Accessibility
In compliance with the Americans with Disabilities Act (ADA) and upon request, Magnolia Public Schools may furnish reasonable auxiliary aids and services to qualified individuals with disabilities. Members of the public who need special accommodations or translation are strongly encouraged to contact Magnolia Public Schools at least 24 hours in advance of the Board meeting so assistance can be assured. Please contact Jennifer Lara at 213-628-3634 or email jlara@magnoliapublicschools.org with such requests.

Any public records relating to an agenda item for an open session which are distributed to all, or a majority of all, of the Board Members shall be available for public inspection.

Public Comment Procedures
Magnolia Public Schools greatly values public comment during Board meetings. For members of the public who would like to speak, please fill out the Public Speaker Form which can be accessed at magnoliapublicschools.org, there will also be speaker cards to be filled out prior to the beginning of the meeting. By law, the Board is only allowed to discuss or take action on items listed on the agenda. The Board may, at its discretion, refer a matter to MPS staff or add the issue to a future board meeting date for discussion. Public speakers are limited to three (3) minutes and speakers with interpreters up to six (6) minutes.

Please note that the agenda presenting times for when that item will be discussed, or taken action on, is subject to change on the day of the Board meeting to accommodate public speaker times indicated above.

For any questions regarding this meeting please email board@magnoliapublicschools.org or call (213) 628-3634 ext. 21101.

I. Opening Items

A. Call the Meeting to Order

M. Muhammedov called a meeting of the board of directors of Magnolia Public Schools to order on Thursday Jan 16, 2025 at 6:33 PM.

B. Pledge of Allegiance

Board, staff and guests conducted the pledge of allegiance.

C. Record Attendance and Guests

Refer to attendance information recorded above.

D. Approval of Agenda

D. Gonzalez made a motion to amend the agenda by having Action Item IV N be the first item for discussion once we move on to the action items agenda.
M. Muhammedov seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call	
S. Dikbas	Aye
D. Gonzalez	Aye
M. Muhammedov	Aye
S. Covarrubias	Aye
U. Yapanel	Aye

E. Public Comments

G. Serce, Chief Academic Officer, provided a comment in terms to N. Bayraktar, Student Board Member's initiative. He added that the initiative was a Magnolia wide Mental Health Week on the week of January 27th. He reported that with the support of M. Wittek, Director of Student Services, they brought the idea to the Principals which was supported. He added that more details would be shared at the next Board Meeting.

F. Announcements - CEO & Superintendent, Board, Student Board Member

A. Rubalcava, CEO & Superintendent, announced that on January 7th, 2025 multiple fires broke out in the Los Angeles County region. Fires spread dramatically due to the wind conditions in the area and smaller fires broke out which impacted the air quality around the county. Pacific Palisades fire, Eaton fire, Kenneth fire and Sepulveda fire impacted all the Los Angeles county schools particularly the valley and west Los Aneles sites. He added that many families stayed home on January 8th due to the poor air quality, power outages and anticipated evacuation orders. He added that as the condition

worsened, MPS closed sites on January 9th and January 10th in line with guidance from MPS partners. He added that what happened was devastating and thanked everyone who worked collectively to support the entire educational partners. He thanked essential employees, front line employees at the school sites and first responders. Additionally, he added that they would continue to support the community and employees through this difficult time.

Additionally MPS will be submitting a J-13 A form to material decrease for Magnolia Science Academy (MSA)-1, 2, 4, 5, 6 and 7 and a form for closures for MSA-1, 2, 3, 4, 5 and 7. D. Yilmaz, Chief Accountability Officer, added that the Board will sign those documents for submission.

G. Approval of Minutes from MPS Regular Board Meeting - December 12, 2024

M. Muhammedov made a motion to approve the minutes from Regular Board Meeting on 12-12-24.
D. Gonzalez seconded the motion.
The board **VOTED** to approve the motion.

Roll Call

S. Covarrubias	Aye
S. Dikbas	Aye
M. Muhammedov	Aye
U. Yapanel	Aye
D. Gonzalez	Aye

II. Consent Items

A. Approval of School Accountability Report Cards (SARC) for All MPS

M. Muhammedov made a motion to approve the School Accountability Report Cards (SARC) for all MPS.
D. Gonzalez seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call

D. Gonzalez	Aye
S. Dikbas	Aye
M. Muhammedov	Aye
S. Covarrubias	Aye

III. Closed Session

A. Public Announcement of Closed Session

M. Muhammedov, Board Chair, announced that the Board will be going into closed session to discuss conference with real property negotiations and conference with legal counsel - anticipated litigation.

B. Conference with Real Property Negotiations (§ 54956.8)

Item was discussed in Closed Session.

C. Conference with Legal Counsel – Anticipated Litigation

Item was discussed in Closed Session.

D. Report Out of Closed Session

M. Muhammedov announced in Open Session at 8:03pm that the Board discussed conference with real property negotiations in which the Board directed staff to take necessary actions. Board also discussed conference with legal counsel on anticipated litigation and Board directed staff to make necessary steps.

IV. Action Items

A. Approval of MPS School Sponsored Field Trips and Cultural Excursions Policy

M. Wittek, Director of Student Services, stated that the purpose of the policy is to ensure MPS provides opportunities to students to enhance their learning experience by providing opportunities to them to engage with the broader community outside of the school site and be able to bring extracurricular activities to them. She stated that the development stemmed from ensuring there were consistent and clear guidance for all schools to follow regarding field trips. She added that forms and guidance were already in place that met the state requirements and added to the Student/Parent Handbook, but staff determined that a formalized policy was needed. Legal counsel supported in the development. Board Members questions were addressed by staff. The Board requested for staff to continue a review of the policy to also align with the Volunteer Policy and to ensure consistency and clear language. Board will not adopt the policy as is at this time and will revisit at a future Board Meeting.
S. Dikbas made a motion to amend the existing motion and instead to table the item to a later Board Meeting to address the Board's recommendations and feedback.
M. Muhammedov seconded the motion.
The board **VOTED** unanimously to approve the motion.

B. Approval of Updated 2024-25 MPS Employee Handbook

F. Del Carpio, Chief People Officer, reported on the updates made to the Employee Handbook. Centered around AB 2534 are updates made to the criminal background checks, employment verifications in which schools must disclose when an employee has been dismissed for misconduct and/or reported to the CTC. Other updates also include professional boundaries with social media and student conduct, Title IX Coordinator as M. Wittek, Director of Student Services, conflict of interest protocol and expectations, Artificial Intelligence (AI) policy for responsible use of AI in the workplace, and replacing the 401k retirement plan with 403b which is available for all staff. She also discussed further language of prohibited conduct. Board Members questions were addressed by staff.

D. Gonzalez made a motion to approve the 2024-25 Employee Handbook as presented with an effective date of January 1, 2025.

M. Muhammedov seconded the motion.

The board **VOTED** unanimously to approve the motion.

Roll Call

D. Gonzalez	Aye
S. Dikbas	Aye
S. Covarrubias	Aye
M. Muhammedov	Aye
U. Yapanel	Aye

C. Approval of Board Resolution for Creation of Position(s) for Magnolia Science Academy-4

F. Del Carpio, Chief People Officer, reported on the importance to enhance the school's momentum for continued success especially leading up to their renewal. She added that they have seen promising indicators such as an increase in enrollment from last year and staff retention meeting LCAP goals. She detailed that the creation of the Dean of Students position would help build the program and focus on enhancing support systems and creating a safe and inclusive environment freeing teachers to focus on instruction. She added that they will also prepare students for success and expand academic support such as dual enrollment programs and college readiness initiatives. They will also be working collaboratively with the SPED Coordinator to support special needs students. E. Rizzuto, Principal at Magnolia Science Academy (MSA)-4, added to the need of the position at the school site to support the school's current needs and responsibilities to student achievement. Board Members questions were addressed by staff.

S. Covarrubias made a motion to approve board resolution #20250116-01 for the creation of a Dean of Students position at Magnolia Science Academy-4 to enhance the school’s educational programs and support services for students.

D. Gonzalez seconded the motion.

The board **VOTED** unanimously to approve the motion.

Roll Call

U. Yapanel	Aye
S. Covarrubias	Aye
M. Muhammedov	Aye
D. Gonzalez	Aye
S. Dikbas	Aye

D. Approval of Magnolia Science Academy-3 Action Plan for Success

G. Serce, Chief Academic Officer, presented the updated action plan for success for Magnolia Science Academy (MSA)-3. He stated that the previous action plan was shared with educational partners and after receiving feedback they made adjustments. Those updates include data to reflect the latest dashboard data that became available and included all the research and evidence based references on the action plan. He reported that the actions did not change. This was in collaboration with school site leaders, staff from the Academic Department and C. Ravare, Chief Schools Officer. He added that the updated version would be updated to the petition for MSA-3 to the Los Angeles County Office of Education (LACOE). Board Members questions were addressed by staff.
M. Muhammedov made a motion to approve the updated Magnolia Science Academy-3 Action Plan for Success for the 2024-25 school year and beyond. Incorporating new data, interventions, and research-based practices to ensure continuous improvement in academic performance, attendance, and student well-being.
U. Yapanel seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call

U. Yapanel	Aye
M. Muhammedov	Aye
D. Gonzalez	Aye
S. Dikbas	Aye
S. Covarrubias	Aye

E. Approval of 2023-24 Annual Audit Report for all Magnolia Science Academy Schools and the Home Office

S. Budhraja, Chief Financial Officer, presented the 2023-24 fiscal year annual audit report. He reported a clean audit, compliance with all instructional minutes, no adjustments or restatements to the fund balance from the unaudited actuals, good cash position, no material weakness, and no findings for the current year. He added that they worked with the auditors to adjust practices based on the prior year finding related to ASES/ELOP funds which was implemented and the corrective action was made.
S. Dikbas made a motion to approve the 2023-24 Annual Audit Report for all Magnolia Science Academy (MSA) schools and the Home Office (MERF).
S. Covarrubias seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call

D. Gonzalez	Aye
M. Muhammedov	Aye
S. Covarrubias	Aye
S. Dikbas	Aye
U. Yapanel	Aye

F. Resolution Approving Charter Material Revision of Magnolia Science Academy-Orange County

M. Rowell, Founding Principal at Magnolia Science Academy (MSA)-Orange County, reported that through connecting with families they found that a large majority reside in the city of Anaheim. She reported that the request is for approval to seek a Material Revision with the Orange County Department of Education and include Anaheim as a potential site. F. Adame, Senior Project Director of Growth & Expansion, added that two districts are named in Anaheim because they have an Elementary School District and High School District. She added that because the petition is K-12 the Material Revision would include both of those districts.
M. Muhammedov made a motion to approve Resolution #20250116-02 that authorizes the material revision submission of Magnolia Science Academy-Orange County's Charter Petition to the Orange County Department of Education and authorize the MPS CEO and Superintendent to take the necessary actions needed to complete the revision process.
U. Yapanel seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call

S. Dikbas	Aye
S. Covarrubias	Aye
D. Gonzalez	Aye
M. Muhammedov	Aye
U. Yapanel	Aye

G. Approval of Revisions to the Employee Evaluation Protocols

D. Yilmaz, Chief Accountability Officer, provided background on the process of revamping the employee evaluation protocols. In an effort to have evaluations better aligned with job descriptions and provide more targeted support and professional development opportunities to staff. He added that in collaboration with the People & Culture Department who lead pay scales and job descriptions, these improvements will come in phases. He explained the current evaluation protocols for teaching staff, school leaders and all other remaining staff which include classified/home office/non-teaching staff and revision. F. Del Carpio, Chief People Officer, shared that their goal is to move in a direction of clarity for staff to see how their performance connects to the job description. She added that they have been working with EdFuel. Board Members questions were addressed by staff.

U. Yapanel made a motion to approve the revisions to the Employee Evaluation Protocols.
S. Covarrubias seconded the motion.
The board **VOTED** unanimously to approve the motion.

Roll Call	
U. Yapanel	Aye
S. Dikbas	Aye
D. Gonzalez	Aye
M. Muhammedov	Aye
S. Covarrubias	Aye

H. Approval of Resolutions Related to the Acquisition and Lease of 18120 Sherman Way (including Acquisition Loan)

P. Ontiveros, General Counsel & Director of Facilities, reported on the proposed authorization to close escrow on the purchase of the property at 18120 Sherman Way (Bank of America Building). In addition, approval of staff authorization to get an acquisition loan for the purchase and to adopt reimbursement resolutions for future long term financing. He provided background of the property and reported on the due diligence that has been done. Board Members questions were addressed by staff.
M. Muhammedov made a motion to approve the following actions: (1) closing of the escrow for the purchase of the property located at 18120 Sherman Way (APN: 2125-036-083) (the “Sherman Way Property”) for a purchase price of Seven Million Six Hundred Thousand Dollars ($7,600,000); (2) obtaining an acquisition loan in an amount equal to the purchase price plus closing costs or such other amount as MPS Staff may deem appropriate (the “Loan”) from CLI Capital (the “Lender”) for the purchase of the Sherman Way Property pursuant to the terms and conditions set forth in the term sheet attached as Exhibit A, provided that MERF will deposit into an escrow account for the benefit of CLI cash in an amount equal to the excess of the loan amount over the $5,825,000 appraised value of the Sherman Way Property, such deposit to be funded by an Intra Company loan to MERF central office from MSA-Bell cash reserves; (3) execution by the MPS CEO, CFO or their designees, of such documents and instruments as may be necessary for MPS to close the Loan, including but not limited to a Loan Agreement, Deed of Trust, Security Agreement, Escrow Agreement, and such other documents as shall be necessary to secure the Loan (the “Loan Documents”); (4) adoption of the reimbursement resolution attached as Exhibit B; and (5) the execution by the MPS CEO and Superintendent, CFO, or their designees, of such documents and instruments as may be necessary to undertake and complete the foregoing actions.
D. Gonzalez seconded the motion.
The board **VOTED** unanimously to approve the motion.

I. Approval of Intracompany Loan Between Magnolia Science Academy-8 to Magnolia Educational & Research Foundation

S. Budhraja, Chief Financial Officer, reported that this item is related to the purchase and acquisition of 18120 Sherman Way. He reported that there was a gap between the purchase price versus the appraisal value and so in an effort to secure financing and close at a timely manner they are seeking to utilize funds from Magnolia Science Academy (MSA)-8 which the school has approximately $4 million in excess reserves not being put to work in operating costs or any other personnel expenditures in an effort to help support the acquisition of the property. He added that the transaction would allow for MERF to utilize up $2.5 million in order to secure the acquisition of Sherman Way property and provide funds for the loan deposit. Additionally, he reported that the Intra Company Loan will bear interest at the rate of 4% per annum, and that the Intra Company Loan will be repayable with interest on any refinancing of the loan. Board Members questions were addressed by staff.
M. Muhammedov made a motion to approve the Resolution for Intra Company Loans between Magnolia Science Academy Bell & Magnolia Educational & Research Foundation.
D. Gonzalez seconded the motion.
The board **VOTED** unanimously to approve the motion.

N. Approval of Underwriter for Refinancing of 2014 and 2017 Bonds

As per the approval of agenda, this item was discussed first on the action items agenda.

S. Budhraja, Chief Financial Officer, reported that the item is in relations to the outstanding debt MPS has for the schools specifically the 2014 and 2017 bonds. He added that the purpose is to refinance the bonds and take advantage of better interest rates. He reported that they issued a request for proposal (RFP) to identify potential companies to help in this process. He explained the RFP process and the bids collected. He added that they have done an extensive review of the proposals with other administrators. John Buck, Financial Advisor, spoke upon the marketing purposes of the bonds and the rating process adding that Stifel would aid in telling the story of MPS. John Kim, Stifel representative, provided more detail of the firm and what they can bring to MPS. Board Members questions were addressed by staff.

M. Muhammedov made a motion to approve the authorization of Stifel Public Finance as the chosen underwriter for the refinancing of Magnolia Public Schools' 2014 and 2017 bonds.
D. Gonzalez seconded the motion.
The board **VOTED** unanimously to approve the motion.

V. Information/Discussion Items

A. Data Presentation: 2024-25 MPS Demographics

L. Woods, Director of School Office Data & Accountability, went over the results of the CALPADS Fall 1 submission to the California Department of Education (CDE). She added that before certification, they go through multiple audits and approvals from school leadership and home office staff, looking at the elements before certifying the data. She added Fall 1 reports capture student data elements and enrollments annually on census day. She presented various data from enrollment as an organization and by school site, historical trends, enrollment by grade span, enrollment by ethnicity, enrollment by gender, students with English Learners code, students with EL and disability rates, free and reduced meal rates, unduplicated pupil count, students with GATE rates, foster youth rates and counts, students with disabilities, students experiencing homelessness, immigrant student rates, and CALPADS census demographic dates for 2023-24 and 2024-25. Board Members questions were addressed by staff.

VI. Closing Items

A. Adjourn Meeting

There being no further business to be transacted, and upon motion duly made, seconded and approved, the meeting was adjourned at 11:54 PM.

Respectfully Submitted,
M. Muhammedov

Coversheet

Approval of Updated MPS Health & Safety Policy

Section: II. Consent Items
Item: A. Approval of Updated MPS Health & Safety Policy
Purpose: Vote
Submitted by:
Related Material: II_A_Updated Health and Safety Policy.pdf

Agenda Item:	II A: Consent Item
Date:	February 13, 2025
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Suat Acar, Chief Operations Officer
RE:	Respiratory Illness Guidelines and COVID 19 Testing Plan (Updated Health and Safety Policy)

Action Proposed:

I move that the Board approve the MPS Respiratory Illness Guidelines and COVID-19 Prevention Plan (updated Health & Safety Policy).

Purpose:

To reflect the current status of law pertaining to COVID-19 protocols, MPS should adopt a new policy that retires its current COVID-19 policy, titled "Magnolia Public Schools COVID-19 Prevention Procedures and Testing Plan" and replaces it with a further pared down plan that focuses on managing respiratory illness generally, while also maintaining provisions to address the last few mandatory COVID-19 requirements in effect.

Background:

During the COVID-19 pandemic, state and local health departments imposed several overlapping, mandatory public health protocols intended to prevent and manage the spread of COVID-19 in schools. To address all the legal requirements on schools, MPS developed a COVID-19 Health and Safety Plan and COVID-19 Illness and Injury Prevention Program Addendum to incorporate the various mandates into school policy. Since then, state and local health authorities have continued to relax and repeal their requirements for COVID-19 response in school sites.

Analysis:

The California Department of Public Health has largely shifted its focus to treating respiratory illnesses more generally, and on February 3, 2025, the Cal/OSHA COVID-19 workplace protocols expired as well, with the exception of a recordkeeping requirement that will continue for one more year. Likewise, Education Code § 32096 continues to require schools to have and post a "COVID-19 Testing Plan."

Impact:

With the proposed health and safety policy the MPS will no longer have a separate COVID 19 policy but a more general respiratory illness response guideline which also includes COVID 19.

Exhibits:

- Respiratory Illness Guidelines and COVID 19 Testing Plan

RESPIRATORY ILLNESS GUIDELINES AND COVID-19 TESTING PLAN

Introduction

The COVID-19 pandemic has ceased to be an everyday concern, yet it and other respiratory illnesses remain causes for concern in an educational environment, due to their ability to disrupt learning, attendance, and the provision of essential educational services, in addition to threatening the health and wellbeing of students and staff

As the mandatory state and county guidelines that previously governed COVID-19 response protocols during the pandemic have largely lapsed, schools are left to develop and carry out their own ongoing response procedures to address respiratory illnesses, including COVID-19, Respiratory Syncytial Virus ("RSV"), influenza, and others. Magnolia Public Schools ("MPS") has set forth the following plan to guide its schools in responding to respiratory illness and in remaining in compliance with the few remaining mandatory COVID-19 legal requirements.

Symptoms of Acute Respiratory Infection

COVID-10, flu, and RSV are examples of acute respiratory infections, and each can have similar symptoms, which can each range from asymptomatic to severe. Symptoms of acute respiratory disease include, but are not limited to: fever/chills, cough, sore throat, runny or stuffy nose, difficulty breathing, body aches, fatigue, and others.

Students and staff experiencing severe symptoms should seek medical care.

General Respiratory Illness Response Guidelines

To support safe, in-person learning and avoid the spread of diseases, schools must be able to identify and manage disease exposures. State law permits schools to exclude anyone with a communicable disease that poses a risk to others. (See Title 17, Cal. Code. Regs., section 2526; Title 5, Cal. Code of Regs. Section 202; California Health & Safety Code section 120230.)

If staff or students present with symptoms of acute respiratory infection, they will be directed to

1. Wear a mask, stay home and away from others, and talk with their healthcare provider about treatment options.
2. Test for COVID-19 and/or flu.

3. Even if testing negative for COVID-19, the student or staff should stay home and away from others until fever-free for 24 hours without medication and symptoms of acute respiratory infection improve. While at home, improve indoor ventilation where possible and consider wearing a mask indoors.
4. Staff and students should practice good hygiene when returning, such as by taking particular attention to washing hands, wearing a mask, and other general good hygiene practices.

Schools should support access to face masks for students and staff to the extent feasible.

No person may be prevented from wearing a mask unless it would pose a safety hazard.
Schools shall encourage good hygiene during periods when respiratory illnesses are frequent. This shall include encouragement and teaching (if necessary) of thorough and proper hand washing technique, provision of an adequate supply of well-supplied handwashing stations/sinks and no touch-trashcans, and discouragement of sharing of personal items like cups, food, utensils, water bottles, lip balm, cell phones, and makeup.

Sending a Student Home

When a student is sent home due to illness, the following should be considered:

1. **Notify the parent/guardian** that the student needs to go home, make arrangements for pickup.
2. **Determine a safe waiting space** where the student can wait, where they will be supervised and monitored until pickup, but where they can be relatively isolated from others.
3. **Offer a face mask** to the student to help prevent spread of disease.
4. **Discuss symptoms and provide guidance** to the parent/guardian on next steps in disease prevention guidance and school policy for returning to school.
5. **Inform parent if illness was reported** to local/state authorities per illness reporting requirements.

Returning to School

For most illnesses, a doctor's note is not required for returning to a school setting. Generally, a student can return when:

1. **Symptoms are improving** and the student feels better and can meaningfully participate in activities.
2. **Staff can meet the student's needs** without being exposed to illness.
3. **Specific symptoms like fever or vomiting have resolved** per the return criteria set forth in the California Department of Public Health Symptom Guidance, found here: https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/Schools/SymptomGuidance.aspx

COVID-19-Specific Guidelines (For Los Angeles Schools Only)

Staff and Students who have COVID-19 should:

1. stay home and away from others until fever-free for 24 hours without medication, provided other symptoms are mild and improving;
2. wear a mask for 10 days from symptom onset or first positive test
3. tell close contacts so they can take protective measures.

Staff and Students who are close contacts should:

1. wear a mask for 10 days after last exposure;
2. monitor for symptoms for 10 days after last exposure
3. get tested within 3-5 days from last exposure

Cluster Reporting (For Los Angeles Schools Only)

Schools in the County of Los Angeles should report any concerning respiratory illness clusters (meaning a group of at least 5 people who are ill with acute respiratory infection symptoms, and the cases appear to be linked) to the Los Angeles County Department of Public Health, using the CDPH SPOT Portal, found at https://spot.cdph.ca.gov/

Clusters should be considered "concerning" when there is evidence that standard respiratory illness controls have been ineffective; when an unusually high number of people are identified with acute symptoms that may be linked in time or place to a certain area of the school; when the illness is of increased severity such as when it requires hospitalization; when cases may have been exposed to animals known to transmit respiratory illness; or when the situation is otherwise deemed concerning by school administration or health officials.

COVID-19 Testing Plan

Education Code section 32096 requires schools to maintain a COVID-19 testing plan until 1/1/2026. In keeping with that requirement, MPS hereby adopts the "framework" for testing for COVID-19, as that term is defined by statute. This means that MPS will (i) maintain awareness of COVID-19 testing resources offered by healthcare insurers, and local, state, and federal sources; (ii) facilitate access to at-home testing resources for COVID-19 where possible; (iii) maintain awareness of any state and local guidance on COVID-19 testing strategies; (iv) maintain general awareness of the prevalence of COVID-19 in the community; (v) keep all COVID-19 test results received confidential and shall disclose them only as required by law; and (iv) shall use at-home antigen tests for any tests provided at its school sites.

COVID-19 Recordkeeping

The California Division of Occupational Safety and Health ("Cal/OSHA") regulations governing COVID-19 protocols in the workplace are mostly no longer in effect as of February 3, 2025. However, employers are still required to keep records of all COVID-19 cases among employees until February 3, 2026.

In keeping with this requirement, each MPS school shall keep a record of any employee's positive COVID-19 case, which record shall note the name, contact information, occupation, location where the employee worked, their last date at the workplace, and the date of any positive COVID-19 test or diagnosis. These records must be kept for two years after their creation.

Approval of MPS Public Comment Policy

Section: IV. Action Items
Item: A. Approval of MPS Public Comment Policy
Purpose: Vote
Submitted by:
Related Material: IV_A_MPS Public Comment Policy.pdf

Agenda Item:	IV A: Action Item
Date:	February 13, 2025
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Alfredo Rubalcava, CEO & Superintendent Jennifer Lara, Board Secretary
RE:	Approval of MPS Public Comment Policy

Action Proposed:

The motion is for the Board to approve the MPS Public Comment Policy effective immediately.

Purpose:

To solidify practices for efficient MPS Board Meetings and to ensure that we respect the time for members of the community to make public comments at MPS Board Meetings, a policy was drafted to formally document public participation at these meetings.

At Magnolia, we welcome educational partners' perspectives and feedback. With having a formal document in place, with Board's approval, it will clearly outline the guidelines, limits and request submissions. In addition, the language added on all board agendas.

We will have these forms in both English and Spanish and will be posted on the MPS website magnoliapublicschools.org and at our school's websites.

Analysis:

Our legal counsel at Young, Minney, & Corr, LLP aided in the development of the policy.

Exhibits:

Magnolia Public Schools – Board of Directors

Public Comment Policy

Public Participation at Meetings **POLICY NO. 20250213-01**

All regular, special and emergency meetings of the Board shall be open to the public and the media, except Closed Sessions as authorized by law.

Public Comment Guidelines: At a regular meeting, any person may address the Board concerning any item on the agenda and any other matters under the Board's jurisdiction. At a special meeting, any person may address the Board only concerning the items on the agenda. Due to public meeting laws, the Board can only listen to comments, not respond or take action. However, The Board may give direction to staff to respond to an audience member's concern.

Limits on Public Comment: The total time devoted to presentations to the Board on all public comment (including agenda items and non-agenda items at regular meetings) shall not exceed twenty (20) minutes, unless additional time is granted by the Board Chair. Speakers shall be limited to three (3) minutes to make their comments. Speakers requiring translation are allotted six (6) minutes to make their comments. The time allocated to each speaker may be shortened if needed, depending on the number of speakers. Time may not be shared or granted to other speakers. Additional time may be approved by the Chair for group presentations or other purposes.

Requests to address the Board: Members of the public are encouraged to submit a "Request to Address the Board" form twenty-four (24) hours in advance of the Board meeting. This form should be emailed to Jennifer Lara, Board Secretary, at jlara@magnoliapublicschools.org. Additionally, prior to the beginning of the meeting, members of the public seeking to address the Board shall complete the "Request to Address the Board" form (located in the Board Meeting Room). This form should be given to the Board Secretary or their designee. Speakers will be recognized in the order in which the "Request to Address the Board" form was received.

REQUEST TO ADDRESS THE BOARD

Date: _____

I wish to speak regarding agenda item(s) #_____

or other issues regarding_____

_____

I request _____ minutes to complete my comments and understand that permission for a presentation exceeding 3 minutes requires approval by the Board Chair.

Name (please print) _____

Address _____

Telephone # _____

Signature: _____

Please submit this request to the Secretary of the Board prior to the Board meeting at jlara@magnoliapublicschools.org. The Board Chair will invite comments by the audience during the section of the meeting designated for public comment. Comments will ordinarily be limited to three (3) minutes, unless a longer period is approved by the Board Chair.

Approval of Purchase and Sale Agreement at 412 W Carl Karcher Way, Anaheim, CA 92801

Section: IV. Action Items
Item: B. Approval of Purchase and Sale Agreement at 412 W Carl Karcher Way, Anaheim, CA 92801
Purpose: Vote
Submitted by:
Related Material:
IV_B_Purchase and Sale Agreement for the Acquisition of the Property Located at 412 Carl Karcher Way.pdf

Agenda Item #:	IV B: Action Item
Date:	February 13, 2025
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent Erdinc Acar, Deputy Superintendent
Staff Lead:	Patrick Ontiveros, General Counsel & Director of Facilities Mustafa Sahin, Project Manager Katrina Jimenez, Assistant Project Manager
RE:	Approval of Purchase and Sale Agreement for the Acquisition of the Property Located at 412 Carl Karcher Way (Anaheim)

I. Proposed Recommendation(s)

MPS Staff recommends and moves that the Board (1) approve the form of Purchase and Sale Agreement, attached as **Exhibit A** (the "**PSA**"), for the acquisition of the real property located at 412 Carl Karcher Way, Anaheim) (the "**Property**"),, and (2) grant the MPS CEO and Superintendent the authority to negotiate and approve such changes to the PSA as he shall deem necessary and appropriate and in the best interest of MPS, to make a good faith deposit of $100,000 and to sign and deliver the same in order to open escrow for the acquisition of the Property.

II. Background

On May 1, 2024 the Orange County Department of Education ("OCDE") approved MPS's charter petition for four (4) schools serving grades TK to 12 in Orange, Placentia-Yorba Linda, Irvine, and Saddleback. Subsequent to such approval, at the January 16, 2025 Board meeting MPS Staff requested and the Board approved the submission of an application for a material revision to the approved petition in order to serve the City of Anaheim. The material revision was submitted to OCDE on January 31, 2025. The following excerpt from the Board report for that action provides more context:

> *MSA-OC is currently in its planning year and preparing to open its first two of four campuses in 2025-26. Currently, the approved countywide benefit charter school includes MSA-OC's tentative locations in Orange, Placentia-Yorba Linda, Irvine, and Saddleback. After our outreach to families in Placentia Yorba-Linda, it is in MSA-OC's best interest to add Anaheim Union High School District (AUHSD) and Anaheim Elementary School District (AESD) as a desired location for future campus locations based on our TK-12 approved petition.*

The Property at 412 Carl Karcher Way is shown on **Exhibit B**. It consists of a 21,849 square foot building on land that is approximately 75,794 square feet. The Property is presently leased to multiple tenants and must delivered free of all tenancies by the close of escrow.

MPS's real estate broker, InSite EFS, Inc., negotiated an offer for the purchase of the Property. The Owner has tentatively agreed to sell the Property to MPS subject to the signing of a formal purchase and sale agreement, which is the subject of this report and the recommendation stated herein. The terms agreed upon by the parties include the following:

Price	$3,500,000 Payable as Follows: ● $1,500,000 Cash ● $2,000,000 Seller Financing @ 6% interest rate and term of 5 years, fully amortizing
Free Look/Due Diligence Period	45 Days
Good Faith Deposit	$100,000
Closing Period	15 days following the Free Look/Due Diligence Period

During the due diligence period, MPS or its assignee, will review the condition of the existing building and land to determine whether there are any hurdles to the development of the property for MSA-OC's use and whether it is affordable. Before the end of the due diligence period, MPS has the option to cancel the transaction and will receive a full refund of its good faith deposit.

III. Conclusion / Budget Impact

MPS plans to acquire the Property for the benefit of MSA-OC and will utilize a combination of third-party financing as well as existing funds. This includes $2 million worth of seller financing at an annual interest rate of six percent to be paid over a 5-year period. The balance of the acquisition costs will be paid for from MPS's reserves and includes $100,000 that would go towards a good faith deposit as part of our due diligence for the property acquisition. MPS Staff will keep the Board apprised of the status of the Project and will seek Board approval prior to the end of the due diligence period in order to move forward with the transaction and allow its good faith deposit to become non-refundable.

STANDARD OFFER, AGREEMENT AND ESCROW INSTRUCTIONS FOR PURCHASE OF REAL ESTATE

(Non-Residential)

Dated: January 17, 2025

1. Buyer.

1.1 Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation, ("**Buyer**") hereby offers to purchase the real property, hereinafter described, from the owner thereof ("**Seller**") (collectively, the "**Parties**" or individually, a "**Party**"), through an escrow ("**Escrow**") to close ~~30 or~~ 15 days after the waiver or satisfaction of the Buyer's Contingencies, ("**Expected Closing Date**") to be held by New World Escrow Closing Services (Attn: Sandy Cordova) ("**Escrow Holder**") whose address is 18431 Yorba Linda Boulevard, Yorba Linda, CA 92886, Phone No. 714-777-6500, Facsimile No. _____ upon the terms and conditions set forth in this agreement ("**Agreement**"). Buyer shall have the right to assign Buyer's rights hereunder, but any such assignment shall not relieve Buyer of Buyer's obligations herein unless Seller expressly releases Buyer.

1.2 The term "**Date of Agreement**" as used herein shall be the date when by execution and delivery (as defined in paragraph 20.2) of this document or a subsequent counteroffer thereto to Escrow Holder, and acceptance of the Agreement by Escrow Holder as provided in Paragraph 4.1 Buyer and Seller have reached agreement in writing whereby Seller agrees to sell, and Buyer agrees to purchase, the Property, and Escrow has been opened upon terms accepted by both Parties.

2. Property.

2.1 The real property ("**Property**") that is the subject of this offer consists of (insert a brief physical description) approximately ±27,564 SF of land (±0.63 acres) improved with a single story structure is located in the County of Orange, is commonly known as (street address, city, state, zip) 412 Carl Karcher Way AKA 1180 North Anaheim Boulevard, Anaheim, CA 92801 and is legally described as: to be provided by Orange Coast Title Company (APN: 267-131-04).

2.2 If the legal description of the Property is not complete or is inaccurate, this Agreement shall not be invalid and the legal description shall be completed or corrected to meet the requirements of Orange Coast Title Company ("**Title Company**"), which shall issue the title policy hereinafter described.

2.3 The Property includes, at no additional cost to Buyer, the permanent improvements thereon, including those items which pursuant to applicable law are a part of the property, as well as the following items, if any, owned by Seller and at present located on the Property: electrical distribution systems (power panel, bus ducting, conduits, disconnects, lighting fixtures); telephone distribution systems (lines, jacks and connections only); space heaters; heating, ventilating, air conditioning equipment ("**HVAC**"); air lines; fire sprinkler systems; security and fire detection systems; carpets; window coverings; wall coverings; and all rights, title and interest of Seller in and to any and all water and mineral rights, development rights, and entitlements and any easements, contracts, plans, surveys, agreements and appurtenances pertaining to the Property. (collectively, the "**Improvements**").

2.4 The fire sprinkler monitor: ☐ is owned by Seller and included in the Purchase Price, ☐ is leased by Seller, and Buyer will need to negotiate a new lease with the fire monitoring company, ☑ ownership will be determined during Escrow, or ☐ there is no fire sprinkler monitor.

2.5 Except as provided in Paragraph 2.3, the Purchase Price does not include Seller's personal property, furniture and furnishings, and none all of which shall be removed by Seller prior to Closing.

3. Purchase Price.

3.1 The purchase price ("**Purchase Price**") to be paid by Buyer to Seller for the Property shall be $3,500,000.00, payable as follows: *(Strike any not applicable)*

(a) Cash down payment, including the Deposit as defined in paragraph 4.3 ~~(or if an all-cash transaction, the Purchase Price):~~ $1,500,000.00

~~(b) Amount of "New Loan" as defined in paragraph 5.1, if any:~~ _____

~~(c) Buyer shall take title to the Property subject to and/or assume the following existing deed(s) of trust ("**Existing Deed(s) of Trust**") securing the existing promissory note(s) ("**Existing Note(s)**"):~~

~~(i) An Existing Note ("**First Note**") with an unpaid principal balance as of the Closing of approximately:~~ _____

~~Said First Note is payable at _____ per month, including interest at the rate of _____% per annum until paid (and/or the entire unpaid balance is due on _____).~~

~~(ii) An Existing Note ("**Second Note**") with an unpaid principal balance as of the Closing of approximately:~~ _____

~~Said Second Note is payable at _____ per month, including interest at the rate of _____% per annum until paid (and/or the entire unpaid balance is due on _____).~~

_____ _____
INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

(d) Buyer shall give Seller a deed of trust ("~~Purchase Money~~ **Deed of Trust**") on the property, to secure the promissory note of Buyer to Seller described in paragraph 6 ("~~Purchase Money~~ Promissory **Note**") in the amount of:

Total Purchase Price: $2,000,000.00 / $3,500,000.00

~~3.2 If Buyer is taking title to the Property subject to, or assuming, an Existing Deed of Trust and such deed of trust permits the beneficiary to demand payment of fees including, but not limited to, points, processing fees, and appraisal fees as a condition to the transfer of the Property, Buyer agrees to pay such fees up to a maximum of 1.5% of the unpaid principal balance of the applicable Existing Note.~~

4. Deposits.

4.1 ☐ ~~Buyer has delivered to Broker a check in the sum of _____, payable to Escrow Holder, to be delivered by Broker to Escrow Holder within 2 or _____ business days after both Parties have executed this Agreement and the executed Agreement has been delivered to Escrow Holder, or~~ ☑ ~~w~~Within ~~2 or~~ 3 business days after both Parties have executed this Agreement and the executed Agreement has been delivered to and accepted by Escrow Holder as determined by Escrow Holder's delivery of written notice to the Parties, Buyer shall deliver to Escrow Holder a check or wire in the sum of $100,000.00. If said check or wire is not received by Escrow Holder within said time period then Seller may elect to unilaterally terminate this transaction by giving written notice of such election to Escrow Holder whereupon neither Party shall have any further liability to the other under this Agreement. ~~Should Buyer and Seller not enter into an agreement for purchase and sale, Buyer's check or funds shall, upon request by Buyer, be promptly returned to Buyer.~~

~~4.2 Additional deposits:~~

~~(a) Within 5 business days after the Date of Agreement, Buyer shall deposit with Escrow Holder the additional sum of _____ to be applied to the Purchase Price at the Closing.~~

~~(b) Within 5 business days after the contingencies discussed in paragraph 9.1 (a) through (m) are approved or waived, Buyer shall deposit with Escrow Holder the additional sum of _____ to be applied to the Purchase Price at the Closing.~~

~~(c) If an Additional Deposit is not received by Escrow Holder within the time period provided then Seller may notify Buyer, Escrow Holder, and Brokers, in writing that, unless the Additional Deposit is received by Escrow Holder within 2 business days following said notice, the Escrow shall be deemed terminated without further notice or instructions.~~

4.3 Escrow Holder shall deposit the funds deposited with it by Buyer pursuant to paragraphs 4.1 ~~and 4.2~~ (collectively the "**Deposit**"), in a State or Federally chartered bank in an interest bearing account whose term is appropriate and consistent with the timing requirements of this transaction. The interest therefrom shall accrue to the benefit of Buyer, who hereby acknowledges that there may be penalties or interest forfeitures if the applicable instrument is redeemed prior to its specified maturity. Buyer's Federal Tax Identification Number is to be provided to Escrow. NOTE: Such interest bearing account cannot be opened until Buyer's Federal Tax Identification Number is provided.

4.4 Notwithstanding the foregoing, within 5 days after Escrow Holder receives the monies described in paragraph 4.1 above, Escrow Holder shall release $100 of said monies to Seller as and for independent consideration for Seller's' execution of this Agreement and the granting of the contingency period to Buyer as herein provided. Such independent consideration is non-refundable to Buyer but shall be credited to the Purchase Price in the event that the purchase of the Property is completed.

4.5 Upon waiver of all of Buyer's ~~c~~Contingencies by Buyer the Deposit shall become non-refundable but applicable to the Purchase Price except in the event of a Seller breach of, or default under, this Agreement, or in the event that the Escrow is terminated pursuant to the provisions of Paragraph 9.1(n) (Destruction, Damage or Loss), ~~or~~ 9.1(o) (Material Change or other applicable terms of this Agreement).

5. Financing Contingency. *(Strike if not applicable)*

~~5.1 This offer is contingent upon Buyer obtaining from an insurance company, financial institution or other lender, a commitment to lend to Buyer a sum equal to at least _____% of the Purchase Price, on terms acceptable to Buyer. Such loan ("**New Loan**") shall be secured by a first deed of trust or mortgage on the Property. If this Agreement provides for Seller to carry back junior financing, then Seller shall have the right to approve the terms of the New Loan. Seller shall have 7 days following receipt of the commitment setting forth the proposed terms of the New Loan to approve or disapprove of such proposed terms. If Seller fails to notify Escrow Holder, in writing, of the disapproval within said 7 days it shall be conclusively presumed that Seller has approved the terms of the New Loan.~~

~~**5.2 If Buyer shall fail to notify its Broker, Escrow Holder and Seller, in writing within _____ days following the Date of Agreement, that the New Loan has not been obtained, it shall be conclusively presumed that Buyer has either obtained said New Loan or has waived this New Loan contingency.**~~

~~5.3 If Buyer shall notify its Broker, Escrow Holder and Seller, in writing, within the time specified in paragraph 5.2 hereof, that Buyer has not obtained said New Loan, this Agreement shall be terminated, and Buyer shall be entitled to the prompt return of the Deposit, plus any interest earned thereon, less only Escrow Holder and Title Company cancellation fees and costs, which Buyer shall pay.~~

6. Seller Financing. (~~Purchase Money~~ Promissory Note). *(Strike if not applicable)*

6.1 ~~If Seller approves Buyer's financials (see paragraph 6.5) t~~The ~~Purchase Money~~ Promissory Note shall provide for interest on unpaid principal at the rate of 6.00 % per annum, with principal and interest paid as follows: amortized over 30 years, all due and payable in a balloon payment in 5 years. The ~~Purchase Money~~ Promissory Note and ~~Purchase Money~~ Deed of Trust are attached hereto, marked as Exhibit A and B respectively ~~shall be on the current forms commonly used by Escrow Holder, and be junior and subordinate only to the Existing Note(s) and/or the New Loan expressly called for by this Agreement~~.

6.2 The ~~Purchase Money~~ Promissory Note and/or the ~~Purchase Money~~ Deed of Trust shall contain provisions regarding the following (see also paragraph 10.3 (b)):

(a) *Prepayment*. Principal may be prepaid in whole or in part at any time without penalty, at the option of the Buyer.

(b) *Late Charge*. A late charge of ~~6~~5% shall be payable with respect to any payment of principal, interest, or other charges, not made within 10 days

_____ _____
INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

after it is due.

(c) *Due On Sale*. In the event the Buyer sells or transfers title to the Property or any portion thereof, then the Seller may, at Seller's option, require the entire unpaid balance of said Note to be paid in full.

~~6.3 If the Purchase Money Deed of Trust is to be subordinate to other financing, Escrow Holder shall, at Buyer's expense prepare and record on Seller's behalf a request for notice of default and/or sale with regard to each mortgage or deed of trust to which it will be subordinate.~~

6.4 **WARNING: CALIFORNIA LAW DOES NOT ALLOW DEFICIENCY JUDGEMENTS ON SELLER FINANCING. IF BUYER ULTIMATELY DEFAULTS ON THE LOAN, SELLER'S SOLE REMEDY IS TO FORECLOSE ON THE PROPERTY.**

~~6.5 Seller's obligation to provide financing is contingent upon Seller's reasonable approval of Buyer's financial condition. Buyer to provide a current financial statement and copies of its Federal tax returns for the last 3 years to Seller within 10 days following the Date of Agreement. Seller has 10 days following receipt of such documentation to satisfy itself with regard to Buyer's financial condition and to notify Escrow Holder as to whether or not Buyer's financial condition is acceptable. If Seller fails to notify Escrow Holder, in writing, of the disapproval of this contingency within said time period, it shall be conclusively presumed that Seller has approved Buyer's financial condition. If Seller is not satisfied with Buyer's financial condition or if Buyer fails to deliver the required documentation then Seller may notify Escrow Holder in writing that Seller Financing will not be available, and Buyer shall have the option, within 10 days of the receipt of such notice, to either terminate this transaction or to purchase the Property without Seller financing. If Buyer fails to notify Escrow Holder within said time period of its election to terminate this transaction then Buyer shall be conclusively presumed to have elected to purchase the Property without Seller financing. If Buyer elects to terminate, Buyer's Deposit shall be refunded less Title Company and Escrow Holder cancellation fees and costs, all of which shall be Buyer's obligation.~~

7. Real Estate Brokers.

7.1 Each Party acknowledges receiving a Disclosure Regarding Real Estate Agency Relationship, confirms and consents to the following agency relationships in this transaction with the following real estate broker(s) ("**Brokers**") and/or their agents ("Agent(s)"):

Seller's Brokerage Firm Paul Kott Realtors, Inc. License No. 00871311 is the broker of (check one): ☑ the Seller; or ☐ both the Buyer and Seller (dual agent).

Seller's Agent Paul T. Kott License No. 00637576 is (check one): ☑ the Seller's Agent (salesperson or broker associate); or ☐ both the Seller's Agent and the Buyer's Agent (dual agent).

Buyer's Brokerage Firm School Location Services, Inc. License No. 02249805 is the broker of (check one): ☑ the Buyer; or ☐ both the Buyer and Seller (dual agent).

Buyer's Agent Dan Morrar License No. 01716132 is (check one): ☑ the Buyer's Agent (salesperson or broker associate); or ☐ both the Buyer's Agent and the Seller's Agent (dual agent).

The Parties acknowledge that other than the Brokers and Agents listed above, there are no other brokers or agents representing the Parties or due any fees and/or commissions under this Agreement. ~~Buyer shall use the services of Buyer's Broker exclusively in connection with any and all negotiations and offers with respect to the Property for a period of 1 year from the date inserted for reference purposes at the top of page 1.~~

7.2 Buyer and Seller each represent and warrant to the other that he/she/it has had no dealings with any person, firm, broker, agent or finder in connection with the negotiation of this Agreement and/or the consummation of the purchase and sale contemplated herein, other than the Brokers and Agents named in paragraph 7.1, and no broker, agent or other person, firm or entity, other than said Brokers and Agents is/are entitled to any commission or finder's fee in connection with this transaction as the result of any dealings or acts of such Party. Buyer and Seller do each hereby agree to indemnify, defend, protect and hold the other harmless from and against any costs, expenses (including reasonable attorneys' fees) or liability for compensation, commission or charges which may be claimed by any broker, agent, finder or other similar party, other than said named Brokers and Agents by reason of any dealings or act of the indemnifying Party. The terms of this section shall survive the Closing (as hereinafter defined) or any termination of this Agreement.

8. Escrow and Closing.

8.1 Upon acceptance hereof by Seller, this Agreement, including any counteroffers incorporated herein by the Parties, shall constitute not only the agreement of purchase and sale between Buyer and Seller, but also instructions to Escrow Holder for the consummation of the Agreement through the Escrow. Escrow Holder shall not prepare any further escrow instructions restating or amending the Agreement unless specifically so instructed by the Parties or a Broker herein. Subject to the reasonable approval of the Parties, Escrow Holder may, however, include its standard general escrow provisions. In the event that there is any conflict between the provisions of the Agreement and the provisions of any additional escrow instructions the provisions of the Agreement shall prevail as to the Parties and the Escrow Holder.

8.2 As soon as practical after the receipt of this Agreement and any relevant counteroffers, Escrow Holder shall ascertain the Date of Agreement as defined in paragraphs 1.2 and 20.2 and advise the Parties and Brokers, in writing, of the date ascertained.

8.3 Escrow Holder is hereby authorized and instructed to conduct the Escrow in accordance with this Agreement, applicable law and custom and practice of the community in which Escrow Holder is located, including any reporting requirements of the Internal Revenue Code. In the event of a conflict between the law of the state where the Property is located and the law of the state where the Escrow Holder is located, the law of the state where the Property is located shall prevail.

8.4 Subject to satisfaction of the contingencies herein described, Escrow Holder shall close this escrow (the "**Closing**") by recording a ~~general warranty deed (a~~ grant deed ~~in California)~~ and the other documents required to be recorded, and by disbursing the funds and documents in accordance with this Agreement. Buyer shall pay for the cost of recording the Grant Deed and Deed of Trust.

8.5 Buyer and Seller shall each pay one-half of the Escrow Holder's charges and Seller shall pay the usual recording fees. ~~and any~~ Seller shall pay all city taxes and all required documentary transfer taxes. Seller shall pay the premium for a standard coverage owner's or joint protection policy of title insurance. (See also paragraph 11.)

8.6 Escrow Holder shall verify that all of Buyer's contingencies have been satisfied or waived by Buyer prior to Closing. The matters contained in paragraphs 9.1 subparagraphs (b), (c), (d), (e), (g), (i), (n), and (o), 9.4, 12, 13, 14, 16, 18, 20, 21, 22, ~~and~~ 24, 28-30 are, however, matters of agreement between the Parties only and are not instructions to Escrow Holder.

8.7 If this transaction is terminated for non-satisfaction and non-waiver of a Buyer's Contingency, as defined in paragraph 9.2 or disapproval of any other matter subject to Buyer's approval, then neither of the Parties shall thereafter have any liability to the other under this Agreement, except to the extent of a breach of any

_____ _____

INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

affirmative covenant or warranty in this Agreement. In the event of such termination, Buyer shall~~, subject to the provisions of paragraph 8.10,~~ be promptly refunded all funds deposited by Buyer with Escrow Holder, less only the $100 provided for in paragraph 4.4 and the Title Company and Escrow Holder cancellation fees and costs shall be borne one-half (1/2) by Seller and one-half (1/2) by Buyer and all other charges shall be borne by the party incurring same~~, all of which shall be Buyer's obligation~~. If this transaction is terminated as a result of ~~Seller's~~ a party's breach of this Agreement or due to a default on the part of a party, then ~~Seller~~ the breaching party shall pay the Title Company and Escrow Holder cancellation fees and costs, all of which shall be the breaching party's obligation.

8.8 The Closing shall occur on the Expected Closing Date, or as soon thereafter as the Escrow is in condition for Closing; provided, however, that if the Closing does not occur by the Expected Closing Date and said Date is not extended by mutual instructions of the Parties, a Party not then in default under this Agreement may notify the other Party, Escrow Holder, and Brokers, in writing that, unless the Closing occurs within 5 business days following said notice, the Escrow shall be deemed terminated without further notice or instructions.

8.9 Except as otherwise provided herein, the termination of Escrow shall not relieve or release either Party from any obligation to pay Escrow Holder's fees and costs or constitute a waiver, release or discharge of any breach or default that has occurred in the performance of the obligations, agreements, covenants or warranties contained therein.

~~8.10 If this Escrow is terminated for any reason other than Seller's breach or default, then as a condition to the return of Buyer's deposit, Buyer shall within 5 days after written request deliver to Seller, at no charge, copies of all surveys, engineering studies, soil reports, maps, master plans, feasibility studies and other similar items prepared by or for Buyer that pertain to the Property.~~

9. Contingencies to Closing.

9.1 **IF, BEFORE EXPIRATION OF THE APPLICABLE TIME, BUYER FAILS TO PROVIDE ESCROW HOLDER WRITTEN NOTICE OF BUYER'S ~~DIS~~APPROVAL OF ANY OF BUYER'S CONTINGENCIES OR ANY OTHER MATTER THAT IS SUBJECT TO BUYER'S APPROVAL IN THIS AGREEMENT, THEN BUYER SHALL BE CONCLUSIVELY DEEMED TO HAVE** NOT **SATISFIED SUCH BUYER'S CONTINGENCIES AND/OR APPROVED OF SUCH OTHER MATTERS**. If a number of days is completed in any of the optional spaces in subparagraphs 9.1 (a) through (m), then such number shall apply and override the pre-printed number, even if the pre-printed number is not stricken. The Closing of this transaction is contingent upon the satisfaction or waiver of the following contingencies:

(a) *Disclosure*. Seller shall make to Buyer, through Escrow, all of the applicable disclosures required by law (See AIR CRE ("**AIR**") standard form entitled "**Seller's Mandatory Disclosure Statement**") and provide Buyer with a completed Property Information Sheet ("**Property Information Sheet**") concerning the Property, duly executed by or on behalf of Seller in the current form or equivalent to that published by the AIR within ~~10 or~~ 3 days following the Date of Agreement. Buyer has ~~10~~ 45 days from the ~~receipt of said disclosures~~ Date of Agreement to approve or disapprove the matters disclosed.

(b) *Physical Inspection*. Buyer has ~~10 or~~ 45 days following the ~~receipt of the Property Information Sheet or the~~ Date of Agreement~~, whichever is later,~~ to satisfy itself with regard to the physical aspects and size of the Property.

(c) *Hazardous Substance Conditions Report*. Buyer has ~~30 or~~ 45 days following the ~~receipt of the Property Information Sheet or the~~ Date of Agreement~~, whichever is later,~~ to satisfy itself with regard to the environmental aspects of the Property. Seller recommends that Buyer obtain a Hazardous Substance Conditions Report concerning the Property and relevant adjoining properties. Any such report shall be paid for by Buyer. A "**Hazardous Substance**" for purposes of this Agreement is defined as any substance whose nature and/or quantity of existence, use, manufacture, disposal or effect, render it subject to Federal, state or local regulation, investigation, remediation or removal as potentially injurious to public health or welfare. A "**Hazardous Substance Condition**" for purposes of this Agreement is defined as the existence on, under or relevantly adjacent to the Property of a Hazardous Substance that would require remediation and/or removal under applicable Federal, state or local law.

(d) *Soil Inspection*. Buyer has ~~30 or~~ 45 days following the ~~receipt of the Property Information Sheet or the~~ Date of Agreement~~, whichever is later,~~ to satisfy itself with regard to the condition of the soils on the Property. Seller recommends that Buyer obtain a soil test report. Any such report shall be paid for by Buyer. Seller shall provide Buyer copies of any soils report that Seller may have within ~~10~~ 3 days following the Date of Agreement.

(e) *Governmental Approvals*. Buyer has ~~30 or~~ 45 days following the Date of Agreement to satisfy itself with regard to approvals and permits from governmental agencies or departments which have or may have jurisdiction over the Property and which Buyer deems necessary or desirable in connection with its intended use of the Property, including, but not limited to, permits and approvals required with respect to zoning, planning, building and safety, fire, police, ~~handicapped~~ persons with disabilities and Americans with Disabilities Act requirements, transportation and environmental matters.

(f) *Conditions of Title*. Escrow Holder shall cause a current commitment for title insurance ("**Title Commitment**") concerning the Property issued by the Title Company, as well as legible copies of all documents referred to in the Title Commitment ("**Underlying Documents**"), and a scaled and dimensioned plot showing the location of any easements to be delivered to Buyer within ~~10 or~~ 3 days following the Date of Agreement. Buyer has ~~10~~ 45 days from the ~~receipt of the Title Commitment, the Underlying Documents and the plot plan~~ Date of Agreement to satisfy itself with regard to the condition of title. The disapproval by Buyer of any monetary encumbrance, which by the terms of this Agreement is not to remain against the Property after the Closing, shall not be considered a failure of this contingency, as Seller shall have the obligation, at Seller's expense, to satisfy and remove such disapproved monetary encumbrance at or before the Closing.

(g) *Survey*. Buyer has ~~30 or~~ 45 days following the ~~receipt of the Title Commitment and Underlying Documents~~ Date of Agreement to satisfy itself with regard to any ALTA title supplement based upon a survey prepared to American Land Title Association ("**ALTA**") standards for an owner's policy by a licensed surveyor, showing the legal description and boundary lines of the Property, any easements of record, and any improvements, poles, structures and things located within 10 feet of either side of the Property boundary lines. Any such survey shall be prepared at Buyer's direction and expense. If Buyer has obtained a survey and approved the ALTA title supplement, Buyer may elect within the period allowed for Buyer's approval of a survey to have an ALTA extended coverage owner's form of title policy, in which event Buyer shall pay any additional premium attributable thereto provided, however that Buyer shall be solely responsible for the difference in costs and expenses between a standard coverage owner's form policy of title insurance and an ALTA extended coverage owner's form policy of title insurance.

(h) *Existing Leases and Tenancy Statements*. Seller shall within ~~10 or~~ 3 days following the Date of Agreement provide ~~both~~ Buyer ~~and Escrow Holder~~ with legible copies of all leases, subleases or rental arrangements (collectively, "**Existing Leases**") affecting the Property~~, and with a tenancy statement ("**Estoppel Certificate**") in the latest form or equivalent to that published by the AIR, executed by Seller and/or each tenant and subtenant of the Property. Seller shall use its~~

_____ _____
INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

~~best efforts to have each tenant complete and execute an Estoppel Certificate. If any tenant fails or refuses to provide an Estoppel Certificate then Seller shall complete and execute an Estoppel Certificate for that tenancy~~. Buyer has ~~10~~ 45 days from the receipt of said Existing Leases ~~and Estoppel Certificates~~ to satisfy itself with regard to the Existing Leases ~~and any other tenancy issues~~. It shall be a condition to Buyer's obligation to Close that Seller shall cause all Existing Leases to be terminated on or before the Closing Date, save and except for the Existing Tenant as defined in Paragraph 31.

(i) *Owner's Association*. Seller shall within ~~10 or~~ 3 days following the Date of Agreement provide Buyer with a statement and transfer package from any owner's association servicing the Property. Such transfer package shall at a minimum include: copies of the association's bylaws, articles of incorporation, current budget and financial statement. Buyer has ~~10~~ 45 days from the ~~receipt of such documents~~ Date of Agreement to satisfy itself with regard to the association.

(j) *Other Agreements*. Seller shall within ~~10 or~~ 3 days following the Date of Agreement provide Buyer with legible copies of all other agreements ("**Other Agreements**") known to Seller that will affect the Property after Closing. Buyer has ~~10~~ 45 days from the ~~receipt of said Other Agreements~~ Date of Agreement to satisfy itself with regard to such Agreements. No less than fifteen (15) days prior to the Closing Date, Buyer shall notify Seller of any Other Agreements, including service contracts, equipment leases, management leases that Seller shall be obligated to terminate by the Closing Date.

(k) *Financing*. ~~If paragraph 5 hereof dealing with a financing contingency has not been stricken, the satisfaction or waiver of such New Loan contingency.~~

(l) *Existing Notes*. ~~If paragraph 3.1(c) has not been stricken, Seller shall within 10 or _____ days following the Date of Agreement provide Buyer with legible copies of the Existing Notes, Existing Deeds of Trust and related agreements (collectively, "**Loan Documents**") to which the Property will remain subject after the Closing. Escrow Holder shall promptly request from the holders of the Existing Notes a beneficiary statement ("**Beneficiary Statement**") confirming: (1) the amount of the unpaid principal balance, the current interest rate, and the date to which interest is paid, and (2) the nature and amount of any impounds held by the beneficiary in connection with such loan. Buyer has 10 or _____ days following the receipt of the Loan Documents and Beneficiary Statements to satisfy itself with regard to such financing. Buyer's obligation to close is conditioned upon Buyer being able to purchase the Property without acceleration or change in the terms of any Existing Notes or charges to Buyer except as otherwise provided in this Agreement or approved by Buyer, provided, however, Buyer shall pay the transfer fee referred to in paragraph 3.2 hereof. Likewise if Seller is to carry back a Purchase Money Note then Seller shall within 10 or _____ days following the Date of Agreement provide Buyer with a copy of the proposed Purchase Money Note and Purchase Money Deed of Trust. Buyer has 10 or _____ days following the receipt of such documents to satisfy itself with regard to the form and content thereof.~~

(m) *Personal Property*. ~~In the event that any personal property is included in the Purchase Price, Buyer has 10 or _____ days following the Date of Agreement to satisfy itself with regard to the title condition of such personal property. Seller recommends that Buyer obtain a UCC-1 report. Any such report shall be paid for by Buyer. Seller shall provide Buyer copies of any liens or encumbrances affecting such personal property that it is aware of within 10 or _____ days following the Date of Agreement.~~

(n) *Destruction, Damage or Loss*. Subsequent to the Date of Agreement and prior to Closing there shall not have occurred a destruction of, or damage or loss to, the Property or any portion thereof, from any cause whatsoever, which would cost more than $10,000.00 to repair or cure. If the cost of repair or cure is $10,000.00 or less, Seller shall repair or cure the loss prior to the Closing. Buyer shall have the option, within 10 days after receipt of written notice of a loss costing more than $10,000.00 to repair or cure, to either terminate this Agreement or to purchase the Property notwithstanding such loss, but without deduction or offset against the Purchase Price. If the cost to repair or cure is more than $10,000.00, and Buyer does not elect to terminate this Agreement, Buyer shall be entitled to any insurance proceeds applicable to such loss. Unless otherwise notified in writing, Escrow Holder shall assume no such destruction, damage or loss has occurred prior to Closing.

(o) *Material Change*. Buyer shall have 10 days following receipt of written notice of a Material Change within which to satisfy itself with regard to such change and Buyer may terminate this Agreement in such time period and receive return of the Deposit, including any amounts theretofore paid to Seller, which return shall operate to terminate this Agreement and release both parties from any and all liability hereunder, except such obligations as expressly survive the termination. "**Material Change**" shall mean a substantial adverse change in the use, occupancy, tenants such that the Property is no longer vacant and free of tenants and occupants, save and except for the Existing Tenant, title, or condition of the Property that occurs after the date of this offer and prior to the Closing. Unless otherwise notified in writing, Escrow Holder shall assume that no Material Change has occurred prior to the Closing. See Addendum Paragraph 31.

(p) *Seller Performance*. The delivery of all documents and the due performance by Seller of each and every undertaking and agreement to be performed by Seller under this Agreement.

(q) *Brokerage Fee*. Payment at the Closing of such brokerage fee as is specified in this Agreement ~~or later written instructions to Escrow Holder executed by Seller and Brokers~~ ("**Brokerage Fee**"). It is agreed by the Parties and Escrow Holder that Brokers are a third party beneficiary of this Agreement insofar as the Brokerage Fee is concerned, and that no change shall be made with respect to the payment of the Brokerage Fee specified in this Agreement, without the written consent of Brokers.

9.2 The contingencies specified in subparagraphs 9.1(a) through (m) are for the benefit of, and may be waived by, Buyer, and are referred to collectively as "**Buyer's Contingencies**" and individually as a "**Buyer's Contingency**."

9.3 Buyer's timely and written disapproval or conditional approval of a Buyer's Contingency or any other matter that is subject to Buyer's approval in this Agreement shall constitute disapproval thereof ("**Disapproved Item(s)**"). Concurrent with notice of a Disapproved Item, Buyer may make a request to Seller regarding such Disapproved Item ("**Buyer's Request**"). If Buyer fails to make a timely and written Buyer's Request, then this Agreement shall terminate due to the non-satisfaction and non-waiver of a contingency. Seller may respond to a Buyer's Request within 10 days following Seller's receipt thereof ("**Seller's Response**"). Seller's acceptance of a Buyer's Request shall amend this Agreement accordingly. If Seller fails to provide a timely and written Seller's Response, then Seller's Response shall be deemed to be a rejection of Buyer's Request. Buyer may, within 10 days following the earlier of Buyer's receipt of a Seller's Response (which is not an acceptance of Buyer's Request) or the date of Seller's deemed rejection of a Buyer's Request ("**Buyer's Reply Period**"), reply to a Seller's Response ("**Buyer's Reply**") and elect to (i) terminate this Agreement due to the non-satisfaction and non-waiver of the applicable contingency, (ii) accept the Seller's Response in which

_____ _____

INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

event this Agreement shall be amended accordingly, or (iii) withdraw Buyer's Request and waive the Disapproved Item in which event Buyer shall accept the Property subject to the Disapproved Item. If Buyer fails to provide a timely and written Buyer's Reply, then Buyer shall be deemed to have elected to terminate this Agreement as of the end of the Buyer's Reply Period. The date Buyer accepts a Seller's Response or withdraws a Buyer's Request and waives a Disapproved Item shall be the date of Buyer's approval of the Disapproved Item. A Party shall provide to Escrow Holder copy of all notices of a Disapproved Item, Buyer's Request, Seller's Response and Buyer's Reply and Escrow Holder shall promptly provide copies thereof to the other Party. Unless the Parties in writing agree otherwise, if the Expected Closing Date is a specific calendar date and a Buyer's Reply Period expires after such specific calendar date, then notwithstanding paragraph 1.1, the Expected Closing Date shall be extended to be 3 business days after the earlier of the date Buyer withdraws a Buyer's Request and waives the applicable Disapproved Item or Buyer accepts the applicable Seller's Response.

9.4 The Parties acknowledge that extensive local, state and Federal legislation establish broad liability upon owners and/or users of real property for the investigation and remediation of Hazardous Substances. The determination of the existence of a Hazardous Substance Condition and the evaluation of the impact of such a condition are highly technical and beyond the expertise of Brokers. The Parties acknowledge that they have been advised by Brokers to consult their own technical and legal experts with respect to the possible presence of Hazardous Substances on the Property or adjoining properties, and Buyer and Seller are not relying upon any investigation by or statement of Brokers with respect thereto. The Parties hereby assume all responsibility for the impact of such Hazardous Substances upon their respective interests herein.

10. Documents and Other Items Required at or Before Closing.

10.1 Five days prior to the Closing date Escrow Holder shall obtain an updated Title Commitment concerning the Property from the Title Company and provide copies thereof to each of the Parties.

10.2 Seller shall deliver to Escrow Holder no less than two (2) business day prior to the Closing ~~in time for delivery to Buyer at the Closing~~:

(a) Grant ~~or general warranty~~ deed, in a substantially similar form as attached hereto as Exhibit C, duly executed and in recordable form, conveying fee title to the Property to Buyer.

~~(b) If applicable, the Beneficiary Statements concerning Existing Note(s).~~

(c) If applicable, the Existing Leases and Other Agreements together with duly executed assignments thereof by Seller and Buyer. The assignment of Existing Leases shall be on the most recent Assignment and Assumption of Lessor's Interest in Lease form published by the AIR or its equivalent.

(d) An affidavit executed by Seller to the effect that Seller is not a "foreign person" within the meaning of Internal Revenue Code Section 1445 or successor statutes. If Seller does not provide such affidavit in form reasonably satisfactory to Buyer at least 3 business days prior to the Closing, Escrow Holder shall at the Closing deduct from Seller's proceeds and remit to the Internal Revenue Service such sum as is required by applicable Federal law with respect to purchases from foreign sellers.

(e) If the Property is located in California, an affidavit executed by Seller to the effect that Seller is not a ''nonresident" within the meaning of California Revenue and Tax Code Section 18662 or successor statutes. If Seller does not provide such affidavit in form reasonably satisfactory to Buyer at least 3 business days prior to the Closing, Escrow Holder shall at the Closing deduct from Seller's proceeds and remit to the Franchise Tax Board such sum as is required by such statute.

~~(f) If applicable, a bill of sale, duly executed, conveying title to any included personal property to Buyer.~~

(g) If the Seller is a corporation or limited liability company, a duly executed corporate or limited liability company resolution authorizing the execution of this Agreement and the sale of the Property.

(h) Affidavits as may reasonably be requested by the Title Company to comply with Paragraph 10.4.

10.3 Buyer shall deliver to Seller through Escrow:

(a) The cash portion of the Purchase Price and such additional sums as are required of Buyer under this Agreement shall be deposited by Buyer with Escrow Holder, by federal funds wire transfer, or any other method acceptable to Escrow Holder in immediately collectable funds, no later than 2:00 P.M. on the business day prior to the Expected Closing Date provided, however, that Buyer shall not be required to deposit such monies into Escrow if at the time set for the deposit of such monies Seller is in default or has indicated that it will not perform any of its obligations hereunder. Instead, in such circumstances in order to reserve its rights to proceed Buyer need only provide Escrow with evidence establishing that the required monies were available.

