#### Dialing information for this meeting is included below:

**Dial in:** 1-669-444-9171

**Meeting ID:** 978 5606 4990 - **Passcode:** 021250

---

**Zoom:** <https://zoom.us/j/97856064990?pwd=MHhBZCtGT0xEMIZpNEZQZVJ3RDBPZz09>

### **Accessibility**

In compliance with the Americans with Disabilities Act (ADA) and upon request, Magnolia Public Schools may furnish reasonable auxiliary aids and services to qualified individuals with disabilities. Members of the public who need special accommodations or translation are strongly encouraged to contact Magnolia Public Schools at least 24 hours in advance of the Board meeting so assistance can be assured. Please contact Jennifer Lara at 213-628-3634 or email [jlara@magnoliapublicschools.org](mailto:jlara@magnoliapublicschools.org) with such requests.

Any public records relating to an agenda item for an open session which are distributed to all, or a majority of all, of the Board Members shall be available for public inspection.

### **Public Comment Procedures**

Magnolia Public Schools greatly values public comment during Board meetings. For members of the public who would like to speak, please fill out the Public Speaker Form which can be accessed at [magnoliapublicschools.org](http://magnoliapublicschools.org), there will also be speaker cards to be filled out prior to the beginning of the meeting. By law, the Board is only allowed to discuss or take action on items listed on the agenda. The Board may, at its discretion, refer a matter to MPS staff or add the issue to a future board meeting date for discussion. Public speakers are limited to three (3) minutes and speakers with interpreters up to six (6) minutes.

Please note that the agenda presenting times for when that item will be discussed, or taken action on, is subject to change on the day of the Board meeting to accommodate public speaker times indicated above.

For any questions regarding this meeting please email [board@magnoliapublicschools.org](mailto:board@magnoliapublicschools.org) or call (213) 628-3634 ext. 21101.

### **Board Members:**

Mr. Mekan Muhammedov, Chair  
Ms. Sandra Covarrubias, Vice-Chair  
Dr. Umit Yapanel  
Dr. Salih Dikbas  
Ms. Diane Gonzalez  
Mrs. Esra Eldem Tunc

### **Student Board Member:**

Melissa De La Rosa Aparicio

### **CEO & Superintendent:**

---

Mr. Alfredo Rubalcava

U. Yapanel	Aye

**III. Action Items**

**A. Approval of DLR Add Service Proposals for MSA-5 7111 Winnetka Ave Construction Project**

This items was removed during the Approval of Agenda.

**B. Approval of Purchase of 7111 Winnetka Ave by MERF from MPM Sherman Winnetka LLC**

P. Ontiveros, General Counsel & Director of Facilities, reported that this relates to the Magnolia Science Academy (MSA)-5 project. He added that when the property was purchased, it was in the name of MPM Sherman Winnetka LLC. He reported that since then MPS had received an award from the state of California to acquire land and build a campus for MSA-5, however, one of the conditions for funding was that the school had to hold title and cannot have a separate LLC hold title. He added that this would be a

transfer of title to MERF from the LLC. He reported the Magnolia Properties Management (MPM) Inc., had approved the purchase and sale and now asking MERF to approve. Board questions were addressed by staff.

M. Muhammedov made a motion to approve the purchase of 7111 Winnetka Ave (the "Property") by MERF from MPM Sherman Winnetka LLC for a minimum purchase price of \$10,150,000 or such price as MPS Staff may deem appropriate and in the best interest of MPS. MPS Staff further recommend and moves that the Board approve MPS Staff to negotiate a purchase a.

U. Yapanel seconded the motion.

The board **VOTED** to approve the motion.

**Roll Call**

S. Covarrubias	Aye
U. Yapanel	Aye
D. Gonzalez	Aye
M. Muhammedov	Aye
S. Dikbas	Absent
E. Eldem Tunc	Aye

**C. Approval of Revised 2024-25 Pay Raise Scale for Teachers & Non-Classroom Based Academic Positions and School Leaders**

F. Del Carpio, Chief People Officer, announced that in April 2024 the Board has approved the pay raise scale. She added that with the closing of the school year and the efforts to improve staffing needs to increase student outcome, staff identified alongside school Principals and the Leadership team to increase the positions points to the positions outlined in the proposal to ensure that the position is competitive. She also added that a substitute teacher pay policy would be added. Board members questions were addressed by staff.

D. Gonzalez made a motion to approve the revised 2024-25 Employee Pay Raise Scale for Full-Time Teaching Positions & Non-Classroom Based Academic ("NCBA") Positions & School Leaders.

U. Yapanel seconded the motion.

The board **VOTED** to approve the motion.

**Roll Call**

E. Eldem Tunc	Aye
M. Muhammedov	Aye
S. Covarrubias	Aye
U. Yapanel	Aye
S. Dikbas	Absent
D. Gonzalez	Aye

**D. Approval of Revised MPS School Site Classified Employees' Pay Raise Schedule for 2024-25**

F. Del Carpio, Chief People Officer, reported that in doing an audit of the positions that MPS has currently within the pay scale, staff identified that Extended Learning Opportunities Program Site Coordinator was not within the pay scale. Therefore, the position would be added under classified school site position. Board members questions were addressed by staff and reported that this would be reflected in the budgets.

S. Covarrubias made a motion to approve the revised MPS school site classified employee's pay raise schedule for 2024-25 school year.

D. Gonzalez seconded the motion.

The board **VOTED** to approve the motion.

**Roll Call**

S. Covarrubias	Aye
E. Eldem Tunc	Aye
U. Yapanel	Aye
D. Gonzalez	Aye
M. Muhammedov	Aye
S. Dikbas	Absent

**E. Approval of Board Resolution for Creation and Elimination of Positions for MSA-Santa Ana Due To Restructure**

F. Del Carpio, Chief People Officer, made the ask to the Board to approve the resolution effective for the next school year. She reported that the leadership at both Magnolia Science Academy (MSA)-Santa Ana and Home Office determined that based on the current enrollment and financial standing of the school site, it was best to move to a new Principal model which is eliminating the Co-Principal model. She added that the goals will continue to increase the enrollment and as part of the strategic planning, they will begin conversations around financial school modeling and planning and formalizing those. S. Keskindurk, Principal at MSA-Santa Ana, echoed the decision and reported that this would not affect the school's overall function.

U. Yapanel made a motion to approve the board resolution #20240607-01 for elimination of position(s) for MSA-Santa Ana due to restructure effective 2024-25 school year.

D. Gonzalez seconded the motion.

The board **VOTED** to approve the motion.

**Roll Call**

E. Eldem Tunc	Aye
D. Gonzalez	Aye
S. Dikbas	Absent
M. Muhammedov	Aye
S. Covarrubias	Aye
U. Yapanel	Aye

**F. Approval of Overview and Roadmap for Staffing and Organization of New Orange County Schools**

F. Del Carpio, Chief People Officer, reported that the policy would allow establishment of slowly building the formation of the Orange County school site from the ground up. She added that they will be assigning staff to find school site and advocating for expansion before local agencies and community groups. She also reported that further actions include: identifying the selection of the school site, selecting staff that will be working on this front, negotiating lease and vendor agreements, planning instructional initial programs for long term growth, the planning and structuring staff for long term growth, and developing recruitment and outreach efforts in Orange County. She also added that the report contains the job description of the founding Principal of the new Orange County school site. A. Rubalcava, CEO & Superintendent, added that the plan of opening schools would be based on a TK-12 model. Board members questions were addressed. U. Yapanel made a motion to approve the overview and roadmap for staffing and organization of new Orange County schools. M. Muhammedov seconded the motion. The board **VOTED** to approve the motion.

**Roll Call**

U. Yapanel	Aye
S. Dikbas	Absent
S. Covarrubias	Aye
D. Gonzalez	Aye
E. Eldem Tunc	Aye
M. Muhammedov	Aye

**G. Approval of the Education Protection Act (EPA) Resolution for the 2024-25 School Year**

S. Budhreja, Chief Financial Officer, reported on the background of the EPA resolution that is adopted every year. Board members questions were clarified and addressed by staff.

U. Yapanel made a motion to approve the Resolution for the Education Protection Act for the 2024-25 School Year.

D. Gonzalez seconded the motion.

The board **VOTED** to approve the motion.

**Roll Call**

E. Eldem Tunc	Aye
S. Dikbas	Absent
M. Muhammedov	Aye
S. Covarrubias	Aye
U. Yapanel	Aye
D. Gonzalez	Aye

**IV. Closed Session**

**A. Public Announcement of Closed Session**

S. Covarrubias announced that the Board will be going into closed session to discuss public employee performance evaluation for title: CEO & Superintendent and would report out any actions that may be taken.

**B. Public Employee Performance Evaluation (§ 54957) - Title: CEO & Superintendent**

This item was discussed in Closed Session.

**C. Report Out of Closed Session**

M. Muhammedov announced in Open Session at 4:57pm that the Board discussed the item and is not finalized and the Board will continue to do its work.

**V. Closing Items**

**A. Adjourn Meeting**

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 4:58 PM.

Respectfully Submitted,  
M. Muhammedov

978 5606 4990 | Passcode: 021250

Cultural Festival

**About Me:** I am the oldest of my siblings, so I really know how to take on responsibility and manage my time. As the eldest, and as a first gen in my family, I serve as a role model for my younger siblings. I love to read and crochet on my free time, but my favorite way to pass the time is to spend it with my family. I hope to make a positive impact, not just in this school, but in the world.

**Passions:** I am very passionate about fashion, but more specifically, sustainable and inclusive fashion. I don't really see a lot of inclusion in the fashion industry, or diversity and I want to make it one of my goals to use fashion to help everyone be able to express themselves. I love to sew, crochet, knit, and just any sort of crafting in general. I also love to play volleyball and have been playing since freshman year.

**Academic Interest:** I am really interested in the more Business related course, so I really enjoy taking classes in Psychology, Business and math. In addition to that, I am interested in psychiatry, so I will be partaking in the YMHA program to gain more experience in the area. To help learn and expand my knowledge on these subjects, I have taken extra courses like AP precalculus, and many college courses. I have gotten the Part-time dean's honor list award.

- Founder and President of the Diversity Club
- Founder and President of Yarns of Hope
- Help Fundraise for our Junior Year Funds
- Hosted the Cultural Festival for MSA 2 (and hope to help bring the same to all the others)
- Volunteer Food distributor in my community.
- Debate Team Co-founder

**Goals as a Student Board Member:** I think that mental health, especially those of students, are overlooked, and I think that I can help to create and foster a safe space within all the MSAs, if not the community, and help students feel welcome and included. I also want to make sure that every student feels like they belong because I think that everyone has a place in our community. I also want to really represent the students, to amplify their voice so that they feel heard

I am latina and part of a huge family with 7 siblings. I'm great at multitasking and can focus in loud environments. I am smart and enjoy helping those in need. My family always taught me to finish anything that I start, so that's how it's always been. I love trying new things and taking on new challenges. I love old movies and like the feeling of adrenaline.

Passions

Art is my main passion, I don't just love one style or form of art. I love it all. For my future I plan to solely dedicate myself to making art all around the world. Volleyball and SRLA have been my second passion throughout high school. I have been into volleyball since freshman year and it has been one of the best experiences. SRLA taught me a lot about myself and how running can not just impact yourself but the people around you.

Leadership & Community Involvement

**ASB community**

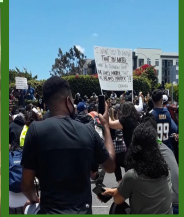

Our team create cultural and educational assemblies for both our middle school and high school community. We make school more fun and less stressful for our students and staff by planning fun activities for the holidays. We give back to the community by rounding up students, staff and parents for our Red Cross Blood Drive.

**Volleyball Community**

I am on of the leader on the varsity volleyball team. Our team had a couple of fundraisers throughout the years to buy our equipment.

**Outside community**

I participated in walks with my family for children with diabetes, black lives matter protest, and children with cancer. I participated in a trip with my school to help feed the homeless in the city of LA, since that's where homelessness is more popu

Academic Interest

I have made it to the Science Expo once in sixth grade and another time this year. Absolutely enjoyed taking a college course on Child Development, it was eye opening. I enjoy learning about chemistry, forensics, physics, biology, and more science related topics This summer I am taking a youth mental health course to broaden my understanding to take care of myself and others around me. I have held almost all straight A's since middle school up to now. Every year I get High Honor Roll and I have a 4.16 GPA that I'm extremely proud of.

Goals as a Student Board Member

I want to make MSA 3 a stronger and safer community and make sure that my peers **feel** safe and strong. At the end of the day I want all my peers to know they have a voice they can trust and rely on, because trusting someone who is dependent and reliable is important and successful. We all need support. Im hoping all Magnolia Public Schools will not just be **a part** of a community, but become **one** with the surrounding community. Our school might be small but we are proud to make the most out of it.

About Me: I was born and raised in a strong Latino community that taught me that nothing in life is going to be easy. Now as a junior moving on to my senior year; I've be able to obtain skills such as leadership, critical thinking, adaptability and collaboration with my fellow peers and admin. I am truly dedicated in working for Magnolia Public Schools since they have been a part of my life from the start of 6th grade.

Gabriela Lemus Crocker

- Goals as a Student Board Member:
- Expand the connections with every Magnolia.
  - Applify an welcoming environment in every Magnolia to increase application rate.
  - Expanding tutoring for students to reach their full potential.

- Passions:
- Family Law- I want to help people understand the state law and win their cases.
  - Teaching- I love teaching and believe its very important.
  - Fundraisers- I support the needs of others by promoting fundraisers.

Leadership & Community Involvement: I volunteer at the Valley Presbyterian hospital every Saturday morning. Last December, the Valley Presbyterian hospital held a Toy drive. I participated in the setup and organization of toys. In the Toy Drive every family was able to receive many toys. I continue volunteering weekly and I'm committed serve my community.

Academic Interest: In the beginning of 11th grade; I was elected President of Student Council. Despite being a new responsibility and lacking of prior experience, my term was successful. With the support of Student Council, I've established activities such as a Halloween fair for my fellow students. I also supported the administrators of Magnolia Science Academy 5. (Mr.Kaplan, Mr.Falza, Ms.Dady) in multiple activities such as the Lobo Store, Teacher appreciation week and Door decorating . I love contributing my time for MSA 5 . ❤️

## Naim Bayraktar

### Magnolia Science Academy Santa-Ana

#### About Me:

My name is Naim Bayraktar, I am a junior at Magnolia Science Academy Santa Ana.

- Passions: baseball, lifting, golf
- Qualities: leader, committed, focused, and always ready for new challenges

#### Passions

Create some sort of change everyday and grow by 1%

- Helping others in my community
- Help create new programs for society
- Take part in trying to learn something

## Goals as Student Board Member

- Create a **stronger bond** among the **leaders** and **students** among **all the schools**
  - Create programs bringing all leaders among schools together for trainings
- **Represent students** and help **address issues** that are not being **vocalized**
- Bring greater **awareness** to what the students truly **want** and **need** rather than what is easiest for the schools
- Take time to **visit** all schools to better **understand** the **students** and their **concerns**
- Work to **address** the **concerns** of **students** and find **solutions**
- Help bring a more **open, accepting, and enthusiastic environment** within **all** of our **schools**

## Academic Interests

Schools and education plays a key role in my life, and will continue to play a key role every single day of my life

- Taken advance courses at my school (AP and Dual Enrollment Courses)
- Awards at Science Fairs (STEAM Expo, County, and State)
- Taken part in research alongside other professors (Chapman University, UCLA, UCI)
- Academic Teams (Science Olympiad, Academic Decathlon)

## Leadership/Community

- Student Government President (2 years) (recognition from Mayor of Santa Ana and OC Board of Education)
- WE Club President (2 years)
- Red Cross President (1 year) (recognition from Red Cross Orange County)
- Teach a 5th grade class at a Saturday School (4 years)
- Coached MSASA first ever Middle School Mathcounts Team
- Congressional Gold Medal Award
- Ronald Reagan Presidential Leadership Medal

## MPS' Progress on Meeting Local Performance Indicators on the CA School Dashboard

**Section:** III. Information/Discussion Items  
**Item:** B. MPS' Progress on Meeting Local Performance Indicators on the CA School Dashboard  
**Purpose:** Discuss  
**Submitted by:**  
**Related Material:** III\_B\_MPS' Progress on Meeting Local Performance Indicators on the CA School Dashboard.pdf

Agenda Item:	III B: Information/Discussion Item
Date:	June 17, 2024
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools (“MPS”) Board of Directors (the “Board”)
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer
RE:	MPS' Progress on Meeting Local Performance Indicators on the CA School Dashboard

1. **Action Proposed:**

N/A

2. **Purpose:**

As part of the Local Control Funding Formula (LCFF), school districts, county offices of education (COES), and charter schools (also referred to as local educational agencies or LEAs) are required to self-reflect on local indicators and report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the LCAP is adopted.

3. **Background:**

*What are Local Indicators?*

California's accountability system is based on a multiple measures system that assesses how local educational agencies (LEAs) and schools are meeting the needs of their students. Performance on these measures is reported through the California School Dashboard (Dashboard).

The Dashboard includes a concise set of state indicators and local indicators that are founded on the Local Control Funding Formula (LCFF) priorities but are also aligned to the measures required under Every Student Succeeds Act (ESSA). Those LCFF priorities for which there is no state level data collected are referred to as local indicators. The seven local indicators are:

- Basic Services and Conditions (Priority 1)
- Implementation of State Academic Standards (Priority 2)
- Parent and Family Engagement (Priority 3)
- School Climate (Priority 6)
- Access to a Broad Course of Study (Priority 7)
- Coordination of Services for Expelled Students (Priority 9, for county offices of education [COEs] only)
- Coordination of Services for Foster Youth (Priority 10, for COEs only)

In addition to being a public record of progress on the Dashboard, the local indicator process serves to inform process and planning within the Local Control and Accountability Plan (LCAP). Further, progress

in local indicators can inform technical assistance provided through the Differentiated Assistance process.

### *Performance Standards*

For each local indicator, the State Board of Education (SBE) adopted performance standards require an LEA to:

1. Annually measure its progress in meeting the requirements of the specific LCFF priority; and
2. Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP; and
3. Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

An LEA uses the SBE-adopted self-reflection tools to report its progress through the Dashboard. The collection and reflection on locally available information relevant to progress regarding local priority areas will support LEAs in completing the self-reflection tools, reporting in the Dashboard, and in local planning and improvement efforts.

Provided an LEA satisfies the performance standards for each local indicator, the Dashboard will automatically assign a performance level of *Met*. If an LEA does not meet the performance standards, the Dashboard will automatically assign a performance level of *Not Met* or *Not Met for Two or More Years*, as applicable.

Earning a performance level of *Not Met for Two or More Years* may be a factor in being identified for differentiated assistance.

### *Local Indicator Self-Reflection Tools*

The following are the prompts in the approved self-reflection tools.

- **Basic Services and Conditions (Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information is all data elements that are currently required as part of the School Accountability Report Card (SARC).

- **Implementation of State Academic Standards (Priority 2)**

Recently Adopted Academic Standards and/or Curriculum Frameworks

*Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning*

*Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and*

### *Sustainability*

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.
2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.
3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

### Other Adopted Academic Standards

4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

### Support for Teachers and Administrators

5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

### Optional Narrative (Limited to 1,500 characters)

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

- **Parent and Family Engagement (Priority 3)**

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

- **School Climate (Priority 6)**

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey, which is to be conducted at least every other year, that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for

surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

- **Access to a Broad Course of Study (Priority 7)**

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

For more information on local indicators please refer to:

<https://www.cde.ca.gov/ta/ac/cm/localindicators.asp>

#### 4. **Analysis:**

Self-reflection on progress towards meeting local indicators is part of the LCAP development timeline at

MPS. MPS has a robust timeline for completing the LCAP and the planning process that serves three distinct, but related functions: Comprehensive Strategic Planning, Meaningful Educational Partners Engagement, and Accountability and Compliance. The timeline has a calendar of activities, including LCAP metric progress updates, data analysis meetings, LCAP goal analysis sessions, PAC meetings, and many more activities that help our schools develop their LCAP. The accountability department collaborates with other departments in training our school leadership teams and ensuring the timeline of activities is implemented. The Director of State and Federal Programs (SFP) oversees the org-wide coordination of LCAP activities.

As part of the local indicators self-reflection and LCAP development process our schools have conducted educational partners surveys to engage our educational partners in the evaluation of their experience at MPS. School leadership teams have shared their reflection on the survey results and findings that identify their greatest progress, greatest needs, and ways to improve so that we can maintain and improve educational quality of our schools on an ongoing basis. The teams have completed their reflections and presented them to their educational partners in various settings, including presentations at regular meetings of the Board.

School leadership teams have also presented their CA School Dashboard results and findings as well as other school performance data to their educational partners at their PAC and ELAC meetings throughout the year. During the year, the MPS Board and the Academic Committee have been presented SBAC, CA School Dashboard, NWEA, and other LCAP progress data as well as each MSA's glows, grows, and priorities with next action steps.

The MPS Home Office has collaborated with the school leadership teams in ensuring that the self-reflection tools have been used in responding to the prompts for all five local indicators and that the schools have meaningfully engaged their educational partners in the reflection process. Accountability, academics, finance, HR, facilities, operations, outreach, and communications departments have all collaborated with the school leadership teams on measuring our progress towards meeting local indicators and reflecting on areas of strength and areas for growth.

The attached local indicator self-reflections have informed the development of our LCAP and are being presented to the Board for information and feedback purposes.

## 5. **Impact:**

The local indicators self-reflection and educational partners engagement processes described in the above sections are all part of our LCAP development and continuous improvement cycle. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. We have shared the local indicators with, and requested input from, schoolsite-level advisory groups. With thorough support from the Home Office, each MSA school leadership team has developed a successful, compliant local indicators self-reflection process to inform the LCAP document that serves as a comprehensive strategic planning tool for the school.

Annually, as required by the Ed Code, this item will be on the same board agenda as the LCAP

adoption in alignment with the LCAP development process so that our schools can share their progress publicly and meet their local indicators. The reports are attached for the review of the board and the public before they are submitted to the CDE and made public via the CA School Dashboard. The deadline for submission to the CDE is July 31.

**6. Exhibits:**

1. MPS Local Indicators – 2024 (one for each Magnolia Science Academy)

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy-1	Brad Plonka Principal	bplonka@magnoliapublicschools.org (818) 609-0507

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

### Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	37.7	28.0	3.3	3.8	2.7	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards			3		
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science				4	

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education		2				
Health Education Content Standards			3			
Physical Education Model Content Standards			3			
Visual and Performing Arts					5	
World Language					5	

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole			3		
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered				4	

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-1 ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on implementing standards (CCSS, NGSS, etc.) We provide services to ELs by proficiency level, and ELD instruction is aligned with the CA ELD standards and framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs focusing on ELD standards. Our teachers participate in at least 18 hours of professional development per year. PD includes the areas of Common Core ELA/Literacy, Math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with common core ELA/ELD and Math curricula. While the primary focus has been on the ELA/Literacy, Math, and ELD, MSA-1 has also provided PD and supported our teachers on NGSS, History-Social Science, Health Education, Physical Education, Visual and Performing Arts, and World Languages.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Sections of the Self-Reflection Tool

#### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	3
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	4
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	4

#### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

MSA-1 builds trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, festivals, and parent/teacher conferences to promote parental participation in programs. We use ParentSquare to communicate with students and parents, which has supported our improved communication with all educational partners. Staff greet students and parents in the mornings during student drop-off and have an open-door policy welcoming all parents. Also, our team connects with families through in-person and virtual home visits. Home visits help us learn about students' outside interests, families, and home routines, and then use that information to connect in meaningful, individualized ways that can have considerable rewards in helping to create happier, healthier, and engaged students. The school uses home visits as an essential feature of its education program to improve student and school performance.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

The LEA's focus areas for improvement in building relationships between school staff and families are having more parent involvement on the campus, more social events (i.e., cultural), and more workshops for the families after school and on Saturdays.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

The LEA will improve the engagement of underrepresented families to build relationships between staff and families by providing more opportunities for both groups to connect. These opportunities will include in-person and virtual home visits and having events for families during the instructional day, after school, and on Saturdays.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	3
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	4
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

## Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

MSA-1 provides resources to support student learning at home through multiple workshops such as parent college and feedback given to parents during parent conferences. We have also helped equip parents with the knowledge and tools to advocate for their students and school.

MSA-1's communication system, ParentSquare, keeps parents and staff in constant communication through multiple mediums, such as texts, private messages, and voicemails. ParentSquare has also broken language barriers between staff and families through automatic translation.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

MSA-1's focus areas for improvement in building partnerships for student outcomes is to continue to build a bridge between the educational partner and school-site to collaboratively support the student's growth through multiple modalities (i.e., trainings, meetings, conferences).

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

MSA-1 will improve engagement of underrepresented families in relation to building partnerships for student outcomes by providing more opportunities for these families to engage with the school-site. These opportunities will include workshops and meetings and home visits and parent classes.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	4
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

MSA-1 holds periodic meetings to gather input from our families. These meetings include PTF meetings, Coffee with Admin, PAC meetings, and ELAC meetings. During these meetings, parents can review the school's LCAP and SARC reports and provide input for our administration team. The school also conducts an educational partner survey (families, students, staff) with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

MSA-1's focus area(s) for improvement in Seeking Input for Decision-Making is to get more educational partner involvement in the mentioned meetings and provide more opportunities for them to be involved.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

MSA-1's will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making by providing more opportunities for these families to engage with the school-site.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Several factors may have contributed to these changes. Notably, students experiencing a 4% decline in their perception of Knowledge and Fairness of Discipline, Rules, and Norms could have influenced the overall approval rating. Additionally, the transition of several staff members throughout the year and not starting at the beginning may have posed challenges in establishing and adhering to school-related norms in this area.

On the other hand, the uptick in approval rates among families indicates positive strides in communication and engagement efforts. Increased safety and climate of support for academic learning likely contributed to this improvement.

However, the significant drop in staff approval rates warrants further exploration and discussions. Challenges with facilities for the third year in a row, all staff being on the same page with rules and expectations, and admin support may have impacted staff morale and satisfaction.

Moving ahead, it's crucial to closely monitor these trends and pinpoint areas for improvement. By addressing concerns and implementing strategies to enhance satisfaction and engagement across all stakeholders, we aim to strengthen our school community.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Based on our findings, it's evident that addressing Knowledge and Fairness regarding Discipline, Rules, and Norms is crucial, as all three demographics have shown a decline compared to last year. Particularly concerning is the decrease among staff, who exhibited drops across all surveyed aspects in this domain. The most notable decline was observed in perceptions of how the school handles discipline problems fairly, dropping by 20%.

While the decrease among students in this area was not as pronounced, there were declines across several question areas. The most significant drop among students was in the clarity of school rules, with an 8% decrease. Similarly, families experienced a 5% decline, mirroring the students' decrease in understanding the consequences of rule-breaking, which dropped by 6%.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

To address these concerns, the school is planning to enhance communication regarding rules and norms with all community partners. For instance, dedicated time will be allocated during staff in-service sessions and regular Wednesday meetings throughout the year. Students will engage with these topics in their classes and receive periodic reviews. Additionally, families will be invited to attend school information sessions covering various topics, including this one, held periodically throughout the year.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-1 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, Mathematics, Social Sciences, and Science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school's master schedule, elective forms, class rosters, student schedules, and transcripts, MSA-1 strives to offer a well-rounded education to our students.

MSA-1 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure the satisfaction of UC/CSU requirements.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, elective forms, class rosters, student schedules, and transcripts, all students have access to a comprehensive course of study as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, specific programs and services dependent on student needs and interests. We provide state standard-aligned ELA and Math intervention classes to all students who need additional support and designated and integrated ELD instruction to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, Math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

MSA-1 allows students to take Advanced Placement (AP) courses based on student needs and interests. We have offered AP courses AP English Lit, AP English Lang, AP Computer Science Principles, AP Biology, AP Spanish Lit, AP Spanish Lang, AP US Government, AP US History, AP World History, AP Studio Art 2D, AP Calculus A, and B. Additionally, MSA-1 provides students with chances to take Dual Enrollment Courses throughout the academic year. MSA-1 offered Astronomy 001, English 101, and Political Science 001 during the fall, Psychology 001, and Counseling 020 this spring semester.

All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness, in grades 9-12. MSA-1 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure the satisfaction of UC/CSU requirements.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-1 provides access to a college-preparatory, STEAM-focused broad course of study to all our students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-1 will continue to provide access to a college-preparatory, STEAM-focused comprehensive course of study for all our students. We will ensure that all our students graduate college and career ready.

To provide a more well-rounded education to our students, MSA-1 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, and SEL programs, as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-1 will make the best use of its resources to provide a well-rounded educational experience to our students.

Criteria: MSA-1 provides students with a broad array of courses, including core subjects and electives outlined in our charter petition. We also provide all other academic programs and services outlined in our charter petition, specific programs and services dependent on student needs and interests.

### Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan					

Coordinating Instruction	1	2	3	4	5
with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					

Coordinating Services	1	2	3	4	5
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy 2	David Garner Principal	dgarner@magnoliapublicschools.org (818) 758-0300

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

### Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	22.4	16.3	1.2	1.0	4.0	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### **OPTION 1: Narrative Summary (Limited to 3,000 characters)**

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

MSA2 utilizes various measures and tools to track our progress in implementing the state academic standards adopted by the state board. Amongst these measures is the NWEA MAP assessment in ELA and math which is implemented during the Fall and Spring semesters each year for all students in grades 6-11. In addition, we implement a winter MAP assessment for ELA and math for our students who are in ELD classes in order to track their progress. In addition, we administer IAB assessments multiple times each school year in ELA and math in grades 6 - 11 in order to track students' progress on common core content state standards. Further, we utilize the myON online platform to track student reading levels for students throughout each academic year. We integrate these tools and measures to track academic progress toward meeting standards as an efficient manner of tracking student progress throughout each academic year through online platforms which maintain data which is efficient to collect and subsequently is utilized to make decisions about course placement and interventions for students.

We also utilize Google Classroom and Infinite Campus to track student performance on academic summative and formative assessments administered in all classes throughout the academic year. Google Classroom is a useful tool which MSA2 chose to integrate into all classrooms as a manner to provide all students, families, teachers, and administrators access to all of the assignments within each course and which also stores the submitted assignments in a user-friendly transparent format. This platform provides teachers the ability to provide individual feedback to students for each assignment as well. Further, MSA2 utilizes the Infinite Campus system as part of Magnolia Public Schools in order to store academic performance data, attendance data, and generate reports which can be utilized to manage the school operations in an effective way which was selected by the SIS adoption committee as the preferred school information system to utilize across the organization. Courses at MSA2 all integrate curriculum which tie into the standards, and as such, are an effective tool in monitoring MSA2's progress in implementing academic standards adopted by the SBE.

MSA2 also evaluates out teachers through the TeachBoost system, which is utilized to collect informal and formal evaluations of teachers which are aligned to the professional standards. Amongst these standards, MSA2 administration also monitor the submission of lesson plans and pacing plans by teachers to ensure that teachers are covering sufficient standards throughout the academic year.

To ensure students receive high quality instruction taught by credentialed teachers, MSA2 conducts credential review as part of the teacher hiring process and supports our teachers' credentialing needs as needed. We annually review master schedule/teacher assignments to ensure compliance. Additionally, we review alignment of instructional materials to standards and annually keep an inventory of instructional materials and corresponding

purchase of materials. The annual review of budget and plans helps ensure adequate funds are available for instructional materials so that there are no students without access to their own copies of standards-aligned instructional materials for use at school and at home, including digital resources.

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

#### Other Adopted Academic Standards

4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education			3			
Health Education Content Standards				4		
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

## Support for Teachers and Administrators

### 5. Rate the LEA’s success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

### Optional Narrative (Limited to 1,500 characters)

#### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-2 ensures comprehensive alignment of curricula and assessments with educational standards such as CCSS and NGSS. We prioritize professional development for teachers, focusing on standards implementation and ELD instruction aligned with CA ELD standards. ELs receive tailored support based on proficiency levels, with access to both core and supplemental ELD materials. Our ongoing professional development covers a range of areas including Common Core ELA/Literacy, math, ELD standards integration, and strategies for supporting ELs across various content areas.

In addition to ELA/Literacy, math, and ELD, MSA-2 offers support and professional development for NGSS, History-Social Science, Career Technical Education, Health Education, Physical Education, Visual and Performing Arts, and World Languages. We facilitate collaboration among teachers through dedicated time during Wednesday before school and early dismissal days, fostering the sharing of best practices among our 10 schools. MSA-2 leverages support from the home office, attending regular meetings to stay updated on academic standards progress and receive additional training and systems integration support for improved instruction and learning outcomes.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education’s (CDE’s) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### **Instructions**

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### **Sections of the Self-Reflection Tool**

## Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

In reflecting on our LCAP journey, we are pleased to acknowledge the strengths and progress that our school has demonstrated over the past year. One notable strength lies in the positive relationships fostered within our school community, as indicated by the feedback from students, who express a high level of satisfaction with their friends, staff, and teachers. Furthermore, the favorable response from 65% of students regarding their sense of safety at school is a testament to our ongoing commitment to creating a secure and welcoming environment. Additionally, the 83% positive response from staff members regarding the climate of support for academic learning reflects our dedication to fostering a conducive atmosphere for teaching and learning. Equally encouraging is the feedback from families, with an impressive 95% overall satisfaction rate and a 94% confidence level in our safety measures. These strengths highlight our progress in meeting the needs and expectations of our school community and serve as a foundation for continued growth and improvement in the years ahead.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

While the overall school experience for families is highly favorable at 95%, the highest among all three educational partners, we did observe a notable decrease from previous years. To address this, MSA2 is committed to proactive measures aimed at enhancing family involvement and satisfaction. We will create additional opportunities for families to engage in discussions on school discipline, rules, and norms through active participation in the Parent Advisory Committee (PAC), ELAC, and Parent Task Force (PTF). This involvement will allow families to provide valuable input on specific policies and practices.

The Sense of Belonging (School Connectedness) for families during the 2023-24 school year received an 89% favorable rating, a 9% decline from the previous year. Despite this, it remains a significant success for MSA2, especially given the increased challenges, including staff mental and physical health issues affecting attendance

rates. To elevate this area in the upcoming school year, MSA2 plans to increase opportunities for student, staff, and family leadership in assemblies, celebrations, and social events. We will also enhance community engagement through events and resource fairs, prioritizing family involvement.

Furthermore, MSA2 will continue to involve families through the Community Advisory Committee (CAC), ELAC, and Parent Task Force (PTF). These committees will provide platforms for families to offer input on events and activities that foster a stronger sense of belonging and connectedness, such as inclusive sports games, food celebrations, and other community-building activities.

We are incredibly proud of our areas of growth and remain focused on proactive steps to further improve these priority areas in the 2023-24 school year.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

As previously mentioned, MSA2 is committed to enhancing the engagement of underrepresented families identified during our self-reflection process. We aim to build partnerships for student outcomes through various methods, opportunities, and collaborations.

MSA2 fosters trusting and respectful relationships with parents through numerous activities and events, such as Student/Parent Orientation, Back to School Night, and parent conferences, all designed to promote parental involvement in school programs. Our administrators and school staff greet all students and parents in the mornings during drop-off and maintain an open-door policy, welcoming all parents. Our staff also connects with families through home visits, learning about students' interests, family dynamics, and home routines, which helps create happier, healthier, and smarter children. Home visits are a key feature of our educational program to improve student and school performance.

The school holds periodic meetings to gather input from families, including Community Advisory Council (CAC) meetings, Parent Task Force (PTF) meetings, ELAC meetings, parent workshops, and classes. We also conduct family and student experience surveys, and needs assessment surveys with specific questions on safety, school connectedness, culture, climate, and other areas of school improvement. Additionally, we hold Coffee with the Admin meetings every Friday, where parents are invited to join school administration and support staff to discuss important topics, ask questions, provide feedback, and build community. These meetings are also broadcasted via video conference to increase participation. Parents frequently serve on committees with staff members and students, collaborating in planning events such as school dances and award assemblies.

Parents are invited to assemblies celebrating student academic excellence, behavioral improvement, outstanding attendance, and other achievements, fostering school spirit and taking a stand against bullying. They also attend school events as part of the Positive Behavioral Interventions and Supports (PBIS) system, where students compete in academic, athletic, and creative problem-solving events. Parents participate in the PBIS committee and attend trainings with the Los Angeles County Office of Education (LACOE).

MSA2 hosts cultural events, including a Dia de los Muertos (Day of the Dead) celebration with live music, student art, and traditional food prepared by families and staff. This year, we also hosted a multi-cultural festival led by parents, showcasing the cultures, music, food, and historical significance of countries represented by our student population.

Parents also serve as chaperones for field trips, supporting student supervision during educational experiences at places like the Los Angeles Zoo and the California Science Center, as well as public and private universities. Additionally, parents and families attend CIF sporting events where our students compete in after-school sports such as cross country, volleyball, and soccer, and other academic competitions.

As a community school, MSA2 has administered needs assessments to gather feedback from all educational partners. Based on the results, we have offered several parent workshops and events, including classes on emotional, social, and physical behavior, parenting in a tech-world, bullying, attendance, and effective communication with teenagers. We have also formed partnerships with community organizations to provide

additional resources, including hosting community fairs, offering free clothing for students and babies, and providing mobile clinics to families.

To improve in this area, MSA2 will continue utilizing existing data from various sources, including educational partner surveys, and we plan to expand upon the support and services provided.

**Section 2: Building Partnerships for Student Outcomes**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	5
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	5
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

**Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

During the 2023-24 academic year, MSA2 was honored to be recognized as a California Distinguished School by the California Department of Education. This prestigious recognition highlights schools that demonstrate excellence through growth in academic achievement and ensuring a positive school climate. The selection process involved analyzing data reported through the 2023 Dashboard, focusing on reducing suspensions, achieving exemplary performance in English Language Arts (ELA) and Math, and demonstrating high graduation rates for high schools.

MSA2 was celebrated for its exceptional student performance, particularly in closing the achievement gap. Our school enrolls at least 40 percent of students from socioeconomically disadvantaged backgrounds and has shown exemplary overall performance in ELA and Math. Additionally, MSA2 has achieved accelerated academic growth for one or more historically underserved student groups, showcasing our commitment to providing high-quality education for all students.

MSA-2 provides resources to support student learning at home through multiple workshops such as parent college and through feedback given to parents during parent conferences. We have also partnered with CCSA to help equip parents with the knowledge and tools to become an advocate for their students and for their school.

MSA 2's communication system ParentSquare keeps parents and staff in constant communications through multiple mediums such as texts, private messages and voicemail. ParentSquare has also broken language barriers between staff and families through its automatic language translation and thus, facilitates communication across multiple linguistic and cultural backgrounds. Parents also have the ability to check student grades in the school information system, Infinite Campus, as well as stay updated about student attendance in order to remain informed about their child's progress in a variety of areas. Moreover, parents receive daily phone calls from office staff members to verify student absences and gather useful information about areas of support which students may need when they return to school.

MPS Board meetings are open to MSA2 parents to attend, as the campus is open to the public during all Board and committee meetings. Additionally, parents are able to serve as MPS Board members where they vote on decisions which impact the budgets, operations, and decisions of all ten schools in the MPS charter management organization. Currently, a former MSA2 parent serves as the only former parent educational partner on the MPS Board.

MSA2 has a Parent and Community Engagement (PACE) coordinator who facilitates parent training, including on topics related to social emotional learning and mental health support. Parents are also invited to attend workshops where English language courses are taught, and college readiness is presented. Parents also serve on the committee to review the School Safety Plan each year in addition to student and staff educational partners prior to submitting the updated plan to the Magnolia Public School (MPS) Board for approval.

MSA2 also has a Community Schools Coordinator (CSC) who is able to provide support and resources to families based on their needs such as parent workshops, mobile clinics, and community fairs to connect the families with community partners.

To improve in this area, MSA2 will continue to utilize the existing data from a variety of sources, including educational partners surveys, and we will make plans to expand upon the existing support and services provided in this area.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

MSA2 will continue to focus on maintaining the current priorities of providing ongoing opportunities to participate, collaborate and reflect amongst all educational partners within the school community, including between students, families, and the school. In particular, the focus areas which will be priorities in the upcoming school year relate to continuing to improve upon the CTE pathways opportunities provided to students in middle school and high school, as well as to provide increase college courses to the high school community through community partnerships at LA Valley College, Pierce College and Mission College.

At MSA2, we are dedicated to supporting our students' social-emotional learning (SEL) and overall well-being through a comprehensive support system on campus, which includes social workers and a school psychologist. These professionals provide personalized support, individual counseling, group therapy, and crisis intervention, addressing each student's unique needs and fostering a safe, nurturing environment.

Additionally, MSA2 offers life skills classes for all middle school students, preparing them for the teenage years and future phases of their lives. These classes cover emotional regulation, effective communication, goal setting, time management, and decision-making, alongside practical knowledge like financial literacy, career exploration, and basic self-care.

By combining SEL support from our social workers and school psychologist with a robust life skills curriculum, MSA2 ensures a holistic educational experience that enhances academic performance and empowers students to become confident, capable, and compassionate individuals ready for future success.

In partnership with LACOE, MSA2 has met the requirements for Gold Medal achievement in PBIS. We are now striving for Platinum recognition in the upcoming school year.

MSA2 also aims to improve outcomes academically for all student groups and across all demographics of students, including homeless / foster youth, EL students, students with disabilities, socioeconomically disadvantaged youth, and all racial / ethnic demographics of students.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

As was stated previously, MSA2 will continue to improve engagement of underrepresented families identified during the self-reflection process in relation to building partnerships for student outcomes through a variety of methods, opportunities, and partnerships.

MSA-2 builds trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. School staff greet all students and parents in the mornings during student drop off and have an open door policy welcoming all parents. Our staff connects with families through home visits, learning about students' outside interests, families, and home routines, and then using that information to connect in meaningful, individualized ways that can have huge rewards in helping to create happier, healthier, and smarter kids. The school uses home visits as one of the important features of its education program to improve student and school performance.

The School holds periodic meetings to gather input from our families. These meetings include Community Advisory Council (CAC) meetings, Parent Task Force (PTF) meetings, ELAC meetings and parent workshops. The school also conducts a family and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. In addition, the school holds Coffee with the Admin meetings each Friday where all parents are invited to join school administration and support staff to discuss areas of importance for the parents, ask questions, provide feedback and gather as a community. Further, parents frequently serve on committees which include staff members and students where all educational partner groups collaborate in planning events, including school dances and award assemblies.

Parents are also invited to attend assemblies which celebrate student academic excellence, behavioral improvement, outstanding attendance, and other accomplishments, as well as build school spirit and help the school take a stand against bullying. Further, parents are invited to attend school events which are a part of the Positive Behavioral Interventions and Supports (PBIS) system in which students compete in academic, athletic and creative problem-solving events. Parents also participate in the PBIS committee which includes attending trainings with the Los Angeles County Office of Education (LACOE).

MSA2 hosts events which promote a deeper understanding about cultures of families, including a Dia de los Muertos (Day of the Dead) event and Multicultural Festival which included live music and art by students as well as traditional food which was prepared by families and staff members.

Parents also participate as chaperones for field trips where they support the supervision of students during off-campus educational experiences ranging from trips to the Los Angeles Zoo and the California Science Center to public and private universities. Furthermore, parents and families attend CIF sporting events where our students compete with local schools in after school competitive athletic events in sports including cross country, volleyball, soccer, and basketball. Beyond these opportunities, parents also enjoy attending other academic competitions which students participate in, including robotics tournaments and Academic Decathlon events.

During the 2023-24 academic year, MSA2 hosted a combination of in-person and hybrid events, meetings and workshops related to the above categories to provide the optimal opportunity for families to be involved in the school community.

To improve in this area, MSA2 will continue to utilize the existing data from a variety of sources, including educational partners surveys and needs assessments, and we will make plans to expand upon the existing support and services provided in this area.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	5
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	5
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

#### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

MSA2 has a tremendous amount of strengths related to the school's methods for seeking input for decision-making. In particular, MSA2 has continued to hold Friday Coffee with the Admin weekly meetings with educational partners in which a tremendous amount of input is regularly collected. Further, MSA2 holds monthly Community Advisory Committee (CAC), Parent Task Force (PTF), ELAC, and Title I meetings in which additional input is provided by committee members, including elected representative feedback across multiple educational partnership groups. Additionally, MSA2 continues to have a Parent and Community Engagement coordinator and a Community Schools Coordinator who both work with the families and community to gather feedback and improve opportunities to seek input for decision-making. MSA2 also continues to hold elections for student government representatives which include grade level representatives from middle school and high school, as well as executive officers for the full school and 12th grade. These student government members provide feedback related to the content which will be taught to students each week during the weekly PBIS videos which are created by the student government members. The staff also continue to vote for PBIS Ambassadors who serve as the leaders of each of the 4 houses in the school and lead activities as well as attend trainings and provide input about PBIS programs which the school will implement. Beyond this, staff continue to fill out surveys related to the additional committees and duties which they would like to be involved in during the upcoming school year which included providing feedback to the school operations. There are numerous strengths related to the opportunities to seek input for decision-making beyond the ones highlighted here, but these are some of the most significant ones currently at MSA2.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

MSA-2 holds periodic meetings to gather input from our families. These meetings include Community Advisory Committee (CAC) meetings, Parent Task Force (PTF) meetings and ELAC meetings. During these meetings parents have the opportunity to review school goals, priorities and decisions being made which are included in the LCAP and

provide input for our administration team. The school also conducts a family and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. To improve in this area, MSA2 will continue to utilize the existing data from a variety of sources, including educational partners surveys, and we will make plans to expand upon the existing support and services provided in this area.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

As was stated previously, MSA2 will continue to improve engagement of underrepresented families identified during the self-reflection process in relation to seeking input for decision-making through a variety of methods, opportunities, and partnerships. In particular, MSA2 will build upon the below existing systems, structures, programs and services related to this matter.

MSA-2 builds trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators greet all students and parents in the mornings during student drop off and have an open door policy welcoming all parents. Our staff connects with families through home visits, learning about students' outside interests, families, and home routines, and then using that information to connect in meaningful, individualized ways that can have huge rewards in helping to create happier, healthier, and smarter kids. The school uses home visits as one of the important features of its education program to improve student and school performance.

The School holds periodic meetings to gather input from our families. These meetings include Committee Advisory Committee (CAC) meetings, Parent Task Force (PTF) meetings and ELAC meetings and parent workshops. The school also conducts a family and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement. In addition, the school holds Coffee with the Principal meetings each Friday where all parents are invited to join school administration and support staff to discuss areas of importance for the parents, ask questions, provide feedback and gather as a community. Further, parents frequently serve on committees which include staff members and students where all educational partner groups collaborate in planning events, including school dances and award assemblies.

Parents are also invited to attend assemblies which celebrate student academic excellence, behavioral improvement, outstanding attendance, and other accomplishments, as well as build school spirit and help the school take a stand against bullying. Further, parents are invited to attend school events which are a part of the Positive Behavioral Interventions and Supports (PBIS) system in which students compete in academic, athletic and creative problem-solving events. Parents also participate in the PBIS committee which includes attending trainings with the Los Angeles County Office of Education (LACOE).

MSA2 hosts events which promote a deeper understanding about cultures of families, including a Dia de los Muertos (Day of the Dead) event and Multicultural Festival which included live music and art by students as well as traditional food prepared by families and staff members.

Parents also participate as chaperones for field trips where they support the supervision of students during off-campus educational experiences ranging from trips to the Los Angeles Zoo and the California Science Center to public and private universities. Furthermore, parents and families attend CIF sporting events where our students compete with local schools in after school competitive athletic events in sports including cross country, volleyball, soccer, and basketball. Beyond these opportunities, parents also enjoy attending other academic competitions which students participate in, including robotics tournaments and Academic Decathlon events.

During the 2023-24 academic year, MSA2 hosted a combination of in-person and hybrid events, meetings and workshops related to the above categories to provide optimal opportunities for families to be involved in the school community.

To improve in this area, MSA2 will continue to utilize the existing data from a variety of sources, including educational partner surveys, and we will make plans to expand upon the existing support and services provided in this area.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

The local climate survey data for the 2023-2024 academic year reveals significant changes in approval rates across all educational partners, including parents, students, and staff. Comparing the survey results from Spring 2024 to Spring 2023, we observed a 13 percentage point decrease in student approval rates, an 8 percentage point decrease in family approval rates, and an 18 percentage point decrease in staff approval rates.

These shifts can be largely attributed to recent staffing transitions, notably the departure of five teachers, which introduced inconsistency, particularly in middle and high school. This instability has had a noticeable impact on both student classroom culture and staff dynamics. Historically, student approval rates have been the lowest among the three groups, highlighting the critical need to address this area.

Recognizing this, we have prioritized increasing student approval rates and overall satisfaction through targeted strategies. We are enhancing student support services to better address their academic and emotional needs, fostering a positive classroom and campus environment, and ensuring learning experiences are both engaging and relevant. Additionally, we are strengthening communication channels between students, teachers, and parents to ensure that student voices are heard and valued in the decision-making processes.

By focusing on these initiatives, we aim to create a more inclusive, supportive, and fulfilling educational experience for all students. Our goal is to improve student approval rates and overall satisfaction, ultimately fostering a more positive school climate for everyone involved.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Our analysis of local data from the recent climate surveys has provided valuable insights into both our strengths and areas requiring improvement. Over the past year, we have seen significant successes and progress in our survey approval rates, reflecting our commitment to continuous improvement and responsiveness to stakeholder feedback.

One of our key strengths is the consistently high approval rates from family surveys, which reached an impressive 90% in Spring 2024. This indicates strong engagement and satisfaction among our families, highlighting the trust and support they have in our educational programs and initiatives. We are proud of the positive relationships we have built with our families and their confidence in our school community.

However, we acknowledge areas needing improvement, particularly with student and staff survey approval rates. Student survey approval rates decreased by 13 percentage points since Spring 2023, identifying a need to enhance student engagement and feedback mechanisms to better address their needs and concerns. Ensuring students feel heard and valued will be a priority moving forward.

Similarly, staff survey approval rates declined by 18 percentage points since Spring 2023, signaling a need for targeted efforts to boost staff morale, address concerns, and foster a positive work environment. We will prioritize staff support, professional development opportunities, and improved communication channels to strengthen staff engagement and satisfaction.

Examining student approval rates more closely, safety was the highest-rated category, whereas the sense of belonging received the lowest ranking, with an average approval rate of 50%. The sense of belonging was particularly low among 7th and 8th graders, with a significant decrease in the approval of the statement, "I am happy to be at this school." This decline correlates with overall school connectedness. One contributing factor is our school's status as a school of choice, where parents often have more influence over enrollment decisions, potentially leaving students feeling less empowered in their school selection. Moving forward, we are committed to fostering a stronger sense of inclusion and ownership among students by actively seeking their feedback and implementing initiatives to create a school environment they are genuinely excited about.

Among families, safety was also the highest-ranked category, but there was a noticeable decrease in all categories. The biggest declines were in responses to the statements, "school staff takes my concern seriously" and "school staff responds to my needs in a timely manner." To address these concerns, we will conduct a thorough review and analysis of the feedback provided, and develop targeted action plans aimed at improving communication, responsiveness, and overall satisfaction among families. This may involve enhancing communication channels, implementing protocols for timely responses to concerns, and providing additional training or resources to staff members.

For staff members, safety ranked the lowest among the three partner groups, with the most significant declines observed in responses to prompts related to disruptive student behavior and the lack of respect shown by students. These findings are concerning but understandable, given the turnover in staff throughout the school year and the presence of many new teachers. In response, we will restructure our professional development initiatives to focus on enhancing classroom management techniques and fostering positive relationships with students. Additionally, we will introduce a new instructional coach position to provide targeted guidance and support to teachers, helping them manage classroom dynamics, establish mutual respect, and create a conducive learning environment for all students.

By addressing these key learnings and implementing targeted strategies, we aim to create a more inclusive, supportive, and fulfilling educational experience for all members of our school community. We remain committed to listening to our stakeholders, addressing their feedback, and striving for excellence in all aspects of our educational environment.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

To address the areas of need identified through our analysis of local data and key learnings, we are implementing several changes to our existing plans, policies, and procedures to ensure continuous improvement and foster a more supportive and engaging school environment.

#### Enhancing School Culture and Facilities

Recognizing the importance of school culture and the physical environment, we are developing a designated assembly area to host events like PBIS celebrations and grade-level recognitions. This dedicated space will provide a consistent venue for important gatherings and help strengthen our school community. Additionally, we are enhancing the shading in our lunch area to create a more inviting and comfortable space for students to enjoy their meals and breaks.

#### Boosting Student Engagement and PBIS

We are committed to increasing student engagement by closely collaborating with the student council to organize a variety of events during and after school hours. This partnership ensures that student interests and voices are at the forefront of our activities. To further motivate and reward our students, we are enhancing the PBIS reward system and RAD shop offerings by incorporating items that directly align with student interests, based on their feedback.

#### Promoting School Spirit and Uniform Options

In our efforts to promote school spirit and provide more choices for students, we are expanding our uniform options with varying materials and styles. This will ensure that students feel comfortable and confident in their attire. Additionally, we are partnering with a vendor to offer branded merchandise, such as Mustang hats, sweaters, and backpacks, to foster a sense of unity and pride among students.

#### Educational Programs and Workshops

Understanding the importance of a well-rounded education, we are introducing programs, workshops, and assemblies that focus on crucial topics such as bullying prevention, cultural awareness, and drug prevention. These initiatives aim to enhance student awareness, safety, and overall well-being.

#### Strengthening Staff and Community Engagement

To facilitate better collaboration and engagement among staff, students, and the community, we are establishing a dedicated space that will serve as a staff and community hub. This space will support various activities and promote a stronger sense of community. We are also incorporating more team-building activities to foster collaboration and a sense of belonging among students and staff.

#### Improving Communication and Schedules

Effective communication is vital for a thriving school environment. Therefore, we are evaluating and refining our communication protocols to ensure clear and accessible communication between the school and families. Additionally, we are revising the bell schedule and supervision plans to enhance support and supervision during nutrition and lunch periods, ensuring a safe and well-managed environment for our students.

#### Restructuring Professional Development

To support our teachers' professional growth and enhance the educational experience for our students, we are restructuring professional development opportunities. This will help teachers improve classroom management and create engaging, culturally relevant lessons that meet the diverse needs of our students.

Through these proactive steps, we are addressing the concerns raised by our school community and making significant strides towards continuous improvement. We are dedicated to creating a supportive, engaging, and inclusive environment for all students, staff, and families.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA2 utilizes numerous locally selected measures and tools to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. The below proactive steps are taken by the school to ensure this is taking place:

MSA-2 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-2 strives to offer a well-rounded education to our students.

MSA-2 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements.

MSA-2 has meetings with the Special Education department on a regular basis in which academic, behavioral, and social-emotional progress of students with IEPs are reviewed. Interventions are implemented which are geared toward supporting students in making progress in their graduation plans, as well as toward their goals expressed in IEPs. Accommodations are provided to students which are determined by the IEP team members and which input from teachers, parents and students based on identified areas of need.

School administration holds meetings with home office support staff where data is reviewed from CAASPP, NWEA MAP, California Dashboard, Interim Assessment Blocks which focuses on performance levels of unduplicated student groups and students with exceptional needs and action plans are developed and monitored which hold MSA-2 accountable for the progress of all students in areas of academic standards, chronic absenteeism, college readiness, graduation rates, and other areas. This data is also shared with MSA2 staff members during staff PD meetings.

