Board but our numbers remained low this year due to many other priorities. We also held less parent activities and events than originally planned. We had a goal of 10 but we only held 7.

Goal 4 Action 3:
Planned Actions - Office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.
Actual Implementation of Actions - All planned actions were implemented. Additional SEL PD for staff and SEL programs for students were added throughout the year to address the high level of needs exhibited by students upon their return to in-person learning. All students received one free set of school uniforms at the start of the school year.

Goal 4 Action 4:
Planned Actions - Panorama Education survey fees.
Actual Implementation of Actions - All planned actions were implemented. 52% of families, 97% of students, and 91% of staff members completed the Educational Partner survey in Spring 2022. Our school received an approval rating of 98% by families, 77% by students, and 93% by staff.

Goal 4 Action 5:
Planned Actions - membership fees (CCSA, WASC, etc.), .
Actual Implementation of Actions - All planned actions were implemented. Additional funding was allocated to marketing, branding, outreach, and partnership expenses to assist us with enrollment needs due to students moving out of state, expansion projects and participation in applying for the Community Schools Planning Grant which we received.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1:
Planned Expenditures:
Actual Expenditures:

Goal 4 Action 2:
Planned Expenditures: $139,391.00
Actual Expenditures: $142,946.28
The planned expenditures for 4.2 were about $3,500 less than the actual expenditures. This discrepancy is attributed to additional funding needing to be allocated to postage expenses (Pitney Bowes). More items were mailed home since in-person meetings and events were limited this year due to COVID-19 health and safety protocols.

Goal 4 Action 3:
Planned Expenditures: $72,992.00
Actual Expenditures: $85,455.76
The planned expenditures for 4.3 were about $12,000 less than the actual expenditures. This discrepancy is attributed to additional SEL PD for staff and SEL programs for students being added throughout the year to address the high level of needs exhibited by students upon their return to in-person learning.

Goal 4 Action 4:
Planned Expenditures: $1,500.00
Actual Expenditures: $1,500.00
There are no discrepancies for 4.4 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the expense of the Panorama Survey system to administer the annual educational partner surveys to families, staff and students.

Goal 4 Action 5:
Planned Expenditures: $10,500.00
Actual Expenditures: $14,500.00
The planned expenditures for 4.5 were about $4,000 less than the actual expenditures. This discrepancy is attributed to additional funding being allocated to marketing, branding, outreach, and partnership expenses to assist us with enrollment needs due to students moving out of state, expansion projects and participation in applying for the Community Schools Planning Grant which we received.

An explanation of how effective the specific actions were in making progress toward the goal.

Action 1: This action was effective in making progress toward the goal. Although we are a school that frequently seeks input and guidance for decision making from our families, we did not allocate any funds for this action. We did hold most of the projected parent meetings as explained in our LCAP and we do administered the annual Educational Partner surveys. For the 2021-22 school year we conducted 8 PAC/PTF meetings, 4 ELAC meetings, 2 SSC meetings and held 7 parent participation events and activities. During these meetings, feedback and input was sought for items such as LCAP development, budget development, safety plan development, etc.

Action 2: This action was effective in making progress toward the goal. The steps taken for action 2 helped our educational partners feel a sense of community and connectedness. This includes holding events such as the Community Resource Fair, Back to School Night, Steam Expo, parent/teacher conferences, regular meetings and more. Although many of these events and activities had tp be held virtually this year to ensure health and safety, we worked hard to stay connected to our families and community. We even adopted a virtual home visit program to keep up with our unique home visit program. The work we put into this action contributed to the 98% approval rating we received from families on the educational partner survey.

Action 3: This action was effective in making progress toward the goal. Having an office/attendance clerk tremendously helps with our school and parents having meaningful engagement opportunities with each other. We were also able to provide every student with one free school uniform set this year which contributes to their sense of connectedness. Lastly, we were able to provide our staff with multiple PD sessions on the topics of PBIS and SEL, knowing how important it would be this year for us to have strong behavior and social emotional supports in place for our students upon their return to school. We did see an increase in behavior incidents this year but we were also able to provide more mental health and SEL services to our students than ever before. This included and SEL music program, 6 student support groups, one-on-one counseling for over 20 students and family therapy for 6 families.

Action 4: This action was effective in making progress toward the goal. This action is dedicated to giving our educational partners a platform to share their feedback on critical areas of our school functionality to allow us an opportunity to review data, reflect and refine as needed. Having families participate in these annual surveys truly allows for collaboration as we develop our school-wide action plans based on the input received. Parents are able to see their voices out into action. For example, families gave feedback on issues with the school playground so we prioritized upgrades to the playground.

Action 5: This action was effective in making progress toward the goal. This was an area where we as a school community feel there was a lot of growth and progress made. We increased the number of community partnerships this year (9 total partnerships), held multiple community events (5 events), increased our marketing and branding, participated in more enrollment events (4 events), and really used out parent champions/PTF Board members to advocate for our school. By taking all these steps, it helps us all feel more connected through coming together to collaborate and work toward creating a safe and nurturing environment for all of our students.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #4 and it's metrics, desired outcomes, and actions, we have determined that most practices will remain the same for the 2022-23 school year wherever applicable and possible. For example, we will continue holding parent meeting and family and community events next year. We will also continue to prioritize the staff positions that help us better connect with and serve our school and community. This includes our office staff, our PACE Coordinator and a new position for next year, a Community School Coordinator. We will also continue to administer the annual educational partner survey knowing how critical that data and information is to our decision making and planning. Some changes to these actions for next year include prioritizing more SSC meetings, conducting more home visits, and holding more in person events now that it has been determined to be safer for these to occur.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$929,190	$110,739.23

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
36.09%	0.00%	$0.00	36.09%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP

metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These activities are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in student grades, attendance rates, and percentage of students enrolled in accelerated programs and involved in STEAM activities, eventually leading to students taking rigorous courses in high school to better prepare for college and career.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will

2022-23 Local Control Accountability Plan for Magnolia Science Academy 7

challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds

and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have

parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered

include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate and ADA rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS

SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school

improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these

actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL

students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with

valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the Academic Year 2021-22, the additional concentration grant add-on funds will be utilized in the following areas;

- Retention Bonuses - will use some of these funds to provide retention bonuses for all staff members who have worked 80% of the school year or more
- School Psychologist - will use the remainder of the Concentration grant funds to cover additional funding to make a part time psychologist position into a full time position to support all students with behavior, SEL, and mental health support in addition to IEP caseload
- School Uniforms - will provide one free set of school uniforms to all students at the start of the school year

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

2022-23 Local Control Accountability Plan for Magnolia Science Academy 7

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023–24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)

    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

    - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

  - This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

  - This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
January 2022

MAGNOLIA SCIENCE ACADEMY 8 | BELL

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-Bell

CDS Code: 19-64733-0122747

School Year: 2022-23

LEA contact information:

Laura Schlottman

Principal

lbschlottman@magnoliapublicschools.org

(323) 826-3925

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

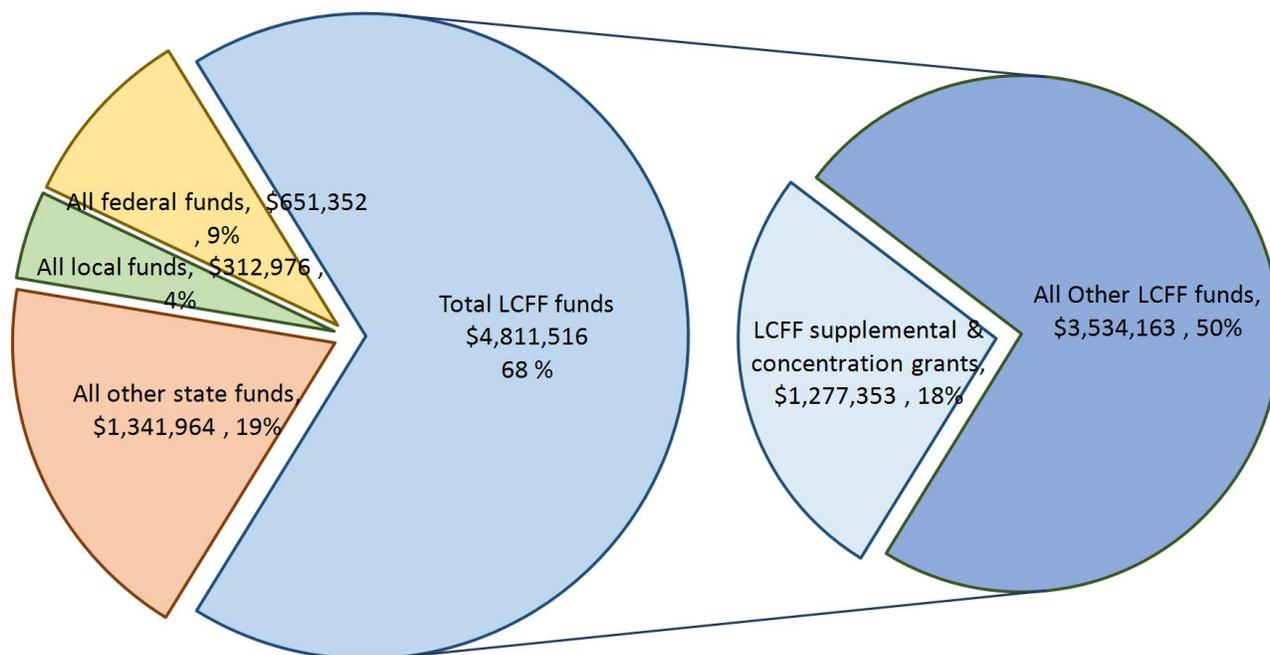
All federal funds, $651,352, 9%

All local funds, $312,976, 4%

All other state funds, $1,341,964, 19%

Total LCFF funds $4,811,516 68%

LCFF supplemental & concentration grants, $1,277,353, 18%

All Other LCFF funds, $3,534,163, 50%


This chart shows the total general purpose revenue Magnolia Science Academy-Bell expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-Bell is $7,117,808, of which $4811516 is Local Control Funding Formula (LCFF), $1341964 is other state funds, $312976 is local funds, and $651352 is federal funds. Of the $4811516 in LCFF Funds, $1277353 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Total Budgeted General Fund Expenditures, $7,057,085	Total Budgeted Expenditures in the LCAP $7,057,085

This chart provides a quick summary of how much Magnolia Science Academy-Bell plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-Bell plans to spend $7,057,085 for the 2022-23 school year. Of that amount, $7,057,085 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

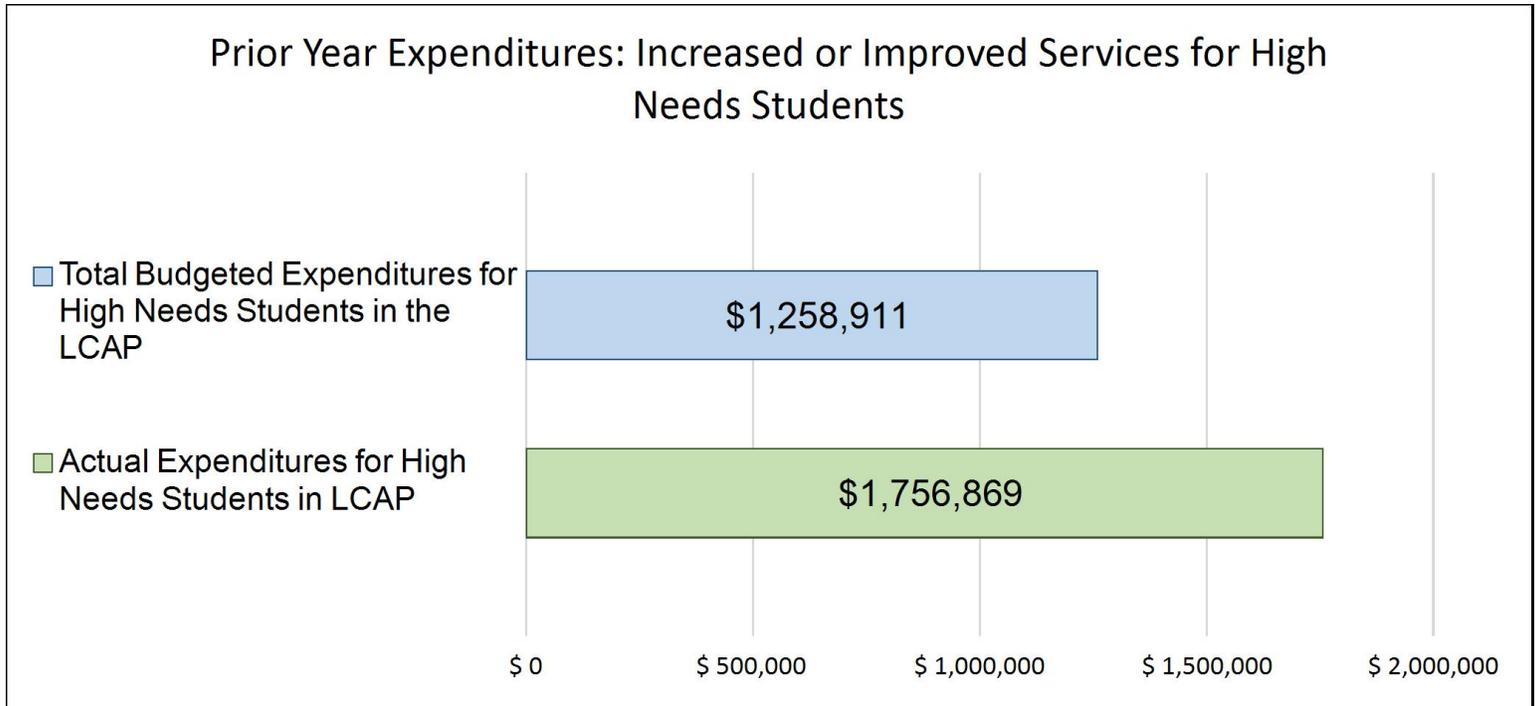
Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Magnolia Science Academy-Bell is projecting it will receive $1277353 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-Bell must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-Bell plans to spend $1,246,097 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

- Total Budgeted Expenditures for High Needs Students in the LCAP: $1,258,911
- Actual Expenditures for High Needs Students in LCAP: $1,756,869


This chart compares what Magnolia Science Academy-Bell budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-Bell estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy-Bell's LCAP budgeted $$1,258,911.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-Bell actually spent $$1,756,868.92 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-Bell	Laura Schlottman Principal	lbschlottman@magnoliapublicschools.org 323-826-3925

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Educator Effectiveness Block Grant:
- The Administrator team reviewed the LCAP goals and reflected on how best to use the funds during the first semester, in the weekly meetings that are held on Mondays. The Grade Level Chairs were engaged during Grade Level Chair meetings that take place on Tuesdays and they too reflected and provided input. The Grade Level Chairs meet with their grade level teams monthly, and there too, the plan was presented to the entire staff members. Furthermore, the Principal received input from students and parents ambassadors during a School Site Council Meeting in December 2021 and January 2022.

Expanded Learning Opportunities Program:
- The Leadership team plans to create a Task Force for planning, and holding monthly meetings.
Nominate after school coordinators, admin, teachers, students, parents
The school will develop a Program Plan in collaboration with all educational partners; surveys, discussions, etc.
the plans will be approve at the Board Meeting in June 23.
The school will start spending with summer schools on July 1
- The Administrators plan to engage our educational partners through our weekly parent newsletter, sent on Sunday evenings. A survey will be shared with students, staff, and families to ensure that there is alignment in what the school leadership agrees would be best to support student growth.

- Here are some current recommendations:

Have an MPS-wide After school Program Coordinator to design, develop, implement and manage the programs org-wide. Responsibilities include recruitment, training, reporting, audit,etc.
Redesign after school programs. In-house and hybrid with vendors.
Bring back STEAM, Science Olympiads, Robotics, MathCounts, CMLP, Arts, instruments, Summer/Winter camps, trips

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

Magnolia Science Academy Bell plans to give all staff that have worked for at least 80% of the time this school year 2021-22 a $2,000 bonus. This year has been challenging and retaining staff has been an issue across the country, for us, we have been fortunate and we want our staff to continue to feel valued and appreciated, this will support our staff retention that ultimately leads to student growth. The remaining funds will be used to hire a campus supervisor and a part time homeless/FY liaison.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Educational Partners (formerly known as stakeholders) of Magnolia Science Academy Bell were provided with an opportunity to provide feedback on their priorities. The feedback was used in the development of the schoolwide action plan/LCAP and ESSER III funds. In an effort to engage all educational partners in the review of the student data and the development of the school-wide action plan, collaborative meetings have taken place regularly. Some of the meetings we held are Town Hall meetings, Parent Task Force meetings, School Site Council meetings, ELAC meetings, Annual Title 1 Meeting, Department meetings, and Grade Level Meetings.

In order to collect feedback from our students; we incorporated our annual Panorama surveys that show the challenges, needs, and successes of the school from the lens of our students. Additionally, our School Site Council has student representatives; as a result, the students were shared the information about the ESSER III and asked to provide feedback of any sort. Additionally, the families that speak languages other than English also attended all of our meetings. For those parents, we provided translation services. Also, we have had meetings held for English speaking and Spanish only speaking parents so that the information related to school issues were provided to those parents in their language. All administrators: principals, deans of academics, deans of students, and college counselor met regularly to ensure that the funds for this plan are well utilized, sourced, and spent. In terms of feedback from the staff members, MSA Bell utilized the staff

meetings for this purpose. We received feedback from MSA Bell staff (which includes administrators, teachers, resource specialists, office personnel, and paraprofessionals) during our regular weekly staff meeting. Additionally, the paraprofessionals, teacher aides, outside duty supervisors, custodial staff, afterschool supervisors, and all other educators were involved in the preparation of this plan to make sure it will address the needs of our students. In terms of special education administrators, The Director of Special Education and Support Services for the MPS has been involved in the planning phase of MSA Bell's ESSER III plan. The tribes and civil right organizations including disability rights organizations are not represented in MSA Bell's community. Finally, the school held School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings where Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth (N/A), migratory students(N/A), children who are incarcerated (N/A), and other underserved students. Also, at the home office level, the feedback from Director of Special Education and Support Services, Director of Student Services (who used to be the principal of MSA Bell), and all other department heads who work closely with the students at MSA Bell campus were welcomed and honored. In order to address public at large, we have had our ESSER III plan presented during a regular MPS Governing board meeting for public comment, as well.

MSA Bell has provided many community engagement opportunities during the 2020-2021 school year to gather feedback to inform the development of the Expanded Learning Opportunities Grant Plan (ELOG) and the Local Control Accountability Plan (LCAP). The feedback that we received for the ELOG and LCAP is used in the development of this ESSER III expenditure plan.

Furthermore, we conducted a survey and the survey provided options from online 24/7 tutoring to additional staff support and stakeholders voted. Our families are most concern about students returning back to school safely and then about their loss of learning. These survey tools are used to measure the school climate and assess the SEL of the learning community. The data is reviewed by leadership to inform instruction and adopt necessary changes to ensure student growth in academic and social areas. Weekly Coffee with the principal meetings allowed for parent feedback and suggestions. The parent task force (PTF) and SSC also provided feedback on meaningful use of funds.

The following methods are used to communicate with stakeholders and receive feedback on the usage of funds for the Expanded Learning Opportunities as well as ESSER III:

Existing meeting structures
- PAC
- SSC/ELAC
- Family Informational Meetings such as Happy Hour Chat with the Principal
- Staff meetings (which includes administrators, teachers, resource specialists, office personnel, and paraprofessionals)
- Academic Task Force meetings
- Leadership meetings; Principals and Deans

Existing communication means:
- ParentSquare messages
- Social media
- Websites

- Weekly Newsletters

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

Successes:
- MSA Bell was able to higher 6 paraprofessionals to push into classes and support students academically
- MSA Bell was able to higher 2 campus supervisors to ensure that our students were safe and that we had ample supervision at all times
- We were able to fund our additional administrator position and teaching positions, which has allowed our school to improve our intervention programs.
- We were able to continue employment of campus supervisor, office assistance, and after school staff

Challenges:
- We had funds available to hire and retain teachers but we still had a couple vacancies.
- We had a lot of staff out due to covid and we still felt understaffed
- It was very difficult to find any qualified science or credentialed teachers to hire, we had to recruit to permits

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

ESSER III
Classified Salaries= $1,079
Employee Benefits= $313

IPI
Certificated Salaries= $10,821
Employee Benefits= $1,978

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.*"

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support

recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-Bell	Laura Schlottman Principal	lbschlottman@magnoliapublicschools.org (323) 826-3925

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy-Bell (MSA-Bell) is a classroom-based charter school serving grades 6th-8th with a curriculum emphasis on science, technology, engineering, arts, and math (STEAM). MSA- Bell is located in the city of Bell (90201) and serves around 400 students in grades 6–8, with classes that average 30 or fewer students. Originally founded in 2010—and here requesting a third five-year charter term—MSA-Bell's mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-Bell is supplemented by tutoring, after-school programs, and school-to-university links.

Our mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others. Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

MSA Bell currently has about 400 students in grades 6th-8th, and mainly draws enrollment from the neighboring communities of the southeast Los Angeles area. MSA Bell has a diverse student population of 90.45% Hispanic/Latino and 7.95% White (Arabic), 84.5% socioeconomically disadvantaged, 10.2% special education, and 12.5% English language learner population.

We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundational skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA Bell is supplemented by tutoring, after-school programs, and family training.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

Due to the COVID-19 pandemic, California has suspended the reporting of state and local indicators in the 2020 Dashboard. However, the strengths and needs are listed below based on the 2019 Dashboard Data. MSA Bell has developed various monitoring points to ensure the 'whole child.' References to these data sets will be made available and shared with stakeholders to solicit feedback and conduct an assessment of strengths and opportunities. However, after the 21-22 school year, MSA Bell achieved a completion rate higher than 98% and the school is currently awaiting the SBAC test results.

Strengths
1. English Language Arts for all students increased by 14.7 points, 17.7 points below, and neediest student groups (EL & SPED) showed growth. In comparison with the state, all students increased by 3.7 points, 2.5 points below standard.
2. Mathematics for all students increased by 7 points, 74 points below, and neediest student groups (EL & SPED) showed growth. In comparison with the state, all students maintained by 2.9 points, 33.5 points below standard.
3. English Learner Progress shows 52.7% of all EL students making progress towards English language proficiency. In comparison with the state of 48.3% making progress towards English language proficiency.

Due to the pandemic, MSA Bell has increased opportunities to further build capacity at the school site to support the socio-emotional needs of students as they return to campus, by adding a full time social worker and an academic Advisor. This includes ongoing professional development and curriculum for faculty and exploring partnerships with local health & wellness agencies. In regards to academic progress in the areas of mathematics and English Language Arts, systems and procedures have been developed and refine to monitor and assess students for academic progress. For the 2021-22 school year, iXL was utilized to provide intervention to address learning gaps. iXL integrates with NWEA MAP assessments, therefore providing necessary information to inform instruction and develop school-wide strategies to address the learning needs of all students, especially ELs and SWDs.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Due to the COVID-19 pandemic, California has suspended the reporting of state and local indicators as of the 2020 Dashboard. However, the strengths and needs are listed below based on the 2019 Dashboard Data. MSA Bell has developed various monitoring points to ensure the success of the 'whole child.' References to these data sets will be made available and shared with stakeholders to solicit feedback and conduct an assessment of strengths and opportunities.

Opportunities
1. Chronic Absences are at 5% and increased by 1.8%. In comparison with the state, all students increased by 1.1 points, 10.1% chronically absent.
2. Suspension rate 1.4% increased by 1.4%. The rate is lower than the state rate of 3.4%

Due to the pandemic, school conditions and climate will be an area of focus as students get re-acclimated to the school setting. This will include the reinstitution of the PBIS program and conducting a needs assessment to ensure the program is effective for student positive development. Furthermore, leadership will review the LMS to ensure curriculum and instruction fidelity. Assessment plans will continue through NWEA MAP and IABs, these are added to the instructional curriculum calendar with an emphasis on instructional supports for ELs and SWDs. Additionally, iXL was utilized as the interventional tool for student learning gaps and has been embedded into daily instruction for the 21-22 school year and beyond.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

1. An emphasis on adopting and implementing instructional, curricular, and technology items and programs that will continue to deliver a standards-based education to all students but with an emphasis on addressing learning loss and gaps in student learning. For example, our social studies department is in need of new curriculum adoption, our math department will be using MCGraw Hill this year and also piloting new curriculum, as we are in a curriculum adoption year. Furthermore, the science department will be using NGSS aligned curriculum and our english department will be using StudySync. (Goal 1,Action 2)
2. Continuing to provide clean and safe facilities that support learning, with an additional emphasis on health and safety as students return to campus, including the hiring of an additional custodian and CNA as well as prioritizing facility and playground upgrades and improvements. (Goal 1, Action 2)

3. Prioritizing MTSS Academic support through enrichment, intervention, and student support by promoting teacher leaders to MTSS and Grade Level Chair leads to support our school wide intervention programs, Saturday school (Saturday 4 Success), and summer school opportunities; refining targeted intervention and tutoring programs (Goal 2, Action 3)
4. Increasing the level of support for students with IEPs and the school's SPED program including the hiring of full time paraprofessionals and RSP teacher for each grade level. (Goal 2, Action 5)
5. The need to continue to improve our designated/integrated English Learner services by adding a full-time ELD paraprofessional to support EL students and an ELD coordinator. (Goal 2, Action 4)
6. Expanding STEAM and GATE programs for students to participate in Academic Pentathlon, Science Olympiad, Math Counts and next year we are investing in STEM Labs (elective course). (Goal 3, Action 2)
7. Expanding our PE & Health and sports activity programs for students based on stakeholder feedback. (Goal 3, Action 4)
8. Creating additional programs and activities that support a comprehensive educational program for all students we serve, through our student ambassador program and the hiring of Dean of Culture. (Goal 3, Action 5)
9. Focusing on MTSS in relation to PBIS and SEL support for students by providing counseling and positive behavior intervention support services to our students. (Goal 4, Action 3)

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote a positive learning experience for our students, MSA Bell has established a culture of partnership with families, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include PAC/Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Public School Choice (PSC) review, Charter School Division (CSD) review, Coffee Chat meetings, Board of Directors meetings, Principal meetings, and staff meetings. Feedback from our committees and meetings provide valuable input for the new LCAP. In addition, the MSA Bell conducts surveys for families, students, and staff, and the school staff conducts home visits. These all serve as a way to inform, educate, and gather input and feedback from all critical stakeholders.

MSA Bell has an approved charter petition with measurable student outcomes and methods to assess student progress. WASC accreditation provides a reflective opportunity to gather stakeholder feedback and input with action plans for continuous school improvement. The collaborative process monitors performance data, student needs, identifies goals, implements appropriate interventions/preventions. The PSC process allows stakeholders the opportunity to review school data, understand elements of a high quality school and review the school proposals and offer their feedback. The various opportunities provide stakeholder engagement to address the needs of the student. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

MSA Bell has held its periodical meetings this year to gather input from our stakeholders. These include 10 PAC/PTF meetings, 6 SSC meetings, 4 ELAC meetings, several parent activities/events including Coffee Chat meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. Majority of our stakeholders participated in this survey. The staff did not completed the 25% of its home visits during this school year and has now tasked a Dean (Dean of Culture) to support with reaching and exceeding this goal for the following school year.

A summary of the feedback provided by specific educational partners.

MSA Bell throughout the school year held various meetings through PAC, SSC, ELAC, and informational sessions, as well as stakeholder surveys, to gather input to support the direction and funding essential to meet the needs of the learning community. Below are a few trends that have influenced the development of the goals and expense:

1. Safety for students, staff, and families in the form of environmental climate and socio-emotional support. This includes hiring and training of staff members and supplemental support from organizations and cloud-based platforms.

2. Academic Growth outcomes for ELs and SWD. This includes the hiring and ongoing support of staff members to support student's academic endeavor, usage of programs to identify and intervene in academic areas of need and provide additional resources in the form of programs or additional support through Summer School, Winter Session, Additional Tutoring Sessions, and Home Visits.

3. Stakeholders recognize the mission, vision, and core values of the organization. Stakeholders are pleased and continue to support the learning community to provide a program centered around Excellence, Innovation, and Connection. MSA Bell will continue to offer a project-based learning experience that provides students with the tools and skills necessary to advance their academic pursuits and societal contributions. MSA Bell will continue to provide students with individualized support and a program that identifies their learning styles, personalities, interest, and career plans to make every learner college- and career-ready. MSA Bell will continue to create and expand a climate that provides a sense of connection and belonging to support students' development of personal and academic networks for long-term resilience and connection.

These elements continue to be vital for our stakeholders and the learning community is committed to adapt and equip all stakeholders to meet their fullest potential and endeavors. Based on surveys and organized meetings with stakeholders, many are pleased with the program and direction. MSA Bell will continue to strive for excellence to provide students with opportunities for growth and social mobility.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Stakeholders have reviewed input in order to adjust all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:

1. Implement instructional practices and strategies as identified through the Performance Indicator Review (PIR), especially for our dually identified students (SWD & ELs)

2. Instructional practices that focus on sustaining promising practices of Tier 1 MTSS support (This includes schoolwide expectation matrix, grade level team classroom expectation matrix, practices of restorative circles, solidifying mentorships in advisory courses)

3. An 'advance pathway' course selection (Honors) will be programmed to provide opportunities for higher-level classes that proceed at a faster pace and cover more materials than regular mainstream courses.

4. Professional Development sessions to support families with various aspects relating to the development of the 'whole child.'

5. Safety was a big concern for students, since the return to in-person learning the students have experienced more social media issues that carry to school and have increased school altercations. Our students are asking for more support in social skills and preventative measures.

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in the provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2022-23: 0
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 92.0%	2021-22: (Spring 2021 to Fall 2021) 84%			2023-24: (Spring 2023 to Fall 2023) 90.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 98.0%	2021-22: (As of 5/12/22) 95.8%			2023-24: 97.0%

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$20,500.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and	$406,278.00	No

Action #	Title	Description	Total Funds	Contributing
		other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: N/A		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$554,835.00	No

Action #	Title	Description	Total Funds	Contributing
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.

Expenditures associated with this action include the following: student meals, and water.

The following expenditures will be funded by federal Title funds: N/A | $102,000.00 | Yes |
| **1.5** | Well-orchestrated Home Office support services | The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4. | $833,118.00 | No |

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1 Action 1: No substantive difference, teacher assignments and hiring process was similar to baseline year. Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resource Information System (HRIS) to automate employee documentation.

MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, live scan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.

Goal 1 Action 2: No substantive difference in planned actions for books, technology, resources and curriculum. All were in compliance for the current academic year. Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.

Goal 1 Action 3: No substantive difference. Cleaning Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.

Goal 1 Action 4: No substantive difference. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter school continues to use LAUSD LA Cafe's services and pays directly for their services.

Goal 1 Action 5: No substantive difference.The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1: There was a material's difference of over $198K because our MPS board and school leadership approved discretionary bonuses to all staff who worked on 21-22 for at least 80% of the time.
Planned Actions - teacher credentialing expenses, recruitment expenses (sign-in bonus, live scan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.

The large discrepancy between planned and actual expenditures for 1.1 is due to the fact that our CMO decided to prioritize staff retention by allocating a portion of the ESSER funds to give retention bonuses to all eligible staff members in June. ESSER funds were not included in the LCAP since they were provided to the school later as a one time stimulus fund.

Goal 1 Action 2: No substantive difference between Budgeted Expenditures and Estimated Actual Expenditures in books, resources, technology or curriculum.

Goal 1 Action 3: No substantive difference.

Goal 1 Action 4: No substantive difference.

Goal 1 Action 5: No substantive difference.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 1 Action 1: No substantive difference, teacher assignments and hiring process was similar to baseline year. This action was effective in making progress toward the goal. We were able to hire all necessary staff and teachers and support
them with any hiring fees. Being able to provide retention bonuses to eligible staff members helped increase our staff retention rate for next year. Only two teachers left in the middle of the year, while a teacher shortage was at the rise.

Goal 1 Action 2: MSA Bell saw progress in 6th / 7th grade MATH, in addition to progress in sub groups for 6th/7th grade Latino, White, FRL, and 8th Grade SPED in Mathematics. This action was effective in making progress toward the goal. We were able to provide all students with the instructional materials and technology needed to access their curriculum and learning. Thanks to the additional funding provided to schools, more technology was purchased allowing for at least a one-to-one student to device ratio and chromebook carts in all classrooms.

Goal 1 Action 3: This action was effective in making progress toward the goal. We were able to put protocols in place and purchase all necessary items to ensure students and staff had access to a safe, secure, healthy, and high-quality learning and working environment. This funding allowed us to add an additional custodian as well as keep a school nurse through a third party vendor to help us better reach this goal.

Goal 1 Action 4: No substantive difference. The meal program aimed to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Our Charter School promotes healthy food and beverage choices per our wellness plan, as well as encourage participation in school meal programs (LAUSD LA Café). Under the COVID-19 health and safety guidance all water fountains had to be put out of use therefore we provided a water dispenser and cups with monthly service in all classrooms. Having the funding to be able to do this allowed students and staff to attend school in a safe, healthy and comfortable school setting.

Goal 1 Action 5: No substantive difference.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 1 Action 1: No substantive difference, teacher assignments and hiring process was similar to baseline year.

Goal 1 Action 2: No substantive differences were made for planned goals or desired outcomes for books, technology, resources and curriculum

Goal 1 Action 3: No substantive difference.

Goal 1 Action 4: No substantive difference. We will continue to follow our current goals and desired outcomes. In addition goals on our wellness plan will be purposely created to support this section of our LCAP goals.

Goal 1 Action 5: No substantive difference. This action was effective in making progress toward the goal.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.
Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(Source: Local Indicator Priority 7, SIS)					
Percentage of students who have sufficient access to all programs and services developed and provided to unduplicated students and to individuals with exceptional needs (Source: Local Indicator Priority 7, SIS)	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%
Percentage of state standards implementation for all students (Source: Local Indicator Priority 2)	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%
Percentage of completion of the formal and informal classroom observations by the school administration based on one formal and four informal observations per teacher per year (Source: TeachBoost)	2020-21: (As of 5/7/21) 98%	2021-22: (As of 5/13/22) 92%			2023-24: 100%
Percentage of students who have	2020-21: (First semester)	2020-21: (Second semester)			2023-24: 80%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
received a grade of "C" or better (or performed "proficient" on the related state standardized tests) in core subjects and electives (Source: SIS)	68%	90%			
Average Lexile Growth (L) from fall to spring (Source: myON)	2020-21: (As of 5/7/21) 120.7	2021-22: (As of 5/13/22) 82.8			2023-24: 125.0
Percentage of students meeting or exceeding standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)	2018-19: • All Students: 45.06% • English Learners: 6.67% • Socioeconomically Disadvantaged: 41.84% • Students with Disabilities: 14.29% • Hispanic: 44.20% • White: 31.71%	CAASPP-ELA/Literacy assessments were waived during the 2019-20 and 2020-21 school years. We have used the Measures of Academic Progress (MAP)-Reading assessment and the Smarter Balanced Interim Assessments (IAB) to project the percentage of students meeting or exceeding standard on the 2021-22 CAASPP-ELA/Literacy assessments.			2022-23: • All Students: 48.00% • English Learners: 11.00% • Socioeconomically Disadvantaged: 48.00% • Students with Disabilities: 21.00% • Hispanic: 50.00% • White: 37.00%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		Spring 2022 MAP Reading - Proficiency Projection for 2021-22 SBAC: • All Students: 43.75% • English Learners: 0.00% • Students with Disabilities: 6.45% • Hispanic: 44.25% • White: 32.26% IAB ELA Level 3 and 4 Projection (5/13/22): • All Students: 65.07%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	$1,473,744.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds:	$59,268.00	Yes

Action #	Title	Description	Total Funds	Contributing
		• Services & Other Operating Expenses - Professional Development: Resource: Title II, Part A; Amount: $18,382		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I/ELD coordinator salary and benefits, instructional aide salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (IXL, Accelerated Reader, Paper, BrainPOP, Cityspan, Newsela, and myON.) The following expenditures will be funded by federal Title funds: • Educational Software: Resource: Title IV; Amount: $11,788	$575,345.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.4	Designated and integrated ELD programs	Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: MPS ELD Coordinator salary and benefits, EL instructional aide salary and benefits The following expenditures will be funded by federal Title funds: N/A		Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner	$1,149,956.00	No

Action #	Title	Description	Total Funds	Contributing
		designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2 Action 1: No substantive differences in teacher assignments or curriculum. The hiring process was similar to baseline year.

Goal 2 Action 2: No substantive difference in planned action and actual implementation of actions as it relates to professional development.

Goal 2 Action 3: No substantive difference in planned action and actual implementation of actions as it relates to MTSS implementation and data informed instruction. Actual Implementation of Actions - All planned actions were implemented except for paying for and using Illuminate

DnA; it was decided by the CMO and school sites not to continue with this service since other programs we use offer the same things. All students grade 6th to 8th grade completed three rounds of NWEA MAP testing (Fall, Winter and Spring)

Goal 2 Action 4: No substantive difference in planned action and actual implementation of actions as it relates to ELD instruction and implementation.

Goal 2 Action 5: No substantive difference in planned action and actual implementation of actions as it relates to services provided for students with disabilities.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1:No substantive material differences between Budgeted Expenditures and Estimated Actual Expenditures in teacher assignments or curriculum. Planned Actions - teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. Actual Implementation of Actions - All planned actions were implemented. 100% of programs and services outlined in the charter petition were provided to students dependent on need and interest. State standards and adopted grade level curriculum was used to deliver high quality instruction.

Goal 2 Action 2: No substantive material difference between Budgeted Expenditures and Estimated Actual Expenditures as it relates to professional development.

Goal 2 Action 3: No substantive material difference between Budgeted Expenditures and Estimated Actual Expenditures as it relates to MTSS implementation and data informed instruction.

Goal 2 Action 4: No substantive material difference between Budgeted Expenditures and Estimated Actual Expenditures as it relates to ELD instruction and implementation.

Goal 2 Action 5: No substantive material difference between Budgeted Expenditures and Estimated Actual Expenditures as it relates to services provided for students with disabilities.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 2 Action 1: MSA Bell saw progress in 6th / 7th grade MATH, in addition to progress in sub groups for 6th/7th grade Latino, White, FRL, and 8th Grade SPED in Mathematics. Progress was also made in MyOn Lexile growth and iXL data for all groups and sub-groups. This

action was effective in making progress toward the goal. Teachers and administrators are paid a competitive rate to ensure a high quality core curricular and instructional program is provided to the students. When a teaching position is not able to be filled by an effective teacher or our teachers call out, then we are required to call in a substitute to cover for that teacher which we did this year.

Goal 2 Action 2 MSA Bell saw progress in 6th / 7th grade MATH, in addition to progress in sub groups for 6th/7th grade Latino, White, FRL, and 8th Grade SPED in Mathematics. Progress was also made in MyOn Lexile growth and iXL data for all groups and sub-groups.

Goal 2 Action 3: MSA Bell saw progress in 6th / 7th grade MATH, in addition to progress in sub groups for 6th/7th grade Latino, White, FRL, and 8th Grade SPED in Mathematics. Progress was also made in MyOn Lexile growth and iXL data for all groups and sub-groups.

Goal 2 Action 4: MSA Bell saw progress in sub groups for 6th Math as it relates to ELD instruction.

Goal 2 Action 5: MSA Bell saw progress in 8th Grade SPED in Mathematics.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 2 Action 1:No substantive changes made to the planned goal, metrics, desired outcomes, or actions as it relates to teacher assignments or curriculum.

Goal 2 Action 2: No substantive changes made to the planned goal, metrics, desired outcomes, or actions as it relates to professional development.

Goal 2 Action 3: No substantive changes made to the planned goal, metrics, desired outcomes, or actions as it relates to MTSS implementation and data informed instruction.

Goal 2 Action 4: No substantive changes made to the planned goal, metrics, desired outcomes, or actions as it relates to ELD instruction and implementation.

Goal 2 Action 5: No substantive changes made to the planned goal, metrics, desired outcomes, or actions as it relates to services provided for students with disabilities.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 19%	2021-22: (As of 5/13/22) 21%			2023-24: 20%
Percentage of students in the current graduating class who	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)					
Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Expenditures associated with this action include the following: college/career related materials and activities. The following expenditures will be funded by federal Title funds: N/A		Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental science and math competition/program fees. The following expenditures will be funded by federal Title funds: N/A	$74,001.00	Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and	$8,720.00	Yes

Action #	Title	Description	Total Funds	Contributing
		security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, and internet security program fees. The following expenditures will be funded by federal Title funds: • Educational Software: Resource: Title IV, Part A, Amount: $3,000		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: N/A	$255,795.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.5	Additional programs and activities that support well-rounded education	In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: N/A	$660,621.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3 Action 1: Planned Actions - college/career related materials and activities. Actual Implementation of Actions - We are a middle school so no funds were allocated to this action. We do promote a college and career readiness school culture but no financial resources were required or prioritized this year.

Goal 3 Action 2: Actual Implementation of Actions - All planned actions were implemented. 100% of our students created or demonstrated a STEAM focused project this year and participated in a local and MPS wide STEAM expo.

Goal 3 Action 3: Expenditures associated with this action include the following: computer teacher salary and benefits, and internet security program fees.

Goal 3 Action 4: Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.

Goal 3 Action 5: Planned Actions - teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, fieldtrip expenses, and after school/club expenses.

Actual Implementation of Actions - All planned actions were implemented. All students, 6-8th grade participated in a variety of programs to enrich and support their learning. This includes after school tutoring and clubs, GATE program, Intervention program, Independent Study program, math clubs, and a well-rounded instructional program integrating STEAM. We also increased the number of STEAM programs, such as: Science Olympiad, Math Counts, and Academic pentahtlon.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1:
Planned Expenditures: NONE
Actual Expenditures: NONE

Goal 3 Action 2:
Planned Expenditures: $1,000
Actual Expenditures: $1,000
There are no discrepancies for 3.2 between planned and actual expenditures.

Goal 3 Action 3:
Planned Expenditures: $10,500.00
Actual Expenditures: $8,720.35
There was a discrepancy because we did not hire a computer teacher, we hired an intervention teacher instead and we had some savings.

Goal 3 Action 4:
Planned Expenditures: $226,159.00
Actual Expenditures: $227,114.54

Goal 3 Action 5:
Planned Expenditures: $377,946.00
Actual Expenditures: $465,398.90
The planned expenditures for 3.5 were about $150,000 less than the actual expenditures. This discrepancy is attributed to an additional 5 days being added to the 2021-22 school year and every Wednesday being made a minimum day, therefore resulting in a need for additional time covered by the ASES after school program. This additional time had to be paid for which was not part of the original budget.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3 Action 1: NA

Goal 3 Action 2: This action was not completely effective because we did not have a STEAM teacher this school year but we are planning to hire a STEAM teacher the following year.

Goal 3 Action 3: We need to revisit this action and ensure that we can hire a STEAM teacher, even though it's challenging to hire a teacher with this credential requirements.

Goal 3 Action 4: This action was effective in making progress toward the goal. All students were able to participate in weekly physical education and health lessons with our full time PE teacher. All lessons and activities are aligned to grade level state physical education standards.

Goal 3 Action 5: This action was effective in making progress toward the goal. All students, 6-8th grade participated in a variety of programs to enrich and support their learning and gave them access to a well-rounded education that supports their readiness for college and the global world. This includes after school tutoring and clubs, GATE program, Intervention program, Independent Study program, math clubs, and a well-rounded instructional program integrating STEAM.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #3 and it's metrics, desired outcomes, and actions, we have determined that we need to devote more funds and resources to increase our STEAM programs. In particular we want to build our STEAM lab and hire a STEAM teacher. The other thing that will change is we will no longer have an Independent Studies teacher wince we won't be offering that program on the same scale as we offered it this year. The teacher will move into a regular classroom position but will continue serving as our GATE Coordinator.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.
School communities are integrated partnerships with the school site staff, families, students and all other stakeholders. This sense of connection creates a safe place for all learners and stakeholders to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and stakeholder surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of School Site Council (SSC) meetings per year (Source: Local Indicator Priority 3)	2020-21: (As of 5/16/21) 7	2021-22: (As of 5/13/22) 4			2023-24: 4

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and		Yes

Action #	Title	Description	Total Funds	Contributing
		Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees and stipends for staff participation/service to SSC, ELAC, and Board Meetings. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building partnerships with families for student outcomes	Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan,	$269,147.00	Yes

Action #	Title	Description	Total Funds	Contributing
		stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, Director of Outreach & Community Engagement salary and benefits, and Office Manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: • 1100 Teacher Salaries - Home Visits: Resource: Title I, Part A; Amount: $11,010 • 5800 Professional Services: Resource: Title 1, Part 1: $2,500		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and	$343,597.00	Yes

Action #	Title	Description	Total Funds	Contributing
		high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: • Additional services for homeless students: Resource: Title I, Part A; Amount: $5,000		
4.4	Annual stakeholder surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school	$2,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$268,160.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4 Action 1: Planned Actions - parent meeting expenses and Document Tracking Services (DTS) fees.
Actual Implementation of Actions - DTS fees paid through Home Office budget.

Goal 4 Action 2: Planned Actions - Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.
Actual Implementation of Actions - All planned actions were implemented, however less Home Visits were conducted than our original goal of 20% of our student population. Only 2.1% of our students received a Home Visit this year. This is attributed to teachers not feeling comfortable with participating due to the COVID-19 virus. The virtual Home Visit policy was approved by our Board but our numbers remained low this year due to many other priorities. Also, although we had a lot of parent activities planned, the number of parents/guardians who participated was very low.

Goal 4 Action 3: Planned Actions - Office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.
Actual Implementation of Actions - All planned actions were implemented. Additional SEL PD for staff and SEL programs for students were added throughout the year to address the high level of needs exhibited by students upon their return to in-person learning. All students received one free set of school uniforms at the start of the school year.

Goal 4 Action 4: Planned Actions - Panorama Education survey fees. Actual Implementation of Actions - All planned actions were implemented. 80% of families, 100% of students, and 100% of staff members completed the Educational Partner survey in Spring 2022. Our school received an approval rating of 96% by families, 72% by students, and 84% by staff.

Goal 4 ACtion 5: Planned Actions - membership fees (CCSA, WASC, etc.), Actual Implementation of Actions - All planned actions were implemented. Additional funding was allocated to marketing, branding, outreach, and partnership expenses to assist us with enrollment needs due to students moving out of state and participation in applying for the Community Schools Planning Grant which we received.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1:
Planned Expenditures: NA
Actual Expenditures: NA

Goal 4 Action 2:

Planned Expenditures: $184,042.00
Actual Expenditures: $195,250.74
The planned expenditures for 4.2 were about $3,500 less than the actual expenditures. This discrepancy is attributed to additional funding needing to be allocated to postage expenses (Pitney Bowes). More items were mailed home since in-person meetings and events were limited this year due to COVID-19 health and safety protocols.

Goal 4 Action 3:
Planned Expenditures: $248,810.00
Actual Expenditures: 213,452.06
The planned expenditures for 4.3 were about $35,357.94 less than the actual expenditures. This discrepancy is attributed to pending SEL PD for staff and SEL programs for students being added throughout the year to address the high level of needs exhibited by students upon their return to in-person learning.

Goal 4 Action 4:
Planned Expenditures: $2,000
Actual Expenditures: $2,000
There are no discrepancies for 4.4 between planned and actual expenditures. All planned actions were implemented and allocated funds were used. Funds were used to cover the expense of the Panorama Survey system to administer the annual educational partner surveys to families, staff and students.

Goal 4 Action 5:
Planned Expenditures: $152,580.00
Actual Expenditures: $152,547.06
There are no discrepancies for 4.5

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 4 Action 1: This action was effective in making progress toward the goal. Although we are a school that frequently seeks input and guidance for decision making from our families, we did not allocate any funds for this action. We did hold most of the projected parent meetings as explained in our LCAP and we do administered the annual Educational Partner surveys. For the 2021-22 school year we conducted 6 PAC/PTF meetings, 4 ELAC meetings, 4 SSC meetings and held 23 parent participation events and activities. During these meetings, feedback and input was sought for items such as LCAP development, budget development, safety plan development, etc

Goal 4 Action 2: This action was effective in making progress toward the goal. The steps taken for action 2 helped our educational partners feel a sense of community and connectedness. This includes holding events such as the Community Resource Fair, Back to School Night, Steam Expo, parent/teacher conferences, regular meetings and more. Although many of these events and activities had to be held virtually

this year to ensure health and safety, we worked hard to stay connected to our families and community. We did not meet our home visit goal, we will make these adjustments for next year.

Goal 4 Action 3: Dean of Students salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The school benefits tremendously from having all these positions funded to keep our school safer.

Goal 4 Action 4: This action was effective in making progress toward the goal. This action is dedicated to giving our educational partners a platform to share their feedback on critical areas of our school functionality to allow us an opportunity to review data, reflect and refine as needed. Having families participate in these annual surveys truly allows for collaboration as we develop our school-wide action plans based on the
input received.

Goal 4 ACtion 5:

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After taking the time to reflect upon goal #4 and it's metrics, desired outcomes, and actions, we have determined that most practices will remain the same for the 2022-23 school year wherever applicable and possible. For example, we will continue holding parent meeting and family and community events next year. We will also continue to prioritize the staff positions that help us better connect with and serve our school and community. This includes our office staff, our dean of culture, academic advosir, assistant principal and a new position for next year, a Community School 2022-23. Coordinator. We will also continue to administer the annual educational partner survey knowing how critical that data and information is to our decision making and planning. Some changes to these actions for next year include prioritizing more SSC meetings, conducting more home visits, and holding more in person events now that it has been determined to be safer for these to occur.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$1,277,353	$156,810.92

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
36.14%	0.00%	$0.00	36.14%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP

metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These activities are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in student grades, attendance rates, and percentage of students enrolled in accelerated programs and involved in STEAM activities, eventually leading to students taking rigorous courses in high school to better prepare for college and career.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will

challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds

and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have

parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered

include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate and ADA rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS

SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school

improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these

actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL

students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with

valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Magnolia Science Academy Bell plans to give all staff that have worked for at least 80% of the time this school year 2022-23 a $2,000 bonus. This year has been challenging and retaining staff has been an issue across the country, for us, we have been fortunate and we want our

staff to continue to feel valued and appreciated, this will support our staff retention that ultimately leads to student growth. The remaining funds will be used to hire an academic advisor to ensure that students are career and college bound, through experiences and opportunities provides while at MSA Bell.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students		

2022-23 Total Expenditures Table

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

2022-23 Local Control Accountability Plan for Magnolia Science Academy-Bell

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

2022-23 Local Control Accountability Plan for Magnolia Science Academy-Bell

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

2022-23 Local Control Accountability Plan for Magnolia Science Academy-Bell

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

2022-23 Local Control Accountability Plan for Magnolia Science Academy-Bell

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

    For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

  - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

  o This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

  o This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

  o This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

  o This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

  o This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

  o This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

  o This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

  o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

   o   This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
January 2022

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy - Santa Ana

CDS Code: 30-76893-0130765

School Year: 2022-23

LEA contact information:

Steven Keskinturk & Maria Czerner-Rowell

Site Director/Secondary Principal & Elementary Principal

skeskinturk@magnoliapublicschools.org

(714) 479-0115

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

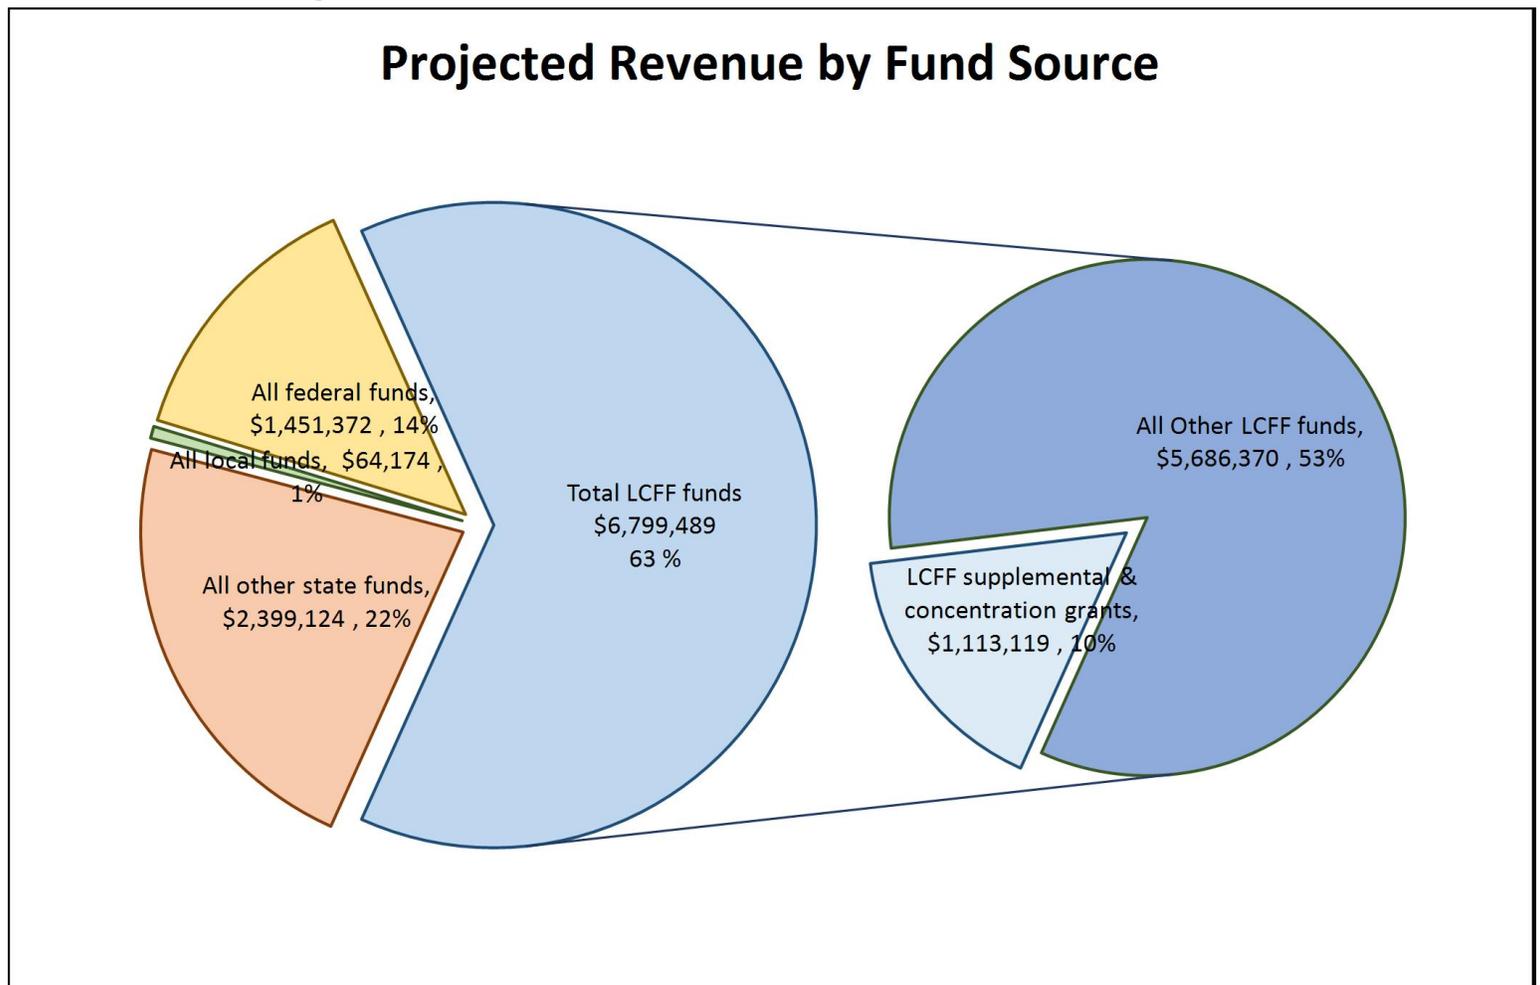
All federal funds, $1,451,372 , 14%

All local funds, $64,174 , 1%

All other state funds, $2,399,124 , 22%

Total LCFF funds $6,799,489 63 %

All Other LCFF funds, $5,686,370 , 53%

LCFF supplemental & concentration grants, $1,113,119 , 10%


This chart shows the total general purpose revenue Magnolia Science Academy - Santa Ana expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy - Santa Ana is $10,714,159, of which $6799489 is Local Control Funding Formula (LCFF), $2399124 is other

state funds, $64174 is local funds, and $1451372 is federal funds. Of the $6799489 in LCFF Funds, $1113119 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Total Budgeted General Fund Expenditures, $10,561,449

Total Budgeted Expenditures in the LCAP $10,561,449

This chart provides a quick summary of how much Magnolia Science Academy - Santa Ana plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy - Santa Ana plans to spend $10,561,449 for the 2022-23 school year. Of that amount, $10,561,449 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

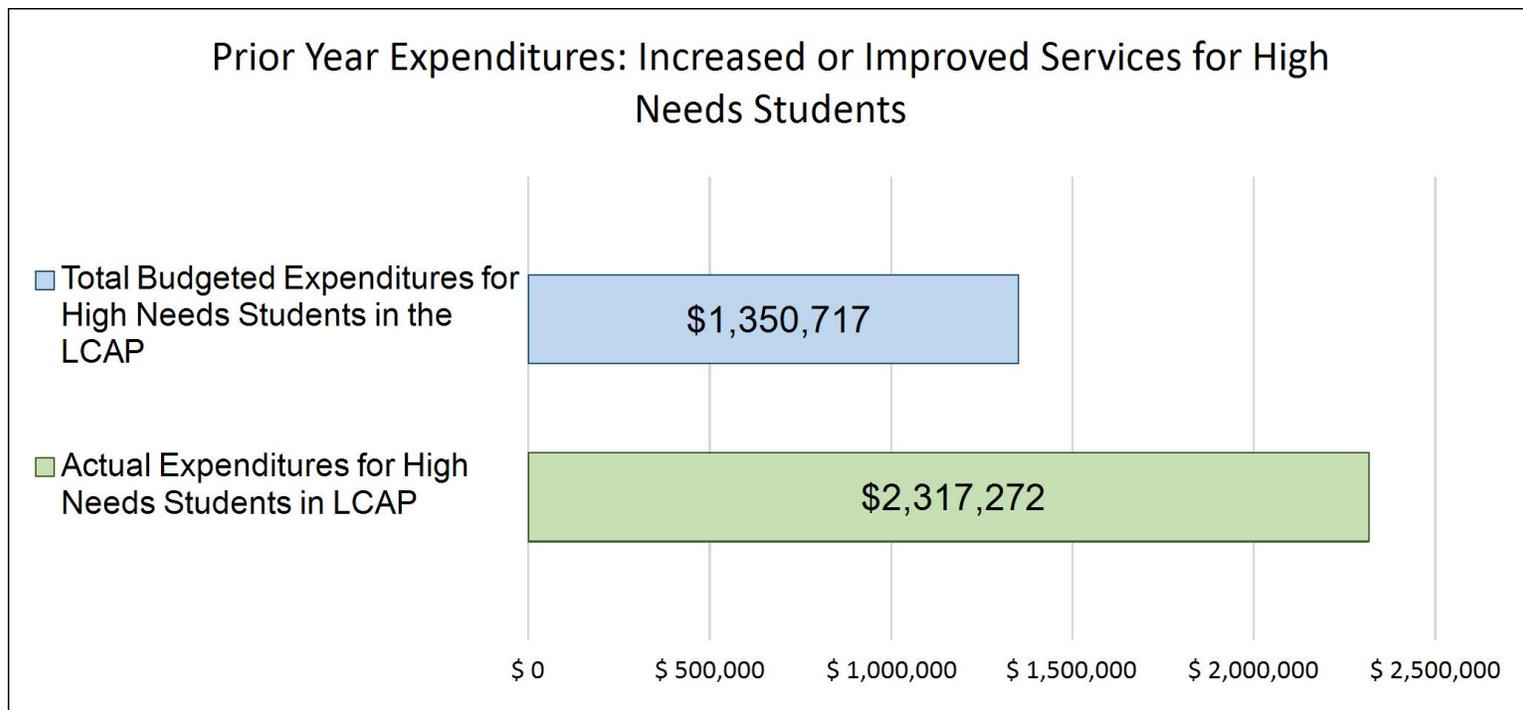
Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

In 2022-23, Magnolia Science Academy - Santa Ana is projecting it will receive $1113119 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy - Santa Ana must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy - Santa Ana plans to spend $1,618,964 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

- Total Budgeted Expenditures for High Needs Students in the LCAP: **$1,350,717**
- Actual Expenditures for High Needs Students in LCAP: **$2,317,272**


This chart compares what Magnolia Science Academy - Santa Ana budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy - Santa Ana estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy - Santa Ana's LCAP budgeted $$1,350,717.00 for planned actions to increase or improve services for high needs students. Magnolia Science Academy - Santa Ana actually spent $$2,317,272.09 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy - Santa Ana	Steven Keskinturk, Campus Director, Secondary Principal Maria Rowell, Elementary Principal	skeskinturk@magnoliapublicschools.org (714) 479-0115 mrowell@magnoliapublicschools.org (562) 508-8061

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Stakeholder collaboration has been a priority for Magnolia Science Academy Santa Ana in developing the schoolwide action plan/LCAP and Educator Effectiveness Block Grant, A-G Completion Improvement Grant, Expanded Learning Opportunities Program, and Pre-K Planning and Implementation funds. To engage all stakeholders in reviewing the student data and the development of the schoolwide action plan, collaborative meetings have taken place regularly. Some of the discussions we held are the weekly Second Cup Of Coffee with the Principal meetings, Town Hall meetings, Parent Task Force meetings, School Site Council meetings, Department meetings, and Grade Level meetings.