(b) If a ~~Purchase Money~~ Promissory Note and ~~Purchase Money~~ Deed of Trust are called for by this Agreement, attached hereto, marked as Exhibit A and B respectively, the duly executed originals of those documents, the ~~Purchase Money~~ Deed of Trust being in recordable form, together with evidence of fire insurance on the improvements in the amount of the full replacement cost naming Seller as a mortgage loss payee~~., and a real estate tax service contract (at Buyer's expense), assuring Seller of notice of the status of payment of real property taxes during the life of the Purchase Money Note.~~

(c) The Assignment and Assumption of Lessor's Interest in Lease form specified in paragraph 10.2(c) above, duly executed by Buyer.

(d) Assumptions duly executed by Buyer of the obligations of Seller that accrue after Closing under any Other Agreements.

~~(e) If applicable, a written assumption duly executed by Buyer of the loan documents with respect to Existing Notes.~~

(f) If the Buyer is a corporation, a duly executed corporate resolution authorizing the execution of this Agreement and the purchase of the Property.

10.4 At Closing, Escrow Holder shall cause to be issued to Buyer a standard coverage (or ALTA extended, if elected pursuant to 9.1(g)) owner's form policy of title insurance effective as of the Closing, issued by the Title Company in the full amount of the Purchase Price, insuring title to the Property vested in Buyer, subject only to the exceptions approved by Buyer. In the event there is a ~~Purchase Money~~ Deed of Trust in this transaction, the policy of title insurance shall be a joint protection policy insuring both Buyer and Seller.

IMPORTANT: IN A PURCHASE OR EXCHANGE OF REAL PROPERTY, IT MAY BE ADVISABLE TO OBTAIN TITLE INSURANCE IN CONNECTION WITH THE CLOSE OF ESCROW SINCE THERE MAY BE PRIOR RECORDED LIENS AND ENCUMBRANCES WHICH AFFECT YOUR INTEREST IN THE PROPERTY BEING ACQUIRED. A NEW POLICY OF TITLE INSURANCE SHOULD BE OBTAINED IN ORDER TO ENSURE YOUR INTEREST IN THE PROPERTY THAT YOU ARE ACQUIRING.

11. Prorations and Adjustments.

11.1 *Taxes*. Applicable real property taxes and special assessment bonds shall be prorated through Escrow as of the date of the Closing, based upon the latest tax bill available. The Parties agree to prorate as of the Closing any taxes assessed against the Property by supplemental bill levied by reason of events occurring prior to the Closing. Payment of the prorated amount shall be made promptly in cash upon receipt of a copy of any supplemental bill.

11.2 *Insurance*. **WARNING**: Any insurance which Seller may have maintained will terminate on the Closing. Buyer is advised to obtain appropriate insurance to

_____ _____

INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

cover the Property.

11.3 *Rentals, Interest and Expenses*. Scheduled rentals, interest on Existing Notes, utilities, and operating expenses shall be prorated as of the date of Closing. The Parties agree to promptly adjust between themselves outside of Escrow any rents received after the Closing.

11.4 *Security Deposit*. Security Deposits held by Seller shall be given to Buyer as a credit to the cash required of Buyer at the Closing.

11.5 *Post Closing Matters*. Any item to be prorated that is not determined or determinable at the Closing shall be promptly adjusted by the Parties by appropriate cash payment outside of the Escrow when the amount due is determined.

11.6 *Variations in Existing Note Balances*. ~~In the event that Buyer is purchasing the Property subject to an Existing Deed of Trust(s), and in the event that a Beneficiary Statement as to the applicable Existing Note(s) discloses that the unpaid principal balance of such Existing Note(s) at the closing will be more or less than the amount set forth in paragraph 3.1(c) hereof ("**Existing Note Variation**"), then the Purchase Money Note(s) shall be reduced or increased by an amount equal to such Existing Note Variation. If there is to be no Purchase Money Note, the cash required at the Closing per paragraph 3.1(a) shall be reduced or increased by the amount of such Existing Note Variation.~~

11.7 *Variations in New Loan Balance*. ~~In the event Buyer is obtaining a New Loan and the amount ultimately obtained exceeds the amount set forth in paragraph 5.1, then the amount of the Purchase Money Note, if any, shall be reduced by the amount of such excess.~~

11.8 *Owner's Association Fees*. Escrow Holder shall: (i) bring Seller's account with the association current and pay any delinquencies or transfer fees from Seller's proceeds, and (ii) pay any up front fees required by the association from Buyer's funds.

12. Representations and Warranties of Seller and Disclaimers.

12.1 Seller's warranties and representations shall survive the Closing and delivery of the deed for a period of 3 years, and any lawsuit or action based upon them must be commenced within such time period. Seller's warranties and representations are true, material and relied upon by Buyer and Brokers in all respects. Seller hereby makes the following warranties and representations to Buyer and Brokers:

(a) *Authority of Seller*. Seller is the owner of the Property ~~and/or has~~ with the full right, power and authority to enter into this Agreement and to sell, convey and transfer the Property to Buyer as provided herein, and to perform Seller's obligations hereunder. Each person signing this Agreement on behalf of Seller is authorized to do so.

(b) *Maintenance During Escrow and Equipment Condition At Closing*. Except as otherwise provided in paragraph 9.1(n) hereof, Seller shall maintain the Property until the Closing in its present condition, ordinary wear and tear excepted.

(c) *Hazardous Substances/Storage Tanks*. Seller has no knowledge, except as otherwise disclosed to Buyer in writing, of the existence or prior existence on the Property of any Hazardous Substance, nor of the existence or prior existence of any above or below ground storage tank.

(d) *Compliance*. Except as otherwise disclosed in writing, Seller has no knowledge of any aspect or condition of the Property which violates applicable laws, rules, regulations, codes or covenants, conditions or restrictions, or of improvements or alterations made to the Property without a permit where one was required, or of any unfulfilled order or directive of any applicable governmental agency or casualty insurance company requiring any investigation, remediation, repair, maintenance or improvement be performed on the Property.

(e) *Changes in Agreements*. Prior to the Closing, Seller will not violate or modify any Existing Lease or Other Agreement, or create any new leases or other agreements affecting the Property, without Buyer's written approval~~, which approval will not be unreasonably withheld~~. Seller has the right to enter into agreements terminating any and all tenancies.

(f) *Possessory Rights*. ~~Seller has no knowledge that anyone~~ No one will, at the Closing, have any right to possession of the Property, save and except for the Existing Tenant~~, except as disclosed by this Agreement or otherwise in writing to Buyer~~.

(g) *Mechanics' Liens*. There are no unsatisfied mechanics' or materialmens' lien rights concerning the Property.

(h) *Actions, Suits or Proceedings*. Seller has no knowledge of any actions, suits or proceedings pending or threatened before any commission, board, bureau, agency, arbitrator, court or tribunal that would affect the Property or the right to occupy or utilize same.

(i) *Notice of Changes*. Seller will ~~promptly~~ immediately notify Buyer and Brokers in writing of any Material Change (see paragraph 9.1(o)) affecting the Property that becomes known to Seller prior to the Closing.

(j) *No Tenant Bankruptcy Proceedings*. Seller has no notice or knowledge that any tenant of the Property is the subject of a bankruptcy or insolvency proceeding.

(k) *No Seller Bankruptcy Proceedings*. Seller is not the subject of a bankruptcy, insolvency or probate proceeding, and no attachments, execution proceedings, assignments for the benefit of creditors, insolvency, bankruptcy, reorganization or other proceedings are pending or threatened against Seller.

(l) *Personal Property*. ~~Seller has no knowledge that anyone will, at the Closing, have any right to possession of any personal property included in the Purchase Price nor knowledge of any liens or encumbrances affecting such personal property, except as disclosed by this Agreement or otherwise in writing to Buyer.~~

(m) Condemnation; Special Assessments. Seller has no knowledge of any pending or contemplated condemnation, eminent domain or similar proceeding or special assessment which would affect the Property or any part thereof in anyway whatsoever.

(n) No Conflicts. The execution and delivery of this Agreement by Seller, the consummation of the transactions herein contemplated to be performed by Seller, and compliance with the terms of this Agreement by Seller will not conflict with, or, with or without notice or the passage of time or both, result in a breach of any of the terms or provisions of, or constitute a default under, any document, instrument or agreement, oral or written, to which Seller is a party or by which Seller or its assets are bound, or any applicable regulation of any governmental agency, or any judgment, order or decree of

_____ _____

INITIALS INITIALS

© 2019 AIR CRE. All Rights Reserved.

any court having jurisdiction over Seller or all or any portion of the Property.

12.2 Buyer hereby acknowledges that, except as otherwise stated in this Agreement, Buyer is purchasing the Property in its existing condition ~~and will, by the time called for herein, make or have waived all inspections of the Property Buyer believes are necessary to protect its own interest in, and its contemplated use of, the Property~~. The Parties acknowledge that, except as otherwise stated in this Agreement, no representations, inducements, promises, agreements, assurances, oral or written, concerning the Property, or any aspect of the occupational safety and health laws, Hazardous Substance laws, or any other act, ordinance or law, have been made by either Party or Brokers, or relied upon by either Party hereto.

12.3 In the event that Buyer learns that a Seller representation or warranty ~~might be~~ is untrue prior to the Closing, and Buyer elects to purchase the Property anyway then, and in that event, Buyer waives any right that it may have to bring an action or proceeding against Seller or Brokers regarding said representation or warranty.

12.4 Any environmental reports, soils reports, surveys, and other similar documents which were prepared by third party consultants and provided to Buyer by Seller or Seller's representatives, have been delivered ~~as an accommodation to Buyer and~~ without any representation or warranty as to the sufficiency, accuracy, completeness, and/or validity of said documents, all of which Buyer relies on at its own risk~~.~~, provided that except as disclosed by Seller in writing to Buyer, Seller has no knowledge that any of such reports are inaccurate or incomplete. ~~believes said documents to be accurate, but~~ Buyer is advised to retain appropriate consultants to review said documents and investigate the Property.

13. Possession.

~~Possession of the Property shall be given to Buyer at the Closing subject to the rights of tenants under Existing Leases.~~ See Paragraph 31 of the Addendum attached hereto and made a part of.

14. Buyer's Entry.

At any time during the Escrow period, Buyer, and its agents, consultants, advisors and employees and representatives, shall have the right at reasonable times ~~and subject to rights of tenants~~, to enter upon the Property for the purpose of making inspections and tests specified in this Agreement. ~~No destructive testing shall be conducted, however, without Seller's prior approval which shall not be unreasonably withheld.~~ Following any such entry or work, unless otherwise directed in writing by Seller, Buyer shall return the Property to the condition it was in prior to such entry or work, including the re-compaction or removal of any disrupted soil or material as Seller may reasonably direct. All such inspections and tests and any other work conducted or materials furnished with respect to the Property by or for Buyer shall be paid for by Buyer as and when due and Buyer shall indemnify, defend, protect and hold harmless Seller and the Property of and from any and all claims, liabilities, losses, expenses (including reasonable attorneys' fees), damages, including those for injury to person or property, arising out of or relating to any such work or materials or the acts or omissions of Buyer, its agents or employees in connection therewith except to the extent such damage or injury is caused by Seller or Seller's agents, employees, consultants, advisors or representatives gross negligence or willful misconduct.

15. Further Documents and Assurances.

The Parties shall each, diligently and in good faith, undertake all actions and procedures reasonably required to place the Escrow in condition for Closing as and when required by this Agreement. The Parties agree to provide all further information, and to execute and deliver all further documents, reasonably required by Escrow Holder or the Title Company.

16. Attorneys' Fees.

If any Party or Broker brings an action or proceeding (including arbitration) involving the Property whether founded in tort, contract or equity, or to declare rights hereunder, the Prevailing Party (as hereafter defined) in any such proceeding, action, or appeal thereon, shall be entitled to reasonable attorneys' fees and costs. Such fees may be awarded in the same suit or recovered in a separate suit, whether or not such action or proceeding is pursued to decision or judgment. The term "**Prevailing Party**" shall include, without limitation, a Party or Broker who substantially obtains or defeats the relief sought, as the case may be, whether by compromise, settlement, judgment, or the abandonment by the other Party or Broker of its claim or defense. The attorneys' fees award shall not be computed in accordance with any court fee schedule, but shall be such as to fully reimburse all attorneys' fees reasonably incurred.

17. Prior Agreements/Amendments.

17.1 This Agreement supersedes any and all prior agreements between Seller and Buyer regarding the Property.

17.2 Amendments to this Agreement are effective only if made in writing and executed by Buyer and Seller.

18. Broker's Rights.

~~18.1 If this sale is not consummated due to the default of either the Buyer or Seller, the defaulting Party shall be liable to and shall pay to Brokers the Brokerage Fee that Brokers would have received had the sale been consummated. If Buyer is the defaulting party, payment of said Brokerage Fee is in addition to any obligation with respect to liquidated or other damages.~~

18.2 Upon the Closing, Brokers are authorized to publicize the facts of this transaction.

19. Notices.

19.1 Whenever any Party, Escrow Holder or Brokers herein shall desire to give or serve any notice, demand, request, approval, disapproval or other communication, each such communication shall be in writing and shall be delivered personally, by messenger, or by mail, postage prepaid, to the address set forth in this agreement or by facsimile transmission, electronic signature, digital signature, or email.

19.2 Service of any such communication shall be deemed made on the date of actual receipt if personally delivered, or transmitted by facsimile transmission, electronic signature, digital signature, or email. Any such communication sent by regular mail shall be deemed given 48 hours after the same is mailed. Communications sent by United States Express Mail or overnight courier that guarantee next day delivery shall be deemed delivered 24 hours after delivery of the same to the Postal Service or courier. If such communication is received on a Saturday, Sunday or legal holiday, it shall be deemed received on the next business day.

19.3 Any Party or Broker hereto may from time to time, by notice in writing, designate a different address to which, or a different person or additional persons to whom, all communications are thereafter to be made.

20. Duration of Offer.

20.1 If this offer is not accepted by Seller on or before 5:00 P.M. according to the time standard applicable to the city of Anaheim, CA on the date of

_____ _____

_____ _____

INITIALS INITIALS

February 10, 2025 , it shall be deemed automatically revoked.

20.2 The acceptance of this offer, or of any subsequent counteroffer hereto, that creates an agreement between the Parties as described in paragraph 1.2, shall be deemed made upon delivery to the other Party or either Broker herein of a duly executed writing unconditionally accepting the last outstanding offer or counteroffer.

21. LIQUIDATED DAMAGES. (This Liquidated Damages paragraph is applicable only if initialed by both Parties).
THE PARTIES AGREE THAT IT WOULD BE IMPRACTICABLE OR EXTREMELY DIFFICULT TO FIX, PRIOR TO SIGNING THIS AGREEMENT, THE ACTUAL DAMAGES WHICH WOULD BE SUFFERED BY SELLER IF BUYER FAILS TO PERFORM ITS OBLIGATIONS UNDER THIS AGREEMENT. THEREFORE, IF, AFTER THE SATISFACTION OR WAIVER OF ALL CONTINGENCIES PROVIDED FOR THE BUYER'S BENEFIT, BUYER BREACHES THIS AGREEMENT, SELLER SHALL BE ENTITLED TO LIQUIDATED DAMAGES IN THE AMOUNT OF $100,000.00 as Seller's sole and exclusive remedy. **UPON PAYMENT OF SAID SUM TO SELLER, BUYER SHALL BE RELEASED FROM ANY FURTHER LIABILITY TO SELLER, AND ANY ESCROW CANCELLATION FEES AND TITLE COMPANY CHARGES SHALL BE PAID BY SELLER.**

Buyer's Initials _____ Seller's Initials _____

22. ARBITRATION OF DISPUTES. (This Arbitration of Disputes paragraph is applicable only if initialed by both Parties.)

22.1 ANY CONTROVERSY AS TO WHETHER SELLER IS ENTITLED TO LIQUIDATED DAMAGES AND/OR BUYER IS ENTITLED TO THE RETURN OF THE DEPOSIT SHALL BE DETERMINED BY BINDING ARBITRATION ADMINISTERED BY THE JUDICIAL ARBITRATION & MEDIATION SERVICES, INC. ("JAMS") IN ACCORDANCE WITH ITS COMMERCIAL ARBITRATION RULES ("COMMERCIAL RULES"). ARBITRATION HEARINGS SHALL BE HELD IN THE COUNTY WHERE THE PROPERTY IS LOCATED. SUCH CONTROVERSY SHALL BE ARBITRATED BY A SINGLE ARBITRATOR, APPOINTED UNDER THE COMMERCIAL RULES WHO HAS HAD AT LEAST 5 YEARS OF EXPERIENCE IN THE TYPE OF REAL ESTATE THAT IS THE SUBJECT OF THIS AGREEMENT. THE ARBITRATOR SHALL HEAR AND DETERMINE SAID CONTROVERSY IN ACCORDANCE WITH APPLICABLE LAW OF THE JURISDICTION WHERE THE PROPERTY IS LOCATED, THE INTENTION OF THE PARTIES AS EXPRESSED IN THIS AGREEMENT AND ANY AMENDMENTS THERETO, AND UPON THE EVIDENCE PRODUCED AT AN ARBITRATION HEARING. PRE-ARBITRATION DISCOVERY SHALL BE PERMITTED IN ACCORDANCE WITH THE COMMERCIAL RULES OR STATE LAW APPLICABLE TO ARBITRATION PROCEEDINGS. THE ARBITRATOR SHALL RENDER AN AWARD WITHIN 30 DAYS AFTER THE CONCLUSION OF THE HEARING, WHICH MAY INCLUDE ATTORNEYS' FEES AND COSTS TO THE PREVAILING PARTY PER PARAGRAPH 16 HEREOF AND SHALL BE ACCOMPANIED BY A REASONED OPINION. THE FAILURE OR REFUSAL OF A PARTY TO PAY SUCH PARTY'S REQUIRED SHARE OF THE DEPOSITS FOR ARBITRATOR COMPENSATION OR ADMINISTRATIVE CHARGES SHALL CONSTITUTE A WAIVER BY SUCH PARTY TO PRESENT EVIDENCE OR CROSS-EXAMINE WITNESSES, BUT SUCH WAIVER SHALL NOT ALLOW FOR A DEFAULT JUDGMENT AGAINST THE NON-PAYING PARTY IN THE ABSENCE OF EVIDENCE AND LEGAL ARGUMENT AS THE ARBITRATOR MAY REQUIRE FOR MAKING AN AWARD. JUDGMENT MAY BE ENTERED ON THE AWARD IN ANY COURT OF COMPETENT JURISDICTION NOTWITHSTANDING THE FAILURE OF A PARTY DULY NOTIFIED OF THE ARBITRATION HEARING TO APPEAR THEREAT.

22.2 BUYER'S RESORT TO OR PARTICIPATION IN SUCH ARBITRATION PROCEEDINGS SHALL NOT BAR SUIT IN A COURT OF COMPETENT JURISDICTION BY THE BUYER FOR DAMAGES AND/OR SPECIFIC PERFORMANCE UNLESS AND UNTIL THE ARBITRATION RESULTS IN AN AWARD TO THE SELLER OF LIQUIDATED DAMAGES, IN WHICH EVENT SUCH AWARD SHALL ACT AS A BAR AGAINST ANY ACTION BY BUYER FOR DAMAGES AND/OR SPECIFIC PERFORMANCE.

22.3 NOTICE: BY INITIALING IN THE SPACE BELOW YOU ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION DECIDED BY NEUTRAL ARBITRATION AS PROVIDED BY CALIFORNIA LAW AND YOU ARE GIVING UP ANY RIGHTS YOU MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED IN A COURT OR JURY TRIAL. BY INITIALING IN THE SPACE BELOW YOU ARE GIVING UP YOUR JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS SUCH RIGHTS ARE SPECIFICALLY INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION. IF YOU REFUSE TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, YOU MAY BE COMPELLED TO ARBITRATE UNDER THE AUTHORITY OF THE CALIFORNIA CODE OF CIVIL PROCEDURE. YOUR AGREEMENT TO THIS ARBITRATION PROVISION IS VOLUNTARY.

WE HAVE READ AND UNDERSTAND THE FOREGOING AND AGREE TO SUBMIT DISPUTES ARISING OUT OF THE MATTERS INCLUDED IN THE "ARBITRATION OF DISPUTES" PROVISION TO NEUTRAL ARBITRATION.

Buyer's Initials _____ Seller's Initials _____

23. Miscellaneous.

23.1 **Binding Effect**. This Agreement shall be binding on the Parties without regard to whether or not paragraphs 21 and 22 are initialed by both of the Parties. Paragraphs 21 and 22 are each incorporated into this Agreement only if initialed by both Parties at the time that the Agreement is executed. Signatures to this Agreement accomplished by means of electronic signature or similar technology shall be legal and binding.

23.2 **Applicable Law**. This Agreement shall be governed by, and paragraph 22.3 is amended to refer to, the laws of the state in which the Property is located. Any litigation or arbitration between the Parties hereto concerning this Agreement shall be initiated in the county in which the Property is located.

23.3 **Time of Essence**. Time is of the essence of this Agreement.

23.4 **Counterparts**. This Agreement may be executed by Buyer and Seller by the exchange of facsimile or electronic signatures and in counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Escrow Holder, after verifying that the counterparts are identical except for the signatures, is authorized and instructed to combine the signed signature pages on one of the counterparts, which shall then constitute the Agreement.

23.5 **Waiver of Jury Trial. THE PARTIES HEREBY WAIVE THEIR RESPECTIVE RIGHTS TO TRIAL BY JURY IN ANY ACTION OR PROCEEDING INVOLVING THE PROPERTY OR ARISING OUT OF THIS AGREEMENT.**

23.6 **Conflict**. Any conflict between the printed provisions of this Agreement and the typewritten or handwritten provisions shall be controlled by the typewritten or handwritten provisions. **Seller and Buyer must initial any and all handwritten provisions**.

23.7 **1031 Exchange**. Both Seller and Buyer agree to cooperate with each other in the event that either or both wish to participate in a 1031 exchange. Any party initiating an exchange shall bear all costs of such exchange. The cooperating Party shall not have any liability (special or otherwise) for damages to the exchanging Party in the event that the sale is delayed and/or that the sale otherwise fails to qualify as a 1031 exchange.

23.8 **Days**. Unless otherwise specifically indicated to the contrary, the word "days" as used in this Agreement shall mean and refer to calendar days.

24. Disclosures Regarding the Nature of a Real Estate Agency Relationship.

24.1 The Parties and Brokers agree that their relationship(s) shall be governed by the principles set forth in the applicable sections of the California Civil Code, as summarized in paragraph 24.2.

24.2 When entering into a discussion with a real estate agent regarding a real estate transaction, a Buyer or Seller should from the outset understand what type of agency relationship or representation it has with the agent or agents in the transaction. Buyer and Seller acknowledge being advised by the Brokers in this transaction, as follows:

(a) *Seller's Agent*. A Seller's agent under a listing agreement with the Seller acts as the agent for the Seller only. A Seller's agent or subagent has the following affirmative obligations: (1) *To the Seller:* A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Seller. (2) *To the Buyer and the Seller:* a. Diligent exercise of reasonable skills and care in performance of the agent's duties. b. A duty of honest and fair dealing and good faith. c. A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(b) *Buyer's Agent*. A selling agent can, with a Buyer's consent, agree to act as agent for the Buyer only. In these situations, the agent is not the Seller's agent, even if by agreement the agent may receive compensation for services rendered, either in full or in part from the Seller. An agent acting only for a Buyer has the following affirmative obligations. (1) *To the Buyer:* A fiduciary duty of utmost care, integrity, honesty, and loyalty in dealings with the Buyer. (2) *To the Buyer and the Seller:* a. Diligent exercise of reasonable skills and care in performance of the agent's duties. b. A duty of honest and fair dealing and good faith. c. A duty to disclose all facts known to the agent materially affecting the value or desirability of the property that are not known to, or within the diligent attention and observation of, the Parties. An agent is not obligated to reveal to either Party any confidential information obtained from the other Party which does not involve the affirmative duties set forth above.

(c) *Agent Representing Both Seller and Buyer*. A real estate agent, either acting directly or through one or more associate licensees, can legally be the agent of both the Seller and the Buyer in a transaction, but only with the knowledge and consent of both the Seller and the Buyer. (1) In a dual agency situation, the agent has the following affirmative obligations to both the Seller and the Buyer: a. A fiduciary duty of utmost care, integrity, honesty and loyalty in the dealings with either Seller or the Buyer. b. Other duties to the Seller and the Buyer as stated above in their respective sections (a) or (b) of this paragraph 24.2. (2) In representing both Seller and Buyer, the agent may not, without the express permission of the respective Party, disclose to the other Party confidential information, including, but not limited to, facts relating to either Buyer's or Seller's financial position, motivations, bargaining position, or other personal information that may impact price, including Seller's willingness to accept a price less than the listing price or Buyer's willingness to pay a price greater than the price offered. (3) The above duties of the agent in a real estate transaction do not relieve a Seller or Buyer from the responsibility to protect their own interests. Buyer and Seller should carefully read all agreements to assure that they adequately express their understanding of the transaction. A real estate agent is a person qualified to advise about real estate. If legal or tax advice is desired, consult a competent professional. Buyer has the duty to exercise reasonable care to protect Buyer, including as to those facts about the Property which are known to Buyer or within Buyer's diligent attention and observation. Both Seller and Buyer should strongly consider obtaining tax advice from a competent professional because the federal and state tax consequences of a transaction can be complex and subject to change.

(d) *Further Disclosures*. Throughout this transaction Buyer and Seller may receive more than one disclosure, depending upon the number of agents assisting in the transaction. Buyer and Seller should each read its contents each time it is presented, considering the relationship between them and the real estate agent in this transaction and that disclosure. Buyer and Seller each acknowledge receipt of a disclosure of the possibility of multiple representation by the Broker representing that principal. This disclosure may be part of a listing agreement, buyer representation agreement or separate document. Buyer understands that Broker representing Buyer may also represent other potential buyers, who may consider, make offers on or ultimately acquire the Property. Seller understands that Broker representing Seller may also represent other sellers with competing properties that may be of interest to this Buyer. Brokers have no responsibility with respect to any default or breach hereof by either Party. The Parties agree that no lawsuit or other legal proceeding involving any breach of duty, error or omission relating to this transaction may be brought against Broker more than one year after the Date of Agreement and that the liability (including court costs and attorneys' fees), of any Broker with respect to any breach of duty, error or omission relating to this Agreement shall not exceed the fee received by such Broker pursuant to this Agreement; provided, however, that the foregoing limitation on each Broker's liability shall not be applicable to any gross negligence or willful misconduct of such Broker.

24.3 *Confidential Information.* Buyer and Seller agree to identify to Brokers as "Confidential" any communication or information given Brokers that is considered by such Party to be confidential.

25. Construction of Agreement. In construing this Agreement, all headings and titles are for the convenience of the Parties only and shall not be considered a part of this Agreement. Whenever required by the context, the singular shall include the plural and vice versa. This Agreement shall not be construed as if prepared by one of the Parties, but rather according to its fair meaning as a whole, as if both Parties had prepared it.

26. Additional Provisions.

Additional provisions of this offer, if any, are as follows or are attached hereto by an addendum or addenda consisting of paragraphs 28 through 38 . (If there are no additional provisions write "NONE".)

ATTENTION: NO REPRESENTATION OR RECOMMENDATION IS MADE BY AIR CRE OR BY ANY BROKER AS TO THE LEGAL SUFFICIENCY, LEGAL EFFECT, OR TAX CONSEQUENCES OF THIS AGREEMENT OR THE TRANSACTION TO WHICH IT RELATES. THE PARTIES ARE URGED TO:

1. SEEK ADVICE OF COUNSEL AS TO THE LEGAL AND TAX CONSEQUENCES OF THIS AGREEMENT.

2. RETAIN APPROPRIATE CONSULTANTS TO REVIEW AND INVESTIGATE THE CONDITION OF THE PROPERTY. SAID INVESTIGATION SHOULD INCLUDE BUT NOT BE LIMITED TO: THE POSSIBLE PRESENCE OF HAZARDOUS SUBSTANCES, THE ZONING OF THE PROPERTY, THE INTEGRITY AND CONDITION OF ANY STRUCTURES AND OPERATING SYSTEMS, AND THE SUITABILITY OF THE PROPERTY FOR BUYER'S INTENDED USE.

WARNING: IF THE PROPERTY IS LOCATED IN A STATE OTHER THAN CALIFORNIA, CERTAIN PROVISIONS OF THIS AGREEMENT MAY NEED TO BE REVISED TO COMPLY WITH THE LAWS OF THE STATE IN WHICH THE PROPERTY IS LOCATED.

27. Acceptance.

27.1 Seller accepts the foregoing offer to purchase the Property and hereby agrees to sell the Property to Buyer on the terms and conditions therein specified.

27.2 In consideration of real estate brokerage service rendered by Brokers, Seller agrees to pay Buyer's Brokers a real estate Brokerage Fee in a sum equal to 1.50 % of the Purchase Price ~~to be divided between the Brokers as follows: Seller's Broker _____% and Buyer's Broker _____%~~. This Agreement shall serve as an irrevocable instruction to Escrow Holder to pay such Brokerage Fee to Buyer's Brokers out of the proceeds accruing to the account of Seller at the Closing. Seller shall pay Seller's Broker per a separate agreement.

27.3 Seller acknowledges receipt of a copy hereof and authorizes Brokers to deliver a signed copy to Buyer.

ADDENDUM TO STANDARD OFFER, AGREEMENT AND ESCROW INSTRUCTIONS FOR PURCHASE OF REAL ESTATE

The STANDARD OFFER, AGREEMENT AND ESCROW INSTRUCTIONS FOR PURCHASE OF REAL ESTATE dated for reference purposes only as of January 17, 2025 (the "**Agreement**"), by and between Anaheim Facilities LLC, a California limited liability company as "Seller", and Magnolia Educational & Research Foundation, a California nonprofit public benefit corporation as "Buyer", to which this Addendum (this "**Addendum**") is attached, is modified, amended and supplemented as follows:

28. BUYER'S RIGHT TO TERMINATE. Notwithstanding any other provision in Paragraph 9 or elsewhere in the Agreement, Buyer shall have the period of time as outlined in each of Subparagraph 9.1(a) through (j) (the "**Contingency Period**"), to investigate, review and approve or disapprove any or all Buyer's Contingencies prior to the Closing set forth in the Agreement in Buyer's sole and absolute discretion. Notwithstanding any terms in the Agreement to the contrary, Buyer, its representatives and consultants shall be allowed reasonable access to the Property and appropriate records for the purpose of making all inspections (including but not limited to surveys, physical inspections, ESA Phase I and II, zoning and soils studies) it deems necessary during the Contingency Period and prior to Closing. Prior to any entry on the Property for the purpose of performing any inspection or any test, i.) Buyer shall provide Seller with forty-eight (48) hour prior written notice and ii.) Buyer and its applicable consultants performing such inspection or test shall provide proof of liability insurance, showing Seller as additional insured. Buyer will repair any damage to the Property caused by its inspection. During the Contingency Period, Buyer may, in its sole and absolute discretion, for any reason, or no reason at all, terminate the Agreement, and following such a termination the Escrow Holder shall promptly return to Buyer the remaining Deposit within five (5) business days after written notice from Buyer of such termination. After such termination Buyer and Seller shall have no further rights or obligations under the Agreement, except for items that expressly survive the termination thereof. Further, unless Buyer provides Seller with written notice that Buyer elects to waive all contingencies on or before the expiration of the Contingency Period, it shall be deemed that Buyer has elected to terminate the Agreement, and the Deposit shall be promptly returned to Buyer by the Escrow Holder without any additional authorizations or approvals of any kind required.

29. SELLER'S DOCUMENTS. In addition to delivering the Seller's Mandatory Disclosure Statement, which shall include a Natural Hazard Disclosure Report, and Property Information Sheet as required by Paragraph 9.1(a), Seller agrees to deliver to, or make available to Buyer on or before three (3) days following the Date of Agreement, all documents and records (or copies thereof) relating to the Property in possession of or available to Seller (the "**Documentation**"), including, but not limited to the following:

A. Copies of third-party reports with respect to the Property including without limitation, Environmental Impact Report (EIR), ESA Phase I or Phase II, geotechnical report, physical inspection report, and toxic or zoning studies of any type if available.
B. Any ALTA survey showing the location of all improvements and any easements.
C. Any letters from, agreements with, or approvals or disapprovals by municipal agencies, including City, County, and State, including all entitlements related to the Property.

D. Any current or past lawsuits or disputes or actions related to the Property, which have occurred or been initiated over the past five (5) years.

E. Statement of current property taxes and assessed value, as well as tax bills for the last three (3) years.

F. Copies of any and all service and maintenance contracts, equipment leases, utility agreements, management agreements (including any correspondence relating to any deficiencies Seller has identified at the Property), parking agreements, operating agreements, ground leases and other agreements of any kind or nature relating to, or affecting any portion of, the Property.

G. The Title Policy insuring Seller's ownership, and if available a current and complete title report, including full legible copies of all exceptions and underlying documents.

H. Architectural and engineering plans, including any "as-built" drawings, floor plans, mechanical, electrical and plumbing, and an As-Is site plan.

I. Detailed rent roll showing all tenants, and/or all tenant leases affecting the Property and copies of any and all leases, subleases and other occupancy agreements, currently in effect with respect to the Property.

30. GOVERNMENT APPROVALS. Supplementing Section 9.1(e), following the date hereof, Buyer may pursue, at its sole cost and expense, the entitlements or other approvals it wishes to be approved (the "**Entitlements**") by the governmental authorities having jurisdiction over the Property (the "**Authorities**") regarding the construction and maintenance of a charter school on the Property (the "**Project**"). Seller agrees to cooperate with Buyer, at no cost to Seller, in Buyer's efforts to obtain the Entitlements including signing any applications and other documents needed for the Project, including without limitation, the execution of such applications or documentation as required to process such Entitlements. Seller agrees that it will not take any action, direct or indirect, which is adverse to, or in opposition of, the proposed Project and/or Buyer's efforts to obtain the Entitlements.

31. DELIVERY OF THE PROPERTY. Seller represents and warrants to Buyer that as of the Date of Agreement, the only tenant occupying the Property is Vibrant Minds Charter School (the "**Existing Tenant**"), and that the Existing Tenant has not entered into any subleases or any other occupancy agreements with any third party. Seller shall be required to deliver the Property free and clear of all tenants, subtenants or other occupants (collectively referred to as "**Tenants**"), save and except for the Existing Tenant.

Seller shall not extend the Existing Tenant's lease beyond [INSERT CURRENT LEASE EXPIRATION DATE], without Buyer's prior written consent, which consent may be withheld in its sole discretion. Save and except for the Existing Tenant, Seller shall not enter into any other leases or occupancy agreements, oral or written, for the Property. Prior to the Close of Escrow, all tenants, save and except for the Existing Tenant, shall have vacated and tendered possession of the Property to Seller (the "**Seller's Delivery Contingency**"). If, as of the fifth (5th) day prior to the Closing Date, the Seller's Delivery Contingency has not been satisfied, Buyer shall have all of the rights and remedies under California law and this Agreement, including, but not limited to, the rights and remedies set forth in Paragraph 37 herein.

32. OFAC REPRESENTATION. Supplementing Paragraph 12 of the Agreement, Seller hereby warrants and represents that Seller and each member of Seller is not, and will not become, a person or entity with whom United States persons or entities are restricted from doing business under regulations of the Office of Foreign Asset Control ("OFAC") of the Department of the Treasury (including those named on OFAC's Specially Designated and Blocked Persons list), or

under any statute, executive order (including the September 24, 2001 Executive Order Blocking Property and Prohibiting Transactions With Persons Who Commit, Threaten to Commit or Support Terrorism) or other governmental action, and is not and will not engage in any dealing or transaction or be otherwise associated with such persons or entities.

33. LIMITATION ON LIABILITY. Seller agrees that neither the holders of beneficial interests nor the trustees, officers, members, employees or agents of the Buyer (or any assignee of Buyer) shall be personally liable under the Agreement and all parties hereto shall look solely to the assets of the entity, for the payment of any claim or for the performance of any obligation of Buyer under the Agreement.

34. HAZARDOUS SUBSTANCES. Seller represents and warrants to Buyer that except as disclosed pursuant to Paragraph 12.1(c) to this Agreement: (a) Seller has not caused any Release of Hazardous Substances at, on, under, to, or from the Property; and (b) Seller has not received any written notice from any applicable governmental authority that the Property is in violation of an Environmental Law that has not been cured. For purposes of this Agreement, "Release" means any release, spill, emission, leaking, pumping, pouring, dumping, emptying, discharge, disposing, arranging for disposal, abandoning, deposit, injection, escaping, leaching, or migration into or through the environment; and "Hazardous Substance" means any substance that is listed, classified or regulated as hazardous or toxic, or as a pollutant or contaminant, pursuant to any Environmental Law, including any petroleum product or by-product, asbestos-containing material, lead-containing paint or plumbing, toxic mold, polychlorinated biphenyls or radioactive material.

35. INDEMNIFICATION. As an obligation which shall survive the Closing, and notwithstanding any terms in the Agreement to the contrary, whether attributable to events or circumstances which have theretofore or may hereafter occur and whether known or unknown to Buyer as of the Closing, Seller shall indemnify and hold Buyer, its employees, officers, directors, representatives, agents, affiliates, parents, subsidiaries, successors and assigns, and all persons, firms, corporations and organizations in its behalf and their respective members, managers, affiliates, successors and assigns harmless from (a) any losses arising out of any Release of Hazardous Substances on, at, under, or migrating to or from the Property that occurred prior to the Closing, including any remedial action required at any time with respect to such Release of Hazardous Substances, and (b) any responsibility under, non-compliance with, or violation of Environmental Law that first occurred prior to the Closing. For purposes of this Agreement, "Environmental Law" means any law or legal requirement relating to pollution, investigation or remediation of the same, the protection of human health or safety, the environment, or natural resources, or the manufacture, processing, distribution, use, treatment, storage, Release, threatened Release, transport, management, or other handling of Hazardous Substances.

36. SELLER DEFAULT; BUYER REMEDIES. If the Seller defaults under the Agreement, Buyer may pursue any and all available remedies at law or in equity including but not limited to: (i) receive a return of the Deposit, including any portion theretofore deemed non-refundable or released to Seller, and any interest earned thereon, and Seller shall reimburse Buyer for Buyer's reasonable due diligence costs and expenses or (ii) pursue an action for the specific performance of this Agreement. Buyer's right to indemnity and/or attorney's fees pursuant to the terms of the Agreement shall not be limited or eliminated by the terms of this Section.

37. BUSINESS DAYS. Business days shall mean and refer to any calendar day, excepting Saturday, Sunday, any Holiday and any Optional Bank Holiday (as defined in the

California Civil Code). If the last day for performance of any act herein does not fall on a business day, such performance shall be extended to the next business day with the same force and effect as if it had been performed on the day appointed.

38. MISCELLANEOUS. Except as set forth herein, the Agreement shall remain unmodified. The Agreement, as modified by this Addendum, shall remain in full force and effect. In the event of any conflict between any provisions of this Addendum and any other provisions of the Agreement, the provisions of this Addendum shall control. This Addendum may be executed in counterparts, each of which shall be deemed an original and all of which, when taken together, shall be deemed one and the same instrument. The parties may rely upon PDF or facsimile copies of signatures as if they were originals. The execution of this Addendum by the Sellers below shall be deemed to include and constitute the execution of the Agreement, as modified by this Addendum.

[Signatures on Following Page]

IN WITNESS WHEREOF, the parties have executed this Addendum as of the date referenced above.

Approval of Resolution to Affirm Magnolia Public Schools Campuses are a Safe Educational Environment for All Students

Section: IV. Action Items
Item: C. Approval of Resolution to Affirm Magnolia Public Schools Campuses are a Safe Educational Environment for All Students
Purpose: Vote
Submitted by:
Related Material:
IV_C_Resolution to Affirm MPS Campuses are a Safe Educational Environment for All Students.pdf

Agenda Item:	IV C: Action Item
Date:	February 13, 2025
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Educational Partners & Development Committee
Staff Lead(s):	Dr. Brenda D. Olivares, Chief Impact Officer
RE:	Resolution to Affirm Magnolia Public Schools Campuses are a Safe Educational Environment for All Students

Action Proposed:

I move that the Board approve the revised Resolution to Affirm Magnolia Public Schools Campuses are a Safe Educational Environment for all students.

Purpose:

This resolution is an update to our previous *MPS Safe Zones Resolution,* approved on March 9, 2017. On January 21, 2025, the Department of Homeland Security ("DHS") announced that it was rescinding a Biden-era policy preventing immigration enforcement actions at "sensitive locations," including schools. This update to the previous practices and law regarding sensitive locations was signed as part of the new presidential administration's executive order.

As a response, we are providing language that continues to support and affirm that Magnolia Public Schools is committed to a safe, educational environment for all students. We have provided information and guidance to school leaders and office staff should any visitor request access or information to our school sites or students' information.

Background:

We want to ensure that our families and students feel safe at all of our MPS campuses by affirming that the MPS campuses are a safe educational environment for all students. This resolution will continue to assert Magnolia, as an organization, has protocols and procedures in place that protect student privacy and information as outlined in the resolution under the existing California Education Code.

We will continue to provide a high-quality educational program in a safe environment where everyone is welcome no matter their immigration status, ethnicity, race, religion, gender, sexual orientation, socio-economic status, disability, or beliefs.

Impact:
This resolution and action that follow will benefit all students, parents, and staff at MPS by offering services as needed with community partners as we navigate specific community needs. Every school's Community School Coordinator (CSC) takes an active role in vetting and partnering with local community partners and navigating resources available to all educational partners.

Exhibits:

- Resolution to Affirm Magnolia Public Schools Campuses are a Safe Educational Environment for All Students

Magnolia Public Schools
Board of Directors

Resolution: 20170309-1

RESOLUTION TO AFFIRM THAT MPS CAMPUSES ARE A SAFE EDUCATIONAL ENVIRONMENT FOR ALL STUDENTS

Whereas, Magnolia Public Schools (MPS) provides a college preparatory educational program emphasizing Science, Technology, Engineering, Arts, and Mathematics (STEAM) in a safe environment that cultivates respect for self and others regardless of, but not limited to, their immigration status, ethnicity, race, religion, gender, sexual orientation, socio-economic status, disability, or beliefs;

Whereas, in Plyler v. Doe (1982), the United States Supreme Court held that all immigrant children are people "in any ordinary sense of the term" and hence protected from discrimination under the 14th Amendment, and that all children, regardless of their immigration status, have the right to a free public education;

Whereas, the California Constitution, Article 1, Section 28(f)(1) states, "All students and staff of public primary, elementary, junior high, and senior high schools, and community colleges,
colleges and universities have the inalienable right to attend campuses which are safe, secure, and peaceful;" and

Whereas, California Education Code, Section 200 provides, "It is the policy of the State of California to afford all persons in public schools, regardless of their disability, gender, gender identity, gender expression, nationality, race or ethnicity, religion, sexual orientation, or any other characteristic that is contained in the definition of hate crimes set forth in Section 422.55 of the Penal Code, including immigration status, equal rights, and opportunities in the educational institutions of the state . . . " and per California Education Code Section 212, "nationality" includes citizenship, country of origin, and national origin;

WHEREAS: California Education Code, Section 234.7 requires local educational agencies including charter schools to have policies and procedures in place limiting assistance with immigration enforcement at public schools, to the fullest extent possible consistent with federal and state law, and ensuring that public schools remain safe and accessible to all California residents, regardless of immigration status. Such policies and procedures ("AB 699 Policies and Procedures") must be consistent with the California Attorney General's model policies and include:

1. Procedures related to requests for access to school grounds for purposes related to immigration enforcement.
2. Procedures for local educational agency employees to notify the superintendent of the school district or his/her/their designee, the superintendent of the county office

of education or his/her/their designee, or the principal of the charter school or his/her/their designee, as applicable, if an individual requests or gains access to school grounds for purposes related to immigration enforcement.

3. Procedures for responding to requests for personal information about pupils or their family members for purposes of immigration enforcement.

Now, therefore, be it resolved, That the Magnolia Public Schools Board of Directors directs the Chief Executive Officer to:

- Continue to limit assistance with immigration enforcement at its schools, to the fullest extent possible consistent with federal and state law, and is committed to ensuring that its schools remain safe and accessible to all California residents, regardless of immigration status.
- Continue to implement MPS AB699 policies and procedures regarding educational equity and immigration enforcement.

Passed and adopted by the Board of Directors at a meeting held on February 13, 2025, by the following vote:

Approval of 2025-26 School Safety Plans for All Magnolia Public Schools

Section:	IV. Action Items
Item:	D. Approval of 2025-26 School Safety Plans for All Magnolia Public Schools
Purpose:	Vote
Submitted by:	
Related Material:	IV_D_2025-26 School Safety Plans for all Magnolia Public Schools.pdf

Agenda Item:	IV D: Action Item
Date:	February 13, 2025
To:	Magnolia Educational & Research Foundation dba Magnolia Public Schools ("**MPS**") Board of Directors (the "**Board**")
From:	Alfredo Rubalcava, CEO & Superintendent
Staff Lead(s):	Meagan Wittek, Director of Student Services
RE:	2025-26 School Safety Plans for all Magnolia Public Schools

Action Proposed:

I move that the Board approve the School Safety Plan (SSP) for the 2025-26 school year for the schools within Magnolia Public Schools. In addition, for the Board to grant the Director of Student Services permission to update the School Safety Plans to align with the upcoming revised Title IX policy once it is finalized and adopted to ensure compliance and to support a safe and equitable environment for all students and staff. The follow schools are:

- Magnolia Science Academy 1
- Magnolia Science Academy 2
- Magnolia Science Academy 3
- Magnolia Science Academy 4
- Magnolia Science Academy 5
- Magnolia Science Academy 6
- Magnolia Science Academy 7
- Magnolia Science Academy Bell
- Magnolia Science Academy Santa Ana
- Magnolia Science Academy San Diego

Purpose:

In accordance with California Education Code 32280-32289.5, all public schools are mandated to establish and maintain a school safety plan (SSP). These plans must encompass specific elements, including procedures for emergency evacuation, lockdown, and responses to crises and

emergencies. SSPs are subject to regular review and updates through collaboration with educational partners at the school site to ensure their effectiveness. At Magnolia Public Schools (MPS), we leverage the Parent Advisory Committee (PAC) to engage and educate our partners on our safety practices. The PAC serves as a vital channel for capturing feedback that allows us to continuously evaluate and enhance school-wide systems related to safety and emergency preparedness. An additional requirement for schools co-located and authorized by the Los Angeles Unified School District is adopting an Integrated Safe School Plan (ISSP). This plan encompasses all schools within a single site, ensuring a coordinated and comprehensive approach to safety. MPS school leaders collaborate to establish and maintain practices and safety measures. As part of our commitment to transparency and readiness, the SSP slated for adoption for the 2025-26 school year reflects a dynamic approach. School sites retain the flexibility to adjust and modify plans in response to the evolving needs of the learning community. This adaptability ensures that our safety measures remain relevant and practical, providing a secure environment for all students and staff.

Impact:

Magnolia Public Schools (MPS) is committed to maintaining a safe learning environment in accordance with California Education Code 32280-32289.5. Our updated School Safety Plans (SSP) for 2025-26 include emergency procedures and incorporate feedback from the Parent Advisory Committee (PAC) to ensure continuous improvement.

For co-located campuses with Los Angeles Unified School District, MPS also adopts the Integrated Safe School Plan (ISSP) for coordinated safety efforts. By remaining flexible and responsive to the community's needs, MPS ensures that safety measures are practical, relevant, and effective for all students and staff.

Budget Implications:

The SSP includes a variety of measures aimed at improving school safety, such as providing training for school staff on emergency responses and crisis management, improving school infrastructure to make the building more secure, and acquiring equipment and supplies to ensure the school site can manage crises or emergencies. The costs for implementing a school site safety plan are projected to be approximately $8,000 -$15,000, depending on the school site and specific needs. The individual school sites' operations budget will pay for these costs.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

School Safety Plan
2025-2026

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

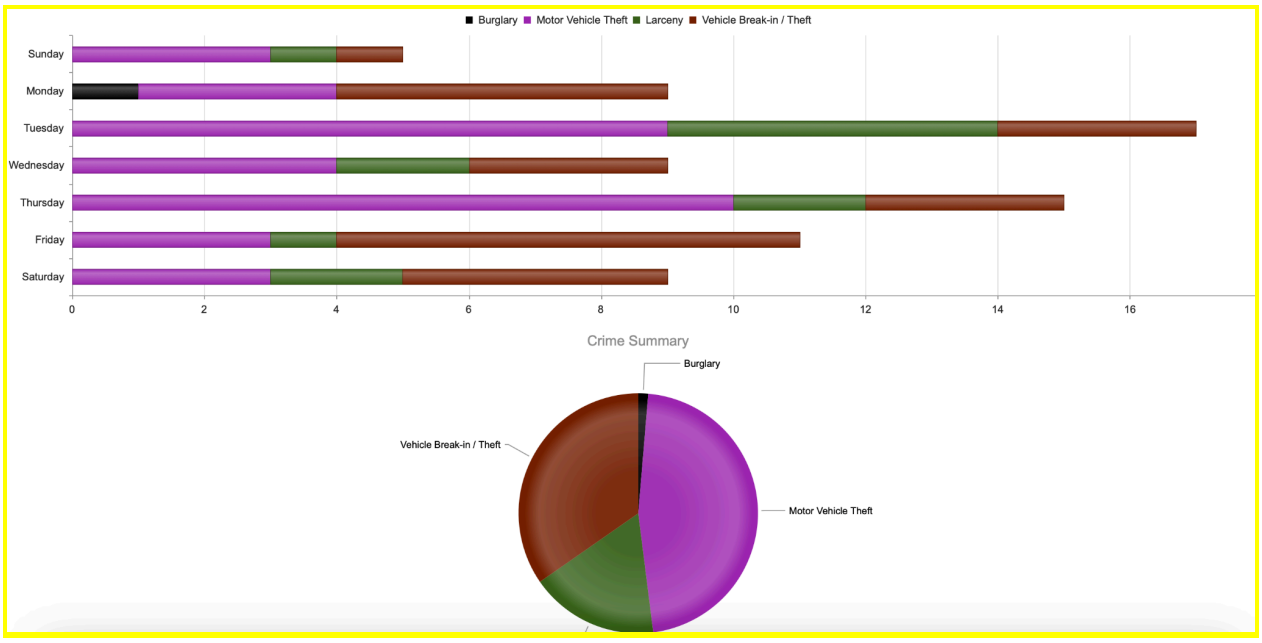
1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data



Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 91335 from 6/8/2024 to 12/04/2024:

Type	Number
Total Crimes during time period	75
Top #1 Motor Vehicle Theft	35
#2 Vehicle Break in Theft	26
#3 Larceny	13

Magnolia Science Academy 1
School Safety Plan
2025-2026

This data is represented by the following graphic pulled from source website: https://www.crimemapping.com/map/location/91335%2C%20Reseda%2C%20CA%2C%20USA?id=dHA9MCN0dj0xYTMzOTJmYSNsb2M9MTMyMTE2MiNsbmc9NDMjcGw9MTAyMjY3OCNsYnM9MTQ6NTM4NjUxNSNsbj1Xb3JsZA%3D%3D#

School-wide Data

Data regarding the school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on December 17th, 2024. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of 12/17/2024
Suspension Data Out-of-School	14	24	22	2.5%
Suspension Data In-School	0	4	0	0
Expulsion Data	0	0	1	0
Office Discipline Referrals ODRs	70	47	83	145

Magnolia Science Academy 1
School Safety Plan
2025-2026

Average Daily Attendance (ADA) Rate	90.71%	93.23%	94.05%	93.1%
Chronic Absenteeism Rate	29.9%	23.5%	23%	20.6%
Graduation Rate	95.9%	94.9%	95.9%	TBD

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

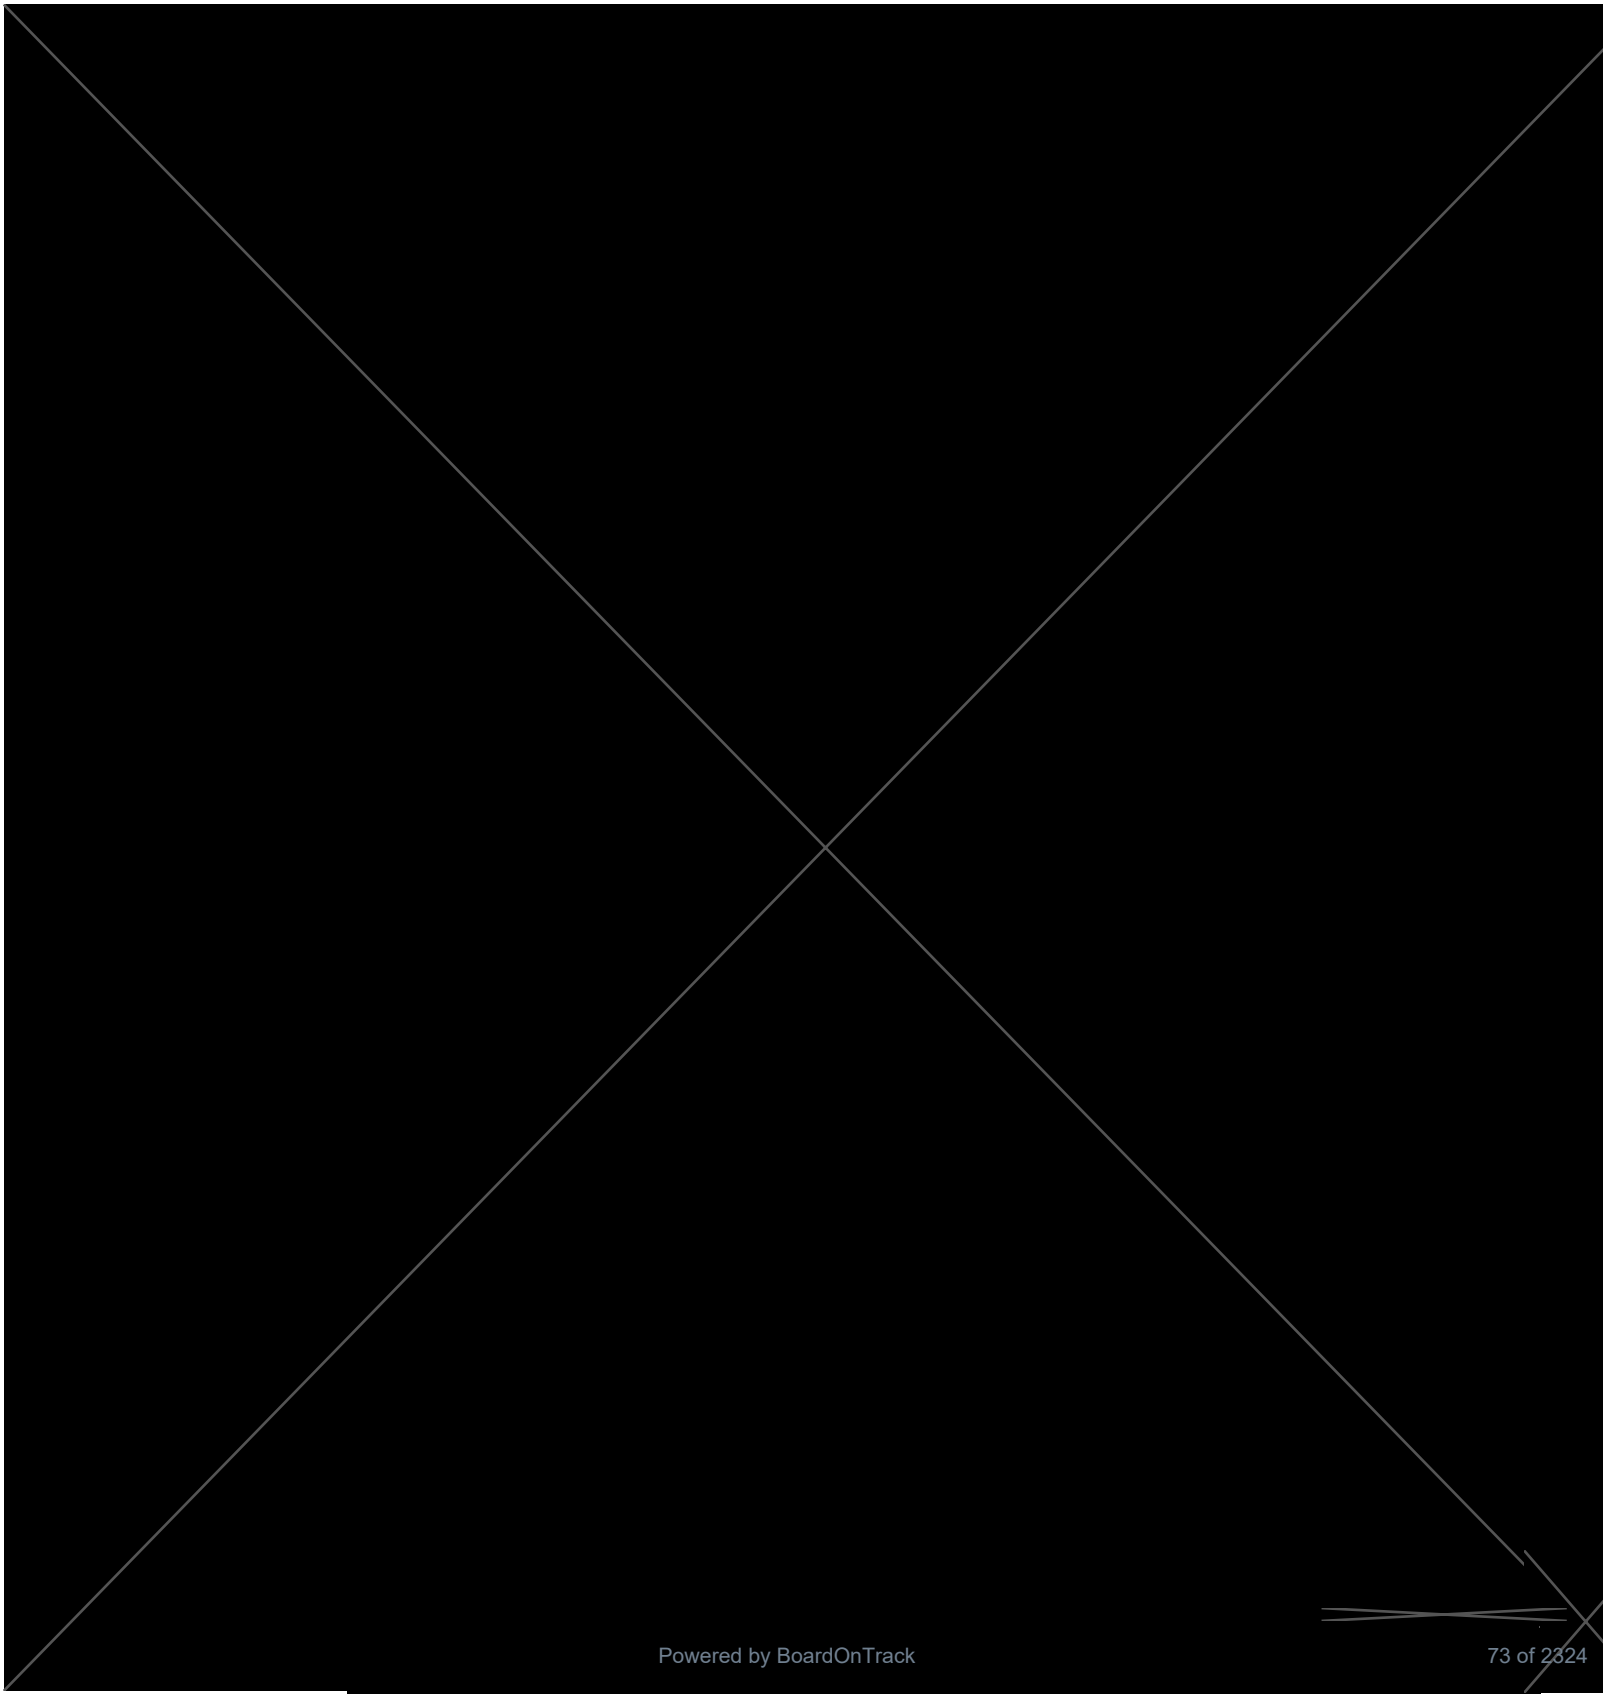
- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Goal#2

Goal(s):

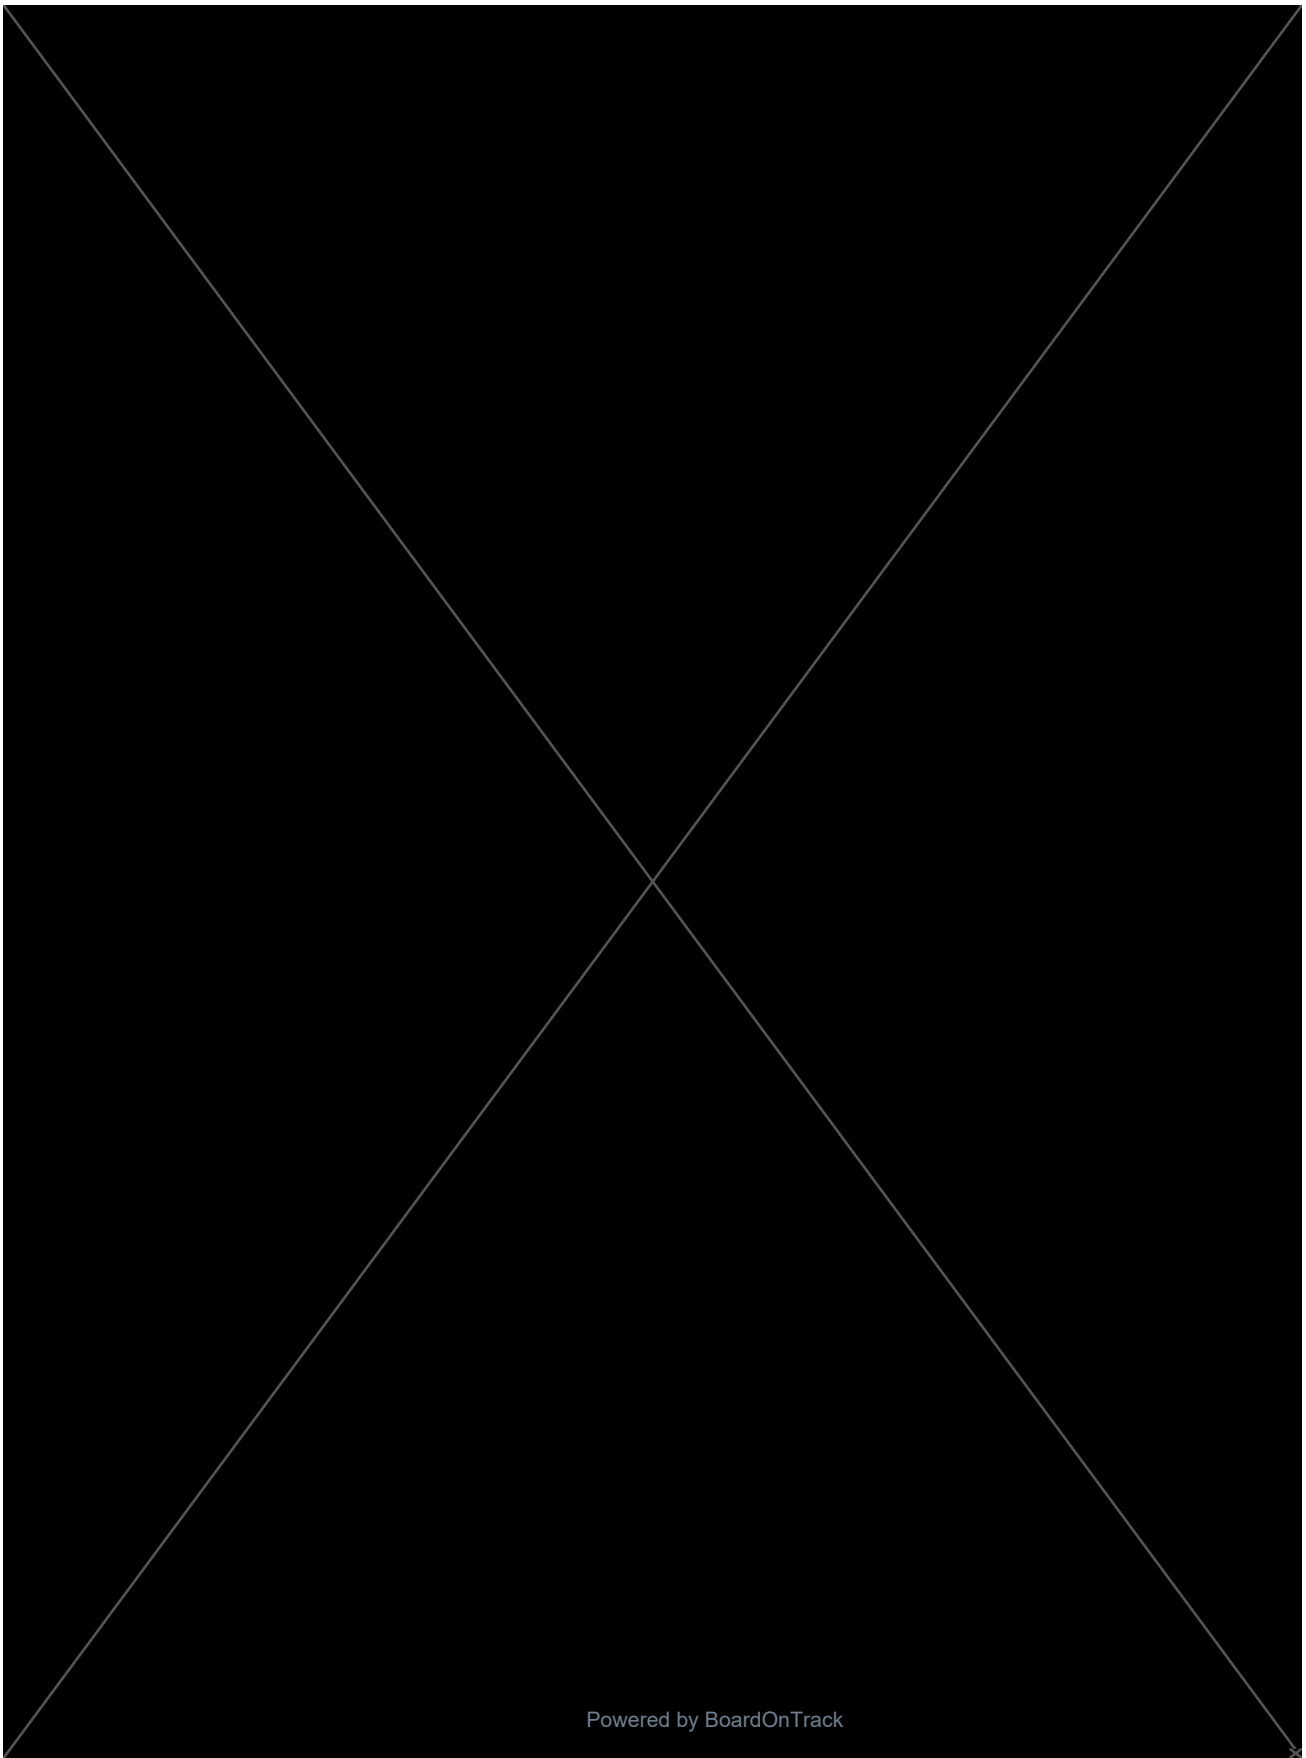
- Objective:Chronic Absenteeism Rate (Source: CA School Dashboard, SIS) >=20%
- Related Activities: Assembly Recognitions, Teacher PD, Grade Level Challenge, Student Survey, Attendance CART
- Resources needed: Prizes,
- Person(s) responsible for implementation: Dean of Students

- Budget:
- Evaluation guidelines: Monitoring Attendance Weekly



Component 3: Goal#3

Goal(s):



- Objective: Percentage of students who have been home-visited by the teachers per year (Source: Local Indicator Priority 3, SIS) 15%>=
- Related Activities: Teacher Parent Visits, Staff Parent Visits (3/26/2025 & 4/30/2025)
- Resources needed: Teacher/Staff Preparation & Parent Communication
- Person(s) responsible for implementation: Admin
- Budget:
- Evaluation guidelines: Student Policies - MPS Home Visit Policy 20230608.pdf

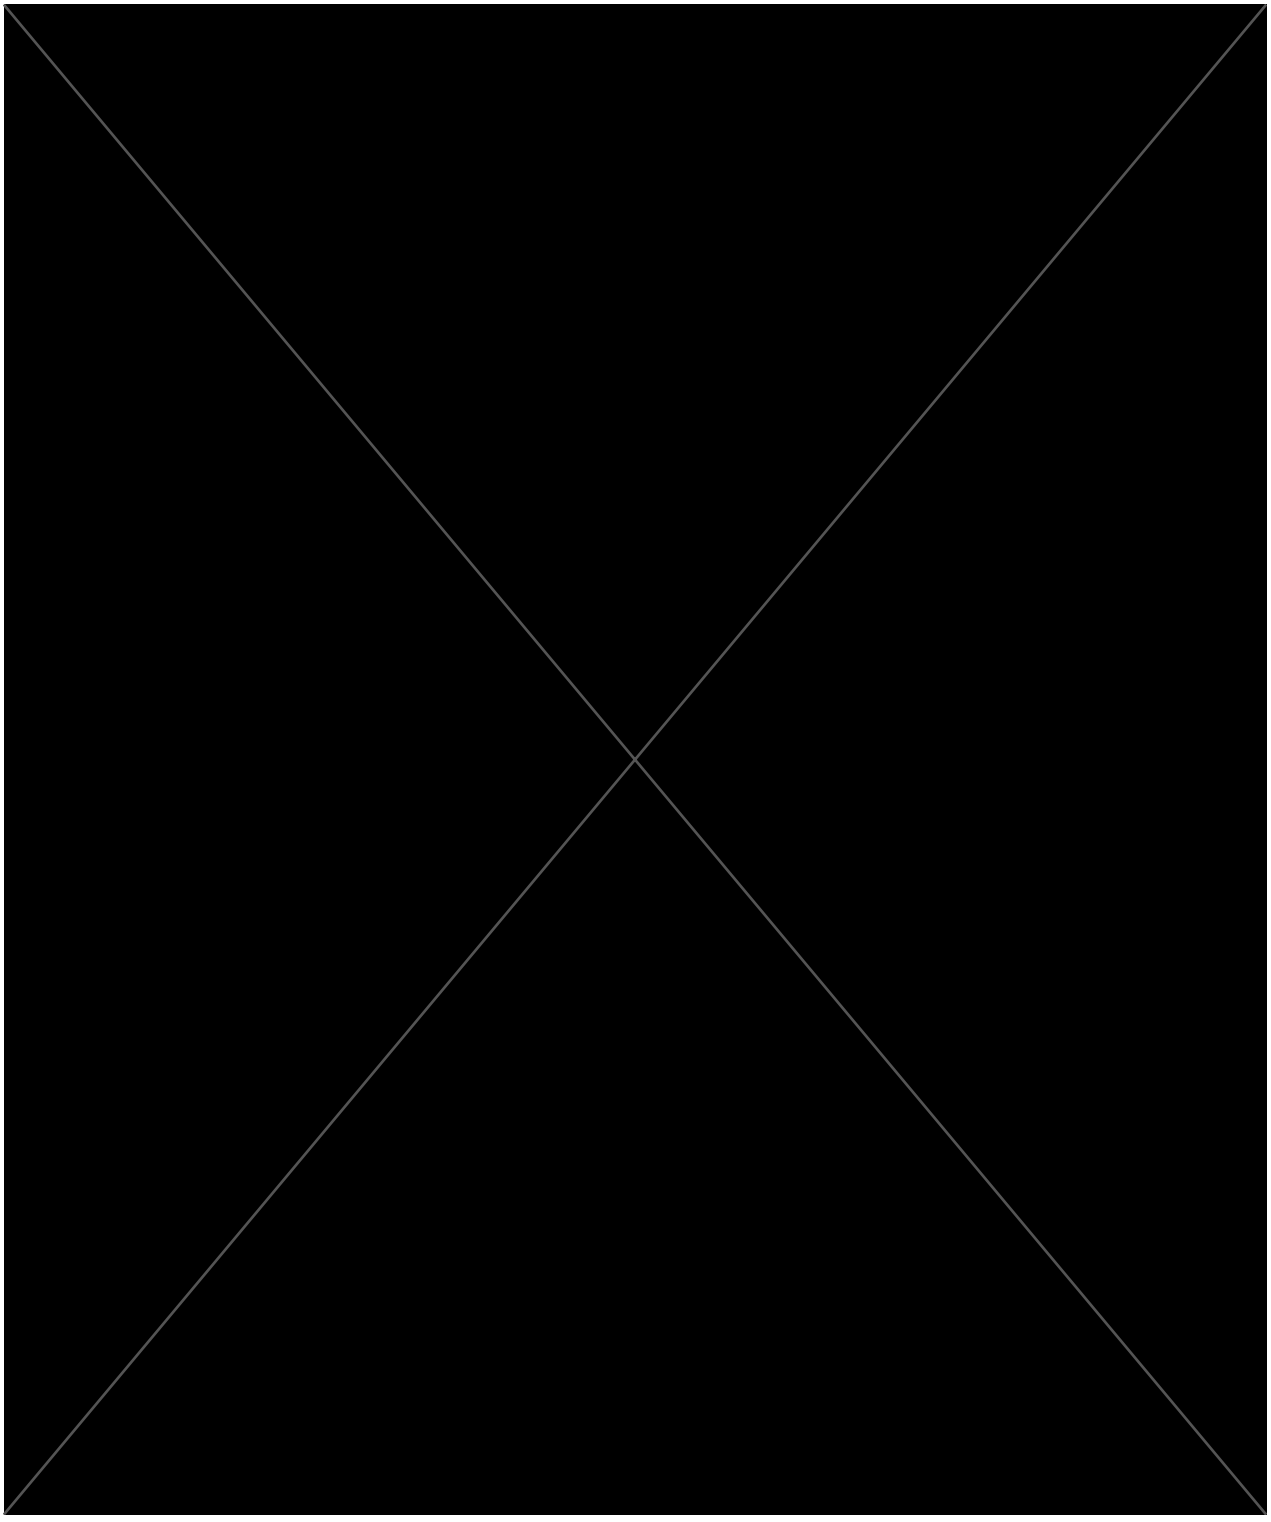
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Magnolia Science Academy 1
School Safety Plan
2025-2026

Emergency Drill Calendar

Magnolia Science Academy 1
School Safety Plan
2025-2026

Post-Incident Debriefing: Following the resolution of any emergency situation, a comprehensive debriefing process is integral to refining emergency response procedures and ensuring continuous improvement. The post-incident debriefing involves the following steps:

1. Convene the Debriefing Team
2. Documentation Review
3. Chronology of Events
4. Identify Strengths
5. Identify Areas for Improvement
6. Implementation of Changes
7. Follow-up Debrief Sessions

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.

- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the

training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000
2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.

3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.

- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take

the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

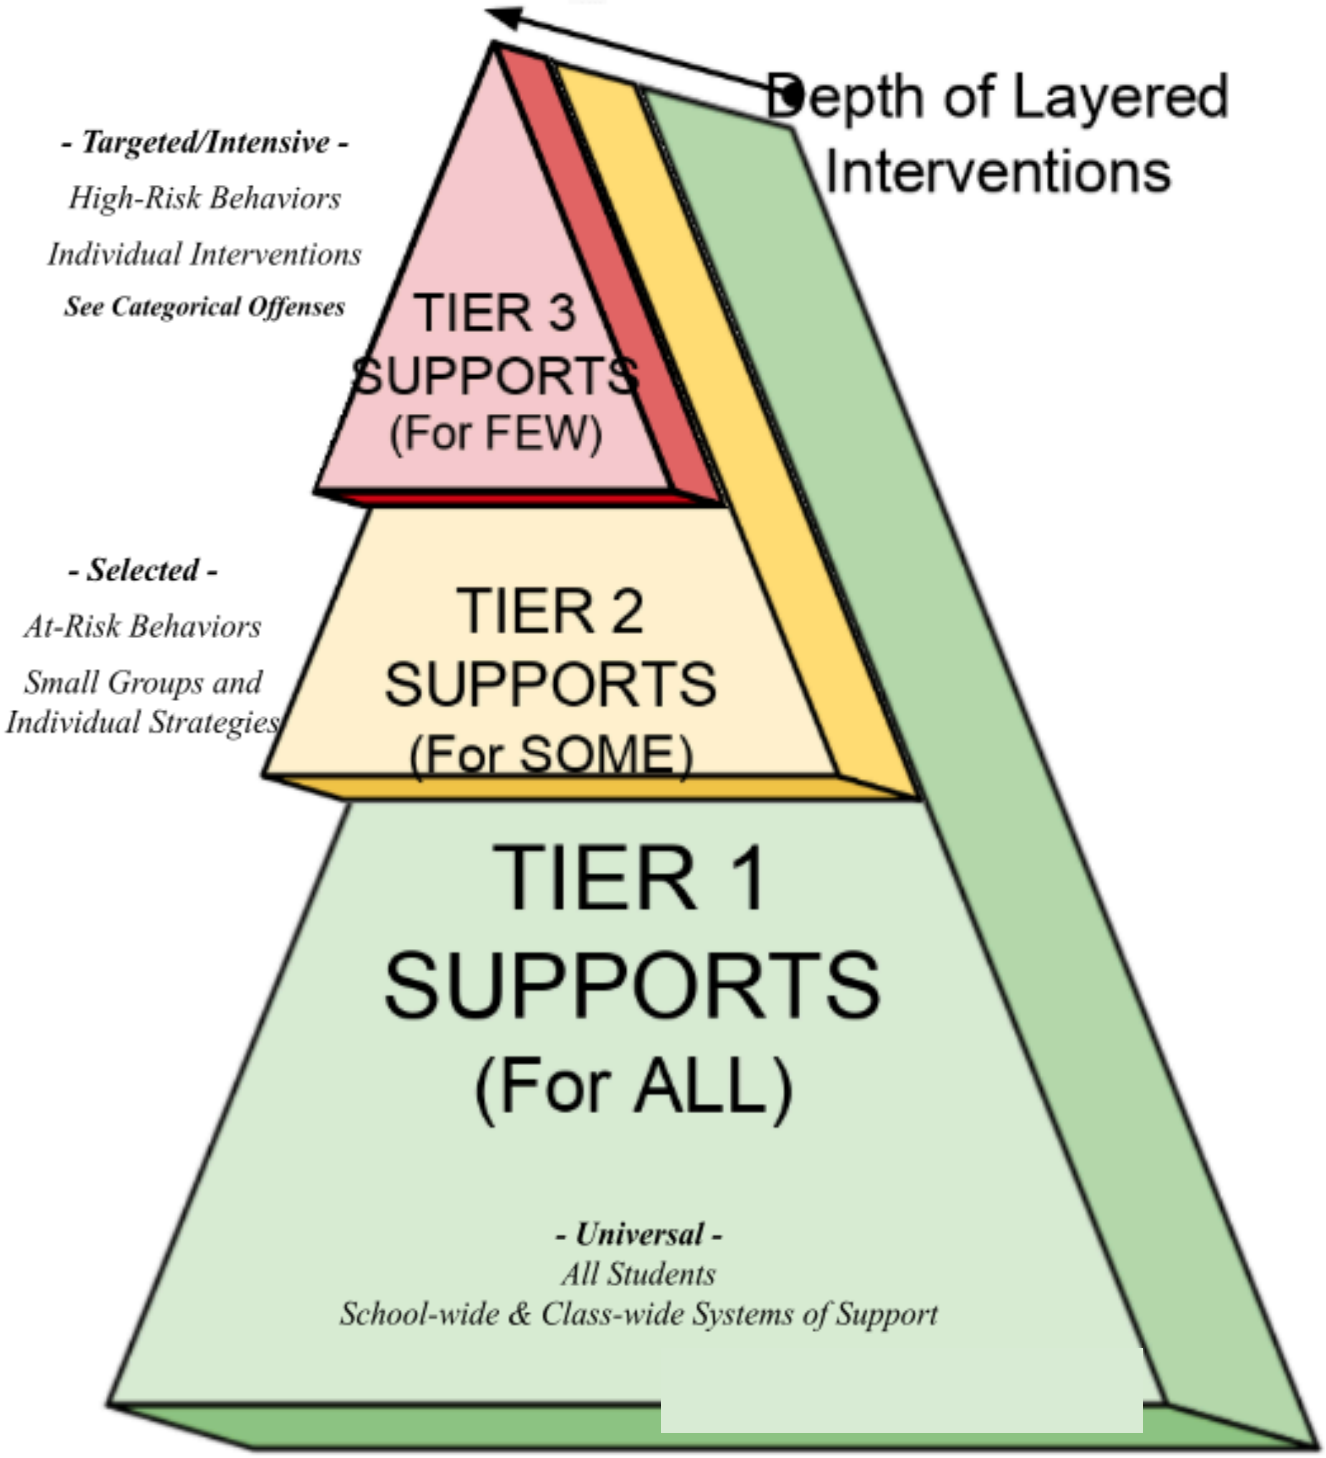
In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the

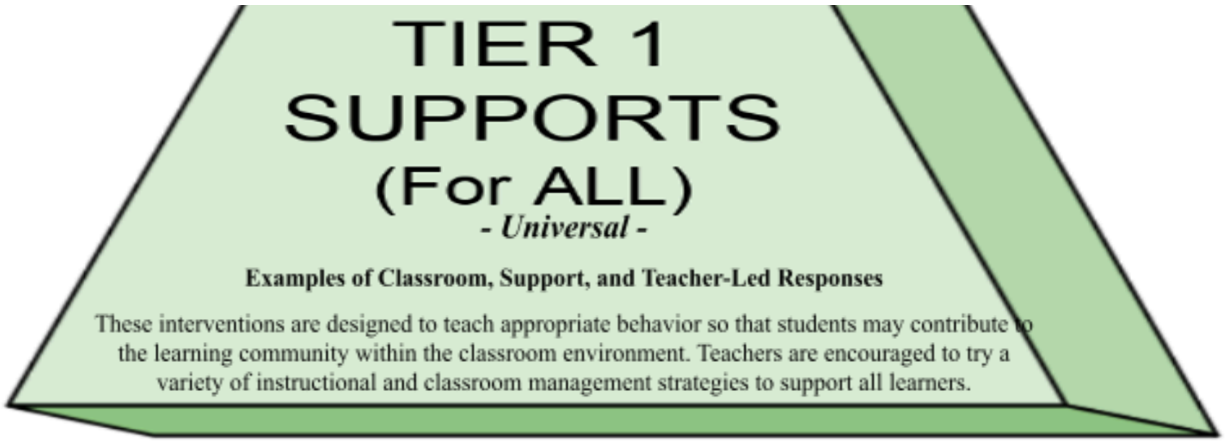
Magnolia Science Academy 1
School Safety Plan
2025-2026

Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

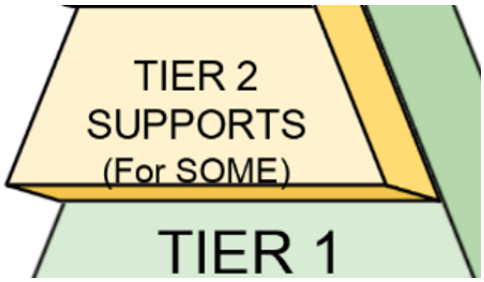
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Multi-Tiered System of Response to Behavior



Magnolia Science Academy 1
School Safety Plan
2025-2026

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Magnolia Science Academy 1
School Safety Plan
2025-2026

• Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

• Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general

education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered

or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic

performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
   i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
   ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
   iii. Causing a reasonable student to experience substantial interference with their academic performance.
   iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
   i. A message, text, sound, video, or image.
   ii. A post on a social network Internet Web site including, but not limited to:
      (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
      (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
      (c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
      (d) An act of cyber sexual bullying.

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as

the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

iii. Causing a reasonable student to experience substantial interference with their academic performance.

iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a

student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the

parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student's parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. Suspension Appeals

Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

- Uphold the suspension
- Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be “on call” for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student’s parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS’ disciplinary rules which relate to the alleged violation.
4. Notification of the student’s or parent/guardian’s obligation to provide information about the student’s status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student’s parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student’s behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the

hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.
7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining

witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. **Procedural Safeguards/Manifestation Determination**
   Within ten (10) school days of a recommendation for expulsion or any decision to change the placement

of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the

proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.
E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)

Magnolia Science Academy 1
School Safety Plan
2025-2026

- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults.
  - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
  - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
  - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
  - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
  - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
  - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
  - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
  - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;

- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

Magnolia Science Academy 1
School Safety Plan
2025-2026

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;
- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and
- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory

summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees, Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.
- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

Magnolia Science Academy 1
School Safety Plan
2025-2026

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Magnolia Science Academy 1
School Safety Plan
2025-2026

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
   - Accommodations for Pregnant and Parenting Pupils;
   - Adult Education;
   - After School Education and Safety;
   - Career Technical Education;
   - Career Technical and Technical Training;
   - Child Care and Development;
   - Compensatory Education;
   - Consolidated Application;
   - Course Periods without Educational Content;
   - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
   - Every Student Succeeds Act;
   - Local Control & Accountability Plans (LCAP)/LCFF;
   - Migrant Education;
   - Physical Education Instructional Minutes;
   - Pupil Fees;
   - Reasonable Accommodations to a Lactating Pupil;
   - Regional Occupational Centers and Programs;
   - School Plans for School Achievement;
   - School Safety Plans;
   - Schoolsite Councils.

3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.

    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

    b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

        i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

        ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

        iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

    c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

    d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

    e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.

3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.
9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a

period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation
Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.

2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless

stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and

unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;

- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;
- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

Magnolia Science Academy 1
School Safety Plan
2025-2026

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.
- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

Magnolia Science Academy 1
School Safety Plan
2025-2026

MPS Student Uniform Policy

BOTTOM	• Pants, shorts, skirts, skorts, or capris are acceptable. • Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue. **Belts** ***(required for all variations of dress uniform)*** • Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal). • The buckle may only have one catch. • Belt must be of correct waist size, so that there is minimal excess length (less than five inches). • Any excess length of belt must be tucked through a belt loop and may not hang down.	**Pants/Skirts/Skorts/Shorts** • May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone. • Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides. • Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip. • Pants may not be made from legging or jegging material. • Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants. • Rubber bands are not allowed on the bottom of pants or ankles. • No jean/denim style pants • No Cargo pants/shorts. • Must have a built-in pocket not a sewn-on pocket.
TOP	• White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved. • Hoods may not be worn at school. • Top of garment must be at or above hipbone when student is standing up.	**Undergarments** All undergarments, including bras, boxer shorts, etc., should not be visible **Other Guidelines** • Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy. • Undershirts must be short-sleeved if worn. • The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned. • Under shirt may not hang out of sleeves.

Magnolia Science Academy 1
School Safety Plan
2025-2026

FOOTWEAR	• For all footwear including "athletic" footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.) • Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white. • No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.	**Shoes** • Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color. **Jewelry and Accessories/Cosmetics** • Should be modest, appropriate for school, and not attract undue attention. • Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt. • No "glitter", decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform, • Facial, tongue, and body piercing are not allowed. • Bracelets: Must be tasteful and not attract undo attention. • Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school. • Cosmetics must be appropriate for school and not attract undue attention. o No brightly colored or glitter eye shadow, or blush. o Mascara and eyeliner should be minimal. o Lipstick should be a natural color. o Earrings must be studs or one (1) inch hoops and worn on earlobe.
PE UNIFORM	• **Top:** Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE. • **Bottom:** Properly fitting navy shorts. Waist size of shorts must be appropriate to student's waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides **Footwear:** Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)	
OUTERWEAR	• Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue. **For colder weather** • Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo. • Sweatshirts and jackets must be solid white, gray, black, or navy-blue.	

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school's administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

Magnolia Science Academy 1
School Safety Plan
2025-2026

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

Magnolia Science Academy 1
School Safety Plan
2025-2026

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.
- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake

- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.

- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building's air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.
- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.

- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
    - Nature of threat on the phone line
    - School name
    - Phone number of the line receiving the threat
    - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.
- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.
- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.

- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

Magnolia Science Academy 1
School Safety Plan
2025-2026

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.
- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.

- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

School Safety Plan
2025-2026

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.
- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:

- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:

- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:

- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:

- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.

Magnolia Science Academy 1
School Safety Plan
2025-2026

- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: Jason Mertell, jmertell@magnoliapublicschools.org . Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

Magnolia Science Academy 1
School Safety Plan
2025-2026

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.
- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed

- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)

- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

School Safety Plan
2025-2026

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time

1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:

- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.

- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.
- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Magnolia Science Academy 1
School Safety Plan
2025-2026

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.

Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.

Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

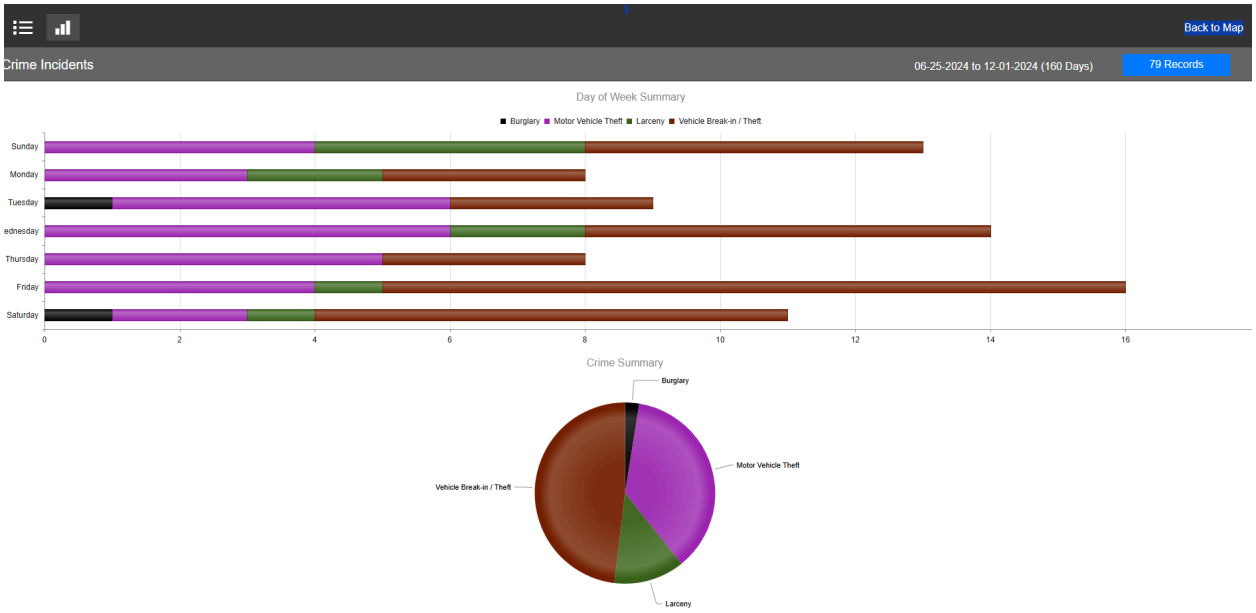
Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data



Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 91406 from 6/2024 to 11/2024:

Type	Number
Total Crimes during time period	95
Top #1	Vehicle Break in/Theft
#2	Motor Vehicle Theft
#3	Larceny

INSERT DATA GRAPHIC

This data is represented by the following graphic pulled from source website: https://www.crimemapping.com/map/location/91406?id=#

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on December 3, 2024. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of 12/3/2024

Suspension Data Out-of-School	2	0	3	8
Suspension Data In-School	0	0	0	0
Expulsion Data	1	0	0	0
Office Discipline Referrals ODRs	N/A	24	44	9 In Progress
Average Daily Attendance (ADA) Rate	(P2 - 91.44%)	(P1 - 93.36%)	(P-1 94.28%)	In Progress
Chronic Absenteeism Rate	26.1%	26.8%	23.1%	16.7% In Progress
Graduation Rate	100%	100%	100%	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

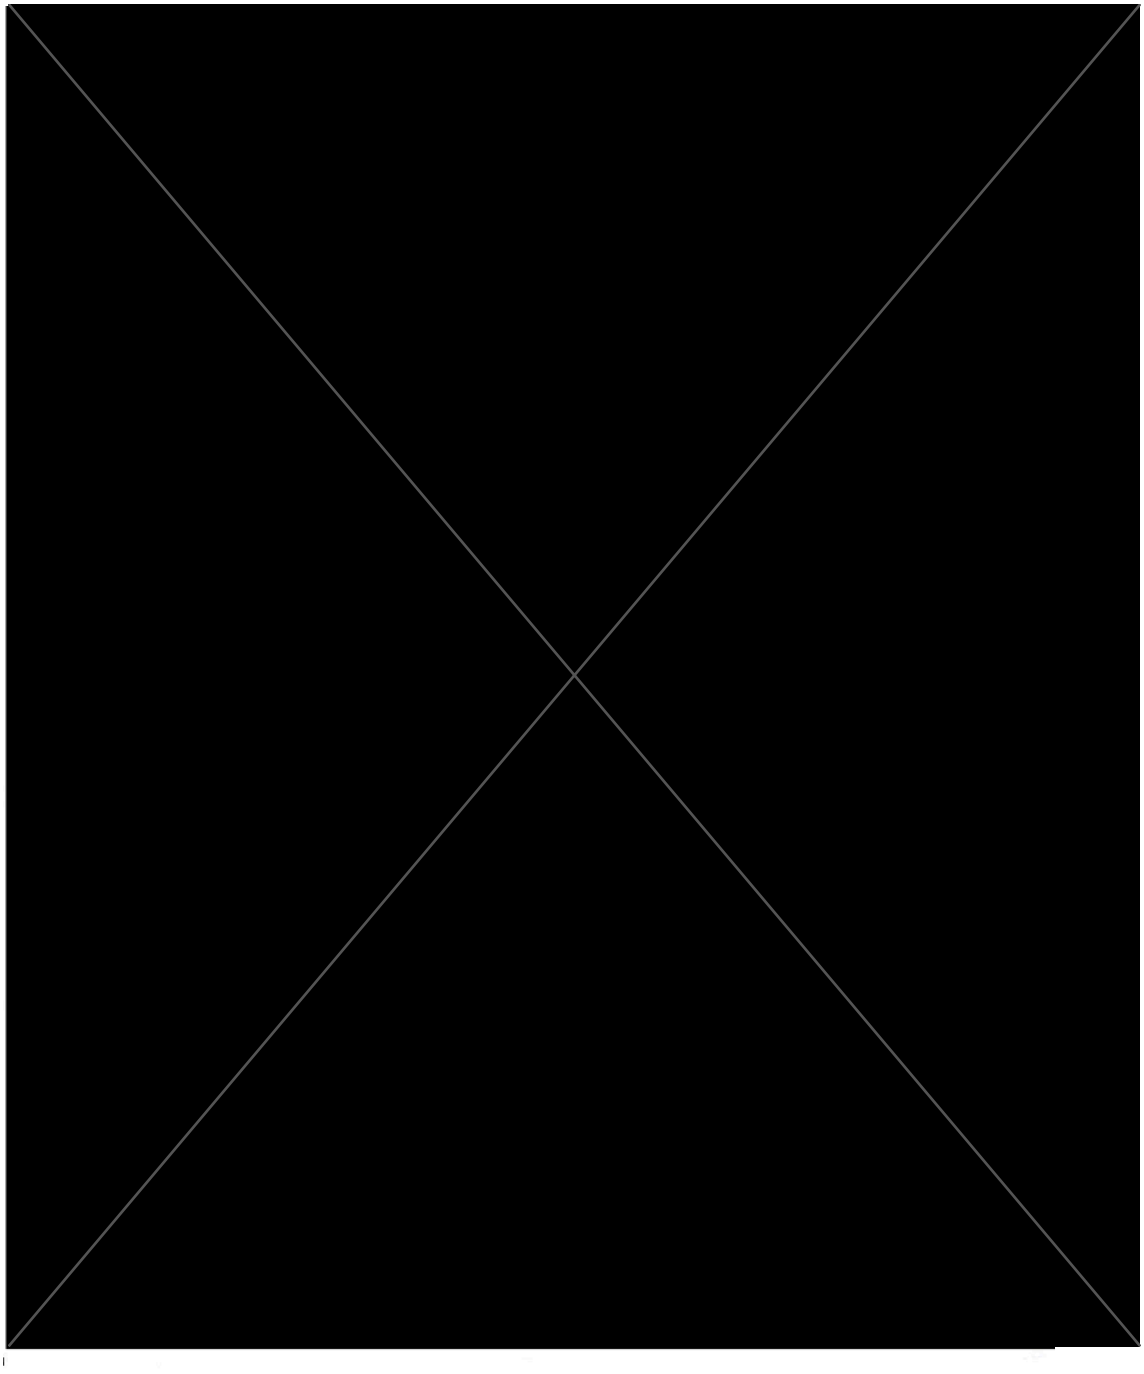
Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Innovation

Goal(s): All students will have access to a well-rounded education that supports their readiness for college and the global world. Each student will become an independent, innovative scholar by practicing creativity in learning and using technology in transformative ways.

- Objective: Data is compiled during the Fall, Winter, and Spring semesters related to the progress on each indicator of this goal.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through outside support providers as well as MPS home office team members, committee meetings, and as well as during leadership monthly meetings with all home office and Dean of Students, Dean of Academics, Office Manager, Principal, Community Schools Coordinator, and PACE to share best practices across the organization. Also, parents and community partners are included in this process through elected membership on the Parent Advisory Committee and ELAC.
- Resources needed: LCAP Goals and data collection related to each priority and metric, as this aligns with LCAP Goal 3.
- Person(s) responsible for implementation: Principal, Dean of Students, Dean of Academics, Assistant Principal, and other MSA2 support staff.
- Budget: Aligned with MSA2's annual school budget which is approved by the MPS Board and receives ongoing oversight by the MPS Home Office and Finance Department. The specific budget for LCAP Goal 3 is directly aligned with this Component.
- Evaluation guidelines: Educational Partner Surveys and all related metrics from California Schools Dashboard, CDE Data Quest, and internal MSA2 LCAP goal tracker data related to internal metrics.



Component 3: Connection

Goal(s): All students, families, staff, and other educational partners will have access to meaningful engagement opportunities that help cultivate leadership, advocacy, and collaboration in a safe and nurturing environment. educational partners will feel a sense of community and connectedness.

- Objective: Data is compiled during the Fall, Winter, and Spring semesters related to the progress on each indicator of this goal. In addition, SEL survey data is collected multiple times per year in alignment with MPS survey implementation protocols.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through outside support providers as well as MPS home office team members, committee meetings, and as well as during leadership monthly meetings with all home office and Dean of Students, Dean of Academics, Office Manager, Principal, Community Schools Coordinator, and PACE to share best practices across the organization. Also, parents and community partners are included in this process through elected membership on the Parent Advisory Committee and ELAC.
- Resources needed: LCAP Goals and data collection related to each priority and metric, as this aligns with LCAP Goal 4.
- Person(s) responsible for implementation: Principal, Dean of Students, Dean of Academics, Assistant Principal, and other MSA2 support staff. In addition, School Psychologist and MSA2's SEL MTSS Committee members also work to support the measurement and implementation of this goal.
- Budget: Aligned with MSA2's annual school budget which is approved by the MPS Board and receives ongoing oversight by the MPS Home Office and Finance Department. The specific budget for LCAP Goal 4 is directly aligned with this Component.
- Evaluation guidelines: Educational Partner Surveys and all related metrics from California Schools Dashboard, CDE Data Quest, and internal MSA2 LCAP goal tracker data related to internal metrics.

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.
- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will

also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

   - Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
   - Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
   - San Diego County 858-560-2191 or 800-344-6000
2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
    - Report and sign in at the office.
    - Be provided with a visitor's badge.
    - Be prepared to provide identification to school personnel.
    - Respect school rules.
3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We

uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will

consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.
- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.

- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and

web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

Physical Environment

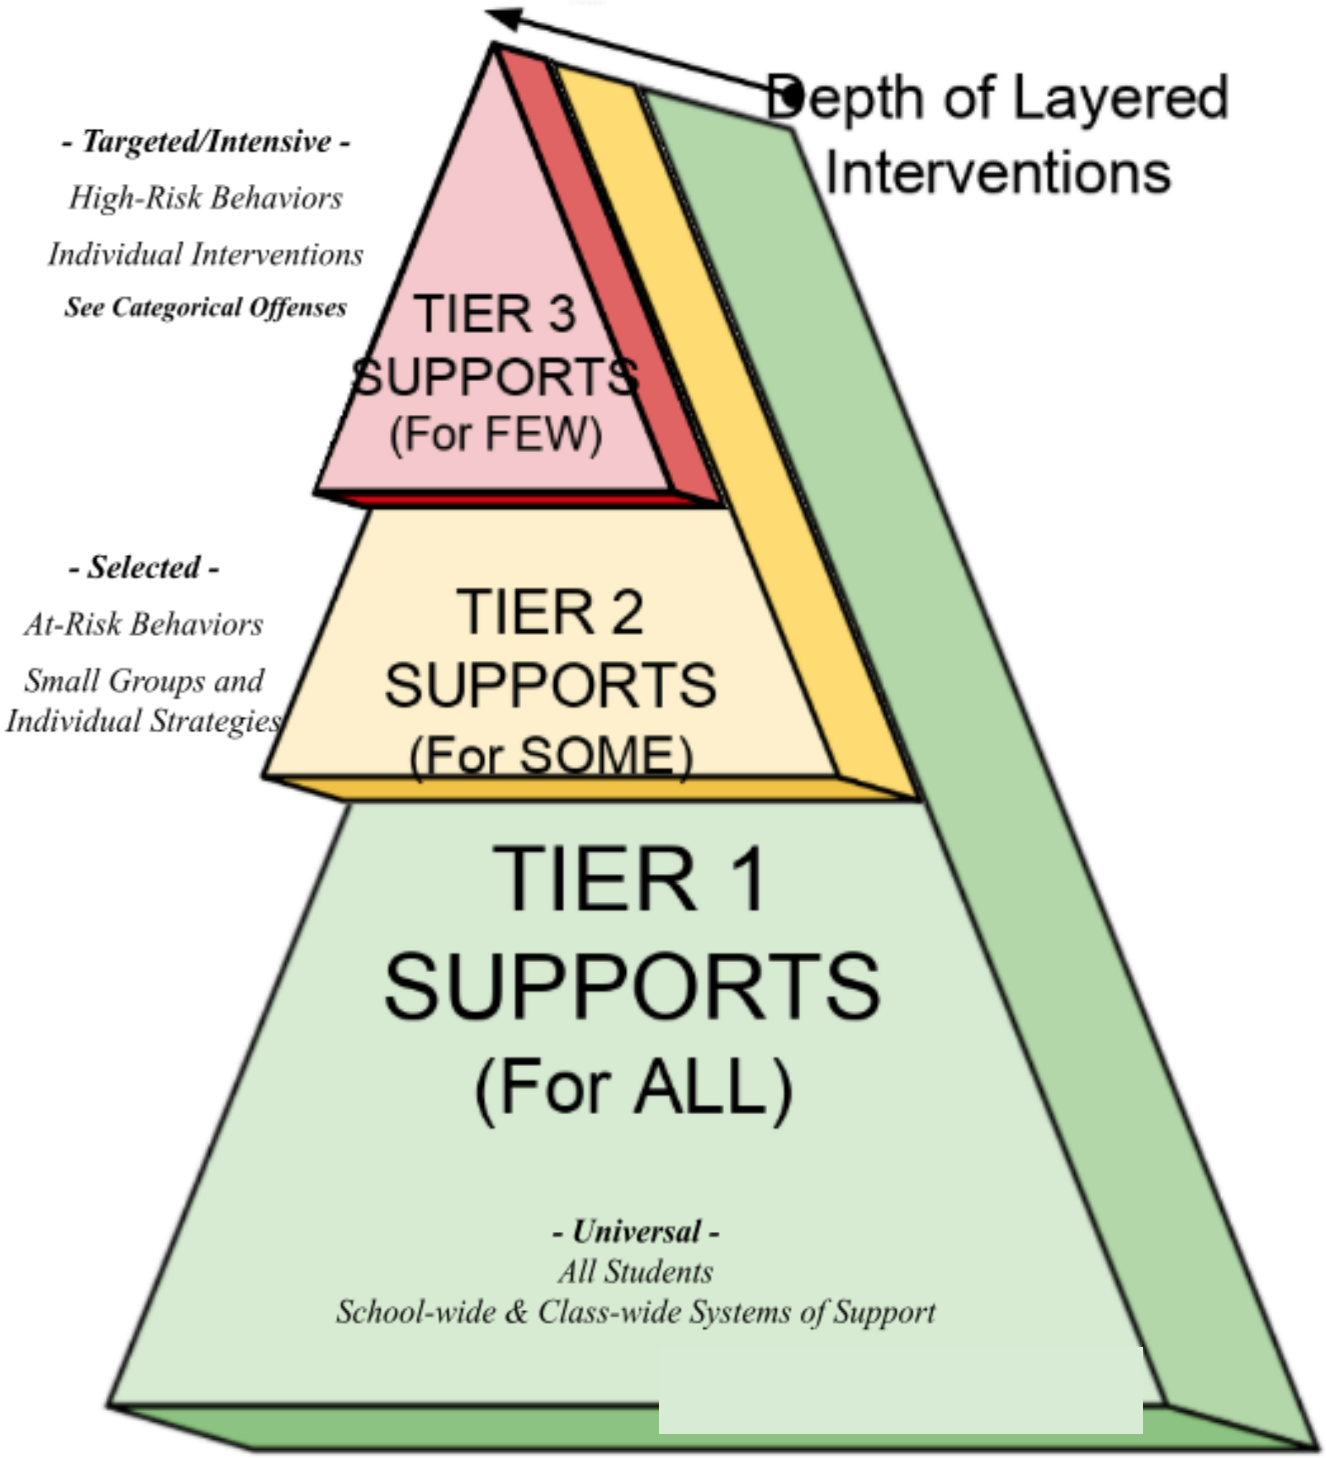
MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and

students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

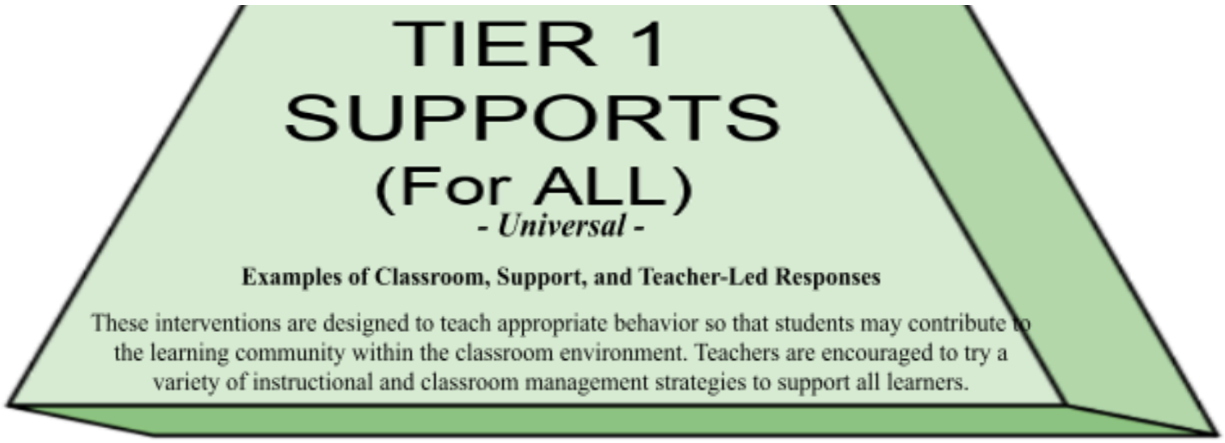
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

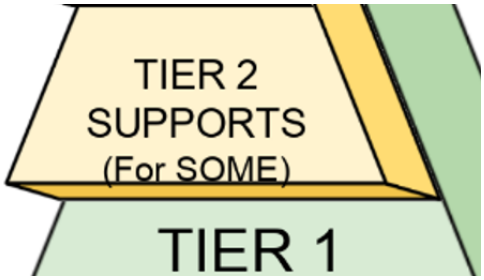


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

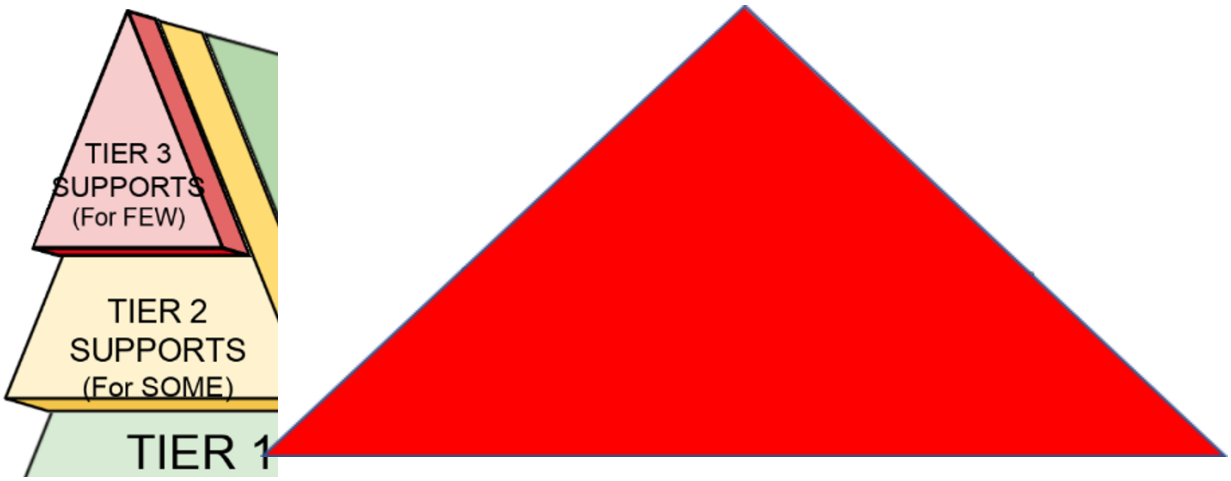
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee's concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.
E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing,

or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to

witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees,

Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

4853-7361-5053, v. 1

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>
All undergarments, including bras, boxer shorts, etc., should not be visible
<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Assistant Principal, Mr. Vartan Shohmelian.

A report can be sent by a legible written note, by email, or by telephone to the following: [vshohmelian@magnoliapublischools.org or 747-799-1036. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any

other important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time

1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:

- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:

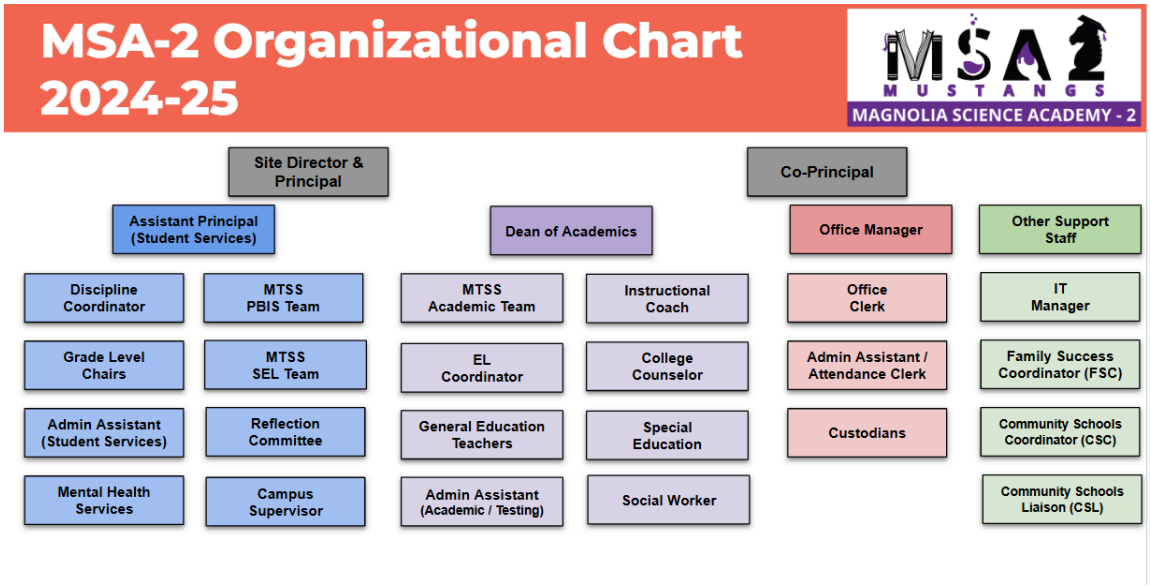
- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

Schoolwide Supporting Documents

RAD Matrix: The following table describes expected behaviors in all school locations.



RAD Matrix

MSA 2 MUSTANGS — MAGNOLIA SCIENCE ACADEMY - 2

MAGNOLIA PUBLIC SCHOOLS

	Be Respectful	Be Attentive	Be Dependable
Classroom	Phones Out of Sight End Side Conversations Use Positive Speech, "Hate-Free"	Keep an Open Mind Actively Listen Participate While Collaborating	Be on Time Have your Writing Materials Report Laptop Damages
Before School	Phones off Brains on	Listen to What's Up (Annoucements)	In Uniform On time & at the Right Place
After School	Leave at Designated Gates or Be with After School Program	Be Aware and Stay Clear Watch Traffic and Phones Away	See Something, Say Something!
Passing Period	Use Postive Speech, "Hate Free" Language	Keep track of time Walk and Talk to Class In a Class Before the Bell	Phones are Out of Sight
Breakfast & Lunch ***Blacktop***	Stay in Assigned Areas Hand or Roll Ball	Keep Track of Time Listen for Bell or Whistle	Throw Trash in Wastebasket

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

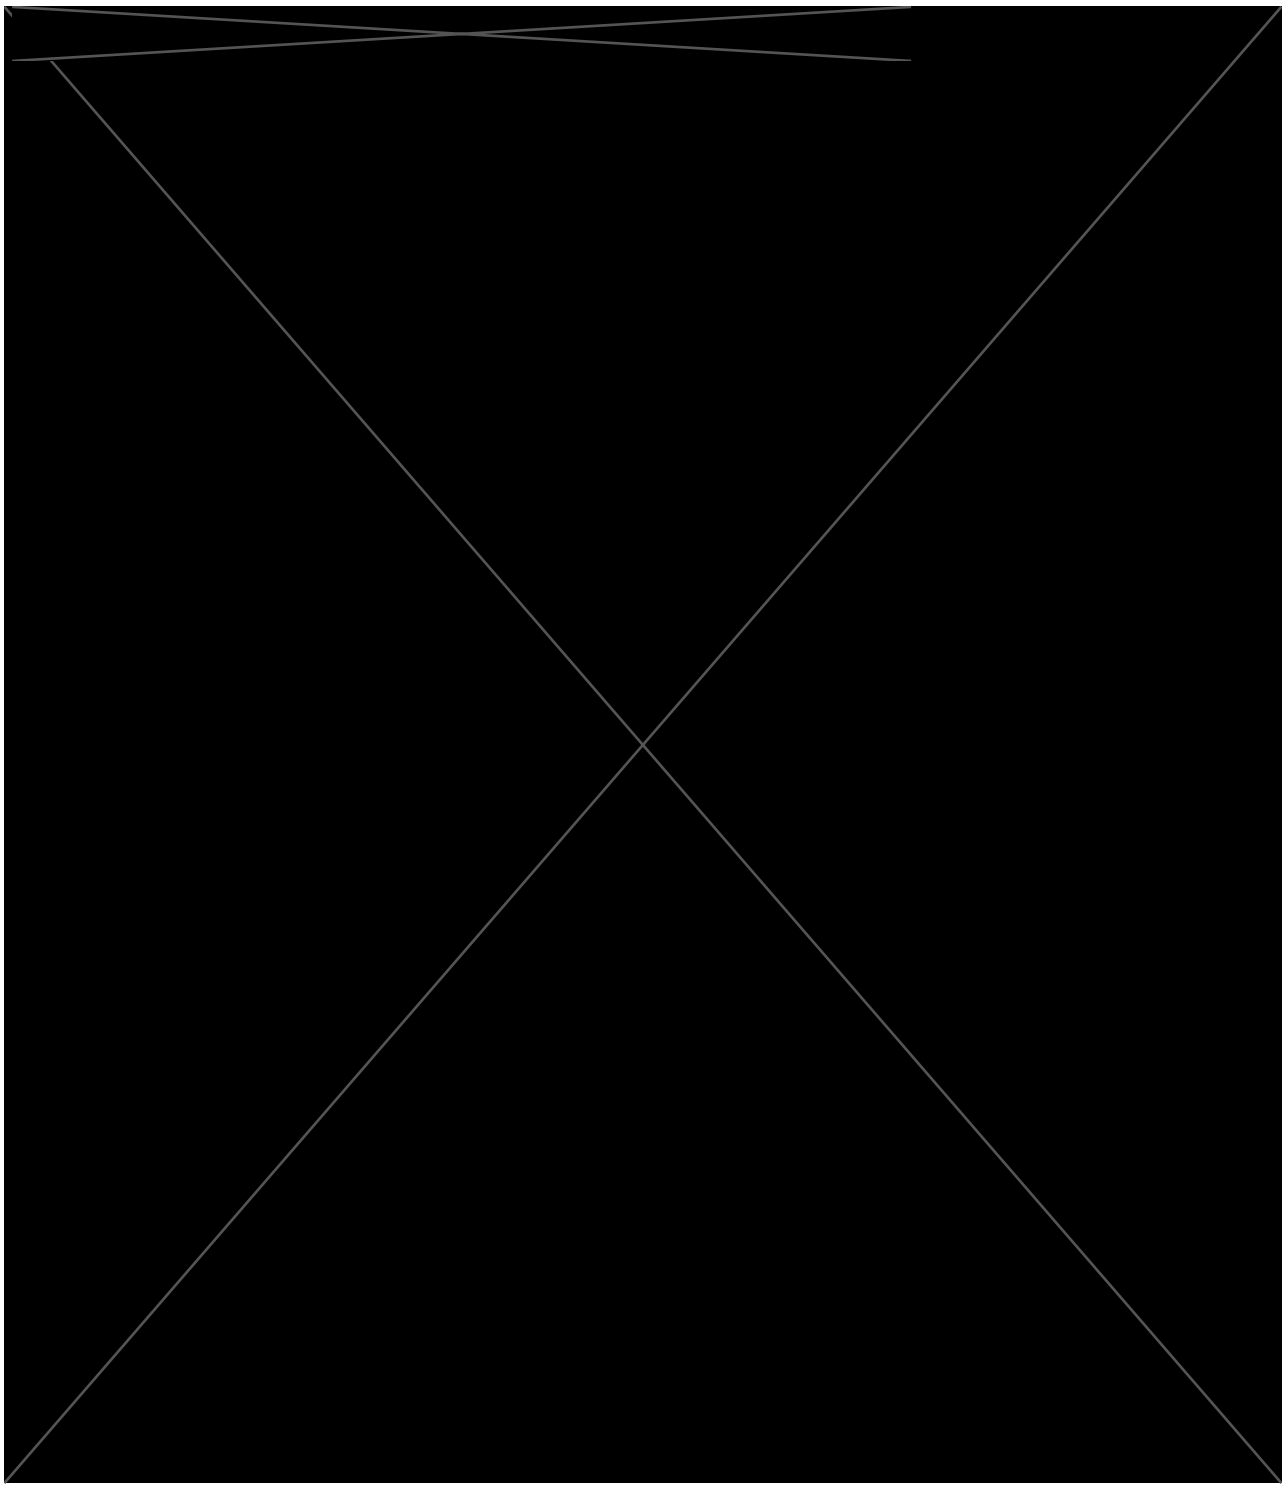
Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

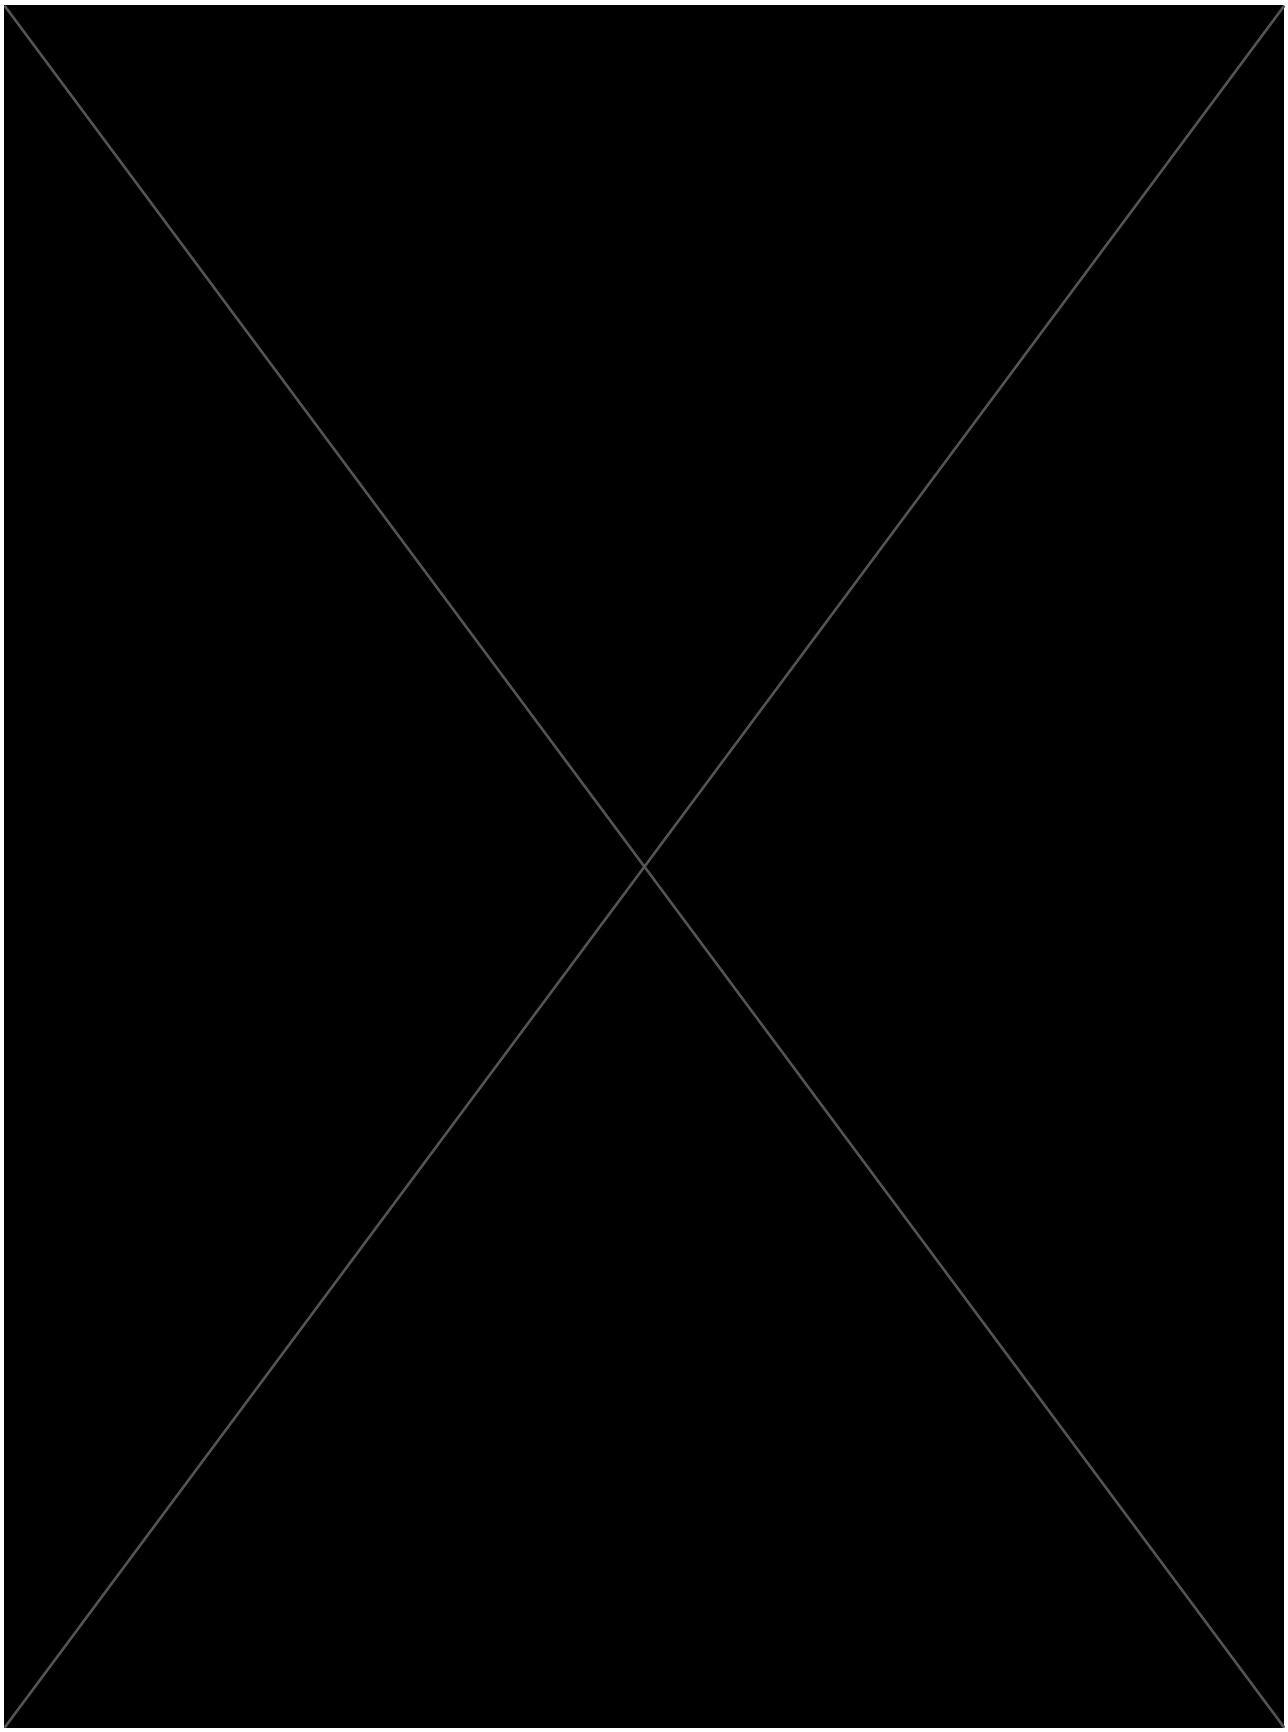
ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.



Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.



Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

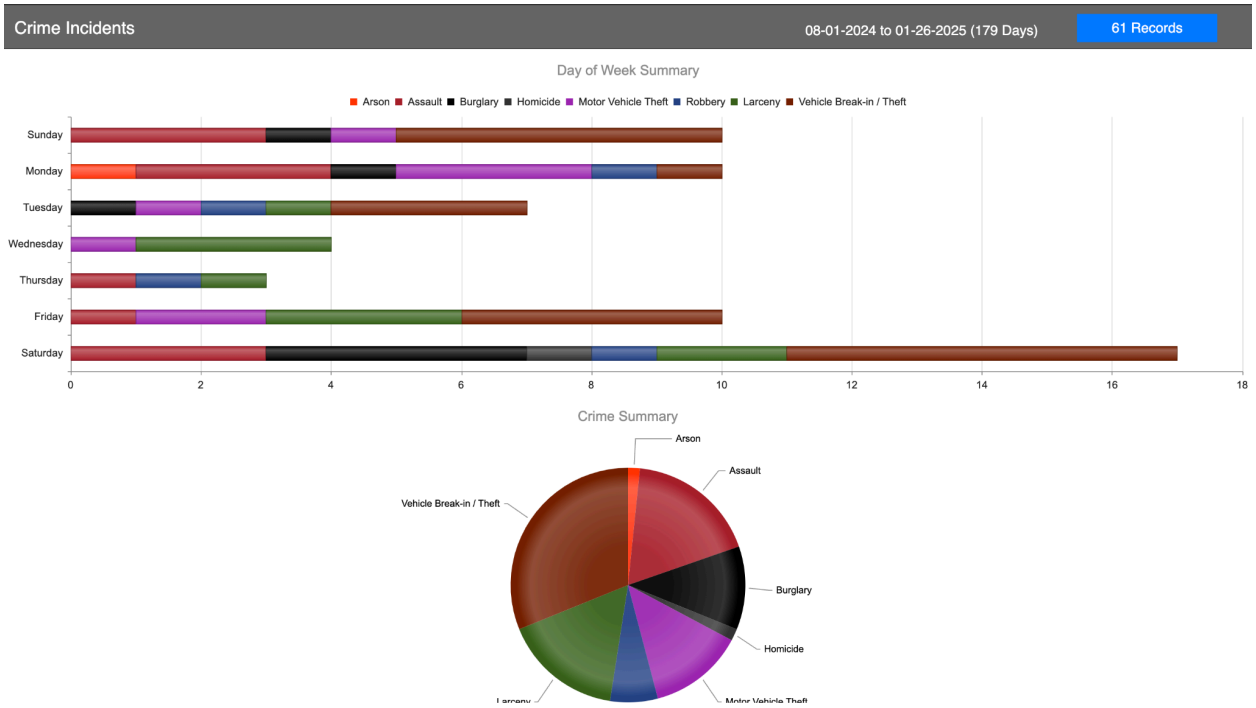
Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data



Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 90746 from 8/2024 to 1/2025:

Type	Number
Total Crimes during time period	61
Top #1 Vehicle Break In / Theft	19
#2 Assault	11
#3 Larceny	10

INSERT DATA GRAPHIC

This data is represented by the following graphic pulled from source website: https://www.crimemapping.com/map/location/1254%20E%20Helmick%20St%2C%20Carson%2C%20CA%2C%20907 46%2C%20USA?id=dHA9MCN0dj00Yjg3MGE5MSNsb2M9MjE2NDMzOCNsbmc9NDIjZmE9NTYzNjA5NiNobj0xMjU 0I2xicz0xMDk6MjQ2MTk2OTQjbG49V29ybGQ%3D#

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on January 28th, 2025. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of 1/28/2025
Suspension Data Out-of-School	4	5	10	7
Suspension Data In-School	1	0	1	3
Expulsion Data	1	0	0	0
Office Discipline Referrals ODRs	50	10	50	50
Average Daily Attendance (ADA) Rate	90%	90%	91.98%	92.62%
Chronic Absenteeism Rate	40%	36%	27.3%	24%
Graduation Rate	100.0%	95.9%	93.8%	100%

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

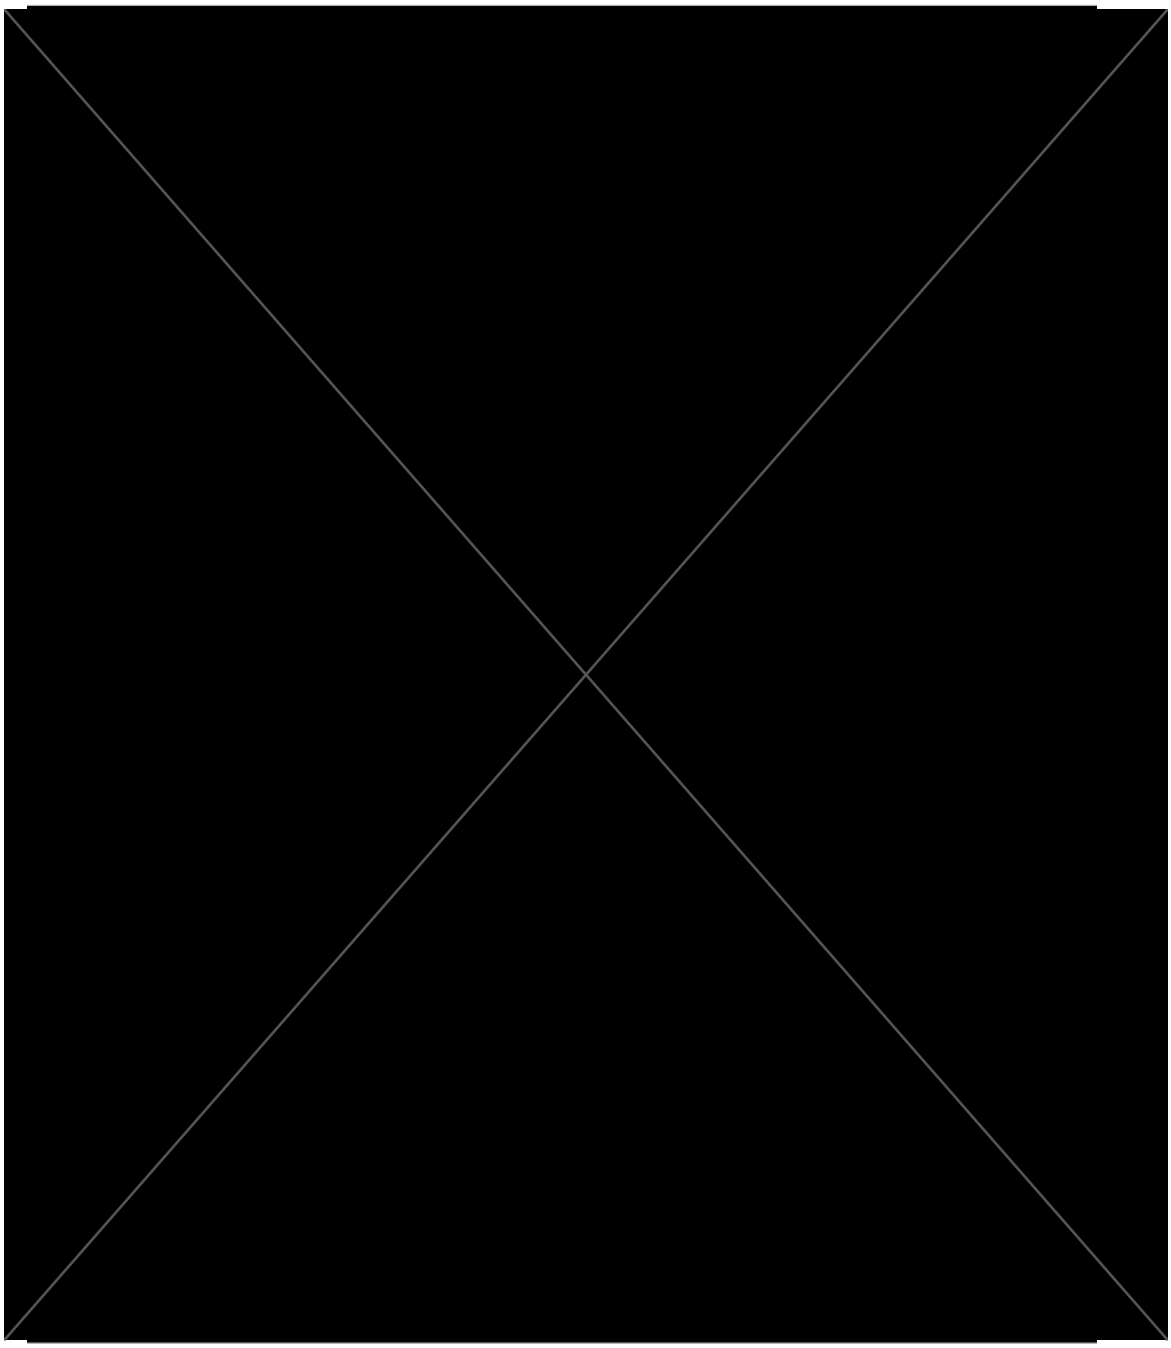
Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: All students will experience a safe and nurturing environment

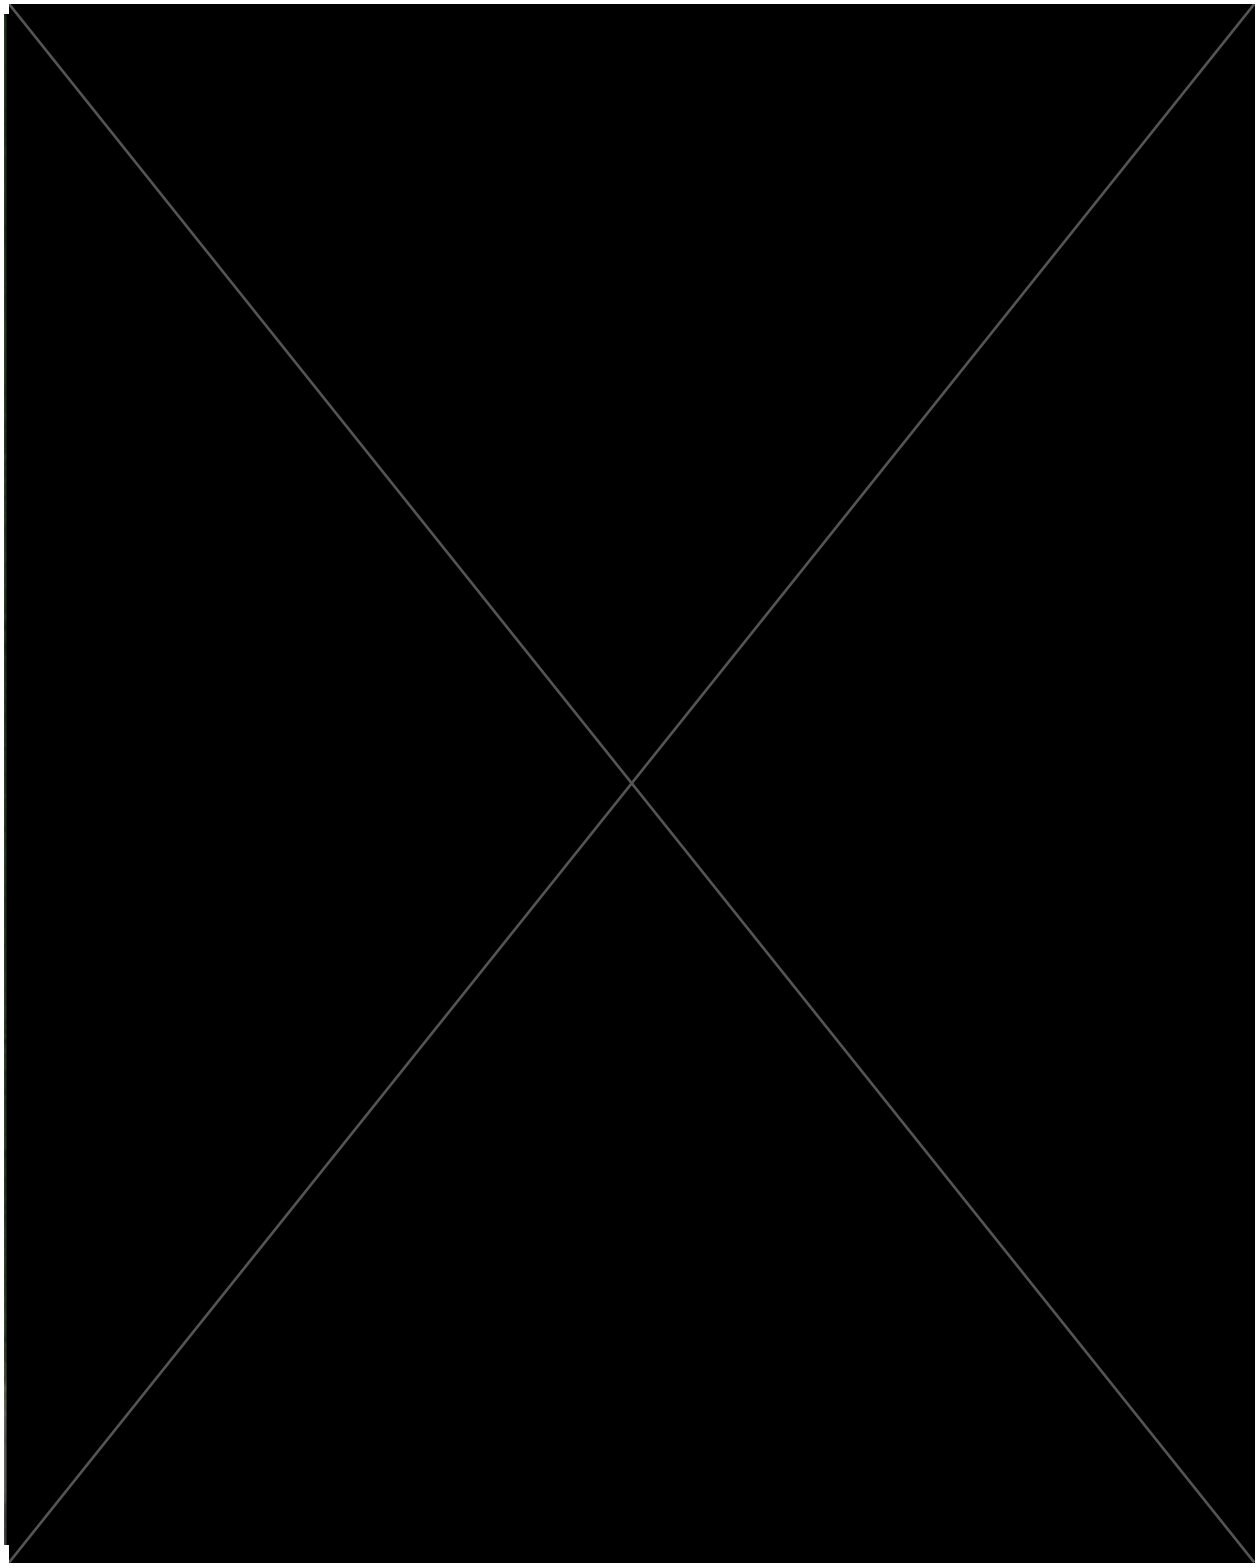
Goal(s):

- Objective: Create a safe learning environment for students
- Related Activities: Promotion of school wide expectations, PBIS and SEL curriculum in all grade levels, Creating alternative to suspension plans
- Resources needed: Partnerships with outside organizations like Carson Sheriff
- Person(s) responsible for implementation: Designated Administrator, Community Schools Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys, Suspension Rate, ODR rate



Component 3: Improve Chronic Absenteeism from 24% → 20%

Goal(s): Improve Chronic Absenteeism from 24% → 20%



- Objective: At the end of the year, the absenteeism rate will be significantly lower than the previous year
- Related Activities: Review regularly during Professional Learning Sessions, communication of attendance expectations to parents Rewards for students meeting expectations.
- Resources needed: Attendance Data (Infinite Campus)
- Person(s) responsible for implementation: Designated Administrator
- Budget: Refer to schools' annual budget
- Evaluation guidelines: California Dashboard

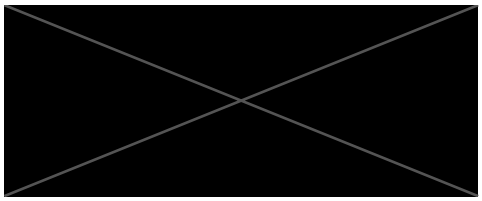
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar
2025-2026

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.

- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school

district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

- Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
   - Report and sign in at the office.

- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.

- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

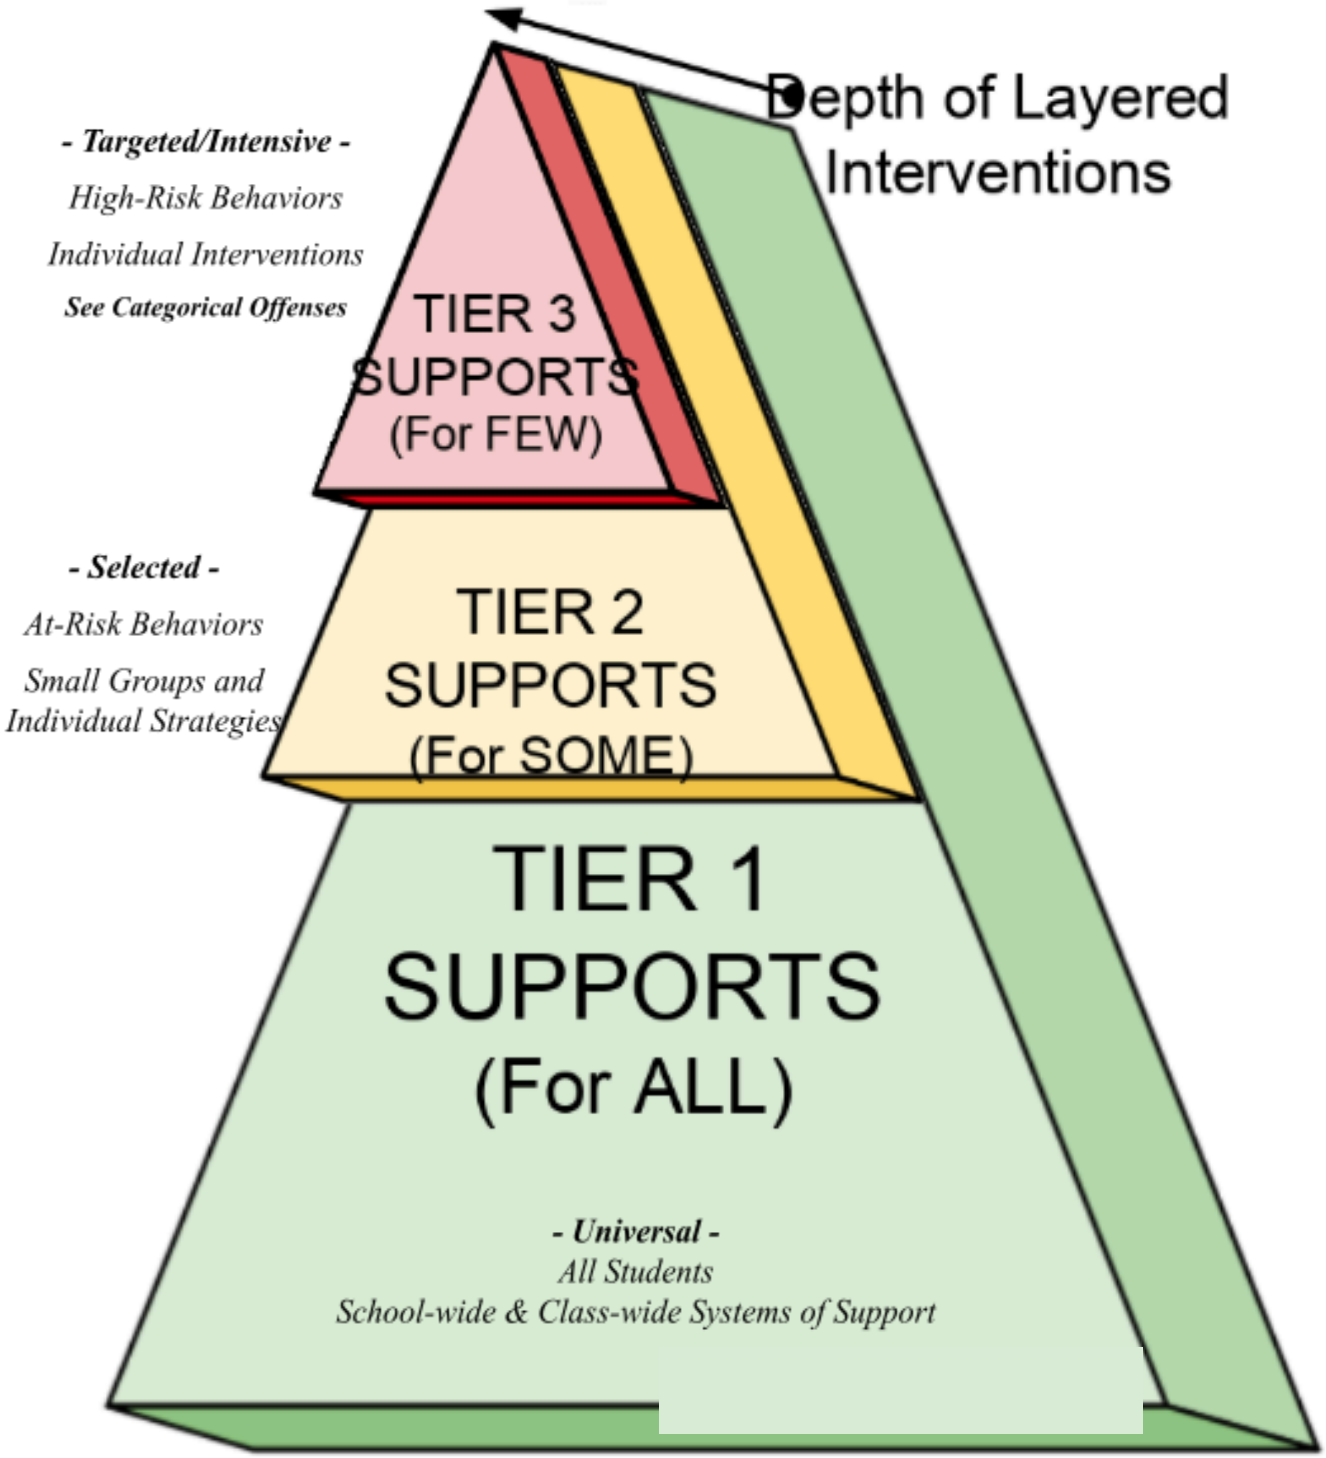
Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

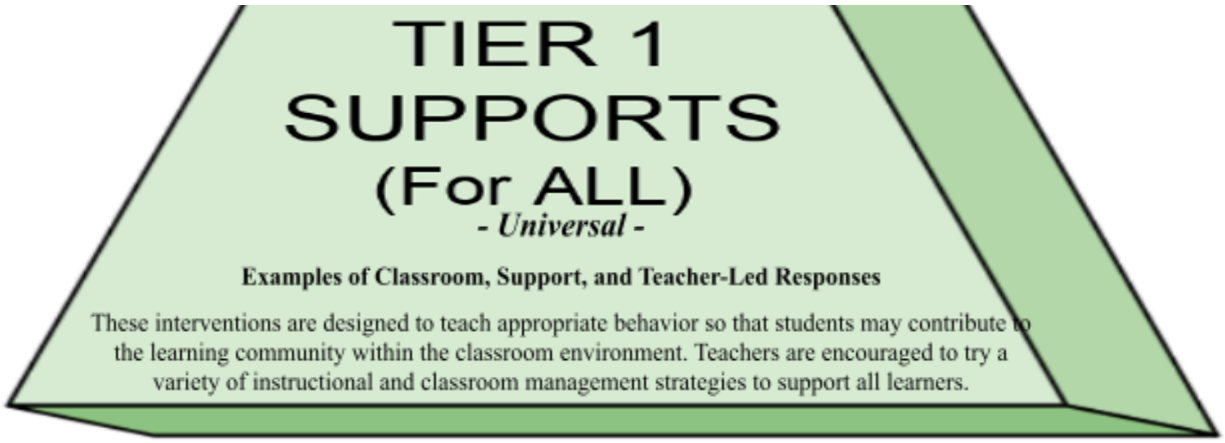
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

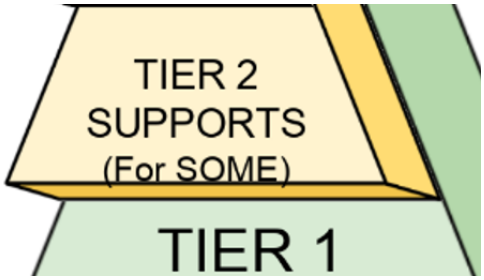


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

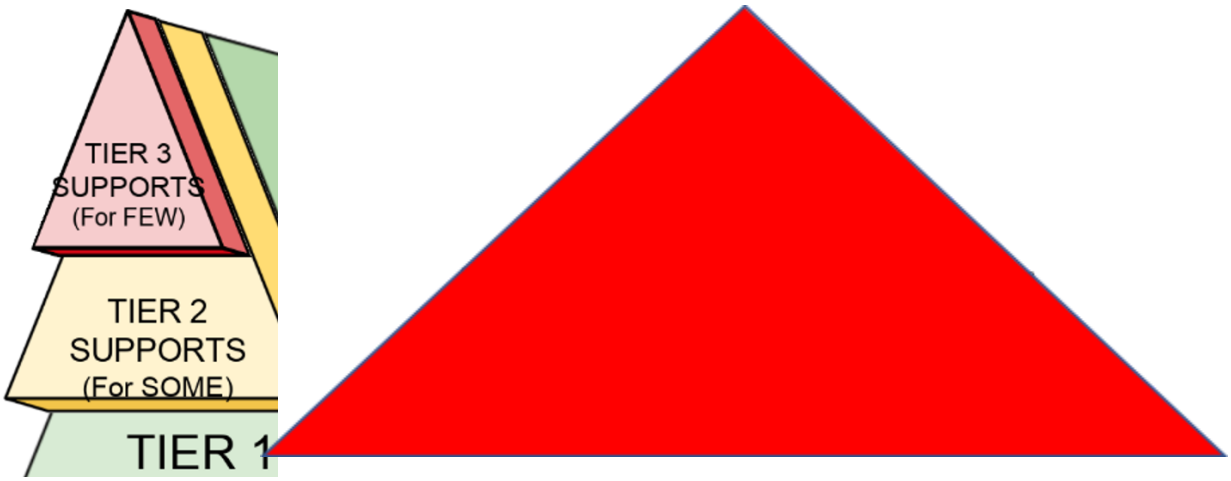
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

   1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
      i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
      ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
      iii. Causing a reasonable student to experience substantial interference with their academic performance.
      iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

   2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
      i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.

E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing,

or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to

witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees,

Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

4853-7361-5053, v. 1

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

HARASSMENT, INTIMIDATION, DISCRIMINATION & BULLYING

COMPLAINT FORM

Your Name: _____ Date: _____

Email Address: _____

Date of Alleged Incident(s): _____

Name of Person(s) you have a complaint against: _____

List any witnesses that were present: _____

Where did the incident(s) occur? _____

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

<table>
<tr>
<td>B
O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>
All undergarments, including bras, boxer shorts, etc., should not be visible
<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal Mr. Zekeriya Ocel.

A report can be sent by a legible written note, by email, or by telephone to the following: Zekeriya Ocel zocel@magnoliapublicschools.org . Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important

details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

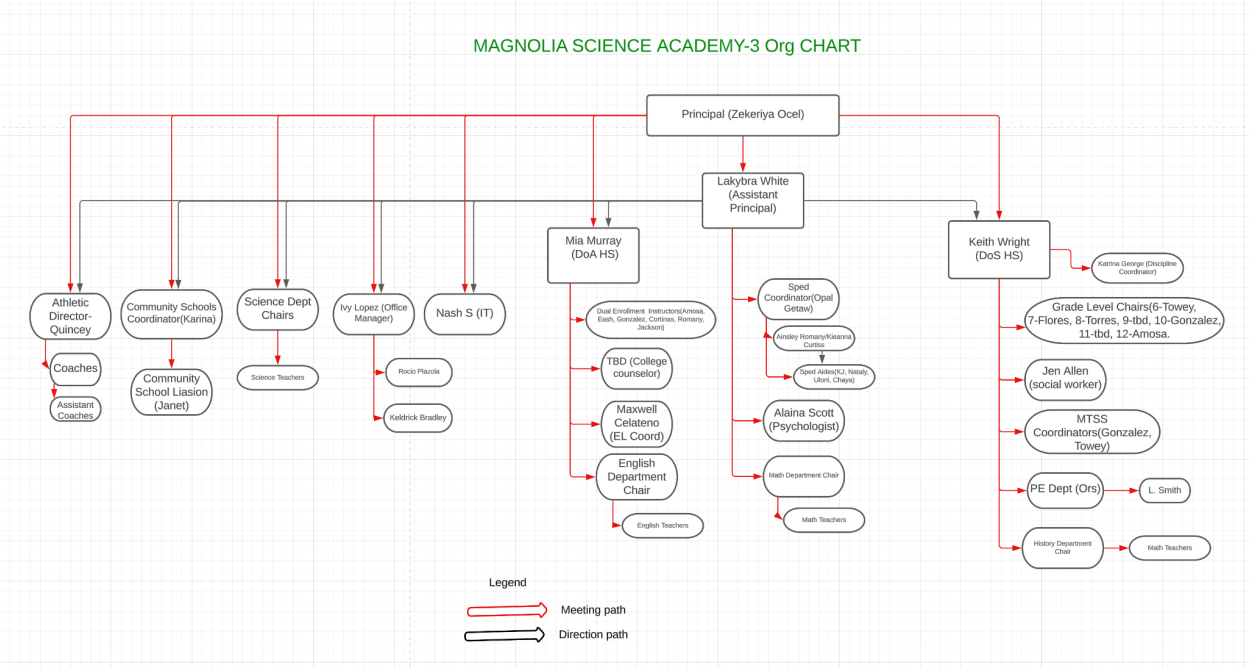
Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

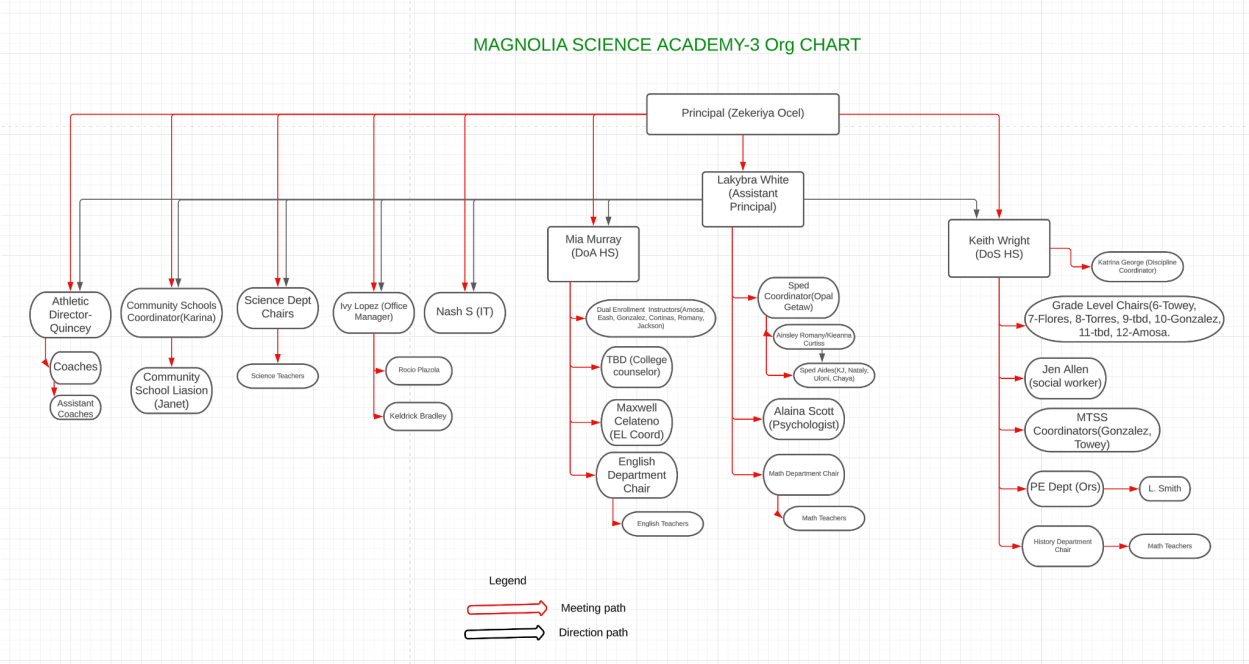
Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.



Building Resilience:



- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

Schoolwide Supporting Documents

Glossary

MPS = Magnolia Public Schools

CMO = Charter Management Organization

PBIS = Positive Behavioral Interventions & Supports

SEL = Social-Emotional Learning

ISS = In School Suspension

ODR = Office Discipline Referral

ADA = Average Daily Attendance

LCAP = Local Control and Accountability Plan

PAC = Parent Advisory Committee

PTF = Parent Task Force

UCP = Uniform Complaint Procedures

CDE = California Department of Education

IDEA = Individuals with Disabilities Education Act

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

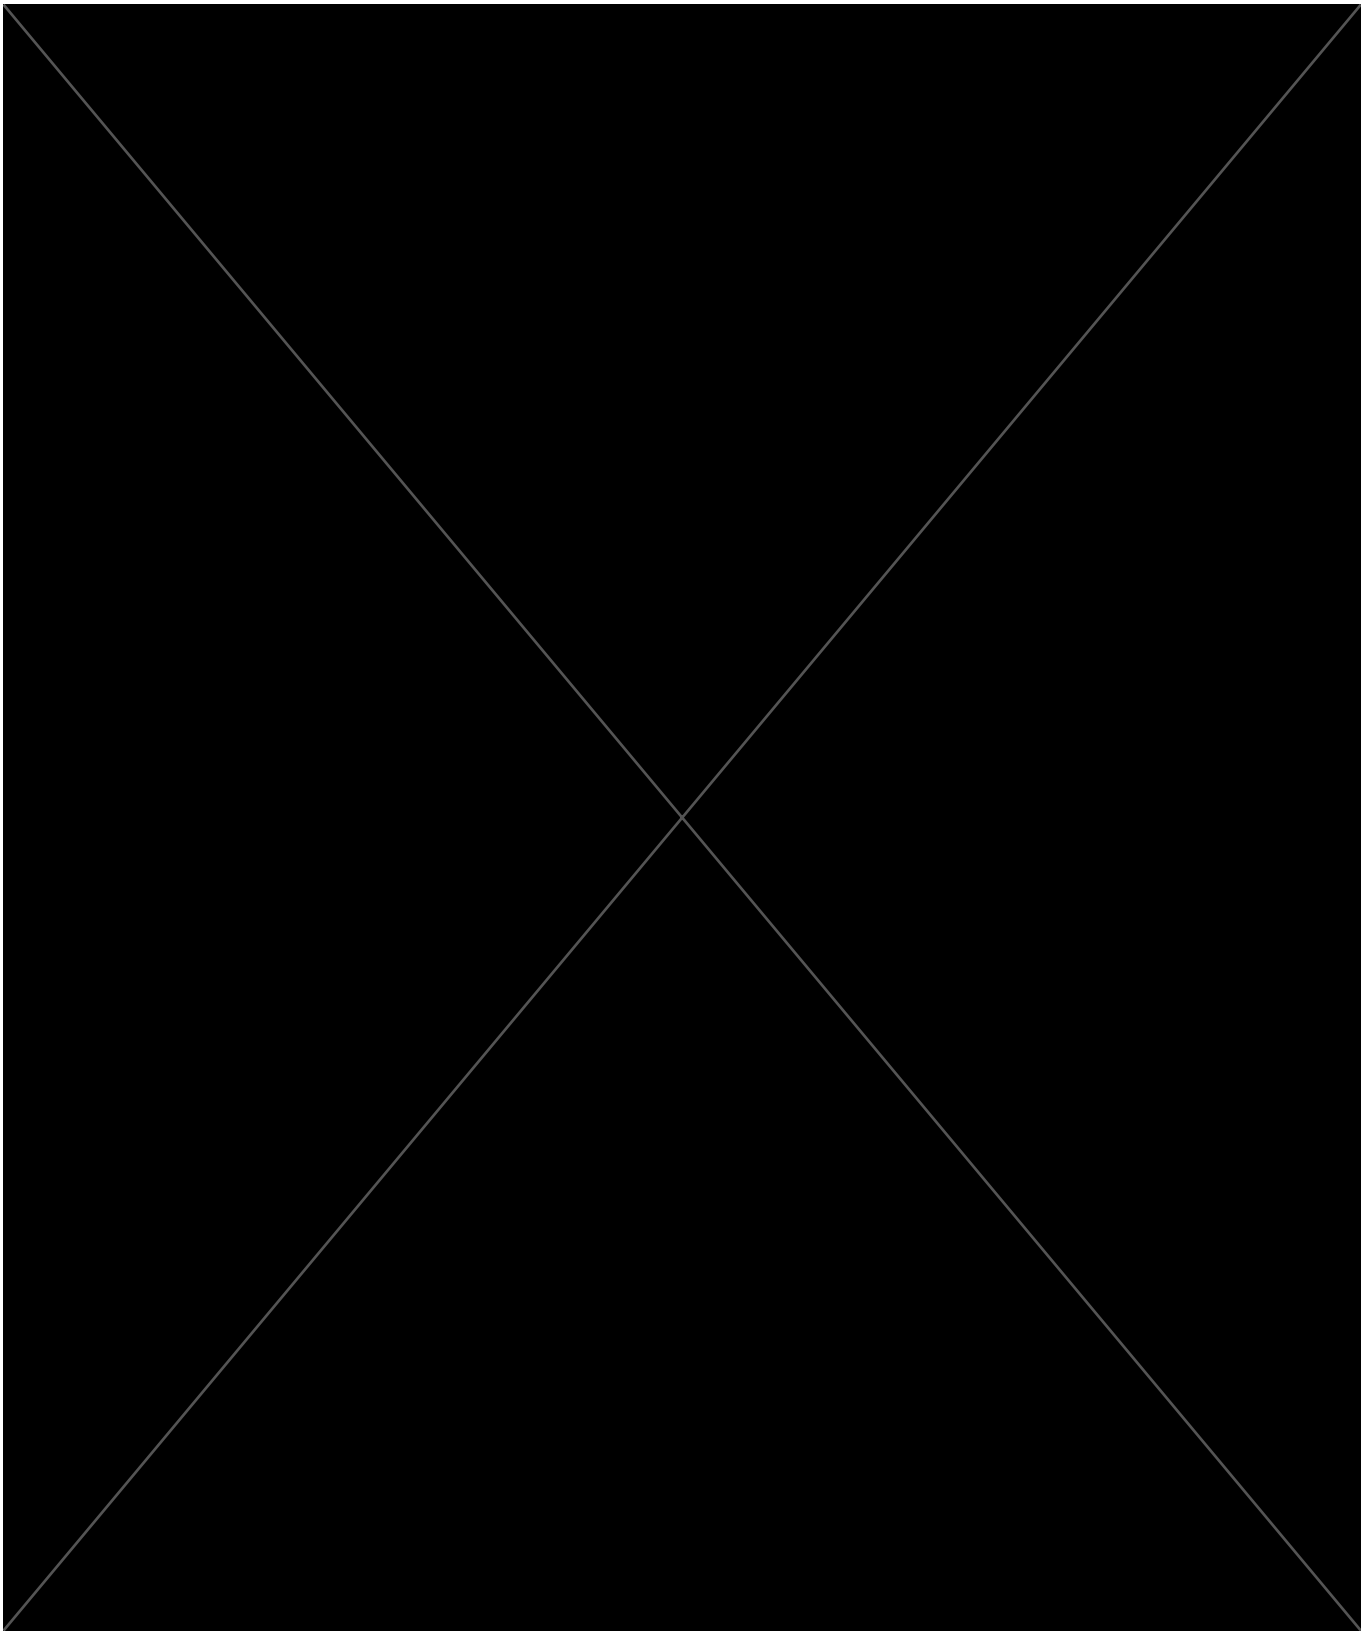
Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

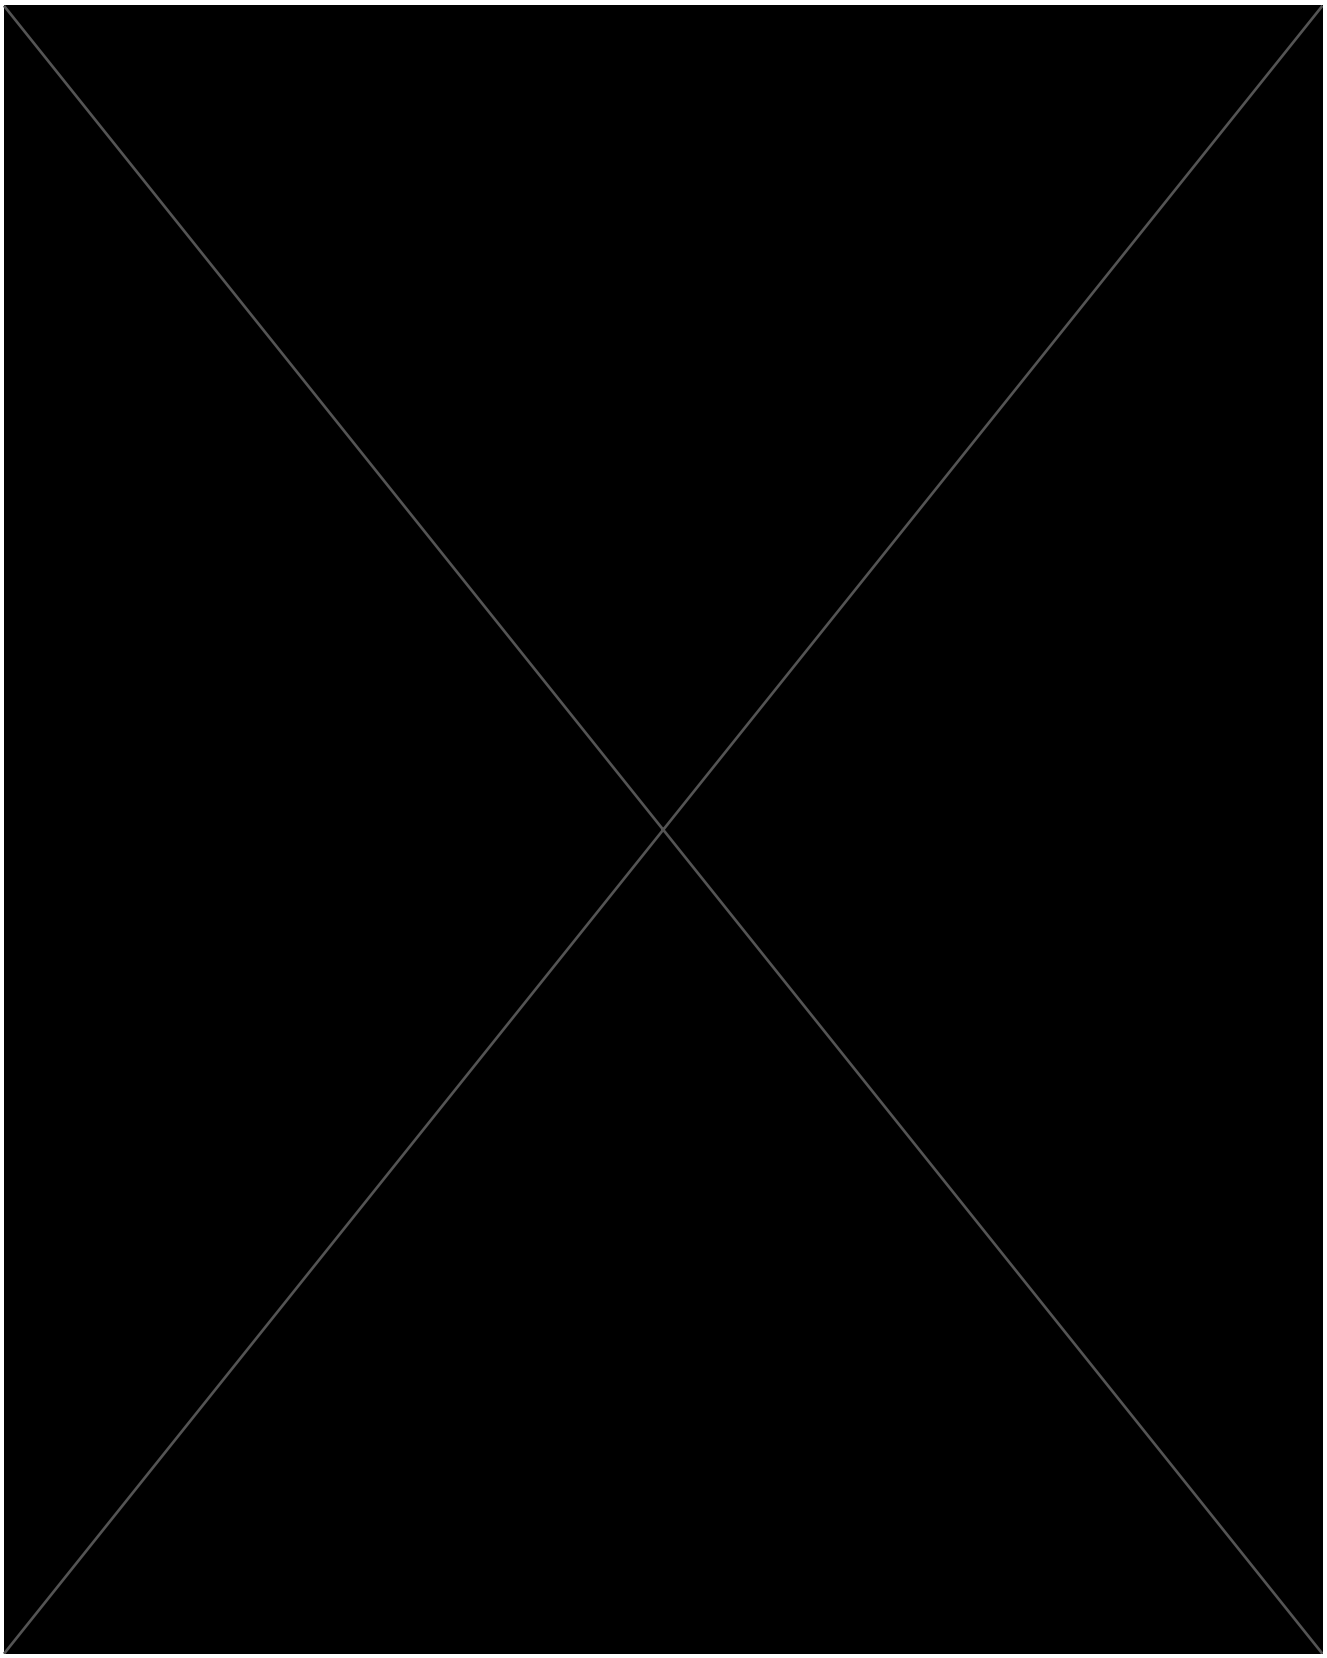
ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.



Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.



Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe,nurtured, and respected. Proactive efforts foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

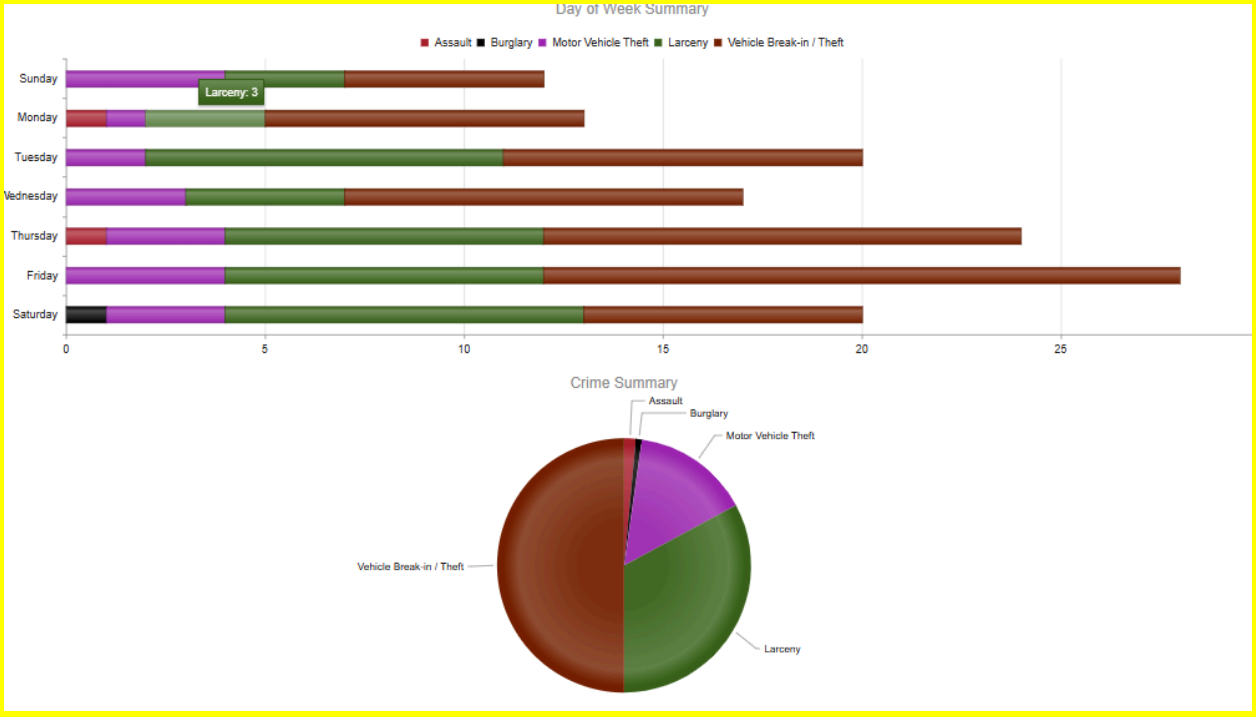
Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.



Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 90064 from 5/2024 to 11/2024:

Type	Number
Total Crimes during time period	329
Top #1 Vehicle Break In	86
#2 Larceny	80
#3 Burglary	56

This data is represented by the following graphic pulled from source website:
https://crimemapping.com/map/location/90201,%20Bell,%20CA,%20USA?id=dHA9MCN0dj02NTEyODNhZSNsb2M9MTE2NTYwNiNsbmc9NTUjcGw9NjY3MDg0I2xicz0xNDo0MTMxMjkwI2xuPUVhZ2xlTG9jYXRvcg==

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on 11/07/2024. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of 11/07/2024
Suspension Data Out-of-School	3	10	1	0
Suspension Data In-School	0	0	0	0
Expulsion Data	0	0	0	0
Office Discipline Referrals ODRs	7	53	40	19
Average Daily Attendance (ADA) Rate	95.6%	89.2%	91.4%	90.1%
Chronic Absenteeism Rate	35%	46.5%	27%	19%
Graduation Rate	96.3%	96%	93.8%	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

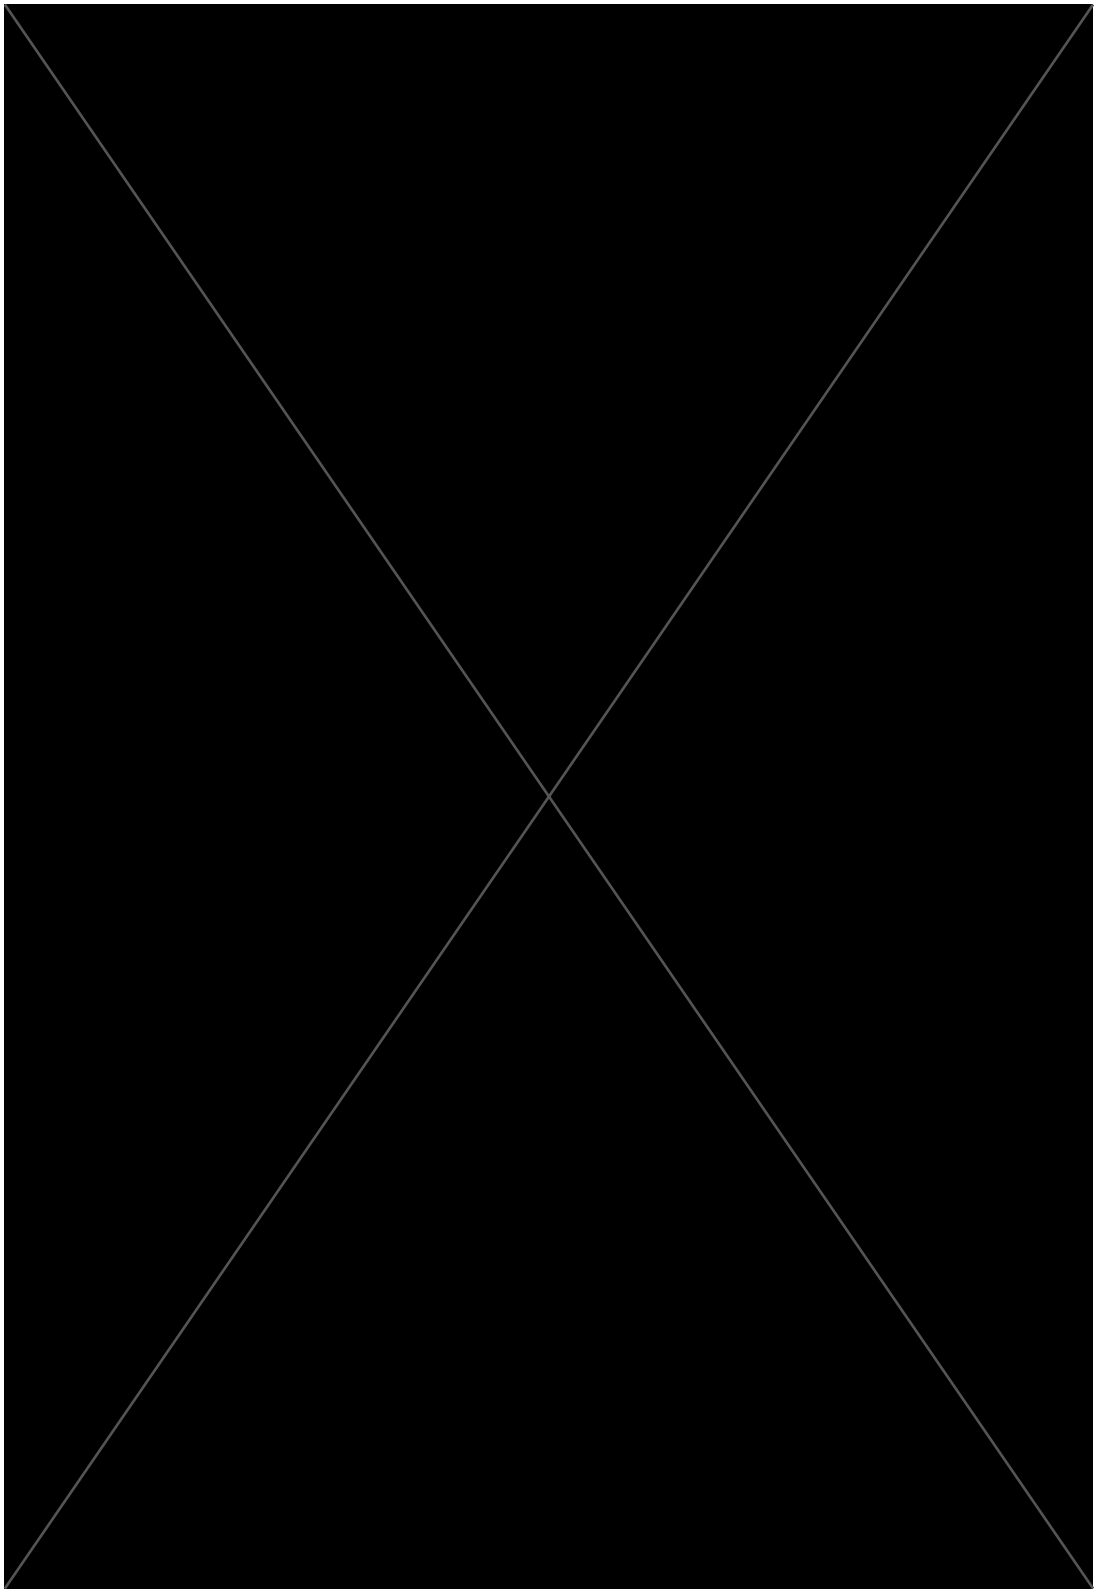
- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee

- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Goal#2

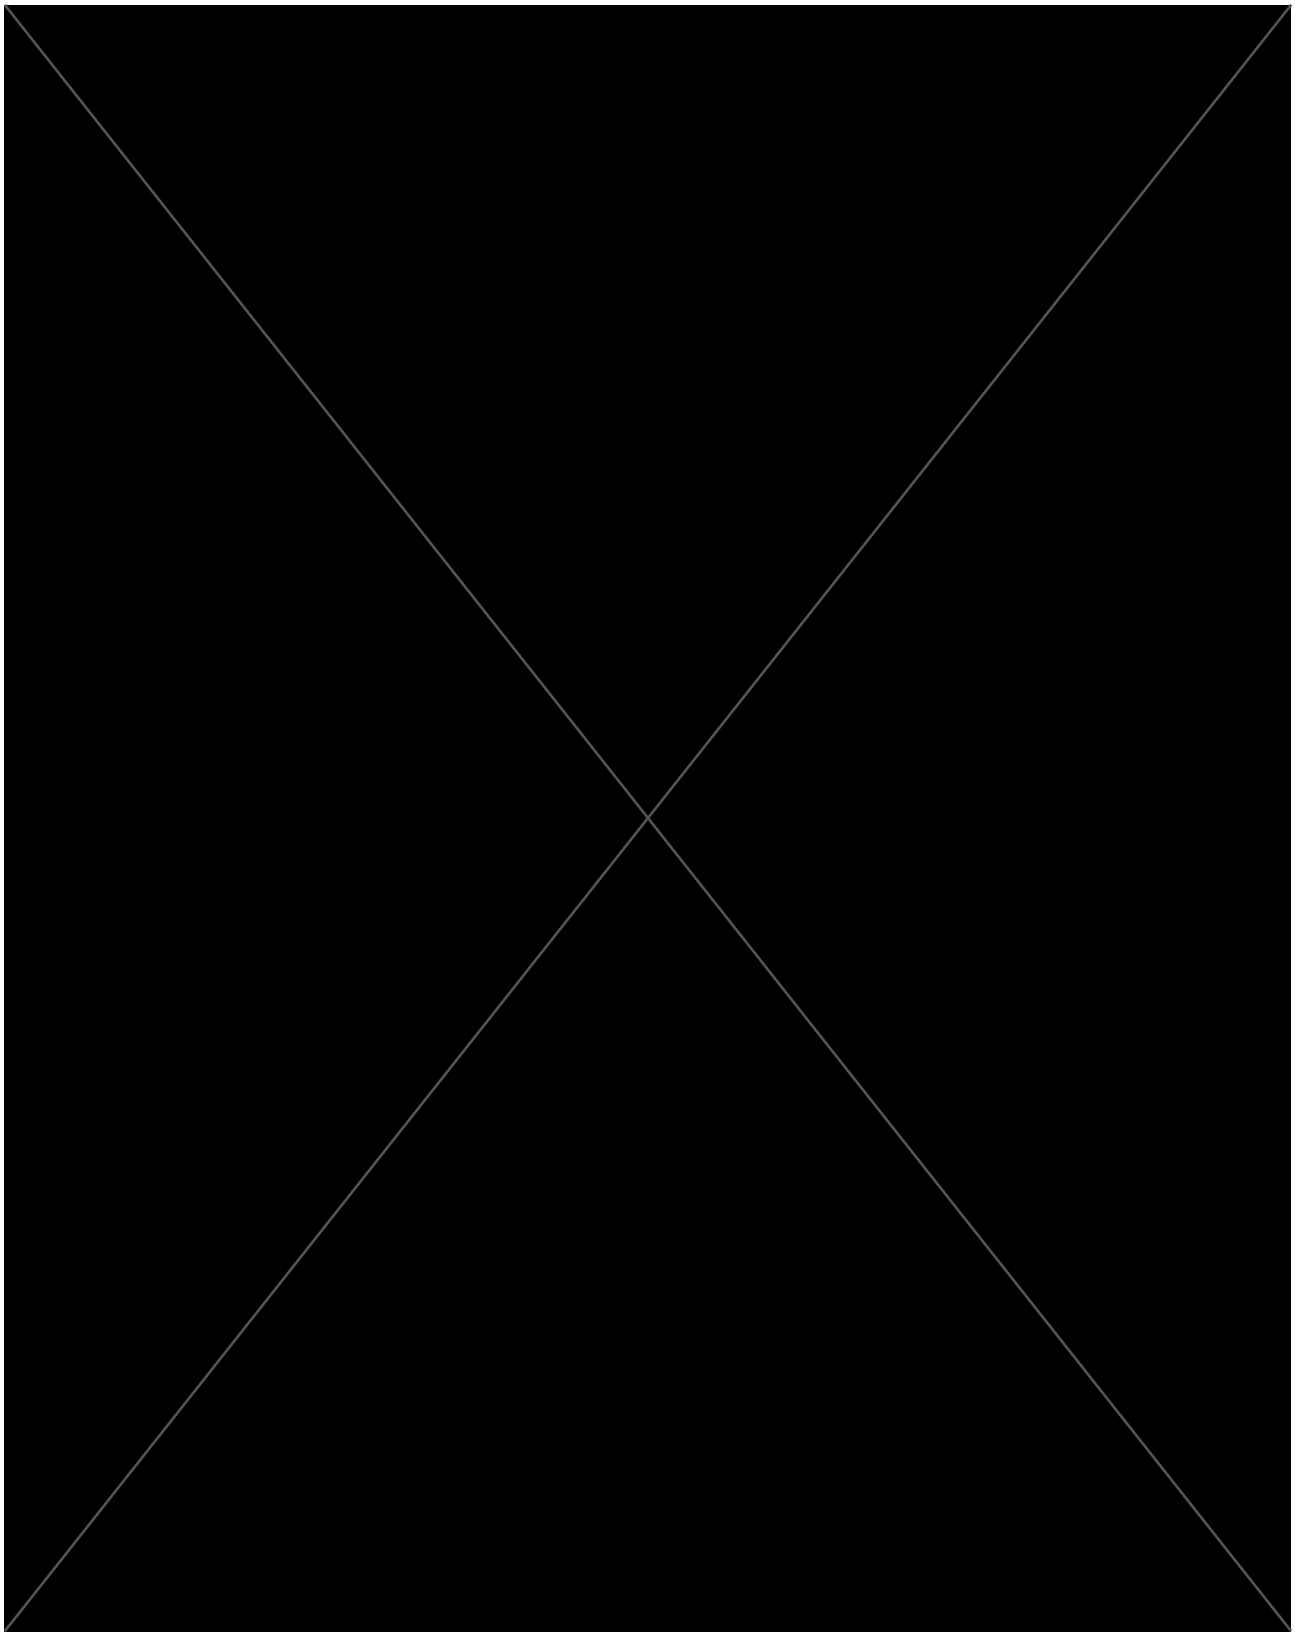
Goal(s): We will work with co-located schools implementing strategies to ensure student safety.

- Component 2: Co-location Collaboration for Safety
- Goal(s): We will work with co-located schools implementing strategies to ensure student safety.
- Objective: Review the safety plans and share ideas to improve safety.
- Related Activities: Monthly collaboration meetings.
- Resources needed: School Safety Plans
- Person(s) responsible for implementation: Designated administrators
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Meeting minutes



Component 3: Goal#3

Goal(s): We will administer safety drills on a monthly basis in order to ensure student and staff readiness.



- Objective: To ensure students and staff are ready to act properly in case of emergencies.
- Related Activities: Creating an emergency drill calendar and implementing it.
- Resources needed: School Safety Plan
- Person(s) responsible for implementation: Designated administrator and school staff
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Emergency drill evaluation forms.

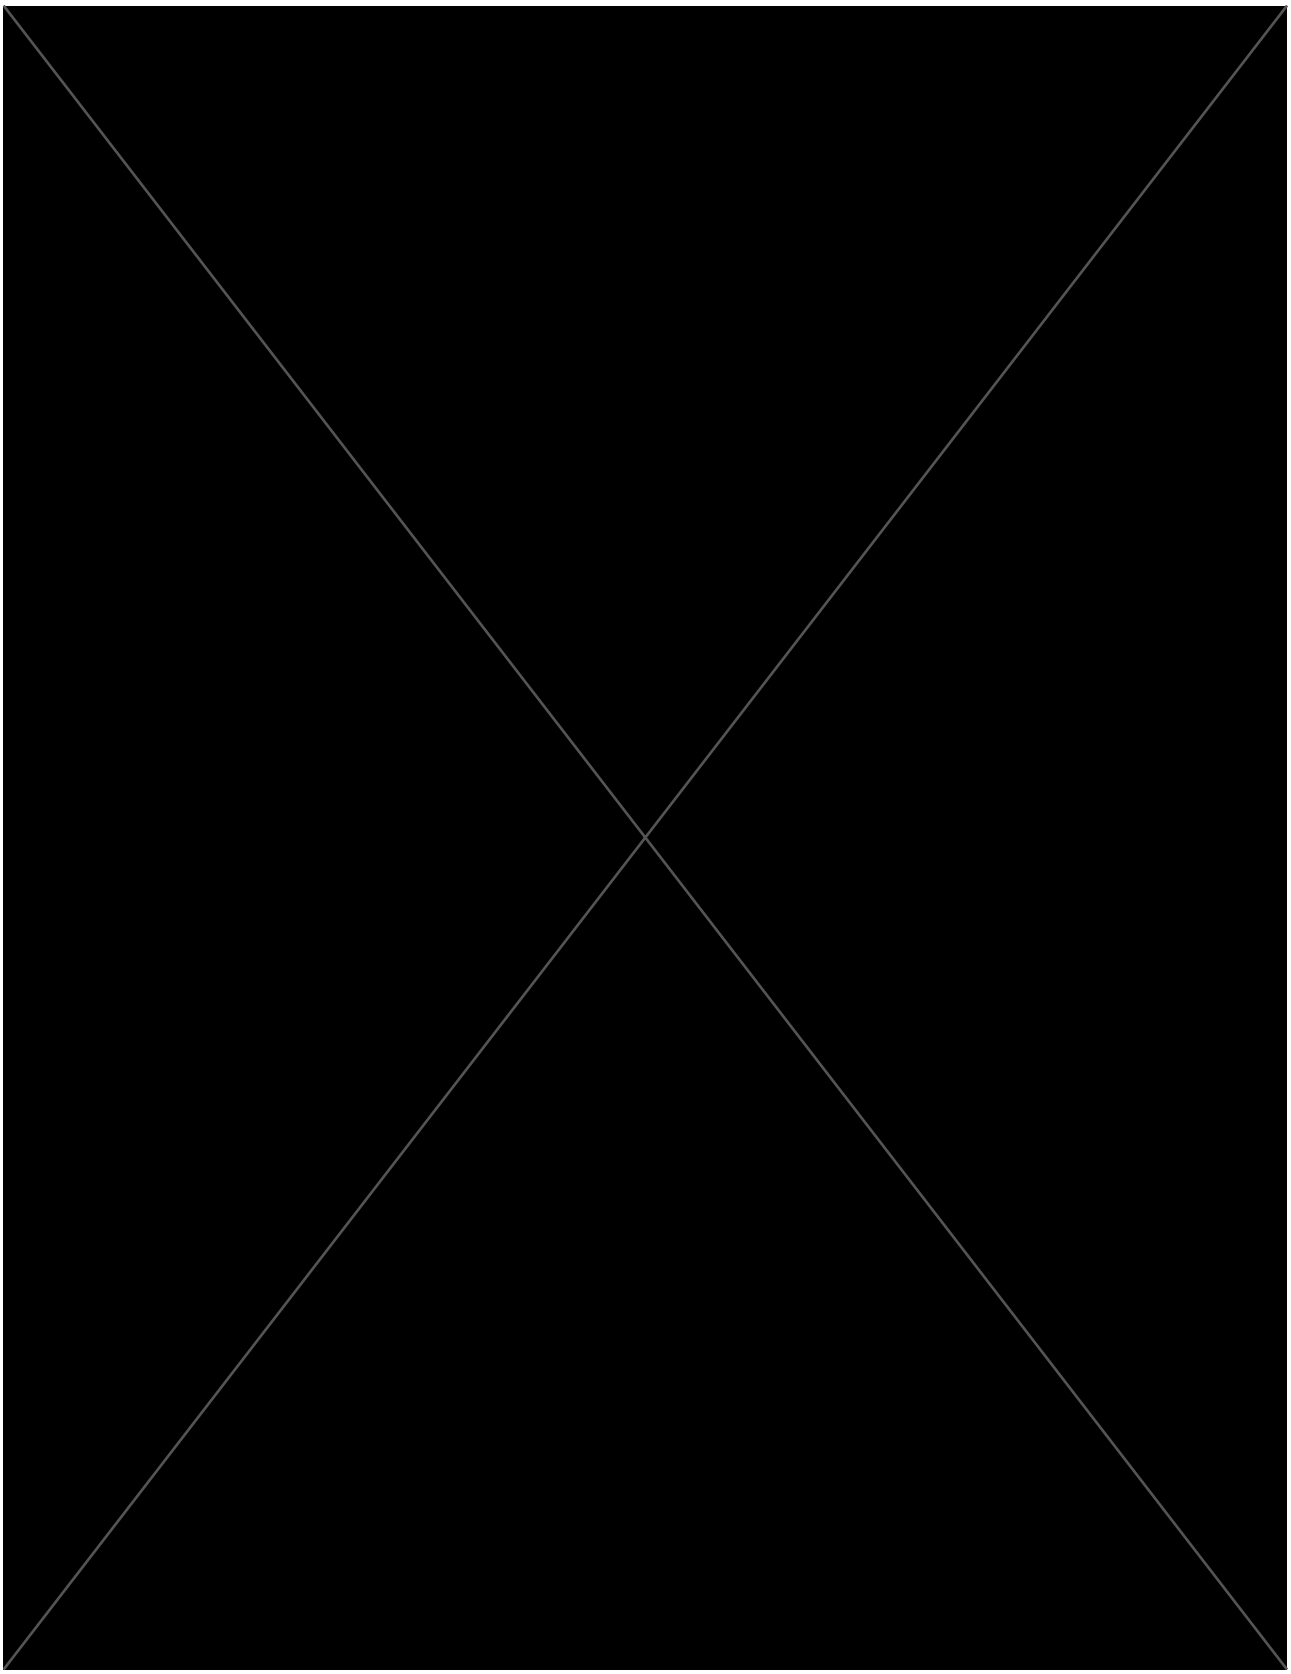
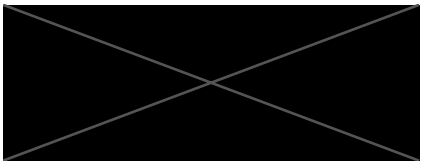
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)



The MPS Emergency Drill Evaluation collects the following information:

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.

- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school

district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

- Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
   - Report and sign in at the office.

- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communication. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.

- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

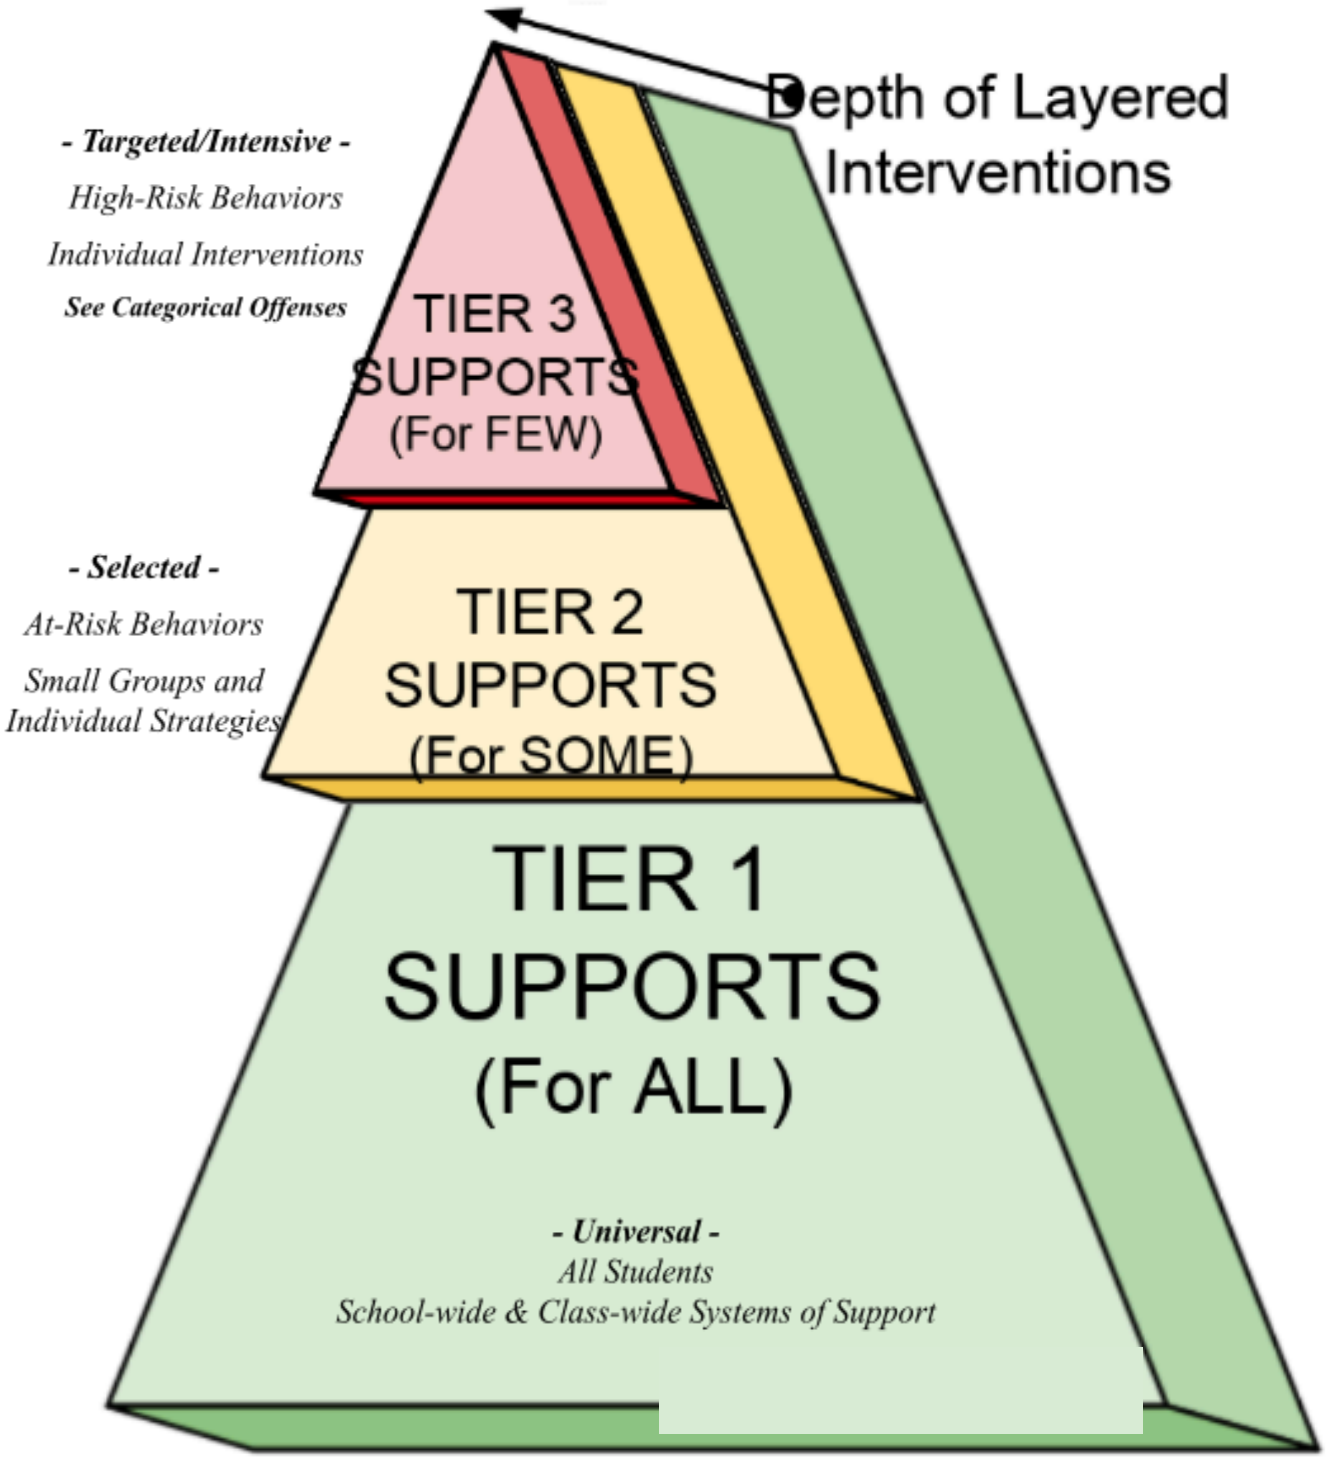
Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

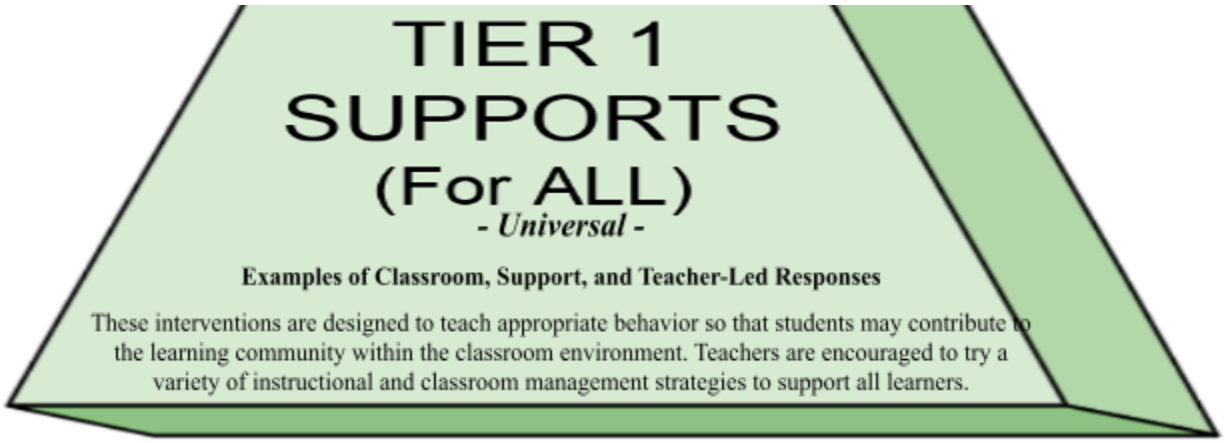
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

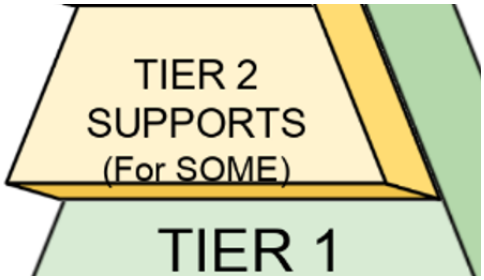


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

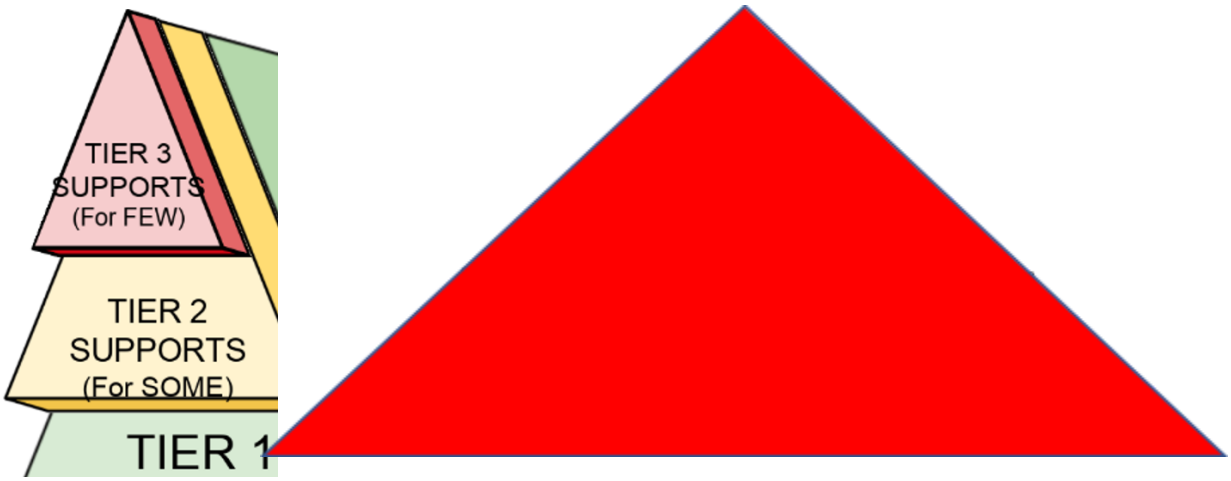
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day after school for up to 30 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

Magnolia Science Academy 4 shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.

E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, Selling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Re: **Students having committed specified crime**

The student named below has been convicted of a penal code violation.

Welfare and Institutions Code 827 requires teachers to be informed when a student has engaged in certain criminal conduct.

NOTE: SUCH INFORMATION IS CONFIDENTIAL AND CANNOT BE FURTHER DISSEMINATED BY THE TEACHER OR OTHERS. UNLAWFUL DISSEMINATION OF THIS INFORMATION IS PUNISHABLE BY A SIGNIFICANT FINE. (EC 49079)

PLEASE DESTROY THIS NOTE IMMEDIATELY AFTER READING.

_____ was found to have committed the following criminal activity:

If you have any questions, please see me.
Elizabeth Rizzuto, Principal, Magnolia Science Academy 4

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing,

or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of time frames on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to

witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decision maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees,

Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

4853-7361-5053, v. 1

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
    - "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decision maker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - School Site Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.
    b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent

Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.
9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.

11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.

4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

California Department of Education
1430 N Street
Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>
All undergarments, including bras, boxer shorts, etc., should not be visible
<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal, Elizabeth Rizzuto.

A report can be sent by a legible written note, by email, or by telephone to the following: Address: 11330 Graham Place, Los Angeles, CA, 90064: email: erizzuto@magnoliapublicschools.org, phone number:(310) 473-2464 . Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important details. Any report of activity that

imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

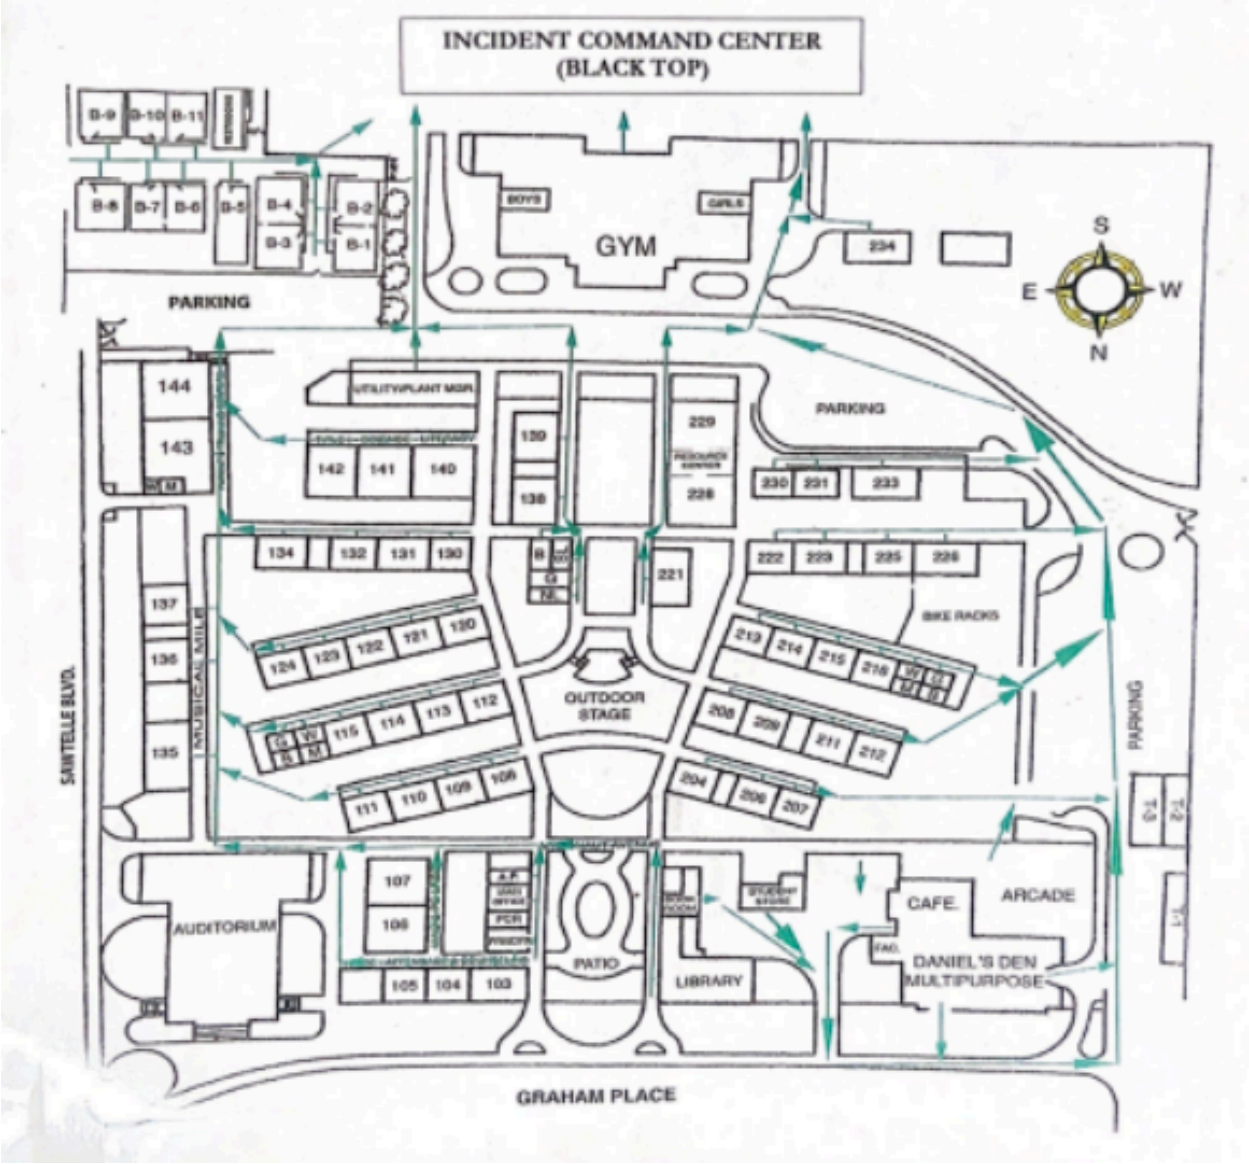
Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.



Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

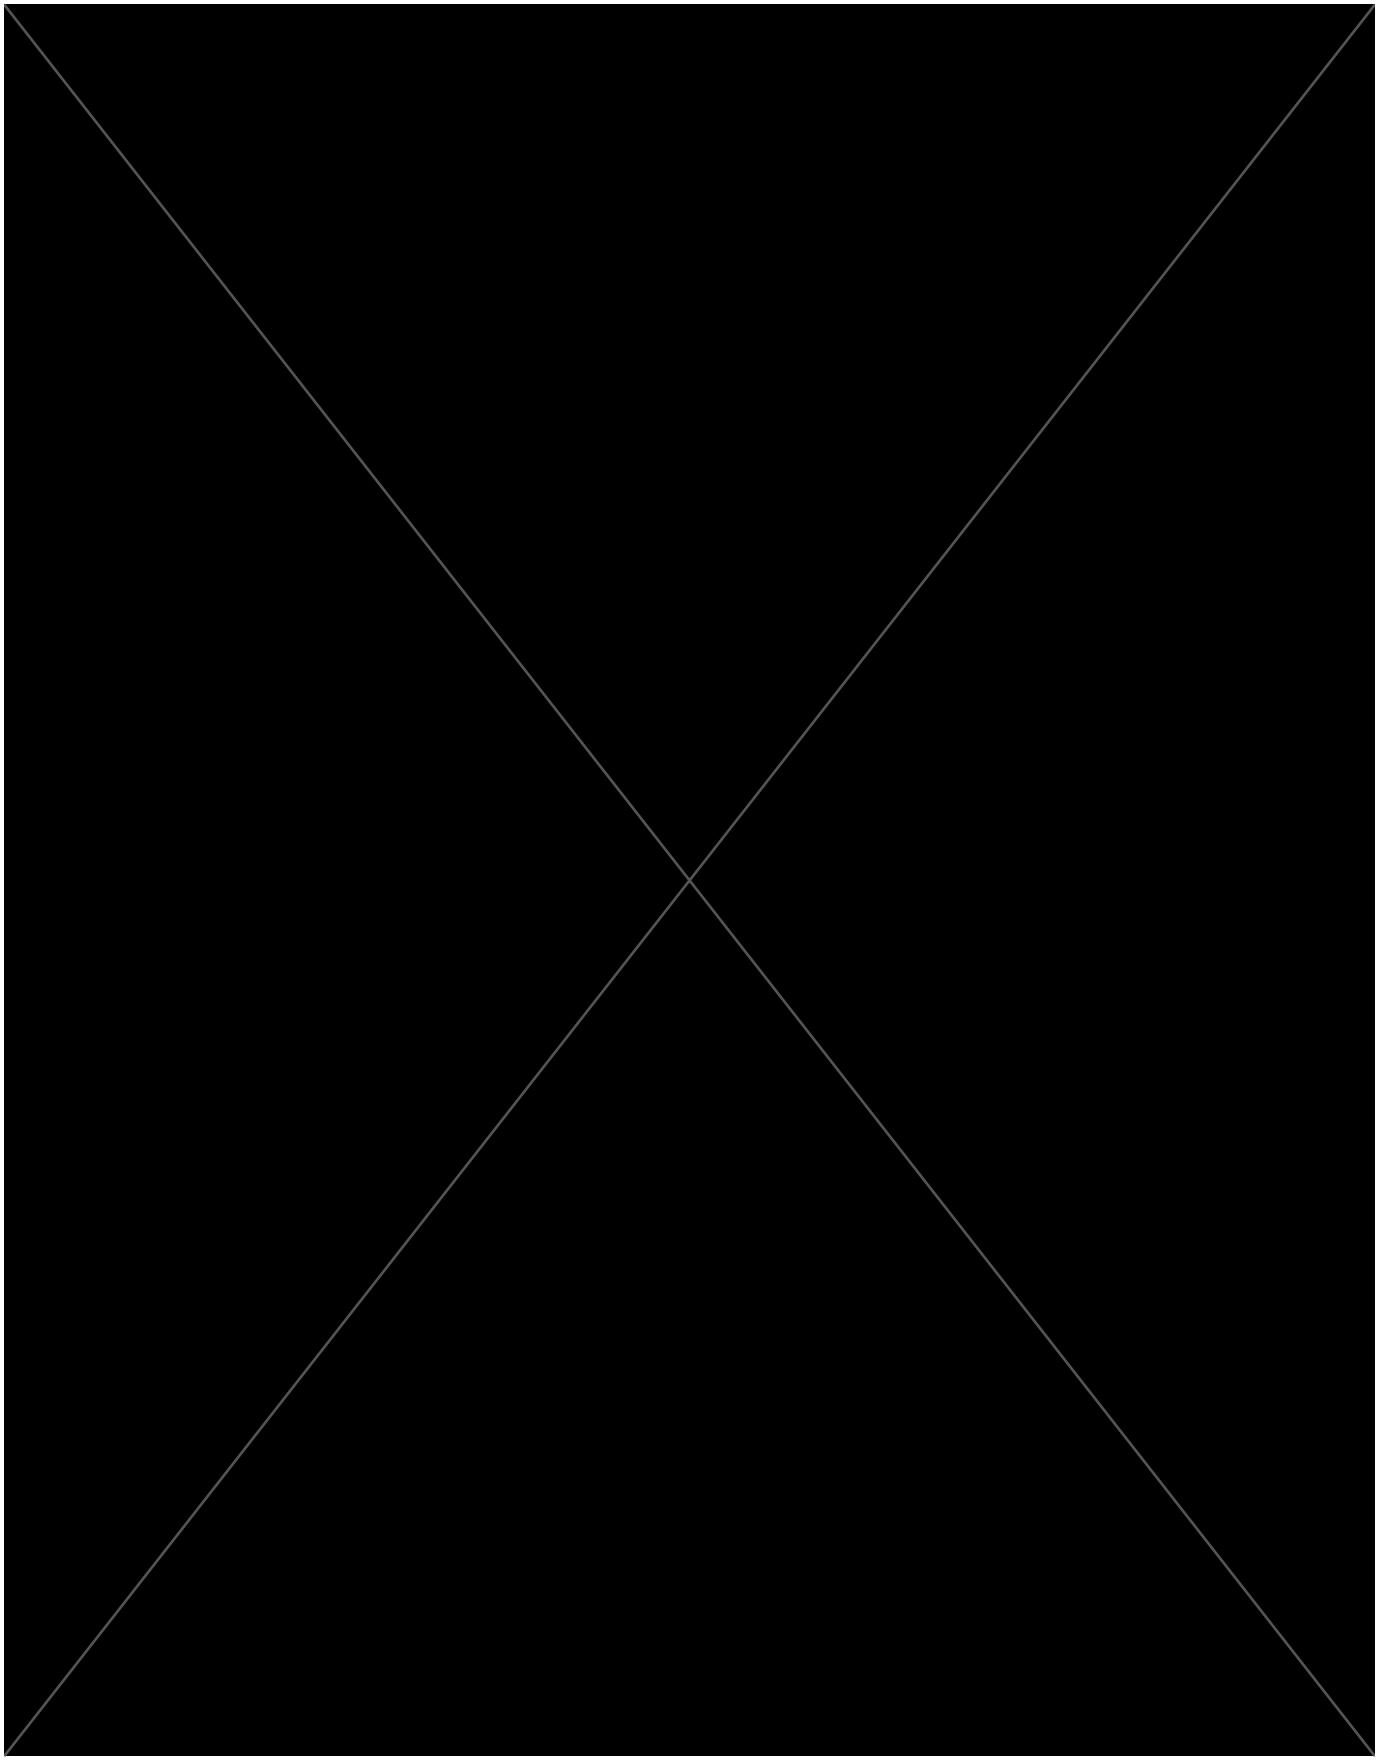
Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

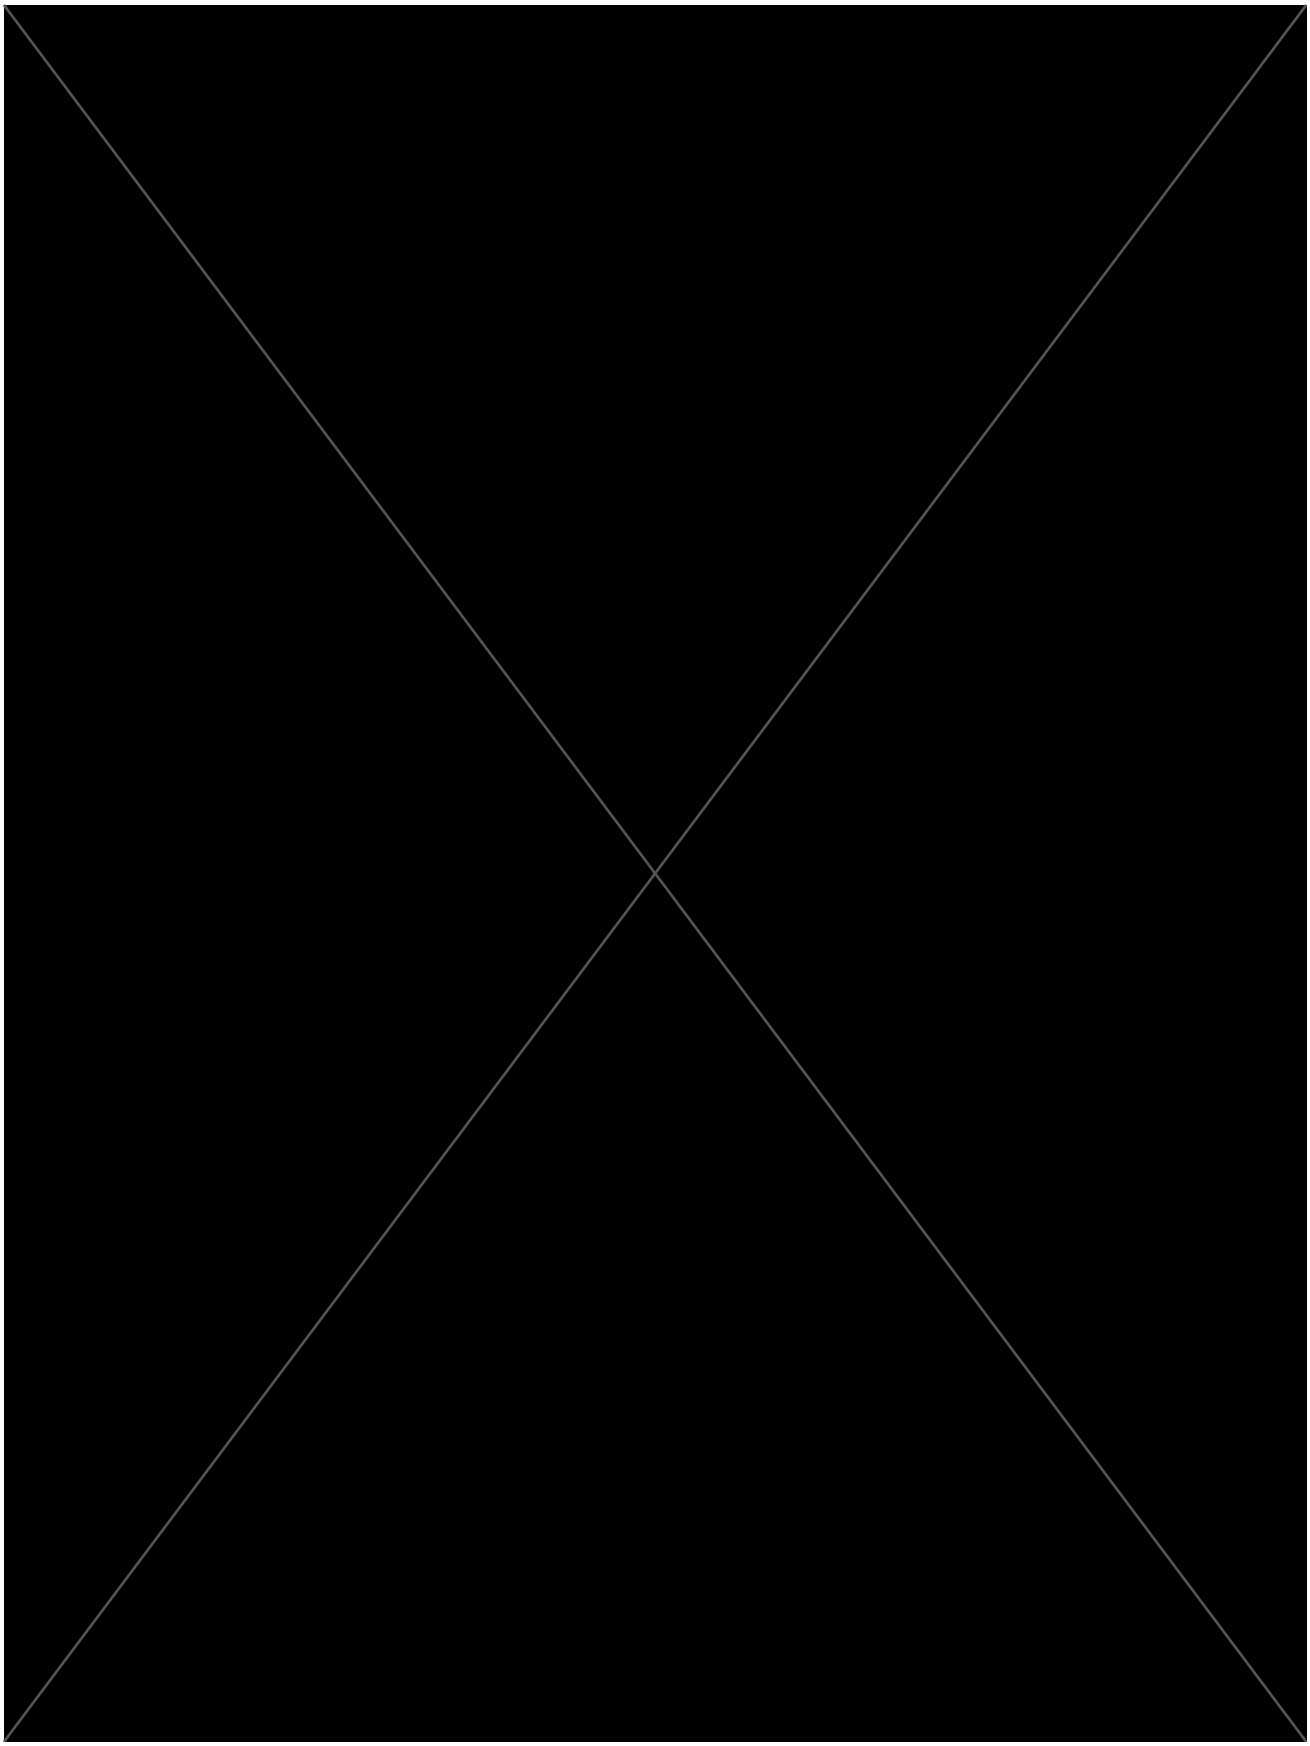
ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.



Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.



Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

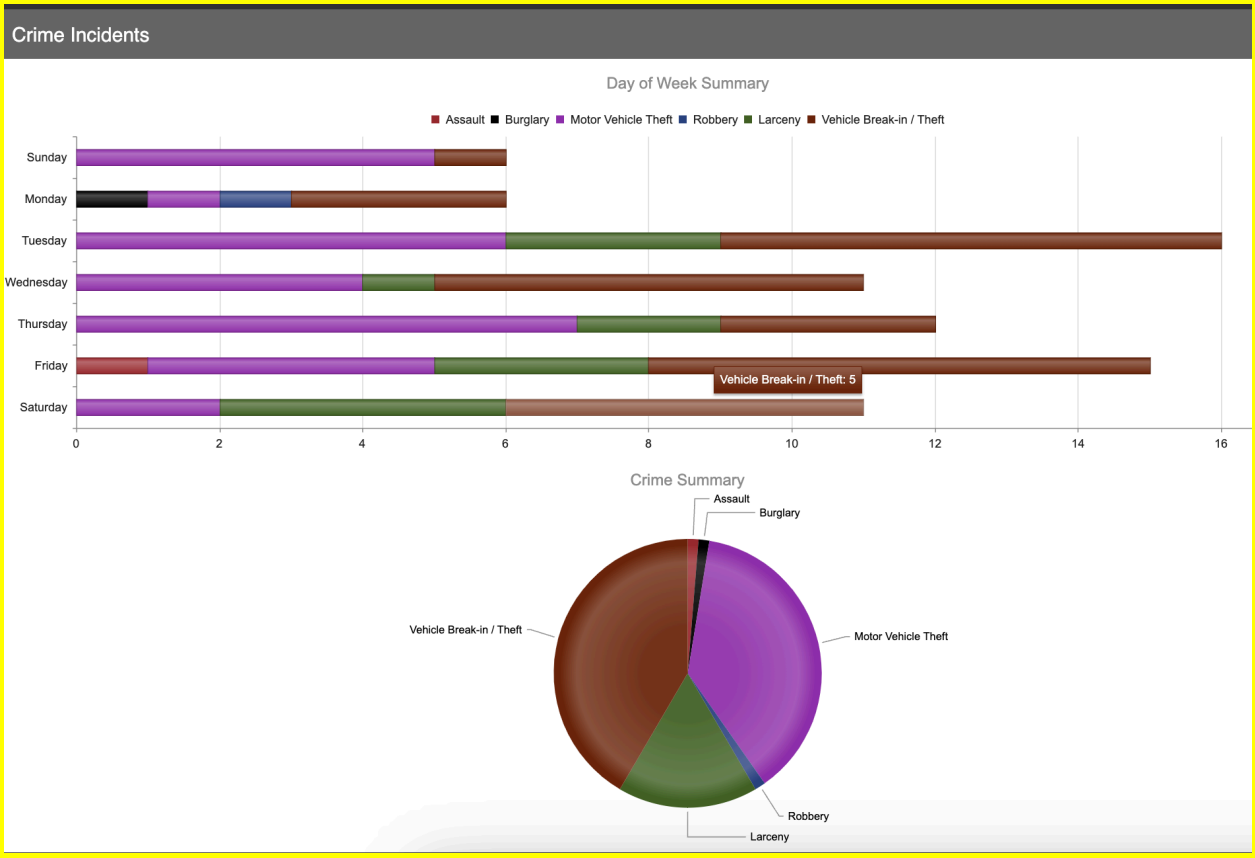
Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data



Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 91355 from 5/2024 to 11/2024:

Type	Number
Total Crimes during time period	77
Top #1	Vehicle Break - in
#2	Motor Vehicle Theft
#3	Larceny

INSERT DATA GRAPHIC

This data is represented by the following graphic pulled from source website:
https://crimemapping.com/map/location/90201,%20Bell,%20CA,%20USA?id=dHA9MCN0dj02NTEyODNhZSNsb2M9MTE2NTYwNiNsbmc9NTUjcGw9NjY3MDg0I2xicz0xNDo0MTMxMjkwI2xuPUVhZ2xlTG9jYXRvcg==

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on January 24, 2025 The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of January 24, 2025
Suspension Data Out-of-School	2	3	4	4
Suspension Data In-School	0	0	0	1
Expulsion Data	0	0	0	0
Office Discipline Referrals ODRs	N/A	N/A	N/A	51
Average Daily Attendance (ADA) Rate	89.26%	90.6%	91.93%	92% (199.83)
Chronic Absenteeism Rate	35.0%	35.1%	30%	26%
Graduation Rate	100%	TBD	100%	100%

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

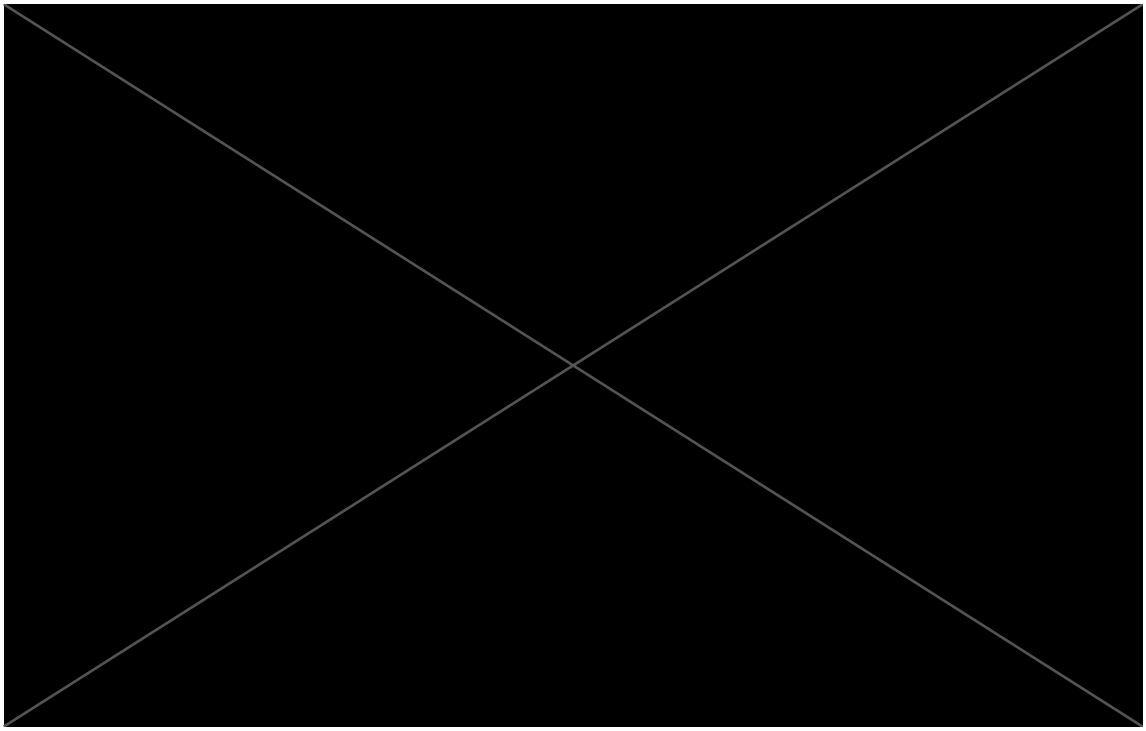
- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee

- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Goal#2

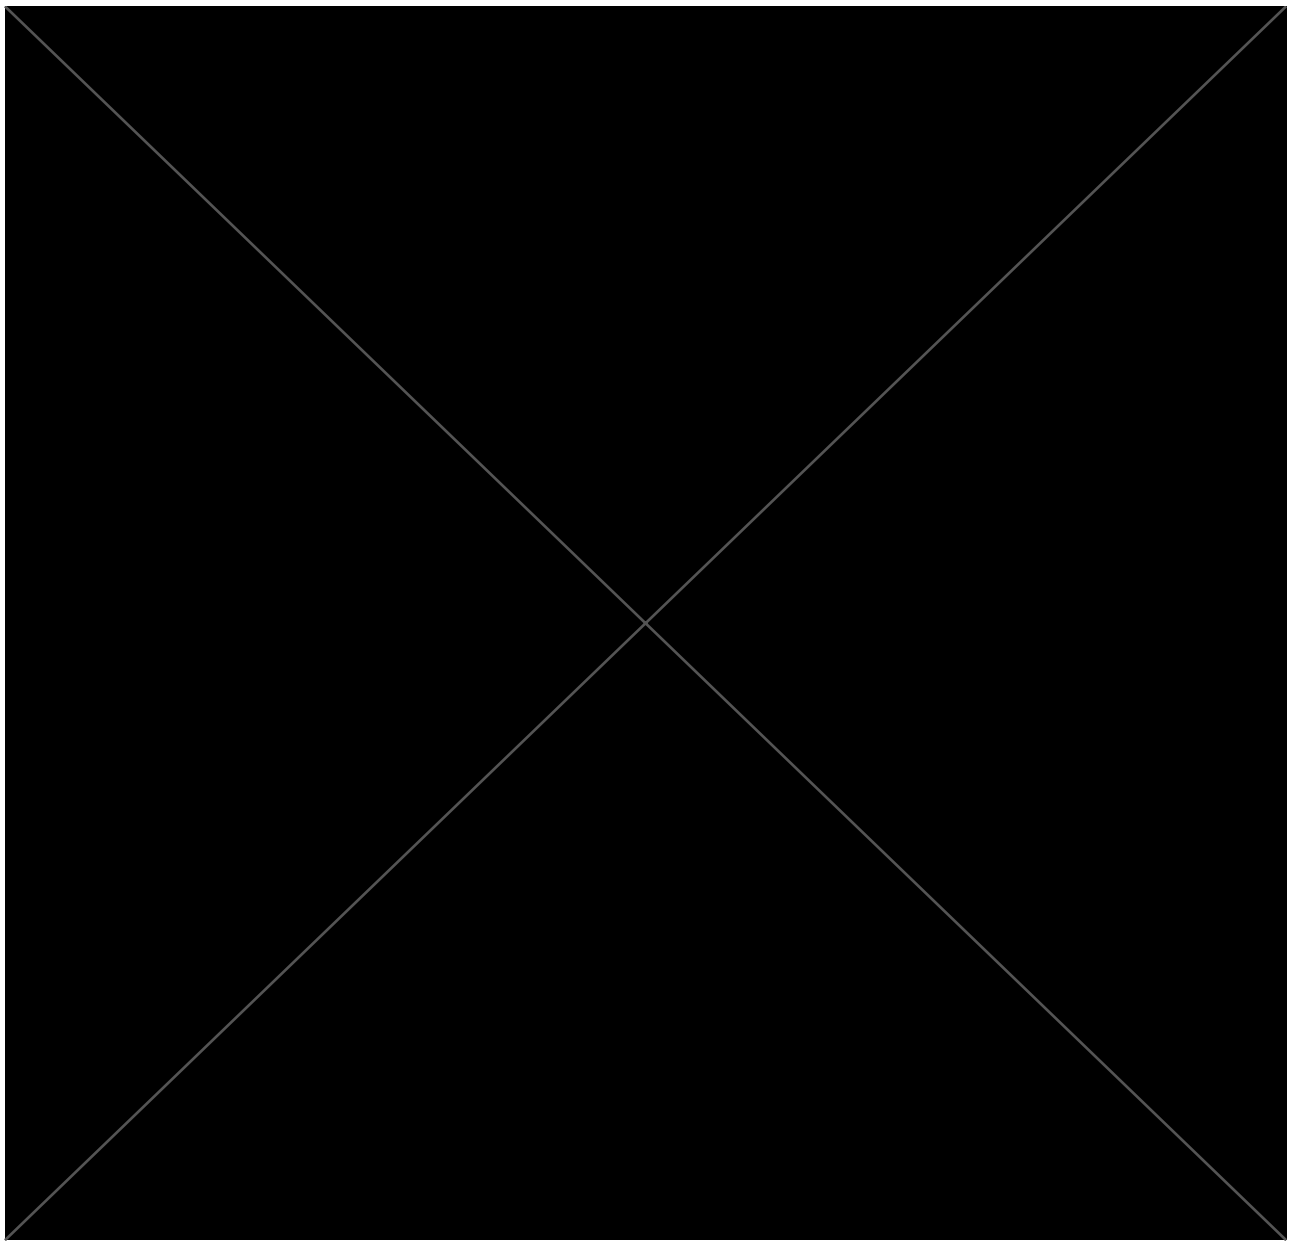
Goal(s): All staff members will monitor students' emotional well being.

- Objective: Annually, the school will provide access to emotional counseling services to students.
- Related Activities: Review monthly behavior data and analyze SEL survey results.
- Resources needed: PBIS Rewards and Panorama surveys.
- Person(s) responsible for implementation: Designated Administrator & PBIS Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys



Component 3: Goal#3

Goal(s): All PBIS team members will be trained in restorative justice circles in order to maintain a safe and respectful learning environment.



- Objective: All PBIS team members will receive restorative justice/community circle training.
- Related Activities: Professional development
- Resources needed: Training resource provided by the Los Angeles County of Education.
- Person(s) responsible for implementation: Designated Administrator & PBIS Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Behavior data on Infinite Campus

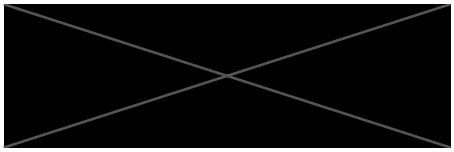
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emer enc Drill Calendar

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.

- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school

district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

- Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
   - Report and sign in at the office.

- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.

- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

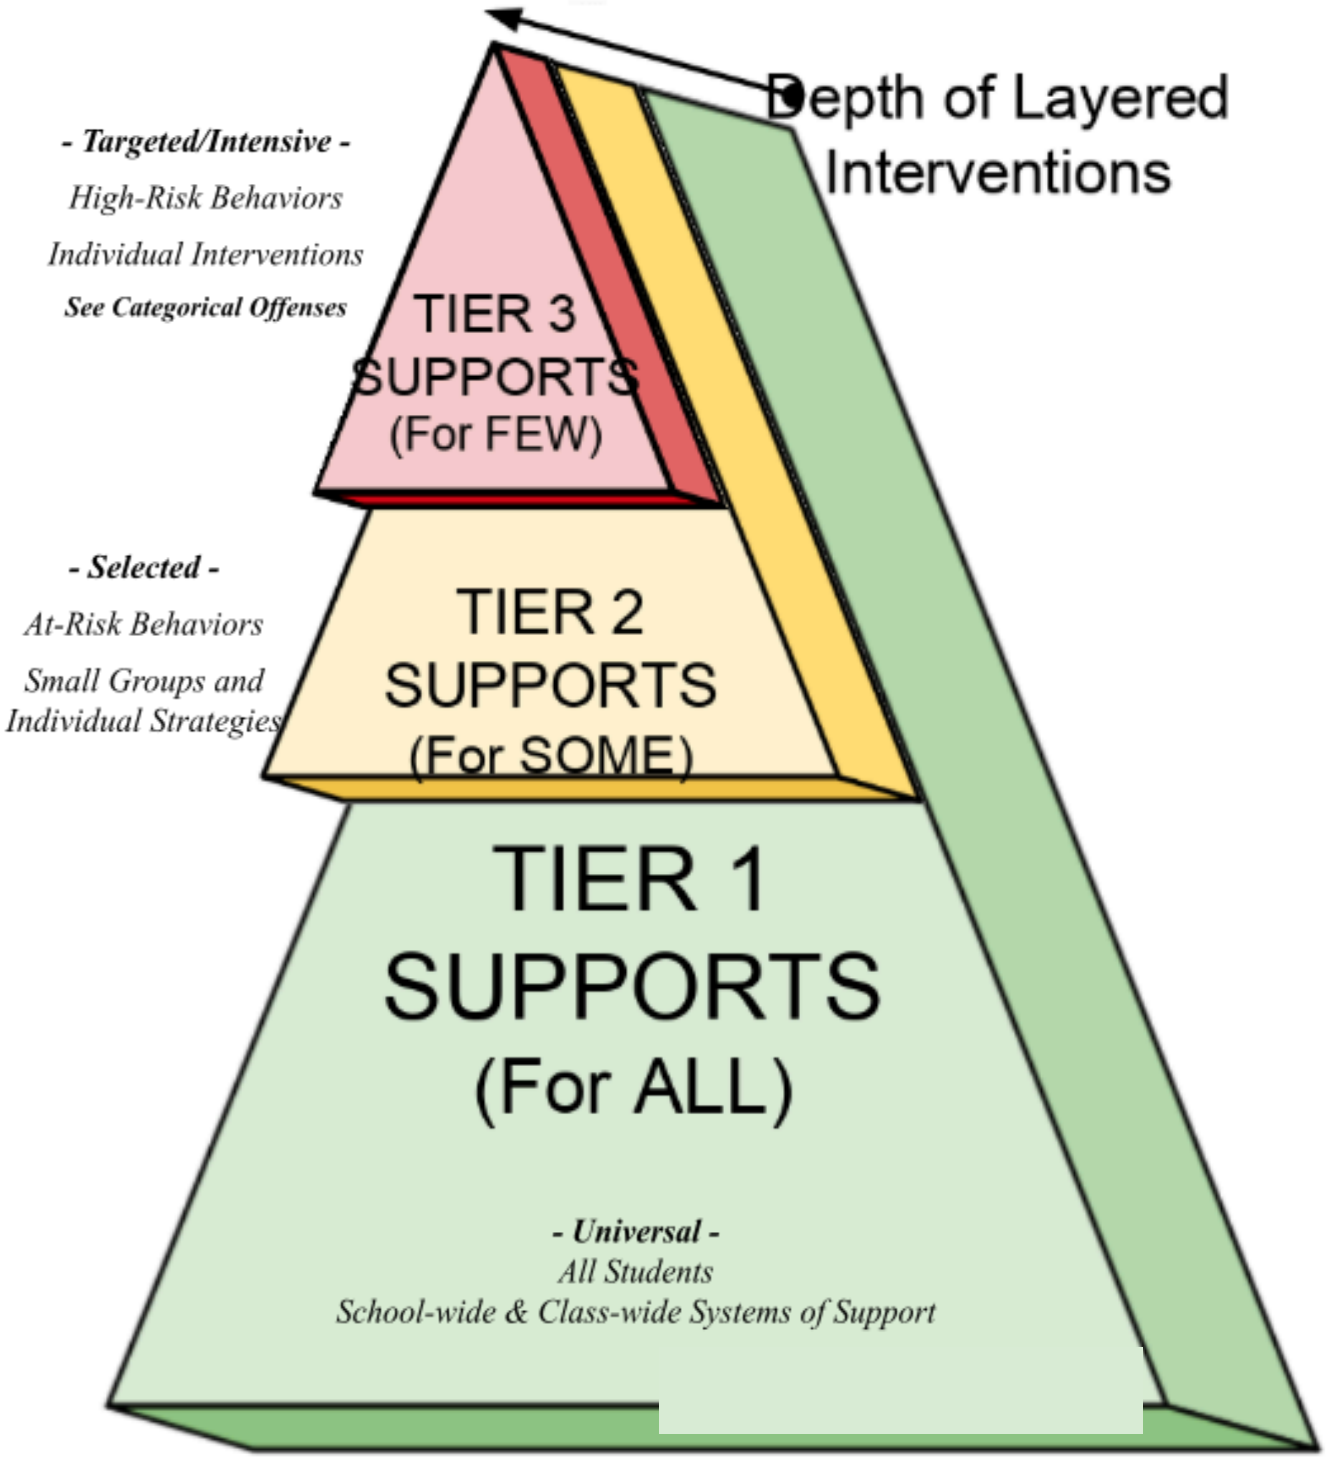
Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

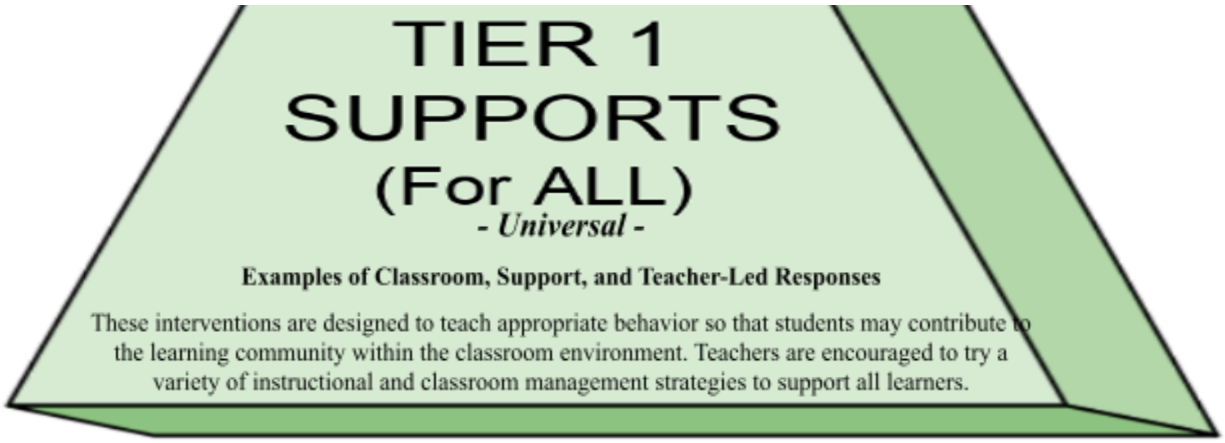
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

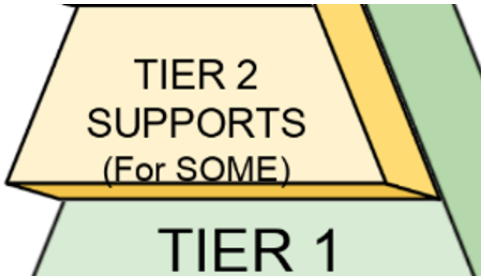


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

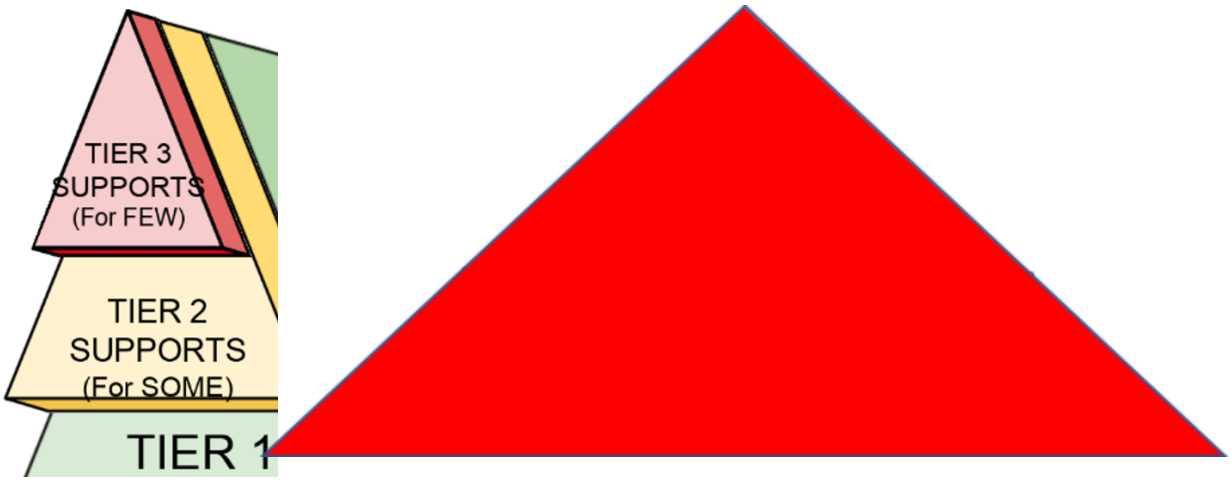
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.

E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing,

or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to

witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees,

Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

4853-7361-5053, v. 1

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be ex ercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

<table>
<tr>
<td>B
O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>
All undergarments, including bras, boxer shorts, etc., should not be visible
<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake
- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: akaplan@magnoliapublicschools.org; (818) 705 - 5676. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other

important details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

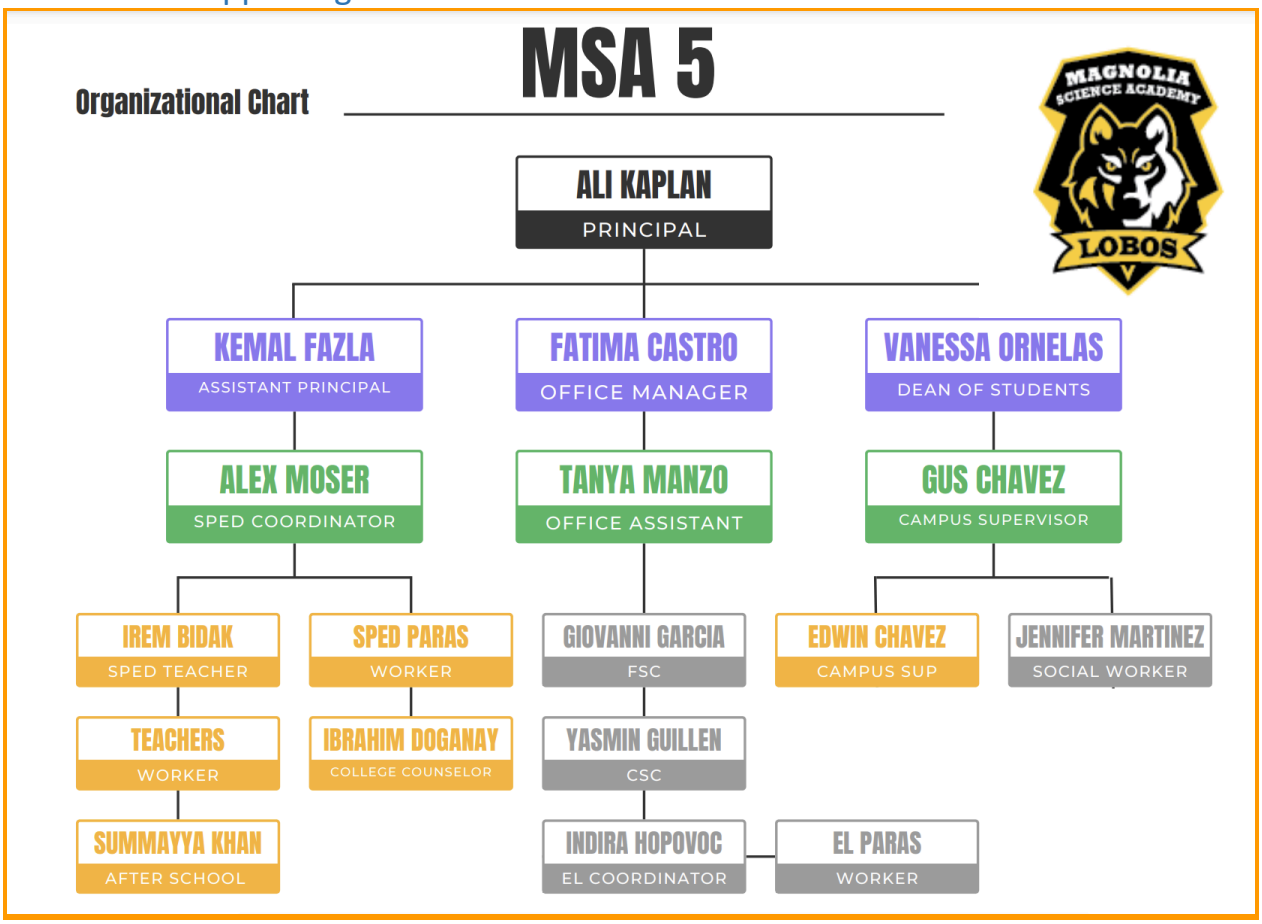
Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.



Building Resilience:

- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

IEP = Individualized Education Program

504 = Section 504 of the Rehabilitation Act of 1973

SSPT = Student Services and Programs Team

HOST = Home Office Support Team

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

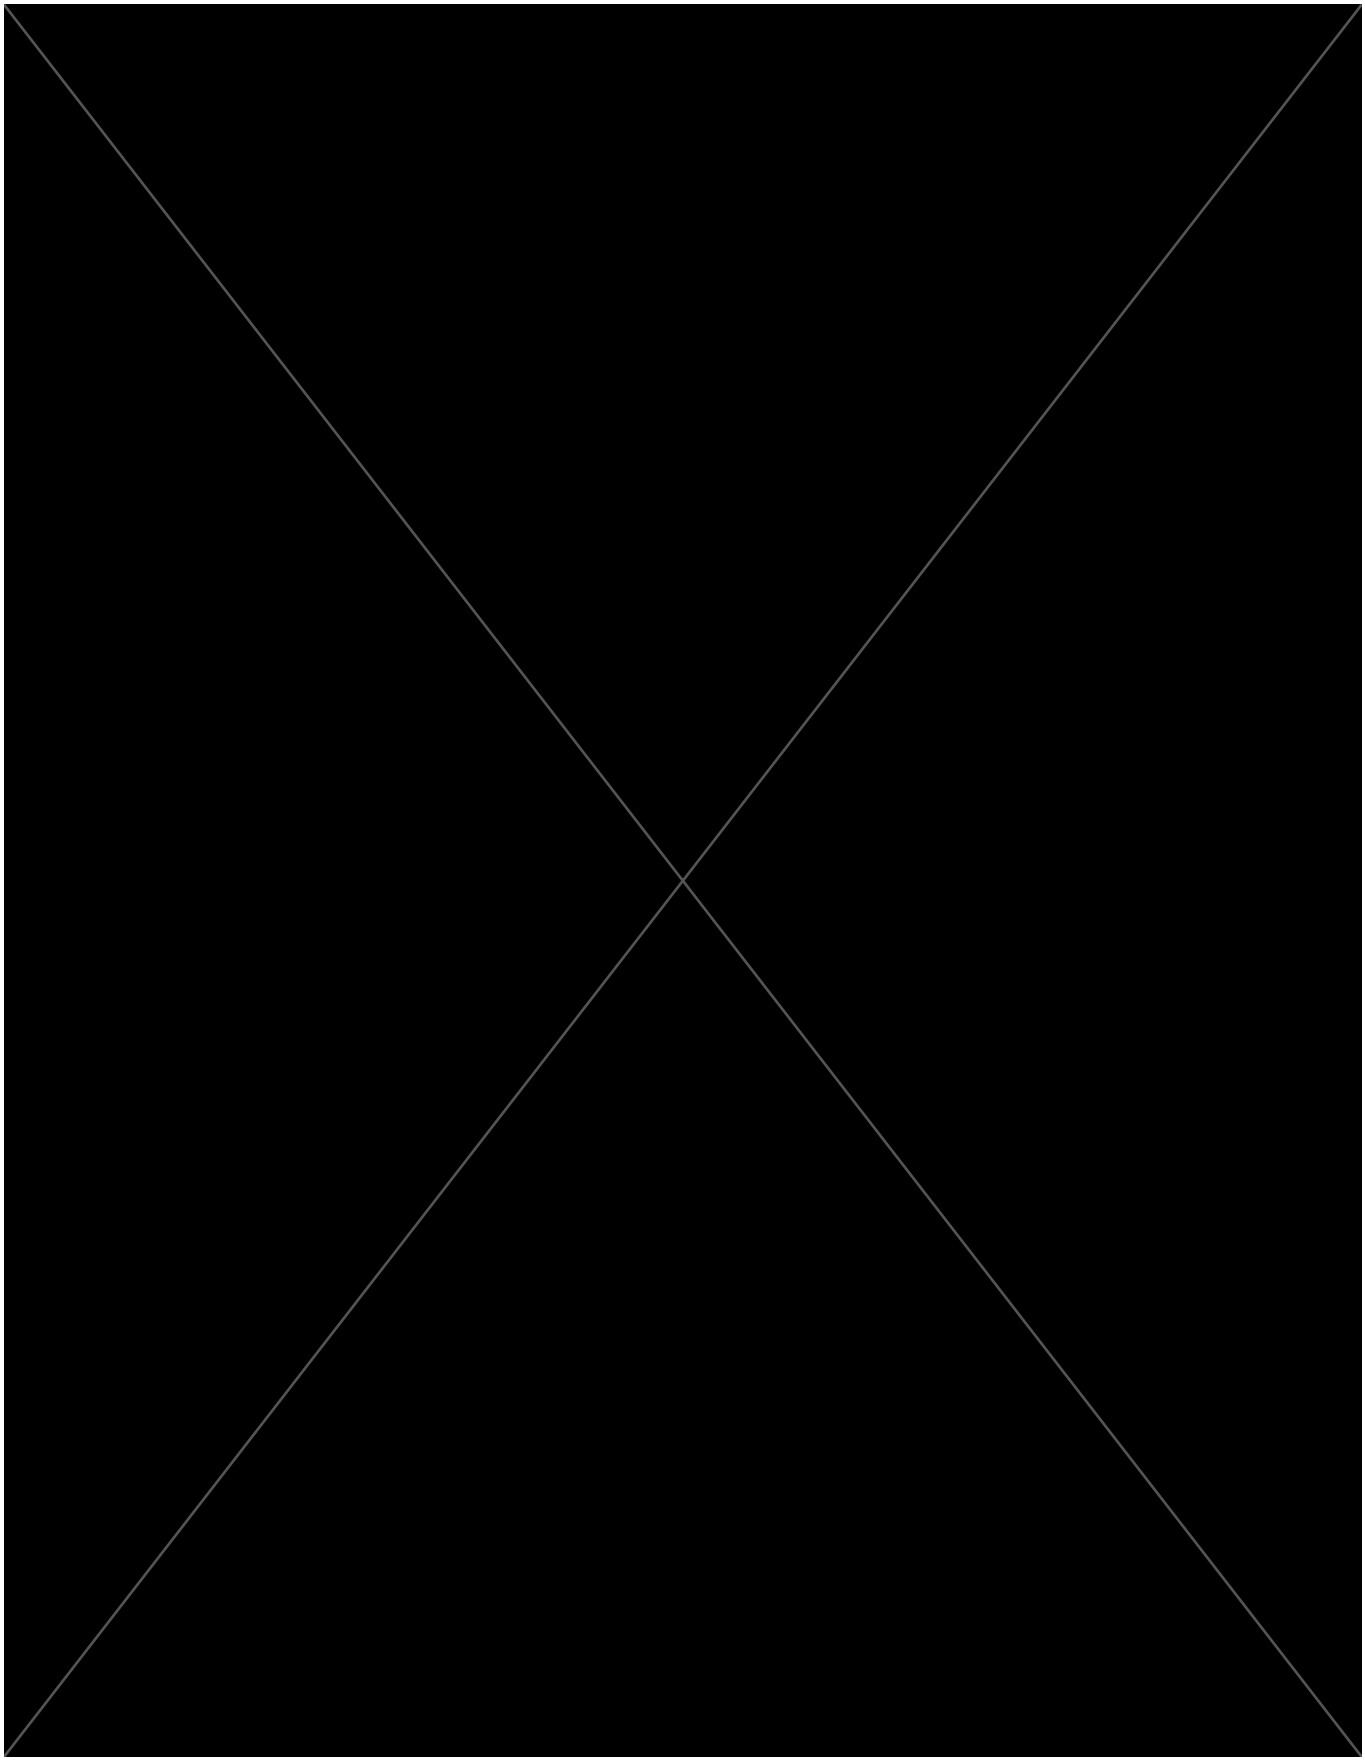
Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

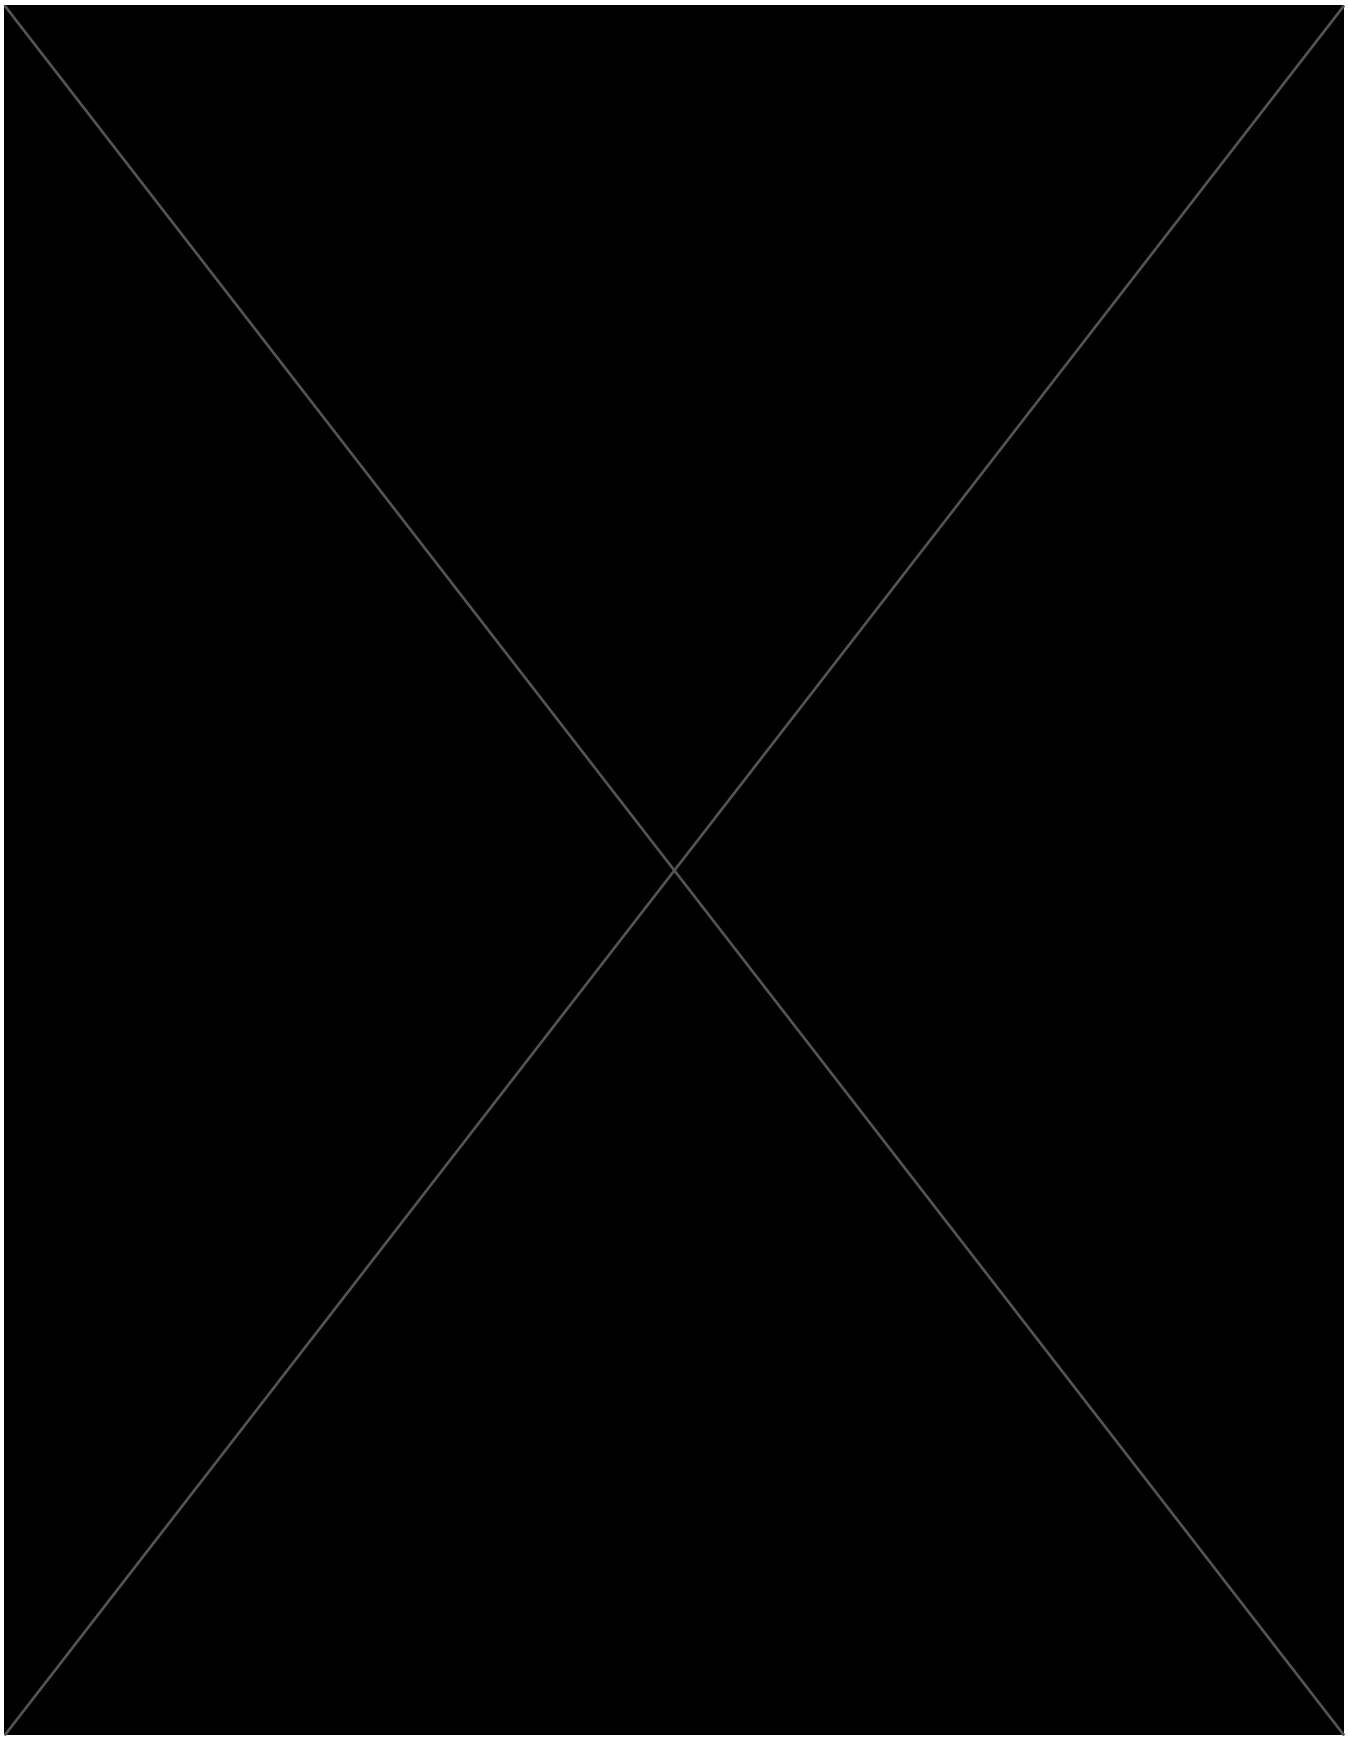
ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.



Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.



Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

Plan Organization

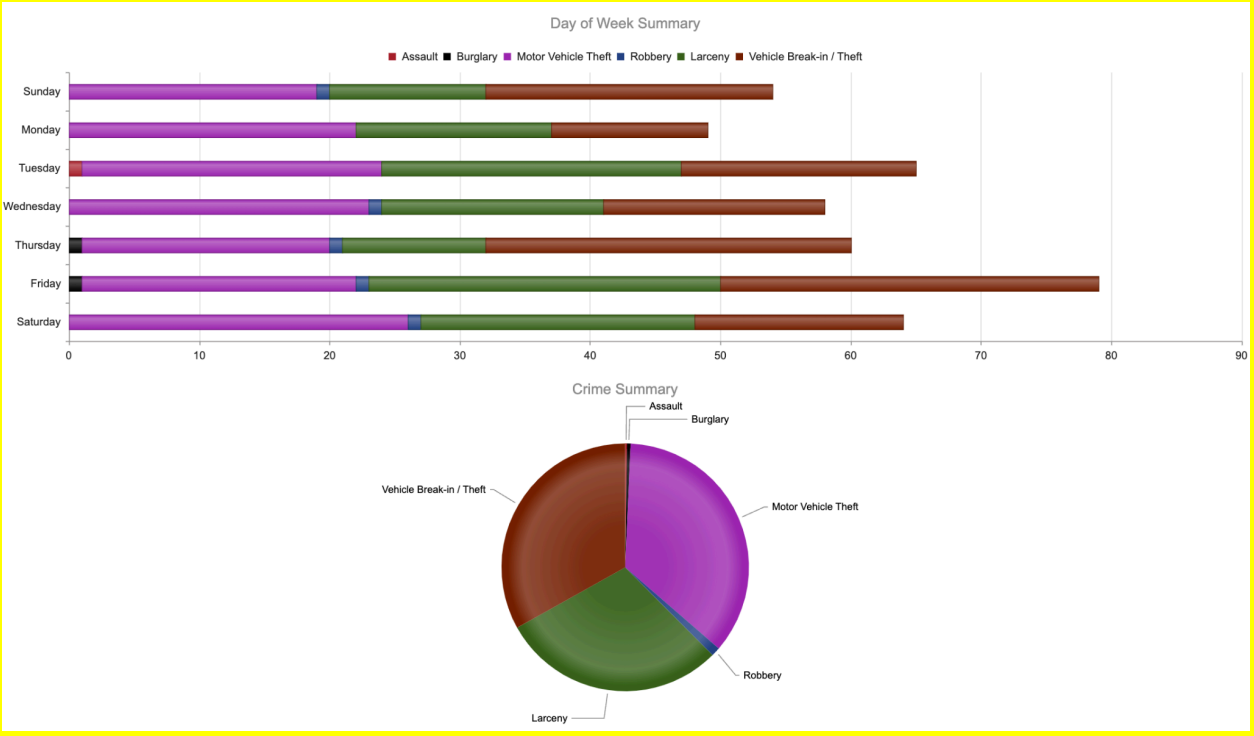
Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.

Assessment of Data



Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 90005 from 5/2024 to 11/2024:

Type	Number
Total Crimes during time period	429
#1: Motor Vehicle Theft	153
#2: Vehicle Break In / Theft	142
#3: Larceny	126

Local Area Crime Statistics

This data is represented by the following graphic pulled from source website:
https://crimemapping.com/map/location/90201,%20Bell,%20CA,%20USA?id=dHA9MCN0dj02NTEyODNhZSNsb2M9MTE2NTYwNiNsbmc9NTUjcGw9NjY3MDg0I2xicz0xNDo0MTMxMjkwI2xuPUVhZ2xlTG9jYXRvcg==

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on December 1, 2024. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently as of 12/1/2024
Suspension Data Out-of-School	1	1	8	4
Suspension Data In-School	0	3	1	0
Expulsion Data	0%	0%	0%	0%
Office Discipline Referrals ODRs	17	12	11	11
Average Daily Attendance (ADA) Rate	78.9	85.49	105.81	127.32
Chronic Absenteeism Rate	33%	32%	20.1%	12.4%
Graduation Rate	N/A	N/A	N/A	N/A

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

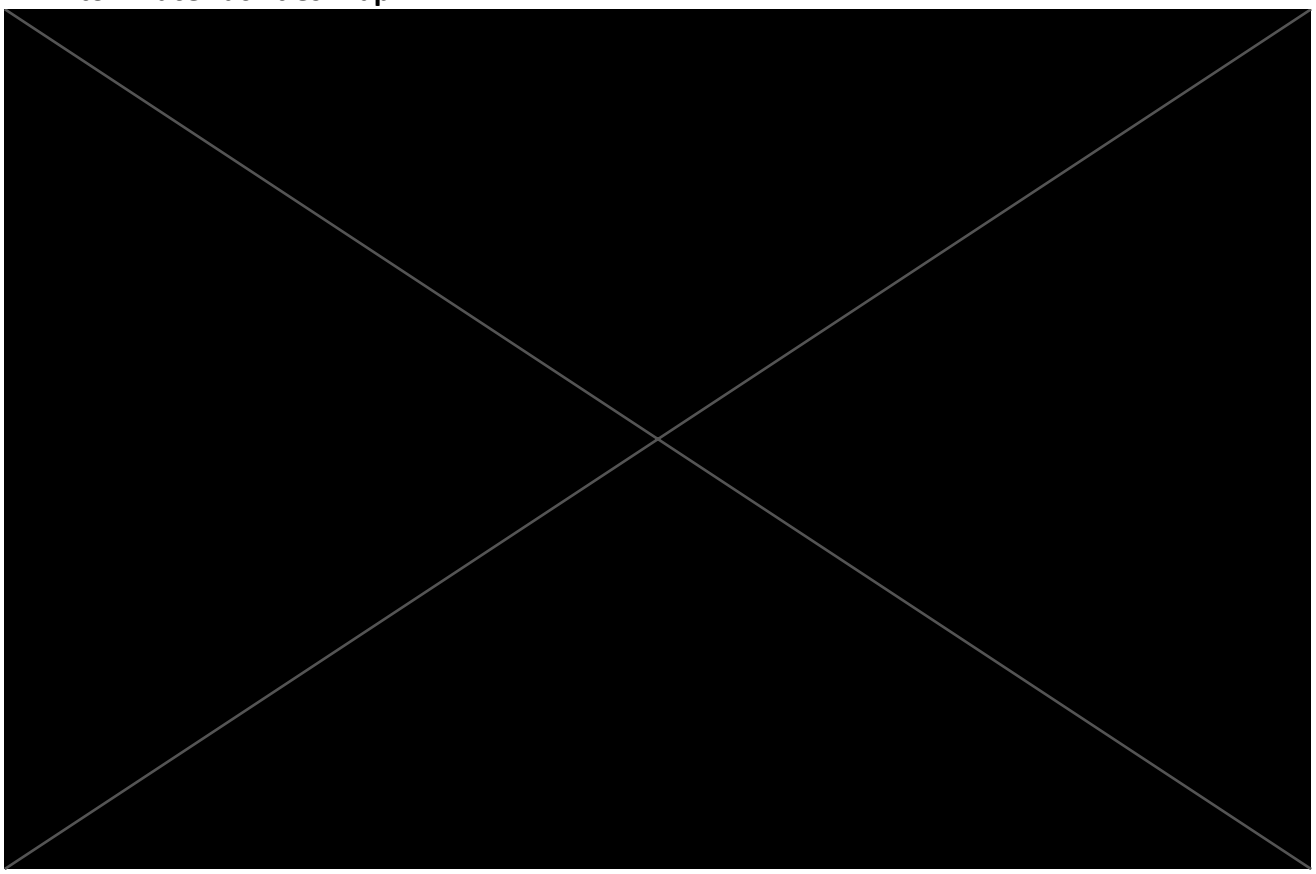
Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan
- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

Component 2: Decrease Suspension Rate

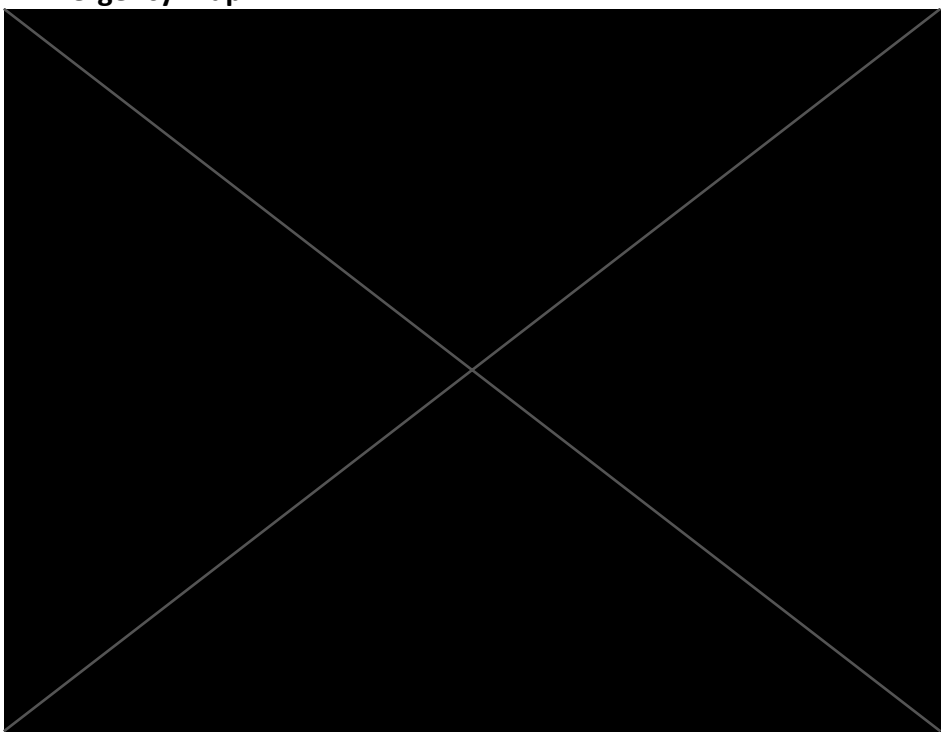
Goal(s): MSA 6 will reduce the number of in-school and out-of-school suspensions to meet the desired outcome goal of 2.5% or less as stated in LCAP Goal 4.1.

- Objective: Suspend no more than 2.5% of the school population.
- Related Activities: Professional development for Tier 1 and Tier 2 behavior interventions, continue MTSS certification processes for employees, implement SSPT's more frequently based on detention log data.
- Resources needed: PD materials for tier 1 and 2 interventions.
- Person(s) responsible for implementation: PBIS team, Student Services lead.
- Budget: Refer to school's annual budget.
- Evaluation guidelines: CA School Dashboard and LCAP data.



Component 3: Decrease Chronic Absenteeism

Goal(s): MSA 6 will decrease the number of students that are chronically absent to meet the desired outcome of less than 20% as per LCAP Goal 4.6.



- Objective: Reduce chronic absenteeism rate to below 20%
- Related Activities: Attendance incentive program through raffles and quarterly recognition, attendance letters and meetings with fidelity, consistent communication with families, informational session on parent meetings regarding attendance.
- Resources needed: PBIS donations for incentives.
- Person(s) responsible for implementation: Attendance team, Family Success Coordinator, Student Services Lead
- Budget: Refer to school's annual budget.
- Evaluation guidelines: CA School Dashboard and LCAP Data

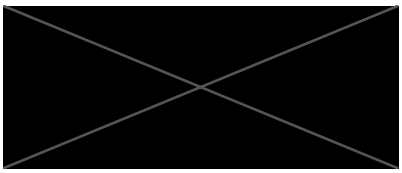
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.

- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school

district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

- Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
   - Report and sign in at the office.

- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communcaiton. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.

- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

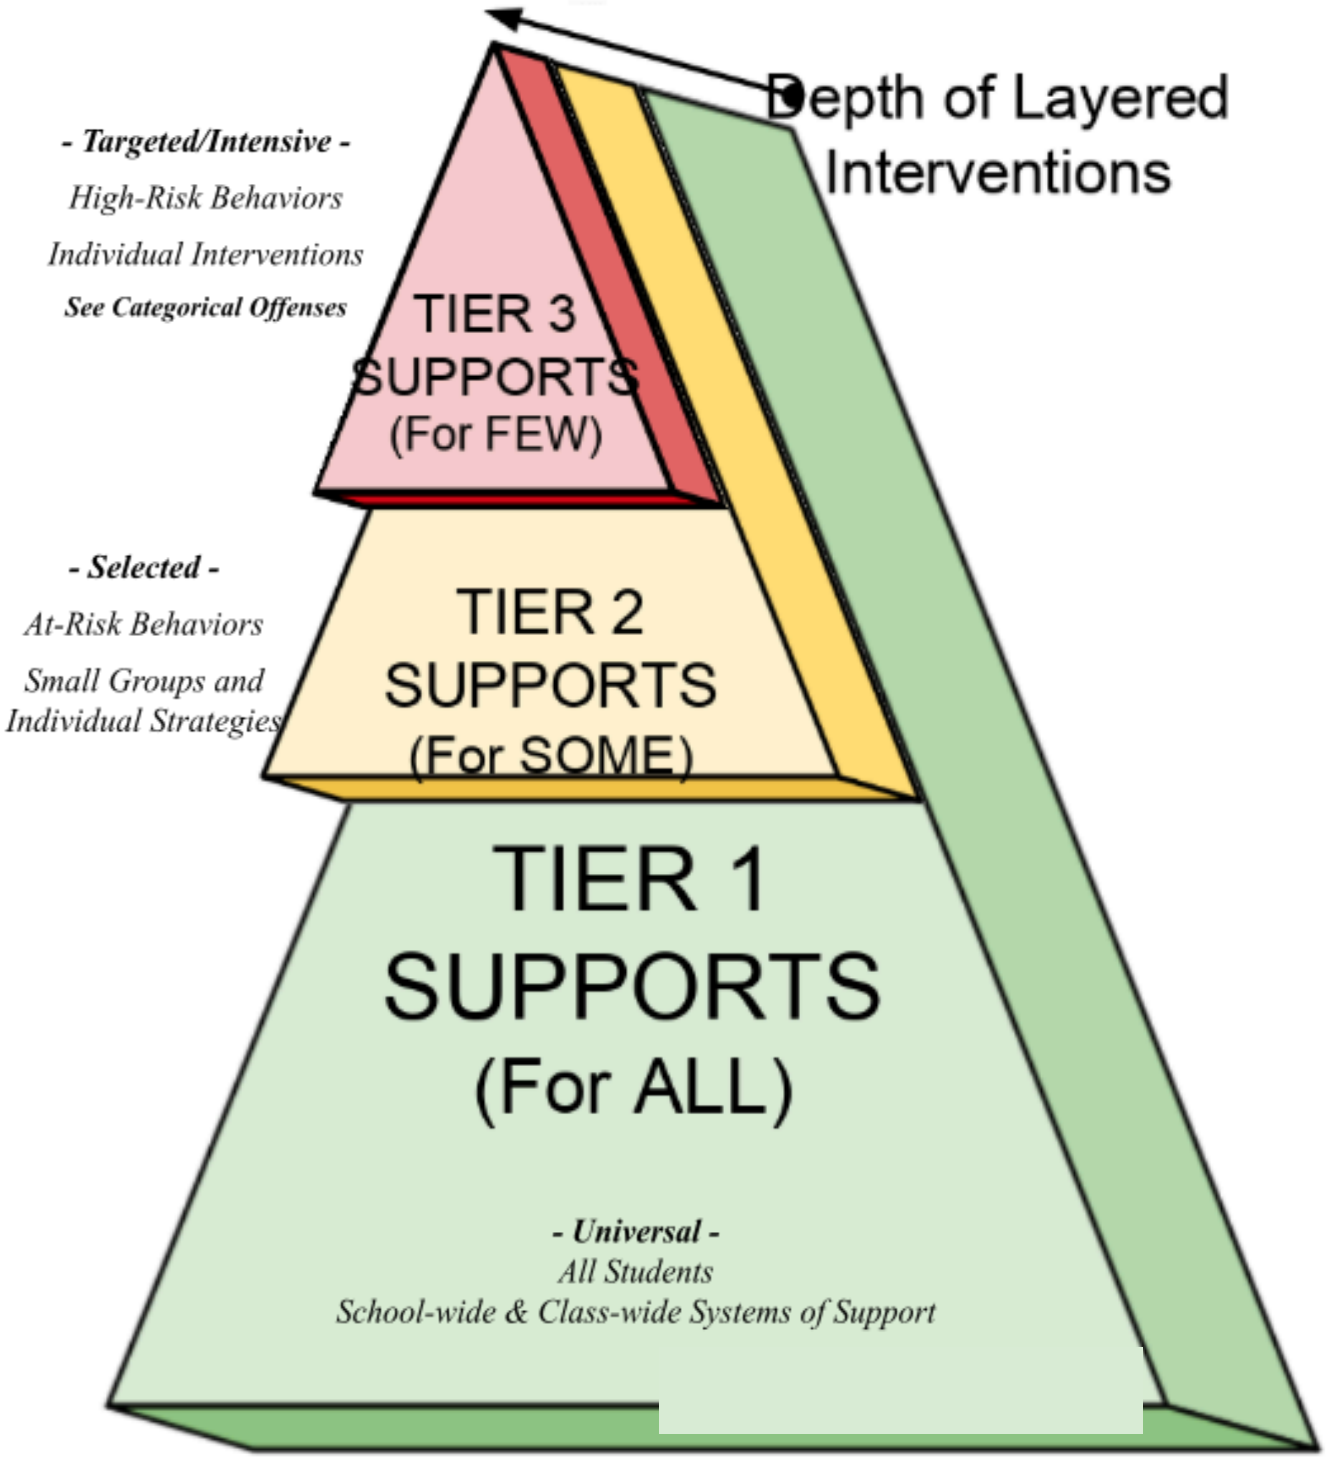
Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

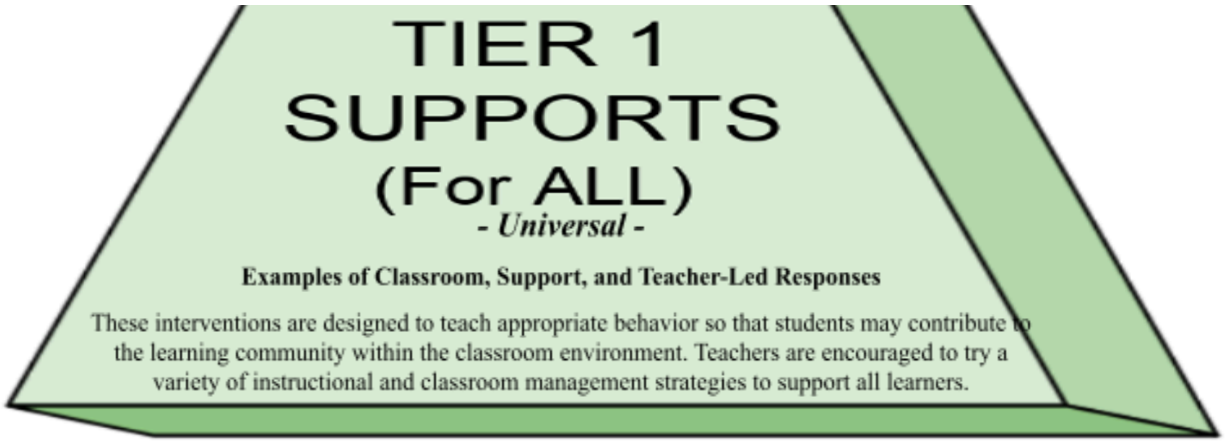
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

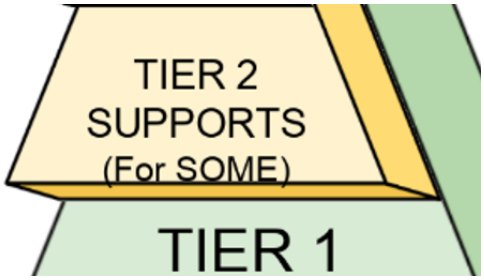


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

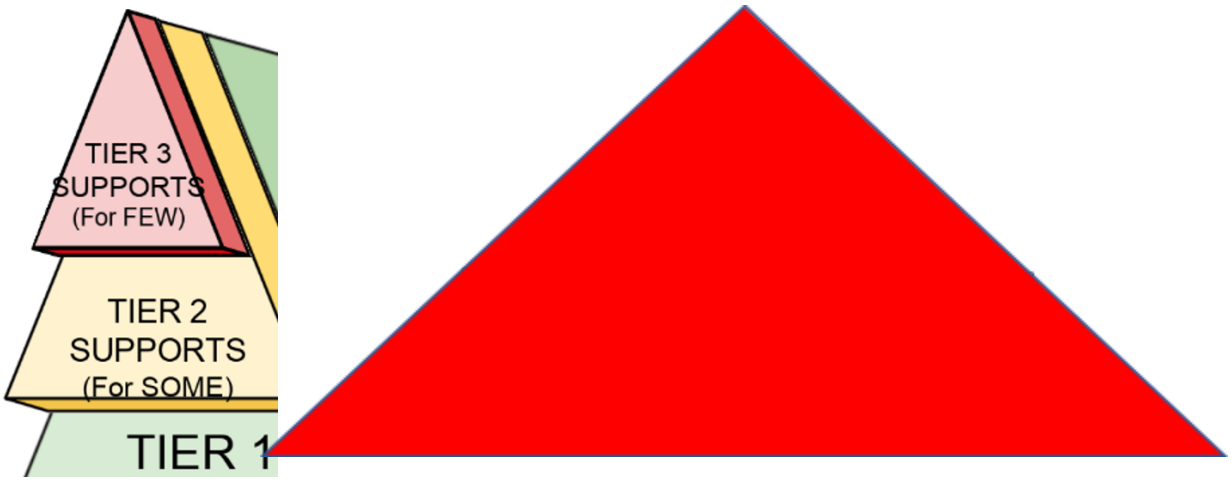
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

n) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

o) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

p) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is

officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

q) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

r) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

u) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:
    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
    ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.
    iii. Causing a reasonable student to experience substantial interference with their academic performance.
    iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:
    i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:
(a) Posting to or creating a burn page. A “burn page” means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. “Credible impersonation” means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
(d) An act of cyber sexual bullying.
(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.
(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

v) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

w) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in, or attempted to engage in hazing. For the purposes of this policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases. For purposes of this policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This provision shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

        iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

    2) "Electronic Act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

        i. A message, text, sound, video, or image.

        ii. A post on a social network Internet Web site including, but not limited to:

            (a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

            (b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. “False profile” means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this policy, “cyber sexual bullying” means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, “cyber sexual bullying” does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Principal or designee’s concurrence.

b) Brandishing a knife at another person.

c) Unlawfully selling a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committing or attempting to commit a sexual assault or committing a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4..

If it is determined by the Administrative Panel that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term “knife” means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.
- The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.
- The term “destructive device” means any explosive, incendiary, or poison gas, including but not limited to: (A) bomb; (B) grenade; (C) rocket having a propellant charge of more than four ounces; (D) missile having an explosive or incendiary charge of more than one-quarter ounce; (E) mine; or (F) device similar to any of the devices described in the preceding clauses.

Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the Principal or designee with the student and the student’s parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the Principal or designee.

   The conference may be omitted if the Principal or designee determines that an emergency situation exists. An “emergency situation” involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student’s right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student’s parent/guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student’s parent/guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student as well as the date the student may return to school following the suspension. In addition, the notice may also state the time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

   Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Principal or designee, the student and the student’s parent/guardian or representative will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student’s parent/guardian, unless the student and the student’s parent/guardian fail to attend the conference.

This determination will be made by the Principal or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

   In accordance with Education Code Section 48913.5, upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

   In accordance with Education Code Section 48913.5(b), if a homework assignment that is requested pursuant to Section 48913.5(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

5. **Suspension Appeals**

   Students and parent/guardian may appeal a suspension within five (5) school days of the suspension. This appeal will be made in writing to the Principal and heard by a Reflection Committee. The Reflection Committee is an advisory committee to the Principal, trained quarterly in restorative practices and PBIS, and will comprise of at least one school administrator (serves as procedural advisor), and at least two teachers, and may also include a non-certificated employee. All Reflection Committee hearings on suspensions will be held within two (2) school days of the appeal being made. The decision of the Reflection Committee is final and will be delivered to the parent/guardian in a written response. Based on the information submitted or requested, the Reflection Committee may make one of the following decisions regarding the suspension:

   - Uphold the suspension
   - Determine that the suspension was not within school guidelines, overturn the suspension, and order that all records and documents regarding the disciplinary proceeding be destroyed. No information regarding the suspension will be placed in the student's permanent record or shared with anyone not directly involved in the proceedings.

Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled by a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the Student nor a member of the Charter School Board of Directors. The Administrative Panel shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense.

It is preferable for the Administrative Panel members to have experience in education law and student discipline. Typical Administrative Panel members include teachers, school administrators and Home Office Chiefs/Directors. The Home Office will coordinate all administrators and teachers who serve on the Reflection Committee at their school sites to be "on call" for a particular month should their presence be needed at an Administrative Panel hearing. The Administrative Panel may expel any student found to have committed an expellable offense.

Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the

Principal or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of MPS' disciplinary rules which relate to the alleged violation.
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

Special Procedures for Expulsion Hearing Involving Sexual Assault or Battery Offenses

MPS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five (5) calendar days notice of their scheduled testimony; (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent/guardian or legal counsel; and (c) elect to have the hearing closed while testifying.
2. MPS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.
3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.
4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.
5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.
6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness

to the witness stand.

7. If one or both of the support persons is also a witness, MPS must present evidence that the witness' presence is both desired by the witness and will be helpful to MPS. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom they believe is prompting, swaying, or influencing the witness.
8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.
9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.
10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense.

Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact.

If the Administrative Panel decides not to recommend expulsion, the student shall immediately be returned to their previous educational program.

The Administrative Panel may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Administrative Panel. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Administrative Panel may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Administrative Panel revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Administrative Panel shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Administrative Panel shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

Written Notice to Expel

The Principal or designee, following a decision of the Administrative Panel to expel, shall send written notice of the decision to expel, including the Administrative Panel's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following:

1. Notice of the specific offense committed by the student
2. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with MPS
3. The reinstatement eligibility review date; a copy of the rehabilitation plan; the type of educational placement during the period of expulsion, and notice of appeal rights/procedures

The Principal or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following:

1. The student's name
2. The specific expellable offense committed by the student

Disciplinary Records

MPS shall maintain records of all student suspensions and expulsions at MPS. Such records shall be made available to the authorizer upon request.

Expulsion Appeals

In order to appeal an expulsion, the student/parent/guardian must submit a written appeal to the CEO of MPS outlining the reason for the appeal, attaching any supporting documentation, within ten (10) calendar days of being informed of the expulsion.

In response to the written request for an appeal, the CEO of MPS shall call a meeting of the Board of Directors. The Board shall convene a hearing on the appeal within fifteen (15) working days of receipt of a timely written request for an appeal. *(This timeline supersedes the timeline statement in the charter petition if different.)*

At the hearing on the appeal, the student shall have the right to present evidence. The Board will consider evidence and/or testimony as appropriate and will render a written decision that shall be in the best interest of the student and MPS. That decision shall be final.

Interim Placement

MPS shall be responsible for the appropriate interim placement of students during and pending the completion of the MPS's student expulsion process and shall facilitate the post-expulsion placement of expelled students.

MPS shall work with the District for an interim placement or other alternative programs. Should MPS determine after the referral that the student will remain at MPS pending the expulsion hearing based on the best interest of

the student, or if MPS secures another alternative interim placement at another charter school or school within its CMO, if appropriate and aligned with applicable charter petitions, MPS will notify the District of such determination.

Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Administrative Panel at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one (1) year from the date of expulsion when the student may reapply to the Charter School for readmission.

Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board of Directors following a meeting with the Principal or designee and the student and student's parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The Principal or designee shall make a recommendation to the Board of Directors following the meeting regarding the Principal's or designee's determination. The Board shall then make a final decision regarding the readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School's capacity at the time the student seeks readmission or admission to the Charter School.

Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Involuntary Removal for Truancy

As charter schools are schools of choice and as a charter school student who fails to attend school is potentially depriving another student of their opportunity to enroll, a student may be involuntarily removed as described within the Charter School's Board adopted Attendance Policy for truancy and only after the Charter School follows the requirements of the Attendance Policy and only in accordance with the policy described above which requires notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal. Students who are involuntarily removed for truancy will be given a rehabilitation plan and will be subject to the readmission procedures set forth herein.

Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. **Notification of SELPA/District**
   The Charter School shall immediately notify the SELPA/District and coordinate the procedures in this policy with the SELPA/ District of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as

appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
c. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to

others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Principal or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. Section 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 Team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Students with an IEP

If a student has an IEP, that IEP and any applicable behavior plan shall be followed, according to state and federal law. If the behavior(s) worsens or the frequency increases, the student's IEP team may meet to review the plan and its implementation and modify it, as necessary, to address the behavior(s). Special Education staff, general education staff, parents, and related service providers specified in the IEP must be informed and involved.

MPS follows state and federal laws regarding discipline, including suspension and expulsion, of students with disabilities. See above: Suspension and Expulsion Procedures for more information.

Procedures for Notifying Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

This notification will be provided on our school letterhead:

To: ALL CERTIFICATED STAFF
From: **Admin**
Re: Student Suspension Information

Education Code 49079 and Welfare and Institutions Code 827 require that teachers be notified of the reason(s) a student has been suspended. We have incorporated this notification into the existing "Attendance Reporting screen". On the daily attendance report, when a student is suspended, it will show in Infinite Campus. *The information provided is for the student's current teachers only. All information regarding suspension and expulsion is **CONFIDENTIAL**, and is not to be shared with any student(s) or parent(s). Teachers are asked to secure the list so students and others may not view it.*
The following are examples of Ed. Code 48900 and 48915 violations that may appear on your report.

E.C. 48900

- a(1) Cause, attempted to cause, or threatened to cause physical injury to another person
- a(2) Willfully used force or violence upon the person of another, except in self-defense
- (b) Possessed, sold or otherwise furnished any firearm, knife, explosive or other dangerous object
- (c) Unlawfully possessed, used, sold or otherwise furnished, or been under the influence of, a controlled substance, alcoholic beverage, or an intoxicant of any kind
- (d) Unlawfully offered, arranged or negotiated to sell a controlled substance, alcoholic beverage, or an intoxicant of any kind, and either sold, delivered, or otherwise furnished to a person an imitation
- (e) Committed or attempted to commit robbery or extortion
- (f) Caused or attempted to cause damage to school or private property
- (g) Stolen or attempted to steal school or private property
- (h) Possessed or used tobacco, or products containing tobacco or nicotine products
- (i) Committed an obscene act or engaged in habitual profanity or vulgarity
- (j) Unlawfully possessed or unlawful offered, arranged, or negotiated to sell drug paraphernalia
- (k) Disrupted school activities or winfully defied the valid authority of school personnel (Grades 9-12 only)
- (i) Knowingly received stolen school or private property
- (n) Committed or attempted to commit a sexual assault or committed a sexual battery
- (o) Harassed, threatened, or intimidated a pupil who is a complaining witness or witness in a school disciplinary proceeding
- (p) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma
- (r) Engaged in an act of bullying
- (t) Aided and abetted the infliction or attempted infliction of physical injury or serious bodily injury to another person
- .2 Committed sexual harassment (Grades 4-12 only)
- .3 Caused, attempted to cause, threatened to cause, or participated in an act of, hate violence (Grades 4-12 onry)
- .4 Intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils (Grades 4-12 only)
- .7 Made terroristic threats against school officials or school property, or both

E.C. 48915(a)(1)

- A. Causing serious physical injury to another person, except in self-defense
- B. Possession of a knife or other dangerous object.
- C. Unlawful possession of any controlled substance.
- D. Robbery or extortion.
- E. Assault or battery upon a school employee.

E.C. 48915(c)

- 1. Possessing, sefling or otherwise furnishing a firearm.
- 2. Brandishing a knife at another person.
- 3. Unlawfully selling a controlled substance.
- 4. Committing or attempting to comm.it a sexual assault or committing a sexual battery
- 5. Possession of an explosive

Title IX

Title IX Policy Prohibiting Discrimination on the Basis of Sex

This Title IX Policy Prohibiting Discrimination on the Basis of Sex ("Policy") contains the policies and grievance procedures of Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") to prevent and address sex discrimination, including but not limited to sexual harassment, sex-based hostile environment harassment, discrimination based on pregnancy or related conditions, sex-based discrimination in access to athletics or educational resources, and retaliation against a person who has reported sex discrimination.

MPS does not discriminate on the basis of sex and prohibits any acts of sex discrimination in any education program or activity that it operates, as required by California law, Title IX (20 U.S.C. § 1681 *et seq*.) and the Title IX regulations (34 C.F.R. Part 106), including in admission and employment.[1] MPS will take actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects.

This Policy applies to conduct occurring in MPS's education programs or activities on or after August 1, 2024 including but not limited to incidents occurring on the school campus, during school-sponsored events and activities regardless of the location, and through school-owned technology, whether perpetrated by a student, parent/guardian, employee, volunteer, independent contractor or other person with whom MPS does business.

Inquiries about the application of Title IX and 34 C.F.R. Part 106 (hereinafter collectively referred to as "Title IX") may be referred to the MPS Title IX Coordinator, the Office for Civil Rights of the U.S. Department of Education, or both.

Definitions

Prohibited Sex Discrimination

Title IX and California law prohibit discrimination on the basis of sex, including sex-based harassment and differences in the treatment of similarly situated individuals on the basis of sex with regard to any aspect of services, benefits, or opportunities provided by MPS. Discrimination on the basis of sex includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

Prohibited Sex-Based Harassment

Under Title IX, "sex-based harassment" means conduct on the basis of sex that satisfies one or more of the following:

- Quid pro quo harassment occurs when an employee, agent, or other person authorized by MPS to provide an aid, benefit, or service under MPS's education program or activity explicitly or impliedly conditions the provision of such an aid, benefit, or service on a person's participation in unwelcome sexual conduct.
- Hostile environment harassment is unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person's ability to participate in or benefit from MPS's education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:

[1] MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports and complaints of misconduct prohibited by this Policy.

    - The degree to which the conduct affected the complainant's ability to access MPS's education program or activity;
    - The type, frequency, and duration of the conduct;
    - The parties' ages, roles within MPS's education program or activity, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct;
    - The location of the conduct and the context in which the conduct occurred; and
    - Other sex-based harassment in MPS's education program or activity.
- Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
- Dating violence, meaning violence committed by a person:
    - Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
    - Where the existence of such a relationship shall be determined based on a consideration of the following factors:
        - The length of the relationship;
        - The type of relationship; and
        - The frequency of interaction between the persons involved in the relationship.
- Domestic violence, meaning felony or misdemeanor crimes committed by a person who:
    - Is a current or former spouse or intimate partner of the victim under applicable family or domestic violence laws, or a person similarly situated to a spouse of the victim;
    - Is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner;
    - Shares a child in common with the victim; or
    - Commits acts against a youth or adult victim who is protected from those acts under applicable family or domestic violence laws.
- Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to:
    - Fear for the person's safety or the safety of others; or
    - Suffer substantial emotional distress.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through MPS.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.
- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:

    - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
    - Retaliation against an individual who has articulated a good faith concern about sex-based harassment.
- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means a student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) MPS's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in MPS's education program or activity at the time of the alleged sex discrimination.

Complaint means an oral or written request to MPS that objectively can be understood as a request for MPS to investigate and make a determination about alleged sex discrimination.

Confidential Employee means an employee of MPS whose communications are privileged or confidential under Federal or State law (e.g., a licensed therapist or psychologist, etc.) or an employee whom MPS has designated as confidential under Title IX for the purpose of providing services to persons related to sex discrimination.

Party means a complainant or respondent.

Respondent means a person who is alleged to have violated MPS's prohibition on sex discrimination.

Supportive Measures are individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to a party to (1) restore or preserve that party's access to MPS's education program or activity, including measures that are designed to protect the safety of the parties or MPS's educational environment; or (2) provide support during MPS's grievance procedures or during an informal resolution process.

Title IX, Harassment, Intimidation, Discrimination, and Bullying Coordinator ("Coordinator")

The Board of Directors of MPS ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Meagan Wittek

Director of Student Services

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

mwittek@magnoliapublicschools.org

The Coordinator is responsible for coordinating MPS's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination and inquiries about the application of Title IX, addressing reports and complaints of sex discrimination and taking other actions as required by this Policy, monitoring for barriers to reporting conduct that reasonably may constitute sex discrimination, and taking steps reasonably calculated to address such barriers.

The Coordinator may serve as an investigator and/or decisionmaker for complaints, except in cases where doing so would constitute a conflict of interest. The Coordinator may delegate one or more of their duties to one or more designees who have received the required Title IX training and do not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. However, the Coordinator must at all times retain ultimate oversight over those responsibilities and ensure MPS's consistent compliance with Title IX.

Reporting Sex Discrimination

All employees who are not a confidential employee must promptly notify the Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX. This requirement does not apply to an employee when the employee is the person who was subjected to the conduct that reasonably may constitute sex discrimination.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. MPS will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Privacy

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.

Nothing in this Policy precludes MPS from requiring an employee or other person authorized by MPS to provide aid, benefit, or service under MPS's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.

Confidential Employees

Contact information for the confidential employees at MPS, if any, can be found on the MPS website or obtained from the Coordinator.

A confidential employee's status as confidential, for Title IX purposes, is only with respect to information received while the employee is functioning within the scope of their duties to which privilege or confidentiality applies or with respect to information received about sex discrimination in connection with providing services to persons related to sex discrimination.

A confidential employee must explain the following to any person who informs them of conduct that reasonably may constitute sex discrimination under Title IX:

- The employee's status as confidential for purposes of Title IX, including the circumstances in which the employee is not required to notify the Coordinator about conduct that reasonably may constitute sex discrimination;
- How to contact the Coordinator and how to make a complaint of sex discrimination; and
- That the Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under the grievance procedures.

Coordinator's Response to Reports of Sex Discrimination

When notified of conduct that reasonably may constitute sex discrimination, the Coordinator or designee must:

- Treat complainants and respondents equitably;
- Promptly offer and coordinate supportive measures, as appropriate, for the complainant;
- If grievance procedures are initiated or an informal resolution process is offered; offer and coordinate supportive measures, as appropriate, for the respondent; and
- Notify the complainant or, if the complainant is unknown, the reporting individual, of the grievance procedures and informal resolution process, if available and appropriate. If a complaint is made, the Coordinator will notify the respondent of the same.

In response to a complaint, the Coordinator will initiate the grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties. In the absence of a complaint or the withdrawal of any or all of the allegations in a complaint, and in the absence or termination of an informal resolution process, the Coordinator must determine whether to initiate a complaint by considering, at a minimum:

- Complainant's request not to proceed with a complaint and the complainant's reasonable safety concerns;
- Risk that additional acts of sex-based discrimination would occur if a complaint is not initiated;
- Severity of the alleged conduct, including whether the discrimination, if established, would require removal or discipline of a respondent to end the discrimination and prevent its recurrence;
- The age and relationship of the parties, including whether the respondent is an employee;
- The scope of the alleged conduct including but not limited to whether there is a pattern, ongoing conduct, or impact to multiple individuals;
- The availability of evidence and the complainant's willingness to participate in the grievance procedures; and
- Whether MPS could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures.

The Coordinator may initiate a complaint if the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or prevents MPS from ensuring equal access on the basis of sex to its education program or activity. The Coordinator or designee must notify the complainant before initiating a complaint and appropriately address reasonable safety concerns, including by providing supportive measures.

The Coordinator will take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

Supportive Measures

Once notified of conduct that reasonably may constitute sex discrimination under Title IX, the Coordinator or designee will promptly contact the complainant to offer and coordinate supportive measures, as appropriate, for the complainant. If the grievance procedures are initiated or informal resolution is offered, the Coordinator or designee will offer and coordinate supportive measures, as appropriate, for the respondent.

Supportive measures may include but are not limited to: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to one or more parties; leaves of absence; changes in class, work, housing,

or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Supportive measures must not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Supportive measures will be designed to protect the safety of the parties or MPS's educational environment, or to provide support during the grievance procedures or the informal resolution process.

Parties may contact the Coordinator to discuss modification of any supportive measures. Parties also have the opportunity to seek modification or termination of a supportive measure applicable to them if circumstances change materially.

If the party is not satisfied with the Coordinator's decision on the request to modify supportive measures, the party may contact the predetermined complaint officer for the MPS Board:

Fiorella Del Carpio

Chief People Officer

250 E 1st Street, Suite 1500, Los Angeles, CA, 90012

Office: (213) 628-3634 | Fax: (714) 362-9588

fdelcarpio@magnoliapublicschools.org

The appeal decision maker, who is an appropriate and impartial employee or who may designate such an employee, to seek modification or reversal of MPS's decision to provide, deny, modify, or terminate supportive measures applicable to them. The impartial employee is someone other than the Coordinator who made the challenged decision and has the authority to modify or reverse the decision.

If a party is a student with a disability, the Coordinator must consult with one or more members of the student's IEP Team and 504 Team, if any, in the implementation of supportive measures for that student.

Informal Resolution

At any time prior to determining whether sex discrimination occurred under MPS's Title IX grievance procedures, MPS may offer an informal resolution process to the parties. MPS does not offer or facilitate informal resolution to resolve a complaint that includes allegations that an employee engaged in sex-based harassment of an elementary school or secondary school student, or when such a process would conflict with Federal, State, or local law.

Before initiation of the informal resolution process, the parties will be provided with notice that explains:

- The allegations;
- The requirements of the informal resolution process;
- The right to withdraw and initiate or resume the grievance procedures;

- That the parties' agreement to a resolution at the conclusion of the informal resolution process precludes the parties' use of the grievance procedures arising from the same allegations;
- The potential terms that may be requested or offered in an informal resolution agreement (e.g., restrictions on contact and participation in activities or events) including notice that an informal resolution agreement is binding only on the parties; and
- What information is retained and whether and how it may be disclosed by MPS for use in grievance procedures if the grievance procedures are initiated or resumed.

Parties will not be required or pressured to agree to participate in the informal resolution process. MPS will obtain the parties' voluntary consent to participate in the informal resolution process. Parties may end the informal resolution process and proceed with the grievance procedures at any time.

The facilitator of the informal resolution process will not be the same person as the investigator or the decisionmaker in the grievance procedures. The facilitator cannot have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. The Coordinator will take appropriate prompt and effective steps to ensure sex discrimination does not continue or recur.

Grievance Procedures

Scope and General Requirements

MPS has adopted these grievance procedures to provide for the prompt and equitable resolution of complaints made by students, employees, or other individuals who are participating or attempting to participate in MPS's education program or activity, or by the Title IX Coordinator, alleging any action that would be prohibited by Title IX. Upon receipt of a complaint, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

MPS requires that any Title IX Coordinator, investigator, or decisionmaker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A decisionmaker may be the same person as the Coordinator or investigator.

MPS will treat complainants and respondents equitably. MPS presumes that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of its grievance procedures.

MPS may consolidate complaints of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.

MPS allows for the reasonable extension of timeframes on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If a timeframe is extended, the Coordinator or designee will notify the parties of the new timeframe and the reason for the delay.

MPS will take reasonable steps to protect the privacy of the parties and witnesses during its grievance procedures. These steps will not restrict the ability of the parties to obtain and present evidence, including by speaking to

witnesses; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the grievance procedures. The parties shall not engage in retaliation, including against witnesses.

MPS will objectively evaluate all evidence that is relevant and not otherwise impermissible—including both inculpatory and exculpatory evidence.[2] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

If a party is a student with a disability, the Coordinator or designee must consult with one or more members, as appropriate, of the student's IEP Team and 504 Team, if any, to determine how to comply with the requirements of the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973 ("Section 504") throughout the grievance procedures.

Dismissal

In most cases, MPS will determine whether a complaint is dismissed within fifteen (15) business days of receipt of the complaint.

MPS may dismiss a complaint if:

- MPS is unable to identify the respondent after taking reasonable steps to do so;
- The respondent is not participating in MPS's education program or activity and is not employed by MPS;
- The complainant voluntarily withdraws any or all of the allegations in the complaint, the Coordinator declines to initiate a complaint, and MPS determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
- MPS determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint on this ground, MPS will make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, the Coordinator or designee must promptly notify the complainant in writing of the basis for the dismissal and the complainant's right to appeal the dismissal on the following grounds within five (5) business days of the dismissal notice:

- Procedural irregularity that would change the outcome;
- New evidence that would change the outcome and that was not reasonably available when the determination whether sex-based harassment occurred or dismissal was made; and
- The Coordinator, investigator, or decisionmaker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that would change the outcome.

If the dismissal occurs after the respondent has been notified of the allegations, then the Coordinator or designee must also simultaneously notify the respondent in writing of the dismissal, the basis for the dismissal, and the respondent's right to appeal the dismissal on the above grounds within five (5) business days of the dismissal notice.

[2] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

If the complaint is dismissed, the Coordinator or designee will offer supportive measures to the complainant, as appropriate. The Coordinator or designee will also offer supportive measures to the respondent, as appropriate, if the respondent has been notified of the allegations. The Coordinator will continue to take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur. Dismissal does not preclude action under another applicable MPS policy.

Appeal of a Dismissal

If a dismissal is timely appealed in accordance with this Policy, the Coordinator or designee will promptly notify the parties in writing of the appeal, including notice of the allegations if such notice was not previously provided to the respondent, the contact information for the decisionmaker for the appeal, and the parties' right to submit a statement to the decisionmaker of the appeal in support of, or challenging, the outcome within five (5) business days of the appeal notice.

The decisionmaker for the appeal will be someone who has received the required Title IX training and did not take part in an investigation of the allegations or dismissal of the complaint. The appeal procedures will be implemented equally for the parties. Within fifteen (15) business days of the appeal notice to the parties, the decisionmaker will notify the parties in writing of the result of the appeal and the rationale for the result.

Notice of the Allegations

Upon initiation of the grievance procedures, the Coordinator or designee will provide notice of the allegations to the parties whose identities are known. The notice will include:

- MPS's grievance procedures and any informal resolution process;
- Sufficient information available at the time to allow the parties to respond to the allegations. Sufficient information includes the identities of the parties involved in the incident(s), the conduct alleged to constitute sex discrimination under Title IX, and the
  date(s) and location(s) of the alleged incident(s), to the extent that information is available to MPS;
- A statement that retaliation is prohibited; and
- A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of this evidence; and if MPS provides a description of the evidence, the parties are entitled to an equal opportunity to access to the relevant and not otherwise impermissible evidence upon the request of any party.

Emergency Removal

MPS may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with MPS's policies.

MPS may remove a respondent from MPS's education program or activity on an emergency basis, in accordance with MPS's policies, provided that MPS undertakes an individualized safety and risk analysis, determines that an imminent and serious threat to the health or safety of any person arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the IDEA, Section 504, or the ADA.

Investigation

Investigations of complaints will be adequate, reliable, and impartial. In most cases, a thorough investigation will take no more than twenty-five (25) business days. MPS has the burden to conduct an investigation that gathers sufficient evidence to determine whether sex discrimination occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed or considered, except by MPS to determine whether one of the exceptions listed below applies, and will not be disclosed), regardless of whether they are relevant:

- Evidence that is protected under a privilege recognized by Federal or State law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
- A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless MPS obtains that party's or witness's voluntary, written consent for use in the grievance procedures; and
- Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence about the complainant's prior sexual conduct is offered to prove that someone
  other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to
  prove consent to the alleged sex-based harassment. The fact of prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

The parties will have an equal opportunity to present fact witnesses and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible and to access such evidence. The parties may submit a written response to the investigator within five (5) business days of being provided with access to the evidence or an accurate description of it. The parties' timely submitted written responses, if any, will be considered by the investigator and decisionmaker before a determination of responsibility is made.

MPS will take reasonable steps to prevent and address any unauthorized disclosure of information or evidence by the parties.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker may interview parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is in dispute and relevant to evaluating one or more allegations of sex discrimination.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within fifteen (15) business days of the expiration of the timeframe for the parties to submit a written response to the evidence or an accurate description of it, the decisionmaker will notify the parties in writing of the determination whether sex discrimination occurred including the rationale for such determination, and the procedures and permissible bases for the complainant and respondent to appeal.

Appeal of the Determination of Responsibility

Should a party find MPS's determination unsatisfactory, the party may, within five (5) business days of notice of MPS's determination, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal must not have taken part in the investigation of the allegations.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of the appeal or
notice of the appeal; and 4) within fifteen (15) business days of the appeal, issue a written decision to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment. If there is a determination that sex discrimination occurred, the Coordinator or designee will coordinate the provision and implementation of any remedies and/or disciplinary sanctions ordered by MPS including notification to the complainant of any such disciplinary sanctions. The Coordinator will take appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within MPS's education program or activity.

No party, witness, or other person participating in MPS's grievance procedures will be disciplined for making a false statement or for engaging in consensual sexual conduct based solely on MPS's determination whether sex discrimination occurred.

Student Pregnancy and Related Conditions

MPS will not discriminate against any student or applicant based on their current, potential, or past pregnancy or related conditions. For more information about policies and procedures applicable to employees who are pregnant or have a related condition, please refer to the MPS employee handbook.

When a student, or a person who can legally act on behalf of the student, informs any employee of the student's pregnancy or related condition, unless the employee reasonably believes that the Coordinator has already been notified, the employee must promptly:

- Provide that person with the Coordinator's contact information; and

- Inform that person that the Coordinator can coordinate specific actions to prevent sex discrimination and ensure the student's equal access to MPS's education programs and activities.

If a student, or a person who has a legal right to act on behalf of the student, notifies the Coordinator of the student's pregnancy or related condition, the Coordinator or designee must promptly:

- Inform the student, and if applicable, the person who notified the Coordinator of the student's pregnancy or related conditions and has a legal right to act on behalf of the student, of MPS's obligations under:
    - 34 C.F.R. § 106.40(b)(1) through (5), which relates to the rights of students who are pregnant or have a related condition; and
    - 34 C.F.R. § 106.44(j), which includes rules on disclosures of personal information;
- Provide MPS's Title IX notice of nondiscrimination; and
- Consult with the student about potential reasonable modifications to policies, practices, or procedures as necessary to prevent sex discrimination and ensure equal access, and if the student accepts an offered reasonable modification, implement the modification.

A student who is pregnant or has a related condition will be provided with a lactation space other than a bathroom, that is clean, shielded from view, free from intrusion from others, and may be used for expressing breast milk or breastfeeding as needed.

A student who is pregnant or has a related condition may voluntarily take a leave of absence for the time deemed medically necessary by the student's licensed healthcare provider, or if the student so chooses, the time allowed under any MPS leave policy for which the student qualifies. A pregnant or parenting student is entitled to eight weeks of parental leave, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant.

Upon the student's return from leave, the student will be reinstated to the academic status, and, as practicable, to the extracurricular status that the student held when the leave began. The student will not be required to provide any kind of certification demonstrating their ability to physically participate in any class, program, or extracurricular activity unless:

- The certified level of physical ability or health is necessary for participation in the class, program, or extracurricular activity;
- Such certification is required of all students participating in the class, program, or extracurricular activity; and
- The information obtained is not used as a basis for sex discrimination.

Students who are pregnant or have a related condition will not be required to provide supporting documentation unless necessary and reasonable to determine reasonable modifications or additional actions related to lactation space, leaves of absence, or voluntary access to any available separate and comparable portion of the program.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All employees,

Coordinators and designees, investigators, decisionmakers, facilitators of the informal resolution process, and other persons who are responsible for implementing MPS's grievance procedures or have the authority to modify or terminate supportive measures will receive Title IX and sexual harassment training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

MPS will maintain the following records for at least seven (7) years:

- For each complaint of sex discrimination, records documenting the informal resolution process or the grievance procedures, and the resulting outcome.
- For each notification the Coordinator receives of information about conduct that reasonably may constitute sex discrimination, records documenting the actions MPS took to meet its obligations under 34 C.F.R. § 106.44.
- All materials used to provide required Title IX training. MPS will make these training materials available upon request for inspection by members of the public.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Harassment, Intimidation, Discrimination, and Bullying Policy

Discrimination, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, Magnolia Educational and Research Foundation, doing business as Magnolia Public Schools ("MPS") prohibits any acts of discrimination, harassment, intimidation, and bullying altogether.

As used in this policy, discrimination, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locs, and twists), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, MPS will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. MPS school staff who witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

This policy applies to incidents occurring on the school campus, at school-sponsored events and activities regardless of the location, through school-owned technology, and through other electronic means, whether perpetrated by a student, employee, parent/guardian, volunteer, independent contractor or other person with whom MPS does business, and all acts of MPS's Board of Directors ("Board") in enacting policies and procedures that govern MPS.[3]

MPS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

Definitions

Harassment means conduct based upon one or more of the protected characteristics listed above that is severe or pervasive, which unreasonably disrupts an individual's educational or work environment or that creates a hostile educational or work environment. Harassment includes, but is not limited to:

[3] This policy becomes effective on August 1, 2024. Conduct occurring before August 1, 2024 will be addressed in accordance with the former version of this policy, which was entitled "Title IX, Harassment, Intimidation, Discrimination and Bullying Policy."

- Verbal conduct such as epithets, derogatory jokes, comments or slurs.
- Physical conduct including assault, unwanted touching, intentionally blocking normal movement or interfering with work or school based on any of the protected characteristics listed above.
- Retaliation for reporting or threatening to report harassment.
- Deferential or preferential treatment based on any of the protected characteristics listed above.

Bullying is defined as any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

- Placing a reasonable student [4] or students in fear of harm to that student's or those students' person or property.
- Causing a reasonable student to experience a substantially detrimental effect on the student's physical or mental health.
- Causing a reasonable student to experience a substantial interference with the student's academic performance.
- Causing a reasonable student to experience a substantial interference with the student's ability to participate in or benefit from the services, activities, or privileges provided by MPS.

Cyberbullying is an electronic act that includes the transmission of harassing communication, direct threats, or other harmful texts, sounds, video or images on the Internet, social media, or other technologies using a telephone, computer, or any wireless communication device. Cyberbullying also includes breaking into another person's electronic account and assuming that person's identity in order to damage that person's reputation.

Electronic act means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

- A message, text, sound, video, or image.
- A post on a social network Internet Web site including, but not limited to:
    - Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in the definition of "bullying," above.
    - Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in the definition of "bullying," above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
    - Creating a false profile for the purpose of having one or more of the effects listed in the definition of "bullying," above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.
- An act of "Cyber sexual bullying" including, but not limited to:
    - The dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects

[4] "Reasonable student" is defined as a student, including, but not limited to, a student with exceptional needs, who exercises average care, skill and judgment in conduct for a person of the student's age, or for a person of the student's age with the student's exceptional needs.

described in definition of "bullying," above. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

- "Cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

- Notwithstanding the definitions of "bullying" and "electronic act" above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

Bullying and Cyberbullying Prevention Procedures

MPS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

Cyberbullying Prevention Procedures

MPS advises students:

- To never share passwords, personal data, or private photos online.
- To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
- That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
- To consider how it would feel receiving such comments before making comments about others online.

MPS informs its employees, students, and parents/guardians of MPS's policies regarding the use of technology in and out of the classroom. MPS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

Education

MPS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. MPS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at MPS and encourages students to practice compassion and respect each other.

MPS educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

MPS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

MPS informs MPS employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

Professional Development

MPS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other MPS employees who have regular interaction with students.

MPS informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries
- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

MPS also informs certificated employees about the groups of students determined by MPS and available research to be at elevated risk for bullying and provides its certificated employees with information on existing school and community resources related to the support of these groups. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

MPS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for MPS's students.

Complaint Procedures

Scope of the Complaint Procedures

MPS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

- Are written and signed;
- Filed by an individual who alleges that they have personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying based on a protected characteristic, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
- Submitted to the MPS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

MPS will comply with its Title IX Policy when investigating and responding to complaints alleging sex discrimination, including sex-based harassment, in its education program or activity, as applicable.

The following procedures shall be utilized for complaints of misconduct prohibited by this Policy that do not fall within the scope of MPS's Title IX Policy or comply with the writing, timeline, or other formal filing requirements of the UCP. A copy of MPS's Title IX Policy and UCP is available in the main office and on MPS websites.

Submitting a Report or Complaint

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this Policy for reporting alleged acts of misconduct prohibited by this Policy.

Reports and complaints of misconduct prohibited by this Policy shall be submitted to the Principal (or the Chief Executive Officer and Superintendent if the complaint is against the Principal) as soon as possible after the incidents giving rise to the report or complaint.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, and MPS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy, the reporting party is encouraged to submit a written report. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy and other verbal or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Principal, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

MPS acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter and/or complainant confidential, as appropriate, except to the extent necessary to comply with applicable law, carry out the investigation and/or to resolve the issue, as determined by MPS on a case-by-case basis.

MPS prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments

of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy.

Investigation and Response

Upon receipt of a report or complaint of misconduct prohibited by this Policy, the Principal or designee will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days.

At the conclusion of the investigation, the Principal or designee will, to the extent possible with respect to confidentiality laws, provide the complainant with information about the investigation and resolution of the incident/situation. However, the Principal or designee will not reveal confidential information related to other students or employees.

If the complaint is against the Principal, the Chief Executive Officer and Superintendent or designee will conduct a fact-finding investigation and provide the complainant with information about the investigation and resolution of the incident/situation.

Consequences

Students or employees who engage in misconduct prohibited by this Policy may be subject to disciplinary action up to and including expulsion from MPS or termination of employment.

Right of Appeal

Should a complainant find MPS's resolution unsatisfactory, for complaints within the scope of this Policy, the complainant may, within five (5) business days of notice of MPS's decision or resolution, submit a written appeal to the Chair of the MPS Board, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal. The decisionmaker for the appeal will notify the complainant of the final decision.

Uniform Complaint Policy and Procedures

Uniform Complaint Procedures (UCP) Policies and Procedures

Magnolia Public Schools ("MPS" or "Charter School") complies with applicable federal and state laws and regulations. MPS is the local agency primarily responsible for compliance with federal and state laws and regulations governing educational programs. Pursuant to this policy, persons responsible for compliance and/or conducting investigations shall be knowledgeable about the laws and programs, which they are assigned to investigate.

Scope

This complaint procedure is adopted to provide a uniform system of complaint processing ("UCP") for the following types of complaints:

1. Complaints alleging unlawful discrimination, harassment, intimidation or bullying against any protected group on the basis of the actual or perceived characteristics of age, ancestry, color, mental disability, physical disability, ethnic group identification, immigration status, citizenship, gender expression, gender identity, gender, genetic information, nationality, national origin, race or ethnicity, religion, medical condition, marital status, sex, or sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any MPS program or activity.
2. Complaints alleging a violation of state or federal law or regulation governing the following programs:
    - Accommodations for Pregnant and Parenting Pupils;
    - Adult Education;
    - After School Education and Safety;
    - Career Technical Education;
    - Career Technical and Technical Training;
    - Child Care and Development;
    - Compensatory Education;
    - Consolidated Application;
    - Course Periods without Educational Content;
    - Education of Pupils in Foster Care, Pupils who Are Homeless, Migratory Pupils, former Juvenile Court Pupils now Enrolled in a public school and Children of Military Families;
    - Every Student Succeeds Act;
    - Local Control & Accountability Plans (LCAP)/LCFF;
    - Migrant Education;
    - Physical Education Instructional Minutes;
    - Pupil Fees;
    - Reasonable Accommodations to a Lactating Pupil;
    - Regional Occupational Centers and Programs;
    - School Plans for School Achievement;
    - School Safety Plans;
    - Schoolsite Councils.
3. Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.
    a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

    i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory or is for credit.

    ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

    iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. A pupil fees complaint and complaints regarding local control and accountability plans ("LCAP") only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with Education Code sections 52060 - 52077, including an allegation of a violation of Education Code sections 47606.5 or 47607.3, as referenced in Education Code section 52075, regarding local control and accountability plans.

d. If MPS finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, MPS shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by MPS to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or MPS and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable. If MPS adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 are governed by Title 7, Code of Federal Regulations ("C.F.R.") sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.MPS acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. MPS cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, MPS will attempt to do so as appropriate. MPS may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or

proceedings, as determined by the CEO, MPS campus Principal, or designee on a case-by-case basis. MPS shall ensure that complainants are protected from retaliation.

Compliance Officer

The Board of Directors designates the following compliance officer(s) to receive and investigate complaints and to ensure MPS' compliance with law:

CEO and Superintendent
Magnolia Public Schools
250 E. 1st St STE 1500
Los Angeles, CA 90012
(213) 628-3634

Upon receipt of a complaint, the CEO will appropriately assign to the Principal of the MPS campus attended by the complainant. That Principal and/or designee shall investigate the complaint, with oversight by the CEO.

The CEO or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the CEO or designee.

Should a complaint be filed against the CEO, the compliance officer for that case shall be the President of the MPS Board of Directors.

Notifications

The CEO or designee shall make available copies of this Policy free of charge. The annual notice of this Policy will be made available on MPS' website.

MPS shall annually provide written notification of MPS' UCP to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in MPS speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language.

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that MPS is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that MPS is operating pursuant to Title 22 licensing requirements.
3. A statement that MPS is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.
6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal MPS' decision to the CDE by filing a written appeal within thirty (30) calendar days of the date of MPS' decision, except if MPS has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals MPS' decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended

by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.

9. A statement that if MPS finds merit in a UCP complaint, or the CDE finds merit in an appeal, MPS shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3.
11. A statement that copies of MPS' UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints which allege that MPS has violated federal or state laws or regulations enumerated in the section "Scope," above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency, or organization may file a written complaint of alleged noncompliance or unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy.

A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CEO, Principal, or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CEO, Principal, or designee shall be made in writing. The period for filing may be extended by the CEO, Principal, or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The CEO, Principal, or designee shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the MPS Board of Directors approved the LCAP or the annual update was adopted by MPS.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, MPS staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process. Before initiating the mediation of an unlawful discrimination, harassment,

intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information. If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint. The use of mediation shall not extend MPS' timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint
The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or a complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

MPS' refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Step 4: Final Written Decision
MPS shall issue an investigation report (the "Decision") based on the evidence. MPS' Decision shall be in writing and sent to the complainant within sixty (60) calendar days of MPS' receipt unless the timeframe is extended with the written agreement of the complainant. MPS' Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether MPS is in compliance with the relevant law.
3. Corrective actions, if MPS finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal MPS' Decision within thirty (30) calendar days to the CDE, except when MPS has used its UCP to address a complaints that are not subject to the UCP requirements.
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of MPS' expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the CDE

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) calendar days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with MPS and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. MPS failed to follow its complaint procedures.
2. Relative to the allegations of the complaint, MPS's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in MPS' Decision are not supported by substantial evidence.
4. The legal conclusion in MPS' Decision is inconsistent with the law.
5. In a case in which MPS' Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE that the complainant has appealed the Decision, the Principal or designee, under oversight by the CEO, shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.
5. A copy of MPS' complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to MPS for resolution as a new complaint. If the CDE notifies MPS that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, MPS will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusions of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decision remains in effect and enforceable, unless stayed by a court. The CDE may directly intervene in the complaint without waiting for action by MPS when one of the conditions listed in 5 C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, MPS has not taken action within sixty (60) calendar days of the date the complaint was filed with MPS.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of MPS' complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if MPS has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

General Complaint Procedures

The ultimate purpose of this general complaint procedure is to encourage the growth and development of MPS as a healthy community. Conflict is often a part of any development or growth process and may arise in any community. An effective process for resolving conflict is therefore both consistent with the vision and mission of MPS, and an essential component of the communication model that our School has adopted.

MPS recognizes that effective communication is paramount in effective conflict resolution and therefore strongly encourages communication strategies that include: Taking personal responsibility for one's own feelings and needs; communication that mutually acknowledges the needs and concerns of one another; and demonstrating honesty and integrity in every interaction.

LEVEL 1: Direct Resolution

If reasonably possible, general complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the person directly using conflict resolution skills without the intervention of a supervisor or other School administrator. It is the hope of MPS that most disputes can be resolved informally by direct and healthy communication between individuals. Such attempts at informal resolution should be documented in writing to assist the Principal (or CEO & Superintendent) and/or Board of Directors to participate effectively in the conflict's resolution.

Examples:

- Pedagogical issues pertaining to anything that occurs in the classroom, i.e., teaching, curriculum, classroom management, or teacher-student relationships, should be addressed directly with the class teacher. Teachers can be contacted by email, written note or via appointment.
- Complaints/concerns about employees or supervisors that do not involve complaints of discrimination or harassment or violations of law should be first addressed with the employee or supervisor directly. If the person(s) involved are unable to resolve the conflict or complaint, the complainant should contact the immediate/appropriate supervisor in an effort to resolve the issue.

LEVEL 2: School Level Resolution

At this step, the complainant should be prepared to give details about the complaint and steps taken to resolve it. The immediate/appropriate supervisor will acknowledge receipt of the complaint in **three (3)** working days, investigate the complaint, a process which normally involves a discussion with the complainant, gathering of relevant facts and evidence, and respond to the complainant within **ten (10)** working days.

Examples:

- Pedagogical, academic or teacher related issues should be addressed with the Dean of Academics/Assistant Principal.
- Student behavior and discipline issues should be addressed with the Dean of Students/Assistant Principal.
- All other issues should be addressed with the Principal.

If the complainant is not satisfied with the response from the immediate/appropriate supervisor, e.g., Dean of Academics/Students or Assistant Principal or the complaint should be directly addressed with the Principal, the complainant should contact the Principal, who will respond within the same timeline. If the complainant is still dissatisfied, and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the CEO & Superintendent of MPS in an effort to resolve the issue.