Midyear progress toward LCAP goals are reviewed and presented to MPS home office members as well as during MPS Board meetings. Further, teachers and school administrators align their professional goals in TeachBoost with these standards and goals, and end of year performance reviews hold teachers and administrators accountable for meeting or failing to meet goals related to MSA-2's success in this area. Monthly meetings take place in the home office with Principals and Assistant Principals where this priority and other priorities can be reviewed and supported.

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

We provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. The AP courses we have offered this year include AP Spanish Language and Culture, and AP Computers. MSA2 also continues to enroll increased quantities of our students into dual enrollment college courses throughout their high school tenure as a manner of providing further advanced academic enrichment in partnership with Pierce College and Los Angeles Valley College.

All students have access to “Advisory” classes (college planning and career exploration program) and programs preparing students for college readiness, including test preparation in grades 9-12. MSA-2 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements. MSA-2 had a one-year cohort graduation rate of 100% last year where 95.1% of our graduates completed courses that satisfy the UC/CSU requirements.

MSA-2 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide more well-rounded education to our students, MSA-2 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-2 will make the best use of its resources to provide a well-rounded education experience to our students.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

Using the locally selected measures and tools, MSA-2 takes numerous steps to ensure that all students have access to, and are enrolled in, a broad course of study. This is due to the below proactive steps which are taken by the school, mentioned again below, which also ensure that there is no difference across student groups in access to, and enrollment in, a broad course of study. In particular, this includes all unduplicated student groups, and individuals with exceptional needs.

MSA-2 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-2 strives to offer a well-rounded education to our students.

MSA-2 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements.

MSA-2 has meetings with the Special Education department on a regular basis in which academic, behavioral, and social-emotional progress of students with IEPs are reviewed. Interventions are implemented which are geared toward supporting students in making progress in their graduation plans, as well as toward their goals expressed in IEPs. Accommodations are provided to students which are determined by the IEP team members and which input from teachers, parents and students based on identified areas of need.

School administration holds meetings with home office support staff where data is reviewed from CAASPP, NWEA MAP, California Dashboard, Interim Assessment Blocks which focuses on performance levels of unduplicated student groups and students with exceptional needs and action plans are developed and monitored which hold MSA-2 accountable for the progress of all students in areas of academic standards, chronic absenteeism, college readiness, graduation rates, and other areas. This data is also shared with MSA2 staff members during staff PD meetings.

Midyear progress toward LCAP goals are reviewed and presented to MPS home office members as well as during MPS Board meetings. Further, teachers and school administrators align their professional goals in TeachBoost with these standards and goals, and end of year performance reviews hold teachers and administrators accountable for

meeting or failing to meet goals related to MSA-2's success in this area. Monthly meetings take place in the home office with Principals, Dean of Academics, and Dean of Students where this priority and other priorities can be reviewed and supported.

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

We provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. The AP courses we have offered this year include AP Spanish Language and Culture, and AP Computers. MSA2 also continues to enroll increased quantities of our students into dual enrollment college courses throughout their high school tenure as a manner of providing further advanced academic enrichment in partnership with Pierce College and Los Angeles Valley College.

All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness, including test preparation in grades 9-12. MSA-2 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements. MSA-2 had a one-year cohort graduation rate of 100% last year where 95.1% of our graduates completed courses that satisfy the UC/CSU requirements.

MSA-2 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide more well-rounded education to our students, MSA-2 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-2 will make the best use of its resources to provide a well-rounded education experience to our students.

- Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-2 does not have any specific barriers which prevent the school from providing access to a broad course of study for all students. This is due to the below proactive steps which are taken by the school, mentioned again below:

MSA-2 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-2 strives to offer a well-rounded education to our students.

MSA-2 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements.

MSA-2 has meetings with the Special Education department on a regular basis in which academic, behavioral, and social-emotional progress of students with IEPs are reviewed. Interventions are implemented which are geared

toward supporting students in making progress in their graduation plans, as well as toward their goals expressed in IEPs. Accommodations are provided to students which are determined by the IEP team members and which input from teachers, parents and students based on identified areas of need.

School administration holds meetings with home office support staff where data is reviewed from CAASPP, NWEA MAP, California Dashboard, Interim Assessment Blocks which focuses on performance levels of unduplicated student groups and students with exceptional needs and action plans are developed and monitored which hold MSA-2 accountable for the progress of all students in areas of academic standards, chronic absenteeism, college readiness, graduation rates, and other areas. This data is also shared with MSA2 staff members during staff PD meetings.

Midyear progress toward LCAP goals are reviewed and presented to MPS home office members as well as during MPS Board meetings. Further, teachers and school administrators align their professional goals in TeachBoost with these standards and goals, and end of year performance reviews hold teachers and administrators accountable for meeting or failing to meet goals related to MSA-2's success in this area. Monthly meetings take place in the home office with Principals, Dean of Academics, and Dean of Students where this priority and other priorities can be reviewed and supported.

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

We provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. The AP courses we have offered this year include AP Spanish Language and Culture, and AP Computers. MSA2 also continues to enroll increased quantities of our students into dual enrollment college courses throughout their high school tenure as a manner of providing further advanced academic enrichment in partnership with Pierce College and Los Angeles Valley College.

All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness, including test preparation in grades 9-12. MSA-2 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements. MSA-2 had a one-year cohort graduation rate of 100% last year where 95.1% of our graduates completed courses that satisfy the UC/CSU requirements.

MSA-2 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide more well-rounded education to our students, MSA-2 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-2 will make the best use of its resources to provide a well-rounded education experience to our students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-2 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-2 strives to offer a well-rounded education to our students.

MSA-2 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements.

MSA-2 has meetings with the Special Education department on a regular basis in which academic, behavioral, and social-emotional progress of students with IEPs are reviewed. Interventions are implemented which are geared toward supporting students in making progress in their graduation plans, as well as toward their goals expressed in IEPs. Accommodations are provided to students which are determined by the IEP team members and which input from teachers, parents and students based on identified areas of need.

School administration holds meetings with home office support staff where data is reviewed from CAASPP, NWEA MAP, California Dashboard, Interim Assessment Blocks which focuses on performance levels of unduplicated student groups and students with exceptional needs and action plans are developed and monitored which hold MSA-2 accountable for the progress of all students in areas of academic standards, chronic absenteeism, college readiness, graduation rates, and other areas. This data is also shared with MSA2 staff members during staff PD meetings.

Midyear progress toward LCAP goals are reviewed and presented to MPS home office members as well as during MPS Board meetings. Further, teachers and school administrators align their professional goals in TeachBoost with these standards and goals, and end of year performance reviews hold teachers and administrators accountable for meeting or failing to meet goals related to MSA-2's success in this area. Monthly meetings take place in the home office with Principals, Dean of Academics, and Dean of Students where this priority and other priorities can be reviewed and supported.

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

We provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. The AP courses we have offered this year include AP Spanish Language and Culture, and AP Computers. MSA2 also continues to enroll increased quantities of our students into dual enrollment college courses throughout their high school tenure as a manner of providing further advanced academic enrichment in partnership with Pierce College and Los Angeles Valley College.

All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness, including test preparation in grades 9-12. MSA-2 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements. MSA-2 had a one-year cohort graduation rate of 100% last year where 95.1% of our graduates completed courses that satisfy the UC/CSU requirements.

MSA-2 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide more well-rounded education to our students, MSA-2 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts

programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-2 will make the best use of its resources to provide a well-rounded education experience to our students.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled					

Coordinating Instruction	1	2	3	4	5
students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy-3	Zekeriya Ocel Principal	zocel@magnoliapublicschools.org (310) 637-3806

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	24.5	19.0	2.0	1.0	2.0	0	0.5	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

**Other Adopted Academic Standards****4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education			3			
Health Education Content Standards			3			
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

**Support for Teachers and Administrators****5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

**Optional Narrative (Limited to 1,500 characters)****6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.**

MSA-3 ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) We provide services to ELs by proficiency level and ELD instruction is aligned to the CA ELD standards and framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 40 hours of professional development per year. PD includes the areas of Common Core ELA/Literacy, math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with common core ELA/ELD and math curricula. While the primary focus has mostly been on the ELA/Literacy, math, and ELD over the past few years, MSA-3 has also provided PD and supported our teachers on NGSS, History-Social Science, Career Technical Education, Health Education, Physical Education, Visual and Performing Arts, and World Languages.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Sections of the Self-Reflection Tool**

**Section 1: Building Relationships Between School Staff and Families**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA’s progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA’s progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA’s progress in supporting staff to learn about each family’s strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA’s progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

**Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Relationships Between School Staff and Families.

We have a variety of events( Honor Roll Assembly, Back to School night, Orientation, Parent Teacher Conferences, Open Houses ) and utilize our website and ParentSquare to ensure to communicate important updates, successes and any plans for improvement and change.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

MSA-3 has employed a PACE coordinator to enhance communication with the families we serve. This coordinator actively engages with families to connect them with community resources and offers support during school events. As part of our ongoing efforts to improve, we are establishing a Parent Task Force. Through this task force, parents will have increased engagement opportunities, including participation in Fun Fridays and fundraising activities.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

MSA-3 has homeless and foster youth liaison. This position allows our families to receive SEL (Social Emotional Learning) support. MSA-3 has Coffee with admin to get hear from our parents about the concerns they have, and this allows us to check our practices in regards to academics and school operation.

MSA-3 has several engagement opportunities for feedback and growth via social media accounts and school events to ensure our school community is cohesive and collaborative.

At MSA-3, our demographic comprises 36% African American and 62% Latino populations. We are committed to fostering inclusivity across all genders, races, ethnicities, and cultures. While achieving 100% inclusivity is a gradual process, MSA-3 is fully dedicated to fostering cohesion among all members of our school community, including staff, families, and students.

One area of improvement is Climate of Support. MSA-3 admin and staff will increase support of families through;

- 1) various modes like getting feedback surveys.
- 2) informing parents more of volunteer opportunities.
- 3) including data points for Academic and Behavior during parent meetings to better drive the school operations.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	5
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	5
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

## Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

MSA-3 is investing more to improve instructional strategies like collaborative learning, along with professional development on classroom management. We also invest dual enrollment and college counseling to ensure all of our students finish high school and get college acceptances. For 23-24 school year, MSA-3 offered 15 college courses through partnership with LA Harbor college.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

We spend a lot of focus on home visits and getting our staff familiar with the student's families. Building a bond and a connection of trust is the most effective way to improve engagement. In addition, we will work on establishing a Parent Task Force to better engage with our families.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

One area of improvement is Climate of Support for our students. MSA-3 admin and staff will increase support of families through;

- 1) Mentoring program for High school students.
- 2) Culturally responsive teaching practices
- 3) Monthly recognition of student academic and behavior success.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	5
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	5
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

## Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

We engage with educational partners via end of year survey where we collect data and check the open ended questions in regards to academics, discipline, school culture.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Monthly, we have a meeting called PAC/Coffee with the Admin so parents can stop in and have a meet and greet or voice concerns and recommend new items to make the school more efficient.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

MSA-3 will continue to focus on well planned PAC and ELAC meetings to involve underrepresented groups. MSA-3 has adjusted Coffee with the Admin on a monthly basis to provide comprehensive data points for academics and behavior.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**Student**

Based on the data provided, here are my observations regarding the average approval rates and changes from the previous year: The student average approval rate increased by 2 percentage points, from 61% in Spring 2023 to 63% in Spring 2024

**Family**

The family average approval rate decreased slightly by 1 percentage point, from 97% in Spring 2023 to 96% in Spring 2024. While the decrease is relatively small, it may indicate some areas where family approval or satisfaction could be further improved.

**Staff**

The staff average approval rate experienced a more significant decrease of 3 percentage points, from 77% in Spring 2023 to 74% in Spring 2024. This decline in staff approval could be related to various factors, such as workload concerns, resources, leadership, or other issues highlighted in the previous survey comments.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

#### Student

2 increases that we noticed is that the students have a clearer understanding of what our school expects of them. We did a better job of increasing visibility of the rules with the use of classroom posters and establishing a schoolwide acronym for everyone to understand what MSA-3 represents (Valuable, Intelligent, Prepared, Excellent & Respectful). The largest growth we had was "The school rules are fair" with a 15 point increase overall.

#### Family

In summary, while there are strengths in staff support and community engagement, there are also opportunities to address concerns related to discipline, educational offerings, and communication barriers for individuals with disabilities.

Positive aspects include:

Staff and teachers are caring, supportive, and attentive to concerns.

There's a great sense of community.

Diversity in clubs and activities, with options available on Saturdays.

Appreciation for staff efforts to involve parents in activities and keep them informed about events and announcements.

#### Staff:

Based on the staff survey results, there are several key strengths and successes to highlight:

The school shines in providing a supportive and inviting learning environment for students. A very high 95% of staff feel the school is a welcoming place for students to learn. The school also promotes academic success (85% approval) and sets high standards (75% approval) for all students.

An impressive 95% of staff believe the school emphasizes giving students academic help when needed. This, combined with the 84% who feel lessons are taught in relevant ways, suggests strong instructional practices to support student learning.

Notably, 95% of staff report that the school encourages all students to take rigorous courses regardless of background. This speaks to a commitment to high expectations and access for all.

While not as high as some other areas, a solid majority of staff report that adults at the school support and respect each other (80%) and have close professional relationships (58%).

Most staff feel behavior rules and consequences are clear to students, with approval rates of 82-86% on questions related to students understanding expectations. A strong 97% feel school rules are fair and 90% believe adults treat students with respect.

These positive results should be celebrated and communicated to all stakeholders.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Based on the survey findings and identified areas for improvement, the school is planning to implement the following suggestions:

For Students:

1. Improve food quality by reviewing the current meal program, gathering student input, and exploring healthier, more appealing options.
2. Upgrade and maintain cleaner, more spacious bathrooms to address student concerns and meet their needs.
3. Expand extracurricular offerings, including a wider variety of sports, clubs, and electives to cater to diverse student interests.
4. Increase the frequency of field trips and fun school events to enhance student engagement and overall school experience.

For Parents:

1. Strengthen school-home communication by establishing clear protocols for timely updates on student grades, behavior, and assignments.
2. Review and enhance school safety measures and discipline policies to address concerns about bullying, violence, and drug use.
3. Enrich the academic program by incorporating more rigorous curriculum, practical life skills classes, and improved academic resources.
4. Expand extracurricular activities, including sports teams, arts programs, and student clubs, to meet family preferences.
5. Improve the quality and variety of school lunch options to satisfy parents' desires for healthier, tastier meals for their children.

For Staff:

1. Provide targeted professional development and support for staff in areas such as student discipline, special education, and mental health.
2. Increase staff support by hiring additional personnel, creating opportunities for collaboration, and providing dedicated staff spaces.
3. Improve resources and facilities, particularly for science education, by acquiring necessary equipment, materials, and addressing space constraints.
4. Foster open communication and collaboration among departments and include staff in decision-making processes that affect school policies and practices.
5. Set higher academic standards, particularly in lower grades, and implement high dosage academic interventions for struggling students.

To implement these suggestions, the school will take the following steps:

1. Form task forces or committees to develop action plans addressing each area of improvement, with clear goals, timelines, and responsibilities.
2. Allocate necessary resources, including budget, personnel, and materials, to support the implementation of improvement initiatives.
3. Provide training and professional development for staff to enhance their skills and capacity to effectively implement changes.
4. Regularly communicate progress updates and gather ongoing feedback from students, parents, and staff to ensure continuous improvement.
5. Monitor and evaluate the effectiveness of implemented changes using relevant data and metrics, making adjustments as needed to optimize results.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-3 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-3 strives to offer a well-rounded education to our students.

MSA-3 provides students with 4-year plans and support programs to ensure timely high school graduation. We offer credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student needs and interests. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

We provide students with opportunities to take dual enrollment courses. We have seen a great progress in dual enrollment.

All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness. MSA-3 offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction of UC/CSU requirements. MSA-3 had a graduation rate of 94%.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-3 provides access to a college-preparatory, STEAM focused broad course of study for all our students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-3 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide a well-rounded education to our students, MSA-3 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, and SEL programs, etc., as well as provide our students with experiential learning

opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-3 will make the best use of its resources to provide a well-rounded education experience to our students.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit					

<b>Coordinating Instruction</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
policies between district of residence and county office of education.					

## **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

**Assess the degree of implementation of coordinated service program components for foster youth in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy-4	Musa Avsar Principal	mavsar@magnoliapublicschools.org (310) 473-2464

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

### Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	9.5	7.7	0.1	0	0.2	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education				4	5	
Health Education Content Standards					5	
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-4 is committed to ensuring that all curricula and assessments are meticulously aligned with educational standards, including CCSS and NGSS, to enhance educational outcomes. We engage teachers in comprehensive professional development focused on the effective implementation of these standards. Specifically, we offer tailored services to English Learners (ELs) by proficiency level, ensuring that ELD instruction is consistent with the CA ELD standards and framework. ELs benefit from both core and supplemental ELD instructional materials, and our teachers enhance their skills through professional development sessions specifically targeting ELD standards.

Our faculty participates in a minimum of 40 hours of professional development annually, encompassing areas such as Common Core ELA/Literacy, Math, ELD Standards, and the integration of ELD standards into content areas. Training also includes strategies to support ELs within the Common Core ELA/ELD and Math curricula. While our

primary focus has traditionally been on ELA/Literacy, Math, and ELD, MSA-4 has also expanded its professional development offerings to include NGSS, History-Social Science, Physical Education, Visual and Performing Arts, and World Languages.

New for this academic year, MSA-4 is proud to introduce a career pathway program in Climate Change and Natural Science in partnership with West LA College. This initiative is designed to equip students with the knowledge and skills necessary to excel in these critical and rapidly evolving fields, further enhancing our commitment to providing comprehensive and forward-thinking educational opportunities.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Sections of the Self-Reflection Tool**

**Section 1: Building Relationships Between School Staff and Families**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA’s progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA’s progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA’s progress in supporting staff to learn about each family’s strengths, cultures, languages, and goals for their children.	5
4. Rate the LEA’s progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

**Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Relationships Between School Staff and Families.

MSA-4 employs a comprehensive annual survey and conducts home visits to directly engage with our families and gather real-time feedback. These efforts have been particularly intensified during the 2023-24 school year. This direct engagement has provided valuable insights into our students’ home environments and perspectives, enhancing our understanding of their educational needs and experiences.

Our Parent program, led by a dedicated community school coordinator, serves as a vital resource for parents. The program aims to inform parents about school services, attendance policies, and other pertinent issues. With the introduction of the Parent program, we have been able to offer vital information and promote active parent participation in various school and community activities.

The Community School Coordinator has been instrumental in providing families, particularly those from underserved communities, with access to experiences and information that might otherwise be inaccessible. This initiative is part of our broader strategy to empower parents and guardians by providing them with the tools they need to support their children's education.

Additionally, MSA-4 has enhanced its communication channels to ensure that families remain well-connected with our school. We have effectively utilized platforms such as ParentSquare to keep parents updated about educational programs and initiatives.

Moreover, we actively engage parents through various involvement activities, including Coffee with the Admin, Parent Advisory Committee (PAC)/Parent Task Force Meetings (PTF), ELAC meetings, Open Houses, Back to School Night, Parent/Teacher Conferences, and virtual parent information meetings. These events are crucial for keeping parents informed about school programs and soliciting their feedback, which is essential for our continuous improvement.

To further support our community, MSA-4 hosts two resource fairs throughout the year, bringing together a variety of non-profit organizations and resources. These fairs are a key part of our commitment to serving and supporting our community by providing access to a range of helpful services and information.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

MSA-4 is dedicated to strengthening the bonds between school staff and families by enhancing parent involvement on campus and expanding our offerings of community activities. Our strategic focus areas for improvement include:

**Increasing Parent Involvement:** We are actively working to boost parent participation in daily school activities and governance, providing more opportunities for parents to engage with our staff and contribute to the school community.

**Expanding Social and Cultural Events:** Recognizing the importance of cultural inclusivity, we plan to host a greater number of social events that celebrate the diverse backgrounds of our students and their families. These events not only enrich our school culture but also foster a sense of belonging and community among participants.

**Offering More Workshops for Families:** To better accommodate the schedules of our families, we are expanding our educational workshops to include after-school hours and Saturdays. These workshops will cover a range of topics critical to student success, from academic support to health and wellness, aiming to empower parents with the knowledge and tools they need to support their children's education.

Through these initiatives, MSA-4 is committed to creating a welcoming and supportive environment that encourages active participation from all families, enhancing the educational experience for our students and building a stronger, more connected school community.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

MSA-4 is committed to enhancing the engagement of underrepresented families by creating more opportunities for meaningful connections between staff and families. Our strategy includes a mix of both traditional and innovative approaches tailored to meet the diverse needs of our community. Key initiatives include:

**Expanded Home Visits:** We will increase the frequency of both in-person and virtual home visits. These visits are crucial for understanding the unique circumstances of our families and for fostering a more personalized relationship between staff and families.

**Flexible Family Events:** Recognizing the varied schedules of our families, we are planning a series of family events that are accessible at different times, including during the instructional day, after school, and on Saturdays. These events will be designed to engage parents and guardians in their children’s education and school community.

**Inclusive Programming:** Our events and workshops will cover a wide range of topics that are relevant to our community’s needs, including educational support, cultural celebrations, and parent skill-building sessions. We aim to ensure that all our families, especially those who are underrepresented, feel welcomed, valued, and understood. By implementing these measures, MSA-4 aims to build stronger relationships between staff and families, ultimately fostering a more inclusive and supportive school environment that benefits all students.

**Section 2: Building Partnerships for Student Outcomes**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA’s progress in providing professional learning and support to teachers and principals to improve a school’s capacity to partner with families.	5
6. Rate the LEA’s progress in providing families with information and resources to support student learning and development in the home.	5
7. Rate the LEA’s progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA’s progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

**Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Partnerships for Student Outcomes.

MSA-4 offers the Parent College program to our families. This initiative is specially designed to support families in understanding college and career readiness pathways. Additionally, the program focuses on advocacy, informing parents and guardians about their rights and how to effectively advocate for their children’s education.

MSA-4’s administration actively engages our school community in learning more about their rights and participating in advocacy efforts. We ensure consistent access to information and resources through our monthly Parent Advisory Committee (PAC) and Parent Task Force (PTF) meetings. Our communication system, ParentSquare, facilitates ongoing communication between parents and staff using multiple mediums such as texts, private messages, and voicemail, ensuring that all community members are well-informed and connected.

Recognizing the need for greater parental engagement, we are committed to increasing parent participation. Based on feedback gathered during the 2023-2024 school year, we plan to organize more parent activities that are responsive to the needs and preferences of our families. This initiative aims to foster a more inclusive and engaged school community, enhancing the educational experience for our students and their families.

- Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Building Partnerships for Student Outcomes.

To enhance parental engagement, MSA-4 is dedicated to increasing parent participation based on their direct feedback. We will design and implement a range of parent-centered activities that respond to the expressed needs and interests of our families. This approach will help ensure that our efforts align closely with the desires of our community, fostering a more active and involved parent body.

Additionally, MSA-4 is committed to continuing the use of our Multi-Tiered System of Supports (MTSS) to strengthen student Social-Emotional Learning (SEL) support. We will provide ongoing professional development opportunities for our teachers and staff, aimed specifically at addressing the social-emotional needs of our students. These initiatives will equip our educators with the necessary skills and knowledge to effectively support the well-being and holistic development of every student, thereby enhancing their academic and social success.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

MSA-4 is committed to deepening engagement with underrepresented families, as identified in our self-reflection process, by building stronger partnerships that enhance student outcomes. We will employ a diverse array of methods, opportunities, and partnerships tailored specifically to the needs and circumstances of these families. This approach aims to ensure that all students benefit from a supportive and inclusive educational environment.

Furthermore, MSA-4 is dedicated to continually improving the academic outcomes for all student groups across all demographics, including homeless/foster youth, English Learners (EL), students with disabilities, socioeconomically disadvantaged youth, and all racial/ethnic groups. Our targeted strategies and resources are designed to address the unique challenges faced by these students, ensuring equitable opportunities for success.

Additionally, MSA-4 will enhance our home visit program to better understand the home environments of our students. This initiative allows us to provide more personalized support tailored to the specific needs of each student, thereby fostering their academic and personal growth. Through these home visits, we aim to build stronger connections between school and home, enhancing our ability to support every student effectively.

**Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA’s progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	5
10. Rate the LEA’s progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	5

Practices	Rating Scale Number
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

MSA-4 actively involves all stakeholders in our decision-making processes, providing numerous opportunities for meaningful participation. Parents play crucial roles in shaping the direction and policies of our school through their involvement in the School Site Committee (SSC), the English Learner Advisory Committee (ELAC), and the PAC/Parent Task Force (PTF) meetings. These platforms ensure that our parents have a voice in critical decisions that affect their children's education.

Furthermore, we leverage the annual CORE Districts survey as a key tool for gathering comprehensive feedback from all our stakeholders. This survey, conducted each spring, allows parents, students, and staff to provide input on our educational practices. We rigorously analyze the results of this survey and share our findings with the community in dedicated meetings. These discussions are essential for identifying effective strategies for improvement and ensuring that our actions are informed by the needs and experiences of our stakeholders. This collaborative approach fosters a transparent, responsive, and inclusive school environment.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

MSA-4 is committed to enhancing our process for seeking input for decision-making by focusing on educating our educational partners about the California School Accountability System. This initiative aims to empower our stakeholders by providing them with the knowledge necessary to offer more meaningful and informed feedback. Through targeted training sessions, we will ensure that parents, staff, and community members understand the metrics and processes used in evaluating our school's performance. This understanding will enable them to contribute effectively to discussions and decisions that improve our educational practices, ensuring that their input directly influences our strategies for achieving excellence.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

MSA-4 is dedicated to empowering parents by continuing our Parent Academy workshops. These workshops are designed to equip parents with the essential knowledge and skills needed to effectively advocate for their children's education. By providing guidance on navigating the educational system, understanding academic standards, and accessing available resources, we aim to strengthen parental involvement and ensure that parents are well-prepared to support their children's learning and development. This initiative is part of our ongoing commitment to fostering a collaborative and supportive educational community.

Additionally, MSA-4 is enhancing our support for both parents and students by introducing specialized workshops focused on mental health. Organized by our dedicated social worker, these workshops are designed to provide parents with critical insights and strategies for addressing mental health issues. By educating parents on how to recognize signs of mental distress and effectively support their children, we aim to foster a healthier and more

supportive school environment for all students. This initiative underscores our commitment to the holistic well-being of our school community.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

From Spring 2023 to Spring 2024, MSA-4 saw improvements in overall satisfaction rates across all educational partners. Students, families, and staff members reported higher satisfaction levels than the previous year. The most significant increase was observed among staff members, with a 12-percentage point rise in overall satisfaction rates. This substantial improvement may be attributed to various factors, such as enhanced communication, professional development opportunities, or school culture and climate improvements. Additionally, students and families reported slight increases in overall satisfaction rates, with a 4-percentage point increase for students and a 1-percentage point increase for families. These improvements could result from the school's targeted efforts to address specific areas of concern, implement feedback from previous surveys, or introduce new initiatives to enhance the overall educational experience.

MSA-4 has set ambitious targets for overall satisfaction rates in the coming year, aiming to maintain or exceed the current satisfaction levels. By prioritizing the needs and feedback of all educational partners, the school strives to foster a supportive and positive learning environment for everyone involved.

Overall, the improvements in overall satisfaction rates indicate a positive trajectory for MSA-4, reflecting the dedication and collaborative efforts of the entire school community in striving for continuous improvement and excellence.

The average approval rates for MSA-4 have shown notable improvements across all educational partners from Spring 2023 to Spring 2024.

Students experienced a significant increase of 6 percentage points in average approval rates, indicating a higher level of satisfaction with various aspects of their educational experience. This improvement may be attributed to enhancements in curriculum, extracurricular activities, or school support services aimed at meeting student needs.

Family members maintained a consistent average approval rate from the previous year, remaining at a high level of 96%. This suggests that families continue to be satisfied with the overall quality of education and support provided by MSA-4. The stability in family approval rates could be attributed to effective communication channels, family engagement initiatives, and responsive support from school staff.

Staff members exhibited the most substantial improvement in average approval rates, with a remarkable increase of 9 percentage points compared to Spring 2023. This significant uptick may be the result of efforts to address staff concerns, enhance professional development opportunities, foster a positive work environment, and strengthen collaboration among colleagues and school leadership.

Looking ahead, MSA-4 has set ambitious targets for average approval rates in the coming year, aiming to sustain or surpass the current approval levels. By prioritizing ongoing communication, collaboration, and responsiveness to the needs and feedback of all educational partners, the MSA-4 aims to foster a supportive and enriching learning environment for everyone involved.

Overall, the improvements in average approval rates reflect the dedication and commitment of the entire school community toward continuous improvement and excellence in education at MSA-4.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

The MSA-4 survey data for students, families, and staff provides a comprehensive view of the perceptions and satisfaction levels across different aspects of the school environment, indicating notable successes and areas for continuous improvement.

For the student survey, the Climate of Support for Academic Learning and Knowledge and Fairness of Discipline, Rules and Norms both show substantial approval rates of 76% and 71% respectively, with each experiencing a significant improvement of 10 percentage points from the previous year. These topics fall within the 60th to 79th percentiles when compared to the CORE Districts, highlighting strengths in the school's academic and disciplinary frameworks. However, the Safety topic saw a decline of 6 points, despite a still respectable 72% approval rate, suggesting a need for targeted safety measures. The Sense of Belonging (School Connectedness) noted the most substantial rise, up 12 points, although it remains at a lower percentile range (40th-59th), indicating ongoing efforts to enhance student engagement and connection are having a positive impact.

The family survey exhibits exceptionally high approval rates, with Climate of Support for Academic Learning, Knowledge and Fairness of Discipline, Rules and Norms, and Safety all scoring 95% or above. The Sense of Belonging stands out with 96% approval, placing it in the 80th to 99th percentile, despite a slight decrease of 1 point from the previous year. These figures reflect a strong endorsement of the school's efforts by the families.

Staff responses are overwhelmingly positive, with 100% approval for the Climate of Support for Academic Learning, which not only shows a 5-point increase but also ranks in the 80th to 99th percentile. Safety and Sense of Belonging also recorded significant gains of 14 and 12 points respectively, with Safety needing further attention despite the improvements, as it still ranks lower compared to other areas.

The overall average approval rates from Spring 2024 show significant improvements in staff approval from 85% to 94% and a noteworthy increase in student approval from 64% to 70%. Family approval remained stable at 96%. Looking forward, the school is set to maintain these high standards and address the identified areas for improvement, aiming to meet or exceed the targets of at least 65% for students, 95% for families, and 80% for staff. This continuous striving for excellence suggests a proactive approach in managing and enhancing the educational environment for all educational partners.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

MSA-4 is committed to a comprehensive infrastructure enhancement plan that includes focusing on upgrading bathroom facilities and ensuring regular maintenance and proper stocking of all school facilities, in collaboration with the plant manager. In parallel, we are working with food service providers to enhance the quality and variety of meals offered at the school, aiming to meet the nutritional needs and preferences of our students. To support diverse learning needs, we plan to increase the availability of technological resources and incorporate feedback on educational materials. Additionally, we are responding to student demand by expanding the range of team sports and extracurricular activities, which may also involve more community events and increase parent involvement. Furthermore, we will launch a targeted professional development program designed to standardize and improve teacher-student relationship skills throughout the school, fostering a more supportive and effective learning environment.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-4 meticulously designs its master schedule to cater specifically to the diverse needs of our student body, ensuring that all academic content areas are accessible to every student, including various student groups. We provide a robust curriculum that includes core subjects such as English, Mathematics, Social Sciences, and Science, all of which are aligned with our charter petition and graduation requirements. Our commitment to offering a well-rounded education is evident through the detailed organization of our school master schedule, elective forms, class rosters, student schedules, and transcripts.

Additionally, MSA-4 supports our students' educational journeys by providing comprehensive 4-year academic plans and tailored support programs aimed at promoting timely graduation from high school. We also offer credit recovery classes and develop individualized graduation plans for each student. These plans detail the specific courses students need to take throughout their high school years to meet and exceed the requirements for UC/CSU eligibility, ensuring that every student is well-prepared for post-secondary success.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

At MSA-4, our meticulously crafted master schedule, elective forms, class rosters, student schedules, and transcripts clearly demonstrate that 100% of our students have access to a comprehensive course of study. This includes core subjects such as English, Mathematics, Social Sciences, and Science, along with a diverse range of electives, all aligned with the specifications outlined in our charter petition.

In addition to the standard curriculum, we provide tailored academic programs and services based on specific student needs and interests, as detailed in our charter. For instance, we offer CCSS-aligned ELA and Math intervention classes for students requiring additional support. Our EL and immigrant students receive both designated and integrated ELD instruction and intervention to bolster their academic proficiency. We monitor progress in ELA/Literacy, Math, and ELD through our robust interim assessments, including MAP and IAB tests.

MSA-4 also offers Advanced Placement (AP) courses, which this year included English Language and Composition, Spanish Language and Culture, Statistics, and World History (Modern), selected based on student interests and academic goals. Furthermore, all students from grades 9-12 have access to our Advisory classes, which focus on college planning and career exploration. This program includes preparation for college readiness, such as ACT/SAT test preparation.

To ensure that our students meet and exceed UC/CSU requirements, we provide credit recovery classes and devise individual graduation plans that outline the specific courses each student will take during their high school years. Our commitment to academic excellence is reflected in our impressive one-year cohort graduation rate of 100% last year, with every graduate successfully completing courses that satisfy UC/CSU requirements.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-4 proudly offers a comprehensive, college-preparatory curriculum with a strong emphasis on STEAM (Science, Technology, Engineering, Arts, and Mathematics) to all our students. This program is designed to equip students with the critical thinking and technical skills necessary for success in higher education and future careers, fostering a broad-based educational experience that emphasizes interdisciplinary learning and innovation.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-4 is committed to continuing our provision of a college-preparatory, STEAM-focused broad course of study to ensure all our students graduate ready for college and careers. We are dedicated to enhancing our curriculum to provide a more holistic education that includes a wider array of elective courses aligned with career pathways. Our comprehensive approach also incorporates ongoing health and physical education, diverse arts programs, and expanded civics, life skills, and social-emotional learning (SEL) programs.

To further enrich our students' educational experiences, we offer a variety of experiential learning opportunities. These include instructional field trips, internships, community service programs, and clubs, all contingent on the availability of financial and human resources. MSA-4 is committed to maximizing our resources to deliver a well-rounded educational experience that prepares our students for future success.

Additionally, we have established a dual enrollment partnership with West LA College, offering a variety of college courses that allow students to earn college credits while still in high school. We are also excited to announce the establishment of a STEAM-focused Career Technical Education (CTE) track, designed to provide hands-on learning in fields that integrate science, technology, engineering, arts, and mathematics, further preparing our students for the demands of the modern workforce.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

**Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					

Coordinating Instruction	1	2	3	4	5
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy 5	Ali Kaplan Principal	akaplan@magnoliapublicschools.org (818) 705-5676

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	15.8	9.9	1.5	1.0	3.0	0	0.4	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science					5

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science					5

**Other Adopted Academic Standards****4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education			3			
Health Education Content Standards					5	
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

**Support for Teachers and Administrators****5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered				4	

**Optional Narrative (Limited to 1,500 characters)****6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.**

MSA-5 ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) We provide services to English Learners (EL) s by proficiency level and ELD instruction is aligned to the CA ELD standards and MPS framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 18 hours of professional development per year. PD includes the areas of Common Core ELA/Literacy, Math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with common core ELA/ELD and math curricula. While the primary focus has mostly been on the ELA/Literacy, Math, and ELD over the past few years, MSA-5 has also provided PD and supported our teachers on NGSS, History-Social Science, Career and Technical Education, Health/Sex Education, Physical Education, Visual and Performing Arts, and World Languages.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Sections of the Self-Reflection Tool

#### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

#### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

MSA-5 school team observed how students adapt to a new location, transition from online to in-person learning, and adjust to changes in protocols. These observations led us to reevaluate our academic programs and extracurricular activities. Consequently, we incorporated Social-Emotional Learning into our school curriculum to nurture students' social and emotional skills. Additionally, we introduced new teachers, requiring students to adjust to unfamiliar classrooms and staff in a different setting.

The satisfaction of parents with a 97% approval rate and staff (80%) is evident from the survey results. Based on the feedback received from the surveys and the specific suggestions provided after reviewing the results with staff, it's evident that improving the Climate of Support and Sense of Belonging within the school community emerged as a

significant focus area. One suggestion that we can offer will be to focus and promote a positive work culture like attitude improvement, fostering stronger connections with students through home visits, and celebrating successes with positive phone calls home along with encouraging more interactions and engagement in activities within the school community. The slight decrease in student satisfaction rates could be attributed to various factors such as changes in educational programs, facilities, or services, which may not have met students' expectations. Additionally, external factors such as the impact of the pandemic on learning experiences or campus life could have influenced student satisfaction levels.

Regarding discipline, incidents of bullying have decreased, and fighting is no longer a significant issue. We have also effectively addressed peer-related concerns such as racial disparities. Staff members feel that our school enforces rules fairly and handles disciplinary matters appropriately. The topics with the highest approval rates include "Climate of Support for Academic Learning" and "Knowledge and Fairness of Discipline, Rules and Norms." A unanimous 100% of the staff believe that students are aware of the school rules and expectations. Students appreciate the enjoyable activities we organize during lunchtime, such as games, hot chocolate day, and numerous field trips, which fosters a perception that teachers genuinely care about and support students.

Furthermore, our school consistently upholds health and safety guidelines and expectations, and parents acknowledge effective communication in this regard.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Patterns that emerge from these suggestions include the overarching theme of enhancing community engagement, fostering positive relationships, and creating inclusive environments across all survey types. Areas that require closer attention include: ensuring alignment between staff and student perceptions of the school culture and sense of belonging. Addressing any disparities between the experiences and needs of different student groups, particularly those from marginalized backgrounds. And, lastly, implementing targeted initiatives to improve communication and collaboration between the school, families, and staff members.

Regarding family surveys, the two major areas of concern safety and parking lot issues are MSA-5 has continued to implement new strategies to improve building relationships with its educational partners. Families have often commented on the area not being desirable, the lunch and nutrition areas have recently been moved to a covered tent area east of where they previously were located. The tentative plan for MSA5 is to secure our new location in August 2024. Implementing this plan into action will alleviate a lot of these concerns and create a more open platform for troubleshooting any new challenges. When folks feel safe and are already invested in the MSA community, our enrollment numbers will most likely increase.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Safety and parking lot issues are brought up by parents. To address these, MSA-5 has been actively implementing new strategies to strengthen relationships with educational partners. Families have often expressed dissatisfaction with the current state of the area, noting its undesirability. As an improvement step, the lunch and nutrition areas have recently been relocated to a covered tent area east of their previous location. MSA-5's tentative plan is to move into a new location by August 2024. Implementing this plan will address many of the concerns raised by families and provide a more conducive environment for tackling any new challenges that may arise. When individuals feel safe and invested in the MSA community, it is likely that our enrollment numbers will increase. Lastly, the recent changes in administration have had a positive impact on the overall culture of the workplace. There's a renewed sense of teamwork and collaboration, which has improved morale among staff members.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	4
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	5
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	4
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

Our main goal is to assist teachers in fostering a stronger culture of collaboration among colleagues and students. To achieve this, we have implemented the "train the trainer" model and shared "promising practices" through professional development (PD) series such as the "Teach like a Champion" and other instructional programs like the new curricula of HMH for math and TCI for Social Science. These initiatives have helped create a close-knit community within the school. Based on the responses, what we can be most proud of is encouraging a culture of support and effective communication within our school community. This indicates that staff, families, and students feel valued and connected, which is crucial for a positive learning environment.

Additionally, the staff greatly appreciates the various outings organized for them, such as a Thanksgiving potluck at Balboa Park, an end-of-year luncheon at a local restaurant, and staff bowling. These activities provide opportunities for staff members to bond and enjoy each other's company.

MSA-5 has also implemented a home visit program, which can be conducted either in person or virtually through Zoom. After school hours, staff members visit students' homes or connect with parents/guardians online to discuss student progress, provide school updates, and listen to any questions or comments from parents. This program serves as a valuable means of engagement and communication between the school and families.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

There has been a collective desire from students, parents, and staff to secure a permanent location for our school, and efforts are currently underway to achieve this goal. The uncertainty associated with sharing a campus has impacted survey results and posed challenges in building a strong school culture. The limitations of our facilities hinder our ability to achieve our mission and fully embody the essence of a true science academy. Additionally, there is a recurring pattern of student dissatisfaction with the dress code and uniform policy. To address this issue, we can work towards offering a wider variety of uniform options and providing clear explanations about the

rationale behind the uniform policy. By doing so, we can improve student satisfaction and help them understand how the uniform policy contributes to a conducive learning environment. Based on the feedback received from the surveys and the specific suggestions provided after reviewing the results with staff, it's evident that improving the Climate of Support and Sense of Belonging within the school community emerged as a significant focus area. One suggestion that we can offer will be to focus and promote a positive work culture like attitude improvement, fostering stronger connections with students through home visits, and celebrating successes with positive phone calls home along with encouraging more interactions and engagement in activities within the school community.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

We have seen the positive impact of the newly hired Community School Coordinator and PACE coordinator. One area that requires improvement is increasing parent participation and providing workshops that are accessible for educational partners.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	5
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	5
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

At MSA-5, educational partners have several ways to provide their input and engage in decision-making. Platforms such as weekly faculty meetings, the Parent Advisory Committee (PAC), the English Learner Advisory Committee (ELAC), the Restorative Justice Committee, and the Student Council offer opportunities for discussions and reviews on various topics. These topics include school site changes and updates, the school budget, restricted funds like the Community School Grant, ARP, Title and ESSER, student recruitment, the length of the instructional year, and school climate and culture-related events. These platforms ensure that educational partners can influence and shape important decisions at MSA-5.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Enhancing parent attendance at school gatherings and creating more community events outside school premises are essential areas needing improvement. Promoting regular parent participation and arranging off-site events will strengthen connections and engagement within the community.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

MSA-5 uses a dual strategy of printed notifications and electronic communication to effectively connect with underrepresented families. To ensure important messages reach parents, students from these families receive PBIS incentives. The PACE coordinator is crucial in helping parents set up their parent portal accounts, allowing them to receive school news and notifications in their preferred language.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

MSA-5 collects feedback from students, families, and staff using the CORE Districts survey developed by Panorama Education. The survey results for Spring 2024 show a 100% participation rate for students, 88.4% for families, and 96.3% for staff, with slight fluctuations compared to Spring 2023. The data is disaggregated by student groups and compared to the CORE Districts dataset. Overall satisfaction rates for Spring 2024 are 78% for students, 96% for families, and 93% for staff. These figures show a decrease of 3 percentage points for students, stability for families, and an increase of 18 percentage points for staff compared to Spring 2023.

The average approval rates are 67% for students, 96% for families, and 80% for staff, with students experiencing a slight decrease of 1 percentage point and staff experiencing a significant decrease of 13 percentage points compared to the previous year. Disaggregated data on specific survey topics reveal that students' approval rates for Climate of Support for Academic Learning is 78%, Knowledge and Fairness of Discipline Rules and Norms is 66%, Safety is 67%, and Sense of Belonging is 52%. Families have high approval rates with 98% for Climate of Support for Academic Learning, 99% for Knowledge and Fairness of Discipline Rules and Norms, 87% for Safety, and 98% for Sense of Belonging. Staff's approval rates are 97% for Climate of Support for Academic Learning, 78% for Knowledge and Fairness of Discipline Rules and Norms, 75% for Safety, and 69% for Sense of Belonging.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Key learnings from the survey data indicate several areas of strength and identified needs. Family satisfaction remains consistently high, demonstrating strong perceptions of academic support and fairness in disciplinary practices. Staff satisfaction has shown significant improvements in the Knowledge and Fairness of Discipline Rules and Norms and Safety categories. Additionally, there has been a notable increase in the students' Sense of Belonging, indicating progress in fostering a connected school environment.

However, some areas need attention. The Sense of Belonging among students, while improved, still remains in a lower percentile range, suggesting a need for more targeted efforts to enhance connectedness and safety perceptions. The significant decrease in staff approval rates highlights areas for improvement in workplace conditions, communication, and support. Disaggregated data reveals that staff approval rates are lower than those for students, indicating a discrepancy in perceptions of school culture and belonging.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

In response to the identified needs, MSA-5 plans to make several changes to existing plans, policies, and procedures. To enhance the Sense of Belonging, the school will emphasize the concept of "respect" in Life Skills and Advisory courses and increase supervision in both indoor and outdoor spaces to enhance safety measures. To improve staff satisfaction, ongoing professional development opportunities will be implemented, open communication channels will be established, and staff contributions will be recognized. Additionally, addressing workload concerns and providing additional support where needed will be prioritized.

To improve community engagement, MSA-5 will continue to involve families in decision-making processes through PAC/ELAC and faculty meetings and use platforms like ParentSquare to keep the community updated on the new facility project and seek feedback. The school also plans to enhance college and career counseling services to provide better guidance and support for students, particularly in the college application process. By addressing these areas with targeted interventions and proactive measures, MSA-5 aims to enhance overall satisfaction and meet or exceed the set approval targets in the upcoming year.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-5 creates its master schedule to address the needs of all students, ensuring that academic content areas are accessible to every student, including those in subgroups. Core subjects such as English, Mathematics, Social Sciences, and Science, along with electives, are offered in alignment with our charter petition and graduation requirements. This commitment is evident in the school master schedule, elective forms, class rosters, student schedules, and transcripts, demonstrating MSA-5's dedication to providing a comprehensive education.

Additionally, MSA-5 supports students with 4-year plans and various programs to ensure they graduate on time. We offer credit recovery classes and individual graduation plans that outline the courses students will take throughout high school to meet UC/CSU requirements.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, elective forms, class rosters, student schedules, and transcripts, 100% of students have access to a comprehensive course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

We also provide all other academic programs and services specified in our charter petition, tailored to student needs and interests. For instance, we offer CCSS-aligned ELA and math intervention classes to students requiring additional support. Designated and integrated ELD instruction, support, and intervention are available to ELLs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD using interim assessments such as MAP and IAB. Additionally, every student has access to a computer in class to utilize instructional software like myON, StudySync, Khan Academy, GIMKIT, Gizmos, etc.

We offer students opportunities to take Advanced Placement (AP) courses based on their needs and interests. This year, AP courses include AP Spanish Language and Culture, AP Environmental Science, and AP US Government. Moreover, high school students are assisted in enrolling in dual enrollment classes through Los Angeles Pierce College.

All students have access to "Advisory" classes, which include college planning and career exploration programs. For example, high school students took a counseling class through the LAVC Dual Enrollment program in Fall 2022 and now continuing with Pierce College. MSA-5 also offers credit recovery classes and individual graduation plans, outlining the courses students will take throughout high school to meet UC/CSU requirements.

- Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

Some of our newcomers are behind in their expected coursework, so the MSA-5 administrative team adjusts their schedules to help them stay on track to culminate or graduate. However, due to facility constraints, offering a wider range of elective courses and lab-based science classes is challenging.

- In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-5 will continue to provide access to a college-preparatory, STEAM-focused broad course of study for all students, ensuring they graduate ready for college and careers.

To offer a more well-rounded education, MSA-5 will strive to add more programs, such as additional elective courses aligned with career pathways, ongoing health and physical education, diverse arts programs, and increased civics, digital citizenship, and SEL programs. We will also provide experiential learning opportunities, including instructional field trips, internships, community service programs, and clubs. These additional programs depend on the availability of financial and human resources. MSA-5 will maximize its resources to provide students with a comprehensive educational experience.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils,					

Coordinating Instruction	1	2	3	4	5
gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy 6	James Choe Principal	jchoe@magnoliapublicschools.org (310) 842-8555

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	6.7	6.7	0	0	0	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	.0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education	1					
Health Education Content Standards					5	
Physical Education Model Content Standards					5	
Visual and Performing Arts			3			
World Language	1					

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered				4	

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-6 ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) We provide services to ELs by proficiency level and ELD instruction is aligned to the CA ELD standards and framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 18 hours of professional development per year. PD includes the areas of Common Core ELA/Literacy, math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with common core ELA/ELD and math curricula. While the primary focus has mostly been on the ELA/Literacy, math, and ELD over the past few years, MSA-6 has also provided PD and supported our teachers on NGSS, History-Social Science, and Physical Education.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Sections of the Self-Reflection Tool**

**Section 1: Building Relationships Between School Staff and Families**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA’s progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2. Rate the LEA’s progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA’s progress in supporting staff to learn about each family’s strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA’s progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	3

**Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Relationships Between School Staff and Families.

Magnolia Science Academy 6 has been focused on building relationships between the school, it's staff, and their families. This year, we were able to conduct many meetings throughout the year in order to make sure that we have opportunities for our parents to be involved with our staff and our school.

On a monthly basis, the principal will host a PAC/Coffee with the Principal meeting with students and with parents in order to keep our families up to date with the latest news about our school. Post pandemic, most of our meetings are in person with the option to zoom. Through these options, we still have all of our parents zooming rather than being in-person. We believe that this is the convenient option for our parents and it has yielded high participation rates

throughout the year. We had one in-person ptf/pac meeting, with no online option, and it was a success, with nearly a fourth of our parents coming for this meeting.

Lastly, we have had other opportunities for our families to be connected with our school through our ELAC meetings, which is held 4 times per year, and through our Parent College Program, which was held 5 times this year.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Although there are many ways to communicate with the school; including Coffee with the Principal, PAC meetings, ELAC meetings, and the Parent College Program, we would still like to have other opportunities to Build Relationships with our Families. We are currently brainstorming other ways that we can get families to become a part of our Magnolia family by thinking of ideas like; Bingo night, Family movie night, and any other event that might interest our families to come to our school and to meet the school team. This year we hosted one all in-person meeting with no zoom option and we were able to get about 1/3rd of our families to come in-person. We had a book that the parents were given in order to give to their students, the 7 Habits of Highly Successful Teens. The parents seemed to have a good time and it was a good time to connect with them.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Here at Magnolia Science Academy-6, we do our best to build positive relationships with staff members, the families, the students, and any other support members within our community. We have been having increased positive relationships, particularly since we have had PBIS trainings that were offered by Los Angeles County of Education in the years past.

Furthermore, we have opened up as many communication lines as possible for our parents and families to contact our school. Beyond our typical email and phone system we have also implemented other technological apps that build bridges between the school and its families. Some of the apps that we use are: Parent square, Class Dojo, Twitter, Facebook and Illuminate (our SIS system). Also, our school website is always up to date to keep all stakeholders posted.

For face to face meetings, we have an open door policy where parents are able to join our /Parent Task Force (PTF), English Language Advisory Committee (ELAC), our Parent Advisory Committee (PAC) meetings, Title I meetings, and our Coffee with the Principal meetings. All of these face to face meetings occur multiple times (min 4 times for each meeting) throughout the year at various days of the week and at various times of the day in order to help maximize participation from all parent/culture groups. We always have one bilingual staff member who provides translation in these meetings. As an added way of building relationships with families, we have fun activities like; our, back to school night, and the Multicultural Food Festival to help bridge the gap between families and the school and orientation meetings in order to meet and greet parents and students before the year begins.

Magnolia Science Academy 6 will do it's best to help improve all families, including engagement from underrepresented families, by making sure that we do our Home Visit, which is a staple of all Magnolia Science Academy schools. This year, our target was to hit 25% of our students. We were able to hit that target by the end of the second semester. With that in mind, we want to be strategic about who we do Home Visits for. We would like to make sure that we are targeting students who are in need of a Home Visit or underrepresented families who may benefit from a Home Visit as well.

This year, we will have a new Community Schools Coordinator (CSC), who has gathered resources from all of our partners, to share with our parents during our Coffee with the Principal Meetings and PAC meetings. We will be continuing with this CSC position in order for us to find and provide more resources for our community. In addition, we will also have another teacher who will be the Family and Outreach coordinator in order to assist and take lead with meeting families in our community and outside our community.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	4
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	1
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	3
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

MSA-6 feels that building partnerships for student outcomes is an important aspect of achieving higher results. Our teachers are given opportunities to grow professionally with our tuition reimbursement policy. The teachers are encouraged to take advantage of the tuition reimbursement policy in order to help with their own development but also to help with student outcomes as well. Some of the professional development opportunities that our teachers have taken are the: LACOE Admin program, Conditioning and Strengthening for Physical Education, and teaching credentialing degrees. As a result of these professional development growth opportunities, teachers become more adept in their content knowledge and teaching pedagogy. This then helps students in class, during after-school tutoring clubs, and even during Saturday school.

Teachers also have the opportunity to build relationships with parents and their child(ren) by enrolling in a course, "Parent College," and going through a curriculum that helps parents become more familiar with the education sector. The topics that are included in this program are; Common Core State standards, high school readiness, college applications, grants, enrollment, statistics, testing, extra-curricular activities...etc. At the end of the curriculum, the parents who attend every session graduate from the Parent College course, where we have a ceremony just like how we do for our culminating 8th graders. Lastly, per our charter petition, we do "Home Visits" throughout the school year. Every year we try to hit our target of meeting the home visit goal. The goal is visiting min. 25% of our school's population, which is usually around 23 families. This is where we are able to go over to families' homes, chat with them, and bond with them to help increase the sense of belonging at our school.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

Magnolia Science Academy 6 looks at its own data and does an analysis of its data to make sure that we are familiar with our overall data and our detailed data as well. Aside from the overall score, we look at the data from an ethnic standpoint, and from a special programs standpoint. One of the areas that we want to improve on will be to increase

our scores for the special programs group; English language learners and our Students with Disabilities group. The students in these two groups have not shown significant improvement from last year's MAP results (Measures of Academic Progress) and we would like to make sure we have improvement and a focus on these two groups.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

This year, we will have a PACE coordinator/CSC coordinator, the Parent and Community Engagement Coordinator from the beginning of the school year, and the Family and Outreach Engagement coordinator. I am hoping that with these two positions filled at the beginning of the school year, we will be able to connect with families more than ever before. This will then help strengthen our partnership with the families and which we hope will help with our academics. The PACE coordinator and the Family and Community will help us be able to bring in more families to our afterschool programs, to our Saturday school programs, and to our online tutoring service, TutorMe. This year, we have also partnered with Think Together, who is an after-school program until 6 pm. We hope that with the added academic support we can see growth from all of our students who are involved.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	2
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	3
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	2

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

Through Magnolia Science Academy 6's meetings; (PTF, Coffee with the Principal, PAC, ELAC...etc.) with our educational partners, any important information that will affect their lives will be presented in a way so that our families can be informed, make comments, and/or ask questions about the decision making process. We encourage all of our parents to make sure that they are in attendance so that we can make a collaborative/joint decision on things that will affect our school. Some of the examples, of decisions that we have made, include our bus transportation pick up locations and times, our Title I fund expenditures, our ESSER 3 funding expenditures, and our 8th-grade fundraiser/graduation decisions.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Magnolia Science Academy 6's is always looking for further improving our decision making process by gathering as much data as possible, analyzing that data, and then making an informed decision with that data. One of the best ways to gather more data, is to use surveys/polls from our ed partner surveys. Lastly, our parentsquare app, has helped us make sure that we communicate with all of our families about the important decisions that we are making and to share the news with them. The parentsquare app also has features similar to Zoom and google forms, if needed.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

We currently have a Family and Outreach Engagement coordinator. We are hoping that with this position along with the Community schools coordinator, will be able to reach all families, especially underrepresented families, to help us with the decision making process. We are hoping that these two positions will also help us with Home Visits, phone calls, zoom calls, emails...etc. to make contact with them to become more engaged and to be a part of our school. Through making these connections, we plan to have these underrepresented families come to important meetings where they can listen, learn, and make informed choices/comments/questions about any decision that the school would like to make.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

Through our ed partner survey, through panorama, we learned the following:

Students - The survey shows that we are amongst the 80th to 99th percentile in all categories. Our strongest being the climate of support for academic learning at 84%.