MSA-Santa Ana has provided many community engagement opportunities during the year to gather feedback to inform the development of the Educator Effectiveness Block Grant, A-G Completion Improvement Grant, Expanded Learning Opportunities Program, and Pre-K Planning and Implementation and the Local Control Accountability Plan (LCAP). The feedback that we received is used to develop the expenditure plans. In addition, we received feedback from MSA-Santa Ana staff during our regular staff meeting, and we received feedback from parents, students, and community members during School Site Council Meeting. We will have our Educator Effectiveness Block Grant, A-G Completion Improvement Grant, Expanded Learning Opportunities Program, and Pre-K Planning and Implementation plans presented during a regular MPS Governing board meeting for public comment as well.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

MSASA is receiving $198,638.77 additional LCFF Grant payment. MSASA is planning to spend $126,000.00 for the staff retention bonus. For the remaining amount, MSASA plans to hire an additional part-time social worker or make the current part-time social worker full-time.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

Stakeholder collaboration has been a priority for Magnolia Science Academy Santa Ana in the development of the schoolwide action plan/LCAP and ESSER III funds. In an effort to engage all stakeholders in the review of the student data and the development of the school-wide action plan, collaborative meetings have taken place regularly. Some of the meetings we held are the weekly Second Cup Of Coffee with the Principal meetings, Town Hall meetings, Parent Task Force meetings, School Site Council meetings, Department meetings, and Grade Level Meetings.

MSA-Santa Ana has provided many community engagement opportunities during the 2020-2021 school year to gather feedback to inform the development of the Expanded Learning Opportunities Grant Plan (ELOG) and the Local Control Accountability Plan (LCAP). The feedback that we received for the ELOG and LCAP is used in the development of this ESSER III expenditure plan. In addition, we received feedback from MSA-Santa Ana staff during our regular staff meeting, and we received feedback from parents, students, and community members during School Site Council meeting. Additionally, the families that speak languages other than English also attended all of our meetings. For those parents, we provided translation services. Also, we have had meetings held for English speaking and Spanish only speaking parents so that the information related to school issues were provided to those parents in their language.

All administrators: principals, deans of academics, dean of students, and college counselor met regularly to ensure that the funds for this plan are well utilized, sourced, and spent. Additionally, the paraprofessionals, teacher aides, outside duty supervisors, custodial staff, afterschool supervisors, and all other educators were involved in the preparation of this plan to make sure it will address the needs our our students. In terms of special education administrators, MSA Santa Ana utilizes EL Dorado as our SELPA to mitigate the needs of our students academically, behaviorally, socially and emotionally. For the ESSER III plan, The El Dorado officials were informed about the plan via email and asked if they had any feedback. The tribes and civil right organizations are not represented in MSA Santa Ana's community. Finally, the school held School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings where Individuals or advocates representing the interests of children with disabilities, English learners, homeless students, foster youth (N/A), migratory students(N/A), children who are incarcerated (N/A), and other underserved students. We have had our ESSER III plan presented during a regular MPS Governing board meeting for public comment, as well.

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

MSASA is facing problems implementing and using the ESSER III funds in the facilities improvement projects due to supply shortages of the vendors and the longer processing time of the vendors because of the COVID pandemic. However, MSASA was able to implement the hiring for additional staff. So far MSASA used $160,851.00 of it's ESSER III funds for mostly staffing, but also for Books & Supplies and Services & Other Operating Expenses. In regards to In-Person Instruction Grant, spent $20,947.00, mostly for staffing.

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

We used the feedback from the community engagement and incorporated this feedback into developing strategies for addressing the loss of instructional time and providing additional support to all MSA-Santa Ana students. Current feedback and feedback for the development of Educator Effectiveness Block Grant, A-G Completion Improvement Grant, Expanded Learning Opportunities Program, and Pre-K Planning and Implementation are aligned, including the commitment to in-person learning, small group instruction opportunities, providing strong counseling support, hiring additional staff members, intervention, enrichment opportunities, Saturday school, extended school year, summer school opportunities, facility improvements, and maintenance. These plans incorporate this feedback and continue to provide safe and continuous in-person learning and address the social-emotional, and academic needs of our students.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.*"

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "*A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.*"

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the

continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education
November 2021

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy - Santa Ana	Steven Keskinturk & Maria Czerner-Rowell Site Director/Secondary Principal & Elementary Principal	skeskinturk@magnoliapublicschools.org & mrowell@magnoliapublicschools.org (714) 479-0115

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Magnolia Educational & Research Foundation dba Magnolia Public Schools (MPS)
The Magnolia Educational & Research Foundation dba Magnolia Public Schools (MPS) is a 501(c)(3) non-profit public charter school management organization dedicated to establishing and managing high-quality public charter schools in California. MPS' vision is to graduate students who are scientific thinkers that contribute to the global community as socially responsible and educated members of our society. MPS' educational approach is based on the conviction that science, technology, engineering, and math (STEM) education is essential in improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. MPS operates 10 charter school sites throughout California with an increasing trend of academic success, organizational, and financial stability.

Magnolia Science Academy Santa Ana (MSA-SA)
Magnolia Science Academy-Santa Ana (MSA-SA) is the home of the PIRATES! MSA-SA is authorized and monitored by the State Board of Education. MSA-SA is a public charter school for grades TK–12 with a mission to provide a college preparatory educational program emphasizing STEAM education in a safe environment that cultivates respect for self and others. MSA-SA offers a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and strong core knowledge presented in ways that are relevant and inspiring for our students. Tutoring, morning intervention, after-school program, Saturday Academy, and school-to-university partnerships (e.g. dual enrollment partnerships with local community colleges) supplement classroom instruction at MSA-SA. MSA-SA creates a supportive and caring environment with small class sizes and strong student-parent-teacher communication, and improves students' knowledge and skills in core subjects, thereby increasing their 21st century skills as well as their chances of success in higher education and beyond. MSA SA provides students with a comprehensive education program that creates multiple opportunities for them to develop into successful contributing members of society, and therefore, fulfill the intent of the California Charter Schools Act.

In the 2021-22 academic year, Magnolia Science Academy-Santa Ana continued its sixth school year in our new campus at 2840 West 1st Street, Santa Ana. The new facility was funded by the State of California Prop 1D funding. The new building has 34 classrooms with state of the art science and computer labs, library and learning centers. Phase II construction is completed and includes a gym, playgrounds and an outside cafeteria to serve several functions. MSA-SA has adopted McGraw-Hill digital and in print curriculum across all four core subjects (Math, History, Science, and English). We have a 1:1 technology to student ratio and all classrooms with state of the art technology.

In March 2019, The State Board of Education(SBE) renewed Magnolia Science Academy-Santa Ana for 5 years.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

According to the Fall 2021 California accountability dashboard data, we continue to have a very low suspension rate and 96% graduation rate as part of our Positive Behavior Interventions and Supports (PBIS). Additionally, we have many embedded Positive Behavior Interventions and Supports (PBIS) in our school system to ensure that our Tier I interventions are effective and create a positive, safe and enriching school environment. We attribute our high graduation rate to high parental involvement through Parent College, our School Site Council, Parent Task Force, English Learner Advisory Committee (ELAC) and after-school workshops. During the Parent College events, parents and students receive education pertaining to the A-G requirements, which are aligned to our graduation requirements and for 4-year colleges. All students have a four-year plan and meet once a year with our college counselor. MSA-SA continues to have a high acceptance rate to four-year universities. Our seniors gain admission to a variety of colleges across the nation (e.g. UC Berkeley, UCI, Cornell, USC, CSUF, etc.). This year was a year in which we developed targeted intervention groups both academically and behaviorally appropriate to address the specific needs of our students.

We continued to use internal data to measure growth throughout the year (NWEA MAPs and SBAC IABs). The effectiveness of intervention programs during school and after school has increased this year. Our Deans of Academics work diligently to update and analyze student performance with MAP, IAB, and SBAC prep. Staff utilizes our student data/ growth to drive the instruction as well as formulate intervention grouping. Lastly, reviewing our staff, parent, and student surveys through Panorama allows for an open dialog among all stakeholders so that our action plans continue to allow us to reach our greatest potential and foster a community of lifelong learners.

At MSASA, some of our successes for the 2021-22 school year include:

Teachers used IAB data and MAP data to inform their instruction
Increased College related events and communications
Provided high number of AP courses (8)
Continued Dual Enrollment Program with Santa Ana College

2022-23 Local Control Accountability Plan for Magnolia Science Academy - Santa Ana

Continued to hold data driven meetings with teachers
Improving student engagement and assignment completion by implementing PBIS.
College Counselor conducted Individual meetings to increase college readiness.
Increase efficiency of small group interventions with stronger after school program and Saturday School

Every year we conduct a Stakeholder Survey - here is a summary of what our stakeholders "like the most about our school"

Students: Students in Elementary like their teachers and all the STEAM-related activities that take place in their school. Students in Secondary also like their teachers and their college culture services. The student enjoys their AP. Additionally, students in secondary like having a small class size, and the friends that they've made!

Family: Similar to our students, our families like the teachers and the college readiness program that we offer to students. The parents also like the "family feel" environment, the student information system that facilitates communication. Additionally, the parents like having a K-12 school model in order to drop off all of their school-aged students in one location.

Staff: The staff enjoys working with each other and really enjoys their colleagues. Staff feels that their colleagues are professional, supportive; collaborative and that everyone genuinely wants to improve the school.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Our socioeconomically disadvantaged and Hispanic populations are our greatest need. This has become our focus area, specifically for third through eighth-grade students. Intervention groups were formed at the beginning of the year using the SBAC Spring 2019 results and our internal MAP data. Our students took our internal MAP assessment (NWEA) in the fall. Our Spring MAP assessment was administered at the end of May to measure growth.

Such targeted intervention groups include intervention for our SPED students (Tier III), our Power English/Math course for Tier II students, our SSR Math/Writing group for Tier II students, and our Designated and Integrated ELD courses additional supports for English Learner student population. Our elementary intervention grouping is based on the Spring SBAC and Fall. We grouped our ELA and Math interventions in the afternoon. After school, focusing on our Tier II students, students at the CAASPP standards nearly met and not met, and our Tier III students. They are struggling in English Language Arts and Mathematics. These interventions are revisited quarterly, and changes are made depending on student progress. Students are identified for the SSPT process based on intervention and classroom assessment, and progress.

Our students are coming from different curriculum backgrounds. Our goal is to close this performance gap to ensure they're ready and successful for the next grade level.

We continue to provide social-emotional support for our students. Our MTSS grant still allows us to partner with Western Youth Services so that our families can have access to free/affordable
counseling and Help Me Grow for elementary students. We have also partnered with Care Solace this year to give students and families access to mental health services.

We conducted our annual panorama surveys and reflected on our stakeholders' greatest areas of need and this is how they answered for "what do you like least about your school?"

Students: The Elementary students like least the food and not having enough area to play or a permanent playground. The students also reported that there are mean comments/name-calling/bad words happening in school. The Secondary students strongly dislike the school food, the crowded hallways, and the restrictions to bathroom usage.

Families: Our parents have concerns about our limited parking space, food, and the lack of a music program.

Staff: Our staff indicated that student discipline isn't consistently being enforced and that the number of student behavior issues hasn't decreased.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

MSA-SA has also worked on its expected annual measurable outcomes to set targets in areas of greatest need and to close performance gaps among student groups. Our Pillars: Excellence, Innovation and Connection (EIC) guide our action plan. MSA-SA wants to continue to work towards promoting and developing academic excellence for all of our students. This year we focused on school goals in which incorporated academic, MTSS, and college going culture, such as all student groups will show a three-point growth on the CAASPP ELA and Math assessments. We will develop, align, and improve academic and behavioral resources, programs, supports, and services and address the needs of the whole child by utilizing a coherent MTSS framework. An additional goal is a 100% four year graduation rate and a 100% UC/CSU A-G course completion rate.

MSA-SA Parent Advisory Committee (PAC) committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones.

Some of the highlights include:
- Parents' appreciation of being involved in the decision-making process and the need for continuous parent training via activities such as Parent College

- The need to continue our improvements in designated/integrated English Learner services
- Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs
- Providing counseling and positive behavior intervention support services to our students
- Keeping affective teachers and improving teacher observation and evaluation systems
- School Site Council (SSC) involvement and engagement in the LCAP and school decisions

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote learning and provide a more positive learning experience for our students, MSA-1 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee and ELAC provides valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include four PAC/PTF meetings, four SSC meetings, four ELAC meetings, at least five parent activities/events including two Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff has also made 45 home visits during this school year and sought feedback from the parents for school improvement.

A summary of the feedback provided by specific educational partners.

MSASA throughout the school year held various meetings through PAC, SSC, ELAC, and informational sessions, as well as stakeholder surveys, to gather input to support the direction and funding essential to meet the needs of the learning community. Below are a few trends that have influenced the development of the goals and expense:
1. Safety for students, staff, and families in the form of environmental climate and socio-emotional support. This includes hiring and training of staff members and supplemental support from organizations and cloud-based platforms.
2. Academic Growth outcomes for ELs and SWD. This includes the hiring and ongoing support of staff members to support student's academic endeavor, usage of programs to identify and intervene in academic areas of need and provide additional resources in the form of programs or additional support through Summer School, Winter Session, Additional Tutoring Sessions, and Home Visits.

3. Stakeholders recognize the mission, vision, and core values of the organization. Stakeholders are pleased and continue to support the learning community to provide a program centered around Excellence, Innovation, and Connection. MSASA will continue to provide students with individualized support and a program that identifies their learning styles, personalities, interests, and career plans to make every learner college- and career-ready. MSASA will continue to create and expand a climate that provides a sense of connection and belonging to support students' development of personal and academic networks for long-term resilience and connection.

SELPA Feedback:
Our SELPA recommendation included a series of guiding questions to facilitate the process and ensure specific metrics related to academic and socioemotional supports are provided to all students, especially students with disabilities. Based on these recommendations Goal 2, Action 5 summarizes supports and services for students with disabilities. Further work will continue in this area to ensure the embedment of SEP goals/plans in order to have a centralized plan that is accessible to all stakeholders.
These elements continue to be vital for our stakeholders and the learning community is committed to adapt and equip all stakeholders to meet their fullest potential and endeavors. Based on surveys and organized meetings with stakeholders, many are pleased with the program and direction. MSASA will continue to strive for excellence to provide students with opportunities for growth and social mobility.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

MSA-SA's LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:
- Improvements in designated/integrated English Learner services
- Expanding after school, Morning Interventions, Tutoring Saturday school, and summer school opportunities
- Providing counseling and behavior support services to our students
- Improving teacher observation and evaluation systems and keeping effective teachers
- Increasing college preparedness by offering a college planning and career exploration program for students early on, strengthening existing "Advisory" programs, offering special programs to prepare students for the SAT/ACT tests, and preparing students to take more AP courses
- Investing in effective technology and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Other input includes improving school facilities and the lunch program.

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2022-23: 0
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 94.0%	2021-22: (Spring 2021 to Fall 2021) 64%			2023-24: (Spring 2023 to Fall 2023) 85.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 99.1%	2021-22: (As of 5/12/22) 97.1%			2023-24: 97.0%

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$35,250.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds:N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review the alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter schools will annually review budgets and plan to ensure an adequate budget for instructional materials. Charter schools will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards-aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and	$1,044,464.00	No

Action #	Title	Description	Total Funds	Contributing
		other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: Expenditure of Technology/Software: $909 from Title II funds.		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.) The following expenditures will be funded by federal Title funds: N/A	$539,575.00	No

Action #	Title	Description	Total Funds	Contributing
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$10,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	$1,689,817.00	No

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness. At MSASA, a substantive difference from what was planned to an actual expenditure was largely due to our teacher retention bonuses, thus a significant impact was full time staff were given $4500 and part time staff were given $2500.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The CCSS aligned curriculum and the online resources have helped teachers prepare standard based lessons and target intervention based on the needs of students. Saturday school structure has been changed to meet the needs of the students who need the one-on-one support. The program helped students pass their classes and improve their scores on MAP and IAB tests.

Dual-enrollment opportunities are not limited to courses students can take at college campuses. The participation rate for the on-campus college course is above the expected number. We will continue to offer two dual enrollment classes next year here on our campus.

An explanation of how effective the specific actions were in making progress toward the goal.

We are making our school Social Worker full time to support students with their social and emotional needs. Other than this, we only have minor differences between Budgeted and Estimated Actual Expenditures.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes with new performance targets for the upcoming school year based on input from all stakeholders and available data through surveys and student performance data. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.

MSASA desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

The following is the 2022 summative ELPAC percentage for the Level 4 performance level. 2022 ELPAC Percentage of Students Level 4: 14%			2023-24: 15.0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students meeting or exceeding standard on the CAASPP-Science assessments (Source: CDE DataQuest)	2018-19: • All Students: 16.47% • English Learners: 1.92% • Socioeconomically Disadvantaged: 16.54% • Students with Disabilities: 0.00% • Homeless: 17.65% • Hispanic: 14.58% • White: 30.76%	CAST assessments were waived during the 2019-20 and 2020-21 school years.			2022-23: • All Students: 20.00% • English Learners: 10.00% • Socioeconomically Disadvantaged: 20.00% • Students with Disabilities: 10.00% • Homeless: 20.0% • Hispanic: 20.00% • White: 32.0%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services are dependent on student needs and interests. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards.	$2,741,565.00	No

Action #	Title	Description	Total Funds	Contributing
		The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: • 3500 Unemployment Insurance: Resource: Title I,; Amount: $64,196 • 3400 Health and Welfare Benefits: Resource Tilte1: Amount:$2463.60 • 3300 Oasdi/Medicare: Title 1: $465.421 • 3100 STRS: resource Title 1: $6130.718 • 1100 Teachers Salaries Resource: Title 1: $32098		
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff	$95,050.00	Yes

Action #	Title	Description	Total Funds	Contributing
		development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds: • Professional development expenses: Resource: Title II, Part A; Amount: $25,750		
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries	$680,058.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Infinite Campus fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Accelerated Reader, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Spelling City, Seesaw, and MyON.) The following expenditures will be funded by federal Title funds: • Intervention Teacher salary and benefits: Resource: Title I, Part A; Amount: $30,000 • Educational Software: Resource: Title I and Title IV; Amount $43,040 • 3500 Unemployment Insurance Resource: Title 1: $60 • 3300 OASDI/Medicare Resource: Title 1:$435 • 3100 STRS Resource:Title 1: $5730		
2.4	Designated and integrated ELD programs	Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual		Yes

Action #	Title	Description	Total Funds	Contributing
		assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, and EL instructional aide salary and benefits. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and	$1,193,203.00	No

Action #	Title	Description	Total Funds	Contributing
		SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: • 1100 Teacher Salaries: Resource Title 1: $13024 • 2100 Instructional Aide Salaries: Resource: Title I, Part A; Amount: $155,796 • 3100 STRS: Resource: Title I, Part A; Amount: $2487.584 • 3100 STRS: Resource: Title I, Part A; Amount: $6,449 • 3200 PERS: Resource: Title I, Part A; Amount: $26,959 • 3300 OASDI/Medicare: Resource: Title I, Part A; Amount: $9,555 • 3300 OASDI/Medicare: Resource: Title I, Part A; Amount: $188.848 • 3400 Health & Welfare Benefits: Resource: Title I, Part A; Amount: $1231.8 • 3400 Health & Welfare Benefits: Resource: Title I, Part A; Amount: $15,541 • 3500 Unemployment Insurance: Resource: Title I, Part A; Amount: $26.048 • 3500 Unemployment Insurance: Resource: Title I, Part A; Amount: $588		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We provide courses, electives, programs, and services outlined in our charter petition, certain programs and services being dependent on student need and interest; our master schedule is designed to meet the needs of all students; we provide opportunities for online and dual enrollment; we offer Advanced Math and Computer Technology classes; and provide opportunities for students to create or demonstrate a STEAM focused project, experiment, model or demo. We are compliant with our teacher assignments; we offer standards-based instruction and our students have sufficient access to standards-aligned instructional materials; we do facility inspections periodically; we regularly review student performance data and progress towards targets with our staff and continue to provide additional supports and interventions to

all students, including ELs, during the school day, after school hours, and on Saturday; we provide our ELs with designated and integrated EL instruction; and we offer AP and Advisory classes for college readiness.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The CCSS aligned curriculum and the online resources have helped teachers prepare standard based lessons and target intervention based on the needs of students. Saturday school structure has been changed to meet the needs of the students who need the one-on-one support. The program helped students pass their classes and improve their scores on MAP and SBAC tests.

Dual-enrollment opportunities are not limited to courses students can take at college campuses. The participation rate for the on-campus and off-campus college course is above the expected number.

There are no discrepancies as to what was planned for and what was spent in regards to course of study and professional development for high quality instruction, MTSS, designated and integrated EL programs, and support for students with disabilities. .

An explanation of how effective the specific actions were in making progress toward the goal.

We had to spend more funds on STEAM materials because this year, our Art teacher attended PDs that involved getting technology equipment and additional materials; this was a huge benefit for our students. Our new science teacher used a lot of hands on materials this year and that was also factored in.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will maintain our goal and expected outcomes, metrics, and actions and services. We have updated our budget for the upcoming school year based on technology needs and input from all stakeholders. We will continue to provide all the actions/services for this goal with minor adjustments based on student and school needs. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP. We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.
It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning	$116,589.00	Yes

Action #	Title	Description	Total Funds	Contributing
		and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college-related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities.		
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.	$601.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Expenditures associated with this action include the following: supplemental science program fees. The following expenditures will be funded by federal Title funds: • 4340 educational Software Resource: Title IV, $500		
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: • 4340 Educational Software Resource: Title IV, $3,384 • Literacy Teacher salary and benefits: Resource: Title IV, Part A; Amount: $235,000 • Digital literacy and citizenship program fees: Resource: Title IV, Part A; Amount: $16,000	$255,310.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds: • 4340 Educational Software Resource: Title IV, $600	$370,676.00	Yes
3.5	Additional programs and activities that support well-rounded education	In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering,	$905,394.00	Yes

Action #	Title	Description	Total Funds	Contributing
		ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds: • 3500 Unemployment Insurance Resource: Title 1: $6.311424 • 3400 Health and Welfare Benefits Resource Title 1: $4918.056 • 3300 OASDI/Medicare Resource Title 1: $241.411968 • 3200 PERS Resource: Title 1: $800.604.1344 • 2200 Classified Support Resource Title 1: $15778.56		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

This year our planned MAP, IAB, College Readiness, Courses and Assessments, AP courses, initial and summative ELPAC, as well as SBAC tests were all given in a timely manner. Our data tracking was housed Magnolia-wide, and shared with other school sites and Home Office to ensure that our students were tracked as well as given data conferences, and shared growth targets so that we can support all our learners. Data was shared on a bi-monthly basis with gen ed and/or departments. Discussions were held monthly in Dean of Academic and Principal meetings to showcase our student growth rates.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

An explanation of how effective the specific actions were in making progress toward the goal.

MSASA ensured that we stayed near to closely around the planned monies, for example, college/career readiness programs and activities was planned at $98,331 and what was actually spent was $77, 986.32. For our digital literacy and citizenship programs, $105,765 was planned but $167, 120.09 was actually spent. As far as our physical activity programs, $185,694 was planned, and because of our newly granted CIF high school sports, we spent, $222,281.52.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities such as Parent College. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations. The updated outcomes and actions/services can be found in the Goals, Actions, & Services section of the LCAP.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other educational partners will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement.		Yes
4.2	Building partnerships with families for student outcomes	Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be	$215,295.00	Yes

Action #	Title	Description	Total Funds	Contributing
		covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: • 5800 Professional Services Resource: Title 1: $25,001 • 3500 Unemployment Insurance Resource: Title 1: $12 • 3300 OASDI/Medicare Resource: Title 1: $87 • 3100 STRS Resource: Title 1: $1146 • 1100 Teacher Salaries: Resource Title 1: $6,000		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to	$414,644.00	Yes

Action #	Title	Description	Total Funds	Contributing
		suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PDs on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: • 4340 educational Software: resource: Title IV: $5,000 • 4310 Instructional Materials and Supplies Resource Title 1: $8,000 • 2400 Clerical and Technology Resource: Title1: $66560		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.	$2,500.00	Yes
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.	$251,467.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We have held quarterly SSC, ELAC, and PTF meetings; hosted parent activities/events; provided parents with access to our SIS; visited our students at their homes; encouraged and supported student attendance; provided support to ensure timely high school graduation; implemented alternatives to suspension/expulsion, including restorative practices; acknowledged and encouraged positive student behavior and improvements; and administered school experience surveys to our students, parents, and staff.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The actions/services have been effective as measured by progress towards our annual measurable outcomes. The expulsion rate after the pandemic is % and we use alternatives to suspensions as much as possible. Additionally our ADA has continue to be at or over 95%. Lastly, our graduation rate continues to be 100% for our freshmen cohort. MSASA has no significant increased expenditures. For example, this goal pertained to educational partners, seeking family input, PBIS and SEL support, annual stakeholder surveys, and community partnerships.

An explanation of how effective the specific actions were in making progress toward the goal.

We only have minor differences between Budgeted and Estimated Actual Expenditures.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will maintain our goal and the majority of our expected outcomes, metrics, and actions and services. We have updated our annual measurable outcomes for school experience survey average approval rates. Based on input from all stakeholders, we will continue to hold events that promote parental participation as well as parent training activities. We will focus on acknowledging positive student behavior and restorative practices. We will continue to offer PD to our teachers on classroom management and student engagement procedures to help create an atmosphere of trust, respect, and high expectations.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
$1,113,119	$221,874.92

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
23.11%	0.00%	$0.00	23.11%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

The majority of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP

metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to

quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity

before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2, increases in CCI prepared rate, AP passing rate, A-G rate, diploma seals, and college acceptance rates as identified in our LCAP metrics in Goal 3, as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically

disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate, ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to

address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and

safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We

also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, test prep for ACT/SAT, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies. Unduplicated students will receive improved services through our Naviance program and increased support with AP exam fees, AP course materials, and other college-related materials and activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy

classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes,

how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA Santa Ana will use the majority of these funds in keeping the social worker employed who provides direct services to our students in need. If there are any remaining funds, we will hire a part-time paraprofessional that can also be used for EL support in elementary.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students		

2022-23 Total Expenditures Table

Totals	LCFF Funds	Other State Funds	Local Funds	Federal Funds	Total Funds	Total Personnel	Total Non-personnel
Totals	$5,742,858.00	$2,587,852.00	$30,000.00	$2,200,748.00	$10,561,458.00	$6,318,830.00	$4,242,628.00

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

2022-23 Local Control Accountability Plan for Magnolia Science Academy - Santa Ana

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

    For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

  - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

  - This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

  - This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table
- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education

LCFF Budget Overview for Parents

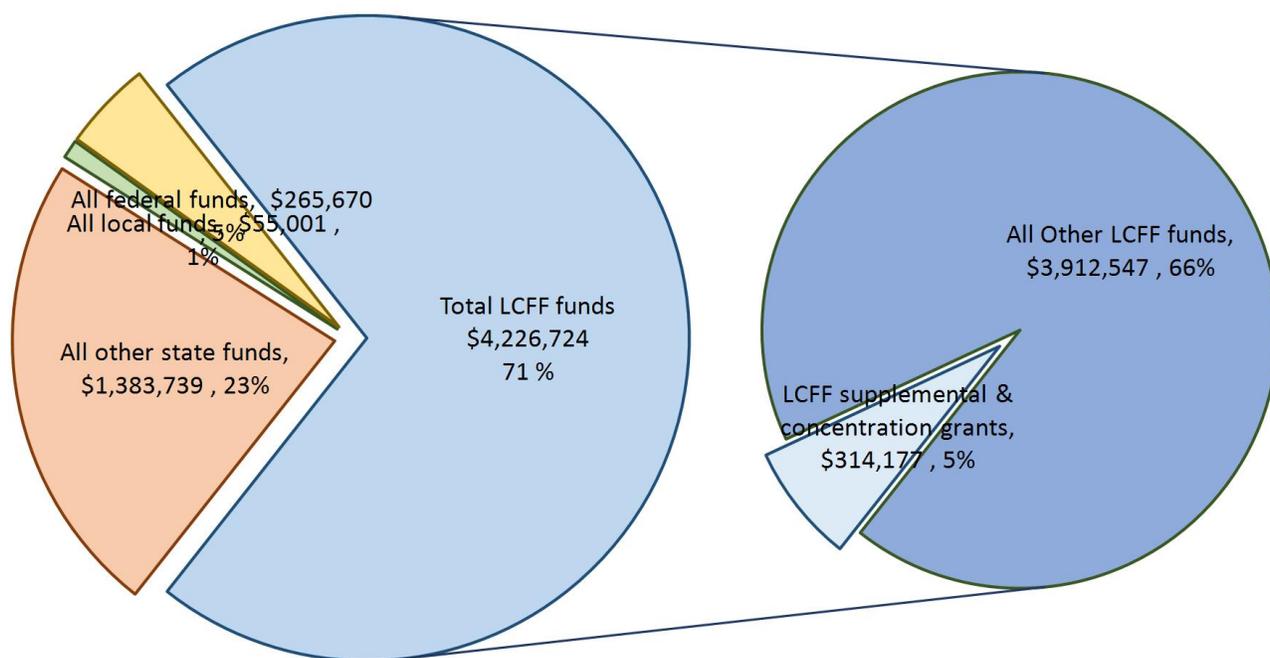
Local Educational Agency (LEA) Name: Magnolia Science Academy San Diego
CDS Code: 37-68338-0109157
School Year: 2022-23
LEA contact information:
Gokhan Serce
Regional Director and Principal
gserce@magnoliapublicschools.org
(619) 644-1300

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2022-23 School Year

Projected Revenue by Fund Source

All federal funds, $265,670
All local funds, $55,001, 1%
All other state funds, $1,383,739, 23%
Total LCFF funds $4,226,724 71%

All Other LCFF funds, $3,912,547, 66%
LCFF supplemental & concentration grants, $314,177, 5%


This chart shows the total general purpose revenue Magnolia Science Academy San Diego expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy San Diego is $5,931,134, of which $4226724 is Local Control Funding Formula (LCFF), $1383739 is other state

funds, $55001 is local funds, and $265670 is federal funds. Of the $4226724 in LCFF Funds, $314177 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Total Budgeted General Fund Expenditures, $5,739,120	Total Budgeted Expenditures in the LCAP $5,739,120

This chart provides a quick summary of how much Magnolia Science Academy San Diego plans to spend for 2022-23. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy San Diego plans to spend $5,739,120.00 for the 2022-23 school year. Of that amount, $5,739,120.00 is tied to actions/services in the LCAP and $0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2022-23 School Year

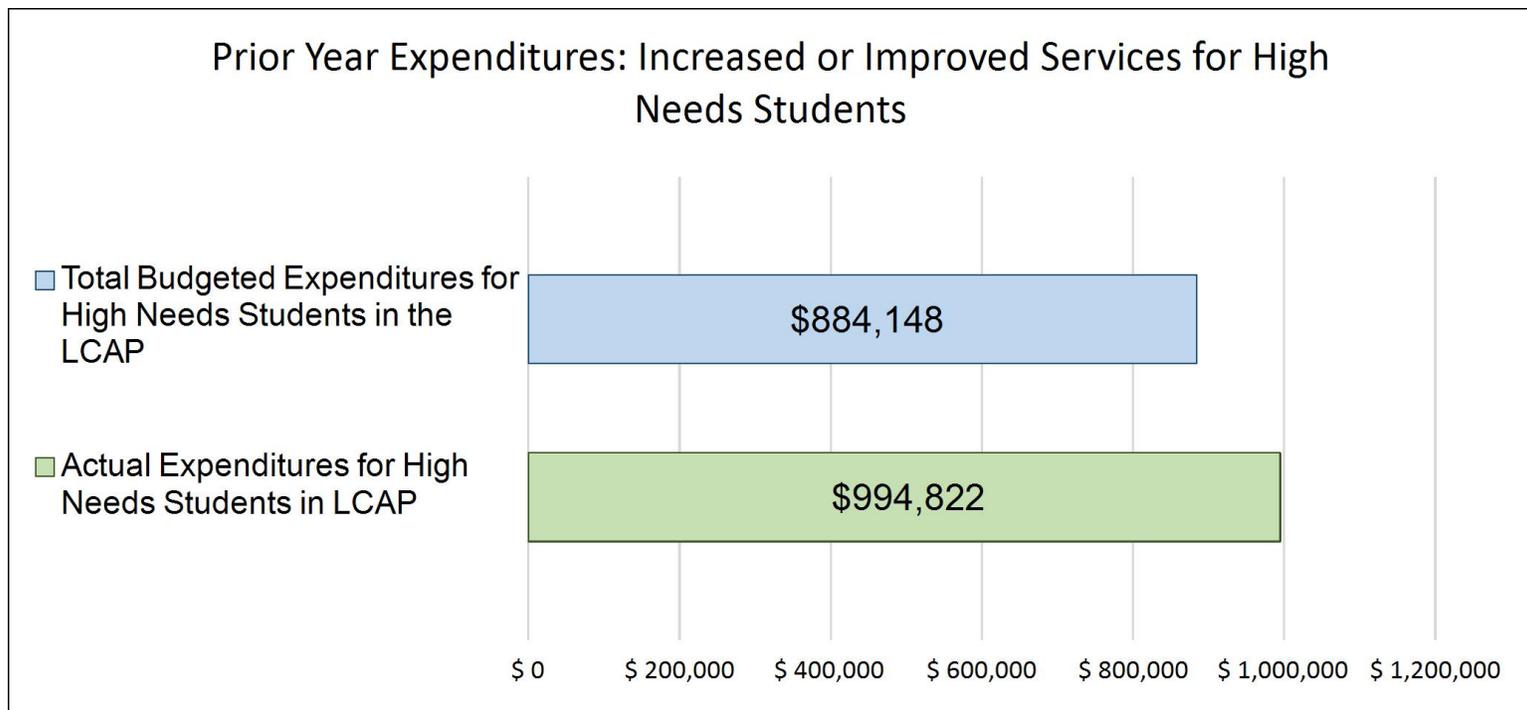
In 2022-23, Magnolia Science Academy San Diego is projecting it will receive $314177 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy San Diego must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy San Diego plans to spend $857,643.00 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2021-22

Prior Year Expenditures: Increased or Improved Services for High Needs Students

- Total Budgeted Expenditures for High Needs Students in the LCAP: $884,148
- Actual Expenditures for High Needs Students in LCAP: $994,822

(X-axis: $ 0, $ 200,000, $ 400,000, $ 600,000, $ 800,000, $ 1,000,000, $ 1,200,000)


This chart compares what Magnolia Science Academy San Diego budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy San Diego estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2021-22, Magnolia Science Academy San Diego's LCAP budgeted $$884,147.54 for planned actions to increase or improve services for high needs students. Magnolia Science Academy San Diego actually spent $$994,821.83 for actions to increase or improve services for high needs students in 2021-22.

Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy San Diego	Gokhan Serce Regional Director and Principal	gserce@magnoliapublicschools.org 619-644-1300

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).

Stakeholder collaboration has been a priority for Magnolia Science Academy San Diego in developing the schoolwide action plan/LCAP and Educator Effectiveness Block Grant, and Expanded Learning Opportunities Program. To engage all stakeholders in reviewing the student data and the development of the schoolwide action plan, collaborative meetings have taken place regularly through staff PLCs, coffee with principal meetings, PAC meetings, Town Hall meetings, Parent Task Force meetings, School Site Council meetings.

The feedback that we received is used to develop the expenditure plans. We will have our Educator Effectiveness Block Grant, Expanded Learning Opportunities Program presented during a regular MPS Governing board meeting for public comment as well.

A description of how the LEA used, or plans to use, the additional concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.

MSA-San Diego did not receive additional concentration grant add-on funding.

A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.

MSA- San Diego incorporates numerous manners to solicit feedback from our various stakeholder groups, including parents/guardians, staff, and students, in order to seek input related to the possible different options which are available for the utilization of the fiscal resources attached to the ESSER III. Amongst these means are the below:
- Weekly All Staff PD meetings
- Weekly Grade Level meetings
- Weekly SPED Department meetings
- Weekly Local Leadership Meetings
- Weekly Admin meetings
- Weekly MTSS SEL Committee meetings
- Weekly MPS Academic Task Force meetings with central office
- Weekly Health and Safety Meetings
- Leadership meetings with home office
- Weekly Meetings with EL, 504, SPED and support staff meetings
- Weekly Office Staff meetings
- Coffee with the Principal meetings
- Monthly Dean of Academics meetings with all MPS deans
- Monthly Dean of Students meetings with all MPS deans
- Monthly Principal meetings with with all MPS principals
- Biweekly Department meetings
- ELAC meetings
- PTF meetings
- SSC meetings
- Title I meetings
- Weekly Saturday School meetings

In addition, MSA-San Diego utilizes the following tools to disseminate information to stakeholders:
- ParentSquare
- School website
- Email
- Phone calls / voice message
- Social media
- Google Classroom
- Infinite Campus
- Google Forms

- Panorama Education - survey
- Home visits

<div style="background-color: #dce6f1;">

A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.

</div>

We used the feedback from the community engagement and incorporated this feedback into developing strategies for addressing the loss of instructional time and providing additional support to all MSA-San Diego students. Based on the feedback that we have received, we are prioritizing the commitment to in-person learning, small group instruction opportunities, providing strong counseling support, hiring additional staff members, providing intervention and enrichment opportunities, Saturday school, summer school opportunities. These plans incorporate this feedback and continue to provide safe and continuous in-person learning and address the social-emotional, and academic needs of our students.

Most parts of our plan is being executed successfully, but there are two areas that we are facing challenges. The first one is the hardship of finding staff members to provide support during school hours and on Saturday. The second area that we are struggling is the Saturday school attendance. Although we identified around 80 students and invited them to take advantage of the program, less than half of the students took advantage of the Saturday school program. When it comes to SEL /counseling support, after school targeted tutoring, small group support, and additional custodial support to keep to school clean we have been very successful. As a result of this we continue to have over 99% of our students attending school in person.

<div style="background-color: #dce6f1;">

A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update.

</div>

We used the feedback from the community engagement and incorporated this feedback into developing strategies for addressing the loss of instructional time and providing additional support to all MSA-San Diego students. Current feedback and feedback for the development of Educator Effectiveness Block Grant, Expanded Learning Opportunities Program, are aligned, including the commitment to in-person learning, small group instruction opportunities, providing strong counseling support, hiring additional staff members, intervention, enrichment opportunities, Saturday school, and summer school opportunities. These plans incorporate this feedback and continue to provide safe and continuous in-person learning and address the social-emotional, and academic needs of our students.

Instructions for the Supplement to the Annual Update for the 2021–22 Local Control and Accountability Plan Year

For additional questions or technical assistance related to the completion of the Supplement to the Annual Update to the 2021–22 Local Control and Accountability Plan (LCAP), please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction

California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA's educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA's 2022–23 LCAP.

Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA's educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

Prompt 1: "*A description of how and when the LEA engaged, or plans to engage, its* educational partners *on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).*"

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

Prompt 2: "*A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.*"

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Prompt 3: "*A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.*"

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (https://www.cde.ca.gov/fg/cr/relieffunds.asp) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (https://www.cde.ca.gov/fg/cr/) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

Prompt 4: "A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation."

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

Prompt 5: "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.

California Department of Education

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy San Diego	Gokhan Serce Regional Director and Principal	gserce@magnoliapublicschools.org (619) 644-1300

Plan Summary [2022-23]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy San Diego (MSA-San Diego) is an independent public charter school located in the Allied Gardens community. MSA- San Diego serves around 420 students in grades 6–8, with classes that average 30 or fewer students. The school was founded in the fall of 2005 by a group of scientists and engineers devoted to math, science, and technology education. Magnolia's mission is to provide a high-quality college preparatory educational program emphasizing science, technology, engineering, arts and math (STEAM) in a safe environment that cultivates respect for self and others.

MSA-San Diego provides a challenging academic curriculum, a highly qualified staff, and a variety of learning opportunities such as enrichment classes, athletics programs, free tutoring, afterschool clubs, character education classes, field trips, community meetings, and much more. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in ways that are relevant and inspiring for our students. Classroom instruction at MSA-San Diego is supplemented by tutoring, after-school programs, and school-to-university links. Starting 2013–14 school year, MSA-San Diego transitioned to a 1:1 program with computers in every classroom. Since the 2013-14 School year MSA-San Diego Robotics, Future City (Engineering) and Archery teams and School Band won first place at multiple state and local competitions.

MSA-San Diego is a member of the Magnolia Public Schools family and collaborates with sister schools and other educational organizations to offer the best quality education to the students.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

- CDE recognized our school as a California Distinguished School
- We are implementing Restorative Practices to improve school culture and provided many professional developments for our staff and teacher leaders.
- Trained all admin team and teacher leaders in MTSS through MTSS grant.
- MSA-San Diego's overall performance in State testing based on latest California School Dashboard is green in Math and Blue in ELA.
- MSA-San Diego showed significant growth in state test in both Math and English for English Learners
- Our school outperformed all of the charter middle schools in city of San Diego and all of the middle schools in Navajo community.
- MSA-San Diego established partnership with the local community college to host community events like San Diego STEAM Expo.
- MSA-San Diego provided opportunities for students to showcase their achievements in STEAM fields. Some of the opportunities are:

1-Seaperch underwater robotics team made it to international Finals
2-Our FLL Robotics team won the 1st place in LEGOLAND at SoCal competition 6 time in the last 7 years.
3-Our Archery team won San Diego, State and National 1st,2nd and 3rd place awards at the Olympic Archery in Middle Schools competitions.
4-MSA-San Diego cohosted 6 annual San Diego STEAM Expo with Grossmont College
5-Participated San Diego Festival of Science and Engineering with over 80 students. Over 7,000 visitors visited Magnolia booths.

- The level of parent participation for school events increased significantly.
- MSA-San Diego PTF established their bylaws and had their second election with the new bylaws.
- Since we started in person learning MSA-San Diego is close to meeting its home visit target.
- Prepared our site to in-person learning with all the required safety measures.
- MSA-San Diego hosted, organized or participated in over 15 school and community events throughout the school year.
- Hosted daily Live Donuts in The Morning announcements via YouTube bring our community together.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

- Increase academic achievement in the area of math for students with disabilities group in CAASPP.
- Recruiting and retaining highly qualified teachers
- Continual refinement of intervention programs to assist in closing the achievement gap for all student groups.
- Empowering students to be school wide student leaders in the establishment of school culture with a new school culture model.

- After a 2 year Distance learning and in-person learning with limitations in the pandemic era, students and staff need more academic, social emotional, and mental health resources and support.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The Charter School LCAP committee has reviewed input from all stakeholders and available data through surveys and student performance data. Based on input and data, we have revised our existing actions/services and measurable outcomes and also planned for new ones. Some of the highlights include:

- Parents' appreciation of being involved in the decision-making process and the need for continuous parent trainings via activities such as Coffee w/ Principal, PTF and LCAP meetings
- Although currently we are the highest performing charter middle school in the county and in the Navajo community based on Dashboard data we see that all of our stake holders are worried about learning loss due to pandemic limitations and Distance Learning. There is a need to provide more targeted instruction based on NWEA MAP Fall to Spring data.
- Expanding after school, Saturday school, and summer school opportunities; refining targeted intervention and tutoring programs
- Providing positive behavior intervention support services to our students through well-established Restorative Practices system.
- Continue using teacher evaluation system "TeachBoost"
- Reduce chronic absenteeism.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

In order to promote learning and provide a more positive learning experience for our students, MSA-San Diego has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, ELAC Meetings, Coffee with the Principal meetings, Townhall meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and SSC also serve as our parent advisory committee for LCAP. Such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our parent advisory committee provides valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff and the Charter School staff make virtual and in-person home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include 4 PTF meetings, 4 SSC meetings, 3 ELAC meetings, at least 50 parent activities/events including Coffee with the Principal meetings, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. A majority of our stakeholders participated in this survey. The Charter School staff has also made over 30 in person and virtual home visits during this school year and sought feedback from the parents for school improvement.

A summary of the feedback provided by specific educational partners.

Parent Advisory Committee (PAC)/Parents:

- Happy with the Uniform expectations.
- Continue to provide a variety of courses in Summer school
- Asked for bi-weekly update meetings to continue

Students:
- Students shared that teachers are respectful, helpful, nice, they work hard, they spend extra time to support students.
- Friends/Classmates are kind.

- After school clubs and activities provide opportunities for students to connect with friends, learn and have fun.
- Students were not happy about the Distance Learning
- Students shared that they want less limitations on uniforms
- Students asked for more mental health support for themselves and their friends
- Students also asked for new Chromebook
- Students would like to see more elective opportunities.

Staff:
- Continue to build on our Multi-Tiered System of Support
- Continue to provide social-emotional learning (SEL) experiences
- Continue with our Zone of Regulation SEL lessons to increase awareness and ownership of The WIZARD Way.
- Continue to use on-line PBIS platform, Kickboard, to recognize our students who demonstrate The WIZARD Way
- Bring more outside resources for our site professional development
- Staff shared that there is more need for mental health and SEL Support.

ELAC:
- Parents are happy about the additional EL support taking place in the mornings and in the afternoons.

SELPA:
- Create a plan to provide targeted support for Students with Disabilities in Math.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

The Charter School LCAP committee has reviewed input from all stakeholders and synthesized input to revise existing actions/services and measurable outcomes and also plan for new ones in the LCAP for the upcoming year. Some of the updates include:
- Expanding after school tutoring and summer school opportunities
- Adding Saturday school for academic support
- Providing counseling and mental health support services to our students
- Improving teacher observation and evaluation systems and keeping effective teachers
- Investing in new Chromebook and teacher professional development in blended learning and differentiated instruction to enhance instruction in the classroom
- Expanding STEAM-based programs and activities
- Improving student restrooms
- Providing more staff PDs through outside professionals
- Other input includes improving school facilities such as the lunch area, water bottle filling stations and A/C units.

Goals and Actions

Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2023-24: 0
Percentage of students without access to their own copies of standards-	2020-21: 0%	2021-22: 0%			2023-24: 0%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
Number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0			2022-23: 0
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 85%	2021-22: (Spring 2021 to Fall 2021) 94%			2023-24: (Spring 2023 to Fall 2023) 85%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 99.3%	2021-22: (As of 5/12/22) 95%			2023-24: 97.0%

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and	$24,250.00	No

Action #	Title	Description	Total Funds	Contributing
		for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters. Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay. The following expenditures will be funded by federal Title funds: N/A		
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students. Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs. Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and	$330,395.00	No

		other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation. The following expenditures will be funded by federal Title funds: Technology: Resource: Title II; Amount: $909		
1.3	Clean and safe facilities that support learning	Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school. Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.)	$1,063,284.00	No

Action #	Title	Description	Total Funds	Contributing
		The following expenditures will be funded by federal Title funds: N/A		
1.4	Healthy and nutritious meals	Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Expenditures associated with this action include the following: student meals, water, and refreshments. The following expenditures will be funded by federal Title funds: N/A	$19,000.00	Yes
1.5	Well-orchestrated Home Office support services	The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.	$579,865.00	No

		Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.) The following expenditures will be funded by federal Title funds: N/A		

Goal Analysis [2021-22]
An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 1: Action 1: In addition to the BTSA ,Mentor and EL Authorization plans, this year we offered a discretionary bonus to retain our teachers.

Goal 1: Action 2: There is no substantive difference in planned actions. Only the amount of materials were less due to lower enrollment.

Goal 1: Action 3: Planned: The only difference in the planned actions were the additional PPE /testing and also increase in use of A/C or Heater to increase air circulation regardless of a need of the A/C
which impacted energy cost.

Goal 1: Action 4: Planned: Due to covid-9 we continued to offer bottled/dispensed water.

Goal 1: Action 5: Planned: There is no significant change in the plans.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1: Action 1: Planned: $16,750 Actual: $176,250. In addition to the BTSA and Mentor costs this year we offered a discretionary bonus to retain our teachers. Due to the bonus there is a discrepancy in our projected vs actual amounts for this action.

Goal 1: Action 2: Planned: $348,180.11 Actual: $301,665.38 The difference is due to not meeting the expected enrollment increase. As a result we didn't purchase extra books and supplies.

Goal 1: Action 3: Planned: $993,232.10 Actual: $1,034,745.18. The difference is due to the purchase of additional PPE and also increase in energy cost.

Goal 1: Action 4: Planned: $12,000 Actual: $15,000 The difference in the actual vs planned is due to the use of more bottled/dispensed water due to Covid-19.

Goal 1: Action 5: Planned: $257,389.79 Actual: $261,224.60 There is no significant difference in the planned vs actual expenditures for action 5.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 1: Action 1: The increase in inflation and cost of living some of our teachers either moved to other fields or changed to online jobs. To increase retention we offered a bonus and also increased our base salary for next school year.

Goal 1: Action 2: Planned: All steps of action 2 were effective.
Goal 1: Action 3: Planned: All steps of action 3 were effective but due to covid-19 needs cost was more than expected.

Goal 1: Action 4: Planned: All steps of action 4 were effective but due to covid-19 needs cost was more than expected.

Goal 1: Action 5: Planned: All steps of action 5 were effective to meet our goal.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We would like to keep the goals and actions the same for the future year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

An explanation of why the LEA has developed this goal.
Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(Source: Local Indicator Priority 7, SIS)					
Percentage of students who have sufficient access to all programs and services developed and provided to unduplicated students and to individuals with exceptional needs (Source: Local Indicator Priority 7, SIS)	2020-21: 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards-based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule. Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses. The following expenditures will be funded by federal Title funds: N/A	$1,403,339.00	No

Action #	Title	Description	Total Funds	Contributing
2.2	Professional development for high-quality instruction	Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost software fees. The following expenditures will be funded by federal Title funds: • Professional development expenses: Resource: Title II; Amount: $10,964	$28,465.00	Yes
2.3	MTSS - Academic enrichment, intervention, and student support	Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize	$382,342.00	Yes

Action #	Title	Description	Total Funds	Contributing
		CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, IXL, Quizizz, Membean, Cityspan, Newsela, and myON.) The following expenditures will be funded by federal Title funds: • Teacher and admin stipends for after school and Saturday school: Resource: Title I, Part A; Amount: $32,602 • Educational Software: Resource: Title I, Part A; Amount: $19,364		
2.4	Designated and integrated ELD programs	Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and		Yes

Action #	Title	Description	Total Funds	Contributing
		supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees. The following expenditures will be funded by federal Title funds: N/A		
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in	$1,016,106.00	No

Action #	Title	Description	Total Funds	Contributing
		Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA. Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology. The following expenditures will be funded by federal Title funds: Instructional Aide Salary and Benefits: Title I ; Amount: $20,219		

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 2: Action 1: Planned:$1,207,109.87 Actual: $1,245,468.61. There is no substantive differences in planned action and actual implementation of the action except for the additional use of substitute teachers as a result of absences due to Covid-19.

