To:	Magnolia Board of Directors
From:	Caprice Young, Ed.D., CEO & Superintendent
Staff Lead:	Oswaldo Diaz, Chief Financial Officer
RE:	Finance and Audit Committees 18-Month Plan

Proposed Board Recommendation

I move that the committee approve attached action plan for next 18 months for the Finance and Audit Committee of Magnolia Public Schools Board of Directors.

Background

The Finance Committee is commissioned by and responsible to the Board and is responsible for working with the CFO to review the upcoming fiscal year budget; presenting budget recommendations; monitor implementation of the approved budget on a regular basis and recommending proposed budget revisions; and recommending appropriate policies for the management of Magnolia's assets.

The Audit Committee is commissioned by the Board for the oversight of the integrity of financial statements; the effectiveness of the internal control over financial reporting; the independent registered public accounting firm's qualifications and independence; the performance of the organization's internal audit function and independent registered public accounting firms; and the organization's compliance with legal and regulatory requirements; and the performance of the organization's compliance function.

As a follow up to our board established goals, MPS Home Office Departments have been tasked with developing draft departmental goals aligned with these overarching organizational goals. These departmental goals aligned with the overarching organizational goals call for committee goals, meetings and plans and eventually acknowledgement and/or approval of MPS Board of Directors.

In this meeting, we would like to seek guidance, input and feedback from our committee members to shape an action plan for the finance and auditing committees as well as other MPS board members and Home Office personnel.

After finalized by our nominating committee, this plan will be presented to MPS Board of Directors at their February 11, 2016 meeting.

RE:	Update on Back Office Provider Services

### Proposed Board Recommendation

Written report. No action required.

### Background

As a condition of charter renewal of MSA-SD, San Diego Unified School District (SDUSD) stipulated that Magnolia outsource its back office services to a third party service provider. Los Angeles Unified School District also strongly advised outsourcing the services, although it was not formally required from Magnolia.

Based on the required renewal condition from SDUSD, financial challenges, and audits surrounding Magnolia Public Schools, the organization entered into an agreement with EdTec to outsource the back office functions. The purpose of the agreement was to support the accounting and compliance functions of all MPS schools and home office.

Based on the original Request for Proposal (RFP) published by MPS, the organization separated the services to be provided by MPS' staff and the back office service provider:

<b>Externally Provided Services</b>	<b>Internally Managed Services</b>
<ul style="list-style-type: none"> <li>▪ Accounts payable &amp; receivable</li> <li>▪ Payroll and accompanying report</li> <li>▪ Cash flow management</li> <li>▪ Budget preparation</li> <li>▪ Financial reports preparation (Board &amp; Mgmt.)</li> <li>▪ Regulatory reporting &amp; compliance (including Title I)</li> <li>▪ California Public Attendance Data; Student data; testing; etc.</li> <li>▪ Local Control Funding Formula/Local Control</li> </ul>	<ul style="list-style-type: none"> <li>▪ Debt and Facilities management</li> <li>▪ Strategic planning</li> <li>▪ MSA-wide financial &amp; budget training</li> <li>▪ Data strategy development: strategic alignment &amp; project prioritization</li> <li>▪ Risk Supporting leadership team on financial aspects of programmatic issues management; insurance</li> <li>▪ Staffing of Board Finance Committee</li> <li>▪ All reporting with regard to financial Integrity</li> <li>▪ Internal Controls/Processes</li> </ul>

### System Implementation and Transition of Job Duties

During the past eight (8) months, MPS' staff has worked with EdTec to transition the job functions in accordance with the service agreement, as well as establish and implement new internal controls and procedures for the organization.

Part of the challenges includes the increase quantity of checks issued by the organization, and the additional steps required compared from the previous years. In the last couple of years, MPS has consistently increased the volume of check processed and has increased transaction processing by 97.91%, from 3,056 transactions during fiscal year 2013-14 to 6,048 projected transactions for FY 2015-16.

FY 2015-16 check volume is estimated based on current payment trend.

---

Due to the comments and observations provided by the State Auditors and our authorizing agencies, we have been implementing tighter controls and procedures that allow increase levels of oversight and financial integrity. In addition to the step-up in internal controls and increased Accounts Payable processing volume, we have been providing additional documentation required to suffice current and future audit requirements.

As part of the transition process, MPS' financials have been transferred to NetSuite, a mid-size financial system that is more robust in comparison to QuickBooks. NetSuite allows a chart of accounts that is in accordance with the California Department of Education Standardized Account Code Structure (SACS), and that provides additional assurances of data integrity and audit trail of all transactions.

During the first half of the year EdTec provided payroll processing and reporting services. As of January 1, 2016, MPS has implemented a new payroll system in order to address various compliance issues relating to proper time keeping and reporting, as well as employee data integrity. MPS' staff worked with EdTec during the transition period, and is currently providing all required reports to ensure that the information is properly presented in the financial statements.

During the next couple of months, MPS's staff will be working with EdTec to systemize and implement a purchasing system and process that will allow the organization to ensure that all purchases made have been received by the intended users, and approvals are in accordance with our accounting policies and procedures. Currently, manual steps are followed in order to ensure that the process has been completed and paid, and a systemized process needs to be implemented.

Based on conversations with MPS' external auditors and authorizers, we are working with EdTec to locate a best in class fixed assets inventory system. We are currently in the process of identifying a system that will allow our schools to keep a tight control in equipment and assets, and that will provide the necessary reports for audit and review purposes. As of today, the organization has been keeping manual logs that are prone to human error, and that are not consistent among all schools.

## Conclusion

As we get close to the one-year mark, we have been working with EdTec to ensure that the processes in place are adequate for our current organization size and future growth. MPS has been taking the system changes as an opportunity to replace legacy processes, technologies and old methodologies that have been long outgrown by the organization.

# 2016-17 California State Budget

Extended economic recovery is generating additional state revenues;  
Governor Brown's proposed budget increased Prop 98 funding to \$71.6B

- Allocate \$2.8B for LCFF implementation to close approximately 49.08% of remaining gap towards schools' target rates
  - Bringing the transition to 95% complete
  - Also funding a 0.47% COLA adjustment
- Spending increases on other K-12 programs also proposed
  - \$1.6B for Early Education Block Grant to consolidate different early education programs and to better target services to low-income and at-risk children
  - Another \$1.2B for one-time discretionary funding (approx. \$200/ADA)
  - \$20M for Charter School Startup Grants to help offset the loss of federal funding
  - \$365.4M for school energy efficiency grants
- Just the first step in iterative process involving Governor and Legislature that will result in final budget being approved in June
  - In addition to out-year gap funding percentage changes, FCMAT and SSC updated 2015-16 LCFF gap funding percentage to 51.97% from 51.52%
  - At this time, no recommendation to make any changes to previous assumptions for 16-17 planning purposes

# PCSGP Update

# MSA-SA PCSGP Grant

MSA-SA had \$323.2K remaining in PCSGP grant after Q2 report. All remaining funds *must* be spent by 7/31/2016

## □ Overview of Allowable Expenses

- Grant funds supplement, not supplant, state or local funds
- Costs correlate to a grant objective or a Work Plan activity. The Work Plan proposes activities with measurable outcomes that will enhance the quality of the school.
- Costs are one time in nature, not ongoing operational costs.
- Costs are obligated during the grant project period. Goods purchased or services rendered *after* the duration of the grant project period are **not** allowable costs.
- All purchases are reasonable and necessary to complete grant activities.