Staff - The survey shows that we are amongst the 80th to 99th percentile in 3 or the 4 categories. Our strongest being the climate of support for academic learning at 98%.

Families - The survey shows that we are amongst the 80th to 99th percentile in all categories. Our strongest being the safety and climate of support for academic learning at 100% and 99% respectively.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

After analyzing the panorama survey, we believe that our areas of needs are:

Students - The survey shows that “sense of belonging” was identified as an area of need at 72%, but an increase of 5 points from last year.

Staff - The survey shows that “sense of belonging” was identified as an area of need at 72%, a decrease of 12 points from last year. Looking deeper into this category, the question “How many adults at this school have close professional relationships with one another?” had a significant drop of 43%. Also, the question, “How many adults at this school feel a responsibility to improve this school?” had dropped 22%. We noticed that room sharing became difficult at times, causing teachers of different organizational habits and work style to have to find many compromises. Also, we had two staff leave the site this year midway through, and we believe it caused damage to the staff culture. We can certainly use more team building opportunities to unite staff and develop deeper relationships.

Some areas of strength that were mentioned were:

Student - Words that repeated in the free responses were: staff, kids, and friends.

Staff - The ratio of students to teachers, collaboration of the staff, actively creating and building an environment that feels safe for students.

Families - Teachers/staff, small school, and communication

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

This is what our next steps are after examining the results in terms of revisiting the following policies and inquiring about the following: :

We'll go over the uniform policy.

We will go over if we can afford and if we can install lockers at our school.

We have done diversity training and we will do a Multicultural Food Festival.

We are looking into utilizing our ELOP funds in a way that is education and fun.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-6 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition and graduation requirements. As evidenced by the school master schedule, elective forms, class rosters, student schedules and transcripts, MSA-6 strives to offer a well-rounded education to our students.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, elective forms, class rosters, student schedules and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition. We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.)

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-6 provides access to a college-preparatory, STEAM focused broad course of study for all our students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-6 will continue to provide access to a college-preparatory, STEAM focused broad course of study for all our students. We will ensure that all our students graduate college and career ready. In an effort to provide a more well-rounded education to our students, MSA-6 will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-6 will make the best use of its resources to provide a well-rounded education experience to our students.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

## Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					

Coordinating Services	1	2	3	4	5
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy 7	Meagan Wittek Principal	mwwittek@magnoliapublicschools.org (818) 886-0585

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	13.2	10.2	1.0	1.0	1.0	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

**Other Adopted Academic Standards****4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education				4		
Health Education Content Standards					5	
Physical Education Model Content Standards					5	
Visual and Performing Arts				4		
World Language	1					

**Support for Teachers and Administrators****5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered				4	

**Optional Narrative (Limited to 1,500 characters)****6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.**

MSA-7 ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) We provide services to EL students by proficiency level and ELD instruction is aligned to the CA ELD standards and framework. EL students have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 18 hours of professional development per year in addition to the weekly two hours of staff collaboration and PD time built into the 2023-24 school year. PD includes the areas of Common Core ELA/Literacy, math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with common core ELA/ELD and math curricula. While the primary focus has mostly been on the ELA/Literacy, math, and ELD over the past few years, MSA-7 has also provided PD and supported our teachers on NGSS, History-Social Science, Career Technical Education, Health Education, Physical

Education, and Visual and Performing Arts. Staff members are also trained on Social Emotional Learning (SEL) supports and Positive Behavior Interventions and Supports (PBIS) for students.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Sections of the Self-Reflection Tool

#### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	4
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

#### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

MSA-7's strength lies in its strategic collaboration between the PACE and CSC, forming the Magnolia Engagement Team (MET). This team has successfully made communication smoother, leading to a noticeable 3% rise in parent participation. Moreover, the MET's existence has facilitated the establishment of authentic connections with families and local community organizations, fostering a sense of trust and partnership. Evidence of this can be found in our yearly educational partner survey, where 96% of our families expressed feeling safe within the school and its surrounding area, this was a slight increase from last year. Leveraging these relationships, MSA7 has not only introduced new resources to its school community but has also spotlighted local partnerships where families can readily access additional support, further enhancing the institution's holistic approach to education and community engagement. Another highlight is that this year 29% of our student have received a home visit.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

After analyzing feedback from our educational partners and local data, it's evident that while our families still highly appreciate (99%) the supportive academic atmosphere in our schools, there has been a slight drop in how they view the fairness and understanding of discipline procedures. This trend isn't just seen in family responses but also in staff feedback, which noted a 10% decrease in the same area.

To address these findings, our focus for the upcoming school year will be on improving the relationship between school staff and families by fostering a culture centered on coaching and growth. This involves not only supporting our staff in implementing fair and consistent disciplinary measures but also encouraging open communication and teamwork between school staff and families. By prioritizing this, we aim to tackle the areas needing improvement and strengthen the connection between our school community and families, ensuring a more inclusive and supportive learning environment for all involved.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

While the MSA7 MET's bilingual capability (English and Spanish) has contributed to increased engagement, there remains a gap in accommodating other languages. To address this gap, MSA7 has used funding from the CCSPP to purchase a translation device capable of real-time translation in over 100 languages. This device, located in the office, serves as a resource for meetings such as Individualized Education Program (IEP) sessions, Student Support and Progress Team (SSPT) meetings, and other parent meetings.

In addition to recognizing the importance of social media MSA7 has increased its presence on social media platforms, doubling its following and using these as tools to reach a broader audience, including underrepresented families. Additionally, the school has maximized the functionality of the Parent Square app, a comprehensive communication tool that offers multilingual support, ensuring that all communications, including monthly newsletters, school updates, reminders, and more, are all accessible to families in their preferred language.

Furthermore, MSA7 has implemented a proactive approach by tailoring weekly recaps based on the specific preferences and needs of its diverse families, thereby fostering a sense of inclusivity and responsiveness within the school community.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	4
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	4

Practices	Rating Scale Number
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

MSA7 has made significant progress in developing partnerships to improve student outcomes. A notable achievement is the collaboration with local community organizations such as Code Ninjas, Northridge Art Studio, and KidzToPro, which offer valuable after-school clubs. This effort has been successful, benefiting 60 students this year alone.

Furthermore, MSA7 has actively engaged with the community by organizing four impactful giveaway events during the fall semester. These events included distributing backpacks and school supplies in August, hosting a community resource fair with 17 partners in September, providing hygiene items in October, and offering fresh produce and food in November. These initiatives not only provide essential resources but also strengthen community ties and support networks.

Additionally, MSA7 is dedicated to supporting parents through various meetings and programs. Apart from the community events mentioned earlier, there are meetings such as the Student Success Planning Team (SSPT), Academic Support Meetings, ELD Coordinator Meetings, and Individualized Education Program (IEP) meetings. These gatherings facilitate collaborative discussions and planning tailored to students' specific needs, ensuring their academic success. MSA7's proactive approach in fostering partnerships and supporting families highlights its commitment to creating a conducive learning environment and advancing student achievement.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

While MSA7 has successfully collaborated with partners to bring valuable resources on campus, one significant area needing enhancement is increasing attendance at these events. Although there has been a growth in attendance compared to the previous year, MSA7 aims to further boost participation.

This year, MSA7 introduced Adult ESL Classes, which were well-received by parents. However, feedback from parents also highlighted the desire for additional workshops focusing on areas such as financial literacy, understanding the educational system, and computer skills. These workshops are seen as essential for empowering parents to support their children's academic journey effectively.

MSA7 is committed to prioritizing methods that boost involvement and active participation among parents and community members. This involves investigating inventive ways to advertise events, raising awareness about the resources on offer, and customizing offerings to cater to the various needs of our community.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Currently, only 75% of our families feel that their culture is represented in school activities. MSA7 is dedicated to increasing this percentage through targeted efforts. One approach involves expanding the number of events where

families can share their experiences and viewpoints. This year, MSA7 organized eight community events, some suggested by parents themselves, such as movie nights and the community market, with the aim of nurturing stronger connections and a sense of community among families.

Furthermore, MSA7 will roll out additional initiatives to better engage underrepresented families. This includes conducting surveys and focus groups to gain deeper insights into their needs and preferences, and actively involving them in decision-making processes. By prioritizing the voices and experiences of underrepresented families, MSA7 aims to cultivate a more inclusive and supportive educational environment that benefits all students.

**Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	4
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

**Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

One strength of MSA-7 in seeking input for decision-making is the various ways we gather feedback from educational partners. We hold meetings, conduct surveys, and more. This year, we added the Asset and Needs Assessment in the fall to gather even more feedback. Our surveys get very high compilation rates with most of them in the 90% range. We also make sure to follow up on surveys and meetings to show we're listening and taking action. We share updates on our website, social media, and the ParentSquare app to keep everyone informed. It's important for our families, staff, and students to feel heard, so we highlight any actions we take based on their suggestions.

Another strength is how accessible our staff and administrators are to families. We prioritize being available and responsive, which families appreciate according to this year's surveys. They like how quickly staff respond to their needs and keep them informed about school events. This accessibility builds trust and collaboration, showing our commitment to making decisions that benefit everyone in our school community.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Although MSA7 typically receives high response rates for our surveys, we've noticed a need to boost attendance at our in-person meetings, such as the Parent Advisory Council (PAC) and English Learners Parent Advisory Council (EL-PAC). Despite our efforts to organize these gatherings, attendance has been lower than desired in the past.

To tackle this challenge, we've made changes during the spring semester by switching these meetings to a hybrid format. This means participants can choose between attending in person or virtually, catering to different preferences and schedules. This adjustment aims to encourage more widespread participation. Consequently, we've seen a noticeable uptick in the number of attendees actively engaging in these discussions.

Looking ahead, we are dedicated to refining our approaches for soliciting input from stakeholders, ensuring that every voice is not only heard but also valued in our decision-making processes.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

One important way we're improving input from underrepresented families is by improving translation services for languages other than English and Spanish. We've invested in a new translation device that works in real-time to better help families with diverse language needs.

We also know it's crucial to set up systems and programs to engage and support our Newcomer families. Our English Language Development (ELD) Coordinator is working closely with our PACE and CSC Coordinators to make these supports even better.

Additionally, we want to make sure all families feel included and encouraged to join meetings, committees, and events at our school. We're focusing on strengthening our culturally responsive programs to achieve this. By putting these efforts first, we're committed to making sure every family's voice is heard in our decision-making.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

MSA-7 annually conducts the CORE Districts survey instrument to students in grades 3-5, analyzes survey results such as participation rates and average approval rates for each topic and question on the survey, documents our findings (e.g., greatest progress and needs, comparisons with the prior year and CORE district results) and shares the results and findings with our educational partners during LCAP information and feedback meetings and regular board meetings. MSA-7 disaggregates the results by grade and student group and also uses open-ended questions to further understand students' perceptions. MSA-7 strives to improve our students' perceptions of school safety and school connectedness.

In 2023-24, 96.8% of our 3rd to 5th grade students participated in the survey and their responses provided an average approval rating of 68% on the four topics of the survey, with a rating of 69% on Topic 1 (Climate of Academic support) and a rating of 68% on Topic 2 (Knowledge and Fairness of Discipline), a rating of 63% on Topic 3 (Safety) and a rating of 71% on Topic 4 (Sense of Belonging), whereas 89% answered positively to the question, "Overall, I am satisfied and would recommend this school to other students."

The changes in average approval rates from Spring 2023 to Spring 2024 were down for two educational partner categories with a decrease of 5 points for students (73% to 68%), 2 points for family (99% to 97%) and a significant decrease of 9 points for staff (90% to 81%).

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

Some of the highlights from the surveys was the parent satisfaction rating of "Overall, I am satisfied and would recommend this school to other students/parents/educators" was 96%. We also maintained a 97% or higher on all 4 topics on the family survey. Students stated the teachers care about you and when you're feeling sad they talk to you. Parents stated they love the sense of community and the fact that the teachers and other staff know my kids well and are always looking out for them and they take the time to address the issues and find solutions. Staff stated how much they like the community of the school and the relationships between the staff and students. Staff is professional and they balance rigor with playtime, and the way that the school strives to be supportive and equitable toward the students.

Some of the Identified needs from the survey was the 9% drop in the staff average approval rates from last year. We saw a decrease of 9% in "Knowledge and Fairness of Discipline, Rules, and Norms" on the student survey and a 12% decrease in "Sense of Belonging (School Connectedness)" on the staff survey. Students stated we need better food to our school to be improved and teacher aides to be fair with how they give chances to all students. Parents stated the school should have a parent day, where each parent can come to class to observe, help the teacher, and see the school environment that their child experiences. Staff stated the lack of students accountability and there are no consequences and the students know they aren't going to face any consequences so behaviors continue. We need to remember to be respectful to each other especially in difficult and stressful moments. Both parents and staff stated that the after school ARC program needs to reflect on the overall program and train staff on implementing safety protocols, student behavior, and having respect for staff and school property.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

After analyzing all partner surveys we identified the biggest areas of concern and will put an action plan in place to address these concerns. These areas include: We plan on partnering with Los Angeles Institute for Restorative Practice (LAIRP), an on-campus training to promote team culture; hired a permanent ARC Site Coordinator to solidify the program and improve overall ARC structure and services and additionally hire a ELOP Coordinator to improve coordination between students, parents, staff, and the ARC program; reviewing potential food service companies to possibly partner up with another food service vendor; reinforcing consistent expectations amongst all staff members both inside and outside the classroom and having comprehensive training for all supervising staff.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-7 designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and non-core subject areas such PE, Health, and Art are offered aligned with our charter petition and graduation requirements. Our students with disabilities have access to all general education curriculum and programs with RSP support as indicated in their IEPs. As evidenced by the school master schedule, class rosters, student schedules and transcripts, MSA-7 strives to offer a well-rounded education to our students.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, after school club forms, class rosters, student schedules and transcripts, 100% of our students have access to a broad course of study, including core subjects (English language arts, mathematics, social sciences, and science) and specials as outlined in our charter petition such as Computer, PE/Health, and Life Skills (SEL). We also provide all other academic programs and services outlined in our charter petition, certain programs and services being dependent on student need and interest. For example; we provide CCSS aligned ELA and math intervention classes to all students who are in need of additional support. We provide designated and integrated ELD instruction and support/ intervention to ELs, including Newcomer students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our interim assessments (MAP, IAB, etc.) We provide students with opportunities to participate in Enrichment Programs based on student needs and interests.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-7 provides access to a college and career awareness, STEAM focused broad course of study for all our students.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-7 will continue to provide access to a College and Career Week to develop and motivate students to become college and career ready. In an effort to provide more well-rounded education to our students, MSA-7 will strive to offer additional non-core subject programs to bring awareness to college and career readiness, health & physical education, diverse art & music programs, sports programs, and SEL programs, etc. In addition, we will continue to provide our students with experiential learning opportunities, including but not limited to: Instructional field trips, community service programs, school site-based community events, clubs, academic competitions, etc. Such additional programs depend on the availability of financial and human resources. MSA-7 will make the best use of its resources to provide a well-rounded educational experience for our students.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled					

Coordinating Instruction	1	2	3	4	5
students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

## 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy-Bell	Suat Acar Interim Principal	sacar@magnoliapublicschools.org (323) 826-3925

### Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

### Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

### Local Indicators

The local indicators address the following state priority areas:

#### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

### Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	24.2	18.2	0	2.5	3.4	0	0.1	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education	1					
Health Education Content Standards			3			
Physical Education Model Content Standards				4		
Visual and Performing Arts				4		
World Language				4		

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers				4	
Providing support for teachers on the standards they have not yet mastered				4	

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA Bell ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.). We provide services to ELs by proficiency level and ELD instruction is aligned to the CA ELD standards and framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 36 hours of professional development per year in areas such as:

- 1. Common Core ELA/Literacy, math
- 2. Supports and Intervention for Students with Disabilities, especially Universal Design for Learning (UDL)
- 3. ELD Standards and integration of ELD standards into content areas
- 4. MTSS and PBIS

5. Increase learning loss interventions
6. Social emotional learning and teaching practices
7. Restorative practices

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Sections of the Self-Reflection Tool

#### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	4
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	4

#### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

This year, the school has increased parent engagement by continuing our signature parent engagement activities such as Parent College (8 sessions), Parent workshops (Schools First, and other Partners), Parent Advisory Committee (PAC) and Parent Task Force. The events were offered both in person and virtually so that we could increase our participation. We received a Community School Grant and increased parent participation at the state level through our Community Engagement Initiative (CEI) work. We are in year 2 of this grant.

- Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Our goal is to increase parent participation, ownership and training our families to engage in advocacy work for their students. into motion the goal is to continue to increase the number of events and participants. Furthermore, since we are in the year 2 of the community school's implementation grant, we plan to increase parent engagement and ownership. We will continue Coffee with the admin meetings as well as Parent Advisory Committees. We plan to introduce the Parent Orientation Nights in the year 2024-25 for existing families to make them aware of their students' curricular activities.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Currently we have visited 82 families this year and we want to at least double that number next school year. We increased the percent of parent participation in our annual parent survey to over 90% this year. We strongly believe that if we increase the feedback we receive from parents and we connect with families via our home visit model, we will strengthen our relationship and families will feel more comfortable engaging with our school, as partners.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	4
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	4
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	4
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	4

### Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

- Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

The following are strengths as identified by each stakeholder group:

**Students-**

Our students continue to identify Friends, teachers/staff, and school activities (sports) as the glows for this school year. This school year, the students added that they enjoy the activities that are taking place during break and lunch and in addition expressed that they really enjoy PE, STEAM and Art classes.

**Families-**

Our families shared that they are most satisfied with the communication, the discipline we have in place, the quality of education and our teachers/staff. Overall, there was a sense that families trust our academic program and are satisfied with our quality in education.

#### Staff-

Our staff identified that working with our students makes them feel satisfied and fulfilled. The teachers and staff identified our caring environment as a highlight and the supportive admin and staff too.

#### Overall-

The most notable positive aspect of the survey results came within the free responses about what our educational partners like most about the school. Across all three groups, the connectedness, family atmosphere, level of support, and level of care exhibited by staff are heavily agreed upon. We are very proud of this because we feel that this foundational characteristic of care lends itself to a stronger school culture. We believe that this characteristic is among the highest selling points of our school.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

The following are needs as identified by each stakeholder group:

#### 1Students-

Our students continue to feel that the uniform/dress code is too strict and they dislike the food that LAUSD provides. Furthermore, our students also feel that not all students are treated equally and that some students get more consequences than others. In addition, the students shared their concern for having a substitute teacher in math class for the majority of the school year.

#### Family-

Our families show concern with the safety aspect, and especially what they are seeing on social media or what they are hearing at home about school fights that are taking place more than ever. In addition, our families show dissatisfaction with our strict uniform rules and the traffic that is observable at drop off and pick up.

#### Staff-

Our staff indicated that our school has unclear discipline policy and that we lack consequence for students with severe behaviors. Furthermore, staff identified that our office is sometimes rude with students and dismissive with families.

#### Overall-

Overall we see that there is some dissatisfaction with areas that the school does not have control over such as: uniform, food and traffic. However, we can share our educational partner's concerns and feedback with the cafeteria personnel and receive a monthly food calendar to communicate more frequently with our partners on what is being offered as breakfast/lunch. Furthermore, we need to work more closely with our staff to ensure that our students are fully understanding the importance of uniform, so that this does not continue to be a pressure point for students. Finally, we need to seriously revisit our discipline and MTSS efforts to ensure that rules and consequences are communicated with all education partners and that we have a transparent process that instills trust and confidence in our disciplinary actions.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

#### Next Steps:

Our Dean of students will start a task force which will include all educational partners to help identify the next steps for our school to improve our safety and discipline concerns shared by all educational partners. At the start of the

year, the leadership will put a greater emphasis on educating students on the importance of wearing uniforms and using technology appropriately. The staff will use the summer time to prepare a cohesive plan for teaching students at the beginning of the year why uniforms are important and the benefits that it has on students and the school community. To build a more inclusive and positive school culture, the leadership will put greater emphasis on the home visit program and ensure we do this earlier in the school year. Work with History, elective teachers, and other staff to bring awareness to diverse cultures that are embedded in the lesson plans. Continuing to build on the supervision map that has been created to improve our supervision during unstructured times (break, lunch). Cones are being used to create boundaries for our students. Ensure that weekly supervision huddles are implemented to facilitate communication on needs. Effectively lead school Psychologists to develop workshops for families to support adolescent changes on how families can support students from home.

**Section 3: Seeking Input for Decision-Making**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA’s progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
10. Rate the LEA’s progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA’s progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	4
12. Rate the LEA’s progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

**Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Seeking Input for Decision-Making.

MSA Bell provides various opportunities for parent involvement and education. Involvement is facilitated through avenues such as PAC meetings, English Language Advisory Committee (ELAC) meetings, and family workshops/conferences with a focus on the whole child development. Furthermore, the administration and support staff are visible and approachable. This ensures safety is a priority and concerns are addressed in a timely manner.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Seeking Input for Decision-Making.

Although various opportunities are provided to engage in the learning community, the pandemic has made it a challenge for families to take on additional responsibilities/availability. Leadership is working to build student and family capacity to fully comprehend and utilize the resources that are available to enhance learning. Such resources include ParentSquare, Smart Tutors, Surveys, etc. An additional area of focus is to build technology partnerships

with the community to provide families with resources such as technology education, low-cost internet, and computers to assist with the changing educational landscape.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

The LEA wants to increase home visits and give parents an opportunity to provide feedback more frequently.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

## 2024 SURVEY RESULTS AND COMPARISON WITH 2023 OUTCOMES

### PARTICIPATION RATES

#### Students

Spring 2024 Survey Participation Rates: 99.7%  
Spring 2023 Survey Participation Rates: 100%  
Change since Spring 2023: (percentage points): -0.3  
Next Year Survey Participation Targets: = 95.0%

#### Families

Spring 2024 Survey Participation Rates: 94.4%  
Spring 2023 Survey Participation Rates: 74.9%  
Change since Spring 2023: (percentage points): +19.5  
Next Year Survey Participation Targets: = 75.0%

#### Faculty/Staff

Spring 2024 Survey Participation Rates: 100%  
Spring 2023 Survey Participation Rates: 100%  
Change since Spring 2023: (percentage points): 0.0  
Next Year Survey Participation Targets: = 95.0%

### OVERALL SATISFACTION RATES

#### Students

Spring 2024 Overall Satisfaction Rates: 66%  
Spring 2023 Overall Satisfaction Rates: 77%  
Change since Spring 2023: (percentage points): -11  
Next Year Overall Satisfaction Targets: = 75%

#### Families

Spring 2024 Overall Satisfaction Rates: 93%  
Spring 2023 Overall Satisfaction Rates: 92%  
Change since Spring 2023: (percentage points): +1  
Next Year Overall Satisfaction Targets: = 95%

#### Faculty/Staff

Spring 2024 Overall Satisfaction Rates: 77%  
Spring 2023 Overall Satisfaction Rates: 87%  
Change since Spring 2023: (percentage points): -10  
Next Year Overall Satisfaction Targets: = 85%

### AVERAGE APPROVAL RATES (Percent Favorable)

#### Students

Climate of Support for Academic Learning: 63%  
Knowledge and Fairness of Discipline, Rules and Norms: 52%  
Safety: 59%  
Sense of Belonging (School Connectedness): 44%

## Families

Climate of Support for Academic Learning; 95%  
Knowledge and Fairness of Discipline, Rules and Norms: 90%  
Safety: 87%  
Sense of Belonging (School Connectedness): 94%

## Faculty/Staff

Climate of Support for Academic Learning; 88%  
Knowledge and Fairness of Discipline, Rules and Norms: 72%  
Safety: 34%  
Sense of Belonging (School Connectedness): 69%

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

### School Climate (LCFF Priority 6)

MSA Bell conducts annual school climate surveys during the early spring through Panorama. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feels, and how to facilitate improvement. Throughout the document, many references have been made to the various components of the survey. This portion will be dedicated to the free responses from our stakeholders.

The following are strengths as identified by each educational partner group:

**Students:** Our students continue to identify Friends, teachers/staff, and school activities (sports) as the glows for this school year. This school year, the students added that they enjoy the activities that are taking place during break and lunch and in addition expressed that they really enjoy PE, STEAM and Art classes.

**Families:** Throughout this academic year, there has been a noticeable uptick in family satisfaction. Parents have increasingly engaged with and supported our school community. They've actively enrolled in our Parent College initiative, taking part in ESL classes and financial literacy workshops conducted in partnership with Schools First Credit Union. Attendance at our Coffee with Administrators sessions has provided them with valuable insights into school operations, upcoming events, and their children's educational experiences. By participating in classroom walkthroughs, parents have firsthand witnessed the progress and achievements of our students, strengthening their connection to their educational journey. Additionally, their involvement in our Parent Advisory Council (PAC) meetings empowers them to contribute to decision-making processes regarding school funding allocation and the introduction of additional campus services.

Furthermore, our families have expressed high satisfaction with our communication practices, disciplinary measures, the quality of education provided, and our dedicated teachers and staff. Overall, there's a prevailing sense of trust in our academic program and satisfaction with the quality of education we offer.

**Staff:** Our staff identified that working with our students makes them feel satisfied and fulfilled. The teachers and staff identified our caring environment as a highlight and the supportive admin and staff too. Connection is a hallmark of MSA Bell, across all stakeholders the value and importance of connecting and building relationships are essential. The MSA Bell team will continue to adapt to the needs of the community to ensure this continues, especially as students transition to a hybrid. MSA Bell has an array of resources that are available to enhance learning. Leadership will continue to create messaging and training for all stakeholders to fully utilize the resources available.

The following are needs as identified by each educational partner group:

**Students:** Our students continue to feel that the uniform/dress code is too strict, and they dislike the food that LAUSD provides. Furthermore, our students also feel that not all students are treated equally and that some students get more consequences than others. In addition, the students shared their concern for having a substitute teacher in math class for the majority of the school year.

**Family:** Our families show concern with the safety aspect, and especially what they are seeing on social media or what they are hearing at home about school fights that are taking place more than ever. In addition, our families show dissatisfaction with our strict uniform rules and the traffic that is observable at drop off and pick up.

**Staff:** Our staff indicated that our school has unclear discipline policy and that we lack consequences for students with severe behaviors. Furthermore, staff identified that our office is sometimes rude with students and dismissive with families.

Overall, we see that there is some dissatisfaction with areas that the school does not have control over such as: uniform, food and traffic. However, we can share our educational partner's concerns and feedback with the cafeteria personnel and receive a monthly food calendar to communicate more frequently with our partners on what is being offered as breakfast/lunch. Furthermore, we need to work more closely with our staff to ensure that our students fully understand the importance of uniforms, so that this does not continue to be a pressure point for students. Finally, we need to seriously revisit our discipline and MTSS efforts to ensure that rules and consequences are communicated with all education partners and that we have a transparent process that instills trust and confidence in our disciplinary actions.

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Here are some other factors that are being explored and implemented to ensure a rigorous academic program that adapts to the needs of the community:

Our Assistant Principal in charge of Discipline will start a task force which will include all educational partners to help identify the next steps for our school to improve our safety and discipline concerns shared by all educational partners.

At the start of the year, the leadership will put a greater emphasis on educating students on the importance of wearing uniforms and using technology appropriately.

The staff will use the summertime to prepare a cohesive plan for teaching students at the beginning of the year why uniforms are important and the benefits that it has on students and the school community.

To build a more inclusive and positive school culture, the leadership will put greater emphasis on the home visit program and ensure we do this earlier in the school year.

Work with History, elective teachers, and other staff to bring awareness to diverse cultures that are embedded in the lesson plans.

Continuing to build on the supervision map that has been created to improve our supervision during unstructured times (break, lunch). Cones are being used to create boundaries for our students. Ensure that weekly supervision huddles are implemented to facilitate communication on needs.

Effectively lead school Psychologists to develop workshops for families to support adolescent changes on how families can support students from home.

Hired a restorative Justice Coordinator to support our Assistant Principal in charge of discipline and PBIS vision.

Hire an intervention teacher or a data coordinator to maximize our intervention programs and effectiveness. Findings have been shared with various educational partners through various meetings/informational sessions.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA Bell designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered aligned with our charter petition. As evidenced by the schoolmaster schedule, elective forms, class rosters, student schedules, and transcripts, MSA-Bell strives to offer a well-rounded education to our students. Furthermore, MSA Bell support staff responsibilities shifted due to the pandemic to ensure connectivity to school. This included phone outreach to determine student needs such as Hot Spots for Internet, Chromebook, or providing technical support to ensure connectivity to classes and the available platforms. All technology is managed and monitored to ensure appropriate usage and inventory.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

As evidenced by our master schedule, elective forms, class rosters, student schedules, and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition. We also provide all other academic programs and services outlined in our charter petition, certain programs, and services being dependent on student need and interest. For

example, we provide designated and integrated ELD instruction, support and intervention to ELs and immigrant students. We closely monitor student progress in ELA/Literacy, math, and ELD as measured by our internal assessments (MAP, IAB, etc.) All students have access to “Advisory” classes (college planning and career exploration program) and programs preparing students for college readiness and socio-emotional development. The Learning Management System provides teachers with resources to monitor academic progress and tips to connect with students. Mentorship is monitored through the LMS to ensure every child has an adult connection on campus. Furthermore, MSA Bell has provided students with information regarding A-G courses, as well as offered opportunities to take courses such as Algebra 1, Geometry, or world language courses (Spanish 1 and 2) that would earn credit towards their high school pathway.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA Bell has executed extensive plans to ensure and provide ongoing connectivity. The major hindrance impacting student connection is the inability to form a personal connection in the virtual environment versus in-person. The pandemic has led to the monitoring of various data points that identifies our neediest students and extensive plans have been generated to connect or reconnect students and families. These plans include, but not limited to, home visits, conferences and follow-ups, creation of personalized scheduled, support to connect to the various platforms, etc.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

The following is a list of strategies and actions that are being reviewed for implementation/execution. Some of these plans are currently in action and will be adjusted to continually enhance positive student outcomes.

- Increase tele-outreach to support in various areas such as the transition to hybrid, and educate with online tools such as Illuminate and ParentSquare.
- Evaluate instructional practices to highlight promising instructional practices such as a focus on power standards, ensure assignments are relevant to finish product, emphasize learning skill sets and recognition of the process for learning, staff sharing, and highlighting instructional practices during meetings.
- Adjustment of schedule to ensure time is allocated for an appropriate break and lunchtimes, and shift advisory to assist with academic interventions
- Dedicated task force members to highlight and solicit information about reopening, to be part of the decision-making process.
- As students return, opportunities to increase student-to-student interactions will be explored further through professional development.
- As students return to campus, the instructional staff will focus on reviewing and adjusting the school-wide expectation matrix to continue to align with our PBIS goals.
- Explore communication inhibiting factors

## **Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)**

**Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Coordinating Instruction</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

## **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

## Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy - Santa Ana	Steven Keskindurk & Maria Czerner-Rowell Site Director/Secondary Principal & Elementary Principal	skeskinturk@magnoliapublicschools.org & mrowell@magnoliapublicschools.org (714) 479-0115

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

## Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

### Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	36.2	32.8	2.4	0	0	0	1.0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)				4	
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science					5

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education			3			
Health Education Content Standards				4		
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-Santa Ana ensures all curricula and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) We provide services to ELs by proficiency level and ELD instruction is aligned to the CA ELD standards and framework. ELs have access to core and supplemental ELD instructional materials; teachers attend PDs whose focus is on ELD standards. Our teachers participate in at least 24 hours of professional development per year. PD includes the areas of Common Core ELA/Literacy, math, ELD Standards and integration of ELD standards into content areas, and training in strategies to support ELs with Common Core ELA/ELD and math curricula. While the primary focus has mostly been on the ELA/Literacy, math, and ELD over the past few years, MSA-Santa Ana has also provided PD and supported our teachers on MTSS and SEL learning and integration.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

**Sections of the Self-Reflection Tool**

**Section 1: Building Relationships Between School Staff and Families**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA’s progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	4
2. Rate the LEA’s progress in creating welcoming environments for all families in the community.	4
3. Rate the LEA’s progress in supporting staff to learn about each family’s strengths, cultures, languages, and goals for their children.	4
4. Rate the LEA’s progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

**Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Relationships Between School Staff and Families.

This year we we have a bilingual Parent and Community Engagement Liaison and a Community School Coordinator. These positions allows for our school and families to build relationships within our community. Based on our surveys given to our families, staff, and students we have added additional meetings with parents such as Coffee with Admin, Parent Check ins, Parent College; these are added to our regular PAC/PTF, and ELAC committee gatherings. In addition to these meetings, we have increased the quality and quantity of the communication tools with parents. Social media (Facebook, Twitter, Instagram), our weekly bilingual newsletter the Hook, Leave a Message form (bilingual), and a suggestion box. These are all located in the main office. Magnolia wide we are using the MSA mobile application for our families. We have started to use the Parent Square software which allows us to communicate to our families without any language barriers. Our traditional gatherings with parents such as Parent

Orientation, Back to School Night, Fall/ Spring Parent teacher conferences, Open House, Home visits, and grade level informational meetings. Fall/ Winter, Cinco de Mayo festivals and volunteer appreciation day.

- Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Building Relationships Between School Staff and Families.

MSASA will be ensuring that all Educational Partners have a voice. By doing this, we aim to allow for an open door policy during our weekly Coffee with Principals and Educational Partner surveys. In addition to ensuring there is voice, we will continue to strengthen our community partnerships by continuing free breakfast and lunch to all students regardless of income status, school supply drives, and a referral network that provides mental health supports for all educational partners.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

Based on our surveys given to our families, staff, and students, we have added additional meetings with parents such as Coffee with the Principal, Parent Check-ins, and Parent College; these are added to our regular PAC/PTF, and ELAC committee gatherings. In addition to these meetings, we have increased the quality and quantity of the communication tools with parents. Social media (Facebook, Twitter), Leave a Message form (bilingual), and a suggestion box. These are all located in the main office. Magnolia wide we are using the MSA mobile application for our families. We have started to use the Parent Square software, which allows us to communicate with our families without language barriers. Our traditional gatherings with parents such as Parent Orientation, Back to School Night, Fall/ Spring Parent-teacher conferences, Open House, Home visits, and grade-level informational meetings. Fall/ Winter, Cinco, and volunteer appreciation day.

**Section 2: Building Partnerships for Student Outcomes**

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA’s progress in providing professional learning and support to teachers and principals to improve a school’s capacity to partner with families.	4
6. Rate the LEA’s progress in providing families with information and resources to support student learning and development in the home.	4
7. Rate the LEA’s progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	4
8. Rate the LEA’s progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	3

**Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)**

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Building Partnerships for Student Outcomes.

Strengths are PAC/Coffee with Principal meetings. This is an opportunity to introduce MTSS support for SEL to the parents. Parent College and third party partnerships like parenting classes through Santa Ana College and AltaMed, PBS SoCal, CHOC, StartWell, OC Mix Academy, and OCDE. Grade level college counseling meetings with our parents and students for supporting and informing parents and students for a University-going culture. For example, 8th grade high school transition meetings, college signing day, FAFSA meetings. As we establish our parent outreach and provide meetings to involve all our families, building Parent attendance is a focus for us.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA’s focus area(s) for improvement in Building Partnerships for Student Outcomes.

At MSASA we will strive to improve our partnerships for student outcomes by making connections with our local city council, congressman, as well as local businesses to strengthen the collaboration among all our educational partners. A focus area will be our mental health/SEL supports as well as the quality of the food that is being served to our students breakfast and lunch.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

At MSASA we will continue to promote our home visits so that all families' voices are heard, ideas are met, and that everybody feels included. We will also offer Parent College classes like EL classes, computer skills, and child development classes. We will continue to offer weekly Coffee with Principal sessions in English and Spanish.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA’s current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA’s progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	4
10. Rate the LEA’s progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA’s progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	4
12. Rate the LEA’s progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA’s current strengths and progress in Seeking Input for Decision-Making.

At MSASA our current strengths include partnerships with the surrounding community to support families in academic, behavioral, and social emotional success for their children, letting the parents bring up all concerns in the weekly Coffee with Principal, and sending multiple surveys home throughout the course of the year.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

We value our educational partners and are using their feedback to strengthen the upcoming school year. Schoolwide instant surveys from staff provide input for a positive and supportive school climate. Parent check-in meetings allow for decision making to become ongoing. Surveys are designed to support all academics, behavioral, and social-emotional needs of the whole child.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

MSASA will improve engagement of underrepresented families by using Parent Square as an active two way tool of engagement. We will ensure that we have a Community Schools Coordinator and a Community Schools Liaison who are a reflection of our current school community.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

MSASA's 2023-2024 participation for the Family Survey rose 4.8% (81.4%) higher than the 2022-2023 school year (76.6%)

MSASA's Staff Overall Satisfaction rate jumped by 11% from the 2022-2023 school year (85%) to the 2023-2024 school year (96%)

A clean campus and strong community environment was highlighted in the free-responses by the families and students for the 2023-2024 school year

Supportive staff and small class sizes were highlighted in the free-responses by the families and students for the 2023-2024 school year

School activities, clubs, and after-school opportunities are highlighted by Students, families, and staff

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

MSASA's Average Student Approval rate dropped by 3% 2023-2024 school year (70%), versus the average approval rate from 2022-2023 school year which was 73%

Students want the playground to be updated

Relaxation of the dress code

Fairness and equality in school policy enforcement

More food options

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

We will get together with our food vendor, Sapphire, and create a menu that is more student selected.

Look into more professional development opportunities for teachers and paraprofessionals.

Ensure there is more staff presence during pick up and drop off.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

1) MSA-Santa Ana designs its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including all student groups. Core subjects (English, mathematics, social sciences, and science) and electives are offered and aligned with our charter petition and graduation requirements. As evidenced by the schoolmaster schedule, elective forms, class rosters, student schedules, and transcripts, MSA-Santa Ana strives to offer a well-rounded education to our students.

2) As evidenced by our master schedule, elective forms, class rosters, student schedules, and transcripts, 100% of students have access to a broad course of study, including core subjects (English, mathematics, social sciences, and science) and electives as outlined in our charter petition.

- 3) MSA-Santa Ana provides access to a college-preparatory, STEAM-focused broad course of study for all our students.
- 4) MSA-Santa Ana will continue to provide access to a college-preparatory, STEAM-focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

- 1) MSA-Santa Ana provides students with 4-year plans and support programs to ensure timely high school graduation, ensuring satisfaction with UC/CSU requirements.
- 2) We also provide all other academic programs and services outlined in our charter petition. For example, we provide CCSS-aligned ELA and math intervention classes to all students who need additional support.
- 3) We provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests.
- 4) All students have access to "Advisory" classes (college planning and career exploration program) and programs preparing students for college readiness in grades 9-12. MSA-Santa Ana offers credit recovery classes and individual graduation plans, outlining the classes students will take during their high school years to ensure satisfaction with UC/CSU requirements.
- 5) In middle school, we offer Power English and Power Math to support our ELD students. In high school, we offer designated ELD classes to support students.
- 6) Our Sped teachers all push into the classes of the students on their caseloads, taking care of the SAI minutes daily. Teachers also have extra tutoring times and a place for the students to go when they need a quiet place to take a test or when they need a place to calm down.
- 7) We also partner with our local community college and offer Dual Enrollment.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

One of the barriers that prevents us from providing access to a broad course of study for all students is our communication with families. We have Parent Square which translates into all home languages, but parents are not using it with fidelity.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-Santa Ana will continue to provide access to a college-preparatory, STEAM-focused broad course of study for all our students. We will ensure that all our students graduate college and career ready.

In an effort to provide a more well-rounded education to our students, MSA-Santa Ana will strive to offer additional programs such as more elective courses aligned with career pathways, continued health and physical education, diverse arts programs, increased civics, Life Skills, and SEL programs, etc., as well as provide our students with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Such additional programs depend on the availability of financial and human resources. MSA-Santa Ana will make the best use of its resources to provide a well-rounded educational experience to our students.

- 1) We are now offering Dual Enrollment classes three afternoons a week on our campus. This is much easier for parents so they don't have to drive to the college campus.
- 2) We allow students to take classes at the college that we don't offer.
- 3) We offer online credit recovery courses for the students who have failed classes in the past.
- 4) We have all of our textbooks online so that students can access them anywhere.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

**Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.				4	
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.				4	
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.				4	
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.		2			
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other		2			

<b>Coordinating Instruction</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.		2			

## Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

**Assess the degree of implementation of coordinated service program components for foster youth in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					5
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).				4	

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.				4	
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.				4	
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.			3		
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.			3		
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.			3		
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.			3		

# 2024-25 Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Magnolia Science Academy San Diego	Gokhan Serce Regional Director and Principal	gserce@magnoliapublicschools.org (619) 644-1300

## Introduction

The California State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area.

This template is intended as a drafting tool and based on the Local Performance Indicator Quick Guide published by CDE in January 2024.

## Performance Standards

The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at the same public meeting of the local governing board/body at which the Local Control and Accountability Plan (LCAP) is adopted.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Local Indicators

The local indicators address the following state priority areas:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA's Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the "good repair" standard (including deficiencies and extreme deficiencies)

## **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same public meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers an annual local climate survey that captures a valid measure of student perceptions of school safety and connectedness, in at least one grade within each grade span(s) the LEA serves (e.g., TK-5, 6-8, 9-12), and reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and to educational partners and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

### **Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board/body at the same public meeting at which the LCAP is adopted and reports to educational partners and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Note: LEAs are required to report the following to their local governing board/body in conjunction with the adoption of the LCAP:

- The LEA’s Teacher Assignment Monitoring and Outcome data available at <https://www.cde.ca.gov/ds/ad/tamo.asp>.
- The number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home, and
- The number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Academic Year	Total Teaching FTE	Clear	Out-of-Field	Intern	Ineffective	Incomplete	Unknown	N/A
2021-22	19.5	17.5	1.5	0	0.5	0	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## Implementation of State Academic Standards (LCFF Priority 2)

### OPTION 2: Reflection Tool

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards				4	
History-Social Science				4	

**2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

**3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

<b>Academic Standards</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards					5
History-Social Science					5

## Other Adopted Academic Standards

### 4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5	N/A
Career Technical Education			3			
Health Education Content Standards			3			
Physical Education Model Content Standards					5	
Visual and Performing Arts					5	
World Language					5	

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

## Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

MSA-San Diego ensures that all curricula and assessments meet the standards, with teachers engaging in professional development focused on implementing these standards (CCSS, NGSS, etc.). We support English Learners (ELs) based on their proficiency levels, aligning ELD instruction with the CA ELD standards and framework. ELs have access to both core and supplemental ELD instructional materials, and teachers attend professional development sessions centered on ELD standards. Our teachers complete at least 18 hours of professional development annually, covering areas such as Common Core ELA/Literacy, math, ELD standards, and integrating ELD standards into content areas, along with strategies to support ELs in these curricula. While the emphasis has primarily been on ELA/Literacy, math, and ELD in recent years, MSA-San Diego has also offered professional development and support in NGSS, History-Social Science, Physical Education, Visual and Performing Arts, MTSS, SEL, and personalized professional development. Additionally, a TOSA (Teacher on Special

Assignment) leader is identified for all 10 Magnolia Public Schools to provide monthly professional development for each department.

## Parental Involvement and Family Engagement (LCFF Priority 3)

### Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit: <sup>1</sup>

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

### Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
  - 1 – Exploration and Research
  - 2 – Beginning Development
  - 3 – Initial Implementation
  - 4 – Full Implementation
  - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

### Sections of the Self-Reflection Tool

#### Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	5
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	5

#### Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

MSA-San Diego fosters trusting and respectful relationships with parents through various activities and events, such as the Summer Welcome Back Picnic, Student/Parent Orientation, Back to School Night, home visits, parent dinner nights, and student-led conferences to encourage parental involvement in programs. Administrators greet all students and parents during morning drop-off and maintain an open-door policy for parents. Our staff connects with families through home visits, learning about students' interests, family dynamics, and home routines to build meaningful, individualized connections that contribute to creating happier, healthier, and more successful students. Home visits are a key component of our education program to enhance student and school performance. The school also holds regular meetings to gather input from families, including PAC/PTF meetings, coffee with admin meetings, and parent workshops.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

MSA-San Diego conducts a family and student experience survey, focusing on areas such as safety, school connectedness, culture, climate, and other aspects of school improvement. The survey feedback highlighted strong relationships between school staff and families. In response to the survey results and input from educational partners, the school has offered additional parent workshops to provide tools for supporting students both academically and socio-emotionally. However, despite the numerous workshop opportunities, participation levels were lower than expected. The new focus area is to increase parent participation in these workshops.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

The school staff engages with families through home visits, discovering students' outside interests, family dynamics, and home routines. This information is then used to establish meaningful, personalized connections that significantly contribute to creating happier, healthier, and smarter students. Home visits are a key element of the school's educational program aimed at enhancing student and school performance. Additionally, the school holds regular meetings to gather feedback from families, including student-led conferences, PAC/PTF meetings, coffee with the administration, and parent workshops.

## Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	5
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	5
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	5
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

## Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

MSA-San Diego staff receive training on MTSS expectations and the school culture model during summer inservice. As part of our program, MSA-San Diego enhances student learning through multi-tiered support systems, parent meetings, online tools shared by teachers weekly, newsletters, voice messages, and grade-specific communications. Additionally, student-specific feedback and resources are provided to parents during home visits, student-led conferences, and parent meetings.

MSA-San Diego's communication system, Parent Square, ensures continuous communication between parents and staff through various mediums, including texts, private messages, and voicemail. Parent Square also helps bridge language barriers with its automatic translation feature. Lastly, our teachers use the Kickboard positive behavior point system and Infinite Campus SIS to share students' academic and socio-emotional progress and successes on a daily basis.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Partnerships for Student Outcomes.

The school conducts a family and student experience survey with specific questions on Climate of Academic Learning and Knowledge and Fairness of Discipline, Rules and Norms. 96% of the families shared that they are in favor of the academic learning opportunities and outcomes and 95% of the families shared that they are in favor of the systems in place when it comes to social emotional learning and behavior support systems.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

MSA San Diego's communication system, Parent Square, maintains constant communication between parents and staff through various mediums, including texts, private messages, and voicemail. Parent Square also overcomes language barriers between staff and families with its automatic translation feature. To ensure active parental involvement in their students' education, teachers offer both in-person and virtual meetings.

### Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	5
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	4
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.	4
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	5

### Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

MSA-San Diego regularly holds meetings to collect input from families, including PAC/PTF meetings, MTSS meetings, and community meetings. During these sessions, parents can review and provide feedback on the school's draft budget, MTSS plan, LCAP, WASC, Health and Wellness plan, and Safety plan. Additionally, the school conducts a family and student experience survey, focusing on aspects such as safety, school connectedness, culture, climate, and other areas for school improvement.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

Based on the survey results educational partners confirm that they are part of the decision making process through surveys and various meeting. 95 % of the families stated that school staff welcomes their suggestions. 98% of the families stated that school staff treats them with respect.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

All the families are offered translation services and virtual/in person meeting accommodations to ensure that they are part of the decision making process. The school shares all the resources through the student/ parent handbook and weekly communications.

## School Climate (LCFF Priority 6)

### Introduction

The initial design of the Local Control Funding Formula recognized the critical role that positive school conditions and climate play in advancing student performance and equity. This recognition is grounded in a research base demonstrating that a positive school climate directly impacts indicators of success such as increased teacher retention, lower dropout rates, decreased incidences of violence, and higher student achievement.

In order to support comprehensive planning, LEAs need access to current data. The measurement of school climate provides LEAs with critical data that can be used to track progress in school climate for purposes of continuous improvement, and the ability to identify needs and implement changes to address local needs.

### Introduction

LEAs are required, at a minimum, to annually administer a local climate survey. The survey must:

- Capture a valid measure of student perceptions of school safety and connectedness in at least one grade within each grade span the LEA serves (e.g. TK-5, 6-8, 9-12); and
- At a minimum, report disaggregated data by student groups identified in California Education Code 52052, when such data is available as part of the local school climate survey.

Based on the analysis of local data, including the local climate survey data, LEAs are to respond to the following three prompts. Each prompt response is limited to 3,000 characters. An LEA may provide hyperlink(s) to other documents as necessary within each prompt:

**Prompt 1 (DATA):** Describe the local climate survey data, including available data disaggregated by student groups. LEAs using surveys that provide an overall score, such as the California Healthy Kids Survey, are encouraged to report the overall score for all students as well as available student group scores. Responses may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

**Student:** Our overall approval rate of 82% for our students went up 2 percentage points. With the exception of one area remaining the same, our student favorability rates in all topic areas have gone up. Our highest favorability rate from our students derived from the survey question, "Teachers give students a chance to take part in classroom discussions or activities". This is an exemplification of the dedication of our staff, both certificated and classified, in creating an inclusive school culture where all learner's participation is sought and valued. This was also a high favorability rate last year. This reveals that our school is consistent in valuing our students' feedback, engagement and their responsibility in achieving, contributing and thriving in our classrooms and school events.

**Families:** The family approval rate for the 2023-2024 school year was 96%. This is a 1% increase from last school year. This year, we have continued to engage our families through different school events such as our Annual Welcome Back Picnic, After School Club Fair, Back to School Night, Family Bingo Night, Thanksgiving Family Lunch, Khan Night, and our in-person Semester Awards Ceremony. We also provide several opportunities for families to be involved in school events such as the Fall Dance, Wellness Day and College & Career Day. This year, we received the Planning Grant as part of CCSPP. This allowed us to survey our parents additionally on their needs, and asked for feedback on how we could improve our school. We also held focus groups with our parents, and shared feedback at our monthly PAC meetings. After collecting this feedback, we started bringing programs, and resources to our school so the families could see the impact of their voice. We also worked closely with our PTF to plan various events, and grow our parent involvement. These new efforts may have contributed to a rise in the approval rate from our families as a whole. We need to improve our drop-off and pick-up procedures to create a more fluid process as this contributes to a decrease in families feeling their children are safe.

**Staff:** Our staff approval rate for the 2023-24 school year was 88% compared to 86% last year. Also, our overall school experience rating was 97%, a 7 point increase from the previous year. The staff reported a 3 point increase in Sense of Belonging at 89% approval this year. Our lowest approval rate was in school safety, at 80%, but was a 6 point increase from the previous year. We had a slight drop in Climate of Support for Academic Learning with just a 1 point decrease from the previous year and stayed consistent with no change in Knowledge and Fairness of Discipline, Rules and Norms. The drop in Climate of Support for Academic Learning was evident in the sub questions. While 94% responded favorably to "promotes academic success for all students", it was a decrease of 3 points from the previous year. Another notable sub question was "encourages students to enroll in rigorous courses regardless of their race, ethnicity or nationality" which had a 7 point decrease and 93% favorable response. Our increase in approval ratings for staff are attributed to how we support our staff in a variety of ways including weekly staff and grade level meetings. We also have our biweekly Leadership meetings to discuss issues and make team decisions with teachers. Lastly, we try to boost staff camaraderie and morale by celebrating birthdays, baby showers, staff lunches and outings including bowling with staff. In all of the rating scales, our newer staff is the group that usually reports lower scores, so our focus for next year will be to build in more support for our new staff/teachers to make them feel part of the team and school culture sooner.

**Prompt 2 (MEANING):** Describe key learnings, including identified needs and areas of strength determined through the analysis of data described in Prompt 1, including the available data disaggregated by student group.

**Success:**

**Student:** Once again this school year, our highest favorability rates from our students are from the survey questions “Overall School Experience” and “Climate of Support for Academic Learning”. This is an indication that the work that our teachers have devoted in the classroom is an area of strength. In looking at the last three years of data on student approval rates, our school has made continual growth. When looking at the qualitative free response data from our students, the top two things that they liked best about our school are friends and teachers. This is a tribute to the quality of teachers and students that we have at Magnolia Science Academy of San Diego. Furthermore, it is an indication of the site leadership and staff’s work in developing a positive school climate that has resulted in our school being recognized as a California Distinguished School twice in the last 5 years back to back, and being awarded the highest level of PBIS recognition from the state as a Platinum School.

**Families:** Our overall school experience from our families is up one point from 2022-2023. “Safety” is our highest subtopic amongst families at 97% despite a one point decrease since the previous year. 98% of parents report their child is safe on school grounds which is up 2% points from last year. The only decrease comes from the surrounding neighborhood which makes it difficult for us to influence as a school. Both “Sense of Belonging” and “Knowledge and Fairness of Discipline, Rules, and Norms” increased by two points in the 2023-2024 school year. Parents report that they feel welcomed here, and that their concerns are taken seriously. Our school leaders have an open door policy. We will continue to invite parents to share their concerns on surveys, at meetings, or to stop by the office and chat with an administrator.

**Staff:** Our school maintains success in our staff survey participation and approval rates. Our strengths would be in the areas of Climate of Support for Academic learning at 96% and our Sense of Belonging at 89%. We feel like our strength in our staff is our strong and consistent administrators and teacher leaders as well as the teamwork and supportive environment for all of our staff as stated in our free responses “what do you like best about your school”. Many staff praised strong connections between all educational partners at our campus and the ability to make suggestions and implement changes. Our staff feel empowered to continue the strong culture and excellence at our school. We plan on maintaining and building upon this success by continuing our weekly staff and grade level meetings as well as our Leadership meetings where teachers help administrators make decisions.

**Identified Need:**

**Student:** An area of growth based on the approval rates is in the subcategory of “Knowledge and Fairness of Discipline, Rules and Norms”. Our students gave a 39% favorability rate when asked, “Students treat teachers with respect”. 46% (188) of our students neither disagree nor did they agree. Almost half of our students answered neutrally, having no opinion of the statement. When students who answered of having no opinion are taken out, our favorability rate rises to 71%. Nevertheless, this is an issue that our school will need to address. Steps on improving in as follows: Common weekly SEL lessons in our SSR classes, facilitation and reinforcement via KickBoard of our Character Education Program, assemblies that focus on one or more of CASEL’s five areas of competencies, school-wide reminders and engagement via DONUTS in The Morning (daily morning broadcast) and staff professional development.

**Families:** Our greatest area for growth based on the survey results is in the area of “Safety”. In particular, 95% of families reported that their child is safe in the neighborhood surrounding the school which is a 4 point drop from 2022-2023. After reviewing the open ended responses, there is no data that suggests a reason for this decline. The biggest concern for parents was in the area of pick-up and drop-off. Heavy traffic, and not having a crosswalk on Zion and Estrella intersection leave parents requesting additional supervision before and after school. The admin team will meet to discuss how to make this process more efficient, and safe. “Climate of Support for Academic Learning” received no change from the previous year. Particularly, the question “The school has high expectations for all students” had a 94% favorable rate. The free-responses support this comparatively low number as multiple families suggest the rigor, and workload is not to the level they desire.