Goal 2: Action 2: There is no substantive differences in planned action and actual implementation of the action.

Goal 2: Action 3: There is no substantive differences in planned action and actual implementation of the action.

Goal 2: Action 4: The expenses for this action are covered under action 1.

Goal 2: Action 5: There is no substantive differences in planned action and actual implementation of the action

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2: Action 1: Planned:$1,207,109.87 Actual: $1,245,468.61. There is no significant difference in the planned vs actual expenditures for action 1.

Goal 2: Action 2: Planned: $31,000.00 Actual: $28,464.00 There is no significant difference in the planned vs actual expenditures for action 2.

Goal 2: Action 3: Planned: $362,512.95 Actual: $350,240.99. There is no significant difference in the planned vs actual expenditures for action 3.

Goal 2: Action 4: The expenses for this action are covered under action 1.

Goal 2: Action 5: Planned: $783,035.90 Actual: $812,396.99 There is no significant difference in the planned vs actual expenditures for action 5.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 2: Action 1: We were able to provide all the courses we planned to offer.
Goal 2: Action 2: We created a professional development calendar and we were able to follow it with minor changes. The changes were due to Covid restrictions.

Goal 2: Action 3: Data shows that most of our students showed growth regardless of all the covid limitations. We will continue to offer additional support in academics, SEL and mental health areas.

Goal 2: Action 4: 8 of our 31 students are eligible to be reclassified. This data shows that we are on track.

Goal 2: Action 5: This year we added more support for our students with disabilities due to academic data and the behavior data.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will not have any significant changes to our actions as this year was a transition year. We will analyze and reflect/reshape our goals and actions next year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 27%	2021-22: (As of 5/13/22) 23%			2023-24: 20%
Percentage of students in the current graduating class who	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)					
Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2020-21: (As of 4/16/21) 100%	2021-22: (As of 5/13/22) 100%			2023-24: 100%

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. Expenditures associated with this action include the following: college/career related materials and activities. The following expenditures will be funded by federal Title funds: N/A		Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEAM and GATE programs	Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research. Expenditures associated with this action include the following: supplemental science program fees. The following expenditures will be funded by federal Title funds: N/A		Yes
3.3	Digital literacy and citizenship programs	Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and	$800.00	Yes

Action #	Title	Description	Total Funds	Contributing
		security; digital rights and responsibilities; using social media responsibly and digital etiquette. Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees. The following expenditures will be funded by federal Title funds: • Digital literacy and citizenship program fees: Resource: Title IV, Part A; Amount: $800		
3.4	Physical education, activity, and fitness	Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses. The following expenditures will be funded by federal Title funds:	$212,553.00	Yes

Action #	Title	Description	Total Funds	Contributing
		• Physical activity, fitness, and equipment expenses: Resource: Title IV, Part A; Amount: $700		
3.5	Additional programs and activities that support well-rounded education	In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses. The following expenditures will be funded by federal Title funds:N/A	$327,401.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 3: Action 1: We were able to host our College and Career week event, University Showcase. We had over 15 guest speakers and 15 colleges presented by students.

Goal 3: Action 2: Due to Covid 19 we made some changes to our STEAM events and EXPOs. We still hosted them but rather than indoor events we offered outdoor experience. We continued to offer Honors math classes and offered after school programs to provide differentiated support for the students.

Goal 3: Action 3: Due to available free resources we didn't need to spend the budgeted amount.

Goal 3: Action 4:There is no significant difference in the planned actions. The only change was the last minute resignation of the PE coach due to personal reasons. We started the year with a long term substitute teacher but eventually hired our 2nd teacher.

Goal 3: Action 5: There is no significant difference in the planned actions. As a result of the additional programs ours students and school received numerous awards and recognitions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3: Action 1: No additional expense needed

Goal 3: Action 2: No additional expense needed

Goal 3: Action 3: Planned: $4,300.00 Actual: $800.00. Due to available free resources we didn't need to spend the budgeted amount.

Goal 3: Action 4: Planned: $175,743.44 Actual: $146,328.01. There is no significant difference in the planned vs actual expenditures for action 4.

Goal 3: Action 5: Planned: $234,697.92 Actual: $276,795.74 There is no significant difference in the planned vs actual expenditures for action 5.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 3: Action 1: We were able to provide a college. Career readiness programs and activities.

Goal 3: Action 2: We were able to offer all of our STEAM programs. Although some of the competitions or meets were cancelled, our students will be able to practice at school. Our SeaPerch, VEX and FLL students were able to participate in regional and state competitions and received multiple recognitions.

Goal 3: Action 3: We continued to provide Digital literacy and citizenship programs as part of our staff PD and also as part of the SEL lessons for our students.

Goal 3: Action 4: We successfully implemented our PE and Wellness programs.

Goal 3: Action 5: Other than the sports league all of our after school sports and academic programs took place in person regularly. The cancellation of the leagues were due to the Covid-19 restrictions.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will not have any significant changes to our actions as this year was a transition year. We will analyze and reflect/reshape our goals and actions next year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other educational partners will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision making	Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and		Yes

Action #	Title	Description	Total Funds	Contributing
		Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. Expenditures associated with this action include the following: parent meeting expenses. The following expenditures will be funded by federal Title funds: N/A		
4.2	Building partnerships with families for student outcomes	Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy.	$291,359.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, Dean of Culture salary and benefits, and Office manager/Administrative assistant salaries and benefits. The following expenditures will be funded by federal Title funds: • Stipends for home visits: Resource: Title I, Part A; Amount: $6,020		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear,	$37,961.00	Yes

2022-23 Local Control Accountability Plan for Magnolia Science Academy San Diego

Action #	Title	Description	Total Funds	Contributing
		fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform fees, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students. The following expenditures will be funded by federal Title funds: • Educational Software for MTSS : Resource: Title IV, Part A; Amount: $5,000 • Instructional Supplies: Resource: Title I; Amount: $1,985		
4.4	Annual educational partner surveys	Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline,	$2,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. Expenditures associated with this action include the following: Panorama Education survey fees. The following expenditures will be funded by federal Title funds: N/A		
4.5	Community outreach and partnerships	Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. Expenditures associated with this action include the following: membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses. The following expenditures will be funded by federal Title funds: N/A	$20,000.00	Yes

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Goal 4: Action 1: No significant changes other than hosting some of the meetings virtually. We were able to host all of our planned input meetings.

Goal 4: Action 2: Due to a successful summer school and also due to limited staff interest we didn't host a summer bridge program.

Goal 4: Action 3: We are on track with this action. We planned on hiring a part time office clerk but we were not successful.

Goal 4: Action 4: No changes to the planned action. We successfully administer all of the stakeholder surveys.

Goal 4: Action 5: We were able to meet our out reach and partnership goals.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4: Action 1: No additional expense needed

Goal 4: Action 2: Planned: $288,273.35Actual: $272,093.91 Although we are on tack with this action, due to not having a summer bridge program, in addition to the summer school, and also due to the low number of in person home visits we have a difference in actual vs budgeted amount.

Goal 4: Action 3: Planned: $44,508.20 Actual: $28,228.88. We are on track with this action. We planned on hiring a part time office clerk but we were not successful.

Goal 4: Action 4: Planned: $2,000.00 Actual: $2,000.00. There is no difference in the planned vs actual expenditures for action 4.

Goal 4: Action 5: Planned: $20,000.00Actual: $20,000.00 There is no difference in the planned vs actual expenditures for action 5.

An explanation of how effective the specific actions were in making progress toward the goal.

Goal 4: Action 1: We were able to host all of our planned input meetings and were able to effectively collect feedback.

Goal 4: Action 2: Since the summer school served as a bridge program, we didn't host a summer bridge program.

Goal 4: Action 3: Not being able to hire a part time office clerk impacted our performance but we were able to have other team members support the front office staff to meet our needs. With the help of the school [psychologist and the part time counselor we were able to provide SEL and mental health support.

Goal 4: Action 4: We successfully administer all of the stakeholder surveys.

Goal 4: Action 5: We were able to meet our out reach and partnership goals.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We will not have any significant changes to our actions as this year was a transition year. We will analyze and reflect/reshape our goals and actions next year.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2022-23]

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
8.03%	0.00%	$0.00	8.03%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

- Goal 1: Action 4: Healthy and nutritious meals

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Low-income students are eligible to receive reduced-price or free meals at school and this action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will

adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 2: Action 2: Professional development for high-quality instruction

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, some of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners. With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on the CA School Dashboard, CAASPP assessments, MAP assessments, and student grades as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention, and student support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, and some of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion. Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention. Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is

practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.

- Goal 2: Action 4: Designated and integrated ELD programs

Around one third of Charter School's student population consists of English Learners (EL), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction. Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect this action will result in increased academic achievement of our student groups, particularly of our ELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, Lexile growth, and EL reclassification rates as identified in our LCAP metrics in Goal 2.

- Goal 3: Action 1: College/Career readiness programs and activities

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our students have a need for guidance about college/career choices and support for preparation. A college-going, supportive culture at the school is necessary for our students' college/career readiness. With the needs of our unduplicated students in mind, Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These activities are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increases in student grades, attendance rates, and percentage of students enrolled in accelerated programs and involved in STEAM activities, eventually leading to students taking rigorous courses in high school to better prepare for college and career.

- Goal 3: Action 2: STEAM and GATE programs

Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEAM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of ever-changing technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEAM curricula. Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Amazon Engineering, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced

Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.

- Goal 3: Action 3: Digital literacy and citizenship programs

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way. With such needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.

- Goal 3: Action 4: Physical education, activity, and fitness

MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports

clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem solving, communication, and management of time and resources that contribute to lifelong learning and career skills. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, language other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students. With the needs of our unduplicated students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help our scholars become independent and innovative scholars. We also expect this action will result in increased academic achievement as measured by the LCAP metrics in Goal 2 as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.

- Goal 4: Action 1: Seeking family input for decision making

It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple

channels to engage parents in decision making. Considering the needs of our unduplicated students and their families, Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provides valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community. We also expect this action will result in increased parent satisfaction as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with

2022-23 Local Control Accountability Plan for Magnolia Science Academy San Diego

families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student learning and development in the home. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased home visit rate and ADA rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 3: MTSS - PBIS and SEL support

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. These student groups also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL

survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students. With the needs of our vulnerable students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide a foundation for safe and positive learning, and enhance students' mental health and abilities to succeed in school, careers, and life. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured by the annual stakeholder surveys in Goal 4: Action 4.

- Goal 4: Action 4: Annual stakeholder surveys

It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage stakeholders in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage stakeholders in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help provide valuable feedback for school improvement. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

- Goal 4: Action 5: Community outreach and partnerships

The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Our low-income students come from underserved communities that do not have adequate resources and access to experiential learning opportunities. Many of our students are also the first generation in their families who will attend college. Most of them lack parental support and experience financial difficulties. Our students have a great need for guidance about college/career choices and support for preparation. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. They also have lower ADA rates while they have higher chronic absenteeism and office referral rates. Children living in poverty are more likely to incur more adverse childhood experiences including abuse, neglect, exposure to neighborhood violence, or an incarcerated parent. Foster youth and English learners may experience feelings of anxiety and confusion. Charter School needs to take action to address the unique academic, social and emotional needs of low-income students, students with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth. Considering the needs of our vulnerable student groups in mind, Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities will result in increased and improved resources for our unduplicated students and will be particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will provide students and families with information and resources to support student learning and development. We also expect this action will result in increased academic achievement and lifelong learning as measured by the LCAP metrics in Goals 2 and 3, increased ADA rate, and graduation rate, and decreased chronic absenteeism rate, dropout rate, and student suspension/expulsion rates as measured in Goal 4. We also expect this action will result in increased student, parent, and staff satisfaction rates as measured in Goal 4.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Charter School will increase or improve services provided for unduplicated students by at least the percentage calculated as compared to the services provided for all students in the LCAP year. Services are increased (in quantity) or improved (in quality) by those actions in our LCAP that are included in the Goals and Actions section as "contributing" to the increased or improved services requirement. We expect that these actions will result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services we

provide to all students. Charter School will increase or improve services for our unduplicated students through the following actions:

- Goal 1: Action 4: Healthy and nutritious meals

Low-income students are eligible to receive reduced-price or free meals at school. Charter School will maintain nutrition education resources and promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes.

- Goal 2: Action 2: Professional development for high-quality instruction

Professional development will occur at the MPS organizational level and within the school. In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs.

- Goal 2: Action 3: MTSS - Academic enrichment, intervention and student support

Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) These student supports and interventions will provide increased and improved services for all our unduplicated students who would need the extra support and attention.

- Goal 2: Action 4: Designated and integrated ELD programs

Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will

include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners.

- Goal 3: Action 1: College/Career readiness programs and activities

Charter School will promote a college-going culture through college visits, college/career days, and other college related activities. These services are particularly helpful for first-generation college-bound students who lack parental support strategies and experience financial constraints.

- Goal 3: Action 2: STEAM and GATE programs

Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEAM activities and achievements. Charter School will design and implement engineering-related courses and activities, such as Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEAM programs and activities.

- Goal 3: Action 3: Digital literacy and citizenship programs

Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will participate in PD on Blended Learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students by expanding their knowledge and skills in an ever-evolving digital world.

- Goal 3: Action 4: Physical education, activity, and fitness

Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. These activities will result in increased and improved services, particularly for our low-income students who may not have a physically active and healthy lifestyle.

- Goal 3: Action 5: Additional programs and activities that support well-rounded education

In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, math, science, technology, engineering, ELA, languages other than English and culture, sports, visual and performing arts, community service, and others. These well-rounded programs and activities will result in increased and improved services for our unduplicated students.

- Goal 4: Action 1: Seeking family input for decision making

Charter School will hold periodic meetings to gather input from our families. Information/input sessions include Parent Advisory Committee (PAC) meetings, Parent Task Force (PTF) meetings, School Site Council (SSC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Parents on our PTF and SSC also serve as our Parent Advisory Committee (PAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our PAC, SSC, and ELAC provide valuable input for the LCAP. Charter School chooses to utilize the LCAP to serve as the SPSA. Charter School will also hold an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessments, Title-funded activities and budget, UCP, parent involvement policy and school-student-parent compact. In addition, Charter School will conduct parent surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 2: Building partnerships with families for student outcomes

Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families.

- Goal 4: Action 3: MTSS - PBIS and SEL support

Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a Life Skills/Character Education program that provides students with valuable skills to support academic excellence and social skill development. Teachers will establish classroom management procedures,

foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. These activities will result in increased and improved PBIS and SEL support for our unduplicated students, as well as additional supports for homeless and immigrant students.

- Goal 4: Action 4: Annual stakeholder surveys

Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families.

- Goal 4: Action 5: Community outreach and partnerships

Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of stakeholders, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education. These activities result in increased and improved resources for our unduplicated students.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

MSA-San Diego will not receive additional concentration grant add-on funding due to the fact that the UPP percentage is less than 55%.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

  - Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the "Red" or "Orange" performance category or any local indicator where the LEA received a "Not Met" or "Not Met for Two or More Years" rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools**: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness**: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: https://www.cde.ca.gov/re/lc/.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:
For county offices of education and school districts only, verify the LEA:

a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.

b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.

d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.

e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: "A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP."

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

Prompt 2: "A summary of the feedback provided by specific educational partners."

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: "A description of the aspects of the LCAP that were influenced by specific input from educational partners."

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, "aspects" of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

*   Inclusion of a goal or decision to pursue a Focus Goal (as described below)
*   Inclusion of metrics other than the statutorily required metrics
*   Determination of the desired outcome on one or more metrics
*   Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
*   Inclusion of action(s) or a group of actions
*   Elimination of action(s) or group of actions
*   Changes to the level of proposed expenditures for one or more actions

- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)
Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal
Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals
In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA's eligibility for Differentiated

Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.

- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA's eligibility for Differentiated Assistance.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the "All Students" student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE's Local Control Funding Formula web page at https://www.cde.ca.gov/fg/aa/lc/.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.

- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.

- **Explanation of why the LEA has developed this goal**: Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric**: Indicate how progress is being measured using a metric.

- **Baseline**: Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 1 Outcome**: When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 2 Outcome**: When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.

- **Year 3 Outcome**: When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.

- **Desired Outcome for 2023**–**24**: When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2021–22**.	Enter information in this box when completing the LCAP for **2022–23**. Leave blank until then.	Enter information in this box when completing the LCAP for **2023–24**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25**. Leave blank until then.	Enter information in this box when completing the LCAP for **2021–22** or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

> *Actions for English Learners:* School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

> *Actions for Foster Youth*: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 *CCR* Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and

- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

> After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

> In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

> These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 *CCR* Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

  - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

  - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  o **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

  o As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 *CCR* Section 15496(a)(8).

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column

- 5. Total Planned Percentage of Improved Services

  - This percentage is the total of the Planned Percentage of Improved Services column

- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)

  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table
Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants

  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- 4. Total Planned Contributing Expenditures (LCFF Funds)

  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)

- 7. Total Estimated Actual Expenditures for Contributing Actions

    o This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)

- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

    o This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)

- 5. Total Planned Percentage of Improved Services (%)

    o This amount is the total of the Planned Percentage of Improved Services column

- 8. Total Estimated Actual Percentage of Improved Services (%)

    o This amount is the total of the Estimated Actual Percentage of Improved Services column

- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

    o This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

    o This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

    o This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

    o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- 13. LCFF Carryover — Percentage (12 divided by 9)

    o   This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

Board Agenda Item #	V C: Action Item
Date:	June 23, 2022
To:	Magnolia Public Schools - Board of Directors
From:	MPS Finance Committee
Staff Lead:	Steve Budhraja Ed.D., Chief Financial Officer
RE:	Approval of the 2022-23 Adopted Budget and Home Office Management Fee Policy

Proposed Board Recommendation

- Approve the 2022-23 Adopted Budget as reviewed and recommended for approval by the MPS Finance Committee.
- Approve the Home Office Management Fee Policy for the 2022-23 fiscal year.

Background

Per Section 42127 of the California Education Code, governing boards of each local education agency (LEA) are required to develop and approve an annual operating budget on or before July 1 of each school year. The Adopted Budget is part of ongoing reports that County superintendents and the State Superintendent of Public Instruction must examine in order to ensure that LEAs are able to meet their financial obligations throughout the fiscal year.

Home Office Management base fees are calculated based on administrative and organization-wide services and support that are utilized by all MPS schools, such as management, human resources, accounting, student and special education services, technology, etc., with additional costs that are specific to a particular MPS school such as rent, debt service, utilities and facilities management.

Implications

All projected operational costs and Home Office Fees have been incorporated into the 2022-23 Adopted Budget.

Exhibits (Attachments):

Magnolia Educational & Research Foundation dba Magnolia Public Schools CMO Fee Policy

2022-23 Adopted Budget by MPS Site and Home Office

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

Magnolia Educational & Research Foundation dba Magnolia Public Schools
CMO Fee Policy

The Board of Directors ("Board") of Magnolia Public Schools ("MPS") adopts the following policy for the MPS charter schools to fairly fund the Home Office for administrative services and support provided to the schools, sometimes referred to as the "CMO fee". The Board authorizes and delegates to the MPS Chief Executive Officer, Executive Team and their designees (collectively, the "Home Office Team") to calculate and collect the CMO fee in accordance with this policy.

Calculation of CMO Fee

By June 30 each year, the Home Office Team will estimate the total costs for the Home Office to provide services and support to MPS schools for the coming fiscal year on an organization-wide basis for purposes of calculating the CMO fee for each school. The Home Office Team will categorize costs into two groups: (1) estimated costs to provide administrative and organization-wide services and support that are utilized by all MPS schools, such as management, human resources, accounting, student and special education services, technology, etc., with an added 10% to account for unanticipated cost increases (the "Home Office Service Costs"); and, (2) costs that are specific to a particular MPS school or site, such as rent, debt service, utilities and facilities management (the "School-Specific Costs"). Generally, the Home Office Services Costs include salaries of administrators and others providing services organization-wide, vendor contracts for such services, and other various costs. These estimates are for budgeting purposes, and may fluctuate during the fiscal year based on the Home Office's actual expenses to provide such services and support.

The Home Office Team will assess each school's CMO Fee as follows:

- Magnolia Science Academy San Diego ("MSA SD") will pay 11% of its general purpose funding to the Home Office as its CMO Fee. The term "general purpose funding" consists of state aid, local property taxes, and other revenues applied towards the school's local control funding formula (LCFF), as defined in Education Code Section 47632(d). It does not include federal funds, other restricted funds, or charitable donations collected by the school.

- After application of the MSA SD CMO Fee, each of the other MPS schools will pay the remaining Home Office Services Costs on a per-capita enrollment basis as its CMO Fee. The following simplified example (figures are for example purposes only) illustrates the calculation:

Total enrollment of all MPS schools:	5,000 students
Enrollment of MSDSD:	400 students
Total Home Office Services Costs:	$500,000
MSASD 11% funding:	$20,000

Each school's CMO Fee shall be its enrollment multiplied by the following:

$$\frac{(\$500,000 - \$20,000)}{4,600}$$

The Home Office Team will track the School-Specific Costs by school, and will collect funds/reimbursement for School-Specific Costs directly from each school based on the actual costs incurred by each school.

Periodic Review and Collection of CMO Fee

The Home Office Team will periodically review CMO fee assessment for each MPS school and any School-Specific Costs for the school. The amount of the Home Office Service Costs may be adjusted to account for the Home Office's actual expenses throughout the year, which may in turn raise or lower each school's CMO fee (except for MSA SD).

2022-23 July Budget
Executive Summary

Assumptions

This 2022/23 Adopted Budget is based on the latest available information release in the Governor's May Revise. While the State Budget will not be finalized until July, this budget is based on best known information in accordance with standard projections and assumptions that are know at this time.

The Adopted Budget continues to include funds from one-time sources including ELOG, CARES Act Funds, and Learning Loss Mitigation Funds etc.

Summary

- Average Daily Attendance is projected at 3651.84, which is 111.89 ADA higher than 21-22 projections.
- Revenues of $77,391,024, are up 10.05 million from 21-22
- Expenditures of $73,707,522, are up $9.46 million from 21-22
- MPS is projecting a net operating surplus of $3.68 million, which is up $581k from 21-22

MPS' overall cash position remains solid with a projected cash balance of $29.8 million as of June 30, 2023.

To:	Magnolia Public Schools - Board of Directors
From:	MPS Finance Committee
Staff Lead:	Steve Budhraja Ed.D., Chief Financial Officer
RE:	Approval of Annual Contracts for the 22/23 Fiscal Year

Proposed Board Recommendation

I move for the board to approve Annual Contracts for the 2022-2023 Fiscal Year.

Background

The California Education Code (EC), requires Governing Boards to approve ongoing contracts that exceed bid threshold guidelines. These guidelines as noted in the MPS Financial Policies include contracts that exceed $90,000 to include vendors that have maintained agreements with MPS annually or over multiple years.

Budget Implications

The fiscal impact of the Annual Contracts for the 22/23 Fiscal Year has been incorporated into the Adopted Budget for the 2022-23 year.

From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead:	Steve Budhraja Ed.D., Chief Financial Officer
RE:	Approval of 2022-23 EPA Spending Resolution for MPS

Proposed Board Recommendation

I move for the board to approve the Resolution for the Education Protection Act (EPA) for the 2022-2023 year.

Background

The Education Protection Account (EPA) is the way for collecting and distributing funds which are generated by the tax increases that began in 2012-13, to personal income and sales tax as authorized by Proposition 30. Similar to local property taxes, local education agencies' (LEAs) State Aid is reduced by one dollar for each dollar received from the EPA. California Education Code requires that LEAs adopt an EPA resolution annually as part of receipt for Local Control Formula Funding

Implications

All projected EPA funding is included in the 2022-23 Adopted Budget in accordance with the California Education Code

Exhibits (Attachments):

Resolution for the Education Protection Act for the 22/23 year

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT (EPA)

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the Incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30[1] ħ of each year, the Director of Finance shall estimate the total amount of additional revenues less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

. **WHEREAS,** monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the district shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting *of* the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and *verify* whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW; THEREFORE, IT IS HEREBY RESOLVED;

1.   The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of Magnolia Public Schools.

2.   In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the Magnolia Public Schools has determined to spend the monies received from the Education Protection Act as attached.

_____   _____

Board President   Date

Magnolia Public Schools

2022-23 Education Protection Account (EPA) Spending Plan

Proposition 30, The Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increases the state's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers.

The new revenues generated from Proposition 30 are deposited into a newly created state account called the Education Protection Account (EPA). School districts, county offices of education, and charter schools (LEAs) will receive funds from the EPA based on their proportionate share of the statewide revenue limit amount. A corresponding reduction is made to an LEA's revenue limit EPA entitlement. LEAs will receive EPA payments quarterly beginning with the 2013-2014 Fiscal Year.

Proposition 30 provides that all K-14 local agencies have the sole authority to determine how the funds received from the EPA are spent, but with these provisions:

- The spending plan must be approved by the governing board during a public meeting.
- EPA funds cannot be used for the salaries or benefits of administrators or any other administrative costs. (Refer to the attached list of functions for which EPA funds may be used.)
- Each year, the local agency must publish on its website an accounting of how much money was received from the EPA and how the funds were expended.

EDUCATION PROTECTION ACCOUNT - EXPENDITURE SUMMARY

State law requires that our charter school make a specific determination of how Education Protection Account monies are received and spent. These funds may not be expended on administrative costs. Our practice is to expend 100% of all Education Protection Account monies on teacher salaries, to ensure that 100% of spending is instructionally-related and is not spent for administrative uses.

The table on the following page shows the historical and projected revenues and expenditures of Education Protection Account dollars, from the most recent audited fiscal year through the upcoming budget year.

This document shall be approved by the School's Governing Board as part of the approval of the annual budget in June, and a copy of the approved document shall be posted on the School's website.

Below is the actual law relating to this requirement:

Article XIII, Section 36, Subdivision (e), Paragraph (6) of the California Constitution:
(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

Board Agenda Item #	V F: Action Item
Date:	June 23, 2022
To:	Magnolia Public Schools - Board of Directors
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead:	Erdinc Acar, Chief Academic Officer
RE:	Approval of Expanded Learning Opportunities Program (ELO-P) Plans for MSA-1, 2, 3, 5, 6, 7, 8 ,SA and SD

Proposed Board Recommendation

I move for the board to approve the the Expanded Learning Opportunities Program (ELO-P) Plans for MSA-1, 2, 3, 5, 6, 7, 8, SA and SD.

Background

The Expanded Learning Opportunities Program (ELO Program or ELO-P) is established beginning in fiscal year 2021–22 and provides funding for afterschool and summer school enrichment programs for kindergarten (including transitional kindergarten) through sixth grade. Local educational agencies benefit from $1.75 billion dollars in FY21-22 with an anticipated growth to $5 billion dollars within 3-5 years.

> "Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year.

Local educational agencies must operate the Expanded Learning Opportunities Program pursuant to the requirements in California Education Code Section 46120, including the development of a program plan. The program plan needs to be approved by the Local Educational Agency's (LEA) Governing Board in a public meeting and posted on the LEA's website.

1

MPS ELOP Planning Work and Plans

MPS ELOP Task Force Team is proud to present its work and recommendations to move forward regarding the plans on how to utilize the new funds. We would like to thank all task force members, students, staff and parents responding to the surveys.

Committee had three meetings: Wednesday, March 16, April 27, and May 25, 2022.

Task Force Members included MSA-1- MSA-3-MSA-5- MSA-7- MSA-8- MSA-SA- MSA-SD- and Home Office- members

The following Tasks were performed during the meetings
- Presentation of ELO Program Funding and Plan
- Questions and open discussions on plans and requirements
- Developed and updated on comprehensive school based ELOP Plans
- Designed and administered survey to collect feedback from education partners
- Conducted 2022 MPS After School Programs Achievement Analysis by Dr. Polat
- Reviewed recommended surveys - Student, staff, parents - Short surveys
    - Reviewed current vendor ARC 2022 Survey Data MSA-7 and MSA-5
- Conducted surveys to Parents, students and staff
    - ELOP Program Planning Survey for Parents and Students
    - ELOP Program Planning Survey for Staff
- Updated ELOP School Profiles - for upcoming reflection and planning
- Analyzed surveys results from Staff, students and Parents. Incorporated the feedback from surveys, as well as Jamboard activity
- Completed the school profiles ELOP School Profiles
- Discussed Final Recommendations

B- Task Force's Final Recommendations

Student, Staff and Parent Survey feedback:

- Staff, students, and Parents uniformly believe that Homework and Academic support should be first priority of a quality program
- An overwhelming number of students want sports and athletic programs, followed by Visual & Performing Arts Clubs to be offered in the schools.
- Students are more interested in the development of creative and artistic skills
- About 70% of students would like to see more field trips, excursion as opposed to about 35% after school programs.
- Students are most concerned about the activities not being fun (about 30%)
- Parents most want Field trips happening on weekends, and summer (78%). Next comes After school programs (School dismissal to 6pm) 77%
- Parents feel Academic enrichment is the most important (28%) aspect of an ELOP. Then comes Keeping kids safe 24%
- Parents would like to see more Technology & Engineering Clubs 54%. Then comes Math and Science clubs 47%
- Staff identified social emotional and mental health, nutrition/breakfast and tutoring as areas of need

2

- Staff would like to see more arts, drama and sports alongside STEM in the afternoon.
- About 60% of the staff are interested in offering programs in the afterschool.

General Recommendations

MPS Academic Team recommended offering standard programs all across schools. 5 programs are identified: Advanced Math, Academic Decathlon/Pentathlon, Science Olympiad, Robotics, Newsletter/Journalism, College Mentorship Programs (CMP.) Add to SIS for attendance and planning. Compensate teachers/staff accordingly. Embed SEL as much as possible to these programs.

MPS-wide ELOP Coordinator/Director: The task force also recognizes the need for an MPS wide-coordinator to design, develop, implement and manage the programs including safety org-wide. Responsibilities include recruitment, training, reporting, audit, etc.

3

School Specific Recommendations and Plans

School	Task Force Recommendations
MSA-1	- Priority given to grade 6 and up to unduplicated count of pupils. - Fund 9 hour summer school program days with a before/ after school program - Improve vendor relations with ThinkTogether for providing services - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc) - Add before school programs to regular 180 school days to comply with the 9 hour requirement
MSA-2	- Priority given to grade 6 and up to unduplicated count of pupils. - Fund 9 hour summer school program days with a before/ after school program - Improve vendor relations with ThinkTogether for providing services. - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc) - Add before school programs to regular 180 school days to comply with the 9 hour requirement
MSA-3	- Priority given to grade 6 and up to unduplicated count of pupils. - Fund Summer schools. Additional days of summer school for 5hrs. Additional 4 hrs of ThinkTogether?? Check what they can offer, also $$. Additional day Winter session 2 days. Additional Saturday School: 5 hrs , 9 hrs. Additional Field trips all day (2 day Catalina) - Improve vendor relations with ThinkTogether for providing services. - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc) - Add before school programs to regular 180 school days to comply with the 9 hour requirement requirement
MSA-4	*MSA-4 is not a recipient. Schools should consider applying to 21st Century ASSET programs or identify other funds to run its programs.*
MSA-5	- Priority given to grade 6 and up to unduplicated count of pupils. - Improve vendor relations with ThinkTogether for providing services. - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc) - Add afternoon offerings to Summer School to comply with the 9 hour requirement. - Add before school programs to regular 180 school days to comply with the 9 hour requirement - Continue with ARC, the vendor. - Offer tutoring and clubs managed by MSA-5 staff. - Offer competitive programs such as Robotics, Decathlon, Mathcounts and Dual Enrollment
MSA-6	- Fund 9 hour summer school program days with a before/ after school program - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc)

4

MSA-7	- Fund 9 hour summer school program days with a before/ after school program - more spaces in ARC- vendor, - Add school break/intersession programs - more focus on the arts - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc)
MSA-8	- Fund 9 hour summer school program days with a before/ after school program - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc)
MSA-SA	- Priority given to grade TK-6 with unduplicated count of pupils. - Fund 9 hour summer school program days with a before/ after school program - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc) - Add before school programs to regular 180 school days to comply with the 9 hour requirement
MSA-SD	- Fund 9 hour summer school program days with a before/ after school program - Schedule additional days to comply with the 30 day summer/intersession day requirement. (Saturday, field trips, camps, etc)

Budget Impact

Schools MSA 1, 2, 3, 5, 6, 7, 8, SD and SA will be receiving FY 21-22 funding of approximately $1.16 million. For FY 22-23 funds are expected to increase per Governor's May revised budget. Unused funds will carry over to the next year. These revenues were not incorporated into the MPS Second Interim Report as the final funding amounts had not yet been made available at that time.

Local Educational Agency	Total FY 21-22 Grant Dollar Amount	Resource code	Current Vendor/Provider
Magnolia Science Academy 1	$ 138,127.00	2600	ThinkTogether
Magnolia Science Academy 2	$ 93,206.00	2600	ThinkTogether
Magnolia Science Academy 3	$ 50,000.00	2600	ThinkTogether
Magnolia Science Academy 4	$ 50,000.00	2600	ThinkTogether
Magnolia Science Academy 5	$ 50,000.00	2600	ARC
Magnolia Science Academy 6	$ 51,718.00	2600	N/A
Magnolia Science Academy 7	$ 263,689.00	2600	ARC
Magnolia Science Academy Bell	$ 118,342.00	2600	In-House
Magnolia Science Academy - Santa Ana	$ 300,769.00	2600	In-House
Magnolia Science Academy San Diego	$ 50,000.00	2600	YMCA
Total MPS Wide	$ 1,165,851.00

Magnolia Science Academy-1

_____

_____

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -1 (MSA-1) is a directly funded traditional charter school and provides education to 715 students enrolled in grades 6 through 12 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-1 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-1 is still expanding in Los Angeles County while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	12	717	634	78.3%
2021-2022	6	12	742	581	88.4%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	165	0	114	8	15
Percentage	22.2%	0%	15.4%	1.1%	2%

MSA-1 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-1's current program is run by the school team. MSA-1 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-1's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-1 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-1 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-1 teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-1 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-1 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-1's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-1 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-1 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-1 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-1 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-1's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted

10

providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-1's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops, cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-1 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-1 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

11

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
  - Fluid Milk – 8 ounces
  - Fruit, Vegetable, or 100 percent Juice – ¾ cup
  - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (90.8%) and African-American (0.5%) students and families as well as other backgrounds that include White and Asian. MSA-1 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-1 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-1 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and

12

rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-1 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 22.2% English Language Learners, MSA-1 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-1 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1.   **Planning Phase:**
   ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
   ● Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
   ● Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
   ● Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
   ● Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
   ● Assist selection, recruitment and onboarding of the personnel.

2.   **Implementation Phase:**
   ● Collect and analyze survey and/or assessment data quarterly.
   ● Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
   ● Manage professional development and training activities.
   ● Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
   ● Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
   ● Ensure all reporting requirements are met.

Staffing
MSA-1 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

14

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-1 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-1 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories,

15

training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-1 and MPS home office staff. MSA-1 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-1 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 85.8% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-1's

16

students' proficiency rates are 44.78 in ELA and 30.131% in math. With about 22.2% English Language Learners, MSA-1 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (90.8%) and African-American (0.5%) students with disadvantaged backgrounds.

MSA-1 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 78.3% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-1 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-1 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-1 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-1 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-1 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement

17

in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-1's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-1 established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-1 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-1's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-1 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-1 quality Expanded Learning school programs in its entirety in alliance with its mission,

19

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-1 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-1 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-1 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-1 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-1's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-1 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

21

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-1 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-1 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-1 builds upon partnerships to link, align, and sustain services, public and private partners in Los Angeles County. MSA-1 also solicits public funding to sustain services to name a few:

●

22

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -2 (MSA-2) is a directly funded traditional charter school and provides education to 504 students enrolled in grades 6 through 12 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-2 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-2 is still expanding in Los Angeles County while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	12	464	386	83.2%
2021-2022	6	12	504	386	76.6%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	75	1	84	17	6
Percentage	14.9%	0.2%	16.7%	3.4%	1.2%

MSA-2 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-2's current program is run by the school team. MSA-2 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-2's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-2 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-2 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-2teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-2 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-2 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-2's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-2 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-2 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-2 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-2 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-2's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted

10

providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-2's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-2 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-2 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

11

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
    - Fluid Milk – 8 ounces
    - Fruit, Vegetable, or 100 percent Juice – ¾ cup
    - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (89.1%) and African-American (2.0%) students and families as well as other backgrounds that include White and Asian. MSA-2 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-2 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-2 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and

12

rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-2 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 14.9% English Language Learners, MSA-2 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-2 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
    ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
    ● Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
    ● Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
    ● Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
    ● Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
    ● Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
    ● Collect and analyze survey and/or assessment data quarterly.
    ● Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
    ● Manage professional development and training activities.
    ● Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
    ● Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
    ● Ensure all reporting requirements are met.

Staffing
MSA-2 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

14

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-2 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-2 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories,

15

training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-2 and MPS home office staff. MSA-2 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-2 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 82.5% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-2's

16

students' proficiency rates are 41.11% in ELA and 27.87% in math. With about 14.9% English Language Learners, MSA-2 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (89.1%) and African-American (2%) students with disadvantaged backgrounds.

MSA-2 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 76.6% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-2 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-2 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-2 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-2 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-2 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement

17

in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-2's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-2 established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-2 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-2's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-2 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-2 quality Expanded Learning school programs in its entirety in alliance with its mission,

19

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-2 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-2 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-2 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-2 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-2's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-2 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

21

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-2 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-2 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-2 builds upon partnerships to link, align, and sustain services, public and private partners in the Valley. MSA-2 also solicits public funding to sustain services to name a few:

●

22

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -3 (MSA-3) is a directly funded traditional charter school and provides education to 417 students enrolled in grades 6 through 12 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-3 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-3 is still expanding in Carson while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	12	416	289	69.3%
2021-2022	6	12	417	311	74.6%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	27	1	46	11	4
Percentage	6.5%	0.2%	11.0%	2.6%	1.0%

MSA-3 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-3's current program is run by the school team. MSA-3 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-3's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-3 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-3 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-3teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-3 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-3 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-3's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-3 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-3 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-3 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
7:45AM-8:25 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:40 PM - 4:30 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:30 PM -4:45 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

4 days outdoor educational experience
4 days College Exploration Field Trips
16 days of Academic/Sports Club gatherings on weekends
6 days of Academic Enrichment

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and

9

google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

4—Youth Voice and Leadership

MSA-3 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-3's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

10

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-3's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops, cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-3 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines,

11

fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-3 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
  - Fluid Milk – 8 ounces
  - Fruit, Vegetable, or 100 percent Juice – ¾ cup
  - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (59.2%) and African-American (35.5%) students and families as well as other backgrounds that include White and Asian. MSA-3 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-3 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-3 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to

12

support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-3 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 6% English Language Learners, MSA-3 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-3 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
   - Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
   - Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
   - Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
   - Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
   - Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
   - Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
   - Collect and analyze survey and/or assessment data quarterly.
   - Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
   - Manage professional development and training activities.
   - Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
   - Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
   - Ensure all reporting requirements are met.

Staffing

14

MSA-3 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-3 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-3 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff

15

member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories, training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-3 and MPS home office staff. MSA-3 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

MSA-3 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 79.4% Socioeconomically Disadvantaged students, our students and

16

families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-3's students' proficiency rates are 35.67% in ELA and 17.37% in math. With about 6.5% English Language Learners, MSA-3 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (59.2%) and African-American (35.5%) students with disadvantaged backgrounds.

MSA-3 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 74.6% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-3 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-3 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-3 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-3 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-3 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff

17

populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-3's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-3 established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-3 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-3's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-3 establishes a clearly defined continuous quality improvement plan that includes:

1) outcomes improvement goals and action steps,
2) a timeline with dates for action steps and quality improvement discussions,
3) feedback from staff, youth, parents, and K-12 partners,
4) description of the information or data needed to assess quality, and
5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

19

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-3 quality Expanded Learning school programs in its entirety in alliance with its mission, vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-3 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-3 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-3 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-3 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment, clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).

20

- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).
- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements
The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-3's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-3 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The

21

Expanded Learning Coordinator will be in charge of the communication and management of the release.

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-3 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-3 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-3 builds upon partnerships to link, align, and sustain services, public and private partners in Carson. MSA-3 also solicits public funding to sustain services to name a few:

22

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

Background and Demographics

Magnolia Science Academy-5 (MSA-5) is a directly funded traditional charter school and provides education to 247 students enrolled in grades 6 through 12 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-5 has been serving students in Los Angeles County since the fall of 2008 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-5 is still expanding in Los Angeles County while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	12	290	256	88.3%
2021-2022	6	12	247	223	90.3%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	79	1	40	1	0
Percentage	32%	0.4%	16.2%	0.4%	0

MSA-5 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

Magnolia Science Academy-5 (MSA-5)'s current program is run by the school team. MSA-5 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-5's site includes a big campus with access to 11 classrooms and two office spaces. The campus includes an outdoor activity area.

MSA-5 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-5 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-5teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-5 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-5 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-5's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-5 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-5 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-5 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5/2022-7/22/2022
16 Days of Saturday School; tentatively: 9/10/2022, 9/24/2022, 10/8/2022, 10/14/2022,10/15/2022,10/22/2022, 10/29/2022, 12/3/2022,12/10/2022,2/11/2023,3/11/2023,3/18/2023, 4/29/2023, 5/6/2023, 5/13/2023,5/20/2023

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and

9

google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

4—Youth Voice and Leadership

MSA-5 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-5's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

10

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-5's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-5 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines,

11

fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-5 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
    - Fluid Milk – 8 ounces
    - Fruit, Vegetable, or 100 percent Juice – ¾ cup
    - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (88.3%) and White(5.3%) students and families as well as other backgrounds that include White and Asian. MSA-5 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-5 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-5 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to

12

support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-5 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 32% English Language Learners, MSA-5 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-5 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
   - Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
   - Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
   - Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
   - Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
   - Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
   - Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
   - Collect and analyze survey and/or assessment data quarterly.
   - Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
   - Manage professional development and training activities.
   - Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
   - Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
   - Ensure all reporting requirements are met.

Staffing

14

MSA-5 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-5 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (LA Valley, Pierce, LA Mission Colleges) and universities such as CSU Northridge to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-5 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff

15

member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories, training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-5 and MPS home office staff. MSA-5 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-5 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 93.1% Socioeconomically Disadvantaged students, our students and

16

families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-5's students' proficiency rates are 46.96% in ELA and 38.67% in math. With about 32% English Language Learners, MSA-5 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (88.3%) and White (5.3%) students with disadvantaged backgrounds.

MSA-5 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 92.3% of our students are unduplicated pupils. STEM education is an integral part of MSA-5 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-5 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-5 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-5 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-5 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff

17

populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-5's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- 5 partners with the city of Los Angeles for their events and to find out about academic contests that students can participate in. Along with partnering with CSUN and Pierce College to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-5 established partnerships with organizations and resources such as LA Valley College and Mission Colleges. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-5 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-5's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-5 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-5 quality Expanded Learning school programs in its entirety in alliance with its mission,

19

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-5 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-5 principal and admin team commit to supporting the program and get on-boarding and training with the Los Angeles County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-5 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-5 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-5's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-5 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

21

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-5 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-5 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-5 builds upon partnerships to link, align, and sustain services, public and private partners in Los Angeles. MSA-5 also solicits public funding to sustain services to name a few:

● City of Los Angeles
● Councilmember Bob Blumenfield's Office
● Tarzana Treatment Center
● Local Senior Centers
● One Generation Intergenerational Centers
● California State University, Northridge
● ARC
● LA Valley College
● LA Mission College
● West Valley Police Station

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

Contact Phone: 310.842.8555

List of the school sites that your LEA selected to operate the Expanded Learning Opportunities Program (ELO-P):

Magnolia Science Academy-6

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -6 (MSA-6) is a directly funded traditional charter school and provides education to 83 students enrolled in grades 6 through 8 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-6 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-6 is still expanding in Los Angeles while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	8	163	143	87.7%
2021-2022	6	8	83	73	88%

Other significant student groups that serve are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	17	0	11	4	0
Percentage	20.5%	0%	13.3%	4.8%	0%

MSA-6 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 4:00 pm.

4

1—Safe and Supportive Environment

MSA-6's current program is run by the school team. The MSA-6 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-6's site includes a campus with access to 5 classrooms and two office spaces. The campus also includes an outdoor playground.

MSA-6 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-6 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-6 teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-6 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-6 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-6's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-6 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-6 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-6 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

7:00 am to 4:00 pm Nine-hour scheduled for 180 days.

Time	Monday- Friday Regular Day
7:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
8:00 AM- 2:15	**Classes in session**
2:15 PM -2:30 PM	**Nutrition Break**
2:30 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee **Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)

8

B- Nine-hour Summer or Intersession Day Sample schedules

- For 2022-23 July Summer school, MSA-6 is planning an online summer school. No ELOP funds will be used. The below planning is for the future years.

- 15 Days Summer School 2022-2023 June 10-June 30

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes/Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

15 Days Summer School 2022-2023 June 10-June 30
15 Days TBD; Fall, Winter & Spring Breaks intersessions and Saturday Schools

9 hour Saturday School - once a month

8:00 am - 12:00 Academic Enrichment
12:00 -1:00 PM Lunch/break
1:00 pm - 5PM Clubs and Teams Blocks

9

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

4—Youth Voice and Leadership

MSA-6 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

10

5—Healthy Choices and Behaviors

MSA-6's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-6's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops, cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

11

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-6 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-6 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
    - Fluid Milk – 8 ounces
    - Fruit, Vegetable, or 100 percent Juice – ¾ cup
    - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (92.8%) and African-American (7.2%) students and families as well as other backgrounds that include White and Asian. MSA-6 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-6 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training,

12

including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-6 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-6 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 20.5% English Language Learners, MSA-6 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-6

13

uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
    ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
    ● Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
    ● Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
    ● Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
    ● Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
    ● Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
    ● Collect and analyze survey and/or assessment data quarterly.
    ● Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
    ● Manage professional development and training activities.
    ● Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning

14

Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.

- Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
- Ensure all reporting requirements are met.

Staffing

MSA-6 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-6 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as

15

bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings

Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-6 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories, training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-6 and MPS home office staff. MSA-6 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,

16

- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

MSA-6 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 96.4% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-6's students' proficiency rates are 45.63% in ELA and 38.36% in math. With about 20.5% English Language Learners, MSA-6 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (92.8%) and African-American (7.2%) students with disadvantaged backgrounds.

MSA-6 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 88% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-6 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-6 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-6 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-6 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers

17

mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-6 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-6's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

18

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

To further strengthen the program and increase sustainability, MSA-6 established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-6 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-6's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-6 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,

19

3) feedback from staff, youth, parents, and K-12 partners,

4) description of the information or data needed to assess quality, and

5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-6 quality Expanded Learning school programs in its entirety in alliance with its mission, vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-6 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-6 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-6 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-6 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment, clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

20

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).
- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-6's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 4 p.m. on every regular school day.

21

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-6 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-6 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-6 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-6

22

builds upon partnerships to link, align, and sustain services, public and private partners in Los Angeles. MSA-6 also solicits public funding to sustain services to name a few:

-

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

List of the school sites that your LEA selected to operate the Expanded Learning Opportunities Program (ELO-P).

Magnolia Science Academy-7

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -7 (MSA-7) is a directly funded traditional charter school and provides education to 280 students enrolled in grades TK through 5 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-7 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-7 is still expanding in Los Angeles while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	TK	5	294	222	75.5%
2021-2022	TK	5	280	215	76.8%

Other significant student groups that MSA-7 serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	88	0	26	1	11
Percentage	31.4%	0%	9.3%	0.4%	3.9%

MSA-7 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-7's current program is run by the school team. MSA-7 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-7's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-7 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-7 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-7 teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-7 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-7 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as Accelerated Reader, MyOn Reading, IXL, Xtra Math andStandards Plus to improve student learning outcomes. MSA-7's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a music and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and creativity. Some examples include Coding, Robotics, Choir, Art, Math Olympiads, STEAM Challenge.

3—Skill Building

In the expanded learning programs, MSA-7 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-7 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-7 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:30 AM- 8:00 AM	**Academic Block**: Literacy focused program that includes tutoring and homework help. Staff members will use Accelerated Reader and MyOn to support learning time. Breakfast will be served and students will participate in morning exercises.
2:40 PM - 2:50 PM	**Attendance (Sign-In)**
2:50 PM -3:20 PM	**Nutrition Break (Supper)**
3:20 PM -4:30 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
4:30 PM - 5:35 PM	**Enrichment Block**: Character Education, Wellness Program, Team Building, Music, Physical Fitness, Gardening, Board Games, Art and Crafts, STEM Challenges, Computer Club
5:35 PM- 6:00 PM	**Nutritional Break** (Snack) **Dismissal**

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:30 AM - 12:00 PM	Summer Learning Academy Classes (ELA & Math)/ STEAM Activities/ SEL Time/ Snack Break and activities
12:00 PM -12: 30 PM	**Lunch Break**
12:30 PM - 5:30 PM	**Enrichment Block**: Character Education, Wellness Program, Team Building, Music, Physical Fitness, Gardening, Board Games, Art and Crafts, STEM Challenges, Computer Club, themed event days

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks Themed Student Camps: Fall Math Camp (3 days) Winter Theater Camp (8 days) Spring Science Camp (5 days)

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-7 has a Student Council, which works with the after school program staff and leadership team to establish and review program elements and school-wide events. The student council works with school staff to plan and participate in community projects such as campus cleanup days, food drives, and other special events. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

The Afterschool program develops projects to encourage leadership by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-7's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-7's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward

10

reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-7 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-7 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
  - Fluid Milk – 8 ounces

11

○ Fruit, Vegetable, or 100 percent Juice – ¾ cup
○ Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (64%) and African-American (7.1%) students and families as well as other backgrounds that include White and Asian. MSA-7 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-7 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-7 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.

Students with diverse needs

MSA-7 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

12

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 31.4% English Language Learners, MSA-7 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-7 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
    ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.

13

- Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
- Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
- Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
- Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
- Assist selection, recruitment and onboarding of the personnel.

2. Implementation Phase:
- Collect and analyze survey and/or assessment data quarterly.
- Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
- Manage professional development and training activities.
- Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
- Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
- Ensure all reporting requirements are met.

Staffing

MSA-7 has current job descriptions for staff and volunteers responsible for running the after-school programs. Our partner ARC provides the coordinator and support staff running the programs.

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-7 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear

14

background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-7 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories, training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-7 and MPS home office staff. MSA-7 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in

15

the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 Sub Contractors

Our key program partner ARC is nationally recognized after school program and experiential education provider. We bridge the opportunity gap by creating transformational learning opportunities that empower youth to realize their full potential. We work with over 9,000 students on a daily basis throughout Southern California.

ARC's COMPREHENSIVE PROGRAM

After school is offered M-F until the campus. Daily schedule includes enrichment activities, homework help, healthy snacks, and outdoor play. A structured learning environment is offered to support our middle school students' transition to high school.

Programs are framed by 6-week enrichment classes, as well as daily homework assistance and experiential group activities. The 6 week cycle culminates in an event for students to showcase their new skills and knowledge.

THE 'ARC' MODEL

16

Students choose an elective for 6 weeks, culminating in a showcase to demonstrate new skills and knowledge. All electives fit within our 5 Pillars of MS Excellence. Students are offered a structured learning environment to support our middle school students' transition to high school.

6-WEEK ENRICHMENT CYCLES
Programs are framed by 6-week enrichment classes (2x/week or 12 total classes), in which students commit to an elective and path of learning. The last Friday of each 6-week rotation is culmination day, a showcase for parents, peers, and staff. This includes dance performances, science projects, newsletter and creative writings showcases, basketball club has their final 3-on-3 tourney, or a service club does their food drive, the Mad Scientists do a mini science fair, etc.

LEADERSHIP COUNCIL
A cornerstone of the middle school program is the Leadership Council. Student leaders take ownership of their site's after school program by organizing events and activities, providing guidance in program selection, and running awareness campaigns to educate peers about important social issues.

MIDDLE SCHOOL PILLARS
Enrichment activities fall within these five categories: Literacy, Leadership & Life, The Arts, Health & Fitness, and STEM.

PILLARS OF EXCELLENCE
Students sign up for 6 weeks (2x/week or 12 total classes) of a specific enrichment club based on the Pillars of Middle School Excellence.

LEADERSHIP COUNCIL
Student leaders design and drive programming with the mentorship of experienced Site Coordinators and Assistant Coordinators.

DROP-IN CENTER
An open and safe space provided on campus for students to spend time after school to finish homework, socialize, play games, and more.

WOW EVENTS
Special school-wide events that engage the entire campus. Students have a direct hand in planning large-scale events such as dances, lunch time entertainment, carnivals, open mic nights, and more.

CLUBS
Survey students on what they want to see in their after school program. ARC builds a schedule of clubs taught by on-site staff, faculty, local professionals, or student peers.

SERVICE LEARNING
Students engage in a year-long service learning campaign, focusing on an issue

17

affecting their local community, as demonstrated through the Take Action Campaign in collaboration with LAUSD's Beyond the Bell.

LEADERSHIP RETREATS
Year-long series of workshops and conferences with a focus on leadership development, with options to blend with outdoor education, college and career preparedness, and subject-specific enrichment classes.

GOALS
The Great Outdoor Leadership & Adventure Series. This outdoor education based leadership development and life skills training program takes students out of the class and to the beaches, forests, and mountains of California.

SD LEADS
A series of conferences focusing on leadership, teamwork, social justice, and overcoming obstacles. Held on various college campuses and reinforces opportunities for students to become leaders on their own campuses.

COLLEGE & CAREER BOUND
College and career tours. College applications. Tuition and financial aid. Resume building. Practice interviews.

ENRICHMENT
Create a catalog of subject-specific classes to offer your students, taught by specialists in their fields. Offerings are customized to meet the needs and interests of your students.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 77% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-7's students' proficiency rates are 34.22% in ELA and 28.61% in math. With about 31.4% English Language Learners, MSA-7 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (64%) and African-American (7.1%) students with disadvantaged backgrounds.

MSA-7 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 81.1% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-7 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-7 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff

18

receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-7 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-7 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-7 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as

---

[1] Code.org Careers in Tech https://code.org/careers-in-tech
[2] Naviance Career Exploration https://www.naviance.com/resources/tag/career-exploration
[3] Career Girls https://www.careergirls.org
[4] SheHeroes http://www.sheheroes.org

19

measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)

3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-7's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA-7 partners with the city of Los Angeles for their events and to find out about academic contests that students can participate in. Along with partnering with Cal State Northridge to attend their college events, do college tours, and participate in programs that allow additional support for our students such as their Student Teaching program and counseling services through the CSUN Mitchell Family Clinic.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

Our key program partner, ARC, is nationally recognized after school program and experiential education provider. Their program bridges the opportunity gap by creating transformational learning opportunities that empower youth to realize their full potential. Arc staff lead daily homework help, academic intervention, nutrition, recreation, and enrichment. They use a whole child approach and strength's perspective philosophy.

10—Continuous Quality Improvement

MSA-7 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a

20

shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-7's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-7 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-7 quality Expanded Learning school programs in its entirety in alliance with its mission, vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-7 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Principal regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-7 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-7 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning

21

Programs, MSA-7 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).
- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.

22

- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-7's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-7 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-7 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have

23

developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-7 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-7 builds upon partnerships to link, align, and sustain services, public and private partners in Los Angeles. MSA-7 also solicits public funding to sustain services to name a few:

- Mitchell Family Clinic
- The Chicago School of Psychology
- Councilmember Lee's Office
- Atalla Medical Clinic
- Dignity Healthcare
- One Generation
- Baby 2 Baby
- LAUSD SELPA
- Cal State University Northridge
- LACOE , Los Angeles County Department of Education.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

MSA-7 has ASES programs and grants. ELOP plans will be comprehensive and include ASES programs to integrate. ELOP funds will complement and support all expanded learning programs.