LEVEL 3: MPS Home Office ("Home Office") Level Resolution

At this step, the complainant should fill out the attached **"General Complaint Procedures Form"** giving details about the complaint and steps taken to resolve it, and contact the CEO & Superintendent of MPS at:

CEO & Superintendent
Magnolia Public Schools
250 E. 1st St. Ste 1500
Los Angeles, CA 90012
(213) 628-3634

The CEO & Superintendent (designee) will acknowledge receipt of the written complaint in **five (5)** working days, attempt to identify a resolution that is acceptable to both parties, within **fifteen (15)** working days of the receipt of the written complaint.

If the complainant is not satisfied with the response from the CEO & Superintendent (designee), and wishes to take it further, the complainant, in writing, should bring the matter to the attention of the MPS Board of Directors ("the Board.")

LEVEL 4: Board Level Resolution*

At this step, the complainant can file a written complaint with the Board through the Administrative Assistant at the MPS Home Office. *(Same contact information as in Level 3)* The complainant should update the "General Complaint Procedures Form" that was used in Level 3. The Administrative Assistant will acknowledge receipt of the written complaint in **five (5)** working days. The Board may consider the matter at its next regular Board meeting or at a special board meeting convened in order to meet the internal 60-day target within which MPS strives to answer the complaint. The Board may decide not to hear the complaint, in which case the CEO & Superintendent's decision will be final. If the Board hears the complaint, the Administrative Assistant will send the Board's decision to the complainant within **sixty (60)** days of the School's initial receipt of the complaint or within the time period that has been specified in a written agreement with the complainant. The decision of the Board shall be final.

> ***** For MSA-San Diego, MSA-San Diego Governance Committee will work with the Principal and the Home Office in following the General Complaint Procedures to resolve internal complaints and conflicts before they escalate to the MPS Board level.

The complainant has a right to appeal the Board's decision to the California Department of Education (CDE). In that case, the complainant needs to fill out a **"Uniform Complaint Procedure Form"** - provided in this handbook – and file it within **fifteen (15)** days of receiving the decision. The appeal must include a copy of the complaint filed with the School and a copy of the Board's decision. The appeal should be sent to:

> California Department of Education
> 1430 N Street
> Sacramento, CA 95814

MAGNOLIA PUBLIC SCHOOLS

General Complaint Procedures Form

Last Name: First Name/MI:

(if applicable) Student Name: Grade: Date of Birth:

Street Address/Apt. #:

City: State: Zip Code:

Home Phone: Cell Phone: Work Phone:

1. Please give facts about the complaint. Provide details such as the names of those involved, dates, whether witnesses were present, etc., that may be helpful to the complaint investigator.

2. Have you discussed your complaint or brought your complaint to any MPS personnel? If you have, to whom did you take the complaint, and what was the result?

3. Please provide copies of any written documents that may be relevant or supportive of your complaint.

   I have attached supporting documents. ☐ Yes ☐ No

Signature Date

Mail complaint and any relevant documents to:

Professional Boundaries: Staff/Student Interaction Policy

MPS recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of School personnel:

Examples of PERMITTED actions (NOT corporal punishment):

- Stopping a student from fighting with another student;
- Preventing a pupil from committing an act of vandalism;
- Defending yourself from physical injury or assault by a student;
- Forcing a pupil to give up a weapon or dangerous object;
- Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
- Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

Examples of PROHIBITED actions (corporal punishment):

- Hitting, shoving, pushing, or physically restraining a student as a means of control;
- Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
- Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

Acceptable and Unacceptable Staff/Student Behavior

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust.

Some activities may seem innocent from a staff member's perspective but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with

students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

Duty to Report Suspected Misconduct

When any employee becomes aware of another staff member having crossed the boundaries specified in this policy, he or she must speak to this staff member if the violation appears minor, or report the matter to school administrators. If the observed behavior appears significant, it is the duty of every staff member to immediately report it to an administrator. All reports shall be confidential. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

Examples of Specific Behaviors - Unacceptable Staff/Student Behavior (Violations of this Policy)

- Giving gifts to an individual student that are of a personal and intimate nature;
- Kissing of any kind;
- Any type of unnecessary physical contact with a student in a private situation;
- Intentionally being alone with a student away from the school;
- Making or participating in sexually inappropriate comments;
- Sexual jokes;
- Seeking emotional involvement with a student for your benefit;
- Listening to or telling stories that are sexually oriented;
- Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding;
- Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.
- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Unacceptable Staff/Student Behavior without Parent and Supervisor Permission:

These behaviors should only be exercised when a staff member has parent and supervisor permission.

- Giving students a ride to/from school or school activities;
- Being alone in a room with a student at school with the door closed;
- Allowing students in your home.

Cautionary Staff/Student Behaviors

These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence.

- Remarks about the physical attributes or development of anyone;
- Excessive attention toward a particular student;
- Sending emails, text messages or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

- Getting parents' written consent for any after-school activity;
- Obtaining formal approval to take students off school property for activities such as field trips or competitions;
- E-mails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology);
- Keeping the door open when alone with a student;
- Keeping reasonable space between you and your students;
- Stopping and correcting students if they cross your own personal boundaries;
- Keeping parents informed when a significant issue develops about a student;

- Keeping after-class discussions with a student professional and brief;
- Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries;
- Involving your supervisor if conflict arises with the student;
- Informing the Executive Director about situations that have the potential to become more severe;
- Making detailed notes about an incident that could evolve into a more serious situation later;
- Recognizing the responsibility to stop the unacceptable behavior of students or coworkers;
- Asking another staff member to be present if you will be alone with any type of special needs student;
- Asking another staff member to be present when you must be alone with a student after regular school hours;
- Giving students praise and recognition without touching them;
- Pats on the back, high fives and handshakes are acceptable;
- Keeping your professional conduct a high priority.

Dress Code/Uniforms

MPS has a uniform policy to help create a safe, orderly environment, instill discipline, and eliminate the competition and distractions caused by varied dress styles. Students are expected to arrive in a clean and neat uniform every day. This uniform policy will be enforced from the very first day of school. Students shall cooperate, display modesty and neatness, and take pride in the MPS uniform. We rely on both student and parent/guardian support in helping to maintain this uniform policy and follow it daily.

In addition to wearing the school uniform, MPS requires that students follow these additional guidelines in terms of uniform appearance and personal appearance. **If any aspect of the uniform, including clothes, shoes, jewelry, cosmetics, or any type of body adornment, is not explicitly listed as acceptable in this handbook, then that item is not permitted to be worn when the student is at school or representing the school.** If you have any questions, please check with administration.

If a student is unable to wear the school uniform to school due to extenuating circumstances, please communicate with the school administration.

A Free MPS Uniform Set

MPS will provide a safe, nurturing, and engaging learning environment for all our students and families. Academic and social-emotional support will be provided to address student needs as well as instructional materials including a free uniform set.

MPS will make one uniform set of required MPS logo uniform pieces available to each student free of charge for the student's use during the school year. If parents/guardians or students want to purchase additional MPS logo pieces, they may do so through the school's uniform vendors.

Religious Head Coverings

Religious head coverings shall be permitted.

Free Dress & Theme Dress Days Code

Free Dress days are earned at the discretion of the administration. These days are granted at different times of the year for positive behavior and special occasions. Violation of this policy may result in loss of free dress privileges for the remainder of the school year.

- On free dress days, clothing must be in good taste and appropriate for school. Clothing should not be inappropriately tight, revealing, or transparent.
- The school's dress code is strictly enforced during free dress days as well. All students must follow the same guidelines with the exception of not wearing their uniform.

- T-shirts are acceptable; however, printing on clothing must be suitable for school - no suggestive, vulgar, or profane language or images are permitted, as well as clothing that promotes alcohol, drugs, tobacco, or other controlled substances.
- Mini-skirts, skirts, and shorts should be no shorter than your longest finger when standing with your hands by your sides. Jeans may be worn during free dress days but cannot be inappropriately tight or baggy; no tattered jeans are allowed.
- Visible undergarments (including boxer shorts, bras, etc.) are not allowed.
- Midriffs, backless or sideless shirts or dresses, halter tops, or tank tops with straps less than 1-inch strap in width are NOT allowed.
- Hats for sun protection must only be worn outside of the school building(s) and classrooms. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.
- Gloves, bandanas, or sunglasses are not permitted to be worn in school, except for medical reasons. Head coverings worn for purposes of religious observance are permitted.
- Neatness and good grooming are required.

MPS Student Uniform Policy

<table>
<tr>
<td>B
O
T
T
O
M</td>
<td>

Pants, shorts, skirts, skorts, or capris are acceptable.
Skirts, pants, shorts, skorts, or capris must be either khaki color, black or navy blue.

<u>Belts</u> (required for all variations of dress uniform)

Smooth, straight edge, all black, all blue or all brown belts no wider than 1½ inches with a plain, unadorned buckle (no mesh, rope, or all metal).
The buckle may only have one catch.
Belt must be of correct waist size, so that there is minimal excess length (less than five inches).
Any excess length of belt must be tucked through a belt loop and may not hang down.

</td>
<td rowspan="2">
<u>Pants/Skirts/Skorts/Shorts</u>

May not be baggy or inappropriately tight. May not be rolled at waist. Top of garment must be at or above hip bone.
Skorts/shorts should be no shorter than your longest finger when standing with your hands by your sides.
Skirts that are above the top of the kneecap should be worn with leggings/tights and must be no shorter than the longest fingertip.
Pants may not be made from legging or jegging material.
Pants must touch the top of the shoes when the student is standing, but not be long enough to bunch up around the ankle. Socks may not be worn over pants.
Rubber bands are not allowed on the bottom of pants or ankles.
No jean/denim style pants
No Cargo pants/shorts.
Must have a built-in pocket not a sewn-on pocket.

<u>Undergarments</u>
All undergarments, including bras, boxer shorts, etc., should not be visible
<u>Other Guidelines</u>

Woven shirt or polo shirt must be tucked in neatly at the waist at all times. These shirts may not be inappropriately tight or baggy.
Undershirts must be short-sleeved if worn.
The student may choose to button, or not button, the top button of the woven shirt. All other buttons of the woven shirt must be buttoned.
Under shirt may not hang out of sleeves.

</td>
</tr>
<tr>
<td>T
O
P</td>
<td>

White, gray, black or navy-blue polo or woven shirts must have the school logo. They may be either short or long sleeved.
Hoods may not be worn at school.
Top of garment must be at or above hipbone when student is standing up.

</td>
</tr>
</table>

<table>
<tr>
<td>FOOTWEAR</td>
<td>

For all footwear including “athletic” footwear, the majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)
Plain, unadorned socks must always be worn, tights are also acceptable. Color of the socks or tights: Solid black, dark brown, navy blue or white.
No sandals, boots, clogs, mules, slippers, flip flops, high heels, platform shoes or shoes with wheels.

</td>
<td rowspan="3">
<u>Shoes</u>

Acceptable athletic shoes must be low-profile with minimal design. They must be modest and not attract attention. Shoelaces must match shoes and be in solid color.

<u>Jewelry and Accessories/Cosmetics</u>

Should be modest, appropriate for school, and not attract undue attention.
Necklaces: If worn must be underneath uniform. If visible through an open collar, it must be tasteful and formal (no leather or string). Pendants must not be large or attract attention. Must be tucked in collar of shirt.
No “glitter”, decorations, or drawing of any kind should be visible on the skin, hair, body, or uniform,
Facial, tongue, and body piercing are not allowed.
Bracelets: Must be tasteful and not attract undo attention.
Visible tattoos are not acceptable. Permanent visible tattoos must be covered by a flesh-tone bandage while at school or representing the school.
Cosmetics must be appropriate for school and not attract undue attention.

No brightly colored or glitter eye shadow, or blush.
Mascara and eyeliner should be minimal.
Lipstick should be a natural color.
Earrings must be studs or one (1) inch hoops and worn on earlobe.

</td>
</tr>
<tr>
<td>PE UNIFORM</td>
<td>

<u>Top:</u> Students will wear a solid gray t-shirt, preferably with the MPS logo. Solid white, gray, black, or navy blue sweatshirts with or without the MPS logo may also be worn during PE.
<u>Bottom:</u> Properly fitting navy shorts. Waist size of shorts must be appropriate to student’s waist size (i.e. not inappropriately tight or baggy). Shorts should be no shorter than your longest finger when standing with your hands by your sides <u>Footwear:</u> Any athletic shoes suitable for basketball, tennis, and field sports. The majority of the shoe must be a solid color that aligns with the school's neutral dress code. Acceptable colors include black, brown, white, or gray. Small to no logos are preferred. (Shoes must be closed toe.)

</td>
</tr>
<tr>
<td>OUTERWEAR</td>
<td>

Hats, hoods, caps, and other headgear may not be worn in school buildings, except for purposes of religious observance. No gloves or finger lacing of any sort are allowed. Hats must be a solid color that aligns with the school uniform and is free of any logos, with the exception of the school logo. Acceptable colors include solid white, gray, black, or navy-blue.

<u>For colder weather</u>

Crew-neck and zip v-neck sweatshirt and jackets are permitted, with or without the MPS logo.
Sweatshirts and jackets must be solid white, gray, black, or navy-blue.

</td>
</tr>
</table>

Notes

- If a student is unable to wear the school uniform to school due to extenuating circumstances, you need to check with your school’s administration
- Each individual MPS school may include site-specific amendments into the uniform policy addressing local issues

RESPONSE

Disaster Response Procedures

The purpose of these procedures is designed to offer clear guidance and instructions for safety and emergency preparedness, aimed at safeguarding the well-being of both students and staff during critical situations. The subsequent sections outline specific procedures tailored to various emergency scenarios.

1. Ensuring the safety and welfare of students and staff.
2. Facilitating a secure and coordinated response to diverse emergency situations.
3. Safeguarding the school's facilities and property.
4. Efficiently restoring normal conditions with minimal confusion in the shortest time possible.
5. Establishing a seamless interface and coordination between the school and local authorities and resources.

Emergency and Crime Response

In the case of an emergency, the general policy is that actions should be taken to allow the school to remain in operation to the extent possible. The situation should be addressed to minimize interruption of normal operations at the school, and students will usually be cared for until regular dismissal time. Where an emergency poses a serious threat to the safety and well-being of students and staff, evacuation will occur until any danger has passed. When necessary, the school may be dismissed by the School Principal or designee. The Home Office will also be informed using the Home Office Support Team (HOST) communication system (refer to HOST Crisis Communication). HOST will also collaborate with the Crisis Response Team and coordinate response as needed, particularly in the area of mental health support. In the event of the following scenarios, the principal or designee will communicate with stakeholders using the school's mass communication system.

Fire

In the event of a fire at our school, the following procedures will be promptly implemented:

- Discovery of Fire: Upon discovering a fire, teachers or staff members will immediately guide all occupants out of the building, activate the fire alarm, and promptly report the incident to the school administrator.
- Incident Command and Evacuation: The principal or designee will assume the role of the Incident Commander and initiate the Evacuate Building action. Staff and students will follow prescribed or safe routes to evacuate buildings, assembling at designated Assembly Areas.
- Emergency Services Notification: The school principal or designee will contact 911, providing precise details about the fire's location (e.g., building, room, area).
- Evacuation Accountability: During an evacuation, teachers will carry student rosters and any necessary emergency supplies, taking attendance at the Assembly Area to ensure accountability for all students. Special attention will be given to students with cognitive disabilities to ensure their understanding of directions. Teachers will promptly inform the Assembly Area Team of any missing students.
- Security Measures: The administrative team will secure the affected area to prevent unauthorized entry and maintain clear access roads for emergency vehicles.
- Utilities and Post-Incident Actions: The administrative team will notify the relevant utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will communicate with and update parents promptly via ParentSquare, ensuring transparent and timely information dissemination.

These procedures are designed to prioritize the safety and well-being of all occupants. Regular training and drills will reinforce these protocols, promoting a swift and coordinated response during an actual emergency.

Lockdown

This protocol is enacted in response to identified or directed threats of violence or gunfire by law enforcement, aiming to prevent perpetrators from entering any occupied campus areas. The purpose of a lockdown is to secure the school during police actions, campus intrusions, community incidents, or other real or perceived threats to the school's security.

Lockdown Procedures:

- Initiating Lockdown: Lockdown is declared when the threat of violence or gunfire is identified. All personnel must adhere to this protocol to ensure the safety of everyone on campus.
- Secure Classrooms or Designated Safe Locations: During Lockdown, students are required to remain in locked classrooms or designated safe locations. It is imperative to keep classroom doors locked at all times.
- Immediate Actions for Classes: Upon receiving the lockdown announcement:
    - Classes will remain in their rooms.
    - Redirect any students in hallways or outdoors into the nearest locked classroom.
    - Physical education classes will relocate to secure areas such as the gym, auditorium, or multi-purpose room.
- Safety Measures within Classrooms: Once in the secured location:
    - Move students to the most protected areas in the room and lock the door.
    - Instruct students to face away from windows, keeping their backs toward windows.
    - Close and lock all doors and windows.
    - If possible, cover windows by lowering blinds, closing slots, drawing curtains, or pulling shades.
- Lights and Power: Turn off lights, power equipment, appliances, and ensure cell phones are on silent mode. Maintain silence in the room to avoid detection.
- Attendance and Student Accountability: Take and report attendance as feasible. Teachers must account for any students with cognitive disabilities who may require additional assistance or may not have fully understood the directions.
- Remain in Secured Locations: All personnel must remain in the secured room until further instructions are received from official sources.

This Lockdown Procedure is designed to prioritize the safety of all individuals on campus. Regular drills and ongoing training will familiarize staff and students with these protocols, ensuring a swift and coordinated response during an actual emergency.

Lockdown Drill Guidelines

1. Lockdown drills shall not be “high-intensity” drills. This means they will not include simulations that mimic an active shooter or other armed assailant incident, and shall not, (i) use fake blood or theatrical makeup or other materials to give the impression of injury or death, (ii) shall not involve the use of actors or other individuals posing as armed assailants or victims, and (iii) shall not train students to actively resist an assailant by throwing objects, attaching, or swarming the assailant.

2. Lockdown drills shall not use real weapons, gunfire blanks, or explosions.

3. The school will ensure a trauma-informed approach to the design and implementation of the drill that ensures the drill process (i) is age and developmentally appropriate, (ii) is only conducted after advance notice of the drill and its expected length of time are given to all parents/guardians and school employees subject to the drill; (iii) provides an opportunity for parents/guardians to opt out their student out of the drill; (iv) is preceded by an announcement of the lockdown drill and is followed by a closing announcement; (v) is followed by a notice to parents/guardians after the drill has concluded; and (vi) provides contact information for community-based

resources to parents/guardians, students, and staff who are negatively impacted by the drills, which prioritizes school based resources.

Medical Emergency

Medical emergencies or accidents may occur unexpectedly, involving students or employees. Depending on the severity, some incidents may only require first aid, while others demand immediate medical attention. In any uncertainty, prioritize caution and promptly dial 911.

- Emergency Reporting: In the event of a medical emergency involving a student or employee, immediately report the incident to the School Principal or designated personnel. Dial 911 or instruct someone to do so. When reporting, provide the following essential information:
    - School name and phone number.
    - Building address, along with the nearest cross street(s).
    - Exact location within the building.
    - Your name and phone number.
    - Nature of the emergency.
      Stay on the line until advised to disconnect by the dispatcher.
- School Notification: Notify the school office about the injured individual and the initiation of an ambulance call. Request the dispatch of a first aid/CPR-trained employee to assist the victim.
- Assistance and Victim Care: Maintain composure during the emergency. Keep the victim warm with a coat or blanket.
- Avoid moving the victim unless there is a risk of further injury. Refrain from offering any food or drink to the victim.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Opioid Overdose Response Protocol

Administration of Naloxone (Narcan)
Provide emergency Naloxone (Narcan) or another opioid antagonist to trained school personnel, with designated volunteers receiving initial and annual refresher training for the storage and emergency use of these medications. Responding to medical emergencies, particularly opioid overdoses, and the safe administration of Naloxone within the school environment. This plan aims to ensure the well-being of students and staff and to provide timely and effective intervention in the event of an opioid-related emergency.

Identification of Potential Overdose Cases:

- Training is provided to school staff, including teachers, administrators, and support staff, on recognizing the signs of opioid overdose, such as respiratory distress, unconsciousness, or pinpoint pupils.

Naloxone Training:

- The school designates key personnel, such as school nurses and selected staff members, to undergo specialized training in the administration of Naloxone.
- Training includes recognizing signs of overdose, proper administration techniques, and post-administration procedures.

Emergency Response Protocol, in the event of a suspected opioid overdose

- Maintain accessible and strategically located Naloxone kits within the school, particularly in areas where medical emergencies are more likely to occur.
- Trained personnel authorized to administer Naloxone during emergencies, and trained to follow the outlined step-by-step process for administering Naloxone, emphasizing proper dosage, injection techniques, and post-administration monitoring.

- After administration of Naloxone, staff shall immediately call emergency services (911) to report the incident and request urgent medical assistance
- Establish a post-administration monitoring procedure to ensure the individual's vital signs are stable. If necessary, continue to provide supportive care until emergency medical services arrive.
- Documentation: Draft a comprehensive incident report detailing the medical emergency. Submit the incident report to the School Principal or designated personnel before the end of the next workday.

Administration Procedure
This Medical Emergency Protocol is designed to ensure swift and organized responses in times of need. Regular training and drills will familiarize staff with these procedures, promoting a safe and supportive environment within our school community.

Earthquakes

Earthquakes can occur without warning, often followed by aftershocks that may persist for weeks or months. The impact on buildings varies, making it crucial to remain calm and act promptly during and after the shaking.

- Stay Calm and Assess: Keep calm during the shaking and remain in your current location. Assess the situation before taking action. Remember, injuries often result from flying or falling debris.
- Drop, Cover, and Hold On: Upon the first indication of an earthquake, teachers should instruct students to Drop, Cover, and Hold On.
- Move to Safety: Move away from windows and overhead hazards to avoid glass and falling objects.
- Students with Disabilities: Students with disabilities preventing them from seeking protection under furniture should:
    - Move away from unsecured items in the room.
    - Go to a structural corner away from cabinets, shelves, and windows.
    - Lock wheelchair wheels and protect their head and neck with their hands.

After the Earthquake

- Incident Commander Activation: When the shaking stops, the principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation Procedures: Staff and students will evacuate using prescribed or safe routes to the Assembly Area.
- Attendance and Student Accountability: Teachers will bring their student roster and emergency supplies, taking attendance at the Assembly Area. Special attention will be given to students with cognitive disabilities.
- Missing Students Notification: Teachers will notify the Assembly Area Team of missing students or any student left behind.
- Security Measures: The administrative team will secure the area to prevent unauthorized entry and ensure clear access roads for emergency vehicles.
- Utilities and All Clear: Notify the appropriate utility company of damages. Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.
- Parent Communication: The principal or designee will notify and update parents promptly via ParentSquare.

This Earthquake Response Protocol is designed for the safety and well-being of all individuals on campus. Regular drills and training will reinforce these procedures, fostering a resilient and prepared school community.

Assaults

Assaults, involving acts of striking or inflicting injury on a person, are considered serious matters, demanding immediate attention and appropriate action. Any threat or assault on students or employees requires prompt

reporting to the School Principal or designated personnel. The decision to involve law enforcement officials will be determined by the School Principal or designee.

General Reporting Steps:

- Immediate Reporting: Report any threat or assault on students or employees promptly to the School Principal or designee.
- Law Enforcement Notification: The School Principal or designee will assess the severity and decide whether law enforcement officials should be notified.

In Case of Serious Assault:

- Emergency Services: Dial 911 immediately.
- Seek Medical Attention: Seek first aid or medical attention for any injuries sustained during the assault, if indicated.
- Document Injuries: Have photographs taken of any injuries as part of the documentation process.
- Assailant Description: Write down a detailed physical description of the assailant as soon as possible after the incident, including sex, age, height, weight, race, clothing, and any weapon used.
- Witness Information: Obtain names and telephone numbers of any witnesses present during the assault.
- Incident Report: Draft an incident report detailing the circumstances of the assault.
- Submission to School Principal: Submit the incident report to the School Principal or designee for review.
- Law Enforcement Involvement: The School Principal or designee will submit an incident report to local law enforcement if the assault is deemed serious.

This Assault Incident Protocol is designed to ensure a swift and comprehensive response to any assault situation. Regular training and awareness programs will support the school community in understanding and implementing these procedures effectively.

Biochemical/Hazardous Materials

A biological or chemical release involves the discharge of substances in solid, liquid, or gaseous states, with potential incidents ranging from chemical spills in school laboratories to hazardous material incidents adjacent to the school. Early detection and swift response are essential to ensure the safety of students and staff.

Indicators of Release:

- Multiple victims with symptoms such as watery eyes, twitching, choking, loss of coordination, trouble breathing.
- Presence of distressed animals or dead birds.

Response Procedures:

- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating the Evacuate Building action.
- Evacuation and Isolation: Staff and students will use designated routes to the Assembly Area, upwind of the affected area. Those exposed to contaminants should be isolated from the rest of the school population.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details and the nature of the emergency.
- Area Isolation and Access Restriction: The administrative team, under the Incident Commander's instructions, will isolate and restrict access to potentially contaminated areas.
- Ventilation and Air Handling Measures: The Security/Utilities Team will turn off local fans, close windows and doors, and shut down the building’s air handling system.
- Parent Communication: The principal or designee will promptly notify and update parents via ParentSquare.

- Decontamination and Triage: Individuals in direct contact with hazardous substances should wash affected areas with soap and water. Outer clothing layers, potentially contaminated, should be removed and contained. The Triage Team will evaluate and monitor exposed individuals.
- Assembly Area Team Responsibilities: Prepare a list of all people in the affected or contaminated area, specifying those with actual contact. Provide the list to the Incident Commander and emergency responders.
- Crisis Team Activation: The Crisis Response Team will convene on-site, initiating counseling and recovery processes.
- Area Reopening: Affected areas will not reopen until clearance is provided by the appropriate agency, such as Los Angeles County HazMat, and the Incident Commander authorizes it.
- All Clear Activation: Once the incident concludes, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

These protocols ensure a comprehensive and coordinated response to biochemical/hazardous material incidents, prioritizing the safety and well-being of the school community. Regular drills and training will enhance preparedness and awareness.

Disorderly Conduct

Disorderly conduct, whether exhibited by a student, staff member, or visitor, can pose a threat to the safety and well-being of the school community. The following protocols are established to ensure a measured and effective response:

- Immediate Action: Upon witnessing disorderly conduct, staff should take immediate steps to calm and control the situation, prioritizing the safety of all individuals involved. If safe to do so, attempts should be made to isolate the perpetrator from other students and staff.
- Witness Statements: Witnesses are encouraged to provide written statements detailing the incident for follow-up by the school administrator and/or law enforcement agency.
- Notification to Principal: Staff witnessing disorderly conduct should promptly notify the principal or designee.
- Incident Commander Activation: The principal or designee becomes the Incident Commander, initiating appropriate emergency functions such as Lockdown, Evacuate Building, or Off-site Relocation.
- Emergency Services Notification: The Incident Commander will call 911, providing precise location details (e.g., building, room, area) of the incident.
- Immediate Threat Response: If an immediate threat is not evident, the Incident Commander or designated staff may attempt to defuse the situation. Approach the individual in a calm, nonconfrontational manner and request they leave the campus, avoiding hostile situations.
- Family Notification (if applicable): In the case of a student involved, every effort should be made to notify the family, as they may provide valuable insights on handling the situation.
- Parent Communication: The Incident Commander will promptly notify and update parents via ParentSquare, as necessary.
- Threat Assessment/Management Team Activation: The Incident Commander and team will assess whether activating the threat assessment/management team (Crisis Response Team) is warranted.
- All Clear Activation: Once the incident concludes, and the campus is determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are designed to address disorderly conduct swiftly and efficiently, prioritizing the safety of the school community and providing necessary support and communication channels. Regular training and drills will enhance preparedness and response capabilities.

Vandalism

In the event of school vandalism, the following procedures are to be adhered to for a comprehensive and effective response:

- Notification of School Authority: Promptly notify the school principal or designee of the vandalism incident.
- Building and Grounds Personnel Notification: Notify building and grounds maintenance personnel to assess and address the immediate physical impact.
- Assessment of Severity: The School Principal, or designee, will assess the seriousness of the situation, gauging the level of assistance required, which may involve engaging local law enforcement.
- Identification of Perpetrators: If possible, attempt to identify the individuals involved in the act of vandalism.
- Witness Interviews and Statements: Conduct interviews with witnesses and obtain written statements detailing the incident.
- Documentation Process: Document the incident promptly, preparing an incident report that includes any witness statements. Submit this report to the School Principal or designee.
- Parent/Guardian Notification: Notify parents or legal guardians of the affected students about the vandalism incident.
- Disciplinary Measures: Determine appropriate disciplinary measures in response to the act of vandalism.
- Restitution Assessment: Evaluate any monetary restitution issues arising from the vandalism and determine the applicable amounts.

These procedures are established to ensure a systematic response to vandalism incidents, address immediate concerns, identify responsible parties, and implement appropriate disciplinary and restitution measures. Regular communication with parents and legal guardians is crucial for maintaining transparency and fostering a sense of responsibility within the school community.

Loss or Failure of Utilities

In the event of a utility failure, encompassing the loss of water, power, or other essential utilities on school grounds, the following comprehensive procedures are to be followed:

- Immediate Action for Broken Utility Lines: In the case of a broken water or electrical line, make an immediate effort to shut off water or power to the affected area. Simultaneously, notify the school administrator without delay.
- Incident Commander Designation: Upon receiving notification of a utility loss, the principal or designee assumes the role of Incident Commander. The Incident Commander will initiate appropriate emergency functions, including potential actions like Shelter in Place or Evacuate Building.
- Communication with MPS General Counsel & Facilities Department: The Incident Commander, during business hours, will promptly notify the MPS General Counsel & Facilities Department, specifying the location and nature of the emergency. The preferred vendor list may be engaged based on the Incident Commander's discretion.
- Utility Company Coordination: MPS General Counsel & Facilities Department personnel, collaborating with the Incident Commander, will contact the affected utility company. This communication aims to ascertain the necessity of their assistance, recommended actions, and the anticipated duration of the service interruption.
- Evacuation Procedures: If the Evacuate Building action is warranted, teachers will evacuate with student rosters and essential classroom emergency supplies. Attendance will be taken in a safe location. Special consideration will be given to students with cognitive disabilities.
- Parent Notification via ParentSquare: The Incident Commander will inform and update parents promptly through ParentSquare.
- Utilization of Emergency Supplies: School emergency supplies will be deployed as needed to compensate for the utility loss.
- All Clear Action: Once the incident is concluded, and the campus is deemed safe, the Incident Commander will initiate the All Clear action.

- Specific Concern Protocols: In addition to the outlined procedures, the Incident Commander will implement specific protocols tailored to the nature of the utility concern (e.g., loss of water supply, power outage).

These procedures are established to ensure a swift, organized, and effective response to utility failures, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Bomb Threat/Suspicious Package

In response to the discovery of a suspicious package on campus grounds or the receipt of a threatening phone call indicating a potential explosion risk, the following procedures are implemented:

Response to Threatening Phone Calls:

- Immediate Action: The call taker aims to keep the caller on the line while alerting someone else to call 911. Simultaneously, the staff member calling 911 provides essential information to the operator:
  - Nature of threat on the phone line
  - School name
  - Phone number of the line receiving the threat
  - Name and contact information of the staff member
- Informing the Principal: The person answering the threat call informs the principal immediately and gathers and records information about the call, addressing bomb threat questions such as location, timing, appearance, motive, and contact details.
- Voice Analysis and Background Evaluation: Questions are complemented by evaluating the caller's voice and background noise for characteristics such as gender, age, accent, speech clarity, and background environment.
- Incident Commander Designation: The principal or designee assumes the role of the Incident Commander, advising the school. Law enforcement may instruct the school to wait for officers to arrive and conduct an investigation. The Incident Commander, in consultation with law enforcement, determines appropriate emergency functions, such as Drop, Cover and Hold On, Lockdown, Evacuate Building, or Relocation.

Discovery of Suspicious Packages or Objects:

- Cell Phone and Radio Precautions: If unusual or suspicious packages, boxes, or foreign objects are discovered, all cell phones and hand-held radios are turned off to prevent potential triggering by radio frequencies.
- Object Discovery Protocol: Report the discovery to the Incident Commander while securing the immediate area without touching or disturbing the object. No attempt should be made to investigate or examine a suspicious object.
- Parent Notification via ParentSquare: The Incident Commander notifies and updates parents through ParentSquare.

Evacuation Procedures:

- Incident Commander's Decision: The Incident Commander, consulting with law enforcement, may alter emergency functions based on the situation. In case of a confirmed threat or bomb discovery, the Evacuate Building action is issued.
- Safe Evacuation: Staff and students evacuate using safe routes to the Assembly Area.
- Attendance and Missing Students: Teachers bring student rosters, take attendance at the Assembly Area, and account for students. Special consideration is given to students with cognitive disabilities. Teachers notify the Assembly Area Team of missing students.

Post-Incident Actions:

- Crisis Response Team: The Crisis Response Team convenes on-site for counseling and recovery.
- Inspection and All Clear: School activities do not resume until proper authorities inspect affected buildings and declare them safe. The Incident Commander initiates the All Clear action after the incident concludes.
- Off-Site Relocation: The Incident Commander may initiate an off-site relocation if conditions warrant.

- Incident Report: Following the incident, the Incident Commander completes a comprehensive bomb threat report for analysis and reflection.

These procedures are established to ensure a swift, organized, and effective response to bomb threats and suspicious packages, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Explosions/Risk of Explosions

In the unfortunate event of an explosion or the risk of explosion at the school, the following procedures should be followed:

- Initiate Drop, Cover, and Hold On: In the event of an explosion, all individuals should immediately initiate the Drop, Cover, and Hold On protocol.
- Incident Commander and Emergency Services: The principal or designee becomes the Incident Commander and promptly calls 911 to provide precise details of the emergency, including the location (e.g., building, room, area) and the nature of the incident.
- Consultation and Emergency Functions: The Incident Commander will consult with available law enforcement and, considering the potential for another imminent explosion, determine appropriate emergency functions. Actions may include Shelter in Place, Evacuate Building, or Relocation. Evacuation may be required in some buildings on campus, with others serving as shelters.
- Evacuation Procedures: In the event of an evacuation, staff and students will use prescribed routes or other safe routes to proceed to the Assembly Area.
- Attendance and Notifications: During evacuation, teachers will bring the student roster and any classroom emergency supplies and take attendance at the Assembly Area to account for students. Teachers are responsible for accounting for students with cognitive disabilities who may not have understood the directions, and they will notify the Assembly Area Team of missing students. The Incident Commander will promptly notify and update parents via ParentSquare.
- Medical Assistance: The Triage Team will promptly check for injuries and provide appropriate medical assistance.
- Utilities and Building Security: The Incident Commander will notify the appropriate utility company of any damages to water lines, sewers, power lines, and other utilities. The administrative team will secure the building entrance to prevent unauthorized persons from entering the school buildings.
- Search and Rescue Activities: If it is determined safe to enter affected areas, the Incident Commander will direct the administrative team to initiate search and rescue activities.
- Reopening and Clearance: Any areas affected by the explosion will not be reopened until the Los Angeles County HazMat or the appropriate agency provides clearance, and the Incident Commander authorizes such action.
- Relocation Procedures: The Incident Commander may initiate a Relocation if conditions warrant such a decision.
- All Clear and Conclusion: Once the incident has concluded, and the campus has been determined to be safe, the Incident Commander will initiate the All Clear action.

These procedures are established to ensure a swift, organized, and effective response to explosions or the risk of explosions at school, minimizing disruptions and prioritizing the safety and well-being of students and staff.

Fighting or Riots

When dealing with a fight or the potential escalation to a riot, school staff should adhere to the following guidelines:

Fighting:

- Communication and Assistance: Utilize radio units or cell phones for communication. If not feasible, send a reliable student to the office to seek assistance. Speak loudly, demanding an immediate cessation of the behavior.

- Collaboration and Intervention: Seek assistance from other teachers to address the situation. If students begin to gather, work swiftly to disperse them.
- Identification and Intervention: Call out the names of involved students, if known, and inform them of their identification. For serious fights, especially those involving weapons, seek additional help from law enforcement personnel.
- Separation and De-escalation: Attempt to separate involved students using an assertive tone. Consider age, size, and personal safety before intervening physically. If successful in separating students, avoid further confrontational behavior. Allow students time to talk in a calm setting to gradually change the climate of the situation.

Riots:

- Prevention and Sensitivity: Encourage teachers and staff to be sensitive to the emotional climate and defuse tensions before problems escalate.
- Law Enforcement and Assessment: Notify local law enforcement of the disturbance and convene at a pre-designated site to evaluate the situation.
- Emergency Response Plans: Have a law enforcement officer assess and call for necessary resources, such as backup and emergency medical assistance.
- Activate emergency plans, including:
    - Instruct office staff to handle communications and initiate lockdown orders.
    - Notify transportation for appropriate buses for evacuation.
    - Assign staff to a temporary detention facility and log information.
    - Direct a teacher or designee to initiate lockdown and immobilize the campus.
- Collaboration and Communication: Collaborate with the MPS Outreach & Communications Department to brief a representative for media interactions.
- Medical Treatment and Triage: Assign staff to a pre-designated medical treatment/triage facility.

Remember, these protocols are established to ensure a swift, organized, and effective response, prioritizing the safety and well-being of students and staff during such incidents.

Crisis Response

A school crisis is an unexpected critical incident that poses a safety threat or disrupts the school day, impacting teaching, learning, and overall well-being. Common reactions include shock, confusion, and fear. While each crisis may affect individuals differently, it can have a broad and immediate impact on students and adults. Examples include accidents, violent incidents, deaths, natural disasters, or acts of terrorism.

Multi-Tiered Crisis Response Team Model:

Tier I: School Site Crisis Response Team:

- Initiates crisis response, assesses needed services, and provides direct interventions.
- Determines the need for additional assistance from the Home Office.
- May be activated during emergencies or as a stand-alone team.

Tier II: Academic Department (Director of Special Education and Services; Director of Student Services):

- Contacted by the school site for support beyond the team's scope.
- Provides consultation, direct intervention, assistance with communications, and guidance for recovery/SEL support.

Tier III: MPS Home Office Crisis Response Team:

- Engaged based on collaboration between the Academic Department and the school site.
- Offers consultation, direct intervention, communication support, and recovery guidance.

Crisis Response Procedures:

- Activation and Assessment: The principal or designee, as the Incident Commander, activates the School Site Crisis Response Team. The team, in collaboration with the Incident Commander, assesses the impact and triages students, staff, and parents/guardians.

- Direct Intervention Services: The Crisis Response Team delivers crisis intervention services, including psychological first aid.
- Restoration of School Functions: Advises and assists the Incident Commander in restoring regular school functions efficiently and quickly.
- Limiting Exposure and Ongoing Assessment: Takes measures to limit exposure to scenes of trauma, injury, and death. Provides ongoing assessment of needs and follow-up services as required.

These protocols are designed to ensure a comprehensive, organized, and effective response to crises, prioritizing the well-being of students, staff, and the school community.

Active Shooter/Gunfire

In the event of a threat of violence on campus or the sound of gunfire, lockdown procedures should be immediately implemented. An Active Shooter on Campus is defined as an individual or individuals on school grounds armed with a firearm, having caused injury or death with the firearm and demonstrating continued threat.

Procedures for Staff:

- Upon the first indication of an active shooter, staff must promptly notify the principal or designee, who assumes the role of Incident Commander.
- The Incident Commander initiates a lockdown, the recommended emergency response.
- A call to 911 is made, providing precise details of the incident. A designated person should remain on the line with the police if safe.
- Establish communication with classrooms through school phones, email, cell phones, or radios to keep everyone informed.
- Notify MPS Home Office through the HOST channel and request assistance.
- Collaborate with the MPS Outreach & Communications Department to inform and update parents via ParentSquare.

Principal/Designee and Crisis Response Team Responsibilities:

- Secure perimeter gates and ensure all individuals are safely behind locked doors.
- Initiate the process of accounting for all students and staff.
- Calm and control students through regular announcements. If safe, maintain separation between students and the perpetrator.
- If imminent danger is identified with an active shooter on campus, Rapid Relocation may be initiated, ensuring students are not placed in the gunman's path.

Rapid Relocation Procedures:

- Encourage quick evacuation through any safe exit. If leaving campus, the preferred off-site relocation point is chosen if the route is safe.
- Inform local law enforcement of the decision to leave campus and the chosen destination. Keep them updated on students and staff not reaching the relocation point.
- Calm students, establish a perimeter for safety, and re-establish Incident Command teams with available staff.
- The Triage Team collaborates with first responders for medical attention to the injured.
- The Incident Commander prepares a verified list of the wounded and their transport locations, coordinating with the School Site Crisis Response Team for parent notifications.
- All media inquiries are directed to the MPS Home Office Outreach & Communications Department.
- Once the incident concludes and the campus is declared safe, the Incident Commander initiates the All Clear action.
- A debrief session with staff and school police officers is conducted by the Incident Commander.

These crisis response protocols are established with the paramount goal of ensuring the safety, well-being, and efficient recovery of students, staff, and the school community in the face of unforeseen critical incidents. The

collaboration between school personnel, law enforcement, and relevant agencies is crucial to swiftly and effectively address emergencies, minimize disruptions, and support the emotional and physical recovery of those affected. By adhering to these comprehensive procedures, we aim to create a secure and resilient environment conducive to the continued growth and success of our educational community.

Use of Facilities

In the event of disasters or emergencies, the school is committed to supporting the mandated emergency procedures established by law enforcement, government, or public safety agencies. This ensures that students and both certificated and classified staff follow necessary protocols, enabling the school to serve as a mass care and welfare shelter, to the extent necessary and appropriate.

Evacuation

In the event that community conditions or internal school circumstances necessitate a site evacuation, the following steps should be undertaken:

- The principal or designee assumes the role of Incident Commander and will communicate evacuation instructions via the PA system. If the PA system is unavailable, alternative communication methods, such as messengers, will be employed. The principal will convey a calm demeanor, offer reassuring comments, affirm that the situation is under control, and provide clear directions.
    - Example Statement: "Your attention, please. We need to evacuate all buildings. Teachers are to take their students and roll books to the assembly area and report to their designated area. Students are to remain with their teacher. Teachers need to close the classroom door when all the students have left."
- The Incident Commander will activate the fire alarm system as a signal to initiate the evacuation process.
- Designated emergency team members/staff will secure medications, related documents, and other essential medical supplies/equipment, such as First Aid Kit, CPR, AED, Epi-Pen, and Sharps container.
- Teachers will instruct students to evacuate the building using designated routes and assemble in their assigned Assembly Area.
- Teachers will bring student rosters and any classroom emergency supplies, take attendance once the class is assembled in a safe location, and account for students with cognitive disabilities who may not have fully understood the directions. Missing students will be listed on the Missing Persons Report.
- Once assembled, teachers and students will remain in place until further instructions are provided.
- The Incident Commander will make necessary notifications to the Home Office and parents.
- Upon the conclusion of the incident and confirmation of campus safety, the Incident Commander will initiate the All Clear action.

Procedures for Responding to Students Who Self-Injure

Self-injury, characterized by the deliberate act of harming one's own body, is often an unhealthy coping mechanism for emotional pain, intense anger, or frustration. While this behavior may lack suicidal intent, it can escalate the risk of suicide due to underlying emotional issues. Consequently, students exhibiting self-injurious behaviors should be assessed for suicide risk.

Signs and Symptoms of Self-Injury:

- Frequent or unexplained bruises, scars, cuts, or burns.
- Consistent, inappropriate use of clothing to conceal wounds.
- Possession of sharp objects such as razor blades, shards of glass, or thumbtacks.
- Evidence of self-injury in journals, drawings, social networking sites, etc.

Risk Factors of Self-Injury:

- Age, with a higher prevalence among teenagers and young adults.
- Influence of friends engaging in self-injury.
- Psychosocial factors, including neglect, abuse, or traumatic events.

- Mental health issues, such as depression, anxiety disorders, post-traumatic stress disorder, and eating disorders.
- Alcohol or drug abuse.

Protocol for Responding to Self-Injury:
- Respond immediately or as soon as practically possible.
- Supervise the student at all times.
- Seek medical attention as needed.
- Conduct an administrative search for access to means such as razor blades, shards of glass, other sharp instruments, or medications.
- Assess for suicide risk using appropriate protocols.
- Communicate with and involve the parent/guardian to address the self-injurious behavior promptly.

Awareness for Parents/Caregivers:
- Encourage appropriate coping and problem-solving skills.
- Listen calmly and empathetically, avoiding shaming reactions.
- Develop a safety plan with the student.
- Notify identified adults in the safety plan and provide information on the adult gatekeepers.

Self-Injury and Contagion:
- Respond immediately to identified students.
- Assess each student for suicide risk individually.
- Supervise students separately if identified as engaging in self-injurious behaviors.
- Consider making a mental health referral for students exhibiting self-injurious behaviors.

Response to Self-Injury and Contagion within the School Community:
- Address self-injury with students individually.
- Avoid discussing self-injurious behaviors in group settings.
- Conduct informational parent meetings, inviting all parents/guardians for psycho-education, awareness, and tools for addressing self-injurious behaviors.
- Supervise students and children during parent/guardian meetings.
- Consult with the Outreach & Communications Department for dissemination of information regarding parent/guardian meetings or other media matters.

These procedures are established to ensure a compassionate and effective response, prioritizing the well-being of students and fostering a safe and supportive school environment.

Procedures for Assessing and Responding to Reports of Dangerous, Violent, or Unlawful Activity

Magnolia takes its role in providing a safe and trusted learning environment very seriously. If any student, family member, or member of the school's extended community learns of any dangerous, violent, or unlawful activity that they believe has occurred, is occurring, or may occur at the school or at or near any school-sponsored or school-related event or location, they are strongly encouraged to report that activity—anonymously if necessary—to the Principal.

A report can be sent by a legible written note, by email, or by telephone to the following: jchoe@magnoliapublicschools.org. Reports should include place, time, the general nature of the activity being reported, whether any life-threatening activity or weapons are involved, and any other important

details. Any report of activity that imminently threatens or involves an imminent potential loss of life should first be made to 9-1-1, immediately.

Magnolia shall promptly review every report received as soon as possible, shall make a record of every report received, and shall make a reasonable inquiry into each, as necessary, to ensure to the greatest reasonable extent that no dangerous, violent, or unlawful act occurs at any school-related or school-sponsored event, or on school-provided transportation to any such event. The investigatory response taken by the school and actions taken will be logged as well.

Floor Plan

A floor plan of the school site buildings and grounds, which indicates the location of all exits, utility shut-offs, fire extinguishers, and emergency equipment and supplies, will be maintained and updated, as necessary. The floor plan should also indicate the outdoor assembly area(s) and evacuation route(s) from the site. (This item is stored with the plant manager and also located in the office of the School Principal)

A copy of the floor plan will be posted in each classroom at the school, in the school hallway, and at the school's main office. Staff should familiarize themselves with the contents of the floor plan and with evacuation procedures.

Emergency Drills

The school shall conduct emergency drills on a regular basis to prepare for possible evacuation in case of an emergency. The School Principal, or designee, will specify the date and time of emergency drills. All students and staff are required to participate in these mandated drills.

The School Principal, or designee, will designate an outdoor assembly area(s) where students and staff will gather whenever the building is evacuated. Unless instructed otherwise by public safety officials, students and staff will gather by class and attendance will be taken. The names of any missing individuals will be relayed to search and rescue teams and public safety officials.

School Safety Management Team and Operations

The Principal is the overall director of the School Safety Management Team and will appoint those members of the staff necessary to respond to issues of safety at the School and in the case of an emergency. Depending upon the nature of an emergency, additional administrative, teaching, and support staff may also be part of the team but may act only when assigned specific duties by the Principal or designee.

Guidelines for Handling the Media

Whenever a natural disaster or crisis situation occurs, media coverage is a certainty. School staff and administrators are encouraged to follow these guidelines when dealing with the media. The School Principal should assign a school spokesperson to deal directly with the media.

- Develop a written statement for dissemination.
- Get the maximum amount of information out to the media - and thus the public - as rapidly as possible.
- Appoint a spokesperson (usually the principal).
- Keep the staff informed through one person.
- Be proactive with the media.
- Contact the media before they contact the school.
- Set geographic and time limits.
- Explain restrictions.
- Hold the press accountable.
- Create positive relations with the media before an emergency crisis occurs.
- Stress-positive actions were taken by the school.

- Announce new changes made after the incident has passed.

Parental Notification

In the case of an emergency requiring evacuation of the school site, parents will be notified as soon as possible. At the beginning of each school year, all parents will be asked to provide emergency contact information, sign an emergency medical release form for their child, and designate persons who are authorized to pick up their child in the event of an emergency. Schoolwide communication will be sent via ParentSquare.

Safety Supply/Equipment

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for ensuring the availability and delivery of adequate supplies and equipment during the course of an emergency. The team members should be familiar with emergency supplies cached in the emergency bin and any other campus location, such as classrooms.

The School Principal and/or designee, alongside the School Safety Management Team, is responsible for directing team activities and keeping everyone informed of the overall status. Furthermore, responsible for assessing the adequacy of available water, food, sanitation, and other supplies and organizing the distribution of resources for immediate use. Specific duties may include

- Reporting equipment and supply needs
- Estimate the number of persons requiring food/shelter/care
- Work Incident Commander to determine the length of time care will be needed
- Inventory supplies on hand
- Distributing emergency water and food supplies
- Setting up and maintaining sanitation stations
- Confirming supply/equipment needs for any persons with special needs fulfilled
- Controlling conservation of water

Supplies and Equipment for the School Safety Management Team include:

- Hand-held two-way radio
- Keys
- Bullhorn
- Emergency water supplies - water carriers, cups, hand pumps, etc.
- Emergency food supplies
- Temporary power supplies
- Cell phones
- Sanitation supplies

Emergency and first aid supplies are necessary when an emergency or injury occurs at the school. Emergency and first aid supplies should be kept in the school's central office and in individual classrooms as needed. At the beginning of each school year, each classroom will receive a classroom safety kit. Suggested items in case of an emergency:

- Blankets
- Matches
- Pillows
- Bottled Water
- Flashlights
- Paper Towels
- Batteries
- Wet Wipes
- Radio (battery operated)
- Sheets
- Candles

Suggested first aid items:

- Assorted Band-Aids
- Gauze
- Sterile Water (for burns)
- Tape
- Scissors
- Tweezers
- Bandages
- Instant Ice Packs
- Ace Bandages
- Package of Sewing Needles
- Slings
- Antibacterial salve
- Steri-strips or butterfly stitches
- Disposable gloves
- Face masks
- CPR (disposable mouthpieces)
- Current first aid book

In case of an emergency evacuation, staff will take this kit to the evacuation site, along with an attendance sheet.

Plant Inspections

The School Principal, or designee, with the assistance of local support personnel where necessary, will inspect and ensure that the school is clean, and secured, all paths of egress are open and well lit is essential to the safety and well-being of all students and staff members of Magnolia Public Schools.

Essential Checklist: Plant Inspections

- A walk-through will be performed at least twice annually by the principal and/or designee to ascertain any unsafe conditions that are hazardous to the staff or student's physical or mental well-being.
- The complete emergency routes used by all students to travel to and from the assembly area should be inspected. Ensure that there are no barriers to students with specific mobility needs.
- Within a month of the start of the new school year, the School Safety Committee will review the walk-through. A timeline for the completion of necessary corrections will be reviewed and assessed monthly.
- The School Principal and/or designee will be responsible for inspecting the campus regularly for the following conditions:
    - All non-structural hazards in classrooms and other sites where students are served will be eliminated. These hazards may include incompatible chemical storage; unsecured objects on high shelves; trees or shrubs that require pruning; trip hazards; exposed nails; screws or bolts; equipment in need of repair, or any other condition that could constitute a hazard.
    - All damaged fences will be reported and corrected as soon as possible.
    - Playground facilities and equipment will be inspected regularly for hazards. Repairs must be made as soon as possible.
    - All non-functioning lighting fixtures must be reported and corrected as soon as possible.

RECOVERY

Schools as Pillars of Support in Emergencies
Schools play a pivotal role in aiding members of the learning community in both preparing for and recovering from emergencies or disasters. Whether stemming from natural events like earthquakes, fires, and loss, or man-made events such as tragic incidents, student overdoses, or acts of terror, a school's approach to post-emergency support is most effective when it addresses diverse levels of need among students. The provision of varying degrees of support, including opportunities for smaller group meetings, becomes critical for those requiring more in-depth assistance, thereby complementing the general support offered to all students.

In the aftermath, the responsibility for implementing recovery strategies typically falls on the shoulders of school psychologists, counselors, social workers, and potential community mental health partners, all of whom may serve as members of the Crisis Response Team. Encouragingly, all adults involved are urged to contribute by modeling calm, caring, and thoughtful behavior.

Supporting Someone After a Crisis
When supporting someone after a crisis, it is important to be present and supportive. Use verbal, nonverbal, and paraverbal communication to convey your care and concern. Ask open-ended questions to identify how they are feeling and listen with empathy. Do not rush them to talk about the incident.

If you are feeling overwhelmed, take some time to gain your composure. Ask for a staff member to step in if you need to leave the room. Coordinate with other staff to address the immediate needs of the staff involved.

It is important to remember that you cannot provide effective support until you have reached physical and emotional calm.

Guiding Therapeutic Rapport through Time
1. Supporting in the Present - Helps rebuild relationships and build bridges of communication. The trust and relationship that you establish at this point are crucial to the de-escalation of a future crisis.
2. Understanding the Past - Allows the person to reflect on their actions and consider the impact on others. This helps to uncover what happened and identify any patterns and Precipitating Factors, which can help in planning for the future.
3. Planning for the Future - Results in learning and development of approaches by collaborating and problem-solving. Planning creates a sense of responsibility and ownership for the individual. It also helps staff prevent crisis behaviors and improve their approaches.

Therapeutic Rapport Considerations
When engaging with individuals in therapeutic settings, it is crucial to take into account several factors that significantly influence the dynamics of the counseling relationship:
- Age: An individual's age plays a pivotal role in shaping their ability to comprehend and actively participate in therapy. Consider the developmental stage, as younger children might struggle to express emotions or grasp complex concepts, while older adults bring different life experiences and concerns.
- Cognitive Functioning: Cognitive abilities vary among individuals, affecting their capacity to process information and follow instructions. Modify therapeutic approaches to accommodate diverse cognitive functioning levels and ensure effective communication.
- Culture: Cultural background deeply influences expectations about counseling and communication styles. Cultivate respect for individuals' cultural values and beliefs, recognizing the potential impact of cultural differences on the therapeutic relationship.
- Gender Identity: An individual's gender identity significantly shapes their experiences and interpersonal connections. Create an affirming and safe space that respects and acknowledges clients' gender identities, fostering an environment conducive to exploring gender expression.

- Previous Life Experiences: Past life experiences profoundly mold an individual's thoughts, emotions, and behaviors. Be attuned to the potential impact of these experiences on the therapeutic relationship, recognizing their role in shaping an individual's progress.

In acknowledging and adapting to these diverse factors, support staff can enhance the effectiveness of therapeutic interventions, fostering a more inclusive and supportive environment for all individuals seeking assistance.

Strategies for the Crisis Response Team: Supporting Students and Staff After a Crisis

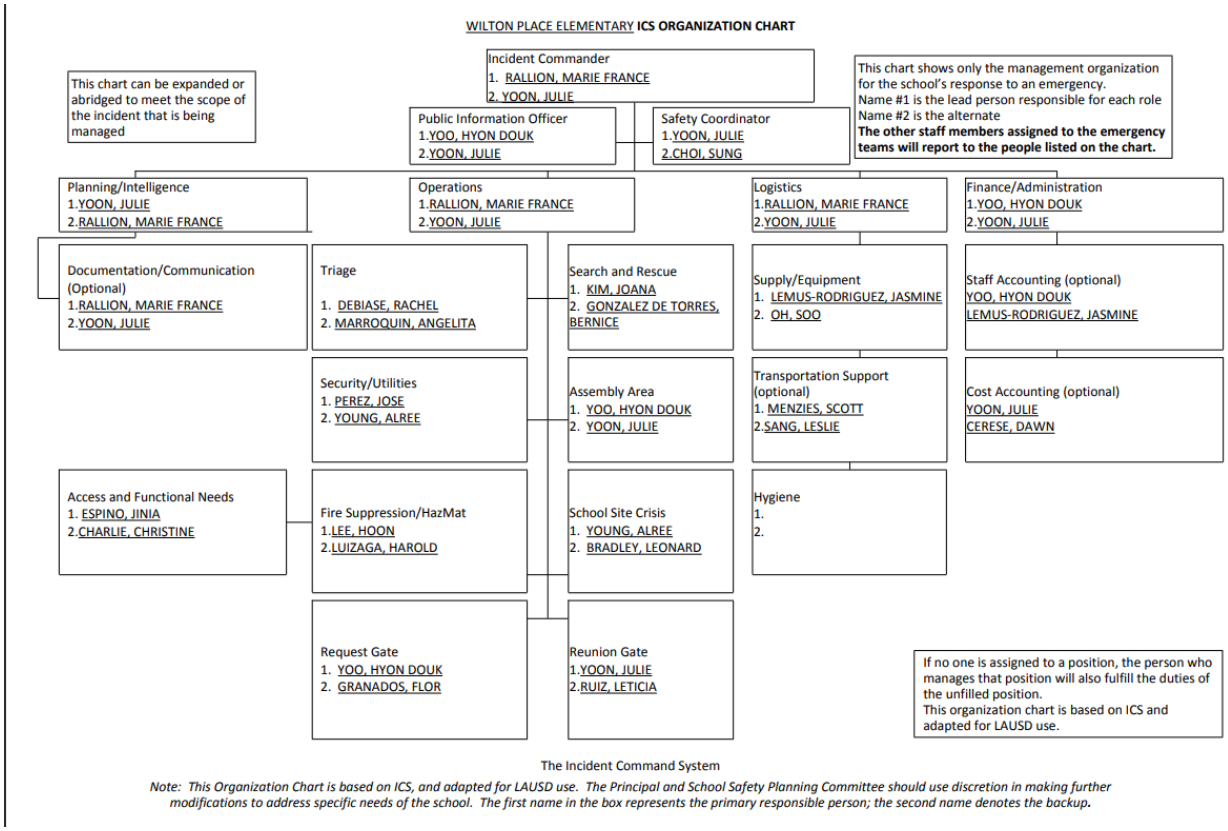
1. Immediate Debriefing: Conduct immediate debriefing sessions to allow team members to share their experiences, feelings, and observations.
2. Provide Safe Spaces: Establish designated safe spaces within the school where students and staff can seek solace and support.
3. Structured Group Sessions: Organize structured group sessions led by mental health professionals to address collective concerns and promote a sense of community.
4. Resource Distribution: Distribute informational resources and support materials to students and staff, outlining available counseling services and coping mechanisms.
5. Collaborative Outreach: Collaborate with external mental health organizations to provide additional resources and expertise.
6. Peer Support Networks: Facilitate the creation of peer support networks among students and staff to encourage mutual assistance.
7. Long-Term Counseling Services: Ensure access to long-term counseling services for both students and staff members, recognizing that recovery is an ongoing process.

Strengthening Staff Responses and Fostering Resilience

To enhance staff responses to incidents, it is crucial to conduct an objective assessment of the current response. Take time to reflect on the incident and engage in open dialogue with fellow staff members who were involved. This collaborative process can uncover valuable insights and identify areas for improvement.

Managing a crisis is a challenging experience that can have a profound impact on everyone involved, including staff members. Recognizing the potential trauma of these situations is the first step toward building resilience. Taking care of one’s self during this time is essential for both physical and emotional well-being.

Building Resilience:



- **Reflect on the Experience: Acknowledge thoughts, feelings, and physical reactions to the incident.** Reflecting on the experience helps in processing emotions and developing effective coping mechanisms.
- Practice Self-Care: Prioritize self-care activities to maintain overall well-being. Ensure individuals get enough sleep, maintain a healthy diet, engage in regular exercise, and spend quality time with loved ones. Self-care provides the strength needed to cope with the challenges of crisis management.
- Seek Professional Support: If coping is challenging following the aftermath of a crisis, seeking professional support from a therapist or counselor can be immensely beneficial. A professional can assist in understanding emotions and developing healthy coping mechanisms tailored to your needs.

By fostering open dialogue, engaging in self-reflection, and prioritizing self-care, staff members can collectively navigate the aftermath of crises. Recognizing the trauma and proactively seeking support contribute to building resilience and fostering a supportive community within the school environment.

Recovery information is adopted from: Crisis Prevention Institute (2023). Nonviolent crisis intervention training. 3rd Edition.

School Safety Plan (SSP): A detailed school emergency preparedness plan that covers prevention, response, and recovery procedures.

Incident Commander: The person responsible for directing emergency operations during a crisis.

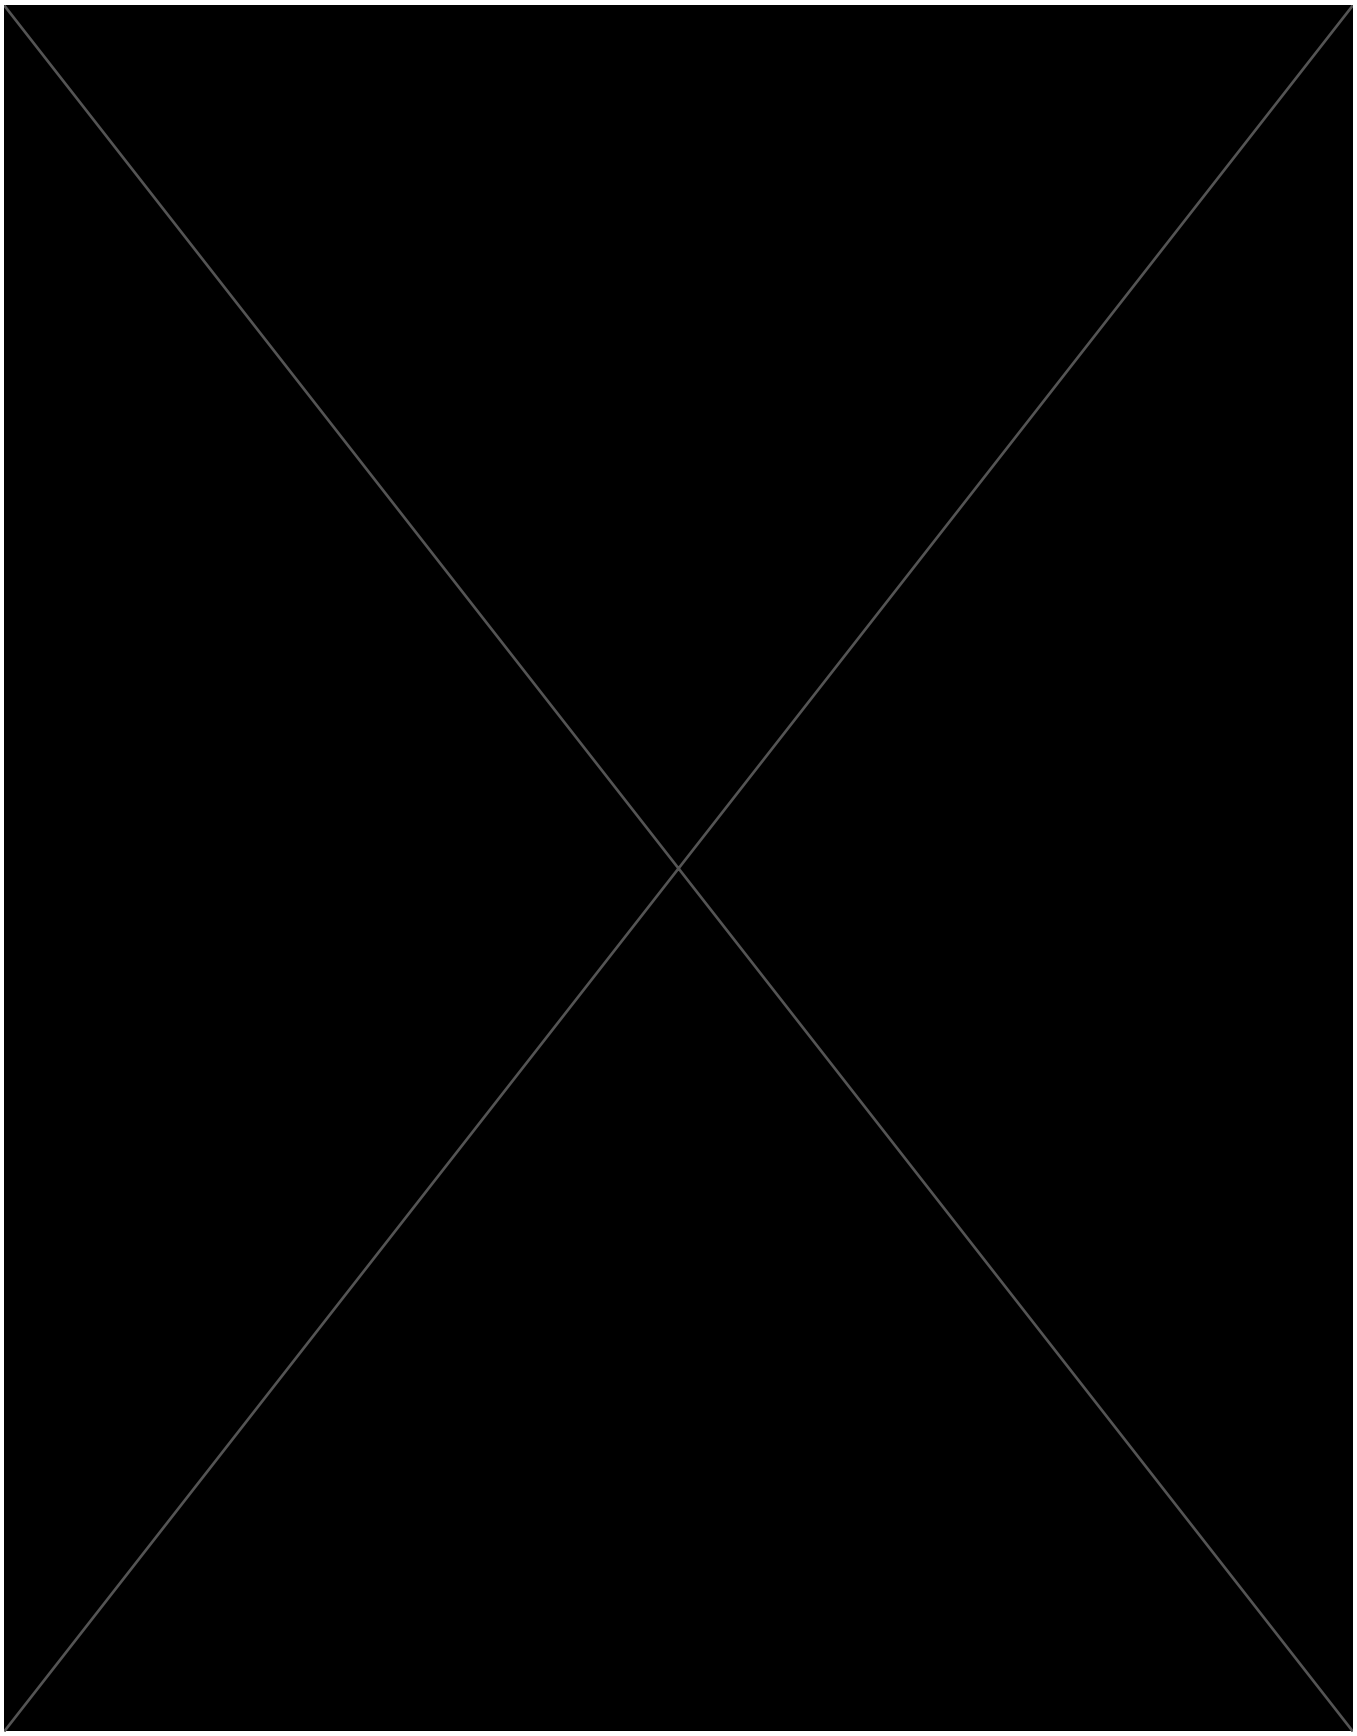
Assembly Area: A designated safe location where students and staff gather during building evacuations to facilitate attendance taking.