**Staff:** Based on approval rates, an area of review for our school would be in Climate of Support for Academic Learning due to a slight decline from last year by 1 point. In this category, our biggest decrease was in “encourages students to enroll in rigorous courses...” which dropped 7 points from last year. While this is a minor decrease and just 2 staff members reported “disagree”, it is an area to look into, especially from the student’s perspective

**Prompt 3 (USE):** Describe any changes to existing plans, policies, or procedures that the LEA determines necessary in order to address areas of need identified through the analysis of local data and the identification of key learnings. Include any revisions, decisions, or actions the LEA has, or will, implement for continuous improvement purposes.

Based on the feedback from educational partner surveys, MSA-San Diego has identified several key action items to enhance our school environment and support our staff and students. First, we will audit our Professional Learning Calendar, minimum days, and PD days to ensure prep time is equally distributed throughout the year, aiming to prevent teacher burnout and ensure that tasks are evenly allocated among staff members. Additionally, we will update the staff supervision plans to better address the needs during drop-off and pick-up times, enhancing student safety and traffic flow. In response to concerns about pedestrian safety, we will contact the City of San Diego to explore the possibility of adding crosswalks on Zion. Furthermore, to improve student comfort and hydration, we will add shade structures to the water fountain areas and upgrade the water fountains in the lunch area.

### **Access to a Broad Course of Study (LCFF Priority 7)**

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)

MSA-San Diego creates its master schedule to meet the diverse needs of its students, ensuring all academic content areas are accessible to every student, including various student groups. Core subjects like English, mathematics, social sciences, and science, along with electives, are offered in alignment with our charter petition. Evidence from the school master schedule, elective selection forms, class rosters, student schedules, and transcripts demonstrates MSA-San Diego's commitment to providing a well-rounded education for all students.

2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)

Our master schedule, elective forms, class rosters, student schedules, and transcripts show that 100% of students have access to a comprehensive course of study, including core subjects (English, mathematics, social sciences, and science) and electives, as outlined in our charter petition. Additionally, we provide all other academic programs and services specified in our charter, tailoring certain programs to student needs and interests. For instance, we offer CCSS-aligned ELA and math intervention classes for students requiring additional support and honors math classes for each grade level.

3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)

MSA-San Diego provides access to a college-preparatory, STEAM focused broad course of study for all of our the students. There is no identified barriers that limit access to courses.

4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

MSA-San Diego will continue to offer a college-preparatory, STEAM-focused curriculum to all students, ensuring they are equipped with the necessary skills to graduate college and be career-ready. To enhance the education we provide, MSA-San Diego will aim to introduce additional programs such as more elective courses aligned with career pathways, ongoing health and physical education, diverse arts programs, study skills, and SEL programs. We will also offer experiential learning opportunities, including instructional field trips, community service programs, and clubs. These additional programs are dependent on the availability of financial and human resources, and MSA-San Diego is committed to utilizing its resources effectively to provide a well-rounded educational experience for all students.

## Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

**Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.**

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.					
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.					
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.					
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.					
3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within					

Coordinating Instruction	1	2	3	4	5
the county a menu of available continuum of services for expelled students.					
4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.					

### Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest):

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).					
2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).					

<b>Coordinating Services</b>	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>	<b>5</b>
3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.					
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.					
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.					
6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.					
7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.					
8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.					

# Coversheet

## Public Hearing for Local Control and Accountability Plans (LCAP) for All MPS

**Section:** III. Information/Discussion Items  
**Item:** C. Public Hearing for Local Control and Accountability Plans (LCAP) for All MPS  
**Purpose:** Discuss  
**Submitted by:**  
**Related Material:** III\_C\_LCAP Public Hearing.pdf

Agenda Item:	III C: Information/Discussion Item
Date:	June 17, 2024
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools (“MPS”) Board of Directors (the “Board”)
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	David Yilmaz, Chief Accountability Officer
RE:	Public Hearing for the Local Control and Accountability Plans (LCAP) for All MPS

**1. Action Proposed:**

N/A

**2. Purpose:**

The public hearing of LCAP is a requirement for LEAs as described in the Ed Code. Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

**3. Background:**

*LCAP Development Process*

As a critical component of the LCFF law, every charter school must engage parents and community to create a Local Control and Accountability Plan (LCAP). The LCAP is intended to be a comprehensive planning tool. Each plan must describe:

- School-wide goals, as well as specific actions to be taken to achieve the goals for all students, including specific subgroups of students, in each of the eight state priority areas, plus any locally identified priority areas.
- Expected progress toward meeting the goals—and as part of a school’s required annual update of the plan, the school must describe actual progress made toward meeting the goals and describe any adjustments to be made.
- Expenditures required to implement each of the goals and actions, including a description of how additional funds provided for low-income students, English learners and foster youth will be used to increase or improve services for these students.
- The process used to involve parents, students, community members, school employees and other educational partners in developing, reviewing, and supporting implementation of the LCAP.

The MPS Home Office has collaborated with the school leadership teams in ensuring that all of the school LCAPs have school-wide goals, annual measurable outcomes and specific actions aligned to the eight state priorities and that the schools have meaningfully engaged their educational partners in the

development of their LCAP.

As part of the LCAP development process our schools have conducted educational partners surveys to engage our educational partners in the evaluation of their experience at MPS. School leadership teams have shared their reflection on the survey results and findings that identify their greatest progress, greatest needs, and ways to improve so that we can maintain and improve educational quality of our schools on an ongoing basis. The teams have completed their reflections and presented them to their educational partners in various settings, including presentations at regular meetings of the Board.

School leadership teams have also presented their CA School Dashboard results and findings as well as other school performance data to their educational partners at their PAC and ELAC meetings throughout the year. During the year, the MPS Board and the Academic Committee have been presented SBAC, CA School Dashboard, NWEA, and other LCAP progress data as well as each MSA's glows, grows, and priorities with next action steps.

#### 4. **Analysis:**

MPS has a robust timeline for completing the LCAP and the planning process that serves three distinct, but related functions: Comprehensive Strategic Planning, Meaningful Educational Partners Engagement, and Accountability and Compliance. The timeline has a calendar of activities, including LCAP metric progress updates, data analysis meetings, LCAP goal analysis sessions, PAC meetings, and many more activities that help our schools develop their LCAP. The accountability department collaborates with other departments in training our school leadership teams and ensuring the timeline of activities is implemented. The Director of State and Federal Programs (SFP) oversees the org-wide coordination of LCAP activities.

In terms of funds and budgeting, the school leadership teams have worked with the MPS finance department for the annual update of their LCAP estimated actual expenditures and next year's budgeted expenditures. As part of the budgeting process, all expenditures have been entered in the budgeting software, Adaptive Insights, and coded by LCAP goal and action. The reports produced from Adaptive Insights have been used by the principals to update the required fields in the LCAP templates. Since MPS chooses to use the LCAP as SPSA, the expenditures funded by the federal Title funds have been specifically outlined in the LCAP action descriptions. Any substantive changes to Title fund expenditures during the year are shared with the PAC and ELAC and their feedback is sought.

The attached LCAPs are for public hearing and feedback purposes. The LCAPs have also been uploaded to the school websites under Accountability for easy public access. The invitation to the public hearing has been shared with educational partners via our ParentSquare messaging system as well as how the public can share their feedback. The public hearing for the school budgets led by the finance department will take place after this public hearing for the LCAPs.

#### 5. **Impact:**

The processes described in the above sections are all part of our LCAP development and continuous improvement cycle. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. We have shared the draft LCAP with, and requested input from, school site-level advisory groups. With thorough support from the Home Office, each MSA school leadership team has developed a successful, compliant LCAP document that serves as a comprehensive strategic planning tool for the school.

**6. Exhibits:**

1. LCAP for each Magnolia Science Academy

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-1

CDS Code: 19-10199-6119945

School Year: 2024-25

LEA contact information:

Brad Plonka

Principal

bplonka@magnoliapublicschools.org

(818) 609-0507

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

#### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Magnolia Science Academy-1 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-1 is \$14,855,501, of which \$10,562,288 is Local Control Funding Formula (LCFF), \$3,491,135 is other state funds, \$232,217 is local funds, and \$569,861 is federal funds. Of the \$10,562,288 in LCFF Funds, \$2,900,767 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

## LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Magnolia Science Academy-1 plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-1 plans to spend \$14,649,004.31 for the 2024-25 school year. Of that amount, \$14,649,004.31 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

### Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Magnolia Science Academy-1 is projecting it will receive \$2,900,767 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-1 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-1 plans to spend \$3,383,468.52 towards meeting this requirement, as described in the LCAP.

## LCFF Budget Overview for Parents

### Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Magnolia Science Academy-1 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-1 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Magnolia Science Academy-1's LCAP budgeted \$2,474,649.99 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-1 actually spent \$1,470,106.44 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-1,004,543.5,500,000,003 had the following impact on Magnolia Science Academy-1's ability to increase or improve services for high needs students:

Even though, the total actual expenditures for actions and services to increase or improve services for high needs students in 2023-24 is less than the total budgeted expenditures for those planned actions and services, the difference did not impact the actions and services and the overall increased or improved services for high needs students in 2023-24. For those actions and services, Magnolia Science Academy 1 used state, federal, and local funds such as CIF, Lottery - Non-Prop 2, EPA, ELOP (Expanded Learning Opportunities Program), Title I, ESSER III, ESSER III - Learning Loss, ELO - Learning Loss, ESSER III Summer Grant, Title II, Title IV - Part A, Title III - LEP, ARP HCY II, ASES, Educator Effectiveness Block Grant, California Community Schools Partnership, AB 602, Arts & Music Block Grant, Community Engagement Initiative Grant, A-G Access/Success Grant, A-G Learning Loss Mitigation Grant, MTSS, and Fundraising.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-1	Brad Plonka Principal	bplonka@magnoliapublicschools.org (818) 609-0507

## Goals and Actions

### Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 0	2023-24: 0
Percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)	2020-21: 0%	2021-22: 0%	2022-23: 0%	2023-24: 0%	2023-24: 0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Our planned implementation and actions remain unchanged. We continue to provide basic services that ensure a high-quality learning environment. Our commitment to this goal aligns with our original plan, emphasizing the importance of a safe, secure, and healthy environment for all students and staff. We consistently ensure access to fully credentialed teachers and standards-aligned instructional materials.

In the coming year, we will maintain this goal without significant modifications, making only necessary adjustments to optimize the delivery of these basic services. Additionally, we anticipate that increased support for teachers as well as teacher working towards clearing their credentials will help improve our teacher retention rate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1

Budgeted: \$48,000.00

Actual: \$48,000.00

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 2

Budgeted: \$1,204,997

Actual: \$1,204,997

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 3

Budgeted: \$3,087,125

Actual: \$3,036,393

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 1 Action 4

Budgeted: \$25,000

Actual: \$30,222

Explanation: This action relates to expenditures associated with the following: Food and Office Supplies. Initially, the school budgeted \$30,222 for food and office supplies. However, not all of the budgeted amount was spent based on need.

Goal 1 Action 5

Budgeted: \$1,465,582

Actual: \$1,465,582

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

We ensure compliance with teacher assignments and credentials. All students and staff have access to instructional materials and technology. Our school maintains clean and safe facilities that support learning. We provide healthy and nutritious meals daily. The school site benefits from well-coordinated Home Office support services.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After reflecting on past practices and incorporating feedback from teachers and stakeholders, we have made several changes to the planned goal, metrics, desired outcomes, and actions for Goal 1 Action 1. These changes focus on improving more classroom support for new teachers and providing enhanced professional development opportunities to better support our teachers in their classrooms.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest (Source: Local Indicator Priority 7, SIS)	2020-21: 100%	2021-22: (As of 5/13/22) 100%	2022-23: (As of 5/12/23) 100%	2023-24: (As of 1/22/24) 100%	2023-24: 100%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We are dedicated to ensuring that every student receives equal access to high-quality instruction and a comprehensive curriculum aligned with the California Content Standards. Our commitment encompasses all grade levels and subject areas, striving to meet the diverse needs of our student body.

Our educational approach emphasizes promoting academic progress through rigorous coursework, engaging teaching methods, and supportive learning environments. By integrating these elements, we aim to foster a deep understanding of core subjects and critical thinking skills.

Moreover, we place a strong emphasis on preparing our students for their future endeavors, whether that involves pursuing higher education or entering the workforce. Our programs are designed to equip students with the necessary knowledge, skills, and experiences to succeed in college and their chosen career paths, ensuring they are well-prepared for the challenges and opportunities that lie ahead.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 Action 1  
 Budgeted: \$2,659,445  
 Actual: \$2,638,350

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 2

Budgeted: \$82,522

Actual:\$82,522

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 3

Budgeted: \$1,239,349

Actual: \$1,177,887

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 4

Budgeted: \$89,739

Actual: \$89,739

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 5

Budgeted: \$1,629,137

Actual: \$1,628,269

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Broad Course of Study and Standards-Based Curriculum: We ensured that all students had access to a comprehensive and rigorous educational program aligned with the California Content Standards. This alignment guarantees that our curriculum meets the highest educational benchmarks and prepares students for academic success.

Professional Development for High-Quality Instruction: We enhanced the teaching capabilities of our staff by providing targeted professional development in areas such as Universal Design for Learning (UDL), checking for understanding, differentiation, and cooperative learning. These initiatives have led to improved instructional quality and better student performance.

MTSS - Academic Enrichment, Intervention, and Student Support: Our Multi-Tiered System of Supports (MTSS) effectively addressed the individual needs of our students. By providing multiple layers of academic growth opportunities, this system has resulted in significant improvements in student outcomes.

Designated and Integrated ELD Programs: These programs were designed to enhance students' English proficiency and their ability to access the core curriculum. As a result, students in our English Language Development (ELD) programs have shown marked improvements in academic achievement.

Support for Students with Disabilities: We ensured that students with disabilities had equal access to the curriculum and were provided with the necessary support to facilitate their learning. This commitment has enabled these students to make significant academic progress, ensuring they receive the same educational opportunities as their peers.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

MSA-1 is dedicated to providing continuous professional development opportunities for all staff members, beginning with intensive summer training and continuing throughout the school year. These sessions will concentrate on enhancing student engagement, building positive relationships, and promoting their overall well-being. Additionally, the Math curriculum in its second year will continue to ensure alignment with the educational requirements for the upcoming 2024-2025 academic year.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We are committed to fostering innovation among our students, ensuring they receive a well-rounded education that prepares them for college and the challenges of a global society. Our commitment involves encouraging creativity and the transformative use of technology, enabling each student to develop into an independent, innovative scholar.

To achieve this, we will maintain and enhance our existing strategies, which are designed to improve learning outcomes for all students. These strategies include integrating advanced technological tools into the classroom, promoting project-based learning that emphasizes critical thinking and problem-solving skills, and supporting collaborative initiatives that inspire creativity and intellectual growth. Our goal is to equip students with the knowledge, skills, and mindset necessary to excel in an ever-evolving world.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1

Budgeted: \$220,094

Actual: \$198,253

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 2

Budgeted: \$13,000

Actual: \$13,000

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 3

Budgeted: \$221,975

Actual: \$221,975

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 4

Budgeted: \$482,981

Actual: \$458,274

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3 Action 5

Budgeted: \$886,638

Actual: \$886,638

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

College/Career Readiness Programs and Activities: We effectively monitor student outcomes after graduation by tracking metrics such as college admission rates and vocational training enrollment. 77% of our students are classified as Prepared on the College/Career Indicator (CCI), over 99% meet the UC/CSU requirements, and more than 50% of the graduating class earns an Advanced or Honors Diploma.

**STEAM and GATE Programs:** We evaluate student data from assessments like OLSAT 8, ELPAC, SBAC, CAST, MAP, and IABs to identify students eligible for enrollment in STEAM and Gifted and Talented Education (GATE) programs. Notably, 100% of our students have created or demonstrated a STEAM-focused assignment, showcasing their engagement and skills in these areas.

**Digital Literacy and Citizenship Programs:** We assess students' abilities to use technology effectively and safely, their understanding of digital ethics, and their awareness of the implications of their online activities through our weekly Social Emotional Learning (SEL) and Digital Citizenship Curriculum.

**Physical Education, Activity, and Fitness:** We measure the effectiveness of our physical education program by tracking improvements in students' fitness levels and participation rates through the Physical Fitness Test (PFT). Additionally, we actively engage students in CIF sports, including soccer, basketball, and volleyball, promoting teamwork and physical health.

**Additional Programs and Activities for a Well-Rounded Education:** We assess the impact of our supplementary programs by monitoring student engagement levels and implementing Positive Behavioral Interventions and Supports (PBIS) practices to enhance the overall student experience and ensure their success.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

**Goal 3, Action 1:** Our objective is to enhance college readiness for 11th-grade students by increasing the availability of resources and offering more college visits, including those that may require overnight travel.

**Goal 3, Action 2:** We aim to expand our offerings in science-related electives, introducing courses like Environmental Science and facilitating participation in programs such as Robotics.

**Goal 3, Action 3:** We plan to adopt a more integrated approach to providing SEL and Digital Literacy classes. Administrators and counselors will actively support teachers in delivering this curriculum.

**Goal 3, Action 4:** To strengthen our physical education program and enhance our middle and high school athletic programs, we will open our gymnasium for the next academic year and continue to improve the Physical Education facilities with additional equipment.

**Goal 3, Action 5:** No adjustments will be made to this action. We will continue to provide students with a wider range of elective options beyond their core classes.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other educational partners will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We consistently offered all students, families, staff, and educational partners beneficial opportunities designed to shape leadership, advocacy, and collaboration within a safe and nurturing environment. These initiatives ensure that every member of our community has the chance to contribute and grow, fostering a strong, supportive network for all.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

**Goal 4 Action 1**

Budgeted: \$0

Actual: \$0

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

**Goal 4 Action 2**

Budgeted: \$366,891

Actual: \$366,891

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

**Goal 4 Action 3**

Budgeted: \$494,056

Actual: \$512,313

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 4

Budgeted: \$3,500

Actual: \$3,500

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 5

Budgeted: \$390,709

Actual: \$421,353

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

**Seeking Family Input for Decision Making:** Through the active facilitation of 8 PAC meetings, 4 ELAC gatherings, and over 50 other parent engagement sessions, we ensured that family voices were heard and integrated into our decision-making processes. This collaborative approach to school governance strengthens our community bonds and fosters a sense of ownership in shaping our educational endeavors.

**Building Partnerships with Families for Student Outcomes:** By consistently reaching out to over 20% of our student population through Zoom or in-person visits, conducting Parent-Teacher conferences each semester, and hosting open houses, we have forged robust partnerships with families. This sustained engagement has resulted in heightened student involvement and enhanced academic outcomes, reflecting tangible progress towards our educational goals.

**MTSS - PBIS and SEL Support:** Our adoption of Multi-Tiered Systems of Support (MTSS), Positive Behavioral Interventions and Supports (PBIS), and Social and Emotional Learning (SEL) strategies has been pivotal in addressing behavioral challenges, nurturing emotional well-being, and ultimately, improving academic performance. The ongoing decrease in chronic absenteeism following the pandemic and the remarkable increase in students' Average Daily Attendance (ADA) by about 94% underscore the effectiveness of these initiatives.

**Annual Educational Partner Surveys:** Valuable insights gathered from feedback provided by all three educational partners (students, families, and staff) have guided our strategic efforts, shedding light on areas of success and areas needing improvement. This commitment to transparency and continuous improvement, evidenced by the impressive response rates of 99% from students, 91.6% from families, and 100% from staff, has been instrumental in propelling us towards our overarching objectives.

Community Outreach and Partnerships: Through collaborative endeavors with local businesses, organizations, and community members, we have expanded the support network available to our students. This heightened community involvement has enriched the educational experience, providing additional resources and opportunities, and has been indispensable in our journey towards achieving our educational aspirations.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The school is dedicated to furnishing an array of community resources to bolster student and family engagement. We will persist in offering Metro Tap cards to support attendance, provide mobile health clinics to address community needs, and intend to establish additional committees comprising students, families, and staff to spearhead more aligned improvements within the school.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

## Goals and Actions

### Goal(s)

#### Description:

Copy and paste verbatim from the 2023–24 LCAP.

#### Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

#### Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

#### Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

### Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-1	Brad Plonka Principal	bplonka@magnoliapublicschools.org (818) 609-0507

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy (MSA-1 or Charter School) is a classroom-based charter school serving grades 6–12 with a curriculum emphasizing science, technology, engineering, arts, and math (STEAM). Originally founded in 2002, MSA-1’s mission is to provide a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.

MSA-1 currently has 718 students in grades 6-12 and mainly draws enrollment from Reseda, CA, and neighboring communities. The neighborhoods that MSA-1 serves are heavily immigrants, with languages other than English spoken at home. A high concentration of the families MSA-1 serves face economic challenges. MSA-1 has a diverse enrollment, including 90% Hispanic/Latino, 3% White, 4% Asian, 2% African American, 85% Socioeconomically Disadvantaged, 16% Special Education, and 23% English Learner population.

MSA-1 strives to graduate students from historically underserved neighborhoods as scientific thinkers who contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundation skills presented in relevant and inspiring ways for our students. Tutoring, after-school programs, and school-to-university links supplement classroom instruction at MSA-1.

Magnolia Science Academy 1  
 Address: 18238 Sherman Way, Reseda, CA, 91335  
 Phone: 818-609-0507  
 Email: bplonka@magnoliapublicschools.org

#### Our History

Magnolia Science Academy – 1 (MSA-1) opened its doors to serve the community of Reseda in the Fall of 2002 for grades 6th through 12th grade. The school provides an academically rigorous standards-based curriculum.

#### Our Mission

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

#### Our Vision

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

#### INNOVATION

Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

#### CONNECTION

School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

#### EXCELLENCE

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

#### SUCSESSES

Last year, our SBAC student scores in Math increased significantly, showing a 17.5-point improvement. This rise is partly due to our Math classes using the McGraw Hill online curriculum, which is Common Core-aligned and engages students with digital problems, math manipulatives, and demonstrations. Our English Learners also showed progress, with a 1.8% increase, and 55.4% of our ELs are making progress. Additionally, we are extremely proud of our College/Career Indicator, which reached 72.7%, significantly exceeding the state's average of 43.9%. Even though our graduation rate dropped by 1%, our 94.9% rate still remains above the state average. This success is due to our dedicated college counselors and teachers who support our students in meeting their graduation requirements. Finally, our chronic absenteeism declined by 6.4%, thanks to our efforts in connecting with families and emphasizing the importance of daily school attendance.

#### CHALLENGES

Two subgroups that did not perform well on the SBAC were our English Learners (ELs) and Students with Disabilities (SPED). Both groups saw declines in English Language Arts and Mathematics. Additionally, our overall student body declined by 7.3 points in ELA. This data prompted us to reassign a few of our ELA teachers to different grade levels to better align with their strengths. Furthermore, our suspension rate increased by 1.8%, including a 2.2% rise among our ELs. This data highlights the need for additional social and emotional support for our EL students.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

### Differentiated Assistance (DA):

Magnolia Science Academy 1 is eligible Differentiated Assistance (DA) program for the English Learners (EL) student group performances on the 2023 Dashboard and English Learner (EL) and Students with Disabilities (SWD) student group performance on the 2022 Dashboard.

In reviewing both state and local data, the themes that have emerged are below;

EL and SWD did not meet their SBAC targets in 2021-22 and 2022-23 school years. In addition, SWD had a chronic absenteeism problem and EL's had a high suspension rate. In other words, per 2022 Dashboard results, Magnolia Science Academy's English learners (EL) and students with disabilities (SWD) met the DA eligibility criteria in Priority Areas 4 and 5. Additionally, per 2023 Dashboard results, the school's English Learners met the DA eligibility criteria in Priority Areas 4 and 6.

#### English Learners

Current year: Priorities 4, 6

Prior year: Priorities 4, 5

#### Students with Disabilities

Prior year: Priorities 4, 5

Method 1 Current Year: 2022-23

Method 1 Prior Year: 2021-22

#### Action Plan:

As soon as the 2 subgroups met the criteria for the Differentiated Assistance (DA), Magnolia Science Academy formed a group of educators working collaboratively with the Kern County Office of Education for Differentiated Assistance (DA). The group includes the school's academic leadership team in addition to Chief Academic Officer, Chief Accountability Officer, Director of State and Federal Programs, Director of Student Services, Director of EL and ELA programs, and Director of Math programs. As the first step, the group attended the LACOE's Charter DA symposium on Feb 6, 2023. Additionally, the group met many times with the DA support providers from the Kern County Superintendent of Schools (KCSOS) and LA County Office of Education (LACOE) and worked on the plan for improvement of those areas. Here are the outcomes;

Per the outcomes of the Root-cause analysis;

1st Area of Improvement:

How might we increase ELL and SWD groups' SBAC results? Why do our ELL and SWD groups score low in SBAC?

Actions to be taken;

- Increase teacher retention
- PD for all teachers such as UDL, differentiation, classroom management, CHATS framework, scaffolding, MTSS, SPED training for all teachers
- Data driven instruction (pacing guides, discussions in the department meeting, IAB's, MAP testing data analysis)
- Continue implementing IXL
- Implementing a new ELD curriculum (English 3D), Read 180

2nd Area of Improvement

How might we reduce chronic absenteeism for SWD? Why are we having high chronic absenteeism for SWD?

Actions to be taken:

- Community outreach and home visits
- Providing resources (counseling, providing transportation, targeted classes for parents) with families

3rd Area of Improvement:

How might we reduce suspension rate for EL's? Why are the ELL students acting out and getting in trouble?

Actions to be taken:

- Finding remedies for the communication problems, language barriers, frustration, peer pressure, inability to communicate with peers, not knowing strategies to deal with stress, social skills, cultural expectations, poverty

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	Our information and input sessions include Parent Task Force (PTF) meetings, Parent Advisory Council (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Admin meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on our PTF and PAC also serve as our parent advisory committee for the LCAP. Along with ELAC, these committees ensure representation for students in need, including those who are low-income, English learners, and foster youth. Feedback from our parent advisory committee and ELAC provides valuable input for the new LCAP. Additionally, the Charter School conducts surveys for parents, and staff members make home visits. These efforts help inform, educate, and gather input and feedback from all critical educational partners.
Students	Student representatives are integral to our Parent Advisory Council (PAC), ensuring student voices are included in discussions and decision-making processes. In addition to their involvement in the PAC, we have a dedicated student government where cabinet members meet weekly with school leadership to address various school-related matters, including the Local Control and Accountability Plan (LCAP). Furthermore, to gather comprehensive feedback, the Charter School conducts surveys involving the students.
Teachers	The Charter School holds weekly meetings every Wednesday, during which the LCAP is periodically discussed to provide and receive feedback from teachers. Additionally, the school forms committees and utilizes grade-level and department meetings to address LCAP-

Educational Partner(s)	Process for Engagement
	related topics. The Charter School also conducts surveys to gather input from teachers.
School administrators	The administrative team meets several times a week, in addition to participating in meetings with parents, students, and staff to discuss the LCAP process. They are actively involved in collecting, interpreting, and finalizing the LCAP, ensuring comprehensive input from all community partners.
Other school personnel	The Charter School holds weekly meetings every Wednesday, during which the LCAP is periodically discussed to provide and receive feedback from staff. Additionally, the school forms committees meetings to address LCAP-related topics. The Charter School also conducts surveys to gather input from staff.
SELPA	The Charter School involves the SELPA in the LCAP process, especially during the CCEIS phase. Additionally, the SELPA provides valuable consultation on matters pertaining to our SPED community.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The adopted LCAP for Magnolia Science Academy-1 was shaped by comprehensive feedback from educational partners, resulting in several targeted initiatives. These include bolstering support for Social-Emotional Learning (SEL) to aid students still grappling with the lingering effects of the pandemic. To enhance campus safety and supervision, the plan includes hiring additional campus aides. The school also aims to engage families and community members more effectively by offering a variety of workshops. Additionally, Magnolia Science Academy-1 will introduce more resources to the school, such as mobile clinics, to address students' health and wellness needs. Lastly, the plan focuses on improving communication strategies to ensure all community partners are aligned with the school's charter petition, fostering a cohesive and supportive educational environment.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 74.1%			2024-25: > 85%	
1.2	Percentage of students without access to their	2023-24: 0%			2026-27: 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0			2026-27: 0	
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 74%			2026-27: (Fall 2025 to Fall 2026) >= 80%	
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 95.1%			2026-27: >= 95.0%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	<p>Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.</p> <p>Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$48,000.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students.	\$758,925.52	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.</p> <p>Expenditures associated with this action include the following: Technology and NonCapital Equipment.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Technology: Resource: Title II; Amount: \$909</li> <li>• NonCapEquip: Resource: Title IV, Part A; Amount: \$2,891</li> </ul>		
1.3	Clean and safe facilities that support learning	<p>Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.</p>	\$2,925,084.51	No

		<p>Expenditures associated with this action include the following: Classified Support, Staff Benefits, Professional Services, Custodial Supplies, Rent &amp; Leases, and building utilities and maintenance.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
1.4	Healthy and nutritious meals	<p>Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.</p> <p>Expenditures associated with this action include the following: Food and Office Supplies.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$30,222.00	Yes
1.5	Well-orchestrated Home Office support services	<p>The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and</p>	\$1,346,210.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Portrait of a Graduate,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%			2026-27: 100%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	developed and provided to unduplicated students and to individuals with exceptional needs, and the programs that are provided to benefit these students (Source: Local Indicator Priority 7, SIS)					
2.2	Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)	2023-24: (As of 5/24/24) 79%			2026-27: >= 85%

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student	\$2,846,360.63	No

Action #	Title	Description	Total Funds	Contributing
		<p>groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
<b>2.2</b>	Professional development for high-quality instruction	<p>Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.</p> <p>Expenditures associated with this action include the following: professional development, tuition reimbursement, and Teacher Salaries.</p> <p>The following expenditures will be funded by federal Title funds:</p>	\$82,522.50	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>• Professional development expenses: Resource: Title IV, Part A ESEA; Amount: \$4,500</li> <li>• Professional development expenses: Resource: Title II; Amount: \$33,062</li> </ul>		
2.3	MTSS - Academic enrichment, intervention, and student support	<p>Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)</p> <p>Expenditures associated with this action include the following: Educational Software, Staff benefits, Administrator and Teacher salaries.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Educational Software: Resource: Title I, Part A; Amount: \$82,449.5</li> <li>• Unemployment Insurance: Resource: Title I, Part A; Amount: \$803.63</li> <li>• Health &amp; Welfare Benefits: Resource: Title I, Part A; Amount: \$13,778.25</li> <li>• OASDI/Medicare: Resource: Title I, Part A; Amount: \$2330.54</li> <li>• STRS: Resource: Title I, Part A; Amount: \$30,698.9</li> <li>• Teacher Salaries: Resource: Title I, Part A; Amount: \$160,542</li> </ul>	\$1,387,256.55	Yes

2.4	Designated and integrated ELD programs and support for ELs	<p data-bbox="506 282 1560 1084">Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.</p> <p data-bbox="506 1122 1560 1190">Expenditures associated with this action include the following: Professional Services.</p> <p data-bbox="506 1230 1402 1263">The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li data-bbox="562 1268 1524 1300">Professional Services: Resource: Title III - LEP; Amount: \$89,739</li> </ul>	\$89,739.00	Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner	\$1,747,684.22	No

Action #	Title	Description	Total Funds	Contributing
		<p>designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.</p> <p>Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Professional Services: Resource: Title IV, Part A ESEA; Amount: \$8,000</li> </ul>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

### Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	<p>Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies.</p> <p>Expenditures associated with this action include the following: Educational Software..</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Educational Software: Resource: Title I, Part A; Amount: \$500</li> </ul>	\$377,292.97	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEM and GATE programs	<p>Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.</p> <p>Expenditures associated with this action include the following: Educational Software.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Educational Software: Resource: Title I, Part A; Amount: \$3,000</li> </ul>	\$3,000.00	Yes
3.3	Digital literacy and citizenship programs	<p>Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics</p>	\$241,050.18	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.</p> <p>Expenditures associated with this action include the following: Educational Software.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Educational Software: Resource: Title I, Part A; Amount: \$3,000</li> </ul>		
3.4	Physical education, activity, and fitness	<p>Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.</p> <p>Expenditures associated with this action include the following: PE supplies expenses.</p> <p>The following expenditures will be funded by federal Title funds:</p>	\$486,710.55	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>PE Supplies: Resource: Title IV, Part A; Amount: \$15,000</li> </ul>		
3.5	Additional programs and activities that support well-rounded education	<p>To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$886,058.55	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

### State Priorities addressed by this goal.

- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

## Measuring and Reporting Results

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	<p>Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.</p> <p>Expenditures associated with this action include the following: 5940: Technology.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$275.00	Yes
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators	\$372,165.75	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.</p> <p>Expenditures associated with this action include the following: Professional Services, Unemployment Insurance, OASDI/Medicare, STRS, and Teacher Salaries.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Professional Services: Resource: Title I, Part A; Amount: \$9,001</li> <li>• Unemployment Insurance: Resource: Title I, Part A; Amount: \$55</li> <li>• OASDI/Medicare: Resource: Title I, Part A; Amount: \$159.5</li> <li>• STRS: Resource: Title I, Part A; Amount: \$2,101</li> <li>• Teacher Salaries: Resource: Title I, Part A; Amount: \$11,000</li> </ul>		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-	\$561,990.91	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Instructional Materials &amp; Supplies.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Instructional Materials &amp; Supplies: Resource: Title I, Part A; Amount: \$5,000</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual educational partner surveys	<p>Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Panorama Education survey fees.</p> <p>The following expenditures will be funded by federal Title funds: 5800 Professional Services 3010 Title I: \$3,500</p>	\$3,500.00	Yes
4.5	Community outreach and partnerships	<p>Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.</p> <p>Expenditures associated with this action include the following: Corresponding personnel salaries, Marketing expenditures, professional services, membership fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$454,955.47	Yes

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	<p><b>Action:</b> Healthy and nutritious meals</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There</p>	<p>MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>is a need to provide all our students with healthy and nutritious meals.</p> <p><b>Scope:</b> LEA-wide</p>	<p>consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary</p>	<ul style="list-style-type: none"> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	<p><b>Action:</b> Professional development for high-quality instruction</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)</li> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded</li> </ul>

2.3	<p><b>Action:</b> MTSS - Academic enrichment, intervention, and student support</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion.</p>	<p>Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention.</p> <p><b>Scope:</b> LEA-wide</p>	<p>(reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.</p>	<p>TeachBoost/SchoolMint Grow)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading</li> </ul>

<p><b>2.4</b></p>	<p><b>Action:</b> Designated and integrated ELD programs and support for ELs</p> <p><b>Need:</b></p>	<p>Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD</p>	<p>Goal 2: For all students, but particularly for the EL and LTEL student groups:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction.</p> <p><b>Scope:</b> LEA-wide</p>	<p>instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated</p>	<ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.</p>	<p>(Source: NWEA MAP)</p> <ul style="list-style-type: none"> <li>• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard)</li> </ul>

<b>3.2</b>	<p><b>Action:</b> STEM and GATE programs</p> <p><b>Need:</b> Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>• Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students who have created or demonstrated a STEAM focused</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.</p>	<p>project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)</p>
<p><b>3.3</b></p>	<p><b>Action:</b> Digital literacy and citizenship programs</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.</p>	<p>With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> </ul>

	<p><b>Scope:</b> LEA-wide</p>	<p>model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.</p>	
<p><b>3.4</b></p>	<p><b>Action:</b> Physical education, activity, and fitness</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically.</p> <p><b>Scope:</b></p>	<p>MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>School experience survey "overall</li> </ul>

4.1	<b>Action:</b> Seeking family input for decision-making	Considering the needs of our unduplicated students and their families, Charter School will	Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making.</p> <p><b>Scope:</b> LEA-wide</p>	<p>hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for</p>	<ul style="list-style-type: none"> <li>• Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.</p>	<p>6, Panorama Education)</p> <ul style="list-style-type: none"> <li>School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>
<p><b>4.2</b></p>	<p><b>Action:</b> Building relationships and partnerships with families for student outcomes</p> <p><b>Need:</b> Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the</p>	<p>In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Number of activities/events for parent involvement per year (Source:</li> </ul>

	<p>cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs.</p> <p><b>Scope:</b> LEA-wide</p>	<p>visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student</p>	<p>Local Indicator Priority 3)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS)</li> <li>• Average Daily Attendance (ADA) Rate (Source: SIS)</li> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• Middle School Dropout Rate (Source: CALPADS)</li> <li>• High School Dropout Rate (Source: CDE DataQuest, CALPADS)</li> <li>• Graduation Rate (Source: CALPADS, CA School Dashboard)</li> <li>• Student Suspension Rate (Source: CA</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<p><b>4.4</b></p>	<p><b>Action:</b> Annual educational partner surveys</p> <p><b>Need:</b> It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education.</p>	<p>Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the</p>	<p>Goal 4:</p> <ul style="list-style-type: none"> <li>• School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)</li> <li>• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-1 will utilize the concentration grant add-on funds (\$206,011) in the following manner:

MSA-1 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

##### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

##### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

##### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

##### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### **Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on **Dashboard data or other locally collected data.**
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> <li>● Enter the metric number.</li> </ul>
Metric
<ul style="list-style-type: none"> <li>● Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.</li> </ul>
Baseline
<ul style="list-style-type: none"> <li>● Enter the baseline when completing the LCAP for 2024–25.                             <ul style="list-style-type: none"> <li>○ Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).</li> <li>○ Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.</li> <li>○ Indicate the school year to which the baseline data applies.</li> <li>○ The baseline data must remain unchanged throughout the three-year LCAP.                                     <ul style="list-style-type: none"> <li>▪ This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain</li> </ul> </li> </ul> </li> </ul>

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the **“Measuring and Reporting Results”** part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

### A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

### A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

### Actions:

Complete the table as follows. Add additional rows as necessary.

#### Action #

- Enter the action number.

#### Title

- Provide a short title for the action. This title will also appear in the action tables.

#### Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education  
November 2023

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy 2

CDS Code: CA

School Year: 2024-25

LEA contact information:

David Garner

Principal

dgarner@magnoliapublicschools.org

(818) 758-0300

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Magnolia Science Academy 2 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy 2 is \$11,168,829, of which \$8,230,431 is Local Control Funding Formula (LCFF), \$2,333,407 is other state funds, \$152,100 is local funds, and \$452,891 is federal funds. Of the \$8,230,431 in LCFF Funds, \$2,270,993 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

## LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Magnolia Science Academy 2 plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy 2 plans to spend \$11,067,927.18 for the 2024-25 school year. Of that amount, \$11,067,927.18 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

### Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Magnolia Science Academy 2 is projecting it will receive \$2,270,993 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy 2 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy 2 plans to spend \$2,268,843.63 towards meeting this requirement, as described in the LCAP.

Even though, the total actual expenditures for actions and services to increase or improve services for high needs students in 2023-24 is less than the total budgeted expenditures for those planned actions and services, the difference did not impact the actions and services and the overall increased or improved services for high needs students in 2023-24. For those actions and services, Magnolia Science Academy 2 used state, federal, and local funds including, but not limited to CIF, Lottery - Non-Prop 2, EPA, ELOP (Expanded Learning Opportunities Program), Title I, ESSER III, ESSER III - Learning Loss, ELO - Learning Loss, ESSER III Summer Grant, Title II, Title IV - Part A, Title III - LEP, ARP HCY II, ASES, Educator Effectiveness Block Grant, California Community Schools Partnership, AB 602, Arts & Music Block Grant, Community Engagement Initiative Grant, A-G Access/Success Grant, A-G Learning Loss Mitigation Grant,

MTSS,

and

Fundraising.

## LCFF Budget Overview for Parents

### Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Magnolia Science Academy 2 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy 2 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Magnolia Science Academy 2's LCAP budgeted \$1,369,172.78 for planned actions to increase or improve services for high needs students. Magnolia Science Academy 2 actually spent \$1,468,343.53 for actions to increase or improve services for high needs students in 2023-24.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Magnolia Science Academy 2	David Garner Principal	dgarner@magnoliapublicschools.org (818) 758-0300

## Goals and Actions

### Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0	2022-23: 2	2023-24: 1	2023-24: 0
Percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)	2020-21: 0%	2021-22: 0%	2022-23: 0%	2023-24: 0%	2023-24: 0%
Number of identified instances where facilities do not meet the “good repair”	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 0	2022-23: 0

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)					
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 96.0%	2021-22: (Spring 2021 to Fall 2021) 88%	2022-23: (Fall 2021 to Fall 2022) 82%  This metric has been updated to measure from fall to fall.	2023-24: (Fall 2022 to Fall 2023) 78%	2023-24: (Fall 2022 to Fall 2023) 90.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 98.0%	2021-22: (As of 5/12/22) 94.2%	2022-23: (As of 5/15/23) 93.3%	2023-24: (As of 12/15/23) 93.5%	2023-24: 96.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Action 1: Teacher assignments and credentials

MSA2 faced several vacancies throughout different periods of time this school year, including a history teacher, PE teacher, a Dean of Academics position, a music teacher, two English teacher positions, and two science teachers. All of these matters have led to the necessary practice of recruiting teachers by means of our Paycom system, as well as through Indeed and Edjoin platforms. MSA2 was able to fill all teacher positions at the time of the data collection for this goal with the exception of a science teacher vacancy. Further, MSA2 is committed to collaboration between our HR department and credential specialist to enable the efficient progress and timely development of our employees related to their respective programs and certifications as well as providing them with the required supports needed to earn their credentials.

### Action 2: Instructional materials and technology

The entirety of MSA2's mandatory as well as essential textbooks during the 2023-24 academic year have been purchased through the vendor McGraw Hill, with the exception of the math curriculum which is now through Houghton Mifflin Harcourt. Amongst these expenses is the inclusion of online educational textbooks for all grade levels across English, math, history and science. Beyond these centralized curriculum provisions, instructors have also been provided with the opportunity to purchase additional needed academic resources, including novels to enhance ELA academic instruction as well as any other instructional products which can support student learning during the school year. Further, all staff members are invited to send ongoing purchase requests to be considered for approval pertaining to office as well as classroom supplies and materials.

### Action 3: Clean and safe facilities that support learning

The fiscal resources budgeted in this category have been utilized to provide the programs and services which aligned with the expenses initially in MSA2's plan. MSA2's head custodial worker meets regularly with our office manager and administration to review the current inventory of cleaning supplies on campus in order to create new purchase requests necessary to maintain a safe and clean environment during the pandemic in partnership with our health and safety committee. Beyond the aforementioned expenses, the funds included in this line item are utilized to sustain projects involved in the upkeep and repair of the facility on campus, including ongoing servicing of the school's HVAC systems, restrooms, exterior walls, floors, and more.

### Action 4: Healthy and nutritious meals

MSA2 has utilized fiscal resources related to this action and goal in order to provide essential drinking water to students and staff on campus via an outside distribution company. In particular, these funds have supported the continued sustainment of 5-gallon water dispenser devices being provided in each classroom as well as office on campus in order to create a safe system at MSA2's for access to water beyond the drinking fountains and vending machines on campus. Beyond these provisions, remaining fiscal resources in this category have been utilized to provide students with access to meals during expanded portions of the school day, including after school during dual enrollment college courses taken in-person at MSA2 by high school students, as well as other events where the regular school meal program does not distribute food.

### Action 5: Well-orchestrated Home Office support services

MSA2 utilizes fiscal resources within this area to cover fees associated with our Home Office related to the provision of services and resources to the school site. Further, these fiscal resources are utilized from MSA2 to cover additional necessary support services by means of the fees paid to LACOE in conjunction with MSA2's authorization, fees to cover the performance of financial audits, fees to cover expenses from MSA2's legal firm partner and other expenses. Moreover, MSA2 utilizes this fiscal resource to purchase necessary software which is necessary to run the school system, including Adaptive Insights which provides budgetary tools for the school. In exchange for the fees paid by MSA2 to our home office, MSA2 receives services in the form of monthly professional development sessions for all school administration, as well as office management, in addition, to support with compliance related to special education, student services, academic programs, facilities, operations, human resources, and finance. Beyond these services, MSA2 receives support from the home office in the form of organizing training programs across the Magnolia organization for teachers, office staff, paraprofessionals, and administration to attend to collaborate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 1: Teacher assignments and credentials

This fiscal resource additionally aligns with the function of providing fees related to retirement services. The budgeted amount of \$29,750 for the current academic year in this area, has been met by MSA2 with estimated actual expenditures of \$29,750 in this area by the end of the Spring 2024 semester.

Goal 1 Action 1

Budgeted: \$29,750.00

Actual: \$29,750.00

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Action 2: Instructional materials and technology

Moreover, MSA2 allocated 60% of the salary and benefits for our IT Manager in partnership with MSA7 who budgeted the additional 40% for this shared staff member who worked at MSA2 for the entire 2023-24 school year. Additionally, MSA2 continued to pay for the acquisition of hotspots for each student in need of internet connection at home. All classrooms have internet access and each student has their own Chromebook for school use. Further, MSA2 purchased additional technology needed for our school classrooms to provide greater support. MSA2 spent \$528,190 of our school's budgeted amount of \$528,190 during the 2023-24 school year.

Goal 1 Action 2

Budgeted: \$528,190

Actual: \$528,190

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Action 3: Clean and safe facilities that support learning

MSA2 continued to hire 2nd full-time security guards through an outside subcontracted vendor to provide a safe environment during the current year. MSA2 also continued its provision of 3 custodian workers servicing the school site as well as the necessary supplies required to maintain a safe and clean campus. MSA2 spent \$2,243,243 of our school's budgeted amount \$2,243,243 during the 2023-24 school year.

Goal 1 Action 3

Budgeted: \$2,243,243

Actual: \$2,243,243

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Action 4: Healthy and nutritious meals

By the end of the school year, MSA2 has utilized approximately \$39,000 of the \$39,000 budgeted amount which have been allocated to this category. Additional fiscal resources have been utilized in this category to provide students with access to meals during expanded portions of the school day, including after school during dual enrollment college courses taken in-person at MSA2 by high school students, as well as other events where the regular school meal program does not distribute food.

Goal 1 Action 4

Budgeted: \$39,000.00

Actual: \$39,000.00

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Action 5: Well-orchestrated Home Office support services

MSA2 has exhausted \$1,376.394 which is equivalent to the \$1,376,394 funds which were budgeted under this category during the current school year. This rate of services is at the top rate across the organization for schools and has resulted from MSA2 continuing to grow in enrollment which has led to the school paying the highest rate for services and fees from home office.

Goal 1 Action 5

Budgeted: \$1,376,394

Actual: \$1,376,394

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Action 1: Teacher assignments and credentials

At the time of this report, MSA2 anticipates retaining all employees with the exception of 3 for the upcoming school year. This is considered a success with regard to this goal. Over the course of the 3 years in this LCAP cycle, while MSA2 did not meet our desired rate of 90% during

any of the 3 years in this LCAP cycle, MSA2 still worked hard to retain employees. This retention rate was particularly impacted for many schools across the state of California and Los Angeles County, including MSA2 following the several years returning to in-person learning following the Covid-19 pandemic.

During the 2023-24 school year, MSA2's lowest rate of 78% (Fall 2022 to Fall 2023) for employee retention rate was impacted by the fact that MSA2 had not yet received an extension of the school's longterm Facility Usage Agreement by LAUSD at the start of the 2023-24 school year. The extension of MSA2's longterm Facility Usage Agreement with LAUSD was not officially granted and approved by LAUSD until March 2024, so the uncertainty about MSA2's location for the upcoming school year led to numerous employees leaving MSA2 during the 2023-24 school year as well due to the employees' perceived potential instability of employment for the upcoming school year.

Employee retention is an area that MSA2 will continue to take proactive steps to improve in the upcoming LCAP 3 year cycle through numerous means, including through utilizing employee feedback shared in the educational partner Panorama survey, as well as on official committees such as the Community Advisory Committee (CAC) which includes elected representatives from MSA2's employees, as well feedback shared during MSA2's weekly staff meetings.

#### Action 2: Instructional materials and technology

MSA2 utilized more fiscal resources in this category than the amount initially budgeted during the 2022-23 school year within this 3 year LCAP cycle, which also supported student learning during the Covid-19 pandemic. In particular, due to increased crowded spaces in student homes during the pandemic with the increased cost of living and more families sharing living quarters, increased wear and tear as well as damage to electronic devices took place during the 2022-23 school year, which led to the need to spend more funds in this area than initially planned during that year of this LCAP 3 year cycle. Nonetheless, these technological resources have helped support students access to online educational resources and textbooks at their homes which have supported growth in reading, increases in math and reading as measured on the Spring 2023 NWEA MAP end of year assessments which justifies the increased expenditures related to technology for MSA2.

On February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance. MSA2's inclusion as a 2024 California Distinguished School is a testimony that MSA2's focus on providing sufficient instructional materials and technology to students over the 3 year period within this LCAP cycle was successful in increasing student academic growth across numerous indicators.

According to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

### Action 3: Clean and safe facilities that support learning

During the 3 year LCAP cycle, MSA2 utilized more fiscal resources in this category in the 2022-23 school year than the amount initially budgeted. During this 3 year cycle, MSA2 hired a 3rd full-time custodial worker, purchased additional PPE, and hired a 2nd full-time security guard at MSA2 which all helped the school provide clean and safe facilities which support learning. This was effective in reducing the prevalence of Covid cases during the pandemic and avoiding an outbreak which could have led to increased cases and the need to close the school down to manage such an outcome. In addition, the additional security staff has helped lead to increased safety on campus, as demonstrated in several years of responses on the annual Panorama Educational Survey, as well as the retention of students at MSA2 with a growth of enrollment each year over the past 3 years.

Once again, on February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education’s (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance. MSA2’s inclusion as a 2024 California Distinguished School is a testimony that MSA2’s focus on providing clean and safe facilities which support learning to students, staff and families over the 3 year period within this LCAP cycle was effective in increasing student academic growth across numerous indicators.

Once again, according to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

### Action 4: Healthy and nutritious meals

During the 3 year cycle of this LCAP, MSA2’s increase of fiscal resources in this category has been effective at providing healthy meals to students during after school activities including the college courses which help lead to increased student participation and success in such academic programs.

### Action 5: Well-orchestrated Home Office support services

During the 3 year cycle of this LCAP, MSA2's increased fiscal resources paid to home office during the 2022-23 and 2023-24 school years for support beyond the budgeted amount has been effective in receiving increased support for our SPED department, Academic programs, PACE community outreach, legal services, facilities department, accountability and human resources during the pandemic which has needed additional support to manage during the all 3 academic years. With MSA2's growing enrollment over the past 3 years, we are able to have a larger budget to support the increased services and fees associated with home office services which have helped lead to increased services and outcomes for students as evidence by the student growth on the end of year NWEA MAP assessments in math and English during the Spring 2023 semester.

Once again, on February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance. MSA2's inclusion as a 2024 California Distinguished School is a testimony that MSA2's focus on providing increased amounts of well-orchestrated home office support services to students, staff and families over the 3 year period within this LCAP cycle was effective in increasing student academic growth across numerous indicators.

Once again, according to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning "Well Developed").

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After reflecting upon all of the previously mentioned outcomes over the 3 year cycle for this LCAP, MSA2 will continue to collaborate with our credential specialist in our HR department along with our school administration over the next 3 year LCAP cycle to ensure that teacher credential issues are addressed and progress is made in this area related to new challenges that may arise during the upcoming 3 school years. MSA2 will also continue to take proactive steps to improve employee retention in the upcoming LCAP 3 year cycle through numerous means, including through utilizing employee feedback shared in the educational partner Panorama survey, as well as on official committees

such as the Community Advisory Committee (CAC) which includes elected representatives from MSA2's employees, as well feedback shared during MSA2's weekly staff meetings.

MSA2 will continue to meet with our IT Manager and home office IT Director to ensure that the most effective technological resources are provided to students to support their learning throughout the upcoming 3 school years. Further, MSA2 will continue to collaborate with the Director of Student Services, School Site Council, and Student Leadership to seek ways to improve the safety and cleanliness of MSA2 during the upcoming 3 school years. Moreover, MSA2 will continue to collaborate with our school educational partners to ensure that healthy meals and snacks continue to be provided to students who take advantage of educational programs and opportunities which meet outside of regular school time over the next 3 school years so they can continue to receive the benefit from these opportunities, including enrolling in college courses. Finally, MSA2 will continue to partner with our home office and allocate necessary fiscal quantities needed over the next 3 school years to seek resources, professional development opportunities and support which can enhance the quality of educational programs and services provided to students at MSA2.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 2.1: Broad course of study and standards-based curriculum

During the 2023-24 academic year, MSA2 has faced a tremendous degree of obstacles which have impacted the programs, services and resources available to the school. In particular, this year has been impacted by teacher turnover in several classes which have required the utilization of increased quantities of substitute teachers to cover. This process has had an impact on the fiscal resources required to pay substitute company vendors, although the funding which was initially allocated for teacher salaries and benefits led to savings during the months where vacancies took place. Further, a significant percentage of MSA2 teachers stayed home this year with medical conditions, which has led to a significant budgetary impact increasing the fiscal resources needed in the area of substitute teachers related to this matter.

MSA2 utilized numerous systems, programs, and services to effectively achieve the objective in Goal 2, Action 1 of providing a broad course of study and standards-based curriculum. In particular, MSA2 creates a master schedule each semester which it uses to align the courses being offered to students within each semester with the instructors responsible for teaching the students subdivided by separate class periods. This master schedule ensures that students are each enrolled in courses of study which enable them to meet culmination and graduation requirements. In addition, MSA2 provides textbooks to all students through online accessible curriculum which are aligned to the content standards as well as through physical textbooks via McGraw Hill for all core subjects with the exception of math which is through Houghton Mifflin Harcourt, which provides access to core academic classes including English (StudySync), math (ALEKS), history, and science. Beyond these resources, MSA2 incorporates a plethora of online supplemental resources to support instructional and student learning, including: myON, which provides support to build reading levels and is utilized in ELA, ELD as well as through cross-curricular support; iXL to help increase learning in math and ELA; Flocabulary to provide differentiated support in all subject areas.

MSA2 also takes proactive steps to support students in their college and career readiness. Specifically, students at MSA2 are invited to take advanced pathways in math beginning in 7th grade, as well as advanced college level courses through Pierce College, LA Valley College and Mission College, including in Sociology, Anthropology, Cinema, Art, History, and English. Moreover, MSA2 offers AP courses to students in Spanish, and Pre-Calculus. Further, MSA2 provides additional support to students who are ready for higher level academic pursuits through Stanford University's Precollegiate Academy. MSA2 students participate in additional elective courses, including computer, graphic design, journalism, debate and music as well as have opportunities to participate in STEAM-based extra-curricular programs including robotics.

## Goal 2.2: Professional development for high-quality instruction

MSA2 utilizes fiscal resources from this category to provide opportunities for professional development to the school teachers, administrators and staff as well as the associated payment required to retain the TeachBoost system as a means to evaluate teachers and staff within the school setting. MSA2 also continues to employ teachers, administrators, and other staff who receive tuition reimbursement support which they are able to connect with their credentialing programs as well as higher education pathways.

Amongst the needs of MSA2 employees, some individuals are receiving support to obtain their induction programs while others are receiving their EdD in Educational Leadership as well as Masters Degrees in the areas related to their professional growth goals. Since current spring programs are still underway, the reimbursement process is not yet complete for these individuals and the funds in this category will continue to be spent until the end of the semester.