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

_____

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

3

Background and Demographics

Magnolia Science Academy -8 (MSA-8) is a directly funded traditional charter school and provides education to 392 students enrolled in grades 6 through 8 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-8 has been serving students in Los Angeles County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-8 is still expanding in Los Angeles while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	8	440	359	81.6%
2021-2022	6	8	392	341	87.0%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	49	1	33	3	14
Percentage	12.5%	0.3%	8.4%	0.8%	3.6%

MSA-8 has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-8's current program is run by the school team. MSA-8 leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-8's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-8 operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-8 staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-8 teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-8 family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-8 students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-8's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-8 students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-8 offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-8 EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-8 currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-8's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted

10

providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-8's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-8 uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-8 is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

11

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
  - Fluid Milk – 8 ounces
  - Fruit, Vegetable, or 100 percent Juice – ¾ cup
  - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (90.3%) and African-American (0%) students and families as well as other backgrounds that include White and Asian. MSA-8 links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-8 program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-8 school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and

12

rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-8 and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 12.5% English Language Learners, MSA-8 shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-8 uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
   - Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
   - Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
   - Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
   - Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
   - Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
   - Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
   - Collect and analyze survey and/or assessment data quarterly.
   - Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
   - Manage professional development and training activities.
   - Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
   - Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
   - Ensure all reporting requirements are met.

Staffing
MSA-8 has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

14

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-8 recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-8 Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories,

15

training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-8 and MPS home office staff. MSA-8 leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-8 runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 88.5% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-8's

16

students' proficiency rates are 42.42% in ELA and 23.86% in math. With about 12.5% English Language Learners, MSA-8 shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (90.3%) and African-American (0%) students with disadvantaged backgrounds.

MSA-8 mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 87% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-8 regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-8 students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-8 Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-8 was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-8 site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement

17

in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-8's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-8 established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-8 is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-8's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-8 establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-8 quality Expanded Learning school programs in its entirety in alliance with its mission,

19

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-8 Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-8 principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-8 also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-8 agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-8's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-8 staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

21

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-8 has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-8 Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-8 builds upon partnerships to link, align, and sustain services, public and private partners in Bell. MSA-8 also solicits public funding to sustain services to name a few:

●

22

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (_EC_ Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

_____

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

Background and Demographics

Magnolia Science Academy -Santa Ana (MSA-SA) is a directly funded traditional charter school and provides education to 513 students enrolled in grades TK through 12 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-SA has been serving students in Orange County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-SA is still expanding in Santa Ana while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	TK	12	544	448	82.4%
2021-2022	TK	12	513	418	81.5%

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	168	0	95	19	18
Percentage	32.7%	0%	18.5%	3.7%	3.5%

MSA-SA has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-SA's current program is run by the school team. MSA-SA leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-SA's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-SA operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-SA staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-SAteachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-SA family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-SA students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-SA's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-SA students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-SA offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-SA EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-SA currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-SA's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted

10

providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-SA's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-SA uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-SA is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

11

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
    - Fluid Milk – 8 ounces
    - Fruit, Vegetable, or 100 percent Juice – ¾ cup
    - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (87.7%) and African-American (2.9%) students and families as well as other backgrounds that include White and Asian. MSA-SA links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-SA program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-SA school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and

12

rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.

Students with diverse needs

MSA-SA and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 32.7% English Language Learners, MSA-SA shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-SA uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1. **Planning Phase:**
    ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
    ● Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
    ● Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
    ● Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
    ● Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
    ● Assist selection, recruitment and onboarding of the personnel.

2. **Implementation Phase:**
    ● Collect and analyze survey and/or assessment data quarterly.
    ● Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
    ● Manage professional development and training activities.
    ● Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
    ● Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
    ● Ensure all reporting requirements are met.

Staffing
MSA-SA has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

14

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-SA recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-SA Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories,

15

training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-SA and MPS home office staff. MSA-SA leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-SA runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 82.7% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-SA's

16

students' proficiency rates are 34.22% in ELA and 28.61% in math. With about 32.7% English Language Learners, MSA-SA shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (87.7%) and African-American (2.9%) students with disadvantaged backgrounds.

MSA-SA mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 81.5% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-SA regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-SA students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-SA Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-SA was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-SA site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement

17

in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-SA's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-SA established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-SA is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-SA's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-SA establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-SA quality Expanded Learning school programs in its entirety in alliance with its mission,

19

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-SA Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-SA principal and admin team commit to supporting the program and get on-boarding and training with the OC County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-SA also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-SA agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-SA's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-SA staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-SA has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-SA Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-SA builds upon partnerships to link, align, and sustain services, public and private partners in Santa Ana. MSA-SA also solicits public funding to sustain services to name a few:

- City of Santa Ana
- Western Youth Services
- Help Me Grow TK-2nd Grade
- OC Health
- OC Family Justice Center
- Planned Parenthood
- Salvation Army Family Services
- El Dorado SELPA
- OC Soccer Club
- Santa Ana College

22

- OCDE, Orange County Department of Education.
- UCI, University of California, Irvine
- Power if One Foundation
- Official No One Left Behind Foundation
- Congressman Lou Correa's Office
- OC County Board Supervision, Andrew Do's Office

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

"Expanded learning opportunities" has the same meaning as "expanded learning" as defined in *EC* Section 8482.1. "Expanded learning opportunities" does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

2

TABLE OF CONTENTS

3

Background and Demographics

Magnolia Science Academy -San Diego (MSA-SD) is a directly funded traditional charter school and provides education to 421 students enrolled in grades 6 through 8 in the 2021-22 academic year. The school has been operating under the Magnolia Public Schools Board ("MPS Board") which is serving ten independent charter schools in the Greater Los Angeles Area, Santa Ana, and San Diego. MSA-SD has been serving students in San Diego County since the fall of 2009 with a mission of graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. MSA-SD is still expanding in Santa Ana while increasing the count and percentages of students.

Academic Year	Low Grade	High Grade	Enrollment (Ages 5-17)	FRPM Count (Ages 5-17)	Percent (%) Eligible FRPM (Ages 5-17)
2020-2021	6	8	441	169	38.3
2021-2022	6	8	421	153	36.3

Other significant student groups that serves are as follows.

2021-2022	English Learners	Foster Youth	Special Needs	Section 504	Homeless
Count	31	0	73	13	11
Percentage	7.4%	0%	17.3%	3.1%	2.6%

MSA-SD has been integrating strong expanded learning programs as an extension of its educational program since its inception. Our teachers host academic intervention and enrichment programs as well as sponsor clubs when the regular school day is over. Every day, students in the program attend academic remediation and enrichment activities, get nutritious snacks and engage in physical, social and emotional development programs until 6:00 pm.

4

1—Safe and Supportive Environment

MSA-SD's current program is run by the school team. MSA-SD leadership team along with the Magnolia Public Schools Home Office team oversees the safe and supportive environment for the Expanded Learning program. MSA-SD's site includes a big campus with access to 15 classrooms and two office spaces. The campus includes a gym and outdoor playground.

MSA-SD operates a Comprehensive School Safety Plan which encompasses the Expanded Learning program. The plan is reviewed yearly by a committee consisting of local law enforcement, school site council, school admin team, MPS home office team and approved by Magnolia Public Schools Governing Board.

The Comprehensive School Safety Plan helps to ensure a safe school environment, thereby enhancing the learning experience and improving student academic achievement. Our plan is implemented to protect the safety of students, staff and visitors and to provide emergency preparedness and guidelines. This plan addresses the following objectives:

- Protect the safety and welfare of students, staff and visitors.
- Provide for a safe and coordinated response to emergency situations.
- Protect the school's facilities and property.
- In the case of an emergency, allow the school to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for coordination between the school and local emergency services when necessary.

Social and Emotional Learning (SEL) skills are critical to school, career, and life success of our students. Our staff play a significant role in helping students develop strong SEL skills in our program. Our administrators use Panorama Education's SEL surveys twice a year to understand and develop teacher capacity to support every student socially and emotionally. Our Panorama SEL surveys help our team to understand and support each student with skills like growth mindset, self-efficacy, social awareness, and self-management. MSA-SD staff including the Expanded Learning program use a program known as Zones of Regulation. This program helps guide adolescents to make better choices in learning situations that require them to have better soft skills. It gives them time to journal through the computer, and see actual stories from real students who have experienced the same types of issues they may be experiencing., Furthermore, Zones of Regulation teaches conflict resolution skills directly to students. There is also a student leadership program that has a peer mentor component, so students can build bonds and develop leadership qualities. These student leaders help shape and guide the Expanded Learning program, and we teach them how to utilize advocacy to formulate the best Expanded Learning program for the school. The program also teaches executive functioning skills to help students with their academics in order to maintain a positive holistic educational experience through our STEAM

5

(Science, Technology, Engineering, Art, Athletics & Dance) Curriculum.

MSA-SD teachers and staff have been implementing Restorative Practices at campus to help students learn conflict resolution strategies and self-expression skills. Our students participate in a wide variety of activities, ranging from curricular, community and extracurricular activities. Expanded Learning students also receive support services they may need, from instructional and academic support, to psychological and emotional support. Since its inception, our school has worked hard to create a culture of "family" and our students feel that support every day. Our students have demonstrated their buy-in to the school culture through their participation in school sponsored activities, whether they take place before, during, or after school hours. We constantly ask and are given feedback about these varying activities and services from all educational partners within the MSA-SD family. Regardless of their ability levels, EL or SPED status, socioeconomic status, race, or religion, all MSA-SD students are comfortable with and willing to participate in activities offered by our school. The regular re-evaluation, by all educational partners, of programs and services offered is an effective way to assess students' participation in and need for alternative activities.

2—Active and Engaged Learning

Education research shows that time-on-task is positively associated with academic achievement. Time-on-task refers to the amount of time students spend attending to school-related tasks (Prater, 1992), such as following directions and engaging in learning activities. Students who are active participants in their knowledge acquisition and skill development own their learning and will perform at high levels of accomplishment. At the core of our Expanded Learning program design is to enable students more time-on-task to develop academic, social-emotional and physical skills. Our program design aims to actively engage students in learning at appropriate levels of difficulty throughout the day (Aronson, Zimmerman, & Carlos, 1998; Fisher, 2009; Prater, 1992).

The intervention programs will be the central and foremost important part of the school's Expanded Learning programs. Staff and tutors use effective programs such as McGraw Hill's StudySync designated ELD programs, MyOn Reading, IXL ,Alex learning and Khan Academy to improve student learning outcomes. MSA-SD's students have access to Chromebooks during these Expanded Learning academic blocks. These programs allow staff to monitor the progress of participating students through software generated tests and personalized instructional materials. Staff members that run these sessions include regular classroom teachers and instructional aides to increase the effectiveness of these intervention hours.

Students work on various projects or activities including classroom projects and Project Based Learning during the Expanded Learning blocks. One goal of our program is to have a STEAM focused project, experiment, model or demo that will be shared with

6

parents quarterly and a drama and theater program to help our students who like to creatively express themselves. Many of our clubs are geared towards encouraging students to use higher levels of thinking, problem solving, and/or developing skills that are not normally fostered during the school day. Example activities include Robotics, Computer Applications, MathCounts, Robotics, Science Olympiad, Science Club, chess, photography, coding, choreography, video production, origami, knitting, song writing, beat making, multiple sport options, and the Student Council to tackle real world problems in a collaborative setting.

3—Skill Building

In the expanded learning programs, MSA-SD students develop their core subject area skills during the academic intervention and enrichment blocks. MSA-SD offers academic programs to complement in-class learning and educational experiences aligned with the Common Core Standards for English Language Arts and Mathematics, California Next Generation Science Standards and History-Social Science Standards. Academic tutoring and homework support are provided for each student based on areas of growth identified in individual student plans, student grades, standardized test scores, and teacher recommendations.

Goals for the educational and literacy element include;

1. Complement in-class ELA and Math instruction with active and engaging learning in an individualized or small group setting,
2. Provide students a time, place and resources for competency based academic enrichment programs, and
3. Provide students with a safe and supportive environment for catch-up work and homework completion.

7

MSA-SD EXPANDED LEARNING PROGRAM SAMPLE SCHEDULES

A- Nine-hour Regular School Day Sample Schedule

Time	Monday- Friday
6:00 AM- 8:00 AM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
3:00 PM - 4:00 PM	**Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee
4:00 PM -4:10 PM	**Nutrition Break**
4:10 PM -5:00 PM	**Academic Block**: Tutoring and Homework help (ELA/Math/Science/History)
5:00 PM - 6:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges

8

B- Nine-hour Summer or Intersession Day Sample schedules

Time	Focus
8:00 AM - 11:30 AM	Summer School Classes /Day Camp Activities/Field Trip/Excursion Time and activities
11:30 AM -12: 30 PM	**Lunch Break**
12:30 PM - 5:00 PM	**Enrichment Block**: Character Education, Wellness Program, Edge Coaching, Career exploration, Physical Fitness, Band, Board Games, Art and Crafts, STEM Challenges **Club and Team Block**: Science Olympiads, Academic Pentathlon, Book Club, Reduce, Reuse, Recycle Club, Yoga Club, Mixed Media, Math Team, Coding Club, LEGO Robotics, VEX Robotics, Drama Club, Art Club, Martial Arts, Card Club, Study Skills, Soccer, Future City, Volleyball and Cheer Team, Flag Football, Odyssey of the Mind, Anime Club, Basketball Team, Project Runway, Comedy and Drama, Red Cross Club, Cyber Patriots, History Bee

30 Day Planning:

14 Days Summer School 7/5-7/22
16 Days TBD; Fall, Winter & Spring Breaks

Tutoring: Referred by the classroom teachers, tutoring in core subject areas is provided by classroom teachers and tutors/instructional aides (ex: college students) every day for 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

Homework Help: Expanded Learning school staff monitors student completion of homework to help improve their academic performance and grades in classes. Homework help is available every day for a minimum of 50 minutes. Paper folders and google classroom are utilized to facilitate communication between the classroom teacher and the tutors.

9

4—Youth Voice and Leadership

MSA-SD currently has a Student Advisory Council, which works with the ELOP Task-Force and leadership team to establish and review program elements. This council works with the School Site Council composed of all stakeholders to develop projects led by youth. These include service-learning projects such as a cleanup, food drives, and other special events. Twice yearly, the program surveys all students enrolled in services to gain insight on elements that work, new elements of benefit to students, and elements to be removed because they do not support student academic growth and development and do not spark the interest and participation of youth enrolled. Students take an active role in the design of clubs and enrichment activities targeting interests and needs as determined by surveys and other feedback.

Students participate on the Student Advisory Council, attend quarterly advisory council meetings, and fill Student Representative roles on the council. They are involved in evaluation by assisting in the design and implementation of student, parent and teacher survey instruments implemented twice each year, and providing feedback. Students develop youth-oriented materials that report evaluation findings to peers and to the community. They solicit involvement and provide talks in the local community regarding the program. They take a leading role in blending Expanded Learning and community-based activities.

An Expanded Learning Advisory Council develops projects led by youth. These include a neighborhood and campus beautification project (such as murals), tutoring other students, and participating in recycling and community gardens, as well as other special events to support their school and community. Students will take field trips to multicultural events, such as plays and musicals, and engage in projects that build upon what they learn through these trips.

5—Healthy Choices and Behaviors

MSA-SD's school wellness plan extends to cover Expanded Learning programs. All programs promote the benefits of a Comprehensive School Physical Activity Program (CSPAP), where quality physical education is seen as the cornerstone and additional physical activity is integrated before, at the start of, during, and after the school day. All physical activity programming promotes a vision of school connectedness and creates a climate where healthy competition and support fill the school with spirit and a sense of community.

Physical Fitness Programs: Students participate in a wide variety of physical activity during expanded learning hours. Expanded Learning sports programs, including soccer, basketball and volleyball, are provided by the Expanded Learning staff, and contracted

10

providers. These sports programs help students in starting life-long habits of regular physical activity. MSA-SD's Expanded Learning staff collaborates with the school PE teachers on California Physical Fitness Test to determine the student's fitness levels and plan activities accordingly. Staff teach and participate in activities like martial arts and yoga, and model games such flag football, basketball, volleyball. Staff receive professional development training on building character, coaching, and building engaging athletic activity plans. Our program complies with several elements of a comprehensive physical education program 1) Students in all grades experience standards-based physical education in a sequential and comprehensive manner in an enjoyable, safe, and secure learning environment, 2) Physical education is taught as a positive experience to motivate students to be engaged in lifelong fitness and physical activity, not as a negative experience associated with punishment (e.g. running laps, doing push-ups, etc.) being forced upon them and serving as a detriment toward reaching fitness goals, and 3) Physical education is a structured instructional program with specific goals and objectives within expanded learning and as such, provide more opportunities for students to extend and refine the skills that were learned in the physical education programs during normal school hours.

Nutrition Education: Students participate in hands-on nutrition education designed to make them excited about adopting healthy eating behaviors. Activities include classroom-based nutrition workshops**,** cooking demonstrations, taste tests, and other interactive activities. Students learn the importance of maintaining a healthy diet, choosing healthy foods, and preparing healthy snacks during out-of-school hours. For example, students often work as a team to read the nutrition label on products, identify the ingredients, and then discuss ways to make better food choices. Working in coordination with nutrition educators, students participate in a routine and ongoing dialogue about the common foods they eat and how those foods affect their health. This is important to long term health because as students are introduced to the roots and origins of their food and how it works in their bodies, they understand how food choices impact their daily lives and health.

California Education Code (EC) Section 60800 requires each local educational agency (LEA) to administer a physical fitness test annually to all students in grades five, seven, and nine. The State Board of Education designated the FITNESSGRAM as the required Physical Fitness Test (PFT) for California public schools with the primary goal of assisting students in establishing lifelong habits of regular physical activity. Our Expanded Learning physical activity curriculum is designed to prepare students for this assessment utilizing engaging and fun activities designed to boost strength and metabolism and in turn increase health.

As part of the School Wellness Action Plan and best practice, MSA-SD uses USDA's "A Guide to Smart Snacks in School" resource for managing school vending machines, fundraisers, or snack bars to better understand the Smart Snacks standards. Typically because MSA-SD is on a co-located site we partner with LAUSD to offer the Hot Meal option for our students as part of our Prop 39 agreement.

11

Our healthy nutrition snack choices include:

- Smart Snack compliant Lay's Baked Barbecue Potato Chips
- Smart Snack compliant Kellogg's Cheez It Crackers Whole Grain 1oz 60ct
- Smart Snack compliant muffin otis spunkmeyer banana made with 51% whole grain naturally flavored individually wrapped 72/2 oz. 1 creditable grain ounce equivalent.

- We provide:
  - Fluid Milk – 8 ounces
  - Fruit, Vegetable, or 100 percent Juice – ¾ cup
  - Water

6—Diversity, Access, and Equity

Our program serves predominantly Latino (35.9%) and African-American (8.1%) students and families as well as other backgrounds that include White and Asian. MSA-SD links to the very strong commitment to diversity and celebration of student cultures that is a foundational feature of our school serving students and families and partnering in the program.

The specific goal of services is to provide a program that sparks dynamic interests of students, helps them succeed in school and prepare for postsecondary opportunities. The MSA-SD program works with students to promote and help them experience values that embrace diversity and equity regardless of race, color, religion, sex, age, income level, national origin, physical ability, sexual orientation and/or gender identity and expression. To do this, the program actively recruits and hires staff that reflects the community of students served in the program. Orientation and ongoing professional development services provided quarterly include diversity and sensitivity training, including specific steps to outreach to students with disabilities to accommodate the physical and developmental abilities of all students served in the program, as described in more detail below.

All outreach materials and policies (such as in the Program Plan) explicitly expresses this commitment to diversity and equity in all services. This commitment is further extended through the creation of a welcoming environment respectful and celebratory of diversity in program materials, signage, displays and banners both in the physical environment and online through the MSA-SD school websites. Program staff and partners actively reach out to members of the community (such as parents, neighborhood residents, and community partners) to seek ongoing information and strategies to support student and family needs.

Enrichment opportunities, guided by students themselves, embrace the diversity and

12

rich cultural heritage students and their families bring to the expanded learning program. STEAM projects (such as robotics) and mentorship opportunities provided to students explicitly allow students to explore themes of diversity and cultural expression while allowing them to connect to successful persons of color through partnerships.
Students with diverse needs

MSA-SD and MPS have a strong and explicit commitment to diversity and equity for all students served. This is and will continue to be stated in all outreach, marketing, and informational material regarding program services disseminated to students and family members. It is a critical part of all orientation and ongoing professional development for staff members and volunteers providing services in the program.

As part of our student and parent surveys conducted twice yearly. The program gathers additional information regarding students with disabilities, English Language Learners, and other students with potential barriers to better understand the needs and implement services to meet these needs.

Strategies for outreach and inclusion of students with potential barriers include working with teachers, parents, students to recruit and enroll these students. Staff meets with teachers at the beginning of each year and monthly to address concerns and integrate appropriate curriculum and materials to meet student needs and link learning from the regular school day with the expanded learning program. Working with teachers, program staff implements useful elements to a successful integration and work in partnership with teachers and parents to implement strategies to promote student learning and development.

With about 7.4% English Language Learners, MSA-SD shows a strong need for services to support these students in the out of school hours. According to the study on English Language Learners: Becoming Fluent in Afterschool (2011), Expanded Learning programs offer an excellent opportunity to support ELs, particularly when they provide direct language instruction, time to practice oral language skills, language scaffolding during academic content instruction, and strong parent engagement. MSA-SD uses McGraw Hill's StudySync Designated EL program and CHATS framework for curriculum and strategies to support EL students with integrated ELD in all subject areas. The programs will use peer assisted learning strategies, instructional conversations and literacy logs as best practices demonstrated by research to be effective in increasing EL achievement. Interactive teaching methods include immediate feedback/correction, oral practice, systematic review for reinforcement of vocabulary and pronunciation, and reading comprehension assessments, scaffolded writing practice, ELPAC practice assessments, listening comprehension tasks, and read-alouds. Homework support will be provided each day and documented in journals. This is a critical need at target schools with high EL populations, as students often lack support to complete work at home.

13

7—Quality Staff

Expanded Learning program task force
The school established a program task force (ELOP-TF) that consists of representatives from the student body, parent groups, staff, and administration. The duty of the ELOP-TF is as follows:

1.   **Planning Phase:**
   ● Develop plans for the school to survey the needs of students through available formative and summative assessment data (CAASPP, NWEA Measures of Academic Progress (MAP) testing, midterm exams, formative classroom data, teacher self-evaluation/feedback, etc.) and educational partner surveys.
   ● Establish specific and SMART (Specific, Measurable, Attainable, Realistic and Timely) goals upon which the effectiveness of the Expanded Learning program will be evaluated.
   ● Using data and feedback from surveys, school administration and staff plan an effective program that will offer a variety of intervention and enrichment programs/activities to attract students and meet their needs.
   ● Communicate with parents and students to involve them in the planning process as well as to determine the potential number of students that will participate in the program.
   ● Plan effective ways to design the Expanded Learning programs in partnerships with key organizations, universities, colleges, etc.
   ● Assist selection, recruitment and onboarding of the personnel.

2.   **Implementation Phase:**
   ● Collect and analyze survey and/or assessment data quarterly.
   ● Hold quarterly meetings to review/revise the school-site specific and SMART goals based on the available data and make any necessary recommendations and/or adjustments to improve the programs accordingly.
   ● Manage professional development and training activities.
   ● Involve all school stakeholders and community members in the program implementation and improvement process through the Professional Learning Communities (PLCs) and the meetings/workshops designed for the parents as well as for the community members.
   ● Inform the related parties of the Expanded Learning program results through regular information and internal information sessions arranged for program designers and stakeholders, ongoing staff meetings, and quarterly program evaluation reports.
   ● Ensure all reporting requirements are met.

Staffing
MSA-SD has current job descriptions for staff and volunteers responsible for running the Expanded Learning programs.

14

The job qualifications and descriptions meet the criteria, at a minimum, the school district's qualifications for an instructional aide (EC Section 8483.4). MSA-SD recruits staff with at least two years of college experience. The minimum qualification for the Expanded Learning Coordinator is a bachelor's degree in education and preferably experience in program administration. The Expanded Learning Coordinator monitors staff and completes a professional development needs assessment of each staff member. Requirements are posted and advertised, and only candidates who meet all qualifications are hired. All Staff in the program are required to produce clear background checks through LiveScan and negative TB Test results, and complete the onboarding and training schedules with the Coordinator.

Selection of staff is based on defined qualifications, including teaching experience and subject matter expertise. Experience working with low-income students is a critical element for candidates. The program recruits tutors with at least two years of college experience. Requirements are posted and advertised, and only candidates who meet all qualifications will be hired. The Site Coordinator monitors staff and completes a professional development needs assessment of each staff member. MPS leverages partnerships with community colleges (Santa Ana College) and universities such as UC Irvine and CSU Fullerton to recruit college-age tutors. Additional staff recruitment includes college career centers, social media, partner referrals, and recruitment websites such as Edjoin, Teachers-teachers and Indeed. Recruitment is led by the MPS Human Resources department, working with the Principal, and staff. Staff have clear titles and responsibilities, and receive a competitive salary.

The program follows the lead of the MPS program and makes it a priority to employ personnel who have succeeded in overcoming barriers of circumstances as found in the surrounding low-income communities. Program staff are predominantly from these same neighborhoods. They bring an understanding of the challenges and rewards of growing up in predominantly African American, Latino and low-income communities served by the MPS, and can build trusting relationships with students. All job postings and descriptions emphasize preference for local hires and specify skills, such as bilingual language abilities, that support hiring of personnel similar to our students. When possible, we strive to hire alum of MPS.

Professional Development and Trainings
Staff development is provided each quarter and is based on assessment of staff needs and program objectives. Our PDs for staff aim to expand knowledge of content standards and instructional methods for aligning standards to instruction. Program goals include content and curriculum skills for staff, plus implementation and evaluation methods to ensure that services meet program outcomes. Our orientations include an introduction to program components, materials, and strategies for tutoring, enrichment, physical education, and college preparation services. MSA-SD Expanded Learning staff attends existing school and MPS-wide PD opportunities for teachers. Each staff member receives an annual performance review and meets quarterly to assess performance. All staff receive an annual four-hour training on youth learning theories,

15

training methods, presentation techniques, and learning styles.

Professional development is part of the yearly program calendar, with topics that include evaluation, assessment, and data use, plus needs of English Learners and students with disabilities. PD includes tutoring instructional practices, parent communications, and training across components. Training for staff providing college preparation is provided by the MSA-SD and MPS home office staff. MSA-SD leadership team conducts annual performance reviews to outline staff performance, appraisals, and opportunities for improvements. This system helps to ensure retention among highly qualified staff in the program.

Coordination of the Expanded Learning programs, staffing, retention, professional development, and managing coordination of the Expanded Learning programs, staffing, retention, professional development, and managing the required reporting is the responsibility of the Expanded Learning Coordinator in supervision of the school principal and consultation with the Expanded Learning Task-Force.

Staff receive ongoing training and development to provide a safe and supportive environment aligned with the quality standards, including; respectfully welcoming and releasing students each day, and building and maintaining trusting and supportive relationships with students. Trainings and professional developments include;

- Emergency and Safety Procedures,
- Youth Suicide: Awareness and Prevention,
- Bullying: Recognition & Response, Drug Free Workplace,
- Sexual Harassment: Staff-to-Staff, Athletic Liability,
- Sexual Misconduct: Staff-to-Student, Bloodborne Pathogen Exposure Prevention,
- Mandated Reporter: Child Abuse and Neglect,
- Title IX and Gender Equity in Athletics,
- Incident Reporting,
- Social Emotional Learning,
- Youth Voice, Building Relationships with Children & Youth, and
- Understanding the Behavior of Children and Youth.

Sub Contractors

 MSA-SD runs its programs 100% with its own staff and resources.

8—Clear Vision, Mission, and Purpose

Inspiring Students in STEM Education and Careers
Serving about 37.5% Socioeconomically Disadvantaged students, our students and families lack the proper environment and resources to support quality learning experience beyond the school hours. According to 2018-19 CAASPP results, MSA-SD's

16

students' proficiency rates are 69.05% in ELA and 60.62% in math. With about 7.4% English Language Learners, MSA-SD shows a strong need for services to support these students in the out of school hours. Our program also serves predominantly Latino (35.9%) and African-American (8.1%)students with disadvantaged backgrounds.

MSA-SD mission is graduating students with a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others. About 36.3% of our students are from under- represented and underserved populations. STEM education is an integral part of MSA-SD regular and expanded learning programs. Increased exposure to coding and computer literacy will enable MSA-SD students to make more authentic and real-life connections with STEM careers and pathways. Our Expanded Learning staff receive training on providing activities for students on STEM careers and fields including Code.org Video Series[1] in Careers in Tech, Naviance Career Exploration[2], CareerGirls[3] and SheHereos[4] programs.

MSA-SD Staff, including, teachers, and other instructional day staff, has already worked with the leadership team to develop objectives, benchmarks, outcomes, and contributed to the project design through the completion of need and program assessments that defined the mission, vision, goals, and expected outcomes of services provided for students enrolled.

MSA-SD was built on strong partnerships with community organizations to promote enrichment activities and partnerships with cultural centers with field trips to art exhibits. There is a strong emphasis on STEAM learning in the expanded learning program and this will be supported with science and technology field trips. The program offers mentoring programs with volunteers from local businesses and college students, Boys & Girls Clubs of America, and faith-based organizations serving the surrounding area.

The engagement with stakeholders that leads directly to program design and services has accountability mechanisms built into the project design to ensure high quality services to achieve project objectives by staff and partners. In collaboration with MPS home office, Expanded Learning Task-Force monitors and updates the Program Plan responsive to the school's changing needs and the needs of our community as well as project objectives achieved in the previous year. Program Plan and outcomes achieved by MSA-SD site where services are provided are tracked with attendance and program implementation reports that break down objectives and outcomes into quarterly benchmarks that ensure the project stays on track throughout the year. As staff populates reports with data on program attendance and project objectives each month, they are able to identify areas of weakness in order to ensure continuous improvement

17

in program operations. This monthly feedback loop keeps the project on track to achieve annual goals and outcomes. This framework of data collection and analysis drives the monthly review that Expanded Learning staff conducts with instructional school staff to analyze progress of Expanded Learning services and if they are successfully meeting the needs of the school students and families served.

The following program goals were developed in collaboration with all stakeholders, including students, teachers, parents and administrators:
1. Support all participating students to increase their proficiency in mathematics as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
2. Support all participating students to increase their proficiency in reading as measured by the formative and summative assessments (IABs, ICAs, SBAC, MAP, midterm exams, ongoing assessments, teacher self-evaluation/feedback, etc.)
3. Support all participating English learners to increase their language proficiency, as measured by the ELPAC.
4. Support all participating students to increase personal and social skills through social and cultural activities, as measured by Panorama Ed's SEL surveys.
5. Support all participating students to develop physical fitness through health and recreation programs, as measured by PFT.

9—Collaborative Partnerships

MSA-SD's expanded learning programs are collaboratively designed in partnerships with several stakeholders in accordance with the CDE-ASD's Quality Standards for Expanded Learning Programs. At the school level, student council organizations, parent groups, school leadership teams, and school staff are involved. MSA- SA partners with the city of Santa Ana for their events and to find out about academic contests that students can participate in. Along with partnering with Santa Ana College, UC Irvine, and CSU Fullerton to attend their college events, do college tours, and participate in campus discussions and classes for the students who are really grasping the program and need a challenge.

At the management level, Magnolia Public Schools central office staff and its leadership team exhibited vision and support for the programs. The Home Office provides services to the charter schools, supports and holds accountable the charter schools for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the charter schools to receive services at a lower cost. The services of the Home Office include, but are not limited to academic, finance, operations, talent management, and external relations.

18

To further strengthen the program and increase sustainability, MSA-SD established partnerships with organizations and resources such as Santa Ana College and UC Irvine, and CSU Fullerton. As part of our partnerships, we recruit tutors and staff from these organizations, conduct campus visits, and involve our students in their educational enrichment programs such as dual enrollment, college visits, college application and financial aid presentations.

10—Continuous Quality Improvement

MSA-SD is committed to maintaining a data driven CQI process based on the Quality Standards for Expanded Learning in California as defined by CDE. Point-of-Service Quality Standards Programmatic Quality Standards Quality Standards for Expanded Learning Programs will steer the assessment, evaluation and improvement processes. The quality improvement process creates a framework of clear expectations, and a shared vision of quality among multiple stakeholders across all expanded learning sites. This sets forth a cycle of continuous quality improvement which is based on three steps:

> 1) Assessment of Program Quality, which employs data collection on the program using multiple strategies focusing on the standards,
> 2) Planning, which allows the program to reflect on program data use data to generate and implement an action plan for quality improvement, and
> 3) Improve Program Quality, which allows for staff to implement the action plan and reflect upon progress during implementation.

Once goals in the action plan are met, the action plan is reassessed which allows for ongoing rapid quality improvement. More than these steps, MSA-SD's ASES vision for continuous quality improvement allows for quality improvement at the programmatic level, staff level, and participant level, thus allowing the program's impact to continue to evolve to meet the needs of an ever-changing base. MSA-SD establishes a clearly defined continuous quality improvement plan that includes:

> 1) outcomes improvement goals and action steps,
> 2) a timeline with dates for action steps and quality improvement discussions,
> 3) feedback from staff, youth, parents, and K-12 partners,
> 4) description of the information or data needed to assess quality, and
> 5) clear description of the responsibilities for each person on the improvement team.

This plan is used as the guiding document to facilitate continuous quality improvement across programs. Results of annual assessments will be used to make improvements to site specific program designs to meet the needs of the clientele at each site allowing for the program to be refined, improved and strengthened continuously to meet the evolving needs of the program base.

11—Program Management

Expanded Learning Opportunities Program Grant funding is used to implement MSA-SD quality Expanded Learning school programs in its entirety in alliance with its mission,

vision and goals. Funding will enable staffing and development, program resources, snacks, supplies and materials as well as covering costs from vendors.

MSA-SD Expanded Learning school programs are closely monitored by the principal and the leadership team as part of the ELOP Task Force. The Dean of students regularly coordinates all Expanded Learning school programs with the Expanded Learning coordinator and school staff. The MSA-SD principal and admin team commit to supporting the program and get on-boarding and training with the San Diego County Office of Education and our home office Magnolia Public Schools (EC Section 8483.3[c][6]).

The principal and the team operate the program on the school site (EC Section 8482.3[f][1]), meeting all statutory and regulatory requirements (EC Section 8484.6[b]). MSA-SD also acts as the only LEA fiscal agent for the grant administration. In accordance with the Programmatic Quality Standards in Quality Standards for Expanded Learning Programs, MSA-SD agrees for the planning and quality of the program for the duration of the grant period (EC Section 8482.3[f][3]).

Roles of Staff

- **Principal**: Responsible for program oversight, staff supervision, partnerships. Responsible for data analysis and quality improvement. Responsible for teacher led clubs, teams and activities.
- **Dean of Students**: Oversee compliance and program development. Responsible for compiling reports, verifying data, and managing reports.
- **Expanded Learning Coordinator**: Responsible for on-site program administration and oversight, including supervising staff such as Tutors and Enrichment Instructors. Prepares Attendance Reports.
- **Teachers** Provide enrichment**,** clubs, tutoring and athletics.
- **Tutors and Coaches**: implement programming at each site.
- **MPS Home Office Support Team**: Responsible for reviewing data analysis; provides feedback on quality improvement to ensure effective programs across the site. Prepare quarterly Expenditure Reports, manage internal and external audits. Ensures compliance and timelines.

Timeline of Tasks

- Review program goals progress data with ASES-Task force (quarterly).
- Review satisfaction survey results from prior academic year and use those results for pre-planning (June).
- Identify partners to support student learning (Ongoing).
- Annual staff development conference (July).
- Communicate with partners to ensure successful referrals for students and families (Ongoing).
- Expanded Learning Coordinator meets with the Dean of Students to review outcome data (monthly).

20

- The Quality improvement plan is monitored continuously. Dean of Students and Expanded Learning school coordinator work together to incorporate additions to quality improvement to allow for rapid cycle quality improvement (monthly).
- Program attendance entered and verified (weekly).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Midyear program evaluation (December)
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Annual performance evaluation for all staff (August- March).
- School attendance data reviewed and analyzed (July, December, May).
- Yearly satisfaction surveys conducted and administered to students, parents, and school staff (December and May).
- Semiannual and annual Attendance reports compiled and submitted to CDE (semiannual/annual).
- Quarterly Expenditure reports compiled and submitted to CDE.
- Program evaluation and improvement planning (December and May.)

Reporting Requirements

The online reporting will be used to submit quarterly expenditure reports. MPS Home office business department takes the leads in submission. Accurate attendance records will be kept using a clearly defined record keeping procedure. Attendance is reviewed daily by staff, weekly by the Expanded Learning coordinator and Principal. Actual student program attendance reports are sent to the EXLD on a semi-annual basis through the online database.

Sign-in/out Procedures

MSA-SD's Expanded Learning school program commences immediately upon the conclusion of the regular school day, and operates a minimum of 15 hours per week, and at least until 6 p.m. on every regular school day.

Students sign students in with a complete signature and correct time recorded on sign in/out sheets. Parents/Guardians check out students with a complete signature and correct time recorded on sign in/out sheets.

Early Release Policy

MSA-SD staff follows CDE's Early release and late arrival policies and procedures (EC Section 8483[a][1]).

Students may be released for the reasons below. The responsible party will communicate with school staff to arrange the release and sign out procedure. The Expanded Learning Coordinator will be in charge of the communication and management of the release.

21

1. Off-site enrichment programs
2. Family emergency
3. Family needs
4. Medical appointment
5. Transportation
6. Child accident/injury
7. Safety issues (darkness, weather)
8. Participation in school athletic programs and team sports
9. Other conditions (reasons must be explicitly communicated and approved)

Successful and impactful Expanded Learning programs have been the key element of Magnolia Science Academy's educational program as outlined in its charter petition. MSA-SD has been heavily investing in these programs for several years and seen the positive effect on our students and communities that we serve. So far, we have developed systems, protocols and routines in the program with training, resources and practices. Our experienced staff will make sure that goals of the project continue to be met with activities in its Expanded Learning program. MSA-SD Expanded Learning staff will have access to technical, structural support and resources through MPS Home Office and other funding resources to maintain and sustain the program. Specifically, the Home Office development department secures funding from philanthropies such as Joseph Drown Foundation, WallMart Foundation, and others.

Sustainability processes include quarterly partner meetings with existing and potential partners. Partners provide input in services and resources they offer. They support evaluations and are incorporated in proposals and ongoing private and public funding solicitations to sustain the Expanded Learning services. The MPS development department works to ensure expanded learning sustainability through private funds and individual giving efforts.

Sustainability is critical for expanded learning programs, and is supported by community partnerships and alignment of private and public resources and our school. MSA-SD builds upon partnerships to link, align, and sustain services, public and private partners in San Diego. MSA-SD also solicits public funding to sustain services to name a few:

●

22

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

_____

_____

_____

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (*EC* Section 46120[b][2][D]). Please address the proposed schedule and plan for recruiting and preparing staff to work in the program, including supporting them to understand how to work with younger children. How will the lower pupil-to-staff ratio be maintained? How will the curriculum and program be developmentally-informed to address this younger age group?

Coversheet

Approval of Updated MPS Health and Safety Policy and Injury and Illness Prevention Program ("IIPP") COVID-19 Addendum

Section: V. Action Items
Item: G. Approval of Updated MPS Health and Safety Policy and
Injury and Illness Prevention Program ("IIPP") COVID-19 Addendum
Purpose: Vote
Submitted by:
Related Material:
Updated MPS Health and Safety Policy and IIPP COVID-19 Addendum.pdf

Board Agenda Item #	V G: Action Item
Date:	June 23, 2022
To:	Magnolia Public Schools - Board of Directors
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead:	Derya Hajmeirza, MPS HR Director
RE:	Updated MPS Health and Safety Policy and Injury and Illness Prevention Program ("IIPP") COVID-19 Addendum

Proposed Board Motion

I move that the board approve the updated MPS Health & Safety Policy alongside the Injury Illness Prevention Program COVID-19 addendum.

Introduction

☐ The policy has been updated based on the guidance provided by the Centers for Disease Control and Prevention ("CDC"), the California Department of Public Health ("CDPH"), and several county public health officials. The policy is intended for organization-wide implementation at each facility that will be operated by MPS.

Background

☐ The board had approved the IIPP COVID-19 addendum and the MPS health and safety policy during the August 2020, and September 2020, February, March, April, May, July, August, September, November, December 2021, January, February, March, April, and May 2022 board meetings. In accordance with the most updated health orders, the Home Office COVID-19 Response Team updated the policy.

Analysis (If applicable)

☐ This policy is provided and updated by Young, Minney & Corr, LLP and conform to the standards and practices in the latest guidance (i.e., CDPH and Cal-OSHA, local county, and authorizing agency).

MPS Health and Safety Policy for COVID-19 updates are as follows:

☐ COVID-19 testing and reporting: Beginning July 1st, MSA 1-8, and Santa Ana schools including home office will only conduct response testing protocol; those who have symptoms, who have been exposed to a confirmed positive case, or who tested positive for COVID-19 and need to return from isolation after day 5.

☐ Exposure Management Policy:
   o For MSA-San Diego, individuals who have symptoms of COVID-19, but who test negative with an antigen test must confirm the initial negative test with a second follow-up test administered the following day and must remain isolated until cleared by the confirmatory test.
   o Beginning July 1, 2022, only individual contact tracing may be used at MSA-2, 3, 4, 6, and 8.

☐ Use of face covering: staff who return to work from isolation after having COVID-19 must wear a highly-protective mask around others for the full 10 days from onset of symptoms, if asymptomatic, from the first positive COVID-19 test.
   o Students who return to school from isolation after having COVID-19 are strongly recommended to wear a mask for a full 10 days.
   o Per LACDPH, students and employees are required to wear a mask at all times in LACDPH-designated outbreak setting (individuals who are part of the specific classroom or group involved in the outbreak)

<u>Budget Implications:</u> There are no budget implications.

<u>Exhibits (attachments):</u>

- ☐   Updated MPS Health and Safety Policy (with redline)
- ☐   Updated MPS Health and Safety Policy (without redline)
- ☐   Updated MPS IIPP COVID-19 Addendum (with redline)
- ☐   Updated MPS IIPP COVID-19 Addendum (without redline)

Updated on 05/26/2022

HEALTH AND SAFETY POLICY FOR COVID-19

It is the policy of Magnolia Public Schools ("Charter School") to take all reasonable measures to prevent the spread of the novel coronavirus disease ("COVID-19") among students and staff. In accordance with this policy, the Charter School is temporarily implementing health and safety measures to mitigate the spread of COVID-19 as the Charter School resumes in-person instruction. This policy recognizes that these measures are each designed to provide some protection against COVID-19. While there may be times when one measure may not be feasible, implementing alternative measures can provide additional layers of safety. This Policy includes both mandatory measures (using terms "shall" or "will") as well as recommended measures intended to guide decisions in light of practical limitations.

This Policy is based on guidance provided by the Centers for Disease Control ("CDC"), the California Department of Education ("CDE"), the California Department of Public Health ("CDPH"), and relevant county public health officials. The Governor and each county public health official is vested with the authority to impose health and safety standards, which may vary by locality in response to different local conditions. The Charter School will, as necessary, consult with their county health officer, or designated staff, who are best positioned to monitor and provide advice on local conditions to individually determine whether more or less stringent measures are necessary to align with the applicable public health orders. The Charter School will fully cooperate with county public health officials regarding the screening, monitoring and documentation that will be required to permit careful scrutiny of health outcomes associated with the return to in-person instruction on Charter School campuses.

This Policy constitutes the COVID-19 Infection Control Plan for each Charter School worksite. Prior to resuming in-person instruction, the Home Office COVID-19 Response Team shall perform a comprehensive risk assessment of all work areas and work tasks in accordance with guidance from CDPH and this Policy. The following staff member(s) is (are) responsible for implementing this Policy at each campus:

250 E. 1st Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

In addition to in-person instruction, the Charter School will also offer optional independent study as an alternative to in-person instruction in the 2021-22 school year. Independent study will also be made available for students for whom in-person instruction poses a heightened risk of infection.

1. Limited Access to Campus. As school campuses open for fully in-person instruction in the 2021-22 school year, California public health authorities have relaxed restrictions on access to school campuses; however, the ongoing threat of COVID-19 and the public health orders in effect necessitate that the following precautions be maintained:

- The Charter School may limit nonessential visitors' access to the Charter School campus and may limit the number of students and staff with whom they come into contact, based on, among other factors, the current levels of community transmission, the vaccination status of any such visitor, and the relative importance of the visit's purpose.
- The Charter School will exclude from the campus any employee, student, parent, caregiver or visitor who refuses to take or does not pass a Wellness and Temperature Screening.
- All visitors to a Charter School Campus are strongly encouraged to wear a face mask while inside any Charter School building, vehicle, or other enclosed space.
- Any parent or guardian picking up a student who has been placed on isolation or quarantine must stay outside campus and the student will be brought to them for dismissal.
- Signage shall be posted at all public entrances to the Charter School warning visitors not to enter if they have COVID-19 symptoms.
- Students excluded from campus on the basis of an elevated temperature or other COVID-19 related symptoms may be provided with Independent Study opportunities to support their academic success to the greatest extent possible during exclusion.
- Students and employees who are well but who have a household member that has been diagnosed with COVID-19 are directed to notify the COVID-19 Compliance Officer, who will consult with other Charter School staff to determine whether the student or staff member can

3

continue coming to school with a modified quarantine in light of current guidance and this Policy.

- Per Cal/OSHA requirements, the Charter School shall exclude staff members who have symptoms consistent with COVID-19 or who have had a close contact with a positive COVID-19 case and are not vaccinated.
- Health and safety standards and procedures shall be applied equally to all users of a public school campus that is subject to a co-location arrangement.
- Implement health screenings of students and staff upon arrival at school (see Section 2).
- To the extent that non-parent visitors are required to enter the Charter School Campus, the School will take the following precautions:
    o Non-parental visitors will be allowed on campus via appointment only.
    o Non-parental visitors must pre-register in a visitor's log, which includes the visitor's name, email address, and phone number.
    o Non-parental visitors will only be allowed to enter specific areas to conduct their business.
    o Visitors to MSA-2, 3, 4, 6, and 8 must complete daily screening questions using LAUSD's Daily Pass or at the entrance to the school.

2. Wellness Checks and Temperature Screenings:

- *COVID-19 Symptoms*. Currently, the CDC has identified the following as potential symptoms of COVID-19:
    o Fever or chills
    o Cough
    o Shortness of breath or difficulty breathing
    o Fatigue
    o Muscle or body aches
    o Headache
    o New loss of taste or smell
    o Sore throat
    o Congestion or runny nose
    o Nausea or vomiting
    o Diarrhea
- In-person wellness checks administered under this Policy shall:
    o Confirm that the subject has not experienced COVID-19 symptoms in the prior 48 hours or potentially been exposed to COVID-19, by soliciting the following

4

information:

- Have you had any one or more of these symptoms today or within the past 48 hours? Are these symptoms new or not explained by another reason?
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Congestion or runny nose
  - Nausea or vomiting
  - Diarrhea
- Do you live in the same household with, or have you had close contact with, someone who in the past 14 days has been in isolation for COVID-19 or had a test confirming they have the virus? Close contact means sharing the same indoor airspace with an infected person for a cumulative total of 15 minutes or more over a 24-hour period during the positive case's infectious period: 2 days before onset of symptoms or, for asymptomatic patients, 2 days prior to first positive test specimen collection and until the time the person is cleared from isolation.

o If the student, staff, parent, or, visitor answers "no" to all questions, he or she may enter the school.

o If the student, staff, parent, or visitor answers "yes" to any of the questions, he or she may not enter the school. Employees, parents, and visitors answering "yes" must leave immediately and will be instructed to self-isolate until further instructions are given by the COVID-19 Compliance Officer. Students answering "yes" will be isolated and must leave as soon as pickup can be arranged and then will be instructed likewise.

o Students, staff, parents, or, visitors have had close contact with an individual who has tested positive shall return home to self-quarantine as per CDPH and local guidance.

- However, the Charter School will not exclude such individuals with close contact exposure and not require them to return home or self-isolate if they are both asymptomatic and fully-vaccinated against COVID-19. Should an asymptomatic and fully-vaccinated individual be exposed to COVID-19, the Charter School reserves the right to request proof of vaccination for

5

COVID-19 before allowing the individual on campus.

- o Students and staff are encouraged to screen themselves for symptoms at home before coming to campus.
- o Students and staff of MSA-2, 3, 4, 6, and 8 may be subject to further health check procedures as required by LAUSD.
- o A check in area should be established on campus for health screenings to be performed privately and with enough space to allow physical distancing.

- *Campus Screening Logistics*:
  - o Each employee and visitor to the school site shall be screened for COVID-19 symptoms before entering the school site.
  - o Temperature and wellness screenings will be performed by a trained school employee at all Charter School Campuses to the extent feasible.

3. COVID-19 Compliance Task Force and Compliance Officer. State and local health orders require that schools designate a task force and liaison to be responsible for receiving and sharing information on COVID-19 policies, positive cases, and exposures. The Charter School shall comply with these requirements by implementing the following measures:

- The Charter School will comply with and implement the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the Los Angeles County Department of Public Health ("LAC DPH"). If the LAC DPH Exposure Management Plan is updated such that this Policy becomes materially inconsistent with it, the Charter School will follow the current Exposure Management Plan.
- The Charter School will establish a Compliance Task Force. The Compliance Task Force is responsible for establishing and enforcing all COVID-19 safety protocols, as well as ensuring all Charter School students and staff receive appropriate COVID-19 education. The names and contact information for all Compliance Task Force members are referenced above on pages one and two of this policy
- The Charter School will designate a "COVID-19 Compliance Officer," to act as a liaison between the local county public health department and the Charter School, in the event of a COVID-19 cluster or outbreak at the Charter School. The name and contact information for the Charter School's COVID-19 Compliance Officer is referenced above on pages one and two of this policy.
- The COVID-19 Compliance Officer shall monitor trends in absences and the prevalence of symptoms and illnesses among students and staff on campus to help isolate them promptly, as needed.

6

- The COVID-19 Compliance Officer shall be the point of contact responsible for sharing information on positive cases and exposures to relevant state and local health departments, as detailed in the Exposure Management Plan section of this Policy.
- The COVID-19 Compliance Officer shall conduct COVID-19 Task Force meetings no less than twice per month to identify areas for improving the enforcement and results of this Policy.

4. COVID-19 Testing and Reporting. Testing, in conjunction with vaccination, face masking, and other safety protocols, is a key factor in preventing COVID-19 infection. In keeping with the recommendations and requirements of state and local health departments, the Charter School shall implement the following testing and reporting procedures:

- When testing students or employees for COVID-19, the Charter School will use FDA-Authorized viral COVID-19 tests, including a Nucleic Acid Amplification Test (NAAT, such as a Polymerase Chain Reaction test or an Antigen test. An FDA-authorized over-the-counter test is acceptable for student and staff screening purposes so long as the results can be verified.
- Testing will be applied on symptomatic[1], response[2], and asymptomatic[3] bases.
- The Charter School's COVID-19 Compliance Officer must be made aware of all positive student and staff test results and shall report those results to local public health officials as required by law.
- Per Cal/OSHA Emergency Temporary Standards, the Charter School will provide testing at no cost to employees during paid time for:
  - Symptomatic unvaccinated employees, regardless of whether there is a known exposure,
  - Unvaccinated employees after an exposure,
  - Vaccinated employees after an exposure if they develop symptoms,
  - Unvaccinated employees in an outbreak (three or more employee cases), or

> **Deleted:** , but may not be used for the periodic testing of school employees required by the CDPH in lieu of vaccination.

---

[1] Symptomatic testing "is used for individuals with symptoms of COVID-19, either at home or at school."

[2] Response testing "is used to identify positive individuals once a case has been identified in a given stable group. Response-based testing can be provided for symptomatic individuals or for asymptomatic individuals with known or suspected exposure to an individual infected with SARS-CoV-2."

[3] Asymptomatic testing is "used for surveillance, usually at a cadence of every 2 weeks or less frequently, to understand whether schools have higher or lower rates of COVID19 rates than the community, to guide decisions about safety for schools and school administrators, and to inform LHDs about district level in-school rates. Asymptomatic testing can also be used for screening, usually at a higher cadence (weekly or twice weekly) than surveillance testing, to identify asymptomatic or pre-symptomatic cases, in order to exclude cases that might otherwise contribute to in-school transmission."

7

- o All employees in a major outbreak (20 or more employee cases).
- Testing Required in San Diego County:
  - o No student testing will be required at MSA-SD at this time due to local transmission rates. However, the Charter School reserves the right to exclude MSA-SD students from campus who are either symptomatic for COVID-19 or who have been exposed to COVID-19, until all time and symptom criteria have been reached, consistent with public health guidance and as stated in this Policy. The Charter School will also continue to monitor local case rates to determine whether any further COVID-19 testing of students is necessary.
  - o Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-SD employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.
- Testing Required at Magnolia Science Academy MSA- 2, 3, 4, 6, and 8:
  - o Beginning July 1, 2022, MSA- 2, 3, 4, 6, and 8 will no longer conduct weekly asymptomatic testing. Instead, these campuses will implement a Response Testing protocol, whereby those (1) who present with symptoms, (2) who have been exposed to a confirmed positive case (inside or outside of school or work), or (3) who tested positive for COVID-19 and need to return from isolation early (after Day 5), will be required to test with a rapid antigen test provided by LAUSD.
  - o Individuals who have recovered from laboratory-confirmed COVID-19 within the last 90 days are not required to test for COVID-19 unless they develop new onset symptoms. If these individuals develop new onset symptoms, they may avail themselves of a Rapid Antigen Test at their school or work site and upload its results via the Daily Pass.
  - o These campuses will be required to maintain an inventory of rapid antigen tests equal to 30% of the total student and employee enrollment for response testing purposes. When in need of additional inventory, site administrators shall request additional rapid antigen tests using the request form at bit.ly/LAUSDRATRequests. LAUSD Testing and Operations Coordinators will review and approve requests, and deliveries will be made directly to school and work sites. Requests for rapid antigen test kits are processed once per week. Requests submitted after Wednesday will be delivered the following Friday.

Deleted: <#>All students and employees will undergo asymptomatic COVID-19 testing weekly, regardless of COVID-19 vaccination status.¶

Formatted: Font: (Default) Times New Roman

8

- o Individuals new to LAUSD are required to baseline test upon their start of school or work. All individuals will be required to comply with all District requirements for baseline testing upon return from school breaks, such as Spring Break.
- Testing Required at MSA-1, 5, 7 and MSA-SA:
  - o All unvaccinated students must test for COVID-19 at least once per week.
  - o Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-1, 5, 7, and MSA-SA employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.
- Testing Required at MSA-SD and Home Office:
  - o Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-San Diego and Home Office employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.
- Additional levels of employee and student COVID-19 testing may be implemented in response to local disease trends, an outbreak, as determined by the Home Office COVID-19 Response Team, where required by Cal/OSHA regulations, or where otherwise required by law or public health guidance. The Charter School reserves the right to require employees undergo additional frequencies of COVID-19 testing, consistent with applicable authority, and directives from public health authorities as well as the School's authorizer, regardless of an employee's COVID-19 vaccination status.
- For staff and student-wide testing, all staff and students shall be tested, except any staff and students who have no contact with others and do not report to campus.
- The Charter School can cause tests to be provided at any one of its campuses, or have staff get tested at any local testing site or by their health insurance provider, which must cover the cost.
  - o If county-provided testing is not available, then private labs and health insurance providers may be used, and the cost of testing must be covered by the health insurance provider under an emergency state regulation.
- The Charter School's liaison must be made aware of the student and staff test results and report those results to local public health officials.
- Student consent for testing:

Deleted: <#>Individuals vaccinated as part of the vaccination program carried out by the Los Angeles Unified School District do not need to provide proof of vaccination to the District.¶
All students and employees must undergo symptomatic and response testing for COVID-19, as needed.¶

Commented [A1]: With LAUSD no longer maintaining weekly asymptomatic testing, do you want to keep requiring this for MSA 1, 5, 7 and SA?