Lockdown: An emergency protocol that secures school buildings and grounds during situations involving threats of violence.

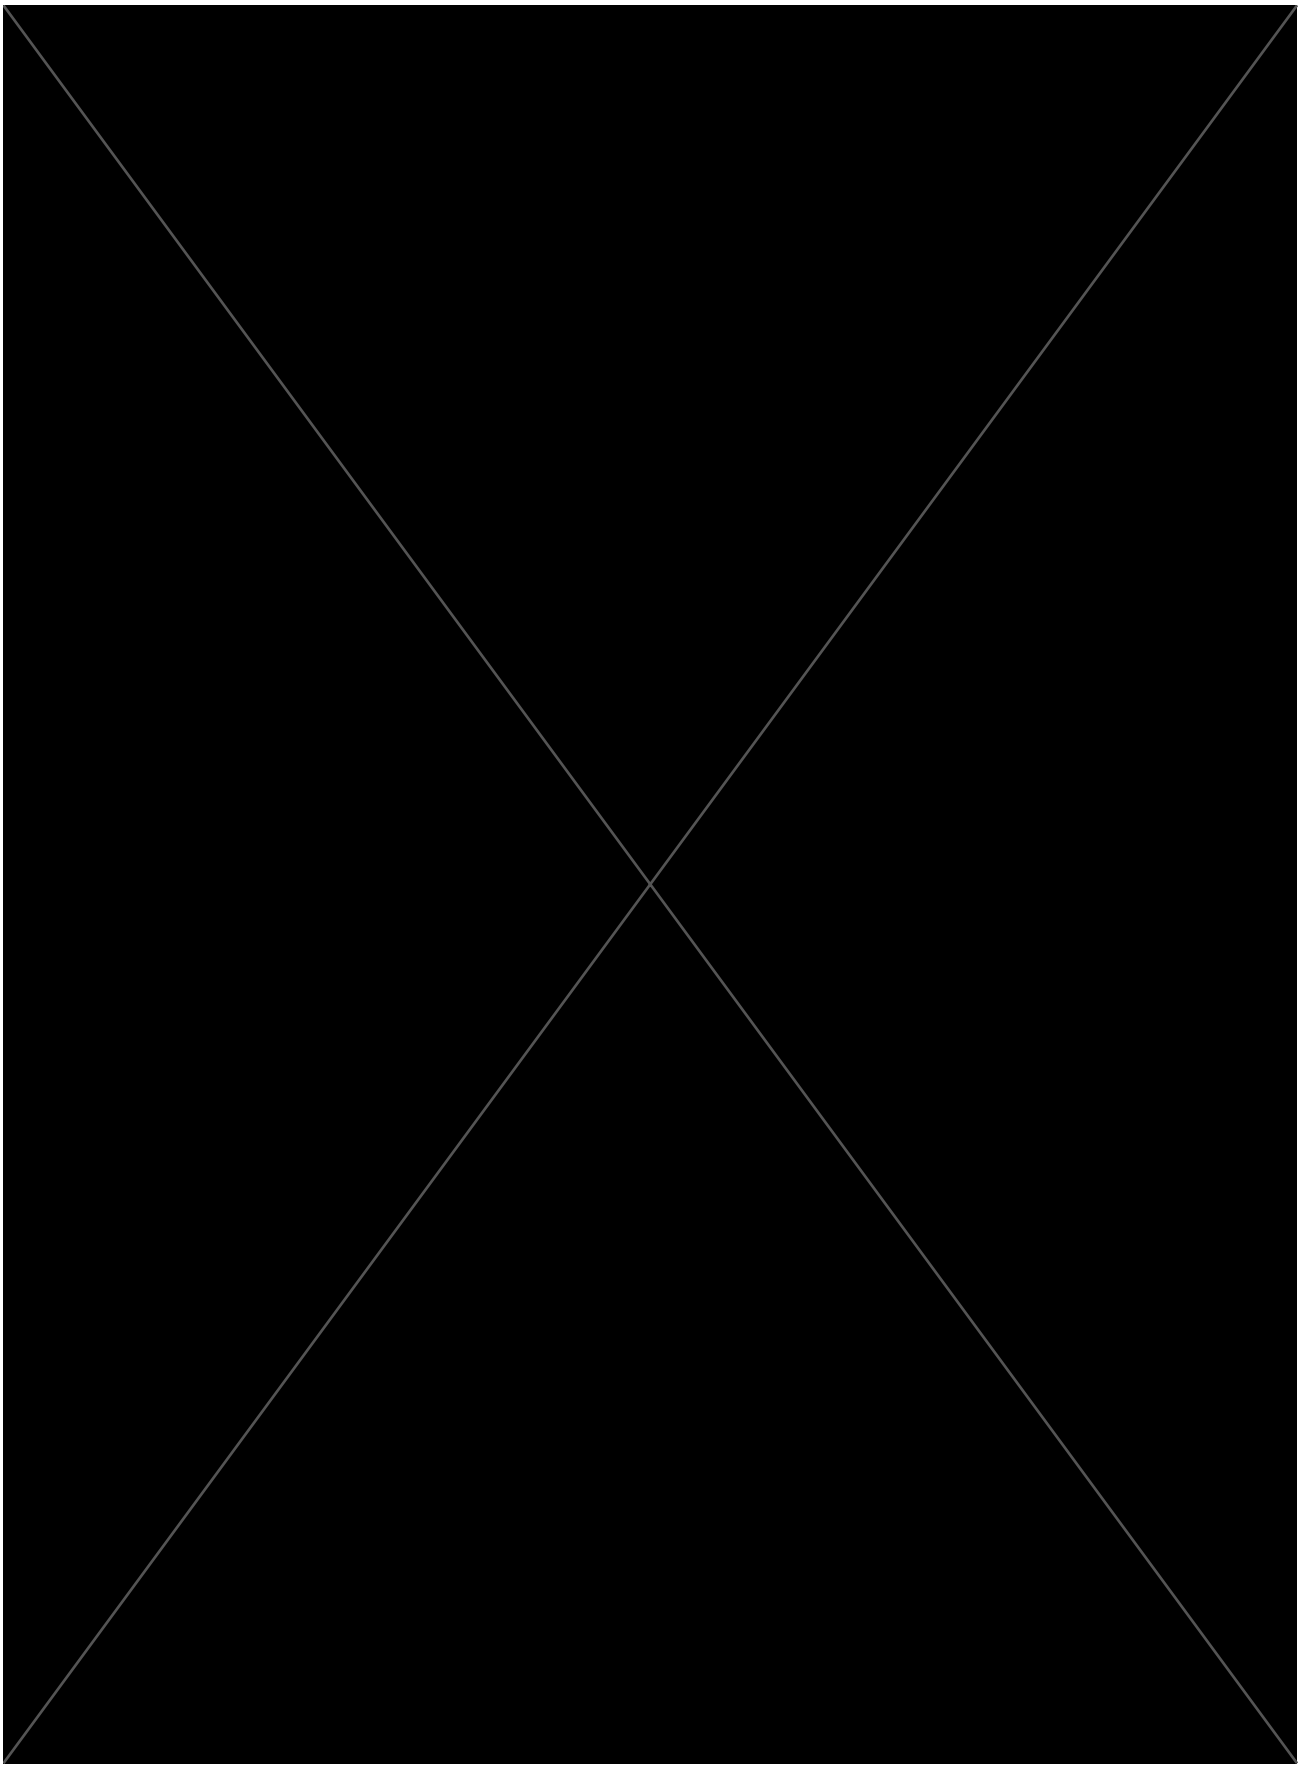
ParentSquare: A school-to-home engagement platform used by the school to communicate essential information to parents/guardians.

Emergency Supplies: Resources like first aid kits, flashlights, batteries, blankets, and food/water that are critical for dealing with crises.

All Clear: An announcement made by the Incident Commander indicating that a crisis or emergency has ended and normal school operations can resume.



Crisis Response Team: A multidisciplinary school team trained in crisis preparedness, intervention, and recovery strategies to support the school community during and after critical incidents.



Recovery: The process of assisting students, staff, families and the greater school community in healing and overcoming trauma in the aftermath of a crisis/emergency.

Our Mission

Magnolia Public Schools provides a safe and nurturing community using a whole-child approach to provide a high-quality, college preparatory STEAM educational experience in an environment that cultivates respect for self and others.

Our Vision

Graduates of Magnolia Public Schools commit to building a more peaceful and inclusive global society by transforming traditional ideas with creative thinking, effective communication, and the rigor of science.

About our School as a Safe Place to Learn

What is the vision of a school that is a safe place to learn? What does the parent advisory committee want the school to look like?

At Magnolia Public Schools, we envision a vibrant learning community where every student feels safe, nurtured, and respected. Through proactive efforts, we foster a positive and inclusive environment that empowers students to thrive academically, socially, and emotionally.

PURPOSE & PREPARATION

Statement of Purpose

The School Safety Plan is designed to foster a secure school environment, fostering an optimal learning experience and elevating student academic achievement. This plan is strategically implemented to safeguard the well-being of students and staff, offering a structured response to emergencies and a set of guidelines for preparedness. The primary objectives of this plan include:

1. Ensuring the safety and welfare of students and staff.
2. Providing a coordinated and effective response to emergency situations.
    - Encouraging collaboration among co-located schools for a unified emergency response. This collaborative effort encompasses comprehensive goals, activities, teams, and timelines, ensuring a collective commitment to the well-being of all individuals on campus.
3. Safeguarding the school's facilities and property.
4. Facilitating a swift restoration to normal conditions in the aftermath of an emergency, minimizing confusion.
5. Coordinating with local emergency services when necessary to enhance overall emergency response capabilities.

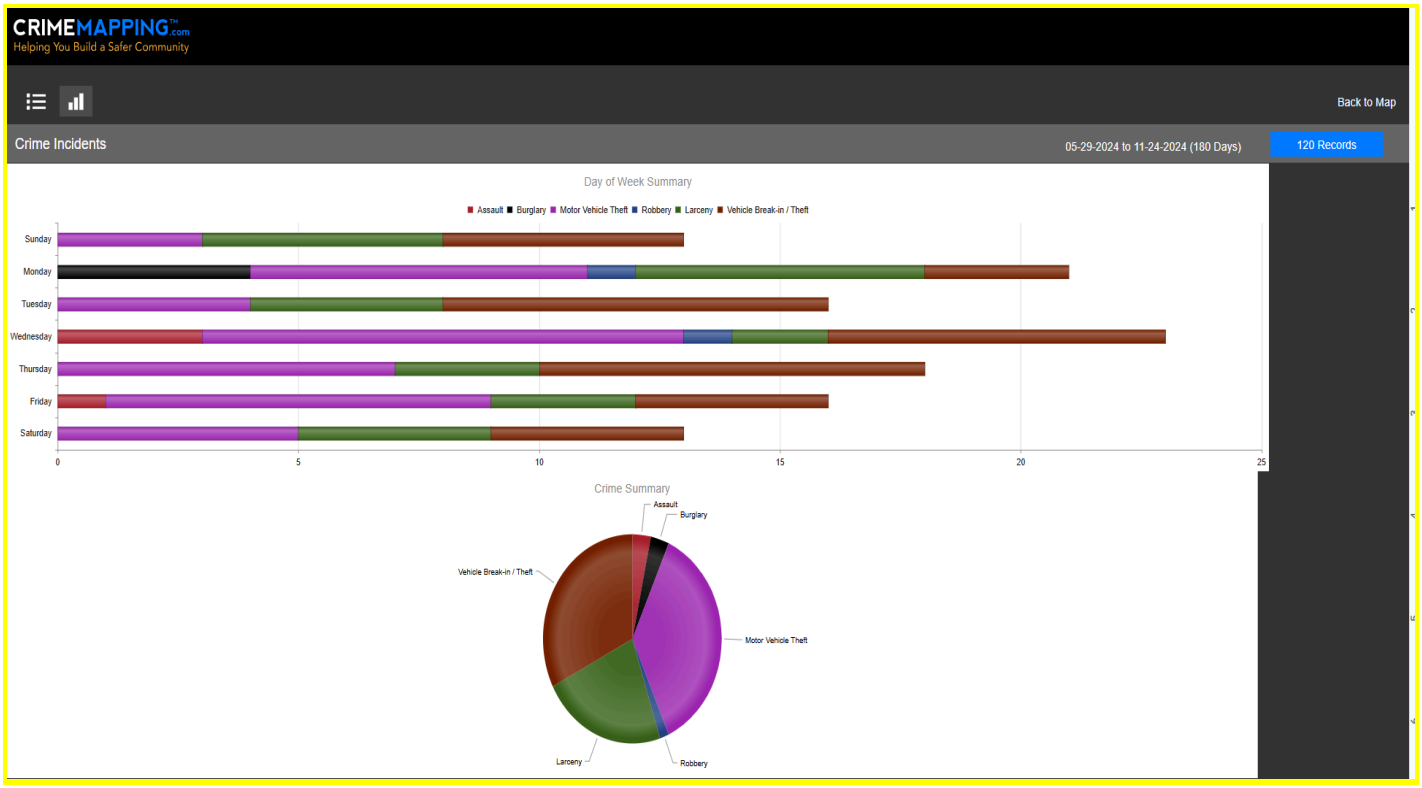
Plan Organization

Effectively managing emergencies demands a dual focus on thorough emergency preparedness and efficient emergency response capabilities. The School Safety Plan is organized into five essential components:

1. Purpose and Preparation: This component addresses anticipated threats and hazards to the school, emphasizing safety needs before, during, and after an incident. It serves as the proactive foundation for comprehensive emergency preparedness.
2. Prevention: Focused on education and awareness strategies, this component aims to empower members of the learning community with the knowledge and tools to prevent incidents. Proactive measures play a pivotal role in ensuring a secure environment.
3. Response: Strategies and procedures for drills and handling potential threats are outlined. This component ensures a swift and coordinated response during emergency situations, contributing to the preparedness of both students and staff.
4. Recovery: Post-incident, this component centers on establishing therapeutic rapport and utilizing school and community-based resources to address the emotional impact of the crisis. Recovery efforts are crucial for restoring a sense of normalcy within the learning community.
5. Quick Reference Guide: Serving as an internal tool, the Quick Reference Guide enables the rapid activation of the team and safety protocols specific to potential incidents within the learning community. This guide enhances the efficiency and coordination of emergency response efforts.

Safety Goals and Objectives

The emergency safety plans are carefully developed to address a range of potential crises, including natural disasters and fires. The school sites participate in regular disaster drills conducted throughout the academic year to ensure that students and staff are well-prepared for any emergency scenario. A crucial part of our planning process involves each MPS school site conducting a thorough review of school-specific data, leading to the identification of specific goals for the school year. This proactive approach ensures that our emergency preparedness measures are tailored to the unique needs and challenges of each school site, fostering a safe and secure learning environment for everyone in our community.



Assessment of Data

Local Crime Data

Data Source reviewed to develop statistical analysis was local Law Enforcement crime data via crimemapping.com

The top three crime violations in the area of 91325 from 5/29/2024 to 11/24/2024:

Type	Number
Total Crimes during time period	120
#1 Motor Vehicle Theft	44
#2 Vehicle Break-In/Theft	39
#3 Larceny	27

This data is represented by the following graphic pulled from source website:
https://crimemapping.com/map/location/90201,%20Bell,%20CA,%20USA?id=dHA9MCN0dj02NTEyODNhZSNsb2M9MTE2NTYwNiNsbmc9NTUjcGw9NjY3MDg0I2xicz0xNDo0MTMxMjkwI2xuPUVhZ2xlTG9jYXRvcg==

School-wide Data

Data regarding school community was compiled from Infinite Campus, local records, and logs. Data was reviewed on January 23, 2025. The following data was reviewed:

	2021-22	2022-23	2023-24	Currently
Suspension Data Out-of-School	1	1	0	0
Suspension Data In-School	0	0	0	0
Expulsion Data	0	0	0	0
Office Discipline Referrals ODRs	89	86	99	72
Average Daily Attendance (ADA) Rate	92.86%	92.50%	93.56%	93.73%
Chronic Absenteeism Rate	24.5%	29.0%	16.2%	19.9%
Graduation Rate	n/a	n/a	n/a	n/a

The committee reviewed the data and identified the appropriate strategies and programs that provide high-level school safety. Those programs and strategies include:

- Parent/Student Handbook
- School Safety Committee
- Discipline Committee
- Administration
- Local School Administration
- Parent Advisory Committee
- Parent Task Force
- Student Leadership
- Local Law Enforcement Collaboration

We will continue to review data in the upcoming academic year to continually revise and identify appropriate strategies and programs that provide/maintain a high level of school safety, both on and off campus.

Component 1: School Climate

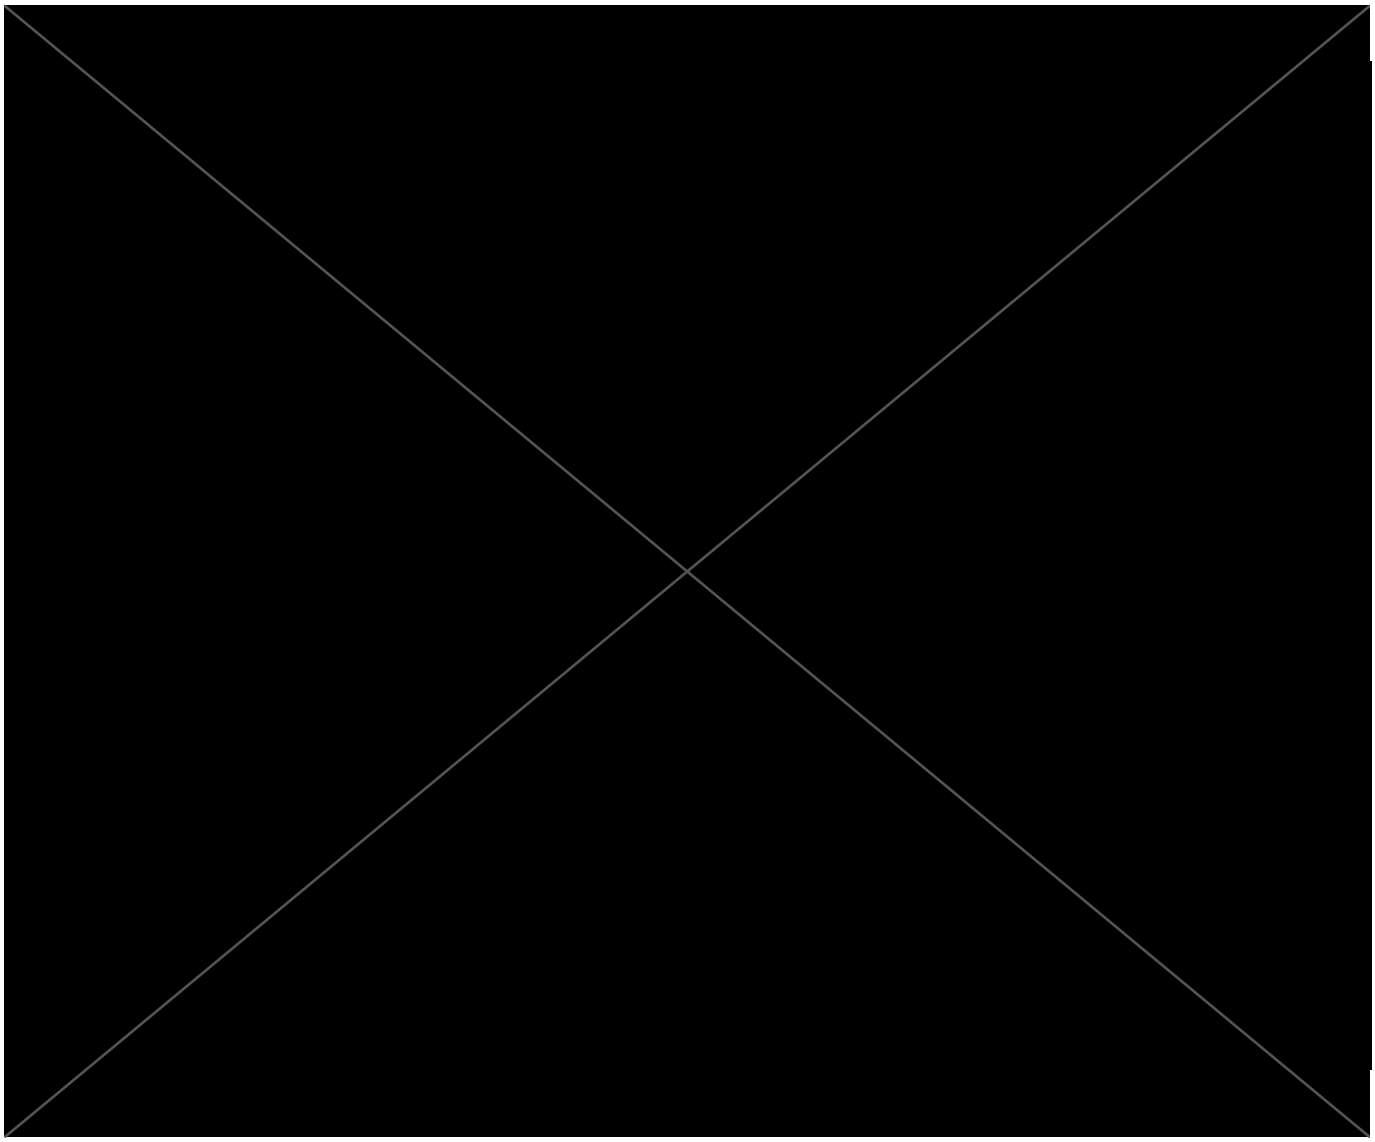
Goal(s): All employees will uphold and implement all stated policies and procedures as noted in the school-wide safety plan.

- Objective: Annually, all employees will review the policies and procedures as noted in the safe school plan.
- Related Activities: Review regularly during Professional Learning Sessions, completion of training through CharterSafe, committee meetings, and safety meetings.
- Resources needed: Safety plan

- Person(s) responsible for implementation: Designated Administrator, Safety Committee
- Budget: Refer to schools' annual budget
- Evaluation guidelines: Educational Partner Surveys

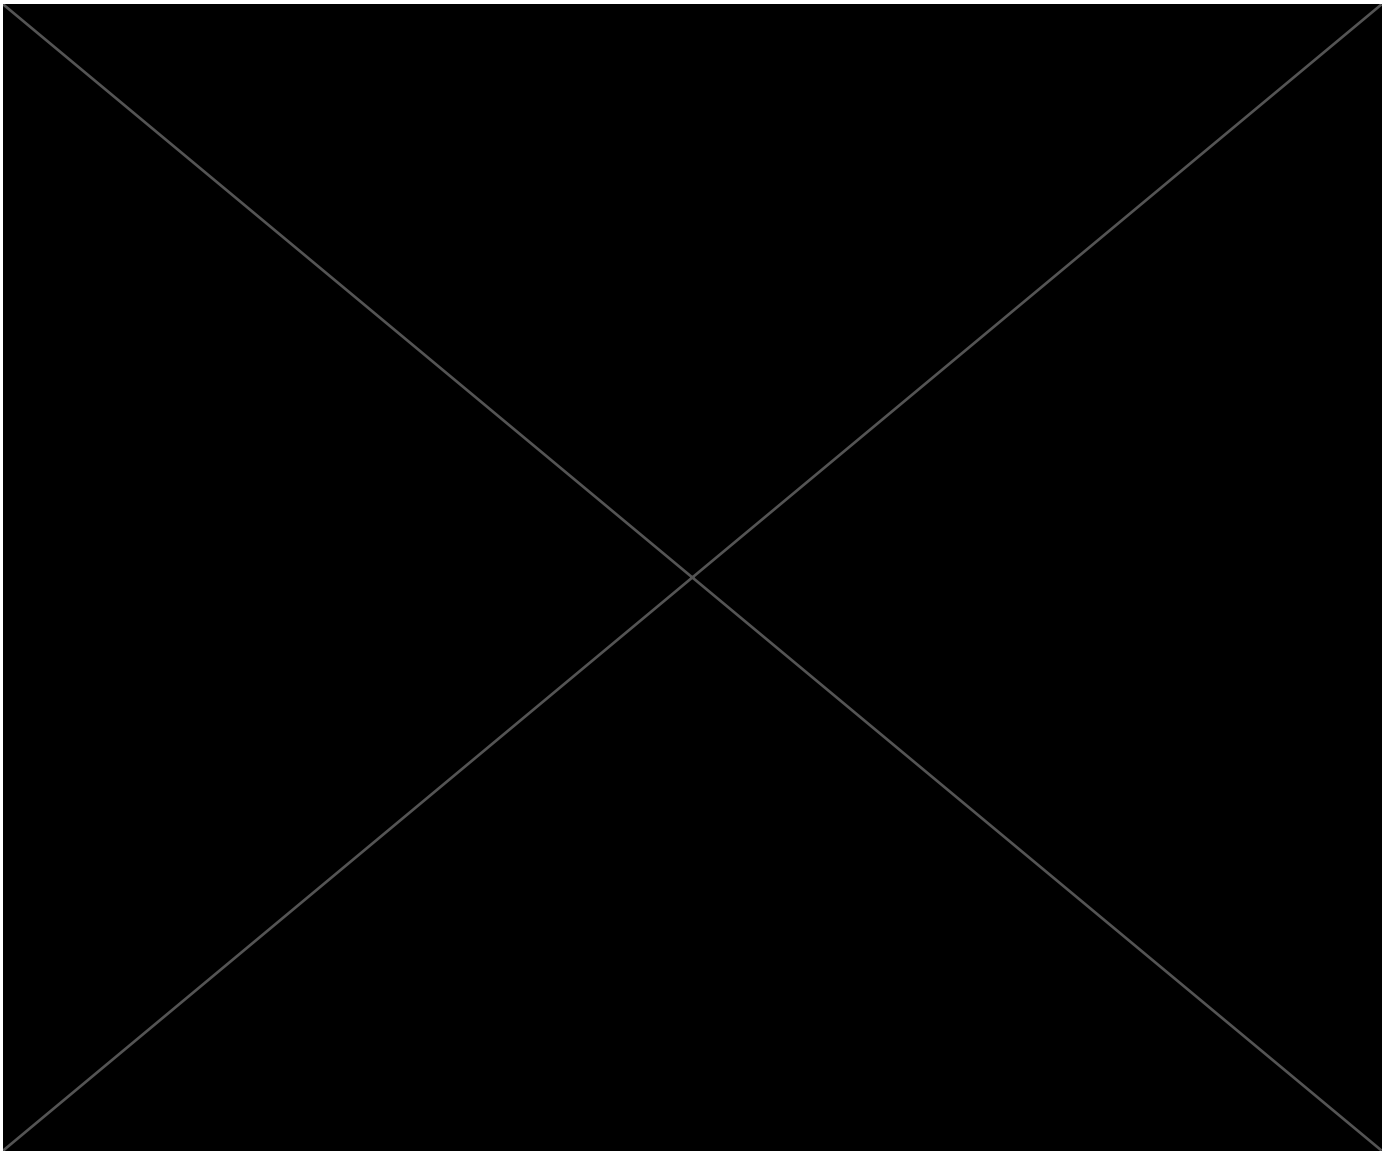
Component 2: Goal#2

Goal(s): Implement a Multi-Tiered System of Response to Behavior to support all student behavior and social-emotional health.



- Objective: Maintaining and reinforcing positive behavior through intervention supports.
- Related Activities: Conduct SSPT and PBIS Meetings monthly or when needed
- Resources needed: MTSS Referral Form, Multi-Tiered support, and Intervention Charts
- Person(s) responsible for implementation: Designated Administrator, MTSS Coordinator, Teacher & Staff. PBIS Team
- Budget: Refer to schools' annual budget
- Evaluation guidelines: PBIS Data Tracker, Office Referrals, Infinite Campus Behavior Management Logs

Component 3: Goal#3



Goal(s): Implement an attendance program that supports a positive school culture where students attend school on a daily basis and are on time to school.

- Objective: Increase our ADA and decrease our Chronic Absenteeism and Truancy percentage
- Related Activities: Attendance Awards, Attendance Raffle Prizes, Monthly Brag Tags,
- Resources needed: Monthly Tracker, Attendance Letters, Prizes and Awards, Funding
- Person(s) responsible for implementation: Designated Administrator, Office Staff, All Staff
- Budget: $2000
- Evaluation guidelines:Attendance Monthly Tracker, Data Reports on ADA, Chronic Absenteeism, and Truancy, Percentages are increasing or decreasing

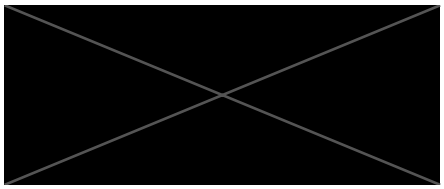
Emergency Drill Evaluation



MPS Emergency Drill Evaluation (Google Form)

The MPS Emergency Drill Evaluation collects the following information:

- School site
- When did the emergency drill take place?
- Drill Type
- Date Conducted
- Time Started and Time Completion
- Alert Type
- Did everyone on campus participate?
- If parents/guardians participated, what were their roles?
- Rate students' performance of emergency procedures.
- Rate faculty's performance of emergency procedures.
- Rate emergency team performance of duties.
- Rate accounting for everyone.
- Rate alert system.
- Did the School Safety Committee and/or Emergency Team Leaders debrief after the drill?
- List the top lesson learned from this drill and how it will be addressed.
- What school-site training support would improve emergency drills and/or preparedness?

Emergency Drill Calendar

PREVENTION

Employee Preparedness

Our commitment to ensuring a safe and secure school environment involves comprehensive measures to prepare and empower our staff for effective response during emergencies. Here are the key components of our Employee Preparedness plan:

Ongoing Preparedness Measures:

- Regular review of the School Safety Plan and other emergency policies and procedures.
- Familiarization with each employee's role during emergency situations.
- Knowledge and evaluation of required drills, ensuring staff are well-versed in emergency response procedures.
- Familiarity with the layout of buildings, grounds, and all emergency procedures.
- Review of the locations of emergency exits, fire extinguishers, fire alarms, and emergency equipment and supplies.
- Attendance at updated training sessions covering first aid, CPR, the use of fire extinguishers, and search and rescue, as necessary.

Employee Skills

At the commencement of each school year, the School Principal or designee will seek input from instructional and non-instructional staff to identify individuals with special skills or experiences that could be beneficial during an emergency. These employees may be assigned specific emergency management roles, such as first aid, CPR, search & rescue, and fire extinguisher training and certification.

The instructional staff is responsible for the following:

- Presenting instruction to students about emergency preparedness plans and student responsibilities during major emergencies.
- Maintaining readily accessible attendance sheets for use during evacuations.
- Updating and storing classroom emergency kits in safe, accessible locations.
- Full participation in fire, earthquake, and evacuation drills.
- Developing planned activities for students during periods of confinement in emergencies.

The School Principal, or designee, is responsible for the following:

- Assigning employees to specific roles based on their skills, abilities, and normal functions.
- Ensuring that all employees are familiar with site maps, evacuation plans, and are trained in emergency response roles.
- Updating lists of employees trained in first aid, CPR, fire extinguisher use, and search and rescue, arranging for update training as necessary.
- Regularly updating site floor plans showing evacuation routes, assembly areas, emergency supplies, equipment, fire extinguishers, fire alarm pulls, master electrical panels, and main water and gas shut-off valves.
- Posting emergency procedures in visible locations across the school.
- Updating the list of disabled students or employees, arranging for evacuation assistance or other special assistance as needed.
- Testing the site warning system and ensuring signal recognition by employees and students.
- Conducting an inventory of all emergency supplies and equipment, replacing used or outdated items.

- Maintaining a list of emergency phone numbers in readily accessible locations.

Employee/Student Special Needs

Employees and students with special needs are encouraged to self-identify their specific requirements during emergencies. At the beginning of each school year, parents are asked to provide written information and instructions concerning the specific needs of students. Areas of the school with employees and/or students with permanent mobility impairments should maintain any necessary evacuation devices on each floor where such individuals are located.

Emergency Onsite Personnel

Emergency phone contacts for staff will be kept on file at the school office. Staff with specific training in emergency response, safety, CPR, etc., will also be noted on a list kept at the school.

Child Abuse and Neglect Reporting

California Penal Code section 11166 requires any child care custodian who has knowledge of, or observes, a child in his or her professional capacity or within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse to report the known or suspected instance of child abuse to a child protective agency immediately, or as soon as practically possible, by telephone and to prepare and send a written report thereof within thirty-six (36) hours of receiving the information concerning the incident.

Reporting the information regarding a case of possible child abuse or neglect to your supervisor, the School principal, a School counselor, coworker or other person shall not be a substitute for making a mandated report to Child Protective Services or law enforcement.

MPS will provide annual training on the mandated reporting requirements, using the online training module provided by MPS, to employees who are mandated reporters. Mandated reporter training will also be provided to employees hired during the course of the school year. This training will include information that failure to report an incident of known or reasonably suspected child abuse or neglect, as required by Penal Code section 11166, is a misdemeanor punishable by up to six (6) months confinement in a county jail, or by a fine of one-thousand dollars ($1,000), or by both.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of employment.

Reportable Offenses

A mandated reporter is obligated to report whenever, in their professional capacity or within the scope of their employment, they have knowledge of or observe a child whom they know or reasonably suspect has been the victim of child abuse or neglect (Penal Code 11166).

Responsibility for Reporting

Mandated reporters must take immediate action whenever they have knowledge of or observe suspected child abuse or neglect within their professional capacity or employment scope (Penal Code 11166).

Reporting Procedures

1. **Initial Telephone Report**
   Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school

district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department (Penal Code 11165.9, 11166).

- Los Angeles County 800-540-4000 or https://reportChildAbuseLA.org
- Orange County 714-940-1000 or 800-207-4464 and Forms | County of Orange Social Services Agency
- San Diego County 858-560-2191 or 800-344-6000

2. **Written Report**
   Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572) (Penal Code 11166, 11168).
3. **Confidentiality**
   Mandated reporters are assured that the reporting process is confidential, and their identity will be protected. Ensuring the safety of the child is the top priority, and the reporting process is designed to support this goal.

Investigation of Suspected Child Abuse or Neglect by Peace Officers - PC 11174.3

A suspected victim of child abuse or neglect may be interviewed during school hours, on school premises, by a representative of a governmental agency investigating the case, or by the State Department of Social Services when deemed necessary. The investigation is based on a report of suspected child abuse or neglect that occurred within the student's home or out-of-home care facility. The student must be given the option of being interviewed in private or selecting a member of the school staff, whether certificated or classified, to be present at the interview.

The selected staff's role is to provide support to the student and to help the student feel as comfortable as possible; it is not to participate in the interview and discuss the case with the student. The principal or the principal's designee should remind the staff member selected of the staff member's role and the requirement to maintain confidentiality prior to the interview. The staff member selected may decline the request to be present at the interview; however, if the staff member agrees to be present, the interview must take place during school hours.

Releasing a Student to a Peace Officer - EC 48906

When a minor student is released to a peace officer for the purpose of removing the student from the school premises, a school official must take immediate steps to notify the parent or responsible relative of the student of such removal and the place to which the student is being taken.

In the case where the student is being taken into custody as a victim of suspected child abuse, the school official must provide the peace officer with the address and contact information of the student's parent. It is the responsibility of the peace officer to contact the parent.

Procedures for Safe Ingress and Egress from School

Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.

1. Availability of Maps: Maps, including evacuation routes, are readily available in the front office to facilitate safe movements within the school premises. These resources are easily accessible to all relevant personnel.
2. Visitor Protocol: Visitors and guests are welcome at the school, but reasonable precautions are taken to safeguard students and staff. Visitors should:
   - Report and sign in at the office.

- Be provided with a visitor's badge.
- Be prepared to provide identification to school personnel.
- Respect school rules.

3. Exterior Door Management:
    - School personnel should ensure that all exterior doors are marked with a notice instructing visitors to report to the office first. Exterior doors, except those near the office, should remain locked to control access.
4. Staff Training:
    - School staff should receive training on how to greet visitors, with the first question being "May I help you?" Someone should greet every visitor.
5. Response to Intruders:
    - Any intruder found roaming the building without a visitor's badge or visible identification should be escorted to the office. School personnel in the office can then provide additional information or directions.
6. Progressive Response to Non-Compliance:
    - Visitors who fail to comply with school procedures should verbally be informed of the violation. If non-compliance persists:
        - Notify the office of the situation.
        - Follow the person if possible and continue to give notice of the violation of school rules.
        - Notify the police or call 911.
7. Building-Wide Notification Plan:
    - In case of an intruder(s), the office should activate a building-wide notification plan:
        - Make a PA announcement using predetermined code phrases.
        - Instruct classroom doors to be closed.
        - Advise students to remain in their current areas.

Social Climate: School and Physical Environment

At MPS, we firmly believe that safety and education are a shared responsibility among parents, teachers, and students. Our school's successful operation relies on the cooperation of everyone involved. Each group holds a responsibility to contribute, creating an environment where learning, safety, and play can harmoniously coexist. We uphold the principle that every individual, regardless of color, race, gender, popularity, ability, religion, or nationality, has the right to feel safe, secure, and accepted.

Our vision is shared through the student-parent handbook, a tool that communicates our expectations to students and parents alike. MPS is a reflection of all of us, and our policies are crafted to provide a safe and orderly environment conducive to learning. Our dedicated faculty and staff eagerly anticipate sharing their expertise in academics, special programs, and extracurricular activities.

To make MPS a thriving community, we encourage active participation from students and parents. Explore our programs, activities, and schedule, and become an engaged participant in your education through classes, clubs, and various activities. We recognize that a school environment thrives when governed by clearly defined and implemented rules. To this end, MPS has compiled a comprehensive student-parent handbook, addressing the school's regulations and policies to set a standard for the entire school community.

Effective Communication

Open and effective communication is essential for addressing issues or concerns that may arise with teachers, staff members, or administrators. We encourage both students and parents to approach the person directly involved when faced with a situation of concern.

For Students: If a student encounters a challenge at school, we believe in empowering them to communicate and seek resolution. In cases involving classroom situations or issues with teachers, we recommend the following steps:

1. Talk with the Teacher - The student should be encouraged to express their concerns directly to the teacher. Open dialogue between students and teachers is the foundation for understanding and resolving issues.
2. Talk with an Administrator - If the issue persists or if the student is uncomfortable talking directly to the teacher, the student is encouraged to approach an administrator.
3. Parental Involvement - In instances where the student is reluctant to speak with the teacher or administrator, the parent may accompany the student and facilitate the conversation with the teacher.

It is crucial to demonstrate to children how to actively and constructively solve problems. If a concern is significant enough for a child to discuss, it is equally important for them to learn how to be part of the solution. Encouraging problem-solving skills empowers students to take an active role in creating a positive and solution-oriented school environment.

Parent Concern

Addressing concerns in a timely and effective manner is crucial for fostering a positive school environment. Parents are encouraged to follow these steps when dealing with concerns:

1. Initiate a Conversation with the Teacher. In the initial stages of any concern, it is recommended to talk directly with the teacher. Teachers can provide insights into classroom situations from both an adult and professional perspective, often resolving misunderstandings through open communication.
2. Follow up with the Teacher if Necessary. If the concern persists after an initial conversation, it is advisable to revisit the issue with the teacher. Open dialogue allows for continued communication and a more in-depth understanding of the situation.
3. Schedule an Appointment with the Administrator. If resolution is not achieved at the teacher level, parents are encouraged to make an appointment with the relevant administrator. Thai step ensures that concerns are elevated to the appropriate authority for further consideration.
4. MPS Home Office Communication. If concerns persist even after meeting with the Principal, the parent is encouraged to complete the appropriate form available in the MPS Student-Parent Handbook. The form should include details about the complaint and the steps taken to resolve it. Once completed, contact the MPS Home Office to ensure a thorough and documented review of the matter.
5. MPS Board Communication. If necessary, the next level of communication involves reaching out to the MPS Board. Parents may initiate this process by revising the form originally submitted. The MPS Board will consider the matter at its next meeting, providing a transparent and structured approach to addressing concerns. In the event that the Board decides not to hear the complaint, the Superintendent's decision will be considered final.

Communication Channels. Teachers, staff, and administration are accessible through email, phone, in-person meetings, and by appointment. However, due to busy schedules, we request parents to schedule meetings in advance rather than dropping in. This ensures that everyone involved can allocate time for a focused and productive discussion.

Respectful and Constructive Communication. MPS emphasizes the importance of maintaining respectful and constructive communication. Parents are kindly requested not to "drop-in" for appointments and should avoid engaging with teachers, other parents, students, or administrators in a disrespectful or threatening manner.

Students Responsibilities

I am aware of my responsibilities and will do my best to satisfy my parents'/teachers' expectations at MPS because this will help me do better in the future. I agree to really try and do the following:

- I will come to school dressed in uniform every day and on time.
- I will be prepared for all my classes with all required materials.
- I will complete class work and homework on time.
- I will do all the homework assigned to me the best way I can and ask for help when needed.

- I will strive consistently to give my best, and to make my best academic progress.
- I will act responsibly and respectfully at all times and towards all members of the school community.
- I will follow all school rules.
- I will obey the School's Code of Conduct.
- I will respect my property, that of others, and that of the School.
- I will take good care of my books, and other materials the School allows me to use.
- I will serve my community.

Parent Responsibilities

I understand that my child's studies are very important and my participation in activities at MPS is a critical component of my child's educational success. Therefore, I agree to carry out the following responsibilities to the best of my ability:

- I will take a positive and active role in supporting my student's education.
- I will make certain my student attends school regularly and on time.
- I will notify school when child is absent and provide appropriate documentation.
- I will ensure that my student follows the school attendance policy and dress codes.
- I will ensure that my child come to school rested, clean, well-fed, and appropriately dressed (in student uniform).
- I will notify office immediately if there is a change of home address or phone number.
- I will set aside a specific time and place for my student to do homework.
- I will support my student in completing homework, including, if necessary, limiting time watching television, computer gaming, and recreational internet use.
- I will allow my student to attend remedial and other programs offered if requested by the school as is needed for individual improvement.
- I will set up a college-bound environment at home and support my student through the college admission and scholarship-finding process.
- I will emphasize my child adheres to the MPS Discipline Code at all times.
- I will enforce the School Code of Conduct with my child, including ensuring my child is wearing the uniform and promoting respect for teachers and all adults and students.
- I will follow through with any problem behaviors noted by the School.
- I will attend orientation meetings prior to the start of School.
- I will communicate regularly with my student's teachers to ensure his/her academic success (includes attending at least two conferences in a school year).
- I will review information and work sent home and/or posted online for parents and students via the school website and the online Student Information System and respond as necessary (computer access is available for parents at School if needed).
- I will review progress reports that are sent by the School and respond as necessary.
- I will encourage positive attitudes toward school.
- I will talk with my student about what he/she is learning.
- I will expect and encourage my student to be focused on learning.
- I will expect and support my student to strive consistently to give his/her best, and to make his/her best academic progress.
- I will assure that my child does not destroy materials (textbooks, equipment, etc.) and/or MPS property.
- I will pay for any damages to materials and/or property incurred by student.
- I will assure that students do not bring destructive materials to school (markers, paint, etc.)
- I will assure that all school materials loaned to students will be returned in the condition issued (textbooks, library books, etc.) I will pay for any lost or damaged books in CASH only.
- I understand that a student's bringing or possession of any weapon is grounds for expulsion from the Charter School.
- I will complete and return all necessary school forms and documents on time as requested by school officials.
- I will try to volunteer at School when requested. (Parents/guardians are not required to volunteer for MPS.)

School Responsibilities

- The School will provide a high-quality curriculum and instruction in a supportive and effective learning environment that enables all students to meet the State Core Curriculum Content Standards in all content areas through an aligned curriculum and rigorous assessment.
- The School will provide a variety of support programs to enhance instruction at all grade levels.
- The School will send frequent reports to parents on their child's progress.
- The School will hold parent-teacher conferences during which this Compact will be discussed as it relates to the individual student's achievement. Conference dates will be listed on the school calendar and additional dates will be sent through notification by the School.
- The School will grant parents reasonable access to staff by appointment through the office.
- The School will provide parents with the ability to observe classroom activities by appointment through the office.

Building Capacity for Engagement

Infinite Campus

MPS leverages the Infinite Campus online web portal to enhance efficient communication among parents, students, and teachers. Each teacher maintains a dedicated grade book for every class, providing a centralized hub for course-related information. Teachers regularly update and share course materials, homework assignments, projects, and course grade statistics, as well as detailed records of students' performance, including grades on quizzes, tests, class participation, and homework assignments. Access to these resources is secured through confidential passwords, ensuring a private and secure environment for students and parents to stay informed and engaged in their academic journey.

ParentSquare

MPS utilizes ParentSquare, a school-to-home engagement platform, to streamline communication between the school and parents. This dynamic platform facilitates automated messages tailored to individual students, delivering key information directly to parents. Utilizing ParentSquare, MPS communicates essential details such as attendance information, news updates, upcoming events, opportunities for parent and family engagement, surveys, resources for parent education, and more. With seamless integration into Infinite Campus, multilingual translation capabilities spanning over 100 languages, and versatile access through the app, email, text, voice, and web portal, ParentSquare ensures inclusive and equitable communication, fostering strong connections between the school and all families.

Parent Advisory Committee (PAC)

In adherence to the Local Control and Accountability Plan (LCAP), the invaluable input of educational partners—including students, families, staff, and community members—is paramount. To fortify the collaborative relationship among these educational partners and review the LCAP along with its various components crucial to student success, schools will host PAC (Partnership Advisory Committee) meetings. PAC meetings will replace School Site Council (SSC) gatherings, streamlining efforts to enhance meeting effectiveness and efficiency.

Scheduled throughout the school year, PAC meetings will actively engage in:

- Planning, Reviewing, and Enhancing LCAP, Title I, and Part A Programs: The committee will play a pivotal role in evaluating and refining the LCAP, Title I, and Part A programs, ensuring alignment with the overarching goals of the LCAP.
- Primary Oversight of Parent and Family Engagement Policy: PAC will serve as the primary committee responsible for reviewing and shaping the parent and family engagement policy. Additionally, if applicable, the committee will extend its purview to other school program plans, fostering a comprehensive approach to school improvement.

Collaboration between school leadership and PAC will be integral to ensuring active parental involvement in the school improvement process. This strategic shift aims to promote effective communication and collective decision-making for the betterment of our educational community.

Parent Task Force (PTF)

Our Parent Association conducts annual elections to fill key positions including President, Vice President, Treasurer, and Secretary. A consistent 10% of our parents actively participate in monthly Parent-Teacher Fellowship (PTF) meetings, creating a dedicated forum for collaborative efforts. PTF meetings serve as a platform where parents take the lead, steering discussions and garnering support for ongoing fundraising initiatives, cultural events, and engagement opportunities designed for all families.

Led by elected PTF Committee Officers, chosen by families vested in supporting the success of all students at MPS, these meetings foster an environment of shared interest and collective dedication. Throughout these gatherings, parents collaborate, pooling their experiences and skills to strategically work towards common goals that propel student success. This approach ensures a dynamic partnership between parents and the school community, actively contributing to the holistic development and achievement of our students.

Professional Development

Professional development occurs on a regular basis to address the diverse needs of our students and their various learning styles. Prior to the start of the academic school year, teachers receive extensive training on school-wide academic expectations and how to meet the needs of all learners. Teachers are trained on the rules and regulations students are expected to uphold, including but not limited to illegal substances (drugs, alcohol, and related paraphernalia) and the risks and factors related to this. Also, training on bullying awareness and bullying prevention occur throughout the school year to help minimize bullying-related altercations.

We collaborate with outside consultants, including law enforcement, with expertise in sexual abuse and sex trafficking prevention education in accordance with EC 49380 effective January 1, 2015.

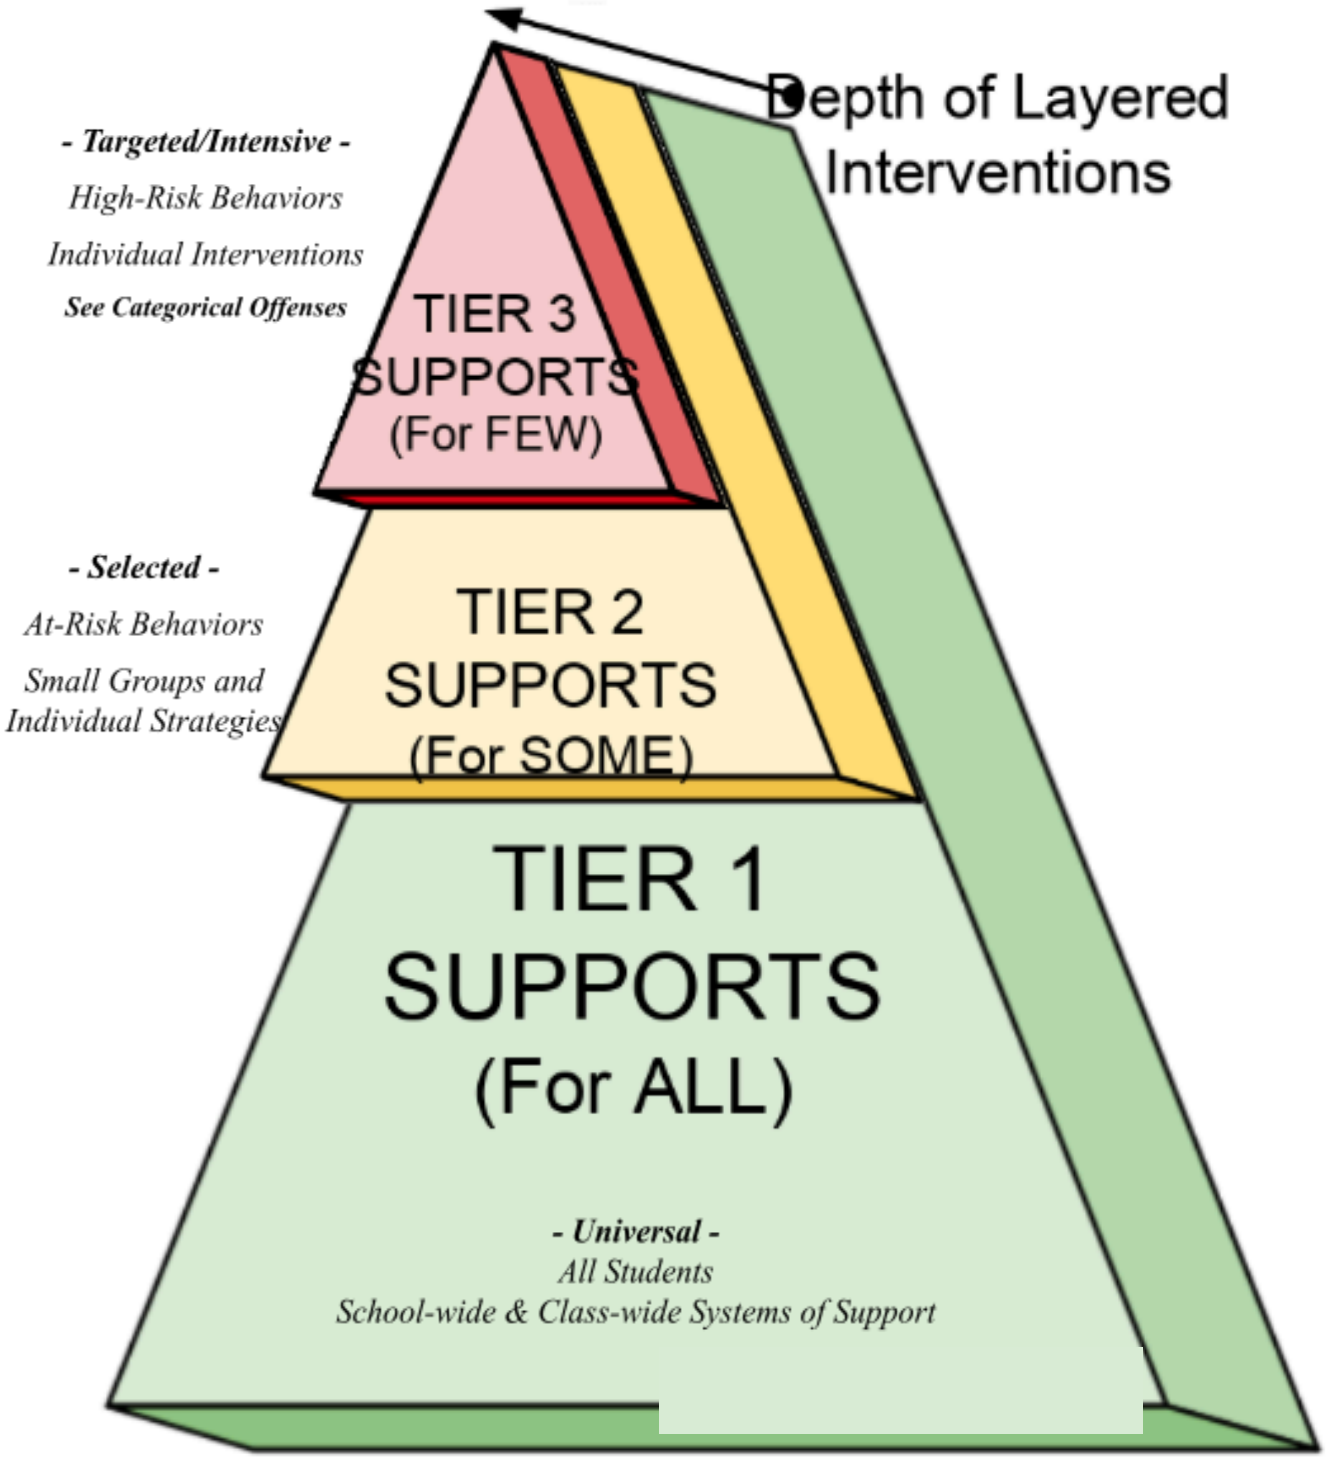
Physical Environment

MPS is dedicated to providing a safe, healthy, and nurturing environment characterized by trust, care, and professionalism. To achieve this, we have implemented a comprehensive set of health, safety, and risk management policies that comply with all applicable state and local laws and regulations. The on-site school administration consistently monitors activities to ensure the safety and security of our students. Parents and students are informed through the MPS Student-Parent Handbook about these policies, covering essential aspects of our commitment to safety.

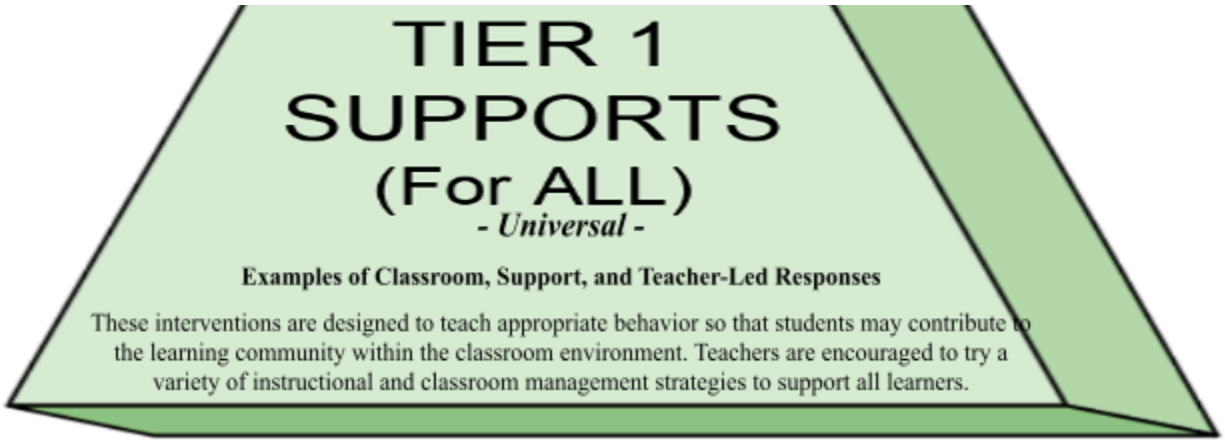
MPS commitment extends to maintaining a drug-free, alcohol-free, and tobacco-free zone within the school premises, accompanied by a zero-tolerance policy for sexual harassment for all employees, students, and parents. Students are educated about bullying and cyberbullying through school-wide assemblies and engaging guest speakers. All staff members are designated mandated reporters for cases of child abuse or violence, further reinforcing our commitment to student well-being.

In preparation for emergencies such as natural disasters and fires, we have developed and communicated emergency safety plans. Each classroom is equipped with these plans, and disaster drills are practiced regularly throughout the year. Our collective efforts create a secure and supportive environment that fosters the academic and personal growth of our students.

Multi-Tiered System of Response to Behavior

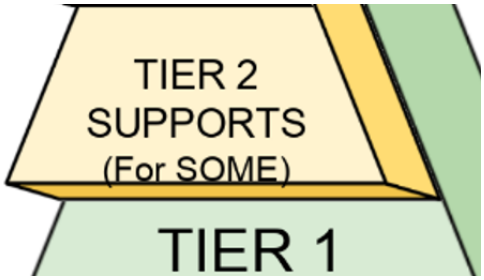


MPS maintains as a priority reinforcing positive behavior through intervention supports. Should students continue to make poor choices the administration team and school staff will create a plan with the parent/guardian to decrease unwanted behaviors and reinforce desired behaviors. Students and guardians have access to the school SIS as a means of staying informed on student progress. The student, family, and school connection is part of the Positive Behavioral Interventions & Supports (PBIS) model for our learning community and it takes collaboration with all educational partners.



All students at MPS are entitled to the rights guaranteed by the United States Constitution, Bill of Rights, and applicable case law, and their rights will not be knowingly denied by the required code of conduct or by any disciplinary actions taken by the school. Accordingly, after an analysis of each case, any student who exhibits any of the unacceptable student behaviors listed in this handbook may incur consequences. These consequences range from notification of parents, reflection, to emergency removal from a school activity, suspension, expulsion, and referral to appropriate law enforcement agencies.

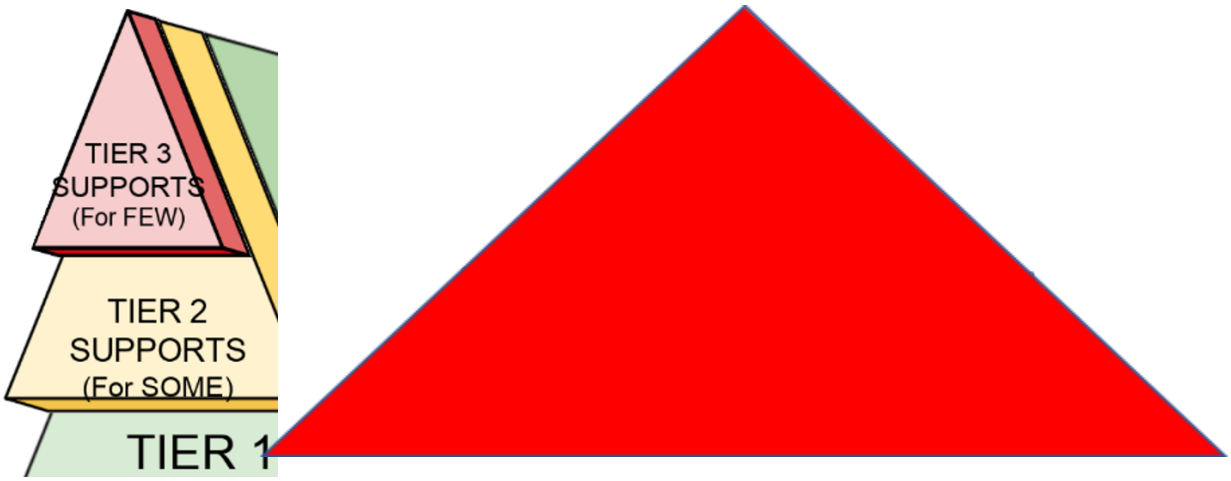
MPS reserves the right to notify the authorities and the Department of Education as required by law relating to disciplinary actions taken. It is to be noted that MPS reserves the right to discipline any act that has a nexus with MPS or the school community and causes a substantial disruption to the normal operation of the School. In other words, MPS may discipline behavior at school or at a school-related or school-sponsored function or any activity or any act that causes a substantial disruption to the school environment or that is performed with/on/by/via school equipment or school property. MPS respects and observes the rights of students to lawful student expression, as outlined in the “MPS Student Freedom of Speech/Expression Policy” available in the office of each MPS school.



The following charts and tables delineate unacceptable types of behavior in three levels and possible interventions as part of MPS’ system of response to behavior.

Multi-Tiered System of Response to Behavior

Level 1 Infractions	Interventions
• Invading personal space • Antagonizing others • Violation of school/class rules • Horseplaying • Violating off-limits/restricted area • Habitually tardy and/or not being in assigned location • Disrupting the learning environment/Off task • Littering • Not having proper materials, supplies, and/or equipment for class participation • Inappropriate use of electronic devices • Dress code violation • Inappropriate language/actions (hurtful, vulgar, gossip, etc.) • Passive participation in hurtful acts/words against others • Lewd or inappropriate displays of affection • Refusing to cooperate and comply with school rules/personnel	✔ School-wide PBIS ✔ Social-emotional learning program ✔ Proactive classroom management ✔ Regular, preemptive communication with families ✔ Classroom incentives ✔ Seating, assignment, behavioral accommodations ✔ Conferencing with student(s) and parents ✔ Verbal correction and redirection ✔ Reminders, role-play, daily progress sheet ✔ Loss of classroom privileges ✔ Written and/or verbal reflection



- Selected -

Examples of Support, Removal and Administrative Responses

These responses engage the students' support system to ensure successful learning and to alter conditions that are inappropriate or disruptive.

Level 2 Infractions	Interventions
• Using/possessing tobacco and/or lighter • Violating traffic or safety regulations • Encouraging other students to violate school rules • Leaving school and/or school bus without permission • Fighting and/or arranging altercations • Using objects inappropriately (i.e., the use of an object to harm others or damage property) • Physical assault without serious bodily injury (i.e., pushing with intent, kicking, hitting, pinching, spitting) • Defacing and/or vandalism of school property • Plagiarism/academic dishonesty • Leaving school or classroom without permission (truancy) • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding district filter, etc.) • Stealing and/or possessing stolen property • Failure to attend to/complete assigned restorative action • Gambling or Extortion • Habitual violations of school/class rules • Forgery of signatures • Sexually explicit behavior • Planning and/or arranging actions with malicious intent • Writing or drawing obscene /profane language/pictures • Harassment (i.e., physical, verbal, and sexual) • Bullying/cyberbullying • Violation of personal boundaries • Refusing to cooperate and comply with school rules/personnel	✔ Behavioral contract ✔ Self-monitoring ✔ School-home communication ✔ Adult or peer mentorship ✔ Utilize check-in and check-out system ✔ Intensive academic and/or social support ✔ Reflection (lunch, after school, Saturday, etc.) ✔ Refer student to SSPT ✔ Loss of privileges ✔ Counseling ✔ Temporary removal from class ✔ Extended school day ✔ Suspension and/or expulsion

Level 3 Infractions	Interventions
• Physically assaulting with serious bodily injury • Conduct or habits injurious to others (peers/authority) • Using/possessing controlled and/or dangerous substances and/or paraphernalia • Bullying (harassing, intimidating, cyberbullying) • Fighting and/or arranging altercations • Using/possessing weapons and/or weapon paraphernalia including but not limited to those prohibited under federal law • Harassment (i.e., physical, verbal, and sexual) • Arson, attempting to commit arson and/or possession of explosives/fireworks (i.e., smoke bombs, sink bombs, etc.) • Causing a false fire alarm • Making a bomb/explosive threat • Encouraging other students to violate school rules • Student hazing • Using gang and/or secret society symbols/acts • Inappropriate use of electronic devices • Public displays of sexually explicit behavior • Defacing and/or vandalism of school property • Gambling • Habitual violations of school/class rules • Forgery of signatures • Stealing and/or possessing stolen property • Improper use of computer (e.g., viewing unauthorized websites, cheating, overriding school filter, etc.) • Sexual explicit behavior, Lewd Conduct, Writing or drawing obscene /profane language/pictures	✔ All Tier 1 and Tier 2 interventions ✔ FBA-based behavior intervention plans ✔ Teaching replacement behavior ✔ Home and community supports ✔ Self-management program ✔ Restricted access ✔ In-school reflection and/or suspension ✔ Short-term out-of-school suspension ✔ Extended out-of-school suspension ✔ Request for alternate educational setting ✔ Suspension and/or expulsion

Suspension and Expulsion Policy and Procedures

"The procedures by which pupils can be suspended or expelled." (Ed. Code § 47605(b)(5)(J).)

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and well-being of all students at Magnolia Public Schools ("MPS" or "Charter School"). In creating this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions, and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to an annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and its procedures are available upon request at the Principal's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons

including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, reflection during and after school hours, use of alternative educational environments, suspension and expulsion.

Positive Behavioral Interventions & Supports (PBIS)

Positive Consequences:

MPS school staff has committed itself to encouraging and supporting the attainment of academic skills as well as social skills, such as listening, friendship-making, problem-solving, and alternatives to aggression. To inspire and encourage students to develop their potential in all of these areas, the following reinforcements will be used for positive behavior:

- Individual awards/recognition
- Classroom awards/recognition
- Certificates
- Displays
- Positive contact with parent/guardian
- Special activities (field trips, movie nights, picnics, etc.)
- Publications
- Assemblies
- Positive SIS points

Positive student behavior and improvements will be acknowledged and encouraged by the MPS staff. Teachers will not only report discipline issues in the school information system but also positive behaviors and accomplishments. Parents will also be informed of positive behavior and improvements via phone, email, and home visits. Students will receive certificates and/or rewards for outstanding performance and behaviors.

Alternatives to Suspension and/or Expulsion

To intervene in student behavior, MPS has a progressive discipline plan in place at each of its schools. This plan is published at the beginning of each school year in the Parent/Student handbook. The handbook also includes a school-parent-student compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will develop a partnership to help children achieve high academic and behavior standards. The discipline plan includes information about student expectations and the progression of disciplinary procedures from day-to-day discipline to suspension and expulsion.

MPS believes that alternatives to suspension align with our schoolwide positive behavior support plan. Following is a list of alternatives to be considered before suspending a student: warning, phone call home, parent conference, teacher/administrative reflection, written assignment/research/presentation, loss of privileges, behavior contract, parent shadowing, mentorship (peer/teacher), referral (counseling, SSPT, Dean /Principal), assigning volunteer work/community service, Saturday school, and in-school suspension.

Reflection

Reflection will be held on the assigned day either during the lunch period or after school for up to 60 minutes. Students will have at least one (1) day notice that they must serve a reflection that is longer than twenty (20) minutes in order to make arrangements to be picked up from school. Parents may request in person a delay of the reflection; no phone calls, emails, or notes will be accepted for this request.

In School Suspension

Notice of In School Suspension (ISS) and the reasons for the ISS will be given to the student and the parent in writing. The student will remain on campus during school hours in a designated area, not in their regular class setting. The student will have no or limited contact with students and teachers while serving an ISS. The student is expected to complete their classroom assignments and school community service during ISS.

Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; or d) during, going to, or coming from a school-sponsored activity.

Enumerated Offenses

Discretionary Suspension Offenses: Students may be suspended when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

l) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

m) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.