MSA2 furnishes pupils with a broad array of courses which also encompass the traditional core classes of mathematics, social sciences, science and English, in addition to elective offerings. Moreover, MSA2 furnishes the additional selection of services as well as academic programs which are included within our school's charter petition, particular provisions and interventions that align with the individual needs and areas of curiosity encompassed by our school's student population. Beyond these steps, MSA2 also designs our specific master schedule to meet the demands and requirements related to our students' future academic and professional goals.

Further, MSA2 takes proactive steps to ensure that every student has access to courses across each of the school's academic areas which is equitably distributed across pupil groups. Each student at MSA2 participates in a rigorous, relevant, and coherent curriculum which is aligned to the common core state standards which simultaneously augments the achievement as measured by the schoolwide learner outcomes, content standards, as well as the measures associated with students' preparation to be successful in future professional and collegiate outcomes. Furthermore, MSA2 continues to provide the sufficient quantity and quality of professional staff members required to effectively implement the organization's master schedule. In order to meet this goal, MSA2 continues to develop additional responsibilities and duties which are appropriately delegated to teachers and administrators alike which enable the school to provide competitive salaries and benefits necessary to retain such talented educators.

As we have historically provided financial support to our new teachers to clear their credentials through BTSA programs, we will proceed in fulfilling these supports this year as well. MSA2 is vigilant in providing support to our teachers and staff by means of providing opportunities to participate in professional development programs in partnership with LACOE as it pertains to PBIS, STEAM, SEL, MTSS, EL support, and other areas related to effective classroom instruction. Our college counselor and teachers of college level Advanced Placement courses will also continue to receive annual professional development training which are provided by the school in order to prepare them to be successful in delivering quality instruction to our advanced students at MSA2. Another time which is sacred for MSA2 to hold professional development takes place during our weekly full staff collaboration time each Wednesday during our minimum dismissal schedule. Finally, we are supportive of our paraprofessional and administrative assistant staff members in their pursuit of higher educational goals by means of offering tuition reimbursement to these individuals.

## Goal 2.3: MTSS - Academic enrichment, intervention, and student support

MSA2 has implemented MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. MSA2 has synthesized CAASPP and NWEA MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly reviews progress towards targets. Targeted interventions have been utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. MSA2 has provided additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, SDAIE strategies and CHATS framework integration and utilization, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Learning Lab classes, designated ELD courses, Study Skills, additional support during home room, before and after school tutoring, Saturday classes, small group instruction and interventions, and summer programs. SSPT, 504, and other support meetings have been coordinated among teachers and support roles (resource teachers, EL coordinator, Title-1 Team, MTSS Academic Committee chairs, etc.). MSA2 has also provided support of bilingual paraprofessionals to ensure that EL students have sufficient support necessary to access the instructional program.

MSA2 has included online educational supplemental resources which include BrainPOP, myON, Flocabulary, Aleks, Gizmo. MSA2 has also provided the additional supports:

- MSA2 has an advanced math class for all eligible students to take where they are 1 grade level ahead of the content standards, which approximately 20% of our students are currently enrolled in.
- EL and SPED support takes place after school with the SPED teachers during their office hours and tutoring time, as well as with instructional assistants
- AP support time takes place after school during office hours with the instructors
- Early College Magnet has the support of MSA2 co-teachers who serve as additional academic support for the students to provide increased passing rates of the courses taken with LA Valley College
- Meetings taking place at least on a monthly basis include: SPED, MTSS DL Academic Committee, Grade Level Coordinators, grade level teachers, departments, admin, PBIS Committee, ASB Student Government leadership, College Readiness Committee, Technology Committee, AP teachers, Title I math / EL
- 11th grade homeroom IXL preparation integration
- Winter academic intervention plans as well as after school support during January to increase student passing rate from Fall MAP NWEA administration

Goal 2.4: Designated and integrated ELD programs

- MSA2 has held quarterly ELAC (English Language Advisory Committee) meetings throughout the current academic year. Lesson plans include documentation of ELD standards which are aligned with core curriculum and which will be integrated into each particular activities within the instructional program each day so that all courses provide additional supports toward acquisition of English Language Development

Collaboration with the central office to provide best-practice integration of the ELD Master Plan, in partnership with the MPS ELD Coordinator

- MSA2 has implemented MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. MSA2 has synthesized CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly reviews progress towards targets. Targeted interventions have been utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. MSA2 has provided additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, SDAIE strategies and CHATS framework integration and utilization, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, learning lab classes, designated ELD courses, Study Skills, additional support during Homeroom / Advisory, before and after school tutoring, Saturday classes, small group instruction and interventions, and summer programs. SSPT, 504, and other support meetings have been coordinated among teachers and support roles (resource teachers, EL coordinator, MTSS Academic Committee chairs, etc.)
- Support of bilingual paraprofessionals to ensure that EL students have sufficient support necessary to access the instructional program.
- MSA2 has included online educational supplemental resources which include myON, Flocabulary, IXL, and StudySync ELD component.
- MSA2 utilizes paraprofessionals to support EL students during learning lab as well as homeroom courses to provide additional guidance and feedback to students

#### Goal 2.5: Support for students with disabilities

MSA2 utilizes the fiscal resources aligned with this action step in order to provide funding which pays for the salary and benefits of MSA2's 3 full-time SPED paraprofessionals, 1 part-time SPED paraprofessional, 4 full-time Education specialist / SPED teachers, 1 full-time school psychologist. This year, MSA2 added an additional 1 SPED teacher / education specialist, 1 additional SPED full-time paraprofessional, and 1 additional part-time SPED paraprofessional.

Further, MSA2 utilizes this action to include for the purchase of resources needed to support SPED students and teachers such as technological resources which help provide accommodations to SPED students, as well as to provide services to SPED students by means of subcontracting out this process to an outside vendor, including EdLogical. SPED students receive services which include occupational therapy, adaptive PE, speech therapy, and more. Moreover, MSA2 utilizes funds in this category to provide relevant assessments which are utilized and incorporated in the annual and triennial IEP process for SPED students, including any required technical tools which are essential to this process.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2.1: Broad course of study and standards-based curriculum

MSA2's initial budget which included categories to support the programs, services, personnel, and resources related to this action step was impacted by several additional sources of revenue due to the Covid-19 pandemic. Amongst these resources, the additional Concentration Add-On Grant provided extra fiscal resources which have created opportunities to provide additional support to students during this time and which included expenses which were not initially budgeted by MSA2.

MSA2 budgeted \$1,927,088 for this category, and ended up utilizing \$1,900,384 of fiscal resources by the end of the school year in this category which means that the projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 1

Budgeted: \$1,927,088

Actual: \$1,900,384

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2.2: Professional development for high-quality instruction

MSA2 budgeted \$114,500 for this goal, and by the end of the school year will utilize \$114,500 to accomplish this goal.

Goal 2 Action 2

Budgeted: \$114,500

Actual: \$114,500

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2.3: MTSS - Academic enrichment, intervention, and student support

- MSA2 continued to hire a paraprofessional to support the dually identified students who are both SPED and EL during this academic year
- MSA2 continued to hire an administrative assistant in the Student Services department to support behavior interventions
- MSA2 continued to hire an administrative assistant in the Academic Department to support the administration of assessments as well as to support academic achievement
- MSA2 continued to allocate additional funds to support Saturday School to provide additional learning support

MSA2 budgeted \$927,961 for this goal and by the end of the school year, MSA2 had spent \$877,363 for this goal, which means that the

projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations. Although MSA2 did not spend all of the budgeted amount in this category, the process of maintaining the hiring of numerous support paraprofessional and administrative assistant staff to support the SPED, EL and general student population this year enabled MSA2 to be effective with this goal without utilizing all of the budgeted fiscal resources in this goal.

#### Goal 2 Action 3

Budgeted: \$927,961

Actual: \$877,363

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 2.4: Designated and integrated ELD programs

- MSA2 continued to hire an additional administrative assistant in the Academic department to support the administration of assessments in partnership with the Assistant Principal of Academics, including in the support of the EL students being assessed

MSA2 has spent \$1,000 of the \$1,000 which were budgeted in this category by the end of the school year.

#### Goal 2 Action 4

Budgeted: \$1,000

Actual: \$1,000

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 2.5: Support for students with disabilities

Due to the increased number of SPED students this year enrolled in MSA2 as well as an increased number of new assessments which took place leading to new IEPs for students, MSA2 continued with hiring the 4th SPED teacher / education specialist who was initially hired last school year. MSA2 budgeted \$1,040,067 this year and by the end of the year ended up utilizing \$980,061, which means that the projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

#### Goal 2 Action 5

Budgeted: \$1,040,067

Actual: \$980,061

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

### Goal 2.1: Broad course of study and standards-based curriculum

Over the 3 year LCAP cycle, MSA2 has a tremendous amount of data which relates to this goal and action step. During this time, the Spring 2021 end of year administration of the NWEA MAP assessment shows tremendous growth across all student groups in math and reading. In particular, 63.6% of English Language Learner (ELL) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. In addition, 68.3% of Free and Reduced-price Lunch eligible (FRL) students met their subgroup growth projection in math and 66.3% met their subgroup growth projection in reading in the Spring 2021. Further, 57.9% of Special Education (SPED) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. Moreover, 70.8% of Asian students met their subgroup growth projection in math and 62.5% met their subgroup growth projection in reading in the Spring 2021. Moreover, 66.7% of Hispanic students met their subgroup growth projection in math and 65.5% met their subgroup growth projection in reading in the Spring 2021. Finally, 87.5% of white students met their subgroup growth projection in math and 66.7% met their subgroup growth projection in reading in the Spring 2021.

During the 2022-23 academic year, MSA2 students have demonstrated success in meeting their target growth in math and reading. 65.3% of MSA2 students met their growth target on the NWEA MAP for math during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 95% for math and a Conditional Growth Index (CGI) of 1.68 in math. 69.1% of MSA2's English Learner students met their target growth on the MAP math assessment during the 2022-23 academic year. 66.6% of MSA2's free and reduced price eligible students met their target growth on the MAP math assessment during the 2022-23 academic year. 83.3% of MSA2's SPED students met their target growth on the MAP math assessment during the 2022-23 academic year. 65.7% of MSA2's Hispanic students met their target growth on the MAP math assessment during the 2022-23 academic year.

25.65% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. This was a growth of 3.89% from the prior school year. Further, this score was the second to highest score over the prior 5 school years in which there was SBAC math data available. Specifically, 13.33% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. Moreover, 2.44% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in math.

The math portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 16.7 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 9.2 points from the prior school year in terms of their distance from the standard. The EL student results for math on the same assessment year received a color of orange and increased by 4.2 points in terms of their distance from the standard. One challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

To reiterate, 64.4% of MSA2 students met their growth target on the NWEA MAP for reading during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 96% for reading and a Conditional Growth Index (CGI) of 1.71 in reading. 75.0% of MSA2's

English Learner students met their target growth on the MAP reading assessment during the 2022-23 academic year. 64.5% of MSA2's free and reduced price eligible students met their target growth on the MAP reading assessment during the 2022-23 academic year. 70.2% of MSA2's SPED students met their target growth on the MAP reading assessment during the 2022-23 academic year. 65.4% of MSA2's Hispanic students met their target growth on the MAP reading assessment during the 2022-23 academic year.

42.73% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. This was a growth of 6.85% from the prior school year. Further, this score was the highest score over the prior 5 school years in which there was SBAC ELA data available. Specifically, 21.66% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. Moreover, 0% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA.

The ELA portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15.6 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 17.4 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 10.2 points from the prior school year in terms of their distance from the standard. The SPED student results for math on the same assessment year received a color of yellow and increased by 21.8 points from the prior school year in terms of their distance from the standard. The EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange and increased by 5.9 points in terms of their distance from the standard.

During the 2022-23 school year, 22.89% of MSA2's EL students scored proficient on their ELPAC assessment. Further, MSA2 received a green color on the CA Dashboard for EL progress indicator (ELPI) with 60% of MSA2 EL students making progress toward their English proficiency during the 2022-23 school year, which was an increase in 5.1% from the prior year.

During the 2022-23 school year, 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This was an increase of 7.24% from the previous school year in which this assessment was administered, as well as the highest score for the school over the previous 3 school years of inclusion of the CAST.

During the 2022-23 school year, 97.9% of MSA2's graduating 12th graders met the UC/CSU graduation rate. Further, 100% of 12th grade students met the Magnolia Public Schools graduation requirements, with a college going rate of 90.6%. Moreover, MSA2's FAFSA completion rate for high school class of 2023 was 88%, and dual enrollment passing rate of 84%.

MSA2 received a 10 out of 10 for similar school ranking on the California Charter School Association (CCSA) Snapshot for ELA and math performance on SBAC, which included data from the 2022-23 school year.

On February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance.

According to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

MSA2 has also incorporated over the 3 year LCAP cycle relevant contemporary data sources by means of our variety of online supplemental resources which provide data related to student math, ELA, and Lexile levels across all grade levels from IXL, ALEKS, myON, Flocabulary platforms, and which is monitored by teachers and the MTSS Academic Committee to provide targeted interventions and support which include after school tutoring, Saturday School, learning lab courses, and other interventions.

Despite the success in meeting the growth targets in math and reading on the NWEA MAP assessment across many student populations described above, the overall proficiency and advanced percentile of all students in math at MSA2 is 21.18%. This rate is an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support. Further the overall proficiency and advanced percentile of all students in reading at MSA2 is 42.52%. This rate is also an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support.

Despite the growth of 3.89% from the prior school year of MSA2’s students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in math and this score being the second to highest score over the prior 5 school years, one area of improvement relates to the 25.65% rate for all students receiving proficient or advanced scores on the SBAC math. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the SBAC math proficiency rate of students.

Despite the growth of 6.85% from the prior school year of MSA2’s students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in ELA and this score being the highest score over the prior 5 school years, one area of improvement relates to the 42.73% rate for all students receiving proficient or advanced scores on the SBAC ELA.

Another area of need relates to the 0.0% of EL students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 5.26% of EL students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of EL students. Despite the success related to MSA2’s EL students increasing by 5.9 points in the math portion of the Spring 2023 SBAC in terms of their distance from the standard from the previous school year, an area of improvement is that EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange.

Another area of need relates to the 15.25% of SPED students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 18.64% of SPED students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of SPED students. An additional challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

Another area of need relates to the 19.87% of Hispanic students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 41.25% of Hispanic students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of Hispanic students.

Despite the success of MSA2's 2022-23 CAST assessment in science increasing by 7.24% from the previous school year as well as being the highest score for the school over the previous 3 school years, an area of improvement is that 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the science proficiency rate of students.

#### Goal 2.2: Professional development for high-quality instruction

During the 3 year LCAP cycle, MSA2 has expanded our MPSwide collaboration time which connects teachers and staff across the organization to support areas including math instruction, EL support, departmental collaboration, ELA instruction, SPED collaboration, technology support, and more. MSA2 was recently awarded the Gold Medal for our PBIS Program in partnership with LACOE and the California PBIS Recognition program. In order to receive this recognition, MSA2 compiled data related to our SEL implementation as well as related to a variety of measures being assessed by LACOE and the State of California in their observation of our school over the course of the application period. MSA2 also reviews assessment data during weekly school staff PD meetings, department meetings, MTSS meetings, School Site Council meetings, Title I / ELAC meetings with other educational partners. Further, MSA2 administration attend and review data monthly with home office support during Principal meetings, Academic Administrator meetings, Student Services Administrator meetings, and Office Manager meetings. This data relates to student performance on academic assessments, behavioral referrals, attendance and truancy, social emotional measures, and enrollment. In addition, MSA2 administration utilizes TeachBoost platform to perform formal and informal observations of instructional staff and administrative assistants which align to professional standards and track each individual's effectiveness over the course of each school year.

#### Goal 2.3: MTSS - Academic enrichment, intervention, and student support

MSA2's academic performance data during the pre-Covid-19 pandemic, during the pandemic, as well as since the pandemic ended have shown continuous growth and improvement across nearly all student groups in ELA and math. In particular, MAP growth data during the last school year demonstrates target growth levels being met in ELA and math at significant rates. Further, online program usage demonstrates improvements over time in terms of the topics showing proficiency and mastery across IXL, ALEKS, myON, Flocabulary, and more. In

addition, MSA2 continues to meet and exceed the recommended benchmarks for a majority of IXL goals for student usage, teacher usage, and content mastery.

As was stated previously, over the 3 year LCAP cycle, MSA2 has a tremendous amount of data which relates to this goal and action step. During this time, the Spring 2021 end of year administration of the NWEA MAP assessment shows tremendous growth across all student groups in math and reading. In particular, 63.6% of English Language Learner (ELL) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. In addition, 68.3% of Free and Reduced-price Lunch eligible (FRL) students met their subgroup growth projection in math and 66.3% met their subgroup growth projection in reading in the Spring 2021. Further, 57.9% of Special Education (SPED) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. Moreover, 70.8% of Asian students met their subgroup growth projection in math and 62.5% met their subgroup growth projection in reading in the Spring 2021. Moreover, 66.7% of Hispanic students met their subgroup growth projection in math and 65.5% met their subgroup growth projection in reading in the Spring 2021. Finally, 87.5% of white students met their subgroup growth projection in math and 66.7% met their subgroup growth projection in reading in the Spring 2021.

During the 2022-23 academic year, MSA2 students have demonstrated success in meeting their target growth in math and reading. 65.3% of MSA2 students met their growth target on the NWEA MAP for math during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 95% for math and a Conditional Growth Index (CGI) of 1.68 in math. 69.1% of MSA2's English Learner students met their target growth on the MAP math assessment during the 2022-23 academic year. 66.6% of MSA2's free and reduced price eligible students met their target growth on the MAP math assessment during the 2022-23 academic year. 83.3% of MSA2's SPED students met their target growth on the MAP math assessment during the 2022-23 academic year. 65.7% of MSA2's Hispanic students met their target growth on the MAP math assessment during the 2022-23 academic year.

25.65% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. This was a growth of 3.89% from the prior school year. Further, this score was the second to highest score over the prior 5 school years in which there was SBAC math data available. Specifically, 13.33% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. Moreover, 2.44% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in math.

The math portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 16.7 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 9.2 points from the prior school year in terms of their distance from the standard. The EL student results for math on the same assessment year received a color of orange and increased by 4.2 points in terms of their distance from the standard. One challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

To reiterate, 64.4% of MSA2 students met their growth target on the NWEA MAP for reading during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 96% for reading and a Conditional Growth Index (CGI) of 1.71 in reading. 75.0% of MSA2's

English Learner students met their target growth on the MAP reading assessment during the 2022-23 academic year. 64.5% of MSA2's free and reduced price eligible students met their target growth on the MAP reading assessment during the 2022-23 academic year. 70.2% of MSA2's SPED students met their target growth on the MAP reading assessment during the 2022-23 academic year. 65.4% of MSA2's Hispanic students met their target growth on the MAP reading assessment during the 2022-23 academic year.

42.73% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. This was a growth of 6.85% from the prior school year. Further, this score was the highest score over the prior 5 school years in which there was SBAC ELA data available. Specifically, 21.66% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. Moreover, 0% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA.

The ELA portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15.6 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 17.4 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 10.2 points from the prior school year in terms of their distance from the standard. The SPED student results for math on the same assessment year received a color of yellow and increased by 21.8 points from the prior school year in terms of their distance from the standard. The EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange and increased by 5.9 points in terms of their distance from the standard.

During the 2022-23 school year, 22.89% of MSA2's EL students scored proficient on their ELPAC assessment. Further, MSA2 received a green color on the CA Dashboard for EL progress indicator (ELPI) with 60% of MSA2 EL students making progress toward their English proficiency during the 2022-23 school year, which was an increase in 5.1% from the prior year.

During the 2022-23 school year, 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This was an increase of 7.24% from the previous school year in which this assessment was administered, as well as the highest score for the school over the previous 3 school years of inclusion of the CAST.

During the 2022-23 school year, 97.9% of MSA2's graduating 12th graders met the UC/CSU graduation rate. Further, 100% of 12th grade students met the Magnolia Public Schools graduation requirements, with a college going rate of 90.6%. Moreover, MSA2's FAFSA completion rate for high school class of 2023 was 88%, and dual enrollment passing rate of 84%.

MSA2 received a 10 out of 10 for similar school ranking on the California Charter School Association (CCSA) Snapshot for ELA and math performance on SBAC, which included data from the 2022-23 school year.

On February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance.

According to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

MSA2 has also incorporated over the 3 year LCAP cycle relevant contemporary data sources by means of our variety of online supplemental resources which provide data related to student math, ELA, and Lexile levels across all grade levels from IXL, ALEKS, myON, Flocabulary platforms, and which is monitored by teachers and the MTSS Academic Committee to provide targeted interventions and support which include after school tutoring, Saturday School, learning lab courses, and other interventions.

#### Goal 2.4: Designated and integrated ELD programs

Over the 3 year LCAP cycle, MSA2's data related to EL students shows tremendous growth for EL students with regard to their RFEP rates as well as their ELP progress indicator on the dashboard. These rates demonstrate that MSA2's EL students are reaching academic achievement goals related to language acquisition at substantially high rates. We have added substantial academic support to our dually identified students by means of providing students with 2 additional paraprofessionals that were not originally in the budget prior to this 3 year LCAP cycle, and were hired based on additional funds related to the Covid-19 pandemic during the LCAP cycle as well and who continue to work at MSA2 during the 2023-24 school year.

As was previously mentioned, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

During the 2022-23 school year, 22.89% of MSA2's EL students scored proficient on their ELPAC assessment. Further, MSA2 received a green color on the CA Dashboard for EL progress indicator (ELPI) with 60% of MSA2 EL students making progress toward their English proficiency during the 2022-23 school year, which was an increase in 5.1% from the prior year.

#### Goal 2.5: Support for students with disabilities

During this 3 year LCAP cycle, MSA2 utilized more fiscal resources than initially budgeted prior to this cycle to support our SPED students in the form of hiring several new SPED paraprofessionals as well as one additional SPED teacher, MSA2's SPED students were able to receive additional small group support to reduce learning loss experienced during the Covid-19 pandemic. The end of year results on the NWEA

MAP in math and English as well as the Lexile growth as demonstrated through myON for the past 2 years for SPED students demonstrates that these additional resources were effective in supporting our SPED student population.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

#### Goal 2.1: Broad course of study and standards-based curriculum

Over the next 3 year LCAP cycle, MSA2 plans on continuing to provide our broad variety of current online curriculum and supplemental resources for the coming school year, including IXL, myON, Flocabulary, McGraw Hill, Houghton Mifflin Harcourt, and StudySync. In addition, we plan to expand our professional development activities related to our science curriculum to support the improved incorporation of NGSS-aligned standards.

#### Goal 2.2: Professional development for high-quality instruction

During the next LCAP cycle, MSA2 will utilize funds relevant revenue streams over the next three instructional years to provide coaching and mentorship support to our instructors each year, as well as additional professional development programmatic support. Further, MSA2 plans to hire an instructional coach as a full-time support position for the first time during the 2024-24 school year. Moreover, MSA2 administration will continue to receive professional development support in partnership with Harvard University's Relay Graduate School of Education to improve this effort.

#### Goal 2.3: MTSS - Academic enrichment, intervention, and student support

- During the next 3 year LCAP cycle, MSA2 plans to renew the online programs such as myON, iXL, Flocabulary and StudySync for upcoming school year as a means to provide content-aligned assessments to MSA2 students in ELA, ELD and math courses.
- MSA2 will also incorporate an expansion of dual enrollment college course preparation programs to support student learning, including by partnering with Pierce College and LA Valley College.

One area of growth for the next LCAP cycle with this is goal is to decrease the percentage of students failing classes as well as to meet 100% of teacher observation informal and formals during the next 3 years as a manner to better support student learning.

#### Goal 2.4: Designated and integrated ELD programs

Over the next 3 year LCAP cycle, MSA2 plans on continuing to provide fiscal resources as a means of support for our designated and integrated ELD programs resources for the coming school year in alignment with our EL Master Plan, our Director of EL Programs from our

home office and our ELAC committee to ensure that our EL students have the best opportunity to reclassify as fluent English proficient.

Goal 2.5: Support for students with disabilities

Over the next 3 year LCAP cycle, MSA2 plans to continue to employ the 3 SPED paraprofessionals, 4 SPED Education Specialist teachers, 1 school psychologist, and 1 shared social worker to help support our SPED student population and to support all aspects of MTSS learning and support.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)	2018-19: 55.0%	2021 Dashboard CCI data is not available.  2021-22: (Projected as of 5/13/22) 53.7%	2022 Dashboard CCI data is not available.  2022-23: (Projected as of 5/12/23) 80.9%	2022-23: (2023 Dashboard) 81.6%	2022-23: (2023 Dashboard) 70.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 3.1: College/Career readiness programs and activities

MSA2's College Counselor is incredibly involved in creating events related to financial aid preparedness as well as college and career readiness for all educational partners. In particular, each semester, MSA2's College Counselor plans events which entail bringing representatives from respective colleges and universities to speak with our students during the school day as well as during assemblies. Further, MSA2's College Counselor creates multiple college and career planning workshops as well as financial aid information night events for the full community in which parents and families of students are invited to attend to receive guidance and support related to this process. Moreover, MSA2's College Counselor schedules office hours in person each week in which she makes herself available to support students who are currently in the process of applying to colleges, universities, and trade schools to guide them through the detailed steps related to this important next step in our students' lives and educational journeys. During the Spring semester each year, MSA2's College Counselor organizes a college signing event which promotes all 12th grade students' plans for the upcoming school year in which the entire community is invited to celebrate students' futures. Beyond these incredible demonstrations of support to the entire community, MSA2's College

Counselor also leads the process of creating and presenting information during high school student advisory courses related to the process to be college and career ready through the Naviance platform. Additionally, MSA2's College Counselor leads the process to promote and enroll students in the dual enrollment program at our school in which students as early as incoming 9th graders are invited to enroll in college courses with LA Valley College, Pierce College and Mission College. Furthermore, MSA2's College Counselor has also been a tremendous resource to the other counselors in the Magnolia Public Schools organization.

At Magnolia Science Academy-2, during the 2023-24 school year, the school has 93% socioeconomically disadvantaged students, 90.2% Hispanic / Latinx, 20.3% students with disabilities, 14.5% English Learners.

As was stated in the previous response, MSA2's College Counselor is incredibly involved in creating events related to financial aid preparedness as well as college and career readiness for all educational partners. In particular, each semester, MSA2's College Counselor plans events which entail bringing representatives from respective colleges and universities to speak with our students during the school day as well as during assemblies. Further, MSA2's College Counselor creates multiple college and career planning workshops as well as financial aid information night events for the full community in which parents and families of students are invited to attend to receive guidance and support related to this process. Moreover, MSA2's College Counselor schedules office hours in person each week in which she makes herself available to support students who are currently in the process of applying to colleges, universities, and trade schools to guide them through the detailed steps related to this important next step in our students' lives and educational journeys. During the Spring semester each year, MSA2's College Counselor organizes a college signing event which promotes all 12th grade students' plans for the upcoming school year in which the entire community is invited to celebrate students' futures. Beyond these incredible demonstrations of support to the entire community, MSA2's College Counselor also leads the process of creating and presenting information during high school student advisory courses related to the process to be college and career ready through the Naviance platform. Additionally, MSA2's College Counselor leads the process to promote and enroll students in the dual enrollment program at our school in which students as early as incoming 9th graders are invited to enroll in college courses with LA Valley College, Pierce College and Mission College. Furthermore, MSA2's College Counselor has also been a tremendous resource to the other counselors in the Magnolia Public Schools organization. MSA2's College Counselor serves as the school's Advanced Placement Coordinator and meets regularly with high school students in partnership with the Dean of Academics and Assistant Principal to support students in ensuring they meet their A-G high school graduation requirements.

MSA2's College Counselor meets with each 12th grade student individually along with their parents to support them in applying for university, college and/or trade school admissions. In addition, MSA2's College Counselor ensures that each student is able to complete their FAFSA applications as well as their CADAA applications for eligible graduating students in order to have the best financial support resources for students of all demographic and socioeconomic backgrounds.

MSA2's College Counselor has been instrumental in increasing all of MSA2's high school guidance point indicators. MSA2's college preparedness data across a variety of measures has been historically competitive when compared with the rates across LAUSD, LACOE, and the State. In particular, MSA2 has outperformed the LAUSD, LACOE, and State data across nearly every category throughout the past three most recent academic years in terms of 4 year cohort graduation rates, rates of graduates meeting UC / CSU requirements, rate of graduates earning a seal of biliteracy, and percentage of graduates earning a Golden State Seal Merit Diploma.

MSA2 has outperformed the LAUSD, LACOE, and State data across nearly every category throughout the past three most recent academic years in terms of 4 year cohort graduation rates, rates of graduates meeting UC / CSU requirements, rate of graduates earning a seal of biliteracy, and percentage of graduates earning a Golden State Seal Merit Diploma.

During the 2022-23 school year, 97.9% of MSA2's graduating 12th graders met the UC/CSU graduation rate. Further, 100% of 12th grade students met the Magnolia Public Schools graduation requirements, with a college going rate of 90.6%. Moreover, MSA2's FAFSA completion rate for high school class of 2023 was 88%, and dual enrollment passing rate of 84%.

### Goal 3.2: STEAM and GATE programs

MSA2 has utilized funds related to this action in order to support the school's STEAM, GATE and advanced / honors student pathway. Subsequently, MSA2 has spent funds on providing additional resources in science classrooms, supplies which will be utilized during the STEAM Expo, supplies for student science experiments, after school STEAM club support, Saturday School STEAM activities.

### Goal 3.3: Digital literacy and citizenship programs

This fiscal resource at MSA2 is utilized to provide the school's salary and benefit for the school's computer teacher who also serves as the assistant to the IT Manager. Moreover, MSA2's computer teacher provides Robotics clubs after school as well where he works with students on VEX robotics where students learn essential engineering and programming skills. The computer teacher holds both computer courses for middle school and high school students. Beyond these expenses, this fiscal resource also provides for the purchase of select online educational software to support student learning.

### Goal 3.4: Physical education, activity, and fitness

MSA2 utilizes this fiscal resources to provide the salary and benefits for the school's PE teacher who serves students in grades 6-8 in classes which meet a minimum of 3 days per week. Further, the PE teacher serves high school students in grades 9 and 10 in classes which meet 5 days per week who are not enrolled in other high school CIF sports elective PE classes with their coaches. Finally, this category provides fiscal resources to support our school's PE program in terms of purchasing additional classroom supplies needed for our school PE classes as well as to support our high school CIF sports classes which take place during the instructional school day as well as after school to provide additional resources to the students.

### Goal 3.5: Additional programs and activities that support well-rounded education

MSA2 utilizes this area to provide additional programs and services to the students and school community which can support pupils in aspects which are not included under other action areas. In particular, this action serves in collaboration with MSA2's after school programs and services, which serves in conjunction with Think Together, which provides programming, supervision and services to MSA2 students after school each week day until 6:00 pm as well as for 2 hours daily before school from 7:00 am until the start of the school day at 9:00 am. Another provision related to this goal is the offering by all MSA2 teachers to provide after school tutoring and clubs each week. Some of the clubs offered by MSA2 teachers after school to students include the STEAM club and the jazz band club. The goal of these clubs is to

provide engaging activities at MSA2 which extend beyond the regular school day to motivate students to attend school and create a positive school culture for students and families to interact with.

Further, MSA2 offers the Congressional Award Program for high school students where students are provided with opportunities to attend outdoor educational programs, complete volunteer service, set academic goals, and earn congressional awards with mentor teachers who work with the same group of students each year until high school graduation. During the 2023-24 school year, MSA2 continued to expand opportunities for the school's CAP students. Specifically, 4 students received their Silver Medals during their 12th grade year, and 4 other 12th grade students are awaiting their medals to be approved after submitting their paperwork recently. This year is the first time in around 8 years that an MSA2 student has received a medal from this prestigious program affiliated with the United States Congress. Of the 12th grade students who were in the CAP program, 2 students will be attending UC Berkeley in the upcoming school year and 2 students will be attending UCLA during that time.

During the 2023-24 school year, MSA2 entered its 2nd year of eligibility to participate as a full member in the California Interscholastic Federation (CIF) high school sports program. During the 2022-23 school year, the MSA2 boys varsity cross country team advanced to CIF Los Angeles City Finals. The girls varsity cross country team advanced to CIF Los Angeles City Preliminary. One student placed 3rd in boys cross country CIF Los Angeles City Finals and advanced to the 2022 CIF California State Championship meet. Additionally, MSA2's boys CIF high school soccer team advanced to the playoffs during the 2022-23 school year. Moreover, the boys and girls CIF high school volleyball teams advanced to the playoffs during the same school year.

During the 2023-24 school year, the boys CIF high school volleyball team won the Los Angeles City Championships for Division V. Further the boys CIF high school volleyball team qualified for the California State Championship tournament in 2024. Moreover, the boys CIF high school soccer team advanced to the playoffs in the 2023-24 school year, and the girls CIF high school volleyball team advanced to the playoffs in the same year.

MSA2 continued its music program during the 2023-24 school year for the 2nd year in the school's history. During the 2022-23 school year, MSA2 launched the first music program in the history of the school. During this time, the student music ensemble received 2nd place at Stanford University Jazz Festival, and they also received 3rd place in Reno Jazz Festival. Moreover, one MSA2 student received a scholarship from Stanford University to attend the Stanford University summer jazz music program during the summer of 2023. During the 2023-24 school, the school band hosted a night at the silver screen live music concert soundtrack performance to cinema footage.

During the 2023-24 school year, MSA2 launched its first school debate team for high school students. The students participated in the Los Angeles Metropolitan Debate League where students competed in numerous competitions which required preparation related to policy debates. Numerous students and teams won prizes during tournaments, including one student winning 2nd place at a debate tournament hosted at University of Southern California (USC).

During the 2023-24 school year, MSA2 was awarded the CalHOPE grant from LACOE in order to provide additional support for MSA2 SEL development for students. MSA2 used these funds to support students in creating original cinematic content to train all students in SEL skills, including conflict mediation, restorative practices, and other overcoming obstacles.

Moreover, Think Together provides opportunities to students which includes drivers education programs for high school students, mentoring programs for middle school and high school students to work together in support of increased student outcomes. Moreover, MSA2 has continued to expand Saturday School program offerings for support student learning, small group interventions outside of regular tutoring sessions, additional learning recovery camps during winter break, Thanksgiving break, and more. Since MSA2's Think Together program is funded based upon enrollment and attendance numbers, there is no maximum capacity for student participation in these events and clubs as the program coordinators have the flexibility to hire new staff to support increased demand. Further, our programs provide field trips to students to enrich their educational experiences.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3.1: College/Career readiness programs and activities

MSA2 budgeted \$155,826 to support college/career readiness programs and activities during the 2023-24 academic year, but by the end of the school year, MSA2 will have spent all of these fiscal resources at \$155,826.

Goal 3 Action 1

Budgeted: \$155,826

Actual: \$155,826

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3.2: STEAM and GATE programs

MSA2 budgeted \$4,491 to support STEAM and GATE programs during the 2023-24 academic year, and by the end of the school year, MSA2 will have spent all of these fiscal resources at \$4,491.

Goal 3 Action 2

Budgeted: \$4,491

Actual: \$4,491

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 3.3: Digital literacy and citizenship programs

MSA2 budgeted \$128,147 to support digital literacy and citizenship programs during the 2023-24 academic year, and by the end of the school year, MSA2 will have spent nearly 100% of these fiscal resources at \$121,643. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

#### Goal 3 Action 3

Budgeted: \$128,147

Actual: \$121,643

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 3.4: Physical education, activity, and fitness

MSA2 budgeted \$229,755 to support physical education, activity, and fitness during the 2023-24 academic year, and by the end of the school year, MSA2 have spent nearly all of than these allocated fiscal resources at \$227,556. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

#### Goal 3 Action 4

Budgeted: \$229,755

Actual: \$227,556

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

#### Goal 3.5: Additional programs and activities that support well-rounded education

MSA2 budgeted \$586,284 to support additional programs and activities that support well-rounded education during the 2023-24 academic year, and by the end of the school year, MSA2 will have spent nearly all of these allocated fiscal resources at \$583,311. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

#### Goal 3 Action 5

Budgeted: \$586,284

Actual: \$583,311

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

#### Goal 3.1: College/Career readiness programs and activities

Over the 3 year LCAP cycle, MSA2's data with regard to the school's college/career readiness programs and activities, including having historically competitive rates when compared with the rates across LAUSD, LACOE, and the State indicates that the specific actions have been effective in making progress toward this goal. In particular, MSA2 has outperformed the LAUSD, LACOE, and State data across nearly every category throughout the past three most recent academic years in terms of 4 year cohort graduation rates, rates of graduates meeting UC / CSU requirements, rate of graduates earning a seal of biliteracy, and percentage of graduates earning a Golden State Seal Merit Diploma.

MSA2's success in being named a 2024 California Distinguished School highlights MSA2's effective actions in this action.

Despite the success in meeting the growth targets in math and reading on the NWEA MAP assessment across many student populations described above, the overall proficiency and advanced percentile of all students in math at MSA2 is 21.18%. This rate is an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support. Further the overall proficiency and advanced percentile of all students in reading at MSA2 is 42.52%. This rate is also an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support.

Despite the growth of 3.89% from the prior school year of MSA2's students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in math and this score being the second to highest score over the prior 5 school years, one area of improvement relates to the 25.65% rate for all students receiving proficient or advanced scores on the SBAC math. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the SBAC math proficiency rate of students.

Despite the growth of 6.85% from the prior school year of MSA2's students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in ELA and this score being the highest score over the prior 5 school years, one area of improvement relates to the 42.73% rate for all students receiving proficient or advanced scores on the SBAC ELA.

Another area of need relates to the 0.0% of EL students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 5.26% of EL students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of EL students. Despite the success related to MSA2's EL students increasing by 5.9 points in the math portion of the Spring 2023 SBAC in terms of their distance from the standard from the previous school year, an area of improvement is that EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange.

Another area of need relates to the 15.25% of SPED students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 18.64% of SPED students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of SPED students. An additional challenge is that the SPED student

results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

Another area of need relates to the 19.87% of Hispanic students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 41.25% of Hispanic students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of Hispanic students.

Despite the success of MSA2's 2022-23 CAST assessment in science increasing by 7.24% from the previous school year as well as being the highest score for the school over the previous 3 school years, an area of improvement is that 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the science proficiency rate of students.

### Goal 3.2: STEAM and GATE programs

Over this 3 the year LCAP cycle, MSA2's success with regard to the school's STEAM and GATE programs, including having historically competitive programs over multiple consecutive years in VEX EDR and VEX IQ Robotics as well as in RAD Drones by qualifying for the US National Championship multiple years in a row and qualifying for the World Championships for the RAD Drones in Spring 2020, although the Covid-19 pandemic led to the World Championship tournament being cancelled. Despite these previous successes, MSA2 has brought back VEX robotics as a club at school for middle school and high school students to prepare the students to have success during the upcoming school years and compete in tournaments again.

Further, during this 3 year LCAP cycle, MSA2 continued its music program during the 2023-24 school year for the 2nd year in the school's history. During the 2022-23 school year, MSA2 launched the first music program in the history of the school. During this time, the student music ensemble received 2nd place at Stanford University Jazz Festival, and they also received 3rd place in Reno Jazz Festival. Moreover, one MSA2 student received a scholarship from Stanford University to attend the Stanford University summer jazz music program during the summer of 2023. During the 2023-24 school, the school band hosted a night at the silver screen live music concert soundtrack performance to cinema footage.

Moreover, during the 2022-23 school year, MSA2 was selected by Kaiser Permanente to participate in the Hippocrates Circle, which aims to increase the diversity of the incoming physician population by creating a pathway program to expose young, diverse, middle school students to physician careers. MSA2 students who enrolled in the Hippocrates Circle Program had opportunities to interact with practicing physicians that may reflect their own personal experience and diverse background. Through collaboration with medical schools, physicians from Permanente Medical Group, and Kaiser Permanente Community Health sponsorship, the Hippocrates Circle Program helped MSA2 students strengthen the self-esteem of young people and empower them to pursue their goal to become a physician.

Over this 3 year LCAP cycle, MSA2 students continued to create STEAM projects for the MPS STEAM Expo as well as for the schools STEAM Festival each year. Further, MSA2 students have continued to participate in the LACOE History Day competitions where they have

qualified for significant honors, and have participated in advanced math competitions. Over the current LCAP cycle, MSA2 students have won distinctions including the Amazon Future Engineer scholarship, have been awarded College Board distinctions, and have participated in Stanford University's Pre-Collegiate College Level Online Math program where they have been able to concurrently enroll in Stanford math courses while they are still in high school.

### Goal 3.3: Digital literacy and citizenship programs

Over the past 3 years, MSA2 has continued to have an IT Manager which is shared with MSA7 60% for MSA2 and 40% for MSA7 in terms of time on campus and budget. This was a change from the previous 50% which MSA2 had for the IT Manager which provides an additional 2 full days per month on campus to support areas of need. Further, over the past 3 years, MSA2's computer teacher has provided support to students in the computer classes, including AP Java Computer. Moreover, MSA2 received an award during the 2021-22 school year from the College Board related to having a successful rate of female students passing the AP Computer exam.

### Goal 3.4: Physical education, activity, and fitness

During this LCAP cycle, MSA2's physical education and fitness programs have improved over the past 3 years due to adding more opportunities for competitive sports before and after school. In particular, MSA2 rented One Generation on 4 days per week throughout the past 3 school years to support middle school and high school soccer for boys and girls as well as for flag football. Further, we rented the Hansen Dam for high school boys and girls cross country competitions and increased our budget to support these additional activities which support wellness outside of the general academic coursework.

As was previously stated, during the 2023-24 school year, MSA2 entered its 2nd year of eligibility to participate as a full member in the California Interscholastic Federation (CIF) high school sports program. During the 2022-23 school year, the MSA2 boys varsity cross country team advanced to CIF Los Angeles City Finals. The girls varsity cross country team advanced to CIF Los Angeles City Preliminary. One student placed 3rd in boys cross country CIF Los Angeles City Finals and advanced to the 2022 CIF California State Championship meet. Additionally, MSA2's boys CIF high school soccer team advanced to the playoffs during the 2022-23 school year. Moreover, the boys and girls CIF high school volleyball teams advanced to the playoffs during the same school year.

During the 2023-24 school year, the boys CIF high school volleyball team won the Los Angeles City Championships for Division V. Further the boys CIF high school volleyball team qualified for the California State Championship tournament in 2024. Moreover, the boys CIF high school soccer team advanced to the playoffs in the 2023-24 school year, and the girls CIF high school volleyball team advanced to the playoffs in the same year.

### Goal 3.5: Additional programs and activities that support well-rounded education

Over the 3 year LCAP cycle, MSA2's additional programs and activities that support well-rounded education which have been supported with various funding sources which have been effective in supporting student learning, as demonstrated by the MAP growth across math and English during the school year for general education, SPED and EL students through the additional support of such programs. Being awarded the 2024 California Distinguished School award further emphasizes the success of these collective efforts related to this action.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

#### Goal 3.1: College/Career readiness programs and activities

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's college/career readiness programs and activities.

#### Goal 3.2: STEAM and GATE programs

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's STEAM and GATE programs. Further, MSA2 plans to spend more funds during the upcoming school year to participate in the VEX IQ and VEX EDR robotics programs as well as in the RAD Drones program which we had done during previous school years which will provide additional STEAM activities to students.

#### Goal 3.3: Digital literacy and citizenship programs

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's digital literacy and citizenship programs.

#### Goal 3.4: Physical education, activity, and fitness

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's Physical education, activity, and fitness. MSA2 will continue building upon its success in the California Interscholastic Federation (CIF) high school sports league as a full member during the upcoming school years so we plan to provide increased fiscal resources to support this growing program to help students meet their physical education and fitness goals.

#### Goal 3.5: Additional programs and activities that support well-rounded education

MSA2 will utilize additional fiscal resources during the upcoming year to continue expanding our before school program. This will provide an additional opportunity to collaborate with Think Together to provide expanded services and programs during the morning time.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other educational partners will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of School Site Council (SSC) meetings per year (Source: Local Indicator Priority 3)	2020-21: (As of 5/16/21) 4	2021-22: (As of 5/13/22) 4	This metric is not applicable because SSC has been replaced with PAC. ## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 4.1: Seeking family input for decision making

MSA2 continues to hold periodic meetings to gather input from our families, including, Parent Task Force (PTF) meetings, Community Advisory Council (CAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, and Board of Directors meetings. Along with ELAC, MSA2's committees provide for representation of at-risk students (low income, English learners, foster youth, etc.). MSA2's feedback during CAC, ELAC and other meetings provide valuable input for the LCAP. MSA2 also holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent involvement policy and school-student-parent compact. In addition, MSA2 continues to conduct parent surveys to seek feedback on school improvement.

### Goal 4.2: Building partnerships with families for student outcomes

MSA-2 holds a variety of events, meetings and committees which provide significant opportunities for parent and family involvement in our school community decision-making process. In particular, this process has been supported by our school's PACE Coordinator who hosts weekly Coffee with the Principal meetings on Fridays where topics of interest which are relevant to families are shared, including health and wellness, academic achievement, UC / CSU graduation requirements, and more. Further, MSA-2 hosts PTF, Community Advisory Council (CAC), Title I meetings, ELAC meetings with parents as members of each committee who have the ability to vote upon important plans including the School Safety Plan, LCAP, and more. During the 2022-23 school year, MSA2 launched the Community Schools Coordinator (CSC) position who began working in partnership with the PACE coordinator to provide outside resources to the school community. During the 2023-24 school year, MSA2 continued with both the CSC and PACE positions working in collaboration to support MSA2 students, families and the community. The families and parents are equal partners in the decision-making process where they are invited to share their

feedback related to school budgetary and programmatic decisions which impact the quality of the education which their children receive at MSA-2.

Moreover, MSA-2 hosts events for parents and families, including Parent Bridge educational programs which provide support related and training to parents and families in areas including technology literacy and English language development. Beyond this, parents and family members are invited to attend workshops at MSA-2 where they receive information and support related to the necessary steps which they should take to best prepare their children to be successful in college and universities. MSA-2 administration and staff provide home visits to MSA-2 families each year where families are visited to provide their perspectives and feedback related to school programs which can best support their children. Also, our PTF program includes parent members who serve as volunteers to plan events, such as school dances, and cultural festivals including the Day of the Dead event.

MSA-2 is committed to continually growing and improving as an organization in order to best support the needs of all of our students. Because we are committed to the idea that we are most effective at growing in our ability to support our students when we make decisions based on all available data, including the observations of all educational partners, we have a variety of systems in place to ensure that staff, students and families have ample opportunities to participate in school planning processes through brainstorming and revision sessions in staff meetings, committee meetings, and a variety of student leadership groups and other forums. Home office leaders, including the CEO, CAO, COO, CXO, the Director of HR, and other chiefs, directors, and coordinators have made an effort to visit our campus and discuss MPS' broader vision with the staff. Teachers report that one of the major benefits of teaching at MSA-2 is the substantial professional autonomy that teachers are afforded to plan curriculum and instruction in ways that they, as professionals, know best meet the needs of their students.

MSA-2 implements numerous strategies and processes for the regular involvement of all educational partners in the learning and teaching of all students. As effective collaboration starts with effective communication, our school community chose an effective and dependable program called ParentSquare in order to reach our whole community for our major and minor communications. The program allows our school to send out mass communications to our communities through their preferred devices and their preferred languages. In addition to sending mass messages, teachers also are able to use this platform to communicate with students and parents easily.

MSA2 utilizes funds in this area to provide ParentSquare access to all stakeholders, provide Parent Education Bridge programs, pay for the salary as well as benefits of our Parent and Community Engagement (PACE) Coordinator, and other important resources. MSA2's additional expenditures included in this action include Infinite Campus SIS fees, SchoolMint software fees, home-visit compensation for MSA2 staff who visit students' homes, parent activity/event expenses, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.

#### Goal 4.3: MTSS - PBIS and SEL support

MSA2 has continued to conduct our annually administered school experience surveys to students, parents, and staff during the Spring 2024 semester. Further, MSA2 utilized responses from last year's survey to guide our implementation of programs and services at the school site. MSA2 implements the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the

school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff analyzes survey results to identify greatest progress and needs in order to inform our next steps. We also conduct student SEL check-ins through the Kelvin platform. We share the data of concerned students across stakeholder groups which include teachers, school administration, school psychologist, grade level coordinators, and parents in order to best support students who have demonstrated an SEL area of concern.

MSA2 students continue to receive SEL instruction from the Zones of Regulation curriculum, which is taught by our Student Council leadership team in partnership with our School Psychologist, School Social Worker, and Assistant Principal of Student Services. The original student curriculum is filmed to be viewed during homeroom and Advisory each month. This process supports all students, families, staff, and other stakeholders in having access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. In addition, this process supports stakeholders in feeling a sense of community and connectedness. Additionally, MSA2 continues to partner with LACOE to provide training for our school's PBIS program which was selected to receive a Gold medal from the State of CA in 2023 for our school's PBIS program.

MSA2 uses fiscal resources from this category to receive professional development for the full school from LACOE's PBIS program. MSA2's full-time psychologist provides mental health support to MSA2 students in need as well as ongoing support to students who have IEP's. Moreover, MSA2 refers students and families to Care Solace for outside mental health support as a partner organization. MSA2 also receives support from the MPS Director of SPED Services who also provides consultation as a clinical psychologist related to mental health and SEL matters impacting students and the school community.

MSA2 continues to hold meetings with the Academic MTSS Committee along with our Assistant Principal of Academics in order to discuss strategies and interventions which are necessary to support students. Further, MSA2 provides additional academic interventions based on the MTSS Academic Committee referrals including Saturday School programs, additional small group interventions, Learning Lab course placement, ongoing monitoring of student academic achievement via online resources including IXL for math and English, myON for reading growth, Flocabulary across multiple subject areas to build capacity to answer higher order thinking skills. All such online programs are purchased with MSA2's budget to provide additional academic support resources to students, families and teachers. In addition, MSA2 monitors performance data from NWEA MAP assessment, IAB, and SBAC in order to provide targeted interventions and support related to academic performance with the MTSS Academic Committee.

#### Goal 4.4: Annual stakeholder surveys

Stakeholder voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education. MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Annual educational partner experience survey:

MPS uses the CORE DISTRICTS survey instrument developed by WestEd for the California Department of Education as our annual educational partner experience survey. The survey includes questions for school climate indicators which include the following four topics for students, families, and staff: Climate of Support for Academic Learning; Knowledge and Fairness of Discipline, Rules and Norms; Safety; Sense of Belonging (School Connectedness). As part of our MTSS efforts, school leadership, teachers, and support staff analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps. MSA2's expenditures associated with this action include Panorama Education survey fees.

#### Goal 4.5: Community outreach and partnerships

MSA2 provides various opportunities to our educational partners in the form of providing community outreach support and partnerships. Some outside partnerships of MSA2 include Care Solace which MSA2 uses to refer students and families for outside mental health support.

MSA2 partners with Insight Treatment to provide mental health counseling services and substance treatment to students in need, as well as provides training to students and parents to help educate about the dangers of substance use.

MSA2 partners with One Generation to host sporting events, practices and community events in their space.

MSA2 partners with Kaiser Permanente to give MSA2 middle school students the opportunity to participate in the Hippocrates Circle, which aims to increase the diversity of the incoming physician population by creating a pathway program to expose young, diverse, middle school students to physician careers.

MSA2 partners with Stanford University's Pre-Collegiate College Level Online Math program in order to support students in concurrently enrolling in Stanford University math courses while they are still in high school.

MSA2 partners with Think Together to run MSA2's before and after school programs on campus that provide additional enrichment and support to students.

MSA2 partners with Los Angeles Valley College and Pierce College to provide dual enrollment college courses to high school students.

MSA2 partners with the Los Angeles Metropolitan Debate League to provide students in high school with the opportunity to compete in debate tournaments with other high school students.

MSA2 partners with Los Angeles County Office of Education (LACOE) in providing the SEL CalHOPE Grant to MSA2 to develop increased opportunities for MSA2 students to receive SEL educational exposure and support.

MSA2 partners with FIYA for middle school sports as an organized manner for students to compete with other schools in the region.

MSA2 partners with California Interscholastic Federation (CIF) for high school students to participate in organized and competitive sports leagues across the region and State of California.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4.1: Seeking family input for decision making

MSA2 did not budget any funds to support seeking family input for decision making during the 2023-24 academic year.

Goal 4 Action 1

Budgeted: \$0

Actual: \$0

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4.2: Building partnerships with families for student outcomes

MSA2 budgeted \$385,241 funds to support seeking family input for decision making during the 2023-24 academic year, and by the end of the school year, MSA2 had spent nearly all of these funds at \$376,240. Despite not spending all of the budgeted resources related to this category, the projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations. MSA2 received additional support from Think Together in providing support for building partnerships with families for student outcomes which did not have a fiscal impact on MSA2 since Think Together operates their own budget. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 2

Budgeted: \$385,241

Actual: \$376,240

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4.3: MTSS - PBIS and SEL support

MSA2 budgeted \$635,239 funds to support MTSS - PBIS and SEL support during the 2023-24 academic year, and by the end of the school year, MSA2 had spent all of these funds at \$635,239. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 3

Budgeted: \$635,239

Actual: \$635,239

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4.4: Annual stakeholder surveys

MSA2 budgeted \$2,200 funds to support annual stakeholder surveys during the 2023-24 academic year, and by the end of the school year, MSA2 had spent 100% of the \$2,200 of budgeted fiscal resources. The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4 Action 4

Budgeted: \$2,200

Actual: \$2,200

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 4.5: Community outreach and partnerships

MSA2 provides various opportunities to our educational partners in the form of providing community outreach support and partnerships. MSA2 budgeted \$271,911 funds to support community outreach and partnerships during the 2023-24 academic year, and by the end of the school year, MSA2 had spent more than the budgeted amount totaling \$288,197. The \$16,286 spent above the budgeted amount for this action was related to helping provide more opportunities for students and families in the school and relates to the feedback from student, family and staff surveys requesting more programs, services and partnerships to improve the quality of the school. While the projected expenses are above the budgeted amount, all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5

Budgeted: \$271,911

Actual: \$288,197

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

#### Goal 4.1: Seeking family input for decision making

Over this 3 year LCAP cycle, MSA2 utilized a variety of different opportunities to seek family input for decision making during each of the years from 2021-22 through 2023-24. This effectiveness is evidenced in the annual stakeholder survey results which demonstrate a high level of overall satisfaction from the family respondents related to the frequent incorporation of family members as decision makers at MSA2.

#### Goal 4.2: Building partnerships with families for student outcomes

MSA2 utilized a variety of different opportunities to build partnerships with families for student outcomes over this 3 year LCAP from 2021-22 through 2023-24. This effectiveness is evidenced in the annual stakeholder survey results which demonstrate a high level of overall satisfaction from the family respondents related to the frequent incorporation of family members as decision makers at MSA2 over these 3 years. In addition, this is evidenced by the NWEA MAP student growth in math and English for the general education population as well as for SPED and EL students during the current academic year as well as the noteworthy growth in reading demonstrated through myON over this time.