Deleted: (PCR test only)

Deleted: (PCR test only)

9

- o For Charter School Students aged 12 and under, the Charter School will require parental consent for COVID-19 testing.
  - o Pursuant to California Family Code Section §6926 and CDPH guidance, Charter School Students aged 13 to 17 may consent to COVID-19 testing on their own.
  - o Charter School students aged 18 and older do not need parental consent for COVID-19 testing.
- Students who refuse to participate in the COVID-19 testing program or to report the test results to the Charter School, where such testing is required, will not be allowed to return to in-person instruction or otherwise enter the Charter School Campus. Both the testing and the reporting are required under applicable public health guidance and legal authority.
- For staff who refuse to participate in the COVID-19 testing program or to report the test results to the Charter School, where such testing is required, the Charter School reserves the right to discipline an employee for such non-compliance, up to and including termination from at-will employment.
- Consistent with applicable law, the Charter School will consider accommodations from mandatory testing for medical reasons and any other lawfully recognized reason. Employees or students and/or parents/guardians who wish to request an accommodation for themselves or their child can contact the Charter School. The Charter School cannot guarantee the availability of particular accommodation and will process all requests for accommodation consistent with MPS policies and applicable law.
- The Charter School must maintain confidentiality of test results, other than reporting the results to local public health officials. All medical information about any employee must be stored separately from the employee's personnel file in order to limit access to this confidential information. The Charter School should have a separate confidential medical file for each employee where the Charter School can store all of that employee's medical information. Medical information includes COVID-19 test results, an employee's statement via any symptom screening that they have symptoms or COVID-19, medical certifications showing the employee needs time off due to COVID-19, etc. For students, the Charter School will take similar precautions to safeguard the students' privacy and confidentiality, consistent with FERPA and all relevant legal requirements.
- All volunteers, contractors, vendors and other adults supporting Charter School functions on any MPS campus must comply with applicable COVID-19 testing requirements, as stated in the COVID-19 Vaccination Policy.
- In the event of a positive test result of a student or family member:

10

- The Charter School requires that parents/guardians notify school administration immediately if the student tested positive for COVID-19 or if one of their household members or non-household close contacts tested positive for COVID-19.
- Upon receiving notification that staff or a student has tested positive for COVID-19 or been in close contact with a COVID-19 case, the Charter School will take actions as required in Section 5 below.

5. Exposure Management Policy: Suspected/Confirmed Cases and Isolation. Preventing and minimizing the spread of COVID-19 within the Charter School Community requires a sound policy for managing exposure to infected individuals. The Charter School will follow the exposure management provisions of the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the LAC DPH as well as "COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year" promulgated by the CDPH, and other local counties. In the event that this protocol is updated so that it materially conflicts with the measures laid out in this Policy, the Charter School will follow the updated protocol; otherwise, the following measures shall be followed:

- **Reporting Obligation**. Per AB 86 and California Code Title 17, section 2500, schools are required to report COVID-19 cases to the local public health department. The COVID-19 Compliance Officer shall report every positive COVID-19 case to the appropriate county authority.
- **Suspected Cases**. In the event of a suspected COVID-19 case:
  - The Charter School will identify an isolation room and/or outdoor areas to separate anyone who exhibits COVID-19 symptoms.
  - Isolation of students, employees, and visitors exhibiting symptoms of COVID-19 will occur without regard to vaccination and/or recent testing status.
  - Any students, staff, or visitors exhibiting symptoms should immediately be provided with and required to wear a surgical-grade or better face covering and should be directed to wait in the separate isolation area until they can be transported home or to a healthcare facility, as soon as practicable. For serious illness, call 9-1-1 without delay.
  - Students in the isolation area will be monitored by a staff member.
  - Parents/guardians will be required to pick up their students within one hour. Parents/guardians should take the student to get a COVID-19 test immediately and, if a student of MSA- 2, 3, 4, 6, or 8, should upload the test result to the LAUSD Daily Pass system or otherwise provide a copy to the school.
  - A log will be kept of all persons entering the isolation area.

11

- o Physical distancing of six feet or greater will be maintained in the isolation and area and masking shall be required for any individual entering these areas.
- **Symptomatic but negative**. Symptomatic individuals who test negative for COVID-19 can return 24 hours after resolution of fever (if any) and improvement in symptoms.
    - o Documentation of a negative test result should be provided to school administrators.
    - o In lieu of a negative test result, students and staff may return to work with a medical note by a physician that provides alternative explanation for symptoms and reason for not ordering COVID-19 testing.
    - o Symptomatic individuals who neither test for COVID-19 nor consult with a medical professional must isolate at home until fever free for 24 hours, improved symptoms, and 10 days from symptom onset.
    - o For MSA-SD, individuals who have symptoms of COVID-19 but who test negative with an antigen test must confirm the initial negative antigen test with a second follow-up test (antigen, PCR, or other NAAT) administered the following day and must remain isolated until cleared by the confirmatory test.
- **Isolation**. Persons who test positive or are otherwise diagnosed with COVID-19 must isolate until they have satisfied the following conditions:
    - o At least 5 days have passed since symptom onset or, if asymptomatic, since their positive test; AND
    - o At least 24 hours have passed since resolution of fever without the use of fever-reducing medications; AND
    - o Other symptoms have resolved or are improving; AND
    - o An FDA authorized COVID-19 viral test (antigen preferred) test taken on or after Day 5 from symptom onset is negative.
    - o NOTE: If fever reduction, improvement of other symptoms, or a negative test are not all achieved, isolation may not end until after Day 10 from symptom onset or, if asymptomatic, their positive test, so long as 24 hours have passed since resolution of fever and all other symptoms are not present or are improving.
    - o Note: For staff, per CAL/OSHA COVID-19 Prevention ETS, testing that is required for employees must be provided by the employer free of charge and during work hours; these tests may not be self-administered and self-read unless they are observed by the employer or an authorized telehealth proctor or verifiable through the use of a time/date stamped photograph or through the use of a test that employee digital result reporting that marks the time and date of the result.

12

> **Formatted:** Font color: Auto, Pattern: Clear

- o   Students returning to school after isolation are strongly recommended to wear a highly protective non-cloth mask when around others, except when eating or drinking, for a full 10 days from testing positive or onset of symptoms.
- o   Staff returning to school after isolation are required to wear a highly protective non-cloth mask when around others, except when eating or drinking, for a full 10 days from testing positive or onset of symptoms.
- o   The School will comply with Cal/OSHA regulations regarding when employees may return to work after exposure, as detailed in the Charter School's IIPP addendum.
- **School Response to Confirmed Case**. In the event of one or more confirmed COVID-19 case(s) the Charter School will follow the CDPH and local public health guidance, including implementation of the following practices:
  - o   The Charter School will provide notifications to the local public health department of any known case of COVID-19 among any student, employee, or visitor or other school-associated person who was present on a Charter School campus within the 14 days preceding COVID-19 symptoms, or 10 days before a positive test result.
  - o   MSA Los Angeles COVID-19 Compliance Officers will notify the Los Angeles County Department of Public Health of any COVID-19 hospitalizations or deaths among students or staff by sending a notification to ACDC-Education@ph.lacounty.gov.
  - o   MSA Los Angeles Schools will inform all employees how to obtain testing, will offer testing at no cost and during paid time, and will provide testing in a manner that ensures employee confidentiality. An over-the-counter COVID-19 test may be both self-administered and self-read if the results are verifiable, such as through a time/date stamped photograph or through use of an over the counter test that uses digital reporting of results.
  - o   Notifications will be provided by the Home Office COVID-19 Response Team depending on the county where the school is located.
  - o   For Los Angeles campuses: The COVID-19 Compliance Officer will instruct the individual who tested positive to follow the LACDPH COVID-19 Home Isolation instructions and will inform the positive case that LACDPH will contact them directly to collect additional information and to issue a Health Officer Order to isolate.
  - o   All students and staff of MSA- 2, 3, 4, 6, and 8 campuses who are determined to be a confirmed case will be contacted by the LAUSD Community Engagement team to be instructed on isolation and to provide further information.

Deleted: No matter when isolation ends, all students and staff recovering from COVID-19 are strongly recommended to wear a highly protective non-cloth mask when around others for a full 10 days from testing positive or onset of symptoms.

13

- o Site administrators of MSA- 2, 3, 4, 6, and 8 will report to LAUSD using the Initial Exposure Management (IEM) Reporter App, as detailed in the latest LAUSD IOC guidance on exposure management reporting.
- o The notification to the local public health department must include:
  - 1) The full name, address, telephone number, and date of birth of the individual who tested positive;
  - 2) The date the individual tested positive, the school(s) at which the individual was present on-site within the 10 days preceding the positive test, and the date the individual was last on-site at any relevant school(s); and
  - 3) The full name, address, and telephone number of the person making the report.
  - For San Diego Charter School locations, the public health department should be notified either via phone at (888) 950-9905, or online at www.coronavirus-sd.com. The notification should list the following information: 1) The name of the person reporting, 2) the Charter School name and district, 3) the Charter School address, 4) your position at the Charter School. For the individual diagnosed with COVID-19, the notification should list the individual's: 1) Name, 2) date of birth, 3) contact information (phone number and email), 4) the individual's last date on the Charter School campus, and 5) any additionally relevant comments.
  - For Los Angeles County Charter School locations: The Charter School will report all school-related COVID-19 cases online through the Shared Portal for Outbreak Tracing (SPOT):httpss://spot.cdph.ca.gov/s/?language=en_US. If there are multiple cases to report, schools can submit their reports using the "Bulk Upload Template" located within the SPOT portal. All case notifications should be submitted within 1 business day of being notified of the case. Schools that need assistance on COVID-19 case reporting or other exposure management processes can call the TK-12 School COVID-19 Case Reporting Call Center, Monday through Friday from 8:00 AM to 5:00 PM at (833)707-0319.
  - For Orange County Charter School locations: Contact the Orange County Public Health Department via phone at 714-834-8180, or via email at epi@ochca.com.
- o Notify all staff and families in the school community of any positive COVID-19 case while maintaining confidentiality as required by state and federal laws.
- o Close off areas used by any sick person and do not use before cleaning and disinfection.

14

- o Investigate the COVID-19 illness and exposures and determine if any work-related factors could have contributed to risk of infection.
- o Update protocols as needed to prevent further cases in accordance with CDPH Guidelines ("Responding to COVID-19 in the Workplace").
- o Implement communication plans for exposure at school and potential school closures in the event of an outbreak or other necessary circumstances, to include outreach to students, parents, teachers, staff and the community.
- o Include information for staff regarding labor laws, California Supplemental Paid Sick Leave, emergency paid sick leave and extended family and medical leave pursuant to the FFCRA, information regarding Disability Insurance, Paid Family Leave and Unemployment Insurance, as applicable to schools.
- o Maintain regular communications with the local public health department.
- o If the school site must be closed for in-person instruction, develop a contingency plan for continuity of education using independent study. Independent study shall include all of the following:
    - ▪ Confirmation or provision of access for all students to connectivity and devices adequate to participate in the educational program and complete assigned work;
    - ▪ Content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction;
    - ▪ Academic and other supports designed to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with exceptional needs, students in foster care or experiencing homelessness, and students requiring mental health supports;
    - ▪ Special education, related services, and any other services required by a student's individualized education program, with accommodations necessary to ensure that individualized education program can be executed in an independent study learning environment;
    - ▪ Designated and integrated instruction in English language development for English learners, including assessment of English language proficiency, support to access curriculum, the ability to reclassify as fully English proficient, and, as applicable, support for dual language learning;
    - ▪ Providing synchronous instruction as required by law.
        - o "Synchronous instruction" means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of internet or telephonic communications, and involving live two-way communication between the teacher and pupil. Synchronous instruction

15

shall be provided by the teacher of record for that pupil pursuant to Section 51747.5.

> o For TK/K-3 opportunities must occur daily.
> o For 4-8 opportunities must occur weekly along with daily live interaction.
> o For 9-12 opportunities must occur weekly.
> o Can be classroom style, designated small group, or one-on-one.

- o The "teacher of record for that pupil" pursuant to Section 51747.5 is the assigned supervising teacher who must be an employee. There is not more than one supervising teacher.
  - Charter School will document each pupil's participation in synchronous instruction.
  - Continuing to provide school meals.
- o Provide guidance to parents, teachers and staff reminding them of the importance of community physical distancing measures while a school is closed, including discouraging students or staff from gathering elsewhere.
- o If the COVID-19 case was present on the Charter School campus, the individual must be excluded from campus for at least 5 days from COVID-19 symptom onset, or if asymptomatic, 5 days from the date the specimen was collected for the positive COVID-19 test, as detailed below.

- **Outbreak**. In the event of an outbreak or cluster at a Charter School:
  - o The Charter School CTF and COVID-19 Compliance Officer will work closely with local county public health officials, timely provide all required information, and otherwise comply with all CDPH and local guidance regarding outbreaks.[4]
  - o The COVID-19 Compliance Officer for MSA Los Angeles campuses will immediately call the LACDPH at (833) 707-0319 or submit an online report at https://spot.cdph.ca.gov/s/?language=en_US.
  - o The Charter School will notify students, families, employees, and stakeholders that the Charter School and local public health department are investigating a cluster and/or

---

[4] In the event of an outbreak, all Charter School locations will comply with guidance titled "Management of Outbreaks of COVID-19," issued by the LAC DPH. This protocol can be found at: http://publichealth.lacounty.gov/media/Coronavirus/docs/education/EMPSupplement_K12Schools.pdf. In the event that other state or local guidance provides more stringent outbreak protocol, the Charter School will comply with such protocol.

16

outbreak. The notice will encourage all stakeholders to follow public health recommendations.

o The Charter School will additionally notify all stakeholders if the school is to be closed for 14 days due to widespread and/or ongoing transmission of COVID-19 at the school or in the general community.

o The Charter School will identify absenteeism among those in affected classes and coordinate with the LHD to contact these absentees to screen for symptoms of COVID-19 if they were exposed to a case during the case's infectious period.

o Limit visitors to the affected Charter School campus, except for those that are essential to the Charter School's mission. Law Enforcement Personnel (Sheriff and Police), Fire, Medical, Emergency, or government employees who are responding to, working at, or inspecting the facility will be allowed to access the Charter School campus.

o Discontinue all non-essential in-person group activities at the Charter School Campus during the outbreak.

o Identify absenteeism among affected classes and contact those absentees to screen for COVID-19 symptoms.

6. Exposure Management Policy: Close Contacts, Tracing, and Quarantine. Preventing and minimizing the spread of COVID-19 within the Charter School Community requires a sound policy for managing exposure to infected individuals. The Charter School will follow the exposure management provisions of the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the LAC DPH as well as "COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year" promulgated by the CDPH, and other local counties. In the event that this protocol is updated so that it materially conflicts with the measures laid out in this Policy, the Charter School will follow the updated protocol; otherwise, the following measures shall be followed:

• **Contact Tracing**. Upon discovery of a confirmed case on campus, the COVID-19 Compliance Task Force will conduct contact tracing by utilizing either Group Tracing or Individual Contact Tracing to identify individuals who had "Close Contacts" with the confirmed case during his or her infectious period. Beginning July 1, 2022, only Individual Contact Tracing may be used at MSA 2, 3, 4, 6, and 8.

• **"Close Contact"** is defined as spending a total of fifteen minutes or more over a 24-hour period in the same indoor airspace as a confirmed case during the confirmed case's infectious period (two days before symptom onset until clearance from isolation, or, for asymptomatic cases, from two days before their first positive test until clearance from isolation).

17

- o In Los Angeles County, close contacts occurring in "large indoor airspaces," may be limited to 1) those in a pre-defined or identifiable group (e.g. teammates, club members, cohort, etc.) or 2) those within 6 feet of the infected person for 15 minutes or more over a 24-hour period.
- o <mark>If a Los Angeles County campus utilizes the 6-ft definition of close contact, it must still issue an exposure notification to all who qualify as close contacts under the "same airspace" definition, and must issue a strong recommendation to those individuals to (1) monitor for symptoms; (2) wear a highly-protective mask around others indoors; and (3) test with an FDA-authorized viral COVID-19 test within 3-5 days since the last date of exposure.</mark>
- o Persons with an outdoor exposure at school are not considered close contacts.
- o For Los Angeles Campuses: when notifying any individual that they are a close contact of a positive case, the COVID-19 Compliance Officer will provide that individual with a copy of the LACDPH Public Health Emergency Quarantine Order. Notifications that an individual is a close contact will also contain all messages required to be included pursuant to the LACDPH K-12 Exposure Management Plan guidance.
- o All MSA campuses will maintain classroom seating charts to facilitate future identification of close contacts.
- o In the event of notice of potential exposure,[5] with regards to its employees, the Charter School will follow all steps set forth in its Injury and Illness Prevention Program COVID-19 Addendum.

- **"Highly Protective Mask."** In some circumstances, masking is required in response to exposure to a confirmed case or following isolation. LAUSD defines this to mean masks that are well-fitting, non-cloth masks of multiple layers with a nose wire, or cloth masks that meet American Society for Testing and Materials (ASTM) standards for high filtration efficiency (ASTM F3502-Level 2) or have a particle filtration efficiency of at least 95%. More information can be found on the Los Angeles County Department of Public Health's website: http://publichealth.lacounty.gov/acd/ncorona2019/masks/.

- **Individual Contact Tracing.** Schools will notify students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) within 6 feet of a confirmed case during

---

[5] Notice of potential exposure means any of the following: (a) notification from a public health official or licensed medical provider that an employee was exposed to a qualifying individual at the worksite; (b) notification from an employee, or their emergency contact, that the employee is a qualifying individual; (c) notification through the Charter School's testing protocol that the employee is a qualifying individual; or (d) notification from a subcontracted employer that a qualifying individual was on the school site. (Labor Code § 6409.6, subd. (d)(3).)

18

their period of infectiousness. The COVID-19 Compliance Task Force for each campus shall conduct contact tracing investigation by conducting interviews, reviewing seating charts and class schedules, and other means necessary to fully investigate possible exposures.

- o Pursuant to LAUSD exposure protocols, Individual Tracing shall be used for investigating all close contacts, beginning July 1, 2022.

- **Group Tracing.** Beginning July 1, 2022, MSA 2, 3, 4, 6, and 8 may no longer use the Group Tracing approach to contact tracing for students. MSA SD shall use Group Tracing for student exposures in the school setting and individual notification for employee exposures and student exposures outside of the school setting. All other MSA campuses shall have the option to utilize either group tracing or individual contact tracing to track exposures among students or employees, as follows:

  - o Schools will notify students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) in a shared indoor airspace (e.g., classroom) with someone with COVID-19 during their period of infectiousness.

    - ▪ Notification should occur to "groups" of exposed students (e.g., classmates, teammates, cohorts, etc.) rather than contact tracing to identify individual "close contacts" (e.g., those within 6 feet).

    - ▪ Notifications should be provided to all individuals considered exposed, including those who are vaccinated and/or recently infected.

  - o Exposed students, regardless of COVID-19 vaccination status or prior infection, are strongly encouraged to be tested for COVID-19 with at least one diagnostic test obtained within 3-5 days after last exposure. Any FDA-approved antigen diagnostic test, PCR diagnostic test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status. Individuals who have been recently infected should use antigen testing.

  - o Exposed Students who participate in testing may continue to take part in all aspects of K-12 schooling, including sports and extracurricular activities, unless they develop symptoms or test positive for COVID-19.

  - o All exposed students, regardless of vaccination status or previous infection, are strongly recommended to remain fully masked indoors and outdoors, unless actively eating or drinking, when around other through day 10 from their last exposure date. Eating and drinking should occur distanced from others. Exposed students will also need to remain masked at all times during sports and extracurricular activities.

    - ▪ Students are strongly encouraged but not required to mask following an exposure.

- **Exposure Notification.**

19

Deleted: employee

Deleted: .

Deleted: Pursuant to LAUSD exposure management protocols, …

Deleted: will

Deleted: "g

Formatted: Font: Not Bold

Deleted: t

Deleted: "

- o Notification can be done using an individual notification or group notification method where individuals are notified of their exposure and advised of actions to take, such as testing requirements to remain on campus, in keeping with public health guidance on exposure and quarantine responses.
- o School will strongly recommend testing for all students, employees, and visitors in close contact with the confirmed COVID-19 case.

- **Quarantine Procedures.**
  - o ***MSA 1, 5, and 7 Employees*** are not required to quarantine provided they remain asymptomatic, and 1) monitor for symptoms, 2) wears a highly protective mask around others indoors for 10 days from exposure, except when eating or drinking; 3), and tests negative using an FDA-authorized viral COVID-19 test on Day 3-5 from exposure. Asymptomatic employees who were previously infected with COVID-19 in the last 90 days are not required to quarantine and are exempt from testing but must mask around others indoors for 10 days after last exposure.
  - o ***MSA 2, 3, 4, 6, and 8 Employees***, regardless of booster status, can remain at work following exposure to a positive case as long as they monitor for symptoms and remain asymptomatic, wear a highly-protective mask at all times indoors (except when eating or drinking) for ten days following the last date of exposure, and test negative with a rapid test within 3-5 days after last date of exposure. Employees who have had a positive COVID-19 test in the past 90 days are exempt from testing.
  - o ***MSA SA Employees*** are not required to quarantine provided they remain asymptomatic, and 1) monitor for symptoms, 2) wears a highly protective mask around others indoors for 10 days from exposure, except when eating or drinking; 3), and tests negative using an FDA-authorized viral COVID-19 test on Day 3-5 from exposure. Asymptomatic employees who were previously infected with COVID-19 in the last 90 days are not required to quarantine and are exempt from testing but must mask around others indoors for 10 days after last exposure.
  - o ***MSA SD Employees***, regardless of vaccination status, may remain at work so long as they do not have symptoms, test negative on Day 3-5 from their last exposure, and wear a well-fitting mask indoors around others for at least 10 days following the date of last exposure. Employees who are a close contact with a household member can also remain at work if they do not have symptoms, with testing immediately upon learning that they are a close contact, and on Day 3-5 after the COVID-positive household member completes their isolation period.
  - o ***MSA 1, 5, and 7 Students***, regardless of vaccination status, may remain on campus following exposure so long as they 1) remain asymptomatic and monitor for symptoms,

Deleted: continue to participate in weekly testing

20

2) wear a highly protective mask around others indoors, except when eating or drinking, for 10 days from exposure, and 3) test with an FDA-authorized viral COVID-19 test within 3-5 days after last exposure.

o ***MSA 2, 3, 4, 6, and 8 Students***, regardless of vaccination status, can remain at school following exposure to a positive case as long as they monitor for symptoms and remain asymptomatic, wear a highly protective mask at all times indoors (except when eating or drinking) for ten days following the last date of exposure, and test negative with a rapid test within 3-5 days of last exposure. Students who have had a positive COVID-19 test within the last 90 days are exempt from testing.

o ***MSA SA Students***, regardless of vaccination status, may remain on campus following exposure so long as they 1) remain asymptomatic and monitor for symptoms. It is strongly recommended that student close contacts test within 3-5 days after last exposure, unless they have had COVID-19 within the last 90 days.

o **MSA SD Students**, regardless of vaccination status, may remain on campus so long as they 1) remain asymptomatic and monitor for symptoms, and 2) test negative for COVID-19 between Day 3-5 from last exposure. Students who have had COVID-19 within the last 90 days do not need to test.

o ***MSA 2, 3, 4, 6, and 8 Quarantine Guidelines for Household Close Contacts***
Individuals who are continuously exposed at home to a household member who has tested positive can remain at school or work as long as they monitor for symptoms and remain asymptomatic, wear a highly protective mask at all times indoors (except when eating or drinking) for ten days after the last date of exposure to the positive household member while infectious, and test negative within 3-5 days after last date of exposure to the positive household member while infectious. Individuals are exempt from testing if they have recovered from a confirmed positive COVID-19 test in the past 90 days. If household close contact is symptomatic, they should test immediately, and if negative, test again on Day 5 from the positive household member's first day of isolation. If the second test result is negative and the individual has been fever-free for 24 hours without using fever-reducing medications and has improved symptoms, they can return on Day 6. The individual must mask at all times indoors at school/work for a full 10 days after last exposure.

7. Sanitizing/hygiene materials and practices:
- The Charter School will develop plans and routines to ensure that students and staff wash or sanitize hands frequently, including upon arrival to campus, after using the restroom, after

Deleted: continue to participate in weekly testing

Deleted: continue to participate in weekly testing

21

playing outside and returning to the classroom, before and after eating, and after coughing or sneezing.

- Staff will teach and reinforce proper handwashing technique, avoiding contact with one's eyes, nose, and mouth, using a tissue to wipe the nose, and covering coughs and sneezes.
- The Charter School shall make soap, tissues, no-touch trashcans, face coverings, water and paper towels or dryers for hand washing available. Students and staff should wash their hands for 20 seconds with soap, rubbing thoroughly after application. Soap products marketed as "antimicrobial" are not necessary or recommended.
- Trash cans will be placed near restroom doors and students and staff will be instructed to use a paper towel to prevent touching the handle with their hands.
- A restroom will need to be dedicated for individuals in the isolation area. This restroom must be cleaned and sanitized before other occupants may use it.
- If handwashing stations near classrooms are not practicable, and to facilitate use by students and staff as needed, the Charter School shall make available fragrance-free alcohol-based hand sanitizer that is at least sixty percent (60%) ethyl alcohol. (Note: frequent handwashing is more effective than the use of hand sanitizers). This hand sanitizer will be made available to both students and staff at all strategic locations throughout the Charter School Campus.
- The Charter School will not use hand sanitizer with isopropyl alcohol as the main ingredient.
- Children under age 9 should only use hand sanitizer under adult supervision. Call Poison Control if consumed: 1-800-222-1222.
- Children under age 9 should only use hand sanitizer under adult supervision. Hand sanitizer will also not be left out in the open in classrooms for students under the age of 9.
- The Charter School shall place posters conspicuously that encourage hand hygiene to help stop the spread of COVID-19.
- Employees should visit the CDC's coughing and sneezing etiquette and clean hands webpage for more information.

8. Routine cleaning and disinfecting: The Charter School will maintain a high level of cleanliness throughout the year to help reduce the risk of exposure to and spread of COVID-19 at the school site. In general, cleaning once a day is usually enough to sufficiently remove potential virus that may be on surfaces. Disinfecting (using disinfectants on the U.S. Environmental Protection Agency COVID-19 list) removes any remaining germs on surfaces, which further reduces any risk of spreading infection.

- Custodial staff will perform routine and thorough cleaning once per day, and when students are not present. When cleaning, the space will be aired out before children arrive.
- Routine cleaning practices include, but are not limited to:

22

- o Using everyday janitorial cleaning supplies and disinfectants for surfaces as floors, tables, desks, counters, sinks, toilets, and other hard-surfaced furniture and equipment;
  - o Dusting hard surfaces;
  - o Damp wiping of hard surfaces to ensure they are free of debris;
  - o Wet mopping of floors;
  - o Vacuuming carpets and mats.
- Health Office areas, including the general health office, isolation area, and quarantine area, may require more frequent cleaning and rapid response, as needed.
- Student restrooms will be services at least twice a day and will be fully cleaned and disinfected using electrostatic equipment by the night cleaning crew once per day.
- The Charter School will clean and disinfect areas commonly visited by staff no less than once per day during operating hours and implement a schedule for such cleaning and disinfecting. These areas include, but are not limited to: Break rooms, restrooms, lobbies, classrooms, laboratories, nurse's office, counseling and student support areas, staff offices, and cafeterias.
- The Charter School will clean high touch areas in staff breakrooms at least once per day.
- Cleaning and Disinfection after a Confirmed Case on Campus:
  - o If an individual confirmed to have COVID-19 was on campus, the Charter School will complete enhanced cleaning and disinfection procedures in the spaces occupied by the confirmed COVID-19 case.
  - o Employees completing this cleaning must wear a mask and gloves at all times and will refer to Material Safety Data Sheets or follow the instructions on the chemical labels.
  - o When disinfecting, the Charter School will use an EPA-registered disinfectant that is approved for emerging pathogens.
  - o Custodians will focus on immediate areas occupied by the confirmed COVID-19 case.
  - o Custodians will clean and disinfect:
    - ▪ All non-porous surfaces in the ill occupant's space/office, as well as on shared equipment (like tablets, touch screens, keyboards, remote controls) in bathrooms and shared spaces used by the ill person. Cleaning and disinfection will also focus on high-touch surfaces (e.g. desk, table, hardbacked chair, doorknob, light switch, handle, computer, keyboard, mouse, telephones).
    - ▪ On porous surfaces (e.g., carpets, chairs) in the confirmed COVID-19 case's space or office, custodians will remove visible contamination, clean with appropriate cleaners, and disinfect with a liquid/spray indicated for use on the material.
  - o The space(s) where the confirmed COVID-19 case was present may be reoccupied once these cleaning and disinfection procedures have been completed.

23

- The Charter School will ensure proper ventilation during all cleaning and disinfecting. Staff are encouraged to introduce fresh outdoor air as much as possible, by opening windows where practicable.
- The Charter School will comply with CDPH Guidance on Ventilation of Indoor Environments and Ventilation and Filtration to Reduce Long-Range Airborne Transmission of COVID-19 and Other Respiratory Infections: Considerations for Reopened Schools to the greatest extent practicable for each facility.
- All frequently touched surfaces in the workplace, such as chairs, desks, tables, keyboards, telephones, handrails, light switches, sink handles, restroom surfaces and door handles, will be routinely cleaned.
- Staff will be trained as appropriate in the chemical hazards, manufacturer's directions, and Cal/OSHA requirements for safe and correct application of cleaning and disinfectant agents in accordance with the Healthy Schools Act guidance from the California Department of Pesticide Regulation and Cal/OSHA.
- When choosing disinfecting products, the Charter School will use those approved for use against COVID-19 on the Environmental Protection Agency (EPA)- approved list "N" and require staff to follow product instructions. MSA-2, 3, 4, 6, and 8 will use disinfectants from the LAUSD's List of Approved Hand Sanitizers and Disinfectants.
  - To reduce the risk of asthma and other health effects related to disinfecting, the Charter School will select disinfectant products on list N with asthma-safer ingredients (hydrogen peroxide, citric acid or lactic acid) as recommended by the US EPA Design for Environment program.
  - The Charter School will avoid products that contain peroxyacetic (peracetic) acid, sodium hypochlorite (bleach) or quaternary ammonium compounds, which can cause asthma.
  - Staff shall follow label directions for appropriate dilution rates and contact times.
  - The Charter School will establish a cleaning and disinfecting schedule in order to avoid both under- and over-use of cleaning products.

Subject to available resources, disposable disinfecting wipes shall be made available so that employees can wipe down commonly used surfaces (e.g., doorknobs, keyboards, remote controls, desks, other work tools and equipment) before each use. Disinfectant wipes and sprays will be kept away from students.

9. Facility measures: The Charter School will incorporate CDE guidance measures for maintaining a healthy facility, to include some or all of the following:

24

- Maintenance staff will regularly inspect and test ventilation systems and fans to confirm they operate properly and will increase circulation of outdoor air as much as possible by opening windows and doors and other methods.
- Windows and doors should not be opened if doing so poses a safety or health risk by exacerbating seasonal allergies or asthma symptoms.
  - The Charter School will consider alternatives, such as increased central air filtration (targeted filter rating of at least MERV 13) if opening windows poses a safety or health risk to persons using the facility.
- HVAC systems will be set to maximize indoor/outdoor air exchanges unless outdoor conditions (recent fire, high outdoor temperature, humidity, and pollen levels) make this inappropriate.
- If an HVAC system becomes nonoperational, additional ventilation should be provided with the use of fans or relocating classes until repairs are completed.
- The COVID-19 isolation and quarantine areas should be outdoors when feasible to maximize ventilation and minimize exposures to COVID-19 infection. Under no circumstances should an isolation or quarantine area be in a room without a functioning HVAC system.
- Maintenance staff will ensure that all water systems and features (e.g., drinking fountains) are safe to use after a prolonged facility shutdown to minimize the risk of Legionnaires' disease and other diseases associated with water.
- Consider installing additional temporary handwashing stations at all school entrances and near classrooms to minimize movement and congregation in bathrooms.
- Consider installing privacy boards or clear screens to increase and enforce separation between staff and students.

10. **Extracurricular Activities:**
- All extracurricular activities operated by or supervised by school personnel or occurring on a school site, whether or not occurring during school hours, will be undertaken in compliance with this policy and all required public health measures applicable to K-12 schools. This applies to sports, band, chorus, clubs, and other similar activities and organizations. All MSA campuses will operate and supervise extracurricular activities in compliance with the latest California Department of Public Health K-12 guidance and any other relevant state or county guidance on sports and extracurricular activities.
- MSA Los Angeles sports programs will observe all required elements of the most updated version of the Los Angeles County Department of Public Health's "COVID-19 Exposure Management Plan Guidance, Youth Recreational Sports Programs" and the Los Angeles

25

County Department of Public Health's "Protocol for Organized Youth Sports: Appendix S" in addition to any future binding guidance applicable to K-12 youth sports programs.

- o Each Los Angeles campus's COVID-19 Compliance Officer shall fulfill the duties of the COVID-19 Organized Youth Sports Program Compliance Officer, as those duties are described in LACDPH's sports-related COVID-19 guidance.
- o Each Los Angeles campus's COVID-19 Compliance Officer shall ensure that the required LACDPH youth sports exposure management protocols are followed in accordance with current guidance.
- o Each Los Angeles campus's COVID-19 Compliance Officer shall ensure that all mandatory testing required by the LACDPH's youth sports guidance is conducted in accordance with current guidance.

- All MSA extracurricular programs will keep updated rosters of all participating students and staff to facilitate identification of close contacts.
- Indoor mask use remains an effective layer in protecting against COVID-19 infection and transmission, including during sports, music, and related activities, especially activities with increased exertion and/or voice projection, or prolonged close face-face contact. Accordingly:
  - o Masks are strongly recommended indoors at all times for teachers, referees, officials, coaches, and other support staff.
  - o Masks are strongly recommended indoors for all spectators and observers.
  - o Masks are strongly recommended indoors at all times when participants are not actively practicing, conditioning, competing, or performing. Masks are also strongly recommended indoors while on the sidelines, in team meetings, and within locker rooms and weight rooms.
  - o When actively practicing, conditioning, performing, or competing indoors, masks are strongly recommended by participants even during heavy exertion, as practicable. Individuals using instruments indoors that cannot be played with a mask (e.g., wind instruments) are strongly recommended to use bell coverings and maintain a minimum of 3 feet of physical distancing between participants. If masks are not worn (or bell covers are not used) due to heavy exertion, it is strongly recommended that individuals undergo screening testing at least once weekly, unless they had COVID-19 in the past 90 days. An FDA-authorized antigen test, PCR test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status.

26

11. Use of Face Coverings: The Charter School will follow CDPH, CDE and CDC guidance and state and local health orders on the use of face coverings. All staff are encouraged to review the CDPH and CDC guidance on cloth face coverings; face coverings must be used in accordance with CDPH Guidance and this Policy unless a person is subject to exemption.

- All MSA students are strongly recommended but no longer required to wear a face mask when indoors at any Charter School Campus building, bus, or other enclosed space. Individuals must still wear masks when entering a Nurse's office, COVID-19 testing site, symptom and wellness check area, isolation or quarantine area, or other medically sensitive area.
- Staff who return to work from isolation after having COVID-19 must wear a highly-protective mask around others, except when eating or drinking, for the full 10 days from onset of symptoms or, if asymptomatic, from the first positive COVID-19 test.
- Students who return to work from isolation after having COVID-19 are strongly recommended to wear a highly-protective mask around others, except when eating or drinking, for a full 10 days from onset of symptoms or, if asymptomatic, from the first positive COVID-19 test.
- Students and employees are required to wear a highly protective mask at all times in a LACDPH-designated outbreak setting (e.g., individuals who are part of the specific classroom or group involved in the outbreak must wear masks).
- No person at any MSA campus can be prevented from wearing a mask as a condition of participation in an activity or entry into the school site unless wearing a mask would pose a safety hazard.
- Face masks—to the extent they are required—are required without regard to vaccination status.
- Face masks and face shields, if required, may be removed for meals, snacks, naptime, showers, or outdoor recreation, or when needing to be replaced. When any type of face covering is temporarily removed, it should be placed in a clean paper bag (marked with the student's name and date) until it needs to be put on again.
- The Charter School will provide face coverings for students and staff who lose their face coverings or forget to bring them to school.
- Employees should wear a clean face mask to work every day if still required to wear one.
- Employees are expected to teach and reinforce proper use of face coverings, and in limited circumstances, face shields.
- The Charter School will post signs regarding the need for, proper use, removal, and washing of face coverings and shall educate students, particularly younger elementary school students, on the rationale and proper use of face coverings.

Deleted: <#>Charter School employees at the Home Office—which is not a school site—are permitted to forego indoor masking so long as the Charter School performs all verifications required under Section 4(c) of the current LACDPH Order of the Health Officer (2/23/2022). ¶

27

- When pedagogically necessary, Teachers still subject to an indoor face mask requirement may use clear plastic face shields with an appropriate seal (cloth covering extending from the bottom edge of the shield and tucked into the shirt collar) or transparent masks in certain limited situations in the classroom to enable students to see their faces and avoid potential barriers to phonological instruction as long as the wearer maintains physical distance from others to the extent practicable. Staff must return to wearing their normal surgical-grade face covering at all other times, unless otherwise exempted.

- The Charter School will evaluate any employee's request for accommodation from the Charter School's facial covering policy/requirement pursuant to the MPS Employee Handbook and applicable law for all lawfully recognized accommodations. Employees requesting an accommodation from the facial covering policy/requirement must provide appropriate documentation and contact human resources.

- Per Los Angeles County Department of Health Guidance, employees based in Los Angeles County who are granted exemptions from wearing a mask while indoors must undergo COVID-19 testing at least twice per week, unless the employee provides proof of full vaccination against COVID-19 and proof of receipt of any vaccine booster to which the employee is eligible.

- Accommodations for students:

  o Pursuant to CDPH Guidance on the use of face masks, individuals with a medical condition, mental health condition, or disability that prevents wearing a mask are to be accommodated with an exemption from mask wearing. This includes those who are hearing impaired as well as those who communicate with the hearing impaired.

  o If a student cannot wear a mask due to a medical condition, mental health condition, or disability, he or she should wear the next most effective alternative that can be tolerated, such as a transparent face shield with a cloth draping sealing the bottom.

  o Parents/guardians who believe their student may need an accommodation from the Charter School's facial covering policy and requirement should contact the Charter School principal.

  o Upon receipt of appropriate documentation, the Charter School will evaluate requests for accommodation and determine what, if any accommodations the Charter School can provide.

  o Assessment of whether a medical condition, mental health condition, or disability warrants a mask accommodation is a medical determination that must be made by a physician, nurse practitioner, physician assistant. Self-attestation and parental

28

attestation for mask exemptions due to the aforementioned conditions do not constitute medical determinations.

o Students exempted from wearing a mask or face shield, where they are still required, are strongly encouraged to be vaccinated against COVID-19 and to receive boosters when eligible and to be tested for COVID-19 at least twice a week. If a student is exempt from wearing any type of face covering and is not vaccinated, the Charter School shall implement physical distancing and other isolation measures to the greatest degree feasible.

12. Use of Gloves and Personal Protective Equipment: The Charter School is no longer required by emergency public health orders to require the use of gloves and personal protective equipment. Any employee or student who wishes to wear gloves and/or personal protective equipment beyond the required facial coverings may do so, provided that they dispose of them safely and appropriately and do not wear gloves or personal protective equipment of a type or in a manner that interferes with their ability to perform their duties. Upon request, the Charter School will provide gloves, a protective gown, and/or a well-fitting medical grade mask to any employee dealing with sick children, performing cleaning or disinfection, or when otherwise working indoors in close contact with others or when there is heightened likelihood of contact with respiratory secretions or other bodily fluid.

13. Support for Students at Increased Risk of Becoming Infected or Unrecognized Illness. Pursuant to state and local health guidance, the Charter School has developed the following measures to mitigate the risk of COVID-19 to vulnerable student groups:

- The Home Office COVID-19 Response Team or designee will review student health plans, including 504 Plans, to identify students who may need additional accommodations to minimize potential exposure.
- The Home Office COVID-19 Response Team or designee will develop a process for engaging families for potentially unknown concerns that may need to be accommodated.
- The Charter School will identify additional preparations for classroom and non-classroom environments as needed to ensure the safety of students at increased risk of becoming infected or having unrecognized illness. Persons who might be at increased risk of becoming infected or having unrecognized illness include the following:
  - o Individuals who have limited mobility or require prolonged and close contact with others, such as direct support providers and family members;
  - o Individuals who have trouble understanding information or practicing preventive measures, such as hand washing and physical distancing; and

29

- o Individuals who may not be able to communicate symptoms of illness.
- The Charter School is prepared for opening to provide Free Access to Public Education ("FAPE") in the least restrictive environment ("LRE") for each student. All students with disabilities will receive services according to their IEP. In accordance with IDEA, it is critical to reinforce the understanding that students receiving special education services, or 504 accommodations are general education students first. Balancing the educational needs with the health and well-being of students and staff is our top priority.
- Every child and adolescent with a disability is entitled to FAPE and is entitled to special education services based on their individualized education program (IEP). The Charter School continuously review and problem solve to balance safety and service needs. In order to provide the required level of safety, systems, processes and service delivery models have been reviewed. Adherence to social distancing guidelines will be followed as feasible except for instances when the services outlined in a specific IEP call for closer proximity. This will be evaluated on a case-by-case basis. For example, additional provision of PPE supplies to staff (gloves, gowns, face shields and Plexiglas dividers) who are required to deliver hand-over-hand instruction or hygiene service needs for students.
- Evaluations and Timelines:
  - o All IDEA/ADA compliance timelines will be followed on schedule and in accordance with IDEA/ADA regulations. IEP Team meetings and 504 meetings that were missed due to the March school facility closures will be rescheduled and conducted as soon as possible, if not already conducted. All IEP team meetings and 504 meetings will be conducted virtually until the use of school facilities return to normal operations.
- Services:
  - o The IDEA allows for flexibility in determining how to meet the individualized needs of students receiving special education services. State guidelines for the delivery of special education and related services will be implemented while protecting the health and safety of students as well as the individuals providing the services.
  - o If a student is unable to access their education in person due to medical or other circumstances, including the inability to wear a face covering, alternative means of delivering these services will be provided.
  - o The Charter School will provide appropriate protective equipment relative to the responsibilities of all Support Service Staff and disability needs.
  - o All Staff and students will receive training on the appropriate use of PPE and healthy hygiene practices that are proven to mitigate the spread of COVID-19.
- The Charter School will identify additional preparations for classroom and non-classroom environments as needed to ensure the safety of students at increased risk of becoming infected

30

or having unrecognized illness. Persons who might be at increased risk of becoming infected or having unrecognized illness include the following:

- o Individuals who have limited mobility or require prolonged and close contact with others, such as direct support providers and family members;
- o Individuals who have trouble understanding information or practicing preventive measures, such as hand washing and physical distancing; and
- o Individuals who may not be able to communicate symptoms of illness.

14. COVID-19 Vaccination Policy for Employees. The Charter School has adopted the following COVID-19 employee vaccination policy ("Employee Vaccination Policy"). The purpose of this Employee Vaccination Policy is to protect the health, safety, and well-being of all Charter School employees, students, families, and stakeholders to the maximum extent possible, and to facilitate a safe and meaningful return to in-person instruction. The Charter School drafted this policy in compliance with all applicable federal and state laws, including guidance from the Equal Employment Opportunity Commission ("EEOC"), Centers for Disease Control and Prevention ("CDC"), the California Department of Public Health ("CDPH"), and local health authorities.

- Pursuant to the California "State Public Health Officer Order of August 11, 2021," ("Order") all employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MSA -1, 5, Santa Ana, and San Diego campuses must either provide the School with proof of COVID-19 vaccination status or test for COVID-19 at least once per week. For employees, this directive is a condition of both employment and continued employment.
- Pursuant to the LAUSD's August 13, 2021 communication entitled "COVID-19 Vaccination Requirement for Employees and Other Adults Working at District Facilities," all employees, contractors, and other adults providing services at any District-owned school site must be fully vaccinated against COVID-19 no later than October 15, 2021. This directive is a condition of both employment and continued employment. **This policy applies to MSA-2, 3, 4, 6, and 8**.
- Pursuant to the LAUSD's December 16, 2021 communication entitled "Charter School COVID-19 Vaccination Compliance Certification Regarding Employees and/or Other Adults Providing Services to or for the Charter School on Any Site Including Non-District Property Occupied by Any District Authorized Charter School," the LAUSD employee vaccine mandate will apply to all LAUSD-authorized charter schools, whether on District-property or not. **This policy applies to MSA-7**.
    - o Under this policy, all employees of LAUSD-authorized schools, as well as all other adults who provide services to or for the Charter School, must become fully vaccinated against COVID-19 by June 30, 2022.

31

- o Unlike LAUSD's employee vaccine mandate for charter schools located on District-owned campuses, this policy permits the school to grant reasonable accommodations from vaccination to employees and other adults providing services at the school.
- o No employee or other adult providing services to MSA 7 will be permitted on campus if they have not either become fully vaccinated against COVID-19 or received an accommodation from MSA-7 by June 30, 2022.
- o MSA-7 shall prepare and carry a process for fielding requests for exemptions and shall establish in writing how its reasonable accommodation process is aligned with the goal of protecting the health and safety of all students, staff, and the school community against the threat of COVID-19.
- o Employees and adults providing services at MSA-7 who need an exemption from vaccination must contact the MSA-7 Compliance Task Force and the HR Department as soon as possible if they need an exemption from vaccination.
- o Furthermore, pursuant to this policy, MSA 7 must be prepared to provide LAUSD with any and all documents/records demonstrating that it is monitoring its employees and other adults who provide services to or for the Charter School and otherwise relating to the Charter School's compliance with LAUSD requirements.

- **Proof of COVID-19 Vaccination**:
  - o Consistent with applicable law, the Charter School will only accept the following forms of proof of COVID-19 vaccination:
    - COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card) which includes name of person vaccinated, type of vaccine provided and date last dose administered); OR
    - A photo of a Vaccination Record Card as a separate document; OR
    - A photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
    - Documentation of COVID-19 vaccination from a health care provider; OR
    - Digital record that includes a QR code that when scanned by a SMART Health Card reader displays to the reader client name, date of birth, vaccine dates and vaccine type; OR
    - Documentation of vaccination from other contracted employers who follow these vaccination records guidelines and standards.
  - o Any MPS employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MPS campus who either fails to provide proof of

32

COVID-19 or provides proof of vaccination that is not consistent with the above-referenced acceptable forms of proof will be deemed unvaccinated.

- o Employees may their submit proof of COVID-19 vaccination to the MPS Human Resources Department.
- o The Charter School will securely maintain the confidentiality of employee COVID-19 vaccination data in strict compliance with all applicable legal authority.
- **COVID-19 Employee Testing**:
  - o Pursuant to the Order, all MPS employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MSA-1, 5, 7, Santa Ana, and San Diego campuses who are either unvaccinated or incompletely vaccinated must undergo COVID-19 testing at least once per week.
  - o Previous history of COVID-19 from which the individual recovered more than ninety (90) days earlier, or a previous positive antibody test for COVID-19, do not waive this requirement for testing.
- **Accommodations**: Employees may request an accommodation from COVID-19 vaccinations and/or COVID-19 testing due to a medical issue or sincerely held religious belief, practice or observance that may prevent an employee from vaccinating or testing for COVID-19. Upon receiving a request for accommodation from COVID-19 testing and/or vaccinations, the Charter School will engage in the interactive process and determine what, if any accommodations can be provided. However, the Charter School may not be required to provide an employee with an accommodation, should it result in a direct threat to health and safety at the School or to the employee or if the accommodation will cause an undue hardship for the School, among other reasons.
- **Compliance Period**:
  - o Employees at the MSA -1, 5, Santa Ana, and San Diego campuses must submit proof of COVID-19 vaccination to the Charter School before October 15, 2021. Such employees who fail to submit proof of COVID-19 vaccination before this date will be deemed unvaccinated and must be required to test for COVID-19 at least once per week. On or after October 15, 2021, employees to fail to test for COVID-19 will be deemed in non-compliance with this policy, absent an approved, legally recognized accommodation from such testing.
  - o Employees at MSA-2, 3, 4, 6, and 8 campuses must submit proof of COVID-19 vaccination to the Charter School before October 15, 2021. Such employees who fail to submit proof of COVID-19 vaccination before this date will be deemed in non-compliance with this policy, absent an approved, legally recognized accommodation from such testing.

Deleted: (PCR only)

Deleted: <#>As outlined above, all employees at any MSA-2, 3, 4, 6, and 8 campuses must test for COVID-19 at least once per week, regardless of COVID-19 vaccination status, as directed by the LAUSD.¶

33

- o Employees at MSA-7 must submit proof of vaccination to the Charter School by June 30, 2022.
- **Non-Compliance**:
  - o Any employee deemed to be in non-compliance with this policy may be subject to disciplinary action, up to and including termination from at-will employment.
  - o The Charter School reserves the right to refuse entry to campus to any volunteer, vendor, contractor other adult supporting Charter School functions, should they fail to comply with the proof of vaccination and testing directives as stated in this Policy.
- All employees who have not yet vaccinated should do so outside of working hours. Employees who demonstrate they are unable to get vaccinated outside working hours may use either COVID-19 Supplemental Paid Sick Leave or accrued sick leave for time spent attending a COVID-19 vaccination appointment. In such cases, employees must consult with their supervisors regarding the best time to be excused to receive the vaccine and are responsible for arranging coverage during their absence to get vaccinated, if applicable.
- Employees who experience symptoms related to a COVID-19 vaccine that prevent the employee from being able to work or telework may be entitled to COVID-19 Supplemental Paid Sick Leave, if available and upon request.
- The Charter School will not discriminate, harass, or retaliate against any employee for receiving the COVID-19 vaccine or for electing not to receive the COVID-19 vaccine. However, the School reserves the right to appropriately discipline an employee for non-compliance with this policy, consistent with applicable law.
- As public health and legal guidance regarding COVID-19 vaccinations evolves, the Charter School reserves the right to revise this Employee Vaccination Policy. Upon any revision to this Employee Vaccination Policy, the Charter School will provide immediate notice in writing to all employees.
- Employee with any questions regarding the Charter School's Employee Vaccination Policy may contact Human Resources Department at hr@magnoliapublicschools.org.

15. COVID-19 Vaccination Policy for Students. The Charter School has adopted the following COVID-19 student vaccination policy ("Student Vaccination Policy"). The purpose of this Student Vaccination Policy is to protect the health, safety, and well-being of all Charter School employees, students, families, and stakeholders to the maximum extent possible. The Charter School drafted this policy in compliance with all applicable federal and state laws, including guidance from the Centers for Disease Control and Prevention ("CDC"), the California Department of Public Health ("CDPH"), and local health authorities.

34

- Pursuant to the directive of the Los Angeles Unified School District, all students of MSA-2, 3, 4, 6, 7, and 8 who are eligible to receive COVID-19 vaccination must be vaccinated against COVID-19 by the first day of the 2023-24 school year, unless medically exempted, or they will not be permitted on campus. At this time, the Student Vaccination Policy applies only to students at MSA-2, 3, 4, 6, 7, and 8.
- **Proof of Vaccination**.
  - o Vaccination status can only be proven by one of the following methods acknowledged by the California Department of Public Health:
    - COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control and Prevention or WHO Yellow Card) which includes the name of the person vaccinated, type of vaccine provided and date last dose administered; OR
    - A photo of a Vaccination Record Card as a separate document; OR
    - A photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
    - Documentation of COVID-19 vaccination from a health care provider; OR
    - Digital record that includes a QR code that when scanned by a SMART Health Card reader display to the reader client name, date of birth, vaccine dates and vaccine type.
- **Parental Consent**.
  - o Parent/guardian consent is required for vaccination of students 12-17 years of age.
  - o A student consent form is available at the Daily Pass Portal at https://DailyPass.lausd.net and is included to be filled out as part of the process of making an appointment to receive COVID-19 vaccination from the Los Angeles Unified School District.
  - o Parents/guardians may be present at, but will not be required to attend, their child's appointment to receive a COVID-19 vaccination from the Los Angeles Unified School District.
- **Compliance Requirements**.
  - o To provide proof of vaccination, parents/guardians must upload adequate documentary proof of vaccination to the Daily Pass system and ensure that the information appears in the "Vaccinations" tab of their student's Daily Pass. Students vaccinated by the Los Angeles Unified School District do not need to submit their vaccination record, as it will be automatically updated following receipt of the vaccine.

35

- o At this time, the Pfizer-BioNTech COVID-19 vaccine is the only vaccine approved for individuals aged 12 to 17. Students who are 18 or older may also use the Johnson & Johnson or Moderna vaccine to satisfy the vaccination requirement.
- o To meet the deadlines imposed by the Los Angeles Unified School District for student vaccination, students aged 12+ should receive their first dose of the Pfizer-BioNTech vaccine no later than 5 weeks prior, and second shot no later than two weeks prior, to the vaccination requirement deadline. To meet the vaccination deadline, students aged 18+ should receive the single dose of the Johnson & Johnson vaccine no later than two weeks prior to the vaccination deadline. And, to meet the deadline using the Moderna vaccine, students should receive their first shot no later than 6 weeks prior to their deadline with their second shot coming no later than two weeks prior to the vaccination requirement deadline.
- **Exemptions and Conditional Admissions**.
  - o Parents/guardians may apply for exemptions from the COVID-19 vaccine requirements only for medical reasons. The medical exemption process must be followed with the completion of the *Student Medical Exemption to the COVID-19 Vaccine* form and its submission via the Daily Pass portal.
  - o Students who are not in compliance by the deadline may be conditionally admitted if they are in one of the following groups: 1) foster youth, 2) experiencing homelessness, 3) migrant, 4) military family, or 5) has an IEP.
  - o There are no religious or personal belief exemptions to the Student Vaccination Policy. Because this Student Vaccination Policy is implemented at the directive of the Los Angeles Unified School District, the Charter School cannot grant exemptions outside of those granted through the District's Daily Pass process.
- MSA 2, 3, 4, 6, 7, and 8 students who fail to comply with the Student Vaccination Policy by the first day of Fall Semester 2023, will be excluded from physically entering campus.
- MSA 2, 3, 4, 6, and 8 students will still be required to comply with all COVID-19 testing frequencies mandated by the Los Angeles Unified School District without regard to vaccination status.

16. Communications to the Charter School Community: The Charter School will keep families, staff, and the community informed, engaged, and in touch as the new school year begins, by implementing the following communications measures:

- The Charter School will engage with families and staff to develop strategies to prepare and respond to the COVID-19 emergency, including guidelines for families about when to keep students home from school and other topics.

36

- Communications will include a process for engaging families for potentially unknown concerns that may need to be accommodated.
- Prior to the start of the school year, the Charter School will communicate to staff, students, and parents about new, COVID-19-related protocols, including:
  o Proper use, removal and washing of face coverings.
  o Screening practice.
  o How COVID-19 is spread.
  o COVID-19 specific symptom identification.
  o Preventing the spread of COVID-19 if you are sick, including the importance of not coming to work if staff members have symptoms, or if they or someone they live with has been diagnosed with COVID- 19, including pertinent isolation and quarantine policies.
  o Local community testing sites and options for obtaining COVID-19 testing from private medical providers, including any testing arranged by the Charter School.
  o Guidelines for employees regarding COVID-19 specific symptom identification and when to seek medical attention.
  o Guidelines for families about when to keep students home from school.
  o Systems for self-reporting symptoms.
  o Criteria and plan to close schools again for physical attendance of students.
  o Changes in Charter School extracurricular, academic, and meal programs to help prevent the spread of COVID-19.
  o Contact information at the Charter School for students who may have been exposed to COVID-19.
  o Charter School contact information if a student has COVID-19 symptoms or may have been exposed to COVID-19.
- The Charter School will provide information to parents and guardians regarding this Policy and related guidance, along with the safety measures that will be in place in indoor and outdoor settings with which parents and guardians must comply.
- This Policy will be posted at all public entrances to the Charter School campus.
- The Charter School will develop a communications plan for implementation if the school has a positive COVID-19 case in accordance with CDPH and CDE guidelines.