Specifically, MSA2's academic performance data during the pre-Covid-19 pandemic, during the pandemic, as well as since the pandemic ended have shown continuous growth and improvement across nearly all student groups in ELA and math. In particular, MAP growth data during the last school year demonstrates target growth levels being met in ELA and math at significant rates. Further, online program usage demonstrates improvements over time in terms of the topics showing proficiency and mastery across IXL, ALEKS, myON, Flocabulary, and more. In addition, MSA2 continues to meet and exceed the recommended benchmarks for a majority of IXL goals for student usage, teacher usage, and content mastery.

As was stated previously, over the 3 year LCAP cycle, MSA2 has a tremendous amount of data which relates to this goal and action step. During this time, the Spring 2021 end of year administration of the NWEA MAP assessment shows tremendous growth across all student groups in math and reading. In particular, 63.6% of English Language Learner (ELL) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. In addition, 68.3% of Free and Reduced-price Lunch eligible (FRL) students met their subgroup growth projection in math and 66.3% met their subgroup growth projection in reading in the Spring 2021. Further, 57.9% of Special Education (SPED) students met their subgroup growth projection in math and 66% met their subgroup growth projection in reading in the Spring 2021. Moreover, 70.8% of Asian students met their subgroup growth projection in math and 62.5% met their subgroup growth projection in reading in the Spring 2021. Moreover, 66.7% of Hispanic students met their subgroup growth projection in math and 65.5% met their subgroup growth projection in reading in the Spring 2021. Finally, 87.5% of white students met their subgroup growth projection in math and 66.7% met their subgroup growth projection in reading in the Spring 2021.

During the 2022-23 academic year, MSA2 students have demonstrated success in meeting their target growth in math and reading. 65.3% of MSA2 students met their growth target on the NWEA MAP for math during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 95% for math and a Conditional Growth Index (CGI) of 1.68 in math. 69.1% of MSA2's English Learner students met their target growth on the MAP math assessment during the 2022-23 academic year. 66.6% of MSA2's free and reduced price eligible students met their target growth on the MAP math assessment during the 2022-23 academic year. 83.3% of MSA2's SPED students met

their target growth on the MAP math assessment during the 2022-23 academic year. 65.7% of MSA2's Hispanic students met their target growth on the MAP math assessment during the 2022-23 academic year.

25.65% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. This was a growth of 3.89% from the prior school year. Further, this score was the second to highest score over the prior 5 school years in which there was SBAC math data available. Specifically, 13.33% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. Moreover, 2.44% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in math.

The math portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 16.7 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 9.2 points from the prior school year in terms of their distance from the standard. The EL student results for math on the same assessment year received a color of orange and increased by 4.2 points in terms of their distance from the standard. One challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

To reiterate, 64.4% of MSA2 students met their growth target on the NWEA MAP for reading during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 96% for reading and a Conditional Growth Index (CGI) of 1.71 in reading. 75.0% of MSA2's English Learner students met their target growth on the MAP reading assessment during the 2022-23 academic year. 64.5% of MSA2's free and reduced price eligible students met their target growth on the MAP reading assessment during the 2022-23 academic year. 70.2% of MSA2's SPED students met their target growth on the MAP reading assessment during the 2022-23 academic year. 65.4% of MSA2's Hispanic students met their target growth on the MAP reading assessment during the 2022-23 academic year.

42.73% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. This was a growth of 6.85% from the prior school year. Further, this score was the highest score over the prior 5 school years in which there was SBAC ELA data available. Specifically, 21.66% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. Moreover, 0% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA.

The ELA portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15.6 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 17.4 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 10.2 points from the prior school year in terms of their distance from the standard. The SPED student results for math on the same assessment year received a color of yellow and increased by 21.8 points from the prior school year in terms of their distance from the standard. The EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange and increased by 5.9 points in terms of their distance from the standard.

During the 2022-23 school year, 22.89% of MSA2's EL students scored proficient on their ELPAC assessment. Further, MSA2 received a green color on the CA Dashboard for EL progress indicator (ELPI) with 60% of MSA2 EL students making progress toward their English proficiency during the 2022-23 school year, which was an increase in 5.1% from the prior year.

During the 2022-23 school year, 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This was an increase of 7.24% from the previous school year in which this assessment was administered, as well as the highest score for the school over the previous 3 school years of inclusion of the CAST.

During the 2022-23 school year, 97.9% of MSA2's graduating 12th graders met the UC/CSU graduation rate. Further, 100% of 12th grade students met the Magnolia Public Schools graduation requirements, with a college going rate of 90.6%. Moreover, MSA2's FAFSA completion rate for high school class of 2023 was 88%, and dual enrollment passing rate of 84%.

MSA2 received a 10 out of 10 for similar school ranking on the California Charter School Association (CCSA) Snapshot for ELA and math performance on SBAC, which included data from the 2022-23 school year.

On February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance.

According to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning "Well Developed").

MSA2 has also incorporated over the 3 year LCAP cycle relevant contemporary data sources by means of our variety of online supplemental resources which provide data related to student math, ELA, and Lexile levels across all grade levels from IXL, ALEKS, myON, Flocabulary platforms, and which is monitored by teachers and the MTSS Academic Committee to provide targeted interventions and support which include after school tutoring, Saturday School, learning lab courses, and other interventions.

Goal 4.3: MTSS - PBIS and SEL support

Over the past 3 years of the LCAP cycle, MSA2 has continued to partner with LACOE with the school's PBIS program for multiple consecutive years to provide training and support to the school related to this important practice. Further, MSA2 received its PBIS Gold

medal from the California PBIS recognition program in 2023.

Over the past 3 years of this LCAP cycle, MSA2 has continued to conduct our annually administered school experience surveys to students, parents, and staff, including the most recent survey from the Spring 2024 semester. Further, MSA2 utilized responses from last year's survey to guide our implementation of programs and services at the school site. MSA2 implements the CORE DISTRICTS Survey instrument to assess our stakeholders' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our stakeholders open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff analyzes survey results to identify greatest progress and needs in order to inform our next steps. We also conduct student SEL check-ins through the Kelvin platform. We share the data of concerned students across stakeholder groups which include teachers, school administration, school psychologist, grade level coordinators, and parents in order to best support students who have demonstrated an SEL area of concern.

Over the past 3 years, MSA2 students continue to receive SEL instruction from the Zones of Regulation curriculum, which is taught by our Student Council leadership team in partnership with our School Psychologist, School Social Worker, and Assistant Principal of Student Services. The original student curriculum is filmed to be viewed during homeroom and Advisory each month. This process supports all students, families, staff, and other stakeholders in having access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. In addition, this process supports stakeholders in feeling a sense of community and connectedness. Additionally, MSA2 continues to partner with LACOE to provide training for our school's PBIS program which was selected to receive a Gold medal from the State of CA in 2023 for our school's PBIS program.

MSA2 uses fiscal resources from this category to receive professional development for the full school from LACOE's PBIS program. Over the past 3 years of this LCAP cycle, MSA2's full-time psychologist has continued to provide mental health support to MSA2 students in need as well as ongoing support to students who have IEP's. Moreover, MSA2 has continued to refer students and families to Care Solace for outside mental health support as a partner organization. MSA2 also receives support from the MPS Director of SPED Services who also provides consultation as a clinical psychologist related to mental health and SEL matters impacting students and the school community.

During the last 3 years of this LCAP cycle, MSA2 has continued to hold meetings with the Academic MTSS Committee along with our Assistant Principal of Academics in order to discuss strategies and interventions which are necessary to support students. Further, MSA2 provides additional academic interventions based on the MTSS Academic Committee referrals including Saturday School programs, additional small group interventions, Learning Lab course placement, ongoing monitoring of student academic achievement via online resources including IXL for math and English, myON for reading growth, Flocabulary across multiple subject areas to build capacity to answer higher order thinking skills. All such online programs are purchased with MSA2's budget to provide additional academic support resources to students, families and teachers. In addition, MSA2 monitors performance data from NWEA MAP assessment, IAB, and SBAC in order to provide targeted interventions and support related to academic performance with the MTSS Academic Committee.

Goal 4.4: Annual stakeholder surveys

MSA2 has utilized the annual stakeholder survey over the past 3 years of the LCAP cycle which was effective in providing data during the 2021-22 through 2023-24 school years from various educational partners related to various topics.

Our observations on the participation rates from the 2023-24 surveys indicate a high level of engagement from stakeholders, with all three groups - students, families, and staff - achieving 100% participation in the Spring 2024 surveys. This represents a positive trend and demonstrates a strong commitment to providing feedback and contributing to our continuous improvement efforts.

Comparing to Spring 2023, we note an increase in participation rates among students (+1.8 percentage points) and families (+0.7 percentage points), while staff participation remained consistent at 100%. This indicates continued enthusiasm and involvement from our educational partners in sharing their perspectives and insights.

Overall, the high participation rates across all groups in the 2023-24 survey reflect a culture of collaboration, transparency, and accountability within our school community. It's encouraging to see such active engagement, and we value the feedback and input provided by all stakeholders as we work together to enhance our educational programs and services.

Reaching 100% participation rate was a collaborative effort. Dividing the groups between specific team members, having consistent follow up, and implementing different strategies, such as calling parents at different times of the day, assisting parents on how to complete the survey, giving incentives, and having a team of staff to follow up with parents during drop off and pick up with flyers with QR codes. These strategies helped with providing easier ways to access the survey.

There has been a noticeable decline in overall satisfaction rates across all three groups - students, families, and staff - when comparing 2023-24 survey responses with those of the 2022-23 school year. Specifically, student satisfaction decreased by 18 percentage points, family satisfaction by 8 percentage points, and staff satisfaction by 18 percentage points.

While there can be multiple factors that resulted in the lower satisfaction rates, some of these factors can be the following:

- We experienced five teacher separations during the first semester for various reasons, leading to the presence of substitute teachers in classrooms for a brief period until we could fill the positions permanently. Some of these educators had been integral members of MSA-2 for several years, and their departure initially affected student morale. The separation and vacancies have impacted both the students and the families, as well as the staff. Although most positions are now filled, establishing new relationships with students and families required a period of adjustment.
- At the beginning of this academic year, we diligently implemented specific policies such as uniforms, attendance, and tardies. While these expectations are necessary, our review of free responses reveals that students harbor varied expectations, often preferring less strict regulations.
- Concerns regarding food quality have been raised by students and families throughout the year. We have actively listened to these concerns and initiated communication with both the food vendor and the School Food Authority (SFA) management firm. While we

have developed action steps to enhance this aspect, it's important to note that implementing changes will be a gradual process. Factors like vendor preferences and necessary facility improvements require careful consideration and specific approvals, which may take some time.

These changes can be attributed, in part, to staffing transitions. The loss of five teachers, particularly those teaching middle and high school, introduced inconsistency in staffing, impacting both student classroom culture and staff dynamics. Historically, the student approval rates have been the lowest among the three groups, however we acknowledge that this is one of our priorities to increase the student approval rates and overall satisfaction. Moving forward, we are implementing targeted strategies such as enhancing student support services, fostering a positive classroom and campus environment, and providing engaging and relevant learning experiences. Additionally, we are focusing on strengthening communication channels between students, teachers, and parents to ensure that student voices are heard and valued in decision-making processes. By prioritizing these initiatives, we aim to create a more inclusive, supportive, and fulfilling educational experience for all students, ultimately leading to improved student approval rates and overall satisfaction.

We've seen significant successes and notable progress in our survey approval rates over the past year, reflecting our commitment to continuous improvement and responsiveness to stakeholder feedback.

In terms of strengths, our family surveys consistently show the highest average approval rates, reaching an impressive 90% in Spring 2024. This indicates strong engagement and satisfaction levels among our families, reflecting their trust and support in our educational programs and initiatives. We are proud of the positive relationships we have built with our families and their confidence in our school community.

While the approval rates for student surveys decreased by 13 percentage points since Spring 2023, we acknowledge this as an area for improvement. We will focus on enhancing student engagement and feedback mechanisms to better address their needs and concerns, ensuring their voices are heard and valued.

Similarly, the approval rates for staff surveys declined by 18 percentage points since Spring 2023, signaling a need for targeted efforts to boost staff morale, address concerns, and foster a positive work environment. We will prioritize staff support, professional development opportunities, and communication channels to strengthen staff engagement and satisfaction.

Moving forward, we plan to implement targeted strategies to address the decline in approval rates for student and staff surveys, such as increased communication and engagement initiatives, tailored support programs, and ongoing professional development opportunities. We remain committed to listening to our stakeholders, addressing their feedback, and striving for excellence in all aspects of our educational community.

When examining student approval rates, we observe that safety was rated the highest, whereas the sense of belonging received the lowest ranking. Delving deeper into the sense of belonging category, we found that the average approval rate stood at 50%, with the lowest approval rate recorded among 7th and 8th graders. Notably, the question "I am happy to be at this school" saw the most significant decrease in approval. This decline correlates with overall school connectedness.

One contributing factor is our school being a school of choice, where parents often wield greater influence over enrollment decisions, leaving

students feeling less empowered in their school selection. This dynamic can foster negative perceptions among students. However, looking ahead, we are committed to taking proactive measures to foster a stronger sense of inclusion and ownership among students. We will actively seek their feedback to implement initiatives that transform our school into a place they genuinely want to attend and are excited about, rather than feeling compelled to do so.

Among the families, safety was also the highest ranked category. Even though the categories had the highest favorable percentages between the three partner groups (families, students, and staff), we can see a decrease in all four categories. Looking into each question closely, we noticed that the biggest decrease in favored responses were from the following two comments: “school staff takes my concern seriously” and “school staff responds to my needs in a timely manner.” Going forward, we will conduct a thorough review and analysis of the feedback provided. Based on this analysis, the school can then develop targeted action plans or initiatives aimed at improving communication, responsiveness, and overall satisfaction among families. This may involve enhancing communication channels, implementing protocols for timely response to concerns, providing additional training or resources to staff members, and actively seeking feedback from families to ensure their needs are met effectively.

While safety emerged as the top priority for families and students, it notably ranked the lowest among staff members, marking the most significant decline. The most substantial decreases in percentage were observed in responses to prompts related to disruptive student behavior and the lack of respect shown to staff by students. These findings are concerning but understandable, given the turnover in staff throughout the school year and the presence of many new teachers in classrooms.

In response, we are committed to supporting our teachers and staff by implementing strategic measures. We will restructure our professional development initiatives to focus on enhancing classroom management techniques and fostering positive relationships with students. Additionally, we will introduce a new instructional coach position dedicated to working directly with teachers. This coach will provide targeted guidance and support to help teachers effectively manage classroom dynamics, establish mutual respect, and create a conducive learning environment for all students. These efforts aim to address the challenges identified and strengthen the overall well-being and effectiveness of our teaching staff.

We are incredibly proud of all of our areas of growth and plan on continuing to focus on taking proactive steps to repeat and build upon these successes. We are also incredibly motivated to continue to work on addressing all of the areas of concern during the upcoming school year and continue to make MSA2 a better school for all educational partners across all categories through our ongoing collaborative approach.

#### Goal 4.5: Community outreach and partnerships

Over the 3 year cycle of this LCAP, MSA2 continued to grow in its community partnerships. MSA2 provides various opportunities to our educational partners in the form of providing community outreach support and partnerships. Some outside partnerships of MSA2 include Care Solace which MSA2 uses to refer students and families for outside mental health support. MSA2’s partnership was impactful with Insight Treatment to provide mental health counseling services and substance treatment to students in need, as well as providing training to students and parents to help educate about the dangers of substance use. Moreover, MSA2’s partnership with One Generation to host sporting events, practices and community events in their space helped MSA2 sports teams have significant outcomes over the last 3 years during this LCAP cycle.

MSA2's partnership with Kaiser Permanente to give MSA2 middle school students the opportunity to participate in the Hippocrates Circle, which aims to increase the diversity of the incoming physician population by creating a pathway program to expose young, diverse, middle school students to physician careers was inspiring for students take part in during the 2022-23 school year.

MSA2's partnership with Stanford University's Pre-Collegiate College Level Online Math program helped provide new opportunities to support students in concurrently enrolling in Stanford University math courses while they are still in high school.

Over the past 3 years, MSA2 partnership with Think Together is highly valued by students and families in running MSA2's before and after school programs on campus that provide additional enrichment and support to students.

MSA2's partnership with Los Angeles Valley College and Pierce College over the past 3 years to provide dual enrollment college courses to high school students has been leading to increased student outcomes.

MSA2's new partnership with the Los Angeles Metropolitan Debate League during the 2023-24 school year provided students in high school with the opportunity to compete in debate tournaments with other high school students. Numerous MSA2 students won prizes in such tournaments, including one student who won 2nd place at a debate tournament which took place at University of Southern California.

Over the past 2 school years, MSA2 ongoing partnership with Los Angeles County Office of Education (LACOE) has been instrumental in providing the SEL CalHOPE Grant to MSA2 to develop increased opportunities for MSA2 students to receive SEL educational exposure and support.

Over the past 3 years of this LCAP, MSA2's continued partnership with FIYA for middle school sports as an organized manner for students to compete with other schools in the region has helped MSA2 students achieve their health and fitness goals.

Finally, MSA2's partnership with California Interscholastic Federation (CIF) for high school students was indispensable for students to be able to participate in the CIF organized and competitive sports leagues across the region and State of California. This partnership led to students qualifying for the California State Championship across 2 different sports and over the course of 2 different school years.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Goal 4.1: Seeking family input for decision making

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's process to seek family input for decision making.

Goal 4.2: Building partnerships with families for student outcomes

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's process to build partnerships with families for student outcomes.

Goal 4.3: MTSS - PBIS and SEL support

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward MTSS - PBIS and SEL support.

Goal 4.4: Annual stakeholder surveys

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward the annual stakeholder surveys.

Goal 4.5: Community outreach and partnerships

MSA2 plans to continue prioritizing the similar fiscal resources in the upcoming school year toward supporting the school's process to provide community outreach and partnerships.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

## Goals and Actions

### Goal(s)

#### Description:

Copy and paste verbatim from the 2023–24 LCAP.

#### Measuring and Reporting Results

## Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy 2	David Garner Principal	dgarner@magnoliapublicschools.org (818) 758-0300

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy-2 (MSA-2 Charter School), is a classroom-based charter school serving grades 6–12 with a curriculum emphasis on science, technology, engineering, arts and math (STEAM). Originally founded in 2008, MSA-2’s mission is to provide “a college preparatory educational program emphasizing STEAM in a safe environment that cultivates respect for self and others.”

MPS strives to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. We offer a comprehensive learning experience designed to serve the needs of our students through effective site-based instruction, rich hands-on learning, and foundational skills presented in ways that are relevant and inspiring for our students. MSA-2 adopted the Gates Model of providing its students with a small school environment, staffed with high quality educators and dedicated professionals whose sole purpose is to educate and prepare each child for higher education. Classroom instruction at MSA-2 is supplemented by tutoring, after-school programs, Saturday school enrichment, morning school support, and school-to-university pathways.

MSA-2 currently has 532 students in grades 6-12, and mainly draws enrollment from Van Nuys, CA, and neighboring communities. The neighborhoods that MSA-2 serves are heavily immigrant with a language other than English spoken at home. A high concentration of the families MSA-2 serves face economic challenges. MSA-2 has a diverse enrollment, including 90.2% Hispanic / Latino, 2.7% Asian / Pacific Islander, 3.8% White, 3.2% Black / African American, 93% Socioeconomically Disadvantaged, 20.3% Special Education, and 14.5% English Learner population, GATE 9.6% population. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

Magnolia Science Academy 2  
 Address: 17125 Victory Blvd., Lake Balboa, CA, 91406-5455  
 Phone: 818-758-0300  
 Email: dgarner@magnoliapublicschools.org

### Our History

Magnolia Science Academy – 2 (MSA-2) opened its doors to serve the community of Reseda in the Fall of 2008 for the grades 6th through 12th grade. In 2010, the school site moved to Lake Balboa. The school provides an academically rigorous standards-based curriculum.

### Our Mission

Magnolia Public Schools provides a college preparatory educational program emphasizing science, technology, engineering, and math (STEAM) in a safe environment that cultivates respect for self and others.

### Our Vision

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

### INNOVATION

Students have the freedom to choose how and what they learn. Individualized scheduling, early identification of learning styles, personalities, interest, and career plans support students' college and career readiness. Students experience hands-on learning through robotics, computer science, and arts to promote imagination, creativity, and invention.

### CONNECTION

School communities are integrated partnerships among the school site staff, families, students, and all other stakeholders. Connection creates a safe place for all learners and stakeholders to affirm individual strengths, celebrate character, provide academic support through mentorship and internships, promote unity and better decision making through the implementation of restorative justice practices.

### EXCELLENCE

Academic Excellence is the desire to pursue knowledge and excellence and to contribute original and provocative ideas in a learning environment, in diverse settings, and as a catalyst to future academic knowledge. We foster academic excellence through project-based learning using a constructivist approach, student portfolios, assessments of and for learning and academic discourse and argumentative writing.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

### SUCCESSSES

#### NWEA MAP Math

MSA2 students have demonstrated success in meeting their target growth in math and reading. To reiterate, 65.3% of MSA2 students met their growth target on the NWEA MAP for math during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 95% for math and a Conditional Growth Index (CGI) of 1.68 in math. 69.1% of MSA2's English Learner students met their target growth on the

MAP math assessment during the 2022-23 academic year. 66.6% of MSA2's free and reduced price eligible students met their target growth on the MAP math assessment during the 2022-23 academic year. 83.3% of MSA2's SPED students met their target growth on the MAP math assessment during the 2022-23 academic year. 65.7% of MSA2's Hispanic students met their target growth on the MAP math assessment during the 2022-23 academic year.

### SBAC Math

25.65% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. This was a growth of 3.89% from the prior school year. Further, this score was the second to highest score over the prior 5 school years in which there was SBAC math data available. Specifically, 13.33% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in math. Moreover, 2.44% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in math.

The math portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year received a color of yellow and increased by 16.7 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 9.2 points from the prior school year in terms of their distance from the standard. The EL student results for math on the same assessment year received a color of orange and increased by 4.2 points in terms of their distance from the standard. One challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

### NWEA MAP Reading

To reiterate, 64.4% of MSA2 students met their growth target on the NWEA MAP for reading during the 2022-23 academic year. Further, MSA2 had a conditional growth percentile of 96% for reading and a Conditional Growth Index (CGI) of 1.71 in reading. 75.0% of MSA2's English Learner students met their target growth on the MAP reading assessment during the 2022-23 academic year. 64.5% of MSA2's free and reduced price eligible students met their target growth on the MAP reading assessment during the 2022-23 academic year. 70.2% of MSA2's SPED students met their target growth on the MAP reading assessment during the 2022-23 academic year. 65.4% of MSA2's Hispanic students met their target growth on the MAP reading assessment during the 2022-23 academic year.

### SBAC ELA

42.73% of MSA2's students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. This was a growth of 6.85% from the prior school year. Further, this score was the highest score over the prior 5 school years in which there was SBAC ELA data available. Specifically, 21.66% of MSA2's SPED students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA. Moreover, 0% of MSA2's EL students received proficient or advanced scores on the Spring 2023 SBAC assessment in ELA.

The ELA portion of the Spring 2023 SBAC on the CA Dashboard received a color of yellow for all students and increased by 15.6 points from the prior school year in terms of their distance from the standard. The Hispanic student results for math on the same assessment year

received a color of yellow and increased by 17.4 points from the prior school year in terms of their distance from the standard. The socioeconomically disadvantaged student results for math on the same assessment year received a color of yellow and increased by 10.2 points from the prior school year in terms of their distance from the standard. The SPED student results for math on the same assessment year received a color of yellow and increased by 21.8 points from the prior school year in terms of their distance from the standard. The EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange and increased by 5.9 points in terms of their distance from the standard.

## ELPI

During the 2022-23 school year, 22.89% of MSA2's EL students scored proficient on their ELPAC assessment. Further, MSA2 received a green color on the CA Dashboard for EL progress indicator (ELPI) with 60% of MSA2 EL students making progress toward their English proficiency during the 2022-23 school year, which was an increase in 5.1% from the prior year.

## CAST

During the 2022-23 school year, 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This was an increase of 7.24% from the previous school year in which this assessment was administered, as well as the highest score for the school over the previous 3 school years of inclusion of the CAST.

## College Readiness

During the 2022-23 school year, 97.9% of MSA2's graduating 12th graders met the UC/CSU graduation rate. Further, 100% of 12th grade students met the Magnolia Public Schools graduation requirements, with a college going rate of 90.6%. Moreover, MSA2's FAFSA completion rate for high school class of 2023 was 88%, and dual enrollment passing rate of 84%.

## Similar Schools

MSA2 received a 10 out of 10 for similar school ranking on the California Charter School Association (CCSA) Snapshot for ELA and math performance on SBAC, which included data from the 2022-23 school year.

## CA Distinguished Schools

On February 29, 2024, Magnolia Science Academy-2 was included among the California Department of Education's (CDE) 2024 Distinguished Schools. State Superintendent of Public Instruction Tony Thurmond announced recently that 293 middle schools and high schools throughout California were selected for the prestigious award that recognizes schools for closing the achievement gap and demonstrating exceptional student performance.

According to the CDE, schools are selected by data reported the previous school year through the CDE Dashboard, and must show academic achievement growth and excellence, while also cultivating a positive school climate. California Assessment of Student Performance and Progress (CAASPP) student data for 2022-23 showed that MSA -2 made significant strides toward closing the achievement

gap for underserved student populations, including English Language Learners, newcomers, and students on the federal Free and Reduced lunch program. The school demonstrated a 6.85% increase compared to the Los Angeles Unified School District (LAUSD) (-0.53%), and L.A. County office of Education (LACOE) (-0.02%).

In addition, Summative English Language Proficiency Assessments for California (Summative ELPAC) for 2022-23 showed that MPS students who are emerging multilingual learners achieve proficiency toward reclassification by consistently reaching a Level 4 (the highest level, meaning “Well Developed”).

## CHALLENGES

### All Students Proficient / Advanced Rates - NWEA MAP ELA and Math

Despite the success in meeting the growth targets in math and reading on the NWEA MAP assessment across many student populations described above, the overall proficiency and advanced percentile of all students in math at MSA2 is 21.18%. This rate is an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support. Further the overall proficiency and advanced percentile of all students in reading at MSA2 is 42.52%. This rate is also an area of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support.

### All Students Proficient / Advanced Rates - SBAC Math

Despite the growth of 3.89% from the prior school year of MSA2’s students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in math and this score being the second to highest score over the prior 5 school years, one area of improvement relates to the 25.65% rate for all students receiving proficient or advanced scores on the SBAC math. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the SBAC math proficiency rate of students.

### All Students Proficient / Advanced Rates - SBAC ELA

Despite the growth of 6.85% from the prior school year of MSA2’s students receiving proficient or advanced scores on the Spring 2023 SBAC assessment in ELA and this score being the highest score over the prior 5 school years, one area of improvement relates to the 42.73% rate for all students receiving proficient or advanced scores on the SBAC ELA.

### EL Student Proficient / Advanced Rates - ELA and Math

Another area of need relates to the 0.0% of EL students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 5.26% of EL students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional

support to improve the math and reading proficiency rate of EL students. Despite the success related to MSA2's EL students increasing by 5.9 points in the math portion of the Spring 2023 SBAC in terms of their distance from the standard from the previous school year, an area of improvement is that EL student results for the math portion of the Spring 2023 SBAC on the CA Dashboard received a color of orange.

#### SPED Student Proficient / Advanced Rates - ELA and Math

Another area of need relates to the 15.25% of SPED students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 18.64% of SPED students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of SPED students. An additional challenge is that the SPED student results for math on the Spring 2023 SBAC on the CA Dashboard received a color of red and decreased by 6.8 points in terms of their distance from the standard.

#### Hispanic Student Proficient / Advanced Rates - ELA and Math

Another area of need relates to the 19.87% of Hispanic students who are proficient or advanced in math as measured by the 2022-23 NWEA MAP assessment. Further, 41.25% of Hispanic students who are proficient or advanced in reading as measured by the 2022-23 NWEA MAP assessment. These rates also show areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the math and reading proficiency rate of Hispanic students.

#### Proficient / Advanced Rates - CAST

Despite the success of MSA2's 2022-23 CAST assessment in science increasing by 7.24% from the previous school year as well as being the highest score for the school over the previous 3 school years, an area of improvement is that 24% of MSA2 students met or exceeded the standards on the CAST assessment in science. This rate shows areas of need which MSA2 needs to continue to improve upon as a school with targeted interventions and additional support to improve the science proficiency rate of students.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	<p>In order to engage parents as educational partners, MSA2 takes the following steps and includes the following systems/structures:</p> <p>In order to promote learning and provide a more positive learning experience for our students, MSA-2 has established a culture of gathering input from parents through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, parents are invited to be involved in the process of school review and improvement including the development of our annual LCAP.</p> <p>Information/input sessions which include parents include Parent Task Force (PTF) meetings, Community Advisory Council (CAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings. Parents on MSA2’s PTF and ELAC also serve as our Community Advisory Council (CAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our CAC and ELAC provide valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input &amp; feedback from parents.</p> <p>The Charter School has an approved charter petition with measurable</p>

Educational Partner(s)	Process for Engagement
	<p>student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.</p> <p>The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include monthly PTF meetings, monthly CAC meetings, quarterly ELAC meetings, numerous parent activities/events including weekly Coffee with the Principal meetings on Fridays other meetings. The school conducted a family experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement.</p> <p>A majority of our parent stakeholders participated in this survey. The Charter School staff make home visits to 25% of students' homes each year and seek feedback from the parents for school improvement. During the return from distance learning to in-person learning which took place from August 2021 through June 2022, MSA2 took numerous steps to maintain and support the engagement and reintegration of students and all educational partners. In particular, MSA2 added numerous full-time staff positions to the school, including hiring: 1 additional SPED teacher / Education Specialist; 2 additional SPED paraprofessionals; 1 additional security staff; 1 additional custodian; 2 additional discipline administrative assistants / discipline coordinators; 1 full time substitute teacher; and 1 additional academic administrative assistant. These support resources were provided to the school as the students returned to in-person instruction as a manner to increase student engagement in learning, reduce learning loss, support school safety, and facilitate the administration of intervention programs, as these staff members provided ongoing support to students and families. These positions have stayed with MSA2 each of the past 3 years during this LCAP cycle.</p> <p>In addition, we continued to hold weekly Coffee with the Principal</p>

Educational Partner(s)	Process for Engagement
	<p>meetings on Fridays to provide parents with an opportunity to share their feedback with the school related to their children, as well as to share important information with families. We also continued to hold ELAC, CAC, and PTF meetings during this school year where priorities are discussed and voted upon for approval and support by members from various stakeholder groups. In addition, we created and distributed a monthly newsletter which held important information and also provided the community with student journalist work.</p> <p>MSA2 incorporates numerous manners to solicit feedback from our various stakeholder groups, including parents/guardians, staff, and students, in order to seek input related to the setting of priorities, including the allocation of funding to achieve these desired outcomes. Amongst these means are the below:</p> <ul style="list-style-type: none"> <li>• Monthly Title I Staff meetings with ELA and math interventionists</li> <li>• Weekly Coffee with the Principal meetings</li> <li>• ELAC meetings</li> <li>• PTF meetings</li> <li>• Community Advisory Council (CAC) meetings</li> <li>• Title I meetings</li> <li>• Weekly Saturday School</li> </ul> <p>In addition, MSA2 utilizes the following tools to disseminate information to stakeholders:</p> <p>ParentSquare                  Monthly newsletter                  School website                  Email                  Phone calls / voice message                  Social media                  Google Classroom                  Illuminate                  Google Forms                  Panorama Education - survey</p>

SELPA	<p>MPS Home office staff and MSA2 school administrators attend meetings led by SELPA as well as trainings. Further, SELPA is required to review and provide feedback to various submissions related to SPED students and more. As such, SELPA feedback is required to be incorporated into all official plans and submissions, where applicable, prior to finalizing and publishing public reports and official accountability documents related to MSA2 each year.</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

In order to promote learning and provide a more positive learning experience for our students, MSA-2 has established a culture of gathering input from parents, students, staff, community members, and other stakeholders through multiple channels including meetings, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all stakeholders are invited to be

involved in the process of school review and improvement including the development of our annual LCAP.

Information/input sessions include Parent Task Force (PTF) meetings, Community Advisory Council (CAC) meetings, English Learner Advisory Committee (ELAC) meetings, Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, and staff meetings. Parents on MSA2's PTF and ELAC also serve as our Community Advisory Council (CAC) for LCAP. Along with ELAC, such committees provide for representation of students in need (low income, English learners, foster youth, etc.) Feedback from our CAC and ELAC provide valuable input for the new LCAP. In addition, the Charter School conducts surveys for parents, students, and staff, and the Charter School staff make home visits. These all serve as a way to inform, educate, and gather input & feedback from all critical stakeholders.

The Charter School has an approved charter petition with measurable student outcomes and methods to assess student progress and a WASC action plan for continuous school improvement. Therefore, LCAP is received by our community as a comprehensive planning tool that draws from all other school plans and addresses the state priorities and locally identified priorities.

The Charter School has held its periodical meetings this year to gather input from our stakeholders. These include monthly PTF meetings, monthly CAC meetings, quarterly ELAC meetings, numerous parent activities/events including weekly Coffee with the Principal meetings on Fridays, weekly staff meetings, and other stakeholder meetings. The school conducted a family, staff, and student experience survey with specific questions on the sense of safety and school connectedness, school culture and climate, and other areas of school improvement.

A majority of our stakeholders participated in this survey. The Charter School staff make home visits to 25% of students' homes each year and seek feedback from the parents for school improvement. During the return from distance learning to in-person learning which took place from August 2021 through June 2022, MSA2 took numerous steps to maintain and support the engagement and reintegration of students and all educational partners. In particular, MSA2 added numerous full-time staff positions to the school, including hiring: 1 additional SPED teacher / Education Specialist; 2 additional SPED paraprofessionals; 1 additional security staff; 1 additional custodian; 2 additional discipline administrative assistants / discipline coordinators; 1 full time substitute teacher; and 1 additional academic administrative assistant. These support resources were provided to the school as the students returned to in-person instruction as a manner to increase student engagement in learning, reduce learning loss, support school safety, and facilitate the administration of intervention programs, as these staff members provided ongoing support to students and families. These positions have stayed with MSA2 each of the past 3 years during this LCAP cycle.

In addition, we continued to hold weekly Coffee with the Principal meetings on Fridays to provide parents with an opportunity to share their feedback with the school related to their children, as well as to share important information with families. We also continued to hold ELAC, CAC, and PTF meetings during this school year where priorities are discussed and voted upon for approval and support by members from various stakeholder groups. In addition, we created and distributed a monthly newsletter which held important information and also provided the community with student journalist work.

MSA2 incorporates numerous manners to solicit feedback from our various stakeholder groups, including parents/guardians, staff, and students, in order to seek input related to the setting of priorities, including the allocation of funding to achieve these desired outcomes. Amongst these means are the below:

- Weekly Full Staff PD meetings

- Monthly Grade Level meetings
- Monthly SPED meetings
- Weekly Admin meetings
- Monthly MTSS SEL Committee meetings
- Monthly PBIS Committee meetings
- Monthly Student Council meetings
- Monthly MTSS Academic Committee meetings
- Weekly Leadership meetings with central office
- Monthly Title I Staff meetings with ELA and math interventionists
- Monthly Office Staff meetings
- Weekly Coffee with the Principal meetings
- Monthly Academic Administrator meetings with central office
- Monthly Student Services Administrator meetings with central office
- Monthly Principal meetings with central office
- Monthly Department meetings
- Monthly Dual Enrollment / College Programs meetings
- ELAC meetings
- PTF meetings
- Community Advisory Council (CAC) meetings
- Title I meetings
- Weekly Saturday School

In addition, MSA2 utilizes the following tools to disseminate information to stakeholders:

ParentSquare  
Monthly newsletter  
School website  
Email  
Phone calls / voice message  
Social media  
Google Classroom  
Illuminate  
Google Forms  
Panorama Education - survey  
Home visits

- --

**SUGGESTIONS:**

Below are the suggestions for improvement that emerged from each survey type (student, family, staff) based on the provided responses:

Student Suggestions:

- Improved Food Quality
- Dress Code Flexibility
- Enhanced Facilities and Resources
- More Engaging and Effective Teaching

Family Suggestions:

- More Student Activities/Engagement Opportunities
- Better Student Supervision
- Enforce Consequences for Uniform Violations
- Address Bullying Incidents and Promote Kindness
- Reduce Reliance on Substitute Teachers
- Improve Main Office Communication and Cell Phone Usage Policies

Staff Suggestions:

- Improve Facilities and Resources
- Enhance School Culture and Cultural Awareness
- Ensure Equity and Consistency in Rule Adherence
- Enhance School-Wide Communication
- Provide Targeted Support for English Learners
- Reduce Class Sizes
- Manage Cell Phone Use for Better Learning Environments
- Revise Behavior Intervention Systems
- Offer Professional Development and Diversity Training

Patterns and Areas Needing Attention:

A common theme across all survey types is the desire for a more engaging and supportive learning environment. Facilities improvement, cultural awareness, equity, and effective communication are recurring themes across family and staff suggestions. Student suggestions primarily focus on food quality, dress code flexibility, facilities, and teaching methods. Areas needing close attention include addressing bullying, improving main office communication, reducing substitute teacher reliance, and enhancing behavior intervention systems. Gaps may exist in the areas of student supervision during lunch, enforcement of uniform policies, and technology usage policies. Overall, addressing these suggestions and areas of improvement would require a comprehensive approach that involves collaboration

among students, families, staff, and school leadership to create a positive and effective learning environment for everyone.

- --

#### NEXT STEPS:

While school culture, facilities, and communication were consistently emphasized across various responses, we will have an action plan to address the mentioned concerns:

Develop a designated assembly area for events like PBIS events and grade-level recognitions.

Collaborate closely with the student council to organize diverse events during and after school hours.

Enhance the PBIS reward system and RAD shop offerings by incorporating items that align with student interests, gathered through direct feedback.

Expand uniform options with varying materials and styles to provide students with more choices.

Partner with a vendor to offer branded merchandise such as Mustang hats, sweaters, and backpacks for purchase.

Enhance shading in the lunch area to create a more inviting and comfortable space for meals and breaks.

Introduce programs, workshops, and assemblies focusing on crucial topics like bullying prevention, cultural awareness, and drug prevention.

Establish a dedicated space serving as a staff and community hub.

Evaluate and refine communication protocols to ensure clear and accessible communication between the school and families.

Revise the bell schedule and supervision plans to enhance support and supervision during nutrition and lunch periods.

Incorporate more team-building activities to foster a stronger sense of community and collaboration.

Restructure professional development opportunities to assist teachers in improving classroom management and creating engaging and culturally relevant lessons.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 72.5%			2024-25: > 85%	
1.2	Percentage of students without access to their	2023-24: 0%			2026-27: 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0			2026-27: 0	
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 78%			2026-27: (Fall 2025 to Fall 2026) >= 80%	
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 93.4%			2026-27: >= 95.0%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	<p>Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.</p> <p>Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$29,750.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students.	\$484,606.88	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.</p> <p>Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Technology: Resource: Title IV, Part A ESEA (ESSA); Amount: \$22,909</li> </ul>		
1.3	Clean and safe facilities that support learning	<p>Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management</p>	\$2,320,739.51	No

Action #	Title	Description	Total Funds	Contributing
		<p>procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.</p> <p>Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), and insurance costs (workers compensation, CharterSAFE, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
1.4	Healthy and nutritious meals	<p>Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.</p> <p>Expenditures associated with this action include the following: student meals, water, and refreshments.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$34,000.00	Yes
1.5	Well-orchestrated Home Office support services	<p>The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic</p>	\$1,286,316.25	No

Action #	Title	Description	Total Funds	Contributing
		<p>achievement and growth, operational effectiveness, and financial sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.</p> <p>Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&amp;C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Portrait of a Graduate,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%			2026-27: 100%

# Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	\$1,951,053.76	No

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
2.2	Professional development for high-quality instruction	<p>Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.</p> <p>Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Professional development - other expenses: Resource: Title II; Amount: \$25,500</li> <li>• Professional development - other expenses: Resource: Title IV, Part A ESEA (ESSA); Amount: \$4,500</li> </ul>	\$114,500.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	MTSS - Academic enrichment, intervention, and student support	<p>Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)</p> <p>Expenditures associated with this action include the following: Dean of Academics salary and benefits, Title-I coordinator salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Abre data visualization software fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, ALEKS, IXL, Standards Plus, Quizizz, Padlet, BrainPOP, NextGenMath, Grammarly, Flocabulary, Nearpod, Newsela, and myON.)</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Professional Services: Resource: Title I; Amount: \$14,500</li> <li>• Educational Software: Resource: Title IV, Part A ESEA (ESSA); Amount: \$6,180</li> <li>• Educational Software: Resource: Title I; Amount: \$45,444</li> <li>• Intervention Teacher &amp; Cert. Admin salary and benefits: Resource: Title I; Amount: \$108,395.47</li> </ul>	\$963,741.31	Yes

Action #	Title	Description	Total Funds	Contributing
2.4	Designated and integrated ELD programs and support for ELs	<p>Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.</p> <p>Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend, EL instructional aide salary and benefits, and Rosetta Stone program fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Professional Services: Resource: Title I; Amount: \$1,000</li> </ul>	\$1,000.00	Yes
2.5	Support for students with disabilities	Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide	\$1,112,802.43	No

Action #	Title	Description	Total Funds	Contributing
		<p>assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.</p> <p>Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 14%			2026-27: >= 10%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 100%			2026-27: ≥ 90%	
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 99%			2026-27: ≥ 80%	
3.4	Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)	2022-23: (2023 Dashboard) 81.6%			2025-26: (2026 Dashboard) ≥ 55.0%	
3.5	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-ELA/Literacy assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 74.47%			2025-26: ≥ 55.00%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.6	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-Mathematics assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 51.06%			2025-26: ≥ 35.00%	
3.7	Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board)	2022-23: 84.6%			2025-26: ≥ 55.0%	
3.8	Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board)	2022-23: 17.0%			2025-26: ≥ 55.0%	
3.9	Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS)	2022-23: (2023 Dashboard) 59.2%			2025-26: (2026 Dashboard) ≥ 35.0%	
3.10	Percentage of cohort graduates who have successfully completed	2022-23 (CDE DataQuest): 91.8%			2025-26: (2026 Dashboard) ≥ 90.0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS)					
3.11	Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%			2025-26: (2026 Dashboard) >= 10.0%	
3.12	Percentage of cohort graduates who have successfully completed both types of courses: courses that satisfy the requirements for entrance to the UC/CSU and courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%			2025-26: (2026 Dashboard) >= 10.0%	
3.13	Percentage of cohort graduates who have earned a Seal of	2022-23 (CDE DataQuest): 2.1%			2025-26: (CDE DataQuest) >= 20.0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	Biliteracy (Source: CDE DataQuest, CALPADS)					
3.14	Percentage of cohort graduates who have earned a Golden State Seal Merit Diploma (Source: CDE DataQuest, CALPADS)	2022-23 (CDE DataQuest): 55.3%			2025-26: (CDE DataQuest) ≥ 30.0%	
3.15	Percentage of cohort graduates who have earned an Advanced or Honors MPS Diploma (Source: SIS)	2023-24: 47.7%			2026-27: ≥ 50.0%	
3.16	Percentage of high school completers who have been accepted to a 4-year or 2-year college (Source: Naviance)	2023-24: 100%			2026-27: ≥ 90%	
3.17	Percentage of high school completers who have been accepted to a 4-year college (Source: Naviance)	2023-24: 82%			2026-27: ≥ 60%	
3.18	College-Going Rate (Source: CDE DataQuest)	Class of 2021: 51.2%			Class of 2024: ≥ 60%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	<p>Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies.</p> <p>Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities.</p> <p>The following expenditures will be funded by federal Title funds: Educational Software: 3010 Title I: \$500</p>	\$155,196.82	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEM and GATE programs	<p>Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.</p> <p>Expenditures associated with this action include the following: supplemental STEM program fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Educational Software: Resource: Title I; Amount: \$2,000</li> <li>• Educational Software: Resource: Title IV, Part A ESEA (ESSA); Amount: \$2,490</li> </ul>	\$4,490.00	Yes
3.3	Digital literacy and citizenship programs	<p>Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their</p>	\$116,828.92	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.</p> <p>Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
3.4	Physical education, activity, and fitness	<p>Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.</p>	\$238,321.70	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
3.5	Additional programs and activities that support well-rounded education	<p>To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$615,391.13	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

### State Priorities addressed by this goal.

- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)	2023-24: 8			2026-27: >= 8	
4.2	Number of English Learner Advisory Committee (ELAC)	2023-24: 4			2026-27: >= 4

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	<p>Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.</p> <p>Expenditures associated with this action include the following: parent meeting expenses, technology.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$275.00	Yes
4.2	Building relationships and partnerships with families for student outcomes	<p>Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators</p>	\$373,958.20	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.</p> <p>Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Professional Services: Resource: Title I; Amount: \$17,500</li> <li>• Teacher Salary and Benefits: Resource: Title I; Amount: \$12,105</li> </ul>		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as	\$897,212.38	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Non-Instructional Student Supplies: Resource: Title III (Imm. Ed.); Amount: \$2,866</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>• Instructional Materials and Supplies: Resource: Title I; Amount: \$3,738</li> <li>• Salary and benefits: Resource: Title I, Part A; Amount: \$44,954</li> </ul>		
4.4	Annual educational partner surveys	<p>Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Panorama Education survey fees.</p> <p>The following expenditures will be funded by federal Title funds: 5800 Professional Services - 3010 Title I: \$2,200</p>	\$2,200.00	Yes
4.5	Community outreach and partnerships	<p>Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.</p>	\$365,542.89	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
\$2,270,993	\$162,442

## Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
27.593%	11.916%	\$581,958.47	39.509%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	<p><b>Action:</b> Healthy and nutritious meals</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There</p>	MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>is a need to provide all our students with healthy and nutritious meals.</p> <p><b>Scope:</b> LEA-wide</p>	<p>consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary</p>	<ul style="list-style-type: none"> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	<p><b>Action:</b> Professional development for high-quality instruction</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)</li> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded</li> </ul>

			<ul style="list-style-type: none"> <li>Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> </ul>
2.3	<p><b>Action:</b> MTSS - Academic enrichment, intervention, and student support</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion.</p>	<p>Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention.</p> <p><b>Scope:</b> LEA-wide</p>	<p>(reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.</p>	<p>TeachBoost/SchoolMint Grow)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading</li> </ul>

<p><b>2.4</b></p>	<p><b>Action:</b> Designated and integrated ELD programs and support for ELs</p> <p><b>Need:</b></p>	<p>Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD</p>	<p>Goal 2: For all students, but particularly for the EL and LTEL student groups:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction.</p> <p><b>Scope:</b> LEA-wide</p>	<p>instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated</p>	<ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring</li> </ul>

<p><b>3.2</b></p>	<p><b>Action:</b> STEM and GATE programs</p> <p><b>Need:</b> Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>• Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students who have created or demonstrated a STEAM focused</li> </ul>

		<p>through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.</p>	<p>project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)</p>
<p><b>3.3</b></p>	<p><b>Action:</b> Digital literacy and citizenship programs</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.</p>	<p>With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> </ul>

	<p><b>Scope:</b> LEA-wide</p>	<p>model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.</p>	
<p><b>3.4</b></p>	<p><b>Action:</b> Physical education, activity, and fitness</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically.</p> <p><b>Scope:</b></p>	<p>MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>School experience survey "overall</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	<p><b>Action:</b> Additional programs and activities that support well-rounded education</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem</p>	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the</li> </ul>

4.1	<b>Action:</b> Seeking family input for decision-making	Considering the needs of our unduplicated students and their families, Charter School will	Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making.</p> <p><b>Scope:</b> LEA-wide</p>	<p>hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for</p>	<ul style="list-style-type: none"> <li>• Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.</p>	<p>6, Panorama Education)</p> <ul style="list-style-type: none"> <li>School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>
<p><b>4.2</b></p>	<p><b>Action:</b> Building relationships and partnerships with families for student outcomes</p> <p><b>Need:</b> Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the</p>	<p>In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Number of activities/events for parent involvement per year (Source:</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs.</p> <p><b>Scope:</b> LEA-wide</p>	<p>visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student</p>	<p>Local Indicator Priority 3)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS)</li> <li>• Average Daily Attendance (ADA) Rate (Source: SIS)</li> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• Middle School Dropout Rate (Source: CALPADS)</li> <li>• High School Dropout Rate (Source: CDE DataQuest, CALPADS)</li> <li>• Graduation Rate (Source: CALPADS, CA School Dashboard)</li> <li>• Student Suspension Rate (Source: CA</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
4.4	<p><b>Action:</b> Annual educational partner surveys</p> <p><b>Need:</b> It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education.</p>	<p>Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the</p>	<p>Goal 4:</p> <ul style="list-style-type: none"> <li>• School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)</li> <li>• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-2 will utilize the concentration grant add-on funds (\$162,442) in the following manner:

MSA-2 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

##### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

##### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

##### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

##### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on **Dashboard data or other locally collected data.**
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> <li>● Enter the metric number.</li> </ul>
Metric
<ul style="list-style-type: none"> <li>● Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.</li> </ul>
Baseline
<ul style="list-style-type: none"> <li>● Enter the baseline when completing the LCAP for 2024–25.                             <ul style="list-style-type: none"> <li>○ Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).</li> <li>○ Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.</li> <li>○ Indicate the school year to which the baseline data applies.</li> <li>○ The baseline data must remain unchanged throughout the three-year LCAP.                                     <ul style="list-style-type: none"> <li>▪ This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain</li> </ul> </li> </ul> </li> </ul>

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the **“Measuring and Reporting Results”** part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

### A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

### A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

### **Actions:**

Complete the table as follows. Add additional rows as necessary.

#### Action #

- Enter the action number.

#### Title

- Provide a short title for the action. This title will also appear in the action tables.

#### Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar**

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year**

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education  
November 2023

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-3

CDS Code: 19-10199-0115030

School Year: 2024-25

LEA contact information:

Zekeriya Ocel

Principal

zocel@magnoliapublicschools.org

(310) 637-3806

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Magnolia Science Academy-3 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-3 is \$7,071,511, of which \$5,345,869 is Local Control Funding Formula (LCFF), \$1,410,983 is other state funds, \$33,068 is local funds, and \$281,591 is federal funds. Of the \$5,345,869 in LCFF Funds, \$1,032,197 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

## LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Magnolia Science Academy-3 plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-3 plans to spend \$6,988,201.58 for the 2024-25 school year. Of that amount, \$6,988,201.58 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

### Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Magnolia Science Academy-3 is projecting it will receive \$1,032,197 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-3 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-3 plans to spend \$1,546,695.37 towards meeting this requirement, as described in the LCAP.

## LCFF Budget Overview for Parents

### Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Magnolia Science Academy-3 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-3 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Magnolia Science Academy-3's LCAP budgeted \$1,562,353.28 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-3 actually spent \$1,287,489.44 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-274,863.8,400,000,001 had the following impact on Magnolia Science Academy-3's ability to increase or improve services for high needs students:

Even though, the total actual expenditures for actions and services to increase or improve services for high needs students in 2023-24 is less than the total budgeted expenditures for those planned actions and services, the difference did not impact the actions and services and the overall increased or improved services for high needs students in 2023-24. For those actions and services, Magnolia Science Academy 3 used state, federal, and local funds including, but not limited to CIF, Lottery - Non-Prop 2, EPA, ELOP (Expanded Learning Opportunities Program), Title I, ESSER III, ESSER III - Learning Loss, ELO - Learning Loss, ESSER III Summer Grant, Title II, Title IV - Part A, Title III - LEP, ARP HCY II, ASES, Educator Effectiveness Block Grant, California Community Schools Partnership, AB 602, Arts & Music Block Grant, Community Engagement Initiative Grant, A-G Access/Success Grant, A-G Learning Loss Mitigation Grant, MTSS, and Fundraising.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-3	Zekeriya Ocel Principal	zocel@magnoliapublicschools.org (310) 637-3806

# Goals and Actions

## Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

## Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 3	2023-24: 0
Percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)	2020-21: 0%	2021-22: 0%	2022-23: 0%	2023-24: 0%	2023-24: 0%
Number of identified instances where facilities do not meet the “good repair”	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 0	2022-23: 0

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)					
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 83.0%	2021-22: (Spring 2021 to Fall 2021) 82%	2022-23: (Fall 2021 to Fall 2022) 68%  This metric has been updated to measure from fall to fall.	2023-24: (Fall 2022 to Fall 2023) 74%	2023-24: (Fall 2022 to Fall 2023) 85.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 98.5%	2021-22: (As of 5/12/22) 95.8%	2022-23: (As of 5/12/23) 93.8%	2023-24: (As of 12/15/23) 93.7%	2023-24: 96.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

MSA-3's teacher retention rate has improved by approximately 6% from the previous year (2022-2023). However, it remains significantly lower than the rates in the 2021-2022 and 2020-2021 school years. One of our main challenges is finding qualified teachers. Consequently, we have increasingly relied on teachers with permits or waivers. These teachers require additional training and support to prevent burnout, which, in turn, demands more administrative time for coaching and support.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1  
Budgeted: \$25,970  
Actual: \$25,970

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 2

Budgeted: \$527,813

Actual: \$529,283

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 3

Budgeted: \$589,897

Actual: \$601,367

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 4

Budgeted: \$18,020

Actual: \$18,020

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 1 Action 5

Budgeted: \$934,229

Actual: \$934,229

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Misassignments and Teacher Vacancies: Despite having no misassignments or vacant teacher positions in the first three years, the 2023-24 year saw 3 instances. This deviation indicates a need for further attention in ensuring fully credentialed teachers are available.

Access to Instructional Materials: This goal was consistently met with 0% of students without access to instructional materials throughout all years, including the target for 2023-24.

Facilities Maintenance: The goal of maintaining facilities to meet the "good repair" standard was successfully achieved with no instances reported across all years.

Teacher Retention Rate: There was a noticeable decline in teacher retention from 83% in 2020-21 to 68% in 2022-23, with a slight improvement to 74% in 2023-24, still below the target of 85%. This suggests challenges in retaining qualified teachers.

Teacher Attendance Rate: The attendance rate declined from 98.5% in 2020-21 to 93.7% in 2023-24, not meeting the target of 96%.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

MSA-3 will address the misassignments and teacher vacancies by enhancing recruitment strategies.

MSA-3 will implement measures to improve teacher retention and attendance, possibly through additional support and professional development to reduce burnout.

MSA-3 will continue the success in providing students with access to instructional materials and maintaining facilities in good repair.

The analysis reveals that while Magnolia Science Academy-3 met several targets related to providing high-quality learning environments, there are areas, particularly in teacher retention and attendance, that require focused efforts to improve. The consistent achievement in providing instructional materials and maintaining facilities demonstrates strong foundational support for academic success. The deviations in misassignments and vacancies in the latest year call for strategic adjustments to ensure all educational staff meet the required credentials

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest (Source: Local Indicator Priority 7, SIS)	2020-21: 85%	2021-22: (As of 5/13/22) 90%	2022-23: (As of 5/12/23) 80%	2023-24: (As of 5/24/24) 85%	2023-24: 100%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

MSA-3 effectively supported student groups in Math and ELA. We strategically assigned teachers to support all students, with a focus on those with IEPs and English Language Learners. Initial test results indicate promising improvements in both Math and ELA.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

### Goal 2 Action 1

Budgeted: \$1,826,594

Actual: \$1,819,164

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

### Goal 2 Action 2

Budgeted: \$47,183

Actual: \$47,183

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 3

Budgeted: \$701,622

Actual: \$658,234

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 4

Budgeted: \$122,288

Actual: \$122,288

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 2 Action 5

Budgeted: \$815,927

Actual: \$782,747

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Effectiveness of Specific Actions

Percentage of programs and services provided to students:

Analysis: The effectiveness of this action showed variability, with a drop in Year 2 but a recovery in Year 3. While there was an increase initially, the drop indicates some challenges in maintaining consistent program delivery, possibly due to changes in student needs or interest.

Percentage of students with access to programs and services for unduplicated students and individuals with exceptional needs:

Analysis: This action was highly effective, maintaining full access across the three years, indicating strong support and consistency for students with unique needs.

State standards implementation for all students:

Analysis: This action was effective in ensuring all students received instruction aligned with state standards, reflecting strong adherence to educational guidelines.

Completion of classroom observations by administration:

Analysis: The effectiveness was mixed, with significant improvement from Year 1 to Year 2 but a decline in Year 3. This indicates variability in administrative capacity or focus on classroom monitoring.

Percentage of students receiving a grade of "C" or better:

Analysis: This action was effective as the percentage consistently hovered around the desired outcome, showing stable academic performance.

Average Lexile Growth:

Analysis: The decline in Lexile growth led to retiring the metric in favor of a potentially more accurate measure, indicating the original action was less effective.

Percentage of students meeting or exceeding standard on CAASPP-ELA/Literacy:

Analysis: Initial improvements were noted, but overall performance showed variability, suggesting partial effectiveness with room for targeted interventions.

Distance from Standard on CAASPP-ELA/Literacy:

Analysis: Gradual improvements were noted, reflecting moderate effectiveness in closing the achievement gap.

Summary of Effectiveness

Overall, the actions taken under Goal #2 showed varying degrees of effectiveness. Programs and services for unduplicated students and adherence to state standards were consistently effective. However, classroom observations and Lexile growth exhibited fluctuations, indicating areas needing further support and refinement. Academic performance, as measured by grades and standardized tests, showed stability but highlighted the need for ongoing targeted interventions to achieve desired outcomes fully.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Recommendations for Improvement

Enhance administrative support for classroom observations to ensure consistent monitoring and feedback.

Develop new metrics for assessing literacy growth that more accurately reflect student progress.

Continue targeted academic support programs to maintain and improve student performance on standardized tests and grade achievements.

The analysis highlights the areas of success and the need for continued focus on refining and enhancing specific actions to achieve excellence in academic progress fully.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

We have transitioned from AP classes to dual enrollment courses to alleviate testing stress on students. Historically, our students found AP tests challenging and stressful. Dual enrollment offers more opportunities by eliminating testing anxiety. As of the 2022-2023 school year, we offered 15 dual enrollment courses. However, since AP courses are still required for LCAP purposes, we plan to adopt AP Spanish for our students in the 2024-2025 school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1  
 Budgeted: \$138,666  
 Actual: \$138,666

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 2

Budgeted: \$0

Actual: \$0

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 3

Budgeted: \$103,712

Actual: \$103,712

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 4

Budgeted: \$149,402

Actual: \$157,402

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 3 Action 5

Budgeted: \$473,530

Actual: \$473,530

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Effectiveness of Specific Actions

Percentage of students earning "Prepared" on the College Career Indicator (CCI):

Analysis: There was notable progress in Year 1, followed by a drop in Year 2. Year 3 showed a slight improvement but still fell short of the desired outcome. This indicates partial effectiveness, with initial actions yielding better results than later years.

Percentage of Grade 11 students meeting or exceeding standard on CAASPP-ELA/Literacy:

Analysis: The effectiveness of this action was mixed. There was a slight increase in Year 1 but a decline in subsequent years, indicating challenges in sustaining progress.

Percentage of Grade 11 students meeting or exceeding standard on CAASPP-Mathematics:

Analysis: The action showed a significant improvement in Year 3, surpassing the desired outcome. Initial years showed a decline, but the sharp increase in Year 3 suggests effective adjustments in instructional strategies.

Percentage of AP exam takers scoring 3 or higher:

Analysis: There was a decline over the three years, indicating the action was ineffective. The shift to dual enrollment courses might have impacted AP performance negatively.

Percentage of seniors passing an AP exam with a score of 3 or higher during high school:

Analysis: The effectiveness was mixed, with a significant increase in Year 2 but a drop in Year 3. The transition to dual enrollment might have contributed to the inconsistent results.

Percentage of seniors completing college coursework with a grade of C- or better:

Analysis: This action showed some initial effectiveness but faced challenges in maintaining the upward trend, indicating partial success.

Percentage of cohort graduates meeting UC/CSU requirements:

Analysis: The action was effective, consistently meeting or exceeding the desired outcome, reflecting strong college readiness support.

Percentage of cohort graduates earning a Seal of Biliteracy:

Analysis: The effectiveness was low, with a significant decline from the baseline, indicating the need for enhanced language support programs.

Percentage of cohort graduates earning a Golden State Seal Merit Diploma:

Analysis: The action was effective, consistently surpassing the desired outcome, indicating strong performance in multiple academic areas.

#### Summary of Effectiveness

Overall, the actions taken under Goal #3 showed varying degrees of effectiveness. Notable successes were seen in the percentage of graduates meeting UC/CSU requirements and earning the Golden State Seal Merit Diploma, indicating strong academic preparation. However, challenges were evident in maintaining consistent improvements in AP performance and completion of college coursework.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

#### Recommendations for Improvement

Enhance support for AP and dual enrollment courses to balance performance across both metrics.  
Increase focus on language programs to improve Seal of Biliteracy attainment.  
Continue successful strategies for UC/CSU requirement fulfillment and Golden State Seal Merit Diploma achievements.  
The analysis highlights the strengths and areas needing further refinement in the innovative educational approaches at Magnolia Science Academy-3.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

### Measuring and Reporting Results

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

MSA-3 has performed exceptionally well in several goal areas. Chronic absenteeism decreased from 33.9% to approximately 17.6% by the end of the first semester. The suspension rate dropped from 6.8% to 1.2% in the same period. Additionally, the student retention rate reached 85.5%, the highest in the past three years. Our survey participation rate has remained consistent over the last three years.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

### Goal 4 Action 1

Budgeted: \$0

Actual: \$0

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

### Goal 4 Action 2

Budgeted: \$143,725

Actual: \$143,725

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

### Goal 4 Action 3

Budgeted: \$490,211

Actual: \$490,211

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 4

Budgeted: \$1,696

Actual: \$1,696

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

Goal 4 Action 5

Budgeted: \$267,443

Actual: \$257,443

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

#### Overview

The goal aimed to ensure all students, families, staff, and other stakeholders at Magnolia Science Academy-3 have access to meaningful engagement opportunities that cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. The focus was on fostering a sense of community and connectedness among all stakeholders.

#### Effectiveness of Specific Actions

##### 1. Number of School Site Council (SSC) meetings per year:

- Analysis: The SSC was replaced by the Parent Advisory Committee (PAC), making this metric no longer applicable. However, the increased number of meetings in Year 1 indicates an initial effort to enhance stakeholder engagement.

##### 2. \*\*Number of English Learner Advisory Committee (ELAC) meetings per year:

- Analysis: The action was partially effective, with a consistent increase in Year 1 and Year 2, but a drop in Year 3, indicating challenges in maintaining consistent engagement with English Learner families.

##### 3. Number of Parent Advisory Committee (PAC) meetings per year:

- Analysis: This action showed variability, with improvements in Year 2 but inconsistency in Year 1 and Year 3. Overall, it was partially effective in increasing parental engagement through PAC meetings.
4. \*\*Number of activities/events for parent involvement per year:
    - Analysis: The action was highly effective, with a substantial increase in parent involvement activities, far surpassing the desired outcome and demonstrating strong engagement efforts.
  5. Number of progress reports sent to parents per year:
    - Analysis: This action was effective, maintaining consistent communication with parents through progress reports, meeting the desired outcome each year.
  6. Percentage of students home-visited by teachers per year:
    - Analysis: The action was partially effective, showing improvement from the baseline but not reaching the desired outcome, indicating the need for increased home visit efforts.
  7. Average Daily Attendance (ADA) Rate:
    - Analysis: The action was less effective, with a significant drop from the baseline and gradual improvements in subsequent years, indicating challenges in maintaining high attendance rates.
  8. Chronic Absenteeism Rate:
    - Analysis: The action was less effective, with chronic absenteeism rates remaining significantly higher than the baseline and desired outcome, indicating the need for more effective strategies to address absenteeism.
  9. Middle School Dropout Rate:
    - Analysis: The action was effective, maintaining a 0% dropout rate consistently.
  10. High School Dropout Rate:
    - Analysis: The action was less effective in Year 3, with a significant increase in the dropout rate, indicating challenges in retaining high school students.
  11. Graduation Rate:
    - Analysis: The action showed variability, with a perfect graduation rate in Year 2 but a decline in Year 3, indicating partial effectiveness.
  12. Student Suspension Rate:
    - Analysis: The action was partially effective, with a significant increase in suspensions in Year 2 but improvements in Year 3, indicating ongoing behavioral management challenges.
  13. Student Expulsion Rate:

- Analysis: The action was effective, maintaining a 0% expulsion rate consistently.

14. School experience survey participation rates:

- Analysis: The action was partially effective, with high participation rates among students and staff but challenges in maintaining consistent family participation.

15. School experience survey average approval rates:

- Analysis: The action was less effective, with declining approval rates among students and staff, indicating the need for improved engagement and satisfaction strategies.

16. Student retention rate:

- Analysis: The action was effective, showing improvement over the three years and meeting the desired outcome in Year 3.

#### Summary of Effectiveness

Overall, the actions taken under Goal #4 showed varying degrees of effectiveness. Notable successes were seen in maintaining a 0% expulsion rate, improving the student retention rate, and significantly increasing parent involvement activities. However, challenges were evident in maintaining consistent engagement with families, reducing chronic absenteeism, and improving school experience survey approval rates.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

#### Recommendations for Improvement

1. Enhance strategies to engage families consistently to improve participation in surveys and advisory committee meetings.
2. Implement targeted interventions to address chronic absenteeism and improve daily attendance rates.
3. Focus on improving school experience survey approval rates by addressing the concerns of students and staff.

The analysis highlights the strengths and areas needing further refinement in fostering community connection and engagement at Magnolia Science Academy-3.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

## Goals and Actions

### Goal(s)

#### Description:

Copy and paste verbatim from the 2023–24 LCAP.

#### Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

#### Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

#### Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP.	Copy and paste verbatim from the 2023–24 LCAP. ### Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Magnolia Science Academy-3	Zekeriya Ocel Principal	zocel@magnoliapublicschools.org (310) 637-3806

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy -3 (MSA-3)

#### Overview

Founded in the fall of 2008 as a public charter school in Gardena, MSA-3 relocated two years later to its current site, co-locating with Curtis Middle School in Carson, California under Proposition 39. MSA-3 currently serves approximately 400 students in grades 6 through 12, boasting nearly 100% high school graduation rates. Notably, around 70% of the students qualify for the free and reduced lunch program.

#### Student Demographics

- 59% of students hail from the Carson, LA, Gardena, and Torrance areas within the LAUSD.
- 36% are from the Compton Unified School District.
- 2.5% are from Long Beach USD.

#### Educational Focus

MSA-3 emphasizes a STEAM (Science, Technology, Engineering, Art, and Mathematics) and college-readiness curriculum. The school offers a college preparatory program that includes a wide range of elective courses such as digital arts and advanced math classes. Each student receives a Chromebook and has access to digital platforms like Google Classrooms, HMH Math Curriculum, and StudySync. The curriculum is aligned with the Common Core State Standards and is designed to provide a comprehensive learning experience through effective site-based instruction and hands-on learning.

#### Contact Information

Address: 1254 East Helmick St., Carson, CA, 90746

Phone: 310-637-3806

Email: zocel@magnoliapublicschools.org

#### Mission

Magnolia Public Schools aim to provide a college preparatory educational program with a focus on STEAM in a safe environment that fosters respect for oneself and others.

#### Vision

Graduates of Magnolia Public Schools are scientific thinkers who contribute to the global community as socially responsible and educated members of society.

#### Core Values

- **Innovation:** Students are empowered to choose how and what they learn, with individualized scheduling and early identification of learning styles, interests, and career plans to support college and career readiness. Hands-on learning experiences in robotics, computer science, and the arts promote imagination, creativity, and invention.
- **Connection:** School communities are built on partnerships among staff, families, students, and other stakeholders. This connection creates a safe learning environment that affirms individual strengths, celebrates character, provides academic support through mentorship and internships, and promotes unity and better decision-making through restorative justice practices.
- **Excellence:** Academic excellence involves the pursuit of knowledge and excellence, fostering original and provocative ideas in a learning environment. MSA-3 promotes academic excellence through project-based learning, student portfolios, assessments of and for learning, and academic discourse and argumentative writing.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

### SUCSESSES

#### College/Career Readiness:

- 96% graduation rate for the class of 2023.
- 48% of seniors completed at least one college course.
- 72% of the graduating class met the A-G requirements.
- 25% of seniors earned the Golden State Merit Diploma.
- 27.3% of seniors graduated with Honors or Advanced Diploma.
- 78% of the graduating class was accepted to a 4-year college.

#### Academic Intervention:

- Programs such as Power Math and Power English, along with Saturday School, support academic intervention.

- The English curriculum includes StudySync and Illuminate standards-based practice exams.

#### Additional Successes:

- Suspension rate decreased to 2.2% from 6.8% last year.
- ADA (Average Daily Attendance) improved to 92.12% from 90% last year.
- Winter MAP (Measures of Academic Progress) CCI (College and Career Indicator) showed improvement.
- Increased dual enrollment opportunities, with 15 college classes offered.
- Positive feedback from the Educational Parent Survey, with improved student approval rates.
- Officially recognized as a CIF (California Interscholastic Federation) school for the 2024-25 school year.

#### CHALLENGES

##### Academic and Operational Challenges:

- Improvement needed in Math SBAC (Smarter Balanced Assessment Consortium) scores, though initial data shows promising trends.
- - African American, Hispanic and Socioeconomically disadvantaged students have the lowest performance level.
- Enhancing classroom rigor.
- Reducing chronic absenteeism to below the state average.
- African American and Socio Economically Disadvantaged have the lowest performance level.
- Developing and implementing effective intervention plans.
- Providing mental health support for both teachers and students.
- Offering coaching and professional development for staff.
- Addressing facility challenges under Proposition 39.
- Reducing the Suspension rate.
- African American, Hispanic and Socioeconomically disadvantaged students have the lowest performance level.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	MSA-3 consistently holds Parent Advisory Committee (PAC) meetings once a month. Additionally, we host a monthly Coffee with Admin session. These two main parent meetings enable us to actively engage with parents, solicit feedback on school programs, and present data on the Local Control and Accountability Plan (LCAP) and the California School Dashboard. At the end of the year, we conduct educational partner surveys to gather comprehensive feedback from parents. Furthermore, our community school coordinator engages with staff to gather feedback using the Assets and Needs Assessment (ANA) survey.
Students	Our end-of-year educational partner surveys allow us to gather comprehensive feedback from students. Additionally, our community school coordinator engages with staff to gather feedback using the Assets and Needs Assessment (ANA) survey.
Teachers	Our end-of-year educational partner surveys allow us to gather comprehensive feedback from teachers. Additionally, our community school coordinator engages with staff to gather feedback using the Assets and Needs Assessment (ANA) survey. Staff participates on a weekly Wednesday professional development. This helps us gather input from our teachers.
School administrators	Our end-of-year educational partner surveys allow us to gather comprehensive feedback from school administrators. Additionally, our community school coordinator engages with staff to gather feedback using the Assets and Needs Assessment (ANA) survey. Admin has a

Educational Partner(s)	Process for Engagement
	weekly meeting on Tuesdays to discuss school operations, attendance, instruction, behavior etc.
Other school personnel	Our end of year educational partner surveys allows us to gather comprehensive feedback from staff. In addition, community school coordinator engages with staff to gather feedback using ANA( Assets and Need) survey. Staff participates on a weekly Wednesday professional devleopment. This helps us gather input from our other personnel.
SELPA	Our Special Education coordinators from home office participate in a monthly basis. And Home office staff shares crucial information with school level special education coordinator and teacher.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

We analyzed the educational partner survey data and ANA survey feedback from the Community School Initiative. In addition, our internal data and the California Dashboard guide us in drafting our LCAP. For instance, one key area identified was the need to increase support for our students in counseling. In response, we coordinated with our Home Office staff to appoint a full-time college counselor.

Another area highlighted was the extracurricular offerings for middle and high school students. Based on the survey results, we expanded our sports programs, leading to the hiring of a full-time athletic director.

Additionally, concerns about food quality were raised by both students and parents. Consequently, we collaborated with our Home Office to contract a new vendor, aligning with one of our LCAP goals (Goal #1, Action #4) to provide nutritious meals for students.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 77.5%			2024-25: > 85%	
1.2	Percentage of students without access to their	2023-24: 0%			2026-27: 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0			2026-27: 0	
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 74%			2026-27: (Fall 2025 to Fall 2026) >= 80%	
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 92.2%			2026-27: >= 95.0%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	<p>Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.</p> <p>Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$25,970.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students.	\$380,785.49	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.</p> <p>Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and depreciation.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Technology: Resource: Title IV, Part A ESEA (ESSA); Amount: \$963.54</li> </ul>		
1.3	Clean and safe facilities that support learning	<p>Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management</p>	\$496,565.73	No

Action #	Title	Description	Total Funds	Contributing
		<p>procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items. Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.</p> <p>Expenditures associated with this action include the following: facilities rent/acquisition cost, , maintenance and repair services, gas/electric, health and safety related expenses, and insurance costs (workers compensation, CharterSAFE, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
<b>1.4</b>	Healthy and nutritious meals	<p>Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.</p> <p>Expenditures associated with this action include the following: student meals, water, and refreshments.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$18,020.00	Yes
<b>1.5</b>	Well-orchestrated Home Office support services	<p>The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial</p>	\$617,729.03	No

Action #	Title	Description	Total Funds	Contributing
		<p>sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.</p> <p>Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&amp;C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Portrait of a Graduate,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%			2026-27: 100%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	developed and provided to unduplicated students and to individuals with exceptional needs, and the programs that are provided to benefit these students (Source: Local Indicator Priority 7, SIS)					
2.2	Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)	2023-24: (As of 5/24/24) 69%			2026-27: >= 85%

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	<p>Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$1,807,266.90	No
2.2	Professional development for high-quality instruction	<p>Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through</p>	\$37,643.32	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.</p> <p>Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Tuition reimbursement and other professional development: Resource: Title II, Part A; Amount: \$25,442.12</li> </ul>		
2.3	MTSS - Academic enrichment, intervention, and student support	<p>Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other</p>	\$727,905.21	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)</p> <p>Expenditures associated with this action include the following: Dean of Academics salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, and evidence-based supplemental intervention/enrichment program fees (IXL, MyON, BrainPOP, Flocabulary, and Nearpod)</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Teacher &amp; admin salaries and benefits Resource: Title I: \$96,532.72</li> <li>• Professional Services Resource: Title I: \$3,180</li> <li>• Educational Software Resource: Title I: \$37,028.98</li> <li>• Educational Software Resource: Title IV, part A: \$3,370.8</li> </ul>		
2.4	Designated and integrated ELD programs and support for ELs	<p>Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program</p>	\$125,936.73	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.</p> <p>Expenditures associated with this action include the following: EL coordinator salary and benefits, EL coordinator stipend.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
2.5	Support for students with disabilities	<p>Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.</p> <p>Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$924,604.90	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 9%			2026-27: >= 10%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 94%			2026-27: ≥ 90%

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	<p>Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies.</p> <p>Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Instructional Materials &amp; Sups.: Title IV Part A; Amount: \$3,180</li> </ul>	\$135,463.70	Yes

Action #	Title	Description	Total Funds	Contributing
3.2	STEM and GATE programs	<p>Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.</p> <p>Expenditures associated with this action include the following: supplemental STEM program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$0.00	Yes
3.3	Digital literacy and citizenship programs	<p>Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School</p>	\$107,361.16	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.</p> <p>Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
3.4	Physical education, activity, and fitness	<p>Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.</p> <p>Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.</p>	\$181,332.74	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Title IV, Part A: Salary and Benefits Amount: \$6,052.5</li> </ul>		
3.5	Additional programs and activities that support well-rounded education	<p>To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$490,309.09	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

### State Priorities addressed by this goal.

- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)	2023-24: 7			2026-27: >= 8	
4.2	Number of English Learner Advisory Committee (ELAC)	2023-24: 2			2026-27: >= 4

### Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

### Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	<p>Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.</p> <p>Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$275.00	Yes
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators	\$147,586.67	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.</p> <p>Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.</p> <p>The following expenditures will be funded by federal Title funds.</p> <ul style="list-style-type: none"> <li>• Stipends for home visits: Resource: Title I, Part A; Amount: \$16,146.75</li> </ul>		
4.3	MTSS - PBIS and SEL support	Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as	\$506,707.37	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Additional services, material, and supplies for homeless students: Resource: Title I; Amount: \$4,129.76</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
4.4	Annual educational partner surveys	<p>Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Panorama Education survey fees.</p> <p>The following expenditures will be funded by federal Title funds: 5800 Professional Services: 3010 Title I: \$1,696</p>	\$1,696.00	Yes
4.5	Community outreach and partnerships	<p>Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.</p> <p>Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.</p>	\$255,042.54	Yes

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	<p><b>Action:</b> Healthy and nutritious meals</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There</p>	<p>MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>is a need to provide all our students with healthy and nutritious meals.</p> <p><b>Scope:</b> LEA-wide</p>	<p>consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary</p>	<ul style="list-style-type: none"> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	<p><b>Action:</b> Professional development for high-quality instruction</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)</li> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded</li> </ul>

			<ul style="list-style-type: none"> <li>Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> </ul>
2.3	<p><b>Action:</b> MTSS - Academic enrichment, intervention, and student support</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion.</p>	<p>Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention.</p> <p><b>Scope:</b> LEA-wide</p>	<p>(reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.</p>	<p>TeachBoost/SchoolMint Grow)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading</li> </ul>

<p><b>2.4</b></p>	<p><b>Action:</b> Designated and integrated ELD programs and support for ELs</p> <p><b>Need:</b></p>	<p>Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD</p>	<p>Goal 2: For all students, but particularly for the EL and LTEL student groups:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction.</p> <p><b>Scope:</b> LEA-wide</p>	<p>instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated</p>	<ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring</li> </ul>

<p><b>3.2</b></p>	<p><b>Action:</b> STEM and GATE programs</p> <p><b>Need:</b> Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>• Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students who have created or demonstrated a STEAM focused</li> </ul>

		<p>through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.</p>	<p>project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)</p>
<p><b>3.3</b></p>	<p><b>Action:</b> Digital literacy and citizenship programs</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.</p>	<p>With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> </ul>

	<p><b>Scope:</b> LEA-wide</p>	<p>model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.</p>	
<p><b>3.4</b></p>	<p><b>Action:</b> Physical education, activity, and fitness</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically.</p> <p><b>Scope:</b></p>	<p>MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>School experience survey "overall</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	<p><b>Action:</b> Additional programs and activities that support well-rounded education</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem</p>	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the</li> </ul>

4.1	<b>Action:</b> Seeking family input for decision-making	Considering the needs of our unduplicated students and their families, Charter School will	Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making.</p> <p><b>Scope:</b> LEA-wide</p>	<p>hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for</p>	<ul style="list-style-type: none"> <li>• Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>Local Priority 3, i.e., Parent and Family Engagement, to measure progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision making as well as progress in providing all families with opportunities to provide input on policies and programs, and implementing Community School strategies to reach and seek input from any underrepresented groups in the school community. We also expect that this action will result in increased parent satisfaction as measured by the annual educational partner surveys in Goal 4: Action 4.</p>	<p>6, Panorama Education)</p> <ul style="list-style-type: none"> <li>School experience survey "overall satisfaction rates" based on the responses of our families to the question, "Overall, I am satisfied and would recommend this school to other families." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>
<p><b>4.2</b></p>	<p><b>Action:</b> Building relationships and partnerships with families for student outcomes</p> <p><b>Need:</b> Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the</p>	<p>In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Number of activities/events for parent involvement per year (Source:</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs.</p> <p><b>Scope:</b> LEA-wide</p>	<p>visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student</p>	<p>Local Indicator Priority 3)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS)</li> <li>• Average Daily Attendance (ADA) Rate (Source: SIS)</li> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• Middle School Dropout Rate (Source: CALPADS)</li> <li>• High School Dropout Rate (Source: CDE DataQuest, CALPADS)</li> <li>• Graduation Rate (Source: CALPADS, CA School Dashboard)</li> <li>• Student Suspension Rate (Source: CA</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<p><b>4.4</b></p>	<p><b>Action:</b> Annual educational partner surveys</p> <p><b>Need:</b> It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education.</p>	<p>Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the</p>	<p>Goal 4:</p> <ul style="list-style-type: none"> <li>• School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)</li> <li>• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-3 will utilize the concentration grant add-on funds (\$90,859) in the following manner:

MSA-3 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

##### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

##### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

##### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

##### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### **Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on **Dashboard data or other locally collected data.**
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

**Description**

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

**Type of Goal**

Identify the type of goal being implemented as a Maintenance of Progress Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> <li>• Enter the metric number.</li> </ul>
Metric
<ul style="list-style-type: none"> <li>• Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.</li> </ul>
Baseline
<ul style="list-style-type: none"> <li>• Enter the baseline when completing the LCAP for 2024–25.                             <ul style="list-style-type: none"> <li>○ Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).</li> <li>○ Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.</li> <li>○ Indicate the school year to which the baseline data applies.</li> <li>○ The baseline data must remain unchanged throughout the three-year LCAP.                                     <ul style="list-style-type: none"> <li>▪ This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain</li> </ul> </li> </ul> </li> </ul>

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the **“Measuring and Reporting Results”** part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

## A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

## A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

### Actions:

Complete the table as follows. Add additional rows as necessary.

#### Action #

- Enter the action number.

#### Title

- Provide a short title for the action. This title will also appear in the action tables.

#### Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar**

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year**

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education  
November 2023

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Magnolia Science Academy-4

CDS Code: 19-64733-0117622

School Year: 2024-25

LEA contact information:

Musa Avsar

Principal

mavsar@magnoliapublicschools.org

(310) 473-2464

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Magnolia Science Academy-4 expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Magnolia Science Academy-4 is \$2,871,684, of which \$2,137,405 is Local Control Funding Formula (LCFF), \$266,764 is other state funds, \$309,267 is local funds, and \$158,248 is federal funds. Of the \$2,137,405 in LCFF Funds, \$601,223 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

## LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Magnolia Science Academy-4 plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Magnolia Science Academy-4 plans to spend \$2,797,711.67 for the 2024-25 school year. Of that amount, \$2,797,711.67 is tied to actions/services in the LCAP and \$0 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

N/A

### Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Magnolia Science Academy-4 is projecting it will receive \$601,223 based on the enrollment of foster youth, English learner, and low-income students. Magnolia Science Academy-4 must describe how it intends to increase or improve services for high needs students in the LCAP. Magnolia Science Academy-4 plans to spend \$600,987.07 towards meeting this requirement, as described in the LCAP.

Even though, the total actual expenditures for actions and services to increase or improve services for high needs students in 2023-24 is less than the total budgeted expenditures for those planned actions and services, the difference did not impact the actions and services and the overall increased or improved services for high needs students in 2023-24. For those actions and services, Magnolia Science Academy 4 used applicable (if not all) state, federal, and local funds including, but not limited to CIF, Lottery - Non-Prop 2, EPA, ELOP (Expanded Learning Opportunities Program), Title I, ESSER III, ESSER III - Learning Loss, ELO - Learning Loss, ESSER III Summer Grant, Title II, Title IV - Part A, Title III - LEP, ARP HCY II, ASES, Educator Effectiveness Block Grant, California Community Schools Partnership, AB 602, Arts & Music Block Grant, Community Engagement Initiative Grant, A-G Access/Success Grant, A-G Learning

Loss Mitigation Grant, MTSS, and Fundraising.

## LCFF Budget Overview for Parents

### Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Magnolia Science Academy-4 budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Magnolia Science Academy-4 estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Magnolia Science Academy-4's LCAP budgeted \$350,229.55 for planned actions to increase or improve services for high needs students. Magnolia Science Academy-4 actually spent \$503,595.48 for actions to increase or improve services for high needs students in 2023-24.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Magnolia Science Academy-4	Musa Avsar Principal	mavsar@magnoliapublicschools.org (310) 473-2464

## Goals and Actions

### Goal

Goal #	Description
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive basic services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Number of misassignments of teachers of English learners, total teacher misassignments, and vacant teacher positions (Source: Local Indicator Priority 1)	2020-21: 0	2021-22: 0	2022-23: 2	2023-24: 0	2023-24: 0
Percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)	2020-21: 0%	2021-22: 0%	2022-23: 0%	2023-24: 0%	2023-24: 0%
Number of identified instances where facilities do not meet the “good repair”	2020-21: 0	2021-22: 0	2022-23: 0	2023-24: 0	2022-23: 0

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)					
Teacher retention rate (Source: HRIS)	2020-21: (Spring 2020 to Fall 2020) 85.0%	2021-22: (Spring 2021 to Fall 2021) 71%	2022-23: (Fall 2021 to Fall 2022) 90%  This metric has been updated to measure from fall to fall.	2023-24: (Fall 2022 to Fall 2023) 33%	2023-24: (Fall 2022 to Fall 2023) 85.0%
Teacher attendance rate (Source: HRIS)	2020-21: (As of 3/25/21) 95.0%	2021-22: (As of 5/12/22) 96.2%	2022-23: (As of 5/12/23) 96.4%	2023-24: (As of 12/15/23) 97.0%	2023-24: 95.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

For the 2023-24 school year, MSA-4 successfully implemented all actions listed in the LCAP plan related to Goal 1. This goal focuses on ensuring high-quality teachers, appropriate instructional materials, well-maintained facilities, and teacher retention and attendance rates.

Number of Misassignments of Teachers of English Learners, Total Teacher Misassignments, and Vacant Teacher Positions:

Planned Action: Ensure that all teachers are properly assigned and that there are no vacancies.

Actual Implementation: This goal was met, with no misassignments or vacancies reported.

Percentage of Students Without Access to Their Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home:

Planned Action: Provide each student with their own copies of standards-aligned instructional materials.

Actual Implementation: This goal was met, ensuring that all students had access to necessary instructional materials both at school and at home.

Number of Identified Instances Where Facilities Do Not Meet the “Good Repair” Standard :

Planned Action: Maintain facilities to meet the “good repair” standard.

Actual Implementation: This goal was met, with all facilities meeting the required standards for good repair.

Teacher Retention Rate:

Planned Action: Increase teacher retention rate.

Actual Implementation: This goal was not met. One significant challenge affecting teacher retention is that MSA-4 is a small school, which often requires teachers to handle multiple preparations (preps). This additional workload can lead to increased stress and burnout, thereby impacting the retention rate.

Teacher Attendance Rate:

Planned Action: Maintain high teacher attendance rates.

Actual Implementation: This goal was met, with a high attendance rate among teachers.

In conclusion, while MSA-4 met most of its planned actions under LCAP Goal 1, the teacher retention rate remains a challenge. The small size of the school and the need for teachers to manage multiple preps contribute to this issue. Future plans should consider strategies to alleviate this burden, such as providing additional support or resources to teachers, to improve retention rates.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 Action 1

Budgeted: \$10,300

Actual: \$12,300

Explanation: The actual expenditure for Goal 1 Action 1 was \$2,000 more than the budgeted amount. This difference is attributed to unforeseen expenses occurred in live scan, payroll, and service fees.

Goal 1 Action 2

Budgeted: \$134,793

Actual: \$134,793

Explanation: The actual expenditure for Goal 1 Action 2 matched the budgeted amount precisely. This indicates effective planning and accurate estimation of costs associated with this action.

Goal 1 Action 3

Budgeted: \$281,184

Actual: \$314,184

Explanation: The actual expenditure for Goal 1 Action 3 was \$33,000 more than the budgeted amount. The primary reason for this overspending was that the school engaged in more operational housekeeping and maintenance as initially planned. This resulted in higher actual costs for maintaining and repairing facilities.

Goal 1 Action 4

Budgeted: \$9,000

Actual: \$9,000

Explanation: The actual expenditure for Goal 1 Action 4 matched the budgeted amount exactly, reflecting precise budgeting and expenditure control.

Goal 1 Action 5

Budgeted: \$277,968

Actual: \$277,968

Explanation: The actual expenditure for Goal 1 Action 5 also matched the budgeted amount exactly, indicating effective financial planning and adherence to the projected budget.

Overall, the material differences between budgeted and actual expenditures for MSA-4's Goal 1 actions demonstrate prudent financial management. The variance in Goal 1 Action 3 highlights the impact of reduced operational and maintenance activities, which contributed to significant cost savings. This careful monitoring and adjustment of expenditures ensure that resources are utilized efficiently while still meeting the essential needs of the school.

#### An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

During the three-year LCAP cycle, MSA-4 has implemented various actions under Goal 1 with varying degrees of effectiveness. Here is an analysis of how these actions have contributed to progress toward achieving our goal:

Number of Misassignments of Teachers of English Learners, Total Teacher Misassignments, and Vacant Teacher Positions:

Effectiveness: Highly effective. The goal was met, with no misassignments or vacant positions reported. This indicates that the actions taken to ensure proper teacher assignments were successful and well-managed.

Percentage of Students Without Access to Their Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home:

Effectiveness: Highly effective. The goal was met, ensuring all students had access to necessary instructional materials. This was a critical success in supporting student learning both at school and home.

Number of Identified Instances Where Facilities Do Not Meet the "Good Repair" Standard :

Effectiveness: Effective. The goal was met, with all facilities maintained to meet the required standards. However, it was noted that the school did not spend as much on operational housekeeping and maintenance as planned, leading to cost savings.

Teacher Retention Rate:

Effectiveness: Less effective. The goal was not met due to challenges related to MSA-4 being a small school, requiring teachers to handle multiple preparations. This additional workload likely contributed to higher stress and lower retention rates. More targeted support and strategies are needed to address this issue.

Teacher Attendance Rate :

Effectiveness: Highly effective. The goal was met, with a high attendance rate among teachers. This reflects the positive working environment and effective management practices in place.

Budgeted vs. Actual Expenditures:

Overall Budget Management: The school demonstrated prudent financial management, with significant cost savings in certain areas such as operational housekeeping and maintenance (Goal 1 Action 3). This careful monitoring and adjustment of expenditures ensured that resources were used efficiently while still achieving key objectives.

Overall, the specific actions under Goal 1 were largely effective in making progress toward the goal during the three-year LCAP cycle. The school met most of its targets, reflecting successful implementation and effective use of resources. However, challenges remain in improving teacher retention rates, which require additional focus and support. Moving forward, it will be important to continue refining strategies to address these areas and ensure sustained progress toward all aspects of Goal 1.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Based on reflections on prior practices and the effectiveness of our actions under Goal 1, several changes have been planned for the coming year to enhance our progress toward achieving this goal.

To address teacher retention, we will implement targeted support strategies to manage the unique challenges faced by teachers at MSA-4, particularly the stress associated with handling multiple preparations. By providing additional resources, professional development, and mental health support, we aim to increase the teacher retention rate and reduce burnout.

For operational housekeeping and maintenance, we plan to increase the budget allocation and engage in proactive planning to ensure that facilities consistently meet the “good repair” standard, thus preventing any deficiencies throughout the year.

In terms of recruitment and staffing, we will enhance our processes to attract high-quality teachers, especially for STEM subjects. This includes collaborating with specialized recruitment agencies, attending job fairs, and offering competitive incentives to fill all teaching positions with qualified candidates and reduce vacancies or misassignments.

Professional development will be expanded to include more comprehensive programs focused on classroom management, innovative teaching strategies, and stress management, tailored to meet the specific needs of MSA-4 teachers. This will enhance overall teaching quality and job satisfaction, leading to improved student outcomes and higher teacher retention rates.

Additionally, we will introduce more frequent and detailed monitoring and evaluation processes for all actions related to Goal 1, including monthly reviews of progress and necessary adjustments. This will ensure timely identification and resolution of any issues, maintaining a steady and effective implementation of all planned actions.

By implementing these changes, we aim to build on our successes and address areas where improvements are needed. These adjustments are designed to enhance our overall effectiveness in achieving Goal 1 and to ensure a more supportive and productive environment for both teachers and students at MSA-4.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	EXCELLENCE: All students will have equitable access to a high-quality core curricular and instructional program and make academic progress on the California Content Standards. Students will pursue academic excellence and be college/career ready.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percentage of programs and services outlined in the charter petition, including a broad course of study, that are developed and provided to students, certain programs and services being dependent on student need and interest (Source: Local Indicator Priority 7, SIS)	2020-21: 100%	2021-22: (As of 5/13/22) 100%	2022-23: (As of 5/12/23) 100%	2023-24: (As of 5/20/24) 100%	2023-24: 100%
Percentage of students who have sufficient access to all programs and services developed and provided to unduplicated students and to individuals with	2020-21: 100%	2021-22: (As of 5/13/22) 100%	2022-23: (As of 5/12/23) 100%	2023-24: (As of 5/24/24) 100%	2023-24: 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
exceptional needs (Source: Local Indicator Priority 7, SIS)					
Percentage of state standards implementation for all students (Source: Local Indicator Priority 2)	2020-21: 100%	2021-22: (As of 5/13/22) 100%	2022-23: (As of 5/12/23) 100%	2023-24: (As of 5/24/24) 100%	2023-24: 100%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Reflecting on the LCAP Goal 2 for the 2023-24 school year, MSA-4 has successfully implemented all planned actions. The school has met its goal of developing and providing a broad course of study to students, with certain programs and services being dependent on student need and interest.

We have ensured that all students, including unduplicated students and individuals with exceptional needs, have sufficient access to all developed programs and services. The school administration has completed one formal and four informal classroom observations per teacher per year, meeting the set goal.

In terms of academic performance, progress has been made with a percentage of students receiving a grade of “C” or better in core subjects and electives. Students have met or exceeded the standard on the CAASPP-ELA/Literacy assessments, and the Distance from Standard (DFS) on these assessments has also been met.

While progress has been made in the percentage of students meeting or exceeding the standard on the CAASPP-Mathematics assessments, the DFS on the CASSPP-Mathematics assessments has not been met. However, students have met their growth targets on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring.

For our English Learners (ELs), we have met the goal of increasing at least one English Learner Progress Indicator (ELPI) Performance Level (PL) or maintaining ELPI PL 4 between the prior and current year. The percentage of ELs reclassified to Fluent English Proficient (RFEP) annually has also been met.

In the area of science, progress has been made with the percentage of students meeting or exceeding the standard on the CAASPP-Science assessments.

Overall, while there are areas of improvement, MSA-4 is proud of the progress made and the goals met during the 2023-24 school year. We remain committed to continuous improvement and achieving all our LCAP goals.

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

##### Goal 2 Action 1

Budgeted: \$739,123

Actual: \$708,528

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

##### Goal 2 Action 2

Budgeted: \$24,131

Actual: \$24,131

Explanation: The actual expenditure matched the budgeted amount. No significant deviations occurred.

##### Goal 2 Action 3

Budgeted: \$261,838

Actual: \$257,583

Explanation: The projected expenses are within the budgeted amount, and all actions taken were in line with the planned initiatives, with no significant deviations

Goal 2 Action 4

Budgeted: \$0

Actual: \$0

Explanation: No budget was allocated for this action, and no expenses were incurred.

Goal 2 Action 5

Budgeted: \$249,945

Actual: \$249,945

Explanation: The actual expenditure matched the budgeted amount. No significant deviations occurred.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Reflecting on LCAP Goal 2 for the 2023-24 school year, MSA-4 has effectively implemented its planned actions, achieving significant progress. The school successfully developed and offered a broad course of study, tailored to the needs and interests of students, including unduplicated students and individuals with exceptional needs. In alignment with our objectives, the administration conducted one formal and four informal classroom observations per teacher annually. Academic performance indicators show a positive trajectory, with more students achieving a grade of “C” or better in core subjects and electives. Students have also met or exceeded the standards in the CAASPP-ELA/Literacy assessments and achieved the Distance from Standard (DFS) goals.

Although the DFS target for the CAASPP-Mathematics assessments was not met, students reached their growth targets on the Measures of Academic Progress (MAP)-Mathematics from fall to spring. English Learners (ELs) improved, achieving at least one higher English Learner Progress Indicator (ELPI) Performance Level or maintaining the highest level year-over-year, and the reclassification rate to Fluent English Proficient (RFEP) met annual goals. Additionally, students made strides in science, meeting or exceeding standards on the CAASPP-Science assessments.

Despite areas requiring further improvement, particularly in mathematics, MSA-4 is proud of its accomplishments and remains dedicated to ongoing enhancement to fulfill all LCAP goals. This commitment underscores our school's dedication to continuous improvement and excellence in education.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Reflecting on past performance and strategic planning under LCAP Goal 4, MSA-4 plans to retain most elements aimed at fostering community connections but will also introduce targeted strategies to address specific challenges in Average Daily Attendance (ADA) and chronic absenteeism. New initiatives will include targeted outreach for at-risk students and families, incentive programs to encourage attendance, and enhanced parental communication to provide necessary resources and support.

In addition, over the next three school years, MSA-4 will update specific academic goals to drive further improvements:

The target percentage of students who have met or exceeded standards on the CAASPP-ELA/Literacy assessments will incrementally rise each year from 45.00% to 47.00%.

The goal for students meeting their growth targets on the MAP-Reading assessment will consistently be = 50.0%, along with maintaining the Conditional Growth Index and Percentile (CGI and CGP) at = 50.0%.

For CAASPP-Mathematics, the targets will be progressively set at 15%, 25%, and 30% for each subsequent year to address the previously unmet DFS targets.

To specifically bolster mathematics performance, MSA-4 will enhance its curriculum through targeted intervention programs during the school year, focusing on foundational skills and problem-solving strategies. Additionally, intensive support will be provided through remedial courses and additional sessions during summer and Saturday school programs, tailored to both ELA and Math. These enhancements are designed to bridge learning gaps and reinforce core concepts through a concentrated, immersive learning experience.

By committing to these strategic changes and setting clear, incremental targets, MSA-4 reinforces its dedication to educational excellence and equity, ensuring that all students have the resources and support necessary to achieve their full potential. These efforts aim to build on existing successes and address specific areas needing improvement, fostering an environment that promotes regular attendance and robust academic achievement.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	INNOVATION: All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

During the 2023-24 school year, MSA-4 successfully implemented all planned actions for LCAP Goal 3, which focuses on innovation and preparing students for college and the global world. This goal aimed to ensure that all students have access to a well-rounded education that nurtures independent, innovative scholars proficient in using technology in transformative ways. The school achieved significant accomplishments, including a high percentage of students earning a 'Prepared' status on the College Career Indicator (CCI) and excelling in the CAASPP-ELA/Literacy assessments. Graduates also showed strong readiness for higher education, with many meeting UC/CSU requirements, earning the Golden State Seal Merit Diploma, and being accepted into both two-year and four-year colleges.

Despite these successes, there were challenges in certain areas, such as the percentage of students meeting standards on the CAASPP-Mathematics assessments and earning a Seal of Biliteracy. Additionally, the number of seniors who passed an AP exam during their high school years did not meet the expected targets, though performance among current AP exam takers was robust.

In response, MSA-4 plans to continue refining its approach by bolstering support in mathematics, enhancing biliteracy programs, and encouraging broader participation in AP courses and exams. The school remains committed to its innovative educational strategies, with a continued focus on integrating technology and creative learning methods to equip students with the necessary skills for a globalized world. All actions taken reflect MSA-4's dedication to achieving excellence and ensuring that every student has the opportunity to succeed.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 Action 1

Budgeted: \$143,765

Actual: \$97,051

Explanation: The notable difference in actual expenditures compared to the budgeted amount was due to lowered insurance and health benefits costs in addition to salaries for the certified pupil support staff.

Goal 3 Action 2

Budgeted: \$0

Actual: \$0

Explanation: There were no planned or actual expenditures for this action, indicating that no resources were allocated or required during the period.

Goal 3 Action 3

Budgeted: \$0

Actual: \$0

Explanation: Similar to Action 2, there were no expenditures budgeted or incurred for this action, aligning perfectly with the initial financial planning.

Goal 3 Action 4

Budgeted: \$89,907

Actual: \$89,907

Explanation: The expenditures for this action matched the budgeted amount exactly, demonstrating precise budget planning and effective financial management to utilize resources as intended.

Goal 3 Action 5

Budgeted: \$163,549

Actual: \$163,549

Explanation: This action also saw a direct alignment between the budgeted and actual expenditures, indicating accurate forecasting and adherence to the planned resource allocation.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

During the three-year LCAP cycle for Goal 3, MSA-4 focused on fostering innovation and preparing students for a globalized future, aiming to make each student an independent, innovative scholar through creativity and transformative technology use. The outcomes of these efforts, measured through various metrics, illustrate both achievements and areas needing improvement.

Significant progress was evident in several areas. The percentage of students prepared according to the College Career Indicator (CCI) met the yearly target, reflecting effective college readiness initiatives. Similarly, the school succeeded in achieving high performance on the CAASPP-ELA/Literacy assessments for Grade 11, indicating strong competencies in critical reading and writing skills. Additionally, the rates of seniors completing college-level coursework and those earning a Golden State Seal Merit Diploma met expectations, suggesting that students are being well-prepared for post-secondary academic challenges.

In Advanced Placement (AP) courses, while current year exam takers generally scored a 3 or higher, there was a noted deficiency in the percentage of seniors who passed an AP exam during their high school years, indicating a potential area for increased support or preparation earlier in their academic career.

In terms of specialized achievements, a significant proportion of graduates met UC/CSU admission requirements and were accepted into both two-year and four-year colleges, affirming the effectiveness of the school's guidance and college preparatory programs. Additionally, students actively engaged in advanced math and technology courses, and many participated in creating or demonstrating STEAM-focused projects, showcasing a robust integration of science, technology, engineering, arts, and mathematics into the curriculum.

However, there were notable challenges in mathematics performance, with students in Grade 11 not meeting the standard on the CAASPP-Mathematics assessments. Furthermore, the percentage of cohort graduates earning a Seal of Biliteracy was below expectations, suggesting a need for enhanced language and literacy interventions.

Overall, while MSA-4 has made commendable progress towards achieving the objectives of LCAP Goal 3, continuous efforts to enhance mathematics education and literacy programs will be crucial to addressing the existing gaps and ensuring that all students are fully equipped for college and beyond.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Reflecting on the past LCAP cycle, MSA-4 will maintain most of its current strategies as they have largely contributed to achieving Goal 3. However, we will make specific improvements in areas where outcomes fell short. We plan to enhance our mathematics support and bolster

our language and literacy programs, particularly to improve performance on the CAASPP-Mathematics assessments and increase Seal of Biliteracy rates.

To address these needs, we will refine our instructional methods and expand interventions during summer and Saturday school sessions. These enhanced interventions will provide focused support and additional learning opportunities to help students meet their academic targets. This balanced approach of maintaining successful strategies while improving targeted areas underscores our commitment to continuous improvement and educational excellence.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	CONNECTION: All students, families, staff, and other stakeholders will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. Stakeholders will feel a sense of community and connectedness.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

For the 2023-24 school year, MSA-4 successfully aligned its actual implementation with the planned actions under Goal 4, which focuses on fostering connections among students, families, staff, and educational partners. The goal aimed to ensure that all involved parties have access to meaningful engagement opportunities, enhancing a sense of community and connectedness.

All key actions, including the number of Parent Advisory Committee (PAC) and English Learner Advisory Committee (ELAC) meetings, were carried out as planned, contributing to increased parental involvement and community engagement. Additionally, the school consistently sent progress reports to parents and maintained a robust schedule of activities and events for parent involvement, all of which met the planned targets.

Other significant measures such as home visits by teachers, chronic absenteeism rates, and the graduation rate also aligned closely with the goals set out. The implementation of these actions contributed effectively to building a nurturing environment that cultivates leadership, advocacy, and collaboration.

The consistent execution of these actions across the board underscores MSA-4's commitment to creating a supportive and inclusive educational environment, directly reflecting the strategic intent of LCAP Goal 4 without any substantive differences between planned and actual activities.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 4 Action 1

Budgeted: \$0

Actual: \$0

Explanation: There were no budgeted or actual expenditures for this action, indicating that no financial resources were allocated.

Goal 4 Action 2

Budgeted: \$123,128

Actual: \$123,128

Explanation: The expenditures for this action matched the budgeted amount exactly, demonstrating precise financial planning and effective resource management.

Goal 4 Action 3

Budgeted: \$363,097

Actual: \$233,402

Explanation: The substantial decrease in actual expenditures compared to the budgeted amount was due to hiring faculty and staff who are in their beginning years of profession. As a result, the costs of salaries, benefits, and insurance for those staff came out less than budgeted at the end of last fiscal year.

Goal 4 Action 4

Budgeted: \$500

Actual: \$500

Explanation: The expenditures for this action were exactly as budgeted, showing effective adherence to the planned financial outlay.

Goal 4 Action 5

Budgeted: \$118,112

Actual: \$118,112

Explanation: This action also saw a direct alignment between the budgeted and actual expenditures, indicating accurate forecasting and financial management.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

During the three-year LCAP cycle, MSA-4 implemented a series of actions under Goal 4 aimed at enhancing connection and community engagement among students, families, staff, and educational partners. The overall effectiveness of these actions varied, with most achieving the set goals, demonstrating successful outcomes in cultivating a safe and nurturing environment that fosters leadership, advocacy, and collaboration.

The school consistently met its goals for the number of Parent Advisory Committee (PAC) and English Learner Advisory Committee (ELAC) meetings, which played a crucial role in fostering engagement and providing platforms for feedback. Numerous activities and events were organized for parent involvement, enhancing the partnership between the school and families and ensuring parents were actively engaged in the school community. Progress reports were regularly sent to parents, maintaining transparent communication about student progress and school activities. Home visits by teachers were successfully conducted, exceeding the goal and deepening personal connections with families, which is critical in a supportive educational environment. High school dropout rates showed progress, while the graduation rate met its targets, indicating effective strategies in keeping students engaged and on track for completion. Student suspension and expulsion rates met goals, reflecting robust behavior management strategies. Participation in school experience surveys was high among students, families, and staff, with approval rates also meeting targets, suggesting overall satisfaction with the school's efforts to foster a positive educational experience.

The school did not meet its goal for reducing chronic absenteeism. Despite efforts, this area saw less than anticipated progress, indicating a need for enhanced strategies to address barriers to regular attendance. In summary, MSA-4's actions under Goal 4 during the LCAP cycle were largely effective, leading to improved community engagement and a stronger sense of connection among all school stakeholders. However, the challenge with chronic absenteeism remains a critical focus area, requiring targeted interventions to ensure all students regularly participate in the educational process. This mixed outcome highlights the school's successes in fostering a connected community while also underscoring the ongoing need for improvement in specific operational areas.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Reflecting on past performance under LCAP Goal 4, MSA-4 plans to retain most elements aimed at fostering community connections but will introduce new strategies to improve Average Daily Attendance (ADA) and reduce chronic absenteeism. The school will implement targeted outreach programs for at-risk students and families, and may introduce incentives to encourage consistent attendance. Additionally, enhanced communication efforts with parents will provide support and resources to help overcome attendance barriers. These changes aim to build on existing successes while addressing areas needing improvement, ensuring a supportive environment that promotes regular school attendance.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
5	

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

### Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

## Goals and Actions

### Goal(s)

#### Description:

Copy and paste verbatim from the 2023–24 LCAP.

#### Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

#### Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

#### Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

#### Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)

Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

## Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Magnolia Science Academy-4	Musa Avsar Principal	mavsar@magnoliapublicschools.org (310) 473-2464

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Magnolia Science Academy 4 (MSA-4) is a STEAM-focused state-authorized charter school in Los Angeles, CA, serving students in grades 9-12. MPS opened Magnolia Science Academy 4 (MSA-4) in the fall of 2008. MSA-4 operates as a site based school that is designed to meet the needs of the students within the boundaries of Los Angeles Unified School District (LAUSD), the school has achieved an increasing trend of academic success and demonstrated organizational and financial stability. The Board of MPS consistently strives to ensure that MSA-4 offers a successful educational model with fidelity.

Magnolia Public Schools (MPS) formerly known as the Magnolia Educational & Research Foundation, is a non-profit organization established in 1997. The founders, a group of active community members and educators in Southern California, aspired to improve educational opportunities in underserved communities. The vision of the Foundation was to inspire students to pursue career paths in science, mathematics, and technology.

In 1998, MPS began organizing volunteer tutors for middle and high schools in math, science, and technology through their partnerships with local universities in Southern California. In 1999, it organized and implemented a joint program with the Culver City Unified School District to provide tutoring for students throughout the city and later expanded the program to include the San Fernando Valley. These programs resulted in a collaborative effort with school districts to develop partnerships to support educational initiatives. In the fall of 2002, MPS established its first charter school, Magnolia Science Academy -1 Reseda (MSA 1) in the San Fernando Valley. Since then, MPS has established or acquired eleven successful charter schools throughout California that provide innovative and high-quality STEAM education, predominately serving low-income neighborhoods.

MSA-4 strives to provide its students with a rigorous, Common Core Standards-based educational program within a culture that embraces diversity and innovation. Classroom instruction at MSA-4 is supplemented by tutoring, peer mentoring, after-school programs, and school-to-university connections. Most recently, our school joined the California Interscholastic Federation (CIF), allowing students to participate in sports to maintain a healthy balance between academics and physical health. MSA-4 has created a supportive and caring environment with small classes with strong student, parent, and teacher communication, improving students’ knowledge and skills in core subjects. This

approach aims at increasing students' objective and critical thinking skills and their chances of success in higher education settings and beyond. The school provides students with a comprehensive educational program that cultivates multiple opportunities for students to develop into successful contributing members of society, fulfilling the intent of the California Charter Schools Act.

#### Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college-preparatory STEAM educational experience in an environment that cultivates respect for self and others.

#### Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

#### Our Goals

Our objective through 2027 is to increase students' opportunities and potential for success. It is directly tied to MSA-4's academic and professional development with teachers and strives to empower our students with choice and voice.

By 2027 Magnolia Science Academy-4's graduates will be productive, innovative, and responsible individuals who pursue their passions and educational opportunities and are poised to be change agents within their communities.

In order to promote learning and provide a more positive learning experience for our students, Magnolia Science Academy-4 has established a culture of gathering input from parents, students, teachers, staff, and community members through multiple channels, including meetings, Town Hall events, school events, surveys, home visits, newsletters, and other means of communication. To the extent possible, all educational partners are invited to be involved in the school review and improvement process, including the development of our annual LCAP. Informational and input sessions include Parent Task Force (PTF) meetings, Parent Advisory Committee (PAC) meetings, English Language Advisory Committee (ELAC), Coffee with the Principal meetings, Board of Directors meetings, Principal meetings, Admin Team meetings, Staff Meetings, Department Meetings, Grade Level Meetings, and Home Visits. In addition, the school conducts surveys for parents, students, and teachers. Therefore, the LCAP is received by our community as a comprehensive planning tool.