The MPS CEO/Superintendent is authorized to implement changes or additions to this policy in order to ensure compliance or consistency with new or revised orders or guidance from local, county, state or federal authorities ("Agencies"), to take any and all actions consistent with orders and guidance from the Agencies that is not specifically addressed by this policy, and to

37

ensure compliance with the Charter School's charter petition. The MPS CEO/Superintendent shall provide the Board with regular updates as to actions taken pursuant to this section.

Appendix

Site Specific Planning Form

This document has been included to align with the Los Angeles Unified School District's ("LAUSD")'s COVID-19 Containment, Response and Control Plan ("Containment Plan"). Pursuant to the LAUSD's Containment Plan, the LAUSD is requiring all Los Angeles Unified schools complete this form, along with the pre-filled versions of the Los Angeles County Department of Public Health COVID-19 Reopening Protocols forK-12 Schools: Appendices T1 and T2 documents.

HEALTH AND SAFETY POLICY FOR COVID-19

It is the policy of Magnolia Public Schools ("Charter School") to take all reasonable measures to prevent the spread of the novel coronavirus disease ("COVID-19") among students and staff. In accordance with this policy, the Charter School is temporarily implementing health and safety measures to mitigate the spread of COVID-19 as the Charter School resumes in-person instruction. This policy recognizes that these measures are each designed to provide some protection against COVID-19. While there may be times when one measure may not be feasible, implementing alternative measures can provide additional layers of safety. This Policy includes both mandatory measures (using terms "shall" or "will") as well as recommended measures intended to guide decisions in light of practical limitations.

This Policy is based on guidance provided by the Centers for Disease Control ("CDC"), the California Department of Education ("CDE"), the California Department of Public Health ("CDPH"), and relevant county public health officials. The Governor and each county public health official is vested with the authority to impose health and safety standards, which may vary by locality in response to different local conditions. The Charter School will, as necessary, consult with their county health officer, or designated staff, who are best positioned to monitor and provide advice on local conditions to individually determine whether more or less stringent measures are necessary to align with the applicable public health orders. The Charter School will fully cooperate with county public health officials regarding the screening, monitoring and documentation that will be required to permit careful scrutiny of health outcomes associated with the return to in-person instruction on Charter School campuses.

This Policy constitutes the COVID-19 Infection Control Plan for each Charter School worksite. Prior to resuming in-person instruction, the Home Office COVID-19 Response Team shall perform a comprehensive risk assessment of all work areas and work tasks in accordance with guidance from CDPH and this Policy. The following staff member(s) is (are) responsible for implementing this Policy at each campus:

250 E. 1ˢᵗ Street Suite 1500, Los Angeles, CA 90012 | www.magnoliapublicschools.org

In addition to in-person instruction, the Charter School will also offer optional independent study as an alternative to in-person instruction in the 2021-22 school year. Independent study will also be made available for students for whom in-person instruction poses a heightened risk of infection.

1. Limited Access to Campus. As school campuses open for fully in-person instruction in the 2021-22 school year, California public health authorities have relaxed restrictions on access to school campuses; however, the ongoing threat of COVID-19 and the public health orders in effect necessitate that the following precautions be maintained:

- The Charter School may limit nonessential visitors' access to the Charter School campus and may limit the number of students and staff with whom they come into contact, based on, among other factors, the current levels of community transmission, the vaccination status of any such visitor, and the relative importance of the visit's purpose.

- The Charter School will exclude from the campus any employee, student, parent, caregiver or visitor who refuses to take or does not pass a Wellness and Temperature Screening.

- All visitors to a Charter School Campus are strongly encouraged to wear a face mask while inside any Charter School building, vehicle, or other enclosed space.

- Any parent or guardian picking up a student who has been placed on isolation or quarantine must stay outside campus and the student will be brought to them for dismissal.

- Signage shall be posted at all public entrances to the Charter School warning visitors not to enter if they have COVID-19 symptoms.

- Students excluded from campus on the basis of an elevated temperature or other COVID-19 related symptoms may be provided with Independent Study opportunities to support their academic success to the greatest extent possible during exclusion.

- Students and employees who are well but who have a household member that has been diagnosed with COVID-19 are directed to notify the COVID-19 Compliance Officer, who will consult with other Charter School staff to determine whether the student or staff member can

3

continue coming to school with a modified quarantine in light of current guidance and this Policy.

- Per Cal/OSHA requirements, the Charter School shall exclude staff members who have symptoms consistent with COVID-19 or who have had a close contact with a positive COVID-19 case and are not vaccinated.

- Health and safety standards and procedures shall be applied equally to all users of a public school campus that is subject to a co-location arrangement.

- Implement health screenings of students and staff upon arrival at school (see Section 2).

- To the extent that non-parent visitors are required to enter the Charter School Campus, the School will take the following precautions:
  - o Non-parental visitors will be allowed on campus via appointment only.
  - o Non-parental visitors must pre-register in a visitor's log, which includes the visitor's name, email address, and phone number.
  - o Non-parental visitors will only be allowed to enter specific areas to conduct their business.
  - o Visitors to MSA-2, 3, 4, 6, and 8 must complete daily screening questions using LAUSD's Daily Pass or at the entrance to the school.

2. Wellness Checks and Temperature Screenings:

- *COVID-19 Symptoms*. Currently, the CDC has identified the following as potential symptoms of COVID-19:
  - o Fever or chills
  - o Cough
  - o Shortness of breath or difficulty breathing
  - o Fatigue
  - o Muscle or body aches
  - o Headache
  - o New loss of taste or smell
  - o Sore throat
  - o Congestion or runny nose
  - o Nausea or vomiting
  - o Diarrhea
- In-person wellness checks administered under this Policy shall:
  - o Confirm that the subject has not experienced COVID-19 symptoms in the prior 48 hours or potentially been exposed to COVID-19, by soliciting the following

4

information:

- Have you had any one or more of these symptoms today or within the past 48 hours? Are these symptoms new or not explained by another reason?
  - Fever or chills
  - Cough
  - Shortness of breath or difficulty breathing
  - Fatigue
  - Muscle or body aches
  - Headache
  - New loss of taste or smell
  - Sore throat
  - Congestion or runny nose
  - Nausea or vomiting
  - Diarrhea
- Do you live in the same household with, or have you had close contact with, someone who in the past 14 days has been in isolation for COVID-19 or had a test confirming they have the virus? Close contact means sharing the same indoor airspace with an infected person for a cumulative total of 15 minutes or more over a 24-hour period during the positive case's infectious period: 2 days before onset of symptoms or, for asymptomatic patients, 2 days prior to first positive test specimen collection and until the time the person is cleared from isolation.

o If the student, staff, parent, or, visitor answers "no" to all questions, he or she may enter the school.

o If the student, staff, parent, or visitor answers "yes" to any of the questions, he or she may not enter the school. Employees, parents, and visitors answering "yes" must leave immediately and will be instructed to self-isolate until further instructions are given by the COVID-19 Compliance Officer. Students answering "yes" will be isolated and must leave as soon as pickup can be arranged and then will be instructed likewise.

o Students, staff, parents, or, visitors have had close contact with an individual who has tested positive shall return home to self-quarantine as per CDPH and local guidance.

- However, the Charter School will not exclude such individuals with close contact exposure and not require them to return home or self-isolate if they are both asymptomatic and fully-vaccinated against COVID-19. Should an asymptomatic and fully-vaccinated individual be exposed to COVID-19, the Charter School reserves the right to request proof of vaccination for

5

COVID-19 before allowing the individual on campus.
- o Students and staff are encouraged to screen themselves for symptoms at home before coming to campus.
- o Students and staff of MSA-2, 3, 4, 6, and 8 may be subject to further health check procedures as required by LAUSD.
- o A check in area should be established on campus for health screenings to be performed privately and with enough space to allow physical distancing.
- *Campus Screening Logistics*:
  - o Each employee and visitor to the school site shall be screened for COVID-19 symptoms before entering the school site.
  - o Temperature and wellness screenings will be performed by a trained school employee at all Charter School Campuses to the extent feasible.

3. COVID-19 Compliance Task Force and Compliance Officer. State and local health orders require that schools designate a task force and liaison to be responsible for receiving and sharing information on COVID-19 policies, positive cases, and exposures. The Charter School shall comply with these requirements by implementing the following measures:

- The Charter School will comply with and implement the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the Los Angeles County Department of Public Health ("LAC DPH"). If the LAC DPH Exposure Management Plan is updated such that this Policy becomes materially inconsistent with it, the Charter School will follow the current Exposure Management Plan.
- The Charter School will establish a Compliance Task Force. The Compliance Task Force is responsible for establishing and enforcing all COVID-19 safety protocols, as well as ensuring all Charter School students and staff receive appropriate COVID-19 education. The names and contact information for all Compliance Task Force members are referenced above on pages one and two of this policy
- The Charter School will designate a "COVID-19 Compliance Officer," to act as a liaison between the local county public health department and the Charter School, in the event of a COVID-19 cluster or outbreak at the Charter School. The name and contact information for the Charter School's COVID-19 Compliance Officer is referenced above on pages one and two of this policy.
- The COVID-19 Compliance Officer shall monitor trends in absences and the prevalence of symptoms and illnesses among students and staff on campus to help isolate them promptly, as needed.

6

- The COVID-19 Compliance Officer shall be the point of contact responsible for sharing information on positive cases and exposures to relevant state and local health departments, as detailed in the Exposure Management Plan section of this Policy.
- The COVID-19 Compliance Officer shall conduct COVID-19 Task Force meetings no less than twice per month to identify areas for improving the enforcement and results of this Policy.

4. COVID-19 Testing and Reporting. Testing, in conjunction with vaccination, face masking, and other safety protocols, is a key factor in preventing COVID-19 infection. In keeping with the recommendations and requirements of state and local health departments, the Charter School shall implement the following testing and reporting procedures:

- When testing students or employees for COVID-19, the Charter School will use FDA-Authorized viral COVID-19 tests, including a Nucleic Acid Amplification Test (NAAT, such as a Polymerase Chain Reaction test or an Antigen test. An FDA-authorized over-the-counter test is acceptable for student and staff screening purposes so long as the results can be verified.
- Testing will be applied on symptomatic[1], response[2], and asymptomatic[3] bases.
- The Charter School's COVID-19 Compliance Officer must be made aware of all positive student and staff test results and shall report those results to local public health officials as required by law.
- Per Cal/OSHA Emergency Temporary Standards, the Charter School will provide testing at no cost to employees during paid time for:
  - Symptomatic unvaccinated employees, regardless of whether there is a known exposure,
  - Unvaccinated employees after an exposure,
  - Vaccinated employees after an exposure if they develop symptoms,
  - Unvaccinated employees in an outbreak (three or more employee cases), or

---

[1] Symptomatic testing "is used for individuals with symptoms of COVID-19, either at home or at school."

[2] Response testing "is used to identify positive individuals once a case has been identified in a given stable group. Response-based testing can be provided for symptomatic individuals or for asymptomatic individuals with known or suspected exposure to an individual infected with SARS-CoV-2."

[3] Asymptomatic testing is "used for surveillance, usually at a cadence of every 2 weeks or less frequently, to understand whether schools have higher or lower rates of COVID19 rates than the community, to guide decisions about safety for schools and school administrators, and to inform LHDs about district level in-school rates. Asymptomatic testing can also be used for screening, usually at a higher cadence (weekly or twice weekly) than surveillance testing, to identify asymptomatic or pre-symptomatic cases, in order to exclude cases that might otherwise contribute to in-school transmission."

7

- o   All employees in a major outbreak (20 or more employee cases).
- Testing Required in San Diego County:
  - o   No student testing will be required at MSA-SD at this time due to local transmission rates. However, the Charter School reserves the right to exclude MSA-SD students from campus who are either symptomatic for COVID-19 or who have been exposed to COVID-19, until all time and symptom criteria have been reached, consistent with public health guidance and as stated in this Policy. The Charter School will also continue to monitor local case rates to determine whether any further COVID-19 testing of students is necessary.
  - o   Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-SD employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.
- Testing Required at Magnolia Science Academy MSA- 2, 3, 4, 6, and 8:
  - o   Beginning July 1, 2022, MSA- 2, 3, 4, 6, and 8 will no longer conduct weekly asymptomatic testing. Instead, these campuses will implement a Response Testing protocol, whereby those (1) who present with symptoms, (2) who have been exposed to a confirmed positive case (inside or outside of school or work), or (3) who tested positive for COVID-19 and need to return from isolation early (after Day 5), will be required to test with a rapid antigen test provided by the school site.
  - o   Individuals who have recovered from laboratory-confirmed COVID-19 within the last 90 days are not required to test for COVID-19 unless they develop new onset symptoms. If these individuals develop new onset symptoms, they may avail themselves of a Rapid Antigen Test at their school or work site and upload its results via the Daily Pass.
  - o   These campuses are recommended to maintain an inventory of rapid antigen tests equal to 30% of the total student and employee enrollment for response testing purposes.
  - o   Individuals new to LAUSD are required to baseline test upon their start of school or work. All individuals will be required to comply with all District requirements for baseline testing upon return from school breaks, such as Spring Break.
- Testing Required at MSA-1, 5, 7 and MSA-SA:
  - o   Beginning July 1, 2022, MSA-1, 5, 7, and Santa Ana will no longer conduct weekly asymptomatic testing. Instead, these campuses will implement a Response Testing protocol, whereby those (1) who present with symptoms, (2) who have been exposed to a confirmed positive case (inside or outside of school or work), or (3) who tested

8

==positive for COVID-19 and need to return from isolation early (after Day 5), will be required to test with a rapid antigen test provided by the school site.==

- o Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-1, 5, 7, and MSA-SA employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.

- Testing Required at MSA-SD and Home Office:
  - o Consistent with California's "State Public Health Officer Order of August 11, 2021," all MSA-San Diego and Home Office employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on campus must either provide the School with proof of COVID-19 vaccination or test for COVID-19 at least once per week, consistent with applicable law and the Charter School's COVID-19 employee vaccination policy.

- Additional levels of employee and student COVID-19 testing may be implemented in response to local disease trends, an outbreak, as determined by the Home Office COVID-19 Response Team, where required by Cal/OSHA regulations, or where otherwise required by law or public health guidance. The Charter School reserves the right to require employees undergo additional frequencies of COVID-19 testing, consistent with applicable authority, and directives from public health authorities as well as the School's authorizer, regardless of an employee's COVID-19 vaccination status.

- For staff and student-wide testing, all staff and students shall be tested, except any staff and students who have no contact with others and do not report to campus.

- The Charter School can cause tests to be provided at any one of its campuses, or have staff get tested at any local testing site or by their health insurance provider, which must cover the cost.
  - o If county-provided testing is not available, then private labs and health insurance providers may be used, and the cost of testing must be covered by the health insurance provider under an emergency state regulation.

- The Charter School's liaison must be made aware of the student and staff test results and report those results to local public health officials.

- Student consent for testing:
  - o For Charter School Students aged 12 and under, the Charter School will require parental consent for COVID-19 testing.
  - o Pursuant to California Family Code Section §6926 and CDPH guidance, Charter School Students aged 13 to 17 may consent to COVID-19 testing on their own.

9

- o Charter School students aged 18 and older do not need parental consent for COVID-19 testing.
- Students who refuse to participate in the COVID-19 testing program or to report the test results to the Charter School, where such testing is required, will not be allowed to return to in-person instruction or otherwise enter the Charter School Campus. Both the testing and the reporting are required under applicable public health guidance and legal authority.
- For staff who refuse to participate in the COVID-19 testing program or to report the test results to the Charter School, where such testing is required, the Charter School reserves the right to discipline an employee for such non-compliance, up to and including termination from at-will employment.
- Consistent with applicable law, the Charter School will consider accommodations from mandatory testing for medical reasons and any other lawfully recognized reason. Employees or students and/or parents/guardians who wish to request an accommodation for themselves or their child can contact the Charter School. The Charter School cannot guarantee the availability of particular accommodation and will process all requests for accommodation consistent with MPS policies and applicable law.
- The Charter School must maintain confidentiality of test results, other than reporting the results to local public health officials. All medical information about any employee must be stored separately from the employee's personnel file in order to limit access to this confidential information. The Charter School should have a separate confidential medical file for each employee where the Charter School can store all of that employee's medical information. Medical information includes COVID-19 test results, an employee's statement via any symptom screening that they have symptoms or COVID-19, medical certifications showing the employee needs time off due to COVID-19, etc. For students, the Charter School will take similar precautions to safeguard the students' privacy and confidentiality, consistent with FERPA and all relevant legal requirements.
- All volunteers, contractors, vendors and other adults supporting Charter School functions on any MPS campus must comply with applicable COVID-19 testing requirements, as stated in the COVID-19 Vaccination Policy.
- In the event of a positive test result of a student or family member:
  - o The Charter School requires that parents/guardians notify school administration immediately if the student tested positive for COVID-19 or if one of their household members or non-household close contacts tested positive for COVID-19.
  - o Upon receiving notification that staff or a student has tested positive for COVID-19 or been in close contact with a COVID-19 case, the Charter School will take actions as required in Section 5 below.

10

5. Exposure Management Policy: Suspected/Confirmed Cases and Isolation. Preventing and minimizing the spread of COVID-19 within the Charter School Community requires a sound policy for managing exposure to infected individuals. The Charter School will follow the exposure management provisions of the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the LAC DPH as well as "COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year" promulgated by the CDPH, and other local counties. In the event that this protocol is updated so that it materially conflicts with the measures laid out in this Policy, the Charter School will follow the updated protocol; otherwise, the following measures shall be followed:

- **Reporting Obligation**. Per AB 86 and California Code Title 17, section 2500, schools are required to report COVID-19 cases to the local public health department. The COVID-19 Compliance Officer shall report every positive COVID-19 case to the appropriate county authority.

- **Suspected Cases**. In the event of a suspected COVID-19 case:
  - The Charter School will identify an isolation room and/or outdoor areas to separate anyone who exhibits COVID-19 symptoms.
  - Isolation of students, employees, and visitors exhibiting symptoms of COVID-19 will occur without regard to vaccination and/or recent testing status.
  - Any students, staff, or visitors exhibiting symptoms should immediately be provided with and required to wear a surgical-grade or better face covering and should be directed to wait in the separate isolation area until they can be transported home or to a healthcare facility, as soon as practicable. For serious illness, call 9-1-1 without delay.
  - Students in the isolation area will be monitored by a staff member.
  - Parents/guardians will be required to pick up their students within one hour. Parents/guardians should take the student to get a COVID-19 test immediately and, if a student of MSA- 2, 3, 4, 6, or 8, should upload the test result to the LAUSD Daily Pass system or otherwise provide a copy to the school.
  - A log will be kept of all persons entering the isolation area.
  - Physical distancing of six feet or greater will be maintained in the isolation and area and masking shall be required for any individual entering these areas.

- **Symptomatic but negative**. Symptomatic individuals who test negative for COVID-19 can return 24 hours after resolution of fever (if any) and improvement in symptoms.
  - Documentation of a negative test result should be provided to school administrators.

11

- In lieu of a negative test result, students and staff may return to work with a medical note by a physician that provides alternative explanation for symptoms and reason for not ordering COVID-19 testing.
- Symptomatic individuals who neither test for COVID-19 nor consult with a medical professional must isolate at home until fever free for 24 hours, improved symptoms, and 10 days from symptom onset.
- For MSA-SD, individuals who have symptoms of COVID-19 but who test negative with an antigen test must confirm the initial negative antigen test with a second follow-up test (antigen, PCR, or other NAAT) administered the following day and must remain isolated until cleared by the confirmatory test.

- **Isolation**. Persons who test positive or are otherwise diagnosed with COVID-19 must isolate until they have satisfied the following conditions:
  - At least 5 days have passed since symptom onset or, if asymptomatic, since their positive test; AND
  - At least 24 hours have passed since resolution of fever without the use of fever-reducing medications; AND
  - Other symptoms have resolved or are improving; AND
  - An FDA authorized COVID-19 viral test (antigen preferred) test taken on or after Day 5 from symptom onset is negative.
  - NOTE: If fever reduction, improvement of other symptoms, or a negative test are not all achieved, isolation may not end until after Day 10 from symptom onset or, if asymptomatic, their positive test, so long as 24 hours have passed since resolution of fever and all other symptoms are not present or are improving.
  - Note: For staff, per CAL/OSHA COVID-19 Prevention ETS, testing that is required for employees must be provided by the employer free of charge and during work hours; these tests may not be self-administered and self-read unless they are observed by the employer or an authorized telehealth proctor or verifiable through the use of a time/date stamped photograph or through the use of a test that employee digital result reporting that marks the time and date of the result.
  - Students returning to school after isolation are strongly recommended to wear a highly protective non-cloth mask when around others, except when eating or drinking, for a full 10 days from testing positive or onset of symptoms.
  - Staff returning to school after isolation are required to wear a highly protective non-cloth mask when around others, except when eating or drinking, for a full 10 days from testing positive or onset of symptoms.

12

- o The School will comply with Cal/OSHA regulations regarding when employees may return to work after exposure, as detailed in the Charter School's IIPP addendum.
- **School Response to Confirmed Case**. In the event of one or more confirmed COVID-19 case(s) the Charter School will follow the CDPH and local public health guidance, including implementation of the following practices:
  - o The Charter School will provide notifications to the local public health department of any known case of COVID-19 among any student, employee, or visitor or other school-associated person who was present on a Charter School campus within the 14 days preceding COVID-19 symptoms, or 10 days before a positive test result.
  - o MSA Los Angeles COVID-19 Compliance Officers will notify the Los Angeles County Department of Public Health of any COVID-19 hospitalizations or deaths among students or staff by sending a notification to ACDC-Education@ph.lacounty.gov.
  - o MSA Los Angeles Schools will inform all employees how to obtain testing, will offer testing at no cost and during paid time, and will provide testing in a manner that ensures employee confidentiality. An over-the-counter COVID-19 test may be both self-administered and self-read if the results are verifiable, such as through a time/date stamped photograph or through use of an over the counter test that uses digital reporting of results.
  - o Notifications will be provided by the Home Office COVID-19 Response Team depending on the county where the school is located.
  - o For Los Angeles campuses: The COVID-19 Compliance Officer will instruct the individual who tested positive to follow the LACDPH COVID-19 Home Isolation instructions and will inform the positive case that LACDPH will contact them directly to collect additional information and to issue a Health Officer Order to isolate.
  - o All students and staff of MSA- 2, 3, 4, 6, and 8 campuses who are determined to be a confirmed case will be contacted by the LAUSD Community Engagement team to be instructed on isolation and to provide further information.
  - o Site administrators of MSA- 2, 3, 4, 6, and 8 will report to LAUSD using the Initial Exposure Management (IEM) Reporter App, as detailed in the latest LAUSD IOC guidance on exposure management reporting.
  - o The notification to the local public health department must include:
    - ▪ 1) The full name, address, telephone number, and date of birth of the individual who tested positive;

13

- 2) The date the individual tested positive, the school(s) at which the individual was present on-site within the 10 days preceding the positive test, and the date the individual was last on-site at any relevant school(s); and

- 3) The full name, address, and telephone number of the person making the report.

- For San Diego Charter School locations, the public health department should be notified either via phone at (888) 950-9905, or online at www.coronavirus-sd.com. The notification should list the following information: 1) The name of the person reporting, 2) the Charter School name and district, 3) the Charter School address, 4) your position at the Charter School. For the individual diagnosed with COVID-19, the notification should list the individual's: 1) Name, 2) date of birth, 3) contact information (phone number and email), 4) the individual's last date on the Charter School campus, and 5) any additionally relevant comments.

- For Los Angeles County Charter School locations: The Charter School will report all school-related COVID-19 cases online through the Shared Portal for Outbreak Tracing (SPOT):httpss://spot.cdph.ca.gov/s/?language=en_US. If there are multiple cases to report, schools can submit their reports using the "Bulk Upload Template" located within the SPOT portal. All case notifications should be submitted within 1 business day of being notified of the case. Schools that need assistance on COVID-19 case reporting or other exposure management processes can call the TK-12 School COVID-19 Case Reporting Call Center, Monday through Friday from 8:00 AM to 5:00 PM at (833)707-0319.

- For Orange County Charter School locations: Contact the Orange County Public Health Department via phone at 714-834-8180, or via email at epi@ochca.com.

o Notify all staff and families in the school community of any positive COVID-19 case while maintaining confidentiality as required by state and federal laws.

o Close off areas used by any sick person and do not use before cleaning and disinfection.

o Investigate the COVID-19 illness and exposures and determine if any work-related factors could have contributed to risk of infection.

o Update protocols as needed to prevent further cases in accordance with CDPH Guidelines ("Responding to COVID-19 in the Workplace").

14

- Implement communication plans for exposure at school and potential school closures in the event of an outbreak or other necessary circumstances, to include outreach to students, parents, teachers, staff and the community.
- Include information for staff regarding labor laws, California Supplemental Paid Sick Leave, emergency paid sick leave and extended family and medical leave pursuant to the FFCRA, information regarding Disability Insurance, Paid Family Leave and Unemployment Insurance, as applicable to schools.
- Maintain regular communications with the local public health department.
- If the school site must be closed for in-person instruction, develop a contingency plan for continuity of education using independent study. Independent study shall include all of the following:
  - Confirmation or provision of access for all students to connectivity and devices adequate to participate in the educational program and complete assigned work;
  - Content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction;
  - Academic and other supports designed to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with exceptional needs, students in foster care or experiencing homelessness, and students requiring mental health supports;
  - Special education, related services, and any other services required by a student's individualized education program, with accommodations necessary to ensure that individualized education program can be executed in an independent study learning environment;
  - Designated and integrated instruction in English language development for English learners, including assessment of English language proficiency, support to access curriculum, the ability to reclassify as fully English proficient, and, as applicable, support for dual language learning;
  - Providing synchronous instruction as required by law.
    - "Synchronous instruction" means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of internet or telephonic communications, and involving live two-way communication between the teacher and pupil. Synchronous instruction shall be provided by the teacher of record for that pupil pursuant to Section 51747.5.
      - For TK/K-3 opportunities must occur daily.

15

o For 4-8 opportunities must occur weekly along with daily live interaction.

o For 9-12 opportunities must occur weekly.

o Can be classroom style, designated small group, or one-on-one.

o The "teacher of record for that pupil" pursuant to Section 51747.5 is the assigned supervising teacher who must be an employee. There is not more than one supervising teacher.

- Charter School will document each pupil's participation in synchronous instruction.
- Continuing to provide school meals.

o Provide guidance to parents, teachers and staff reminding them of the importance of community physical distancing measures while a school is closed, including discouraging students or staff from gathering elsewhere.

o If the COVID-19 case was present on the Charter School campus, the individual must be excluded from campus for at least 5 days from COVID-19 symptom onset, or if asymptomatic, 5 days from the date the specimen was collected for the positive COVID-19 test, as detailed below.

- **Outbreak**. In the event of an outbreak or cluster at a Charter School:

o The Charter School CTF and COVID-19 Compliance Officer will work closely with local county public health officials, timely provide all required information, and otherwise comply with all CDPH and local guidance regarding outbreaks.[4]

o The COVID-19 Compliance Officer for MSA Los Angeles campuses will immediately call the LACDPH at (833) 707-0319 or submit an online report at https://spot.cdph.ca.gov/s/?language=en_US.

o The Charter School will notify students, families, employees, and stakeholders that the Charter School and local public health department are investigating a cluster and/or outbreak. The notice will encourage all stakeholders to follow public health recommendations.

---

[4] In the event of an outbreak, all Charter School locations will comply with guidance titled "Management of Outbreaks of COVID-19," issued by the LAC DPH. This protocol can be found at: http://publichealth.lacounty.gov/media/Coronavirus/docs/education/EMPSupplement_K12Schools.pdf. In the event that other state or local guidance provides more stringent outbreak protocol, the Charter School will comply with such protocol.

16

o The Charter School will additionally notify all stakeholders if the school is to be closed for 14 days due to widespread and/or ongoing transmission of COVID-19 at the school or in the general community.

o The Charter School will identify absenteeism among those in affected classes and coordinate with the LHD to contact these absentees to screen for symptoms of COVID-19 if they were exposed to a case during the case's infectious period.

o Limit visitors to the affected Charter School campus, except for those that are essential to the Charter School's mission. Law Enforcement Personnel (Sheriff and Police), Fire, Medical, Emergency, or government employees who are responding to, working at, or inspecting the facility will be allowed to access the Charter School campus.

o Discontinue all non-essential in-person group activities at the Charter School Campus during the outbreak.

o Identify absenteeism among affected classes and contact those absentees to screen for COVID-19 symptoms.

6. Exposure Management Policy: Close Contacts, Tracing, and Quarantine. Preventing and minimizing the spread of COVID-19 within the Charter School Community requires a sound policy for managing exposure to infected individuals. The Charter School will follow the exposure management provisions of the "COVID-19 Exposure Management Plan Guidance in TK-12 Schools," promulgated by the LAC DPH as well as "COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year" promulgated by the CDPH, and other local counties. In the event that this protocol is updated so that it materially conflicts with the measures laid out in this Policy, the Charter School will follow the updated protocol; otherwise, the following measures shall be followed:

- **Contact Tracing**. Upon discovery of a confirmed case on campus, the COVID-19 Compliance Task Force will conduct contact tracing by utilizing either Group Tracing or Individual Contact Tracing to identify individuals who had "Close Contacts" with the confirmed case during his or her infectious period. Beginning July 1, 2022, only Individual Contact Tracing may be used at MSA 2, 3, 4, 6, and 8.

- "**Close Contact**" is defined as spending a total of fifteen minutes or more over a 24-hour period in the same indoor airspace as a confirmed case during the confirmed case's infectious period (two days before symptom onset until clearance from isolation, or, for asymptomatic cases, from two days before their first positive test until clearance from isolation).

  o In Los Angeles County, close contacts occurring in "large indoor airspaces," may be limited to 1) those in a pre-defined or identifiable group (e.g. teammates, club members,

17

cohort, etc.) or 2) those within 6 feet of the infected person for 15 minutes or more over a 24-hour period.

- o If a Los Angeles County campus utilizes the 6-ft definition of close contact, it must still issue an exposure notification to all who qualify as close contacts under the "same airspace" definition, and must issue a strong recommendation to those individuals to (1) monitor for symptoms; (2) wear a highly-protective mask around others indoors; and (3) test with an FDA-authorized viral COVID-19 test within 3-5 days since the last date of exposure.

- o Persons with an outdoor exposure at school are not considered close contacts.

- o For Los Angeles Campuses: when notifying any individual that they are a close contact of a positive case, the COVID-19 Compliance Officer will provide that individual with a copy of the LACDPH Public Health Emergency Quarantine Order. Notifications that an individual is a close contact will also contain all messages required to be included pursuant to the LACDPH K-12 Exposure Management Plan guidance.

- o All MSA campuses will maintain classroom seating charts to facilitate future identification of close contacts.

- o In the event of notice of potential exposure,[5] with regards to its employees, the Charter School will follow all steps set forth in its Injury and Illness Prevention Program COVID-19 Addendum.

- **"Highly Protective Mask."** In some circumstances, masking is required in response to exposure to a confirmed case or following isolation. LAUSD defines this to mean masks that are well-fitting, non-cloth masks of multiple layers with a nose wire, or cloth masks that meet American Society for Testing and Materials (ASTM) standards for high filtration efficiency (ASTM F3502-Level 2) or have a particle filtration efficiency of at least 95%. More information can be found on the Los Angeles County Department of Public Health's website: http://publichealth.lacounty.gov/acd/ncorona2019/masks/.

- **Individual Contact Tracing.** Schools will notify students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) within 6 feet of a confirmed case during their period of infectiousness. The COVID-19 Compliance Task Force for each campus shall

---

[5] Notice of potential exposure means any of the following: (a) notification from a public health official or licensed medical provider that an employee was exposed to a qualifying individual at the worksite; (b) notification from an employee, or their emergency contact, that the employee is a qualifying individual; (c) notification through the Charter School's testing protocol that the employee is a qualifying individual; or (d) notification from a subcontracted employer that a qualifying individual was on the school site. (Labor Code § 6409.6, subd. (d)(3).)

18

conduct contact tracing investigation by conducting interviews, reviewing seating charts and class schedules, and other means necessary to fully investigate possible exposures.

- o Pursuant to LAUSD exposure protocols, Individual Tracing shall be used for investigating ==all== close contacts, ==beginning July 1, 2022.==
- **Group Tracing.** ==Beginning July 1, 2022,== MSA 2, 3, 4, 6, and 8 ==may no longer== use the group Tracing approach to contact tracing for students. MSA SD shall use Group Tracing for student exposures in the school setting and individual notification for employee exposures and student exposures outside of the school setting. All other MSA campuses shall have the option to utilize either group tracing or individual contact tracing to track exposures among students or employees, as follows:
  - o Schools will notify students who spent more than a cumulative total of 15 minutes (within a 24-hour time period) in a shared indoor airspace (e.g., classroom) with someone with COVID-19 during their period of infectiousness.
    - ▪ Notification should occur to "groups" of exposed students (e.g., classmates, teammates, cohorts, etc.) rather than contact tracing to identify individual "close contacts" (e.g., those within 6 feet).
    - ▪ Notifications should be provided to all individuals considered exposed, including those who are vaccinated and/or recently infected.
  - o Exposed students, regardless of COVID-19 vaccination status or prior infection, are strongly encouraged to be tested for COVID-19 with at least one diagnostic test obtained within 3-5 days after last exposure. Any FDA-approved antigen diagnostic test, PCR diagnostic test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status. Individuals who have been recently infected should use antigen testing.
  - o Exposed Students who participate in testing may continue to take part in all aspects of K-12 schooling, including sports and extracurricular activities, unless they develop symptoms or test positive for COVID-19.
  - o All exposed students, regardless of vaccination status or previous infection, are strongly recommended to remain fully masked indoors and outdoors, unless actively eating or drinking, when around other through day 10 from their last exposure date. Eating and drinking should occur distanced from others. Exposed students will also need to remain masked at all times during sports and extracurricular activities.
    - ▪ Students are strongly encouraged but not required to mask following an exposure.
- **Exposure Notification.**

19

- o Notification can be done using an individual notification or group notification method where individuals are notified of their exposure and advised of actions to take, such as testing requirements to remain on campus, in keeping with public health guidance on exposure and quarantine responses.
- o School will strongly recommend testing for all students, employees, and visitors in close contact with the confirmed COVID-19 case.

- **Quarantine Procedures.**
  - o *MSA 1, 5, and 7 Employees* are not required to quarantine provided they remain asymptomatic, and 1) monitor for symptoms, 2) wears a highly protective mask around others indoors for 10 days from exposure, except when eating or drinking; 3), and tests negative using an FDA-authorized viral COVID-19 test on Day 3-5 from exposure. Asymptomatic employees who were previously infected with COVID-19 in the last 90 days are not required to quarantine and are exempt from testing but must mask around others indoors for 10 days after last exposure.
  - o *MSA 2, 3, 4, 6, and 8 Employees*, regardless of booster status, can remain at work following exposure to a positive case as long as they monitor for symptoms and remain asymptomatic, wear a highly-protective mask at all times indoors (except when eating or drinking) for ten days following the last date of exposure, and test negative with a rapid test within 3-5 days after last date of exposure. Employees who have had a positive COVID-19 test in the past 90 days are exempt from testing.
  - o *MSA SA Employees* are not required to quarantine provided they remain asymptomatic, and 1) monitor for symptoms, 2) wears a highly protective mask around others indoors for 10 days from exposure, except when eating or drinking; 3), and tests negative using an FDA-authorized viral COVID-19 test on Day 3-5 from exposure. Asymptomatic employees who were previously infected with COVID-19 in the last 90 days are not required to quarantine and are exempt from testing but must mask around others indoors for 10 days after last exposure.
  - o *MSA SD Employees*, regardless of vaccination status, may remain at work so long as they do not have symptoms, test negative on Day 3-5 from their last exposure, and wear a well-fitting mask indoors around others for at least 10 days following the date of last exposure. Employees who are a close contact with a household member can also remain at work if they do not have symptoms, with testing immediately upon learning that they are a close contact, and on Day 3-5 after the COVID-positive household member completes their isolation period.
  - o *MSA 1, 5, and 7 Students*, regardless of vaccination status, may remain on campus following exposure so long as they 1) remain asymptomatic and monitor for symptoms,

20

2) wear a highly protective mask around others indoors, except when eating or drinking, for 10 days from exposure, and 3) test with an FDA-authorized viral COVID-19 test within 3-5 days after last exposure.

- *MSA 2, 3, 4, 6, and 8 Students*, regardless of vaccination status, can remain at school following exposure to a positive case as long as they monitor for symptoms and remain asymptomatic, wear a highly protective mask at all times indoors (except when eating or drinking) for ten days following the last date of exposure, and test negative with a rapid test within 3-5 days of last exposure. Students who have had a positive COVID-19 test within the last 90 days are exempt from testing.

- *MSA SA Students*, regardless of vaccination status, may remain on campus following exposure so long as they 1) remain asymptomatic and monitor for symptoms. It is strongly recommended that student close contacts test within 3-5 days after last exposure, unless they have had COVID-19 within the last 90 days.

- **MSA SD Students**, regardless of vaccination status, may remain on campus so long as they 1) remain asymptomatic and monitor for symptoms, and 2) test negative for COVID-19 between Day 3-5 from last exposure. Students who have had COVID-19 within the last 90 days do not need to test.

- *MSA 2, 3, 4, 6, and 8 Quarantine Guidelines for Household Close Contacts*

  Individuals who are continuously exposed at home to a household member who has tested positive can remain at school or work as long as they monitor for symptoms and remain asymptomatic, wear a highly protective mask at all times indoors (except when eating or drinking) for ten days after the last date of exposure to the positive household member while infectious, and test negative within 3-5 days after last date of exposure to the positive household member while infectious. Individuals are exempt from testing if they have recovered from a confirmed positive COVID-19 test in the past 90 days. If household close contact is symptomatic, they should test immediately, and if negative, test again on Day 5 from the positive household member's first day of isolation. If the second test result is negative and the individual has been fever-free for 24 hours without using fever-reducing medications and has improved symptoms, they can return on Day 6. The individual must mask at all times indoors at school/work for a full 10 days after last exposure.

7. Sanitizing/hygiene materials and practices:

- The Charter School will develop plans and routines to ensure that students and staff wash or sanitize hands frequently, including upon arrival to campus, after using the restroom, after

21

playing outside and returning to the classroom, before and after eating, and after coughing or sneezing.

- Staff will teach and reinforce proper handwashing technique, avoiding contact with one's eyes, nose, and mouth, using a tissue to wipe the nose, and covering coughs and sneezes.
- The Charter School shall make soap, tissues, no-touch trashcans, face coverings, water and paper towels or dryers for hand washing available. Students and staff should wash their hands for 20 seconds with soap, rubbing thoroughly after application. Soap products marketed as "antimicrobial" are not necessary or recommended.
- Trash cans will be placed near restroom doors and students and staff will be instructed to use a paper towel to prevent touching the handle with their hands.
- A restroom will need to be dedicated for individuals in the isolation area. This restroom must be cleaned and sanitized before other occupants may use it.
- If handwashing stations near classrooms are not practicable, and to facilitate use by students and staff as needed, the Charter School shall make available fragrance-free alcohol-based hand sanitizer that is at least sixty percent (60%) ethyl alcohol. (Note: frequent handwashing is more effective than the use of hand sanitizers). This hand sanitizer will be made available to both students and staff at all strategic locations throughout the Charter School Campus.
- The Charter School will not use hand sanitizer with isopropyl alcohol as the main ingredient.
- Children under age 9 should only use hand sanitizer under adult supervision. Call Poison Control if consumed: 1-800-222-1222.
- Children under age 9 should only use hand sanitizer under adult supervision. Hand sanitizer will also not be left out in the open in classrooms for students under the age of 9.
- The Charter School shall place posters conspicuously that encourage hand hygiene to help stop the spread of COVID-19.
- Employees should visit the CDC's coughing and sneezing etiquette and clean hands webpage for more information.

8. Routine cleaning and disinfecting: The Charter School will maintain a high level of cleanliness throughout the year to help reduce the risk of exposure to and spread of COVID-19 at the school site. In general, cleaning once a day is usually enough to sufficiently remove potential virus that may be on surfaces. Disinfecting (using disinfectants on the U.S. Environmental Protection Agency COVID-19 list) removes any remaining germs on surfaces, which further reduces any risk of spreading infection.

- Custodial staff will perform routine and thorough cleaning once per day, and when students are not present. When cleaning, the space will be aired out before children arrive.
- Routine cleaning practices include, but are not limited to:

22

- o Using everyday janitorial cleaning supplies and disinfectants for surfaces as floors, tables, desks, counters, sinks, toilets, and other hard-surfaced furniture and equipment;
  - o Dusting hard surfaces;
  - o Damp wiping of hard surfaces to ensure they are free of debris;
  - o Wet mopping of floors;
  - o Vacuuming carpets and mats.
- Health Office areas, including the general health office, isolation area, and quarantine area, may require more frequent cleaning and rapid response, as needed.
- Student restrooms will be services at least twice a day and will be fully cleaned and disinfected using electrostatic equipment by the night cleaning crew once per day.
- The Charter School will clean and disinfect areas commonly visited by staff no less than once per day during operating hours and implement a schedule for such cleaning and disinfecting. These areas include, but are not limited to: Break rooms, restrooms, lobbies, classrooms, laboratories, nurse's office, counseling and student support areas, staff offices, and cafeterias.
- The Charter School will clean high touch areas in staff breakrooms at least once per day.
- Cleaning and Disinfection after a Confirmed Case on Campus:
  - o If an individual confirmed to have COVID-19 was on campus, the Charter School will complete enhanced cleaning and disinfection procedures in the spaces occupied by the confirmed COVID-19 case.
  - o Employees completing this cleaning must wear a mask and gloves at all times and will refer to Material Safety Data Sheets or follow the instructions on the chemical labels.
  - o When disinfecting, the Charter School will use an EPA-registered disinfectant that is approved for emerging pathogens.
  - o Custodians will focus on immediate areas occupied by the confirmed COVID-19 case.
  - o Custodians will clean and disinfect:
    - ▪ All non-porous surfaces in the ill occupant's space/office, as well as on shared equipment (like tablets, touch screens, keyboards, remote controls) in bathrooms and shared spaces used by the ill person. Cleaning and disinfection will also focus on high-touch surfaces (e.g. desk, table, hardbacked chair, doorknob, light switch, handle, computer, keyboard, mouse, telephones).
    - ▪ On porous surfaces (e.g., carpets, chairs) in the confirmed COVID-19 case's space or office, custodians will remove visible contamination, clean with appropriate cleaners, and disinfect with a liquid/spray indicated for use on the material.
  - o The space(s) where the confirmed COVID-19 case was present may be reoccupied once these cleaning and disinfection procedures have been completed.

23

- The Charter School will ensure proper ventilation during all cleaning and disinfecting. Staff are encouraged to introduce fresh outdoor air as much as possible, by opening windows where practicable.
- The Charter School will comply with CDPH Guidance on Ventilation of Indoor Environments and Ventilation and Filtration to Reduce Long-Range Airborne Transmission of COVID-19 and Other Respiratory Infections: Considerations for Reopened Schools to the greatest extent practicable for each facility.
- All frequently touched surfaces in the workplace, such as chairs, desks, tables, keyboards, telephones, handrails, light switches, sink handles, restroom surfaces and door handles, will be routinely cleaned.
- Staff will be trained as appropriate in the chemical hazards, manufacturer's directions, and Cal/OSHA requirements for safe and correct application of cleaning and disinfectant agents in accordance with the Healthy Schools Act guidance from the California Department of Pesticide Regulation and Cal/OSHA.
- When choosing disinfecting products, the Charter School will use those approved for use against COVID-19 on the Environmental Protection Agency (EPA)- approved list "N" and require staff to follow product instructions. MSA-2, 3, 4, 6, and 8 will use disinfectants from the LAUSD's List of Approved Hand Sanitizers and Disinfectants.
  - To reduce the risk of asthma and other health effects related to disinfecting, the Charter School will select disinfectant products on list N with asthma-safer ingredients (hydrogen peroxide, citric acid or lactic acid) as recommended by the US EPA Design for Environment program.
  - The Charter School will avoid products that contain peroxyacetic (peracetic) acid, sodium hypochlorite (bleach) or quaternary ammonium compounds, which can cause asthma.
  - Staff shall follow label directions for appropriate dilution rates and contact times.
  - The Charter School will establish a cleaning and disinfecting schedule in order to avoid both under- and over-use of cleaning products.

Subject to available resources, disposable disinfecting wipes shall be made available so that employees can wipe down commonly used surfaces (e.g., doorknobs, keyboards, remote controls, desks, other work tools and equipment) before each use. Disinfectant wipes and sprays will be kept away from students.

9. Facility measures: The Charter School will incorporate CDE guidance measures for maintaining a healthy facility, to include some or all of the following:

24

- Maintenance staff will regularly inspect and test ventilation systems and fans to confirm they operate properly and will increase circulation of outdoor air as much as possible by opening windows and doors and other methods.
- Windows and doors should not be opened if doing so poses a safety or health risk by exacerbating seasonal allergies or asthma symptoms.
  o The Charter School will consider alternatives, such as increased central air filtration (targeted filter rating of at least MERV 13) if opening windows poses a safety or health risk to persons using the facility.
- HVAC systems will be set to maximize indoor/outdoor air exchanges unless outdoor conditions (recent fire, high outdoor temperature, humidity, and pollen levels) make this inappropriate.
- If an HVAC system becomes nonoperational, additional ventilation should be provided with the use of fans or relocating classes until repairs are completed.
- The COVID-19 isolation and quarantine areas should be outdoors when feasible to maximize ventilation and minimize exposures to COVID-19 infection. Under no circumstances should an isolation or quarantine area be in a room without a functioning HVAC system.
- Maintenance staff will ensure that all water systems and features (e.g., drinking fountains) are safe to use after a prolonged facility shutdown to minimize the risk of Legionnaires' disease and other diseases associated with water.
- Consider installing additional temporary handwashing stations at all school entrances and near classrooms to minimize movement and congregation in bathrooms.
- Consider installing privacy boards or clear screens to increase and enforce separation between staff and students.

10. **Extracurricular Activities:**
- All extracurricular activities operated by or supervised by school personnel or occurring on a school site, whether or not occurring during school hours, will be undertaken in compliance with this policy and all required public health measures applicable to K-12 schools. This applies to sports, band, chorus, clubs, and other similar activities and organizations. All MSA campuses will operate and supervise extracurricular activities in compliance with the latest California Department of Public Health K-12 guidance and any other relevant state or county guidance on sports and extracurricular activities.
- MSA Los Angeles sports programs will observe all required elements of the most updated version of the Los Angeles County Department of Public Health's "COVID-19 Exposure Management Plan Guidance, Youth Recreational Sports Programs" and the Los Angeles

25

County Department of Public Health's "Protocol for Organized Youth Sports: Appendix S" in addition to any future binding guidance applicable to K-12 youth sports programs.

- o Each Los Angeles campus's COVID-19 Compliance Officer shall fulfill the duties of the COVID-19 Organized Youth Sports Program Compliance Officer, as those duties are described in LACDPH's sports-related COVID-19 guidance.
- o Each Los Angeles campus's COVID-19 Compliance Officer shall ensure that the required LACDPH youth sports exposure management protocols are followed in accordance with current guidance.
- o Each Los Angeles campus's COVID-19 Compliance Officer shall ensure that all mandatory testing required by the LACDPH's youth sports guidance is conducted in accordance with current guidance.

- All MSA extracurricular programs will keep updated rosters of all participating students and staff to facilitate identification of close contacts.

- Indoor mask use remains an effective layer in protecting against COVID-19 infection and transmission, including during sports, music, and related activities, especially activities with increased exertion and/or voice projection, or prolonged close face-face contact. Accordingly:
  - o Masks are strongly recommended indoors at all times for teachers, referees, officials, coaches, and other support staff.
  - o Masks are strongly recommended indoors for all spectators and observers.
  - o Masks are strongly recommended indoors at all times when participants are not actively practicing, conditioning, competing, or performing. Masks are also strongly recommended indoors while on the sidelines, in team meetings, and within locker rooms and weight rooms.
  - o When actively practicing, conditioning, performing, or competing indoors, masks are strongly recommended by participants even during heavy exertion, as practicable. Individuals using instruments indoors that cannot be played with a mask (e.g., wind instruments) are strongly recommended to use bell coverings and maintain a minimum of 3 feet of physical distancing between participants. If masks are not worn (or bell covers are not used) due to heavy exertion, it is strongly recommended that individuals undergo screening testing at least once weekly, unless they had COVID-19 in the past 90 days. An FDA-authorized antigen test, PCR test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status.

26

11. Use of Face Coverings: The Charter School will follow CDPH, CDE and CDC guidance and state and local health orders on the use of face coverings. All staff are encouraged to review the CDPH and CDC guidance on cloth face coverings; face coverings must be used in accordance with CDPH Guidance and this Policy unless a person is subject to exemption.

- All MSA students are strongly recommended but no longer required to wear a face mask when indoors at any Charter School Campus building, bus, or other enclosed space. Individuals must still wear masks when entering a Nurse's office, COVID-19 testing site, symptom and wellness check area, isolation or quarantine area, or other medically sensitive area.

- Staff who return to work from isolation after having COVID-19 must wear a highly-protective mask around others, except when eating or drinking, for the full 10 days from onset of symptoms or, if asymptomatic, from the first positive COVID-19 test.

- Students who return to school from isolation after having COVID-19 are strongly recommended to wear a highly-protective mask around others, except when eating or drinking, for a full 10 days from onset of symptoms or, if asymptomatic, from the first positive COVID-19 test.

- Students and employees are required to wear a highly protective mask at all times in a LACDPH-designated outbreak setting (e.g., individuals who are part of the specific classroom or group involved in the outbreak must wear masks).

- No person at any MSA campus can be prevented from wearing a mask as a condition of participation in an activity or entry into the school site unless wearing a mask would pose a safety hazard.

- Face masks—to the extent they are required—are required without regard to vaccination status.

- Face masks and face shields, if required, may be removed for meals, snacks, naptime, showers, or outdoor recreation, or when needing to be replaced. When any type of face covering is temporarily removed, it should be placed in a clean paper bag (marked with the student's name and date) until it needs to be put on again.

- The Charter School will provide face coverings for students and staff who lose their face coverings or forget to bring them to school.

- Employees should wear a clean face mask to work every day if still required to wear one.

- Employees are expected to teach and reinforce proper use of face coverings, and in limited circumstances, face shields.

- The Charter School will post signs regarding the need for, proper use, removal, and washing of face coverings and shall educate students, particularly younger elementary school students, on the rationale and proper use of face coverings.

27

- When pedagogically necessary, Teachers still subject to an indoor face mask requirement may use clear plastic face shields with an appropriate seal (cloth covering extending from the bottom edge of the shield and tucked into the shirt collar) or transparent masks in certain limited situations in the classroom to enable students to see their faces and avoid potential barriers to phonological instruction as long as the wearer maintains physical distance from others to the extent practicable. Staff must return to wearing their normal surgical-grade face covering at all other times, unless otherwise exempted.

- The Charter School will evaluate any employee's request for accommodation from the Charter School's facial covering policy/requirement pursuant to the MPS Employee Handbook and applicable law for all lawfully recognized accommodations. Employees requesting an accommodation from the facial covering policy/requirement must provide appropriate documentation and contact human resources.

- Per Los Angeles County Department of Health Guidance, employees based in Los Angeles County who are granted exemptions from wearing a mask while indoors must undergo COVID-19 testing at least twice per week, unless the employee provides proof of full vaccination against COVID-19 and proof of receipt of any vaccine booster to which the employee is eligible.

- <u>Accommodations for students</u>:
  o Pursuant to CDPH Guidance on the use of face masks, individuals with a medical condition, mental health condition, or disability that prevents wearing a mask are to be accommodated with an exemption from mask wearing. This includes those who are hearing impaired as well as those who communicate with the hearing impaired.
  o If a student cannot wear a mask due to a medical condition, mental health condition, or disability, he or she should wear the next most effective alternative that can be tolerated, such as a transparent face shield with a cloth draping sealing the bottom.
  o Parents/guardians who believe their student may need an accommodation from the Charter School's facial covering policy and requirement should contact the Charter School principal.
  o Upon receipt of appropriate documentation, the Charter School will evaluate requests for accommodation and determine what, if any accommodations the Charter School can provide.
  o Assessment of whether a medical condition, mental health condition, or disability warrants a mask accommodation is a medical determination that must be made by a physician, nurse practitioner, physician assistant. Self-attestation and parental

28

> attestation for mask exemptions due to the aforementioned conditions do not constitute medical determinations.
>
> o Students exempted from wearing a mask or face shield, where they are still required, are strongly encouraged to be vaccinated against COVID-19 and to receive boosters when eligible and to be tested for COVID-19 at least twice a week. If a student is exempt from wearing any type of face covering and is not vaccinated, the Charter School shall implement physical distancing and other isolation measures to the greatest degree feasible.

12. Use of Gloves and Personal Protective Equipment: The Charter School is no longer required by emergency public health orders to require the use of gloves and personal protective equipment. Any employee or student who wishes to wear gloves and/or personal protective equipment beyond the required facial coverings may do so, provided that they dispose of them safely and appropriately and do not wear gloves or personal protective equipment of a type or in a manner that interferes with their ability to perform their duties. Upon request, the Charter School will provide gloves, a protective gown, and/or a well-fitting medical grade mask to any employee dealing with sick children, performing cleaning or disinfection, or when otherwise working indoors in close contact with others or when there is heightened likelihood of contact with respiratory secretions or other bodily fluid.

13. Support for Students at Increased Risk of Becoming Infected or Unrecognized Illness. Pursuant to state and local health guidance, the Charter School has developed the following measures to mitigate the risk of COVID-19 to vulnerable student groups:

- The Home Office COVID-19 Response Team or designee will review student health plans, including 504 Plans, to identify students who may need additional accommodations to minimize potential exposure.
- The Home Office COVID-19 Response Team or designee will develop a process for engaging families for potentially unknown concerns that may need to be accommodated.
- The Charter School will identify additional preparations for classroom and non-classroom environments as needed to ensure the safety of students at increased risk of becoming infected or having unrecognized illness. Persons who might be at increased risk of becoming infected or having unrecognized illness include the following:
  - o Individuals who have limited mobility or require prolonged and close contact with others, such as direct support providers and family members;
  - o Individuals who have trouble understanding information or practicing preventive measures, such as hand washing and physical distancing; and

29

- o Individuals who may not be able to communicate symptoms of illness.
- The Charter School is prepared for opening to provide Free Access to Public Education ("FAPE") in the least restrictive environment ("LRE") for each student. All students with disabilities will receive services according to their IEP. In accordance with IDEA, it is critical to reinforce the understanding that students receiving special education services, or 504 accommodations are general education students first. Balancing the educational needs with the health and well-being of students and staff is our top priority.
- Every child and adolescent with a disability is entitled to FAPE and is entitled to special education services based on their individualized education program (IEP). The Charter School continuously review and problem solve to balance safety and service needs. In order to provide the required level of safety, systems, processes and service delivery models have been reviewed. Adherence to social distancing guidelines will be followed as feasible except for instances when the services outlined in a specific IEP call for closer proximity. This will be evaluated on a case-by-case basis. For example, additional provision of PPE supplies to staff (gloves, gowns, face shields and Plexiglas dividers) who are required to deliver hand-over-hand instruction or hygiene service needs for students.
- Evaluations and Timelines:
  - o All IDEA/ADA compliance timelines will be followed on schedule and in accordance with IDEA/ADA regulations. IEP Team meetings and 504 meetings that were missed due to the March school facility closures will be rescheduled and conducted as soon as possible, if not already conducted. All IEP team meetings and 504 meetings will be conducted virtually until the use of school facilities return to normal operations.
- Services:
  - o The IDEA allows for flexibility in determining how to meet the individualized needs of students receiving special education services. State guidelines for the delivery of special education and related services will be implemented while protecting the health and safety of students as well as the individuals providing the services.
  - o If a student is unable to access their education in person due to medical or other circumstances, including the inability to wear a face covering, alternative means of delivering these services will be provided.
  - o The Charter School will provide appropriate protective equipment relative to the responsibilities of all Support Service Staff and disability needs.
  - o All Staff and students will receive training on the appropriate use of PPE and healthy hygiene practices that are proven to mitigate the spread of COVID-19.
- The Charter School will identify additional preparations for classroom and non-classroom environments as needed to ensure the safety of students at increased risk of becoming infected

30

or having unrecognized illness. Persons who might be at increased risk of becoming infected or having unrecognized illness include the following:

- o Individuals who have limited mobility or require prolonged and close contact with others, such as direct support providers and family members;
- o Individuals who have trouble understanding information or practicing preventive measures, such as hand washing and physical distancing; and
- o Individuals who may not be able to communicate symptoms of illness.