Magnolia Science Academy-4 went through a thorough analysis of the data at hand (SBAC scores, MAP Scores, and teacher feedback based on class data) in an effort to target the areas of need to support growth. The Admin team, staff, and Parent Advisory Committee (PAC) all participate in developing the school-wide areas of the target for this school year. The team devised three goals, and under each goal, all eight state priorities were identified. The three overarching goals are (1) All students will pursue academic excellence and be college/career ready, (2) All students will become independent, innovative scholars, and (3) All students, families, staff, and other educational partners will feel a sense of community and connectedness.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

## SUCSESSES

MSA-4 celebrates our successes around our graduation, reclassification rates, and college acceptance rates.

Our graduation rate continues to be strong. We have maintained a 90% or above rate for the last three years and are on track to maintain that rate for the upcoming year. This is an area of considerable pride for us in that we often enroll students with credit deficiencies and/or other challenges and manage to support them as they progress toward academic and social success. We seek out opportunities for them to complete coursework in an expeditious manner through Edgenuity. This online platform allows students to work at an accelerated rate to complete credit recovery courses. Our students know that we will support them in what they need. For the last three years, a high rate of each graduating class from Magnolia Science Academy - 4 has met the UC/CSU A-G requirements. Our UC/CSU completion rate has been higher than both LAUSD and state averages in the past three years. MSA-4 has made it its mission that every graduate be prepared for and able to attend their college of choice. Because of this mission, our high school graduation requirements align with the UC/CSU A-G courses so that each student can attend a four-year university.

MSA-4 celebrates the fact that we have actively created a college-going culture. As a result, our college acceptance rate has been fairly strong over the last three years.

MSA-4 has maintained a high college acceptance rate when compared to State and District averages. Our college acceptance rate fluctuates, but at least 50% of our students get accepted to 4-year colleges. Our college acceptance rate for 2-year or 4-year colleges has been 100%, and 100% of our students got accepted to 4-year colleges as of June 2024.

Our faculty and staff have been working diligently over the past three years to increase student achievement and prepare students for the Smarter Balanced Assessment Consortium (SBAC) end-of-year assessments. One of our goals is to attend to the needs of our numerically significant subgroups, which include our Hispanic or Latino population (86%), English Learners (25.6%), and our socioeconomically disadvantaged students (96%).

### English Language Arts (ELA) Performance:

The historical SBAC proficiency rates for ELA at MSA-4 demonstrate a significant upward trend over the past few years. In 2019, only 27.12% of students met or exceeded the standards. This figure steadily increased, reaching 37.50% in 2022, and further improving to 44.44% in 2023. The most recent data from 2024 shows a continued positive trajectory with 47.46% of students meeting or exceeding the standards. This consistent improvement in ELA scores reflects the effectiveness of targeted strategies such as the implementation of a school-wide ACE writing program, the use of MyON reading program during Advisory, and the introduction of rigorous grade-level content in ELA classes. Additionally, focused interventions for English Language Learners (ELL) and intensive ELD support have contributed to these positive outcomes.

### Mathematics Performance:

The proficiency rates in mathematics present a more complex picture, with significant fluctuations over the years. In 2019, only 8.47% of students met or exceeded the standards. This rate increased to 25.00% in 2022 but declined to 11.11% in 2023. However, the latest data from 2024 shows a slight improvement, with 15.25% of students meeting or exceeding the standards.

Despite the improvement from 2023 to 2024, the math scores highlight an ongoing challenge. To address this, we have implemented several strategies, such as targeted pull-outs during Study Hour, IXL Math skill practice during Advisory, rigorous daily class instruction, before and after-school tutoring, and Saturday school support for struggling students. These interventions are designed to provide additional support and ensure that all students have the opportunity to improve their math skills.

#### Targeted Interventions and Continuous Improvement:

Our dashboard data indicates that socioeconomically disadvantaged students, students with disabilities, and Hispanic students are our greatest areas of need. Targeted intervention groups formed using internal MAP Growth data, teacher observations, and formative assessments have been crucial in addressing these needs. These groups receive support during study hour classes, before- and after-school tutoring, and Saturday school. The intervention groups are revisited quarterly, and adjustments are made based on student progress.

Overall, MSA-4 has made significant strides in improving ELA proficiency rates and continues to work on enhancing math performance. The upward trend in ELA results and the recent improvement in math scores demonstrate the effectiveness of our current strategies. We will continue to refine and implement these strategies, focusing on targeted interventions to ensure all students have the opportunity to succeed. By addressing the specific needs of our diverse student population and continuously evaluating our approaches, we aim to achieve even greater academic success in the coming years.

Based on MAP data from the past year, all tested grade levels demonstrated growth from Fall to Spring in both reading and mathematics, as evidenced by average RIT scores. During the 2023-24 school year, there was a positive increase in RIT points across all grade levels for both Math and ELA, indicating student progress. While this growth is promising, we aim to achieve even higher levels of improvement in both subjects from Fall to Spring. Our ongoing efforts focus on equipping students with the strategies, skills, and tools necessary to excel in computer-based assessments, ensuring that their true abilities and areas of need are accurately reflected in the test results.

Additionally, our ELD Coordinator and teachers have diligently administered the Initial and Annual ELPAC assessments to determine students' English Language Status or Proficiency levels. The 2023-24 ELPAC test results revealed that 70% of EL students showed growth, and 19% of our EL students are eligible for reclassification as of June 2024. These results highlight the effectiveness of our English Language Development program and our commitment to supporting EL students in achieving language proficiency and academic success.

## CHALLENGES

This year, MSA-4 is maintaining its focus on overall student data, with a heightened emphasis on mathematics, as this area remains a significant challenge. Our primary objective is to improve the proficiency rate from the current 35%.

To achieve this, MSA-4 will continue leveraging IAB (Interim Assessment Block) data to monitor student progress and implement more targeted instruction and interventions.

We have seen an increase in overall satisfaction among both students and staff. MSA-4 continues to implement PBIS (Positive Behavior Interventions and Supports) and MTSS (Multi-Tiered Systems of Support), and we will continue to provide professional development for staff in these areas.

Recognizing the ongoing need to enhance student performance in ELA and Math, we have set a goal to decrease the number of students not meeting standards by 9% over the next three years. Students requiring additional support are enrolled in enrichment classes, after-school tutoring, and Saturday school, where they receive targeted interventions. Progress is closely monitored, and students may switch electives once they achieve sufficient gains toward proficiency.

Dashboard data highlights that our socioeconomically disadvantaged students, students with disabilities, and Hispanic populations require the most support. Intervention groups were established at the beginning of the year using internal MAP Growth data and are provided support during study hours, after-school sessions, and Saturday school. These groups are reassessed quarterly, and adjustments are made based on student progress.

Various factors influence our ELL students' progress. These students come from diverse backgrounds and face numerous classroom challenges. Some are newcomers to the country, while others have lacked effective literacy instruction, hindering their mastery of English content. Many of our ELL students also have specific learning disabilities. Despite these challenges, we strive to offer comprehensive support to all students to aid their English language proficiency. Although not required, we provide a daily designated EL class for high school students to further support their learning needs.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents	At MSA-4, engaging parents in the development of the Local Control and Accountability Plan (LCAP) is a priority. We ensure diverse representation by including parents of students with disabilities, English Learners, and socioeconomically disadvantaged students in our Parent Advisory Committee (PAC). Throughout the school year, we hold eight PAC meetings where parents provide valuable feedback that shapes the LCAP. Additionally, parents participate in English Learner Advisory Committee (ELAC) meetings, where their input is crucial in addressing the needs of English Learners. These meetings foster open communication and ensure that parents' voices and concerns are addressed in our planning process.
Students	Students also play a crucial role in the development of the LCAP at MSA-4. We have student representatives as part of our PAC meetings, ensuring that their perspectives and experiences are considered. By including students, we ensure that the LCAP reflects their needs and aspirations, creating a more inclusive and supportive educational environment. Students also participate in ELAC meetings, providing their insights on the challenges and needs of English Learners, further enriching the LCAP development process.
Teachers	Teachers and staff are actively involved in the LCAP development through their participation in weekly staff meetings. During these meetings, they discuss various aspects of the LCAP, providing insights based on their classroom experiences and professional expertise. This regular engagement ensures that the LCAP is informed by those who directly implement it, leading to more effective

Educational Partner(s)	Process for Engagement
	and practical strategies. Teachers and staff also contribute to ELAC meetings, offering their perspectives on instructional strategies and support mechanisms for English Learners.
School administrators	School administrators are integral to the LCAP development process. They participate in both PAC and staff meetings, contributing to discussions and decisions about the LCAP. Additionally, the development of the LCAP is a recurring topic during weekly administrative meetings. This continuous dialogue among administrators ensures that the LCAP aligns with the school's overall vision and operational goals. Administrators also attend ELAC meetings, helping to ensure that the needs of English Learners are considered in the broader context of school planning and resource allocation.
Other school personnel	Teachers and staff are actively involved in the LCAP development through their participation in weekly staff meetings. During these meetings, they discuss various aspects of the LCAP, providing insights based on their classroom experiences and professional expertise. This regular engagement ensures that the LCAP is informed by those who directly implement it, leading to more effective and practical strategies. Teachers and staff also contribute to ELAC meetings, offering their perspectives on instructional strategies and support mechanisms for English Learners.
SELPA	The Special Education Local Plan Area (SELPA) plays a vital role in the LCAP development process by providing input through the Special Education (SPED) department during administrative and staff meetings. This collaboration ensures that the needs of students with disabilities are adequately addressed in the LCAP. SELPA representatives contribute their expertise, helping to shape strategies and interventions that support the academic and social-emotional growth of students with special needs. Their feedback and recommendations are integral to creating an inclusive and supportive educational environment.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The process for developing, implementing, and monitoring the schoolwide action plan aligned with LCAP (Local Control and Accountability Plan) goals at Magnolia Science Academy-4 is a well-structured and comprehensive approach that spans the entire academic year. It begins

with a thorough review of the previous year's LCAP progress to identify necessary changes and ensure the provision of basic services. These foundational services include teacher assignments, instructional materials, technology access, and safe facilities, forming the basis upon which the LCAP goals are built.

Throughout the year, we engage in crucial activities involving in-depth data analysis using a variety of assessments, such as CAASPP and MAP tests, Student Progress Reports, and IAB results. SMART goals are established collaboratively with department chairs, and regular progress updates are presented to the School Leadership Team (SLT) and various educational partners.

Public engagement is a significant focus, with presentations to educational partners, parent meetings, and public hearings ensuring that the community is informed and involved. The process culminates in presenting the final LCAP to the Board for approval and submission to authorizers, ensuring transparency and accountability in achieving the school's goals and outcomes.

In sum, Magnolia Science Academy-4's LCAP process is a holistic and collaborative approach rooted in data analysis, strategic goal-setting, and community involvement, all aimed at achieving the school's objectives and delivering a high-quality education to its students.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	BASIC SERVICES FOR A HIGH-QUALITY LEARNING ENVIRONMENT: All students and staff will have access to a safe, secure, healthy, and high-quality learning and working environment. Students will receive high-quality services that are fundamental to academic success, including fully credentialed teachers, standards-aligned instructional materials, and appropriately maintained school facilities.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Providing basic services means ensuring all students have access to teachers who are fully credentialed in their subject areas, instructional materials aligned with state standards, and safe, properly maintained school facilities. Charter School will also adhere to the MPS Wellness Policy and encourage participation in school meal programs. Research shows when students are provided with these basic services, student learning outcomes increase. The MPS Home Office will provide services such as academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations to support and hold accountable the Charter School for compliance and meeting charter goals. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of basic services to maintain a high-quality learning environment.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	The percentage of teaching assignments that have an assignment monitoring outcome of "clear" (Source: Local Indicator Priority 1, CDE DataQuest TAMO by FTE Report)	2021-22: 93.8%			2024-25: > 85%	
1.2	Percentage of students without access to their	2023-24: 0%			2026-27: 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	own copies of standards-aligned instructional materials for use at school and at home (Source: Local Indicator Priority 1)					
1.3	Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies) (Source: Local Indicator Priority 1)	2023-24: 0			2026-27: 0	
1.4	Teacher retention rate (Source: HRIS)	2023-24: (Fall 2022 to Fall 2023) 33%			2026-27: (Fall 2025 to Fall 2026) >= 80%	
1.5	Teacher attendance rate (Source: HRIS)	2023-24: (As of 5/15/24) 97.0%			2026-27: >= 95.0%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teacher assignments and credentials	<p>Charter School and the MPS Human Resources team will conduct credential, background, and TB clearance reviews as part of the hiring process and at least once throughout the year to ensure all credentials are properly maintained. Charter School will support our teachers' credentialing needs. Charter School will also annually review master schedules and teacher assignments to ensure teachers are appropriately assigned and fully credentialed in the subject area and for the students they are teaching. Charter School uses a Human Resources Information System (HRIS) to automate employee documents. MPS Home Office HR team acts as a liaison between employees and provides administrative support as needed (e.g., correspondence generation, record keeping, file maintenance, HRIS entry, etc.) The HR team also provides reports to the Board and school administrators in regards to teacher retention, performance, pay scale, vacancies, recruitment efforts, credentials, mandatory trainings, and other HR related matters.</p> <p>Expenditures associated with this action include the following: teacher credentialing expenses, recruitment expenses (sign-in bonus, livescan/fingerprinting fees, etc.), Paycom/payroll fees, retirement service fees, and performance pay.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$12,300.00	No
1.2	Instructional materials and technology	Charter School will manage the acquisition, distribution, and maintenance of equipment, materials, and technology needed to meet the academic, linguistic, cultural, social-emotional, and physical requirements of students.	\$98,600.13	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will annually review alignment of instructional materials to standards and maintain an inventory of instructional materials and corresponding purchases of materials. Charter School will annually review budgets and plans to ensure adequate budget for instructional materials. Charter School will ensure that students have sufficient access to standards-aligned instructional materials, including technology-based resources. Charter School will provide effective access and integration of technology resources, including software and mobile devices, that ensure meaningful access to CA Content Standards aligned instructional programs.</p> <p>Expenditures associated with this action include the following: textbooks, instructional materials and supplies, teacher/classroom supplies and office materials, computers, Chromebooks, hotspots, and other technology equipment, IT manager salary and benefits, E-Rate consultancy, and basic software (Zendesk, AssetWorks, firewall, Datto, CloudReady, Zoom, GoGuardian, etc.), phone/internet, and copier fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
1.3	Clean and safe facilities that support learning	<p>Charter School will strive to maintain a clean, safe, environmentally friendly, and inviting school that is worthy of our students, families, and staff and encourages successful teaching and learning. Charter School will continually improve and maintain facilities to ensure school safety, security and high quality learning and working environments. Charter School will do annual and monthly facility inspections to screen for ADA compliance and safety hazards; identified deficiencies will be quickly remedied. Daily general cleaning will maintain campus cleanliness. Maintenance and repairs will be provided by Charter School custodial staff and/or outsourced. As a STEAM focused school, we aim to operate in a sustainable and environmentally responsible manner. Charter School will develop and monitor comprehensive safety and security plans, conduct necessary safety training for all staff and continue to work with stakeholders and experts to implement emergency and risk management procedures for individuals and the site. Charter School will procure and maintain necessary safety/emergency supplies, equipment and items.</p>	\$260,184.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>Charter School will establish schedules and procedures for the supervision of students in non-classroom areas, including before and after school.</p> <p>Expenditures associated with this action include the following: facilities rent/acquisition cost, custodial staff salaries and benefits, custodial supplies, maintenance and repair services, gas/electric, security services, health and safety related expenses (PPE, nursing services, etc.), insurance costs (workers compensation, CharterSAFE, etc.) , yearbook, and transportation expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
<b>1.4</b>	Healthy and nutritious meals	<p>Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. The meal program aims to improve the diet and health of our students, help mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary needs. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs.</p> <p>Expenditures associated with this action include the following: student meals, water, and refreshments.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$9,000.00	Yes
<b>1.5</b>	Well-orchestrated Home Office support services	<p>The MPS Home Office provides services to the Charter School, supports and holds accountable the Charter School for compliance and meeting charter goals, provides best practices in curriculum and professional development, and sets up systems and processes that support academic achievement and growth, operational effectiveness, and financial</p>	\$252,968.65	No

Action #	Title	Description	Total Funds	Contributing
		<p>sustainability. The Home Office manages business operations of schools, which reduces program and operations-related burdens of the Charter School administration and enables the Charter School to receive services at a lower cost. The services of the Home Office include, but are not limited to, academics, accountability, operations, IT, facilities, finance and accounting, human resources, and external relations. Instructional services are reflected in Goals 2-4.</p> <p>Expenditures associated with this action include the following: Home Office management fees, authorizer oversight fees, audit fees, bank fees, legal fees (YM&amp;C, etc.), and other back-office related expenses (Adaptive Insights, DataWorks, etc.)</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	EXCELLENCE: Under our first core pillar of Excellence, all students will have equitable access to a high-quality core curricular and instructional program and make academic progress in alignment with California content standards (CCSS, NGSS, etc.) through our data-driven, differentiated and engaging learning program. Students will develop competencies aligned with our “Portrait of a Graduate,” including Literacy with a Learner’s Mindset and Critical Thinking skills as they pursue academic excellence.	Broad Goal

State Priorities addressed by this goal.

- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Charter School desires that all our students pursue academic excellence and be college/career ready. Effective core curriculum and instruction are central to academic success. Therefore, Charter School will ensure that all students, including but not limited to, ELs, students with disabilities, socioeconomically disadvantaged/low-income students, and students achieving below grade level, have access to a high-quality core curricular and instructional program with appropriate services and support. Targeted interventions will be utilized to create a high quality differentiated environment where students are supported to engage at their optimal levels. Charter School will also provide professional development to staff to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Charter School will implement the actions listed under this goal and use the indicated metrics, such as CAASPP assessment results, to measure progress in achievement of academic excellence and college/career readiness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Percentage of students who have sufficient access to all programs and services, as applicable, including the programs and services	2023-24: 100%			2026-27: 100%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	developed and provided to unduplicated students and to individuals with exceptional needs, and the programs that are provided to benefit these students (Source: Local Indicator Priority 7, SIS)					
2.2	Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)	2023-24: (As of 5/24/24) 98%			2026-27: >= 85%

# Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Broad course of study and standards based curriculum	Charter School will provide students with a broad array of courses including core subjects (English, mathematics, social sciences, and science) and electives. Charter School will also provide all other academic programs and services outlined in its charter petition, certain programs and services being dependent on student need and interest. Charter School will design its master schedule to meet the needs of its students to ensure all academic content areas are available to all students, including student groups. All students will participate in a rigorous, relevant, and coherent standards-based curriculum that supports the achievement of the schoolwide learner outcomes, academic standards, and college- and career-readiness standards. The school will be appropriately staffed to implement the school master schedule.	\$753,143.38	No

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: teacher salaries and benefits, principal salary and benefits, and substitute teacher expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
2.2	Professional development for high-quality instruction	<p>Professional development will occur at the MPS organizational level and within the school. Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observation, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs.</p> <p>Expenditures associated with this action include the following: professional development, tuition reimbursement, and TeachBoost/SchoolMint Grow software fees.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>Tuition reimbursement for professional development: Resource: Title II, Part A; Amount: \$5,131</li> </ul>	\$24,131.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	MTSS - Academic enrichment, intervention, and student support	<p>Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology (reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.)</p> <p>Expenditures associated with this action include the following: Assistant Principal salary and benefits, instructional aide salaries and benefits, intervention teacher salaries and benefits, teacher stipends for after school, Saturday school, and summer school, NWEA MAP testing fees, Illuminate DnA fees, and evidence-based supplemental intervention/enrichment program fees (Edgenuity, IXL, and myON.)</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• Teacher &amp; admin stipends for Study Hour &amp; Saturday school Resource: Title I, Part A; Amount: \$50,932.31</li> <li>• NWEA MAP testing fees: Resource: Title I, Part A; Amount: \$17,234.5</li> <li>• Evidence-based supplemental intervention/enrichment program fees (for the programs listed in the expenditures description above): Resource: Title I, Part A; Amount: \$5,000</li> </ul>	\$265,257.23	Yes
2.4	Designated and integrated ELD	Charter School will provide services to ELs, including newcomers and LTELs, by proficiency level and provide ELD instruction aligned to the CA	\$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
	programs and support for ELs	<p>ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences.</p> <p>Expenditures associated with this action include the following: EL coordinator stipend.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
2.5	Support for students with disabilities	<p>Students with disabilities will receive services and supports as listed in their Individualized Education Programs (IEPs) (in addition to services they receive pertinent to low income, foster youth and English learner designations) in order to improve outcomes and close the achievement gap, including graduation rate and performance on statewide assessments. Students with disabilities will have access to all additional intervention and student support systems as outlined in Goal 2: Actions 3 and 4, as well as access to push-in and pull-out services, instructional aides, learning center services, and contracted services to provide each scholar with a Free and Appropriate Public Education in their least</p>	\$255,877.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>restrictive and most accessible learning environment. Students with disabilities dually identified as EL will have ELD goals in their IEPs in addition to goals addressing their specific areas of need based on their eligibility. Our SPED, EL, and general education teams will work in collaboration, monitor our scholars' progress toward IEP goal mastery, and provide progress reports to parents. In addition, all IEPs will be reviewed and present levels will be updated during annual and triennial reviews as required by the IDEA.</p> <p>Expenditures associated with this action include the following: SPED coordinator and teacher salaries and benefits, paraprofessional salaries and benefits, school psychologist salary and benefits, SPED intern salaries and benefits, outsourced SPED services fees, and SPED instructional materials and technology.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	INNOVATION: All students will have access to a well-rounded, 21st century education that supports their readiness for college and the global world under our second core pillar of Innovation. Each student will become an independent, innovative scholar by practicing Creativity and Adaptability in their learning, using technology and data-driven online learning, and demonstrating high-quality learning outcomes in myriad ways.	Broad Goal

State Priorities addressed by this goal.

Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

It is the Charter School's vision that our graduates are well-rounded critical thinkers and problem solvers who contribute to the global community. A significant step toward helping our students achieve their maximum potential involves providing a rigorous, relevant and college preparatory curriculum with a STEAM emphasis. Therefore, we will design educational experiences to meet the needs of our scholars with an emphasis on innovation and critical thinking. Charter School will also promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts to our physical education program. In an effort to provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English, clubs, etc. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in provision of an innovative, well-rounded education that supports student readiness for college and the global world.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 13%			2026-27: >= 10%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 100%			2026-27: ≥ 90%	
3.3	Percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)	2023-24: (As of 5/20/24) 90%			2026-27: ≥ 80%	
3.4	Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the CCI (Source: CA School Dashboard)	2022-23: (2023 Dashboard) 72.0%			2025-26: (2026 Dashboard) ≥ 55.0%	
3.5	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-ELA/Literacy assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 44.44%			2025-26: ≥ 55.00%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.6	Percentage of students who have demonstrated college preparedness pursuant to the Early Assessment Program (EAP), as measured by meeting or exceeding standard on the CAASPP-Mathematics assessments in Grade 11 (Source: CDE DataQuest)	2022-23: 11.11%			2025-26: >= 35.00%	
3.7	Percentage of all AP exam takers in the current year with a score of 3 or higher (Source: College Board)	2022-23: 58.3%			2025-26: >= 55.0%	
3.8	Percentage of seniors who have passed an AP exam with a score of 3 or higher during their high school years (Source: College Board)	2022-23: 16.0%			2025-26: >= 55.0%	
3.9	Percentage of seniors who have completed at least two semesters of college coursework with a grade of C minus or better in academic/CTE subjects where college credit is awarded (Source: CA School Dashboard, SIS)	2022-23: (2023 Dashboard) 36.0%			2025-26: (2026 Dashboard) >= 35.0%	
3.10	Percentage of cohort graduates who have successfully completed	2022-23 (CDE DataQuest): 96.0%			2025-26: (2026 Dashboard) >= 90.0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
	courses that satisfy the requirements for entrance to the UC/CSU (Source: CA School Dashboard, CDE DataQuest, CALPADS)					
3.11	Percentage of cohort graduates who have successfully completed courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%			2025-26: (2026 Dashboard) >= 10.0%	
3.12	Percentage of cohort graduates who have successfully completed both types of courses: courses that satisfy the requirements for entrance to the UC/CSU and courses that satisfy the requirements for CTE sequences or programs of study that align with state board-approved CTE standards and frameworks (Source: CA School Dashboard, CALPADS)	2022-23: (2023 Dashboard) 0.00%			2025-26: (2026 Dashboard) >= 10.0%

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	College/Career readiness programs and activities	<p>Charter School will offer individual graduation plans, outlining the classes students will take during their high school years. Students will be provided credit recovery opportunities and individualized support to ensure timely high school graduation. Charter School will offer Advisory and College Readiness classes and activities to support our students in the areas, including, but not limited to, college planning and career exploration, college application and financial aid submission. Charter School will provide students with opportunities to take Advanced Placement (AP) courses based on student needs and interests. Charter School will promote a college-going culture through dual and concurrent enrollment, AP courses, college visits, college/career days, and other college related activities. Charter School will also explore CTE options to provide students with opportunities to explore a career theme of interest while learning a set of technical and employability skills that integrate into or complement their academic studies.</p> <p>Expenditures associated with this action include the following: college counselor salary and benefits, AP teacher stipends, Naviance program fees, AP exam fees, AP course materials, and other college-related materials and activities.</p> <p>The following expenditures will be funded by federal Title funds:</p>	\$145,133.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>College Counselor salary and benefits (partial): Resource: Title IV, Part A; Amount: \$16,218.33</li> </ul>		
3.2	STEM and GATE programs	<p>Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEAM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. Learners will be challenged to investigate, use problem-based learning, and research.</p> <p>Expenditures associated with this action include the following: supplemental STEM program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$0.00	Yes
3.3	Digital literacy and citizenship programs	<p>Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they</p>	\$0.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications, including Artificial Intelligence (AI); digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. As our students gain the ability to navigate computing systems, utilize networks and the internet responsibly, analyze and interpret data with an antibias lens, solve problems using algorithms and programming, and carefully consider the ethics of computing technologies, they will become informed digital citizens who can leverage AI and other technologies to promote social justice and equity.</p> <p>Expenditures associated with this action include the following: computer teacher salary and benefits, internet security program fees, and digital literacy and citizenship program fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
3.4	Physical education, activity, and fitness	<p>Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness.</p>	\$9,790.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: PE/Health teacher salary and benefits and physical activity, fitness, and equipment expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		
3.5	Additional programs and activities that support well-rounded education	<p>To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In addition to these clubs, the Charter School's Expanded Learning Opportunities Program (ELO-P) will support afterschool and summer enrichment programs in science, robotics, advanced math, academic competitions, journalism, college mentorship, and other areas.</p> <p>Expenditures associated with this action include the following: teacher salaries and benefits for additional programs that support well-rounded education, supplemental materials, field trip expenses, and afterschool/club expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$181,957.75	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	CONNECTION: All students, families, staff, and other educational partners will experience our third core pillar, Connection, and have access to meaningful engagement opportunities that help cultivate Effective Communication and Global Citizenship in a safe and nurturing environment. Educational partners will feel a sense of community and connectedness.	Broad Goal

### State Priorities addressed by this goal.

- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

School communities are integrated partnerships with the school site staff, families, students and all other educational partners. This sense of connection creates a safe place for all learners and educational partners to affirm individual strengths, develop capacity, celebrate character, build trusting and respectful relationships, promote unity and better decision making. Additionally, community cultivates identity and gives each member a sense of belonging and pride. Charter School will seek family input for decision making, utilize home visits and educational partner surveys, and provide academic and social-emotional support through MTSS/PBIS. We will work with community partners to support the vision and goals of the school, including our students' development of personal and academic networks for long-term resilience and connection. Charter School will implement the actions listed under this goal and use the indicated metrics to measure progress in sustaining a sense of community and connectedness.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

	"Overall, I am satisfied and would recommend this school to other students/parents/educators." (Source: Local Indicator Priority 6, Panorama Education)					
4.15	Student retention rate (Source: SIS)	2023-24: (Spring 2023 to Fall 2023) 89.16%			2026-27: (Spring 2026 to Fall 2026) >= 85%	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Seeking family input for decision-making	<p>Charter School will build the capacity of and support administrators, teachers and staff in order to build the capacity of and support family members to effectively engage in advisory groups and decision-making. Charter School will provide all families with opportunities to provide input on policies and programs, and implement Community School strategies to reach and seek input from any underrepresented groups in the school community. Some periodic information/input sessions for families include, but are not limited to, Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement.</p> <p>Expenditures associated with this action include the following: parent meeting expenses and Document Tracking Services (DTS) fees.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>	\$275.00	Yes
4.2	Building relationships and partnerships with families for student outcomes	Charter School will develop the capacity of staff to build trusting and respectful relationships with families and create welcoming environments for all families in the community. Our staff will learn about each family's strengths, cultures, languages, and goals for their children. We will promote participation in activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences. Administrators	\$126,944.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. We will provide professional learning and support to staff to improve capacity to partner with families and to provide families with information and resources to support student learning and development in the home. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will also support families to understand and exercise their legal rights and advocate for their own students and all students. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable.</p> <p>Expenditures associated with this action include the following: Infinite Campus SIS fees, ParentSquare software fees, SchoolMint software fees, home-visit compensation, parent activity/event expenses, Parent Education Bridge program fees, Pitney Bowes expenses, and Office manager/Administrative assistant salaries and benefits.</p> <p>The following expenditures will be funded by federal Title funds:</p> <ul style="list-style-type: none"> <li>• ParentSquare software fees: Resource: Title I, Part A: Amount: \$600</li> <li>• Home Visit Compensation: Resource: Title I, Part A: Amount: \$4,236.75</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
4.3	MTSS - PBIS and SEL support	<p>Charter School will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including free uniforms. Students who are homeless, experiencing housing instability, are in foster care or experiencing personal/family crisis or have other special needs will be cared for in our supportive school community. Charter School will offer a SEL/Life Skills program that provides students with valuable skills to support academic excellence and social skill development. We will annually assess our suspension/expulsion policies and procedures and implement alternatives to suspension/expulsion, including restorative practices. Teachers will establish classroom management procedures, foster positive relationships, and help create an atmosphere of trust, respect, and high expectations. Charter School will implement a positive and equitable student responsibility and behavior system with teaching, intervention and prevention strategies and protocols that are clear, fair, incremental, restorative, and culturally responsive. Charter School will celebrate student and school achievements and organize recognition assemblies and other schoolwide culture-building activities. Charter School will inform parents and students of attendance policies specified in the Student/Parent Handbook and encourage and support student attendance. Charter School will also implement the CORE DISTRICTS SEL Survey instrument in the fall and spring annually to assess the following social-emotional competencies: growth mindset, self-efficacy, self-management, and social awareness. As part of our MTSS efforts, school leadership, teachers, and support staff will analyze student SEL survey results in the fall to provide our students with targeted social-emotional support and then measure student responses again in the spring to measure growth, identify greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Dean of Students salary and benefits, discipline coordinator salary and benefits, office/attendance clerk salaries and benefits, school uniform expenses, PD on classroom management, PBIS, and SEL support, SEL program fees, outsourced SEL services fees, and additional services for homeless students.</p> <p>The following expenditures will be funded by federal Title funds:</p>	\$276,079.90	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>Additional services for homeless students: Resource: Title I, Part A; Amount: \$1,145</li> </ul>		
4.4	Annual educational partner surveys	<p>Charter School will annually administer school experience surveys to students, families, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps.</p> <p>Expenditures associated with this action include the following: Panorama Education survey fees.</p> <p>The following expenditures will be funded by federal Title funds: 5800 Professional Services: 3010 Title 1: \$500</p>	\$500.00	Yes
4.5	Community outreach and partnerships	<p>Charter School will establish community, business, institutional and civic partnerships that invest in and support the vision and goals of the school. School staff will participate in local activities that engage community members and staff in communicating school successes to the broader community. Charter School will secure community support to sustain existing resources and add new resources that address emerging student needs. Charter School leadership will actively develop relationships with a range of educational partners, policymakers, and researchers to identify and address issues, trends, and potential changes that affect the context and conduct of education.</p>	\$125,570.63	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Expenditures associated with this action include the following: Community Schools Coordinator salary and benefits, membership fees (CCSA, WASC, etc.), marketing, branding, outreach, and partnership expenses.</p> <p>The following expenditures will be funded by federal Title funds: N/A</p>		

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
\$\$601,223	\$44,247

## Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	<p><b>Action:</b> Healthy and nutritious meals</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to nutritious meals and they develop poor eating habits. As a result, they experience poor health and academic outcomes, including, but not limited to, obesity, chronic absenteeism and lower grades. There</p>	<p>MPS is committed to the optimal development of every student. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. For example, student participation in the U.S. Department of Agriculture's (USDA) School Breakfast Program is associated with higher grades and standardized test scores, lower absenteeism and better performance on cognitive tasks. Conversely, less-than-adequate</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>is a need to provide all our students with healthy and nutritious meals.</p> <p><b>Scope:</b> LEA-wide</p>	<p>consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. Finally, there is evidence that adequate hydration is associated with better cognitive performance. With consideration of the importance of good nutrition, Charter School will maintain nutrition education resources and continue to focus on innovative ways to increase access to freshly prepared, nutritious foods to ensure students are well-nourished and ready to learn. We will provide two school meals free of charge during each schoolday to any student who requests a meal without consideration of the student's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. This action will result in increased and improved services, particularly for our low-income students, who may not have access to nutritious meals and are experiencing poor health outcomes. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. Charter School will promote healthy food and beverage choices for all students throughout campus, as well as encourage participation in school meal programs. Charter School will adhere to the MPS Wellness Policy guidelines on nutritious foods for all food sales and celebrations. We expect the meal program will help improve the diet and health of our students and mitigate childhood obesity, model healthy eating to support the development of lifelong healthy eating patterns and support healthy choices while accommodating cultural food preferences and special dietary</p>	<ul style="list-style-type: none"> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• School experience survey "overall satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		needs. We also expect this action will result in increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	
2.2	<p><b>Action:</b> Professional development for high-quality instruction</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Addressing the unique needs of students from diverse backgrounds is a major challenge because our teachers need to be prepared with the relevant content knowledge, experience, and training, with a focus on cultural and linguistic characteristics of our diverse learners.</p> <p><b>Scope:</b> LEA-wide</p>	<p>With the needs of our diverse student body in mind, Charter School will ensure curricula, instruction, and assessments are aligned to the standards and that teachers participate in professional development on the implementation of standards (CCSS, NGSS, etc.) In addition to ongoing professional development activities that support efforts to increase student academic performance, all staff will be provided with multiple opportunities to grow professionally through induction processes, regular collaboration with colleagues, and curricular support. This involves instructional leadership, common walkthrough protocols using the TeachBoost/SchoolMint Grow software, and professional feedback to promote a cycle of continuous improvement, as well as supports for high quality delivery of the program that enables differentiation, particularly for unduplicated students and students with exceptional needs. Instructional leaders at the school and at the Home Office will assess staff professional development needs through formal and informal performance observations, surveys, and student performance data. Based on the data, combined with LCAP goals and the MPS Home Office high quality instruction guidelines, the instructional leaders will determine common staff development days and tailor staff development to individual staff needs. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will result in increased academic achievement of our student groups on</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2, TeachBoost/SchoolMint Grow)</li> <li>• Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded</li> </ul>

			<ul style="list-style-type: none"> <li>• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Mathematics assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> </ul>
<p><b>2.3</b></p>	<p><b>Action:</b> MTSS - Academic enrichment, intervention, and student support</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning, as evidenced by the performance gaps on the CA School Dashboard, CAASPP results, and other available data. Most of our low-income students have parents working multiple jobs and need academic support. Foster youth and English learners may experience feelings of anxiety and confusion.</p>	<p>Considering the needs of our vulnerable student groups in mind, Charter School will implement MTSS as a systemic, continuous improvement framework in which data-based problem-solving and decision making is practiced across all levels of the educational system for supporting students. Charter School will synthesize CAASPP and MAP student achievement and growth data, as well as course grades, and other state and internal assessment scores, into reports and regularly review progress towards targets. Targeted interventions will be utilized to create a high-quality differentiated environment where students are supported to engage at their optimal levels. Charter School will provide additional supports and interventions to all students, including but not limited to, 1-1 or small group interventions, targeted support via evidence-based supplemental intervention/enrichment materials and technology</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>• Percentage of completion of observations by the school administration based on one formal and four informal classroom observations per teacher per year to ensure state standards implementation for all students (Source: Local Indicator Priority 2,</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students struggle with access to materials, technology, and a quiet, private place to study. There are gaps in their learning that need individualized attention.</p> <p><b>Scope:</b> LEA-wide</p>	<p>(reading, math, etc.), co-taught classes, Power English/Power Math classes, Study Skills, additional support during SSR/Advisory, before and after school tutoring, Saturday classes, and summer programs. SSPT, 504, and other support meetings will be coordinated among teachers and support roles (resource teachers, EL coordinator, department chairs, etc.) We expect that these student supports and interventions will provide increased and improved services for all our unduplicated students who need extra support and attention. This action was found effective in the current school year and will be continued in the coming school year. It will be provided on a schoolwide basis and we expect all student groups to show academic growth as measured by the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and other metrics as identified in our LCAP metrics in Goal 2.</p>	<p>TeachBoost/SchoolMint Grow)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading</li> </ul>

<p><b>2.4</b></p>	<p><b>Action:</b> Designated and integrated ELD programs and support for ELs</p> <p><b>Need:</b></p>	<p>Considering the needs of our ELs, Charter School will provide services to ELs by proficiency level and provide ELD instruction aligned to the CA ELD standards and framework. Charter School will provide our ELs with core and supplemental ELD</p>	<p>Goal 2: For all students, but particularly for the EL and LTEL student groups:</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The majority of Charter School's student population consists of English Learners (EL), including long-term ELs (LTELs), Reclassified Fluent English Proficient (RFEP) students, and students with disabilities, many of whom are dually identified as EL. ELs need designated English language development instruction. Emerging ELs lack English speaking experience and struggle to communicate. Both ELs and RFEPs have a strong need for meaningful connections among fundamental concepts in the curriculum to their prior knowledge and experiences. They need additional literacy instruction, support, and interventions. Teachers of ELs need to have knowledge of EL strategies and culturally responsive instruction.</p> <p><b>Scope:</b> LEA-wide</p>	<p>instructional materials and provide our teachers with PD focused on ELD standards. Our EL coordinator will monitor EL student progress in program implementation according to our EL Master Plan. Charter School teachers will provide instruction using designated and integrated ELD instructional strategies as outlined in the CHATS framework (and other research-based strategies such as SDAIE) to all students, including ELs. Charter School will provide culturally and linguistically relevant materials for students. ELs will receive further in-class instructional support which includes one-on-one teacher support and small group instruction. Charter School will strive to provide bilingual instructional assistants to provide primary language support to enable students to access content area instruction while gaining language proficiency. Charter School will ensure that teachers participate in PD on ELD instructional strategies and CHATS framework. Charter School will provide regular and timely communication with families of EL students, including newcomers and LTELs, regarding annual assessments, program supports and services, and students' progress toward reclassification. This notification will include, but is not limited to, annual parent notification letters, quarterly ELAC meetings, and parent-teacher conferences. These supports and services will provide increased and improved services for our English learners. This action was found effective in the current school year and will be continued in the coming school year. While some of the actions described here, including the designated ELD instruction, will be targeted only to ELs, the rest of the actions, including integrated</p>	<ul style="list-style-type: none"> <li>• Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-ELA/Literacy assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-ELA/Literacy assessments (Source: CA School Dashboard)</li> <li>• Percentage of students who have met their growth targets on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>ELD instruction, will be provided for all students. RFEP students, students with disabilities, and all other student groups will benefit from this schoolwide action. We expect that this action will result in increased academic achievement of our student groups, particularly of our ELs and LTELs, on the CA School Dashboard, CAASPP assessments, MAP assessments, student grades, and EL reclassification rates as identified in our LCAP metrics in Goal 2.</p>	<p>(Source: NWEA MAP)</p> <ul style="list-style-type: none"> <li>• Conditional Growth Index and Percentile (CGI and CGP) based on students' growth on the Measures of Academic Progress (MAP)-Reading assessment from fall to spring as compared to the national growth norms (Source: NWEA MAP)</li> <li>• Percentage of students who have met or exceeded standard on the CAASPP-Mathematics assessments (Source: CDE DataQuest)</li> <li>• Distance from Standard (DFS) on the CAASPP-Mathematics assessments (Source: CA School Dashboard)</li> </ul>

<p><b>3.2</b></p>	<p><b>Action:</b> STEM and GATE programs</p> <p><b>Need:</b> Charter School has a vision to help reverse the tide of U.S. students falling behind their peers in other nations in critical subjects like math and science. We strive to graduate students who come from historically underserved neighborhoods as scientific thinkers that contribute to the global community as socially responsible and educated members of society. Charter School's educational approach is based on the conviction that STEM education is essential to improving our modern society's knowledge base and adaptability to the fast pace of everchanging technological advancements. Historically, the number of African American and Latino students pursuing careers in STEAM fields has been very low. Research suggests that a significant cause of these low numbers is that students have inadequate exposure to intensive STEM curricula.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Charter School strives to address the shortage by inspiring and preparing students to choose career paths in science and technology. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students of color, English learners, and students with disabilities. With the needs of our community in mind, Charter School will offer STEAM and GATE programs and activities, including Accelerated/Advanced Math course and club. Students will be provided opportunities during the day and after school to create or demonstrate a STEM focused project, experiment, model or demo. We will also provide information and access to quality out-of-school STEM activities and achievements. With CA Science Framework and NGSS integration, all our students will learn about engineering design, technology, and applications of science as part of their core classes. Furthermore, Charter School will design and implement computer science and engineering-related courses and activities, such as AP Computer Science Principles, Code.org activities, Project Lead the Way (PLTW) programs, Robotics, etc. Unduplicated students will receive increased and improved support through access to supplemental STEM programs and activities. Gifted and talented students and students achieving above grade level will be engaged in all classes as teachers differentiate curriculum</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>• Percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> <li>• Percentage of students who have created or demonstrated a STEAM focused</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>through adjustments of content through depth, complexity, and pacing. Emphasis will be on innovation, critical thinking, and logical reasoning. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will challenge our learners to investigate, use problem-based learning, research, and help become independent and innovative scholars. Goal 3 includes metrics for the percentage of students enrolled in an Accelerated and/or Advanced Math course and/or Advanced Math club, percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study, and percentage of students who have created or demonstrated a STEAM focused project, experiment, model or demo in the current year.</p>	<p>project, experiment, model or demo in the current year (Source: Local Indicator Priority 7, SIS)</p>
<p><b>3.3</b></p>	<p><b>Action:</b> Digital literacy and citizenship programs</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities, many of whom are dually identified as EL. These student groups have social and emotional conditions that influence academic learning and effective literacy, communication, and presentation skills. Most of our slow-income students struggle with access to technology as well. Our students have a great need to learn ways to utilize technology in an effective and responsible way.</p>	<p>With the needs of our students in mind, Charter School will educate our students and staff in digital literacy so that they adapt, create, consume, and connect in productive, responsible ways to utilize technology in academic, social, and professional settings. Charter School will offer Computer/Digital Literacy classes and/or blended learning experiences for our students. Teachers will incorporate appropriate technology into lessons to support student learning and technology will be kept up to date. Students will be provided with opportunities to expand their literacy, computational, and communication skills with digital media; they will be writing advanced essays, conducting internet research, engaging in data collection, presenting ideas and drawing conclusions. Charter School staff will teach and</p>	<p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study (Source: Local Indicator Priority 7, SIS)</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Scope:</b> LEA-wide</p>	<p>model safe, savvy, and social digital citizenship; topics may include, but are not limited to, using technology applications; digital footprint, privacy, and security; digital rights and responsibilities; using social media responsibly and digital etiquette. These activities will result in increased and improved services for our unduplicated students. This action was found effective in the current school year and will be continued in the coming school year. We expect this schoolwide action will help our students expand their knowledge and skills in an ever-evolving digital world. Goal 3 includes a metric for the percentage of students in the current graduating class who have taken a Computer/Technology course and/or experienced blended learning in their program of study.</p>	
<p><b>3.4</b></p>	<p><b>Action:</b> Physical education, activity, and fitness</p> <p><b>Need:</b> Low-income students do not have sufficient or consistent access to physical activities/sports and fitness education. Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities do better academically.</p> <p><b>Scope:</b></p>	<p>MPS is committed to the optimal development of every student. With consideration of the importance of physical fitness, Charter School will provide students with physical education, using an age-appropriate, sequential PE curriculum consistent with state standards for PE. The curriculum will promote the benefits of a physically active lifestyle and will help students develop skills to engage in lifelong healthy habits, as well as incorporate essential health education concepts. Charter School will offer recess before lunch and students will be provided with periodic opportunities to be active or to stretch throughout the day on all or most days during a typical school week. To the extent practicable, Charter School will ensure that its grounds and facilities are safe, and that equipment is available to students to be active. Charter School will offer opportunities for</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of “C” or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>School experience survey "overall</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide	students to participate in physical activity either before and/or after the school day (or both) through a variety of methods such as physical activity/sports clubs, intramurals or interscholastic sports, etc. Charter School will adhere to the MPS Wellness Policy guidelines on physical education, activity, and fitness. With the needs of low-income students in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help improve the health of our students and model physical fitness to support the development of lifelong healthy living patterns. We expect that this action will result in increased attendance and grades as well as increased student belonging as measured by the annual student surveys in Goal 4: Action 4.	satisfaction rates" based on the responses of our students to the question, "Overall, I am satisfied and would recommend this school to other students." (Source: Local Indicator Priority 6, Panorama Education)
3.5	<p><b>Action:</b> Additional programs and activities that support well-rounded education</p> <p><b>Need:</b> The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Traditionally, schools focus on ELA and math interventions to address the learning gap between vulnerable student groups and their peers. Other important well-rounded programs such as arts, music, civics, and languages other than English may not get the same attention. On the other hand, well-rounded programs help students develop competencies and creative skills in problem</p>	To provide well-rounded education to our students, Charter School will strive to offer additional programs such as elective courses, arts, music, civics, languages other than English (LOTE), clubs, etc. Arts instruction focuses on developing students' creativity, imagination, discipline and self-expression through drawing and fine arts. It is important that all our students, particularly unduplicated students, are provided with experiential learning opportunities, including but not limited to, instructional field trips, internships, community service programs, clubs, etc. Charter School teachers and other staff will offer after school clubs for enrichment in the areas of, including, but not limited to, STEM (science, technology, engineering, math), ELA, LOTE, culture, sports, visual and performing arts, community service, leadership, and others. In	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 3:</p> <ul style="list-style-type: none"> <li>Percentage of students in the current year College Career Indicator (CCI) who earned Prepared on the</li> </ul>

4.1	<b>Action:</b> Seeking family input for decision-making	Considering the needs of our unduplicated students and their families, Charter School will	Goal 4:

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> It is important that parents are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. This includes reviewing the school's goals, actions, programs, data, and funds, including evaluation of actions and programs and effective use of funds. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs. In order to engage parents in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage parents in decision making.</p> <p><b>Scope:</b> LEA-wide</p>	<p>hold periodic meetings to gather input from our families. Information/input sessions include Board of Directors meetings, Parent Advisory Committee (PAC) meetings, English Learner Advisory Committee (ELAC) meetings, Parent Task Force (PTF) meetings, and Coffee with the Principal meetings. The PAC will be composed of majority of parents of pupils and include parents/guardians of ELs, low-income, foster youth, and students with disabilities. Parents, teachers, staff, students, and community members are encouraged and empowered to join school committees, including the PAC and ELAC. Such committees provide for representation of students in need (low income, EL, foster youth, students with disabilities, etc.) Feedback from our educational partners provide valuable input for the LCAP and continuous school improvement. Charter School chooses to utilize the LCAP to serve as the SPSA and holds an annual meeting to inform parents and collect feedback about LCAP goals and actions, data and needs assessment, Title-funded activities and budgets, UCP, parent and family engagement policy and school-student-parent compact. In addition, as explained in Goal 4: Action 4, Charter School will conduct family surveys to seek feedback on school improvement. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in decision making. Charter School utilizes the self-reflection tool for</p>	<ul style="list-style-type: none"> <li>• Number of Parent Advisory Committee (PAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• Number of English Learner Advisory Committee (ELAC) meetings per year (Source: Local Indicator Priority 3)</li> <li>• School experience survey "average approval rates" based on the responses of our families to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

<p><b>4.2</b></p>	<p><b>Action:</b> Building relationships and partnerships with families for student outcomes</p> <p><b>Need:</b> Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than thirty years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.) To engage all families equitably, it is necessary to understand the</p>	<p>In order to build partnerships with our families for student outcomes, Charter School will build trusting and respectful relationships with parents through activities/events, including Student/Parent Orientation, Back to School Night, and parent conferences to promote parental participation in programs. Administrators will greet all students and parents in the mornings during student drop off and have an open-door policy welcoming all parents. Charter School will provide parents with access to course materials, homework assignments, projects, and records of students' grades through our SIS. Charter School will communicate further with the parents of students who are performing below grade level. Our teachers, administrators, and classified staff will</p>	<p>Goal 2:</p> <ul style="list-style-type: none"> <li>Percentage of students who have received a grade of "C" or better in core subjects and electives (Source: SIS)</li> </ul> <p>Goal 4:</p> <ul style="list-style-type: none"> <li>Number of activities/events for parent involvement per year (Source:</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>cultures, languages, needs and interests of families in our school community. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. Most of our low-income students have parents working multiple jobs. Parents of our ELs need capacity building to support the needs of our ELs.</p> <p><b>Scope:</b> LEA-wide</p>	<p>visit students at their homes to discuss student progress and enhance student learning and involvement. Charter School will schedule annual workshops for parents as well as additional workshops for parents of EL and immigrant students. Topics to be covered include, but are not limited to, the school's EL Master Plan, stages of language acquisition, state testing, college application, using SIS to check student progress, study habits, and family literacy. Charter School will use a variety of communication channels to connect with families in a language that is understandable and accessible to them. A parent communication software will be utilized for voice and text communications, email, and push notifications. We will provide language translators at parent meetings to the extent practicable. These activities will result in increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the coming school year. We expect this action will help further engage our families in building partnerships with the school for student outcomes. Charter School utilizes the self-reflection tool for Local Priority 3, i.e., Parent and Family Engagement, to measure progress in creating welcoming environments and building trusting and respectful relationships with families, developing multiple opportunities for 2-way communication between families and educators using language that is understandable and accessible to families, and providing families with information and resources to support student</p>	<p>Local Indicator Priority 3)</p> <ul style="list-style-type: none"> <li>• Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS)</li> <li>• Average Daily Attendance (ADA) Rate (Source: SIS)</li> <li>• Chronic Absenteeism Rate (Source: CA School Dashboard, SIS)</li> <li>• Middle School Dropout Rate (Source: CALPADS)</li> <li>• High School Dropout Rate (Source: CDE DataQuest, CALPADS)</li> <li>• Graduation Rate (Source: CALPADS, CA School Dashboard)</li> <li>• Student Suspension Rate (Source: CA</li> </ul>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<p><b>4.4</b></p>	<p><b>Action:</b> Annual educational partner surveys</p> <p><b>Need:</b> It is important that parents, students, and staff are engaged in the development of all school plans, including, but not limited to, the LCAP, SPSA (Charter School uses the LCAP to serve as the SPSA), and WASC Self-Study. Charter School wishes to engage all parents, to the extent applicable, in the process of school review and improvement. The majority of Charter School's student population consists of low-income and socioeconomically disadvantaged students, English learners, and students with disabilities. To engage all students and families equitably, it is necessary to understand the cultures, languages, needs and interests of students and families in our school community. Educational partner voices, i.e., voices of our students, families, staff, and other school community members, play a powerful role in helping us learn how to improve our teaching, leadership, and other school practices. In order to engage educational partners in an organized, ongoing and timely manner in the planning, review and improvement of our programs, Charter School needs to provide multiple channels to engage educational partners in decision making. Surveys have been the primary means of collecting student, family, and staff voices about what we are doing great and should keep doing, and what areas for improvement are so we can continue to provide our students with the best quality education.</p>	<p>Considering the needs of our unduplicated students and their families, MPS uses an online platform to provide students, families, and staff with groups of questions that measure their perceptions of teaching and learning, as well as their perceptions of school climate and safety. This feedback instrument provides teachers and school leaders with valuable data about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Charter School will annually administer school experience surveys to students, parents, and staff. Charter School will implement the CORE DISTRICTS Survey instrument to assess our educational partners' perceptions of the following school climate indicators: climate of support for academic learning; knowledge and fairness of discipline, rules and norms; safety; and sense of belonging (school connectedness). In addition, we ask our educational partners open-ended questions about what they like the best and the least about the school and suggestions for improvement. This feedback instrument provides all staff and school leaders with valuable information about how students see their classes, how much parents are involved, how supported staff feel and how to facilitate improvement. Our staff will analyze the survey results to identify the greatest progress and needs in order to inform our next steps. The surveys help identify and plan for increased and improved services for our unduplicated students and their families. With the needs of our unduplicated students and their families in mind, this action will be provided on a schoolwide basis. It was found effective in the current school year and will be continued in the</p>	<p>Goal 4:</p> <ul style="list-style-type: none"> <li>• School experience survey "participation rates" by students, families, and staff (Source: Local Indicator Priority 6, Panorama Education)</li> <li>• School experience survey "average approval rates" based on the responses of our students, families, and staff to all questions on the survey in the following topics: climate of support for academic learning; knowledge and fairness of discipline, rules, and norms; safety; and sense of belonging (school connectedness) (Source: Local Indicator Priority</li> </ul>

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

--

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Similar to the current academic year, MSA-4 will utilize the concentration grant add-on funds (\$44,247) in the following manner:

MSA-4 is using the concentration grant add-on funds received in a manner which is consistent with California Education Code Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

By adding these faculty/staff members, we aim to strengthen our ability to address the diverse needs of our student population and provide targeted support where it is most needed. This strategic allocation of funds will help create a more conducive learning environment and contribute to our student's overall growth and achievement.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		
Staff-to-student ratio of certificated staff providing direct services to students

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### **Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

### **Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

### **Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

#### Focus Goal(s)

##### Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

##### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

##### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

##### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

### **Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

#### Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on **Dashboard data or other locally collected data.**
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric #
<ul style="list-style-type: none"> <li>• Enter the metric number.</li> </ul>
Metric
<ul style="list-style-type: none"> <li>• Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.</li> </ul>
Baseline
<ul style="list-style-type: none"> <li>• Enter the baseline when completing the LCAP for 2024–25.                             <ul style="list-style-type: none"> <li>○ Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).</li> <li>○ Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.</li> <li>○ Indicate the school year to which the baseline data applies.</li> <li>○ The baseline data must remain unchanged throughout the three-year LCAP.                                     <ul style="list-style-type: none"> <li>▪ This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain</li> </ul> </li> </ul> </li> </ul>

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the **“Measuring and Reporting Results”** part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

### A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

### A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

### **Actions:**

Complete the table as follows. Add additional rows as necessary.

#### Action #

- Enter the action number.

#### Title

- Provide a short title for the action. This title will also appear in the action tables.

#### Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

## LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## Requirements and Instructions

Complete the tables as follows:

### Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

**LCFF Carryover — Dollar**

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

**Total Percentage to Increase or Improve Services for the Coming School Year**

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA’s percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

**Required Descriptions:**

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