14. COVID-19 Vaccination Policy for Employees. The Charter School has adopted the following COVID-19 employee vaccination policy ("Employee Vaccination Policy"). The purpose of this Employee Vaccination Policy is to protect the health, safety, and well-being of all Charter School employees, students, families, and stakeholders to the maximum extent possible, and to facilitate a safe and meaningful return to in-person instruction. The Charter School drafted this policy in compliance with all applicable federal and state laws, including guidance from the Equal Employment Opportunity Commission ("EEOC"), Centers for Disease Control and Prevention ("CDC"), the California Department of Public Health ("CDPH"), and local health authorities.

- Pursuant to the California "State Public Health Officer Order of August 11, 2021," ("Order") all employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MSA -1, 5, Santa Ana, and San Diego campuses must either provide the School with proof of COVID-19 vaccination status or test for COVID-19 at least once per week. For employees, this directive is a condition of both employment and continued employment.
- Pursuant to the LAUSD's August 13, 2021 communication entitled "COVID-19 Vaccination Requirement for Employees and Other Adults Working at District Facilities," all employees, contractors, and other adults providing services at any District-owned school site must be fully vaccinated against COVID-19 no later than October 15, 2021. This directive is a condition of both employment and continued employment. **This policy applies to MSA-2, 3, 4, 6, and 8**.
- Pursuant to the LAUSD's December 16, 2021 communication entitled "Charter School COVID-19 Vaccination Compliance Certification Regarding Employees and/or Other Adults Providing Services to or for the Charter School on Any Site Including Non-District Property Occupied by Any District Authorized Charter School," the LAUSD employee vaccine mandate will apply to all LAUSD-authorized charter schools, whether on District-property or not. **This policy applies to MSA-7**.
  - o Under this policy, all employees of LAUSD-authorized schools, as well as all other adults who provide services to or for the Charter School, must become fully vaccinated against COVID-19 by June 30, 2022.

31

- o Unlike LAUSD's employee vaccine mandate for charter schools located on District-owned campuses, this policy permits the school to grant reasonable accommodations from vaccination to employees and other adults providing services at the school.

- o No employee or other adult providing services to MSA 7 will be permitted on campus if they have not either become fully vaccinated against COVID-19 or received an accommodation from MSA-7 by June 30, 2022.

- o MSA-7 shall prepare and carry a process for fielding requests for exemptions and shall establish in writing how its reasonable accommodation process is aligned with the goal of protecting the health and safety of all students, staff, and the school community against the threat of COVID-19.

- o Employees and adults providing services at MSA-7 who need an exemption from vaccination must contact the MSA-7 Compliance Task Force and the HR Department as soon as possible if they need an exemption from vaccination.

- o Furthermore, pursuant to this policy, MSA 7 must be prepared to provide LAUSD with any and all documents/records demonstrating that it is monitoring its employees and other adults who provide services to or for the Charter School and otherwise relating to the Charter School's compliance with LAUSD requirements.

- **Proof of COVID-19 Vaccination**:
  - o Consistent with applicable law, the Charter School will only accept the following forms of proof of COVID-19 vaccination:
    - COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control & Prevention or WHO Yellow Card) which includes name of person vaccinated, type of vaccine provided and date last dose administered); OR
    - A photo of a Vaccination Record Card as a separate document; OR
    - A photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
    - Documentation of COVID-19 vaccination from a health care provider; OR
    - Digital record that includes a QR code that when scanned by a SMART Health Card reader displays to the reader client name, date of birth, vaccine dates and vaccine type; OR
    - Documentation of vaccination from other contracted employers who follow these vaccination records guidelines and standards.
  - o Any MPS employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MPS campus who either fails to provide proof of

32

COVID-19 or provides proof of vaccination that is not consistent with the above-referenced acceptable forms of proof will be deemed unvaccinated.

o Employees may their submit proof of COVID-19 vaccination to the MPS Human Resources Department.

o The Charter School will securely maintain the confidentiality of employee COVID-19 vaccination data in strict compliance with all applicable legal authority.

- **COVID-19 Employee Testing**:
  o Pursuant to the Order, all MPS employees, volunteers, contractors, vendors or any other adult supporting Charter School functions on any MSA-1, 5, 7, Santa Ana, and San Diego campuses who are either unvaccinated or incompletely vaccinated must undergo COVID-19 testing at least once per week.

  o Previous history of COVID-19 from which the individual recovered more than ninety (90) days earlier, or a previous positive antibody test for COVID-19, do not waive this requirement for testing.

- **Accommodations**: Employees may request an accommodation from COVID-19 vaccinations and/or COVID-19 testing due to a medical issue or sincerely held religious belief, practice or observance that may prevent an employee from vaccinating or testing for COVID-19. Upon receiving a request for accommodation from COVID-19 testing and/or vaccinations, the Charter School will engage in the interactive process and determine what, if any accommodations can be provided. However, the Charter School may not be required to provide an employee with an accommodation, should it result in a direct threat to health and safety at the School or to the employee or if the accommodation will cause an undue hardship for the School, among other reasons.

- **Compliance Period**:
  o Employees at the MSA -1, 5, Santa Ana, and San Diego campuses must submit proof of COVID-19 vaccination to the Charter School before October 15, 2021. Such employees who fail to submit proof of COVID-19 vaccination before this date will be deemed unvaccinated and must be required to test for COVID-19 at least once per week. On or after October 15, 2021, employees to fail to test for COVID-19 will be deemed in non-compliance with this policy, absent an approved, legally recognized accommodation from such testing.

  o Employees at MSA-2, 3, 4, 6, and 8 campuses must submit proof of COVID-19 vaccination to the Charter School before October 15, 2021. Such employees who fail to submit proof of COVID-19 vaccination before this date will be deemed in non-compliance with this policy, absent an approved, legally recognized accommodation from such testing.

33

- o Employees at MSA-7 must submit proof of vaccination to the Charter School by June 30, 2022.
- **Non-Compliance**:
  - o Any employee deemed to be in non-compliance with this policy may be subject to disciplinary action, up to and including termination from at-will employment.
  - o The Charter School reserves the right to refuse entry to campus to any volunteer, vendor, contractor other adult supporting Charter School functions, should they fail to comply with the proof of vaccination and testing directives as stated in this Policy.
- All employees who have not yet vaccinated should do so outside of working hours. Employees who demonstrate they are unable to get vaccinated outside working hours may use either COVID-19 Supplemental Paid Sick Leave or accrued sick leave for time spent attending a COVID-19 vaccination appointment. In such cases, employees must consult with their supervisors regarding the best time to be excused to receive the vaccine and are responsible for arranging coverage during their absence to get vaccinated, if applicable.
- Employees who experience symptoms related to a COVID-19 vaccine that prevent the employee from being able to work or telework may be entitled to COVID-19 Supplemental Paid Sick Leave, if available and upon request.
- The Charter School will not discriminate, harass, or retaliate against any employee for receiving the COVID-19 vaccine or for electing not to receive the COVID-19 vaccine. However, the School reserves the right to appropriately discipline an employee for non-compliance with this policy, consistent with applicable law.
- As public health and legal guidance regarding COVID-19 vaccinations evolves, the Charter School reserves the right to revise this Employee Vaccination Policy. Upon any revision to this Employee Vaccination Policy, the Charter School will provide immediate notice in writing to all employees.
- Employee with any questions regarding the Charter School's Employee Vaccination Policy may contact Human Resources Department at hr@magnoliapublicschools.org.

15. COVID-19 Vaccination Policy for Students. The Charter School has adopted the following COVID-19 student vaccination policy ("Student Vaccination Policy"). The purpose of this Student Vaccination Policy is to protect the health, safety, and well-being of all Charter School employees, students, families, and stakeholders to the maximum extent possible. The Charter School drafted this policy in compliance with all applicable federal and state laws, including guidance from the Centers for Disease Control and Prevention ("CDC"), the California Department of Public Health ("CDPH"), and local health authorities.

34

- Pursuant to the directive of the Los Angeles Unified School District, all students of MSA-2, 3, 4, 6, 7, and 8 who are eligible to receive COVID-19 vaccination must be vaccinated against COVID-19 by the first day of the 2023-24 school year, unless medically exempted, or they will not be permitted on campus. At this time, the Student Vaccination Policy applies only to students at MSA-2, 3, 4, 6, 7, and 8.

- **Proof of Vaccination**.
    - o Vaccination status can only be proven by one of the following methods acknowledged by the California Department of Public Health:
        - COVID-19 Vaccination Record Card (issued by the Department of Health and Human Services Centers for Disease Control and Prevention or WHO Yellow Card) which includes the name of the person vaccinated, type of vaccine provided and date last dose administered; OR
        - A photo of a Vaccination Record Card as a separate document; OR
        - A photo of the client's Vaccination Record Card stored on a phone or electronic device; OR
        - Documentation of COVID-19 vaccination from a health care provider; OR
        - Digital record that includes a QR code that when scanned by a SMART Health Card reader display to the reader client name, date of birth, vaccine dates and vaccine type.

- **Parental Consent**.
    - o Parent/guardian consent is required for vaccination of students 12-17 years of age.
    - o A student consent form is available at the Daily Pass Portal at https://DailyPass.lausd.net and is included to be filled out as part of the process of making an appointment to receive COVID-19 vaccination from the Los Angeles Unified School District.
    - o Parents/guardians may be present at, but will not be required to attend, their child's appointment to receive a COVID-19 vaccination from the Los Angeles Unified School District.

- **Compliance Requirements**.
    - o To provide proof of vaccination, parents/guardians must upload adequate documentary proof of vaccination to the Daily Pass system and ensure that the information appears in the "Vaccinations" tab of their student's Daily Pass. Students vaccinated by the Los Angeles Unified School District do not need to submit their vaccination record, as it will be automatically updated following receipt of the vaccine.

35

- o At this time, the Pfizer-BioNTech COVID-19 vaccine is the only vaccine approved for individuals aged 12 to 17. Students who are 18 or older may also use the Johnson & Johnson or Moderna vaccine to satisfy the vaccination requirement.
  - o To meet the deadlines imposed by the Los Angeles Unified School District for student vaccination, students aged 12+ should receive their first dose of the Pfizer-BioNTech vaccine no later than 5 weeks prior, and second shot no later than two weeks prior, to the vaccination requirement deadline. To meet the vaccination deadline, students aged 18+ should receive the single dose of the Johnson & Johnson vaccine no later than two weeks prior to the vaccination deadline. And, to meet the deadline using the Moderna vaccine, students should receive their first shot no later than 6 weeks prior to their deadline with their second shot coming no later than two weeks prior to the vaccination requirement deadline.
- **Exemptions and Conditional Admissions**.
  - o Parents/guardians may apply for exemptions from the COVID-19 vaccine requirements only for medical reasons. The medical exemption process must be followed with the completion of the *Student Medical Exemption to the COVID-19 Vaccine* form and its submission via the Daily Pass portal.
  - o Students who are not in compliance by the deadline may be conditionally admitted if they are in one of the following groups: 1) foster youth, 2) experiencing homelessness, 3) migrant, 4) military family, or 5) has an IEP.
  - o There are no religious or personal belief exemptions to the Student Vaccination Policy. Because this Student Vaccination Policy is implemented at the directive of the Los Angeles Unified School District, the Charter School cannot grant exemptions outside of those granted through the District's Daily Pass process.
- MSA 2, 3, 4, 6, 7, and 8 students who fail to comply with the Student Vaccination Policy by the first day of Fall Semester 2023, will be excluded from physically entering campus.
- MSA 2, 3, 4, 6, and 8 students will still be required to comply with all COVID-19 testing frequencies mandated by the Los Angeles Unified School District without regard to vaccination status.

16. Communications to the Charter School Community: The Charter School will keep families, staff, and the community informed, engaged, and in touch as the new school year begins, by implementing the following communications measures:

- The Charter School will engage with families and staff to develop strategies to prepare and respond to the COVID-19 emergency, including guidelines for families about when to keep students home from school and other topics.

36

- Communications will include a process for engaging families for potentially unknown concerns that may need to be accommodated.
- Prior to the start of the school year, the Charter School will communicate to staff, students, and parents about new, COVID-19-related protocols, including:
  - Proper use, removal and washing of face coverings.
  - Screening practice.
  - How COVID-19 is spread.
  - COVID-19 specific symptom identification.
  - Preventing the spread of COVID-19 if you are sick, including the importance of not coming to work if staff members have symptoms, or if they or someone they live with has been diagnosed with COVID- 19, including pertinent isolation and quarantine policies.
  - Local community testing sites and options for obtaining COVID-19 testing from private medical providers, including any testing arranged by the Charter School.
  - Guidelines for employees regarding COVID-19 specific symptom identification and when to seek medical attention.
  - Guidelines for families about when to keep students home from school.
  - Systems for self-reporting symptoms.
  - Criteria and plan to close schools again for physical attendance of students.
  - Changes in Charter School extracurricular, academic, and meal programs to help prevent the spread of COVID-19.
  - Contact information at the Charter School for students who may have been exposed to COVID-19.
  - Charter School contact information if a student has COVID-19 symptoms or may have been exposed to COVID-19.
- The Charter School will provide information to parents and guardians regarding this Policy and related guidance, along with the safety measures that will be in place in indoor and outdoor settings with which parents and guardians must comply.
- This Policy will be posted at all public entrances to the Charter School campus.
- The Charter School will develop a communications plan for implementation if the school has a positive COVID-19 case in accordance with CDPH and CDE guidelines.

The MPS CEO/Superintendent is authorized to implement changes or additions to this policy in order to ensure compliance or consistency with new or revised orders or guidance from local, county, state or federal authorities ("Agencies"), to take any and all actions consistent with orders and guidance from the Agencies that is not specifically addressed by this policy, and to

37

ensure compliance with the Charter School's charter petition. The MPS CEO/Superintendent shall provide the Board with regular updates as to actions taken pursuant to this section.

38

Appendix

Site Specific Planning Form

This document has been included to align with the Los Angeles Unified School District's ("LAUSD")'s COVID-19 Containment, Response and Control Plan ("Containment Plan"). Pursuant to the LAUSD's Containment Plan, the LAUSD is requiring all Los Angeles Unified schools complete this form, along with the pre-filled versions of the Los Angeles County Department of Public Health COVID-19 Reopening Protocols for K-12 Schools: Appendices T1 and T2 documents.

The following information was sent to parents/students prior to the start of in-person services: (check all that apply)	
☐ Isolation and quarantine policies as they apply to students who have symptoms or may have been exposed	☐ Options for COVID-19 testing if the studentor a family member has symptoms or exposure to COVID-19
☐ Changes in school meals to avert risk	☐ Required use of face coverings
☐ How to conduct a symptom check before students leave home for school	☐ Changes in academic and extracurricular programs to avert risk
☐ Importance of student compliance with physical distancing and infection control policies	☐ Who to contact at the school if students have symptoms or may have been exposed
☐ School policies concerning parent visits to school and advisability of contact the school remotely	☐ Importance of providing up-to-date emergency contact information, including multiple parent contact options

41

INJURYAND ILLNESS PREVENTION PROGRAM ("IIPP") COVID-19 ADDENDUM

California employers are required to establish and implement an Injury and Illness Prevention Program (IIPP) to protect employees from all worksite hazards, including infectious diseases.

Charter School has adopted this addendum to accommodate reopening school for in-person instruction in accordance with the COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year from the California Department of Public Health ("CDPH"). This document additionally complies with the temporary Cal/OSHA regulations issued June 18, 2021, which require a "written COVID-19 prevention plan." Resumption of in-person instruction presumes that the Charter School has complied with all applicable legal and public health requirements. Charter School and worksite administrators should coordinate with state and local health officials to obtain timely and accurate information about the level of disease transmission in the local community before resuming any on-site work practices. Local conditions will influence the decisions that public health officials make regarding community-level strategies.

This addendum contains three parts. Part one contains background information regarding COVID-19, including known symptoms, emergency warning signs and high-risk factors. Part two provides guidelines for implementation of a COVID-19 Infection Control Plan, which includes short-term measures to implement while COVID-19 remains endemic in states and communities. Part three contains measures to maintain a healthy workforce until herd immunity in the population is achieved or the global incidence of COVID-19 comes under control.

Background

In November 2019, a novel coronavirus (SARS-CoV-2) was discovered in Wuhan, China, which was found to cause a viral respiratory illness (coronavirus disease 2019, or "COVID-19") leading to severe injury and death in certain populations, particularly elderly persons and persons with underlying health conditions.

Updated on 03/01/2022

COVID-19 was declared a pandemic by the World Health Organization on March 11, 2020. In response to the COVID-19 Pandemic, public health officers in many states and counties ordered all individuals to stay home or at their place of residence (i.e., "Shelter in Place"), except as needed to maintain continuity of operations of certain critical infrastructure sectors. Across the nation, public schools and most other government offices and private businesses were closed in order to slow the spread of the coronavirus in the community. Many states and localities have now commenced phased reopening or already reopened.

In 2020, the CDC identified the following symptoms of COVID-19, which typically appear within 2-14 days after exposure to the virus:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

The CDC also recommends that, if a person shows any of the following emergency warning signs, * he or she should seek emergency medical care immediately:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

*Please note that this is not a complete list of all possible symptoms. Anyone experiencing any other symptoms that are severe or concerning should contact a medical provider.

Certain people are at higher risk for severe illness from COVID-19, including:

- People 65 years and older
- People who live in a nursing home or long-term care facility
- People of all ages with underlying medical conditions, particularly if not well controlled, including:
  - People with chronic lung disease or moderate to severe asthma
  - People who have serious heart conditions
  - People who are immunocompromised
    - Many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune

> **Deleted:** _____

==Updated on 03/01/2022==

deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications
o   People with severe obesity (body mass index [BMI] of 40 or higher)
o   People with diabetes
o   People with chronic kidney disease undergoing dialysis
o   People with liver disease

Decisions to resume operations should be based on both the level of disease transmission in the community and the capacity to protect the safety and health of staff and students at each school site.

COVID-19 Infection Control Plan

Before resuming normal or phased school activities after a Shelter in Place order is lifted, prepare and implement a COVID-19 preparedness, response, control and prevention plan (i.e., COVID-19 Infection Control Plan). Federal, state, and local public health communications must be monitored to keep up with information available about COVID-19 regulations, guidance, and recommendations, to ensure that workers have access to the timeliest information.

1. **Design, implement, update and maintain a COVID-19 Infection Control Plan:**

The overall goal of the COVID-19 Infection Control Plan is to decrease the spread of COVID-19 and lower the impact of the disease in the workplace. This includes the following objectives:

- Prevent and reduce transmission among employees;
- Maintain healthy school operations; and
- Maintain a healthy work environment.

All site administrators should implement and update as necessary a control plan that:

- Is specific to your workplace;
- Identifies all areas and job tasks with potential exposures to COVID-19; and
- Includes control measures in this policy to eliminate or reduce such exposures

COVID-19 Infection Control Plans should consider that employees may be able to spread COVID-19 even if they do not show symptoms, which is a source of anxiety in the workforce, particularly among higher-risk individuals. Therefore, it is important to have discussions with workers about planned changes and seek their input. Additionally, collaboration with workers to effectively communicate important COVID-19 information.

2. **Adjust operations to slow the spread:**

- Employees who have COVID-19 symptoms should notify their supervisor and stay home as directed.
- Sick employees should follow CDC-recommended steps for self-quarantine. Employees should not return to work until the criteria to discontinue home isolation are met, in consultation with their supervisor, local health departments and healthcare providers.

Updated on 03/01/2022

- Employees who appear to have symptoms upon arrival at work or who become sick during the day should immediately be separated from other employees, students, and visitors, and sent home.
- Adopt a procedure for the safe transport of an employee who becomes sick while at work. The employee may need to be transported home or to a healthcare provider.
- Employees who are well but who have a sick family member at home with COVID-19 should notify their supervisor and follow CDC-recommended precautions.
- If implementing in-person health checks, conduct them safely and respectfully. If the Charter School conducts screening indoors at the workplace, the employer shall ensure that face coverings[1] are used during screening by both screeners and employee, and if temperatures are measured, that non-contact thermometers are used.
- Follow guidance from the Equal Employment Opportunity Commission regarding confidentiality of medical records from health checks.
- To prevent stigma and discrimination in the workplace, make employee health screenings as private as possible. Do not make determinations of risk based on race or country of origin or any other protected characteristics and be sure to maintain confidentiality of each individual's medical status and history.

3. **Conduct a Workplace Hazard Assessment:**

The purpose of a hazard assessment of the workplace is to identify where and how workers might be exposed to COVID-19 at work. Combinations of controls from the hierarchy of controls are used to limit the spread of COVID-19 (see Controls Table in Appendix A). These include engineering controls, workplace administrative policies, and personal protective equipment (PPE) to protect workers from the identified hazards.

- Conduct a thorough hazard assessment to determine if workplace hazards are present, or are likely to be present, and determine what type of controls are needed for specific job duties, including:
  o Evaluating potential workplace exposures which employees or other persons at the Charter School campus may encounter.
  o Evaluating places where Charter School employees or others may congregate on campus, such as hallways, bathrooms, and break rooms. This includes an evaluation of employees' potential workplace exposure to all persons at the workplace or who may enter the workplace, including coworkers, students, employees of other entities, members of the public, customers or clients, and independent contractors. During this evaluation, the Charter School will also consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing stationary work locations.
  o Reviewing and incorporating all applicable federal, state, and local public health

---

[1] Cal/OSHA defines "face coverings" as "a surgical mask, a medical procedure mask, a respirator worn voluntarily, or a tightly woven fabric or non-woven material of at least two layers (i.e., fabrics that do not let light pass through when held up to a light source) that completely covers the nose and mouth and is secured to the head with ties, ear loops, or elastic bands that go behind the head. If gaiters are worn, they shall have two layers of fabric or be folded to make two layers... A face covering is a solid piece of material without slits, visible holes, or punctures, and must fit snugly over the nose, mouth, and chin with no large gaps on the outside of the face. A face covering does not include a scarf, ski mask, balaclava, bandana, turtleneck, collar, or single layer of fabric. This definition includes clear face coverings or cloth face coverings with a clear plastic panel that, despite the non-cloth material allowing light to pass through, otherwise meet this definition and which may be used to facilitate communication with people who are deaf or hard-of-hearing or others who need to see a speaker's mouth or facial expressions to understand speech or sign language respectively."

Updated on 03/01/2022

guidance related to COVID-19, as well as any other industry-specific guidance.
o From time to time, evaluate existing COVID-19 health and safety measures to determine whether additional or different measures are necessary.
o Periodically conduct inspections to identify any potential COVID-19 unhealthy conditions, work practices, procedures, and to ensure compliance with all COVID-19 health and safety measures.
o Encouraging employees and their exclusive representative, if any, to participate and assist the Charter School in identifying and evaluating potential COVID-19 workplace hazards. The School will do so by:
  • The School will consult with employees' exclusive representatives and coordinate a virtual safety meeting prior to the start of the school year.
  • In consultation with employees' exclusive representatives, the School will create a rotating team of employees to participate in hazard assessments on campus. These assessments will occur virtually to the greatest extent practicable. These assessments will occur prior to the start of the school year and on a as needed bases thereafter. All employees are encouraged to volunteer for participation in hazard assessments, and the School will rotate teams of employees, ensuring all groups of School personnel are equally represented to the greatest extent possible.
  • If employees and/or exclusive representatives have specific COVID-19 hazard concerns, they may contact the school site principals (Chief Compliance Officer) to discuss such concerns, who may be reached at:

o   Train their workers on its correct use.

4.   Take action if an employee is suspected or confirmed to have COVID-19 infection:

Current Cal/OSHA Regulations
- Effective immediately, upon one (1) "COVID-19 case"[2] in the workplace, the Charter School will:
  - o   Investigate the COVID-19 case, determine the day and time the COVID-19 case was last present on the Charter School campus, the date of the positive test and/or diagnosis, and the date the case has one (1) or more COVID-19 symptoms, if any.
  - o   Investigate whether other Charter School employees or any other third parties may have had close contacts exposure[3] by evaluating the activities of the COVID-19 case at the Charter School campus during the infectious period[4] of the COVID-19 case.
  - o   Give notice of potential exposure, within one (1) business day, and without revealing any personal identifying information[6] of the COVID-19 case, and in the manner the Charter School normally uses to communicate employment-related information, to:
    - § 1) All employees who were on the premises at the same worksite as the COVID-19 case during the high-risk exposure period, and their authorized representatives, if any, and
    - § 2) Independent contractors and other employers on the premises at the same worksite as the COVID-19 case during the high-risk exposure period.
  - o   Make COVID-19 testing available at no cost, during paid time to all Charter School employees who had close contacts exposure in the workplace.
  - o   Provide all employees who had close contacts exposure in the workplace with information regarding:
    - § 1) COVID-19-related benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under legally mandated sick and vaccination leave, if applicable, workers' compensation law, local governmental requirements, Charter School leave policies as well as any leave guaranteed by contract and/or Cal/OSHA;

---

[2] Cal/OSHA regulations define a "COVID-19 case" as a person who: 1) has a positive COVID-19 test, or 2) has a positive COVID-19 diagnosis from a licenses health care provider; or 3) is subject to a COVID-19 related order to isolate issued by a local health department or state health official, or 4) has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID1-9 statistics of a county.

[3] "Close contact" is defined by Cal/OSHA as "being within six feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the currently applicable CDPH definition of the infectious period of a COVID-19 case, unless close contact is defined by regulation or order of the CDPH, in which case the CDPH definition shall apply.

[4] "Infectious period" means the following time period, unless otherwise defined by CDPH regulation or order, in which case the CDPH definition applies: 1) For COVID-19 cases who develop COVID-19 symptoms, from two days before they first develop symptoms until all of the following are true: it has been 10 days since symptoms first appeared 24 hours have passed with no fever, without the use of fever-reducing medications; and symptoms have improved; 2) For COVID-19 cases who never develop COVID-19 symptoms, from two days before until 10 days after the specimen for their first positive test for COVID-19 was collected.

[6] All personally identifying information related to COVID-19 cases or those will COVID-19 symptoms shall be kept confidential. However certain information may be provided to public health authorities, as required by law.

Updated on 03/01/2022

¶
COVID-19 Vaccination Status¶
¶
Consistent with Cal/OSHA regulations and applicable law, the School must impose different health and safety requirements, depending on an employee's COVID-19 vaccination status. Cal/OSHA defines an individual as fully vaccinated when "the employer has documented:¶
¶
A person's status two weeks after completing primary vaccination with a COVID-19 vaccine with, if applicable, at least the minimum recommended interval between doses in accordance with the approval authorization, or listing that is:¶
Approved or authorized for emergency use by the FDA;¶
Listed for emergency use by the World Health Organization (WHO); or¶
Administered as part of a clinical trial at a U.S. site, if the recipient is documented to have a primary vaccination with the active (not placebo) COVID-19 vaccine candidate, for which vaccine efficacy has been independently confirmed (e.g., by a data and safety monitoring board) or if the clinical trial participant at U.S. sites had received a COVID-19 vaccine that is neither approved nor authorized for use by FDA but is listed for emergency use by WHO; or¶
A person's status two weeks after receiving the second dose of any combination of two doses of a COVID-19 vaccine that is approved or authorized by the FDA, or listed as a two-dose series by the WHO (i.e., a heterologous primary series of such vaccines, receiving doses of different COVID-19 vaccines as part of one primary series.) The second dose of the series must not be received earlier than 17 days (21 days with a 4-day grace period) after the first dose."¶
¶
As a result, to forego any potential COVID-19 health and safety restrictions, such as exclusion/quarantine periods, some COVID-19 testing and other directives, employees must provide the Charter School with proof of COVID-19 vaccination or complete a COVID-19 vaccination status attestation. Employees who are either unvaccinated or who decline to provide the Charter School with proof of COVID-19 vaccination or attest to their COVID-19 vaccination status will be considered unvaccinated, and must comply with all health and safety directives, as stated in this policy.¶

- 2) Potential COVID-19 exclusion pay eligibility, if applicable.
  - o Investigate the potential that workplace conditions contributed to the risk of COVID-19 exposure, as well as remedial steps that could have been taken to reduce the risk of COVID-19 exposure.

- Effective immediately, and pursuant to current Cal/OSHA regulations:
  - o Employers shall review current CDPH guidance for persons who had close contacts, including any guidance regarding quarantine or other measures to reduce transmission. Employers shall develop, implement, and maintain effective policies to prevent transmission of COVID-19 by persons who had close contacts.
  - o For employees excluded from work for quarantine, employers shall continue and maintain an employee's earnings, wages, seniority, and all other employee rights and benefits, including the employee's right to their former job status, as if the employee had not been removed from their job. Employers may use employer-provided employee sick leave for this purpose to the extent permitted by law. Wages due under this subsection are subject to existing wage payment obligations and must be paid at the employee's regular rate of pay no later than the regular pay day for the pay period(s) in which the employee is excluded. Unpaid wages owed under this subsection are subject to enforcement through procedures available in existing law. If an employer determines that one of the exceptions below applies, it shall inform the employee of the denial and the applicable exception.
  - o Charter School employees with confirmed COVID-19, regardless of vaccination status, previous infection, or lack of symptoms, must be excluded from campus until:
    - At least five days have passed from the date that COVID-19 symptoms began, or, if the person does not develop COVID-19 symptoms, from the date of the first positive COVID-19 test.
    - At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever reducing medications; and
    - A negative COVID-19 test from a specimen collected on the fifth day or later is obtained; or, if unable to test or the employer chooses not to require a test, 10 days have passed from the date that COVID-19 symptoms began or, if the person does not develop COVID-19 symptoms, from the date of first positive COVID-19 test.
    - If an individual's COVID-19 symptoms are not resolving, they may not return to work until 1) At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever-reducing medication, and 2) Symptoms are resolving or 10 days have passed from when the symptoms began.
    - Regardless of vaccination status, previous infection, or lack of COVID-19 symptoms, a COVID-19 case shall wear a face covering in the workplace until 10 days have passed since the date that COVID-19 symptoms began, or, if the person did not have COVID-19 symptoms, from the date of their first positive test.
    -
  - o When an order to isolate, quarantine, or exclude an employee is issued by a local or state health official, the employee shall not return to work until the period of isolation or quarantine is completed or the order is lifted even if the order exceeds the specified

exclusion requirements here and in the ETS or CDPH recommendation.
  - o Employees excluded from campus due to close contact COVID-19 exposure may be entitled to salary continuation during the applicable exclusion period. The Charter School will provide employees with California COVID-19 Supplemental Paid Sick Leave or emergency paid sick leave pursuant to the Families First Coronavirus Response Act ("FFCRA"), if available, during this period. If an employee is not eligible for California COVID-19 Supplemental Paid Sick Leave or otherwise has no such leave available, the Charter School may elect to provide paid sick leave during this period.
  - o Employees excluded from work due to close contact COVID-19 exposure are not entitled to salary continuation if either of the following applies:
    - § 1) If a COVID-19 case is not work-related pursuant to all applicable workers' compensation laws. However, the employee may still be eligible for California COVID-19 Supplemental Paid Sick Leave during this period or FFCRA leave; or
    - § 2) If an employee received disability payments or was covered by workers' compensation and received temporary disability.
- Effective immediately, and in the event of a confirmed COVID-19 case at the Charter School campus, the Charter School will notify the local public health department, as required by law.
- Effective immediately, upon notice any COVID-19-related serious illnesses or death[7] of an employee occurring in a place of employment or in connection with any employment, the Charter School will immediately report such information to Cal/OSHA. Notwithstanding the foregoing, for all Charter School campuses co-located on Los Angeles Unified School District campuses, Charter School will also comply with all requirements implemented by LAUSD related to testing and quarantining/isolation.

AB 685

Effective January 1, 2021, employers are required to provide certain notices in response to a "notice of potential exposure to COVID-19," in accordance with Labor Code section 6409.6. A "notice of potential exposure" means any of the following:

(a) Notification from a public health official or licensed medical provider that an employee was exposed to a qualifying individual at the worksite;
(b) Notification from an employee, or their emergency contact, that the employee is a qualifying individual;
(c) Notification through the school's testing protocol that the employee is a qualifying individual; or
(d) Notification from a subcontracted employer that a qualifying individual was on the schoolsite.

Upon receipt of a "notice of potential exposure," the Charter School must take the following actions within one (1) business day of the notice:

---

[7] Pursuant to 8 CCR §330(h), "Serious injury or illness means any injury or illness occurring in a place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement."

Updated on 03/01/2022

(a) Provide a written notice to all employees who were on the premises in the same worksite[8] as the qualifying individual[9] within the infectious period[10] that they may have been exposed to COVID-19.[11]

(b) Provide a written notice to the exclusive representative, if any, of the above employees.[12]

(c) Provide all employees who may have been exposed and the exclusive representative, if any, with information regarding COVID-19-related benefits to which employees may be entitled under applicable federal, state, or local laws.

   ▪ Information regarding COVID-19-related benefits includes, but is not limited to, workers' compensation, and options for exposed employees, including California COVID-19 Supplemental Paid Sick Leave-related leave, emergency paid sick leave pursuant to the FFCRA, Charter School sick leave, state-mandated leave, or negotiated leave provisions, as well as antiretaliation and antidiscrimination protections applicable to employees.

(d) Notify all employees, and the employers of subcontracted employees and the exclusive representative, if any, on the disinfection and safety plan that the employer plans to implement and complete per the guidelines of the federal Centers for Disease Control.

Records of the above notices must be retained for a minimum of three (3) years.

Effective January 1, 2021, the school must also take the following responses in the event of a COVID-19 "outbreak," as defined by CDPH:

• Within forty-eight (48) hours, the Chief Executive Officer or designee shall notify the county public health department of the names, number, occupation, and worksite of employees who meet the definition of a qualifying individual.[13]

• The Chief Executive Officer of designee shall also report the address and NAICS code of the worksite where the qualifying individuals work.

• Additional notice will be provided of any subsequent laboratory-confirmed cases of COVID-19 at the worksite.

---

[8] The "worksite" does not include buildings, or floors within multistory buildings, that a qualifying individual did not enter. If the Charter School operates multiple worksites, the school must only notify employees who worked at the same worksite as the qualified individual. (Labor Code § 6409.6, subd. (d)(5).)

[9] A "qualifying individual" means (a) a laboratory-confirmed case of COVID-19, as defined by the State Department of Public Health; (b) a positive COVID-19 diagnosis from a licensed health care provider; (c) a COVID-19-related order to isolate provided by a public health official; (d) died due to COVID-19, in the determination of a county public health department or per inclusion in the COVID-19 statistics of a county. (Labor Code § 6409.6, subd. (d)(4).)

[10] The "infectious period" means the time a COVID-19-positive individual is infectious, as defined by the State Department of Public Health. (Labor Code § 6409.6, subd. (d)(2).)

[11] Written notice must be provided in the same manner that the Charter School ordinarily uses to communicate employment-related information. Written notice may include, but is not limited to, personal service, email, or text message if it can reasonably be anticipated to be received by the employee within one business day of sending and shall be in both English and the language understood by the majority of the employees.

[12] Written notice to the exclusive representative must contain the same information as required in an incident report in a Cal/OSHA Form 300 injury and illness log unless the information is inapplicable or unknown to the school. This requirement does not apply if the school's employees do not have an exclusive representative.

[13] A "qualifying individual" means (a) a laboratory-confirmed case of COVID-19, as defined by the State Department of Public Health; (b) a positive COVID-19 diagnosis from a licensed health care provider; (c) a COVID-19-related order to isolate provided by a public health official; (d) died due to COVID-19, in the determination of a county public health department or per inclusion in the COVID-19 statistics of a county. (Labor Code § 6409.6, subd. (d)(4).)

Updated on 03/01/2022

Measures to Maintain Healthy Ongoing School Operations

1. **Identify a workplace coordinator.** The School Compliance Task Force Team will be responsible for COVID-19 issues and their impact at the workplace.

2. **Protect employees at higher risk for severe illness through supportive policies and practices.** Older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. As a result, employees may request a legally recognized accommodation related to such conditions. While the School will work to provide reasonable accommodations where applicable, the School cannot guarantee the availability of any specific accommodations. Such accommodations could include, but are not limited to:
   - Options to telework, if available and reasonable.
   - Offer vulnerable workers duties that minimize their contact with students and other employees, if the worker agrees to this.
   - Offer flexible options such as telework to employees where available and reasonable to eliminate the need for employees living in higher transmission areas to travel to workplaces in lower transmission areas and vice versa.

3. **Communicate supportive workplace polices clearly, frequently, and via multiple methods.** Employers may need to communicate with non-English speakers in their preferred languages.

   - Train workers on how implementing any new policies to reduce the spread of COVID-19 may affect existing health and safety practices.
   - Communicate to any contractors or on-site visitors about changes that have been made to help control the spread of COVID-19. Ensure that they have the information and capability to comply with those policies.
   - Create and test communication systems that employees can use to self-report if they are sick and that you can use to notify employees of exposures and closures.
   - Communicate how employees may request medical or other legally recognized accommodations from mandatory conditions of employment or continued employment with the School. Employees who wish to request a legally recognized accommodation may contact human resources via email at hr@magnoliapublicschools.org.
   - Use a hotline or another method for employees to voice concerns anonymously. They may call the Home Office hotline line 213-293-7068. Consistent with the Employee Handbook and all applicable policies, the Charter School will not tolerate discrimination, harassment, or retaliation against any employee who reports COVID-19 symptoms or hazards.

4. **Face Coverings**

   - The Charter School will provide employees with face coverings and ensure they are worn by employees when required by orders from CDPH.
   - The Charter School will ensure that face coverings are clean and undamaged, and that they are worn over the nose and mouth. Face shields are not a replacement for face coverings, although they may be worn together for additional protection,

Deleted: <#>Until lifted, the CDPH has ordered that all persons in K-12 Schools, childcare and youth settings must wear a face covering at all times while indoors, regardless of vaccination status. Employees located in Los Angeles and Orange County campuses must be provided with and must wear surgical-grade face coverings.¶ Charter School employees at the Home Office—which is not a school site subject to the CDPH K-12 mask mandate—are permitted to forego indoor masking so long as the Charter School performs all verifications required under Section 4(c) of the current LACDPH Order of the Health Officer (2/23/2022). ¶

Deleted: <#>such

Deleted: <#>and ensure they are worn when indoors, in vehicles and elsewhere as required by the CDPH or local public health authorities. All employees except San Diego must wear surgical-grade face coverings indoors, unless eating or drinking.

- Employees <u>who are required to wear a face covering pursuant to state or local public health order</u> are not required to wear face coverings in the following situations:
  - 1) When an employee is alone in a room or vehicle,
  - 2) While eating or drinking at the workplace, provided employees are at least six (6) feet apart and outside air supply to the area, if indoors, has been maximized to the extent feasible possible,
  - 3) Employees wearing respirators required by the employer and used in compliance in accordance with all safety guidelines,
  - 4) Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person,
  - 5) Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed.
- Employees exempted from wearing face coverings due to a medical condition, mental health condition, or disability shall wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.
- The Charter School will not prevent an employee from wearing a face covering when not required by this Policy or applicable law, unless it would create a safety hazard, such as interfering with the safe operation of equipment.
- Even if face coverings are not required by Policy or applicable law, the Charter School will provide face coverings to any employee, upon request.
- The Charter School will implement measures to communicate to students and other non-employees the face coverings requirements on campus.

5. Respirators and PPE

- The Charter School will evaluate the need for personal protective equipment to prevent exposure to COVID-19 hazards, such as gloves, goggles, and face shields, and provide such personal protective equipment as needed.
- Upon request, the Charter School shall provide respirators for voluntary use to all employees who are working indoors or in vehicles with more than one (1) person. If any employees are voluntarily using such respirators, the Charter School will encourage their use and ensure employees are provided with the correct respirator size.

6. Engineering Controls

- To the maximum extent feasible, the Charter School will ensure maximize the quantity of outside air in buildings or by natural ventilation systems, except when the United States EPA Air Quality Index is greater than one hundred (100) for any pollutant, or if opening windows or doors would cause additional hazards to employees.
- Conducting bimonthly inspections of the HVAC system.
- To the extent feasible, the Charter School will increase the filtration efficiency of its existing ventilations systems to the highest level that is safely allowable.
- To the extent feasible, the Charter School will consider whether the use of portable or mounted High Efficiency Particulate Air ("HEPA") filtration units, or other air cleaning systems, would reduce the risk of COVID-19 transmission on campus.

Updated on 03/01/2022

Deleted: <#>If an employee is not wearing a face covering pursuant to any of the above-referenced five (5) exceptions, and is not wearing a face shield, the employee shall be at least six (6) feet away from all other persons while indoors, unless the employee is either fully vaccinated against COVID-19 and has received all boosters they are eligible to receive or tests for COVID-19 at least twice per week during paid time and at no cost to the employee. This exception must not be used as an alternative to the above-referenced face covering requirement, unless one of these five (5) exceptions apply.¶

Deleted: who are not fully vaccinated and

Deleted: <#>As noted above, Los Angeles and Orange County campuses employees are now required to wear surgical-grade face coverings.¶

7. **Limit Sharing of Tools, Equipment, and PPE**

- The Charter School will not allow any employees, students, or any other persons to share any form of PPE, including but not limited to: Gloves, facial coverings, masks, and goggles.
- To the maximum extent feasible, the Charter School will prohibit the sharing of tools and equipment, including: Phones, headsets, desks, keyboards, and writing materials. Where sharing is required, the School will follow all cleaning and disinfection procedures, consistent with this Plan.
- On any Charter Schools busses or other vehicles which are otherwise shared, the high touch points such as steering wheels, seatbelt buckles, armrests, and seats will be disinfected between uses, consistent with this Plan.

8. **COVID-19 Testing**:

- If an employee has COVID-19 symptoms, the Charter School will make COVID-19 testing available to such employees at no cost and during paid time.
- In the event of one (1) confirmed case on campus, the Charter School will make COVID-19 testing available at no cost, during paid time to all Charter School employees who had close contacts exposure in the workplace.
- In the event of one (1) COVID-19 case, an outbreak[14], or a major outbreak at the Charter School campus, the Charter School will make COVID-19 testing available during paid time to all employees who had close contacts exposure to COVID-19 in the workplace.
- In the event of a COVID-19 outbreak pursuant to Cal/OSHA regulations:
  - The Charter School will make COVID-19 testing available at no cost to its employees within the exposed group[15], during employees' paid time, except:
    - 1) employees who were not present at the Charter School campus during the relevant fourteen (14) day period, or
    - 2) employee who had COVID-19 within the last ninety (90) days.
  - After initially offering COVID-19 testing to all employees in an exposed group, the Charter School will make such testing available again one (1) week later.
  - After these first two (2) COVID-19 tests, the Charter School will make COVID-19 testing available once a week at no cost, during paid time, to all employees in the exposed group who remain at the workplace until there is no longer an outbreak.
- In the event of a "major COVID-19 outbreak,"[16] the Charter School will provide COVID-19 testing outlined above for outbreak situations, except that such testing will be made available

---

[14] An outbreak is defined by Cal/OSHA occurs when "three or more employee COVID-19 cases within an exposed group . . . visited the workplace during their high-risk exposure period at any time during a 14-day period," and applies until there are "no new COVID-19 cases detected in the exposed group a workplace for a 14-day period."

[15] "Exposed group" is defined as "all employees at a work location, working area, or a common area at work, where an employee COVID-19 case was present at any time during the high-risk exposure period. A common area at work includes bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas," subject to limited exceptions.

[16] Cal/OSHA provides that a major outbreak occurs when "20 or more employee COVID-19 cases in an exposed group . . . visited the workplace during their high-risk exposure period within a 30- day period" and applies "until there are fewer than three COVID-19 cases detected in the exposed group for a 14-day period."

Updated on 03/01/2022

Deleted: <#>Give employees and students what they need to clean their hands and cover their coughs and sneezes:¶
¶
Provide tissues and no-touch trash cans.¶
Provide soap and water in the workplace. If soap and water are not readily available, use alcohol-based hand sanitizer that is at least 60% alcohol. Ensure that adequate supplies are maintained. All employees are encouraged to wash their hands frequently and will be provided ample time to do so. Employees should wash their hands for at least twenty (20) seconds each time.¶
To the extent feasible, dependent on a hazard assessment, and consistent with the Charter School's COVID-19 Health and Safety Plan, the Charter School will consider providing additional handwashing facilities.¶
Ideally, place touchless hand sanitizer stations in multiple locations to encourage hand hygiene.¶
Place posters that encourage hand hygiene to help stop the spread at the entrance to your workplace and in other workplace areas where they are likely to be seen. This should include signs for non-English speakers, as needed.¶
Direct employees to visit CDC's coughing and sneezing etiquette and clean hands webpage for more information.¶

Deleted: <#>Perform routine cleaning:¶
¶
Incorporate CDC Guidance for cleaning and disinfecting to develop, implement, and maintain a plan to perform regular cleanings to reduce the risk of exposure to COVID-19.¶
Routinely clean frequently touched surfaces in the workplace, such as workstations, keyboards, telephones, handrails, and doorknobs.¶
If surfaces are dirty, clean them using a detergent or soap and water before you disinfect them in accordance with Healthy Schools Act protocols.¶
For disinfection, most common, EPA-registered, household disinfectants should be effective. A list of products that are EPA-approved for use against the virus that causes COVID-19 is available on the EPA website. Follow the manufacturer's instructions for all cleaning and disinfection products (e.g., concentration, application method, and contact time).¶
Routine cleaning practices may also include, but are not limited to:¶
Using everyday janitorial cleaning supplies and disinfectants for surfaces as floors, tables, desks, counters, sinks, toilets, and other hard-surfaced furniture and equipment;¶
Dusting hard surfaces;¶
Damp wiping of hard surfaces to ensure they are free of debris;¶
Wet mopping of floors;¶
Vacuuming carpets and mats.¶
The Charter School will clean and disinfect areas commonly visited by staff no less than once per day during operating hours and implement a schedule for such cleaning and disinfecting. These areas include, but are not limited to: Break rooms, restrooms, lobbies, classrooms, laboratories, nurse's office, counseling and student support areas, staff offices, breakrooms, and cafeterias.¶   ... [2]

Deleted: , if such employees are not fully vaccinated against COVID-19.

to all employees, regardless of their COVID-19 vaccination status.

- Consistent with current Cal/OSHA regulations, the School will require certain frequencies of COVID-19 testing before allowing employees with COVID-19 exposure to return to campus.
- In the event that COVID-19 testing is mandated by Cal/OSHA regulations, all Charter School employees should be able to secure testing through their local county, free of charge and during working hours. The Charter School is currently working on arranging additional COVID-19 testing for all employees with a contracted testing vendor. As soon as more information is available, the Charter School will notify all employees as to further details.
- If COVID-19 is not mandated by Cal/OSHA regulations, but testing is otherwise needed, employees may procure testing, likely free of charge, through their local county or from their health provider.
- The Charter School reserves the right to require employees undergo additional frequencies of COVID-19 testing, consistent with applicable authority, and directives from public health authorities as well as the School's authorizer, regardless of an employee's COVID-19 vaccination status. Further information regarding applicable cadences for COVID-19 testing may be found in the MPS COVID-19 Health and Safety Policy.
- Any employees who have questions regarding COVID-19 testing may contact the MPS Human Resources Department at hr@magnoliapublicschools.org.

Record Keeping and Availability of Plan

- The Charter School will maintain records of the steps taking to implement this Plan for at least one (1) year, consistent with 8 CCR §3202(b).
- This Plan shall be made available at the workplace to all Charter School employees, authorized representatives, and Cal/OSHA representatives immediately upon request.
- The Charter School will track all COVID-19 cases, by keeping a record of the employee's name, contact information, occupation, location where the employee worked, the date of the last day at the workplace, and the date of a positive COVID-19 test. Medical information shall be kept confidential. The information shall be made available to employees, authorized employee representatives, or as otherwise required by law, with personal identifying information removed.

The CEO/Superintendent is authorized to implement changes or additions to this addendum in order to ensure compliance with new or revised orders or guidance from local, county, state or federal authorities ("Agencies") and/or the facts of a specific circumstance, and to take any and all actions consistent with orders and guidance from the Agencies that is not specifically addressed by this policy. The CEO/Superintendent shall provide the Board with regular updates as to actions taken pursuant to this section.

Updated on 03/01/2022

Appendix A

Controls Table

The following table presents examples of controls to implement in the workplace. The most effective controls are those that rely on engineering solutions, followed by administrative controls, then PPE. PPE is the least effective control method and the most difficult to implement. Worksites may have to implement multiple complementary controls from these columns to effectively control the hazard.

Engineering (Facilities and Equipment)
• Assess job hazards for feasibility of engineering controls   • Ensure ventilation and water systems operate properly

Administrative

Management and Communications
- Monitor state and local public health communications about COVID-19
- Require students who are ill to stay home
- Encourage sick workers to report symptoms, stay home, and follow CDC guidance
- Develop strategies to:
    - communicate with staff
    - manage staff concerns
- Remind staff of available support services
- Communicate to partners, suppliers, other contractors on policies and practices, including face covering requirements.
- Cancel group events
- Close/limit use of shared spaces
- Consider policies that encourage flexible sick leave and alternative work schedules.
- Schedule stocking during off-peak hours

Cleaning and Disinfection
- Clean and disinfect frequently touched surfaces, (e.g., counters, shelving, displays)
- Provide employees with disposable disinfectant wipes, cleaner, or sprays that are effective against the virus that causes COVID-19

Training

Provide employees with training on:
- Symptoms, emergency warning signs and high-factors for COVID-19
- Policies to reduce the spread of COVID-19
- The Charter School's COVID-19 procedures designed to protect employees from COVID-19 exposure and hazards, as well as how employees can participate in the identification and evaluation of potential COVID-19 hazards.
- Information regarding COVID-19 transmission, including that COVID-19 "is an infectious disease that can be spread through the air when an infectious person talks, vocalizes, sneezes, coughs, or exhales; as well as that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth; as well as that infectious people may have no symptoms."
- COVID-19 related benefits under federal, state, and local law, including any potential benefits under current workers' compensation laws, California COVID-19 Supplemental Paid Sick leave, FFCRA, legally mandated sick and vaccination leave, workers' compensation law, the Charter School's leave policies, and any other rights by contract or collective bargaining agreement.

Updated on 03/01/2022

- Information regarding the fact that particles containing the virus can travel more than six (6) feet, especially indoors; and thus, why social distancing, face coverings, increased ventilation indoors, and respiratory protection decrease the spread of COVID-19 but are most effective when used in combination..
- General hygiene
- Cleaning and disinfection
- Cloth face coverings
- Use of PPE
- Safe work practices
- Stress management
- The Charter School's policies for providing respirators, and the right of employees who are not fully vaccinated to request a respirator for voluntary use, without fear of retaliation and at no cost to employees, including:
  - 1) How to properly wear the respirator provided; and
  - 2) How to perform a seal check according to the manufacturer's instructions each time a respirator is worn, and the fact that facial hair interferes with a seal.
- Proper use of face coverings and the fact that face coverings are not respiratory protective equipment. COVID-19 is an airborne disease. N95s and more protective respirators protect the users from airborne disease while face coverings primarily protect people around the user.
- Information on the Charter School's COVID-19 policies; how to access COVID-19 testing and vaccination; and the fact that vaccination is effective at preventing COVID-19, protecting against both transmission and serious illness or death.
- The conditions under which face coverings must be worn at the workplace and that face coverings are additionally recommended outdoors for people who are not fully vaccinated if six (6) feet of distance between people cannot be maintained. Employees can request face coverings from the employer at no cost to the employee and can wear them at work, regardless of vaccination status, without fear of retaliation.

Personal Protective Equipment (PPE)

- Conduct workplace hazard assessment
- Determine what PPE is needed for their workers' specific job duties based on hazards and other controls present
- Select and provide appropriate PPE to the workers at no cost, and train employees in the use of the PPE.

APPENDIX B: IDENTIFICATION AND INSPECTION OF COVID-19 HAZARDS

All persons, regardless of symptoms or negative COVID-19 test results, will be considered potentially infectious. Particular attention will be paid to areas where people may congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not. For example: meetings, entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

Evaluation of potential workplace exposure will be to all persons at the workplace or who may enter the workplace, including coworkers, students, visitors, employees of other entities, members of the public, customers or clients, and independent contractors. The School will consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing fixed work locations.

Appendix C: Investigating COVID-19 Cases

All personal identifying information of COVID-19 cases or symptoms will be kept confidential. All COVID-19 testing or related medical services provided by the School will be provided in a manner that ensures the confidentiality of employees, with the exception of unredacted information on COVID-19 cases that will be provided immediately upon request to the local health department, CDPH, Cal/OSHA, the National Institute for Occupational Safety and Health ("NIOSH"), or as otherwise required by law.

All employees' medical records will also be kept confidential and not disclosed or reported without the employee's express written consent to any person within or outside the workplace, with the following exceptions: (1) Unredacted medical records provided to the local health department, CDPH, Cal/OSHA, NIOSH, or as otherwise required by law immediately upon request; and (2) Records that do not contain individually identifiable medical information or from which individually identifiable medical information has been removed.

Date: [enter date]

INJURYAND ILLNESS PREVENTION PROGRAM ("IIPP") COVID-19 ADDENDUM

California employers are required to establish and implement an Injury and Illness Prevention Program (IIPP) to protect employees from all worksite hazards, including infectious diseases.

Charter School has adopted this addendum to accommodate reopening school for in-person instruction in accordance with the COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year from the California Department of Public Health ("CDPH"). This document additionally complies with the temporary Cal/OSHA regulations issued June 18, 2021, which require a "written COVID-19 prevention plan." Resumption of in-person instruction presumes that the Charter School has complied with all applicable legal and public health requirements. Charter School and worksite administrators should coordinate with state and local health officials to obtain timely and accurate information about the level of disease transmission in the local community before resuming any on-site work practices. Local conditions will influence the decisions that public health officials make regarding community-level strategies.

This addendum contains three parts. Part one contains background information regarding COVID-19, including known symptoms, emergency warning signs and high-risk factors. Part two provides guidelines for implementation of a COVID-19 Infection Control Plan, which includes short-term measures to implement while COVID-19 remains endemic in states and communities. Part three contains measures to maintain a healthy workforce until herd immunity in the population is achieved or the global incidence of COVID-19 comes under control.

Background

In November 2019, a novel coronavirus (SARS-CoV-2) was discovered in Wuhan, China, which was found to cause a viral respiratory illness (coronavirus disease 2019, or "COVID-19") leading to severe injury and death in certain populations, particularly elderly persons and persons with underlying health conditions.

Updated on 06/23/2022

COVID-19 was declared a pandemic by the World Health Organization on March 11, 2020. In response to the COVID-19 Pandemic, public health officers in many states and counties ordered all individuals to stay home or at their place of residence (i.e., "Shelter in Place"), except as needed to maintain continuity of operations of certain critical infrastructure sectors. Across the nation, public schools and most other government offices and private businesses were closed in order to slow the spread of the coronavirus in the community. Many states and localities have now commenced phased reopening or already reopened.

In 2020, the CDC identified the following symptoms of COVID-19, which typically appear within 2-14 days after exposure to the virus:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

The CDC also recommends that, if a person shows any of the following emergency warning signs, * he or she should seek emergency medical care immediately:

- Trouble breathing
- Persistent pain or pressure in the chest
- New confusion
- Inability to wake or stay awake
- Bluish lips or face

*Please note that this is not a complete list of all possible symptoms. Anyone experiencing any other symptoms that are severe or concerning should contact a medical provider.

Certain people are at higher risk for severe illness from COVID-19, including:

- People 65 years and older
- People who live in a nursing home or long-term care facility
- People of all ages with underlying medical conditions, particularly if not well controlled, including:
  - People with chronic lung disease or moderate to severe asthma
  - People who have serious heart conditions
  - People who are immunocompromised
    - Many conditions can cause a person to be immunocompromised, including cancer treatment, smoking, bone marrow or organ transplantation, immune

deficiencies, poorly controlled HIV or AIDS, and prolonged use of corticosteroids and other immune weakening medications
- o People with severe obesity (body mass index [BMI] of 40 or higher)
- o People with diabetes
- o People with chronic kidney disease undergoing dialysis
- o People with liver disease

Decisions to resume operations should be based on both the level of disease transmission in the community and the capacity to protect the safety and health of staff and students at each school site.

COVID-19 Infection Control Plan

Before resuming normal or phased school activities after a Shelter in Place order is lifted, prepare and implement a COVID-19 preparedness, response, control and prevention plan (i.e., COVID-19 Infection Control Plan). Federal, state, and local public health communications must be monitored to keep up with information available about COVID-19 regulations, guidance, and recommendations, to ensure that workers have access to the timeliest information.

1. Design, implement, update and maintain a COVID-19 Infection Control Plan:

The overall goal of the COVID-19 Infection Control Plan is to decrease the spread of COVID-19 and lower the impact of the disease in the workplace. This includes the following objectives:

- Prevent and reduce transmission among employees;
- Maintain healthy school operations; and
- Maintain a healthy work environment.

All site administrators should implement and update as necessary a control plan that:

- Is specific to your workplace;
- Identifies all areas and job tasks with potential exposures to COVID-19; and
- Includes control measures in this policy to eliminate or reduce such exposures

COVID-19 Infection Control Plans should consider that employees may be able to spread COVID-19 even if they do not show symptoms, which is a source of anxiety in the workforce, particularly among higher-risk individuals. Therefore, it is important to have discussions with workers about planned changes and seek their input. Additionally, collaboration with workers to effectively communicate important COVID-19 information.

2. Adjust operations to slow the spread:

- Employees who have COVID-19 symptoms should notify their supervisor and stay home as directed.
- Sick employees should follow CDC-recommended steps for self-quarantine. Employees should not return to work until the criteria to discontinue home isolation are met, in consultation with their supervisor, local health departments and healthcare providers.

Updated on 06/23/2022

- Employees who appear to have symptoms upon arrival at work or who become sick during the day should immediately be separated from other employees, students, and visitors, and sent home.
- Adopt a procedure for the safe transport of an employee who becomes sick while at work. The employee may need to be transported home or to a healthcare provider.
- Employees who are well but who have a sick family member at home with COVID-19 should notify their supervisor and follow CDC-recommended precautions.
- If implementing in-person health checks, conduct them safely and respectfully. If the Charter School conducts screening indoors at the workplace, the employer shall ensure that face coverings[1] are used during screening by both screeners and employee, and if temperatures are measured, that non-contact thermometers are used.
- Follow guidance from the Equal Employment Opportunity Commission regarding confidentiality of medical records from health checks.
- To prevent stigma and discrimination in the workplace, make employee health screenings as private as possible. Do not make determinations of risk based on race or country of origin or any other protected characteristics and be sure to maintain confidentiality of each individual's medical status and history.

3. Conduct a Workplace Hazard Assessment:

The purpose of a hazard assessment of the workplace is to identify where and how workers might be exposed to COVID-19 at work. Combinations of controls from the hierarchy of controls are used to limit the spread of COVID-19 (see Controls Table in Appendix A). These include engineering controls, workplace administrative policies, and personal protective equipment (PPE) to protect workers from the identified hazards.

- Conduct a thorough hazard assessment to determine if workplace hazards are present, or are likely to be present, and determine what type of controls are needed for specific job duties, including:
    - Evaluating potential workplace exposures which employees or other persons at the Charter School campus may encounter.
    - Evaluating places where Charter School employees or others may congregate on campus, such as hallways, bathrooms, and break rooms. This includes an evaluation of employees' potential workplace exposure to all persons at the workplace or who may enter the workplace, including coworkers, students, employees of other entities, members of the public, customers or clients, and independent contractors. During this evaluation, the Charter School will also consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing stationary work locations.
    - Reviewing and incorporating all applicable federal, state, and local public health

---

[1] Cal/OSHA defines "face coverings" as "a surgical mask, a medical procedure mask, a respirator worn voluntarily, or a tightly woven fabric or non-woven material of at least two layers (i.e., fabrics that do not let light pass through when held up to a light source) that completely covers the nose and mouth and is secured to the head with ties, ear loops, or elastic bands that go behind the head. If gaiters are worn, they shall have two layers of fabric or be folded to make two layers... A face covering is a solid piece of material without slits, visible holes, or punctures, and must fit snugly over the nose, mouth, and chin with no large gaps on the outside of the face. A face covering does not include a scarf, ski mask, balaclava, bandana, turtleneck, collar, or single layer of fabric. This definition includes clear face coverings or cloth face coverings with a clear plastic panel that, despite the non-cloth material allowing light to pass through, otherwise meet this definition and which may be used to facilitate communication with people who are deaf or hard-of-hearing or others who need to see a speaker's mouth or facial expressions to understand speech or sign language respectively."

Updated on 06/23/2022

guidance related to COVID-19, as well as any other industry-specific guidance.

o   From time to time, evaluate existing COVID-19 health and safety measures to determine whether additional or different measures are necessary.

o   Periodically conduct inspections to identify any potential COVID-19 unhealthy conditions, work practices, procedures, and to ensure compliance with all COVID-19 health and safety measures.

o   Encouraging employees and their exclusive representative, if any, to participate and assist the Charter School in identifying and evaluating potential COVID-19 workplace hazards. The School will do so by:

   •   The School will consult with employees' exclusive representatives and coordinate a virtual safety meeting prior to the start of the school year.

   •   In consultation with employees' exclusive representatives, the School will create a rotating team of employees to participate in hazard assessments on campus. These assessments will occur virtually to the greatest extent practicable. These assessments will occur prior to the start of the school year and on a as needed bases thereafter. All employees are encouraged to volunteer for participation in hazard assessments, and the School will rotate teams of employees, ensuring all groups of School personnel are equally represented to the greatest extent possible.

   •   If employees and/or exclusive representatives have specific COVID-19 hazard concerns, they may contact the school site principals (Chief Compliance Officer) to discuss such concerns, who may be reached at:

School Name	School Site Principal	Phone Number
Magnolia Science Academy-1	Brad Plonka	818-609-0507
Magnolia Science Academy-2	David Garner	818-758-0300
Magnolia Science Academy-3	Zekeriya Ocel	310-637-3806
Magnolia Science Academy-4	Musa Avsar	310-473-2464
Magnolia Science Academy-5	Ali Kaplan	818-705-5676
Magnolia Science Academy-6	James Choe	310-842-8555
Magnolia Science Academy-7	Meagan Wittek	818-886-0585
Magnolia Science Academy-8	Jason Hernandez	323-826-3925
Magnolia Science Academy-Santa Ana	Steven Keskinturk Maria Czerner-Rowell	714-479-0115
Magnolia Science Academy-San Diego	Gokhan Serce	619-644-1300
MPS Home Office	Suat Acar	213-628-3634

- If a hazard assessment reveals any potential COVID-19 hazards, the Charter School will immediately act to correct the hazard. The school site principal (Chief Compliance Officer) will be responsible for responding to and correcting any potential COVID-19 hazards.
- When engineering and administrative controls cannot be implemented or are not fully protective:
  - Determine what PPE is needed for each workers' specific job duties,

Updated on 06/23/2022

o   Select and provide appropriate PPE to the workers at no cost, and
o   Train their workers on its correct use.

4. Take action if an employee is suspected or confirmed to have COVID-19 infection:

Current Cal/OSHA Regulations
- Effective immediately, upon one (1) "COVID-19 case"[2] in the workplace, the Charter School will:
    o   Investigate the COVID-19 case, determine the day and time the COVID-19 case was last present on the Charter School campus, the date of the positive test and/or diagnosis, and the date the case has one (1) or more COVID-19 symptoms, if any.
    o   Investigate whether other Charter School employees or any other third parties may have had close contacts exposure[3] by evaluating the activities of the COVID-19 case at the Charter School campus during the infectious period[4] of the COVID-19 case..
    o   Give notice of potential exposure, within one (1) business day, and without revealing any personal identifying information[5] of the COVID-19 case, and in the manner the Charter School normally uses to communicate employment-related information, to:
        ▪   1) All employees who were on the premises at the same worksite as the COVID-19 case during the high-risk exposure period, and their authorized representatives, if any, and
        ▪   2) Independent contractors and other employers on the premises at the same worksite as the COVID-19 case during the high-risk exposure period.
    o   Make COVID-19 testing available at no cost, during paid time to all Charter School employees who had close contacts exposure in the workplace.
    o   Provide all employees who had close contacts exposure in the workplace with information regarding:
        ▪   1) COVID-19-related benefits to which the employee may be entitled under applicable federal, state, or local laws. This includes any benefits available under legally mandated sick and vaccination leave, if applicable, workers' compensation law, local governmental requirements, Charter School leave policies as well as any leave guaranteed by contract and/or Cal/OSHA;
        ▪   2) Potential COVID-19 exclusion pay eligibility, if applicable.
    o   Investigate the potential that workplace conditions contributed to the risk of COVID-19 exposure, as well as remedial steps that could have been taken to reduce the risk of COVID-19 exposure.

---

[2] Cal/OSHA regulations define a "COVID-19 case" as a person who: 1) has a positive COVID-19 test, or 2) has a positive COVID-19 diagnosis from a licenses health care provider; or 3) is subject to a COVID-19 related order to isolate issued by a local health department or state health official, or 4) has died due to COVID-19, in the determination of a local health department or per inclusion in the COVID1-9 statistics of a county.

[3] "Close contact" is defined by Cal/OSHA as "being within six feet of a COVID-19 case for a cumulative total of 15 minutes or greater in any 24-hour period within or overlapping with the currently applicable CDPH definition of the infectious period of a COVID-19 case, unless close contact is defined by regulation or order of the CDPH, in which case the CDPH definition shall apply.

[4] "Infectious period" means the following time period, unless otherwise defined by CDPH regulation or order, in which case the CDPH definition applies: 1) For COVID-19 cases who develop COVID-19 symptoms, from two days before they first develop symptoms until all of the following are true: it has been 10 days since symptoms first appeared 24 hours have passed with no fever, without the use of fever-reducing medications; and symptoms have improved; 2) For COVID-19 cases who never develop COVID-19 symptoms, from two days before until 10 days after the specimen for their first positive test for COVID-19 was collected.

[5] All personally identifying information related to COVID-19 cases or those will COVID-19 symptoms shall be kept confidential. However certain information may be provided to public health authorities, as required by law.

Updated on 06/23/2022

- Effective immediately, and pursuant to current Cal/OSHA regulations:
  - Employers shall review current CDPH guidance for persons who had close contacts, including any guidance regarding quarantine or other measures to reduce transmission. Employers shall develop, implement, and maintain effective policies to prevent transmission of COVID-19 by persons who had close contacts.
  - For employees excluded from work for quarantine, employers shall continue and maintain an employee's earnings, wages, seniority, and all other employee rights and benefits, including the employee's right to their former job status, as if the employee had not been removed from their job. Employers may use employer-provided employee sick leave for this purpose to the extent permitted by law. Wages due under this subsection are subject to existing wage payment obligations and must be paid at the employee's regular rate of pay no later than the regular pay day for the pay period(s) in which the employee is excluded. Unpaid wages owed under this subsection are subject to enforcement through procedures available in existing law. If an employer determines that one of the exceptions below applies, it shall inform the employee of the denial and the applicable exception.
  - Charter School employees with confirmed COVID-19, regardless of vaccination status, previous infection, or lack of symptoms, must be excluded from campus until:
    - At least five days have passed from the date that COVID-19 symptoms began, or, if the person does not develop COVID-19 symptoms, from the date of the first positive COVID-19 test.
    - At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever reducing medications; and
    - A negative COVID-19 test from a specimen collected on the fifth day or later is obtained; or, if unable to test or the employer chooses not to require a test, 10 days have passed from the date that COVID-19 symptoms began or, if the person does not develop COVID-19 symptoms, from the date of first positive COVID-19 test.
    - If an individual's COVID-19 symptoms are not resolving, they may not return to work until 1) At least 24 hours have passed since a fever of 100.4 degrees Fahrenheit or higher has resolved without the use of fever-reducing medication, and 2) Symptoms are resolving or 10 days have passed from when the symptoms began.
    - Regardless of vaccination status, previous infection, or lack of COVID-19 symptoms, a COVID-19 case shall wear a face covering in the workplace until 10 days have passed since the date that COVID-19 symptoms began, or, if the person did not have COVID-19 symptoms, from the date of their first positive test.

  - When an order to isolate, quarantine, or exclude an employee is issued by a local or state health official, the employee shall not return to work until the period of isolation or quarantine is completed or the order is lifted even if the order exceeds the specified exclusion requirements here and in the ETS or CDPH recommendation.
  - Employees excluded from campus due to close contact COVID-19 exposure may be entitled to salary continuation during the applicable exclusion period. The Charter School will provide employees with California COVID-19 Supplemental Paid Sick Leave or emergency paid sick leave pursuant to the Families First Coronavirus

Updated on 06/23/2022

Response Act ("FFCRA"), if available, during this period. If an employee is not eligible for California COVID-19 Supplemental Paid Sick Leave or otherwise has no such leave available, the Charter School may elect to provide paid sick leave during this period.

- o Employees excluded from work due to close contact COVID-19 exposure are not entitled to salary continuation if either of the following applies:
  - 1) If a COVID-19 case is not work-related pursuant to all applicable workers' compensation laws. However, the employee may still be eligible for California COVID-19 Supplemental Paid Sick Leave during this period or FFCRA leave; or
  - 2) If an employee received disability payments or was covered by workers' compensation and received temporary disability.

- Effective immediately, and in the event of a confirmed COVID-19 case at the Charter School campus, the Charter School will notify the local public health department, as required by law.
- Effective immediately, upon notice any COVID-19-related serious illnesses or death[6] of an employee occurring in a place of employment or in connection with any employment, the Charter School will immediately report such information to Cal/OSHA. Notwithstanding the foregoing, for all Charter School campuses co-located on Los Angeles Unified School District campuses, Charter School will also comply with all requirements implemented by LAUSD related to testing and quarantining/isolation.

AB 685

Effective January 1, 2021, employers are required to provide certain notices in response to a "notice of potential exposure to COVID-19," in accordance with Labor Code section 6409.6. A "notice of potential exposure" means any of the following:

- (a) Notification from a public health official or licensed medical provider that an employee was exposed to a qualifying individual at the worksite;
- (b) Notification from an employee, or their emergency contact, that the employee is a qualifying individual;
- (c) Notification through the school's testing protocol that the employee is a qualifying individual; or
- (d) Notification from a subcontracted employer that a qualifying individual was on the schoolsite.

Upon receipt of a "notice of potential exposure," the Charter School must take the following actions within one (1) business day of the notice:

- (a) Provide a written notice to all employees who were on the premises in the same

---

[6] Pursuant to 8 CCR §330(h), "Serious injury or illness means any injury or illness occurring in a place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement."

Updated on 06/23/2022

worksite[7] as the qualifying individual[8] within the infectious period[9] that they may have been exposed to COVID-19.[10]

(b) Provide a written notice to the exclusive representative, if any, of the above employees.[11]

(c) Provide all employees who may have been exposed and the exclusive representative, if any, with information regarding COVID-19-related benefits to which employees may be entitled under applicable federal, state, or local laws.

- Information regarding COVID-19-related benefits includes, but is not limited to, workers' compensation, and options for exposed employees, including California COVID-19 Supplemental Paid Sick Leave-related leave, emergency paid sick leave pursuant to the FFCRA, Charter School sick leave, state-mandated leave, or negotiated leave provisions, as well as antiretaliation and antidiscrimination protections applicable to employees.

(d) Notify all employees, and the employers of subcontracted employees and the exclusive representative, if any, on the disinfection and safety plan that the employer plans to implement and complete per the guidelines of the federal Centers for Disease Control.

Records of the above notices must be retained for a minimum of three (3) years.

Effective January 1, 2021, the school must also take the following responses in the event of a COVID-19 "outbreak," as defined by CDPH:

- Within forty-eight (48) hours, the Chief Executive Officer or designee shall notify the county public health department of the names, number, occupation, and worksite of employees who meet the definition of a qualifying individual.[12]
- The Chief Executive Officer of designee shall also report the address and NAICS code of the worksite where the qualifying individuals work.
- Additional notice will be provided of any subsequent laboratory-confirmed cases of COVID-19 at the worksite.

---

[7] The "worksite" does not include buildings, or floors within multistory buildings, that a qualifying individual did not enter. If the Charter School operates multiple worksites, the school must only notify employees who worked at the same worksite as the qualified individual. (Labor Code § 6409.6, subd. (d)(5).)

[8] A "qualifying individual" means (a) a laboratory-confirmed case of COVID-19, as defined by the State Department of Public Health; (b) a positive COVID-19 diagnosis from a licensed health care provider; (c) a COVID-19-related order to isolate provided by a public health official; (d) died due to COVID-19, in the determination of a county public health department or per inclusion in the COVID-19 statistics of a county. (Labor Code § 6409.6, subd. (d)(4).)

[9] The "infectious period" means the time a COVID-19-positive individual is infectious, as defined by the State Department of Public Health. (Labor Code § 6409.6, subd. (d)(2).)

[10] Written notice must be provided in the same manner that the Charter School ordinarily uses to communicate employment-related information. Written notice may include, but is not limited to, personal service, email, or text message if it can reasonably be anticipated to be received by the employee within one business day of sending and shall be in both English and the language understood by the majority of the employees.

[11] Written notice to the exclusive representative must contain the same information as required in an incident report in a Cal/OSHA Form 300 injury and illness log unless the information is inapplicable or unknown to the school. This requirement does not apply if the school's employees do not have an exclusive representative.

[12] A "qualifying individual" means (a) a laboratory-confirmed case of COVID-19, as defined by the State Department of Public Health; (b) a positive COVID-19 diagnosis from a licensed health care provider; (c) a COVID-19-related order to isolate provided by a public health official; (d) died due to COVID-19, in the determination of a county public health department or per inclusion in the COVID-19 statistics of a county. (Labor Code § 6409.6, subd. (d)(4).)

Updated on 06/23/2022

Measures to Maintain Healthy Ongoing School Operations

1. **Identify a workplace coordinator.** The School Compliance Task Force Team will be responsible for COVID-19 issues and their impact at the workplace.

2. **Protect employees at higher risk for severe illness through supportive policies and practices.** Older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. As a result, employees may request a legally recognized accommodation related to such conditions. While the School will work to provide reasonable accommodations where applicable, the School cannot guarantee the availability of any specific accommodations. Such accommodations could include, but are not limited to:
   - Options to telework, if available and reasonable.
   - Offer vulnerable workers duties that minimize their contact with students and other employees, if the worker agrees to this.
   - Offer flexible options such as telework to employees where available and reasonable to eliminate the need for employees living in higher transmission areas to travel to workplaces in lower transmission areas and vice versa.

3. **Communicate supportive workplace polices clearly, frequently, and via multiple methods.** Employers may need to communicate with non-English speakers in their preferred languages.

   - Train workers on how implementing any new policies to reduce the spread of COVID-19 may affect existing health and safety practices.
   - Communicate to any contractors or on-site visitors about changes that have been made to help control the spread of COVID-19. Ensure that they have the information and capability to comply with those policies.
   - Create and test communication systems that employees can use to self-report if they are sick and that you can use to notify employees of exposures and closures.
   - Communicate how employees may request medical or other legally recognized accommodations from mandatory conditions of employment or continued employment with the School. Employees who wish to request a legally recognized accommodation may contact human resources via email at hr@magnoliapublicschools.org.
   - Use a hotline or another method for employees to voice concerns anonymously. They may call the Home Office hotline line 213-293-7068. Consistent with the Employee Handbook and all applicable policies, the Charter School will not tolerate discrimination, harassment, or retaliation against any employee who reports COVID-19 symptoms or hazards.

4. **Face Coverings**

   - The Charter School will provide employees with face coverings and ensure they are worn by employees when required by orders from CDPH.
   - The Charter School will ensure that face coverings are clean and undamaged, and that they are worn over the nose and mouth. Face shields are not a replacement for face coverings, although they may be worn together for additional protection,
   - Employees who are required to wear a face covering pursuant to state or local public health

Updated on 06/23/2022

<mark>order</mark> are not required to wear face coverings in the following situations:

- 1) When an employee is alone in a room or vehicle,
- 2) While eating or drinking at the workplace, provided employees are at least six (6) feet apart and outside air supply to the area, if indoors, has been maximized to the extent feasible possible,
- 3) Employees wearing respirators required by the employer and used in compliance in accordance with all safety guidelines,
- 4) Employees who cannot wear face coverings due to a medical or mental health condition or disability, or who are hearing-impaired or communicating with a hearing-impaired person,
- 5) Specific tasks which cannot feasibly be performed with a face covering. This exception is limited to the time period in which such tasks are actually being performed.

- Employees exempted from wearing face coverings due to a medical condition, mental health condition, or disability shall wear an effective non-restrictive alternative, such as a face shield with a drape on the bottom, if their condition or disability permits it.
- The Charter School will not prevent an employee from wearing a face covering when not required by this Policy or applicable law, unless it would create a safety hazard, such as interfering with the safe operation of equipment.
- Even if face coverings are not required by Policy or applicable law, the Charter School will provide face coverings to any employee, upon request.
- The Charter School will implement measures to communicate to students and other non-employees the face coverings requirements on campus.

5. Respirators and PPE

- The Charter School will evaluate the need for personal protective equipment to prevent exposure to COVID-19 hazards, such as gloves, goggles, and face shields, and provide such personal protective equipment as needed.
- Upon request, the Charter School shall provide respirators for voluntary use to all employees who are working indoors or in vehicles with more than one (1) person. If any employees are voluntarily using such respirators, the Charter School will encourage their use and ensure employees are provided with the correct respirator size.

6. Engineering Controls

- To the maximum extent feasible, the Charter School will ensure maximize the quantity of outside air in buildings or by natural ventilation systems, except when the United States EPA Air Quality Index is greater than one hundred (100) for any pollutant, or if opening windows or doors would cause additional hazards to employees.
- Conducting bimonthly inspections of the HVAC system.
- To the extent feasible, the Charter School will increase the filtration efficiency of its existing ventilations systems to the highest level that is safely allowable.
- To the extent feasible, the Charter School will consider whether the use of portable or mounted High Efficiency Particulate Air ("HEPA") filtration units, or other air cleaning systems, would reduce the risk of COVID-19 transmission on campus.

<mark>Updated on 06/23/2022</mark>

7. **Limit Sharing of Tools, Equipment, and PPE**

- The Charter School will not allow any employees, students, or any other persons to share any form of PPE, including but not limited to: Gloves, facial coverings, masks, and goggles.
- To the maximum extent feasible, the Charter School will prohibit the sharing of tools and equipment, including: Phones, headsets, desks, keyboards, and writing materials. Where sharing is required, the School will follow all cleaning and disinfection procedures, consistent with this Plan.
- On any Charter Schools busses or other vehicles which are otherwise shared, the high touch points such as steering wheels, seatbelt buckles, armrests, and seats will be disinfected between uses, consistent with this Plan.

8. **COVID-19 Testing**:

- If an employee has COVID-19 symptoms, the Charter School will make COVID-19 testing available to such employees at no cost and during paid time.
- In the event of one (1) confirmed case on campus, the Charter School will make COVID-19 testing available at no cost, during paid time to all Charter School employees who had close contacts exposure in the workplace.
- In the event of one (1) COVID-19 case, an outbreak[13], or a major outbreak at the Charter School campus, the Charter School will make COVID-19 testing available during paid time to all employees who had close contacts exposure to COVID-19 in the workplace.
- In the event of a COVID-19 outbreak pursuant to Cal/OSHA regulations:
  - The Charter School will make COVID-19 testing available at no cost to its employees within the exposed group[14], during employees' paid time, except:
    - 1) employees who were not present at the Charter School campus during the relevant fourteen (14) day period, or
    - 2) employee who had COVID-19 within the last ninety (90) days.
  - After initially offering COVID-19 testing to all employees in an exposed group, the Charter School will make such testing available again one (1) week later.
  - After these first two (2) COVID-19 tests, the Charter School will make COVID-19 testing available once a week at no cost, during paid time, to all employees in the exposed group who remain at the workplace until there is no longer an outbreak.
- In the event of a "major COVID-19 outbreak,"[15] the Charter School will provide COVID-19 testing outlined above for outbreak situations, except that such testing will be made available to all employees, regardless of their COVID-19 vaccination status.

---

[13] An outbreak is defined by Cal/OSHA occurs when "three or more employee COVID-19 cases within an exposed group . . . visited the workplace during their high-risk exposure period at any time during a 14-day period," and applies until there are "no new COVID-19 cases detected in the exposed group a workplace for a 14-day period."

[14] "Exposed group" is defined as "all employees at a work location, working area, or a common area at work, where an employee COVID-19 case was present at any time during the high-risk exposure period. A common area at work includes bathrooms, walkways, hallways, aisles, break or eating areas, and waiting areas," subject to limited exceptions.

[15] Cal/OSHA provides that a major outbreak occurs when "20 or more employee COVID-19 cases in an exposed group . . . visited the workplace during their high-risk exposure period within a 30- day period" and applies "until there are fewer than three COVID-19 cases detected in the exposed group for a 14-day period."

Updated on 06/23/2022

- Consistent with current Cal/OSHA regulations, the School will require certain frequencies of COVID-19 testing before allowing employees with COVID-19 exposure to return to campus.
- In the event that COVID-19 testing is mandated by Cal/OSHA regulations, all Charter School employees should be able to secure testing through their local county, free of charge and during working hours. The Charter School is currently working on arranging additional COVID-19 testing for all employees with a contracted testing vendor. As soon as more information is available, the Charter School will notify all employees as to further details.
- If COVID-19 is not mandated by Cal/OSHA regulations, but testing is otherwise needed, employees may procure testing, likely free of charge, through their local county or from their health provider.
- The Charter School reserves the right to require employees undergo additional frequencies of COVID-19 testing, consistent with applicable authority, and directives from public health authorities as well as the School's authorizer, regardless of an employee's COVID-19 vaccination status. Further information regarding applicable cadences for COVID-19 testing may be found in the MPS COVID-19 Health and Safety Policy.
- Any employees who have questions regarding COVID-19 testing may contact the MPS Human Resources Department at hr@magnoliapublicschools.org.

Record Keeping and Availability of Plan

- The Charter School will maintain records of the steps taking to implement this Plan for at least one (1) year, consistent with 8 CCR §3202(b).
- This Plan shall be made available at the workplace to all Charter School employees, authorized representatives, and Cal/OSHA representatives immediately upon request.
- The Charter School will track all COVID-19 cases, by keeping a record of the employee's name, contact information, occupation, location where the employee worked, the date of the last day at the workplace, and the date of a positive COVID-19 test. Medical information shall be kept confidential. The information shall be made available to employees, authorized employee representatives, or as otherwise required by law, with personal identifying information removed.

The CEO/Superintendent is authorized to implement changes or additions to this addendum in order to ensure compliance with new or revised orders or guidance from local, county, state or federal authorities ("Agencies") and/or the facts of a specific circumstance, and to take any and all actions consistent with orders and guidance from the Agencies that is not specifically addressed by this policy. The CEO/Superintendent shall provide the Board with regular updates as to actions taken pursuant to this section.

Updated on 06/23/2022

Appendix A

Controls Table

The following table presents examples of controls to implement in the workplace. The most effective controls are those that rely on engineering solutions, followed by administrative controls, then PPE. PPE is the least effective control method and the most difficult to implement. Worksites may have to implement multiple complementary controls from these columns to effectively control the hazard.

Engineering (Facilities and Equipment)
• Assess job hazards for feasibility of engineering controls • Ensure ventilation and water systems operate properly

Administrative

Management and Communications
• Monitor state and local public health communications about COVID-19
• Require students who are ill to stay home
• Encourage sick workers to report symptoms, stay home, and follow CDC guidance
• Develop strategies to:
    o communicate with staff
    o manage staff concerns
• Remind staff of available support services
• Communicate to partners, suppliers, other contractors on policies and practices, including face covering requirements.
• Cancel group events
• Close/limit use of shared spaces
• Consider policies that encourage flexible sick leave and alternative work schedules.
• Schedule stocking during off-peak hours
 	
Cleaning and Disinfection
• Clean and disinfect frequently touched surfaces, (e.g., counters, shelving, displays)
• Provide employees with disposable disinfectant wipes, cleaner, or sprays that are effective against the virus that causes COVID-19
 	
Training
Provide employees with training on:
• Symptoms, emergency warning signs and high-factors for COVID-19
• Policies to reduce the spread of COVID-19
• The Charter School's COVID-19 procedures designed to protect employees from COVID-19 exposure and hazards, as well as how employees can participate in the identification and evaluation of potential COVID-19 hazards.
• Information regarding COVID-19 transmission, including that COVID-19 "is an infectious disease that can be spread through the air when an infectious person talks, vocalizes, sneezes, coughs, or exhales; as well as that COVID-19 may be transmitted when a person touches a contaminated object and then touches their eyes, nose, or mouth; as well as that infectious people may have no symptoms."
• COVID-19 related benefits under federal, state, and local law, including any potential benefits under current workers' compensation laws, California COVID-19 Supplemental Paid Sick leave, FFCRA, legally mandated sick and vaccination leave, workers' compensation law, the Charter School's leave policies, and any other rights by contract or collective bargaining agreement.

<mark>Updated on 06/23/2022</mark>

- Information regarding the fact that particles containing the virus can travel more than six (6) feet, especially indoors; and thus, why social distancing, face coverings, increased ventilation indoors, and respiratory protection decrease the spread of COVID-19 but are most effective when used in combination..
- General hygiene
- Cleaning and disinfection
- Cloth face coverings
- Use of PPE
- Safe work practices
- Stress management
- The Charter School's policies for providing respirators, and the right of employees who are not fully vaccinated to request a respirator for voluntary use, without fear of retaliation and at no cost to employees, including:
  - 1) How to properly wear the respirator provided; and
  - 2) How to perform a seal check according to the manufacturer's instructions each time a respirator is worn, and the fact that facial hair interferes with a seal.
- Proper use of face coverings and the fact that face coverings are not respiratory protective equipment. COVID-19 is an airborne disease. N95s and more protective respirators protect the users from airborne disease while face coverings primarily protect people around the user.
- Information on the Charter School's COVID-19 policies; how to access COVID-19 testing and vaccination; and the fact that vaccination is effective at preventing COVID-19, protecting against both transmission and serious illness or death.
- The conditions under which face coverings must be worn at the workplace and that face coverings are additionally recommended outdoors for people who are not fully vaccinated if six (6) feet of distance between people cannot be maintained. Employees can request face coverings from the employer at no cost to the employee and can wear them at work, regardless of vaccination status, without fear of retaliation.

Personal Protective Equipment (PPE)

- Conduct workplace hazard assessment
- Determine what PPE is needed for their workers' specific job duties based on hazards and other controls present
- Select and provide appropriate PPE to the workers at no cost, and train employees in the use of the PPE.

MAGNOLIA
PUBLIC SCHOOLS

APPENDIX B: IDENTIFICATION AND INSPECTION OF COVID-19 HAZARDS

All persons, regardless of symptoms or negative COVID-19 test results, will be considered potentially infectious. Particular attention will be paid to areas where people may congregate or come in contact with one another, regardless of whether employees are performing an assigned work task or not. For example: meetings, entrances, bathrooms, hallways, aisles, walkways, elevators, break or eating areas, cool-down areas, and waiting areas.

Evaluation of potential workplace exposure will be to all persons at the workplace or who may enter the workplace, including coworkers, students, visitors, employees of other entities, members of the public, customers or clients, and independent contractors. The School will consider how employees and other persons enter, leave, and travel through the workplace, in addition to addressing fixed work locations.

Person(s) conducting the evaluation:

Date:

Name(s) of employee and authorized employee representative that participated:

Interaction, area, activity, work task, process, equipment and material that potentially exposes employees to COVID-19 hazards	Places and times	Potential for COVID-19 exposures and employees affected, including members of the public and employees of other employers	Existing and/or additional COVID-19 prevention controls, including barriers, partitions and ventilation

Appendix C: Investigating COVID-19 Cases

All personal identifying information of COVID-19 cases or symptoms will be kept confidential. All COVID-19 testing or related medical services provided by the School will be provided in a manner that ensures the confidentiality of employees, with the exception of unredacted information on COVID-19 cases that will be provided immediately upon request to the local health department, CDPH, Cal/OSHA, the National Institute for Occupational Safety and Health ("NIOSH"), or as otherwise required by law.

All employees' medical records will also be kept confidential and not disclosed or reported without the employee's express written consent to any person within or outside the workplace, with the following exceptions: (1) Unredacted medical records provided to the local health department, CDPH, Cal/OSHA, NIOSH, or as otherwise required by law immediately upon request; and (2) Records that do not contain individually identifiable medical information or from which individually identifiable medical information has been removed.

Date: [enter date]

Name of person conducting the investigation: **[enter name(s)]**

Employee (or non-employee*) name:		Occupation (if non-employee, why they were in the workplace):	
Location where employee worked (or non-employee was present in the workplace):		Date investigation was initiated:	
Was COVID-19 test offered?		Name(s) of staff involved in the investigation:	
Date and time the COVID-19 case was last present in the workplace:		Date of the positive or negative test and/or diagnosis:	
Date the case first had one or more COVID-19 symptoms:		Information received regarding COVID-19 test results and onset of symptoms (attach documentation):	

Results of the evaluation of the COVID-19 case and all locations at the workplace that may have been visited by the COVID-19 case during the high-risk exposure period, and who may have been exposed (attach additional information):	

Notice given (within one business day, in a way that does not reveal any personal identifying information of the COVID-19 case) of the potential COVID-19 exposure to:		
All employees who were on the premises at the same worksite as the COVID-19 case during the high-risk exposure period and their authorized representatives.	**Date:**	
	Names of employees that were notified:	
Independent contractors and other employers on the premises at the same worksite as the COVID-19 case during the high-risk exposure period.	**Date:**	
	Names of individuals that were notified:	

What were the workplace conditions that could have contributed to the risk of COVID-19 exposure?		What could be done to reduce exposure to COVID-19?	
Was local health department notified?		**Date:**	

*Should an employer be made aware of a non-employee infection source COVID-19 status.

Approval of AdHoc Committee to Evaluate and Approve Discrete Facilities Projects for MSA-1, MSA-Santa Ana & MSA-San Diego

Section: V. Action Items
Item: H. Approval of AdHoc Committee to Evaluate and Approve Discrete Facilities Projects for MSA-1, MSA-Santa Ana & MSA-San Diego
Purpose: Vote
Submitted by:
Related Material: Appointment of Ad Hoc Committee.pdf

Board Agenda Item:	V H: Action Item
Date:	June 23, 2022
To:	Magnolia Public Schools ("**MPS**") Board of Directors ("**MPS Board**")
From:	MPS Audit/Facilities Committee
	Patrick Ontiveros, General Counsel & Director of Facilities Mustafa Sahin, Project Manager
RE:	Approval of Appointment of Ad Hoc Committee to Review and Approve Summer 2022 Capital Improvement Projects

I. Proposed Motion/Recommendation(s)

Staff recommends and moves that the Board approve the appointment of an ad hoc committee of the MPS Board of Directors (the "**MPS Board**") to review and approve capital improvement projects immediately after the appointment of an ad hoc committee through the MPS Board's first regular meeting in August 2022.

II. Background

MPS Staff has multiple capital improvement projects in process for various campuses. MPS Staff would like to complete such projects in time for, or as soon as practical following, the start of the 2022-23 school year starting in August 2022. In order to meet that deadline, these projects will need to be approved quickly. MPS Staff needs the projects approved before the next regularly scheduled MPS Board meeting. The projects include but are not limited to the following:

Campus	Project Description	Est. Cost
MSA-1	HS Building Shade structures- waiting for CDE's approval to use ESSER funds	120,000
MSA-1	Painting inside of the both buildings, waiting for 2 more proposals	150,000
MSA-1	Bullet proof window screens, waiting for 2 more proposals	40,000
	Subtotal	310,000
	Contingency (20%)	62,000
	Total	422,000

220623 - MPS - Appointment of Ad Hoc Committee

Audit/Facilities Committee &
Board of Directors Report
Page 2

Campus	Project Description	Est. Cost
MSA-SD	Shade Structures, waiting for SDUSD approval	111,460
MSA-SD	Two Digital Signs, waiting for SDUSD approval	40,000
MSA-SD	Adding sink/partitions, waiting for SDUSD approval	50,000
MSA-SD	Maintenance Ramps	10,000
MSA-SD	Paving project	15,000
MSA-SD	Landscaping	30,000
MSA-SD	DSA Close-out	50,000
	Subtotal	306,460
	Contingency (20%)	61,292
	Total	367,752
MSA-SA	Campus entrance: Main Iron gate, Privacy Metal Screen	10,000
MSA-SA	Buzzer System with Security Camera at the pedestrian entrance, vehicle entrance, and main entrance	10,000
MSA-SA	Security gates for parking lot / playground access	30,000
MSA-SA	Blinds in the classrooms	10,000
MSA-SA	Artificial grass	40,000
MSA-SA	Art covering 2nd floor windows (street side) and covering all indoor glass windows	30,000
MSA-SA	Chain link fence slats at the playground area	10,000
MSA-SA	Playground Surfacing Replacement and Periodic Maintenance of Kindergarten Play Surface	33,000
MSA-SA	Repair of Drainage in the Back of the School Building	20,000
	Sub-Total	193,000
	Contingency (20%)	38,600
	Total	231,600

MSA-1 expects to pay for MSA-1's capital improvement projects with funds from its reserves. MSA-SD expects to pay for MSA-SD's capital improvement projects with funds from its San Diego Repair and Replacement Subaccount, established at the time of the 2017 tax exempt bond financing. MSA-SA expects to pay for its projects with proceeds from its reserves. In each instance, MPS Staff will confer with the Finance Department before undertaking any project to insure the source of funds is identified and sufficient funds are available.

220623 - MPS - Appointment of Ad Hoc Committee

Audit/Facilities Committee &
Board of Directors Report
Page 3

The MPS Board may appoint an ad hoc committee so long as it is for a specific purpose and a finite duration. In this case, the ad hoc committee will be specifically formed to approve projects for MSA-1, MSA-SD, and MSA-SA and will terminate immediately before the MPS Board's first regularly scheduled August 2022 meeting.

III.   Conclusion / Budget Impact

The final budget impact will depend on the final price for each project. As final pricing on the aforementioned projects is received, it will be discussed with the MPS Finance Department to confirm the availability of funds for the project. Following such review and if approved, the project or projects will be presented to the ad hoc committee for approval.

Approval of CLI Capital as a Lender to Magnolia Educational & Research Foundation (MERF)

Section: V. Action Items
Item: I. Approval of CLI Capital as a Lender to Magnolia Educational & Research Foundation (MERF)
Purpose: Vote
Submitted by:
Related Material: CLI Capital as a Lender to MPS and its Affiliates.pdf

Board Agenda Item: V I: Action Item

Date: June 23, 2022

To: Magnolia Public Schools ("**MPS**") Board of Directors ("**MPS Board**")

From: MPS Audit/Facilities Committee

Patrick Ontiveros, General Counsel & Director of Facilities
Mustafa Sahin, Project Manager

RE: Approval of CLI Capital as a Lender to MPS and its Affiliates

I.   Proposed Motion/Recommendation(s)

Staff recommends and moves that the Board approve CLI Capital ("**CLI**") as a lender to MPS and its affiliates for such projects and purposes as MPS's CEO and Superintendent, CFO, and other C-Team staff members may deem necessary and appropriate and in the best interests of MPS and its affiliates

II.   Background

According to its website "*CLI Capital is a private Real Estate Investment Trust. For over 60 years, CLI has provided creative financing solutions for specialty real estate projects. As a direct lender, we pride ourselves on providing innovative credit structures in a responsive manner. Our current areas of focus are in the education and healthcare sectors. We specialize in bridge financing needs, interim construction projects, and semi-permanent loans in these sectors.*" CLI Capital is headquartered in Amarillo, Texas.

CLI has been in business since the 1960s and has financed over $2 billion in charter school projects since their first charter school transaction in 2011.

III.   Conclusion / Budget Impact

There are no immediate budget impacts to MPS. MPS Staff will evaluate each possible transaction with CLI on a case by case basis.

Election of Board Members to Magnolia Properties Management, Inc

Section: V. Action Items
Item: J. Election of Board Members to Magnolia Properties
Management, Inc
Purpose: Vote
Submitted by:
Related Material: New Director to the Magnolia Properties Management, Inc..pdf

MAGNOLIA
PUBLIC SCHOOLS

Board Agenda Item:	V J: Action Item
Date:	June 23, 2022
To:	Magnolia Public Schools ("**MPS**") Board of Directors ("**MPS Board**")
From:	Alfredo Rubalcava, Chief Executive Officer and Superintendent
	Patrick Ontiveros, General Counsel & Director of Facilities
	Mustafa Sahin, Project Manager
RE:	Removal of an Existing Director and Appointment of a New Director to the Magnolia Properties Management, Inc. Board of Directors

I.   Proposed Motion/Recommendation(s)

Staff recommends and moves that the MPS Board of Directors (the "**MPS Board**") remove Director Haim Beliak from the Board of Directors of Magnolia Properties Management, Inc. and replace him with Dr. Salih Dikbas, Ph.D.

II.   Background

Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") is a California nonprofit public benefit corporation and a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1986 ("**IRC**"). Magnolia Properties Management, Inc. is a California nonprofit public benefit corporation ("**MPM**") and a tax exempt organization under Section 501(c)(3) of the IRC and was formed and is operated exclusively to support MPS. MPS is MPM's sponsor.

Section 2 of Article III of MPM's Bylaws provides as follows: "*[t]he authorized number of Directors shall be not less than 3 nor more than 7, until changed by amendment to these Bylaws. The exact number of authorized Directors shall be fixed within these limits from time to time by Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation (the "Sponsor").*" Section 3 of Article III of MPM's Bylaws provides as follows: *"[MPS, the Sponsor], acting through its Board of Directors, shall designate the Directors of the corporation. Each Director designated by the [MPS] shall serve for such term of office as is designated by the [MPS]."* Further, Section 5 of Article III of MPM's Bylaws provides as follows: "[An MPM] Director may be removed at any time for any reason by the Sponsor."

III.   Conclusion / Budget Impact

There is no budget impact to MPS.

Summary of Compensation & Benefits Survey Data for CEO.pdf

Magnolia Public Schools Governing Board

**Summary of Compensation and Benefits Survey Data for
CEO/Superintendent**

June 2022

Prior to any Board action to approve any decisions regarding executive compensation (including approval of base salary increases, incentive compensation, bonuses, etc.), the Board must first exercise due diligence (review of comparable compensation practices) to ensure compliance with IRS restrictions on excess compensation for nonprofit executives, including a charter school Chief Executive Officer ("CEO") and/or Superintendent. The Board's review and approval of the executive compensation must occur: initially upon hiring the executive; whenever the term of employment, if any, is renewed or extended; and whenever the officer's compensation is modified. However, separate review and approval is not required if the modification of compensation extends to substantially all employees.

In reviewing the reasonableness of compensation for nonprofit executives, the IRS considers "compensation" broadly and will look at the value of salary, as well as non-fixed compensation (incentive compensation/bonuses), and benefits. If the IRS determines compensation is not reasonable, severe consequences may result.

The following is a summary of findings following review and comparison of a sampling of total compensation levels received by public school leaders in Southern California. Compensation figures are from the State Controller's Office for the 2020 calendar year (the most recent available). Student enrollment figures are from the California Department of Education for the 2020-21 school year. The CEO/Superintendent of Magnolia Charter Schools oversees ten public schools in Los Angeles, Orange, and San Diego Counties with a total population of approximately 4,000 students. Based on these facts, this study compared salary packages of similarly situated public school leaders. The five school districts and three charter schools surveyed in this summary have an average population of approximately 4,022 students. Of the schools sampled, the average total compensation package (base salary plus other compensation) for school leaders is approximately $312,317. The average base salary is approximately $257,091. The range of base salaries is $213,792 to $315,113.

These salaries are from the 2020 calendar year, so conservatively adding 3% to 7% to the base salary average for 2022 would provide an average range of $264,804 to $275,087.

Cypress Elementary School District (Orange County)	3,923 Students
Superintendent	
Total Compensation Package	**$281,724**
Base Salary	$232,751
Other compensation (benefits and retirement)	$48,973
Buena Park Elementary School District (Orange County)	**4,552 Students**
Superintendent	
Total Compensation Package	**$295,937**
Base Salary	$236,453
Other Compensation (benefits and retirement)	$59,484
Granada Hills Charter High School (Los Angeles County)	**4,698 Students**
Executive Director	
Total Compensation Package	**$349,636**
Base Salary	$315,113
Other Compensation (benefits and retirement)	$34,523
El Segundo Unified School District (Los Angeles County)	**3,453 Students**
Superintendent	
Total Compensation Package	**$328,360**
Base Salary	$260,300
Other compensation (benefits and retirement)	$68,060
South Pasadena Unified School District (Los Angeles County)	**4,770 Students**
Superintendent	
Total Compensation Package	**$337,796**
Base Salary	$278,289
Other compensation (benefits and retirement)	$59,507
El Camino Real Charter High School (Los Angeles County)	**3,562 Students**
Executive Director	
Total Compensation Package	**$262,210**
Base Salary	$215,118
Other compensation (benefits and retirement)	$47,092
Equitas Academy Charter School (Los Angeles County)	**1,680 Students**
Chief Executive Officer	
Total Compensation Package	**$371,378**
Base Salary	$304,913
Other compensation (benefits and retirement)	$66,465
National Elementary School District (San Diego County)	**5,536 Students**
Superintendent	
Total Compensation Package	**$271,498**
Base Salary	$213,792

Approval of CEO Metrics, Evaluation Measures, and Contract Renewal

Section: V. Action Items
Item: L. Approval of CEO Metrics, Evaluation Measures, and
Contract Renewal
Purpose: Vote
Submitted by:
Related Material:
MPS CEO and Superintendent Agreement At-Will Agreement 2022-23.pdf

AT-WILL EMPLOYMENT AGREEMENT
Between
MAGNOLIA EDUCATIONAL & EDUCATIONAL FOUNDATION & ALFREDO RUBALCAVA

THIS EMPLOYMENT AGREEMENT ("Agreement") is entered into by and between the above-named employee ("Employee") and the Governing Board ("Board") of Magnolia Educational & Research Foundation dba Magnolia Public Schools ("MPS"), a California non-profit public benefit corporation operating public charter schools approved by the State Board of Education, Los Angeles County Office of Education, the Los Angeles Unified School District, and the San Diego Unified School District ("Granting Agencies"). The Board desires to hire employees who will assist MPS in achieving the goals and meeting the requirements of MPS's charters and implementing MPS's purposes, policies, and procedures. The parties recognize that MPS is not governed by the provisions of the California Education Code, except as expressly set forth in the Charter Schools Act of 1992.

WHEREAS, MPS and the Employee wish to enter into an employment relationship under the conditions set forth herein, the parties hereby agree as follows:

A.   STATUTORY PROVISIONS RELATING TO CHARTER SCHOOL EMPLOYMENT

1.   MPS has been established and operates pursuant to the Charter Schools Act of 1992, Education Code section 47600, *et seq*. MPS has been duly approved by the Granting Agencies, according to the laws of the State of California.

2.   Pursuant to Education Code section 47604, MPS has elected to be formed and to operate as a nonprofit public benefit corporation pursuant to the Non-Profit Public Benefit Corporation Law of California (Part 2, commencing with section 5110 *et seq*. of the Corporations Code). As such, MPS is considered a separate legal entity from the Granting Agencies, which granted the charter. The Granting Agencies shall not be liable for any debts and obligations of MPS, and the employee signing below expressly recognizes that he is being employed by MPS and not the Granting Agencies.

3.   Pursuant to Education Code section 47610, MPS must comply with all of the provisions set forth in its charters, but is otherwise exempt from the laws governing school districts except as specified in Education Code section 47610.

4.   MPS shall be deemed the exclusive public school employer of the employees at MPS for purposes of Government Code section 3540.1.

B.   EMPLOYMENT TERMS AND CONDITIONS

1.   **Duties**

The Employee shall work in the position of **Chief Executive Officer/Superintendent**. The Employee will perform the duties of the job position and such duties as MPS may reasonably assign and the Employee will abide by all of MPS's policies and procedures as adopted and amended from time to time.

Employee further agrees to abide by MPS's charter.

A copy of the job description for the above position is attached hereto and incorporated by reference herein. These duties may be amended from time to time in the sole discretion of MPS.

Additionally, the Employee shall meet the performance objectives set by the Board as outlined in the Board Evaluation Metrics, which will be developed and finalized by mutual agreement of the Board and the Employee within ninety (90) days of the execution of this Agreement. The Board Evaluation Metrics and any other objectives assigned will be reviewed in evaluating the Employee's performance.

2.   **<u>Work Schedule</u>**

The minimum daily work schedule for this **full-time** position shall be Monday through Friday, with eight (8) daily work hours. While the Employee shall be available onsite during this time period, the duties of this position may require work on weekends, and before and after the regular work year or hours of the work day, including but not limited to attendance at evening meetings, participation in evening and after-hour phone conferences, and performance of any other duties. The Employee may also be required to perform work in a remote capacity as assigned by the Board or required by law.

Workdays for the Employee shall be consistent with the applicable calendar of workdays for this position. The current year schedule is attached hereto and incorporated by reference herein.

The Employee will not render services in person or by electronic means, paid or otherwise, for any other person or entity during contracted work hours with MPS.

3.   **<u>Compensation</u>**

The annual compensation for this position shall be **$248,500**, subject to all regular withholdings, and paid semi-monthly, in twenty-four (24) pay periods. The Employee's compensation may be prorated depending on whether he remains employed, or in active work status, for the entire year. As an exempt employee, the Employee shall not be eligible to earn overtime.

4.   **<u>Benefits</u>**:

   a.   **<u>Health/Retirement Benefits</u>.** At MPS's expense, the Employee shall be afforded such health and other benefits of employment as shall be granted to MPS's other employees, including entitlement to participation in STRS or PERS.

   b.   **<u>Vacation/Sick Leave</u>.** The Employee is entitled to accrue vacation and paid sick leave as stated in the Employee Handbook. Vacation days may be used by the Employee subject to the prior approval of the Board.

---

c. **Professional Dues.** The Employee is entitled to reimbursement for professional memberships and dues related to education or management up to one thousand ($1000) dollars per fiscal year.

5. **Performance Evaluation**

The Board shall evaluate the performance of CEO/Superintendent twice per fiscal year. This evaluation shall be based on the job description and performance objectives as defined in the Board Evaluation Metrics. Board Evaluation Metrics may be amended by the Board throughout the year as necessary. If applicable, the evaluation shall include recommendations as to areas of improvement in all instances where the Board deems such to be necessary or appropriate. A copy of the written evaluation shall be delivered to the Employee and he shall have the right to make an oral or written response to the evaluation. Within thirty (30) days of the delivery of the written evaluation to the Employee, the Board shall meet with the Employee to discuss the evaluation. Failure to evaluate the Employee shall not impair the Board's ability to release the Employee on an at-will basis as outlined below.

6. **Employee Rights**

Employment rights and benefits for employment at MPS shall only be as specified in this Employment Agreement, MPS's charters, the Charter Schools Act and MPS's Employee Handbook, which from time to time may be amended and modified by MPS. Employment rights and benefits may be affected by other applicable agreements or directives or advisories from the California Department of Education or the State Board of Education. During the term of this Agreement, the Employee shall not acquire or accrue tenure, or any employment rights with MPS.

7. **Licensure**

The Employee understands that employment is contingent upon verification and maintenance of any applicable licensure and/or credentials.

8. **Child Abuse and Neglect Reporting**

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident. By executing this Agreement, the Employee acknowledges he is a child care custodian and is certifying that he has knowledge of California Penal Code section 11166 and will comply with its provisions.

9.   **Fingerprinting/TB Clearance**

Fingerprint clearance for the Employee will be acquired through submitting the Employee's fingerprints to the California Department of Justice. The Employee will be required to assume the cost of all fees related to the fingerprinting process. The Employee will be required to submit evidence from a licensed physician and/or licensed entity that the Employee was found to be free from tuberculosis risk factors, or active tuberculosis, if risk factors were identified. Both clearances must be in place prior to the first day of service.

10.   **Conflicts of Interest**

The Employee understands that, while employed at MPS, he will have access to confidential and proprietary information. The Employee therefore shall not maintain employment or contracts for employment, or engage in any consultant or independent contractor relationship, with any other agency or school that will in any way conflict with his employment with MPS.

11.   **Outside Professional Activities**

Upon obtaining prior written approval of the Board, the Employee may undertake for consideration outside professional activities, including consulting, speaking, and writing. The outside activities shall not occur during regular work hours. MPS shall in no way be responsible for any expenses attendant to the performance of such outside activities.

12.   **Expense Reimbursement**

MPS shall reimburse the Employee for all documented actual and necessary expenses personally incurred within the scope of employment in accordance with applicable MPS policy and authorization.

13.   **Telework**

The Employee may be required to perform some or all the duties of this position in a telework/remote capacity, as assigned by the Board, and consistent with the MPS Telework Policy.

14.   **Required Contract Provisions**

The following provisions are required to be included in this Agreement by the California Government Code:

a.   **Limitations on Cash Settlement**

In no case upon termination of this Agreement shall the maximum cash settlement exceed an amount equal to the monthly salary of Employee multiplied by twelve (12).

---

b. **Required Reimbursements**

The Employee shall be required to reimburse MPS for any salary or fees he receives from MPS in relation to his placement on paid administrative leave pending criminal charges if he is convicted of a crime involving the abuse of office/position. Regardless of the term of this Agreement, if the Agreement is terminated, the Employee must reimburse MPS for any cash settlement he receives in relation to his termination if he is convicted of a crime involving the abuse of office/position.

C. EMPLOYMENT AT-WILL

MPS may terminate this Agreement and the Employee's employment at any time with or without cause, with or without advance notice, and at MPS's sole and unreviewable discretion. Either party may immediately terminate this Agreement and the Employee's employment upon written notice to the other party.

The Employee also may be demoted or disciplined and the terms of his employment may be altered at any time, with or without cause, at the discretion of MPS. No one other than the Board has the authority to alter this arrangement, to enter into an agreement for employment for a specified period of time, or to make any agreement contrary to the terms of this Agreement, and any such agreement must be in writing and must be signed by the Board and by the affected employee and must specifically state the intention to alter this "at-will" relationship.

In the event of charter revocation or non-renewal, all contractual obligations under this Agreement cease immediately upon the effective date of revocation or non-renewal.

D. GENERAL PROVISIONS

1. **Waiver of Breach**

The waiver by either party, or the failure of either party to claim a breach of any provision of this Agreement, will not operate or be construed as a waiver of any subsequent breach.

2. **Assignment**

The rights and obligations of the respective parties under the Agreement will inure to the benefit of and will be binding upon the heirs, legal representatives, successors and assigns of the parties hereto; provided, however, that this Agreement will not be assignable by either party without prior written consent of the other party.

3. **Governing Law**

This Agreement will be governed by, construed, and enforced in accordance with the laws of the State of California.

4.   **Partial Invalidity**

If any provision of this Agreement is found to be invalid or unenforceable by any court, the remaining provisions hereof will remain in effect unless such partial invalidity or unenforceability would defeat an essential business purpose of the Agreement.

E.   ACCEPTANCE OF EMPLOYMENT

By signing below, the Employee declares as follows:

1.   I have read this Agreement and accept employment with MPS on the terms specified herein.

2.   All information I have provided to MPS related to my employment is true and accurate.

3.   A copy of the job description is attached hereto.

4.   This is the entire agreement between MPS and me regarding the terms and conditions of my employment. This is a final and complete agreement and there are no other agreements, oral or written, express or implied, concerning the subject matter of this Agreement.
